E.A. Gets 116 Extension

Approval has been given by the Rural Electric Administration at Washington for the extension of the Hall County power line, Alvis Yarbrough, district superintendent, announced last Friday. The extension will add a maximum of 116 miles in addition to the 113-mile line now in operation.

The extension will cost approximately \$89,000, it was estimated. The amount allocated for the extension is \$100,000. The extension will be completed by the end of the year.

ROBERT TURNER FUNERAL HELD

Lakeview Man, 23, Drops Dead in Local Laundry Wednesday of Last Week

Funeral services for Robert L. Turner, 23, were held Friday afternoon from the First Baptist Church at Lakeview with Rev. R. G. Brister conducting the rites. Mr. Turner dropped dead Wednesday afternoon in a local laundry from a heart attack.

Mr. Turner was born August 22, 1916, at Childress, and was the son of Mrs. R. S. Turner of Monte Vista, Colo. He was married July 21, 1938, to Miss Estelle Gilbreath of Lakeview, and to the couple was born one daughter, Patsy Sue. Mr. Turner joined the First Baptist Church at Crowell in 1926, and has been an active member since that time.

Survivors are his wife, his mother, three brothers, Riley of Childress, James of Alamosa, Colo., and Thomas of Monte Vista, Colo.; four sisters, Virginia Turner of Crowell, Mrs. Mable Cross of Monte Vista, Colo., Mrs. Velma Wilson of Wichita Falls, and Mrs. Marie Young of Waco, two uncles, F. W. and J. L. Moran of Childress, and other relatives.

In charge of the floral arrangements were Patricia Montgomery, Jean Blanks, Lavira Koeninger, Joyce Koeninger, Juanita Hill, and Marie Koeninger.

Collections Made On Reunion Debt

Collections are now being made by the Memphis Chamber of Commerce to take care of the deficit of the Old Settlers Reunion and Rodeo held here in July, Carroll Smyers, secretary, said Monday.

The collections are coming in fairly well, Smyers said, although there are some who have not yet paid. The two-day celebration was underwritten for \$1,250 by Memphis businessmen early in the summer.

The deficit was approximately \$475. The underwriters are being assessed 50 per cent of their pledges. Much of the material for which the money is owed can be used next year, material such as gates, lumber, and fencing, Smyers said.

The 50 per cent assessment, Smyers explained, is necessary since some who underwrote the reunion and rodeo are not paying their pledges.

Officials for City-Wide Revival Chosen At Meeting of Church Pastors Sunday

Further plans for the city-wide revival to be held in Memphis starting October 22 were made last Sunday as officers for a revival association were chosen at a meeting of the pastors of the participating churches.

The revival will be conducted by Rev. James Rayburn of Newton, Kans., Presbyterian evangelist, and will last a month.

S. S. Montgomery was chosen president of the association, and Murray Dial was named secretary-treasurer. Members of the finance committee named are Sam J. Hamilton, Frank Phelan, J. G. Gardner, Byron Baldwin, Dr. M. McNeely, Wayne McMurry, George Cullin, M. E. McNally, O. V. Alexander, E. E. Roberts, Murray Dial.

Other committees designated and their chairmen are as follows: Publicity, J. Claude Wells; housing, John T. Bishop; night usher, Lee Rushing; day usher, Mrs. J. A. Odum.

Choir directors of the various churches are to have charge of the choir assemblies. The choir directors and their churches are

CYCLONE PREPARE FOR QUANAH GRIDIRON BATTLE FRIDAY NIGHT

Weekend Showers Break Drouth of Panhandle Areas

Memphis Gets .88 of Inch Saturday, Sunday; Childress Gets 2.25 Inches in 2 Days

Breaking a drouth which has been disastrous to the majority of crops in the county, a light rain fell last Saturday night and Sunday. The rain in Memphis totaled .88 of an inch, J. J. McMickin, local observer, reported.

The rain was general over the county, as well as over the entire Panhandle. From one-half to one inch was reported to The Democrat by correspondents in most of the surrounding communities.

The heaviest rain reported in the Panhandle was 2.25 inches at Childress. Adrian had .89, Claude 1.64, Dumas .87, Follett .06, Hereford 1.10, Pampa .72, Panhandle 1.41, Shamrock .65, Spearman 1.30, Stratford .45, Clovis 1.23, Des Moines .36, Lovington 1.40, Springer .35, Tucumcari .77, Clayton .02, and Amarillo 1.10.

Only the extreme northern portion of the Panhandle was left dry. Only light showers fell at Texline, Dalhart, and points in that region. The rain swept across the Panhandle from the west to Oklahoma. Hollis had 2.07 inches, and Elk City 2.02.

The rain moved up the Pecos (Continued on page 4)

With two straight losses starting at them from the record books, the Memphis Cyclone brushed up this week on offense and pass defense in preparation for their encounter with the Quanah Indians Friday night on the local gridiron. The game will start at 8 o'clock.

Aside from two minor injuries received during the Shamrock game last Friday, the Cyclone team will be in the game with full strength. Captain Joe Crump, halfback, received an arm injury in the Shamrock tilt, and Lois Kerr, left tackle, is suffering with a side ailment.

J. C. (Pitching Pie) McClure has been practicing up on his passes this week, and has been showing up better. L. F. (Chuck) Jones, who saw little service in the Shamrock encounter, will probably see more service Friday night.

Last week's game with Shamrock showed an improvement in the Memphis forward wall, but the team lacked the winning spark. The Cyclone was unable to cope with the passing attack of the Shamrock Irishmen.

Probable starting line-up for Memphis is as follows: l, Clark; k, Kerr; lg, Fultz; c, Hardin; rg, Bruce; rt, Jenkins; re, Edwards; qb, O. Jones; lb, George; rh, L. F. Jones; fb, Lester.

Quanah's team will probably start as follows: l, L. Henderson; lt, Tate; lg, Stone; c, Wells; rg, B. Henderson; rt, Osborn; re, Jolley; qb, Edmondson; lb, Williams; rh, Britton; fb, Epps.

Masons to Confer Degrees Monday

The Knights Templar chapter of the local Masonic lodge will meet Monday night in the Masonic Temple for the conferring of the Red Cross and Malta degrees. The meeting will begin at 7 o'clock.

Members of the Childress Commandery are to meet with the Memphis Commandery, and Childress candidates for these degrees are to be present to receive their degrees.

Several officers from the Grand Commandery of the state are expected to be present and aid in the work. Visitors will be present from Dallas, Childress, Wellington, Clarendon, and Amarillo.

Work was done last week on the Royal Arch degrees by local Masons.

Hall County Gins Get 2,498 Bales

A total of 2,498 bales of cotton had been ginned in Hall County up to October 11, C. Lee Rushing, special agent for the bureau of the census of the U. S. Department of Agriculture, reported Thursday morning.

At the same date last year, Hall County had ginned 5,430 bales, more than twice the amount of this year.

4-County P.T.A. Here Saturday

Approximately 300 parents and teachers are expected to convene in Memphis when the four-county Parent-Teacher Institute meets here Saturday. The four counties to be represented are Childress, Donley, Briscoe, and Hall.

The institute will meet at the First Christian Church at 10:30 o'clock Saturday morning. Mrs. D. L. C. Kinard, vice president of the 8th district of the Congress of Parents and Teachers, will preside.

Opening the program, singing will be given by the general assembly, after which prayer service will be held.

Welcomes will be given by Mrs. H. B. Gilmore, president of the P.T.A. city council, Mrs. W. D. McCool, president of county council; Noah Cunningham, Memphis high school principal; and Miss Topsy Gilreath, Hall County school superintendent.

The response will be made by Chas. Dameron, superintendent of the Childress schools.

From 11 o'clock until 12, a round table discussion on "The Local Unit Package" will be held with Mrs. D. J. Morgensen presiding and with the presidents of all (Continued on page 4)

\$400 Set Aside By Red Cross for Tonsillectomies

Underprivileged Children to Be Aided in Operations; Roll Call Starts November 11

A total of \$400 has been set aside from funds of the local Red Cross chapter to assist underprivileged children of Hall County in paying for tonsillectomies, Carroll Smyers, chairman of the civilian home service department of the Red Cross, said Wednesday.

All of the \$400 will be spent, Smyers emphasized, and all will be spent to help those children most in need. The Red Cross chapter is cooperating with doctors throughout the county in seeking the children most in need of the operations, but not financially able to pay for them.

The humanitarian project was started this week when H. H. Brown spent the majority of this week making plans with local Red Cross leaders in organizing for the roll call which will be launched November 11.

"Ordinarily," Smyers pointed out, "the Memphis chapter has not included the entire county, but this year workers will launch a campaign for members over the county. We need the cooperation of everyone in the county for the movement since the drain on the funds here this year will be much greater in view of the \$400 set aside for tonsillectomies."

Goodwill Trip to Be Made to Plaska Tuesday Night by Local Merrymakers

The first Good Neighbor trip since the Old Settlers Reunion and Rodeo in July will be made next Tuesday night, when a delegation of Memphians will pay its respects to the people of the Plaska community, Carroll Smyers, secretary of the Memphis Chamber of Commerce, announced Wednesday.

The trippers will leave the City Hall in Memphis at 7 o'clock Tuesday night, and will convene in the Plaska schoolhouse on arrival.

A variety program to last about one and a half hours has been arranged, Smyers said, and will include entertainment by both Memphians and Plaskans. Business and professional men and women and representatives from the schools and various organizations have already signified their intentions of making the trip.

Plans now are to have one of the goodwill trips to neighboring communities every two weeks. The people of the Plaska commu-

The total to be received from payments this year will be higher than that of last year. Parity payments will be approximately \$218,741, and cotton conservation payments will reach \$245,621, making the total cotton payments \$464,362.

Added to this figure will be the feed reduction payments of about \$84,745, and the soil building payments of \$26,000. Total of the entire checks to be received will then be about \$574,007, more than last year's payments of \$450,000.

Cotton Production In 1939 Estimated At 11,928,000

U. S. Agriculture Department Forecast 452,000 Below That Set During September

The 1939 cotton production forecast by the Department of Agriculture at Washington was set this week at 11,928,000 bales, a reduction of 452,000 bales from the September forecast.

Hall Countians have estimated the crop here to be from 4,000 to 12,000 bales in the past two weeks. Last year's production here was more than 27,000 bales.

The indicated yield of lint cotton on October 1 was 235.7 pounds per acre, according to the department, and the condition of the crop is 68 per cent normal. A total of 6,686,712 bales were ginned up to October 1, according to the census bureau.

The department report said the decline in the production forecast since September was due to the hot weather during that month over the western portion of the cotton belt. Texas and Oklahoma showed the greatest declines from a month ago.

A piece of glass from the window struck Miss Jones when some unknown person threw a bottle through the window. A doctor at Wellington was notified and met the train there, treating Miss Jones for the injury.

Local doctors reported this week that Miss Jones' eye was still sore, but that the injury is healing. Miss Jones is the daughter of Mr. and Mrs. Otis Jones of Memphis.

Scouts to Have Instruction School

A school of instruction for local Boy Scouts and their Scout masters will be held at the Memphis high school building on the nights of October 23, 24, and 25. The meetings, beginning at 8 o'clock each night, will be conducted by a field executive of the Adobe Walls Council.

Scoutmasters Jack Boone, Heruan Hill, and Gene Barnett, and Cub Scoutmaster Nelson Combest are working with W. C. Davis, school superintendent, to make the school beneficial to both Scoutmasters and Scouts.

545 FARMERS TO GET CHECKS IN FIRST GROUP

651 Applications Sent in to State Office from Here

A total of 545 checks, representing parity payments amounting to \$64,005.05, arrived in Memphis Tuesday and Wednesday, F. R. Curtis, secretary of the Hall County ACA, announced. The checks are the first shipment of approximately 2,700 to be received.

The Tuesday morning shipment contained 256 checks totaling \$28,733.44. Wednesday morning an additional 289 checks arrived, totaling \$35,271.61.

Applications for 651 parity payments have been sent in to date, Mr. Curtis said. A majority of these have already been returned with the amount of each check to be sent figured. Additional checks are expected each day. Other applications will be sent in as quickly as they can be prepared.

The total to be received from payments this year will be higher than that of last year. Parity payments will be approximately \$218,741, and cotton conservation payments will reach \$245,621, making the total cotton payments \$464,362.

Local Girl Hurt On Special Train

Mary Jones, senior in Memphis High School, was reported this week as recovering from the eye injury which she suffered when a bottle was thrown through a window of the special train as the train left Shamrock following the Cyclone-Irishmen football game Friday night.

The bottle was hurled through the window when the train was a block or two south of the station. The person throwing the bottle was in a car which pulled up alongside the train, stopped, and then hurriedly drove away.

Shamrock authorities are seeking the identity of the person who threw the bottle, according to a story in Monday's Shamrock Texan.

"School officials and citizens of Shamrock expressed regret at the unfortunate incident and have assured Memphis officials everything possible will be done to punish the guilty party if his identity can be determined," the Texan stated.

A piece of glass from the window struck Miss Jones when some unknown person threw a bottle through the window. A doctor at Wellington was notified and met the train there, treating Miss Jones for the injury.

Local doctors reported this week that Miss Jones' eye was still sore, but that the injury is healing. Miss Jones is the daughter of Mr. and Mrs. Otis Jones of Memphis.

Atalantean Club Meets in Home of Mrs. C. W. Broome

The Atalantean Club met in the home of Mrs. C. W. Broome Wednesday afternoon, October 4. Mrs. Carl Periman, president gave an interesting report of the district meeting of Federated Clubs held recently in Amarillo. Attending this district meeting were Mrs. Periman, Mrs. C. R. Webster, Mrs. Frank Facian, Mrs. C. W. Kinslow, and Mrs. John Lofland.

Mrs. Periman paid tribute to Clara Driscoll, donor of the gift of \$92,000 on the debt of the Federated Clubs for their building in Austin.

Topic for the program was "Behold the Man," with Mrs. J. H. Morris as leader. Mrs. L. M. Zicks reviewed the book, "Joseph in Egypt," by Thomas Mann. Mrs. Morris presented slides of scenes in Palestine, while Mrs. Noel Woodley gave the description of each. Climaxing the presentation was a solo, "The Holy City," by Thomas E. Noel, accompanied on the piano by Mrs. R. H. Williams.

New members present were Mrs. Kay Kunitz, Mrs. O. K. Howe, and Miss Ruby Lee Stringer. Members present were Mesdames Ralph Bennett, C. W. Broome, Troy Broome, Robert Devin, H. B. Ester, L. M. Texan Wins Movie Lead

Six years ago a 17-year-old girl walked into the offices of the dramatics department of Texas State College for Women and announced her intention of becoming a movie actress. Her name was Ardis Ankerson; her home town San Antonio. In a few weeks now Warner Brothers will release "Espionage Agent." The feminine lead will be played by Brenda Marshall, the Ardis Ankerson who has insisted that she would be a movie actress since she was eight years old. Joel McCrea will play opposite her. In college Miss Ankerson was permitted to take advanced dramatics courses while she was yet an underclassman, and she was the only underclassman ever admitted to the College Little Theater.

Bohemian Art Club Has First Meeting In 'Little Theater With Green Door'

Locals and Personals

Mr. and Mrs. D. W. May and son Bob attended the State Fair in Dallas, and visited relatives in Leonard last week-end.

Mrs. J. M. Lane was a guest of Mrs. John Richards of the Richards Ranch at Paducah the first of last week.

Mrs. S. B. Pallmeyer, Mrs. H. Lindsey, and Mrs. Louie Goffinett were Canyon visitors Sunday.

Fifty members and guests attended the opening meeting of the Bohemian Art Club at the "Little Theatre with the Green Door" last Monday night. The theatre is a reconditioned barn on North 5th street.

Opening the program was a one-act play directed by Mrs. A. L. Burks. Actors were Miss Mary Foreman, Guthrie Bennett, Mrs. L. W. Stanford, Mrs. D. W. May, A. L. Burks, and D. W. May. Three character readings were given by Mrs. Noel Woodley. Characters depicted were Negro, Dutch, and Italian.

The third part of the program was a pantomime with Carl Periman and Mrs. Forrest Power. Assisting in the act were June Power, Hattie Dem Ward, Martha Thompson, and Mrs. Carl Periman.

Mrs. Murray Dodson gave an opening speech. Following the program, Mrs. Jim Roark passed among the group present as a cigarette girl, serving refreshments.

5 Attend Meeting At Wellington of Teacher Sorority

Five Memphians attended the meeting of the Gamma Kappa chapter of Delta Kappa Gamma, teacher's sorority, at Wellington last week.

Attending from here were Mrs. Clarence Morris, Miss Mary Foreman, Mrs. Norma Hunt, Miss Estu McElrath, and Miss Vera Tops Gilreath.

The program opened with an invocation by Mrs. W. W. Henderson, following which Mrs. L. E. Gribble welcomed the out-of-town guests. An accordion solo was given by Nellie Bly Slay, and Carolyn Ellis gave a reading. A business session followed.

Misses Mable Hare, Elva Davenport, and Laura Roberts were present from Childress. Mrs. Lee Reeves and Mrs. McHenry Lane were present from Clarendon. From Wellington were Miss Delia Cowan, and Mrs. W. W. Henderson.

The organization will hold a business session in the county superintendent's office at Memphis Saturday, October 21.

GARDEN CLUB TO MEET

The Memphis Garden Club will meet with Mrs. D. J. Morgensen Saturday afternoon at 3 o'clock. All interested are invited to attend.

Mrs. E. C. Herd was here from Clarendon Tuesday to visit her sister, Mrs. Howard Randal.

Dorcas Has All-Day Meeting in Home of M. O. Goodpasture

The Dorcas Society held an all-day meeting last Thursday in the home of Mrs. M. O. Goodpasture.

When members arrived, a quilt was already set and ready to be worked on. The meeting began at 8 o'clock, and as soon as there was a full quota of quilters, others turned their attention to cutting and piecing.

During the day, 72 quilt blocks were cut and pieced—enough for an entire quilt. In addition, a quilt made at a previous meeting was hemmed by those present.

For the devotional, Mrs. W. E. Johnsey read and commented on the fourth chapter of Matthew, following which a series of prayers were given. Rules and regulations of the society were read, and business matters voted on.

The hostess, assisted by Mrs. Margaret Snowden, Miss Inez Barnes, and Mrs. F. C. Dodson, served a cafeteria luncheon to Mrs. Ella Johnson, Mrs. J. B. Wrenn, Mrs. M. H. Braddock, Mrs. J. W. Burks, Mrs. Maude Shafer, Mrs. J. M. Baker, Mrs. W. E. Johnsey, Mrs. Frank J. Smith, Miss Mary Smith, Mrs. H. Brock, Mrs. M. P. Plummer, Mrs. Lucy Pullen, Mrs. E. M. Dennis, Mrs. L. B. Memphis Hospital

"A Community Service Institution" Phones 153-343 MRS. H. C. WILSON, R. N., SUPT.

Very few people are financially prepared in advance for an unexpected hospitalizing sickness.

If you are a red-blooded American be very embarrassing to be forced to charity when in need of hospital care yourself or family.

You would not think of taking one family to a first class hotel and expecting the hotel to care for them for a week or more credit. So why expect a hospital to do what a hotel could possible do with expert care added, without the money for this service? That is unreasonable.

There is a co-operative plan whereby you can for any such emergency in your family. This plan is by some 300 hospitals in Texas and is known as GROUP HOSPITAL SERVICE, INC. You pay a small monthly fee. This service is guaranteed by all these hospitals for you and your families. It is a non-profit organization really the SERVICE ORGANIZATION of all these hospitals.

It is embarrassing to us to be compelled to need service, unless we know we are going to get this service when it is rendered, not full-time or indefinite date.

You can feel proud by carrying your identification of the GROUP HOSPITAL SERVICE, INC. and you can walk (or be carried into any of these hospitals and expect and get expert service when needed. We are under contract with GROUP HOSPITAL SERVICE, INC. Ready and willing to render you needed service all times.

Newlin 'A' Student Enters T. S. C. W.

Miss Bernice Elliott of Newlin is one of sixty high school valedictorians who entered Texas State College for Women this fall as freshmen.

Outstanding throughout high school in academic work, Miss Elliott is the daughter of Mr. and Mrs. J. A. Elliott.

As a valedictorian from a Texas high school, Miss Elliott was presented with a state scholarship on graduation last June.

Nazarenes to Hold Zone Rally Here

A zone rally for the young people of the Church of the Nazarene will be held in Memphis Saturday.

The meeting will start at 10:30 o'clock in the morning, and close at 4:00. Rev. Leo Lawrence, pastor of the Church of the Nazarene at Wellington, will deliver a sermon at 11 o'clock. Rev. Lawrence recently held a two-week revival here.

Five churches are in this zone, and will have representatives present at the meeting. Special song numbers will be given during the day.

A basket lunch will be served at noon.

Mrs. Bertha Carter returned Friday from Dallas, where she spent the past week visiting her daughter, Ann Gilpin.

Estelline One-Variety Group Tries Wrapping Bales in Cotton Bagging

For a long time cotton farmers over the entire South have been looking for new uses for their product. A new use was found quite a while to get around to it.

The one-variety community at Estelline has decided to put cotton to this new use—that of wrapping the bales in cotton bagging instead of the old-fashioned jute. Another idea was to tie the bales with cotton ropes, but on second thought this idea was abandoned—since, in case of fire, the ropes would be immediately burned in two and the bales would be badly scattered.

There are three other one-variety communities in the county, one at Turkey, one at Wolf flat, and one at Lakeview. But none of them has taken the step that the Estelline group has taken.

A resolution was recently passed by the Estelline one-variety group to the effect that the ginners of each member's cotton would be required to tie the bales in cotton bagging. Both the Hulver Gin and the Hulver Gin are cooperating in the movement to use more cotton.

The first bale wrapped in the cotton bagging in this county was raised by John Ewen, County Agent W. B. Hooser said last week. Mr. Hooser has taken a series of pictures of this first cotton-wrapped bale, and they may be seen at his office in the court house.

About 95 per cent of the Estelline community farmers are in the one-variety group there. The members raise only one variety of cotton. It is necessary for the ginners to cooperate in this since the gin must be cleaned out before each ginning to prevent mixing of the cotton.

Tomorrow's Car Owner

Today he's riding a bike, but tomorrow he'll be driving a car. Today he is learning about safety rules of driving. He knows the right side of the road on which to peddle his bike, he knows the traffic light-signals and he's learned to watch the warning and instruction signs along the road. And most important of all he's learned that good tires mean safety either on a bike or in a car. So in a few years when this tow-headed youngster is grown up and owns a car of his own—it will be equipped with the best tire that money can buy—Seiberling.

Seiberlings are Better

Just as safe on the stream-lined beauty of tomorrow that Sonny Boy will drive—are the Seiberlings on the cars of today. Get your car equipped all around with these handsome SAFE tires!

EYE OPENERS--by Bob Crosby

HORACE GREELEY
WAS NOT FIRST TO SAY "GO WEST YOUNG MAN!" THE PHRASE WAS FIRST WRITTEN BY JOHN SOULE, IN THE TERRE HAUTE, IND. "EXPRESS"

85 YEARS AGO AMELIA BLOOMER PREDICTED WOMEN WOULD WEAR PANTS. BLOOMERS WERE HER ATTEMPT TO REFORM AMERICAN WOMEN'S DRESS AT THAT TIME.

ENOUGH GAS IS USED IN A SINGLE MONTH AT THE NEW YORK WORLD'S FAIR TO COOK A MEAL ON MODERN GAS RANGES FOR MORE THAN 24,000,000 PERSONS!

On a bet with a friend, John Soule of the Terre Haute, Indiana, "Express" wrote an editorial in his paper in which he credited Greeley with advising young men to "Go West." When Greeley saw the editorial he told his friends that such advice expressed his views, even though he had not written the article.

The same versatile fuel—gas—used for cooking by some 16,000,000 American housewives, is found at more than 400 locations throughout the New York World's Fair grounds. And 2 1/2 times as much is used as at any previous exposition! Besides the "mass" uses, such as cooking, etc., it works glassware, incubates Dr. Couney's babies, plays the role of fire in the Lagoon of Nations' fountain display, makes the mist for Victoria Falls—even incinerates every used Fair ticket!

I GIVE YOU TEXAS BOYCE MOUSE

When once I knock and fail to find you in;
For every day I stand outside your door
And bid you wake to rise and fight and win."

One day, Malone was sitting at a table in a dining room in his home city of Memphis, Tenn., when a bright-faced young man came over to him and said:

"When my father was in his early twenties, he decided life wasn't worth living and he rented a room in a hotel with the intention of killing himself. A previous occupant had clipped out your poem and had slipped it under the glass top of the dresser. My father read it, realized that yesterday was past and tomorrow was an unopened scroll. He faced his troubles and conquered them. Later, he married and my two brothers and I were born. Mother and dad are at the next table. I want to bring them over to thank you for your wonderful poem."

Just marks on paper—but where would civilization be if it were not for books, magazines, letters and newspapers?

Multiplied millions of words and combinations of words but no way to turn down a friend's request for the loan of a ten-spot without making him sore!

Dr. and Mrs. D. C. Hyder attended the Panhandle District Medical Society meeting in Lubbock first of this week.

say it out loud as it might be doubted. However, another man reported frost at his place in the lowlands. It was the longest summer I ever experienced, and I hope the coming winter will not be as long in proportion. Summer started in March and continued until October, with no spring weather to follow winter.

Married life is to be taught in WTSC at Canyon next week. Perhaps all of us could profit by taking lessons, but theory, instead of actual experience, may or may not work out. Anyway, I'd like to hear what the teacher will have to say on the subject.

Mrs. T. R. Blades telephoned me this morning that she wants to subscribe \$5 to the Fairview waterworks fund. She is the only person to respond to the call this week. I was about to think the proposition would draw a blank this week since it has a Friday the 13th in it. Thank you, Mrs. Blades, for keeping the movement going.

I have been asked to tell something of the Diversified Occupations Course offered by the Memphis high school, and what the citizens and business men think of it. Reports from various business men who are cooperating in the movement, it seems that they all approve the course, because its purpose is to train students for the occupation they choose.

The business men take trainees with the understanding that the students do not take the place of regular employees, but are learning a chosen occupation, receiving only a small compensation.

The students seem to enjoy their work and try to give the best possible service to their employers and the public. None of the students receive full pay but only what they are worth as trainees to the employers for, in most cases, the business men do not need the student's help. In cooperating with the city schools the business men are working toward making good Memphis citizens.

CHURCHES

FIRST BAPTIST CHURCH

The subject of the pastor's message Sunday morning, "You Can't Win Without God" with John 15:5 as the text. Too many people today are trying to get along without God and we believe that the stress of the present day is making people turn to God more and more.

A hearty welcome awaits you at all services of our church. Find your place in Sunday school and R. T. U. We will appreciate your presence. The mid-week service is being well attended and great interest is shown.

PRESBYTERIAN CHURCH

Just a few more days and the series of revival meetings will be going for one month. Suppose now we catch the meaning of that sweet little "Chorus." "Everybody ought to love Jesus, Jesus, Jesus, Jesus. Yes everybody ought to love Jesus. Yes Brother Rayburn, is coming to do the preaching, and Brother Ivey is coming to do the singing, or to direct the choir and the great congregations in singing.

Let us all sing: "All hail the power of Jesus name." Also "Jesus Lover of My Soul;" "The Ninety and Nine;" "Must Jesus Bear the Cross Alone?;" "The Haven of Rest;" "Where Is My Wandering Boy Tonight?;" "Revive Us Again;" "The Old Account Was Settled Long Ago;" "Nearer My God to Thee;" "Brighten the Corner Where You Are." These are all fine and many, many others.

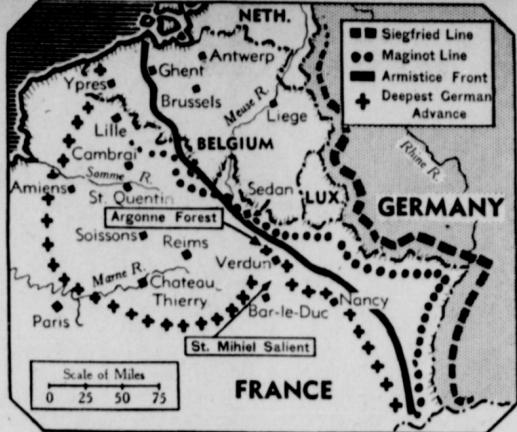

But now listen, come to church next Sunday morning and evening. Let nothing but sickness keep you away.

Committees are at work for the meetings. Cottage prayer meetings are going good.

Everybody pray and repent and confess and do your part.

E. C. Cargill, Pastor.

Today's Western Front Close to That of 1914-18

The current western front lies along the Maginot and Siegfried lines. Just 21 years ago it was only slightly east of this position. Above map shows comparison of the two lines and prominent battle centers during first World War.

NO such imposing fortifications as the Maginot and Siegfried lines confronted each other across the French-German border at the outbreak of the first World War in 1914. If this had been the case, the boundary might have remained the western front from the early days to the Armistice.

Yet, today the front is hardly more than 150 miles at the farthest spot from the battle line which existed at the close of hostilities in November, 1918. Such towns as Nancy, Bar-le-Duc, Verdun—familiar to veterans of the past conflict—are very close to the current battle zone.

If the Nazis break down Maginot resistance and rush into France, if they thunder through Belgium, the old war area, World War scars of which scarcely have been healed, may be torn again.

TAKE Ypres, Belgium, for instance. Here were fought three of the World War's bloodiest battles. In the fall of 1914, Germans failed to penetrate the surrounding territory in a tussle which marked the start of trench warfare. In the second battle (April, 1915), Germans used poison gas for the first time. The third battle of Ypres lasted from July to November, 1917, with little gain by either side.

A straight westward drive by the kaiser's forces threatened Paris during September, 1914. But the first battle of the Marne, midway between the capital and Chateau Thierry, checked the advance. By July, 1916, Brit-

ish were attacking Germans along the Somme near Amiens. Verdun, almost at the fringe of the present Maginot fortifications, was the scene of the war's most famous siege. From February to October of 1916, the Huns hurled intensive bombardments at the city. But Verdun never fell.

Cambrai, near the Belgian border, was the location for a British surprise offensive in November, 1917, during which masses of tanks were used to stampede the enemy. Germany struck back at St. Quentin in March of the following year, pushing 40 miles closer to Paris before her troops were stopped. She again reached the Marne in May at the battle of Chemin-des-Dames between Reims and Soissons.

THEN—the turning point, July, 1918: The Allies won the second battle of the Marne. American troops checked an advance at Chateau Thierry in their first big engagement. September and October: The U. S. doughboys pushed through the Argonne forest, the British broke the Hindenburg line between St. Quentin and Cambrai. The St. Mihiel salient north of Bar-le-Duc provided the clincher.

Wars of the more distant past than the first World War have also moved across this stage. The region has seen the downfall of two Napoleons. Emperor One met his Waterloo in north central Belgium; Emperor Three, battling Prussia, rang up the white flag at Sedan in 1870.

Road Bill Means Savings to Citizens

When the State of Texas recently agreed to assume more than 90 per cent of Hall County's bonded road indebtedness, it left a good many dollars in the pockets of Hall County taxpayers. Here's what it means:

The semi-annual payment on the road bonds, together with the payment on a portion of the bond issue which was defaulted and refinanced, totals \$19,580. That is the amount which Hall County would have been required to pay on the 15th of this month.

The actual payment which will be made from the county treasury will be only \$1,561.02. The remaining \$18,018.98 will be paid from a state highway fund—

from a surplus accumulated through the state gasoline tax to which every Hall County motorist has contributed.

Of the total amount of \$17,847.50 due on the county and district road bonds this month

the county will be required to pay only \$1,356.41; and of the \$1,527.89 in interest due on the refunded bonds, the county's share will be only \$204.61.

The above figures, released this week by County Judge M. O. Goodpasture, are good news to the taxpayers of Hall County. Doubled to include both semi-annual payments, they represent an annual saving of more than \$56,000.

To the taxpayer in the precincts north of the river, where the full burden of the road indebtedness has fallen, state assumption represents a concrete saving of \$1.25 on the \$100 valuation for district road taxes. The district road tax has been reduced from \$1.50 to 25 cents on the \$100.

The general tax levy for the entire county has been reduced by three cents on the \$100, dropping from 83 cents to a flat 80 cents for 1940.

Since the debt is being paid from a one-cent portion of the state gasoline tax, and calls for no increase in taxation, Hall County taxpayers will be richer by more than \$56,000.

For the past several months, scouting has been on the decline in Memphis, but during the past two weeks, more interest has been shown in this work.

Tuesday of last week at the Rotary meeting, Alien Grundy Memphis who is greatly interested in the work of scouts, told members there that the present power of the European dictators might not have been possible if the youth of 15 years ago had been taught differently. As one means of encouraging better youth in the United States, Mr. Grundy advocated scouting work.

He urged the business men of Memphis to push forward the scouting work, rather than let it die on its feet.

At the same meeting, Scout Jim Deaver pointed out to the Rotarians the ways in which the scout himself feels about the work. Young Deaver said it was fun now, and he believed the work he is doing now would help him a great deal later on.

Troop 35 of the Memphis scouts, however, did not have to hear the results of this meeting in order to start to work in a new fashion. They met Monday Oct. 2, at the home of Scoutmaster Jack Boone, and started the ball rolling back up the hill to better scouting work by reorganizing their troop.

Originally, the troop had three patrols, but this number was reduced to two. The Lone Star Patrol has as its leader Robert Williams, with Jack Hightower assistant. John Perkins Jr. is secretary-treasurer. Other members are Bill Clark, Gayle Pyeatt, George Sargent, John F. Ivy, Roy Brock, H. B. Gilmore, and Jack Pyeatt.

Troop News from the Donley-Hall Scout District

Jack Hightower was elected troop scribe.

After the reorganization, the two patrols went into separate meetings. Following the meetings, ice cream sandwiches, cookies, and lemonade were served to the boys.

Breath Bad, Logy? You May Need This

Just as the lighthouse flashes a friendly warning to sailors, Nature sends out headaches, bad breath, biliousness, which often warn of constipation.

Too many misunderstand or neglect those symptoms and thereby may invite a host of constipation's other discomforts: sour stomach, belching, loss of appetite or energy.

Be wise. Take spicy, all vegetable BLACK-DRAUGHT tonight by simple directions and clear your bowels gently, promptly, thoroughly. This intestinal tonic-laxative helps give tone to lazy bowels.

Its long life and popularity testify to BLACK-DRAUGHT'S merit.

A Reporter Goes to Church

Rain failed to keep very many of the members of the First Baptist Church at home last Sunday morning—the auditorium was almost full. However, Rev. J. W. Mason, the pastor, and Hayden Goodnight, Sunday school superintendent, both said the Sunday school attendance was lower than usual.

The First Baptist Church has a large auditorium, the seats in which are arranged in a semicircle. The floor slants downward toward the pulpit in order that each person in the audience may be better able to see the speaker.

Mrs. A. Adamcik of the State Training Union Department was present at the services Sunday morning, and made an announcement concerning the training union enlargement campaign. During this week, a training school is being conducted each night at the Baptist Church. The school is primarily for the teachers in the church, but Rev. Mason urged, as did Mrs. Adamcik, every member of the church to attend.

Mrs. Adamcik is an excellent speaker herself. Her short announcement Sunday morning appeared to touch everyone in the church, and, judging from the reaction that morning, the entire church will show plenty of enthusiasm during the sessions of the training school.

Rev. Mason preached Sunday morning on "The Unfailing Presence of God." His manner of delivery is sincere, oratorically good, and he manages very effectively to keep the attention of the audience. His manner of speech is rather difficult to analyze, however. He speaks neither rapidly, nor slowly, but with an excellent combination of both. The important points in his sermon were accentuated by either a raising of the tone of his voice, or a lowering of the tone. He preaches well, sincerely, and effectively.

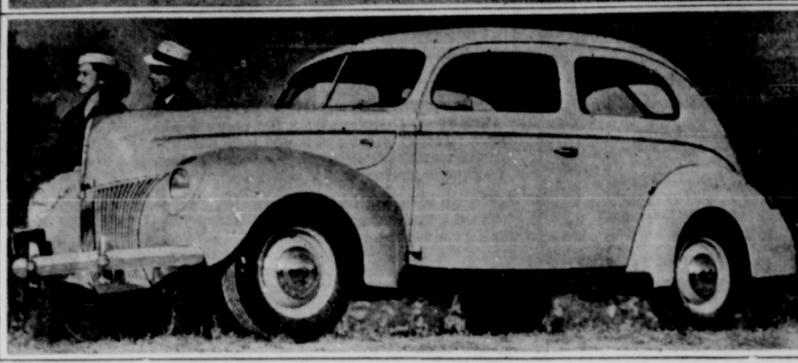

Rev. Mason took his sermon last Sunday from several quotations in the Bible. He told of various ways in which God is always present, and the ways in which a person can be benefitted by the ever-presence of God. He ended his sermon with a poem, beautiful in thought. The poem ended with a phrase which ran something like this, "You must seek God in the morning, if you want Him with you all day."

Beautifully-played organ music accompanied the songs by the choir and the audience. Each seat in the choir was filled and the choir's singing was greatly aided by the help of the audience. It appeared that almost everyone in the audience joined in the singing.

Visitors are welcome at the Baptist Church. Before beginning his sermon, Rev. Mason asked the out-of-town visitors to stand, and each one was introduced to the audience. When you walk into the church, one of the ushers will meet you, give you a program for the day's services, and welcome you. Then when you leave the church, Rev. Mason will hurry to one of the exits, and urge your return. He also calls out to the audience to greet and welcome those visitors for the day.

Attention at the services last Sunday was good, although there were a few minor disturbances. For example, there was a young blonde-haired girl who tiptoed into the church about the middle of the sermon, looked around, saw someone she knew and smiled, then went on to the seat for which she was looking. A still, smaller blonde-haired child cried out occasionally before the sermon started, but the child was quiet during the sermon. One of the male members of the choir was unusually quiet during the sermon as he dozed throughout the time the pastor was speaking. For awhile the reporter was not sure

Two Ford V-8 Cars for 1940 Presented

HERE are the two Ford V-8 cars presented for 1940. One is a Ford V-8 and the other a deluxe Ford V-8. Top, the deluxe Ford V-8 Fordor sedan; below, the Ford V-8 Tudor sedan. Both are big cars with graceful lines. Emphasis in interior styling is on fine appointments. Among numerous important features are a finger-tip gearshift on the steering column, a new controlled ventilation system and Sealed-Beam headlamps for safer night driving. Two V-8 engines are available, at 85 horsepower in the deluxe, the 85 horsepower or a 60 horsepower engine in the Ford V-8 models. Cars with 85 horsepower engine have improved spring suspension and a torsion bar ride-stabilizer. Four Ford V-8 and five deluxe body types comprise the two lines. A new business coupe as well as a coupe, Tudor sedan and Fordor sedan are available in both. There is also a deluxe convertible club coupe with automatic top standard equipment.

SHAMROCK DOWNS MEMPHIANS BEFORE CROWD OF 2,000 FANS

Cheers of 500 Memphis football fans in a crowd of about 2,000 were unable to pull the Cyclone through a hard-fought game as the Shamrock bowled to a 13 to 0 defeat before the Shamrock Irishmen in the Shamrock gridiron last Friday night.

Practically all the game was played on Memphis territory, and although the Cyclone punters averaged nearly 30 yards per punt, the team seldom found itself out of danger.

A special train carried more than 200 Memphis fans to the game, and others went in private cars.

Shamrock marked up their first score after about five minutes of play in the opening quarter. Halfback Burl Puett went around right end for 12 yard to place the ball on the Memphis 21-yard line.

Gene Lanford ran around left end to pick up about 5 yards. A pass from quarterback Charlie Allen to D. H. Wilson, end, was complete across the goal and good for the first touchdown. Puett missed the kick for the extra point.

Neither team scored during the second quarter, but in the third a long pass paved the way for Shamrock's second touchdown. After a series of short gains through the line, Allen went over the goal line for the touchdown. A pass from Allen to Melvin Thompson, end, was good for the extra point, making the score 13 to 0.

The Cyclone forward wall showed up much stronger than in the Paducah game, when the Dragons ran through the line almost at will. The Cyclone also pulled several new plays out of the hat to make their offensive thrusts show up better.

The Memphis passing attack almost paved the way for another Shamrock tally in the fourth quarter, when Puett intercepted a pass from J. C. McClure. With the ball in their possession, the Irishmen got down to the Cyclone 15-yard line, tried two line plays which failed, and then tried a pass over the goal line, which fell incomplete.

Outstanding player of the game was Shamrock's Charlie Allen. He repeatedly crashed through the Memphis forward wall for gains, and his passes to the Irishmen ends were well-placed, although the Irishmen completed only 6 out of 15.

Women: "Build-Up" To Relieve Pain

A weak, run-down, undernourished condition calls for attention!

Such a condition often enables functional dysmenorrhea to get its foothold. That's one thing which leads to much of women's suffering from headaches, nervousness, those cramp-like pains. A good way to relieve such pains, women by thousands have found, is by the proper use of CARDUL. It stimulates a lagging appetite, assists digestion and assimilation; thus helps build physical resistance to periodic pain. Taken just before and during "the time," many women also report that CARDUL helps to ease the pain and discomfort of the period.

Lakeview Man Likes Shelterbelt

That the shelterbelt program of the Prairie States Forestry Service division in Memphis is proving beneficial is shown by statements of V. Patton, farmer near Lakeview.

"I think," Mr. Patton recently said, "that my shelterbelt is very beneficial to me. For example, a strip of cotton near the belt has a good crop of well-matured bolls on it, which probably would not have been there if I had not had the shelterbelt."

Mr. Patton pointed out that the land near the belt was subject to blowing each year, and as a result it was usually too late after the

crop had been planted. This year the land has not been so great extent.

Another example gives is the condition of alfalfa at the farm. The belt has been taking hold, as is seen and the feed is in condition.

Two other reasons belt are given by Mr. Patton is that the trees add to the farm, and the other such as quail, and the trees.

Here is a picture of the home of Mrs. N. M. Key of Childress, Texas, another satisfied Better Heating owner. We interviewed Mrs. Key as follows:

- 1. How long have you had Automatic Gas Heating? Two years.
2. How has it benefited your family? We have no sweating of furniture of windows and have a dry, even temperature over the house.
3. What feature of Automatic Heating do you like best? Our units conserve space and are neat.
4. What is there about Automatic Heating that influenced your decision to install it? To eliminate cold spots in the rooms and secure evenly distributed heat with no bother.
5. What would you say about it to your neighbors who do not have Automatic Gas Heating? We wouldn't be without our automatic floor furnaces, because of the even temperature.

(Signed) Mrs. N. M. Key

Next winter and for many years to come hundreds of homes like this will thrill at the convenience and healthful comfort that Better Heating affords. Controlled by a tiny wall thermostat, Better Heating keeps the house comfortable all day—gone are chilly drafts, cold floors, "sweating" walls! Ask about Better Heat for Better Health—let us make a FREE heating survey of your home and place the facts before you!

Culture Club Gives Tribute to Work Of Clara Driscoll

The Woman's Culture Club met Wednesday, October 4, in the home of Mrs. T. B. Rogers. Mrs. D. J. Morgenson, president, presided at the business session.

In introducing the program, "Our Panhandle," the secretary announced that the program was to be dedicated to Mrs. Clara Driscoll, "savior" of the Texas Federation headquarters.

In paying tribute to Mrs. Driscoll, Mrs. W. L. Wheat, standing by the United States and Texas flags, gave an informative and stimulating review of the many worthy deeds of Mrs. Driscoll, bringing out the fact that she knew, loved and understood Texas and its people more than any other woman ever to live in this state.

In view of Mrs. Driscoll's leadership in the Democratic party and of her faith in the democratic form of government, the preamble of the constitution was given by Mrs. C. Z. Stidham. A poem about Mrs. Driscoll was then read by Miss Vera Gilreath.

The Panhandle program was begun by Miss Anita Meacham, attired in cowboy regalia, singing "Old Faithful" and "Silver on the Sage," accompanied by Mrs. L. B. Madden at the piano.

Mrs. J. A. Whaley depicted the early Panhandle in her talk on "Cattle Kings and Cattle Trails." "Panhandle Archaeology" was discussed by Mrs. Elie Baker, archaeologist of Amarillo, who with her husband has been excavating along the Canadian River for the past five years. Mrs. Baker's exhibit found in the different burials brought out in a clear manner how some of the Panhandle people lived ten thousand years ago.

Mrs. Roy Fultz, safety chairman, brought the thought for the day on safety.

The hostess, assisted by Mrs. D. E. Rogers, served salad courses to Miss Imogene King, Mrs. C. C. Meacham, Mrs. Chas. Oren, Mrs. Clarence Stroehle, Miss Anita Meacham, Miss Mary Noel, Mrs. Park Chamberlain, Mrs. R. Ernest Clark, Mrs. Roy Fultz, Miss Vera Gilreath, Mrs. H. T. Gregory, Mrs. Carr Hamrick.

Mrs. R. L. Madden, Mrs. L. B. Madden, Mrs. D. W. May, Mrs. D. J. Morgenson, Mrs. J. H. Norman, Mrs. G. W. Sexauer, Mrs. C. Z. Stidham, Mrs. J. W. Wells, Mrs. J. A. Whaley, Mrs. W. L. Wheat, Mrs. Conley Ward.

Cash, Carry Plan Favored by Jones

Taking the side of the President in the present Congressional clash over the embargo versus cash-and-carry plan, Marvin Jones, Congressman from this district, has recently issued a statement concerning his views.

"The 'cash-and-carry' plan now under consideration by the Congress is much less likely to involve America in war than if we continue under the present act," Congressman Jones writes.

"Under the present law, only actual implements of war are subject to the embargo. We can ship steel, oil, brass, cotton, nitrates, and many other materials that go into the making of implements of war, and our own ships can carry these materials. . . . Our ships can transport these materials and thus be targets for torpedoes. . . .

"The 'cash-and-carry' plan now under consideration provides that none of the materials listed by any warring country as contraband can be carried in American ships to the belligerents on either side. The title of ownership must be transferred in this country and the articles must be carried in the ships owned by the belligerents themselves. This will remove the dangers of the present law. . . .

"There is no such thing as winning a modern war. All people who take part in it lose. . . .

"Capital should also be subject to call. Excessive profits should never be allowed again. The best assurance of peace is to take the profits out of war. . . .

"Let us keep America at peace," Congressman Jones concluded.

Mr. and Mrs. Arvil Johnson were called to the bedside of a relative in Pampa Sunday. Accompanying them to Pampa was Mrs. Herbert Stockton, who visited relatives there. Mr. and Mrs. I. D. Burrows spent last week-end in Tulla.

It is not just another fish story that E. N. Hudgins had to tell—it is a real one, and a true one.

Imagine helping catch 50,000 fish all in two days of trying, and being able to come back to town and tell about it—truthfully.

But that is just what happened to Mr. Hudgins, who is a member of the fish committee of Brookhollow Lake. Of course the fish were not "whoppers," or anything like that. They were anywhere from three to ten inches long, and of three varieties, bass, goggle-eyes, and cat.

The fish were moved last week from the spawning pools of the Brookhollow Lake to the lake itself. There are about 15,000 bass, 25,000 goggle-eyes, and between 10,000 and 12,000 catfish.

"It's the best results we have ever had with our spawning pools," Mr. Hudgins said. For the past several years, between 20,000 and 40,000 fish have been raised, each year, but this year's crop far outnumbered any previous year.

For awhile this year the bass in three of the pools were not growing very much, so 40,000 minnows were dumped each week into the pools for the bass to eat. When the fish were moved last week, there was only about 1,000 of the minnows left out of a total of approximately a quarter million which had been dumped into the pools.

The fish were moved by means of seining after the water had been drained down to a low level. Practically none of the fish died during the moving process, Mr. Hudgins said.

Fishermen may practice their skill at the lake until March 1, Mr. Hudgins said. Fishing may then be resumed May 1, after the spawning period of March and April.

Mrs. J. G. Kunkler is visiting relatives near Dallas this week. Mr. and Mrs. Ed Duncan of Clarendon visited Lena Mclear Sunday.

Mr. and Mrs. George Miller of Shamrock spent Sunday with Mrs. Miller's parents, Mr. and Mrs. J. A. Merrick.

Mystic Weavers Meet in Home of Mrs. J. W. True

The Mystic Weavers met with Mrs. J. W. True Wednesday afternoon.

After a short business meeting presided over by the president, Mrs. George Hattenbach, refreshments were served to Mesdames F. N. Foxhall, W. B. DeBerry, Frank Phelan, T. R. Garrott, R. C. Walker, J. S. McMurry, Chas. Webster, George Hattenbach, R. H. Wherry, Chas. Oren, Roy Fultz, Sam Harrison, Dave Grundy, J. W. True, C. A. Reynolds. Visitors were Mrs. Dick Huggins and Miss Maud Milam.

Farewell Shower For Mrs. Brewer Is Given Friday

A handkerchief shower, honoring Mrs. Roy Brewer, was given by Mrs. Alvin Massey and Mrs. O. N. Hamilton at the Massey home last Thursday night. Mrs. Brewer left Friday for Goosecreek, where she will make her home.

The entire program was along the line of Mother Goose. Mrs. R. E. Clark read a poem on "Friendship" by Edgar A. Guest, and she also read an original poem dedicated to Mrs. Brewer.

Cards, with a hand-painted goose on each, were passed out to the guests. Each guest was asked to write on her card a friendly greeting, in verse, to the honoree.

Mrs. Hamilton read an original Mother Goose poem to Mrs. Brewer.

Little Roy Alvin Massey and Margaret Ann Massey, dressed as Little Boy Blue and Little Bo Peep, came in with a basket filled with handkerchiefs, and presented them to Mrs. Brewer.

Punch was served to Misses Mary Beckum, Ruby Thornton, Sylvan Wrenn, and Ida Mae Lonz, and Mesdames Mary Pyeatt, Jan Martindale, R. E. Clark, J. P. Godfrey, Bonner Scott, Earl Pritchett, Jack Joyce, Ada Sargent, Ara Foust, Mac Graham, Lynn Jones, Flora Webb, Harry DeLaney, and Roy Brewer, and the hostesses, Mrs. Hamilton and Mrs. Massey.

W. M. S. Circle 2 Meets Monday In Norman Home

Circle No. 2 of the Women's Missionary Society of the First Methodist Church met Monday afternoon at the home of Mrs. James Norman, with Mrs. L. C. Byars and Mrs. Jerry Wright as co-hostesses.

The program, led by Mrs. Frank Foxhall, was as follows: Topic, "Lifting Horizons in Fields Afar." Musical number by Mrs. R. H. Williams. Prayer by Mrs. Frank Foxhall. Roll call of questions and answers. Scripture, Philippians 3:7-15. Mrs. Clinton Srygley. Song, "The Morning Light is Breaking." Missionary topic, Mrs. Noel Woodley. Prayer for the world mission of the church, Mrs. Frank White. Business session. Benediction.

Refreshments were served to Mrs. Noel Woodley, Mrs. C. H. Compton, Mrs. Frank Foxhall, Mrs. Ed Hutchinson, Mrs. C. R. Webster, Mrs. Mae Tarver, Mrs. Clinton Srygley, Mrs. Norma Hunt, Mrs. R. H. Williams, Mrs. Robert Devin, Mrs. W. L. Porterfield, Mrs. Berrel Hannon, and hostesses, Mrs. Norman, Mrs. Byars, and Mrs. Wright.

Use and Observe These TRAFFIC SIGNALS for Your Safety!

Traffic signals were not invented for the playing of polite parlor games. True, it is good driving manners to use and observe these signals. But courtesy is merely incidental to the real purpose: YOUR OWN PERSONAL SAFETY.

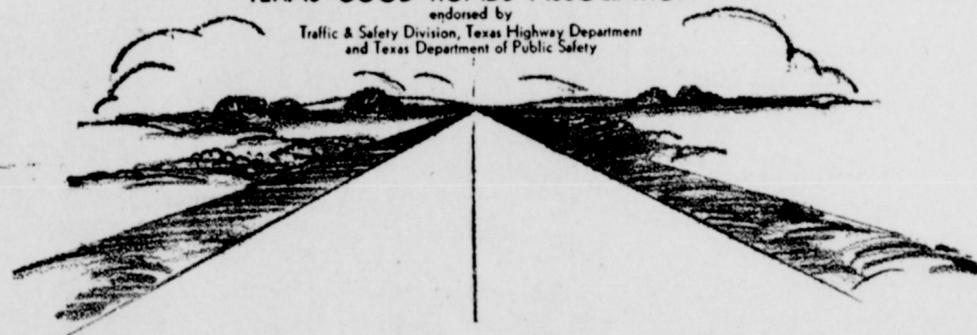

When you extend your arm straight to the left, even the half-wit (whom every driver fondly imagines is steering the car immediately behind him) can understand that your car is going to turn left. Raise your arm straight up, and he knows you are going to turn right. Lower your arm over the side of the car, and he is amply warned that you are going to stop.

Simple signals, these three; and so easy that their use can become as automatic as opening the mouth when you want to

speak. So simple and so easy that it is hard to understand that for many they have meant the difference between life and death. Psychologically, perhaps, it is explained by the fact that many people who drive 1939 cars still follow 1910 driving methods . . . and are as hopelessly old-fashioned as if they wore bustles or yellow buttoned high shoes! Their intentions are good; they plan to do the right thing. But they don't practice it. And the tragic part is that they only have to forget just once! "Once is enough" is Death's own motto and should be graven on thousands of those hard gray slabs.

Let's be good sports and set the dilatory ones a good 1939 example . . . USE and OBSERVE these traffic signals not just occasionally, but ALL the time!

Meeting Closes Sunday Night
The revival services which have been conducted for the past two weeks at the local Methodist Church by the pastor came to a close Sunday night. Each service was well attended, and the night services had representatives from all the surrounding towns and communities. The revival was a successful spiritual revival for the church and community. There were a number of conversions. Rev. Ivey will begin a revival in Estelline Monday night, which will continue for two weeks, after which he will conduct the young people's services and song services for the month revival in Memphis beginning October 22.

Rain
After two months of drouth which seriously damaged crops in this area, a rain began to fall Saturday afternoon and continued throughout the night and most of the day Sunday. The precipitation amounted to approximately an inch and a half. The moisture will be beneficial to late feed-crops and to farmers who plant fall wheat.

Nelson Reunion
All the children, grandchildren, and great grandchildren gathered at the home of Mr. and Mrs. J. K. Nelson for a family reunion on Sunday, October 8. Those present for the occasion were Mr. and Mrs. Joe Nelson and children of Eli, Mr. and Mrs. R. O. Nelson and children of Newlin, Mrs. Guy Nelson and son of Newlin, Mr. and Mrs. W. E. Nelson and daughter of Amarillo, Mr. and Mrs. Tad Nelson and daughter of Albuquerque, N. M., Mrs. Myrtle Sheid and son of Denver, Mr. and Mrs. Jack Nelson and son, Mr. and Mrs. Jim Nelson, Mr. and Mrs. Jack Tucker, Mr. and Mrs. O. B. Hoover, Mr. and Mrs. J. R. Nelson, Miss Willie Margaret Lokoy, Miss Annie Margaret Helm, Mrs. Cecil Hardie and son. A total of forty were present.

Birth Certificate Mix-Up
At the opening of the school this year, each beginner was required by the State Health Department to have his birth certificate, which caused several parents considerable trouble. Little Triton Don Davis, son of Mr. and Mrs. Triton Davis, found that his birth certificate had been sent in to the state department with his name spelled "Doss" instead of Don, due to an error of the attending physician. The parents in correcting the mistake found that to be quite a task. After several letters to the department, it was necessary to have a photostatic copy made of the certificate, and an affidavit made by the parents concerning the error.

Personal
Mrs. Ogle Martin and little daughter Gwenneth Lea returned to the home of her parents here from Galveston last week. Her husband, Corporal Ogle Martin, was sent with several hundred army officers to Porto Rico, where he will be stationed for the next two years.

Mr. and Mrs. Jack Crawford and little daughter Beverly Jane moved to Hedley last week to make their home.

Mr. and Mrs. Joe Griffin moved from their home here to Paris, where they will make their home. Mr. Griffin is very ill.

Marvin Wasson left last week for California, where he expects to spend the winter.

Miss Florence Lokoy returned to her home here after spending the past six months in a Fort Worth hospital. Miss Lokoy is still confined to her bed.

Mrs. Merle Williams and sons Darrold and Herbert of Wichita Falls spent Saturday and Sunday with her father, J. O. Hemphill, here.

Deadly Monsters of War

The Tank
TWO streamlined types of war machinery — as much improved over the 1914 variety as your super-sedan is over the open touring car — will perform effective jobs of destruction and demoralization in the current war.

The tank, thundering over rough terrain at high speed, will smash out enemy resistance for the advancing infantry, crush machine gun nests. The submarine, recognized as the most potent naval weapon, may send many a pride of the sea to the ocean bottom.

WRAPPED in heavy armor, sprouting menacing guns, a tank looks to be about the safest and most cozy place a soldier could serve. But riding in a tank is such a rough-and-tumble job that the crew members — commander, operator, gunner, and radio expert — have to wear protective headgear.

If disaster strikes, there is no escape. Igniting gasoline bombs, hurled at the tank, turn the tiny inner control room into a chamber of horror. Ground mines can blast the steamroller to bits. Shells from anti-tank guns will pierce the one-inch plating.

Light tanks weigh about 10 tons, can travel at 40 miles per hour over ordinary roads. They carry a 37-millimeter weapon and four 30-caliber machine guns. There are 223 tanks and 1887 men in a light tank regiment; about 1000 men are mechanics, medical workers, and reserves who travel behind the moving front.

The light tank can carry a fuel supply of 60 gallons, gets about two miles to the gallon. It

Mrs. Lad Hagins and Mrs. Caryl Aduddell were visitors in this community last week.

The B. A. U. class of the Lesley Baptist Church met last Tuesday night at the home of W. A. Knight. Old-time games were played and a huge fire was built in the back yard where wieners and marshmallows were roasted. Twenty-three were present.

Mrs. W. M. Montgomery gave a birthday dinner last Saturday, honoring W. M. and J. P. Montgomery, both of whom were 67 years old. Present were members of both families and their children.

Mr. and Mrs. Frank Perry and family of Groom were week-end guests in the M. M. Kennard home.

Mrs. Gordie Cross has returned home from the hospital after undergoing a major operation recently. She is reported to be recovering.

Greenhaw's Leads

In Bowling League

Greenhaw's bowlers moved out in front place in the local bowling league last week by downing the J. C. Woodridge team in three straight games.

The First National Bank team, leading in last week's standings, dropped to second place when the team lost two of three games to the G-Men. Tied for third place position are the Memphis Grocery team, which lost two of three games to Cudd-Combest, and Durham-Jones, which dropped two of three to The Democrat team.

Next week's pairings are as follows: Monday, October 16, Memphis Grocery vs. Durham-Jones; Tuesday, October 17, Democrat vs. Cudd-Combest; Wednesday, October 18, Greenhaw's vs. First National Bank; and Thursday, October 19, Woodridge vs. G-Men.

The standings:

Team	W	L	Pct.
Greenhaw's	9	3	.750
Bank	8	4	.667
Memphis Gro.	7	5	.583
Durham-Jones	7	5	.583
Democrat	6	6	.500
G-Men	5	7	.417
Cudd-Combest	4	8	.333
Woodridge	2	10	.167

Baptists Conduct

Training Union

A training union enlargement campaign is being conducted this week at the First Baptist Church under the leadership of Mrs. A. Adamek of the State Training Union Department.

The meetings begin each night at 7 o'clock, and are held in the church.

Mrs. Leon Randolph has charge of the Story Hour of the beginners and primaries. The juniors are studying a new book, "Living for Jesus," under the teaching of Miss Lois Hill. Mrs. J. Wm. Mason is teaching the intermediates, and this group is also studying a new book, "Messengers of Light."

Rev. J. Wm. Mason, pastor, is teaching the young people, also with a new book, "What We Believe." Mrs. Adamek has charge of the adult group, studying the book, "The Growing Christian."

CARD OF THANKS

With grateful hearts and deepest gratitude we express our sincere thanks for the words of comfort, deeds of kindness, and beautiful floral offerings, given in our hours of sorrow. May God bestow upon you His richest blessings and may you too have kind friends to minister to you in times of need.
Mrs. Robert L. Turner.

Announcing THE NEW FORD CARS FOR 1940

22 important improvements, added to fundamental Ford features represent the most advanced engineering in the low-price field.

WHAT do the Ford cars for 1940 offer to match their brilliant new beauty? New comfort, convenience, quiet, safety—and the roomiest, richest interiors ever designed for a Ford car.

They have a host of interesting new features. Finger-Tip Gearshift on the steering post. An improved transmission, unusually easy to shift. New Controlled Ventilation. Improved shock absorbers. Softer springs, improved spring suspension and a new ride-stabilizer.*

A combination of new features makes the new cars quieter in operation. They have big, powerful hydraulic brakes. They have new Sealed-Beam Headlamps that are safer, stronger and stay bright longer. They have the famous Ford V-8 engine (85 hp in the De Luxe Ford. Choice of 85 or 60 hp in the Ford) — which blends 8-cylinder smoothness with economy.

You've never seen cars with so much performance, style and comfort at such a low price. Get acquainted. You'll enjoy the experience!

A FIELD FOR BEAUTIFICATION

THE DEMOCRAT has received a letter from G. A. Bracher of Childress, district highway engineer, accompanied by an editorial. Mr. Bracher stated, "I just ran across the attached editorial which contains a thought that is worth emphasizing in the interest of getting the citizenship of our various towns beautification minded to the extent that premises shall be kept cleaned up, wayside improvements developed, especially along the highways that pass thru our towns." The article follows:

Presumably, most if not all of us have been reading in Holland's the messages from the presidents of the various southern state garden-club federations, relating the programs of those splendid organizations and the efforts they are making to bring about the beautification of their states. In every instance, the program is worth while, broad-gauged; and of particular interest is the fact that so many are looking to the enhancing of roadside scenery, with emphasis on the removal or strict control of billboards.

Town-minded as we are, and driving as we do frequently through the country, we want to urge on the attention of garden federations and of all citizens everywhere a job of beautification that is in most serious need of doing: the beautifying of the approaches to and the highways through the town. It is a peculiar commentary on our general ways of thinking that we spend considerable thought and energy and talk and even money to attract visitors to our towns—and then allow the highways leading into them to be cluttered with cheap roadside stands and gaudy tin signs, if not worse. This was especially borne in on us recently when we drove through a small town. As we approached it, nestled in a valley in green trees, we remarked how attractive it looked. But as we drove into town, the soft-drink signs and cheap stands and filling stations immediately appeared, completely destroying our first delighted impression.

That was one of the better-looking towns we have seen. Most towns, unfortunately, evidently give no thought at all to the highways leading into them.

So we recommend, we urge, this as a field of operation for garden clubs everywhere. If necessary, let the garden clubs and other interested citizens work for and secure the passage of zoning ordinances that will give the town control over these approaches. Let them work toward the cleaning up and beautifying of existing eyesores along these routes. An application of the two p's—paint and planting—and the removal of cheap advertising signs will work wonders.

THANKSGIVING DAZE

THE LINE-UP FOR THE DATE to observe Thanksgiving has finally been settled. Twenty-two of the states will be in accordance with the wishes of President Roosevelt, and observe Thanksgiving on November 23, one week earlier than the last Thursday in November, the customary date.

Twenty-three of the states, however, chose to retain the traditional date, and observe Thanksgiving on November 30. Two states, Texas and Colorado, will observe both days.

Only six of the 22 states lined up with Roosevelt have Republican governors, and 12 Democratic governors broke away from the president's wishes and designated November 30 as their official Thanksgiving. Maine and Vermont chose November 30.

TRADING AT HOME

ABOUT THIS TIME OF YEAR, residents of Hall County, and other agricultural counties as well, begin to realize money from their crops. And with this money will come the many peddlers from every part of the country.

House-to-house peddlers have a hard life . . . going over the country and selling merchandise ranging from pins to fancy rugs. Many people buy from them, and this money spent leaves the home town.

Then there is the lure of shopping in other towns . . . usually the larger towns. Not because the city merchants have any better, or any larger selection, of merchandise, but because it is a habit that many people have.

All of this adds up to one thing . . . trade at home. Memphis merchants have spent a great deal of money stocking up for fall business, the time when their customers have money. These merchants have care-

There'd Be No Trouble Getting Passengers Today

fully selected their stocks, they have been more careful this year because of the outlook of the present conditions, they want to serve you and serve you best.

When a peddler comes to your home, then, think of the local merchant who can supply you the same merchandise at the same, and maybe even lower, price. And when you think of shopping in some other town, think of the home town store where you can purchase the same quality merchandise without having to undergo the extra expense bound to be involved in the necessary trip.

Perhaps it would be wise to remember that you are a part of the town. Keep your money at home in order that that same money can keep your home.

Press Paragraphs

CULLED FROM THE DEMOCRAT'S EXCHANGES

The Future of America

The Prairie (student paper of WTSC): The future of America rests in the hands of the teachers and the majority are convinced that democracy is the best form of government. In the hands of the teacher lies the privilege and responsibility of keeping vital the principles of American democracy guaranteed to us by constitutional decree, however, there is occasionally the teacher who forgets her obligations to man and state and teaches subversive doctrines.

Those teachers (and teachers) who will not accept this responsibility have no place in the American school system. We want only teachers who believe President Roosevelt spoke truth when he said, "If the fires of freedom and civil liberties burn low in other lands, then they must be made brighter in our own."

Burst?—No, Bust

"Brainstorms" in the Odessa News-Times: Now for the gag of the day: Josh Clardy says a man came into the store the other day and wanted to buy a corset for his wife. Josh called on one of the lady clerks to wait on him and the lady asked, "What bust, please?" "Oh, nuthin'," replied the man, "It just wore out."

Heads You Win . . .

"Temple of Truth" in the Donley County Leader: Years of observation since we were a bare-foot boy has further taught us that when God created man in His own image, He very thoughtfully gave him two ends, one on which to sit and one with which to think. Also, by observation, we have noticed that every man's success depends on which end he uses most. There are men who wear the seat of their pants out just "sittin' still" using only the one end while others use both, sitting on the one while he thinks with the other. Generally speaking, it is a case of heads you win and tails you lose.

Be Thankful

Deskins Wells in the Wellington Leader: Are you getting fed up on the obvious censorship of the war news? If so, then rejoice once again that you are an American. The people of Germany, Russia, Italy, and Japan have been under such censorship for years. Are you hungry? Still rejoice that you live in the United States.

A WPA worker in this country gets about twice as much meat, bread, coffee, sugar, and fats as the richest German can buy on his ration card.

Mmm-m!

"Cracks at the Bunch" in the Chillicothe Valley News: Editor writes: "Dear Madam, you say you have been trying to keep your daughter at home by hiding her clothes. I am afraid you have not been around much. Try hiding her lipstick and nail polish."

The Bright Side

The Falls City (Nebr.) Journal: The one saving angle to the European picture, as seen from this angle, is that, contrary to general expectations, the actual loss of life may be kept at small ratio to the total number of people involved.

"Tis Only Human to Err"

"Temple of Truth" in the Donley County Leader: Speaking of typographical errors in your newspaper, the last legislature of Oklahoma was made to "set aside \$10,000 to control babies." In reality the subject was "rabies," meaning mad dog stuff. Then, again, the Bernice, La., weekly apologized last week for the manner in which they mentioned the garden club meeting. "After the business session the ladies exchanged pants." The "L" failed to fall in the last word, but the printer caught "L" a plenty from the manner in which apologies were extended.

Work for the Night . . .

The Paducah Post: Bob Burdette: My son, remember you have to work. Whether you handle pick, wheelbarrow, or a set of books, digging ditches or editing a newspaper, ringing an auction bell or writing funny things, you must work. Don't be afraid of killing yourself by overworking on the sunny side of thirty.

Men die sometimes, but it is because they quit at 9 p. m. and don't go home until 2 a. m. It's the intervals that kill, my son. The work gives appetite for your meals; it lends solidity to your slumber; it gives you a perfect appreciation of a holiday. There are young men who do not even know their names; it only speaks of old So and So and So's boy. Nobody likes them; the great busy, world doesn't know they are here. So find out what you want to be, and do. Take off your coat and make dust in the world. The busier you are, the less harm you are apt to get into, the sweeter will be your sleep, the brighter your holidays, and the better satisfied the whole world will be with you.

Jesus Against Temptation

The International Uniform Sunday School Lesson for October 15.
 Text: Matthew 4:1-11

WE have in our lesson the specific story of the temptation of Jesus. We think of this as a three-fold incident in His life: the temptation when He was hungry to make stones into bread; the temptation to cast Himself down from the pinnacle of the temple, trusting to the sacredness of His body and person to protect Him; and the temptation to find all the kingdoms of the world under His sway if He would fall down and worship the tempter.

It would be a mistake to think of this three-fold incident as constituting all the temptation in the life of the Master. On the contrary, we have evidence that He was assailed with weakness and temptation again and again, even as we are. There were times when He went into the mountains and continued all night in prayer to God, times when unquestionably He felt His weakness and some temptation incident to His real humanity. There was that last final hour of agony and temptation in the garden of Gethsemane, when it required all the resources of prayer and discipline to enable Him to say as He prayed that the cup of final suffering might pass from Him, "Nevertheless not as I will, but as Thou wilt."

THIS story of the temptation, following His baptism and at the outset of His ministry, would seem to have some special place and significance. What was its real meaning and significance?

Was it not the sort of that every man, man feels at some stage or frequently at its height? Every such man with a sense of his weakness. Moses felt it when God called him to lead the people of Israel, even in the very destiny and call. It was Thomas Carlyle, who religious man in the national sense of the word, turned point which preceded the Christian's facing of the question his life was to be for the sake of a certain fulfillment of worldly or whether it was to be deeper and nobler than that of the world. Carlyle was of the faith and way, and much the same thing.

If this experience of cision had an impact in the lives of such much more must it lives of those who have of a Christian call and a Christian work!

The world today has evidence of those who nounced the mission of and service and life dreams of power to through violence and the great significant human history that and best of all men, of trial and tempta the way that enabled to men. "I am come might have life and may have it more abun-

Jots in Jest

CROCODILES and geese, it is revealed, lay similar sized eggs. And so do the tooth-paste comedian and the gasoline jester on the radio.

A man in rural Connecticut says he heard a cow whistle. Movie cartoonists have been portraying such animals for years, but they never thought they really existed.

Giraffes sell at \$1500 a yard from horns to hoof. The man who buys the bottom half gets the better bargain.

London merchants say the war has not affected the manner in which their customers pay their bills. We find the same thing true of the way Europe is paying her war debts.

Gwendolyn Ballew Chosen Band at Pie Supper Tuesday Night

Ballew, senior representative, was elected band pie supper held Tuesday night at the home of Mrs. J. C. Cowan, auctioneer, pies and the cake. Gwendolyn Ballew, president of the band, presided at the supper. The evening was a success and the proceeds will be used for the purchase of new uniforms for the band.

16 First-Year Students Join Organization; Melon Feast After Ceremonies

The first year agriculture boys were initiated to the FFA last Tuesday night at 7:45 o'clock in the agriculture room in the high school building. For two days the boys wore green hands cut from paper with the words "Green Hand" printed across the palm.

Green Hands Initiated Tuesday At High School

Green hands were B. P. Kinsey, J. C. Widener, Earnest McMurry, John Kerbow, J. O. Gibson, Aldon Huggins, Merle Wheeler, Calvin Callahan, Richard Messer, Rayford Eddy, Noel Bruce, Ed Evans, Bobby Evans, J. E. Hodges, James Bray, and Jack Roach.

LIBRARY GETS ATLAS

A set of the World Atlas, consisting of eight volumes, has recently been added to the high school library for the use of the students during study periods and at noon. These books were published by the Geographical Publishing Company and edited by H. W. Glasgow of the University of Chicago and his assistants.

Flomot Team Gets Win Over Memphis B Squad, 32-0

The strong Flomot Longhorns outplayed the Memphis Cyclone "B" team to the tune of 32 to 0 at Quitaque Thursday night. The first Longhorn score came about midway in the opening quarter on a wide end sweep. The kick was blocked by the entire Junior line. Late in the second quarter another wide sweep resulted in a score for the Longhorns. The try for point was good and the half ended with the Cyclone driving down into Flomot's territory.

Game Played at Quitaque; Longhorns Score in Each Quarter, Twice in Third

After playing 2-1-2 minutes in the third quarter Flomot, on another line play, drove over for another tally. The kick for extra point was blocked. With only a few minutes left to play in the third quarter a pass resulted in another score for Flomot. The try for conversion was good. The last Longhorn score came after a series of line plunges early in the final quarter.

Following an exchange of punts the Juniors took possession of the ball on Flomot's forty yard line and with only a few minutes remaining in the last period, the Cyclone turned on a passing at- tack that made the big Flomot boys' pass defense look pitiful.

The game ended with the Cyclone lacking about two yards from a touchdown. The starting line-up: Ends, Jones, Stillwell; tackles, Larry, Hudgins; guards, Butler, Bidwell; center, Smith; backs, Jeffries, Ivy, Grimes, Hendrickson.

2 Pep Rallies Held For Shamrock Tilt

Two pep rallies were held in the high school auditorium on Wednesday and Friday to create pep and enthusiasm. Pep leaders George Carter, "Toots" Clark, and Ellen Edwards led the yells and songs. "Carry On, Memphis High School" was sung by the Madrigal Club under the direction of Miss Hardin.

P.T. A. TO MEET

The High School P.T. A. has voted to hold the regular meetings in the Home Economics laboratory. The girls and Miss Deahl are pleased with the arrangement.

SIDE GLANCES

Football, the game of life, did much to the people of this nation the past week-end. Bitter defeat went to many teams and fans while equally as many teams and fans were made to rejoice. In life each of us must realize that we suffer the setbacks. We human beings do not as a rule give up when we meet with some bad luck, but instead we fight the task harder.

It is with that type of undefeatable determination that our Memphis Cyclone are preparing to meet the Quannah Indians tomorrow night. Even though Memphis had a taste of the bitters Friday night at Shamrock that doesn't mean that we are out of the running. Let us view the things that have happened in this football district. Every team that has played a conference game away from home has been defeated. Only three teams now in this conference are undefeated and one of them has not played any conference ball up to date. We can expect that this district will have a champion team that has been defeated at least once. That is the way it looks now. Wellington went to Wheeler and was defeated; Memphis went to Shamrock and was defeated; and Lakeview has been defeated in two games away from home. Memphis meets the next conference team, McLean, at home. That is our time to win.

The Quannah Indians will invade the Cyclone camp tomorrow night defending the same they won over us last fall. Let's all be there helping the Cyclone seal the Indians. We are not going to give up now.

Noah Cunningham.

Players, Coaches Views Vary on Quannah Game

QUESTION: What do you think about the game coming up with Quannah?
ANSWERS:
Capt. Joe Crump—"I'm ready and I believe that if we block and tackle the way we should and can we will come out with the big-end of the score."
Co-Captain J. C. (Pitchin' Pic) McClure—"We are ready for those Indians and we are going to do the scalping."
John (Sluggo) Clark—"I'm not saying anything about beating anybody, but I will be there."
L. F. (Chuck) Jones—"I'm not predicting any scores but it will not be a cinch for either team."
Coach A. B. (Red) Murphy—"Quannah has a good tough club. I doubt that we will be ready for them."
Coach W. B. (Swede) Dees—"If we play the ball we are capable of we will win. If we play as lousy as we did against Shamrock we will lose by 50 points."

West Ward Pupils Visit City Park

The pupils in the West Ward school were taken in the school buses to the City Park last Thursday afternoon to have moving pictures made of the group in activity. While the children were playing games, the motion picture camera was used to capture the story of the tour. The pictures will probably be shown at a later date.

Award Certificate Displayed in Hall

A certificate of award showing that Bobby Wheeler won second place in senior boys declamation in the regional meet at Canyon last year has been placed on the bulletin board in the hall. Bobby Wheeler graduated from high school last May having received honors as a speaker and a writer. Young Wheeler's original one-act play was judged to be one of the three of the best written by the senior class of last year.

FRESHMEN EAT CAKE

The Freshman Class held a called meeting Wednesday afternoon in the commercial room to eat the cake won by Larry Grundy at the pie supper. Robert Devin presented the cake to Jean Denny, freshman hand queen candidate, who cut the cake giving a slice to each attending freshman. Miss Melrose Henderson and Robert Devin are class sponsors.

FHT, FFA Groups Have Joint Social

The Home Making girls and Vocational Agriculture boys had their first joint social meeting of the year Monday evening, October 9. Refreshments were served in the Home-Making Department at 7 o'clock. The group then went to the Palace Theatre to see Bob Burns in "Our Landing Citizen."

These two organizations have planned three social meetings together during the year. Some of the regular meetings of the clubs will be combined.

Choral Club Picks Dresses for Year

The Choral Club has decided to have two costumes for public performances. A simple black dress trimmed with gold will be used for all programs during the day. Pastel evening dresses, either of organdy or taffeta will be used for the formal programs.

Next week the Choral Club will start work on the Christmas Cantata, to be sung Tuesday night, December 18, at the high school auditorium. This program will last about one hour and will be the first scheduled for the Glee Club this year.
