LOWE BROTHERS High Standard Paints

**Reception to Mrs. J. M. Oxner**

There will be a reception given to Mrs. J. M. Oxner on Friday night at the church auditorium. Mrs. Oxner has recently returned from the Foreign mission field to which she went from this city, and her return for a visit after her absence is a source of pleasure to her many friends and church acquaintance. It is planned to have this reception for the purpose of meeting her and hearing some of the news from religious work in the far away land. A program has been prepared which will be a fitting introduction to the Social which shall follow and a special invitation is extended to the people of Memphis to attend this meeting. There are members of these older citizens who will be glad to meet her and a special invitation is extended to the membership of other churches to be present. The reception will be held in the church auditorium Friday night beginning at 8 o'clock under the auspices of the Ladies Mission Society.

**Easter Service.**

Memphis Commandery No. 50. Knights Templar will have services at the First M. E. Church South, in Memphis on Sunday, April 16th, at 11 a. m. sermon by Sir Knight W. B. Dodson, special music choir and mail Quartette. Everybody invited. Knights assemble at Asylum at 2 p. m. after services at church. Knights and ladies will repair to Masonic Temple.

Very Courteously,  
J. M. ELLIOTT, E. C.  
H. Arnold, Rec.

Miss Rachael Moores returns home Tuesday after a very pleasant visit at Mineral Wells.

## HALL COUNTY THE BANNER COTTON COUNTY

The Cotton Crop of 1910 Shows Up well For Hall County.

The DEMOCRAT office has this week received the actual number of bales of cotton weighed at the three public weighing stations in the county, namely, Estelline, Newlin and Memphis. Below we will give the actual number weighed at each place up to Saturday night, April 8, 1911: Estelline, 6413, Newlin 800, Farmers Union here in Memphis 8978, Crump Cotton Yard 4294. Making a total of 20,485.

At the Newlin yard the number of bales shows a very low number from the fact that during the busiest part of the season, the weigher had to discard his old scales and order new ones, which put that place out for thirty days, during which time it has been estimated that there were over 1000 bales shipped from that point without weighing, which would run the total up to over 21,000.

Making a very low estimate of the price paid for cotton the past season, this makes one and a third million dollars turned loose in Hall county for cotton alone this season, not saying anything about the price of seed and the amount of feed stuff raised. Hall county is considerably in the lead of any other Panhandle county and Memphis alone received more cotton than most any one of the counties in the Panhandle.

**Barbershop Closing.**

We are authorized to announce that all barbershops in the city will close at 7 o'clock p. m., beginning Monday night, April 17, continuing through the week and closing at 11 p. m. on Saturday nights.

## Card of Thanks.

I wish through the columns of the press to thank my many friends and co-workers who so loyally stood by and worked for me in the recent city election. And although I made the race under adverse circumstances, yet I made it in a clean, gentlemanly way and let me again say I heartily thank all my friends and supporters for their work in my behalf.

J. W. GREENWOOD.

## Presbyterian Church.

There will be a regular Easter sermon at eleven o'clock, the subject, "THE RESURRECTION OF CHRIST." The night services will consist of a Sacred Concert. Everybody invited.

## Warning To Public.

You are hereby notified not to haul any more dead animals and dump them south of Memphis without burying them, violators of this notice will receive full punishment of the law.

DR. J. Q. DURHAM, County Health Officer.

A recent press dispatch indicating that Col. B. F. Yoakum will retire from railroad building in Texas is a serious blow to development. Mr. Yoakum has built one third of the railroad mileage constructed in the state during the past decade. Mr. Yoakum has built 1200 miles of railroad in the past nine years in Texas and it looks as if the legislature and the railroad commission during this period had been trying to pass a law for each mile post and the railroad building has become tired of the race, but there is encouragement in the fact that the 32nd legislature passed no laws inimical to railroad development.

## Married at Amarillo Sunday.

J. L. Barnes of the Hogland Mercantile Co., highed himself away to Amarillo Sunday where he met his fair lady, Miss Clara Goodwin of Shelbyville, Ind., and quietly married. They returned to Memphis where they will make their future home. The Democrat wishes them a long and happy married life.

## Easter Egg Hunt.

There will be an Easter egg hunt at the residence of J. F. Bradley's Saturday afternoon. A charge of five cents will be made for all children under ten years of age and ten cents for everybody over ten years of age. The proceeds will go to the foreign mission.

## Base Ball Game Saturday.

There will be an interesting game of ball played in Memphis next Saturday between the Memphis High School team and the Royal Sons of Clarendon. Both of these teams are composed of good ball tossers and an interesting game is looked forward to.

The iron bridge put in across the draw west of Memphis has been completed and the same was inspected Monday and received by Commissioner Broome and Judge Bird. This is a very substantial bridge and the people having to travel that way will not have the hard heavy pull they have heretofore had to make at this point.

## "Post Cards"

Yes, we have the newest and best assortment in the city. A look through them will convince you.

CITY DRUG STORE THE REXALL STORE MRS. C. M. MONTGOMERY, Prop.

## BRIDGE BOND ELECTION

Figures Submitted by Bridge Company Endorsed by County Commissioners.

As the time is drawing near for the bridge bond election for \$55,000.00 to build a bridge across Red river, it is nothing but fair to the voters of the county that they should know what kind of a bridge is to be built and the guarantee the company is willing to make.

A report has gone abroad over the county that \$55,000.00 would not build a bridge across the river, and if one was built, it would only be of a skelton or spider-leg outfit not capable of doing any public service to speak of.

We have made it a special point to see R. R. King, manager of the El Paso Bridge and Iron Co. who is now in the city, and have him give us a statement in regard to this bridge and we give below his statement as made to us:

"There seems to be a doubt about the stability of a Bridge across Red River, this is among the few who are not well informed on the up to date and modern bridge.

There are Bridges, of the Type of Bridge that will be submitted to the Board of County Commissioners, now standing and in first class shape across the Rio Grande, these Bridges are designed to carry twenty mule ore teams, traction engines or any kind of late road machinery. They have been in use several years and have not been any costs of repair except painting of steel about every four years.

The Rio Grande is by far a worse stream for drift and sand than Red River and there is nothing else for a foundation but sand, and the type of bridge proposed for Red River is the kind the United States Govern-

## Death of W. S. Wilson.

The remains of W. S. Wilson who died at Denver last Saturday arrived in Memphis Monday morning and were taken charge of by undertakers, King & Battle. A large number of friends also met the remains and immediately proceeded to Fairview cemetery where they were tenderly laid to rest by loving hands.

Rev. R. B. Morgan conducted the funeral services.

It was only one week ago last Sunday Mr. Wilson with his family departed for Medford, Ore., he seemingly being in good health. At Amarillo he was taken sick with lagrippe and continued to grow worse until the family reached Denver, at which place they stopped to receive medical aid, and his condition gradually became worse until he died.

The family was placed in a very awkward position having their tickets bought for Medford, Ore., and all their household goods already gone on ahead, they finally decided (and wisely so) to send the corpse back to Memphis for burial beside his daughter who was buried here about five weeks ago. His only near relative here in Memphis was a daughter, Mrs. E. B. Wilkins, who was the only relative here to suffer the sad loss of the father.

Mr. Wilson was 56 years old and has five children and a wife yet at home to mourn his loss. The family had lived in Hall county some three or four years and was well known to a great number of Hall county citizens who regret to learn of his sudden death and who joins the sorrowing relatives in deepest sympathy in this sad loss.

Just received fresh car Gold Medal flour, try a sack and you will know where to get your flour J. T. SPEER

### KEEP Hall County Money in Hall COUNTY

Over Ninety-five per cent of our stock is owned by home people. Our dividends stay at home and help to build up the country. Stop! Think!

HALL COUNTY NATIONAL BANK MEMPHIS, TEXAS

There Isn't A Money Earner In This Town

THERE ISN'T A MONEY EARNER IN THIS TOWN

nor in this vicinity but would have a bank account, a growing account if he fully realized the many advantages which would accrue to him through the account. The man who has an account at a home bank accomplishes more because he is looking ahead. Planning for the future. He may not have any definite plans at the time of starting his account but he knows that it will be worth money to him later on. That a growing account NOW will be a material help to him when his plans are made and he is ready to work them out.

**The BEST MONEY MAKING PROPOSITION  
EVER OFFERED YOU  
IS**

# Los Angeles Heights Addition

## San Antonio, Texas

### **Why Is It The Best??**

**BECAUSE** San Antonio is the largest City in the State.

**BECAUSE** San Antonio Climate can't be equaled---summer or winter---No Sand Storms or Severe Blizzards.

**BECAUSE** It is one of the widest known Cities on the Globe. People are saying all over the world we have read and studied in history of the historic romance of Beautiful San Antonio, and the first opportunity shall visit her sacred grounds. An evidence of this is, people are pouring in here on every train. There were 15,000 people came in on the Cattlemen's Excursion and there were already here 30,000 tourist from the many parts of the earth, 20,000 Soldiers, and a population of 110,000.

**BECAUSE** Of the educational advantages which means a city of culture and refinement.

### **Why is Los Angeles Heights the Best in San Antonio?**

**BECAUSE** It is the only outlet to the City that you do not have to go through the Mexican and Negro quarters.

**BECAUSE** It is surrounded by the most aristocratic resident portion of the city--Beacon Hill on the South and Laural Heights on the East--both of these additions are covered with millionaire homes.

**BECAUSE** It is 137 feet higher than the heart of the city. Miss Taylor, who investigated them all, before she purchased with us, says: "Our terms are decidedly the best"

OUR lots are only \$200 to \$300, \$10 down and \$10 per month until lots are paid for. Every working man or woman can make from 50 to 100 per cent in a short time on an investment of \$10 per month. An ideal building site for those who want a home in the land of sunshine and flowers. Don't do as a former resident of your city done, he told us that two or three years ago he could have purchased the lots, that he is now building a beautiful home on, for \$200. He considers himself fortunate for being able to get them now for \$2,000, as lots around his are selling for \$4,000 and up.

**The  
Best  
Money  
Making  
Prop-  
osition  
Ever  
Offered  
You**

SEE A LETTER THAT JUDGE PARDUE has sent Miss Moore--our representative--in regard to what he thinks of about our property. Mr. Pardue has gone out to our property with Memphis friends, to whom we have sold lots. Mr. Pardue also has told us, at the answering of a letter of enquiry about Los Angeles Heights, from Memphis, he did not understand the location and who the firm was, from the letter, and wrote accordingly. After which however he has thoroughly investigated the matter and finds that he does an immense business for our Company, and other things we should be pleased to have you write and ask him about our property. :- :- :- :-

**Remember our lots are only \$200 to \$300; \$10 down and \$10 per month until lots are paid for**

**Don't fail to see Miss Moore for full detail of our proposition.**

F. W. & D. C. TIME TABLE

Table with 2 columns: Direction (northbound/southbound) and Time (6:32 p. m., 8:22 a. m., 9:35 a. m., 9:32 p. m.)

WEDNESDAY, APRIL 12

Austin has let the contract for the placing of cement walks on Congress Avenue and construction has already begun.

A NEW Company has been organized at Canyon City, called the Canyon City power Company, which will conduct an ice, light and power plant, with a capital stock of \$25,000.

In writing specifications of public utilities, a community should not fail to include rural telephones and good roads.

The bond issue of \$40,000 for the improvement of roads in McMillough County has been carried by a majority of sixteen to the aid and construction of roads will begin immediately.

EVERY dollar invested by the people of Texas in public improvements is bread cast upon the waters and will return to them in a short time quadrupled by increases in property valuations.

PROBABLY the largest shipment of rice every made in the state was made by the Southern Rice Growers Association of Beaumont last week.

TRAVIS County is to have the most exclusive chili pepper cultivation in the world. W. B. Baker, an irrigation farmer near Austin has planted two hundred acres of chili pepper.

A RECENT press dispatch from Weston stating that 15,000 tons of raw sugar will be imported into Galveston from Cuba...

material from the coast and from foreign countries. Our ports are the keys to the world's commerce.

A LETTER was sent out to the Commercial Clubs of Texas from the headquarters of the Texas Commercial Secretaries' Ass'n urging that clubs organize a county fair association and arrange to hold agricultural exhibits.

A GOOD place to study human nature is at the bargain counter. Uncle Sam has been keeping tab on the women during the past decade, no one else would dare to do it, and he reports that in the purchase of mixed cotton and woolen goods there has been a decline of 52 per cent which appears to indicate a tendency on the part of the fair sex to economize but she is only flirting with the markets.

Dr. G. S. Fraps, State Chemist of Texas says Fertilizers of cotton are applied at the rate of 300 to 500 lbs. per acre and are best applied in the furrow about a week before planting but they should not come in direct contact with the seed.

Notice To The Ladies. Before you buy would be glad to have you call and inspect samples of made to order silk skirts, Dresses also ready made silk and linen dresses. Special bargains in Voil skirts.

Address—"The value of the Newspaper Association to Newspaper Publishers" Will H. Mayes of Brownwood.  
Selection of Next Place of Meeting.  
Election of Officers.  
Adjournment.

The Federal Agricultural Department in a recent pamphlet on County Fairs recommends that forms of amusements to please the young people be provided by managements of Fair Associations as a means of encouraging attendance at the fair. After the boys take their lessons in grading live stock, selecting seed and packing fruit, they should be given an opportunity to drink red lemonade, ride the merry-go-round and watch the balloon ascension.

#### After Watrous.

C. W. Wallace of Altus, Oklahoma, was in the city several days the past week. Mr Wallace was a former resident of this city before moving to Altus. He was over here looking after "One Said Watrous." The man who defrauded the Herald office several weeks ago and who had also carried his little game to Altus and worked Mr. Wallace out of something over one hundred dollars. No trace of him has as yet been found.

Don't forget our parlor when you want cool drinks and ice cream.

We can not give our new Premiums on accounts unless you pay up promptly every 30 days. This is considered cash.

THE FAMOUS

#### Rain Friday Night.

A fine rain fell last Friday night followed on Sunday morning by a light shower. These frequent rains are making everything look green in this section, and is adding renewed confidence in the people for a fine crop this season. The gardens are beginning to look pretty and some of our people have had nice vegetable dinners out of their own gardens.

#### Strayed or Stolen.

On or about December 1st 1910, one bay horse, about 15 hands high, with a feather leg, with stripe in face, about ten years old, and walks Stoggy. Will pay any one \$5.00 for any information leading to the recovery of the horse 41-2tp.

B. L. KING, Northfield, Texas.

The spring showers are coming nicely and with warm weather all the growing crops will make rapid growth.

Our stores are all putting on their Easter attire and everything begins to put on the appearance of spring.

Courtney Denny is building a nice, modern, four room bungalow on his place one mile east of Memphis where he now has a large hog ranch. The building site is an ideal location for a home.

W. F. Simmons received a telegram Tuesday morning from his father-in-law at Clinton, Okla., stating that he was father of a fine baby girl. Mrs. Simmons has been visiting her mother at Clinton. Congratulations are extended.

I now have my jewelry repair shop opened temporarily in the office next door to the express office where I will be glad to meet my friends and receive their repair work.

J. W. TRULOVE.

Mrs. J. M. Oxner returned home Monday morning after several years experience as a missionary in China. She has been in this country several days but since her arrival. Her many friends were glad to meet her and have her return home. They are arranging a reception for some day this week. Mrs. Oxner is the only surviving missionary now left out of the four who went into the far east from Memphis.

### COLLEGE CADETS ON HIKE

Nine Hundred Boys Go on Ten-Mile March.

College Station, Tex., April 2.—With bugles sounding the martial note that means "advance," Capt. Andrew Moses, commandant of cadets, and Cadet Col. H. M. Pool leading the column in long, swinging strides, the cadet corps of the Agricultural and Mechanical College, numbering about 900, lengthened out over the public road leading to the Brazos River for a ten mile hike yesterday.

This annual hike of the military department of the college is always held so that it will include April 1. There are several reasons for this, one being that college students generally neglect lessons on April 1 for All Fools' Day pranks, and by taking them out on military duty they don't get a chance for that; another is that the hike is part of the military training and April 1 is generally the best weather for an outdoor life.

#### Sensible Suggestions.

There is no new advice to give to boys, and there are no new boys to advise. The boy is the same that he has always been, and he is not likely to change very much in the time to come. If I were to suggest a warning to boys, I would not find a better one than embodied in the text, "the wages of sin is death."

That is the law and it can not be repealed. The honest, truthful, industrious boy will succeed in proportion to his intelligence, but no intelligence can make up for lack of honesty, truthfulness and industry—especially is it impossible to substitute anything for honesty and truthfulness. Laziness will limit one's accomplishments, whatever his good qualities may be, but he may outgrow the lack of education or intelligence, but it is much more difficult to outgrow a lack of honesty or truthfulness.—W. J. Bryan.

### Ogden Ranch Items

We still have some bad weather down in these parts the diggings.

Mrs. J. Frank Ogden was in Memphis Saturday Shopping. Mr. and Mrs. Sims were visiting friends near Hulver Sunday.

Misses Emma and Luella Harrison spent Saturday night and Sunday with friends near Newell.

Mr. and Mrs. Alexander were the guests of Montarav Hulst and family Sunday.

Mark Sanders called on T. Bartley Saturday night.

Those that attended the singing at Mr. Bartley's Sunday evening reported a nice time.

Misses Jannie Day and Loretta Harrison were the guests of Miss Dorothy Ogden Sunday.

W. P. Djal has been brand the past week.

There will be a singing at M. Wyatt's Friday night of the week.

An excellent program was ordered at the "Boon School house" last Friday night, standing round was at a premium.

J. D. Harrison has just completed two large surface tanks for the A. O. Ranch people.

If you have any thing to trade away, see George Bartley in the trading business. He will trade anything from a pocket knife to a horse.

Oh! ho! A. M. Wyatt rolled a new Staver Buggy or so other make, any way, it knocks the shine off of the other that ties at Friendship.

Monday evening about thirty, the ranch was visited by rain and hail, if there had been more of the hail the people would feel safe in planting.

Ferd West said he had finished his course at Friendship school and will now try farming. He planted all day Friday. "God take warning."

## Woman's Culture Club.

On Wednesday afternoon,  
April 5th, the Woman's Culture  
Club met in regular session at  
the home of Mrs. W. L. Wheat.  
The fact that many of the mem-  
bers were out of town, made the  
attendance rather small.

Those present promptly re-  
sponded to roll call with Irish  
jokes.

An interesting lesson on En-  
glish Literature, portraying the  
lives, characters and works of  
Johnson, Goldsmith, Burns and  
others, proved very instructive.

The magazine lesson, "In  
Shamrock Land," was an im-  
portant feature of the afternoon  
describing briefly many of the  
most important and attractive  
places of Ireland.

The mention of Irish genius  
serves to recall the prominent  
positions in different avocations  
of life, filled by those who can  
with pride think of their  
Ireland homes or their Irish  
ancestry.

This concluded the program  
for the afternoon. Our genial  
hostess then served delicious  
refreshments.

## REPORTER.

Get your electric globes from

if you want to get our new Pre-  
miums. THE FAMOUS

Dr. Winifred Wilson is report-  
ed on the sick list this week  
with tonsillitis and lagrippe.

A very attractive display of  
hides of different animals has  
been on at Thompson Bros. this  
week. The animals had been  
killed by an automatic trap gun  
which they are agents for. Go  
around and take a look.

The court house lawn has been  
plowed up the past week and  
reseeded with Bermuda seed  
With the grass coming up all  
over the yard and the trees with  
their beautiful coat of green we  
will have one of the most beau-  
tiful court yard parks in the Pan-  
handle.

## Market Closing.

After the 15th of this month,  
this market will close at 7:30 p.  
m. except Saturday night.

## HUCHTON & CRAVER

## Tabernacle Meeting.

The Holiness denomination be-  
gan their tabernacle meeting  
Tuesday night at the tabernacle  
located on the vacant lot across  
the street east from the Baptist  
church. The services will be  
conducted by Rev. J. C. Hender-  
son of Roscoe, Texas. Every-  
body cordially invited.

## Campbell Bros. Circus in Memphis.

The large circus of Campbell  
Bros. arrived in Memphis early  
Tuesday morning from Childress  
where they had exhibited the  
day before. The unloading of  
the many cars was witnessed by  
a large crowd of curiosity seek-  
ers.

Promptly at 10:30 a. m. accord-  
ing to announcement the large  
street parade took place. The  
streets were crowded from the  
depot to the square by people  
anxious to see the show. At the  
afternoon performance the large  
tent was crowded to its capacity  
and all seemed to be well pleased  
with the entertainment. At the  
night performance the tent was  
comfortably filled and every  
feature of the show was well re-  
ceived. The flying trapeze,  
horizontal bar, and tight wire  
walking received frequent ap-  
plause. Taken as a whole, we  
are free to say we have never  
seen a more courteous, clean  
and gentlemanly and lady like set of  
show people anywhere.

The day's festivities were  
brought to a close by the mar-  
riage of Miss Mary Flanigan,  
the beautiful snake charmer and  
W. E. Thomas, an employe of  
the show. Miss Flanigan worked  
her charms on the men as well  
as snakes, and Mr. Thomas fell  
a willing victim. County Judge  
Bird performed the ceremony in  
his office about 9 o'clock, Tues-  
day night. Judge Bird steered  
clear of the danger line by mak-  
ing the ceremony short and to the  
point.

The day passed off quietly and  
we feel great pride in saying  
that there were no drunk people  
in the city show day, so far  
as we have been able to  
learn. The show jumped back  
to Chillicothe where they will  
show today and from there  
they will go into Oklahoma and  
make for the northern cities.  
This is Campbell Bros. second  
trip to Memphis and they have  
been greeted with large crowds  
each time.

## GOATS FULL OF GERMS LOST; EPIDEMIC FEARED

Police Hunt Animals Used in Tests,  
Strayed or Stolen—Milk Is  
Poisonous.

New York, April 6:—A squad  
of New York policemen is out  
today searching for a billion dis-  
ease germs, lost, strayed or  
stolen during the last twenty-  
four hours from the research  
laboratory of the Willard Baker  
hospital on East Sixteenth  
street.

The germs had been injected  
in the course of an experiment  
into the bodies of four goats,  
which were then tied up to  
browse in the back yard of the  
laboratory. In an hour or two  
later the goats disappeared.

The hospital authorities fear  
that they have become captives in  
the hands of neighboring East  
Side families. The use of their  
milk for drinking or cooking will  
be certain to result in a serious  
epidemic.

One of the goats, according to  
the police statement, is loaded  
with germs, another is inoculat-  
ed with diphtheria, a third car-  
ries millions of the things that  
make scarlet fever, while the  
fourth is loaded with whooping  
cough.

## Highly Honored.

Rev. W. F. Cunningham and  
wife attended the Amarillo Presby-  
tery which sat at Childress from  
the 7 to 11. Bro. Cunningham  
was elected commissioner to  
represent the Presbytery in  
General Assembly which will  
set in Atlantic City on the 18th  
day of May, 1911. This is a very  
great honor bestowed upon Bro.  
Cunningham and his many  
friends in Memphis will join in  
the pleasure of this great honor.

## The Home Circle Column

PLEASANT EVENING REVERIES

A Column Dedicated to Tired Mothers as They Join the Home Circle at Evening Tide

Crude Thoughts From The Editorial Pen

IF A MAN DIE SHALL HE LIVE AGAIN?

Back of the happiness of the season at Easter lies the hope of the soul, the augmenting certainty with which man answer this question. It is one of the oldest of all questions. In the morning glow of time, by the fields of Egypt and the plains of Chaldea, men sought to solve the mystery. The Indian talked of hunting grounds, and the man of business in Chicago and London drops his papers on his desk and finds himself wondering whether he will have any part or knowledge in the life that will go on when he is gone.

The search favors not at all of superstition. The advent of science has not served to make it any less pressing. The only difference is that men cease to be satisfied with superficial answers. At heart the race beats as one here; it feels that immortality is its whole theory of life is built on his; we live by the faith of an unending life.

The word Easter is almost synonymous with happiness, but happiness of all those who have the Easter vision, which is the vision of a living Christ. Easter day is the celebration of the resurrection of our Lord, "who liveth and was dead, and is alive for evermore. That is the old, yet ever new, the precious Easter truth, "a living Christ," to give new life through the hope of immortality. Where is the sting of death or the victory of the grave, with the expectation of a perfect world beyond?

Love is ever asking the question. Friends may die, but the Friendship lives. We have said our farewells, but the longing for their faces does not dim. Fathers and mothers are cherishing the hope of a day yet to dawn when the old home ties will be knit again. Hearts that are heavy with the sorrows of a lost form and a silent voice will see the star of hope through the blurring of tears. We have written this hope in all the beauty of our cemeteries, in love's memorials. We accept it as our every day thoughts.

In some lives, those that have meant most for this world, there has been a steady consciousness of another world and a larger life—a sense of immortality. All the teachings of Jesus stand out with this background of a man's life as stretching far beyond the dust. And so, when the gloom of the grave gathered about him, those who knew him best saw in it but the promise of another day and soon they saw, as never before, how glorious and how real the fact of the life that cannot taste of death.

Easter is the symbol of life. To make room for the life more abundant, there must be a death of the life insufficient, a death of

old desires, ambitions and aims which are unworthy. Each year should bring a fresh resurrection in our lives—a death of the old life, poor and mean, a resurrection to the new life, unselfish and hallow. We must die to weakness to arise to strength. We must die to selfishness to arise to devotion. We must die to strife and hatred to arise to peace and love. We must die to the things which are temporal to arise to the things which are eternal. To all who have the clear Easter vision, Christ is risen indeed in the heart, to be alive forevermore.

### EASTER FAITH.

That which we cannot demonstrate as a scientific fact we grasp by faith. With what scorn and loathing do we look on any who, lacking love ties to the future and barren of hope for larger life, tell us that men die like the beasts! No, Faith has wrought the better hope into the very fiber of our basic thinking. We love best the songs that sing it and give immortality to the literature that speaks our hope most clearly.

Either the question must be answered in the affirmative or it must be that man is the great exception to the laws of an orderly world, the one being whose life is but a maze of contradictions. Are his powers alone to fail of their possibilities? Is he the one flower whose glorious seeds shall find no fruitage? Why bears he these longings, why cherish dreams and hopes that can never be fulfilled in the brief span of his life? Shall he come into being freighted with these precious seeds of eternity, this consciousness and expectation of a larger life, and all fall of fruition?

Life mocks not thus the grass of the fields. How much more, then, shall your Heavenly Father care for you, O ye of little faith. To doubt the fullness of life yet to be is to doubt the promise written over all the Father's works. And the heart of man answers back to the voice of nature. The nobler the man the clearer and firmer his hope of life to be; the white souls, the leaders, the lord of them all in life and character, kept clear and undimmed that shining light.

Resolve to see the world on the sunny side, and you have almost won the battle of life at the outset.

Let the rooms where the family live be cheerful and sunny. No lady would expect her house plants to send out full blossoms unless she placed them at a window where the sunshine would invigorate them. No more should she expect her children to show fresh, rosy complexions, or to develop genial dispositions unless they live in light, sunny, airy rooms.

### Certificate Laws of Texas Revised.

A law passed by the recent legislature which takes effect June 10, 1911, is a complete revision of the certificate laws of Texas. Teacher's certificates are second grade, first grade, permanent primary, and permanent. Agriculture is added to the list of subjects in which teachers are required to be examined and school law is omitted. County second grade certificates may be issued one time to the same applicant; city certificates continue as under the present law. The holder of a certificate may build to one of higher grade by taking an examination in one or more of the additional branches at any one examination. Second grade and first grade certificates are valid for four or six years and always expire with the scholastic year. Under certain restrictions, life certificates from other states may be recognized. A second grade or a permanent primary certificate entitles the holder to teach in elementary grade; a first grade certificate or a permanent certificate entitles the holder to teach in any public school of Texas. Certificates can not be issued to persons under 16 years of age. The regulations for the issuance of certificates are considerably simplified and are more uniform than they have been under existing laws.

Because of this change in the present law, that will require teachers to be examined in the subject of agriculture, the authorities of the Agricultural and Mechanical College of Texas are making especial arrangements for the Summer Normal School to be held at the College in June and July. As Agriculture is the subject of greatest importance at the College, the institution is better equipped with teachers and laboratories than other schools in the state. F. M. Bralley, state superintendent of education, has authorized a Summer Normal to be held at the College and arrangements are being made to accommodate a large number of teachers, because of the importance of the Subject of Agriculture.

The following will be the teachers:

John C. Burne, professor of animal husbandry will teach farm crops and Types and Breeding of farm animals.

E. J. Kyle, professor of Horticulture will teach elements of Horticulture.

Dr. J. C. Blake, professor of Chemistry, will teach Agricultural Chemistry.

### Happy Results

Have Made Many Memphis Resident Enthusiasts

No wonder scores of Memphis citizens grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Memphis by Doan's Kidney Pills.

G. B. Landes, of Memphis, Tex. says: "About two months ago I procured a supply of Doan's Kidney Pills from the Montgomery Drug Co. and found them very satisfactory. I had a dull nagging backache and when I stooped, I felt dizzy. Since I used Doan's Kidney Pills, my kidneys have been normal and I have not had any further trouble. I can heartily recommend Doan's Kidney Pills and say that they can be depended upon to remove pains in the back."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

### Prejudice Against Glasses

**MANY PERSONS** are prejudiced against the wearing of Glasses and positively decline to use them, even when they are imperatively needed. They may be sensible persons, but they display good judgment in other matters, but in this one respect they act most foolishly without any reason. A cure with nature is hopeless, and it is the part of wisdom to yield gracefully to the first summons to surrender.

\$7.50 for single leap, \$10.00 by Season, \$15.00 to insure live colt. The first two propositions cash in hand, the third due and payable when colt is foaled. Any mare sold, traded or moved from neighborhood is due and payable at season rates. Care will be taken to avoid accident, but will not be responsible should any occur.

Will make Memphis every Saturday at N. H. Long's Barn.

### Newlin Horse Company

#### The Friends of Memphis and Hall County.

Los Angeles Ht's Improvement Co., San Antonio Texas, pleased to present to you our and representative, Miss Moore, of whom we known from reputation before we knew her personally. We have not selected Moore to fill this responsible, for her much experience in the land business, but her splendid ability to handle business she does, in an intelligent business like way. We known of her success as a representative of one of the Institutions of Christian Education, in the south. She is as one of the most active workers through out the of Texas and Oklahoma, become so popular with the people, that a class of women in Okla. employed her as their teacher and leader. Result of this work was the stand most active class of women on this side of the Mississippi. It is often said to her age, possibly she through the lives of more men and women, than any other one of Texas daugh-

We know she is thoroughly from this one fact, if no that she was appointed by a committee from Okla. and Texas to present some of the most noted Lecturers in America. Moore's short visit to Memphis recently has been a source of inspiration to each and one of us. Having extended traveled, and with her unacquaintance, has met us in personal touch, the 30 000 tourist (that are city) with some of the prominent men and women country, of whom we have business with.

We have made special arrangements with Miss Moore to her service further and care of our business in part of the country. We could not send to more highly competent to our business with

you than she. If you want an ideal building site in Beautiful San Antonio for a small sum, see Miss Moore for our terms, none other better. If you want to know any thing personally about Miss Moore write us or any reliable bank or leading Baptist pastor in the state.

Yours respectfully,  
Los Angeles Hts Improvement Co. San Antonio, Texas.

We understand that the gin at Estilline burned Sunday night but we have learned no particulars.

We have in stock and will sell at lowest price: Pure sorghum, pure Ribbon cane syrup, cooking oil, pulverized sugar, 20c coffee, jams and jellies and vegetables and fruits. J. T. SPEER.

**Notice of Closing.**  
Stone Bros meat market will close at 7:30 p. m. after the 15th of this month, except on Saturday night. Stone Bros.

As to the social standing of the farmer, we have only to look back to the days of slavery when the southern planter was looked upon as the ideal of a gentleman as regards occupation, and so it has been from the war on down, the owner of a farm is regarded as the highest type of citizenship.

## NEGRO TROOPS WILL STAY AT SAN ANTONIO

First Ordered To Brownsville, Then To Border Points, Finally To Remain,

Washington, April 6.—Inside of forty-eight hours the War Department ordered the Ninth Cavalry at San Antonio, a regiment of negro troops, from San Antonio to Brownsville, from Brownsville to other border points, and thirdly ordered that the regiment remain in San Antonio.

The lightning change of the military mind was due to a chain of interesting developments. In the first place the troops were ordered from San Antonio on the information furnished by Representative Garner that some of the negro troopers had terrorized the "Jim Crow" street cars of San Antonio. President Taft did not specify where the troops were to go, but that they must be removed from San Antonio. The general staff proceeded to order all the colored soldiers into Representative Garner's district, from Brownsville to Del Rio.

Then came protests from Brownsville, Samfordyce, Laredo, Eagle Pass and Del Rio and the War Department ordered a change of stations so as to exclude Brownsville and ordered the troopers be strung from Laredo to El Paso. More telegrams came this time, some from San Antonio, one from Sheriff Tobin, one from City Marshal Frank Newman and one from the general manager of the street car company, saying that the conduct of the negro troops was not as bad as had been painted. There were also protests from Laredo to Del Rio against the presence of the colored troopers. Representative Garner, now somewhat perplexed over the situation, went to the White House.

The upshot of the matter was that late this afternoon President Taft had the War Department issue orders that the Ninth Cavalry stay in San Antonio. Representative Slayden has had no information on the subject indicating recent riotous conduct of the cavalrymen, and says the disturbances referred to occurred more than two weeks ago. It is expected that this will close the incident, unless new disorders are reported to the President.

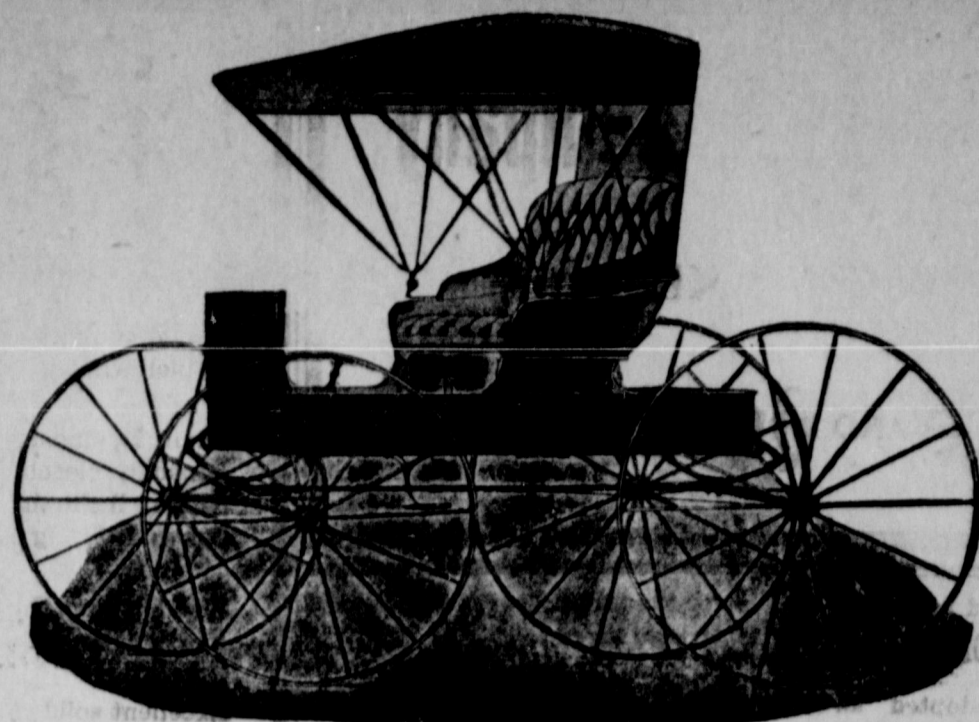

### HOLD TRAIN FOR BABIES.

Sixty-Six Little Ones from New York Foundling Asylum to South Cause Delay at St. Louis.

St. Louis, Mo., April 6.—A Frisco passenger train for the Southwest was held one hour at Union Station last night for sixty-six babies. Passengers grumbled at first, but when they learned the cause of the delay their anger subsided and they organized themselves as a reception committee to welcome the twenty-six little girls and forty little boys who were speeding across the country to catch the train.

The babies came from the New York Foundling Asylum and consigned to persons in the South and Southwest who had adopted them. The Big Four train, of which they were the precious cargo, was due to arrive at Union Station at 5:58 p. m., but an inconsiderate and unsentimental freight car jumped the track on the baby special's right of way in Indiana, causing a delay of nearly three hours. The conductor sent a telegram which read, "Hold Frisco for sixty six babies and nine adults."

It was an irrestable appeal. The Frisco train due to depart from St. Louis at 8:25 was held until 9:25. The youngest baby was 2 years old and the oldest 5. Of the sixty-six nearly all were blonds. All of the babies were spoken for before they left New York. Fifty will be distributed from Fort Worth, Tex., and the remainder from New Orleans and Houston.

## Just Unloaded, Another Car of Fine Buggies

Another car of fine Staver Buggies, Surryes, Hacks, Phaetons, and Driving Wagons. ### Texas Industrial Congress, Dallas, Texas.

To all contestants: Entries in our corn and cotton contest closed April 1st, with over 1650 contestants enrolled from 160 counties. In a few days we shall publish in the newspapers of the state a complete list of these counties, showing the number of entries from each, and also stating the number of men, women, boys and girls who are trying for the prizes.

Your attention is directed to the rules of the contest requiring you to raise both corn and cotton, ten acres of each if you were over twenty years of age on January 1, 1911, and either two or ten acres of each, if you were under that age on that date.

The corn and cotton entered in the contest must be separated from other crops of the same kind by stakes, turnrows, or otherwise, so it can be easily identified and inspected, and the two or ten acre plots of each crop must form one solid body of land containing exactly the required number of acres; if the plot falls short of the two or ten acres the loss will be charged against the contestant, and if it exceeds the necessary number of acres the judges may throw out the entire entry. The two crops will be judged together as one crop, not separately, so that a big yield of one crop will help a small yield of the other. The quality as well as the quantity of the corn and cotton will also be considered in determining the best yields.

A careful record should be kept of the cost of production of each crop, including labor, rental, fertilizers, and every other item of expense, whether paid for in money, time or work.

Please keep a record also, of the name of every visitor, who

comes to see your crop, and the date of his visit. We want to show by this record the interest taken in our work to improve agricultural methods.

We will send blanks for your next report in plenty of time to reach you before May 1st.

With best wishes for your success, we are, Yours very truly,

TEXAS INDUSTRIAL CONGRESS.

Watkins Stock Dip at Sloans 41-4t

City Marshal Trapp arrested another bootlegger last Friday. Our City Marshal is on the alert for evil doers and the best thing for such a class of people as that can do is to conduct themselves as gentlemen when in Memphis.

## Price AND Quality Meet

### (Continued from page 1) BRIDGE BOND ELECTION

ment has adopted as "The Bridge" for streams of sandy bottoms or beds, and the Government is now building one across the Rio Grande at the Elephant Butte Dam in New Mexico.

The Red River Bridge will be 8600 feet long, wide enough for two wagons to pass and the money voted to build it will be circulated back among the voters.

Now to give you some idea about this last statement, we will say that about two-thirds of the money will not leave Hall county. Figuring on the basis of 15 teams hauling every day and pulling 2000 pounds at a load, or 1000 pounds to the horse it will take 369 days to put the material on the ground from Memphis. This hauling will be done by Hall county Teams if they can be gotten practically all the labor on the Bridge by Hall county workmen. Of course 15 Teams is only a bases to work from as there will be probably 100 teams on the road at one time after the farmers have taken care of their crops, as the bridge will be completed by Fall.

Suppose a man has caught up with his work on the farm and cares to do a little hauling with his idle Teams, he could come to the yards where the material will be stored and haul to the Bridge Site, one load would clear him enough to pay his extra Bridge tax. The extra Bridge tax will not be over seventy-five cents on the one thousand dollars given in. This Bridge will be the longest Bridge in Texas, and one of the longest in the United States.

There seems to be another doubt that this Bridge can't be built for fifty-five thousand dollars, I will say right here, there is plenty of Bridge companies that will jump at the chance to put up a ten thousand dollar check as a guarantee to build it

for the above figures and put the Bridge there to stay, in fact, it is an ideal Bridge Site in favor of the Bridge companies and can be so very much easier made to stay there than it would be if the stream was narrower."

EL PASO BRIDGE & IRON CO.  
The above statement was shown to some of our honorable county commissioners, and heartily endorsed by them.

Some of our people have been led to believe that all this money would be taken out of Hall county but such is not the case. Mr King states that there will be about \$35,000.00 turned back to Hall County people for services rendered, as they were going to use all of Hall county labor possible. The work will all be done at the time of year when all the farmers will have nothing to do on their farms, and consequently all the farmers of Hall county who so desire will have a chance to make good wages during the time of laying by their crops and the gathering time. Every man who so desires can make several times more than enough to pay all the extra tax imposed by the voting of the bonds.

Let every legal voter in the county come out and vote on the 22nd day of April and vote for the bridge bonds, thereby putting Hall county far in the lead of all counties in the Panhandle and give our farmers something to make good wages out of during the summer.

#### Did it Ever Occur to You

That Kinard Tailoring Co. could put your tailor work out in the best of style and their work men are the most efficient in the city.

If we should sell you an article at cost we would give you the coupons just the same. The price cuts no ice, our Premiums costs you nothing.

#### Hello There!

Where did you get your new suit? I haven't a new suit I only had my old one made new by Kinard Tailoring Company.

The new city officers recently elected were all qualified Monday night and received the oath of office except S. S. Montgomery in Ward Four who is yet undecided as to whether he will qualify or not. He yet has thirty days in which to qualify and should he decide not to qualify another election will be ordered to elect another alderman, for ward four.

Look in at the Famous see a live store, they are busy, good treatment, new and right prices do tell.

THE FAMOUS

The Memphis Second went down to Estelline Saturday and played a game of ball with the Estelline boys and received a very good drubbing to the effect of 18 to 2 in favor of Estelline.

#### FIRST BAPTIST CHURCH

The sermon Sunday morning discussed the 7th Commandment. The large congregation which assembled gave hearty and full indorsement to the practical discussion of the text which grew out of this scriptural command. The sermon day night presented Paul's thesis of salvation as shown in his letter to the Galatians church. At the close were four candidates baptised. The Subject next Sunday morning will be the 8th commandment.

#### 13 Women to Hold Municipal Offices in Colorado Cities.

Denver, April 6.—Thirteen women will hold important municipal offices in Colorado as a result of last Tuesday's election. Pueblo, the second largest in the state, elected a woman alderman.

Leadville, Telluride, Silver Springs, Greeley and Montrose, all of them important towns, elected women treasurers, as did the smaller towns of Fairplay and Ridgeway. Colorado Springs and Las Animas elected women clerks and Durango a woman alderman.

The little town of Alamosa have two women city officers, the city clerk and treasurer. There are four women members of the Colorado legislature, one of the commissioners of the county of Denver is a woman.

#### HIS SOLE DREAD.
