

# GRADUATION EXERCISES MARK END OF 1939 SCHOOL YEAR

## MEMPHIS HIGH COMMENCEMENT IS TUESDAY

### Baccalaureate to Be Held Sunday Evening at Gym

Superintendent W. C. Davis will present diplomas to seventy-one seniors at commencement exercises for the Memphis High school graduating class of 1939 at the new Cyclone Gymnasium Tuesday evening, May 23.

Dr. D. M. Wiggins, president of the Texas College of Mines and Metallurgy at El Paso will deliver the commencement address.

Mary Helen Lindsey, daughter of Mr. and Mrs. H. H. Lindsey, will be valedictorian of the class, Superintendent Davis announced Monday. Charlotte Coursey, daughter of Mr. and Mrs. Bill Coursey, is salutatorian, and Evan Roberts, son of Mr. and Mrs. E. E. Roberts, has made the highest average grade among the boys of the class.

Baccalaureate services will be held Sunday evening, May 21, at the gymnasium. Services will begin at 8:15 o'clock.

Rev. E. C. Cargill, pastor of the First Presbyterian Church, will deliver the baccalaureate address, and other local pastors will be platform guests.

The procession will be played by the Memphis high school Black and Gold Band, directed by

### Sister of Mrs. J. E. Rehels Is Buried at Local Cemetery Sunday

Mrs. Maybelle Worley of Eldorado, Ark., sister of Mrs. J. E. Rehels and Albert Fletcher of Memphis, died at her home in Eldorado last Friday, May 12, after three months' illness. Mrs. Rehels was present at her death bed.

Funeral services for Mrs. Worley were conducted at King's Funeral Chapel in Memphis Sunday afternoon, with Rev. J. Wm. Mason, pastor of the First Baptist Church of this city, in charge. Burial was in Fairview Cemetery, under the direction of King's Mortuary.

Mrs. Worley is survived by her parents, Mr. and Mrs. R. M. Fletcher of Hamlin; three brothers, David Fletcher of Haskell, and Albert Fletcher of Memphis; and two sisters, Mrs. W. H. Null of Aft, Missouri, and Mrs. J. E. Rehels of Memphis; and one daughter, Dorothy, who will make her home in Memphis with her aunt, Mrs. Rehels.

Mr. Worley preceded Mrs. Worley in death 18 months ago.

Mrs. Worley was born on May 30, 1899, at Greenville, and moved to Eldorado in 1929. She was a member of the Baptist Church.

In charge of flowers at the funeral services Sunday were Frances Reynolds, Kathryn Reynolds, Mildred Lamb, Ola Mae Hampton, Mildred Cooley, and Clara Burnett.

Palbearers were Bryan Reynolds, H. L. Nelson, C. C. Dodson, L. L. Moses, T. T. Loard, and L. L. Doss.

## Chesty Walker To Coach at Phillips

Harold (Chesty) Walker, assistant football coach and instructor in the Vernon High school for the past 18 months, resigned his position last Saturday to accept a post as head coach at Phillips High school.

Walker was head coach at Memphis for several years before going to Vernon, and is well known in athletic circles in this district. He coached the Memphis Cyclone through several successful seasons, and has made a good record during the past year and a half with the Vernon school.

BACCALAUREATE—Rev. E. C. Cargill, pastor of the First Presbyterian Church, will deliver the Baccalaureate address to Memphis High School Seniors Sunday evening.

## Estelline Seniors Plan Socialized Commencement

### Exercises to Be Held Thursday Evening at School Auditorium

Twenty-two Estelline High school seniors will receive diplomas at socialized commencement exercises at the Estelline school auditorium Thursday evening, May 18.

## Cotton Payments Still Arriving

Farm benefit payments continued to arrive in small allotments this week as Hall County farmers received an additional \$3,899.07 parceled out in 19 checks over a ten-day period.

The total amount received in the County this spring has now reached \$268,969.93, a little more than half of the total due local farmers under the 1938 program. 1,463 checks have been received here, according to the county agent's office.

## Thieves Rob Blind---and Sleeping--- to Revive Competition Last Week for Memphis Meanest Thief Title

Two candidates for the doubtful honor of being the city's "meanest thief" made their appearance here last week in two widely separated raids. One specialized in robbing the blind... the other, with a more humorous turn of mind, confined his activities to stealing trousers from a too-sound sleeper.

Memphis' candidate for the "meanest thief" made his appearance last Saturday night. The victim was Lowena Moore, the blind girl who operates the cigarette and candy stand on the first floor of the courthouse.

The robber, with a well-developed taste for tobacco, broke the glass front of the cigarette case and stole several packages of three of America's favorite brands of cigarettes. Between fifteen and twenty packs were missing.

The robbery occurred, ironically enough, only a few feet from the sheriff's office, located just across the hall. The thief left no clues.

The second culprit may have been no more scrupulous, but

certainly possessed a more abundant sense of humor. Charlie Hume, night city policeman, making his rounds last Thursday night was called to investigate a "suspicious character" lurking in the shadows on Main street.

Investigation produced a very embarrassed young man colorfully attired in bright red shirt, a ten gallon white hat, cowboy boots—and no trousers.

The lad insisted that he was not a fugitive from a nudist camp but a hitchhiker who had fallen asleep in a boxcar near the station and awoke to find his trousers missing. After spending the night in the local jail, he was given another pair of trousers and sent on his way—if not rejoicing, at least greatly relieved.

## Boy Scout Finance Campaign Will Open Here Tuesday

Opening a finance drive next Tuesday for the Boy Scouts of District 5 of the Adobe Walls Council, a district including Hall and Donley counties, members of the district committee have been surveying the rapid growth of scouting in Memphis since its reorganization this spring.

In Memphis, three troops have been organized and chartered during the past three months, one other is in the process of organization, and plans are being made to organize two Cub Packs, for boys between the ages of 9 and 11 years, in the near future.

The finance drive for District 5 will open Tuesday in Memphis under the direction of Dr. W. C. Dickey, district finance chairman. A number of local business men, interested in the scouting movement, will take part in the campaign, and J. Troy Israel, field scout executive for the Adobe Walls Council will be in Memphis to assist in the work.

Troops sponsored by the First Baptist, First Methodist, and First Presbyterian Churches have been chartered in Memphis by the council since the first of the year. Nearly fifty boys are already enrolled in the movement here.

Plans for the organization of Cub Packs here are now being considered by the district council. Cubbing, the newest arm of scouting, is for boys from 9 to 11 years of age, and its appealing activities are centered around the home, standing out sharply in contrast to the youth movements abroad. Cubbing starts the nine-year-old toward increasing self-reliance and self-guidance and strengthens the influence of home and parents.

Scouting, through all of its divisions, teaches respect for country, its flag and its ideals of fair-play, tolerance, and "helping other people at all times."

This spirit, Boy Scout leaders say, is America's answer to the doctrines of regimentation, hate, and intolerance that are still foreign to the United States of America but rampant in Europe today.

## Webster Is Border Conference Champ

J. D. Webster of Memphis, sophomore student at Texas Technological College in Lubbock, Saturday led the Tech Red Raiders golf squad to a Border Conference championship on the El Rio Country Club course at Tucson, Ariz.

Playing under a blistering sun, Webster took the conference championship with rounds of 73-76-149, chipping deadly shots to the cup and whipping booming drives down the fairway to come in only nine over par on the El Rio course.

Webster is the son of Mr. and Mrs. Jim Webster of this city.

NEW PRESIDENT—E. K. Fawcett, Del Rio, was elected president of the West Texas Chamber of Commerce Wednesday at the annual convention in Abilene.

## Pioneer Lakeview Citizen Dies at Local Hospital

### Funeral Rites for Mrs. A. R. McMaster Will Be Held This Afternoon

Mrs. Louella McMaster, 69, wife of A. R. McMaster of Lakeview, died early Wednesday morning at a local hospital following an illness of more than a year. Funeral services were held at the Methodist Church in Lakeview Thursday afternoon at 3 o'clock. Rev. J. W. Hawkins, Lakeview pastor, will conduct the rites.

Burial will be in the Lakeview cemetery, with King's Mortuary of Memphis in charge.

Mrs. McMaster is survived by her husband and eight children, A. L. McMaster of Bellevue, W. J. McMaster of Plaska, C. P. McMaster of Tyrone, Okla., Mrs. E. M. Moreman of Plainview, Mrs. J. W. Clark of Searsvale, and Mattie Mae and Mary McMaster and Mrs. J. L. Bevers of Lakeview.

Mr. and Mrs. McMaster were married on September 18, 1889, and would have celebrated their golden wedding anniversary this year.

Mrs. McMaster was born in Hill County, Texas, on February 6, 1870, and lived in that county for 30 years. She came with her husband to Lakeview in 1917, and had made her home in that community since that time.

She was a member of the Methodist Church.

## Fight Night Held at Weatherly Is Big Drawing Card

Thirteen Bouts Feature Ring Tourney; Funds for Seventh Grade Trip

Twenty-six boys took part in a fight night at the Weatherly school last Thursday night. A large crowd attended the affair, which was staged to raise funds to send Weatherly seventh graders on a trip to Carlsbad Caverns later this month.

Al Duncan, athletic coach at Turkey High school, officiated. The tournament was directed by Burl Lowe, principal of the Weatherly schools.

In the ring battles, J. B. Richards of Parnell, 89 pounder, defeated Robert Huse of Weatherly, 87; Bethel Munday of Weatherly, 81, defeated Aubrey Cardwell of Deep Lake, 87; Joe Barten Nivens of Parnell, 67, defeated Olin Ray Jenkins of Friendship, 67; Cecil Gilchrist of Friendship, 69, defeated Gerald Rousseau of Deep Lake, 67; Raymond Sams of Lesley, 76, won over Glen Bevers of Deep Lake, 80; C. L. Sams of Weatherly, 137, whipped David Lawrence of Deep Lake, 132; Dale Martin of Weatherly, 141, defeated Joe Collins of Weatherly, 140; and Warren Stephens of Weatherly, 165, took a decision from Raymond Byrom (Continued on Page 6)

### Experience Gives Edge to Baer in Battle With Nova

Left to right, Max Baer and Lou Nova

ON June 1 in Madison Square  
Garden's Long Island Bowl,  
Max Baer will get the all-im-  
portant test in his attempted  
comeback drive to the heavy-  
weight championship.

The test will be 24-year-old  
Lou Nova of Alameda, Calif.,  
the most promising youngster in  
the heavyweight division today  
who has come far and fast with-  
in the last year.

Mike Jacobs has promised the  
winner a shot at the survivor of  
the Joe Louis-Tony Galento mix-  
up, which can mean no one but  
Louis. Jacobs is figuring on a  
September date for that engage-  
ment.

Although Baer fell before the  
Brown Bomber's dynamite a few  
years back there are those who  
think the one-time phayboy has  
put his past behind him—that if  
he gets another chance at Louis  
it'll be a vastly different Baer  
than the one that cringed to the  
canvas and stayed there in four  
rounds.

**BAER** proved he has come back  
a long way when he gave  
Tommy Farr a good going over  
in their second bout. He still has  
a pair of power-laden fists. At  
31 he is in great shape—due  
mainly to his decision to for-  
sake the bright lights and fast

pace to which he had been ac-  
customed.

But a young man that is  
climbing fast is a tough cus-  
tomer to beat. Nova fills that  
description perfectly. Lou was a  
great all-around athlete at Ala-  
meda high school and later at  
California Agricultural College.  
He has all the confidence in the  
world.

Nova scored a technical kayo  
over Gunnar Barlund of Finland  
—no small feat in itself—and  
then to prove it wasn't a mistake  
he all but knocked out Tommy  
Farr last December. In fact, he  
did just as good a job if not bet-  
ter on the Welshman than did  
Baer.

**ALTHOUGH** he can hit and  
can absorb a punch in re-  
turn, Nova is said to be on the  
awkward side by many critics.  
Lack of co-ordination wouldn't  
mean too much against a Bar-  
lund or even a Farr, but it's  
likely to prove disastrous against  
a seasoned workman like Baer.

Despite his record it appears  
to us that Nova would be cannon  
fodder for Louis right now—un-  
less he climbed on a bicycle as  
did Bob Pastor. In fact, we don't  
think he's quite ready for Max  
Baer. But he should make it  
close—closer than Maxie likes it.

Mr. and Mrs. C. E. Killough of

### Applications for Farm Security Are Being Received in Hall County

Loans to farm tenants, share-  
croppers and farm laborers with  
which to purchase their own farms  
will again be available under the  
1939-1940 fiscal year's appropria-  
tion in several counties in this  
region of the Farm Security Ad-  
ministration where loans were  
made last year, according to Bob  
Land, county FSA supervisor.

Applications are now being re-  
ceived at the local FSA offices,  
Land said. The loans were open-  
ed to applicants on May 15, and  
applications will be received un-  
til June 15.

This announcement was made at  
the recent meeting of the four-  
state regional advisory committee  
at Amarillo.

Counties where loans will again  
be available are Randall, Hall, and  
Haskell counties in Texas.

Applications for loans under  
the Tenant Purchase Program may  
be filed only by farmers residing  
in one of the above named coun-  
ties. Applications should be made  
immediately at the county Farm  
Security Administration office.

Successful applicants who will  
receive loans will be given a wide  
choice in selecting the farms they  
want to buy. The price of the  
property however, must be in  
keeping with its value, as deter-  
mined by the county committee  
and the FSA.

Loans are made for a 40-year  
period at 3 per cent interest.  
However, the Bankhead-Jones  
Farm Tenant Act provides that  
after 5 years payment in full may  
be made at any time.

The four-state advisory com-  
mittee, which recommends coun-  
ties where the program is to  
function, includes John E. Hill,  
chairman, Amarillo; A. B. Crump,  
Wheeler; Charlie L. Thomas,  
Pampa; and R. C. Hopping, Lub-  
bock.

Additional counties in these  
four states where the program  
will operate next year will be an-  
nounced soon by Secretary of  
Agriculture Henry A. Wallace.

### I GIVE YOU TEXAS

By BOYCE HOUSE

One of the most colorful figures in the history of Texas oil passed away recently. Colonel Robert D. Gordon was born in Germany, spent 19 years in the American Army, serving in China, Cuba, the Philippines, Mexico, and in France during the World War. When the big Eastland County oil boom died and a drouth hit, Gordon—a merchant in Eastland—drilled a gusher on an island in newly-completed Lake Eastland. This well caused the drilling of 200 others over a period of several years and saved Eastland from the fate of Desdemona, Leary and other "ghost towns."

He discovered and extended other pools. He liked to share his good fortune with others. At Christmas time, the inmates of the county jail feasted on turkey, due to the Colonel's generosity and, frequently, he sent baskets of fruits and cartons of cigars to them, though all were strangers to him.

Any World War veteran could count on the Colonel for help—if it was illness, a doctor; if it was a criminal charge, a lawyer; and he saved the body of more than one ex-service man from the potter's field. He was never too busy to listen to a hard luck story and he could never turn down anyone in need. He liked to plunge, he was a fighter and he was loyal to his friends. A novel could be written about the Colonel. Perhaps one will be.

Here and there over Texas: Homer Olsen, Austin newspaperman, sold two short stories recently to national magazines. Congressman Clyde L. Garrett, after reading in this column about a prospective opponent, writes: "Give 'em all you've got of Texas but please don't be a party to helping give Texas another and different Representative from the Seventeenth District." Thanks, Judge, for the visitors' card to the gallery of Congress—it is an appreciated memento.

Further vindication for his stand in last summer's campaign has come to Ralph Yarbrough. When he humorously came to the defense of Judge Roy Bean and pointed out that the building where "the Law West of the Pecos" held forth was about to fall in, Yarbrough was rapped by opponents in the Attorney General's race who sarcastically took

### American Legion Auxiliary to Sell Poppies May 27

National Poppy Day Will Be Observed As Memorial Flowers Go On Sale

The American Legion Auxiliary of the Charles R. Simmons Post will observe National Poppy Day here Saturday, May 27, and members will sell poppies in memory of the soldiers who fought and died in the World War.

The poppies are made each year by disabled World War veterans stationed throughout the nation in veterans' hospitals. Money from the sale will be used for the benefit of these soldiers who lived, as the poppies are worn in memory of those who died in France.

The Poppy Day sale is carried out each year by members of the Legion's auxiliaries.

The work of making the poppies is given to the men who receive little or no government compensation, and men with dependent families are given preference. Funds collected on poppy day are used for their benefit.

The poppy is the memorial flower of the World War dead.

### LAKEVIEW

By MRS. JACK ALLEN

Mr. and Mrs. Gene Gordon of Paducah visited Mrs. Gordon's parents, Mr. and Mrs. G. D. Lowe, Saturday and Sunday.

Mr. and Mrs. Fay Whitson went to Paris the past week-end. Mr. Whitson returned Sunday, and Mrs. Whitson remained there for several days visit with relatives and friends.

Mr. and Mrs. Walter Bownds and sons, Clayton, Buddy, and Kenneth, spent Sunday in Clarendon with Mr. Bownds' mother, Mrs. Hensley.

Mrs. H. N. Davis is ill in a Memphis hospital.

Mrs. Don Wright has been very ill with "strep" throat infection, but is reported to be improving.

Mr. and Mrs. W. C. Wyatt and sons, Noble and Eugene, moved to Brownfield last Sunday where they will make their home.

Lonnie Ables of Pampa visited up the cudgels for Captain Kidd and Jean LaFitte. However, the Legislature has directed the State Highway Department not to tear down the old building at Langtry but, on the contrary, to strengthen and preserve it, recognizing that Bean has become a legend that helps bring tourists to Texas.

In demand as a speaker is Jerry Sadler. The state railroad commissioner isn't a spellbinder but there is a sincerity and naturalness about his way of talking, and his homespun philosophy and humor delight audiences. He's the nearest thing to Bob Burns, the sage of Van Buren, Ark., that can be found in Texas' official circles; and a touch, now and then, brings just a reminder of old Will Rogers.

Lynn Landrum, the Dallas News Columnist with the perpetual intellectual stomach-ache, sneers that President Roosevelt is a personal failure in business. So was Abraham Lincoln and Thomas Jefferson; they died broke. And since Mr. Landrum has brought up the subject, he isn't listed among "Business Giants of America" himself.

Texas is going to have entertainment this summer as magnificent as can be found at either of the World's Fairs. Casa Manana in Fort Worth will present Kenny Baker, Russ Morgan and his orchestra, as well as other stars, the first two weeks. And Bob Burns will appear for one night.

Here's one so wheezy with age that it's amazing it hasn't been entered sooner in the "oldest joke" contest:

A new traveling salesman turned in an expense account and one item was "Overcoat, \$20." The manager protested, "We can't pay any such item as that." Two weeks later, when another expense account was turned in, the manager congratulated the drummer that he hadn't listed an overcoat this time. The traveling man replied, "It's there all right; you just don't see it."

"A visit this summer to Mexico would be very much worthwhile to teachers of Spanish, geography, Texas history and art, and to students in those subjects, especially to those studying Spanish, as it would give them an opportunity to use the language and to visit historical spots, art galleries, parks, markets and shops, thereby observing at first hand the life of the people." So declared State Superintendent L. A. Woods recently. He suggested that the larger school systems which require summer study by teachers give credit for educational tours and that consideration be given to the idea of allowing extra credits also to students.

Mrs. E. W. Myres of Canyon returned Saturday after a visit here with her son, D. B. Myres.

Mr. and Mrs. C. A. Hightower of Brice visited their daughter, Mrs. Bill D. Hart, here Saturday.

Scattered Showers Bring Moisture To Memphis Area

One and One Quarter Inches Of Rain Received During Past Week in Territory

Scattered showers over the Panhandle area last week-end and during the early part of this week brought approximately an inch and a quarter of moisture in Memphis.

Nearly an inch of rain was received here in a heavy rain Monday afternoon and night. Monday's shower was accompanied by some hail, but little damage was reported in this section.

Showers were spotted over this territory, and, according to reports, ranged from half an inch to more than an inch and a half in some sectors.

A record high temperature for this time of the year was reached Wednesday, May 10, when the thermometer soared to 97 degrees during the day. Low temperature for the period was 45 degrees recorded two days before.

The temperature was moderated this week, with the average low temperature recorded at 58 degrees, and the average high at 82 degrees, according to J. J. McMickin, local weather observer.

iod at very small cost. Before going further into the matter, the views of the citizens are wanted.

A good part of the trade territory was visited by generous and welcome rains this week, and the places where rain was scant will look and hope for moisture. It's strange, but a fact nevertheless, that people of the Panhandle are so in the habit of looking for rain they start looking for another immediately after the drops of the present one stop falling.

So much school activity this week being printed, the makeup man has given me orders to cut this column writing short. Of necessity, I will have to stop, or lose a good printer.

Before signing off, I want to say that the people of Hall County are the most progressive and public spirited of any group it has ever been my privilege and pleasure to know.

# SOCIETY

## Methodist W.M.S. Entertains Men With Banquet

Members of Circle 2 of the Woman's Missionary Society of the Methodist Church entertained their husbands with a banquet Wednesday evening, May 10, at 7:45 at the church. The banquet hall was very attractively decorated with a variety of spring flowers.

Partners were found by matching names. Rev. Orion Carter gave the invocation and Mrs. Ed Hutcherson read the welcoming address. Mrs. Mac Tarver led a number of group songs during the banquet. A very interesting "Battle of the Sexes" was waged with Mrs. Gayle Greene as leader of the women and Rev. Carter as leader of the men. Mrs. J. H. Williams rendered a piano solo and H. B. Hill Jr. showed some moving pictures. The program was closed by two songs, "The More We Get Together" and "Good-night Ladies," by the entire group.

Attending were Rev. and Mrs. O. W. Carter, Messrs. and Mesdames E. E. Cudd, Leon Bullard, Ed Hutcherson, Ralph Bennett, Noel Woodley, D. W. McCollum, C. L. Hamrick, H. J. DuVall, A. L. Burks, Carl Periman, Noah Cunningham, Sam S. Cowan, J. G. West, H. B. Hill Jr., Gayle Greene, A. B. Murphy, H. E. Goodnight, R. E. Crooks, Lee Wattenbarger, W. C. Dickey, W. B. Hooser, B. Burnett, M. G. Tarver, W. B. Dees, R. C. Lemons, W. B. McCreary.

Mesdames J. H. Bownds, L. C. Ryars, Alvis Gerlach, J. E. Roper, Leo Fields, C. R. Webster, J. H. Williams, Homer Stout, A. H. Orr, C. A. Robinson, W. L. Knapp, L. W. Stanford, Rabb Harrison, F. W. Maxwell, and Messrs. Roy Guthrie, and J. E. Montgomery of Austin.

## Womans Culture Club Has Music As Meeting Topic

The Womans Culture Club met in regular session Wednesday afternoon in the home of Mrs. J. A. Whaley with Mrs. Lon Edmondson as hostess for the final meeting of the club year.

Mrs. Roy R. Fultz, president, was in charge of a brief business session. A program on "Music" was presented as follows: "Great Orchestral Directors, Damosch, Hofman," Mrs. J. H. Norman. "The Life of Arturo Toscanini" was discussed by Mrs. J. C. Wells. A violin solo was played by Mrs. Conley Ward. The program was concluded by a piano solo, "Blue Danube," by June Seago.

Mrs. Fultz introduced the new officers for 1939-40 and thanked each member for the cooperation during her term as president. A lovely refreshment plate was served to the following members: Mesdames Roy R. Fultz, C. L. Hamrick, R. L. Madden, D. J. Morgensen, J. H. Norman, T. B. Rogers, G. W. Sexauer, C. Z. Stidham, J. C. Wells, W. L. Wheat, D. W. May, H. T. Gregory, L. B. Madden, Conly Ward and Miss June Seago.

## Unique Bridge Club Meets Thursday at J. P. Goffrey Home

The Unique Bridge Club met Thursday evening, May 11, in the home of Mr. and Mrs. J. P. Goffrey.

At the conclusion of the games Mrs. Adron Burkhalter and Babe Gerlach held the high scores. Lovely refreshments were served to Mr. and Mrs. F. R. Curtis, Mr. and Mrs. Adron Burkhalter, and Mr. and Mrs. Babe Gerlach.

The next meeting will be held in the home of Mr. and Mrs. Adron Burkhalter May 17.

## Pupils Presented in Spring Recital by Mrs. M. McNeely

Mrs. Marion McNeely, teacher of music and expression, presented her students in an annual spring recital Tuesday evening, May 16, at the high school auditorium at 8 o'clock.

One of the most interesting numbers on the entire program was a clever playlet, "Priscilla Goes to Church." Characters were: Dianne Meacham, soloist; Betty Goodall, Margaret Ann Cowan, Bobby Ferrel, Frances Ann Bryan, Barbara Brewer, Vivian Taylor, Sallie Maxwell, Naomi Rice, Clara Jo Hayes, Tommie Rogers, Frankie Hawkins, Mary Nell Evans and Joyce Goodpasture, accompanist.

Other pupils appearing on the program were Jack Monzingo, Sin Goodall, Si Rice, Don Williams, Duane Byars, Rosalyn Williams, Elizabeth Goffinett, Mary Isabelle Hanvey, Ted McAbee, Darline Reed, Peggy Walker, Athalee Goffinett, Thelma Mae Saunders, Janet McQueen, Robert Williams, and Norma Ruth Crow.

## Turkey Seniors to Hold Graduation Exercise Thursday

Baccalaureate Services Are Held Sunday Evening At School Auditorium

Rev. M. C. Steward, pastor of the First Baptist Church of Turkey, delivered the baccalaureate sermon to members of the Turkey High school graduating class at the high school auditorium in that city Sunday evening. Rev. A. V. Hendricks, Methodist pastor, assisted in the services.

Commencement exercises for the class are to be held Thursday evening, May 18, with C. C. Broughtin, Childress lawyer and former member of the Childress Board of Education, delivering the principal address.

Imogene Davis is valedictorian of the class, and Georgia Faye Belyou is salutatorian. Both will appear on the program.

Rev. A. V. Hendricks, Methodist pastor, will deliver the invocation. Superintendent Lee Vardy will present diplomas to the following graduates: Christine Russell, Lois Baker, John Lyn Barnhill, George Faye Belyou, Henry Buchanan, Edna Earl Christian, Beatrice Colvin, Odessa Cunningham, Imogene Davis, Jo Jean Fort, Virgil George, Warren Gibson, Mildred Hill, Clyde Johnson, Odell Settiff, Alpha Mullin, Lois Lipscomb, Evelyn Stroud, Byron Young, and Earl Conner.

Mr. and Mrs. J. D. Rice of Newlin were in Memphis Saturday.

## CHURCHES

### PRESBYTERIAN CHURCH

"There shall be showers of blessings." Sometimes we think of the rain as typical of showers of "Divine Grace."

Someone said: "People who live near a great cataract such as Niagara never hear the sound of the rushing waters. Men who live near a railway junction are not startled by the screeching sounds of the locomotive in the night."

Truly the great Infinite God is day by day visiting us with showers of mercy and of love.

Do we recognize His mercy and accept His love? His presence is most comforting. Let us once more hear Harriett Beecher Stowe as she sings in the calm of the dawn:

"Still, still with Thee, when purple morning breaketh, When the bird waketh, and the shadows flee; Fairer than the morning, lovelier than daylight, Dawns the sweet consciousness, I am with Thee."

Hope to see you in church service Sunday.

E. C. Cargill, Pastor.

### FIRST BAPTIST CHURCH

Our church is to be favored by having a visit from Brother O. K. Webb, a former pastor, who is now pastor of the South Side Baptist Church, Spartanburg, S. C.

Brother Webb was greatly loved by the people of Memphis and we are delighted that he will be here to preach for us at this time. He will leave after the service Sunday morning, so all who want to hear him will come for the morning service. The evening service will be dismissed so that our congregation will have part in the Baccalaureate service at the high school.

We are planning to have a great crowd in Sunday school next Sunday to welcome the Webbs. We do not want anyone to forget about B. T. U. Sunday night. We are hoping to have 200 in B. T. U. Come to this service and you will be dismissed in time to go to the Baccalaureate service at the high school.

There were 442 in Sunday school last Sunday and 137 in the B. T. U. The regular offering amounted to nearly \$140. We want all to have a part in this great work each week.

### CHURCH OF CHRIST

W. M. Davis, Minister

The Sunday morning Bible school begins at 9:45. It is important to be on time. The reason some people are always fifteen minutes late is because they make their plans that way. If you are not in a Bible school, come and see how we do next Sunday morning. Bring all your family, also your Bible.

At the hour of morning worship, the subject of the sermon will be, "Earnestly Contending for the Faith." The evening subject will be, "The Care of the Body."

The women's Bible class meets on Monday afternoon at 3:30. The prayer meeting is Wednesday evening at 8:15.

FOLLOWING THE FIRE TRUCKS

Following the fire trucks is a cherished and thrilling memory from boyhood days in the lives of most men. In the days of the horse-drawn engines with their clanging bells and gleaming brass, there was no thrill to equal that of racing full tilt in the wake of the plunging horses to the scene of a blaze.

Often in those days, too, boys as well as men were called on to take their place in the line of the bucket brigade, and the entire community joined in an exciting effort to save a house or barn from flames. There was need for willing hands in those days when lack of water, slow transportation, and absence of modern devices for fighting fire made every blaze a dreaded hazard.

Following the fire trucks in this day and age, however, is as out-of-date as the horse-drawn pump, and far from aiding the battle against flames, a crowd at a fire is a hindrance to the firemen and a hazard to safety. Modern fire trucks and equipment have replaced the old-fashioned pump-wagon and bucket brigade, and men trained for their work are on call in every community to man the hose and pumps.

Memphis' volunteer fire department, one of the best in the state, is made up of men who know their duties well, and they have set an excellent record of fire control. That record cannot stand, however, if they are continually hampered by a well-meaning but uncontrollable group of citizens who, with a hang-over from adolescent days, still insist on following the fire trucks to the scene of a blaze.

A screaming fire siren is not a signal for immediate mass hysteria and suspension of all traffic laws and regulations. It is a call to arms for the volunteer fireman, and a warning to citizens to clear the streets for the fire trucks.

The person who leaps for his automobile at the first sound of the siren and races madly to the scene of a fire, even taking pride and pleasure in arriving before the firemen, is a menace to effective work on the part of the fire department and the safety of community property. Only a few days ago, local firemen answering a call on east Main found themselves and their equipment hemmed in by dozens of cars blocking the street so effectively that half an hour was required to clear the jam.

It would have been absolutely impossible, had it been necessary, for the firemen to lay a hose from a block away in the center of the jam. Fortunately the fire was not serious. It might have been... and a tremendous loss of property might have occurred while firemen were helpless to act.

City ordinance places the fire lanes a distance of 300 feet in all directions from the fire. Violators are subject to severe penalties. There is no excuse for violating the ordinance, and there should be no exceptions made for citizens who must revert to their childhood at the sound of a fire siren.

CHOOSING A COLLEGE

WITH THE CLOSE of the present school year, several hundred students in Hall County schools will have completed their high school education, and a large number of them will be preparing to enter some college or university for continued training in some specialized field. They are faced with one of the greatest decisions which they will ever be called upon to make.

Each graduate will, during the coming weeks, receive a flood of advertising from dozens of colleges and universities... each holding forth many attractive features. From this maze of confusing propaganda, each must select an institution which he feels will be best suited to his own needs.

The choice is not an easy one. For the few who have chosen definitely the fields which they wish to follow, the choice will be narrowed considerably.

For those however, who make up the great majority of the graduating classes... those students who have not made any definite decisions as to a future career... the best possibilities lie in the choice of a good school offering a general college course which will enable them to choose later with greater confidence backed by experience.

For all of these, the opportunities offered near at home are excellent. West Texas affords a number of colleges of the first rank, institutions which offer a wide variety of courses at minimum expense. At these institutions, the student may receive either specialized training or general education. They should not be overlooked or underrated by prospective college students.

Satisfactory Meals That Stick to Your Ribs

By RUTH J. COOPER, Consulting Home Economist Breeder-Feeder Association

In planning family menus one of the important considerations is the satiety value. Will this meal "stick to the ribs" or will the family feel hungry again immediately after eating? Meat is one food that does satisfy longer than many foods. While it is completely and easily digested, the fat in the meat retards the digestive process and in this way, stays with us longer.

The following menus are built around meat and are nourishing, appetizing and will "stick to your ribs."

Beef chuck roast, buttered new potatoes, string beans, creamed cauliflower, grated carrot salad, berry cobbler, beverage.

Jellied veal loaf, potato chips, pickles, creamed asparagus, stuffed tomato salad, ice cream, cake, beverage.

Broiler liver and bacon, French fried potatoes, glazed onions, tomato and watercress salad, fresh fruit, cookies, beverage.

Pot roast with vegetables, cabbage and pepper salad, lemon cream pie, beverage.

Beef pie, new potatoes and peas, combination vegetable salad, butterscotch pudding beverage.

Country fried steak, mashed potatoes, creamed corn, lettuce and beet salad, chilled custard with fruit, beverage.

Irish stew, turnips and greens, corn on cob, fresh onions, peach cobbler, beverage.

Broiled sirloin steak, browned rice, Okra and tomatoes, fresh fruit salad, chocolate layer cake, beverage.

Recipe

Beef pot roast with vegetables: 3 pounds beef chuck, 6 small carrots, 6 small onions, 6 potatoes, 3 tablespoons fat, 2 tablespoons flour, 1-1/2 teaspoons salt, 1-4 teaspoon pepper. Any of the less tender cuts of beef may be used. Wipe the meat with a damp cloth. Dredge with flour and season with salt and pepper. Brown the meat on all sides in the hot fat. Add one cup of hot water and more as needed. Cover pan and allow meat to simmer slowly about three and one-half hours. During the last hour of cooking, add the prepared vegetables and cook only until they are done. If meat is not done by that time, remove the vegetables so they will not overcook. Thicken the liquid in the kettle for the gravy. Arrange the meat in the center of a large platter and tastily arrange the vegetables around the meat. Serve hot. Pass the gravy separately. A variety of vegetables—string beans, pea lima beans, turnips, parsnips, cabbage, etc.—may be used.

WASHINGTON LETTER New Food Stamp Plan Designed to Stamp Out Farm Surplus

WASHINGTON.—The Department of Agriculture's food stamp plan was inaugurated at Rochester, N. Y., May 16. The experiment will be made next in Dayton, O. Agriculture officials believe the plan will at once solve the problems of price-depressing farm surpluses, plus inadequate diets of millions of city dwellers. Food stamps will give the low income urbanites a chance to buy surplus products thus diverted to the poorly-fed city dweller who will flow through the regular channels of trade.

STAMPS will be issued, in cities, to persons employed on WPA projects, or any person receiving public assistance under the Social Security programs or direct assistance from state, county, or city agencies such as general or home relief, old age assistance, aid to dependent children, and aid to the blind. Funds of the Federal Surplus Commodities Corporation will be used to redeem the stamps.

Secretary of Agriculture Wallace says: "As long as the people in this country lack food, the sensible thing to do with farm surpluses is to make them available to undernourished people, so far as that is possible. Farmers need a broader market for their products and low income consumers need a more adequate diet. The food stamp plan will give eligible families a chance to increase their purchases of surplus vitamin rich foods." "Such wholly inadequate diets mean price reductions for farm products for low income families adequate to maintain standards for health. Studies indicate that, on average, a dollar and a half is the smallest sum which will provide a city dweller adequate diet."

THE Department of Agriculture has had encouraging results to its proposed plan for section of the country. Trade calls it: "A consistent toward increased and business co-operation." In the first bulletin, grocers what is done with food stamps, the commodities were listed: shell eggs, dry edible dried prunes, oranges, wheat flour, whole wheat and corn meal. All the needy shoppers do is step up to a grocery, present her food stamp and get her share of any of foodstuffs. The grocer's sales are increased, and everybody—except the statesmen in Washington who think they better plan for disposing surpluses.

Temperance and the Home The International Uniform Sunday School Lesson for May 21 Text: Jeremiah 35:5-10; Ephesians 5:15-21; 6:1-4

IT is generally recognized that a great deal of the good results attained in the long course of temperance propaganda in this country has been nullified by the whole spirit of the times, which emphasizes the trend toward excitement and the demand for artificial stimulation. In times like these, it is well to take a long view and to get a right perspective. The Bible helps us very much in attaining that, for here in this book that comes out of the intimate life of ancient times and ancient peoples we have enforced again and again the elemental facts and truths which our generation is tending to ignore concerning the nature and effects of strong drink.

PERHAPS we should put it a little more on the positive and constructive side, and stress what the Bible says concerning the good effects of sobriety and abstinence from everything that weakens and destroys human will and morale. This positive side is brought before us in many ways. We have the picture of Daniel and his companions, strong and healthy and of a fine countenance because they refused to touch the liquor and luxurious foods that the king commanded to be given them. Here we have the story of the Rechabites who, under the leadership of Jonadab, were early

# Local Schools Progress With Memphis

## School Editorial

We wish to take this opportunity to thank The Memphis Democrat staff for the kindness and consideration given the public schools during this year. The schools have greatly benefited by the closer relationship brought about by communicating with the public through The Democrat.

We hope The Democrat staff, our patrons, and friends spend an enjoyable summer.  
W. C. Davis.

Congratulations for your educational attainments for as Benjamin Franklin said, "If a man empties his purse into his head, no man can take it away from him. An investment in knowledge always pays the best interest."

May Memphis High School take this opportunity to express its

sincere best wishes for each of you. May you be able to live a long, happy, useful, and successful life.  
Noah Cunningham.

### SANDSTORM

The Memphis High school faculty and superintendent wish to express our appreciation to the Sandstorm staff and sponsor for the excellent piece of work they have done in making the yearbook such an outstanding success this year.

We want to say also that we appreciate the cooperation the student body has given to them in the editing of this book. We wish to pay a tribute to the business men who have very attractive advertisements in the Sandstorm. We feel that we are safe in saying that the Sandstorm is one of the best books Memphis High school has ever published, and we are very proud of it.

## Seniors Return on Sunday from Class Tour of Carlsbad

### Three-day Trip to Famous Caverns Is Annual Affair For Memphis High Seniors

The Memphis High School Seniors returned Sunday from their visit to Carlsbad Caverns, a little less noisier than usual but still in good spirits.

The class left Friday morning, reaching Carlsbad Friday afternoon. The group spent Saturday touring the Caverns. The class started on their homeward trip early Sunday morning, arriving in Memphis late Sunday afternoon.

Those accompanying the seniors were Miss Joyce Sheats, Mr. and Mrs. Wilson Dees, Mrs. B. E. Davenport, Mrs. Jim Vallance, and Mrs. Elmer Prater. All had reservations at the Rio Vista camp ground.

## Third Grade Club Honors Mothers at Special Program

### Play Closing Unit of Study On Holland Is Given Friday At West Ward Auditorium

The members of the Third Grade Citizenship Club honored their mothers on Friday, May 12, with a program in the auditorium at West Ward school.

The play, "Lucky Day in Holland," which was given, culminated a unit on Holland. Several folk dances added to the entertainment.

Each child in the third grade had a part on the program, and presented to their mother a little favor signifying Mother's Day. A large per cent of parents was present.

### GRIDIRON PERSONALITIES

Earl Foster is a stockily built boy who is destined to see lots of service in the quarterback position next fall. This boy has no experience, but he has a level head on him, and he is capable of thinking football. Earl is not a ball carrier but he is a good blocker and is rough and ready. "Be smart Earl. Think football."

Joe Elmer Edwards, tall and lanky and with big hands, is a pass receiver de luxe. He seldom misses one if they are anywhere near him. He has no experience either but with a little seasoning Joe will develop into a good wingman. Joe developed a lot during the spring and with a few games' experience he will make it hard on his opponents. "Fight, Joe."

## Tourist Traffic Added Hazard

Added highway hazards created by the spring rush of trailer vacationers today became the target of State Traffic Police.

Colonel Homer Garrison Jr., state police director, said the annual spring migrations of tourists, campers, boaters and fishermen with heavily-loaded trailers are a greater problem this season than in previous years and warned that trailers should be properly lighted at night and be towed in such a manner as not to endanger other traffic by weaving from side to side.

"He urged drivers of trailer cars to lower their speeds enough to have control over their mobile equipment."

"We don't want trailer travelers to spend their vacations in hospitals," he said.

## Bad Breath May Show You Need This Help!

Bad breath is sometimes due to bad teeth and often due to sluggish bowels.

It offends. And to neglect it may invite a host of constipation's other discomforts: headaches, biliousness, loss of appetite and energy. Don't let constipation slow you down. Take a little spicy, all vegetable BLACK-DRAUGHT tonight. In the morning there's an evacuation that's generally thorough. You feel fine again!

BLACK-DRAUGHT'S principal ingredient is an "intestinal tonic-laxative." It helps impart tone to lazy bowel muscles. Millions of packages used yearly!

## Students Turn Songwriters and Turn Out New Words for Familiar Tunes

The students of Mr. Devin's and Mr. Cunningham's fourth period classes composed the following songs:

### MEMPHIS

(Tune: "The Bluebells of Virginia")  
You can talk about Indians of Quanah,  
And the Cubs of Estelline too,  
Or the Lions of Vernon,  
Memphis has a few.

I was born and raised in dear old Memphis,  
Pride of all the U. S. A.,  
I never wish to roam, for Memphis is my home,  
And here I long to stay.

### CHORUS:

Memphis, Memphis, Memphis hurrah,  
How we love you, honor you too,  
Cyclone, Cyclone, gelaming on high  
I was born and raised on Memphis soil,  
In Memphis let me die.

### MEMPHIS HIGH

We're putting you up, Memphis High  
For you we will live, fight, and strive,  
We'll back you to stand against the best in the land,  
Cause we know you've got sand,  
Memphis High!

Rah! Rah!  
We'll stick to you tight, Memphis High  
We'll think of you both day and night.

In the end we will win,  
We finish what we begin  
We're back of you, dear old Memphis High.

### GO GET THEM CYCLONE

Memphis High is out to conquer,  
With her banners waving high,  
All the schools are envious,  
As her band goes marching by;  
Hi, hooray! Fight Cyclone;  
Shout her glory to the sky;

We will conquer all before us,  
For Memphis High,  
Go, go get 'em, Memphis High,  
Our motto is to win or die,  
We'll mop them up and send them home,  
A vanquished team, no more to roam.

Go, go get 'em, Memphis High,  
Let your colors fly,  
With a Memphis High for our Cyclone.

SEVERAL REASONS for the increasing interest in dairying in Hall County are pictured above in a selection of fine animals picked from registered Jersey herds on local farms. Not all the breeders are farmers, by the way, as a number of townspeople are finding that milk production is greater and of better quality from registered stock. In the upper right are two fine prospects owned by Dr. L. M. Hicks of Memphis. Top center is one of two registered Jersey bulls on the A. Womack Jersey farm east of town. Top right is pictured one of several young heifers on the E. W. Solomon farm south of Memphis. In the lower left is the prize milk producer owned by Angus Huckaby of Memphis. Bottom Center, Jack Holcomb, Memphis club boy, shows his registered Jersey heifer; and bottom left is another fine registered Jersey milk cow, one of three owned by Floyd Springer.

## Mastitis May Be Prevented By Use Vaccines On Cows

Sanitation and Cleanliness Essential in Prevention of Disease that Injures Herds

Hall County dairy herd owners, like dairy farmers in all parts of the country where this line is followed extensively, are continually confronted with the problem of mastitis or caked udder. This condition is usually caused by a streptococcal infection and many cases have been found complicated with other germs. The condition is spread by direct contact with affected animals and infective materials.

Many animals affected with this condition do not show symptoms of the disease. Such animals are carriers and will spread the infection to the entire herd if not isolated as soon as discovered. Many of these carriers may be detected by straining milk through a black cloth. The collection of yellowish clots or threads, blood clots, pus, etc., are readily detected on the cloth as indicative of the presence of the disease. Generally symptoms include depression, chill, rough coat, dull eyes, loss of appetite, constipation, udder sore, hot, tender, hard or swollen udder and decrease in milk.

In prevention strict sanitation and cleanliness is necessary with proper vaccination of all animals with mastitis mixed bacterin, injected into the muscle. For prevention dose of 5 cc is often sufficient. For treatment of the disease, isolation is necessary with a full 15 cc injection in the muscles of the neck. Severe cases require more strenuous treatment. All treatments should be carried on under the direction of a veterinarian or a qualified druggist.

## Texas Farms Lead In Butter Yield

Texas' annual output of 56,000,000 pounds of farm butter is 11 per cent of the nation's total and gives the state first rank in production.

"The tragedy is that two-thirds of this butter is of poor quality and serves to curb the consumption of the product on the farm and at the market," W. V. Maddox, dairy manufacturing specialist of the Texas A. and M. College Extension Service, has commented. "Yet good sweet cream butter can be produced on Texas farms if milk and cream are handled correctly."

Correct handling begins with the production of milk, which should be clean and free from objectionable flavors, he says. Clean, sterilized utensils are essential.

Cream, whether mechanically separated or hand skimmed, must be cooled immediately after separation and held at 50 degrees until churning time. Freshly separated cream must be cooled before adding to cold cream.

Maddox recommends that the different lots of cream be mixed from two to four hours before churning so that the temperature and ripening will be uniform. Use of a thermometer will help insure butter after 30 or 40 minutes of churning, and firm—not hard—butter granules. The best temperature is between 50 and 60 degrees in summer and 55 to 68 degrees in winter, and the churning should be stopped when the granules are the size of grains of wheat.

## Landowners Name Members to Soil Planning Board

Meetings are Held Monday in Each County Precinct To Elect Committeemen

Farm landowners in each county precinct met Monday at the call of their respective commissioners and elected members to the County Soil Conservation Advisory committee—a new organization recently authorized by the Texas legislature.

Dr. W. C. Dickey of Memphis was named to the committee from precinct 1. In precinct 2, Clyde Fowler of near Lakeview will serve, and in precinct 3, John W. Ewen of Estelline is the committeeman. Landowners in precinct 4 elected U. F. Coker of Turkey.

The four committeemen will meet Saturday morning at 10 o'clock at the offices of Dr. Dickey in Memphis to organize and elect one of their number to attend the district meeting at Plainview next Monday.

At the regional meeting at Plainview, one delegate will be selected to attend the state convention at Temple, and serve as a member of a state planning board for land-use planning.

The set-up was authorized by the state legislature for the purpose of working out farm planning in Texas in regard to soil conservation. According to the proposal, the actual criticism and ideas are to come from the farmer-landowners themselves.

The state meeting at Temple will be held on May 29. Committee members serve without pay, except for the delegates to the regional meeting who receive four dollars per day and traveling expenses and the members of the state board.

Meetings Monday were in charge of the county commissioners in each precinct.

## CLUB BOYS BUY CALVES

G. W. Saxator & Son last week sold ten calves to club boys of Lakeview, Turkey, Parnell and Memphis. These calves are very young and will be fed by the club boys as their club projects.

## Sheep Profitable Rancher Finds

Ed House of Parnell last week announced the sale at San Angelo of wool from 201 sheep raised on his Hall County ranch. House cut 2,309 pounds of wool from the flock—an unusually heavy yield, and sold it at 11 cents per pound.

The wool crop averaged more than 11 1/4 pounds per sheep. "This is a good sheep country," House told County Agent W. B. Hooser. Sheep held a rancher in cleaning weeds out of pasture land."

In 6 months time, House says, a lamb can be brought up to 75 or 80 pounds. Thrashed milo is the best feed available for lambs, he believes.

The Hall County sheep rancher plans to sell all his old sheep in preference to keeping them thru the summer. He sold lambs averaging 128 pounds at Fort Worth shortly before the stock show this spring. The lambs brought 7 cents a pound.

Ruby Lee Stringer of Pampa spent Sunday here with her parents, Mr. and Mrs. H. W. Stringer.

Mrs. T. L. Lewis of Childress was in Memphis Monday. Athalee Goffinet went with the Seniors to Carlsbad over the week-end.

Miss Imogene King, Mrs. Ray Martin and Mrs. Alla Boswell visited their sister, Mrs. C. H. Smith, in Duncan the first of this week.

## Farming In the Balance . . .

In the present chaotic conditions confronting the farmer there is but one avenue of hope left—Balanced Farming. By balanced farming we mean earning more than the necessary expenditures which will leave a profit for the purchase of the things needed and wanted by the farmer and his family to make their lives both profitable and pleasant.

However the problem of balancing the farm program is an individual one and no yard-stick or measure can be secured to fit all farms. We are happy to note that Hall County farmers are making great strides in this individual farm balancing with their dairying, poultry, produce and livestock.

It is our observation that the farmer who balances his farm program, including his time as well as his crops, is the farmer who is getting ahead. If we can assistance.

## Texas Telescope Trains Giant Eye on the Stars

Home of the world's second largest telescope: silver-domed observatory atop Mount Locke, Tex.

NOW focusing its giant eye on the mysteries of the heavens from its vantage point at the peak of 6800-foot Mount Locke, in Texas, is the world's second largest "detective" of the sky.

Dedicated early in May at ceremonies attended by 15 famous astronomers, the McDonald Observatory houses science's newest and most accurate reflecting telescope—a delicately balanced device with an 82-inch reflector.

It was a four-year job to grind and polish the reflector, shaping it accurately to one-millionth of an inch. And glass for the mirror was first cast in New York as far back as 1933.

For months workmen watched the mold painstakingly until it had cooled enough to be handled. Then it was shipped to the optical department of the Warner and Swasey Co., in Cleveland, O., designers of the observatory and telescope.

This corporation took care of the grinding—over a long stretch. Special laboratories and machinery, scientific testing apparatus, and a huge aluminumizing cell were set up as the job progressed.

When finished, the lens was transported to Texas and adjusted in place at so delicate a balance that the 26-foot, 75-ton horsepower instrument is driven by a one-third horsepower motor.

The telescope takes photographs of stars a million times fainter than the dimmest object that a human eye can see. Some of these stars are 400,000 light years from our earth. (One light year is the distance light travels in the 32,000,000 seconds of a year at a rate of 186,000 miles per second.)

Among early tasks of the machine is that of securing more information about the mysterious "white dwarfs" of the universe. Although many of these have been discovered by standard instruments, little is known about them.

The "white dwarfs" are as big as the globe. They are of high temperature and luminosity. But scientists want to know what they are made of. They already know that the material is so compressed that one cubic inch of it may equal several tons.

Focused on the nebulae of glowing hydrogen, oxygen, and nitrogen which envelope the universe, the telescope may yield new information on the physical properties of hydrogen. It may bring a better understanding of physical laws governing change of matter, radiation of stars, and dissipation of energy.

The peak on which the observatory stands is located in the Davis mountains of west Texas, 16 miles from the nearest village, 42 miles from the nearest railroad. The observatory is owned jointly by the University of Texas and the University of Chicago.

The 200-inch Palomar telescope, now under construction for location in California, will be the only telescope larger than this Texas instrument.

## Estelline Wins Again to Earn Top Ranking

Memphis Drops to Second Place in League Losing Sunday to Hedley

Estelline forged ahead Sunday in the Hall County Baseball League with a smashing 14-1 victory over the Goldston nine, while Memphis was losing a heart-breaking 4-3 decision to the much-defeated Hedley club, to take undisputed possession of top position in the league standings.

Ted Barnes pitched the entire game for the Memphis club, struck out 14 batters and allowed only seven hits, but lost the game through costly errors on the part of his teammates. Jack Lowe, on the mound for Hedley, also went the route and allowed the Memphis sluggers 14 hits. Snappy defensive play on the part of the Hedley fielders, however, held the local club to three tallies.

Robertson, star hurler for the Estelline Cubs, pitched three-hit baseball Sunday on the Estelline diamond and held the Goldston nine to a single run. The Goldston tally came late in the eighth after a series of errors and two passes set up the play for score. Estelline batters connected for ten base hits off of Richie, Goldston hurler, and capitalized on 5 errors to cross the plate with 14 runs.

Lakeview - Crossroads dropped the Tell Tigers by a narrow 4-3 margin on the Lakeview diamond in the third League battle Sunday afternoon.

Memphis was out of first place for the first time this season as their game here Sunday afternoon dropped them into second position behind the high-flying Estelline club. Hedley broke into the win column for the first time and earned a tie with Goldston for the cellar position.

Next Sunday's games will send Memphis to Tell, Goldston to Lakeview, and Estelline to Hedley.

The standings:

Team	W	L	Pct.
Estelline	4	1	.800
Memphis	3	2	.600
Lakeview	2	2	.500
Tell	2	2	.500
Goldston	1	3	.250
Hedley	1	3	.250
