MEMPHIS, HALL COUNTY, TEXAS, THURSDAY, MAY 6, 1926

NUMBER 45

PRELIMINARIES COMPLETED; WORK START NEXT WEEK

MATCH YOU FOR \$10 FOR NEW BAND UNIFORM

The Memphis Chamber of Commerce Band is making great preparations to attend the West Texas Chamber of Commerce convention at Amarillo in June. The boys are making arrangements for new uniforms in order that they may show up to the best advantage. It has been suggested, and already approved by several, that the business men should be visited by a committee and see how many would match each band boy for \$10.00 toward buying snappy uniforms. Several loyal boosters for the band have already handed in their checks for \$10, and state they want the band to go over the top with flying colors and are willing to show their appreciation by placing their money in the pot.

AMARILLO GIVES BURGLARS TWO YEAR SENTENCE

Three youths, wanted in four Panhandle counties for burglary, said by officers to be members of an organized gang which recently robbed and looted safes in a half dozen towns, were found guilty in District Court in Amarillo Monday on charges of burglarizing the Gulf Petroleum Company offices in February. They were given two-year sentences. The trio, Cecil Watson, Pete Ellison and Roy Vest, are wanted in Clarendon, Childress and here for trial on similar charges. They were arrested in Amarillo after peace officers in the four counties trail them for a week.

SAFETY MEET HERE MONDAY

A Central Power Co. held their regular meeting in the city hall Monday afternoon, presided over by Childress and Memphis. Effecting the safety of the public and a general good time by those present.

MEMPHIS WINNER IN GOLF TOURNAMENT

The golf tournament held here Sunday afternoon at the Memphis golf club between a crack team from Clarendon and the whirlwinds of the Memphis club, resulted in an almost complete victory for the Memphis players.

TEXAS STATION CHANGES HANDS

Troy Thompson and Cleve Pounds have purchased the Texas Station 10th and Main from E. T. Kelly, and took charge of same May 1st. These men invite the patronage of the public and promise the excellent service for which this station is noted.

BIRTHDAY DINNER

Mrs. N. B. Curtis of Estelline was the hostess to a birthday dinner Sunday for her mother, Mrs. L. D. Stout of the Hulver community. This was the 63rd birthday of Mrs. Stout and there were a number present at the feast. C. F. Stout, and son of this city were present.

HOME BURGLARIZED

G. M. Hammond reports the fact that his home was burglarized Monday night. A watch and some small change belonging to John Hammond was taken from the home. Officers were notified and an investigation is being made.

MARTIN DIRECTS MUSIC

E. H. Martin, of the Memphis Music store, returned Saturday from Stanton where he has been conducting the choir for an evangelist meeting. He left immediately for Sweetwater to accept the direction of music for the Will Hogg evangelist party. He expects to be permanently connected with this party.

Medical Head to Speak at Childress And Clarendon

Dr. C. M. Rosser, president of the Texas State Medical Association, will deliver an educational address at Childress 3 p. m., on May 13, after which he will motor to Clarendon where he will address a select body of professional and business men at 7:30 p. m.

EASTERN STAR HELD MEMORIAL SERVICE SUNDAY

The Eastern Star memorial service last Sunday afternoon at the Masonic Temple in memory of Mesdames Lovera Lock and Effie L. Houghton was very impressive and attended by a large crowd. Several State officers were present as well as visiting members from Clarendon, Hedley, Estelline and Childress.

COUNTY COURT BEING HELD HERE THIS WEEK

County court convened Monday in regular session with all officers present. Quite a number of cases were set and disposed of by agreement without being brought to court. The only jury case is that of J. B. Colt company of New York, vs G. F. Nelson of Newlin, suing on alleged indebtedness. This case is being tried at the present time.

PREPARATIONS MADE TO START ORR BUILDING

W. D. Orr is preparing to move his old building to the rear of the lots, where he will continue to do business until the new structure is ready for occupancy. While his big sale closed last week he expects to continue to make photographs and sell gift goods, and invites the public to call on him when his building is moved to the rear of the lots, when in need of anything in his line.

WILL START THE WHITE WAY IN NEXT FEW DAYS

Manager Brewer of the Texas Central Power Co., informs the Democrat that the cables and standards for the Great White Way of Memphis have been received and actual installation will begin right away. He also stated that most of the machinery was here for the making of ice from raw water and he hoped to get this all installed and ready for operation at an early date. This with the several other public improvements going on at this time will keep things humming all summer. Keep your eye on Memphis!

E. A. NOLTE SELLS INSURANCE AGENCY

E. A. Nolte has sold his insurance agency business to M. E. McNally and his residence on South Sixth street to O. N. Cosby, gin man of Brice.

FIFTEEN YEARS AT GIN

N. L. Gist, 72 years of age, has worked fifteen seasons at the gin, handling the suction. During that time he ran approximately thirty thousand bales of cotton throughout the suction. He lost thirteen days during the whole 15 years, which is a good record, indeed.

RECITAL AT SCHOOL

Mrs. Bill Howard will have the recital of her pupils at the high school auditorium Thursday night which will consist of music and readings, and three short plays at the close. The public is invited to attend.

IT SEEMS TO ME

When one says "I don't like that man," one generally means, "I don't know that man."

Manufacturers Red Book Received By Chamber of Com.

The Chamber of Commerce has been very fortunate in securing a Thomas Register of all American Manufacturers, from the Thomas Publishing Company of New York City. This book contains 4,500 pages and gives the name and address and rating of every manufacturer in the United States, giving a list of more than 70,000 articles, and kinds of articles and names of more than 300,000. No matter what you want it will instantly be laid before you, all sources of supplies. It will show a rating of each concern. This volume will be kept at the chamber of commerce office for the use of its members and will be accessible at all times. This is but one of the many ways the chamber of commerce is trying to help build a larger and greater Memphis.

WORK STARTS SOON ON LAYING OF GAS LINES

A representative of the Upham Gas company was here first of the week looking over the city, making figures as to the gas lines, etc. He stated it would not be many weeks before a large force of men would be at work all along the line, and in from two to three months Memphis people would be using gas.

ERNEST B. BRITTON BURIED HERE SUNDAY

Mr. Ernest B. Britton, aged 23 years, died at a local hospital early Sunday morning from appendicitis, and was buried Sunday afternoon at Fairview Cemetery. The funeral was held at the King Funeral Parlors conducted by the Rev. E. T. Miller. Mr. Britton leaves a wife and two children, aged two years and 9 months respectively. They were living near Salisbury.

NEW DRY GOODS STORE WILL BE LOCATED IN CITY

The Wilson building, recently vacated by the White Rose Cafe, has been leased to the Pope-Hanna Dry Goods company of Clarendon. Workmen are busily engaged in tearing out all partitions and the platform will be moved to the rear of the building. The business will be under the management of Mr. Pope as soon as it is ready for occupancy. This company has been wanting to locate in Memphis for some time and until recently has not been able to get a suitable location. The store here will be one of a chain of stores over Northwest Texas and the Panhandle.

FIRST METHODIST CHURCH

C. E. Jameson, Pastor. Am home again, had a good meeting at Stanton, but am glad to be at my post. Come and make one in our midst at each of the services Sunday. Let us all attend church Sunday in honor of the best earthly friend we ever had, "Mother."

LOCAL MAN TO NICARAUGA

R. P. Woody son of Mr. and Mrs. R. O. Woody of this city, went to Ames, Iowa, a few days ago to work for the Iowa State Highway Commission as civil engineer. Upon his arrival there he had an offer by wire from the Broodman Lumber company of Nicaragua, South America, in their engineering department. He sails on May 6. R. P. received his engineering education at A. and M. college of Texas.

H. L. Fry, formerly manager of Everybody's Store, who has been with Forbis & Stone in Sham- rock the past few months, has re- turned to Memphis to resume the duties of manager of that store. Mr. Brewster who has been man- ager of the store has been trans- ferred to Wellington.

PLAYGROUND EQUIPMENT INSTALLED FOR CHILDREN IN THE LIBRARY PARK

HALL COUNTY THIRD IN BALES SHIPPED IN ASSN.

On the basis of the number of bales delivered from the various countise last year to the Texas Farm Bureau Cotton Association to be marketed co-operatively, Hall County ranked third, according to District Representative J. M. Kayser, who recently received tabular figures from the headquarters of the association. Rannels county delivered the largest number of bales, he said, with Taylor county second and Hall county third. Of the production in Hall county, members shipped 7,368 bales.

FORMER JUDGE OF THIS DISTRICT DIES AT VERNON

Funeral services were held at Vernon Monday afternoon for Judge John A. Nabers, 69 years old, prominent jurist and pioneer citizen of Vernon, who died at his home there Sunday night following an illness of several weeks.

BUSINESS COLLEGE MAY BE ESTABLISHED HERE

Representatives of the Cline Business College were in this city last week looking over the field with a view to establishing a business college in Memphis. They were favorably impressed with the many advantages the city offers for a business college, and will likely return to close a deal for a building. There are enough young people going away to business colleges to support one in Memphis.

DISTRICT P. T. A. MAY COME TO MEMPHIS

Mrs. R. L. Guthrie attended the District Parent-Teachers Association at Canyon last week and reported a most profitable and interesting meeting. She placed Memphis in nomination as the next place of meeting, and this was backed by telegrams from the Memphis Chamber of Commerce, the Roary Club and other organizations.

RAINBOW GIRLS ENJOY A SPECIAL SERVICE SUNDAY

A special service was held last Sunday night at the First Baptist church for the Order of Rainbow, junior girls order of the Eastern Star. A good program was given which proved interesting to the large crowd present. The state officers of the Eastern Star who were here in attendance at the Eastern Star Memorial Service, and the local officers of the order were present. The girls marched in and took seats reserved for them. The program was in charge of Mrs. D. S. Baker, head of the local order.

TO STATE MEET

Hubert Dennis, John Hammond and Coach Bolton went to Austin this week to take part in the State Scholastic meet, having won in the district meet at Vernon. They are expected to bring home some prizes. There will be more than 600 in the athletic events at Austin and to win a place will be quite an honor.

TRIBUTE
MARY ANN
GOODNIGHT

She will soon be here
May 9, will be
throughout the entire
and memory of
that day this year
woman and child of
Texas should
carnation in honor
of Mary Ann Good-
forty-nine long years
Mother of the Pan-

fifty years ago and had searched
the world over we could not have
found a better mother for our
new country that God sent us.
This alone should strengthen our
faith in Divine Guidance. It
seems as one studies her history
that Mary Ann Goodnight had
been in training for a hundred
years before she was born for the
very life she was to live. Her
parents, grand parents, and great
great grand parents had all been
pioneers. Do you think it was
just luck that the daughter of
such an ancestry and the only
daughter in a large family of stal-
wart sons just happened to be the
first woman to come to the Pan-
handle of Texas and establish a
home? And is it not more than
natural that the first woman to
come to our big, wild, new coun-
try of a half-century ago, never
tired of it, never grew so weary
and so lonely that she left it for
others to conquer.
Instead, for almost forty-nine
years she lived and staid and wor-
ked and sacrificed for her new
country which, of all places in
this world, she loved the best.
What a heritage of love and loy-
alty and devotion she has left to
every other home-maker in our
new world. The character, and
the memories of Mrs. Goodnight
will always be one of the richest

assets of the Panhandle.
Mary Ann Goodnight was the
only daughter of Joel Henry and
Susan Lynch Miller Dyer. She
was born in Madison County,
Tennessee, September 12, 1839.
She was the grand-daughter of
Col. Robert Henry Dyer, the ac-
knowledged hero of the Battle of
New Orleans in 1815, under the
command of General Jackson.
Her ancestors on both her father's
and mother's side of the family
were among the first settlers of
North Carolina and Tennessee.
Her people stood for the highest
culture and the most thorough
education of their day. Where
you find trace of Mrs. Goodnight's
ancestry you find thrift, progress,
public spirit, and loyalty to duty.
In the year 1854 Mrs. Good-
night's parents decided they need-
ed more room for their family of
boys. Through their friends and
relatives they had learned of the
broad, rich prairies of the New
Texas. At this time Mary Ann
Dyer was a little girl fourteen
summers. One bright summer
morning the household goods were
loaded into their wagons and the
journey to Texas begun, they
came by wagon, and by boat to
Shreveport, Louisiana, and then
by wagons across to Waxahachie.
For ten years the mother bore
the hardships of the new country
and then worn by care and anxie-
ty over her five sons who were
then in the Confederate Army
her life faded out and Mary Ann,
then a young woman, took her
mother's place in her home and
the hearts of her family.
She kept house, taught school,
and in the meantime reared the
three younger brothers who had
been born after the move to Texas.
For ten years Mary Ann Dyer and
Charles Goodnight had known and
loved each other but both were
too busy with other duties to give
their lives to each other. But on
July 26, 1870, these loyal lovers
were married and Mr. Goodnight
took his bride and her three
small brothers to their first home
at Pueblo, Colorado.
The first seven years of their
married life was spent near
Pueblo where Mr. Goodnight and
the Dyer Brothers developed a
large ranch. During this time Mr.
and Mrs. Goodnight built the first
M. E. Church South in Southern
Colorado.
Through all his years of ranch-
ing, Mr. Goodnight had made
several trips from Central Texas
to Southern Colorado and on
these trips had crossed the bound-
less plains of the Texas Panhan-
dle. And it was here he finally
decided to establish his permanent
ranch and home. Fifty years ago
this summer Mr. Goodnight came
to the Panhandle to select a loca-
tion for his ranch. The next year
in the summer husband and bro-
thers in Palo Duro Canyon in
what afterwards was carved out
for Armstrong County. From
that day, when Mary Ann Good-
night drove her four-mule team
down through the Palo Duro Can-
yon to the little log cabin pre-
pared for her until the morning
she fell asleep to wake no more
in this world her life was one
beautiful and continued story of
love and kindness and friendship
for every human being who passed
her door. Hers was truly the
"Home by the side of the road."
Mary Ann Goodnight was not
only kind to the cowboys of ear-
lier days, and the new settlers and
the lonely homesick women, but
she was kind to everything as
well as everybody. She was kind
to the Indians and they have been
her honor guests many times
since those wild days. She was
kind to the birds and the squirrels
and all the other natural life of
the canyons. And she was kind
to little baby buffalo. The great
Goodnight Buffalo Ranch is a
monument to her human kind-
ness to the wild life of the plains.
She never seemed to think of her-
self, and as a result she was one
of the happiest and most content-
ed women I have ever known.
Although she had never had an
opportunity to go to school much
she had gained a thorough educa-

Wealth of University
There is good reason to believe
that the University of Texas will
in time be one of the wealthiest
schools in the world. Perhaps its
grounds and buildings at Austin
are worth now about \$10,000,000.
The income from oil is now ap-
proximately \$3,000,000 a year,
and it is thought that this repre-
sents but a small part of what the
oil income will be when the univer-
sity lands are developed as they
will be in time. No one would
be surprised if oil income should
reach ten or even twenty times
its present proportions. Geologi-
sts say that the potash on Univer-
sity lands may prove even
more valuable than the oil.
With all this wealth in prospect
the University is what is ordinar-
ily called "hard up." It hasn't
the money for erecting buildings
that are much needed, and it can't
use its oil money for buildings,
but must be content to use the in-
come from that money when in-
vested in bonds. The regents are
trying to find a legal way to pled-
ge the oil money as security for
money with which to construct
the buildings now most needed,
the university still must depend
on legislative appropriations for
the payment of salaries.

Texas Centennial Director
Jesse H. Jones of Houston has
consented to become director-gen-
eral of the proposed Texas Cen-
tennial. Mr. Jones is perhaps the
greatest structural builder of Tex-
as or the Southwest. At present he
has several immense buildings un-
der construction in New York, in
Houston and in other cities. As
a business executive he has few
superiors. He is a man of im-
mense fortune and has the confi-
dence of the business world. His
opinions in matters of business
carry weight with those accus-
tomed to handle large financial af-
fairs. With his committee of 100
men and women carefully select-
ed from all over Texas with a
view to having every section and
every interest ably represented
and with plenty of time in which
to plan to finance, and to get
ready, Texas should have a Cen-
tennial celebration of a magnitude
to attract people from all parts
of the world.

Florida Boom Headed This Way
Reports are that the Florida
boom has busted and that most of
the professional boomers are head-
ed this way in the hope of starting
something of the same kind in
Texas.
Now For Another Commission
From the newspapers we learn
that Prof. W. E. James, newly ap-
pointed director of the Texas
Safety Council, is going to ask
for a law requiring medical exam-
ination of all persons before they
are licensed to drive autos, to
test their hearing, sight, nerves,
ect. If passed, such a measure
should prove good picking for
medical specialists and should
make a place for a few politicians
on a safety commission.
From her parents and from
Nature. And her chief joy in this
world was doing for others. Build-
ing schools and churches for the
scattered settlers, sending young
men and young women to college.
She served God by serving human-
ity.
As an expression of our love
for her and sympathy for her
brave and faithful companion
through all those trying years of
the early history of our country
let's wear a flower on Mother's
Day in honor and in memory of
the brave little Mother of the
Panhandle—Mary Ann Goodnight.

Anti-Prohibition Arguments

The "wets" in congress are
spending a great deal of time to
show that in order to get liquors
of some kind the people are vio-
lating the law and crime is in-
creasing. Of course crime of all
kinds has increased in the last
few years, but that does not prove
that laws against crime should be
abolished. Criminals have robbed
more banks to get money than
ever before, but nobody is advo-
cating the abolishment of banks
because they tempt money seek-
ers to commit crime. More stores
have been burglarized recently
than ever before, but no one
wants merchants to quit business
because they tempt men and wo-
men to violate law. Divorces have
increased, but there is no demand
for repealing marriage laws. The
argument that because all people
do not obey or respect laws, laws
that are violated should be repeal-
ed, if followed to its logical con-
clusion, would lead us into anar-
chy of the worst kind.

Miss Mae McElreath who has

partment has been transferred to

Lonnice Burke will be in charge of
that department of the local store.

LOWER FIRE RATES

The State Fire Marshal was in Memphis last Friday making inspections. He turned in a fire alarm at the end of Main street and timed the fire truck, which made exceptionally good time. The Marshall stated that Memphis could lower her key rate considerably by doing a few things to improve conditions, such as each individual keeping premises free of trash, always cleaner, better wiring of buildings would also reduce the rate and if the city will offer a reward of \$100 for the arrest and conviction of any person guilty of arson, would give a credit of 5 cents on the key rate. And a number of other things would help reduce the rate. These things are for the citizens to work out.

TURKEY NEWSPAPER

J. E. Choate was a caller at the Democrat office this Thursday

and stated he is establishing a newspaper at Turkey as soon as he can get a plant shipped there. He stated he would likely have the first few issues printed in some of the neighboring towns until he gets his own plant established. The Turkey people are very anxious for a newspaper and Mr. Choate says he will do his best to give them a good one.

The Saturday Evening Post is the highest priced advertising medium in the world, and the publishers know so much the pulling power of advertising, and that spasmodic advertising is not so effective, they will not accept advertising for a merchant unless it runs for thirteen weeks. One time advertising for a merchant will get some results, but not so effective as the constant advertiser. Any advertiser who thinks he can run one advertisement and sell his stock is laboring under a delusion. It takes constant advertising to bring home the bacon.

Several times this widely-read weekly dispenser of local news has suggested that Memphis streets should be marked and the houses numbered for the convenience of citizens and visitors alike. Evidently the readers of the dispenser of news do not pay much attention to suggestions, for not a nibble have we had. It rather makes our feathers fall when such valuable advice is given "free gratis for nothing" and no one accepts it. Never mind, the subject has not been dropped, and will not be until we have the streets marked and the houses numbered.

Why not a City Beautiful Campaign? Memphis once won a prize for being a clean town. Let's win our own admiration by making it clean again.

MOTHERS DAY

Next Sunday is Mother's Day. May this day, of all days, fulfill the fondest wishes and every prayer of mothers throughout the world. May gladness come into their hearts, that has never been theirs before, as the setting sun slowly creeps behind the western horizon. Indeed it is a most joyful day for all—and the only day, of all days, that has the same significance to all. What a wonderful word is Mother—no poet or silver-tongued orator has ever yet been inspired with appropriate words that voiced his or her real feelings. In the words of Helen M. Richardson:

Long years ago her face was fair,
With dimples in each cheek;
A pair of laughing eyes met mine
Whenever she did speak.

Long years have passed and time has left
Its impression on that face;
And where the pretty dimples were,

Wrinkles have found a place.
Shoulders that droop a little now
Tell that a load has passed
Upon them, and sad eyes declare
A burden unconfessed.

And yet to me that aging face
Shows beauty all unguessed
When as a child my yielding form
Within her arms was pressed.

In memory's gallery, today,
No picture holds a place
That can compare in beauty with
My mother's Wrinkled face.

W. C. Dickey, chairman of the agricultural committee of the chamber of commerce, passes out a suggestion that might be of benefit to the people of this county. He says that a number of farmers in any community of the county could raise vegetables, roasting ears, melons, etc., and when selling time comes, let one man of the community load up a truck and take it to the Panhandle oil fields and sell it out at good prices. No one man, he said, could furnish a load of fresh vegetables at one time, and by several going in together they could all furnish enough to make a load. Then, they could probably send a load two or three times a week.

LAW ENFORCEMENT

Nearly all troubles in national and state governments are due directly to bad laws and poor law enforcement. Court procedure has become so complicated and may be so retarded that many people neither respect nor obey the laws. Justice in civil courts is thwarted by the expense and the delay of court procedure. Most persons prefer to submit to injustice rather than assert their rights in civil matters because they fear they will lose even though they win in the court. It is said that criminals now estimate that they have about eight chances of escaping punishment to two possibilities of punishment for crime, and that they can afford risks of eight to two in their favor. Under such conditions they are ready to gamble in crime.

PAY THE NEWSPAPER

There are many citizens who expect to pay their butcher and their grocer every month, but they think that a newspaper subscription bill can be paid any old time. Some of them will let it run for years, if the publisher does not cut it off. And if it is cut off, they get huffy, and declare they will never take the paper again.

They feel indignant because doubt has been thrown upon their credit. They should reflect that the publisher gets no good out of their credit. What he needs to pay his paper bills, help, etc, is cash and nothing will take the place of the same.

This irregularity of income is the curse of many newspapers that would be in a thriving position, if they could depend on the same payments that the dry goods man and the shoe store can look to.

It takes a lot of time and effort to collect these little bills. It usually costs more than the bill is worth to collect an overdue subscription account. If those accounts could be promptly paid, the newspaper people, adding to its usefulness and interest, and making it constantly a greater credit to the city of which it is the exponent.

The individual citizen often says that he would like to do something for his home town, but he has no particular gift for any form of public work, so does not know when and where to begin. Here is one way in which he begin right now. Let him look on his copy of the Democrat and see if his subscription is overdue. If it is, let him walk up to the office and settle, and take pride in good business, he is helping an agency that works every day for his home town, to avoid needless burdens and expense.

DELPHIAN STUDY CLUB MEETS WITH MRS. WHERRY

The Delphian Study Club met Tuesday, May 4, at the home of Mrs. R. H. Wherry with Mesdames Wherry, Barnes and Shelley hostesses. Mrs. Barnes presided over the meeting. The following program was rendered: Roll Call—A tribute to Mother. Solo—A Flower for You, Mother, Dear.—Mrs. L. D. Pierce. Paper—The Mothers of the World.—Mrs. C. A. Powell. Musical Selection—Florence Wherry. Paper—The Origin of Mother's Day, Esther Pearl Thompson. Reading—An Old Sweetheart of Mine.—Mrs. Owen. Each member brought an elderly mother as her guest. The hostesses served ice cream, cake, mints and a bouquet of sweet peas as a favor.

PASTOR'S HELPERS ENTERTAINED

Mmes. D. H. Arnold, Pierce, Alexander and Brewer were hostesses to the Pastor's Helpers in their social meeting Monday afternoon in the church parlors of the Presbyterian church. After a brief business session some time was spent quilting. Mrs. King Stephens delivered our cook books, which are now on sale at 50 cents each. The books were published in Memphis by the Ladies of the church and contain favorite recipes of ladies of Memphis. Proceeds of sale go toward charitable work.

CIRCULAR ADVERTISING

Have you ever noticed what the average person does when they receive a piece of "direct advertising" through the mails? If you have not, observe the next person you see opening a batch of letters containing one and a half cent stamps. Mr. Business Man, when you open your batch of mail how do you dispose of the score of letters you receive daily from companies wishing to interest you in their products? If you are like the majority of people we have observed, you will give it a quick glance, observe what it is and with a sweep of the arm shove it and all similar letters and circulars received by mail into the wastebasket. You are no different from the millions of other persons who receive similar advertisements. But when you glance at an advertisement in a newspaper, do you consign the entire paper to the waste basket? Of course you do not. You read the entire paper and your attention is attracted more than one time to the advertisements on that page. It keeps bobbing up before your eyes each time it flashes you see something different and if you are interested in the item mentioned, some certain statement which impresses you will cause you to peruse the entire advertisement, sometimes even unconsciously, but the impression remains nevertheless. Several persons will no doubt read the same copy of the paper, while the piece of direct mail advertising which you consign to the wastebasket with a sneer is only half way read by one person. This should be evidence enough that newspaper advertising is the most profitable and the most desirable. —Paris News.

HAVE YOU A BAD BACK? Then the Advice of This Memphis Resident Will Interest You

You have heard it—they are all good automobiles

The impression that all cars sold at approximately the same price give approximately the same results, never was less true than today.

There are now two ways of building motor cars. One is to forget quality and build cars for trading purposes. The cost of production is cut to the bone, so that dealers may offer you more than the market value for your used car.

The Buick way is to build for quality's sake—to give owners a better new car full of value—with every modern feature. Compare Buick design to that of other cars of the same or higher list price, and fix Buick superiority firmly in your mind, before you spend your money.

LOVELY GOWNS IN NEW COLEEN MOORE PICTURE

If one loves beautiful gowns, silks, satins, frills, and flares, it is best not to miss Colleen Moore's "Irene" her latest feature.

Colleen promises to make everybody sit up and take notice when her gowns are flashed upon the screen. Sixty of the pick of Hollywood's prettiest girls form the background for her appearance in these scenes.

"It's the most wonderful picture I have ever made. I am sure," said Colleen to Cora McGeachy, the woman designer who is responsible for the beautiful costumes that are being worn by the star and her many associates in the film.

And old timers around the designing shops of Hollywood, who are more or less used to creating beautiful feminine attire, readily admit that the "Irene" order was one of the finest they ever let go out of their hands.

Alfred E. Green directed the picture for First National. The fashion show is preceded by some beautiful shots showing Madame Lucy's designing establishment. Madame Lucy is portrayed by George K. Arthur, who is said to give a splendid performance in a most difficult role. The entire fashion show episode is done in color, which seems to be quite the vogue nowadays, particularly fitting to sequences such as those that are seen in "Irene."

This picture comes to the Palace Wednesday and Thursday.

PRESBYTERIAN CHURCH

Chas. E. Richter, Pastor
 No memorial day can be richer in experience than is one in which we hear again Mother's voice which is stilled and feel the touch of her vanished hand; or, if she be living to go to the church and observe the day set aside to honor her, and send her a line of greeting, warmer than you have been wont to do.

Morning worship—11:00 a. m.
 Sermon Subject: "Beautiful Motherhood" Special music will be rendered in keeping with the occasion. At this hour a number of mothers will bring their infants and small children to be consecrated to the Lord by Baptism.

Evening Worship—8:00 p. m.
 Sermon Subject: "A Faulty Building Program." A good foundation is an essential factor in building a temple of wood and stone; likewise right ideals and a right relationship to God are essentials in the right erection of our spiritual temples.

The young people of the church will be in charge of the music for the evening service.

The C. E. Society will meet in the church parlor at 7:00 p. m. Prayer meeting each Wednesday evening at 8:00 p. m.

The public is cordially invited to these services.
 "Come thou with us and we will do thee good."

CHEVROLET CO. SALES BREAK ALL RECORDS

Figures made public today disclosed the fact that the week of April 17, was the greatest week in the entire history of the Chevrolet Motor company in point of retail sales.

According to the announcement made by the Chevrolet Motor company, retail sales for the week totaled 16,457 cars and trucks. These figures, covering the United States, do not include foreign sales. This is the sixth consecutive week that all previous retail sales records have been broken as the sales of Chevrolet have mounted to high totals that promise to make 1926 another record breaking year.

The week of May 2, 1925 was the banner week for Chevrolet up to six weeks ago. The high mark of Chevrolet in 1925 was 10,731 retail sales for the week; and this was a contribution to the 1925 total of more than 500,000 cars and trucks, a figure never before approached by any manufacturer of automobiles of the selective transmission type. But for six weeks running, retail sales have gone over the best previous mark with a wide margin to spare.

KILLING ROOSTERS

San Antonio, Texas, May 3.—The campaign against roosters, in the interest of infertile eggs is proceeding vigorously throughout South Texas as well as in other parts of the State. Farmers are co-operating with the agriculture committee of the San Antonio Chamber in killing off the male fowls, Tom McCrary, committee chairman, said Monday.

With the approach of hot weather, McCrary pointed out more the need for infertile eggs. The committee is attempting to curtail the losses of farmers and produce houses through egg spoliation. McCrary received word Monday that the Bastrop County Poultry Association has organized and would aid the San Antonio committee in the rooster extermination. The campaign will last some two weeks, the killing of 10,000 roosters being the objective, McCrary could not estimate the number already sent to market, but said the slaughtering was proceeding satisfactorily.

Mrs. T. E. Copeland of Estel-line was in the city Monday.

PREACHING IRRIGATION

J. A. Kemp of Wichita Falls, an apostle of irrigation, has been to Brownwood to talk to the people about water conservation and irrigation. Mr. Kemp presents an argument fortified by figures and experience at Wichita Falls. Brownwood has been considering irrigation of Pecan Valley for more than thirty years, but every time the people have almost reached the point where they are ready to vote bonds for an irrigation district, rains come as they have recently to dampen their ardor. So the rich rich Pecan Valley has gone along with its recurrent periods of drouth and the soil has been allowed to produce about one-tenth what it should. Had the district undertaken irrigation thirty years ago when it was first discussed its wealth would by now have been almost beyond estimation.

In Chevrolet you get more for your money than in any other car built today. You get every essential improvement developed by automotive engineering during the last twelve years of progress. You get the greater flexibility of Chevrolet's 3-speed transmission—greater power and smoothness of Chevrolet's valve-in-head motor—the greater safety of Chevrolet's reversible steering gear—the greater comfort of semi-elliptic springs. Buy no other low-priced car until you have compared it with Chevrolet. Check point for point—feature for feature. Know what you are actually getting for the price you pay. Let us give you a demonstration.

RHEUMATISM TREATMENT THAT'S DIFFERENT

Rheumatism is one of the most baffling as well as most prevalent and annoying diseases that man knows. Its causes are deep in the organic functioning of the body and never entirely certain. But experience has proven that a contributing agent is a disorder of the blood. A treatment that reaches the kidneys and relieves Rheumatism. For this end our treatment is different.

- 1. It is the result of scientific study, observation and demonstration. 2. Its efficacy is attested by thousands of beneficiaries. We have the sworn testimonials. 3. Its prescribed dose is so small yet powerful that the bottle is small, it furnishes full treatment for the ailment. 4. It is absolutely guaranteed. If the customer is not satisfied the dealer will refund his money cheerfully and the Inabine Co., will refund to the dealer. If you are a sufferer here is your chance. If you are not, you will be benefited if you try it. It will not cost you a cent.
