### Arkansas Watermelons Are High Priced Says Horace Tarver Who Invests \$9.32

The price of watermelons has soared rather high in the last week, if you ask Horace Tarver, local druggist, his opinion in the matter, especially watermelons from Arkansas. Monday, he received four well packed crates from Hope, Arkansas, with a c. o. d. tag attached for \$9.32. Mr. Tarver stated he first thought, before he paid the charges, some of his friends were shipping him a gold mine.

When he unpacked the crates he found four huge watermelons. They tipped the scales at 120 pounds, 101 pounds, 90 pounds and 85 pounds respectively. They were shipped to Mr. Tarver by Wesley J. Mangum who is vacationing in Arkansas and was grown on the farm of Mr. Mangum's uncle.

### Fair Officials To Accept Entries In Automobile Races

Members of the committee composed of M. J. Draper, chairman, Will H. Kesterson and J. Henry Read, in charge of the automobile races to be held at the Hall County District Fair, announced this week that entries in the races would be received by any member of the committee. Only drivers in Childress, Collingsworth, Donley and Hall Counties will be permitted to enter their cars in the races, Mr. Read stated. The Fair will be held two days, October 7 and 8.

All modified stock cars can be entered, according to Mr. Read, in the different races. Three races will be run each day. A 10, 15 and 25 mile sweepstake race will be run each day, it was said. Substantial purses will be awarded winners in each race.

According to members of the committee, the race track is in excellent shape and will be kept in good condition throughout the races.

"We believe that the races will be better this year than ever before," Mr. Read stated. "We are expecting a large number of cars to be entered and it is our plan to do our best to provide the best for local racing fans."

### Rev. Miller Attends Meeting Of Baptist Workers At Dallas

Rev. E. T. Miller was in Dallas Monday and Tuesday attending a meeting of Texas Baptists, including representatives of Baptist schools and hospitals and members of "Every Member Canvass" campaign workers. The meeting was held at the First Baptist church at Dallas.

Dr. O. L. Powers, pastor of the First Baptist church, Wichita Falls, delivered the opening address. Other speakers on the program, according to Rev. Miller, were: J. Howard Williams, Mrs. J. E. Leigh, state W. M. U. secretary; G. S. Hopkins, state Sunday school secretary; T. C. Gardner, state B. Y. P. U. director, and others. Rev. Miller was also among the speakers.

### Public Health Nurse Plans Exhibit To Be Held At Local Fair

Miss Dorothy Ann Wentland, district public health nurse with headquarters at Floydada, was in Memphis Tuesday and initial plans were made to have a health exhibit at the Hall County District Fair.

Miss Wentland does most of her health work in the rural communities. She will be back in Memphis to supervise the health exhibit at the Fair, if it is decided to be held. Her district is composed of Castro, Swisher, Briscoe, Floyd, Crosby and Hall counties.

### Products Of Hall County Clubs Win At Amarillo Fair

Products of the Hall County demonstration clubs won seven first places, five second places, two third places and one fifth place at the Tri-State Fair that opened in Amarillo this week, according to Miss Ruby M. Adams, county home demonstration agent. Winnings amounted to \$42.

Miss Adams paid high compliments to the entries of Ruth Woodson, Harrell Chapel 4-H Club girl, who won five places with \$15 being paid her. The club report submitted by the Purple Hill home demonstration club won first place over a large number of entries, Miss Adams stated. Twelve women constitute the membership of the club whose record shows every member 100 percent active. Mrs. A. H. Jones is secretary of the Purple Hill club.

Other Hall County prize winners are: Florence Hargroves, Salisbury Club; Mrs. Nancy McClanahan, Gammage; Vera Neeley, Indian Creek, two prizes; Mrs. Tom Weatherly, Parnell; Esther Jones, Salisbury; Mrs. Lafa Jones, Turkey; Mrs. C. V. Meacham and Fannie Mae Orr, Lodge.

### Colored Eggs Latest Wrinkle Among Hens

Even the chickens are feeling the effects of the depression or that is the only satisfactory explanation given for hens at Plaska laying colored eggs. The hens that laid the frank colored eggs belong to Mrs. J. W. Oliver of Plaska, and to prove that the eggs were really colored, Miss Ruby Adams, county home demonstration agent, brought them to The Democrat office for inspection.

The eggs were pink, orchid and red brown in color.

"I am at a loss to explain the how or why of these freak eggs," Miss Adams said, "but there they are." And sure enough they were.

### Householder Will Head Legion Post

R. C. Householder was elected commander of the Charles R. Simmons Post No. 175 of the American Legion at a meeting held at the Legion home Thursday night of last week. Other officers elected were the following: Russell Clark, first vice-commander; E. H. Whitlington, second vice-commander; D. J. Morgensen, adjutant; L. S. Ivey, sergeant-at-arms; Oren Jones, service officer; Roy Guthrie, finance officer; David Fitzgerald, post historian and Rev. E. L. Bonine, post chaplain.

The incoming post commander appointed an executive committee to serve with himself and the first vice-commander, to be composed of J. H. Middleton, Lakeview; Elmer S. Shelley, H. H. Lindsey and Maynard H. Drake.

Work for the coming year was discussed. It is planned to have a street carnival in Memphis in the near future and a committee was appointed consisting of Lewis Wheat, the retiring post commander, D. J. Morgensen, L. S. Ivey, Jim Vallance and Elmer S. Shelley to perfect plans for this entertainment. They are to report at the next Legion meeting which will be held on the first Thursday night in October.

Reports were heard from the state Legion meeting in El Paso and of work being done locally. It was decided to keep the annual dues at \$3.50. Preliminary plans for an Armistice Day celebration on November 11 got under way with the appointment of a committee consisting of D. J. Morgensen, Lewis Wheat and Russell Clark. The Legion expects to stage a big celebration of some kind on this day, probably with the cooperation of the Hall County District Fair Association and the Memphis Athletic Council.

### Harvesters Strong Favorites To Win; Memphis Is Rated Underdog By Dopesters

The Memphis High School Cyclone gridsters will be the underdogs when they go into the game Saturday afternoon at three o'clock with the powerful Pampa High School team, according to Coach Nolan Walter. As yet, Pampa has been unbeaten with only five first downs registered against them in two games with Clarendon and Oklahoma City.

The Harvesters are doped to win their district. Their team this year is said to be even stronger than that of last. Coach Mitchell has a large squad of stars from which to pick a starting lineup.

### Music Well Rendered

Preceding the talks, a delightful musical program was rendered by Miss Margaret Milam and Miss Annie Ruth Johnson, accompanied by Mrs. Margaret G. Morgan. Miss Johnson sang "Sorter Miss You" and Miss Milam sang "In the Shadow of the Rockies." Their program was brought to a close with a duet, "Carmena." Both voices blended beautifully. In fact, the program was outstanding in every respect.

### Miss Annie Laurie Carter Is To Open Dance Studio Here

Miss Annie Laurie Carter announces in this issue of The Democrat the opening of her Studio of the Dance in the ball room of the Memphis Hotel Tuesday of next week. Miss Carter is a versatile dancer, having been featured in college as a danseuse of unquestioned talent and ability. She has also had many pleasing appearances locally. She will be assisted in her work by Mrs. Forrest Power, accompanist.

**Has Studied Extensively**  
 Miss Carter has just returned from Mineral Wells where she studied under Miss Katharine Payne, student of Ernest Belcher of Los Angeles and Kosloff of Dallas and New York. She has also studied at Kidd Key, Sherman, under Inez Keith Elmore; at Gulf Park College, Gulfport, Mississippi, under Mary Minge Graham and with Justin West, private instructor in the dance at Sherman.

**Has Large Repertory**  
 Miss Carter's repertory will include the teaching of tap, interpretative, ballet, toe, acrobatic and ball room dances. She will have both class and private lessons and will organize a reducing class for women. For further information concerning the various courses offered, those interested are invited to call telephone number 197 or 500.

### Criminal Docket In District Court Begins Monday

The criminal docket of the Hall County District Court opened Monday morning with three cases being heard up until Wednesday. Several cases have been scheduled to appear during this term of court, but the docket is comparatively light, according to District Judge A. J. Fries.

All cases heard are violations of the prohibition act with charges of possession with intention of sale of intoxicating beverages. The cases heard and verdicts given are: State of Texas vs. A. J. Bell; one year in the state penitentiary. State of Texas vs. Emmett Blackwell; two years in the state penitentiary. State of Texas vs. Ed Fields, not guilty.

Summons for jury service were sent to T. W. Bell, J. C. Chadion, Frank Cox, W. E. Burnett, J. S. Berryman, O. A. Churchman, H. R. Carter, W. B. Curtis, Albert Bailey, E. F. Lemons, T. C. Delaney, D. S. Baker, C. H. Bounds, C. M. Gresham, C. T. Jarvis, O. E. Ramsey, W. C. Smith, Joe DeBerry, J. E. Lamb, Leon Randolph, J. E. Bell, R. A. Hutchenson, E. S. Browning, G. W. Kesterson, Alfred Hutchenson, W. C. Chapman, G. M. Ball, J. T. Campbell, R. P. Baccus, J. C. Beeman, J. N. Cypert, D. J. Morgensen, and M. G. Tarver.

### Will Open Bids OCTOBER 20TH REPORT SAYS

Actual Construction Work Is Likely To Begin Very Soon

Information has been received in Memphis this week that the Treasury Department at Washington, D. C., started advertising for bids on the proposed post office building here on Tuesday, September 22. This information was conveyed in two telegrams received by Henry Read, secretary of the Memphis Chamber of Commerce.

**Telegrams Sent Monday**  
 Both telegrams were sent on Monday, September 21. The first was from John W. Philip, of Dallas, Fourth Assistant Postmaster General and read as follows: "Relative to your telegram. Advertising for construction bids Memphis building tomorrow twenty-second." The second telegram was received from Mr. Vonnerta, acting supervising architect of the Treasury Department. He stated: "Yours twenty-first. Memphis post office project on market twenty-second. Bids will be opened October 20."

**Much Effort Expended**  
 After much effort on the part of the local chamber of commerce and interested citizens generally, through heads of departments and officials of both the Treasury Department and the Post Office Department, this is the first definite information concerning when bids would be advertised for and when they would be opened.

**Would Speed Up Work**  
 Repeated efforts have been made to have the two federal departments speed up this work in order to give employment to local and county people and to put an additional amount of money in circulation locally. Congressman Marvin Jones and Senator Tom Connally have worked on the matter, but it was stated, repeatedly, that it takes a considerable amount of time for plans and specifications to be prepared in view of the fact that every city in the country for which an appropriation has been made for a federal building is equally anxious to have the work start.

### RITZ THEATRE RECEIVES AMPLIFIER AND SPEAKER

A 15 watt public address amplifier and two loud speakers were received Tuesday by Max L. McClure, manager of the Ritz Theatre. The apparatus will be installed in the theatre the latter part of this week. The amplifier uses six large tubes and has a range of two blocks or over an audience of approximately 5,000 people, Mr. McClure stated. The set will be used to announce pictures to be shown at the theatre and to broadcast music. It cost about \$500, Mr. McClure said.

### "Daddy Long Legs" To Show At Palace As P. T. A. Benefit

The Junior High School P. T. A. will sponsor the showing of "Daddy Long Legs" at the Palace Theatre Monday, September 28, for the purpose of securing funds to carry on their work, it was announced this week.

"Daddy Long Legs" featuring Janet Gaynor and Warner Baxter, is one of Fox's outstanding pictures of the current year and it is expected that local movie fans will enjoy its showing here. The picture is about an orphan girl who is sent to college by "Daddy Long Legs." Miss Gaynor is the orphan girl while Mr. Baxter is "Daddy Long Legs."

The admission price will be 25 cents for adults and 10 cents for children. After the benefit program, the admission price will again be 10 cents to all.

### Pantry Shelving Canned Foods Shown Exhibits Are Placed In Citizens State Bank

A 4-H Club pantry containing 749 cans of canned foods is on display at the Citizens State Bank. The foods were canned by members of the home demonstration clubs over the county, according to Miss Ruby M. Adams, county home demonstration agent. The display is made up of canned fruits, vegetables and meats, sufficient to provide an average family of five for a period of six months, it was stated. The pantry and foods are valued at \$200.

**Variety of Foods**  
 In the display, there are 50 containers of meats, 120 of leafy vegetables, 120 of starchy vegetables, 80 of other vegetables, 275 of fruits and tomatoes, 52 of pickles and relishes and 52 containers of preserves and jellies. The pantry contains only foods nourishing and essential, Miss Adams said.

In preparing the pantry, the club members planned a canning budget to determine the number of cans of fruits, meats and vegetables needed by a family during the non-productive seasons. The budget is arranged in order that a family will have a large variety of foods in store and a garden project was outlined for the purpose of raising foods to fill the containers.

The cabinet in which the foods are displayed was furnished by the Wm. Cameron Lumber Company and it will be presented to the garden demonstrator in the county whose garden is best for the year. Miss Adams will select judges to determine the winner at an early date.

"A well organized pantry, intelligently filled, assists the housewife in saving money by conserving foods for non-productive months, saving time by providing a variety of nourishing foods which may be well prepared quickly, improving health by providing the foods necessary to nourish the body," Miss Adams stated.

### BEEF CATTLE SPECIALIST VISITS HERE ON SATURDAY

A. L. Smith, beef cattle specialist of the extension service of Texas A. & M., led discussions Saturday here and at Turkey relative to cattle feeding, according to E. W. Thomas, county agent. He was at Turkey Saturday morning where he met with a group of cattlemen. He met with a similar group here Saturday afternoon.

### Aged Resident Of City Dies Monday

P. W. Balthrope, 70 years of age, died Monday morning at the family home, 121 South Fifteenth street, following an illness of several months duration.

Funeral services for Mr. Balthrope were conducted at the family residence Tuesday afternoon at one o'clock, by Dr. J. A. MacMillan, pastor of the First Presbyterian church. His body was taken to Jester, Oklahoma, by the King mortuary for burial beside his parents and a son. He was born in Missouri and moved to Memphis with his family three and one-half years ago from Oklahoma.

Besides his wife, he is survived by twelve children, Mrs. W. H. Brown, Glendale, California; Mrs. J. B. Lansden, Granite, Oklahoma; Mrs. W. B. Saulsbury, Pampa, Texas; Jas. H. Balthrope, Granite, Oklahoma; H. D. Balthrope, Pasadena, California; Mrs. Violet Stephenson, Pampa, Texas; Mrs. Joe Bowers, Jr., Allison, Texas; Joyce and Jack Balthrope, Memphis.

All of the children were present at the funeral with the exception of one daughter and two sons, who live in California.

### Householder Will Head Legion Post

R. C. Householder was elected commander of the Charles R. Simmons Post No. 175 of the American Legion at a meeting held at the Legion home Thursday night of last week. Other officers elected were the following: Russell Clark, first vice-commander; E. H. Whitlington, second vice-commander; D. J. Morgensen, adjutant; L. S. Ivey, sergeant-at-arms; Oren Jones, service officer; Roy Guthrie, finance officer; David Fitzgerald, post historian and Rev. E. L. Bonine, post chaplain.

### Public Health Nurse Plans Exhibit To Be Held At Local Fair

Miss Dorothy Ann Wentland, district public health nurse with headquarters at Floydada, was in Memphis Tuesday and initial plans were made to have a health exhibit at the Hall County District Fair.

### Pantry Shelving Canned Foods Shown Exhibits Are Placed In Citizens State Bank

A 4-H Club pantry containing 749 cans of canned foods is on display at the Citizens State Bank. The foods were canned by members of the home demonstration clubs over the county, according to Miss Ruby M. Adams, county home demonstration agent. ## P. T. A. Of Junior High Has First Meeting Of Year

The Junior High School Parent-Teacher Association met in their first regular session of the new school year Thursday afternoon, September 17, with more than fifty parents and teachers present.

Mrs. Henderson Smith, president, presided in her usual capable and enthusiastic manner. Mrs. J. A. MacMillan gave an inspiring devotional on the subject, "A Well Balanced Life," bringing out splendid thoughts, that the parents as well as the teachers will do well to apply to their every day problems. The chairmen of each committee showed by her report that the work is already well under way, and everything points to a most successful year's work.

Lester C. Linn, principal, made a splendid talk and stressed some of the most important needs of the school, chief of which was dictionaries. The organization voted to buy these at this time and planned to add other books to the library. Donations of good reading material will be very acceptable at all times. Mr. Linn also pointed out that the Junior High teachers attendance was one hundred percent.

One new feature of the program this year will be a question box at each meeting, presided over by Miss Ira Hammond. It is hoped that by this method the problems of both the parents and teachers may be brought up for a round table discussion that will prove interesting and profitable.

The program was featured by a playlet, "The Leaves Chose Autumn Gowns," under the direction of Miss Dorrace Powell, with Jeanne Denny, Billy Lofland, Jane Hicks, Martha Jane Wright, Billy Frances Montgomery and Betty Sue Lindsey taking parts. Geraldine Kinard played an enjoyable piano number.

After the splendid program, the meeting adjourned to meet the third Thursday in October. Refreshments were served.

### AN OPPORTUNITY FOR THE UNEMPLOYED

**ANNOUNCEMENT** was made in last week's issue of The Democrat that the Chamber of Commerce will maintain a registration bureau to help the unemployed obtain work and we want to call particular attention to this agency. It has been devised solely for the purpose of helping those without work to obtain employment. Information received at The Democrat office indicates that farmers are badly in need of cotton pickers and those without work would do well to register and start for the cotton fields.

Attention has been called to the fact that no relief agencies will be maintained in the city or county this fall, and those who do not find jobs need not expect to be cared for when cold weather sets in. Regardless of the price being paid for cotton picking, it beats remaining idle and doing nothing. The warm weather we have been experiencing will not last much longer and if the unemployed do not make some provision for their future needs now, it will be too late then to try and do anything.

Henry Read, secretary of the Chamber of Commerce, is in charge of the registration bureau. This service is maintained absolutely without charge. We reiterate that no provisions will be made to care for the unemployed later on, so the thing to do now is to go to work and stay at work as long as possible. This will be a severe winter in more than one respect and while work is available, it should not be slighted.

### THE TRI-STATE FAIR

**THE** Amarillo Tri-State Fair is in full blast this week and reports from Amarillo indicate that it is going over in a big way. This is one of the outstanding expositions in the United States and with a competent business management it stands to reason that the Fair this year is eclipsing all former efforts.

It may be that a number of Memphians did not get to attend the Fair on Memphis Day, and if such is the case they should try and witness this exposition before it is brought to a close Saturday night. Everything is new this year. A number of buildings have been erected at the Fair grounds and improvements made to the old ones. Spectacular events are held each afternoon and evening in front of the grandstand.

Following the successful practice of last year, the Tri-State Fair is continuing the free gate feature this fall. With the rodeo, midway attractions, exhibits and special display features of all kinds, the Fair is a real educational event. Many of us who would ordinarily "take in" the State Fair of Texas at Dallas will, in all probability, see the Tri-State exposition before the week is out. The Denver is offering reduced rates; the highway is in fairly good condition and all roads are leading to Amarillo and the Fair. Let's avail ourselves of the opportunity of attending.

### LESLIE LEADS THE WAY

**THE** community fair held at Leslie on Friday of last week might be said to be a fitting introduction to the Hall County District Fair at Memphis on October 7 and 8. In point of interest, attendance and quality of products displayed, this is one of the very best community fairs ever staged in Hall County and people of the Leslie community are to be congratulated on carrying it off so successfully.

The Democrat was represented at Leslie during the day and it was a real pleasure to see what effort and industry will accomplish. Despite unsettled times, despite lack of funds, the Leslie fair was an outstanding success, attesting to the fact that a willing spirit knows no defeat.

We wish it were possible to have more of these community fairs each year. It gives the community in which it is held a new lease on life; it gets people interested in doing worthwhile things and therefore is greatly to be desired. The only thing we regret about the fair is that people from all sections of the county were not present to see how well it was conducted and what splendid displays were on exhibit.

### MAKE USE OF THE CANNERY

**RIGHT** here in Memphis is a brand new cannery, with all needed equipment including cookers, sealers, gas, lights, water and stoves, which has been donated for public use, free of charge, by banks and other business institutions of the city and the cannery is going begging. Very few people are making use of it.

It seems to us that this cannery offers an excellent opportunity for those who want to swell their larders for fall, winter and spring consumption, and we are at a loss to understand why it is not being used. It has been put here to serve the needs of the community and we are hopeful that people will awaken to this fact and begin making use of it.

### ROLLING THEIR OWN

**THE** sale of cigarettes, ready-rolled, in Memphis has fallen off about 75 percent, according to merchants who handle tobacco. People are starting to "roll their own" in earnest, it seems. On the other hand, it is reported that ready-rolled cigarettes are being sold in larger quantities than was true, immediately after the tax on them went into effect. It is our belief that the cigarette tax will be done away with by our Legislature during next year. It is probably one of the most unpopular taxes now being collected by the state government, regardless of the good the tax money is supposed to be accomplishing.

## HIT OR MISS

a column by T. R.

This town has turned out to be a second Chicago. The other night one of the high school students of Wellington came over here to see the bright lights, and he sure got to see them. The young man hadn't been in the city very long until he awakened to find he was the target for about a dozen of our school boys armed with rotten eggs. He didn't hesitate one minute about making up his mind that this was not his home and that he should be in Wellington.

The same thing happened to one of the high school boys from here not so many weeks ago. The boy found a young lady in Wellington that met with his fancy, so he went over to see her. It seemed that the Wellington boys didn't want the Memphis lad infringing on their territory, because the rotten eggs came at his car thick and fast. This young man came back home and broke the news to the rest of his companions, so when the Wellington youth entered their territory they gave him some of his own medicine.

On one other occasion a similar thing happened. One of the local youths went to Wellington to see a young lady. When he had finished his courting and started home, he noticed a car parked across the road in front of him which blocked his path. He slowed his machine down, and was forced to stop. When he had done so, several of the Wellington boys took him out of the car and informed him that this was his last visit to their city, and not to come back. I don't think the young man has ever gone back.

No logical reason has been given as to why these things have been done by the Wellington boys. It may be merely a grudge that some of the boys have against each other, and that is their method of settling it. The whole affair should be stopped, because if it continues serious accidents may result. A rotten egg fight is amusing to see, at certain times, but it is rather embarrassing when you have a young lady with you and the "hen fruit" comes hurling through the air at your head or car. And it is especially embarrassing if one of the eggs hits the young lady you are escorting.

Jerry and I started to the show the other night and Jerry decided that we needed some gum. We stopped to make the purchase, and one of the store managers said he had a bargain in gum that was in line with this "depression." He said he had five sticks of gum for one cent. Jerry said this was just what we wanted, but I insisted it would stick to our teeth. We finally decided we would buy a package of this one cent gum and a package of doublemint. The problem was, how were we going to buy both kinds when we only had a nickel to spend.

The drug man took our money, gave us the package of penny gum, and then walked over to the gum case and took out a package of doublemint. Well, he took out one piece of the five cent gum for himself and gave us the other four. If that isn't giving a cus-

tomers his moneys' worth, I ask you, what is? That is the best bargain I have been able to find since these cigarette rolling machines have come out, and Target tobacco is ten cents. We gave the penny gum to our friends and kept the four sticks for ourselves. That isn't being tight; it is simply economizing.

Horseback riding is getting to be a regular fad in the village

now. Last Sunday afternoon I saw some members of the social set riding on some plugs, and believe me they were real plugs. "Runt" Crawford was straddle of one of the horses, and when I saw him, I thought he was Tom Mix in person. The next day I went around to see how the last member of the "Three Musketeers" was getting along. His back was so sore he couldn't bend over to lift a grocery basket, and his neck

was stiff as a two by four. He said that you could put a barrel in between his legs and he would never know it. We tried to do it, but "Runt" is built too close to the ground for such.

Leonard Doss will press your pants free if you know the password. I went down to see him the other day, and made the remark while there, that my pants needed pressing badly. He said that he would press them free if I would do only one thing. The proposition that he made sounded real big and impossible at first, but women were in the group. I after thinking about the regular price attached to the job, I what he asked. There was one curtain to get behind, and was as thin as a sheet. To the whole story, I'll just say I got my pants pressed without cent of cost.

Class Officers Selected At High School

CLASS SPONSORS ARE NAMED AS STUDES MEET

V. L. McGlocklin Is Elected To Head Senior Class

Organizations have been set up in the different classes at Memphis High School, according to announcements this week. Class sponsors have been appointed and class organization in general has begun.

The officers for the Senior class were elected at a meeting held during the chapel period Friday morning, September 18. The meeting was held under the supervision of Miss Lucille McCann with B. F. Shepherd acting as chairman.

McGlocklin is President V. L. McGlocklin was elected as president of the class from the nominations: Morris Belew, J. W. West and Mary Luma Rasco. In a statement after being elected, McGlocklin said: "With the cooperation of each and every member of the class, I am sure that we can make this class one of the best Memphis High School has ever had."

J. W. West was selected to occupy the office of vice-president with opponents for the office in the persons of Frances Wright and George May.

Buster Leslie was elected to serve in the office of secretary-treasurer. Others nominated for this office were: Cearley Read Kinard, Tommie Mae Boren, Elizabeth McMurry, Ivan Thornton, B. F. Shepherd, Jack Sittion, Charles Flanery, Guthrie Bennett and Pauline Turlington.

Juniors Have Officers The Junior Class held its first meeting of the new school year Friday and discussed plans for the year. The Juniors have already elected officers for the present term. The election was held in May, two weeks before vacation. Cora Fox Yonge was elected president. J. P. Boles was chosen vice-president; Bill Bragg, secretary and Bob Foote, treasurer. Nell Walker is the Junior class reporter while Betty Dale West will be the Junior pep leader. Miss Kathleen Wood is the Junior sponsor.

Sophomore Name President The Sophomore Class met Friday to organize and select a sponsor. Wilson Morrison was elected president; Tommie Frank Jones, vice-president; and Estelena Helm, secretary-treasurer. Roberta Easterling was selected as class reporter. No sponsor has been selected.

Cyclone Guards Have Competition

A subject which is creating much interest, especially among members of the football squad, is the hotly contested positions of right and left guards on the team. The boys coming out for these positions this year are perhaps the most evenly matched of any on the team, both in size and ability. Two of the boys coming out for the position were letter men from last year, but the others are showing up in a fine manner.

The aspirants for these positions are: B. F. Shepherd, 136 pounds; Gayle Greene, 140 pounds; Jack Sittion, 148 pounds; Blanton Bagwell, 165 pounds; J. C. Hill, 145 pounds; Leon Boyd, 142 pounds; Charles Champion, 125 pounds; and Cecil Cudd, 135 pounds.

Some of these boys are learning the signals for both positions at the request of the coach in order that they may play either position.

WEST WARD P. T. A. HAS MEETING SATURDAY

The West Ward P. T. A. held a board meeting Saturday afternoon at the home of Mrs. Duval Brumley to discuss more complete plans for the coming year. The board consists of Mesdames Bertha Carter, H. J. Gore, J. H. Read, Roy Fultz, W. V. Coursey, H. B. Estes and Duval Brumley. It was decided to meet the second Thursday in each month.

Scott Webster, formerly a student of Memphis high school, but now a resident at Littlefield, Texas, visited the school last Monday morning.

basketball group. Betty Dale West will be the leader of the playground ball group, and Ruth Johnson will be the captain of the tennis teams.

It is thought that the physical education classes will be more entertaining this year because the groups will play sports instead of having exercises.

Cyclone Battles All-Star Gridsters To Scoreless Tie Game Played Last Week

The Memphis High School football team held the All-Stars to a scoreless tie in a practice game at the Fair Park Friday afternoon. The game was slow throughout with neither team displaying anything spectacular. Jack Davis, Clifford Stewart, Buster Leslie, Bill Sanders, Jake Leggett played an impressive game for the high school gridsters while Walter Massey and Albert Pearson led the All-Star attack.

The Cyclone threatened to score on several occasions but lacked the punch to cross the goal line. Occasional fumbles cut their scoring chances short. The All-Stars were never in good scoring position and were forced to punt on first down frequently.

The high school team completed several passes for good gains. Stewart did most of the passing and completed several to Davis. Coach Walter went into the Cyclone line-up at intervals but failed to do anything but pass. The All-Stars did not try the aerial game but stuck to the ground with Massey doing most of the ball carrying.

Had Massey had sufficient interference, his drives would in all probability have netted scores. His powerful line thrusts accounted for several All-Stars first downs and his superb line backing constantly kept the Cyclone at bay.

George Thompson got off several nice punts. On one occasion, he spiraled one some fifty yards and out of bounds on the Cyclone four yard line. Emmitt Walker played the entire game for the All-Stars but failed to get started.

The game ended with the Cyclone in possession of the ball on the All-Star's ten yard stripe. A nice crowd witnessed the affair. Officials for the game were Bryan, Delaney, and Howard.

Junior Cyclone Ties Childress In Game Played Thursday

Arthur Howard's football players journeyed to Childress last Thursday where they met the Childress Junior High team in a football game. The game was an evenly matched one and resulted in a 0-0 tie. Both teams displayed a strong defense but failed when carrying the ball.

The Junior Cyclone outweighed their opponents about 15 pounds per man but the Childress players overcame the weight handicap with speed. A good part of the game was a punting dual with Gordon Walker having the edge over the Childress boys. A. R. Evans, C. W. Crawford and Kenneth Oren played an impressive game for the locals.

Those making the trip were: J. P. Boles, Cecil Cudd, Leon Boyd, G. C. Baskerville, Fred Sanders, Boyd Dickson, Bob Foote, A. R. Evans, Spencer Crump, Guthrie Bennett, "Bo" MacMillan, C. W. Crawford, Charles Champion, Gordon Walker, Kenneth Oren, and Billy Parker.

PEP SQUAD PLANS TO ORGANIZE FOR GAMES

Plans are being made by the Memphis High School pep squad leaders to be ready to back the Cyclone in fine fashion by the time the conference games begin. It is expected that practices will be held and drills perfected to be used between halves. It is the plan of the pep leaders to enlist every student not out for the team in the pep squad.

Star Engraving Co. Representative Is Visitor Thursday

Carl Chadoin, a representative of the Star Engraving Company of Houston, was at the high school last Thursday taking measurements for the Senior rings. Mr. Chadoin, formerly of Childress, has taken Truman Fletcher's place as salesman in this section and Mr. Fletcher has gone to Georgia where he supervises the work in thirteen states.

The Senior rings are very beautifully engraved and are very handsome. The rings will cost \$6.75 for medium weight and \$7.75 for heavy or college weight.

Two High School Graduates Enter Arizona College

Edwin Todd, of Memphis, has registered in Northern Arizona State Teachers College at Flagstaff, according to word received here this week. He has secured work with the college orchestra and also with Radio Station KOY in Flagstaff and is a favorable candidate for the men's glee club.

Alberta Gerlach, also of Memphis, has completed the summer session in Northern Arizona State Teachers College and has enrolled for another school year. Her record is a very creditable one, she having made the honor roll during the first semester.

Lester C. Linn, principal of the Junior high school, has reported that twenty pupils have enrolled since enrollment day.

Whirlwind Staff Named Last Week

Appointments of the remainder of the staff members for the Whirlwind were made last Tuesday afternoon at a faculty meeting called by Principal H. J. Gore. The staff was selected in time to aid in editing this issue of the paper.

Those elected to fill the vacancies were, Jack Sittion, sports editor; Loreece Webster, society editor; Charles Flanery and Morris Belew, reporters.

BABBETT CAP AND GOWN CO. MAN HERE FRIDAY

A representative of the Babbett Cap and Gown Company of Fort Worth was here Friday morning in interest of furnishing members of the Senior Class with caps and gowns for the graduation exercises in May. The Babbett concern has patented a novel idea in caps and gowns and is hopeful of furnishing caps and gowns for the Seniors.

Mr. Gore stated. The appointments were made from several applications for each position. The entire staff is Cearley Read Kinard, editor; A. R. Evans, managing editor; Jack Sittion, sports editor; Loreece Webster, society editor; and Charles Flanery and Morris Belew, reporters.

CAMPUS CHATTER

Tuesday morning of last week the Public Speaking class is going through some vocal exercises, William J. Bragg, Junior, known as Bill, was called on to give the exercises. Bill, however, instead of doing them properly only made a few inarticulate sounds and Mrs. Sebronck, the instructor asked him if he had a cold, this being the case she denied the fact that he had a cold but he stated that he was subject to a bad case of hay fever. This a bad state of affairs, true, and we hope that Billy is not merely trying to keep us in suspense.

Samuel S. Cowan's second physics class which is a descendant of last year's famous second period plain geometry class, been working very industriously to find a working model for perpetual motion. The class has reached an agreement that if anyone in the class hits upon a theory which works then the entire class become partners on it. W. Sittion has also been taken up on this idea which is believed to be a very good one, however, not to be tried out at present because of lack of materials and funds with which to work.

J. J. Gore, principal of the high school, went fishing at Lake Kemp Friday afternoon. Mr. Gore two periods early with the mission of Superintendent on and the permission to bring back a sixteen inch bass he superintended. Mr. Jack was not very well pleased with the outcome, however, since Mr. Gore reported to him that the fish was very bad due to the typhoid which prevailed Friday afternoon. Mr. Gore would even reveal the exact amount he caught.

The athletic line of events seems to me that the students are not taking part in football could show their interest in team by backing the team up in chapel last Friday when pep squad was asked to stand many of the supposed football-backers were not joining the squad. This is a year when team needs the full support of the student body and a large squad to cheer them on. The school is not going to back the team any more than the student body, therefore, if the students do not believe in their team and if then the town people will interest also.

The injury among two of the most guards of the Cyclone resulted during practice day afternoon. B. F. Shepherd and Gayle Greene injured their eyes when they had a head-on collision while running signals. They became confused on the signal and both came out of the line therefore hit each other unexpectedly. Both eyes were cut and they were rushed to the hospital where clamps were used on the boys. The injuries are not serious and will heal in a very few days but incidentally they do not see much service in the pep game next Saturday.

This is the first appearance of the column this year and we hope to continue it through the entire year. We, the Whirlwind staff, that you may receive some amusement from this column and bits of fun we try to bring through it.

Physical Education Classes Are Begun
Physical education classes for the year were organized last Tuesday under supervision of Mrs. Low-Dalton and Mrs. Yarbrough. Classes are to meet on Tuesday and Thursday of each week as regular physical education classes.

# Want States Power To Regulate And Control Money Should Rest With People

The Democrat is in receipt of a letter from Representative Sam Bryan in which he says: "Every phase of discussion of monetary measures before the House has been fully read to the press except one. It is all of my speech delivered on the floor of the House except such as applies to that one. I am in the question of the ISSUE OF ISSUES, that is, whether or not we should be settled and settled right, or whether solutions must fail." The speech is as follows: "No legislative body has the right to create production or to fix prices; but Congress does have power to coin money and to regulate its value, thereby establishing a general price level, leaving the price of all commodities subject to the law of supply and demand. To fix prices by legislation is to regulate and annul the law of supply and demand. To regulate a general price requires nothing more, nor less, than making the law apply and demand applicable money. The growth of commerce, extension of business, and an increase in the standard of living creates a growing demand for money; it is the duty of Congress to issue the needed money to supply the demand. If the available supply of money increases no faster than the increase of the demand, the general price level will not fluctuate and panics or depressions will be impossible. We are now suffering from scarcity of available cash, while demand for it is greater than known in times of peace, and money high and prices low. Ricardo and Adam Smith say if the volume of money is doubled, prices will double. Economists take issue with them. To decrease the production of an article would likely more than double its price; but to double the volume of money would double prices not only of cotton, but of all commodities. Doubtless the price of cotton without the increase in price of other things would cause a decrease of production of other things and an increase in the production of cotton. But if a general price level is set, the law of supply and demand will govern production of commodities. The United States Supreme Court has held that whether or not it is 'wise and expedient' for Congress to resort to the issuing of legal tender money in times of inadequate supply is a political question to be afterwards decided upon by the courts. This legal tender money has never been issued by Congress or any national legislatures except in time of great need. Always welcomed by the masses, but hated by the classes, its advent has brought prosperity; its retirement, disaster. Under its rule, the cry of unemployment, or for farm relief never heard. Its advent has always brought peace; its retirement, sorrow. It is the only money not subject to the control of the money market; the people's defense against oppressors. It alone can redeem our land from bondage and economic slavery. It is the money of the people; it should be issued by the people for the use and benefit of the people; it is essential to a government for the people and for the people. The power that controls the money of a country, influences, does not control, its elections, legislatures and its executives. There can be no freedom from slavery, no relief from farm conditions, no independent press; can the ermine of the bench rob the robes of priesthood be free from suspicion until the power to control and regulate the value of money is restored to the people whom it belongs. Money must be the servant of the people or the people will be servants of the money. Only money of the people can be the people. To take the power to issue to control the volume and the use of money from private corporations and to restore it to the people is but to shear the money of the Samsons of Finance, their locks and make them as poor men."

## Former Memphian Dies At Amherst

J. B. Brown, 28 years of age, died Saturday afternoon at one o'clock at the home of his parents, Mr. and Mrs. D. B. Brown, near Amherst, after an illness of some two years, one year of which was spent in a sanitarium at Wichita Falls. Funeral services were conducted Sunday afternoon at four o'clock at the Church of Christ by W. A. Kercheville, pastor of the Church of Christ at Portales, New Mexico. Interment was held in the Littlefield cemetery with Payne-Prowell, Amherst undertakers, in charge of arrangements. Pall bearers were school mates of Mr. Brown. They were: Hershal, Clyde, Jack and Debbis Knox, Lloyd and Howard Crosby, all formerly of Memphis. Those in charge of the flowers were: Misses Yolani Knox, Mildred and Delilah Pennington, Juanita and Minnie Jo Powell. Mr. Brown recently returned from a Wichita Falls sanitarium to the home of his parents. He contracted pneumonia a few days ago, death resulting. # FOR THE BEST ANSWERS EXPLAINING THE MYSTERY of the "HIDDEN QUART" AND TELLING HOW THIS QUART BENEFITS MOTORISTS

**Fact No. 1—Thousands of motorists and service station men have observed that after a car has been given its first fill of Conoco Germ Processed Motor Oil and is driven 200 to 350 miles, a look at the crankcase gauge shows that about one quart of oil is apparently missing . . . but**

**Fact No. 2—These same people have noticed that on the second and later fillings with Conoco Germ Processed Motor Oil, scarcely a drop of oil will disappear during the first 350 miles, and practically none at 500 and up to 1,000 miles!**

The above facts have been checked by actual tests with cars that use six quarts of oil for the crankcase, cars in good mechanical condition and driven at ordinary rates of speed. These facts will also prove true for your car, in proportion to the amount of oil your crankcase usually holds, your car's mechanical condition and the speeds at which you drive.

What becomes of the "hidden quart"? The answer is easy if you study the Facts given above and keep in mind the fact that only Conoco Germ Processed Motor Oil can do. The explanation of the whereabouts of the "hidden quart" is simple—no technical knowledge of motors or oil is necessary.

Remember—The "hidden quart" of Germ Processed Oil does not escape through leakage . . . does not burn up, wear out nor evaporate. It is "present but unaccounted for." Fact No. 2, given above, proves all this.

After you've found where the "hidden

quart" goes, you can easily see the special benefits it gives the motorist—advantages that no other oil can give.

Ask at any Conoco Station or Conoco Dealer for free Entry Blank which contains information about Conoco Germ Processed Motor Oil that may help you win. Conoco Station and Dealer employees will gladly answer your questions. Remember, you do not have to buy anything to enter this contest.

See Rules of Contest for complete details.

## Health Committee Head Gives Report

Dr. C. Z. Stidham, chairman of health committee of the Junior High School Parent-Teacher Association gave a report of the clinic held in Memphis during the summer under the direction of Miss Violet Jones and J. McGuire at the Junior High P. A. meeting last week. This committee is doing some follow-up work. Many of the children being weighed the past week are showing a gain in weight. Free serums were offered during the clinic and quite a number took advantage of the offer. It was reported that had tonsils be would be cared for free of charge, where parents were financially unable to care for this expense.

### Arkansas Melons—

(Continued from page 1)

After unpacking them, they were displayed in the Tarver Pharmacy and in less than 20 minutes a crowd of some 150 people had gathered to view the display.

Claude Harrison was among the number and Mr. Tarver made the remark that he was not big enough to carry the largest of the melons around the square without putting it down. A man present decided to back Harrison and made a wager to the effect. Claude picked up the 120 pounder and started on his journey accompanied by Jim Stanford who looked after Mr. Tarver's interests.

#### Forced to Rest

Before Claude returned to the starting point, he was forced to rest five times, but not once did he lay the melon down. He stated, however, that carrying the melon around the square was the most work he had done in years. The price of the melons jumped to considerably more than the express charges as the result of Harrison's labor. Mr. Tarver stated that this is the highest price he ever paid for watermelons, and considerably more than he intends to pay again.

#### To Sell Slices

Mr. Tarver stated that the melons will be cut Saturday afternoon at two o'clock on the east side of Tarver's Pharmacy, and the slices will be sold for 25 cents each. Any one buying a slice will be the owner of the seed it contains. Mr. Tarver will pay \$5 to the person raising the largest watermelon from these seeds. \$2.50 will be paid for the second largest. Each person buying a slice will register, he said, and his name kept on file.

The price of the two largest melons is three dollars, according to Mr. Tarver, while the two smaller ones will be sold for \$2.50 each, that is, of course, if any one should want to buy one and not just a slice.

### Cyclone To Play—

(Continued from page 1)

position, Coach Walter stated that his defense would be much stronger. With Sanders and Stewart, both hefty men, at the tackle positions, the Harvesters should find opposition in line thrusts. Captain Bourland is expected to be in shape to play the entire game at center. The coach is of opinion that Bagwell will add strength to the line by being shifted to guard.

Flanery, who has been suffering from a charley horse sustained in the Quitaque game, is expected to be in shape to start. Should his leg fail to respond to treatment as expected, the signal calling duties will fall upon the shoulders of Jack Norman, first year man. "We have little hope of beating the Harvesters," Coach Walter stated. "But we intend to give them a real battle. We are going to Pampa with the determination to give them a good game even if we are the underdogs."

#### WOODINGTON AND SLOAN VACATION IN EAST TEXAS

Ben Woodington and C. L. Sloan, Jr., returned Tuesday from a fishing and hunting trip spent near Honey Grove, Texas. They report having killed some 75 squirrels and catching about 50 pounds of fish. In order to kill the squirrels they had to cross into Oklahoma since the season is closed in Texas. Mr. Woodington stated. En route home, the pair stopped at Lake Worth and fished for a day.

#### REGISTRATION BUREAU AIDS LOCAL JOBLESS

There are very few people out of work and walking the streets of the city since the Registration Bureau was organized, according to Chief of Police Bill Huddleston, who was instructed by Mayor Allen C. Grundy last week to see that all idlers go to the cotton fields or leave town. There has been a few who refused to work and were forced to leave the city. Farmers are still needing help in the fields, and there are still many openings for any one wanting work, he said.

### Claremore To Pay Tribute To Three Noted Oklahomans

CLAREMORE, Okla., Sept. 24. (Special)—All details of the sports carnival to be held at Claremore Saturday, September 26, honoring Will Rogers, Colonel Patrick J. Hurley, Secretary of War, and Governor William H. Murray, have been completed by the various committees in charge, and the city is about ready to welcome the thousands of visitors who are expected to attend the three events arranged for the day.

Announcement has just come from the office of the Secretary of Commerce that Roy Hunt, holder of the world's record for successive outside loops with an airplane, has accepted an invitation to take part in the air circus to be held on the morning of the 26th. His participation in the affair being staged by the O. M. A.—Spartan School of Aeronautics and the army ships from Hatbox Field at Muskogee will add further interest to the circus.

The event being looked forward to with the most interest is the polo game in the afternoon between the "Will Rogers Special" and the team of the Oklahoma Military Academy. This game will be preceded by a dress parade staged by the cadets of the academy, as well as a thirty minute talk over a loud speaker hookup by Will Rogers, introducing the game of polo to the spectators.

The football game to be played at eight o'clock that night, between the Flying Cadets of the Oklahoma Military Academy and the Bacone Institute Indians, of Muskogee, is expected to draw much patronage also, since the Bacone Institute is the alma mater of Colonel Hurley.

Already, reservations have begun to come in for tickets to the three events, as well as for hotel accommodations, and a large delegation of National and State Senators and Representatives has booked rooms at the local hotels. The crowd expected here for this day bids fair to stand as one of the largest ever assembled in Eastern Oklahoma.

Mr. and Mrs. Henry Ellis returned to Memphis Thursday from a short honeymoon trip spent at Ruidosa, New Mexico. Mr. Ellis left Thursday afternoon from his home in Stratford and Mrs. Ellis remained until Wednesday.

Send to Clark's for it.

### Official Legion Year Opens Oct. 1

Adjutant D. J. Morgensen of the Charles R. Simmons Post of the American Legion has received word from the state department that the official legion year 1932 opens the first of October, at which time Earl Earp of Sweetwater succeeds Hal L. Brennan of Laredo as Commander.

According to local veterans who attended the El Paso state convention the latter part of August, Legionnaires have seldom, if ever, paid higher tributes of praise to a citizen of Texas than when they elected Earp by acclamation. They declare that among the many services rendered the state and national departments by the Fifth Division, none has been of more consequence than the gift of Earl Earp to the Texas organization. He is a citizen of whom his comrades are proud. He gets things done.

While heralding his induction into office, at the same time, words of praise are accorded the retiring commander, and the wonderful cooperation manifest in the Fifth Division is credited large to George E. Broome, division commander, of Amarillo. Broome is one of the big men in Legion work, say those who have observed him in action over the sixteenth, seventeenth and eighteenth districts which comprise the fighting fifth.

So outstanding has been the efforts of Hal Brennan that he is being prominently mentioned as a future commander of the national department.

#### CITY GROCERY BUYS NEW DELIVERY TRUCK

J. E. Roper, owner of the City Grocery, purchased a special model Chevrolet delivery truck Tuesday. The truck has a capacity of about 20 grocery baskets at one loading, Mr. Roper stated. The machine is closed and every order will be protected from dirt or rain. The purchase was made from the D. & P. Chevrolet Company.

Mr. and Mrs. Martin Gibbs, of the Midway Cafe went to Amarillo Monday for a few days visit with friends and to attend the Tri-State Fair.

Miss Reba Fitzjarrald is visiting relatives and friends at Chillicothe and Vernon this week.

### Prexy Hill Is In Race For Teachers Association Head

Dr. J. A. Hill, of Canyon, president of the West Texas State Teachers College, is a candidate for the position of President of the Texas State Teachers Association, when it meets in Amarillo November 26, 27 and 28. C. Wedgeworth, superintendent of the Dimmitt schools, is chairman of the Panhandle regional committee.

It is said that 110 school officials and administrators from all sections of Texas have already pledged their support to Dr. Hill who has been identified with public education in Texas since 1898 and has been president of the West Texas State Teachers College since 1918. Dr. Hill is a native Texan and he has had experience in every phase of public school work. Records show that he was the sixth teacher to become a life member of the Texas State Teachers Association.

Mr. Henry Ellis left Wednesday for Stratford, where she will make her home. She is the daughter, of Mr. and Mrs. Lee Guthrie of this city.

Leon Bullard attended the Tri-State Fair in Amarillo, Thursday.

Mr. E. E. Mayer and daughter, Enid of Amarillo were guests in the home of Mr. and Mrs. C. R. Webster Monday. They were en route to Dallas where Miss Mayer will attend S. M. U. Miss Mayer and Ione Webster were members of A. O. T. at S. M. U. last term.

Joe McIntyre of Fort Worth was a business visitor in Memphis Tuesday and visited his brothers-in-law, J. A. and D. A. Grundy.

Get it at Tarver's.

### Candidate

Dr. J. A. Hill, president of the West Texas State Teachers College at Canyon, is candidate for the office of President of the Texas State Teachers Association. The convention of this organization will be held in Amarillo this year on November 26, 27 and 28.

#### FORT WORTH MAN IS HEARD HERE SUNDAY

Patrick Henry of Fort Worth, state secretary of missionary work of the Christian churches of Texas, spoke Sunday morning at the First Christian church. He was heard by a large audience.

He spoke Sunday afternoon at Hedley and Sunday night at Clarendon. He is well known among the Christian churches throughout the state having been one of the outstanding ministers for over 15 years.

Ward Hicks is leaving Friday for Dallas, where he will be a student at the Baylor Medical College again this year.

Mrs. George Greenhaw was a visitor in Clarendon Sunday.

### Cyclone Will Play Amarillo Team Here Next Week

According to Coach Nolan Walter, the Memphis High School Cyclone will play the Amarillo Yarnigans here Friday, October 2. The Yarnigans have played several of the stronger teams in this section and have made an impressive showing in each game.

It is expected that they will give the Cyclone a real battle. Coach Walter plans to groom his men for the fray next week. It is probable that several new plays will be perfected in time for use in the game.

The Cyclone will open their conference schedule with a game with Turkey here October 16.

J. W. Chappell returned first of the week from Paris, Texas where he spent the summer with relatives. He will teach in the Brice school this term.

Send to Clark's for it.

### Stop Signals To Be Watched Chief Of Police

Local motorists are not to ignore the stop signals on Main Tenth street, according to Bill Huddleston, chief of police. Huddleston stated that the signals were placed in the area as a safeguard for highway motorists as well as local auto drivers and merely slowing down changing gears is not sufficient under the law, he stated.

Several local car owners are fringing on private property rights when they make right turns from Main street to Tenth street, Huddleston stated, and through the driveway of the local Service Station, and slackening speed and changing gears as they should. The signals will be watched at intervals and check made whenever the signals are observed.

Mrs. R. S. Greene spent the week in Clarendon visiting with relatives and friends.

# What Will I Give Them For Dinner Today?

It is a question, isn't it? Every single day of the year you must manage to feed those hungry little mouths with a dinner that varies from yesterday's dinner, yet is equally appealing, well-balanced, wholesome and nourishing. Incidentally, you must keep within your food budget.

Why not follow the method of so many other mothers? That is, to plan your meals from the food specials appearing each week in *The Democrat*? It's wonderfully simple and convenient. The grocers' most attractive items appear regularly in *The Democrat* each week.

## Read the Food Advertisements

You won't have trouble varying your menu, or keeping it well-balanced and appealing, if you read *The Democrat's* food advertising regularly. In fact, you'll be flooded with fine, practical suggestions. You'll soon find your food bills growing substantially lower, while your meals grow increasingly better.

**"Why  
My Next Car  
will be  
A FORD"**

WHEN you buy a Ford there are two things you never have to worry about. One is reliability. The other is long life.

Here's an interesting letter from a Ford owner in North Carolina:

"My Ford was purchased May 8, 1928, and has been run 121,767 miles. It has never stopped on the road for repairs of any kind whatsoever except punctures.

"The brakes were relined at 101,000 miles. My gas mileage averaged 21 miles to the gallon, and on tires, 19,000 miles per tire. I travel over all kinds of road conditions—mountainous and flat.

"I consider this a wonderful record and I assure you my next car will also be a Ford."

This is just one of many tributes to the reliability and long life of the Ford. A Ford owner in Iowa tells of driving his Ford 73,000 miles in a single year. Another writes of 120,000 miles of good service.

Think ahead when you are considering the purchase of an automobile and consider what it will be like after thousands of miles of driving. Will you still be satisfied? Will you still say "it's a great car"?

If it's a Ford, you know everything will be O. K. It will be taking you there and back in good style, just as it has always done. And you will have saved many important, worthwhile dollars in cost of operation and up-keep and low yearly depreciation.

### FIFTEEN BODY TYPES

## TRINITY GUILD HAS MEETING MONDAY EVENING

The Trinity Guild met Monday at six o'clock at the First Presbyterian church.

The meeting was opened with a song service, using the favorite hymns of the members. A circle of prayers followed the Trinity Guild song. Business was discussed and the secretary called the roll, each responded with a verse of scripture. The leader for the evening, Marjorie Guill, asked questions taken from the book, "Know Your Bible," after which the benediction was repeated in unison.

Those present were: Mrs. L. D. Pierce, Alice Ruth McClaren, Mildred Baker, Frances Denny, Pauline Ross, Mary Winston Walters, and her sister, Mrs. Leon Hale.

## Singers Will Hold Meeting At Vernon

On Saturday and Sunday, October 10 and 11, the third annual convention of the Oklahoma-Texas District Singers' Association will be held in Vernon, according to Wesley J. Mangum, president of the association. Mr. Mangum stated that he is expecting the largest attendance in the history of the organization, some 5,000 people, including outstanding singers from Texas, Oklahoma, New Mexico, Louisiana, Tennessee, Arkansas and other states.

It was stated that Vernon is making big preparations for entertaining the guests during the two day convention and singers interested in attending from Memphis and HaH County are asked to note the dates the convention will be in session.

MRS. JOHN ALEXANDER IS SOME BETTER THIS WEEK

The condition of Mrs. John H. Alexander, wife of Sheriff Alexander, was reported to be slightly improved this week. Mrs. Alexander has been in ill health for months and her condition has been growing worse gradually. While slight hope is held out for her complete recovery, the many friends of Sheriff and Mrs. Alexander are glad to know that the latter's condition took a turn for the better this week.

Mr. and Mrs. Glenn Thompson went to Amarillo Wednesday to attend the Tri-State Fair.

## Midland Life Proxy Is Slated For Honor At Convention Soon

Daniel Boone, president of the Midland Life of Kansas City, Missouri, is slated to be president of the American Life Convention, according to W. C. Blankenship, district manager for the Midland Life with headquarters at Memphis. Mr. Blankenship stated that Mr. Boone is now a member of the executive committee of the American Life, having served in that capacity for the past two years. He has a strong backing for the office of president, it was said. The election will be held at Pittsburgh, Pennsylvania, the week of October 5.

Mr. Boone is a member of the famous Boone family that figured so conspicuously in the New York Life in early days. He became secretary of the Midland Life in 1909, vice-president in 1917 and since 1920 has been president.

## Big Musical Show Will Feature Fair

Rose Martell, Clifford Newdahl, Margaret Speaks, Artennis Faque, Harry Puck, Stephen Mills, and stars of equal repute, have been cast in the leads of the State Fair production of "Three Little Girls," which will be the auditorium attraction at the 1931 exposition, Oct. 10 to 25, it has been announced by T. E. Jackson upon advices received from the Shubert offices in New York.

The "Three Little Girls" cast which will be seen at the 1931 State Fair of Texas will present one of the greatest arrays of stars seen at the State Fair of Texas since the auditorium was erected in 1925.

Among the other stars who will be seen in the principal parts are Connie Graham, Victor Morley, Fred Leslie, Rollin Grimes, Mar-Charles Christie, Chester Herman, Charles Chesnev, Hal J. Scott, Patricia Allen, Raymond O'Brien, John Willard, Tom Houston, and others.

"The Three Little Girls" is one of the most fascinating productions seen on Broadway in many seasons. Its merit is shown by the fact that it broke all musical romance records of Chicago by running to capacity business for a total of 32 weeks. It has also broken house records in other cities.

## Baptist Leaders Adopt New Goals

The leaders of Texas Baptists have unanimously decided upon the following goals for next year: \$750,000 for the cooperative program; 1,500 churches on the budget, making a remittance to Baptist headquarters each month; 100,000 men and women, boys and girls agreeing to give one-tenth of their income to the promotion of the Lord's work, and \$5,600,000 for local church expenses, Christian education, associational missions and benevolence, according to information received this week from T. C. Gardner, state Baptist publicity director.

### Here is Farm Relief That Will RELIEVE!

## Mr. Cotton Farmer:

Effective at once, we will gin your picked or snapped cotton at 25 cents per hundred. We have the best equipped gin plant in Texas and it is operated by experts in every department. We will buy your cotton at its highest market value at all times, based on staple and grade value. And right here, we wish to say that no ginner in Texas can make higher grade than we make. We realize this is a broad statement, but we have no fear of successful contradiction.

Now, Mr. Farmer, if you want relief, you can have it by ginning with us. We make no claim to pay you dividends, either lean or fat, at any time. Ginning at this low price gives you value received and then some, and if you want to call this service dividends—which it in reality amounts to, well and good.

We want you to know, Mr. Cotton Farmer, that our action in reducing the price of ginning is entirely voluntary. There has been no demand from any source, either farmers or business interests, that we reduce our prices, nor have other ginners or cotton factors been consulted with reference to our policy.

We want you to do your own thinking and act in accordance with your best judgment. It is your cotton after all. You planted it—you worked it—you picked it—and now that it is ready to be ginned, it is up to you to make your own decisions as to just how this will be done and who will do it. We know you are capable of arriving at your own conclusions for after all, you are concerned primarily with having a good turnout and marketing your product at the top price the market allows.

Those of you who have ginned with us before know and appreciate the fact that we play no favorites—that we give a square deal to all alike. That same policy which we followed in other seasons is in effect now and will remain in effect regardless of any statements to the contrary.

We reserve the privilege to change our prices for ginning when crop and market conditions justify us in doing so.

We want your business on the basis of service, well-rendered and available to all alike.

## Thank You!
