Mrs. G. D. Beard Dies in Wichita Falls Hospital

Funeral Services Held Here Friday Afternoon At Presbyterian Church

Last rites for Mrs. G. D. Beard, 62, were conducted Friday afternoon at the First Presbyterian Church here, Rev. E. C. Cargill, pastor, in charge of the services. Mrs. Beard died Thursday night in a Wichita Falls hospital following a week's illness with double pneumonia. She had been taken to Wichita Falls Friday January 6, a week before her death, by a King ambulance. Burial was in Fairview Cemetery here, with King Mortuary in charge.

Mrs. Beard had been a resident of Memphis for the past 20 years, coming here from Iowa Park. Her father, the late D. C. Kolp, laid out and founded the city of Iowa Park.

She is survived by her husband and one daughter, Mrs. Malone Hagan of Childress; one brother, C. F. Kolp of Electra; and four nephews, R. R. Kolp of Wichita Falls, Ted Kolp of Fort Worth, Briscoe Kolp of Dallas, and Donald Kolp of Houston.

Palbearers at the services Friday were H. E. Tarver, M. J. Draper, Art Miller, W. C. Dickey, Jim Morris, and Mack Wilson.

Members of the 1913 Study Club, an organization to which Mrs. Beard had belonged for a number of years, were in charge of floral arrangements.

Mrs. Beard was well known both in this vicinity and in Iowa Park and Wichita Falls. She had lived in Iowa Park for a number of years before moving to this city.

Parity Payments Not Assignable

Parity payments on cotton cannot be assigned to any person other than the producer under terms of the 1939 AAA program, Assistant County Agent F. R. Curtis announced Monday.

Curtis made the announcement in accordance with orders received this week from E. N. Holmgreen, College Station, administrative officer in charge of AAA in Texas.

"We have been informed," Holmgreen wrote, "that Acts of Congress authorizing parity payments in connection with 1939 cotton, wheat, and rice programs do not permit assignment of these payments."

The ruling does not affect assignment of cotton rental payments, Curtis said.

Under the terms of the 1939 program, a rental payment of 1.8 cents per pound on cotton is supplemented by a matching payment of 1.8 cents which is classified as parity payment. This last amount is affected by the recent ruling prohibiting assignment of parities.

PERSONALITIES IN THE NEWS—DR. CHARLES E. BARKER, left, nationally known speaker will lecture here February 15 under auspices of the Rotary Club.

Gymnasium Walls Half Completed Early This Week

Plumbing Fixtures Are Being Installed in New \$28,000 Building

Brick work on the walls of Memphis High School's new \$28,000 gymnasium is more than half complete, R. C. Cato, construction foreman for the contracting firm, M. W. Hibbs of Wichita Falls, said Tuesday, estimating that if bad weather does not hinder work the building will be completed ahead of the 150-day contract schedule.

Workmen have lost only half a day during the rainy weather of the past two weeks, Cato said. Fourteen men are now employed on the job, and four more brick layers are expected to go to work this week, he stated. If the additional workmen can be secured, brick work will be completed in short order.

Workmen began this week installing plumbing fixtures in the new building. Contracts for plumbing were let to Wells Plumbing Company of Quanah.

Window steel is all in place, and the attractive appearance of the front of the new building is rapidly taking shape. The gymnasium auditorium, which is being built at a cost of \$28,148 through a PWA grant and local bond issue, is being constructed between the present high school and west ward, joining the two older buildings.

Two main entrances open at each end of the gymnasium. Bleachers will be erected along the north and south walls to accommodate a large crowd, and ample floor space for basketball and other indoor athletic events is being provided.

Connecting doorways will open into the high school building from a hall-way at the east end of the new gymnasium.

Rural Principals To Meet Tuesday

Hall County Rural Principals Association will meet in regular monthly session at the office of County Superintendent Vera Topp Gilreath in the courthouse next Tuesday evening. The meeting will begin at 7:30 p. m.

Coach Frank Hubbell, Hall County Interscholastic League athletic director, will lead a discussion of problems involved in interscholastic league athletic competition.

Miss Nora E. Carlton, representing the Floydada District of the State Department of Health, will be the principal speaker, and will help in planning a health program for Hall County rural schools, Miss Gilreath announced.

Burl Lowe, principal of the Weatherly school and president of the association, will take charge of the meeting at a business session when routine matters will be discussed.

Poll Tax Payments Slow This Year

Poll tax payments are moving slowly, largely due to the fact that this is an off-year for state and national elections, J. M. Ferrel, county tax assessor-collector, announced Monday.

Receipts had been issued for only 505 poll taxes up until this week in the entire county, Ferrel said. Poll taxes must be paid on or before January 31.

Farmers to Sign AAA Applications

Hall County farmers this week began signing applications for 1938 AAA benefit payments, F. R. Curtis, assistant county agent, announced. Signing of applications will be well underway next week, Curtis predicted.

Hall County farmers will receive somewhere in the neighborhood of \$425,000 in Triple A benefits from the 1938 program, Curtis estimated. An estimated amount of more than \$400,000 in rental payments alone was received in this county last year from the 1937 program. That amount did not include parity payments.

The 1938 checks should be received in March, though no definite date can be set for beginning payment, the local agent stated. Since every cotton producer in this county participated in the program last year, the number of checks received here will be greater than last year, though the total amount of payments may not show a great increase.

Applications now being signed are for all AAA benefits from the 1938 program, it was announced, including applications for cotton and feed benefits.

This Water Dog Lived 30 Years Without Water!

Workmen, breaking into the concrete foundation of the old Castro County courthouse at Dimmitt last week, found a story to rival that of the famous Eastland County horned frog which was found alive after nearly forty years in the sealed cornerstone of the Eastland County courthouse.

Breaking into the eighteen inch foundation of the old county building at Dimmitt, workmen found a water dog still alive in the concrete. The foundations were laid thirty years ago, according to The Castro County News.

According to The News, the animal is only four and one-fourth inches long, and its body is about the size of an ordinary pencil. It is still alive though somewhat undernourished, says the news story, which appeared last Friday, and has strength enough to crawl around.

The animal was found in the middle of a slab of concrete, away from air, food, or water, the Dimmitt paper asserts.

All of which, if true, give the little animal a bona fide claim to the title of "True West Texan No. 1."

Durham Heads District Masonic Association

Masons of 95th Masonic District Organize at Childress January 10th

N. W. Durham, past master of the local Masonic lodge, was elected president of the 95th District Masonic Association at an organization meeting of that body at Childress Tuesday night, January 10.

One hundred and twenty-five Masons, representing the four lodges, Memphis, Childress, Turkey, and Lakeview, included in the 95th district, were present for the meeting.

Other officers elected included Glynn Thompson of Memphis, secretary; D. P. Lodge, Childress, 1st vice president; I. R. Twilla, Turkey, 2nd vice president; and Joe Durham, Lakeview, 3rd vice president.

John Deaver of Memphis made the principal address of the meeting, speaking on "Americanism in its relation to Masonry."

The association will hold monthly meetings alternating between the four lodges of the association. The next meeting will be held with the Memphis lodge at the Masonic Temple here on February 22.

The meeting here next month will be an open meeting, Durham said, observing the birthday of George Washington. All masons and members of their families are extended an invitation to attend.

An interesting program is being planned, and definite announcements in regard to the entertainment will be made at a later date.

A large delegation from the Memphis Lodge attended the organization meeting at Childress last week. Also present were two officials of the 90th District Masonic Association, George Zelios, president, and T. L. O'Steen, secretary, from Vernon.

County Court Opens Monday Morning

Hall County Court opened Monday morning for the first session of the year, according to County Attorney Carl Periman. Trial dates for several cases were set at the opening session, Periman said, but no other business was transacted.

Trials of five gambling cases were set for January 30. One liquor case has been set for trial on January 31.

One lottery case will come before the court at the present term, Periman said, but no date has been set for the trial.

This term of court will continue for three weeks, or longer if necessary.

FIRST BARGAIN DAY SCHEDULED FOR TUESDAY

New Trades Days Feature Livestock Auction Sales

First of a new series of Trades Day events will begin in Memphis next Tuesday, January 24, Carroll Smyers, secretary of the Memphis Chamber of Commerce, announced Wednesday.

Local merchants and business men are co-operating to make every Tuesday a Bargain Day in Memphis. Special values will be offered by every store in the city co-operating with the Trades Day plan.

The Trades Day is scheduled to coincide with the weekly Livestock Auction sales conducted every Tuesday by the M & M Livestock Commission in co-operation with the chamber of commerce. Through the combination events, Memphis expects to offer an unequalled opportunity to the people of this section to sell produce and livestock at profit and to buy merchandise at a saving.

Local merchants will advertise special values for each Tuesday, and are featuring quality merchandise at low cost. The event is planned as a Merchandising Value Event—no prizes or special inducements will be offered other than the savings on merchandise offered by Memphis merchants and the opportunities for turning farm products into cash offered by the weekly auction sale.

A wide selection of bargains in all types of merchandise will be offered at Memphis stores. A few of the values being offered this week are listed on a special page paid for by the merchants of Memphis in this issue of The Democrat. Other values and opportunities (Continued on page 5)

Mrs. N. J. Harrison Dies Thursday At Home in Memphis

Funeral Services for Aged Woman Are Held Thursday Afternoon

Mrs. Julia A. Harrison, 91, died at her home at 623 South 6th street at 6 o'clock Thursday morning, January 19. Funeral services were conducted Thursday afternoon at 4:30 p. m. at the First Baptist Church here, with Rev. J. Wm. Mason in charge.

Mrs. Harrison suffered a stroke of paralysis last Sunday, and had been in a critical condition since that time.

Interment will be at Aurora, Texas, this afternoon (Friday) at 2 o'clock.

Mrs. Harrison is survived by three children: a daughter, Miss Sina Harrison, and two sons, S. T. and T. M. Harrison, all of Memphis. Her husband, N. J. Harrison, preceded her in death on October 5, 1889, at Rhame.

Mrs. Harrison was born on January 23, 1847, near Flora, Illinois, and came to Texas in 1878. She moved to Memphis from Denton in 1918, and has made her home in this city since that time. She would have celebrated her 92nd birthday next Monday.

County Board of Trustees Meets

Members of the County School Board of Trustees met in their first regular session of the year Saturday afternoon at the office of the county superintendent in the courthouse.

In a brief business session, members of the board approved transportation reports and handled routine business. The next meeting will be held here on February 4. County Superintendent Vera Topp Gilreath announced Monday.

Large Scale Planting Underway On Hall County's Shelterbelts

First new planting on Hall County's gigantic shelterbelt project began Monday, and 45 additional men were employed by the Forest Service Tuesday as extensive planting got underway, L. F. Pearce, in charge of the sub-district Forest Service office here, announced yesterday.

Fifty men already employed in this county by the shelterbelt project, have confined their planting activities to replacing trees in the older shelterbelts planted during 1936-7-8, while local officials have been engaged in land negotiations and site selection in preparation for the 1939 planting program.

The heavy rains of a week ago have greatly improved planting conditions in the entire county, Pearce said, and conditions are

ideal for starting the task of planting more than one million trees in shelterbelt areas throughout Hall County.

As many as 95 per cent of the trees planted survive in most localities, Forest Service officials estimate. Shelterbelt projects have been particularly successful in the southern part of Hall County in the vicinity of Turkey.

The Forest Service hopes to extend Hall County shelterbelts to cover at least 150 miles before the 1939 planting season closes in March. Nearly a million trees have been transferred to Memphis and set out in heel-in beds northwest of the city.

WPA workers are employed in planting operations throughout the county, directed by Forest Service officials in the sub-district office located in the First

National Bank building here.

Pearce, formerly of Los Gatos, Calif., is in charge of the local offices. The staff includes J. C. Parker, planting foreman; Dwight Leyson, in charge of nursery and planting work; Jack Burt in charge of land negotiation and site selections; and Wayne Wood, junior clerk.

District offices are located at Childress under the direction of Edgar H. Kemp, formerly of San Antonio.

The 1939 planting operations will continue until the close of the planting season March 1, officials have announced. On the basis of recent check-ups in this county, Forest Service officials estimated that the shelterbelts will protect the land and crops for a distance of approximately 20 times the length of the height of the tallest trees.

Dr. and Mrs. D. C. Hyder Are Honored At Wedding Shower Thursday Evening

Mrs. D. L. C. Kinard, Mrs. S. T. Harrison, and Mrs. G. H. Hattenbach were hostesses to members of the choir of the First Baptist Church and other friends in a delightful social honoring one of its members, Dr. D. C. Hyder and his bride, at the Kinard home at 820 West Noel street, Thursday evening of last week.

After a short choir rehearsal, an impromptu program was rendered. Miss Mary Helen Lindsey entertained with a piano solo, "Deep Purple," and Mrs. W. Wilson, Mrs. S. T. Harrison, Dr. Hyder, and J. F. Forkner took part in a trumpet quartet.

Billie Claire Mason gave a reading, "When Polly Buys a Hat," and Mildred Cooley rendered a vocal solo, "Let Me Call You Sweetheart." Mrs. S. T. Harrison read a group of appropriate poems.

Rev. J. Wm. Mason delivered a talk of appreciation and in a very impressive manner attempted to present an attractively decorated package which crashed to the floor and shattered as he stumbled over a stool dramatically placed by Mrs. Kinard. Mrs. Mason came to the rescue by suggesting that games be played, and blind man's buff was selected with the newly-weds the first to be blindfolded.

As the blindfolds were adjusted, a table was placed in front of the couple and quietly piled high with gifts to the surprise of the honorees. Dr. and Mrs. Hyder occupied the chairs of honor, and while opening the packages expressed their appreciation for the many lovely and useful gifts presented to them.

Refreshments were served by the hostesses, assisted by Dwight Lewis and Mr. Kinard, to the following guests:

Rev. and Mrs. J. Wm. Mason and Billie Claire, Mr. and Mrs. J. F. Forkner, Mrs. Riley W. Carlton, Mrs. Lloyd Phillips, Mrs. T. M. Harrison, Miss Mary Helen Lindsey, Miss Mildred Cooley, Miss Joe Beth Weathersbee, Miss Maud Milam, D. L. C. Kinard, Dwight Lewis Kinard, and the honorees, Dr. and Mrs. Hyder.

Sending gifts were Mrs. Jodie J. Wilson, Mrs. Vivian McCulloch, Mr. and Mrs. Seth B. Pallemer, Gordon Gilliam, and Edwin Gilliam.

Mrs. H. E. Tarver Entertains 1913 Study Club

Mrs. Horace Tarver was hostess to members of the 1913 Study Club Wednesday afternoon at her home at 602 South Sixth street.

Following a brief business session, Mrs. Louie Merrell and Mrs. Allen Dunbar gave sketches from Fortune Magazine "Off the Record."

A delightful salad course was served to the following members: Mesdames Byron Baldwin, Orion W. Carter, M. J. Draper, Allen Dunbar, T. J. Dunbar, Gayle Greene, R. S. Greene, Carl Harrison, D. L. C. Kinard, M. McNeely, Lon Montgomery, H. E. Tarver, M. G. Tarver, George Sager, and R. C. Walker, and Miss Mary Foreman.

Mr. and Mrs. Ingram Walker and baby were here from Turkey Friday to attend the funeral of Mrs. G. D. Beard, and to visit their parents.

Rev. and Mrs. Orion Carter returned Saturday afternoon from San Antonio, where they attended the General Missionary Conference of the Methodist Church last week.

Mr. and Mrs. T. R. Easterling are in Excelsior Springs, Mo., for their health.

Mrs. Donald May Is Hostess to Culture Club

Mrs. Donald May entertained members of the Women's Culture Club at her home at 913 West Cleveland street Wednesday afternoon.

Mrs. Roy Fultz, president of the club, was in charge of a brief business session. A program on American Art was presented.

Mrs. P. L. Chamberlain addressed the club on the subject, "What do You Know About American Art?" Mrs. A. W. Howard discussed "Painters of American Home Life," and Mrs. Claud Johnson spoke on "Art in the Early South."

Entertaining rooms were attractively decorated to carry out the January motif, with white snowballs on mirror reflectors entwined with ivy dominating the seasonal decoration scheme.

Delightful salad plates, cleverly arranged to carry out the winter motif, were served with hot punch and cake to the following members:

Mesdames Park L. Chamberlain, Roy Fultz, Vera Tops Gilreath, A. W. Howard, C. T. Johnson, R. L. Madden, L. B. Madden, Dean J. Morgensen, J. H. Norman, T. B. Rogers, G. W. Sexauer, C. Z. Stidham, W. L. Wheat, H. T. Gregory, and the hostess, Mrs. D. W. May.

MRS. EARL MALONE

Anna Belle Perkins And Earl Malone Married at Dallas

Announcement has been made of the marriage of Miss Anna Belle Perkins, daughter of Mr. and Mrs. H. W. Perkins of Petrolia, to Earl Malone, son of Mr. and Mrs. Ross Malone of Roswell, N. M. The wedding ceremony was performed Sunday, January 8, at the Gaston Avenue Baptist Church in Dallas, with Dr. W. Marshall Craig officiating.

Mrs. Malone is well-known in Memphis, having taught here for two years, during 1936-37 and 1937-38, in Memphis High School. She is a graduate of Texas University, and has also attended Southern Methodist University at Dallas. She is a member of Alpha Delta Pi, social sorority, and Delta Psi Kappa, honorary sorority.

Mr. Malone has attended Oklahoma University and the University of Texas, and is now a junior in Baylor Medical College.

The bride was attired for the wedding in a frock of orchid with accessories chosen to harmonize. Her parents and her sister, Miss Mary Helen Perkins, attended the wedding service.

Atalanteans Are Entertained at Pattillo Home

The Atalantean Club met in the home of Mrs. R. E. L. Pattillo Wednesday afternoon. Mrs. H. B. Estes, president of the club, presided at a brief business session.

A program on parliamentary procedure was presented. "The Essence of Knowledge Is, Having It, to Apply It," was the theme of the program. Mrs. Troy Broome presented a parliamentary chart.

Mrs. Frank Phelan discussed "Isak Dineson," and Mrs. J. Wm. Mason reviewed the book, "Out of Africa," by Dineson.

Members present were Mesdames Ralph Bennett, J. E. Biggs, C. W. Broome, Troy Broome, Robert Devin, H. B. Estes, L. M. Hicks, N. A. Hightower, F. A. Hubbell, Jack Jarrell, J. Wm. Mason, D. A. Neely, Carl Periman, Frank Phelan, C. A. Robinson, S. L. Seago, Carroll Smyers, W. Wilson, and Noel Woodley.

Mr. and Mrs. Lloyd Phillips Entertain Friday Evening

Mr. and Mrs. Lloyd Phillips entertained a group of friends with a party at their home Friday evening. Games of "42" and Chinese Checkers were enjoyed.

The hostess served a delicious salad course, with sandwiches carrying out the "42" motif—cut and designed to resemble dominoes.

Guests present were Messrs. and Mesdames C. F. Strygley, Floyd McElreath, Jack Youree, Hayden Goodnight, C. L. Simmons, Orville Goodpasture, J. M. Ferrel, B. B. Smith, Leon Bullard, Earl Pritchett, Jerry Wright, Andy Simmons, H. J. DuVall, George Cullin, F. R. Curtis, W. N. Jameson, J. D. Whittenburg, and Rufus Crooks; Mesdames Lloyd Byars, L. G. Carlos, and Hester Bownds, and Miss Ruby Thornton.

Miss Billy Boca Brickley of Wellington visited here during the week-end with Miss Owen Gilmore.

Philathea Class Has Social at Massey Home

The Philathea Sunday School Class of the First Baptist Church met in regular session Tuesday afternoon, January 10, in the home of Mrs. Alvin Massey, with Mrs. E. S. Foust, Mrs. W. R. Ward, and Mrs. Carroll Smyers as co-hostesses.

The meeting was called to order by the president, Mrs. Earl Pritchett. Mrs. A. J. Joyce brought the devotional.

After a short business session, Mrs. O. N. Hamilton, social leader, took charge and an enjoyable evening was spent in playing games. Delicious refreshments were served to the following:

Mesdames W. R. Ward, E. S. Foust, Carroll Smyers, F. S. McCrary, Oscar Webb, Mack Graham, C. R. Sargent, Marion Long, Freeman Curtis, Ed Clark, Lynn Jones, L. W. Bailey, Clyde Roden, Earl Pritchett, R. E. L. Pattillo, Jack Boone, A. J. Joyce, A. E. Osborn, L. G. Carlos, Roy Brewer, O. N. Hamilton, Alvin Massey, and J. M. Ferrel.

Cecil Hancock and Joy McKee Marry

Miss Joy McKee of Turkey and Cecil Hancock of this city were married in a simple ceremony at the Baptist parsonage here Tuesday evening. Rev. J. Wm. Mason, pastor of the First Baptist Church, performed the ceremony. The young couple were attended by a few friends.

Harmony Club Has Talent Program January 11th

The Harmony Club met January 11 with Misses Mildred Phelan and Mary Helen Hardin as hostesses.

Mrs. R. S. Greene led the Talent program, which was very enjoyable. Each member contributing any number she chose, original and otherwise, displaying "hidden talent."

The program was as follows: Skit, "Guess What," Mrs. R. S. Greene and Mrs. T. M. Harrison; accordion trio, Mrs. Matthew Allen, Mrs. J. Wm. Mason and Miss Mary Foreman; "Did You Know?" Mrs. Joe DeBerry; original musical reading, Mrs. Conley Ward; violin, Extrelitta, Lowena Moore; music reading, "The Hoot Owl," Mrs. M. McNeely.

"Doing Nothing," Miss Hardin; poem, "Aspiration," Miss Phelan; original piano number, Mrs. L. B. Madden; The Chimes, Mrs. Robert Devin.

Following the unique program delicious refreshments were served.

Mrs. H. D. Delaney Entertains W.M.S. Members Monday

Circle 3 of the Methodist Woman's Missionary Society met Monday evening at the home of Mrs. Harry Delaney, with Misses Frankie Barnes and Mary Beckum as co-hostesses.

The meeting was called to order by the program leader, Miss Barnes. Following the leader's introduction, the president, Miss Beckum, gave a brief message to the circle.

After a song by the group, Mrs. N. A. Hightower led in prayer. Miss Lucille West gave a group of selections on the accordion, and Miss Ruby Hoffman discussed "Widening Horizons Through Personal Service." Pledge cards for 1934 were signed following the talk.

Attending the meeting were Rev. and Mrs. Orion Carter, and Mesdames H. B. Bennett, Eva Rowlett, N. A. Hightower, Holt Bownds, and Lon Montgomery, and Misses Marie Prather, Dorothy Evans, Margaret Gowan, Dorothy Gowan, Margaret McElreath, Lucille West, Mary Foreman, Ruby Hoffman, Frankie Barnes, and Mary Beckum.

Cyclone Mothers Club Honors Grid Team at Banquet Friday Evening

The Cyclone Mothers Club honored members of the 1938 Memphis High School football team with a banquet at the American Legion Hall Friday evening.

The menu consisted of chicken friend steak, English peas, potato salad, celery, fruit salad, cream gravy, hot buns, coffee and hot chocolate, and pecan pie. The dinner was served family style.

Each mother was given the privilege of presenting her boy with his award for the year, a surprise to the boys, which was a football sweater.

Speeches were made by the graduating players, and by Coach Frank Hubbell and Coach Wilson Dees, Superintendent W. C. Davis, Noah Cunningham, principal of the high school, and Jack Boone, president of the Sidelineers Club.

Leroy Robertson, president of the M Club, announced the election of J. C. McClure and Joe Crump as co-captains of the Cyclone squad for 1939.

After the banquet, the boys called for their dates and returned to the Legion Hall for a dance which ended at midnight.

The following guests were served: Co-captains Leroy Robertson and Talmadge Pounds, Curtis Dodson, A. G. Kesterson, Lewis Rice, Leo Thompson, James Fultz,

J. C. McClure, Joe Crump, Clark, L. F. Jones, Floyd Louie Grimes, Bobbie Boyd, Don Tyler, Boyce Bruce, Hendrickson, Y. Z. Taylor, Morrison, Garner Moore, Jeffries, Jimmie Bidwell, Hardin, Billy Gene Morris, Padgett, Linley Billington, ward Lester, Eugene Lind, R. Sanders, Tom J. Lander, Benton, Coaches Hubbell, Dees, Supt. Davis, and P. Noah Cunningham.

Louis Kerr, one of the men, was unable to be present but his sweater was dedicated to him immediately after the banquet.

Members of the Gammage Club and their families entertained with a "42" game, chess checkers, and other Friday evening.

Several tables of refreshments of pop corn and were served. Plans are made for another club entertainment soon.

Modern Day Speeds DEMAND Two-Tread SEIBERLINGS

NEW TIRE 7,500-10,000 MILES 10,000-20,000 MILES 20,000-40,000 MILES

Modern automobiles put a terrific strain on tires. Be safe; get two-tread Seiberlings which are Air Cooled to prevent heat blowouts and which never wear smooth, thus giving anti-skid protection to the last mile.

These four photographs show why TWO-TREAD Seiberlings still have a safe, tractive tread at 40,000 miles.

Classification of 1939 Cotton Free Is BAE Offer

Organized cotton improvement groups may apply for free classification of their 1939 crops under the Amended Grade and Staple Statistics Act any time after March 15, 1939, but no later than September 1, the Bureau of Agricultural Economics has announced.

Regulations now require that improvement groups file their requests for the free classing and supplementary market news service, after their grower-members have completed planting.

Organized groups approved in 1938 may apply for renewal of their applications any time after their cotton has been planted, and between the dates specified for new applications.

Noted Lecturer to Speak in Memphis On February 15

Dr. Charles E. Barker Plans Three Addresses Sponsored by Rotary

Dr. Charles E. Barker, noted lecturer and teacher of the principles of health and right living, will make a series of three public addresses in Memphis under auspices of the Memphis Rotary Club February 15, Carl Periman, president of the local service club, announced this week.

Dr. Barker will make addresses at the high school in the morning at the Rotary Club luncheon at noon, and at some local hall which has not yet been selected at an evening hour. All of his appearances will be open to the public, and no charge will be made for any of the lectures, Periman said.

Dr. Barker is being brought to Memphis by the Rotary Club as an educational service to the city, and all expenses are being defrayed by the local organization.

A noted speaker, he has deliv-

ered more than 11,000 addresses since going on the lecture platform 25 years ago. He holds university degrees as doctor of hygiene and physical culture. A large part of his lecture work has been devoted to the young people of the United States and Canada.

His most popular lecture, "How to make the most out of life," has been delivered to three million boys and girls of high school age, and will probably be the subject of his address before the local high school assembly.

Dr. Barker has been a member of the Rotary Club of Grand Rapids, Mich., since October 1921. In announcing the lecture, Periman stressed the fact that the addresses are free to the public, that they are being presented through the Rotary Club as a community service, and that no collections will be made. Every person in the city is urged to plan to be present for at least one of the lectures, he stated.

Mr. and Mrs. Koontz and daughter of Clarendon were Memphis visitors Wednesday.

Mrs. C. R. Webster is in Denton this week visiting in the home of her daughter Mrs. Emory Barton.

T. J. Dunbar and J. A. Whaley made a trip to Austin the first part of the week on business concerning the Red River Dam project. They returned by way of Gainesville to meet Army engineers.

Teachers Discuss Rhythm Bands

Representatives of eleven Hall County schools met at the office of County Superintendent Vera Tops Gilreath Saturday morning to make plans for the annual County Interscholastic League Rhythm Band contest, which will be held here in connection with the county meet in March.

The meeting was called by Mrs. Henry Foster of Lakeview, director of the rhythm band division of the county Interscholastic League. Teachers from both rural and independent schools attended.

"Yankee Doodle" and "Onward Christian Soldiers" were the compositions selected by the representatives to be used in the contests this year. Either piano or victrola may be used for the instrumental accompaniment.

The rhythm band contests are open to children from the first four grades in the rural school division, and to those in the first three grades in independent school competition. While both groups comply with the same regulations, they compete in separate classes.

The contests will be held on the morning of the opening day of the County League meet. Dates for the event have not yet been set by the directors.

Attending the meeting Saturday morning were Mrs. Henry Foster of Lakeview, Eddie Mae Scott of Memphis, Rebecca McCann of Newlin, Mrs. Vera Smith of Friendship, Mrs. Elva Rice of Turkey, Lottie Durham of Brice, Ethel Hillhouse of Pleasant Valley, Olson Sweatt of Salisbury, Emma Belle Hunter of Plaska, Maggie Bryan of Eli, and Mrs. Eula Crowe of Webster.

Power will be supplied at wholesale rates by the West Texas Utilities Company, officials of the local co-operative said. The lines will tie on to the Utilities company high line between Memphis and Lakeview, according to present plans.

Yarbrough—

(Continued from page 1)

Construction of these lines will provide nearly 23,000 man hours of employment in direct labor alone, the bulletin estimated.

Representatives of the Hall County Co-operative will hold community meetings at Turkey and Estelline Friday afternoon, Jake Lamb, vice president of the board, said Monday. The meetings will be held, Lamb said, in an effort to work up supplementary lines in the southern precincts of Hall County to augment the project already under approval.

An effort will be made to secure an additional allotment to extend the lines of the Hall County co-operative into precincts 3 and 4 south of the river to cover almost all of Hall County. A mass meeting will be held at Estelline at 1:30 o'clock Friday afternoon, and another at Turkey at 4:30 o'clock. All farmers in that vicinity who are interested in the REA projects are urged to attend, Lamb said.

The present project covers most of Hall County north of the river, lines extending into the southern part of Donley County near the Smith schoolhouse, and into Childress County at Newlin. A Childress County REA project covers a small part of Hall County in the vicinity of Tell. This arrangement was made in order that the lines set up by the two projects could avoid crossing the river at these points, Lamb said.

An effort will be made by the Hall County co-operative to add more than 100 subscribers in the precincts south of the river, and to increase the lines from 112 to approximately 250 miles.

Community Farm Meetings Set

Assistant County Agent F. R. Curtis, and community committeemen for the Hall County A. C., have arranged for meetings with farmers for the purpose of signing applications for 1938 AAA benefit payments at Lakeview, Estelline, and Memphis next week, Curtis announced here Wednesday.

The committee will be at Lakeview Monday, January 23 and all farmers living west of Indian Creek should arrange to sign their applications at that time.

All farmers living in Estelline, Baylor, and Parnell communities are asked to be in Estelline Wednesday, January 25.

Beginning on Tuesday, January 24, and continuing through the remainder of the week, all farmers living east of Indian Creek, including those in the Newlin community, may sign their papers at the County Agent's office in Memphis.

Auction Sale—

and mules, and about the same number of head of cattle were sold at the auction sale this week, Monzingo estimated. Buyers from Tennessee, Mississippi, Arkansas, Oklahoma, and New Mexico attended the sale, and all have promised to return next week, he stated.

Jack Colter of Amarillo, one of the leading livestock auctioneers in this section of the country, conducted the sale, and expects to handle the auction here every week, Monzingo announced.

Colter, who has handled some of the biggest livestock auctions in this section, was highly pleased with the sale here Tuesday. "I have never conducted a better sale," he stated at the conclusion of the trading, adding that he had sold cattle here bringing the highest prices he had seen anywhere in three years.

Colter predicted that this will be one of the best livestock trade and market centers in the Southwest, and that if the farmers and stockmen in this territory will continue to cooperate the sale will grow—and grow fast.

The sale next Tuesday will start at 11 o'clock in the morning, Monzingo announced, and continue until trading is completed. While the sale is primarily for livestock, any and all articles placed on the block will be sold at auction. A nice run of horses and mules is expected for next week's sale, and all ranchers, farmers, stockmen and buyers in this territory are invited to attend the auction.

One of the most modern and best equipped livestock auction arenas in the Panhandle has been constructed in east Memphis at the site of the old Roberts-Oliver Lumber Yard. Pens have been provided for stock, with ample water and feeding facilities. Yardage may be rented and stock held at the arena for the weekly auction if desired, but stock will be purchased there at all times during the week.

The arena is equipped with a loud-speaker system for use during the auction.

CHURCHES

FIRST BAPTIST CHURCH

A great day was experienced at our church on last Sunday. There were 400 in Sunday school, something like \$160 in the offering for the day, 136 in B. T. U. and splendid crowds at both preaching services. We are hoping that with the coming of the New Year everybody turned over a new leaf and resolved to attend church regularly as evidenced by the attendance Sunday.

CHURCH OF CHRIST

W. M. Davis, Minister "What Shall I Do With Jesus Who is Called Christ?" will be the subject of the sermon next Sunday morning. The importance of this question did not end in the judgment hall of Pontius Pilate. Jesus is on every man's hands today, and must be accepted or rejected. At the evening service the subject will be, "Giving Glory to God."

PRESBYTERIAN CHURCH

The church throughout the world is on its way. We can help it greatly in this country by a closer study of certain outstanding needs of the church. It is a Divine Institution, a

Texas Relief Commission Aids 1,418 Hall County People During December

Commodities, including both food and clothing, were issued to 1,418 persons, representing 314 families, in Hall County during the month of December by the Texas Relief Commission, according to figures released this week by J. E. Rowland, Amarillo, commodity supervisor for district 16.

The announcement was made Tuesday by County Judge M. O. Goodpasture. The number of families aided by the Relief Commission during this month (January) will probably be considerably greater than during December, Judge Goodpasture said, estimating that more than 400 families in the county will be on the relief rolls this month.

The following articles were distributed in Hall County during December by the Surplus Commodities Project of the Texas Relief Commission:

Dried beans 1,938 pounds, butter 971 pounds, cabbage 1,455 pounds, flour 9,989 pounds, meal 2,285 pounds, dried peaches 312 pounds, dried prunes 1,550 pounds, dried raisins 730 pounds.

Childrens blouses 1, childrens coats 11, childrens dresses 93, childrens overalls 21, childrens pants 60, childrens skirts 23, childrens sleeping garments 23, childrens slips 41, childrens underwear 106, infants accessories 25, diapers 59, infants garments 194.

Shirts 186, mens and boys trousers 42, mens and boys underwear 31, womens and girls aprons 9, womens and girls coats 10, womens and girls dresses 33, womens and girls sleeping garments 7, womens and girls slips 27, womens and girls underwear 35, clothing accessories 138, household equipment, miscellaneous, 32; toys, 3,994.

'Firsts' of the First Livestock Auction

Among the "firsts" at the first of the weekly auction sales held here Tuesday by the M & M Livestock Commission were:

T. J. Cochrane bought the first animal put on the block. Hurley Morman made the first sale. J. F. Solomon received check Number One from the Livestock Commission. It was estimated that more than 2,500 people attended the opening sale.

Lakeview Cagers Win Own Tourney

Lakeview High School cagers took first place at their own basketball tournament Saturday night, defeating the Borger Bulldogs in the finals by a narrow margin, 18-16. Walls, captain of the Eagles, sunk a field-goal in the final minute of play to clinch the championship for Lakeview.

Groom took consolation honors by defeating Claude in the finals of the consolation flight 17-16.

Trophies were awarded teams winning first, second, and consolation honors as the first Invitation Basketball Tournament of the season in this section closed Saturday night.

Walls of Lakeview was selected by officials as the most valuable player, receiving a sterling silver basketball. Members of the all-tournament team, which included Allen of Borger, Rober of Borger, Edwards of Hedley, Cunningham of Lakeview, and Walls of Lakeview, were awarded individual gold basketballs.

Teams from Quail, Groom, Claude, Memphis, Hedley, Esteline, Borger, and Lakeview were entered in the tournament which opened at the Lakeview gymnasium Friday night.

The Cyclone cagers were defeated in an early round by Groom.

Coach Clark of Groom and Herbert Gibson of Lakeview were tournament officials.

AAA Encourages Storage of Feed

More home-grown feed for immediate use and storage on farms and ranches of Texas is contemplated in crop classifications of the AAA for 1939, according to new rulings clarified here by George Slaughter, chairman of the Texas Agricultural Conservation Committee of the AAA.

Slaughter called special attention to a '39 change which takes sweet sorghums and sudan grass out of the soil-depleting class. This, he explained, will make more land available for grain sorghums, corn, non-commercial wheat and other general crops for which special allotments are not set up, and should add impetus to efforts of the Texas A. and M. College Extension Service to encourage the use of trench silos in Texas.

Extension reports recently indicated that the number of trench silos filled in 1938 might reach 20,000 in Texas, a figure which would mark the eighth consecutive year in which the number of silos doubled the previous season's total.

Other alterations in AAA crop classifications spelling a greater abundance of feed on Texas farms include:

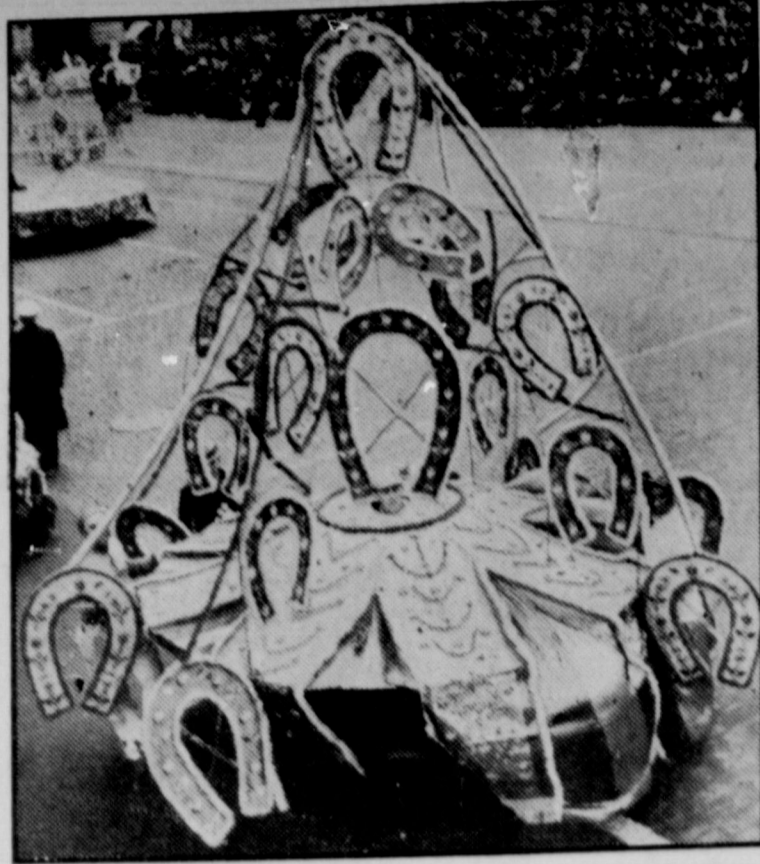

Provision that wheat on a farm having no wheat allotment is not soil-depleting if used as a nurse crop for legumes or perennial grasses, providing a good stand of the legumes or grasses is obtained and the nurse crop is cut green for hay.

Provision that the fruit of interplanted summer legumes can be harvested or grazed off.

Dr. and Mrs. R. E. Clark were Amarillo visitors Wednesday.

Mrs. Landrum Stanford and daughter are visiting relatives in Houston this week.

Next Tuesday will be Trades Day and Livestock sales day in Memphis and the people of the entire trade territory are extended through the columns of The Democrat an invitation to attend.

Evidently this fellow, one of the marchers in the Mummers' Parade in Philadelphia, believes in signs.

Moisture Noted In Hall County Early This Week

Second Precipitation of 1939 Is Enjoyed Here In Monday Night's Rain

Light showers and an extreme-light fall of snow Monday night brought additional moisture to Hall County farm lands to add to the record January rainfall received two weeks ago.

No records were available to show accurately the extent of the moisture. J. J. McMickin, local weather observer, said that heavier snowfall and rains were received in the regions north of here during the first of the week.

Distribution of Tanks Encouraged by AAA 1939 Range Conservation Program

The 1939 range conservation program of the AAA calls for a wider distribution of earthen tanks and reservoirs and more emphasis on spreader terraces to check rainfall runoff, according to latest terms of the program announced by George Slaughter, chairman of the Texas Agricultural Conservation Committee of the AAA.

Slaughter also pointed out that the new range program, which does not differ fundamentally from that of 1938, hopes to attract more ranchmen and stockfarmers of East Texas and other more or less humid areas by providing payment of \$3 an acre for reseeded of bald range land with adapted varieties of range grasses.

Payment for construction of spreader terraces has been increased from 40 to 60 cents a hundred linear feet. For construction of earthen tanks or reservoirs, payment will be at the rate of 15 cents a cubic yard of material moved not in excess of 5,000 cubic yards, and 10 cents for the amount in excess of 5,000—for each tank or reservoir. Last year it was 15 cents regardless of the amount of material moved.

Slaughter said the change is

meant to encourage a greater distribution of relatively small tanks over the range, so as to scatter grazing.

The program provides a range-building allowance which in Texas averages about 6 cents an acre in the ranching unit, though in some parts of the state it may run as high as 12.

A ranchman may earn up to 60 per cent of his range building allowance by this deferred grazing practice.

A recent revision of the 1939 rules eliminates the digging of wells as a special range-building practice under the program.

Dr. and Mrs. J. W. Fitzjarrald visited Dr. Fitzjarrald's brother in Hollis Sunday.

Mr. and Mrs. A. R. McMaster and daughter, Mrs. Lester Bevers, of Lakeview were Memphis visitors Wednesday.

Mr. and Mrs. Jeff Welcher of Parnell were in Memphis Wednesday.

Hi-Y Members Plan To Attend Older Boys Conference

Lloyd Benton to Speak At Amarillo Meeting For Local Chapter

The members of the Memphis Hi-Y are planning to attend the Older Boys Conference in Amarillo February 3-5. Lloyd Benton will represent the local organization as speaker on the conference theme, "Finding Christ in the Boy Next to Me."

The Hi-Y quartet is preparing some special numbers for the conference.

The local chapter of the Hi-Y organization has received a charter from national headquarters. This charter is on display in the hall on the first floor of the high school building.

Bus 3 Team Holds Lead in Cage Race

Bus number 3 is undefeated and untied. These boys have three more games to be played, and it looks now like they have the intramural trophy in the bag. Hi-Y stood two ties this week by bus number 2 and bus number 1 to be standing in second place.

The Juniors of High School dropped to third place by losing to bus number 3 this past week. The Junior High Team has become a team to be dreaded by all.

Team standings:

1. Bus No. 3 (won 5, lost 0).
2. Hi-Y (won 4, lost 1).
3. Juniors of High School.
4. Bus No. 1.
5. Bus No. 2.
6. Tie between busses 4 and 5.
7. Juniors of Junior High.

Football Team Is Entertained by Mothers Friday

Banquet Is Staged at Legion Hall Friday Night Honoring Team

The Memphis 1938 Cyclone football squad was entertained by the mothers at the American Legion Hall at an American styled banquet Friday evening. The high light of the banquet was a surprise presentation of the 1938 sweaters to the boys by each mother. The sweaters were served as the last course.

Brief talks were made by the seniors, Supt. Davis, Mr. Cunningham, Jack Boone, and Coach Hubbell and Dees, Leroy Robertson, the M Club president, announced the co-captains of 1939 to be J. C. McClure and Joe Crump; both boys are backfield men.

Those receiving sweaters were Pounds, L. Robertson, McClure, Crump, Billington, Lindsey, Morrison, Kesterson, Rice, Jones, Morre, Bruce, Clark, Kerr, Morris, Hardin, Dodson, B. Robertson, Melton.

Squadmen who also attended the banquet were Grimes, Bidwell, Jefferies, Thompson, Landers, Tyler.

DISTRICT FOOTBALL—Supt. W. C. Davis (left) and Coach Frank Hubbell will head the new District 3-A Football conference this year. The local school men were elected at a meeting of conference members here Monday night.

1939 Cyclone Grid Opponents Named By Coach Hubbell

Supt. Davis Heads New Class A District Grid Conference for Year

Representatives of the seven schools included in the new Interscholastic League football district 3-A met at the Memphis High School Monday night to complete organization for the 1939 football season.

Superintendent W. C. Davis was elected chairman of the new district, and Coach Frank Hubbell was named secretary-treasurer.

The new class A district has resulted from the recent decision by Texas Interscholastic League officials to re-classify all schools for football competition this year. Memphis, Shamrock, McLean, Wheeler, Wellington, Clarendon, and Lakeview schools make up district 3-A.

Mobettie and Lefors, formerly included in the same district, have been placed in the new class B division by the re-classification provisions.

Football schedules for 1939 were worked out by coaches at the meeting Monday night, and Coach Hubbell, who was recently promoted to a position as athletic director for 1939, announced Tuesday that the 1939 Cyclone grid team will play five, and possibly six home games.

Games have been scheduled with Paducah, Shamrock, Quanah, McLean, Wheeler, Wellington, Clarendon, and Lakeview, Hubbell announced, and possibly one additional game will be added to the schedule. Dates and places for the games were not announced at this time.

Rapid Progress on Yearbook Reported

The last few weeks have seen rapid and constructive progress in the preparation of the 1939 Sandstorm for publication. The reporters, the composers, the typists, the cameramen, the staff artist, the business manager, and the editor have all done their part efficiently.

All pictures for the album section, the group pictures and many snapshots of all kinds are rapidly being finished, and typing and art work is being done neatly and carefully.

Sale of yearbooks has been good and there are only a few left. (Continued on page 7)

First Semester Is Closed Tuesday

The first semester came to a close with the final examinations last Tuesday.

The library, science, and typing fees will be accepted beginning Wednesday morning at 9 o'clock. The report cards will be given out Monday, January 23.

Cyclone Cage Team Loses To Groom

Cyclone cagers were eliminated in the Lakeview Invitation tournament Friday night by Groom, losing by a score of 20-15 in a hard-fought game. Memphis held the lead until the fourth quarter.

The Cyclone squad has been working out only three days, and prospects for a winning team this year are good.

Included in the starting line-up Friday night were Moore and Robertson, forwards; Billington, center; and George and Kerr guards. Substitutes were Thompson at center; Hardin, Foster, and Lester, guards; and Landers and Parker at the forward posts.

Seedling Trees Available Free For Farm Homes

Limited Number Plants May Be Secured Through County Agent's Office

A limited number of seedling trees are available free of charge for use on some Hall County farm or homestead, County Agent W. B. Hooser announced Monday.

Mr. Hooser quoted a letter received this week from Ruby Mashburn and Parker D. Hanna, district agents for the Texas cooperative Extension Work, College Station, announcing that a

few of the seedling trees are on hand at the Experiment Station in Lubbock.

The district agents expressed the wish that some rural families in the Lubbock district which is particularly interested in beautifying a homestead might use the trees.

"We are anxious that the people make the right preparations for putting them out as well as for taking care of them after they are set out," the letter stated.

The plants available are Chinese Elm, Honey Locust, Flowering Willow, Tamarix, Pine, Cedar, and Winter Jasmine.

Aneone interested in securing the plants should contact County Agent Hooser immediately. Orders must be placed early in order that the stock can be reserved and prepared for shipment at a time when it will not interfere with the regular work at the Experiment Station.

Ben and Earl Scott of San Benito, Calif., arrived Tuesday of last week for a visit with their parents, Mr. and Mrs. B. N. Scott. They were accompanied from California by Mrs. Oliver Arnett, who went to Wichita Falls to visit her parents.

Spur Man Is Honored by Agricultural Workers At Fort Worth Friday Night

R. E. DICKSON

ELI

By MRS. J. T. NELSON

Rev. Sargent filled his regular appointment here Sunday morning and night.

Mr. and Mrs. Y. Z. Smith and family visited Mr. and Mrs. J. T. Nelson Sunday.

Mr. and Mrs. J. S. Ballard, Mr. and Mrs. Reece Ballard, and Mr. and Mrs. Fred Erwin and children visited Mr. and Mrs. Peter Ballard at Newlin Sunday.

At a banquet held Friday night in his honor at the Texas Hotel in Fort Worth, R. E. Dickson of Spur was presented the 1939 Merit Award of the Texas Agricultural Workers' Association for distinguished service to Texas Agriculture. As superintendent of the substitution of the Texas Experiment Station at Spur for twenty-four years, Mr. Dickson has served Texas agriculture with fidelity and distinction.

While his accomplishments in grain sorghum improvement and with livestock foods and feeding have been significant, it is as a pioneer in the investigation of soil and water conservation problems that he is best known, and perhaps it is in this field of agricultural research that he has made his most notable contribution.

In his work on the Spur Station, Dickson plowed a virgin field in unearthing many of the principles and practices of soil and water conservation that today are part and parcel of the broad and comprehensive national program with which the nation is seeking to protect and to restore its most important natural resource—the soil.

It is in recognition of these distinguished services, which have contributed to the agricultural welfare of not only Texas but the entire nation, that the Texas Agricultural Workers' Association is awarding its Distinguished Service Plaque of 1939 to Mr. Dickson.

Mr. Dickson, a native of Hunt County and a graduate of Texas A. and M. College, is the third distinguished Texan to receive the Association's Merit Award.

Meeting in Fort Worth for its twelfth annual convention, the Association, which is composed of workers in all phases of agricultural endeavor, was presided over by President Louis P. Merrill, regional conservator, Soil Conservation Service, Fort Worth. Miss Maurine Hearn, district agent of the Texas Extension Service, is secretary of the organization.

Amarillo Shrine Will Stage Big Indoor Circus

Polack Brothers Open Six-Day Run at Amarillo Auditorium January 30

The Khiva Shrine Temple of Amarillo this week announced plans for the first annual presentation of the Shrine All-Star Professional Circus, coming to Amarillo for a six-day stand at the municipal auditorium beginning January 30 and continuing thru February 4.

The Khiva patrol presents the Polack Brothers Circus, big indoor circus performers, featuring an array of 41 all-star acts which include performing lions, bears, and elephants, the famous Randow Duo New York Hippodrome Clowns, aerialists and acrobats, and the Billette troupe of six high-wire artists.

The circus plays Shrine Temples exclusively, and is considered the greatest fraternal indoor circus on the road today.

Special nights, such as Fraternal night, civic night, ladies night, and Masonic night will highlight the week's performances. Matinees will be given February 1, 2, 3, and 4, the first three matinees beginning at 3:30 p. m. and the Saturday matinee starting at 2:30 p. m.

All Shrine members living in the Panhandle district outside of Amarillo will have circus admission tickets for sale. All crippled and underprivileged children will be guests of the Shrine at the matinee performances.

Circus fans and Shriners from all over the Panhandle are invited to be on hand to see the big mid-winter circus performance during the week's run in Amarillo. Headquarters have been opened at the Amarillo Hotel, with Dr. L. V. Cravitt, illustrious Potentate, as honorary chairman and A. J. Arnold as general chairman.

Baseball Critics Indicate Bonura Due for Big Season

BY IRVING DIX

ANY baseball experts are predicting that big Zeke Bonura, late of the Washington Senators and now scheduled to be rigged out in a Giant uniform, will be one of the loud-voiced critics in the National League. Zeke, whose refusal to join the American League remains a mystery, should be a more homering player than the short left fielder at the Polo Grounds is usually suited for him.

One of the most popular shots on the coast says Everett Dean, former basketball coach, is the one-handed effort . . . which can be gotten off just as accurately and a split second faster. Just a few seasons back, Dean, the one-handed shot, was one of the cardinal sins of the game sport.

Zeke Bonura . . . he'll pole 'em at Polo Grounds.

Carving out his own baseball career is William McKechnie, Jr., son of the Cincinnati Reds' manager. . . . Bill, Jr., will serve as business manager of the Durham club of the Piedmont League this year.

The football season is over but Joe Boland, Notre Dame line coach, manages to keep plenty busy . . . he handles a radio sports review and broadcasts the Irish home basketball games.

California has a boxing rule forbidding a fighter blind in one eye from obtaining a license . . . and it was sponsored by Willie Ritchie, former lightweight champion.

New Mexico Military Institute is becoming famous as a developer of polo talent . . . with graduates now captaining the teams at Stanford, Southern California, Oklahoma and Arizona.

Not only did Dominic DiMaggio refuse to be fooled by Eddie Hutchinson, young pitcher, but the Coast League

Legionnaires and Veterans Gather at Legion Hall

Meeting of C.C.C. Veterans and Members of Legion Is Held Thursday

Members of the local Veteran's Camp and members of the R. Simmons Post of the American Legion were entertained at the Legion Hall here Thursday, January 12.

Marie Maisel of Pampa, district commander of the 18th district of the American Legion, was in charge of the meeting.

V. Tanner of the veteran's camp, accompanied by Mrs. R. H. Williams, Mrs. Jones, talented local pianist, and the junior quartet from Pampa, with Florence Gardner, Elma Faye Gardenhire, Billie Jean Murdock, and Johnnie Campbell, directed by Mrs. John Smith, entertained with several numbers.

L. G. Thomas, formerly a member of the camp and author of recently published book of verse, read a few of his own poems to the group.

A short business session was held, with O. F. Jones, local commander, in charge.

Members of the camp, directed by Captain F. W. Maxwell, served refreshments of coffee and doughnuts to the Legionnaires and veterans attending the meeting.

TRAFFIC LIGHTS FOR MEMPHIS

MEMPHIS IS FACING a big-city traffic problem with small-town regulations. The combination is producing an increasingly dangerous situation.

Congestion of traffic around the square on most week-day afternoons and particularly on Saturday is producing a situation with which city officers, drivers and pedestrians are unable to cope. Double traffic lanes in the business district not only fail to relieve the situation, but are making it increasingly complicated.

At the two intersections on the south side of the square, six lanes of traffic converge at one point on Noel Street, which is also the right-of-way for through traffic on Highway 370 through the city. Routing of the east-west highway, which is now under construction, from Childress County into Memphis on Noel Street will add to existing complications.

Intersections at Noel and Tenth and at Tenth and Main are almost equally dangerous as traffic hazards, both because of the intersection of the Lakeview Highway with Highway 370 at Noel and because both intersections are in the school zone.

The fact that no serious accidents have occurred at these points recently should not obscure the obvious fact that each of these intersections is a potential death trap for Memphis motorists and pedestrians.

The safest, sanest, and most effective solution to the problem lies in installation of traffic lights at each of the four intersections, together with strict enforcement of the regulations. The small cost involved would appear infinitesimal in comparison with the loss in life and property which might be incurred in a single accident at one of these points.

CEASE FIRING

WHILE ALL AMERICA gazes on the bitter struggles of war in Europe and Asia with mingled horror and fear, Americans glance casually at headlines that tell of the death of more than 100 American citizens every day in the year and apparently never realize that the civilian death rate in this peaceful, civilized nation is probably greater than the average daily toll of human life in the war-torn areas of Spain and China.

All America is engaged in a homicidal slaughter... a battle that begins before dawn and continues until long after midnight... a war that has been going on steadily for years with a steadily mounting daily toll of human life!

Forty or fifty Chinese are killed in battle and the lurid facts are shouted to the world from the front pages of every daily paper in the nation, but more than 100 men and women die violent deaths on any average day in the United States of America and the tragedy is accepted calmly as commonplace.

Any newspaper in the nation might, with reasonable accuracy, carry a headline "108 Americans Slain" today, or tomorrow, or in any day next week or next month! During 1937 an average of 324 persons were killed every three days in the United States as war-deaths reached a record high.

The battlefield is spread and the battle lines drawn on the highways of the nation. Gasoline is the powder, and the automobile is the instrument of destruction. Every driver and every pedestrian on the highway is a prospective victim. There were 301 known dead during the three-day week-end which marked the Christmas holidays last month. The toll mounted swiftly as Americans drove forth to greet the new year.

Eternal vigilance is the price of safety. Texas' state police directed by the department of public safety have enlisted the full forces of education and enforcement to wage ceaseless battle against traffic hazards during the past twelve months. On the basis of 1937 records, 464 lives were saved by the vigilance of the patrolmen last year, but more than 2,000 died in highway accidents in spite of their efforts.

War-time restrictions may become necessary to halt the slaughter. Certainly it has reached war-time proportions. American motorists, to preserve the freedom of their highways, should observe the rules of common courtesy and safety... and declare an Armistice!

Paragraphs Culled from The Democrat's Exchanges

The success of a democracy depends entirely upon the interest that all citizens take in their government, and the aid which they extend to those who are in authority.—The Canyon News.

A total of \$34,500 fire loss in Canadian during 1938 is reported by W. C. Teague, chief of the Canadian Volunteer Fire Department. That, together with no loss at all during 1937, makes a two year record for the city and insurance holding the 15 per cent insurance rate credit. Teague says there have been fewer fire alarms turned in during 1938 than at any time in the history of the local fire department.—The Canadian Record.

A newspaper is a business enterprise which prints for nothing the political speeches which the radio gets paid for transmitting the night before.—The Dalhart Texan.

There's nothing like sanity and common sense—and a touch of humor—to help get through a bad situation by relieving the tension when it gets to the breaking point.

When long-continued drought paves the way for blinding dust storms (Saturday night's moisture gave temporary relief from that threat); when discriminatory freight rates harass a region; when an economy pledging government is looking about for millions in new tax money; when a national administration seeks stability through deficit spending; and when two and two no longer seem to add up to four, it is a blessing that humor was put in as an added quality of human nature. People can stand just so much irritation.

West Texans, along with many others, are much in the same position of Rastus who sent Mandy to the doctor. "Ah yo gwine to order Rastus one of dem mus-

tard plasters again today," she asked.

"I think, Mandy, perhaps he'd better have just one more."

"Well, he says to ax yo kin he have a slice of ham wif it, cause it's mighty pow'ful to take alone."—The Wheeler Times.

It was a natural thing to do, but nevertheless it amused us when W. Lee O'Daniel appointed a Pampa attorney, who acted as his campaign manager in this territory, as a member of the legal staff of the Secretary of State's office. It is beginning to look like amateur politicians and professional politicians have something in common after all.—JAUB in The Shamrock Texan.

It is a good idea occasionally to remind your friends that you do business with them. Sometimes it stops little spite speeches that hurt. It is a positive way to stop negative influences. It recognizes the cussedness of human nature that strains at a chance to hang a barb in the flesh of a worthy contemporary to make him spend an hour or so tossing in bed after working long hours the day before trying to make his business be so worthwhile to the community that it will show him a profit when the year ends. It ought not to be that way, but it is—and you're guilty of some of the meanness yourself. Don't deny it.—The Floydada Hesperian.

Spend wisely and frugally. Keep your budget balanced. Don't get yourself in the hole. But always remember that sound spending is vital to the maintenance of our standard of living, to the advancement of recovery, and to the ultimate attainment of prosperity.—The Paducah Post.

It appears that at last the disastrous effects of dust storms, droughts, and floods have aroused farmers and others to action. A favorable aspect of the conserva-

tion movement is the fact that farmers are now taking much of the initiative themselves instead of leaving everything to Uncle Sam. Apparently the lessons taught through demonstration projects of the Soil Conservation Service are having the desired effect.—The Dallas News.

It is not the people who speak what they think that cause trouble; it is the ones who speak more often than they think.—The McLean News.

Putting up the "white war" lights this week has certainly given dozens of by-standers plenty to do—watching other people work is one of the most interesting occupations a person can have.—The Shamrock Texan.

A pessimist is a fellow who is convinced that the last war was not the last war.—The Dallas News.

Band Groups Give Rotary Program

G. W. Johnson, band instructor, presented two groups of the high school band in a musical program at Rotary luncheon Tuesday. A quartet of clarinet players gave three numbers and a trio of cornetists played two numbers accompanied by Mrs. Johnson.

The clarinet players were James Fultz, Marion Duren, Jack Miller and Riley Carlton. The cornet players were John Sargent, James Baldwin and Freda Erwin.

Court Decision May Wreck Tobacco Marketing Reg.

WASHINGTON.—Agricultural Adjustment Administration officials are on the anxious seat these days. Sometime soon the Supreme Court will hand down a decision upon which the fate of tobacco marketing regulation depends.

A group of tobacco farmers signed a petition last year asking an injunction against warehousemen to prevent collections of a penalty equal to 50 per cent of the sale price of tobacco in excess of marketing quotas which was offered for sale.

The marketing regulation act provided that warehousemen directly assessed by the government might deduct this assessment from the price to the grower, thereby passing the penalty along.

A court in Valdosta, Georgia, granted the injunction. The court held in escrow the money over which the dispute had arisen. This case affected only 40 or 50 Georgia farmers who signed the original petition. Other petitions of a similar nature were signed by Georgia and Florida growers.

But it was decided to make the petition of the Valdosta group a test case. Counsel for the warehousemen and the farmers decided to move the case to a federal court.

On petition from the Department of Justice the government was allowed to enter defense when the case reached the federal Middle District Court of Georgia.

Speaking of Clover

By T. C. RICHARDSON, Secretary Breeder-Feeder Association

We remarked once before that there's good luck in a four-leaf clover or any other sort if there's enough of it. The Southwest has been dilatory in adopting clover, but is stepping into its use at a rapid rate in recent years. The increased production of livestock and poultry on farms demands more legumes for grazing and hay, as well as for soil improvement, and there is scarcely a section for which there is not one or more sorts of clover available.

While it is generally preferable to sow the clovers early in fall, some of them are equally or better adapted to spring sowing. Since all clovers and small seeded grasses require a well-settled, firm, seedbed, for good germination, the preparation for spring sowing must begin several weeks before seeding time.

Sweet clover is one of the most widely adapted in the Southwest, and the best time for seeding either alone or on winter grain ranges from the middle of February to the middle of March. If it or alfalfa has not been grown on the field before the seed should be inoculated. Standard inoculants may be bought in all good seed stores, and directions should be carefully followed.

A successful practice is to drill the sweet clover seed cross-wise on newly drilled-in spring oats or barley; or it may be drilled in lightly on fall-sown oats or barley. In either case the grain serves as a nurse crop, and the clover makes it growth after grain harvest.

Biennial sweet clover should not be sown on land where cotton will be depleted before the clover makes seed. Hubam (annual

Winter Now Most Popular as Sporting Season

Maureen O'Sullivan takes off for a swift trip down a ski slide in Yosemite National Park, California.

THE pursuit of happiness increasingly claims man from his fireside and takes him outdoors in the snow and ice of winter. This year the celebration of winter sports has become nation-wide and national and state programs of winter sporting events seems to assure their popularity for years to come.
 Skiing has been the most popular of week-end sports in the east for a number of years. The establishment of Sun Valley Lodge in Idaho made the sport fashionable in the west and it now claims devotees in practically every state where there is sufficient snow to enjoy the sport.
 The movies contributed a great deal to the increasing popularity of skating and the construction of splendid toboggan slides in the national parks brought that sport back to popularity. The discovery that an ash can lid made a good one-man sled was hardly revolutionary but ash can lids minus their handles and furnished with a cushion—furnished as much sport as ever a toboggan did.
 The co-operation of various state recreational agencies has supplemented the national program until now there are few states that do not have some winter recreational facilities.
 Winter sports are commonly supposed to be more healthful than summer sports. At any rate the national health seems to be improving as the popularity of winter sports increase.
 Four national parks in California have winter sports, Lassen Volcanic, Sequoia, General Grant and Yosemite. Glacier National Park in Montana is one of the great winter recreational areas as is Crater Lake National Park in Oregon.
 Skyline Drive in the Blue Ridge Mountains of Virginia makes Shenandoah National Park with its splendid winter sports available to the populations of the eastern cities. Morristown National Historical Park in New Jersey and the Great Smoky Mountains National Park in North Carolina and Tennessee are popular with easterners.
 Rocky Mountain National Park in Colorado is one of the most popular of the western areas and scattered all the way from Maine to Washington are other areas where men and women find new pleasure in the exhilarating outdoors.

District Meeting Of Legionnaires Will Be Tuesday

18th District Legion And Auxiliary Members To Gather at Amarillo
 The first monthly meeting of the 18th District American Legion and Auxiliary will be held Tuesday, January 24, beginning at 7:30 p. m., with the Hanson Post No. 54 in Amarillo.
 Mrs. John Deaver of Memphis, president of the 18th District Auxiliary, and Charlie Maisel of Pampa, 18th District Legion Commander, will preside at the business sessions.
 The meeting this month is being held in Amarillo to celebrate the opening of work on the new million and half dollar Veteran's Hospital in that city, and local Commander Ottie F. Jones urges every Legionnaire and War Veteran in this territory to be present.
 "Ground has been broken for the new Veteran's Hospital," Charlie Maisel, district commander, said, "and the Amarillo Post wants every member of the 18th District to come to Amarillo for the big occasion."
 Lou Roberts, 18th district membership chairman, will present the district quota to Commander Maisel at the meeting. Practically all posts, with few exceptions, have reached or exceeded their 1939 membership quota.

H. D. Stringer Will Open Law Practice
 H. D. Stringer this week announces the opening of law offices in the First State Bank Building. Mr. Stringer comes to Memphis from El Paso, where he has been associated with R. A. D. Morton, one of the leading attorneys in Southwest Texas.
 Stringer is a son of Mr. and Mrs. H. W. Stringer of this city. He graduated from Memphis High School with the class of 1924, and attended the University of Texas, the University of California at Los Angeles, and Vanderbilt University at Nashville, Tenn.
 He received an LL.B. Degree from Cumberland University, graduating from that school in 1931.
 Rev. and Mrs. Orion Carter made a trip to Amarillo Monday.

Rapid Progress
 (Continued from page 1)
 The queen election is being planned for the first part of February, and will cause much enthusiasm following the mid-term exams.
 With a splendid staff and with the cooperation of the student body, faculty observers say that Memphis High School will have one of its finest yearbooks.

West Ward Ready For League Work

West Ward School has organized in the different events for interscholastic league work. The events the students are participating in are: Rhythm band, story telling, primary chorus, and declamation.
 They are very enthusiastic over this work and are showing quite an interest. This is an annual affair. Competitions organized in a sensible way, surrounded with proper controls, have demonstrated their usefulness heretofore.
 Mrs. C. P. Champion of Tyler is visiting here this week with her son, Charles Champion.

Best Returns from Cotton Crops Can Be Made Through Improved Quality
 Cotton farmers must do everything possible to get the utmost return from their 1939 crop, E. A. Miller, agronomist of the Texas A. and M. College Extension Service, said in listing points that would help to increase income.
 The biggest gain, Miller believes, can be made through improvement in quality. He urged community, county, and area organization along the one-variety line. "This is important not only because quality and uniformity will bring in more cash per acre, but we need improvement if we are to develop our cotton markets and meet foreign competition," he pointed out.
 Soil and water conservation will bring results, the agronomist stated, and quoted increased annual net returns of \$6.51 an acre obtained at the Spur Agricultural Experiment Substation from terraced land farmed on the contour over land farmed with the rows running down hill in a 12 year test.
 "It is good crop insurance to treat cottonseed with 2 per cent cerasan at the rate of three ounces per bushel," Miller said. Increases in yield through this practice were 25 per cent at College Station, 15 per cent at Temple, 9 per cent in the Brazos Bottom, and 4 per cent at Lubbock, recent experiment tests show.
 Commercial fertilizer and manure on sandy and sandy loam soils have proved profitable, and he urged farmers to consult county agricultural agents for local recommendations as to amounts to use.
 "Insect control is going to be important in 1939, and no farmer should forget proper seedbed preparation and cultivation," Miller concluded.
