Red Cross Needs Your Help Now!

The American Red Cross, the organization which annually helps thousands of unfortunate people, is in need.

What the Red Cross needs is something which is not going to cost Hall County any money, but merely some of their time.

The Red Cross is in need of women to do sewing and knitting, and Hall County is quickly falling far behind in its quota of work. Mrs. C. L. Hamrick, chairman of the group in charge of the knitting work, has announced.

So far, a few of the Memphis organizations have responded to the call for help, but only a few. And so far, only a few communities in the county have done anything to cooperate in the sewing and knitting program, it was explained.

The work must be completed by January 1, and only a small part of it has been done. Organizations in Memphis and Hall County, including women of the church, are urged by the local Red Cross leaders to do their share.

This week, too, another phase of Red Cross work was being planned, as the initial meeting of the local committee met and selected Mrs. Roy L. Guthrie as Hall County roll call chairman.

The goal for the county has been set at 1,313 members. Last year the county's goal was 1,000 members, and the number finally gained was only 352. Members of the committee this year, with the aid of Mrs. Guthrie, are hoping to get at least the goal and surpass it if possible.

Since the Red Cross is a non-profit organization, and since none of the funds collected may be used in making the solicitations, all workers must be volunteers, it was explained. The county retains 50 cents of each membership fee, and the remainder is sent to the national organization for use throughout the world.

Members of the local committee expressed the belief that the goal be reached this year, due partly to the fact that there will probably be more money available, and to the fact that Hall County is more conscious of the Red Cross due to the war situation.

The expanded services necessary under the defense program, it was explained, call for more volunteers. Opportunities for constructive volunteer assistance and leadership in Red Cross work are now greater than at any time since the World War.

Local Girl Heads Hospital Students

Miss Billie Blackwell, daughter of Mr. and Mrs. C. C. Hodges of Memphis, has been selected as president of the student body of the Northwest Texas Hospital training classes, it was announced this week.

Miss Blackwell is a senior in the classes, and will complete her training there in 11 months.

Newspapers Necessary for Democracy, Rotarians Told by Amarillo Publisher

Declaring that one of the first steps of a would-be dictator is to get control of the press, John L. McCarty, editor and associate publisher of the Amarillo News-Globe, told Memphis Rotarians and their guests at the regular luncheon Tuesday in the First Christian Church that no nation—not even the United States—can remain a democracy when the freedom of the press is taken away.

McCarty, who was accompanied by his wife, was introduced by J. C. Wells, editor of The Democrat.

Every newspaper, including the smaller dailies and weeklies should be supported, the Amarillo publisher said, for without that support they cannot survive, and without their survival one of the bulwarks of a democracy will be gone.

McCarty pointed out that newspapers above all things should be fair, and should give both sides of every question. A space should be maintained in every paper whereby the readers might either agree or disagree with the newspaper's editorial policy, thus giving a full and free discussion to all questions.

Various examples of newspapers which are unfair were given by

Registrants to Leave Memphis for Fort Bliss; List of Nine Announced

Eight more Hall County registrants will leave Memphis October 13 for Fort Bliss, where they will be inducted into the Selective Service army, W. J. Bragg, chief clerk of the local draft board, said this week.

The eight men will be chosen from the following nine (the number given is the order number of each):

Oda Hawthorne, 141; Grover Charles Booth, 224; Floy Eugene Anthony, 234; Richard Benjamin Lindsey, S-250; Olan George Richards, S-291; Woodrow Wilson Reed, 320; Doyce George S-333; Wilfred William Dunn, 346; and John Noble Plaster, 356.

Registrants who were 28 years or older July 1 and who were deferred by the Congressional amendment are still required to live up to the obligations imposed upon them by the Selective Service act, General J. Watt Page, state director, stressed this week.

W. B. Loury Dies Here at Home of Son, John D. Loury

Funeral Services Held For 65-Year-Old Resident; Interment at Fairview

W. B. Loury, 65, died September 21 at the home of his son, John D. Loury, 403 South 16th street. Funeral services were held at the home Monday, September 22, with Rev. Joe Findley, Christian Church pastor, conducting the rites.

Burial was in Fairview Cemetery under the direction of Buntin Funeral Home of Clarendon.

Survivors include three sons: John D. Loury of Memphis, Elchard Loury of Sayre, Okla., and Elroy Loury of Carter, Okla.; two daughters, Mrs. Willis Livingston of Apache, Okla., and Mrs. Efton Barnes of Sayre, Okla.

Funeral bearers were Mrs. Mary Helen Bartley, Mrs. Elsie Fay Bartley, Mrs. Madge McCoy, and Mrs. Dot Webster.

Mr. Loury was born at Bloomfield, Mo. where he lived until he was 17 years old. He moved to Oklahoma, and had lived there and in Texas until his death. He was 65 years, 6 months, and 17 days old at the time of his death.

Additional Parity Checks Hike Total To Over \$48,000

A total of 156 parity checks, aggregating \$12,992.96, was received by the office of the county agent Monday, Millard P. Brown, Hall County ACA secretary, said this week.

The shipment brought the number of checks received to 454, totaling \$48,212.94.

Approximately 2,000 checks are to be received, Brown has explained, and will bring about \$160,000 to Hall County farmers and landowners. The second group of government payments will be the conservation checks, which are expected to be slightly larger in amount than the parity payments.

W. M. Padgett, 88, Resident 34 Years, Dies in Memphis

Funeral Services Held From Baptist Church; Interment at Fairview

William Marshall Padgett, 88, resident of Memphis for the past 34 years, died last Thursday. Funeral services were held from the First Baptist Church Friday afternoon, with Rev. Luther Crawford conducting the rites, assisted by Rev. S. F. Martin.

Burial services were held Saturday morning at the Fairview Cemetery under the direction of the Womack Funeral Home.

Survivors include his wife; eight children, A. M. Padgett of Levelland, and M. L. Clifford and Marvin Padgett of Memphis, and Mrs. Bessie Archer, Mrs. Lillie White, Mrs. Hugh Murphy, and Mrs. Fred Riley, all of Memphis; 27 grandchildren; nine great grandchildren; and one brother, Calvin Padgett of Fitzgerald, Ga.

Funeral bearers were C. A. Veteto, Read Moore, Edd Ramsey, J. L. Barnes, West Evans, and William Todd.

Mr. Padgett was born in Georgia December 30, 1852, and was 88 years, 9 months, and 3 days old at the time of his death.

Out-of-town relatives and friends attending the services were Mr. and Mrs. Fred Riley of McAllen, Mr. and Mrs. C. E. Padgett and family of Levelland, Mr. and Mrs. E. B. Larrimore of Abilene, and Mr. and Mrs. M. R. Moore of Hereford.

11-Year-Old Youth Dies at Lakeview

Willard Loyd Moore, 11, son of Mr. and Mrs. Vernon Moore of Lakeview, died Sunday after a brief illness.

Funeral services were held Monday afternoon from the Church of Christ in Lakeview, with Minister Grady Pricer of Memphis conducting.

Survivors include his parents, and eight brothers and sisters, J. B. Bobbie, and Curtis Moore, and Mrs. Leona Simpson, Mrs. Chas. Roson, Mrs. Lyon Bownds, and Hazel and Juanita Moore.

Interment was in the Lakeview Cemetery under the direction of King's Mortuary.

The youth was born in Lamar County July 19, 1930. He came with his family to Lakeview slightly over a week ago, and became ill Friday.

Swaim Files Bond In Injunction Case

The necessary bond needed by the Vance Swaim tax collecting firm of Lubbock to appeal the permanent injunction against the firm has been received for filing and approval, Mrs. Isabel Cypert, district clerk, said Monday.

The injunction, granted only recently in District Court here, restrains the Lubbock firm from carrying out the terms of a tax collecting contract made with the Commissioners Court of Hall County. A temporary injunction, granted several months ago by District Judge A. S. Moss, was recently approved by the Court of Civil Appeals in Amarillo, to which court the permanent injunction must also be appealed.

REUNION DATES TENTATIVELY SET

1941 Rodeo Committee Re-Named; Public Affairs Committee Is Appointed

Tentative dates for the 1942 Hall County Old Settlers Reunion and Rodeo were set Monday for June 17-18 at a meeting of the board of directors of the Memphis Chamber of Commerce.

The directors unanimously passed a resolution to carry on the annual celebration, and then set the tentative dates.

In addition the directors passed another resolution approving the 1941 rodeo committee, and naming the members as the committee for the 1942 celebration.

On the committee were Wendell Harrison, T. D. Weatherby, and Chas. Williams. Murray Dodson was arena director, and Mrs. Dodson served as sponsor chairman. The group was approved to allow (Continued on page 6)

Funeral Rites Held At Baptist Church For E. M. McQueen

62-Year-Old Resident of Hedley Dies in Clinic at Wichita Falls; Burial Here

Funeral services were held Tuesday afternoon from the First Baptist Church in Memphis for E. M. McQueen, resident of Hedley for the past ten years.

Rites were conducted by Rev. V. A. Hansard of Hedley, assisted by Rev. A. L. Teaf, also of Hedley, and Rev. S. F. Martin of Memphis.

Mr. McQueen died in a Wichita Falls clinic Sunday afternoon at 2 o'clock. Burial was in Fairview Cemetery under the direction of Womack Funeral Home.

Survivors include his wife, and eight children, Laura Mai Hightower, Willard McQueen, Gertrude Youre, Christine Landis, Ruth Middleton, Eddie McQueen Jr., C. R. McQueen, and Paul McQueen.

Funeral bearers were J. W. Webster, A. B. Harris, Marshall Stone, Bob Farris, Dick Hutchinson, and Conley Ward.

Eddie Marvin McQueen was born June 5, 1879, in Texas, and was 62 years and 4 months old at the time of his death.

Committee Named To Decorate City

Five men were appointed this week by Otis Jones, chamber of commerce president, to serve on a committee in charge of the decorations of the city for the Christmas season.

Named were Wendell Harrison, George Greenhaw, M. J. Draper, Gayle Greene, and Ed Foxhall.

The committee will meet in the near future to make plans for the decorations, which are scheduled to be put up on the day following Thanksgiving.

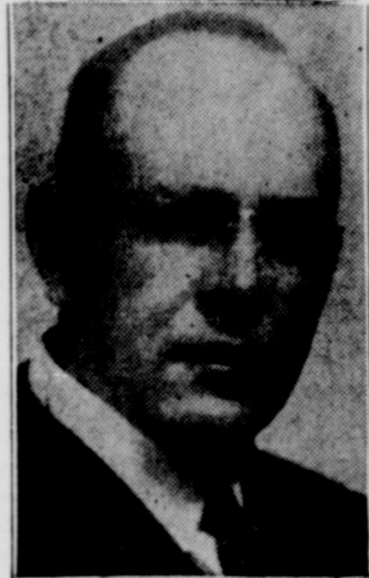

W. C. Davis Is Elected Head of County Recreation Council in Initial Meeting

W. C. Davis, superintendent of the Memphis Public Schools, was elected president of the Hall County Recreation Council at the initial meeting of the group Monday afternoon at the Memphis High School.

Chosen as vice president was Mrs. D. L. C. Kinard, who as a member of the council represents the Parent-Teacher Association. Mrs. Roy Guthrie, county supervisor of the recreation project, will serve as the secretary.

Other members of the council and the group each represents are as follows: Joe Findley, Memphis Ministerial Association; Miss Mary Foreman, Women's Federated Clubs; F. N. Foxhall, men's interests (Rotary Club, Memphis Country Club, Brookhollow Club, chamber of commerce, etc.); and Lester Campbell, young adults.

EVANGELIST—Dr. E. S. James, Vernon Baptist pastor, who will conduct the services at the local Baptist revival next week.

SINGER—D. C. Hamilton, also of Vernon, who will serve as song leader in the Baptist revival.

Baptist Meeting To Start Sunday

The fall revival of the First Baptist Church, to be held through next week, will begin next Sunday morning, Rev. S. F. Martin, pastor, announced this week.

Dr. E. S. James, pastor of the First Baptist Church of Vernon, will conduct the services, it was announced, and he is noted as one of the best pastor evangelists in Texas. He is in great demand for revivals all over the state, and the Memphis church is fortunate in obtaining his services, Rev. Martin said.

The song services will be under the direction of D. C. Hamilton, educational and musical director in the Vernon church. He is fine in leading congregational singing and is considered one of the best of soloists, the local pastor said.

Services will be held twice each day. The morning service will begin at 10 o'clock, and the evening service at 7:30 o'clock.

NUMBER BALES NOT REPORTED

Dry Weather During Week Puts Pickers to Work and Machinery Begins Humming

The sweetest music heard since the 80,000-bale crop in 1928 began this week as gins throughout this area began grinding out dollars in the form of baled cotton from the biggest crop (if something doesn't happen) in a number of years.

The music began in good style this week following the appearance of the sun, and the let-up in the damp weather. The sky, however, is still not clear, and both farmers and business men are holding their breath—at least, a part of the time—in the hope that no more rain and no freezing weather will come for a while.

The number of bales ginned in the county thus far was not available this week, although it is expected to be several hundred. Gins reporting indicated that the cotton is coming in fairly fast this week, despite the long wait giners have had.

The humming of the gin machinery could be heard during all the day, and the greater part of the night. Gins out in the (Continued on page 6)

District Grid Race Narrows, But Four Teams Undefeated

McLean, Shamrock, Lefors, Wellington, Still Winning in District; Cyclone on Bottom

The District 3-A grid race narrowed down last week-end, although four teams, McLean, Shamrock, Wellington, and Lefors, still remain unbeaten in conference play—and all four had followers in being selected as possible conference winners.

This week's conference games, three in all, will probably have little to do with the standings, since three of the teams will go in as heavy favorites.

The conference card finds Memphis, three times defeated, meeting the McLean Tigers, four times winner, on the Cyclone field. The Tigers, rated by many as the probable conference champs this year, have won from White Deer, Phillips, Panhandle, and Lakeview, running up big scores against all opposition except the powerful Phillips Blackhaws.

The Wellington Skyrockets, so far the surprise team in the district, will meet the Lakeview Eagles. The Rockets will be favored, especially since their surprising win over the Chillicothe eleven. The Rockets have beaten Panhandle, Wheeler, and Chillicothe, and the Eagles have downed Memphis, tied Turkey, and lost to McLean. The game will be at Wellington.

Third conference game will be between the Lefors Pirates and the Wheeler Mustangs. The Pirates have shown power this year in defeating Perryton, Clarendon, and the Amarillo Yannigans, while Wheeler has been weak in losing to Wellington and Clarendon. The teams meet at Wheeler.

Non-conference games will see Clarendon playing Phillips and Shamrock playing Perryton. Phil (Continued on page 6)

Negro Gets Five Years for Assault

Ed Eldredge, 18-year-old Negro, was indicted by the Hall County District Court last Saturday morning, tried, and given five years in the state penitentiary on a charge of assault with intent to rob.

The attempted robbery happened at the home of G. H. Crews of the Bitter Lake community on the night of October 1. The Negro was caught the following day, and the grand jury re-convened to act on the charge.

District Court closed last Saturday with the case. A few divorces were granted Thursday and Friday of last week by District Judge A. S. Moss.

Miss Martha Jane Thompson
Is Wed to Lester Campbell

Miss Martha Thompson, daughter of Mr. and Mrs. E. P. Thompson, became the bride of Lester H. Campbell, son of Mrs. L. J. Campbell of Turkey, in a singlering ceremony at the home of the bride's grandparents, Mr. and Mrs. G. M. Thompson, this morning at 10 o'clock.

The ceremony was performed by Rev. S. F. Martin, pastor of the First Baptist Church of Memphis, before an altar entwined with white chrysanthemums against a background of smilax. White chrysanthemums formed the basket floral arrangements on either side of the altar.

Mrs. Campbell wore a crepe dress of R. A. F. blue with bracket length sleeves and tucked bodice. Her hat was of matching blue with accessories of burgundy. She carried a white Bible and her bridal corsage was of white gardenias.

Only members of the immediate families witnessed the ceremony, after which a reception was held at the Thompson home. The guests were received at the door by Mrs. Bertha Carter and registered at the bride's book presided over by Miss June Power.

The reception rooms were decorated with white chrysanthemums, gladioli, and smilax. Miss Maurine Thompson, sister of the bride, presided over the coffee service at the bride's table which was laid with lace and the appointments were of crystal. The bride cut the first piece of the three-tiered wedding cake after which Miss Dortha Fultz assisted with the serving.

Immediately following the reception the couple left on a wedding trip to New Mexico. Mrs. Campbell wore a suit of herringbone weave with Kelly green and tomato red dress and beige jacket. Her hat was of matching green and accessories of saddle brown.

The bride is a graduate of Memphis High School and later attended Clarendon Junior College and Colorado Women's College in Denver. For the past three years she has served as agent for the Bowen Motor Coaches.

The groom graduated from Wellington High School after which he attended Oklahoma A. and M. at Stillwater and the University of Oklahoma at Norman. He graduated from the University of Texas where he was affiliated with Sigma Delta Chi, professional journalism fraternity, and Phi Eta Sigma, freshman scholastic society.

Out-of-town guests at the wedding and reception were Mrs. Hugh Franks, Daihart; Mesdames L. E. Thompson, J. E. Neel, and A. T. Lokey, Clarendon; Mrs. A. R. King, Plainview; Mrs. L. J. Campbell, and Mr. and Mrs. Tom Salem, Turkey.

VIEW FALLS BEFORE POWERFUL TIGERS ON EAGLE GRIDIRON

McLean Tigers rolled to a down the Lakeview gridiron on Friday night, but the team had anticipated the 35 to 0 score.

The Tigers scored twice in the opening period, once in the second, and twice in the fourth. The Eagles held the visitors to little gain during the third period.

The first score came following the initial kick-off by the Eagles. The Tigers, never losing the ball, worked the ball to the Lakeview 30-yard line, and then Lee went around left end to score standing up.

Later in the quarter, the Tigers again scored when Lee broke thru the Eagle line and raced 55 yards, evading tacklers on every side, for a touchdown.

The Eagles, making a desperate attempt to score, saw one of their attempts fail in the second period, when Cook intercepted a pass on the Lakeview 45-yard stripe and ran for the third quarter.

The Tigers came near scoring in the third quarter, but were held for downs when they reached the Eagle 8-yard line.

In the fourth period, McLean worked the ball to the Lakeview 30, and Lee again went through the line for the touchdown. The last score came near the end of the game, when Lee once more got loose and tore down the field 31 yards for the final touchdown.

Leroy Scott, fast Eagle back, was the star of the offensive for the Lakeview team. The defensive stand of the Eagles, however, was the outstanding feature of the game, and, had it not been for the occasional long-run breaks, the Tigers might not have managed to run up the high score.

Starters for the Eagles were as follows: Johnson, Bounds, Scott, Merrel, backs; Davis, Gibson, ends; Fancher, Summers, tackles; Craft, Brownlee, guards; and Story, center.

ball between the posts five times in a row. Following the first counter, his kick was no good, but a penalty against Lakeview gave the Tigers a second chance, and Cook made the kick good.

'At Last, at Last,' Doctors to Treat Other Physicians

Here's a short bit from Virginia Anderson in the Shamrock Texan which we thought worth re-printing:

"At last, at last. Doctors have suddenly decided to worry over the health of their colleagues. Instead of expressing concern over the citizenry in general they're going to worry about each other.

"The Philadelphia County Medical Society has established a committee for the preservation of the health of physicians.

"But what doctor would a doctor trust?"

MEMPHIS CYCLONE TAKES TO AIR BUT FALLS BEFORE IRISHMEN 26-0

The Memphis Cyclone took to the air last Friday night in a desperate attempt to overcome the Shamrock Irish, but the Irishmen's fleet back, Sewell, sifted through the line too often, and the local gridmen came home on the short end of a 26 to 0 score.

The Cyclone's passing game, weak against Lakeview in the opening game but improved somewhat against Paducah, netted the Memphians 157 yards against the green-clad boys, but the local team members were never able to threaten the goal line seriously.

Louis Grimes, co-captain of the Cyclone, threw nine completions in 21 attempts.

On the catching end of the passes were Stilwell and Jackson, the latter snagging several hard-to-catch balls.

The Memphians made five first downs, mostly by passing, and the Irish rolled up seven.

The first quarter went scoreless, but the second told a different story. Sewell went around end for 20 yards for the first counter, and later in the period sifted through the line and scattered 50 yards for the second score.

Still in the second quarter, Ewton intercepted one of the Cyclone passes and ran 30 yards for the third touchdown. Rives kicked the extra point.

NEWLIN

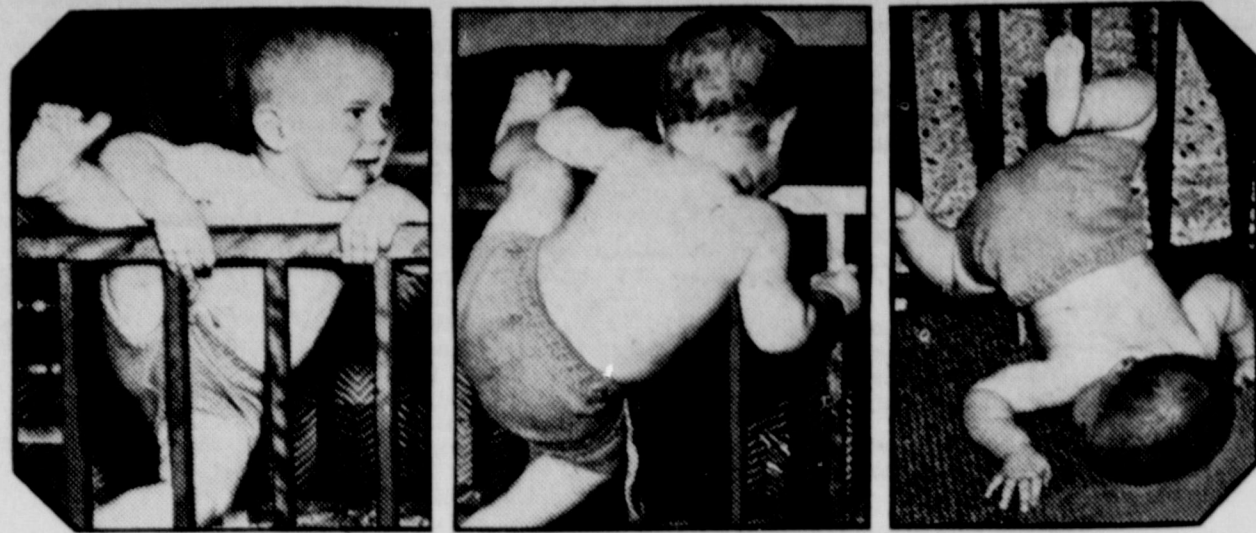

By MRS. FRED HEMPHILL

Weather and Crop Conditions
 Last week's norther and cool spell which sent temperatures down to 40 degrees, was followed by five cloudy, rainy days with about one and a half inches of moisture falling. Considerable concern was caused to farmers who had recently cut their bundle crops and had not shocked them. The rainy weather also delayed many who are ready to begin pulling bolls. The maize crop in this section is the best in many years, lacking a few weeks of fair weather for maturing the grain. The cotton crop promises to be the best ever grown in this section if weather conditions are favorable for a few more weeks.

Newlin School Students

 Newlin School dismissed classes Friday to enable the students to attend the Tri-State Fair in Amarillo which observed Friday as Children's Day. A large delegation of parents and children attended, and a number of the students participated in a contest of choral singing for rural schools. The Newlin group won third place in the contest.

New Babies in Every Neighborhood Set Highest Birth Record in Past Decade

Eleven months old and seeking adventure, this little tot decides to leave his crib and go for a walk. He's off to adventureland, but . . . look out! Gosh. He tripped and landed on his head. "Had I known that," he says, "I would have stayed in bed."

BY WINIFRED CLARK
CHANCES are there's a new baby in your neighborhood. Census Bureau figures report 2,350,000 births in the United States in 1940—the largest number in any year since 1930.

One reason is the increased number of marriages because of improved economic conditions. Another is that those born of the greatly increased volume of marriages following World War I are now coming into reproductive ages.

Proud poppas and mommas may wax eloquent in describing the latest accomplishments of their prodigies, but here are the conclusions research men have reached about average infants. Variations from the average do not mean the baby isn't perfectly normal.

Average length of the newborn baby is 20 or 21 inches, and the infant will tip the scales at 7 to 7½ pounds. During the first month, baby won't cry too much, because sleep consumes all except an hour or two of its day. During the second month, the average baby sleeps from 20 to 22 hours daily. Taste, touch and temperature

are the senses present at birth. By the sixth day, baby turns its head to a bright light. The infant fixes its eyes on objects after three to six weeks have passed.

At two months, the average infant smiles, coos, puts its hand to its mouth, and its head can be raised for short periods. Baby is on a four-hour feeding schedule and the diet prescribed by the child's physician includes an adequate supply of minerals and vitamins.

During the second and third month, sleeping habits are well developed, and the baby shows pleasure by making noises, and attempts to use its hands in grasping objects.

BABY recognizes members of the family and notices strangers at four and five months. Laughing aloud, attracted by bright lights and moving objects, baby now recognizes sounds. He rolls over and may attempt to sit up.

Birth weight is doubled by the fifth or sixth month and sleep required is reduced to 16 to 18 hours. Co-ordination improves and the eyes and hands function better. Baby may attempt to

creep, sits up, and plays with toys.

Two lower teeth usually appear between the fifth and eighth months, and four upper front teeth usually appear between the seventh and tenth months. For the first year, the baby will grow a total of 9½ inches, and usually triples birth weight. Average weight gain after the first eight months is a pound a month.

By the end of the year, the infant plays with simple toys—preferably those that make a noise. Baby enjoys tearing and crumpling paper and likes to pull hair. It can now hold and drink from a cup, handle a spoon, and may be walking.

Permanent eye color is usually established by the end of the year. The infant responds to approval, can wave bye-bye, and can say single words. After that his learning rate accelerates.

Before you know it, baby is 5 and ready for kindergarten. Quiet descends on the home and the neighborhood, while baby spends his days at school, learning to draw lines which are supposed to be pictures and to make noises which pass as the beginnings of music.

was painfully cut and others were bruised but none was hurt seriously. They were taken to the hospital but were released immediately. Both cars were almost completely wrecked.

Community Singing
 The community singing held here Friday night under the leadership of Mrs. Roy L. Guthrie, Hall County recreational director,

was well attended and enjoyed by the large group who met in the music room of the Newlin school. The songs included well-known school songs, hymns, songs in the new Stamps song books furnished by the recreation group. This community singing will be held each first Friday night of the month and other singers in this vicinity are invited to attend. A singing community is a happy community, and let us avail ourselves of this opportunity to sing together and play together the long winter evenings ahead. Third Friday night of each month is spent in playing well-planned games for young and old.

Little Jo Ann Lockhart
 Little Jo Ann Lockhart, daughter of Mr. and Mrs. Barney Lockhart of Salisbury was painfully hurt Friday morning when she fell from a fast moving car en route to the Amarillo fair. She and several other small children were riding in the car driven by

Mrs. Olson Sweatt. The door came open, throwing Jo Ann out of the car. She managed to hold on to the door for several minutes, and was thrown to the pavement. She was severely bruised and lacerations covered her entire body. She was rushed to a Memphis hospital but was later released and brought to the home of her grandparents, Mr. and Mrs. John Hoover, here. Her shoes and socks were completely torn from her feet as she was dragged while hanging from the door. The absence of any nearby cars saved her from being run over after her fall.

John Burnett Ill
 John Burnett, who was ill at the time this column was written last, was later taken to a Memphis hospital for a major operation from which he is recovering nicely at his home here.

A. M. Sims Attends 36th Division Reunion
 Meeting again with his buddies with whom he saw service in the A. E. F. in France during World War No. 1 was a privilege accorded A. M. Sims when he attended the 36th Division Reunion held in Will Rogers Memorial Building in Fort Worth from Friday through Sunday. Memorial services and a special barbecue was an extra attraction held Sunday. Mr. Sims returned home Sunday night.

G. B. Mullins Visits Boyhood Home

Very few familiar places and scenes could be found in his boyhood home which he left some 65 years ago in Smith County, near Noonday, some 12 miles from Tyler, which G. B. Mullins recently visited. The old home has long since been torn down and replaced by a more modern one. Nothing seemed as it did those long years ago with the exception of the familiar bend in the nearby creek which supplied the water for the "ole swimmin' hole" and the ever-present hickory, black jack, sweet gum, pine and many other types of trees that grow so abundantly there. He gathered hickory nuts from a tree that grew on his father's farm there 65 years ago. Mr. and Mrs. Mullins spent several days visiting there and at Tyler, returning last week.

Visitors
 Mr. and Mrs. T. R. Shelton returned Sunday from a 6-weeks stay with their children, Mr. and Mrs. Bob Whittington and Mr. and Mrs. Aubry Shelton, in Fabens, N. M., near El Paso.

THE RECORD... Facts That Concern You No. 32 of a Series

"THIS BOOK ISN'T WORTH READING . . . tear down the Library!"

One bad book doesn't make it a bad library. You wouldn't destroy the library to get rid of a few bad books.

A similar situation holds in the beer industry. The vast majority of beer retailers operate clean, decent law-abiding establishments. Now and then an occasional "black sheep" retailer turns up who violates the law or permits anti-social conditions.

The Beer Industry is now actively working to eliminate such retailers. We want to protect your right to drink good beer and our right to make it.

We also want to protect the economic benefits of beer. Right here in Texas, beer provides employment for 31,165 persons, supports an annual payroll of \$22,076,182 and contributed \$2,273,968.64 last year in state taxes.

This state, too, has an important stake in Beer's purchases from more than 100 industries supplying the brewing industry with materials, equipment and services.

You, too, can help the cause of moderation by (1) patronizing only the reputable places where beer is sold, and (2) reporting any law violation you may observe to the duly constituted authorities.

JOBS FOR TOMORROW

The chemical laboratories of the petroleum industry are now laying the foundation for industries of the future.

Out of their research are being created new products and more efficient ways of making old ones. Synthetic rubber, plastics, explosives, basic chemicals and scores of other essentials developed in petroleum laboratories are already being made on a commercial scale.

These scientific discoveries of materials vital to peace-time needs, as well as National defense, are opening up new fields of industrial activity.

Texas as the leading oil State is playing an important part in the creation of these new American enterprises. As a result, many young Texans now preparing themselves in our schools and colleges will find places in the industries resulting from this research.

The test tubes of today make the jobs of tomorrow.

Farm Cash Can Be Permanent Help to Southern Region

Opportunity to Build Better Farming, Livestock System Is at Hand

Editor's Note: This is the third article of a series, "Feeding for Defense—And Profit," published as a service to farmers and stockmen.

Smoke billowing from factory stacks, lengthening lines of workers before pay-windows of defense plants, and many other industrial developments are being hailed as new opportunities for the South; but, agricultural developments are being hailed as new opportunities for the South; but, agricultural leaders point out, today's opportunities for Southern farmers and stockmen to develop sound, efficient practices, as a result of increased farm income, may be of even greater economic importance.

Too often, history shows, larger agricultural income has been dissipated for luxuries of immediate value, only, or in unwise expansion, rather than invested in permanent improvements and better breeding stock that increase the efficiency and productivity of land, livestock and labor. Today's increasing revenue from more efficient production of livestock, livestock products and crops of the South should be converted into better breeding stock, improved buildings and equipment, terraces and trench silos, and other sound investments that pay returns in the form of greater efficiency on the farm or ranch.

Such use of income, authorities add, represents a lasting value that aids the individual and nation in "weathering" periods of reduced income. By combining the South's proved ability to produce feeds abundantly with greater efficiency in using these feed resources for livestock production, Southern farmers and ranchmen can profit from present demands for livestock products and, at the same time, develop a better-balanced agriculture for the future. In protein-rich cottonseed meal, or cake; in grains and other carbohydrate feeds; in hays, pastures, cottonseed hulls and other sources of roughage, the Cotton Belt has the "raw materials" for producing a far-larger share of the nation's food supply, and for balancing production of cotton, tobacco, wheat and other cash crops.

Because of the economic importance of cottonseed feed products

to the livestock industry, as well as of cotton and cottonseed to cotton growers, cottonseed meal, cake and hulls can play an important part in these sound developments.

By supplying nutrients essential for a properly-balanced ration, such protein concentrates as cot-

tonseed meal enable livestock feeders to produce more pounds of meat, milk or wool per animal; and secure more productive value from every pound of grain or other carbohydrate feed used in the ration. In addition, the availability of cottonseed meal or cake enables ranchmen and farmers

to maintain their stock through cold winter months or dry periods without costly losses of weight and condition.

Southern cotton crops, in this way, provide essential feeds to aid farmers and stockmen not only in securing more immediate cash return from their land and labor,

but also in building a farming and livestock system for the future. By utilizing with increasing efficiency its crop and livestock resources that are already available, the South can profit most from the present demand for, and revenue from, its products.

For 1942—a Beautiful New

FORD

"6" OR "8"

IN THESE UNUSUAL TIMES we invite you to inspect an unusual new car—new in its beauty, its comfort, its choice of two fine 90 horsepower engines, 6 cylinders or 8.

See it and you sense at once that here is new style that will stay good for years. On a lower, wider chassis, we have designed new long, low, wide and modern lines.

Interior treatment is entirely fresh, distinctive, pleasing. The beauty of this Ford will more than hold its own in any company.

Inside, the car is big—wide across the seats, generous in knee-room, leg-room, elbow-room.

On the road this year you find the "new Ford ride" still further advanced in its softness, quietness, steadiness and all-round comfort.

At the wheel, you will find driving easier than ever. Steering, gear-shifting, action of the big and sure hydraulic brakes have all been made smoother and easier.

In quality, the car is sound to the last detail. Defense requirements have all been met without a single reduction in the basic and lasting goodness of the Ford mechanically. Some new materials have replaced old ones, usually at a greater cost to us, but in every case the new is equal to or better than the old.

If your family needs a new car, go see and drive this Ford. For what it is today and for what it will be through the years ahead, we believe that you will find in it more and better transportation for your money than you have ever found before.

Nazarenes Elect Officers for Year

The annual election of stewards, trustees, and the Sunday School superintendent of the Church of the Nazarene was held Wednesday night of last week.

Selected as Sunday School superintendent was W. T. Duke. Stewards are I. T. Hoggatt, Duke, and Mrs. E. J. Cooley. Trustees are R. D. Thompson, W. M. Daniels, and Hoggatt.

Mrs. W. T. Duke and Mrs. W. M. Daniels were selected as delegates to the annual district assembly, to be held in Wellington October 29. Mrs. Robert Duncan was elected as W. F. M. S. president.

Rev. John L. Knight, district superintendent, will be here from Mineral Wells tonight, Rev. D. M. Duke, pastor of the church, said Tuesday.

In addition to the election of officers, reports of all committees were made, as were reports of all boards of the church.

A vote of thanks was given to all who aided in any way in making the 1941 celebration a success.

President Otis Jones and Carl Harrison, local director in the West Texas Chamber of Commerce, appointed a public affairs committee of the local chamber of commerce to attend the annual West Texas convention in Midland November 4 and 5.

Named on the committee were James E. King, J. Claude Wells, Roy R. Fultz, and Harrison.

The directors also decided to sponsor the annual "My Hometown" contest, preliminaries of which are scheduled to start this week at Memphis High School.

The winner of the local contest will be sent to the regional contest at Canyon late in October, preceding the West Texas convention.

FFA at Lakeview Visits Amarillo Fair

The Lakeview Future Farmers of America left early Saturday morning on a school bus to attend the Tri-State Fair at Amarillo. Exhibits of agricultural products were visited, and other phases of the fair enjoyed, making the trip both recreational and educational.

The group visited a number of business firms also. The chapter sweetheart, Miss Jeanette Payne, and her invited guest, Miss Juanita Davis, made the trip with the Future Farmers.

The trip was sponsored by C. N. Merrell, Lakeview FFA adviser.

Devin Attends D. O. Conference

Robert Devin, coordinator of the diversified occupations group of Memphis High School, joined coordinators of the Berger, Pampa, and Amarillo High Schools in Amarillo Friday to attend the district conference of West Texas in Big Spring.

Plans for continuing and increasing the amount and quality of defense training and adult education through evening classes in the district, as well as the regular D. O. classes, were discussed.

The Amarilloan was brought to Memphis as a part of the observance of National Newspaper Week, which was held throughout the nation October 1-8.

Six new members of the Rotary Club of the city were introduced at the meeting. McCarty brought a message from Cal Farley of Amarillo, district Rotary governor, who praised the Memphis club for their activities, and especially for the increase in attendance and membership.

New members present were George Cullin, M. J. Draper, Leslie Foxhall, and Robert Breedlove.

county were reported to be busier than those in Memphis. Lakeview gins were reported to be running at full speed all of the days and most of the nights this week.

The county's feed crop was also in excellent shape this week, and farmers are of the opinion that Hall County will make one of the biggest feed crops in the history of this section. The feed, tall and erect, this year has large heads in contrast to the small heads which have been so common in the past.

power mower for Fairview Cemetery? If you will, the needed amount could be raised within a day's time, instead of dragging out like the Nazi-Red War in Russia. Numbers of people have expressed their anxiety to donate to the fund, but fail to shell out the coin, seemingly waiting to be called on in person. Will you volunteer now?

The Canyon News issued a special section last week as a part of the National Newspaper Week program. The section gave information about every department of the paper, the workers, and informative material showing the how and why of a newspaper. Clyde Warrick and his staff are to be congratulated upon the fine showing made with the special edition.

I regret that the entire citizenship of this community did not hear John L. McCarty of the Amarillo News-Globe discuss newspapers Tuesday at Rotary luncheon here, and the nice tribute he paid to Memphis people for producing a number of successful newspaper men, naming Vance Johnson, Jack Sitten, Jerry Sitten, King Stephens, Adrian Odum, Ted Read, Harry Montgomery, John Forkner and others.

I have often wondered how one feels when he submits a story of a meeting for free publication in his home paper when the programs for such meeting were printed elsewhere, without even giving his home paper an opportunity to bid on the printing job. I know how it feels to be asked to give free publicity after being ignored on the paid printing.

The date for the annual 1942 Hall County Old Settlers reunion and rodeo has been set for June 17 and 18, according to Carroll Smyers, chamber of commerce secretary. It seems to me that

actual experience of the 1941 event would be taken into consideration. Very few old settlers and not a great many others attended last June, resulting in short crowds, short finances, and short interest. If the old settlers are to be considered in the affair it seems to me that the date could be set at least a month later. June is always a busy month for farmers, and just a little early for celebrations.

Honest Bill Miller of the Spearman Reporter recently had the following, in part, to say about The Democrat's editorial, "And the Devil Fiddles While the Churches Burn":

"The Memphis Democrat comes right out in the open and accuses the Christian churches of America of holding on to the horse and buggy religion of a past century, and suggests that the churches streamline their approach, and get back into the leadership of America. It's the opinion of this writer that The Democrat and all other critics are wrong. Religion is one thing that cannot be streamlined. It is the same wholesome satisfying fundamental that it was when Christ came to this world to save a people steeped in sin. You may be able to get bigger and more modern church buildings, but you can't streamline the approach to salvation."

Friend Honest Bill missed the point of the editorial entirely. Not even by inference did the editorial say that religion should be streamlined, or that the approach to salvation should be changed. The editorial dealt strictly with meeting present day conditions and worldly competition in such a way as to attract people, especially the young folks, to the church and hold them there.

How many of the readers listened to the Editors Exchange program at 7:45 last Sunday morning over KGKO, Amarillo? Those who tuned in heard one of The Democrat Staff Poet's poems read by Lewis T. Nordyke. The identity of the staff poet remains unknown to but a few people. Nordyke himself does not know.

Some future program over the radio may drop a hint leading to the final tracking down of the elusive "slinger of iambic pentameter" (French for would-be poet).

This week the Staff Poet does some talking along with his "iambic pentameter":

"My old Granddaddy was a man who met obstacles that he could not overcome. He just wouldn't quit until things were fixed better than he wanted them. And he was a careful man too. He never went fishing until he looked in the lard barrel. If he had lots of lard he caught big fish, and if the barrel was nearly empty, he caught little ones."

"He was an efficiency expert, and he used to tell about the time they worked on King Solomon's temple. He said they all struck on old Sol and made his wives carry water for them while they worked. He said that when they started a job like the temple they never stopped until it was finished. Sol would put on some biscuit throwers, and when a man got hungry he just opened his mouth and one of the throwers threw a biscuit into it."

"Granddaddy was a man who believed in little things, and he always said that the little too that Grandma gave on the dinner horn was the sweetest thing he ever heard, and to demonstrate his

theory, he said an inch of a mile ain't much, but a nose is a long way.

"My verse today is first time in."

THE OLD BARBER
I'll never forget my barber shop, where I sat in the chair, and the barber trimmed my hair.

He says, "You will tonic and oil, also you like other folks, you other folks do."

When finished I be only two-bits; but he head and said with a tin said, "When you leave after the service say I went unto the Lord." We extend Memphis, and the country a cordial visit and enjoy the ing and singing with

NOTICE TO THE PUBLIC

THERE'S ALWAYS THE DAY WHEN YOU CAN'T GET SOMETHING FOR NOTHING

THE DEMOCRAT has been criticized on various occasions on its somewhat scanty reports of functions, given either publicly or privately, at which admissions are charged.

The criticism is hardly fair. A newspaper editor, should he attend all such functions and pay his own way, would be on the go almost all of the time, and would also be "financially embarrassed" most of the time.

A number of such affairs have little to do with the civic betterment. When they do, The Democrat staff members who attend pay for their tickets. Such is the case with the annual chamber of commerce banquet, for The Democrat is a member of this organization. Such is the case at the annual Sideliners banquet for football boys of the county, for the publisher is a member of this organization.

But there are other functions, which are designed for one purpose and another. The Democrat gives these events free publicity—as a general rule—and often no complimentary tickets are issued.

It has long been the custom for complimentary tickets to be given newspapermen for such functions. These events are usually held for some purpose, no matter what the surface reason may be.

The Democrat is expected to give space to such events in publicizing them beforehand, and to give space reporting them. And not even be issued complimentary tickets. Usually we try to overlook such slights, sometimes we ignore them, but **AT ALL TIMES** we don't like it.

When a tent show comes to town and asks for your window space to place an advertising card, do they fail to give you passes? Well, do they?

THE FIRE IS BURNING—DON'T LET IT GO OUT

OUR RECENT EDITORIAL concerning our opinion of the churches of today, entitled "And the Devil Fiddled While the Churches Burn," has attracted a great deal of comments, both pro and con.

The editorial was not meant to be answered, but it was meant to draw suggestions and ideas. It was meant to be the spark which set off the fire of thinking along religious lines, thinking along lines which may bring about some improvements in our churches of today.

We have heard numerous comments on the editorial, some of which were complimentary, some were opposed to the editorial, and some of which we would hardly be allowed to print.

You church members and others who are interested in the welfare of the church and who feel that the church is not as strong as it should be may now take over. We feel that we have done our part by starting some thought along the lines toward what we think will be improvement.

It's your time to think, and let your thoughts turn into action.

A BIG PROGRAM

HAVE YOU GIVEN much thought to the recreation program now being carried on under the joint sponsorship of the WPA and the Memphis Public Schools? Do you know the benefits of the program?

The purpose of the program is to help individuals "gain greatest satisfaction, joy, and benefit from leisure time." That in itself is a lot, and here is the plan:

- Provide social relationships and fellowship.
- Provide for personal needs and development of the individual.
- Place recreation opportunities within reach of all people.
- Providesafe and healthful conditions for activity.
- Provide outlets for creative expression in art and physical activities.
- Afford opportunities for developing good citizenship by team sports and cooperation, not competition.
- Provide equally for both sexes.
- Encourage family recreation.
- Provide activities that will persist at adult level.
- It is a big program—are you doing your part in assuring permanency for the project?

Press Paragraphs

CULLED FROM THE DEMOCRAT'S EXCHANGES

Not Very Big
Ed Bishop of the Dalhart Texas: Thinking back to the supposed-to-be big men whom I have seen and met in my life, I can see that all of them who were genuine were very common, and that includes the President of the United States. (Shake the hand of the man who shook the hand of the President. Remember me?) They are folks who know and understand human nature, can be truthfully interested in the other fellow, and never upset about the duties that confront them. The fellow who has a dozen secretaries around him keeps himself in a glassed-in office, and can't find time to see interviewers is not a very big man.

Less Danger
The Panhandle Herald: Women would be a whole lot less dangerous if a fellia could fall into their arms without falling into their hands.

He Wants to Know
Roy Hahn in the Briscoe County News: Madam Yogi is in town. I hear she can tell you anything you want to know. There's one thing I don't know, but I don't know enough about what it is that I don't know. Dear Madam Yogi, is there really one born every minute?

A Poem?
The State Observer: This from an unnamed contributor: Here's to Franklin D. Roosevelt And his alphabetical horde. He solves every national emergency With a board that overlaps A board that overlaps A board that overlaps A board.

Isolationists
The Lynn County News: Hitler is using all his armed forces at this very moment to accomplish

all these conquests. And these isolationists say that it is no concern of ours; that we should stay at home and attend to our own business—bring our troops back from Iceland, bring our sailors back home, keep our battleships and our cruisers and our merchant ships cooped up in our own harbors. Let Hitler have Europe. Let him and Japan do as they please with China, and with Dutch East India, and with the Philippines, and with Australia. It's none of our business. Let us hug our own shores.

Our only comment is that he is a fool who sees the robber coming, throws away his gun, and lies down to take a nap.

No Argument
Quannah Tribune-Chief: The Nazis do not argue with striking work-

The Next Election
The Iowa Park Herald: Pork barrel politics and soft-soaping of voters only annoy the thinking American of 1941—the American who realizes our nation's future is at stake. In the next election most of us will vote for men whom we believe have the strength, the intelligence, and the integrity to warrant putting into their hands the fate of our country.

What, Not When
The Wichita Falls Daily Times: When you start doesn't matter as much as what.

An Old, Old Story
The Amarillo Globe: It is a weary story now, repeated over and over again, of the way in which the Nazis have stripped like devouring locusts every country into which they have come. As one conquest succeeds another, the same story is told in all its sickening detail. Nobody can say the rest of the world wasn't warned.

Radio Men
The Menard News: Go east, young man, if you know anything about radios. What you learn in England will make you more useful to America.

This Week's Birthdays

Week of Oct. 11 to 18

William Penn, founder of Pennsylvania, was born Oct. 14, 1644. Noah Webster, lexicographer, was born Oct. 16, 1758.

Defense Necessity
Virginia Anderson in the Shamrock Texan: Since the crisis (or national emergency or whatever you want to call it) has arisen we have tried to do our part in saving everything possible and cut down on waste. Religiously we rescue bits of twine and string from the wastebasket, scraps of paper that can be used for scribbling, not that we want to but we feel it's a sacred duty.

Friday we broke a bottle of glue and felt downright unapologetic. Sheer carelessness. Wanton waste. Every time we see the spot on the floor we had a twinge of conscience. That blob of glue could have been used in the defense program; probably to, have held the whole thing together.

Harder Work
The Amarillo Times: There may be a curious feeling of unreality in reading a news item like this: "The Ohio State Council of the American Federation of State, County and Municipal Employees has adopted a three-point program aimed at increasing their salaries

Adventures of THE TOTTIES

(READ THE STORY, THEN COLOR THE PICTURE AND PASTE IN YOUR SCRAPBOOK)

Of course poor Duncy got a scare when he was turned into a hare. And then he said, "This may look sick, but I think it's a real mean trick."

The Mystic Man replied, "Well, son, I thought it would be lots more fun. I'll let you run a while and then make you a little boy again."

"All right, I'll do my very best," said Duncy. "To amuse the rest."

Cried Doty, "Hop like real hares do, so all of us can laugh at you."

And disappeared with Wee Wee. "Where has he gone to?"

Soon Scouty looked "Hark! I'm positive I heard a dog is chasing Duncy. He's picked him right up."

The Mystic Man said, "Zoo!"

The next thing Duncy knew, Wee Wee was hanging from the little pup just then.

(NEXT WEEK: The Totties start away on a strange trip.)

TICKLERS

"We used to pay for watching him when he was in the circus."

and securing a five-day, 40-hour work week.

Salary increases may be justified in many cases, although that is not clearly demonstrated. But a double-headed demand for more pay and less work, in times like these, seems curiously unrealistic. There seems to be little realization here of the situation.

Before we get we're in, and arrive easier times, the deal all of us will have to deal harder than we even if we're easiest of all bosses.
