BAPTIST ANNEX PLANS ADOPTED

RITTENBERRY OF AMARILLO IS ARCHITECT

Architecture Will Be In Keeping With Church Home

Plans for the Baptist annex were adopted at a meeting held Monday night at the First Baptist church by the annex committee, presided over by Sam T. Harrison, general chairman. The plans were drawn and submitted by E. F. Rittenberry of Amarillo, one of the best known architects in this section of the state. Mr. Rittenberry drew the plans for the Junior High School and for the First Christian church now in the course of construction.

Small Amount Needed

According to Mr. Harrison, the church needs only a small amount to complete the cash total decided upon before actual building operations are begun. The committee needs \$700 to complete the quota. Of this amount \$200 has been pledged and it is hoped to have the remainder in hand before the week is over. It was originally decided not to start construction work until \$15,000 in cash had been raised.

Similar Construction

The annex will be constructed of the kind of brick as is used in the present church home and of a similar type of architecture. It will be located just north of the present building and will be connected with the church proper by passageways, known as lobbies.

Pastor's Study Included

The second floor, or the first floor above the basement, will be used for the young peoples' department, for the B. Y. P. U. and similar organizations. On this floor will also be located the pastor's study and the office of the church secretary.

To Re-Arrange School

When the annex is completed, it is planned to re-arrange the entire Sunday School. Each class will have a separate room and each department will be so arranged as to have its own opening exercises. The Baptist Sunday school is graded and with the additional space that the annex will afford, it will allow ample opportunity for the needed expansion.

Final Estimates

The plans were officially adopted at the meeting Monday night and are being forwarded to the architect, Mr. Rittenberry, for final estimates. If it is found that the specifications call for a greater outlay of funds than the \$30,000 originally decided upon as the cost of the new building, the plans may have to be revised somewhat, Mr. Harrison stated.

Built of Faced Brick

The filling station is being constructed of faced brick and will be modern and up-to-date in every respect. When completed, the cost of the station will be about \$4,000. It will contain a large amount of paving around all sides of the station and will have a ladies rest room and other modern conveniences.

Local Winners In Flag Contest To Be Announced Soon

Interest in the first annual nationwide flag contest conducted by the Hearst Newspapers under the direction of the United States Flag Association is increasing locally, as a number of school students have entered the contest and some one among the number has a chance to take a trip around the world.

Mrs. T. C. Delaney is sponsoring the movement locally. Three boys and eleven girls have written essays on the subject, "Old Glory's Greatest Glory." Judges appointed have graded the essays and the writers are to deliver them from the stage of the junior high school Monday afternoon, May 6, beginning at 2:30 o'clock. The various judges will be present upon this occasion, and local prizes will be awarded at that time.

National Competition

The boy and girl whose papers are ranked first will be entered in the national competition, as their papers will be forwarded to Washington, D. C., to be reviewed by the regional judges. It is hoped that at least one student from Memphis may be accorded regional or national recognition from this contest.

Cross of Honor

In every regional flag contest, the boy making the highest mark among the boys and the girl making the highest mark among the girls will each receive the Cross of Honor of the United States Flag Association, which is the same decoration that was awarded Charles A. Lindbergh. The presentation will be made in Washington by the President of the United States or some other nationally prominent personage. They will also receive the title of "Knight of the Flag" for the boy and "Lady of the Flag" for the girl. The third award will be a trip to Washington, D. C., which will include a patriotic pilgrimage to Fort McHenry, Maryland, where Frances Scott Key was inspired to write the "Star Spangled Banner," and to Philadelphia, visiting Independence Hall, the Betsy Ross home, and nearby Valley Forge, America's most inspiring patriotic shrine.

Junior High Students

When the contest was first announced locally, a number of high school students expressed a desire to take part. However, due to the many duties incumbent upon these students, they dropped out and it is only the junior high school students who are taking part in the contest.

Filling Station Erected By Seago

S. L. Seago of the Seago and Simmons Gin announces that he is building a filling station near his gin property, one-half block northwest of the ice plant. He expects the station to be completed within the next thirty days.

Scouts Of Troup 3 Take Camping Trip Over Last Weekend

Troop 3 of the local Boy Scouts hiked to Wayside Park last Saturday afternoon and camped there until Sunday night. All the boys carried food supplies for three meals and enjoyed spending the night in the open. Scoutmaster J. B. White and Assistant Scoutmaster J. G. Gardner, Jr., had charge of the troop.

Record Attendance Is Had At Meeting Of Singing School

A record breaking crowd attended the county singing convention held at Webster last Saturday and Sunday, according to W. J. Mangum. At a business meeting Saturday, the following men were appointed to represent the Hall County convention at the meeting here in September of the District Singing Convention: James Smith of Leslie, Bill Todd, E. E. Walker, W. A. McIntosh and Roy Lovelady all of Memphis.

President Throws the Season's First Ball

Exhibiting a sweeping overhead delivery, President Hoover is pictured as he threw out the first ball of the season at Washington played the Athletics. To the left is E. S. Barnard, president of the American League and in the center Mrs. Hoover.

Collegiate Comedy Is Scheduled For 2 Performances

Thursday and Friday nights of this week, one of the best home talent shows to be seen in Memphis in many moons will be enacted in the auditorium of the senior high school. The production, known as "Aunt Lucia," is a "whis-bang" of a collegiate comedy. Practices have been held during the early part of the week, and when the curtain goes up on the first of the two performances, you had better make preparations to laugh, for that is what is guaranteed to happen.

100 Local People

One hundred local people have been selected in the mammoth cast, headed by Jim Martindale as Aunt Lucia. The cast of characters in the order of their appearance is as follows: Jerry Watson (Fake Aunt), Jim Martindale; George (College Boy), Roy Guthrie; Dick (Football Star) Irvin Johnson; Mr. Collins (Dick's father) Isidor Cohen; Butter and Egg Man of Omaha, David Fitzgerald; Ethlyn (Jerry's Sweetheart), Frankie Allison; Betsy (George's Sweetheart), Vernadine Jones; Molly (Dick's Sweetheart), Annie Ruth Johnson; Prof. Gaddis (Eccentric Bachelor), John Deaver; Dean Howard, Mrs. G. J. Leath; Dr. Seymour (College President), W. F. Reed; President's Wife, Altha Tom Bridge; Freshmen, Red Williams and Pinkie Lindsey; Glee Club President, Paul James; Fraternity President, J. R. Martin.

Fraternity Personnel

Annual Holiday Of Senior Class Taken Tuesday

Senior Day was observed by members of the 1929 graduating class of the Memphis High School Tuesday, when a class picnic was held at Dripping Springs, about six miles southwest of Claude.

The seniors gathered at the high school at seven o'clock and repaired to the place of the picnic in eleven cars, being chaperoned by Superintendent H. A. Jackson and Misses Currie and Kincaid, class sponsors.

Doc' Hicks Presents Lyman E. Robbins In Dance Before Lions

Twelve members of the local Lions club motored to Estelline Wednesday morning and gave a program at the weekly meeting of the Estelline Lions club Wednesday noon. Lyman E. Robbins of The Democrat was the headliner on the program, being featured in aesthetic dances under the tutelage of Dr. L. M. Hicks, popular tooth extractor of the Hall County National Bank building.

Record Attendance Is Had At Meeting Of Singing School

A record breaking crowd attended the county singing convention held at Webster last Saturday and Sunday, according to W. J. Mangum. At a business meeting Saturday, the following men were appointed to represent the Hall County convention at the meeting here in September of the District Singing Convention: James Smith of Leslie, Bill Todd, E. E. Walker, W. A. McIntosh and Roy Lovelady all of Memphis.

Series of Dances

Mr. Robbins gave a series of dances, including the "dance of the seven veils" made famous, in her younger days, by Mary Garden. He also gave the dance "I drink, I have drunk, I am drunk, or Three Sheets in the Wind," being an interpretation of the way in which Estelline Lions act when away from home.

Old Enough to Talk

Curry Green, mayor of Estelline, announced that talking pictures would be seen in the theatre at Estelline within the near future, saying that there was no need for Charlie Meacham to install this innovation as the pictures he showed were old enough to talk anyway.

Has Good Chance

Ted Read has a good chance to win in extemporaneous speaking. His victory at the district meet at Childress came about as the unanimous opinion of the judges who heard him speak.

Walter Massey, Durward Martindale and Emmett Lee Walker, the other contestants, stand a good chance of winning high placement in the athletic events in which they will compete.

SERVICES HELD TUESDAY FOR LOFLAND

Hundreds Pay Tribute To Memory Of Well Liked Citizen

Funeral services for John Lofland, 35 years of age, who died Monday morning at six o'clock, following a stroke of paralysis three weeks earlier, were held at the First Methodist church Tuesday morning at 10:30, conducted by Dr. Ernest E. Robinson, interment taking place at Fairview cemetery.

Mr. Lofland was a member of the First Methodist church, having joined this church in 1921. He had been a resident of Memphis for the past 20 years, coming here from Arkansas. He was well known and liked by all with whom he had come in contact during his long residence in the city.

Many Floral Offerings

Attending to the affection and esteem in which Mr. Lofland was held, flowers paid beautiful and silent tribute to his memory, they being banked about the pulpit and altar in a profusion of Spring loveliness. Floral pieces came from friends and relatives from other towns in the state, adding to the myriad floral tributes received locally. The flowers consisted of red and white carnations, yellow jonquils, red roses, pink rosebuds, cream and orange rosebuds, mixed with sweet peas, and other beautiful flowers.

Active Pallbearers

Pallbearers were Clarence Powell, J. Henderson Smith, Claude Kennedy, W. M. Owens, N. A. Hightower, George Greenhaw, Dyke McMurry and Howard Randall. Mrs. L. M. Hicks had charge of the floral offerings and she was assisted by Miss Neville Wrenn, Miss Ira Hammond, Mrs. J. G. Brown, Mrs. Clarence Powell, Mrs. J. P. Montgomery, Mrs. W. B. DeBerry, Mrs. Frank Phelan, Mrs. J. A. Bradford, Mrs. Henry Newman, Miss Maud Milam, Mrs. L. L. Dowell, Mrs. E. S. Foote and Mrs. D. A. Neeley.

Surviving Mr. Lofland are his wife and two children, Audrie and Billy Lofland, his mother, Mrs. J. C. Lofland, a brother, Ed Lofland and a sister, Mrs. C. L. Caviness of Memphis, and a number of other relatives.Relatives and Friends Out of town friends and relatives who attended the funeral included the following: Mr. and Mrs. Earl Ryan of Clarendon; Mrs. Frank Johnson and children of Dallas; Mrs. Claude Jones of (Continued on page 5)

Locals Confident Over League Meet

The five students who will represent Memphis High School in the state Interscholastic League meet in Austin next week are planning to "bring home the bacon" or a part of the bacon, at least. Four men will enter the track events and one the literary events.

Lee May stated recently that since this is his last year in high school, he is determined to try harder than ever before to put Memphis on the athletic map of the state. Lee will take part in four track events and perhaps more.

Walter Massey, Durward Martindale and Emmett Lee Walker, the other contestants, stand a good chance of winning high placement in the athletic events in which they will compete.

High School Nine Will Cross Bats With Lions Club

Coach Vance Swinburne's high school baseball nine will cross bats with a team from the local Lions club next Monday afternoon at four o'clock on the local diamond. The primary purpose of the game is to make up a deficit that has been experienced in the high school baseball treasury, due to inadequate support on the part of the city. Although various firms and individuals furnished the team with uniforms, the attendance at practically every game played here has been negligible and the team has thereby "gone in the hole." Unfortunately, it takes money to keep a team of this kind "going." Bats and balls have to be purchased and visiting teams have to be cared for.

Accept Challenge

The Lions club accepted the challenge of the high school team at the meeting Monday at noon. The club is expected to furnish a number of shining lights that should be in the big league baseball, but who have been detained in Memphis following other pursuits. Outstanding heroes of the Lions club include such stars of the athletic firmament as Dr. L. M. Hicks, Dr. J. Hardin Mallard and Rev. Arthur W. Jones, to say nothing of Charlie Meacham, Lyman Robbins, Judge A. S. Moss, Herschel Montgomery and a number of others.

Reputed Good Catcher

Dr. Mallard is reputed to be a good catcher. In fact, he catches a lot at every meeting of the Lions club. At such meetings, he is known by the dignified name of "Windy." Dr. Hicks says, speaking for himself, that his arm is a good one, although one would think by the strong arm methods he uses in extracting teeth that his arm would be a trifle unsteady. He will likely last the first inning. (Continued on page 5)

Record Attendance Is Had At Meeting Of Singing School

A record breaking crowd attended the county singing convention held at Webster last Saturday and Sunday, according to W. J. Mangum. At a business meeting Saturday, the following men were appointed to represent the Hall County convention at the meeting here in September of the District Singing Convention: James Smith of Leslie, Bill Todd, E. E. Walker, W. A. McIntosh and Roy Lovelady all of Memphis.

Liberty was chosen as the place of meeting for the next county singing convention, which will be held the third Sunday in August.

Dinner was served on the ground last Sunday and an enjoyable time was had. People from all sections of the country were in attendance at the meeting, according to Mr. Mangum.

Friends of Joe DeBerry are delighted to know that he has greatly improved. He has been confined to his bed for the last two months with a serious attack of erysipelas.

'Abie's Irish Rose' At Palace Theatre Features New Star

Nancy Carroll, popular Paramount screen actress, recently landed one of the most coveted parts of the present cinematic season. She essays the role of Rosemary in Anne Nichol's "Abie's Irish Rose," set to the screen by Paramount, which will show at the Palace Theatre, Thursday and Friday, May 2 and 3.

Miss Carroll was personally chosen for the part by Miss Nichols. She fills the requirements to the letter inasmuch as she is an Irish lass, with blue eyes and red hair.

Of Irish Descent
Born of Irish parents on Tenth avenue in New York City, Miss Carroll has been in theatricals most of her life following her graduation from school. She appeared in several New York musicals, and was given the leading parts in several productions staged at Los Angeles. Her appearance there marked the beginning of several screen offers for small parts which she accepted.

Filled Requirements
Miss Nichols, the author of the play, and who supervised the transplanting of the record breaking stage attraction to the screen at the Paramount studios in Hollywood, was convinced that Miss Carroll filled the requirements for the part the minute she first saw her. A screen test was made, with Miss Carroll being assigned the part.

Miss Carroll plays opposite Charles "Buddy" Rogers, Paramount star, and who is the Abie in the screen production of the play.

Carefully Groomed
The little Irish lass is being carefully groomed for potential

stardom on the screen by Paramount studio officials, and if her reception by the critics and public alike is any criterion of her popularity resulting from her work, there is little doubt that she will soon enjoy that select estate in moviedom.

Others in the cast of the film version of the play are Jean Hersholt, J. Farrell MacDonald, Bernard Grocey, Ida Kramer, Nick Cogley, Camillus Pretal and Rosa Rosanova.

Hattenbach Married To K. Whaley

Thelma Lee Hattenbach, daughter of Mr. and Mrs. George Hattenbach, and Hersal K. Whaley, son of Rev. and Mrs. Whaley of Sweetwater, were united in marriage at the First Baptist church, at a large crowd of witnesses, which was decorated with pink roses, smilax and white flowers. The bride was dressed in a white gown with a high collar and long sleeves, and carried a shower bouquet of pink and white flowers. The groom wore a dark suit and carried a sword. The ceremony was performed by Rev. E. T. Miller. The bride and groom were accompanied by their parents and other relatives. The reception was held at the home of Mrs. Whaley in Shamrock, Texas. The bride and groom were surrounded by friends and relatives who presented them with gifts. The bride's bridesmaids were Miss Mary Mildred Vineyard of Amarillo, Miss Ruth McCoy of Abilene, and Miss Janice Miller of Simmons University. The groom's best man was Mr. J. B. Jones. The wedding cake was a two-tiered affair, decorated with white frosting and pink flowers. The bride and groom cut the cake together, and the first piece was served to the bride and groom. The wedding party then departed for their honeymoon. The bride and groom were accompanied by their parents and other relatives. The bride and groom were surrounded by friends and relatives who presented them with gifts. The bride's bridesmaids were Miss Mary Mildred Vineyard of Amarillo, Miss Ruth McCoy of Abilene, and Miss Janice Miller of Simmons University. The groom's best man was Mr. J. B. Jones. The wedding party then departed for their honeymoon.

FIDELIS CLASS HAS PICNIC AT WAYSIDE
The Fidelis Class of the Baptist church went to Wayside Park Monday night for a picnic. About twenty members and their guests attended, and report lots of eats, games and in short a "big time was had by all."

MRS. BREWER HOSTESS TO MISSIONARY SOCIETY
The Missionary Society of the Presbyterian church met in regular meeting Monday afternoon at the home of Mrs. Brewer. The meeting was opened with prayer by the president. After a short business session Mrs. Mallard conducted the devotional; reading the 12th chapter of Romans. We were then tested on the Query Corner, which was very interesting, questions being on the magazine "Women and Missions. The offering for the afternoon was \$28.

RECEPTION HONORS NEW CHURCH MEMBERS
A reception for new members was held by the Christian church Wednesday night, April 17 at the home of Mr. and Mrs. J. P. Watson. An impromptu program was given, started off by singing "The Church in the Wildwood" by the entire assembly. Mrs. G. W. Kesterson gave some very amusing readings, Miss Ruby McCanne sang two songs accompanied by Mrs. Shelley. Miss Helen Rae White gave some readings, which pleased her audience immensely. The pastor, Arthur W. Jones, next introduced the new members to the old, and the old members to the new, giving characteristic recommendations for each individual. Mr. Watson, as chairman of the building committee then told of the progress on the new church building, and reported that it may be possible to secure a church bell, which seemed to please the members very much. A social hour followed during which the hostess served punch and cakes, to about fifty-five members and their friends.

MRS. WHERRY GIVES THREE COURSE LUNCHEON
Mrs. R. H. Wherry gave a three course luncheon last Wednesday in honor of Mrs. M. J. Holmes who visited here from Baird. Mrs. Holmes used to reside in Memphis, and her many friends enjoyed meeting her again. The guests at the luncheon were: Mesdames M. J. Holmes, Bert Brewer, John A. Wood, R. C. Webster, Lee Thornton, A. Baldwin, J. H. Hattenbach, J. M. Ballew, E. P. Randall, Sam Harrison, B. F. Shepherd and J. C. Ross.

MEMPHIANS VISIT FRIENDS IN AMARILLO
A large group of Memphians motored to Amarillo Sunday to visit with Mr. and Mrs. G. D. Beard and Mr. and Mrs. Malone Hagan. They were met there by Mr. and Mrs. H. A. Finch and mother. All spent the day and enjoyed the visiting very much. They took lunch and dinner with Mrs. Beard, and all being old friends had an unusually enjoyable time together. Those going from Memphis were Mrs. R. C. Walker and three children, Mr. and Mrs. M. J. Draper and children, Mr. and Mrs. W. B. Quigley, Mr. and Mrs. H. E. Tarver and children. Mr. and Mrs. Finch returned with the others to Memphis and have been visiting here. It was a reunion of old friends and exceptionally well enjoyed.

GIRL SCOUT TROOPS MEET AT LIBRARY
The Girl Scout Troops, Nos. 1, 2, 3, and 4 met April 17 at the library with Mrs. T. C. Delaney, the regional director, in charge. There were about sixty girls present, and the afternoon activities began with the larger girls standing in horseshoe formation about the room, with the smaller girls in front of them—each older girl being the big sister for the little sister assigned to her. Miss Wrenn then led them in singing "The Star Spangled Banner," and they repeated in unison the laws, motto, slogan and promise.

Mrs. Delaney then invested several girl scouts of troops 3 and 4 as Tenderfoot Scouts. She then presented four girls with their Second Class badges. Tommie Mae Boren, Loreece Webster, Allie Caviness and Anna Louise Hudgins having earned these badges. Upon the recommendation of the Court of Awards, with Mrs. A. W. Jones as chairman, the following girls were awarded credit for merit badges which will be given them upon their receipt by Mrs. Delaney.

Allie Caviness got credit for Observer Merit Badge.
Pauline Turlington for electrician.
Dorothy Jones for Laundress, Citizen and Musician. These three girls told in general what the requirements were to earn these badges.
W. D. Orr then arrived, and the girls formed outside the library, each big sister with her little sister in front, and had their picture taken.
Then the little sisters gave their big sisters a surprise in the form of a lunch, and they adjourned to the park for a picnic.

MISCELLANEOUS SHOWER IS GIVEN LAKEVIEW BRIDE
A miscellaneous bride's shower was given Thursday afternoon, April 18 at the home of Mrs. W. S. Gosdin, honoring Mrs. Russell Payne, formerly Miss Viola Dunn. The rooms were beautifully decorated. The bride was told to "Go to the end of the rainbow and find the pot of gold," but found, instead, a bed loaded with lovely gifts.
Several games were played and refreshments were served to the following guests:

Mesdames Ira Bevers, Lloyd Byars, Albert Payne, Parker Floyd, B. E. Derrett, Fred Hoover, O. L. Dunn, Stub Newman, R. C. Ellis, James Skinner, Lonnie Ales, C. P. Melton, F. A. Floyd, John Deering, W. W. Williamson, Dell Wells, Tom Isham, C. Dunn, R. E. Hogan, J. W. Mitchell, W. A. Gatlin, Lee Banks, J. H. Boren, Tom Payne, A. P. Holligan, Irwin Payne, Albert Bevers, George Payne, Ott Bevers, Clarence Gosdin, and H. D. Payne; Misses Pansy Dawson, Vera and Ruby Davis, Ellie Holligan, Lois and Fannie Ruth Leggett, Mildred Gatlin, Myrtle Duren, Gertrude Dunn, Mary Mullins, Pauline Smith, Anabel Risinger, Inez and Lucy Gosdin.

HENNON-ROBERTSON NUPTIALS SOLEMNIZED
Mrs. Mary Robertson and Dr. J. C. Hennon were married April 19 in Wellington, by Rev. A. I. Smith, pastor of the Methodist church there. They are making their home in Memphis at the Memphis Hotel.

SURPRISE SHOWER HONORS BRIDE-TO-BE
Miss Thelma Lee Hattenbach was honored with a surprise shower by Miss May Nell Elliott, at the Elliott home last week. There were four tables of "42"

and the games were much enjoyed by the young ladies. About sixteen guests were present. The "Express Man" knocked at the door and left a package for Miss Hattenbach, and lingerie gifts were presented to her. Then the three married guests expressed their heartfelt sympathies and condolences to the victim.
The hostess served ice cream molded in shape of slippers, to match the tallies, and lovely cake.

Collar and Cuff Contrast Add New Touch To Smart Summer Costumes

BY HARRIETT

The contrast of collars and cuffs on new costumes and the manner in which their skirts get their freedom of fullness are two matters that the woman of fine appearance will do well to consider.

Since silk suits are pre-eminently excellent for early summer and late spring wear, every woman wants one.

She may have it long or short-coated, she may have it caped or jacketed. She may have it with a long, trailing afternoon line or a jaunty cut shortly below the knee.

But if she knows her silk suits, she will have collar and cuff treatments that are interesting and she will introduce a new note in the skirt's fullness.

Big Collar Good

The frilled collar, the big, out-to-the-shoulder collar of contrasting silk, is excellent right now, being so new in this first season for years to feature anything but the collarless neckline.

Since white is by all means the loveliest combination if one chooses blue or black for one's silk suit (and either is so very satisfactory for the woman who does not have a half dozen suits) the wide collar and cuff touches must be detachable so they can be kept scrupulously clean.

I show one of the newest afternoon suits in navy blue flat crepe that has a fascinating white front frilled collar that is distinctly good on a tall, slender woman and on young girls.

It is made on a two-inch bias banding which can be basted into the neckline of the coat so very easily that it is nothing. The cuffs of the three-quarters coat tie in a cute knot, not a bow. The skirt has deep box pleats inverted both in front and back and stitched well below the hipline so they flare like a knee flounce.

The second suit I show today introduces two very new notes. It is made of a rich gold colored flat crepe, but would be equally stunning in a bright blue, one of the spring greens or rose beige.

Its jacket develops into a cute

Two smart new costumes for the season are shown above.

little dolman and uses buttons of self-material to run down the shoulder lines, emphasizing the smart rounded effect of the dolman. Kolinsky collars it, that very satisfactory fur.

The skirt has three godets of the circular French pleatings introduced. The French pleating takes a circular piece and tapers deep pleats at the lower edge into the merest bit of a pleat at the top. It flares like a chic fan when milady walks.

Both the hats on these models are noteworthy for their smart-

ness. The half-and-half blue and white one for the navy blue suit is very new. It frames the face with white and the back is blue. It is felt and has no trimming whatever, relying rather on its line and startling color combination.

The gold crepe suit has a lovely brown hat, one of the new shallow crown ones with the tiniest brim. It is one of the feather-weight felts, untrimmed and light enough to be negligible, were it not for its chic.

Cowboy Is Said To Use 'New Rhythm' In His Singing

FORT WORTH, April 25. (Special)—"If the cowboy sang his songs as most radio entertainers sing them, he'd get the breath knocked out of him," says Prof. Newton Gaines, head of the physics department of Texas Christian University and immediate past president of the Texas Folk-Lore Society.

"The real cowboy has to use 'basse rhythm' in his singing," Gaines points out. "It is the rhythm of his working day in the saddle."

On Western Ranches Prof. Gaines has spent several years on West Texas ranches. He sings cowboy ballads as the working cowboy really sings them. He plays his own accompaniment on the guitar.

"The music of the cowboy song can usually be traced by the expert musician to some popular song of the '70s and '80s," says Gaines, in describing the music of the cowboy. "Yet, in almost every case, one finds that the cowboys have altered the rhythm and melody to suit their pioneer experiences and feelings."

Rhythms of Songs "The rhythms of the cowboy songs correspond to the three gaits of the ordinary Texas cow pony—the walk, the trot and lope."

According to Gaines, the cowboy songs are characterized by freedom of expression, the persistent use of the first person, and the soft singing of the verses.

"Contrary to popular belief," he says, "the cowboy usually sang his songs in soft tones. His night-herding songs were always croons. Loud singing would have had a disquieting effect on the cattle. Ninety per cent of a cowboy's singing is done with no one around."

Large Shipments Of Fruits Moving From Tex. Points

AUSTIN, April 25. (Special)—Large shipments of fruits and vegetables are being moved from Texas farms, according to Bernard Nichols, editor of the Texas Business Review, issued monthly by the Bureau of Business Research at the University of Texas.

"During March, loadings of fruits and vegetables amounted to 7,624 cars, compared to 5,843 cars in February and 7,548 in March, 1928," Mr. Nichols said.

"A total of 18,884 cars was loaded in the first quarter of the year, compared to 17,753 cars in the first quarter last year, a gain of 6.4 per cent. Prices in most cases showed a small seasonal decline, although a few vegetables were higher as supplies decreased. The potato market declined as a result of heavy shipments from storage in the late producing states. Onions also declined \$1 per 100 pound sack and string beans remained mostly unchanged, while tomatoes and a few small vegetables were higher."

For adding machines, Standard and Portable typewriters, see Zeb Moore. 58-4c

Deportations Of Mexicans Change

CORPUS CHRISTI, April 25. (UP)—Officials of the South Texas Chamber of Commerce have announced that as a result of telegraphic communication and conferences between Congressman John N. Garner and the Commissioner General of Immigration, instructions have been given to the district Superintendent of Immigration service to change the methods employed by the service in the deportation of certain Mexican farm labor.

It is believed, according to these officials, that this action will do much towards immediately relieving acute farm labor problems which exist in South Texas. With the cotton hoeing season at hand farm labor is very scarce and in many areas the situation has become critical. It is stated that a great many restrictions will

be removed under the new order of the Commissioner General of Immigration.

Congressman Garner's activities in the matter and the subsequent action of the Federal authorities followed protests filed by the South Texas Chamber of Commerce and many local commercial organizations in this region.

Two Outlets Into Mexico May Be Had By Dallas-Ft. Worth

BROWNWOOD, April 25. (UP)—Dallas and Fort Worth may have two outlets to Mexico if plans under way along State Highway No. 10 and Federal Highway No. 67 are completed.

The State Highway is a route from Denton to Fort Worth to Brownwood to Del Rio with all the north part paved and strips from Fort Worth to Brownwood in good condition.

The Federal Highway is one of the important Southwestern traffic lines, coming down from Arkansas into Dallas with Dallas and Brownwood chambers of commerce anxious that it be extended to Brownwood thence to Presidio. This proposed route would be the same as the State highway from a point near Fort Worth to this city.

All the territory between Brownwood and Fort Worth-Dallas would then have two outlets to the Mexican Republic.

That the plans will be carried out is seen in the action of three West Texas counties.

What's Doing In West Texas

CARBON saw the installation of a cream route on April 22. This is the result of cooperation of the community club with farmers. O. Stone and County Agent Patterson made a canvass of the territory south and west of Carbon and reported at a meeting of the club presided over by S. P. Runflet that conditions were favorable.

ROCHESTER is laying claim to being the smallest town in the world with talking pictures. Greenwade, owner of the Rochester Theatre says that the newly installed machinery will make it possible to feature all the latest vitaphone pictures. All talking pictures will be shown the first three nights of the week.

SWEETWATER'S band will be in charge of George H. Winter after May 1. Winter has a record of 24 years in band experience in university and industrial organizations. He was leader of four different army bands during the war. He will conduct classes in band and orchestra instruments at his Municipal Building offices.

MUNDAY will keep several hundred dollars at home since the establishing of a modern laundry there by Miss Jewell McKee of Knox City. The capacity of the plant will be increased as fast as the patronage justifies. The plant is equipped with several washing machines and a drying closet.

WINTERS will hold an annual "Living at Home Fair" beginning with June 20, 21, and 22 of this year. Exhibits by communities and individuals, 4-H clubs, vocational agricultural judging con-

tests, short courses and field day, a "Live at Home" banquet and the opening of the airport will be featured.

JUNCTION'S beautiful lawns this summer will be inspired partly by the contest being sponsored by the Parent-Teachers Association and other civic organizations. Kimble Courts is one of the mod-

els, and the work there is attracting the attention of all in landscape work.

LUBBOCK men are tearing down a two story structure to make way for the story Hilton Hotel for the permit for construction was out recently and was in the neighborhood of \$500,000.

MRS. SHELLEY TAKES PUPILS TO AMARILLO

Mrs. Elmer S. Shelley went to Amarillo with two of her music pupils to attend a lecture and ex- amination along the Progressive Series, a graded piano course. Prof. Louis Victor Saar was the teacher. He is a man of over forty years experience in teach- ing piano, and is internationally known. The two pupils are Miss Virginia Orr and Miss Naomi Wiggins, who were accompanied to Amarillo by their mothers. The pupils were examined by Prof. Saar, on piano, technique and theory.

At noon Prof. Saar gave a lec- ture to the teachers and parents, along different phases of music work. The lectures and examina- tions were of benefit to teachers, parents and especially to the pu- pils.

FRESHMAN CLASS HAS PICNIC ON THURSDAY

The Freshman Class had a pic- nic Thursday the 18th, at Wayside Park.

There were many games played, but the most interesting was the baseball game played by the girls and boys, the boys beat by a large score. Miss Wrenn took the girls on a hike to the springs.

The eats consisted of sand- wiches, soda pop, pickles, olives, potato chips, cakes and Eskimo pies, and every one enjoyed the lunch immensely.

The guests for the afternoon were Mr. and Mrs. H. J. Gore, Mrs. Hollis Boren, Mrs. Joe Web- ster and Miss Beth Moreland.

CARD OF THANKS

We desire to thank our friends in and out of Memphis for their many kindnesses shown us in our time of sorrow and affliction and for the beautiful floral tributes occasioned by the passing from our midst of our loved one. Noth- ing that we might say can expre- fully our heartfelt gratitude. May God's richest blessings abide with each of you in our sincere wish.

Mrs. John Lofland and Family.

Creamery Treats Staff To Cream

The force of The Memphis Democrat was treated to a gener- ous surprise Wednesday afternoon in the form of ice cream. The cream was sent with the compli- ments of the Artie Lewis Cream- ery and if every bit of the cream is as good as that furnished the staff of this newspaper, it is some ice cream.

Three kinds of cream was furn- ished, strawberry, chocolate and vanilla. All work was stopped for the time being and a feast was en- joyed.

The Artie Lewis Creamery is lo- cated back of the Coca Cola Bot- tling works in a new brick build- ing. Its cream is made amid sanitary surroundings and is re- tailed to a large local trade.

Mrs. J. G. McDougal of Hedley has been visiting with Mr. and Mrs. E. M. Ewen the past week.

REVOLUTION IN MEXICO BRINGS U. S. FIGHTERS TO TEXAS BORDER

SAN ANTONIO, April 25. (UP)—Parts of virtually every fighting branch of the United States army is encamped on or moving toward Texas, New Mexico and Arizona Mexican borders as Uncle Sam takes steps to protect American lives and property as a result of revolutionary activities in the Mexican border states.

Air corps, infantry, cavalry and artillery are all operating under war-time activity orders issued by Major General William Lassiter, commander of the Eighth Corps Area, with headquarters at San Antonio. The chemical warfare service and tank service are the only fighting branches not included in troop movement orders of the past ten days, but as they are services attached to the infantry they can technically be counted in on the nation's latest war gesture.

Troops now concentrated on the southern border represent the largest regular army troop movements since the period directly prior to the entrance of the United States into the World War.

Troops Sent Out
Troops that were ordered to move last Saturday to Bisbee, Arizona, a central point from which they can be hurled against any section of the southern frontier, were sent out from Fort D. A. Russell, Wyo., Friday, a day ahead of their schedule. This rush order, General Lassiter said, was issued due to a disturbing situation in the state of Sonora. The troops included the 20th infantry, and number approximately 2,500 or 3,000 men. The regiment arrived at Bisbee Sunday.

Concurrently with the rush order affecting the 20th Infantry, General Lassiter instructed Brig. Gen. Moseley, commander at Fort Bliss, Texas, to order one battery of the 82nd Field artillery, which had been ordered from that station with one battalion of the 82nd Field artillery to Hachita, New Mexico, to proceed past that point to Don Luis, Arizona, a point half way between Naco, Arizona, the most active Mexican war zone, and Hachita. The artillery battery, armed with four 75-mm. guns, is expected to be ordered on to Naco to supplement infantry, cavalry and air corps forces already there operating out of Fort Huachuca, Ariz.

The entire 7th cavalry, station-

ed at Fort Bliss, is now marching to Hachita with the exception of one squadron which is already at Fort Huachuca and Naco. A part of the regular infantry and cavalry forces stationed at Fort Huachuca have been at Naco for the past several weeks, representing the first troop movement since that place became the center of the Mexican war theater.

The artillery and cavalry troops sent out of Fort Bliss number about 500 men.

At Columbus, New Mexico, made famous by the bandit chief-tan Francisco Villa, is the temporary station of Troop A of the 7th Cavalry under the command of Capt. A. J. Wyn, of Fort Bliss. These troops are under orders to patrol 60 miles of the New Mexico border between Columbus and the Bulberton ranch.

Concentration Point
Hachita, N. M., is the concentration point for all of the 7th Cavalry, less one squadron, which is at Fort Huachuca and Columbus and one battalion of the 82nd Field Artillery, less one battery, which was ordered to Don Luis and will probably be ordered on to Naco, Ariz.

Only two points on the Texas border have so far been the destination for recent troop movements. St. Helena, Texas, and Presidio, Texas, both in the Big Bend country, are patrol headquarters for cavalry detachments sent from Camp Marfa, Texas. The 1st Platoon of the 1st Cavalry, with two machine guns, is at St. Helena, and troop A of the same regiment has taken up station at Presidio.

Border Patrol Duty
The army air corps is experiencing its first border patrol duty since the regular patrol along the Texas border was discontinued in 1919. Planes of the same organization, however, the 3rd Attack Group, which in 1919 flew up and down the Rio Grande and had on its roster such famous pilots as Lieut. James H. Doolittle and Alexander Pierson, are again on border duty at Fort Huachuca or Naco, only a short distance away.

Twelve planes of the 3rd Attack Group, now stationed at Fort Crockett, Galveston, Texas, and six observation planes of the 12th Observation Squadron, Dodd Field, Fort Sam Houston, Texas,

comprise the air Corps units operating around Naco.

They are directly under the command of Maj. E. A. Lohman, commander of Dodd Field, who in turn is acting under field orders of Brig. Gen. Frank S. Cocheu, commander of Fort Huachuca.

Armed for Activities
All of the attack planes are armed for war activities, each carrying synchronized and wing machine guns, and have orders from General Lassiter to shoot down any Mexican war planes, rebel or federal, caught flying over the American border.

The air force sent to Fort Huachuca was supplemented by an engineering and service detachment of 20 men and four officers sent from Dodd field by train immediately after the squadron left the ground at their home stations.

Armored car troops of the First Cavalry at Hachita, New Mexico, were ordered Saturday by General Lassiter to move toward the border and observe all roads leading out of Chihuahua. Lassiter fears that the breaking up of the rebel armies may result in formation of many small bandit gangs and he is determined to stop any contemplated raids on United States Territory.

The armored car troop consists of seven cars, 50 enlisted men and machine guns. Lassiter also ordered two ambulances, gasoline trucks and two motor trucks shipped from San Antonio Saturday as ground equipment for the air forces at Fort Huachuca.

Local and Personal

Mr. and Mrs. Sid Baker, Mr. and Mrs. Henry Newman and son Boyd, visited in Quitaque last Sunday.

Mrs. A. D. McCroary left Sunday to visit with relatives in Lubbock and Ralls.

I keep on hand cut lengths of dress goods, pique, gabardine, crosstex and so many new weaves, both in silk and cotton. Phone Mrs. N. C. Herod at 176.

C. C. Crozier went to Quannah last week for a visit.

Joe Webster returned Monday from Dallas where he went on business.

Mrs. Lonnie Burk and daughter Betty Joe, and Mrs. Joe Webster visited in Shamrock Tuesday and Wednesday.
Miss Janice Miller returned to her home from Abilene where she is attending Simmon's University, to attend the wedding of Mr. Whaley and Miss Hattenbach.

J. P. Watson, L. T. Offield, J. A. Merrick and A. W. Jones went fishing at the forks of Groesbeck Creek, near Quannah Thursday, April 18. They camped overnight, and brought back a fine assortment of fish.

I have an up-to-date book of tailored garments, can order you a dress, suit or coat from \$2 up. All silk flat crepe dress for \$6.75, georgette for \$10. Mrs. N. C. Herod.

RUPTURE SHIELD Expert Coming to

CHILDRESS, Saturday, May 4
RHEA HOTEL
from 10 a. m. to 4 p. m.
Evenings by telephone
appointment only
ONE DAY ONLY
No Charge for Consultation

Mr. C. F. Redlich, the successful expert says:

The "Perfect Retention Shields" hold the rupture perfectly, no matter what position the body assumes or how heavy a weight you lift. They give instant relief, contract the opening in a remarkably short time and strengthen the weak tissues (the real cause of rupture) so that they frequently recover their previous natural retaining power, needing no further outside support. Stomach trouble, backache and constipation often caused by Rupture promptly disappear.

Truly remarkable and prompt results have been obtained not only with recent and not fully developed ruptures but also with old, long neglected ones.

Ingenious, recently perfected devices are now holding ruptures firmly which heretofore never had been retained.

No elastic belts nor filthy leg-straps are used.

I guarantee to hold the rupture and also the durability of my absolutely sweat and moisture proof, sanitary appliances.

75 per cent of ruptured children recover completely through expert mechanical treatment according to statistics.

Do not waste your money on widely advertised mail order contraptions. You cannot fit yourself.

C. F. REDLICH, Rupture Appliance Expert, Home office, 535 Boston Block, Minneapolis, Minnesota. 57-2p.

LITTLE MERCANTILE COMPANY

Robert H. Pugh Claimed By Death

Robert H. Pugh, 50 years of age, well known citizen of Memphis who has resided here for the past fifteen years, died Wednesday morning about 11:30 o'clock, following a heart attack.

Mr. Pugh was wide and favorably known in Memphis, where he had been a progressive business man since coming here from Arkansas.

Funeral services were held at the First Methodist church Thursday afternoon at three o'clock with the Masons in charge. An account of the services will appear in the next issue of this paper.

Jean Davis Dies Wednesday Night

Jean Davis, five year old daughter of Mr. and Mrs. S. S. (Shake) Davis, died Wednesday night at 8:30 o'clock, following a short illness. The little girl took sick Friday of last week, with severe throat trouble which caused her death. She had a bright and happy disposition and was well liked by legions of friends.

At the time of going to press funeral arrangements had not been completed, but an account of the services will appear next week in The Democrat.

Marie Thornton visited her parents in Clarendon last week end.

Mr. and Mrs. C. W. Chapman and son Cullen, visited in Quannah and Vernon Saturday and Sunday.

Mr. and Mrs. S. E. Major came from Wichita Falls Sunday for a visit, and returned Monday night.

It Costs Working Girls A Neat Sum To Merely Exist

AUSTIN, April 25. (UP)—It costs a working girl \$59.31 a month for "merest existence" state Labor Commissioner Charles McKenry says in a bulletin issued by the department in which alleged low wages for women workers is attacked as a challenge to the industrial system and the state itself.

The bulletin says in part: "Recently the Labor Department made a careful study of the subject of wages of women in relation to the cost of living. The survey had particular reference to young women who have been thrown entirely upon their own resources, who have no source of income other than their wages and who must provide their own living quarters and in every way care for themselves. Information was gathered first on the cost per month of five primary and essential items in the living expenses of every self-respecting young woman worker.

Indeterminate items "Such indeterminate items as medical and dental service, insurance, contributions to church and charity, books, magazines and newspapers, savings, amusements and tuition for self-improvement were not taken into consideration, though it must be admitted by fair minded people that such items should be a part of every working girl's living expense budget.

"The essential requirements for the five items were shown as follows: Cost of room and board per month, \$31.07; clothing \$15.11; laundry, \$2.73; car fare, \$4; incidentals, \$6.50; total, \$59.31. Thus it was shown on the most accurate and trustworthy authority that for the merest existence

every working girl must spend \$59.31 per month, or \$13.84 per week.

"A bulletin issued by the Labor Department on February 1, 1928, based upon official reports of wages paid in industry, shows that in the establishments reporting were employed 11,425 women. Of this number only 5416 were shown to be earning as much as \$15 per week, leaving 6,006 earning less

Puffer Lectures Are Instructive And Beneficial

Dr. J. Adams Puffer, nationally known worker with boys, author and lecturer, spent the first part of the week in Memphis delivering a series of lectures on the problems confronting the youth of today. Dr. Puffer was brought to Memphis and surrounding sections under the auspices of the Southeast Panhandle Area, Boy Scouts of America.

Union Meeting Sunday
The first lecture Dr. Puffer gave was at a union meeting at the First Methodist church last Sunday night. His talk had to do with education and how it should be obtained. The doctor is very precise in his statements and comments and divides them into divisions or sequences. He stated Sunday night that in seeking education, the boy should master the tool, train for health, plan life work, plan something for leisure time; he should have home guidance, guidance towards good citizenship and the proper training for moral and religious leadership.

Suggests Good Care
He stated that a good code for boys seeking employment should run about like this: "Accuracy; a boy must be accurate and try to better himself at all times; attention; he should not fool away his time, but pay attention to the thing that is to be done; courteous; a boy should be courteous upon all occasions; honesty; the habit of honesty is worth more to a boy than any other one thing; reverence; a boy should train himself to have reverence for the worth while things of life regardless of what other people think."

A number of Boy Scouts were present at the meeting Sunday night. A special section had been reserved for them, and a special section was likewise reserved for the various religious denominations of the city.

Address Joint Meeting
Dr. Puffer continued his lectures Monday, speaking at the high school and junior high school. At the noon hour, he addressed a joint meeting of the Rotary and Lions clubs, presided over by Judge A. S. Moss. At this meeting the business men of the city got an insight into the distinguished guest's philosophy, especially as it is applied to the working out of the boy problem. He stated that the prime requisite for a boy is to keep busy and in addition to the weekly paper, has a modern daily. The University of Wyoming is located there and the town has a large payroll as the Union Pacific shops are in the city.

Notes Improvement
Mr. Dalton notes a number of improvements in Memphis during the more than five years that he has been away. He states that an air of prosperity is everywhere in evidence. He is still a Texan, although living in Wyoming and has

(Continued on page 5)

First Christian Church Home When Completed Will Be Equipped With Only Belfry To Be Found In City

According to an announcement by Rev. Arthur W. Jones, members of the First Christian church hope to have their new church home completed by the first Sunday in June, if work progresses as satisfactorily from this time forward as has been the case since the brick work was undertaken.

Rev. Logan Martin, pastor of the Boulevard Christian church of Fort Worth will be in Memphis to conduct a revival meeting, following the dedication of the new edifice. Starting the first Sunday in June, the evangelistic campaign will be conducted for a period of 16 days, it is anticipated.

Complete Church Plant
When completed, the First Christian church will be a complete church plant in every respect. In keeping with the modern trend, it will have an educational department, which will be utilized for class room instruction, meetings of various church or-

Teaching Staff Entertained By Senior Faculty

Thursday night of this week, the faculty of the senior high school entertained with a theatre party at the Palace Theatre, complimentary to all the teachers in the various schools of the city. Practically all of the teaching staff in the Memphis Public Schools System was present upon this occasion and enjoyed the feature picture show.

Following the show, the teachers repaired to the gymnasium of the high school where refreshments in keeping with the season were served.

Laramie Publisher Visiting In City Sees Improvement

John A. Dalton, son of Mr. and Mrs. Jerry Dalton of this city, is visiting friends and relatives here this week. Mr. Dalton is publisher of the Laramie Leader, a newspaper published on Friday of each week in Laramie, Wyoming. He has had charge of this paper for the past five years, and this is his first visit home during that period of time.

Trained For Publisher
Mr. Dalton's wife has been visiting her parents, Mr. and Mrs. T. M. McMurtry, for several months and will return to Laramie with her husband on Saturday. Jerry Mike Dalton makes up the third member of the family, and Mr. Dalton says his two and one-half year old son is being trained to be a publisher even at his tender age.

Trip By Automobile
Mr. Dalton made the trip from Laramie to Memphis by automobile, driving down from Denver last Saturday. He stated that the publishing field in Wyoming is good, and judging by the looks of his paper, his statement is more than borne out. The Laramie Leader is well edited and published and is one of the leading, if not the leading, weekly newspaper of the state of Wyoming.

Laramie, Wyoming is a town of more than 10,000 people and in addition to the weekly paper, has a modern daily. The University of Wyoming is located there and the town has a large payroll as the Union Pacific shops are in the city.

(Continued on page 5)

Concerted Drive To Make Memphis Cleaner Success

Most of the people of Memphis have not forgotten that this is clean-up week, and are making and have made a concerted effort to make of the city a cleaner and a better place in which to live. The city authorities have been cooperating in having the trash hauled away, in cleaning alleys and in general, giving to the town a more spick and span appearance.

Memphis is ordinarily a fine looking city, but strangers to the city would have noticed, before the campaign started, that many places were unkept, that the streets of the city had a dirty appearance and that waste paper was blowing about at will. Strangers who arrive in Memphis the latter part of this week will, or should, note that the city is getting the appearance of being actually clean. Street sweepers have been at work, the trash man has been on the job every day during the week, and a changed appearance is becoming everywhere manifest.

Early in the morning on the way to work, a number of people could be seen this week pulling up weeds in their front yards, mowing lawns, whitewashing trees and in general making beauty spots out of what the winter had left. The city cannot be kept any too clean until after the locust trees have finished blooming. At the same time, these trees add much to the looks of the city.

Take a drive or walk down any of the residential streets and you will observe that practically every tree is a locust tree and that every one is in bloom. The odor from these blossoms is pleasant to the nostrils, if not inhaled too much. If such is the case, the odor becomes sickening.

Through the courtesy of the Federated Missionary Society, a number of free seeds have been kept at the library for distribution and a number of citizens have availed themselves of this gift to beautify their lawns.

Early roses are in full bloom and everywhere the signs of Spring have descended upon the city. This is naturally the best time of the year in which to conduct a general clean-up campaign. Although the affair is an annual event, more time and attention seems to have been paid the movement this year than has heretofore been the case.

Not only is the work progressing satisfactorily in the city, but Miss Ruby Adams, county home demonstration agent, reports that the county-wide clean-up campaign is in full blast and that excellent results are being obtained from the labor expended.

Junior Hi Student Wins First Place In Essay Contest

Announcement has just been received of the winners in essay writing in District No. 3. Dorothy Jones of Memphis was awarded first place among the Class "B" high schools, which is a distinct honor. She is the only Memphis student who received a placement. Her essay will be entered in competition with a number of others at the state Inter-scholastic League meeting at Austin early next month.

Winners Announced
The winners from this district in essay writing are as follows: Class "A" high schools, first place, Edward Bolivar, Hedley; second place, Hilliard of Childress; third place, Annie Margaret Helum, of Estelline; "Class "B" high school, first place, Dorothy Jones, Memphis; second place, Agnes Lee, Acme; third place, Viola Belt, Kirkland; Rural Schools, first place, Mary Fay Carpenter, Dumont; second place, Mable House, Weatherly; third place, Ruby Herring, Northfield; Ward Schools, first place, Mildred Young, Estelline; second place, Grace Cravens, Childress; third place, Dorothy Brown, Roaring Springs.

YOUNG LITERATI SELECTED AS EDITORS

Part Of Advertising Proceeds Will Go To Stadium

Students of the journalism class of the Memphis high school and students who have been actively engaged in literary pursuits in the school will edit The Memphis Democrat the second week in May. The paper will be made up of 24 pages and will be the first school edition, edited by students, ever to be published in Memphis or Hall county.

Preparations Underway
Already, preparations are underway to insure the success of the issue. There will be a managing editor, city editor, sports writer, society editors, reporters, feature and editorial writers. In other words, a complete staff has been selected to edit all departments of the paper.

Replete With News
The issue of May 10 will be replete with school news and will contain pictures of the graduating class of the Memphis High School for this year. In addition, local news will be published, together with the same features as ordinarily run.

Prepare For Issue
The journalism students have been preparing for this issue for several months and it is expected to attract more attention than any issue of The Democrat in quite some time. Between ten and fifteen students will be employed in editing the paper, under the supervision of the editor.

Stadium To Benefit
Lyman E. Robbins, business manager of The Democrat, has announced that twenty-five per cent of the advertising appearing in the special school edition will be donated to the stadium fund. This, of itself, will be a considerable boost in getting the fund up to the desired total.

Students who are to work on the paper will be announced next week, when actual work on the special edition will be started. Those who desire more than one copy of the school edition should send in their names together with the number of papers desired within the near future. Otherwise, in all probability, there will be a scarcity of papers.

GROCERY IMPROVES SYSTEM FOR VEGETABLE VENDING

A spray system, recently installed by the B. & M. Grocery, insures patrons of that store of fresh vegetables and perishable fruits, according to the owners, Brumley and McMurtry. The sprays, suspended above the vegetable stand, shower the vegetables with cool water at intervals.

Society Stories Left Out Due To A Lack of Space

A number of society items were not published in last week's issue of The Democrat, although many of them were received before six o'clock Wednesday afternoon. These items were left out of the paper, due to the fact that the advertising had to be run, thereby cutting down the number of news stories.

In addition to the society items, about four galley's of type could not be used last week. This is a situation that will arise occasionally and readers of the paper should not feel that they are being mitigated against. Such is never intended. This word of explanation is made in order that the situation may be perfectly clear to all concerned.

Stadium Fund Is Assuming Larger Proportions Now

No tabulations are available at the time of going to press as to the amount of money contributed thus far in the campaign to raise money for a stadium for Memphis. Work is progressing satisfactorily, however, and the new total will be struck in time for the results to be tabulated in the next issue of The Democrat.

The high school here took up a collection at the assembly period last Friday morning. A small amount of cash was raised and a number of pledges made which were to be redeemed this week. The total amount will be listed in the near future, or as soon as a complete report is made of the amount received.

Considerable Effort
Those who are promoting the stadium for Memphis realize that it is not to be a reality without a considerable amount of effort. A number of people have been seen in connection with the movement; letters have been written to others. All outstanding pledges have not as yet been paid, but it is expected that within the next few weeks, definite plans for the stadium can be announced to the public.

Benefit Performance
Another benefit performance was given this week. The Palace Theatre donated one-half of the proceeds from the performance Wednesday to the Stadium Fund. Last week, The Gem Theatre donated one-half of the proceeds from the Monday and Tuesday performances to this fund. This is the first time in a considerable length of time that local picture houses have given benefits and such benefits are exceptions to the established rule.

Future Events Planned
Those sponsoring the stadium have in mind a number of events for the future in case the necessary funds are not in hand to begin work on the stadium within the next few weeks. If possible, (Continued on page 5)

CITY IS NAMED FOR MEETING IN 1930

Panhandle Press Association Will Bring Many Editors

Four representatives of the Fourth Estate from Hall County in attendance at the twenty-second annual convention of the Panhandle Press Association in Pampa Friday and Saturday of last week, succeeded in getting Memphis selected as the meeting place for 1930. This was not accomplished without a considerable amount of work. Four towns were in the running for the convention, Amarillo, Plainview, Quanah and Memphis. It was due largely to the efforts of J. Claude Wells that the editors decided, after three ballots, to visit Memphis next year.

Local Man Secretary
Memphis was also fortunate in having a local man named as an officer of the association. Lyman E. Robbins was elected secretary. Other officers are Homer Steen, editor of the Floydada Hesperian, president, and Olin Hinkle, managing editor of the Pampa Daily News, vice-president. Before the last session was adjourned, one editor expressed the opinion that Memphis was "getting everything."

Neat Accomplishment
Securing the convention of the Panhandle Press Association for 1930 is a neat accomplishment and full credit should be extended to J. Claude Wells, Lyman Robbins and others for their efforts in this matter. Mr. Wells made one of the best speeches of his long public career when he officially extended the invitation and the succeeding speech by Mr. Robbins was ably rendered.

The convention will bring to Memphis about 100 editors and many will bring their wives along with them. In addition, representatives from various supply houses will attend and the amount of favorable publicity that will accrue to this city will be hard to estimate.

Officially Invited
The Chamber of Commerce, Rotary and Lions clubs and Mayor Sam Harrison, wired the convention, extending an official invitation. It is planned to give the delegates and visitors four banquets, one more than was extended at the Pampa meeting.

Worthy Features
The convention at Pampa was replete in worthy features. Last Friday at noon, the Lions and Rotary clubs of that city gave a luncheon for the members of the press association. That was followed by a golf tournament at the Pampa Country club, picture show parties and a drive through the adjacent oil fields. At eight o'clock Friday night, a banquet was given the visitors through the courtesy of the Pampa Board of City Development. The Nunn-Warren publications gave a luncheon Saturday at noon, which was one of the highlights on the convention program.

President's Address
The program for the two day meeting was as follows: Friday morning, song service led by Fred Story of the Childress Daily In- (Continued on page 5)

PANHANDLE MUSIC FESTIVAL WILL BE HELD IN AMARILLO EARLY IN MAY DIRECTED BY EMIL F. MYERS

An announcement from Emil F. Myers of the Amarillo College of Music relative to the Panhandle Music Festival will be of interest to local lovers of good music. This festival is staged annually and will be held this year on May 8, 9, and 10.

Rosalinda Morini, sensational coloratura soprano, opens the festival on May 8. Francis MacMillen, master violinist, will be presented on May 9, and Don Jose Mojica, tenor of the Chicago Civic Opera Company will be heard on May 10.

Contests under the auspices of the Panhandle Music Teachers Association will be held in the auditorium on the festival days. These contests are open to all within a radius of 300 miles of Amarillo. Various members of

the high school glee club will take part in the contests. Mrs. Elmer S. Shelley has been preparing her pupils for this work for several months past, and it is confidently expected that they will make a good showing.

Morini Is Headliner
The headliner of the musical festival will not be Mojica, but Rosalinda Morini, a comparatively new name among musicians, but one that is destined to go far. Otto H. Kahn, chairman of the board of directors of the Metropolitan Opera Company says she is possessed of "one of the most beautiful voices I have ever heard."

Reservations for the music festival should be taken up with Emil F. Myers of the Amarillo College of Music.

A WEEKLY PAPER, YES... BUT DAILY WANT AD SERVICE

You'll experience no difficulty in renting vacant rooms or vacant houses if you use the classified columns of The Democrat.

Here's a 25c ad that rented a house 30 minutes after the ad was received:

FOR RENT—Two room furnished house to couple. Reasonable. Frank Painter.

The ad did not appear in print, but the same service was rendered in The Democrat's business office that would have been performed by the paper later in the week.

The Memphis Democrat's Housing Bureau can easily fill vacant houses and apartments. List yours today.

SOCIETY and Club

(From Last Week)

(Editor's Note: The deadline for society news is six o'clock Wednesday afternoon. Society items received after that hour will not be published. Effective immediately, society news to be published must be written with pen and ink and written legibly, or written on a typewriter. Society items not written in this manner will not be considered.)

FLORA REBEKAH LODGE MEETS ON MONDAY NIGHT

Flora Rebekah Lodge No. 348 met in regular session Monday night, April 15, at the I. O. O. F. Hall. The presiding officer in the chair. An interesting business and official meeting was held during which time the Rebekah degree was conferred upon Mr. Leonard Holt.

There were several talks given, very interesting and instructive. The degree staff being highly complimented for the splendid work done. Following dismissal the serving committee served lovely cake and cream to thirty-four members and two visitors. We had with us Mrs. Stevenson from Quannah Lodge, No. 126, who is now connected with the beauty parlor at the Stone Co. store in Memphis.

MRS. STRINGER HOSTESS TO LUNCHEON CLUB

Mrs. H. D. Stringer entertained the Tuesday Luncheon club Friday afternoon at the home of Mrs. S. A. Bryant, where she resides. Lilies and carnations were the floral adornment for the attractive living rooms.

At the conclusion of the games, refreshments consisting of two courses were served to the following members: Mesdames Bryant, Kinslow, Goffinett, Beach, Miller, Dickey, Haas, Cosby, Alexander, Cooper, Dickson, Ragsdale, and the guests, Mesdames Faubion of Wharton, Paul Jones of Amarillo and Sam Holder.

MISS ELIZABETH BRYANT ENTERTAINS AT BRIDGE

Miss Elizabeth Bryant entertained three tables of bridge Tuesday afternoon, maintaining a color scheme of yellow and green in floral adornment and bridge accessories.

After the guests assembled, they visited the "Tally Post" and drew aeroplanes that piloted them from table to table. High score was won by Mildred Owens and second score by Annie Laurie Carter.

A salad and ice course was served to the following: Misses Annie Laurie Carter, Lois Clark, Eloise Cooper, Martha DeBerry, Mildred Owens, C. J. Goodnight, Lucy Hudgins, Annie Ruth Johnson, Vernadine Jones, Katherine McMurry, and Maurine Thompson.

MRS. HARRISON ENTERTAINS FOR MRS. FAUBION

Mrs. T. T. Harrison entertained at the Country Club Thursday morning with a bridge luncheon complimenting Mrs. Claire Faubion of Wharton. Many baskets filled with lilies and tied with orchid maline bows formed a most artistic decoration for the mezzanine floor, where the guests assembled for the chosen game.

The honoree was presented with a deck of linen cards enclosed in a leather case. Flower bowls were given to Mrs. H. D. Stringer and to Mrs. Paul Jones for high and second score. A basket of lilies was placed on each table.

A delicious two course luncheon carrying the lilac color scheme was served to the following guests: Mesdames Faubion, Bryant, Miller, Beach, Quigley, Tarver, Cosby, Clower, Fore, Draper, Alexander, Kesterson, Cooper, Dickey, Figh, Frank Foxhall, Oren Jones, Clarence Powell, Goffinett, Kinslow, Holder, Paul Jones, Raynes West, Sam West, Ragsdale, Dickson, James Bass, Greene, Walker and H. D. Stringer.

MRS. HAMILTON HOSTESS TO T. E. L. CLASS

The T. E. L. class of the First Baptist church met Friday, April 12, in their regular meeting at the home of Mrs. Sam J. Hamilton on North Tenth street.

The meeting was opened by the reading of the Twenty-Third Psalm by the president, Mrs. W. F. Sitton. Mrs. Hamilton led the group in prayer.

Lovely refreshments were served to Mesdames Sitton, Cal Wyatt, John Barber, Myers and W. E. Hill, after which the meeting adjourned to meet May 10 with Mrs. Chas. Oren.

MRS. KINARD HOSTESS TO BIBLE STUDY CLUB

The Bible Study Club met at the home of Mrs. D. L. C. Kinard

with Miss Verna Crump and Mrs. Kinard as hostesses on Friday, April 12.

Mrs. Sam Foxhall was leader for the study of Paul's first and second missionary journeys.

A delicious two course luncheon was served to the following: Mesdames T. E. Noel, Allen Grundy, Bailey Gilmore, Sam Foxhall, John Deaver, C. L. Sloan, Jr., Mac Tarver, Vernon Williams, Jet Fore, S. S. Davis, and the hostesses. The next meeting will be with Mesdames Davis and Fore.

MRS. FORE HOSTESS TO 1913 STUDY CLUB

The 1913 Study Club met April 17 with Mrs. Frank Fore as hostess. Mrs. Walker, the president, presided. The leader for the study on Forestry and Wild Life Refugees was Mrs. George A. Sager.

The following program was rendered: Roll call, Forest Facts; Wild Life Refugees in Texas and Where they are Located, Mrs. S. S. Davis; Women's Clubs and Forestry, Mrs. R. C. Walker; Voice, "The Old Road," Mrs. R. S. Greene; Readings, "Trees" and "Plant a Tree," Mrs. McNeely; Voice, "The Birth of Morn" and "A Big Brown Bear," Mrs. D. L. C. Kinard.

A delicious two course lunch was served by the hostess and her mother, Mrs. Clower to the following: Mesdames Walker, Draper, Davis, McNeely, Noel, Watson, Sager, Greene, Dunbar, Montgomery, Williams, Gore, Kinard and Mrs. Sager of Belvedere, Illinois.

Press Congress To Convene At T.C.U. For 1930 Sessions

FORT WORTH, April 25. (Special)—The 1930 session of the Southwestern Press Congress will be held at Texas Christian University, following the election to the congress of the T. C. U. department of journalism.

Miss Pauline Barnes, Fort Worth, a junior student in journalism at T. C. U., was elected president of the Southwestern Student Press Club at the organization meeting in Denton. That organization will also meet at T. C. U. in connection with the Press Congress sessions.

The nine member schools of the congress are: University of Texas, Baylor University, College of Industrial Arts, Southern Methodist University, Baylor College for Women, Trinity University, Texas A. & M., Texas Tech, and T. C. U.

For adding machines, Standard and Portable typewriters, see Zeb Moore. 58-tfc

Retires

F. BEN ROGERS

Rogers Quits As Head Of Memphis Business College

F. Ben Rogers announces his retirement from the Memphis Business College, his interests having been purchased by T. N. Belieu, president of the Childress Business College. Miss Edna Saye will remain with the new management as an instructor.

All outstanding contracts here will be honored by the new management up to and including July 1, 1929, according to Mr. Rogers. In speaking of his retirement, Mr. Rogers said: "I have enjoyed the association of the high class student body in the school here. I am glad to leave the school in good and competent hands, with the same teacher in charge."

Plans Are Indefinite
"My future plans are indefinite, but I will more than likely take up special work with the public schools, as I have had offers from three different institutions."

"I hope the business men will cooperate with the new management like the student body has with me. If they will, it will be a big saving to Memphis. Several business men estimated that at the close of my first term last September, I had saved the town \$4,000."

JOURNALISM FRAT IS ORGANIZED AT BAYLOR

WACO, Texas, April 25. (Special).—When Sigma Delta Chi, international professional journalistic fraternity, was installed at Baylor University Wednesday, April 17, it made its seventh expansion into the South.

The Sigma Delta Rho, local journalistic fraternity, ceased to exist when Walter Humphreys of the Fort Worth Press who is national secretary organized the new fraternity.

FAIRVIEW NOTES

A pie supper was enjoyed at the school house Friday night. The proceeds, which amounted to \$38.88, will go to the instrument fund. We thank the outsiders who brought and bought pies. Miss Rosa Lee Weites was voted the prettiest girl.

Brother Evans filled his regular appointments the past week. Mr. Roundtree has been ill for the past few days. Mr. Vandevinter is reported very ill.

Singing was enjoyed very much Sunday afternoon at the school house. Singers from Webster and Harrell Chapel were with us.

Mr. and Mrs. Harrison from Hedley attended the Sunday morning service and took dinner with Mr. and Mrs. Vandevinter.

Brother Evans took dinner with Mr. and Mrs. Weites Sunday. Lucille and Alvis Painter and Margaret Evans took dinner with Mr. and Mrs. Wilbert Evans Sunday.

Mr. and Mrs. Ellis and family spent Saturday night at Harrell Chapel visiting relatives and friends.

Everyone has a special invitation to attend Sunday school and B. Y. P. U. each Sunday.

The ladies of this community met at Mrs. Painter's Tuesday afternoon, to organize a "Mother's Club." Mrs. Evans was elected president; Mrs. Painter, vice-president and Mrs. Bradley, secretary-treasurer. After refreshments were served, they adjourned to meet with Mrs. Bradley next Tuesday afternoon.

A few of the young people enjoyed a weenie roast and marshmallow toast Tuesday night. All went on a truck to Red River. After having our share of fun, we started home. Iced pop was served on the way.

Many Fruit Trees Are Set Out After Orchard Campaign

TYLER, Texas, April 25. (UP).—As a result of the second annual home orchard campaign of the East Texas Chamber of Commerce, approximately 275,000 fruit trees were set out during the past winter in the territory served by the regional commercial director, who has just completed tabulation of reports from the last of the fifty-two counties participating in the campaign.

With 200,000 trees set out in the first annual campaign, during the winter of 1927-28, this makes a total of more than a half million additional fruit trees in the territory served by the regional commercial organization.

Home orchards were set out this year alone on 6,100 farms in the fifty-two counties, with an average of forty-five trees to the orchard. These new home orchards represent three and a half per cent of the total number of farms in that region.

MUSIC FESTIVAL IS PLANNED FOR BORGER

BORGER, April 25. (UP).—The second annual music festival for Borger, sponsored by the Twentieth Century Club, will be held here the middle of May. Tentative dates have been selected as May 16, 17 and 18, according to club officials.

Numbers will be given in the high school auditorium. Local singers and musicians will participate in solos and quartettes. So far as known no chorus numbers are planned for. Directors of the various choirs are assisting in the plans.

The Twentieth Century Club will participate in the observance of the sixth annual National Music Week, May 5 to 11.

One Of The Wonders Of The World Is The Housewives Friend

PRESS the little button—and light floods your home. Commonplace to us yet one of the wonders of the world, one of man's greatest achievements.

TURN the switch—and the electric vacuum cleaner picks up dirt and dust from rugs, from draperies, from furniture, from mattresses. Commonplace to us, yet it means the emancipation of woman from the slavery of housework.

PLUG into a floor or wall outlet—and coffee magically begins to percolate on the table before you or toast is browned right at your elbow or crisp warm waffles are made before your eyes. Commonplace to us, yet a convenience, a comfort, a resplendent pleasure that not even kings could conceive years ago.

ELECTRICITY is One of the Wonders of the World; it banishes drudgery from the home, for it makes possible the use of scores of time and labor-saving electrical appliances. ELECTRICITY is the Housewives' Friend! Don't begrudge yourself this great convenience, for, after all, it costs so little.

Tickets are now on sale at the Passion play headquarters, Hamilton building, Wichita Falls.

The Stewardship of Good Citizenship

(An article sponsored by the Delphian Club.)

What personal responsibility have you for setting the world

right side up?

You, as a true Christian citizen can answer this oft repeated phrase in many ways, but for a few minutes consider it from the point of stewardship toward your town.

You are responsible for the cleanliness of your town insofar as your own property and surroundings are concerned; so are you responsible for the cleanliness and good citizenship of your influence among your acquaintances. If you have the wonderful gift of a talent in any of the fine arts, give your town the benefit of it and the credit for having produced it, and endeavor to bring others of like ability here also. Use some part of your yearly income to help a local enterprise, such as the Community Chest or any public improvement project. Then last, boost your town's many good points far and near, and bury the skeletons of the bad ones in the darkest closet you can find; in order to assure your fellow citizens that you are a faithful steward of the best ideals in the best town in the greatest state in the union.

Took Soda 20 Years For Gas—Stops Now

"For 20 years I took soda for indigestion and stomach gas. One bottle of Adlerika brought me complete relief."—John B. Hardy.

Adlerika relieves gas and sour stomach at once. Acting on BOTH upper and lower bowel, it removes old waste matter you never thought was in your system. ESSEX THE CHALLENGER

these important things
CHALLENGE TOO!

Hear the radio program of the "Hudson-Exes Challengers" every Friday evening

EASE OF BUYING

FOR INSTANCE, in this city your first payment, with your present car included, may be as low as \$342, and your monthly payments \$47.28.

Your present car will probably cover the entire first payment. The H. M. C. purchase Plan offers the lowest terms available on the balance.

ESSEX challenges the performance, the style, the luxurious roomy comfort of any car at any price, on the basis that no other gives you back so much for every dollar you put in.

That is why the big buying swing is to Essex. That is why motorists by thousands are switching from past favorites,

and trading in their old cars for the big values Essex the Challenger gives. Essex challenges:

IN SPEED—challenging anything the road offers up to 70 miles an hour. IN FAST GETAWAY—any car regardless of size or price. IN RELIABILITY—60 miles an hour for hour after hour.

Essex offers a completeness of fine car equipment formerly identified only with costly cars, and available, when at all, only as "extras," at extra cost on cars of Essex price.

Check these items when you buy—they represent easily above \$100 additional value in Essex.

Wide Choice of Colors at No Extra Cost.

The variety is so great you have almost individual distinction

Standard Equipment Includes: 4 hydraulic shock absorbers—electric gauge for gas and oil—radiator shutters—saddle lamps—windshield wiper—glare proof rear view mirror—electro-lock—controls on steering wheel—all bright parts chromium-plated.

THAT SPRING FEELING

It is getting to be a hard matter for students to remain in school these balmy days of spring. All of the out-of-doors seems to be calling and to get our minds on books, is a difficult matter. However, it is being done, although not as well as it might be if we lived in a colder climate.

Every year it is the same way. Prospects of a vacation are ahead and even those who expect to spend the summer working are eagerly anticipating the time when high school books will be put away for good or until next term and turn to the wide world of affairs that is going on outside of the school room.

This is the last year in high school for a number of us. The year has been filled, for the most part, with worthy accomplishment. We have tried to build up a good school and we believe that our efforts have been successful, at least, in part.

The spirit of the students is not always what it should be. There is a tendency to put the less important things first, but taking everything into consideration, the school year has been a most successful one, and it is with a certain joy and regret intermingled that we see the school term come to a close.

Activities at this time of the year are more numerous than ever. This may be one reason to account for the feeling that comes over us that is not in evidence at any other period throughout the year. Some who are wise in the ways of the world are prone to call it "spring fever." Spring certainly has something to do with it, and it may be that this season of the year plays a more important role than we give it credit for playing.

Yawns, stretches and sighs are heard plentifully in the study hall these days. A drowsy feeling is in evidence right after lunch and when the dismissal bell rings, it is with a new and more significant pleasure than ever before experienced that we leave the building and get out into the sunlight of the out-of-doors.

That spring feeling, or whatever it is, may be downright laziness. We hate to admit the fact, but that is about what it amounts to. It is a feeling common to all, however, and we believe even the instructors know something about it.

IT IS STRANGE THAT—

There is never anyone in the Whirlwind office or the Annual staff room.

Sickness is so prevalent now. Friday afternoon is a Jonah for most of us and we don't try.

The auditorium is haunted by ambitious singers.

No one plays basket ball during books.

No one plays the Piano in the gym or auditorium.

Jerry Sitton never says: "You are trying to kid somebody now."

Baseball is such a popular game.

There never are any school children at the show.

Morningside is so popular among the sets of the school.

PUFFER LECTURE IS ENJOYED SUNDAY

Noted Speaker Tells How To Find Right Kind Of Job

Students of the Memphis high school and the junior high school enjoyed a lecture given by Adams Puffer of Boston, Massachusetts.

Dr. Puffer gave a lecture on Sunday night of April 21, at a union meeting of all of the churches at the Methodist church. Dr. Puffer lectured on "How to Find the Right Job."

"How many men and women find the right job the first time," said Dr. Puffer. "There are few. If a person can name their right job at first, their name will be immortal."

"In many Rotary Club meetings," says Dr. Puffer, "I have asked the question 'How many of you men found your right job?' and nineteen out of ninety said they had, 23 out of one hundred and ten; and 21 out of eighty, said that they had."

Making Progress

"The boys are making swifter progress than the men are of today. They are doing more than the men."

"There are many men and women who are going about over the country," says Dr. Puffer, making a living by telling the fortunes of people. Some tellers say that they can tell a person what their vocation is in life. But," says Dr. Puffer, "beware of them for no one can tell what is in store for any man, woman boy or girl."

"I can tell whether they are smart boys and girls or not by the way they walk and by the way they do things," said Dr. Puffer.

"We can almost judge a character by the way they do," he said, "for as I talk to you you are sizing me up, and while I am talking to you, I am sizing you up. I could tell you what kind of boys most of the senior boys are by the way they walked into the auditorium this morning."

Holds Conferences

Dr. Puffer has been in conference with many boys and has talked over their problems with them and has helped them by advising them the best road to success to take. His work is the working with boys.

Dr. Puffer gave many of his experiences with boys who lived in the extreme western part of the United States to the extreme Eastern part of the United States.

"A boy should never spend his time in a card room playing cards all of the time for instead of making progress, he is degrading himself and will never be able to progress in this world."

Go to College

"I think," said Dr. Puffer, "that boys and girls of the West should go to college in the East sometime, especially those of Texas, for the Texas people think only of Texas. A boy and girl will read of some historic characters who have proven themselves worth while, and young men and women will try to pattern after them."

"Some young men and women read of Franklin, Helen Keller, Lindbergh, and various others, who have become well known, and they will begin to pattern their lives after them. It is just nature with us to do that thing," he says.

"The thing that we should do and the thing that some of us fail to do is to converse with some counselors. We should converse with many for the young people of today need the guidance of the older people, the guidance in the choosing of a life career."

"A boy and girl should at least have a little experience in agriculture, then as a mechanic, then as salesman, and then one can almost readily choose his life vocation."

Plenty of English

"In preparation one should have plenty of English, and also should have some Public Speaking as Public Speaking is the basic requirement for a good salesman. If possible," says Dr. Puffer, "be long to some debating club, for there one gets training in speaking."

This lecture was enjoyed by all of the students. The students in every senior class of every high school need such lectures as was given by Dr. Puffer, for they need instruction as to how to choose their life's vocation.

Senior Class Goes For An Outing To Dripping Springs

As it is customary each year for the Seniors to have an entire day given to a holiday, the school board was kind enough to grant the Senior class of '29 an entire day to be used as Senior Day.

Go to Springs

The date chosen was that of April 23. The Seniors will leave on that date at about seven o'clock for Dripping Springs near Matador, Texas. The place around the springs is a very beautiful one. There are many shade trees, a creek, and then above all is the springs, which furnish fresh cold water all of the time.

It is expected that the Seniors will have a good picnic. There are about eighty-six seniors in the class of '29, it being one of the largest classes in the history of the high school.

Picnic Is Enjoyed By Girl Reserves

The members of the Girls Reserve are enjoying the beauty of the spring. Last Monday they journeyed up to Wayside Park where they had a picnic.

After they had played many games and had enjoyed themselves with other amusements, some of them hiking over the park, they served refreshments.

After the refreshments had been served, the following program was given:

Program Rendered

"The heart of him that hath understanding seeketh knowledge." Proverbs 15:14.

Story from the New Testament, The People of Berea. Acts 17:10-12. By leader Ida Jones.

Prayer by leader.

Personality study from the Old Testament. Solomon. II Kings 3:6. Mrs. E. E. Robinson.

Violin Solo—Miss Nelma Richardson.

Story. The Life of Mary Lyon. Ruth Bradford Gilchrist. Sarah Bradshaw.

Picture. Christ and the Doctors. Hoffman. Mildred Bishop. Biography. A boys life of Abraham Lincoln, Helen Nicolay. Miss Mable Myers.

Poem, by Clemmie Cooper.

MORE PICNICS

The members of the Girls Reserve have voted to have a picnic every Monday afternoon preceding their meeting. These picnics have created much interest in the organization.

STUDENTS MAKE DONATIONS TO STADIUM

Nice Sum Realized When Collection Is Taken

The members of the high school have been given a chance to give to the building of the football stadium.

Monday morning during the chapel period, the students were given their chance to give to the stadium. Contributions ranged from twenty-five cents to five dollars. The students would not want to be overlooked in the putting over of something in the interest of the school.

William Russell Clark, editor of The Memphis Democrat, can never be repaid for what he has done for the school. He composed the high school song for Memphis, the title being "The Spirit of Memphis High." He also composed the tune to which it is sung.

His name will go down in the history of the high school for the work he has done and for the spirit which he has aroused in the school.

Childress Wins Over Local Nine

The Childress baseball players came to Memphis last Friday to play a game of baseball.

The day had been cloudy and looked as though it would rain. Just before the game was to start, and while the High School band was playing on the square, it began to rain. Some thought the game was going to be called off, but the raining soon stopped.

Band Played

The band played several numbers on the square, advertising the ball game to be held that afternoon.

The game was a hard one and also a close one, as the score was four and five in favor of the Childress team.

Memphis Baseball team has won several games this year. Most of the games have been hard ones and have been played by boys who have played on baseball teams before. Most of the members of the Memphis baseball team have played on some other team before.

Dan Moody Junior Given Scholarship In State School

AUSTIN, April 25. (UP)—If Dan Moody, Jr., graduates from some good Texas high school in 1945 and fulfills a number of other conditions he will be granted a scholarship in the University of Texas. The scholarship certificate has been presented to Governor and Mrs. Moody on his behalf.

It carries the following provisions: The high school from which Dan Jr. graduates must be situated in Texas.

He must be among the highest hundred in his graduating class.

He must be vaccinated for small pox between 1940 and 1945; he must not have had cramp colic during that interval.

As Dan Jr. is a colonel on the Governor's staff, there is an additional provision that the scholarship may not be transferred to any one with a lesser rank than a general.

Send to Clark's for it. tfc

(Continued from page 1)
 however, it is desired that work be started before school is out in order that interest in the drive will not lag.
 Members of the football team will begin sodding the present field with Bermuda grass just as soon as the baseball season is over, as it is not desired to interfere with this popular sport. It is planned to have two dressing rooms underneath the stadium for the benefit of the football players. The boys are to dig the holes for these rooms in order that this added expense may not be incurred.

First Dodge Bros. Car Is Found To Be In Use Still

The first car to Dealer No. 1 in the world-wide sales organization of Dodge Brothers has been found to be the same sturdy performer it was when it rolled off the assembly line back in November, 1914.
 The veteran touring car was recently traced to Nashville, Tenn., records showing that the car reached that city in December, 1914. Its owner is still driving the car daily, and it has a proud history of long tours through the eastern states and Canada among its recent accomplishments.
 The distinction of holding dealer contract No. 1 goes to John Cheek, president of the Cumberland Motor Car Co., of Nashville, who made the first sale of a Dodge car, and who still holds the company's franchise for that territory.
Story of Success
 The story of his success in the automotive field, and his start with the Dodge agency of Nashville is indicative of the character of the man himself. It was in 1914, when Europe was in the first stages of the World War, that Mr. Cheek first heard that Horace and John Dodge were going into the automotive manufac-

First Dodge Agency

Mr. Cheek, and his father, Col. Joel O. Cheek, happened to be in Sandusky, Ohio, when they heard the plans of Dodge Brothers. On approaching them, arrangements were completed for the first Dodge agency by a deposit of \$1,000 as a guarantee. Without having seen a car, Mr. Cheek placed his order for 500 for the first year, to show his confidence in the Dodge Brothers, and the car they planned to place on the market. Just before Christmas in 1914, the first shipment, consisting of a Dodge touring car crated in a box, reached Nashville by express.
 Since that time, the Cumberland Motor Car Co. has expanded to take care of the constantly increasing business in Dodge Brothers cars, motor trucks and buses. They have passed through several "saturation points," and now with the number of cars on the highways increasing by the thousands every day, they are enjoying a volume of sales with the present Dodge line that indicates the saturation point is no nearer than it was the day they started business nearly fifteen years ago.

Big Oil Companies Realize Value Of Electrical Energy

ABILENE, April 25. (Special)—That big oil companies and independent operators are more fully realizing the value of electrical energy to their industry is evidenced by the great number of transmission line extensions approved by the general office of the West Texas Utilities Company this month.
 The following projects now are under construction:
Serve Humble Company
 6,600 volt, three phase primary line to serve a 60 H. P. motor of the Humble Pipe Line Company gathering station near Rising Star. Three and one half miles of 13,000 volt, three phase primary line to serve individual power of Simms Oil Company in Callahan and Shackelford counties.
 2,300 volt line to serve Gulf Oil Company in Santa Anna.
 10,389 feet of 11,000 volt line to serve Phillips Petroleum Company water pump station in Fincher county.
11,000 Volt Line
 1,320 feet of 11,000 volt line to serve Phillips Petroleum Com-

pany's three wells in Jones county for pumping and drilling.
 Extend 13,000 volt line on the Surf Oil Company's Snyder Ranch lease, 6 miles north of Baird, to

serve pumping wells.
 4,300 feet of 11,000 volt lines to serve the South Vernon Oil Fields.
 Build lighting circuit to the

humble Oil & Refining Company's camp near McCamey.
 Bulk garden and field seed at City Feed Store. 53-4c

NOW as never before you should be careful about lubrication

THE lubrication requirements of the present high speed motors are most exacting. With their fine adjustments, these motors will not operate efficiently with every oil. They require a lubricant which is made especially to meet the particular conditions which they have created.

That's why it's most important to always specify the oil you want—and it will pay you well to insist always on a brand which has back of it the resources and experience of the Continental Oil Company. Then you will always be sure to get the right oil—in the grade made especially for your motor.

Ask for these brands at the better service stations and garages.

CONTINENTAL OIL COMPANY

Producers, Refiners and Marketers of high-grade petroleum products in Arizona, Arkansas, Colorado, Idaho, Kansas, Missouri, Montana, Nebraska, New Mexico, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wyoming

Conoco Amalie is 100% Pennsylvania Oil—refined from premium crudes by a special process. Universally recommended by automotive engineers and lubrication experts. Through exhaustive laboratory and road tests it has demonstrated its ability to lubricate properly under the most trying conditions of motor operation.

Proud Security for the Woman Who Drives—
 From the dainty wing-tipped radiator to the graceful curve of the rear fenders, the new Dodge Brothers Six is a car women invariably admire. Its brisk alertness in starting at the touch of the finger, the accessibility of pedals and the simplicity of controls, the ease with which it handles and the feeling of security and protection which its Mono-piece body imparts, all recommend it as the ideal woman's car. Its proverbial dependability and safety plus the new comfort and beauty so typical of Chrysler-styled cars are daily winning more devotees among women who would motor in proud security.

Plenty of room in the NEW SUPERIOR Whippet

THE larger bodies of the new Superior Whippet Four and Six afford more spacious interiors, with extra head room, leg room and elbow room.
 The beautiful and ultra-modern design of the new Superior Whippet makes it the style authority in both the Four and light Six classes. Many tasteful refinements include longer lines, higher radiator and hood, chromium-plate, and sweeping one-piece full-crown fenders.
 The faster speed and pick-up of the new Superior Whippet result from a higher compression engine, giving more than 20% added horsepower. Low consumption of gasoline and oil, and dependable performance insure exceptional operating economy and minimum service costs.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation, which may appear in the columns of this paper, will be gladly corrected upon due notice of same being given to the editor personally at the office at 417 Main Street, Memphis, Texas.

THE DEMOCRAT'S PROGRAM FOR 1929.

- (Check Mark Indicates Project Has Been Realized)
1. A municipal auditorium.
 2. More dairy cows for Hall County.
 - X 3. Modern creamery plant.
 4. Paved highway across Hall County.
 - X 5. An adequate public library.
 6. More paved streets.
 7. Better police and fire protection in business and residential districts.

WHEN EDITORS GET TOGETHER

Three representatives from Memphis attended the twenty-second annual convention of the Panhandle Press Association which was held in Pampa Friday and Saturday of last week and through the instrumentality of J. Claude Wells, succeeded in getting Memphis named as the place for the meeting next year.

It is always good for editors to get together. Editing a newspaper is a business that requires the most that a man has, in brain and brawn, seven days out of every week. When a meeting of a press association rolls around, typewriters that have been in active use, day and night, since the last press meeting, are carefully covered and editors pack their extra collars and ties, a clean shirt if they are fortunate enough to possess such a thing, and hie to the place of meeting.

It would do some people we know a considerable amount of good to see the expression that comes over the faces of the gentlemen of the Fourth Estate when they meet after an absence of a year or longer. Hands are shaken as though a thousand dollar contract for advertising had just been secured. Backs are slapped and small groups depart for places unknown, only to emerge a few moments later laughing and joking with a display of rare camaraderie.

At the various and sundry banquets that are always on the program of a press convention, the editors are seen in all the pristine glory (whatever that is) of their profession. Here repartee runs the gamut of all the known and unknown moods and affections. Wiscracks, puns, jokes, humor are expended without thought of cost or into what "hot water" such things may be leading.

The business sessions are periods when the older members of the press gang go to sleep over complimentary ten cent cigars, and awaken only just in time to applaud the particular speaker that has had the floor. Of course, all editors do not sleep through a convention, for that would be vastly discourteous. Enough stay awake to know that a meeting was held on a certain date, at a certain place and after a certain fashion.

There is more understanding displayed when editors get together than is occasioned among any other body of men. Editors know and appreciate one another; they know when to sympathize and how. In other words, they "feel" for each other. It is a pleasure to be an editor during the time a press convention is in session; at other times, it is merely a toss up. When the association meeting convenes here next year, we hope a number of local people will attend. We want them to see editors minus their dignity, their reserve. We want people to know how really human editors are.

CLEAN-UP WEEK.

Every town of any size, and some towns that become dignified by that name, are accustomed to clean-up weeks. Such affairs are annual events. It is not often the case that the clean-up campaign reaches county-wide proportions, but that is exactly what is happening this week in Hall County. Every town and hamlet in the confines of the county are cooperating in making our section a better place in which to live by tidying up and cleaning up.

The campaign outside of Memphis is being conducted by the club women of the county under the leadership of Miss Ruby Adams, county home demonstration agent. Miss Adams has been at great pains to have this work carried on successfully and indications point to the fact that her wishes in this important matter are being respected.

When this editorial is read by our readers, only a small part of the week will be left in which to conclude the movement. It is hoped that those who have not taken the clean-up campaign seriously will do so at once, in order that the entire county may go over the top one hundred percent. If Memphis is clean and Estelline is dirty, if Estelline is clean and Memphis is dirty, or if such a condition exists as that stated between any two towns of the county, the campaign will not have achieved its purpose.

It is taking work and plenty of it to sweep the cobwebs out of the cracks and the corners of the county and making of it a spick and span place of residence. We have not been able, of course, to make a survey of the county this week, but we are seeing signs of the campaign here in Memphis. Trees are being whitewashed. Trash is being removed, together with tin cans and other forms of litter and unsightly places are being made more presentable.

Lawns in Memphis are being mowed. House cleaning is being conducted both on the inside and the outside of homes. Back alleys are being made more pleasant to look upon. The city authorities are cooperating in the campaign being conducted

ed locally, and a man has been secured to remove trash and rubbish. It is to be hoped that local people will take advantage of this arrangement and give the city such a bath as will last for many, many months.

What is being done in Memphis, we have every reason to believe, is taking place in all sections of the county. We should want to present a bold front. If our premises are dirty, our fronts will, of necessity, be soiled. On the other hand, if we once get the county cleaned properly, it will not be such a hard matter to keep it that way. The time for further effort is short. Let's get to work, if we have not already started, and put Hall County on the "good looking map," where it has every right to belong.

HE BELIEVES IN CHILDREN

Announcement comes from Detroit, Michigan that United States Senator James Couzens has created a trust fund of ten million dollars to be known as the Children's Fund of Michigan, to "promote the health, welfare, happiness and development of the children of the state of Michigan and elsewhere throughout the world." The fund, including principal and interest, is to be expended in its entirety within 25 years after May 1, 1929. With the income to be derived from the fund during that time, Arthur J. Lacy, personal attorney for Senator Couzens and one of the fund trustees, estimated that approximately \$17,500,000 will be disbursed.

What Senator Couzens has done is in keeping with other donations he has made from time to time that go to benefit children. During the past ten years, it is estimated that the Senator from Michigan has given about \$20,000,000 to various worthy causes, which include a contribution of \$2,000,000 to the Children's Hospital of Michigan.

It is encouraging in this day when men are money mad to see one of the outstanding financiers of the country take an interest in the development of children and to do something for them in a substantial way. Senator Couzens made a large portion of his immense fortune through the medium of the Ford Motor Company, Henry Ford purchasing his interest several years ago.

No better purpose could have demanded Mr. Couzen's attention than helping children. There are no strings to his gifts. They are outright donations, the money to be expended by a board, competent to pass upon what children need. The children of the state of Michigan will be benefitted directly and children in all parts of the world indirectly. It is planned to conduct research work on a large scale. Mental hygiene and child guidance clinics will be encouraged; vocational and educational problems will receive attention; plans for properly supervised group recreations will be assisted; dietetic, hygienic, nutritional and other subjects bearing upon the health of children will be investigated whenever and wherever the indication for their study arise.

The Shriners throughout the nation have been the first to seek to benefit the status of children. This work has been confined, in the most part, to hospitals for crippled and underprivileged children. Mr. Couzen's donation will, in no way, hamper the work that is already under way, but rather will strengthen this work and add impetus to a consideration of the child problem on the largest scale ever to be undertaken. He deserves the unstinted praise of the nation for the good that will accrue from his liberality.

This and That

By L. E. R.

Are you troubled with rats? Don't spend your money for "Rough on Rats" or other patent exterminators. There's a better way. Quite often the editorials for The Democrat are written on Sunday night and hung on a hook awaiting the linotype operator's arrival Monday morning. Such was the case this week. Monday morning when the office was opened, six rats were found flat on their backs with their feet in the air. Near them was one sheet of The Democrat's editorials for April 26, which had been but slightly nibbled on.

All of which makes The Democrat an even bigger bargain at \$2 a year. Simply clip an editorial, place it near a rat hole, and you save the price of rat exterminator. It is fully guaranteed.

It is with regret I announce that the golf bug has bitten the conductor of this world-famed column. I really didn't intend to grow old so early in life, but I had planned to take up the game when I became as aged as John D. Rockefeller, father of Col. Stewart's beloved associate. To play in the hey-day of my youth is simply to admit that my joints are beginning to creak.

Unless you want a real battle on your hands, don't ever cross golf clubs with Fred Landers, editor of the Estelline News. He won first prize at the editors' tournament at Pampa Friday. Incidentally I won the booby prize, a score calculator, but don't let on. I wasn't really hitting my stride last Friday. I shot an 87 and I can prove that my usual score for 9 holes is not more than 82.

Pampa, referred to consistently as an "oil town" is a very hospitable city as well. Members of the Panhandle Press Association were never accorded more royal treatment than they received at the 1929 convention, held in the Gray County capital last Friday and Saturday.

One couldn't turn around without meeting some member of the staff of a Nunn-Warren newspaper. And I defy you to find a more cordial group of newspaper men than those who refer to Lindsey Nunn and Dave Warren as their bosses. One of the very brightest spots on the convention program was the luncheon tendered by the Nunn-Warren Publishing Company. Nothing was overlooked and no expense was spared in making the occasion one long to be remembered by Panhandle newspaper men. Memphis will need one solid year of planning before she will be able to equal in 1930 the entertainment Pampa offered this year.

After reading this column last week, several people have told me they want Memphis to have traffic signal lights before Estelline installs them and gets the jump on us. "We believe Quannah's reputation is ruined for years to come because Chillicothe installed the signals first," they said, "and we would feel disgraced if Hall County became the scene of a similar occurrence." When our paving extends all the way to Estelline that city very likely will need a traffic system to control wild Memphis citizens. Some folks who use our streets for the Indianapolis speedway couldn't get away with it away from home.

Probably our next bond issue will call for a dirt road to parallel highway 5, enabling farmers to safely come to town in their wagons.

According to the way some folks drive down our pavement, they must think it's a hogway.

I can admire Jews for not liking pork when I think of road hogs.

I was beginning to think pennies were of no earthly value, but three Memphis drug stores, Levrett-Williams, Tarver's and Clark's have had one cent sales and two-for-one sales this month, proving beyond doubt that the lowly copper still has buying power occasionally. Now, if someone will build a good five-cent cigar, as former Vice President Marshall suggested, this country will be ideal.

The reason talking moving pic-

The Great American Home

tures have proved so popular with men is simply because they keep friend wife silent for two hours. No wonder they pay sixty cents admission without grumbling.

Panhandle Press Paragraphs

The county-wide clean-up week should claim the attention of every citizen of the county. There is no good reason why anyone should allow filth to accumulate around their homes or places of business. Diseases of all kinds thrive where unsanitary conditions exist. Its too late to clean-up after some dreaded disease has attacked some member of your family. Prevention is comparatively easy, but the possible cure holds lots of anxiety even though it is accomplished.—Estelline News.

It is known that dogs are afflicted with rabies in Gray county, and that the situation is serious enough that the commissioners have ordered a county-wide quarantine, yet we see dogs running at large every day. If someone's child is bitten and dies from a mad dog bite, public opinion will quickly conclude that all the dogs in the county are not worth the child's life. I is better to be safe than sorry in matters of this kind, and where dog owners do not voluntarily follow the law, the dogs should be rounded up and the proper remedy applied.—McLean News.

The leaders of tomorrow will be recruited, largely, from today's college men. It is highly encouraging to realize that those who know the college man best have a deep admiration and respect for him.—Childress Daily Index.

The building permits for Paducah would surprise most any one during the past twelve months. Every week from one to a half dozen permits are taken out, either in the residential or business section of the city. It is marvelous the growth Paducah has had during the past four years and it is destined to keep it up for the years to come.—Paducah Post.

Senator Joe Bailey died suddenly in a Sherman courtroom Saturday. He had been one of the South's greatest statesmen but failed to keep up with the times. Opposing prohibition and woman's suffrage caused his eclipse in politics.—Quannah Tribune-Chief.

In spite of all that is said and done to get people interested, as a general rule, thirty to fifty per cent of the voters elect the boards of aldermen, school trustees and fill other similar offices. It is something to think about.—Floyd County Hesperian.

If there weren't certain examples of newspapers in the United States who use their news columns and illustration service to discredit the prohibition laws of the nation, we would get exceedingly peeved at the shameless coterie of lawyers back East who have banded together to defeat the Jones law—the law that puts

teeth into the eight ment. Now we term "shyster law Ciarendon News."

Many prominent during the past few of them were heroes War and everyone passing. But the continue on its own and in a few will have been seen Vernon Times.

Col. Ernest Thor became mayor of ed himself not to eating liquors while and promised to sobriety of all city employees while on law abiding citizen de amires this Amarillo's new may commend his ex officio all over the Chief.

The average American can become what to become. This ed recently by a in discussing the civic organizations, there are few limit velopment of a city been demonstrated that it scarcely ne But it has to be refreshen the mem backward citizens simistic and have gloomy forebodings—Paducah Post.

BOY ON NAVAL CRUISE OF STRANGE ADVENTURES EXPERIENCED IN FAR OFF LANDS

Exploration Trip of Southern Islands Tramps Through Jungles And Sees Sight Unusual.

Vandiver, 16 year old son of Mr. and Mrs. Joe H. Vandiver, who has been in the navy for more than 20 years, writes his parents an interesting letter from Manila, Philippines. Young Vandiver is a Seaman, 2nd Class, U. S. S. Pruitt of the 45th Destroyer Division. The letter dated February 28, 1929, and reads as follows: "I received your letter today. This is the first time I have heard from you since before Christmas. I sure was glad to hear from you that you are all well."

"I don't seem like I have been in the Navy over a year, for time flies in here; for every day it is something different. By the way, I will be back in China before this letter reaches you. We are leaving for Hong Kong next week. After staying a few days in Hong Kong and the French port of Kowloon, we will spend a few days in Amoy and then leave for Japan. We are to visit Yokohama and Kobe and return to China for a couple of weeks up the Wangpoo River to Shanghai. We will go to Tsingtoa to base for the summer."

Broke Front Tooth
"I forgot to tell you that I got one of my front teeth broken partly off when we were firing night battle practice. I was first loader on number two deck house gun. I had just shoved in a shell and when the gun captain yelled fire, I had my mouth closed so that the concussion jarred my teeth so that it broke one of my front ones partly off. I got a gold tip put on it for 10 pesos ashore."

Writes During Watch
"Well I must close and oil up the generators, as I am writing this letter during a 12:00 to 4:00 watch in the steering engine room. It is about 3:15 now, so I had better get things set and wake up my relief. We don't have much to do

working for F 1c, which is as high as a man can expect to get in one cruise.

after we get the evaporators, generators, and oil service pumps, oiled and regulated. We make coffee on a steam coil running from the gravity pump drain. It works fine in keeping us awake. We have it pretty easy in port, with only one auxiliary watch every three days. Of course, when we are underway, with a full steaming section on watch, we have four hours on and twelve off, as long as we are underway.

"I must close. Write soon, all of you. Love,
RALPH."

Baylor U. Debaters Return To College After Tour In West

WACO, Texas, April 25. (Special).—Three Baylor University debaters returned this week from their international debate tour through the West and Canada. The team entered 20 debates winning 70 per cent of the encounters.

Six state universities, all of which have larger enrollments than Baylor, were defeated by the Bruin arguers. They were the Universities of California, Oregon, Wyoming, Montana, Arizona, and Colorado.

The entire trip extended over a period of five weeks, while the team travelled over 7,000 miles. The debate team was composed of Frank Wilson, Philip Teeling, and Frank Guittard. Dr. L. W. Courtney and wife accompanied the team on the trip.

Thomas and Nell Hampton spent Sunday in Wellington.

Sebron Buck left for Dallas Monday to visit his wife in the sanitarium there.

Mr. and Mrs. Louie Thompson and family of Hedley, visited Mrs. Thompson's parents, Mr. and Mrs. J. E. Neel, here Sunday.

Mr. and Mrs. Tom Evans left for their new home in Lubbock Monday.

John Rice returned from Hot Springs, Arkansas, last Friday.

Mr. and Mrs. J. L. Butler, of Lelia Lake, were guests in the home of Mr. and Mrs. Andrew Womack Sunday.

Mr. and Mrs. W. C. Rice visited relatives in Dalhart last week end.

Mr. and Mrs. Jack Crawford, of Amarillo, visited Mr. and Mrs. A. Womack last Sunday.

Mrs. A. Baldwin returned home from a visit in Harrah, Oklahoma, last week, and Mr. Baldwin took her to Vernon Sunday to visit her daughter, Mrs. T. L. Rouse. Mr. Rouse is editor of the Vernon Times. Mrs. Baldwin will go to Wichita Falls soon to visit her daughter, Mrs. J. O. Haynes.

4,000 Entrants To Compete In Austin At State Meeting

AUSTIN, April 25. (UP)—Four thousand school pupils are expected to compete in the two-day meet of the State Interscholastic League, to be held at the University of Texas, May 3 and 4.

The meet will be the nineteenth annual contest under the auspices of the University of Texas. It will be in three divisions. One will be a track and field meet for high schools. Another a rural pentathlon and the third a tennis tournament.

Preliminaries in the field and track events will be held Friday morning, May 3, and the finals Saturday afternoon, May 4. Eight track events, including hurdles, dashes, runs and relays, are included and there will be six field events—pole vault, running broad jump, running high jump, 12-pound shot and the hop step and jump, each participant being required to compete in each event.

Tennis matches for both boys and girls, singles and doubles, will be held Saturday with Dr. D. A. Penick, Texas University Tennis coach, in charge.

Gold, silver and bronze medals will go to winning participants in the various events. Special cups will go to the school winning the one-mile relay and the rural pentathlon.

FIRST METHODIST CHURCH

Ernest E. Robinson, Pastor
Next Sunday morning, I will continue the study of Moses. The morning subject will be, "His Visit to Sinai." In the evening, the subject will be, "Moses and His Life Teachers." Sunday morning, May 5 will be the last of the five sermons on Moses, "Go Up and Die."

Leagues meet at seven o'clock.

A cordial invitation is given the public to attend these services.

PRESBYTERIAN CHURCH

Sunday School 9:45 a. m., graded school, classes and efficient teachers for all ages. Preaching services, 11 a. m. and 8 p. m. Junior-Intermediate C. E. at 2:30, Senior-Intermediate C. E. at 6:30. Junior church 11 a. m. Prayer meeting Wednesday evening at usual hour. A comfortable pew and a welcome for you.

J. Hardin Mallard, Pastor.
Dr. M. McNeely, Supt. of Sunday School.

CARD OF THANKS

Greenville, Tex., April 22.
To our dear friends in Memphis: It is with the most sincere feeling of appreciation we express our thanks to you for the words of comfort and the deeds of kindness shown us in the sad hour when our dear husband and father departed this life so suddenly. Although our hearts are bleeding and broken, we pray that when grief enters your hearts that God will bless and comfort you in this sad hour.

Mrs. Horace G. Mabry,
Martha Nelle and Horace Robert, Jr.

Statewide Contest For Bands Will Be Held During Fair

DALLAS, April 25. (UP)—Plans for the Statewide band contest which will be held during the State Fair of Texas, Oct. 12 to 27, and for which \$10,000 in prizes will be awarded the winners, are now being worked out by the Texas Band Teachers Association, according to Earl D. Irons, chairman of the contest committee.

Bands entered in the contest will be divided into sixteen different classifications, which will include fraternal, industrial, college of three groups, high schools of three groups, municipal bands of seven groups and a drum and bugle corps.

The committee working in conjunction with T. E. Jackson, president of the State Fair, consists of Chairman Irons, Everett C. McCracken, of Waco; R. J. Dunn, of College Station; and E. A. Lightfoot of Bryan. One additional member will be included in the committee.

Rules and Regulations
Rules and regulations to govern the contest will be worked out at an early date by the committee, which is striving to make the contest one of the largest ever held in the entire country. Efforts will be made to have at least 200 bands in Dallas competing for the \$10,000 prize money and the loving cups offered the winners.

Many special features will be presented in conjunction with the contest, Ralph W. Beck, secretary of the band teachers association has announced. Special prizes will be awarded the winners of the specialties, such as solo playing, best instrumentation, freak stunts and other novel numbers.

DOUBLE CAPACITY OF OFFICE BUILDING

McCAMEY, April 25. (Special) Because of increased oil development and tremendous gains in merchandise sales, it has become necessary to double the capacity of the West Texas Utilities Company office building at McCamey.

Work has begun on the building of a brick and concrete addition to the office building and the remodeling of the interior of the present office and store room.

AMARILLO STUDENT WILL EDIT ANNUAL

FORT WORTH, April 25. (Special)—R. Z. Dallas of Amarillo has been elected editor-in-chief of the 1930 "Horned Frog," student yearbook at Texas Christian University. W. J. Rogers, Fort Worth, was named business manager. These two officers are elected each spring by members of the junior class at T. C. U.

A statistician tells us there are now 24,493,124 automobiles in the United States. The question is, though, how do they all get on the same road on Sunday afternoon?

A sure sign that a town is no longer a village is when it can point to two or three families who don't seem to care much for moving pictures.
