DRIVERS MUST HAVE LICENSE BY APRIL 1ST

Law To Be Effective; Provides Penalty For Violation

The Driver's License Act provides that after April 1, 1936, every person operating a motor vehicle on the highways of Texas shall be required to secure a license for this privilege. No charge will be made for these licenses, which will be issued by the Tax Collector in counties of less than 75,000 population at the time when license plates for the vehicles are secured.

No person under the age of fourteen years will be issued a license except under very unusual circumstances, and no license shall be granted to habitual drunkards or to persons who have been prohibited by court orders from driving on the highways of this State. No physical examination is necessary to secure a license but it is required that persons who can reasonably be judged to be physically unable to operate a car, or persons unable to read the English language, will be refused a license.

Certain provisions are made for honoring driver's licenses issued to residents of other states. It is expected that the driver will have this license in his possession at all times. The license will be effective for three years from the date of issuance.

Provisions are made by which peace officers shall keep suitable records of all accidents on the highways, which must be reported in detail to the Department of Public Safety at Austin.

A license must be revoked or suspended upon conviction of the holder of any of the following offenses:

1. Negligent homicide resulting from the operation of a motor vehicle.
2. Driving a motor vehicle while under the influence of intoxicating liquor or narcotic drug.
3. Any offense punishable as a felony under the motor vehicle laws of this State.
4. Upon three convictions of violations of the commonly accepted and understood "rules of the road," as defined by the statutes, committed within a period of twelve (12) consecutive months.
5. A conviction of a driver of a motor vehicle involved in an accident or collision, upon a charge of failure to stop, render aid, and disclose his identity at the scene of said accident or collision.
6. (a) Conviction upon two separate charges of aggravated assault upon a person by means of a motor vehicle, as provided.

(b) The revocation or suspension above provided shall in the first instance be for a period of six months. In event any license shall be revoked or suspended under the provision of this section for a second time, said second revocation or suspension shall be for a period of one additional year.

(c) The revocation or suspension of any license shall be automatically extended upon license being convicted of operating a motor vehicle while the license of such person is suspended or revoked; such extended period or

revocation or suspension to be for a like period as the original revocation or suspension.

Severe penalties are prescribed for driving an automobile while the license has been revoked or suspended.

As in the case of many other controversial measures, this bill was the result of a compromise between those who wanted a very strict Driver's License law and those who wanted no regulation at all. It is freely predicted that this law will be amended in the future and be made more strict as to the examination.

is any oil any different?

Different because it's alloyed

We don't mean one of those "talking point" differences. We mean a real difference. Alloying Germ Processed oil goes beyond refining and re-refining. After every harmful element is cleaned out, the patented Conoco Germ Processing element is scientifically put IN.

That's what brings you this alloyed oil, with its strange attachment for pistons, cylinders, and all other engine parts—including every known type of bearing. All these parts really become oil-plated!

This oil-plating is extra. It's a plus—added to the tougher, more slippery, heat-beating Germ Processed oil film. You've got this high-durability oil film, sliding on thoroughly oil-plated surfaces, and so you're that much farther from wear and noise.

You're facing hotter days and harder runs. Out with dirty winter oil! Only the Conoco man can change you—quickly—to Germ Processed, the alloyed oil. Continental Oil Company.

High School P.T.A. Names Officers

The school people of Texas are afraid to teach Christianity," stated Hayes O. Luna in speaking before the Junior High School P. T. A. Thursday afternoon, March 19. "The school people are not entirely responsible, since this is written in the state constitution. We are living in a pagan country, a country in which 75 per cent of the people never attend a church service. Only one sixteenth of a person's time is given to religious service."

The following program was presented by Mrs. H. H. Lindsey, program committee chairman: Music, Junior High School Band, directed by Miss Mary Foreman. The devotional was given by Hayes O. Luna. Piano solo, Owen Gilmore. Paganini, "Texas Under Six Flags," by sixth grade pupils, directed by Zady Belle Walker.

The recommendations of the nominating committee were accepted by the group and the following officers for the year 1936-37 were elected:

Mrs. Ed Lofland, president (re-election); Mrs. Angus Huckaby, first vice president; Mrs. Elmer Prater, second vice president; Mrs. Dean Morgensen, third vice president; Mrs. Ralph Vinson, secretary; Mrs. Bailey Gilmore, treasurer; Mrs. Hub Bass, corresponding secretary; Mrs. W. J. Brazz, critic and parliamentarian; Miss Zady Belle Walker, press reporter.

TAKE A TIP I'M A TAILOR WITH IDEAS

There's nothing I like better than applying these ideas in the tailoring of a suit for a customer of mine. I get as much satisfaction out of tailoring a suit for a man as he gets out of putting it on and wearing it, and that's plenty—if you listen to them tell about it. Come in and see me any time. I'm here every day.

Nell McNeely In Voice Recital At Canyon Tonight

Miss Nell McNeely, daughter of Dr. and Mrs. Marion McNeely of this city, student at the West Texas State College, will be presented in an individual voice recital this evening in Canyon at the college. Mrs. McNeely left yesterday at noon to spend until Sunday in Canyon.

Miss McNeely is majoring in voice and public school music. She is studying under Wallace R. Clark of the music department of the college.

Mrs. McNeely attended the annual spring concert of the Madrigal Club, given yesterday evening at 8:15 o'clock at the college, of which Miss McNeely is a member.

There were 32 singers in the Madrigal Club which is conducted by Mr. Clark. The songs chosen for this year's program were selected from the Madrigal library of the college department of music, which is probably the largest collection of Madrigals to be found anywhere in the United States. This library formerly belonged to the Chicago Madrigal Club.

Mrs. Margaret Cooper, teacher in the Childrens School, was a guest of Miss Myrdell Bishop at 821 South Sixth Street, Sunday.

Mrs. Cooper presented a group of younger piano pupils in "A Dream," recital playlet, Wednesday evening, March 18, in the Turkey High School auditorium.

CYCLONE DEFEATS ALL-STARS AT SCRIMMAGE SESSION FRIDAY

Flashing an aerial attack that looked good at times and a stubborn forward wall, the Memphis High School Cyclone downed an "all-star" aggregation from here at the Cyclone football stadium Friday afternoon in a hotly contested scrimmage session.

A regulation football game was not played, because the Texas Interscholastic League has a ban on such pre-season games; but the scrimmage period had much of the aspects of a regular grid clash.

The high school team was considerably out-weighted, but their several weeks of spring practice counted heavily in their behalf. Three score fans viewed the procedure, as the players broiled in the hot afternoon sun.

The lone touchdown of the game came late in the first period when Bud Malone, high school left end, snared a pass and side-stepped his way 15 yards for a tally. Walker's try for conversion was wide.

Probably the most outstanding incident of the contest occurred in the third quarter when Jack Norman, former Cyclone triathlete backfield ace, took a lateral pass from W. C. Crump and skirted right end for a gain of about 45 yards before being brought down in the open by Chester Wattenburger, diminutive guard.

Outstanding performers on the school eleven were Dennis Walker, back; Benjie Estes, center; A. J. Clark, guard; John Harris, tackle; and Bud Malone, end. W. C. Crump, G. C. Baskerville, Cecil Grimes, Fred Sanders and Bud McAbee starred for the town team.

Starting line-ups:
Cyclone—Bud Malone and James Evans, ends; John Harris and Denny Sapores, tackles; A. J. Clark and Paul Dodson, guards; Benjie Estes, center; Doyle Dunn, fullback; Talmage Pounis and Billie Pope Hall, halfbacks; Dennis Walker, quarterback.
All-Stars—G. C. Baskerville and Ross Springs, ends; Cecil Grimes and Fred Sanders, tackles; Jack Baldwin and Andrew Hill, guards; Bud McAbee, center; Jack Norman, fullback; Chester Grimes and W. C. Crump, halfbacks; Raymond Powers, quarterback.

Candidates Speak At Eli Pie Sale Monday

A large crowd attended the Eli pie sale Monday night at 8 o'clock at the Eli church, despite the severe sandstorm.

Most of the precinct, county and district candidates were present and made talks. The sale of pies was brisk, proceeds going to purchase new uniforms for the Eli basketball girls.

Mrs. Curtis Huckaby and son, Billie, of Pampa were guests of Mrs. Hamp Prater here Friday of last week.

MONEY ALONE... could not have bought the beauty that was in this drama, although it cost a million dollars to produce it.

ONLY GENIUS... only an inspired author could have written or conceived a novel, only an inspired director could have directed or over-powered a drama, only an inspired cast could have enacted so beautiful a love story!

Pounds Cafe Adds Neon Lighting To Front Of Building

New signs have been added at the Pounds Cafe here this week to lend to the attractiveness of the place.

Neon lighting equipment in the form of borders and lettering has been placed on the cafe's exterior, and the blue and red lights are discernible at night for a distance of several blocks.

Colored borders are attached to a large clock and encircle the show windows. A large "cafe" sign is adorned with the neon gas lighting effects.

Estelline Girl Is Winner Amateur Contest At Show

Miss Jimmie Fern Bell of Estelline won first place in the local Amateur Contest Tuesday night at the Ritz Theatre. The winning number was a song and dance, Mrs. O. N. Hamilton's Memphis kindergarten rhythm band won second place, and Miss Mildred Cooley of Memphis won third with a song number.

Winners were determined by popular balloting, and judges were Lloyd Byars and Ed McCreary. The final amateur hour, in which all previous winners will compete, is to be held at the Ritz Tuesday night. The audience will pick one winner, to be awarded a prize of \$25.

Those to take part in the contest are Helen Davis, acrobatic tap dancer; Bud McAbee, Dennis Walker, Kermit Monzingo and Rayford Harris, quartette; Amilda Thomas, whistling; Wedad Bayouth, acrobatics; Elwanna Britt, song; Bob Hamilton, trumpet solo; Billy Hamilton, piano solo; Donald Dickey, song; Charlene Gerlach, tap dancer. Winners in last Tuesday night's contest will also enter the final program.

T. J. Cope of Parnall was in town Wednesday. He reported that Monday's wind blew soil from land on his farm that had never been affected by sandstorms.

Cut Out and Save For Reference

District Clerk's Office Is Sought By E. F. Lemons

The Democrat is authorized to announce the candidacy of E. F. Lemons for the office of District Clerk for Hall County, subject to the Democratic primaries.

Mr. Lemons needs no introduction to the voters of the county, since he has been a resident for 25 years. He lived and farmed at Brice until recently when he moved to Lakeview.

This is Mr. Lemons' first time to ask for public office at the hands of the voters, and he asks for an investigation of his claims and qualifications for the office to which he aspires.

"I believe I am qualified and capable of being district clerk of Hall County," he said, "and promise, if elected, to attend to the office's duties to the best of my ability."

Mr. Lemons was a member of the Hall County Democratic Executive Committee a few years ago. Give his candidacy earnest and careful consideration.

Local Men Show Water Reptiles

Andrew Womack and Horace Tarver have employed novel advertising methods in their window displays here this week.

Mr. Tarver purchased two small alligators from a San Antonio concern and has had them on display this week in the Tarver's Pharmacy show window. Mr. Womack placed two "mud puddles" in the window at his grocery establishment. The mud puddles, as they are called, were caught by John L. Burnett at Bryant's Lake near here.

The puddles appear to be a cross between a fish and a miniature prehistoric animal. They have heads and bodies like catfish, tails like dinosaurs and fan-like tentacles protruding from the neck. They also have four legs.

Mr. Tarver has given the alligators to Arthur Howard, who will place them in a tank on his Dunbar County ranch.

IRENE DUNNE and ROBERT TAYLOR in "MAGNIFICENT OBSESSION" UNIVERSAL PRODUCTION

Love Battles Against Threats of Tragedy in 'Magnificent Obsession'

Tragedy stalks the lives of two lovers in "Magnificent Obsession," Universal's absorbingly dramatic John M. Stahl production now to be seen on the screen of the Palace Theatre.

In the story Irene Dunne has acquired a bitter hatred of Robert Taylor and it is only after long maneuvering that he is able to induce her to enter his automobile.

While the car is parked Taylor, affected by the beautiful moonlight, attempts to put his arm about the shoulders of the girl he admires so much.

Leaping out, Miss Dunne steps directly in the path of an oncoming car, suffering in the ensuing crash a brain injury which brings on apparently incurable blindness. The story in its subsequent development progresses to situations of the utmost pathos. The locale of the drama is in both the United States and Paris.

Miss Dunne and Taylor are seen in the starring roles of "Magnificent Obsession," with a large cast that includes such popular screen players as Charles Butterworth, Betty Furness, Sara Haden, Henry Armetta, Ralph Morgan, Vera Sue Collins, Arthur Treacher, Beryl Mercer and Gilbert Emery. The story was adapted from Lloyd C. Douglas' best-selling novel by George O'Neil, Sarah Y. Mason and Victor Heerman.

Examining trial was held in justice court this week. Waters is charged with forging a check to David Davenport at Lakeview February 10 for \$7. The Hereford man also faces charges in Pampa, Littlefield and Hereford, local officers said.

J. L. Rountree In Race For Justice Of Peace, Pct. 1

The Democrat is authorized to announce the candidacy of J. L. Rountree for the office of Justice of the Peace for Precinct No. 1, subject to the action of the Democratic primaries.

Mr. Rountree has been a resident of Hall county and Memphis for a number of years, and is offering his name for the consideration of the voters of the precinct. He served as constable under two different justices of the peace in another section of the state, and became conversant with the duties of a justice of the peace, which he believes, qualifies him for the office to which he aspires.

"If elected," he said, "I will do my best to uphold and dispense the laws to the best of my ability. I believe in laws and law enforcement. I solicit the support, influence and votes of the people of the precinct."

Sandstorm Annual For Memphis High Sent To Engravers

The last section of "The Sandstorm," high school annual publication, was sent to the engravers the first part of this week; and it is thought that the annual will be ready for student distribution by May 1.

Memphis business men were not solicited for advertising or any funds to help pay for the publication, which is being financed by

student sale alone.
The annual, first to be put out by the local high school since the year 1930-31, is to be a photostatic reproduction of student handwork.
H. J. Gore, high school principal, and Sam S. Cowan, annual sponsor, expressed their appreciation of the work of the annual staff for the past several weeks.

Frances Clark, daughter of Mr. and Mrs. F. V. Clark, underwent a tonsil operation Tuesday. She is reported doing nicely.

DR. JOHN ANGUS MacMILLAN

RARELY, if ever, has there been a minister in Memphis who has had the popular following among people of all ages and classes that Dr. John Angus MacMillan, who has been pastor of the First Presbyterian Church of Memphis for a number of years, has enjoyed during his residence here.

And Mrs. MacMillan and their son, Russell, also have shared in the regard and good will of the people. These fine citizens are moving next week to Brady, Texas, where the Doctor has accepted a call to the First Presbyterian Church. Memphis will be the loser.

Dr. MacMillan, during his stay in Memphis, has been one of the most popular preachers, having somewhat mastered the art of brevity in his addresses and sermons. This, together with an original style, makes him an interesting speaker. His funeral addresses were always different—in a class by themselves, in fact.

Special services, inaugurated by Dr. MacMillan, such as Pioneers' Day and Football Night, have become particularly popular in Memphis.

Because of his personality, Dr. MacMillan makes and holds friends, not only of members of his church, other denominations, but of all walks of life. He has that human touch that makes all sorts of people like him.

The well-to-do, the common, the poor, all have found in him a warm personal and sympathetic friend. His ready response to any appeal for help is characteristic of this man's manly God's nobleman.

People of this community will miss the estimable MacMillan family, even to "Jiggs," the Doctor's faithful dog who follows him on his errands of friendship, love and mercy.

May success crown his efforts in Brady—his new field of endeavor.

MEMPHIS SCHOOLS

SCHOOLS of the Memphis Independent District have been making splendid progress, especially this year under the leadership of the board of education, Superintendent W. C. Davis, principals and teachers.

Election of two trustees, to fill the vacancies made by the expiration of the terms of Tomie Potts and E. E. Roberts, will take place Saturday, April 4.

Friends of Potts and Roberts have taken time to interview a number of patrons of the school this week and have found unanimity of opinion that these two should be re-elected.

Both men desire to be relieved, but are willing to serve if elected. They want the patrons to have choice in the matter and had much rather not be put up for election.

The plans for betterment of the schools are familiar to the members of the present board. To change some of the trustees now would mean that new ones would have to study the plans before they could wisely act. Therefore, in the judgment of all who have spoken of the matter, it would be unwise to make any change in the personnel of the board now.

THE WEEKLY DEMOCRAT MEETS APPROVAL

THE first issue of the weekly Memphis Democrat, published on last Friday, was met with a hearty reception by the people of the Memphis trade area, judged by the many words of congratulation and commendation that have been bestowed upon the different members of the staff.

Readers and advertisers have been very liberal in their statements to the effect that the weekly is the kind of paper they had rather patronize.

Scores of new subscribers have been added to the subscription list during the past few days; merchants are encouraging us with liberal advertising; and the business is very gratifying.

All subscribers to the daily will receive the weekly for fifty per cent longer time, and adjustments are being made on the expiration dates accordingly.

IT'S GETTING to be like old times in this country. Real Panhandle showers (sandstorms) have been making themselves felt lately. The two springs previous to this, duststorms had the front page, but now the old-time sandstorms are making the duststorms look like thirty cents.

We have yet to hear any man or woman say good words about sandstorms. And who could blame them? However, we want to put in a good word for a storm—like that of Saturday, Sunday and Monday—makes the day after a beautiful one—like

MEMPHIS HOME-EC SUPERVISOR OUTLINES WPA PROGRAM HERE

By Mrs. Carrol Snyers
Memphis Home Demonstration Instructor

Following are the objectives of the WPA Home Economics program that is to begin within the next week for Memphis housewives:

1. To give women an idea of the program.
2. To establish economic need for the project.
3. To establish balance between wage earnings and wage spending.
4. To arouse the householder to a realization of her responsibility.
5. To create an interest in planning expenditures.
6. To teach average spender how to get the most for her money.
7. To develop judgment in planning and spending.
8. To encourage intelligent spending.
9. To define items for which income is spent.
10. To create a desire to raise and maintain standards of living through better buying.

As an average housewife spends 89 per cent of the money spent annually. Collectively it amounts to more than \$3 billion dollars, which is about \$35,000 a minute. If we spend so much of the family income, it is important that we get the most of our money. With the present day income so limited it is a problem to spend in a way that will provide for the needs of the family as adequately as possible. If we cannot provide everything the family needs we must know what things are most important and put those things first.

Too many people do not determine the things they need most and then plan to buy it. Rather, they wake up all of a sudden to the fact that their money is gone and that they have very little to show for it. Because women do not know how to get the most for their money, millions of dollars are wasted by them every year. As individuals and as groups they need to study good buying principles and establish better habits of spending the money which goes for the upkeep of their homes.

The economy of every home should be based on the principle of "buying on credit." It is not the quantity of money that counts, but the quality of the things bought. Intelligent purchasing will result in improved production.

Mrs. Tom Kennedy of Christian County spent Sunday and Monday here as the guest of Mrs. Allie D. Weaver.

Mr. and Mrs. J. R. Marchand of Parnell were in Memphis Monday on business.

HAPPY RELIEF FROM PAINFUL BACKACHE

Caused by Tired Kidneys
Many of those grating, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way.
The kidneys are one of Nature's chief ways of taking acids and wastes out of the blood. A healthy person should pass about 2 pints a day and so get rid of more than 2 pounds of waste matter.
If the 15 miles of kidney tubes and filters don't work well, waste stays in the body and the result is backache. It may start nagging backaches, big pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Don't let it lay you up.
Ask your druggist for Doan's Pills—used successfully by millions for over 40 years. They give happy relief and will help to flush out the 15 miles of kidney tubes. Get Doan's Pills.

PERTINENT OBSERVATIONS

CONTRIBUTED BY JANUS

The Memphis Democrat passes again into the ranks of the sturdy weeklies of the State. J. Claude Wells, the once popular owner and publisher, again assumes this roll. The Democrat as a weekly has many notable examples in journalism to sustain its course. To cite two illustrious examples: The Saturday Evening Post and Collier's.

In the columns of the Democrat each week there will be crystallized the complete news of the week of Memphis and her trade area. Instead of a sandwich daily as heretofore, it will now be the policy of this paper to give a well balanced and complete menu of the news once each week. Each weekly issue will be welcome and carefully read—for the reason it will coordinate and bring in one issue the carefully garnered news of the week.

As all good newspapers this one will purvey two important commodities—news and advertising. It is believed a well balanced and complete regimen of news and advertising each week will be of greater value to Memphis and her trade area than several lesser issues each week.

Since the Democrat last appeared as a weekly many changes have transpired affecting the Memphis area. A progressive plan of conservation of soil and moisture is now being carried out in the trade territory. This will serve to restore to our splendid alluvial soil. The business fabric of Memphis is emerging victorious from the depression, thanks to the spirit and staying power of the merchants, bankers and others. We are today apparently on the threshold of regaining our former place in the field of general business—that of being "a good business point."

P. W. Chunn, chief reviewing appraiser, and O. E. Aday, senior reviewing appraiser of the Federal Land Bank at Houston, were visitors in Memphis Sunday. They, in company with C. D. Denny, junior reviewing appraiser, went to Amarillo Sunday afternoon in the interest of their work. Mr. Denny had spent Friday and Saturday here with his family.

Mrs. J. E. Roper and her mother, Mrs. S. O. Greene, and Mrs. A. J. Miller spent Friday in Amarillo.

Revival Meeting Is Scheduled Here

Revival services to be conducted at the Memphis First Methodist Church for two weeks, beginning Easter Sunday, April 12, were announced this week by Rev. O. W. Carter, Methodist pastor.

Rev. Carter will preach the revival sermons, and he will be assisted by C. G. Spindler of Tulsa, Okla., said to be one of the leading evangelists in the entire Southwest. Mr. Spindler will have charge of the song services and the young people's work.

Mr. Spindler is well known in Hall County Methodist circles, having conducted services at the local church twice previously. Full particulars of the revival meeting will be announced later, Rev. Carter stated.

Mr. and Mrs. Wade Hilliard, Carl Nuhn and Wilford Martin were visitors in Amarillo Sunday.

Mr. and Mrs. F. M. Hilliard and Mr. and Mrs. Fred Hilliard of Children were visitors in Memphis Sunday.

...Not if Electric Refrigeration cost dollars instead of cents!

The man of the family sees the practical side of the modern, electrically-controlled refrigeration. He sees the safety, first value of it. He sees the economy side of it after he has regaled himself a few times on tastily concocted dishes which, in reality, are choice unused portions. The refrigerator keeps them so fresh that he realizes what a safeguard against bacteria it is. He thinks of his children and the necessity to safeguard their health, and the new electric refrigerator becomes his pet hobby. The wonder of the mechanism also interests him, for he is a believer in progress, and the modern, electrically-perfect refrigerator is a prime example of progress. The low rates of electricity make it so economical that he approves that side of the matter as a sound business investment.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule ... and adds only a small amount to your total bill?

Local Lady Wins Recipe Endorsement Of Better Homes & Gardens Magazine

Guy W. Smith, Route 1, Memphis, Texas, has just been awarded a Certificate of Recipe Endorsement by Better Homes & Gardens for her recipe, "Karo Nut Pie".

This certificate, which brings national recognition to Mrs. Smith, was awarded by Better Homes & Gardens only to distinguished recipes which pass its testing kitchen's test for dependability, excellence of taste, and family usefulness.

In addition to the signed certificate, Mrs. Smith also received six copies of her endorsed recipe, each bearing the Better Homes & Gardens stamp of recipe endorsement, which she can give to her friends.

By awarding these certificates, the magazine's aim to proper recognition for the work done by women in their own kitchens, and also to set the standard of accuracy and dependability of recipes as a whole. No other magazine or institution gives this personal recognition and service to its subscribers.

Mrs. Smith's endorsed recipe follows:

Karo Nut Pie
Three eggs, beaten, 3-4 cup sugar, 1 1/2 cups Karo syrup, 1 cup chopped pecans, 2 tablespoons butter.

Beat eggs thoroughly. Add the sugar, syrup, pecans, and butter. Bake in crust and bake for 5 minutes in hot oven (450 degrees) then lower oven to about 300 to 325 degrees for about 45 minutes. Remove the pie from the oven and serve with whipped cream.

Mrs. Ingram Walker Entertains Bridge Club Thursday

Mrs. Ingram Walker was hostess to the Thursday Bridge Club at her home, 408 North Tenth street, Thursday afternoon, March 19.

In a series of contract bridge games Miss Maurine Thompson made high score and was awarded a prize.

The bridge accessories used carried out the spring motif, daffodils forming an attractive centerpiece for each table during the serving of a delectable two course refreshment plate.

Members present were: Mrs. Mac Tarver, Mrs. Horace Tarver, Mrs. C. B. Harrison, Mrs. John Deaver, Mrs. Rabb Harrison, Mrs. Landrum Stanford, Mrs. Carl Harrison, Mrs. Robert Roark, and Miss Maurine Thompson; guests were Mrs. L. C. Mundy, Mrs. Candler Hawkins and Mrs. Malone Haggar.

TEXAS IS LARGE

Texas, celebrating 100 years of independence this year with the Centennial, may boast that the Lone Star State comprises one-twelfth of the area of the entire United States. Texas is larger by 83,000 square miles than France. Russia is the only European country with an area larger than Texas.

TEXAS PECANS

The Texas pecan crop exceeds one million dollars in value annually. The pecan will be featured in many Centennial year fairs and expositions.

TEXAS CAPITOL

The Texas state capital at Austin, attraction for many Centennial year visitors, was built on the site of a public land which was converted into the XIX ranch at one time the largest ranch in the world.

WORLD FAMOUS RANCH

The world famous King Ranch, with headquarters at Kingsville, one of the Centennial Celebration cities, is larger than the State of Delaware. The Santa Gertrudis ranch house on the ranch is called "the finest farm house" in the world.

BATTLE OF VELASCO

Interesting Centennial year event in Texas will be the commemoration of the Battle of Velasco to be held at Freeport on May 14. The Battle of Velasco on June 22, 1832, was the first armed clash between the Texas colonists and the enemy.

Six Governors to Preview Exposition

Six southern governors will have a "preview" of the Texas Centennial Exposition, some time this month. Above, Exposition Rangelite Ruby Reagan is shown in Monroe, La., as she left after delivering Delta Airline's invitation for Gov. James A. Nue, shown with her, to ride the "Governor's Special" Delta

plane from Charlotte, N. C., to Dallas, where the \$25,000,000 Exposition opens June 6. Other governors to receive invitations are Bibb Graves, of Alabama; Olin D. Johnson, of South Carolina; Eugene Talmsadge, of Georgia; F. I. White, of Mississippi; James V. Alford, of Texas, and Gov. Nue.

of the Velasco coast guard station, marks the site of the Battle of Velasco, historic Texas event to be commemorated in Centennial observances this year.

Visitors to Texas during the 1936 Centennial celebrations will be exempt for a period of 90 days from the state's new laws, providing that motor car drivers must be licensed.

The memorial tower to be erected jointly by the national and state governments and the City of Houston in the honor of the Texans who fought at the Battle of San Jacinto, April 21, 1836, will be higher than the Washington monument. It will cost approximately \$1,000,000.

HOUSING QUESTION BOX

Q. Is it cheaper to remodel an old house or build a new one?

A. That depends upon how much you have to pay for the old house; what condition it is in; and how much you intend to change it. Before buying an old house to remodel, employ a competent architect to go over it carefully and if the alterations are to be extensive, have him make preliminary plans showing the changes. Then let him get an estimate from a reliable contractor and weigh the possible costs against the cost of building a new house.

Q. Is it all right to build a house with a cement floor right on the ground?

A. Yes, if the ground is well drained and level. First lay a bed of broken stone or gravel about 8 inches deep. Tamp it down well so that it is level on top. Place over this a layer of tough, waterproof paper, lapped well at the edges, and with these laps joined with hot pitch. Cover the whole area with hot pitch and over this lay 3 or 4 inches of dense concrete. Another layer of the same building paper may be laid in hot pitch over this, and another layer of concrete, at least 2 inches thick over that. The top of the concrete should be brought to a smooth finish. This may be used as the finish floor or it may be covered with composition flooring or wood flooring laid in asphaltum or set on sleepers. If the floor is laid on sleepers the space between the concrete and the wood floor should be ventilated.

Q. I want to have an electric bell for my dining-room table, but I do not want to cut the rug. Can you suggest the best way to do it?

A. Have a floor bell connection put under the center of the table, and get a contact type extension bell. This is a thin circular plate arrangement that rings the bell at the slightest pressure. It can be placed anywhere one desires and is always under the rug.

Q. What is the most economical type of kitchen range?

A. That all depends upon the cost of the various types of fuel available in your vicinity. Coal, oil, gas, and electricity all have their places. Make inquiries in your neighborhood and you can find out which is the most economical to operate.

Q. How big should a dining alcove be?

A. Five feet 6 inches wide by feet 6 inches deep is about a minimum.

Q. We are having trouble with the draft in our chimney. Could be the fault of the ornamental tiles we had put on the top?

A. If the tiles are smaller at opening than the flues themselves, it is very possible that they are to blame. Remove the tiles and see the trouble persists. If it does, there is some other trouble and you had better call an expert.

Q. Our front door has no air over it, and the rain and snow air just pour in. What is the way to correct that?

A. Install a steel, cast-iron saddle, or sill, and have weatherstripping placed all around the door. See if the weatherstripping which the door closes on is one piece with the door frame, or if it is a separate piece, make sure it has the door frame piece, and about one fourth inch and have molding set into this groove.

Q. Can I have a scissor fastener put on my sink in place of the faucet it has now?

A. Yes. The old faucets can be removed and the scissor fastener installed by any plumber.

Q. Can you tell me what to do for a clothes rod in a wide closet? My wooden pole sags so.

A. A galvanized steel or iron pipe 3-4 inch or 1 inch in diameter will serve nicely.
