"Much Relieved," Says Lady After Taking CARDUI

Although they may be very active and apparently in good health, many women, at certain times, will do well to take Cardui. It may relieve some of the nagging symptoms that are so annoying every month.

Mrs. F. T. Foster, of Greensburg, Ky., writes that she has "derived great benefit" from Cardui. "Before taking Cardui, I was weak and extremely nervous, and suffered from sleeplessness. This made me tired and worn in daytime. My back ached continually. Being an active woman, I did not want to continue in this condition. Having heard a great deal about Cardui, I found, after just a few bottles, I was much relieved. I continued taking Cardui and was so much helped."

Of course, if Cardui does not benefit you, consult a physician.

CROSS CHILDREN MAY HAVE WORMS

Watch for upset little stomachs, bad breath, fretfulness, loss of weight, itching around nose and ears. They may have pin or round worms. White's Cream Vermifuge has safely and for years, reliably expelled the worms and toned the delicate tract. White's Cream Vermifuge recommended by druggists.

Our passenger trains are now the fastest schedules, one thing is sure. We run faster, but the first commandment is still "First." That's one rule that can't change.

On railroads and all industries provided 750,000 workers for. Some of them are in our town. Good for us.

PRESIDENT OF OLD SETTLERS PRAISES FETE

Says Convention of Last Week Biggest Ever Staged Here

The third Old Settlers Reunion of Hall and adjoining counties—the greatest of them all—is a matter of history; and in the name of the old settlers I want to thank every one who, in any manner, contributed anything toward the success of our meeting.

It was the best, most pleasant we have ever had. The entertainment, the accommodations, were of the very best. The arbor was a source of great pleasure and comfort to both old and young. We had plenty to eat, and it was well prepared and adequately and efficiently served. In fact, it would be hard to improve on any phase of the gathering.

To climax all, everything that was done was done in the finest spirit of cooperation I ever saw exhibited. We only hope that all of you, after you have crossed life's meridian and are on the western slope of time and are nearing the end of the long, long trail, you may be shown the same sympathy and consideration you have shown us in thus contributing to our pleasure and enjoyment.

GET GULFLUBE—
It's "Stripped for action"!

A cheap, poorly refined motor oil is like an overdressed wrestler. Such an oil is hampered by useless waste which should be removed by further refining. Such an oil, like the overdressed wrestler, can't do a good job!

Most 25c oils, like this wrestler, are still somewhat hampered. Some of the useless waste has been removed, but not all of it. No refiner of 25c oils could afford to carry refining further than this until Gulf perfected the Multi-sol process.

GULFLUBE MOTOR OIL, like this wrestler, is stripped for action. Stripped of all useless waste by the Multi-sol process—the finest 25c oil in America—the only 25c oil equalling premium-priced oils! For better lubrication, cleaner motor, less oil consumption—get Gulflube—at the Sign of the Orange Disc.

term to the Texas House of Representatives. The vote in Hall County, 1,337 for Alexander and 1,548 for Hodges. In the district Alexander won by a vote of 4,743 to 3,747.
 A. S. Moss polled 2,578 votes in this county to 449 for his opponent, A. J. Fires.
 Voting in the second primary Saturday was orderly throughout the day, with no disturbances at the polls.
 Several hundred persons attended The Democrat's election party Saturday night. The returns were given out by means of a large bulletin board and a loud speaker system. All returns of the county and most of the district returns were in by a little after 10 o'clock.

money involved went for the financing of distressed homes by means of long-term replacement mortgages which are to be amortized fully over the term of the loan in small monthly payments. The balance of the money advanced went for the restoration and conditioning of properties.
 It is estimated that \$228,453, 000 of the Home Owners' Loan Corporation advances went to the tax offices of the nation, with the national average tax payment per loan being \$224.

 of Memphis.
 Interment was in the Fairview Cemetery here, with King's Mortuary directing.
 Active pallbearers at the funeral were Joe C. Webster, W. E. Hill, Lloyd Byars, Brice Webster, B. B. Smith, and Floyd McElreath.
 Mrs. Fisher was born July 26, 1860, at Lagrange, Texas. She was married in 1883 to W. D. Fisher. She came with her husband to Memphis in 1893, 43 years ago, and had resided here ever since. Mr. and Mrs. Fisher were engaged in farming. Mr. Fisher died in October, 1930.
 Survivors are two sons, Leon Fisher of Presidio and J. H. Fisher of Asheville, N. C.; two daughters, Mrs. R. Goldsmith of Fort Worth and Mrs. W. D. Mabry of Memphis; and two brothers, Charlie Reynolds and R. J. Reynolds of Eldorado.

 ing fountains," one citizen stated.
 The need of convenient drinking fountains is apparent to all. In the horse-and-buggy days, watering troughs were provided for the animals—surely humanity needs just as much consideration.
 Speaking of water, some of the citizens are digging wells to offset the shortage of water that is faced here annually.
 The good women of Memphis who went to the expense of putting out grass at Library Park look upon the dead grass with a feeling of disappointment and regret. Other townspeople watch their lawns, shrubbery and trees wither and die.
 Something should be done to relieve the situation.
 A number of farmers of Hall County have been interviewed this week in regard to crop conditions. Most of them assert that a good rain by September 1 will greatly improve the outlook and cause the production of a lot of cotton and feed. Some claim they still have moisture from the rains of several weeks ago; that the intense heat has caused more damage to crops than the lack of moisture.
 Visitors to the county from other sections of the state report crops here are far better than anywhere in north Texas.
 Whoever said that Memphis people have lost their pep and will not do anything for the good of the community was surely mistaken. The Old Settlers Reunions and Centennial Celebration held here August 19 was the best affair of that nature held in the

Panhandle this year, and it was due to the active work of the citizenship, all pulling together and doing the task assigned.
 The steering committee outlined the work that was to be done, and distributed the work to sub-committees, and these in turn passed out certain tasks to individuals. No one man refused to do his task. It took team work to do the job, and it was done in great style.
 The fine shade, plenty of ice water, varied entertainment, and well-oiled committee work, combined to make the reunion a success. Hundreds of visitors praised the affair and none was heard to give voice to a complaint.
 Memphis has received a lot of favorable publicity because of the splendid celebration last week, and will draw a greater crowd at the reunion next year, which will be held the third Wednesday in July.

SMALL PART OF TAG POOL SOLD
 Between 16 and 17 per cent of the total poundage surrendered to the 1935 National Cotton Certificate Pool was sold, according to information received from Washington by Clyde Fowler, chairman of the Hall County cotton committee.
 Hall County cotton producers

had several hundred thousand pounds in the cotton exemption certificates impounded in the national pool.
 Complying farmers of this county will likely receive their cotton pool money some time in October, it was said.
 Mr. and Mrs. H. A. Phillips of Wellington spent Tuesday here with their daughter, Mrs. Harry Womack.

THE SECOND PRIMARY

THE SECOND PRIMARY is now history, and citizens of Hall County may now indulge in conversation concerning the dry hot weather and the prospects for crops this fall without interruption.

Hall County made history Saturday. The total number of votes polled was less than 300 short of that in the first primary, and some of the voting boxes reported as many votes polled as in the previous election.

Two state, two district, one county and three precinct races created sufficient interest to cause the voters to brave the heat of an August day and take a hand in making nominations in races that were not decided in the first primary.

The people have spoken, and all are Democratic enough to abide by the will of the majority. The heat of a political battle soon cools and life goes on as usual. Other problems have to be solved and no one has time to keep the political pot boiling.

EXAMPLES OF NEIGHBORLINESS

THE OLD SETTLERS REUNION and Centennial Celebration August 19, demonstrated that home people and neighboring towns are alike under the skin.

The co-operation of home people made it possible to stage one of the best events of the year in this section of country. All committees and members of committees, collectively and individually, worked together with machine-like precision to the end that the reunion might be a successful affair.

Neighboring towns demonstrated their fine spirit of co-operation and neighborliness by furnishing some of the program. Clarendon sent the high school band to give concerts during the day; Wellington sent the Accordion Band to lend color and entertainment to the floor show; Hollis sent the famous Keys Quadruplets to attract attention and to entertain with beautiful singing.

Memphis is indebted to the neighbors for such neighborliness, and will not soon forget. As she has done in the past, Memphis will always strive to reciprocate when the need arises.

Memphis citizens are proud of the day's celebration and recognize the fact that it could not have been a success without the co-operation of the citizenship and the valuable contribution to the program by the neighboring towns.

I AM DEATH

I AM RIDING THE RUNNING BOARD OF YOUR CAR

My appetite for the dead, maimed and bleeding is insatiable. Every minute... every hour... during the day and night, it is my pleasure and delight to cut down the young and the old.

Men, women and children are my victims. Every walk of life is my path. I make no choice... I make no exceptions.

My greatest delight is the grasping in my clutches of those in the prime of life. His or her kin and bereaved friends do not affect me. They may be my next victim.

I am ever alert to every possible mishap... every slight mischance. I make no mistakes... not an opportunity escapes me.

I glory in this era of reckless driving... in this age of faster automobiles. The drunken driver is my ally... my friend.

He or she who turns a corner carelessly... makes a single mistake at the wheel, gladdens my heart. I am there to take advantage of the tiniest slip. The sound of the impact of two cars is music to my ears... I am about to take the soul of a maimed, bleeding person who lies dead in the road, a sacrifice to my greed.

I plead with you to hurry!... Take chances!... Pay no attention to speed laws!... Cut corners!... Take the other side of the road!... Don't deny me my pleasure!

TAKE A JOY RIDE WITH

DEATH

Hardware Concern Has Novel Display For Old Settlers

A novel window display arranged here for the Old Settlers Reunion and Centennial Celebration last week was that of the Harrison Hardware Company.

The Harrison Hardware store was opened here in 1906, and the window displayed merchandise in demand at that time. Included in the display were buggy washers, whip crackers, buggy wrenches, cockeyes, shot gun shells and wads, old guns, wagon blocks, wood wedges for splitting rails, an ice cream cone iron, a saw setting device, grind stone frames, wood stoves with drums, buggy curtains, wagon sheets, lanterns, nutmeg graters, curry combs, and old wall lamps.

S. T. Harrison and M. W. Headrick established the hardware store here in 1906, and in 1908 Mr. Headrick sold his interests to W. W. Clower. The store operated as the Harrison-Clower Hardware Company from 1908 until 1928, when S. T. Harrison and T. M. Harrison bought Mr. Clower's interests. The concern is now owned by S. T. and T. M. Harrison.

Tri-State Fair Officials Here

MASON KING

With a special invitation for all Memphis and Hall County to attend the Tri-State Fair in Amarillo September 21-26, Bill Beechler and Mason King were here Wednesday.

Beechler, who is general manager of the Cunningham Floral Company in Amarillo, is that city's "good will ambassador" and a vice-president of the fair association.

King, a member of the Amarillo News-Globe staff, is racing director for the Tri-State Fair.

Cash prizes for the largest delegations visiting the exposition with bands have been increased again this year—\$125, \$67.50 and \$37.50.

Last year these prizes were \$100, \$50 and \$25—won by Happy, Hereford and Groom, respectively.

The visiting delegations with their bands help make the Tri-State Fair just about the most colorful attraction in the Southwest and we want everybody to come back again this year, because the exposition is going to be bigger and better," said Beechler.

Mason King pointed out vast expenditures had been made at the fair grounds since the last exposition.

"Exhibit buildings have been remodeled and enlarged and such extensive improvements have been made at the track that the Tri-State Fair now has the best minor plant in the Southwest," declared King.

The Tri-State Fair's fall race meet starts Friday, September 18, and continues throughout exposition week.

Gene Howe, known everywhere as "Old Tack," this year heads the fair association.

O. L. "Ted" Taylor is secretary-manager.

"Both the president and secretary-manager assure us all of the cash premiums will be paid in every department," said the visitors. "The fair association has money in the bank to meet all prizes offered."

Mr. and Mrs. Arthur Howard arrived in Memphis Wednesday from Denton and left Thursday for Clovis, where Mr. Howard will teach in the commercial department of the Clovis High School this school year. For the past several years Mr. Howard has instructed in the Memphis schools.
