Churchill's Trip Due To Speech At College

WASHINGTON, Feb. 11 (AP)—Winston Churchill today postponed his return to sunny Florida until tomorrow and settled down in the snow-clad British embassy to rest and talk with the Earl of Halifax, his old friend and retiring British ambassador to the United States.

Democrat Split Seems Certain In Pauley Issue

WASHINGTON, Feb. 11 (AP)—A rift between congressional and national committee democrats appeared to be developing today over President Truman's controversial nomination of Edwin W. Pauley as undersecretary of the navy.

Vet Homes Plan May Win Quick House Approval

WASHINGTON, Feb. 11 (AP)—A backstage powwow on President Truman's mammoth homes-for-veterans program held promise today of a compromise that might win speedy approval.

Administration supporters on Capitol Hill complained in private conversations with reporters that they had not been consulted about Mr. Truman's final decision to submit Pauley's name.

They said further they had not been asked for their views before the president made it plain he did not plan to withdraw Pauley's appointment despite indications that it faces almost certain defeat in the senate.

On the other hand, National Chairman Robert E. Hannegan and his associates on the democratic national committee were quoted by some persons to whom they had talked as saying the administration leadership in the senate had done little to advance Pauley's chances for confirmation.

Administration lieutenants said they had made no poll of senate sentiment on the appointment, but were certain after a cross check that there is little hope of obtaining a favorable vote.

In this case, however, there was no indication that any major effort was being exerted to line up supporters for Pauley, former democratic national committee treasurer whose chances for confirmation were damaged greatly by testimony of Secretary of the Interior Ickes.

Ickes told the senate naval committee that in 1944 Pauley suggested to him \$300,000 in campaign contributions could be raised from oil men if they could be sure the government would not file and press a suit to claim title to submerged oil-producing lands in offshore ocean areas.

Pauley denied he made any such suggestion, contending that Ickes must have been "mistaken."

Spence Inspects Water Fields

F. V. Spence, member of the state board of water engineers and former city manager of Big Spring, spent the weekend here while on an inspection tour of central West Texas.

While here, Spence inspected the city water producing areas, including the O'Barr field. While he had no official comment to make, he indicated that the situation appeared satisfactory.

The board is making a study of this portion of the state where each community had a local water producing problem. At the same time, an effort is being made to keep the over-all picture in mind.

Accompanying him here was Simon Freese, Fort Worth hydraulic expert who engineered the lake and O'Barr development projects for the city.

Spence said that he hoped to return to this area before long to continue the inspection in areas west of Big Spring.

Fair, Warm Weather Won't Be Here Long

By The Associated Press. Fair and warm weather prevailing over most of Texas today will not remain long. United States weather bureau forecasters reported.

Rain and lower temperatures are expected to arrive late tomorrow.

No rain was reported to the bureau from Texas in the last 24 hours.

Minimum reported in the state last night was 18 degrees at Pampa with Brownsville reporting 49.

Forecast was for increasing cloudiness in East Texas this afternoon and tonight with rain in the south portion. Tuesday was expected to bring occasional rains and colder weather. West Texas was expected to be fair and warmer tonight with Tuesday partly cloudy and colder with occasional rain in the Del Rio-Eagle Pass area and east of the Pecos river.

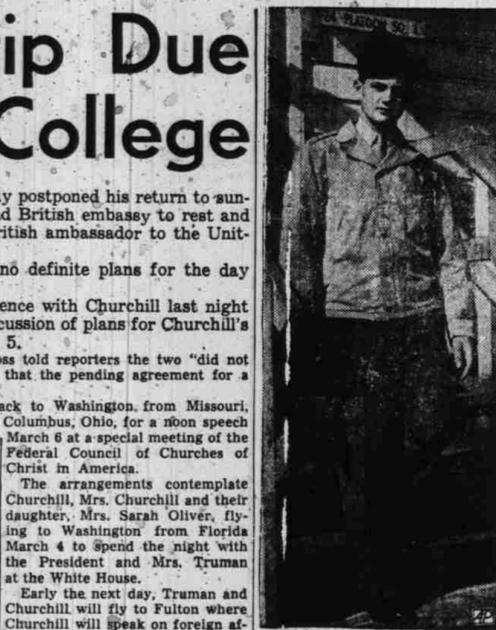

Fatally Injured

HILLSBORO, Feb. 11 (AP)—Milton S. Harber, about 20, discharged naval veteran of Hillsboro, was fatally injured nine miles south of here this morning in an accident involving three automobiles.

SWISS BUS-TRAIN CRASH. BERN, Feb. 11 (AP)—Swiss federal railway officials said 27 persons were reported killed early today when the Calais-Basel express crashed into a bus at Colmar, midway between Strasbourg and Basel.

PICKET WITH FLAG RESTRAINED—Police and volunteer law enforcement guards restrain picketing, striking transit workers, among them one holding a large American flag, in a successful effort to allow volunteer workers, led by former GI to break picket lines and operate buses and trolleys in Lancaster, Pa. (AP Wirephoto).

SOLDIER, 13 — Pvt. Ralph E. Laidsey of Texarkana, Tex., walking down steps of barracks, awaits formal discharge from the army at Sheppard Field, Tex., after officers discovered he was only 13 years old. Sheppard Field public relations officers said he arrived Feb. 5 after several weeks processing at Camp Joseph T. Robinson, Ark.; that he planned to return to his studies at Texarkana high school. (AP Photo).

General Homma To Be Shot; Sent To Luzon Prison

MANILA, Feb. 11 (AP)—Lt. Gen. Masaharu Homma was sentenced today to be shot, convicted by a military tribunal of war atrocities charges, including the infamous Bataan death march.

Homma was moved immediately to Luzon prisoner of war camp number one, where he joined his successor as supreme commander of the Philippines during the palmy days of Japanese conquest, Lt. Gen. Tomoyuki Yamashita, 10 other convicted war criminals.

While hearing his sentence, Homma stood in almost the exact spot in the ballroom of the former home of the United States commissioner to the Philippines where, bemedalled and arrogant after the Japanese conquest of the islands, he had received the homage of the puppet Filipino commission and collaborators in a widely-publicized reception.

Within the range of his vision, as he stood before the five-man commission, across Manila Bay was the fortress rock of Corregidor; and the mist-shrouded hills of Bataan, from which he had herded Gen. Jonathan M. Wainwright, Maj. Gen. Edward P. King and their forces along the sun-scoured roads in the infamous death march.

The conviction was no surprise, as Homma had expected to be shot. Strict order prevailed at the sentencing, as it had through the trial, under the stern discipline of bald, bespectacled Maj. Gen. Lee Donovan, commission president.

Homma, attired in the same gray herringbone suit and tan shoes he had worn during the trial, was led quickly away after the conviction and sentence were pronounced.

Maj. Larry Hodgkin, military police officer, who once was an Associated Press staff member in Boise, Idaho, escorted Homma to a military automobile and drove him swiftly to the prisoner of war camp, 35 miles south of here.

Egyptian Newspaper Plants Raided Today

CAIRO, Feb. 11 (AP)—Police raided the plants of the Wafdist (Nationalist) newspapers Al Misri and Al Wafd El Misri today and seized editions carrying stories concerning turbulent anti-British demonstrations by students over the weekend in which one person was slain and nearly 100 injured.

No action was taken against other newspapers publishing the story, but the public prosecutor general's office instructed the press not to print any information about progress of the official investigation into reasons for the demonstrations.

The students, who have been demanding evacuation of British troops and incorporation of the Anglo-Egyptian Sudan into the Egyptian kingdom, proceeded with plans to defy police orders by holding a funeral procession for a student killed, by a police truck during yesterday's rioting.

POPE HAS COLD

VATICAN CITY, Feb. 11 (AP)—A persistent cold prevented Pope Pius XII from attending services today in memory of his predecessor, Pius XI.

Changes Expected In Administration

Tugboat Union, Employes May Arbitrate Issue

NEW YORK, Feb. 11 (AP)—An agreement to arbitrate New York harbor's tugboat strike was submitted for ratification today by the employers and the union rank and file as spokesmen for both sides predicted acceptance of the accord.

The agreement, reached by committees representing the owners of the strike-bound tugboat companies and the union, provided:

- 1. That the 3,500 tugmen return to work immediately upon the signing of an arbitration agreement.
2. The wage agreement that may result from the arbitration.

NEW YORK, Feb. 11 (AP)—Striking tugboat workers in New York harbor voted at a mass meeting today to accept arbitration of grievances which led to their week-old walkout.

Capt. William Bradley, president of local 333 of the United Marine division of the AFL International Longshoremen's association, told 1,500 rank and file members they would be advised later by radio "on when you go back to work."

would be retroactive to Jan. 1, when the former agreement was terminated.

3. The government seizure order would be lifted after both sides accepted arbitration.

But Mayor William O'Dwyer, who announced the pact last night after a meeting with the committees, declared the fuel crisis would not be over even if the strike were settled.

Joseph P. Ryan, president of the AFL International Longshoremen's Association, whose United Marine division called the strike last Monday, declared it was "inconceivable" that the tugmen would reject the agreement.

Spokesmen for the owners also predicted they would agree to arbitrate the wage dispute.

Today's meeting is the first time the striking workers were called upon to vote on a proposal including the arbitration factor. They twice previously rejected proposals to return to work.

The men struck against the New York Tugboat Owners association in demands for a 40 instead of a 48 hour week; increases ranging from 45 to 65 cents an hour for licensed employes earning from \$1.10 to \$1.52 and a flat \$1.35 an hour wage for unlicensed workers earning 67 to 72 cents an hour.

GM Said Ready To Settle Strike With Increase

DETROIT, Feb. 11 (AP)—The CIO United Auto Workers today awaited an increased wage offer that General Motors Corp. is reported to have ready—but union strike leaders showed little disposition to agree to the 18 1/2 cent hourly raise that has settled over labor disputes.

As the National Labor Relations Board resumed its hearing on charges that GM failed to bargain in good faith, union and corporation officials went back to their negotiations aimed at settlement of the 42-day strike.

Indications of the imminence of a new General Motors wage offer to match the 18 1/2 cent increase for which the corporation settled Saturday with United Electrical Workers (CIO) came from UAW officials who evinced dissatisfaction with the idea.

General Motors, whose highest wage proposal to date has been a 13 1/2 cent increase, made no comment on the predicted new offer as it went back into federal court to resume the NLRB hearing recessed late in January after two days of testimony.

The corporation indicated it might ask another continuance of the hearing on the grounds of interference with negotiations, since four top officials—President C. E. Wilson, Vice-President Harry W. Anderson, Personnel Director Harry B. Coen and Economist Stephen M. Dubrul—have been summoned to appear before the NLRB.

Steel Formula Announcement From White House Due Soon

WASHINGTON, Feb. 11 (AP)—The White House said officially for the first time today that changes are in prospect in top administration personnel and indicated announcement of a formula for settling the steel strike was imminent.

Press Secretary Charles G. Ross told a news conference, in reply to questions, that personnel changes "are in prospect," but he declined to elaborate.

Asked whether they had to do with the stabilization high command, he left it for reporters to use their own phraseology.

At the same time, Ross said: "When and if a steel settlement is announced, there will be a full explanation of all the mathematics entering into it."

Ross said the announcement would come from the White House. Asked about a possibility that John C. Collet will retire as economic stabilizer and be succeeded by OPA Administrator Chester Bowles with broadened authority over pricing, Ross simply said there was nothing yet on any personnel changes.

"Any possibility of action on that today?" a reporter asked. He replied in the affirmative.

Persons familiar with White House strategy said today a strike-ending steel price boost is near announcement.

With it, they said, will come a new wage-price policy placing Chester Bowles firmly in the driver's seat.

The office of stabilization administration, it was predicted, probably will be split off from John W. Snyder's office of war mobilization and reconversion and be set up as an independent agency.

This then would be the economic life of command: Snyder to stay on as reconversion director but shorn of much authority over stabilization affairs.

Bowles to replace John C. Collet as OSA chief. Collet will return to the federal district judgeship in Jackson County, Missouri, from which he took leave last October to come to Washington at Mr. Truman's request.

Paul A. Porter, chairman of the federal communications commission, to replace Bowles as OPA administrator.

Supreme Court Will Not Review Verdict

WASHINGTON, Feb. 11 (AP)—The supreme court refused today to intervene in Manila proceedings in which Japanese Lt. General Masaharu Homma was convicted as a war criminal and sentenced to be shot.

Homma sent petitions by air mail from Manila asking the high court to take him out of the hands of the military. He also asked review of the refusal by the Philippines supreme court to grant him a writ of habeas corpus.

Homma's petitions were similar to those sent earlier by the convicted Japanese General Tomoyuki Yamashita. The court, last Monday rejected all of Yamashita's contentions and General Douglas MacArthur has ordered he be hanged.

The court based its rejection of Homma's petition on the decision in the Yamashita case.

Justices Murphy and Rutledge dissented to today's decision, as they did in last week's 6-2 decision in the Yamashita action.

Murphy said "a procession of judicial lynchings without due process of law may now follow," as the result of the supreme court's action in the Homma and Yamashita cases.

Rutledge noted that he agreed with Murphy's views and also wrote a separate dissent.

Transportation In Philadelphia Tied By Strikes

PHILADELPHIA, Feb. 11 (AP)—A strike of 9,655 operating and maintenance employes of the Philadelphia Transportation Company—began at 12:01 a. m. today—cut off all trolley, bus and subway service to some 5,000,000 daily riders, including 800,000 workers who have no other public conveyance to their jobs.

Local 634, Transport Workers Union of America (CIO), ordered the strike upon collapse of negotiations for a 2-cents-an-hour wage increase and 27 other demands. The company offered a 12-cent boost.

Falling in last minute peace-making efforts, Howard T. Colvin, assistant director of the US Conciliation Service, said he would hold conferences with PTC and union representatives "until a settlement is reached."

All policemen in the city were ordered to work every day for the duration of the strike, while some patrolmen were placed on 12-hour shifts.

Spokesmen for the company said no attempt will be made to operate any buses, trolleys or subway trains during the walkout.

The union announced picket lines had been established at all PTC depots and terminals, subway terminals and garages and that they would "maintained continuously."

Pickets at different stations carried signs which read: "We've been patient long enough." "We want a union shop." "We want a pension." "The longer the picket line, the shorter the strike."

The city's 1,037 taxicabs were the only public transit vehicles in operation on city streets.

Public and private agencies put emergency programs into operation to get workers to essential jobs.

Overflowing Crowd Expected To Hear Gheen At Lunquet

JAMES E. GHEE arrived this morning by train from New York City for his address tonight at the annual chamber of commerce banquet in the Settles hotel.

Tonight's engagement is the first of a series scheduled for the week, which will include stops in five more West Texas cities.

Seating plan for the banquet has been re-arranged. J. H. Greeng, manager of the chamber of commerce said, in order that more purchasers of tickets can be admitted to the main ball room.

The crowd still is expected to overflow to the mezzanine, however. The president and new directors for the coming year will be introduced during the program.

Conestoga Pickets Arrested At Strike

LANCASTER, Pa., Feb. 11 (AP)—Five pickets were arrested today in the sixth day of a strike of 229 AFL workers of the Conestoga Transportation company.

Police did not disclose immediately the names of those arrested or charges filed against them. Four pickets had been arrested earlier and charged with disorderly conduct.

Picket lines were increased from 50 to 100 today, but police reported no violence as volunteer workers passed through the lines to bring about 10 per cent of the company's 110 buses and trolleys into service.

New York Western Union Ends Strike

NEW YORK, Feb. 11 (AP)—Western Union employes in the Metropolitan area returned to work today, ending a five-week strike which crippled New York City's telegraphic communications, and hampered the nation's cable service to Europe.

Ralph H. K... the company's vice-president in charge of industrial relations, said, however, that normal operations probably would not be restored for two or three days. He said the time would be required to replace some workers who apparently obtained other jobs during the strike.

Dr. G. T. Hall Sells Hospital Interest

The vicissitudes of time has severed most of the ties of one of Big Spring's oldest and most widely known business associations.

Announcement was formally made this morning that Dr. G. T. Hall, associated with West Texas medicine for more than 30 years, has disposed of his share of the 35-bed Big Spring hospital.

The institution will henceforth be known as the Bennett-Thomas-Strauss hospital. Co-owners are Dr. M. H. Bennett, Hall's original partner, and Mrs. Clyde Thomas and E. H. Strauss.

The deal has been several weeks in the making and transfer of property actually took place last Jan. 1.

Dr. Hall is not retiring from the medical profession, it was emphasized. He will continue to practice for the present, using offices in the Hall-Bennett Clinic in the Petroleum building.

In making public the new association, Dr. Bennett said the unit was making progress with plans toward construction of a new building. The project is slated to be started as quickly as materials become available.

Dr. Thomas, a native of Big Spring, returned recently from service with the US Army while Strauss has been a part of the firm for about six months.

The Hall-Bennett hospital was built here in 1928.

COLLEGE TO REOPEN

TERRELL, Feb. 11 (AP)—Texas Military college, which closed during the war after 30 years of operation, will reopen in September.

Elton Taylors Announce Daughter's Engagement

H. J. Frances Gather For Family Reunion For First In 20 Years

Mr. and Mrs. H. J. Frances had a reunion of their eight children for the first time in twenty years last Sunday.

The children include Mrs. Hal Sprague of Balmorhea, Mrs. Esther Templeton of San Angelo, Mrs. G. C. Daniels of Campbell, Calif., Mrs. R. D. Templeton of Odessa, Mrs. B. Odell of Pecos, Mrs. Lank Gailley of San Angelo, Mrs. L. L. Bates of San Angelo and Jerome France of Cloutier, N. M.

The couple also has 33 grandchildren and 20 great-grandchildren.

MOVED TO HOME

After a three weeks confinement in a local hospital, Lorena Huggins has been moved to her apartment at 809 1-2 Rummel street.

O. H. Wilkerson Honoree At Dinner Party Sunday

Mrs. O. H. Wilkerson honored her husband on his birthday with a dinner in their home Sunday.

The table was centered with the two-tiered birthday cake decorated with lighted candles.

Attending were Mr. and Mrs. Dwight Woodall, Arvis and Joyce of Lamesa, Mr. and Mrs. T. L. Franklin, Lamesa, Mr. and Mrs. A. C. Wilkerson, Jimmy David and Billie, Mr. and Mrs. Olin Wilkerson, Truman, Ralph and Lenora, Mr. and Mrs. Wayne Parker and Roger, Mr. and Mrs. Walter Middleton, Joe and Judy, and LeRoy and Tommy Wilkerson.

Polish Civilians Recruited To Aid US Occupation

WASHINGTON, Feb. 11 (AP)—A responsible government official said today Gen. Joseph T. McNarney plans to recruit several thousand more Polish civilians to help solve the US army's manpower problem in Germany.

Although the war department directed the commander of American occupation forces to dismiss more than 700 army-employed Yugoslav refugees because of complaints of political activity, McNarney has been authorized to hire additional Poles, this official said.

Approximately 23,000 Poles wearing the principal items of the US army uniform, now are employed in the American zone as armed guards and in other capacities. The exact number more to be hired was not disclosed.

Secretary of State Byrnes told reporters Friday he had been advised that the Poles were not organized and were not carrying on propaganda against Russia or the Warsaw government. He announced at the same time that the war department had directed McNarney to dismiss his Yugoslav employees as a result of a complaint by the Yugoslav mission in the American zone.

Supplementing Byrnes' announcement, another official said the employment of foreign civilians directly reflects the occupation army's manpower difficulties. United States troops are being reduced to 400,000 by April 1 and to 307,000 by July 1.

McNarney has advised the war department that Polish missions representing the Russian-supported Warsaw government have screened the Poles hired by the American army. The Yugoslav mission complained that the 777 expatriate Yugoslavs were not screened and were agitating against the Tito regime.

MAKING A DATE WHILE AT SEA

DALLAS, Feb. 11 (AP)—Lloyd Jensen of Dallas, on sea duty with the Merchant Marine last week, wrote a note to Miss Betty Campbell, also of Dallas, placed it in a bottle and dropped it into the ocean off Miami. The bottle was picked up in Miami beach, the note mailed to Miss Campbell, and yesterday Jensen had his date.

Marsha Hunt Weds

HOLLYWOOD, Feb. 11 (AP)—Wedding bells rang out yesterday for the second time for actress Marsha Hunt and screen writer Robert Presnell Jr.

They were quietly married at the home of friends by Dr. Raymond L. Forman, pastor of St. Paul's Methodist church, New York, where the actress once taught a Sunday School class.

The newlyweds, both of whom have been married before, left on a honeymoon to an unannounced destination.

War Brides To Texas

FORT WORTH, Feb. 11 (AP)—Twenty-six English war brides who arrived in New York yesterday aboard the Queen Mary, are scheduled to arrive in Fort Worth Wednesday on a Texas and Pacific train from St. Louis, it was learned today. From here they will be dispatched to other Texas cities.

Mrs. L. B. Bright of Fort Worth was a guest last week in the home of her sister, Mrs. G. H. Wood.

The human hands are capable of a hundred combinations of movement for every one that a horse's hoof can make.

KING AND QUEEN—Jeannette Dickson, parade queen of the Lakeland, Fla., mid-winter rodeo, goes for a ride on King Midas, beautiful palomino, blue ribbon winner of the event.

Social Calendar Of Events For Week

TUESDAY
REBEKAH LODGE meets at 7:30 p. m. at the IOOF hall.
PAST MATRONS CLUB meets with Mrs. Ruby Reed, 913 Scurry, at 7:45 p. m.
POST OFFICE CLERKS AUXILIARY will meet with Mrs. Glenn F. Estish at 3 p. m.
NOR. H. WARD PTA will meet at 3 p. m.
ST. THOMAS PARISH COUNCIL AND ALTAR SOCIETY will meet at 7:45 p. m. at the church hall.

WEDNESDAY
CIRCLE TWO of First Methodist WSCS will have a silver tea in the home of Mrs. Bernard Lamun from 3 until 5 p. m.
MUSIC STUDY CLUB meets at the First Baptist church at 3:30 p. m.

Coward Play Brings 'Live' Entertainment To Municipal Auditorium Tuesday

With the lifting of fuel rationing and easing up of travel facilities touring companies of the better-known plays have begun. Noel Coward's comedy, "Billie Spirit," will be presented on the stage of the municipal auditorium Tuesday evening by a traveling company of the New York Drama Guild.

Twenty-five years ago the theatre was in full bloom. Every successful New York play took to the road and many cities supported their own stock companies. The mechanical age brought the entertainment of the movies, radio and juke boxes, supplanting the great artists until it seemed that the spirit of the theatre was dead.

The present cycle is swinging back to live entertainment. An important factor in the revived interest in live acting is the conversion and education to the legitimate theatre of millions of service men and women who had never before seen a stage play.

The Business and Professional Women's club will sponsor tomorrow night's production and tickets may be obtained from any member of the club before 1 p. m. Tuesday. Other tickets can be bought at the chamber of commerce, the Book Stall or Cunningham and Philips number one.

Hitchhiking Sailor Killed In Accident

GALVESTON, Feb. 11 (AP)—Funeral arrangements were pending today for Radarman 3/c Ellsworth Hutchings No. 23, USCGR of Chattahoochee, Va., who was killed yesterday when the car in which he was a passenger overturned near here.

Deputy Sheriff Ed Wichlip said that Nue was hitchhiking into Galveston and that charges of driving while intoxicated and negligent homicide were filed against a Houston man who was driving the car.

Rites Held For Girl Killed In Car Crash

TYLER, Feb. 11 (AP)—Funeral services will be held in Dallas today for Miss Charlotte Ann Dunn, 18, daughter of Mr. and Mrs. Hugh C. Waller of Ann and Mrs. Fugate C. Waller of Tyler, who was killed yesterday when the automobile in which she was riding was in a collision with a truck.

Mr. and Mrs. Richard Loftis were injured seriously and Melvin L. Britton, Tyler, suffered head injuries.

Flood Water Drives Many From Home

By The Associated Press
Several hundred persons were driven from their homes and major industries were threatened today as swirling flood waters surged over parts of northwest Alabama and Georgia for the second time in a month.

The rapidly rising Warrior River was expected to crest at 64 feet at Tuscaloosa, Ala., today—18 feet above the flood level. Most of nearby Northport was under water and families in lowlands were being evacuated.

The Red Cross estimated that about 100 persons would be homeless in Rome, in north Georgia, where the Etowah and Oostanaula Rivers form the Coosa. Emergency shelter was provided at Battery General hospital.

Air Crash Victims Prepared For Burial

SAN ANTONIO, Feb. 11 (AP)—The bodies of three prominent Dallas residents and their Fort Worth pilot, who were killed in a plane crash 14 miles north of here, have been sent north for funeral services and burial.

The bodies of Mr. and Mrs. William A. Duff were sent to Neosho, Mo., birthplace of Mr. Duff. The body of Arthur B. Hill was sent to Dallas, his home, and that of Pilot Gene McCurdy of Fort Worth, was sent to McAllister, Okla.

Afternoon Bridge Club Has Meeting

Afternoon Bridge club met Friday in the home of Mrs. Elvis McCrary.

Carrying out the Valentine theme Mrs. McCrary used heart decorated tallies, table cloths and napkins.

Mrs. Fred Haller won high in bridge and Mrs. A. H. Ryle bing-ooed.

Mrs. J. E. McCrary and Mrs. Clyde Thomas were guests, and members were Mrs. Carlson Hamilton, Mrs. Ollie Anderson, Mrs. Haller, Mrs. Roy Tidwell, Mrs. Ryle and the hostess.

In Revolution Polish General, US Hero, Honored On 200th Birthday

WASHINGTON, Feb. 11 (AP)—President Truman paid tribute today to Polish Gen. Thaddeus Kosciuszko, hero of the American Revolution, whose 200th birthday anniversary will be celebrated tomorrow.

In a statement, Mr. Truman said, February 12 of this year will mark the 200th anniversary of the birth of a great Polish patriot who is revered by all Americans—General Thaddeus Kosciuszko.

The American nation will never forget the prominent role he played in the early history of this country. They will never forget the great service which he so generously rendered to the cause of American independence and which contributed in such great measure to the ultimate success of that cause. But even more important than this, Kosciuszko will be remembered by the people of America, as well as by the people of Poland and many other lands, for his unflinching devotion to the ideals of liberty, freedom and justice to all mankind.

To the attainment of these ideals Kosciuszko, throughout his lifetime, devoted all his energies and talents. His heroic efforts in the cause of liberty have served as an inspiration to all peoples.

It is most fitting that on February 12 the people of the United States join with the people of Poland—bound together as they are by historical ties—in honoring the memory of one of Poland's brave and gallant sons and one of America's great heroes.

Braniff Says Moore Field Too Far Away

MCALLEN, Feb. 11 (AP)—President T. E. Braniff of Braniff Airways says Moore Field, former army air base north of Mission, is "too far from Mission, Edinburg and McAllen to be practicable for either passenger or cargo plane use."

His statement was reported here by Manager Paul T. Vickers of the McAllen chamber of commerce following a conference with Braniff in Dallas. Braniff's firm has filed an application with the Civil Aeronautics Authority for a route from Laredo to Brownsville with stops in this part of the valley if funds are available. The application is one of 14 that would serve the Laredo-Brownsville route.

CHANGE ADAMS TO A STAMMER

CHICAGO, Feb. 11 (AP)—"How's that again?" the deputy circuit court clerk asked.

"Yep, that's right," an attorney replied. "Thomas V. Adams wants his name changed to Athanasios V. Stamatopoulos."

The attorney said his client had his name changed the other way around eight years ago. Now he wants his original name back. The reason: Adams and an older brother are partners in a coffee shop. They want the sign to read: Stamatopoulos Brothers.

Gentle Chest Rub Advised For Child's Thinner Skin

This is the time of year when chest colds are widely prevalent. Mothers are advised to remember children's thin, tender skin is more easily irritated than an adult's and to choose a mild chest rub. Mentholatum, the modern, gentle chest rub, cools and soothes while it gently quickens the surface circulation and loosens tight, aching chest muscles. At the same time, medicated vapors rise through upper bronchial passages to ease coughing spasms. Jars, tubes, 30 cents.

Baylor Bears Meet Farmers Thursday

Wacoans Finish On Feb. 19, Hit Road For East

By Associated Press

Texas A. and M., winner of only three conference games of eight played, faces a Herculean task in the remaining three weeks of the Southwest conference basketball campaign.

The Farmers, once mighty, are in precarious position.

Baylor, alone at last in the loop's top berth, gets the first crack at the Aggies on Thursday night, then take on Texas Christian Saturday night. The Bears wind up their conference schedule with a tussle with the Farmers on Feb. 19, before taking to the road for a series of games with eastern teams.

Arkansas waits until March 1 and 2, the last playing dates of the season, before meeting the Aggies in the show-down series. During the next two weeks, the Porkers journey to Oklahoma for a series with the Oklahoma Aggies.

Meanwhile Texas, TCU, Rice and SMU end conference play this week. Winless Southern Methodist takes on the Horned Frogs Wednesday at Fort Worth while Rice entertains the Longhorns at Houston. Thursday finds the Aggies at Waco against Baylor; Friday Arkansas and Oklahoma A. and M. meet at Stillwater; Saturday the Hogs again meet the Oklahoma Aggies. Baylor travels to TCU and SMU goes to Austin against Texas.

Last week's surprise win was the 53-50 victory TCU scored over Arkansas. The loss by the Porkers was avenged the next night when the Fayetteville eagles emerged with a 58-36 win. The victory by the Frogs, however, relegated Arkansas to the No. 2 spot, and one game behind leading Baylor.

The Frog victory also upped them into a tie with Texas in third place, as the Steers dropped both their conference games last week—to A. and M., 44-50, and to Baylor 42-43.

Longhorns Host To Lamesa Five Here Tuesday

Lamesa's Tornados and the Big Spring Steers have at it here Tuesday night in a District 3AA basketball test that will mean little in circuit play but could go a long way toward denting the cartel Lamesa's athletic teams have maintained at the expense of the home-ings.

Last fall the Tornado footballers kayoed our troops with a second half rush. Last week the Herd invaded Lamesa and found the Tornados' game and a small, dark gymnasium too much of a handicap to overcome.

The Steers have won but two of nine league games.

Longhorn scoring has been general. In last Friday's test with San Angelo, freshman Bill Campbell set the scoring pace. Against Lamesa three nights previously, Eddie Houser was the big gun. Before that it was C. A. Tonn and before that Horace Rankin.

Friday and Saturday, Feb. 22-23, the Bovines show up in Abilene to campaign for the district tournament title.

Cleaners Lose To Hostellers At Midland

Jake Douglass' Hostellers of Big Spring closed the gap between them and first place in Tri-City bowling league standings in competition at Midland Sunday, defeating the front-running Crawford Cleaners, run of Big Spring, 2-1 in a crucial test.

The Innkeepers combined their decision over the Cleaners with wins over Odessa and Midland to gain a lap on the pace setters.

E. B. Dozier's troops made no other mistakes, setting down Midland and Odessa, both by counts of 2-1.

The Cleaners won their only game from the Hostellers by a scant three pins.

Midland assumed third place in the standings with a 3-0 triumph over Odessa.

All Big Spring players were again over the "200" mark at one time or another. Tom Coffee, subbing for a regular on the Douglass team, had a 256 to come away with individual high.

The Hostellers set a new record in team scoring, knocking over 808 pins in one outing. Previous high was 802, set by the Innkeepers three weeks ago.

The schedule was moved forward a week due to a conflict in dates here this weekend.

Standings:

Team	W	L	Pct.
Crawford	28	17	.622
Douglass	24	21	.544
Midland	20	25	.444
Odessa	18	27	.400

Twenty-four Quints In NAIB Tourney

BALDWIN, Kas., Feb. 11 (AP)—Emil Liston, executive secretary of the National Association of Intercollegiate Basketball, announced today that twenty-four teams will compete in the N.A.I.B. national tournament at Kansas City March 11.

The field was trimmed from 32 to 16 teams last year to comply with regulations of the Office of Defense Transportation.

Loyola University of New Orleans won the tournament held here last year.

AUSTIN, Feb. 11—Six foot, four inch, Peppy Blount, son of Ralph E. Blount, 101 East 29th Street, Big Spring, is big name news on the University of Texas campus these days. Blount, well known all over the southwest for his fast, hurtling game, guarded A&M's Jamie Dawson so closely in the last meeting that he had three teeth knocked out when Dawson bumped him in a scuffle under the basket.

LOOKING 'EM OVER

By ANGUS LECHESTER

Having brought its most successful venture, the district Golden Gloves boxing tournament, to a conclusion, the Big Spring Athletic association is now turning its attentions toward promotion of the Big Spring Relays, a track and field tournament which will attract a score or more of crack high school teams from throughout West Texas. The event will take place in late March or early April.

The ambitious organization, whose foremost objective is to improve the lot of the youth of our land, will also help Clarence Fox, Jr., and the Wilson-Walz Sporting Goods company plan the Big Spring Football Coaching school here Feb. 25 and 26.

President Obie Bristow and his cohorts, who worked like beavers for weeks on to insure the success of the boxing show, are soliciting for new members to the association which by no means is exclusive, is open to anyone who has an interest in athletics and the promotion of youth activities.

Bouquets of congratulations should go to such men as Bristow, Lou Baker, Jack Smith, Jack Harrison, Ted Groehl, Mark Wentz, Bill Welsh, Boone Horne, Clarence Fox and countless others who sacrificed their time and money to insure success of the show.

Big Spring undoubtedly will be represented at Fort Worth by the best of three teams it will have sent to the state finals.

The five lads who will represent this district are all experienced and talented.

Joe Neratko, the lightweight champion, could well be the leading contender for the state crown. He went three rounds against Ciell Wetsel of Abilene Saturday night and Ciell, a former state champion and currently Abilene's district titlist, said later Neratko is one of the hardest punchers he's ever run into.

Middleweight Bob Furr showed here but once but displayed such a killer's instinct in his bout with a killer's instinct in his bout with Vernon Smith, he must be given major consideration for the title. He's young, fast, rangy—for a middleweight—and aggressive.

The two Lamesa champions—heavyweight Aaron Beck and featherweight Frankie Dill—both need conditioning but appear capable of carrying their share of the load.

Welter king Bob Apperson is ring wise, cool and has the legs and the heart to carry him through. He trains religiously, runs a couple of miles every day. Now that he is assured the Fort Worth trip, he is expected to devote all his time toward getting in the best possible shape.

Incidentally, he is going to San Angelo, younger who is stationed with the AAF at Goodfellow Field, San Angelo.

Beck fell victim to the crowd's release of a pent-up feeling for the underdog Saturday night when his smaller foe, Jim Watson of Midland, was first given the nod in their scrap, then unexpectedly had the consolation taken away from him. It was learned the referee had made an error in reading the judges' cards.

It was not Beck's fault, when the verbal center of the throng came down upon his ears, he accepted it good naturedly and must be commended for it.

Watson perhaps thought he had won, too, but he took the recount as a bourboned sportsman.

Nelson Falters, Ben Hogan Cops Blue Ribbon In Texas Golf Open

Three New York Teams Launch Spring Drills

NEW YORK, Feb. 11 (AP)—The earliest spring training campaign in baseball's history was under way with the three New York representatives of the major leagues set for workouts in the south today.

The Yankees have already had their initial workout under the Panama sun, while the Giants began conditioning in Miami, Fla., today as do the Brooklyn Dodgers at Sanford, Fla.

Before the week is over, they will be joined by three more clubs—Pittsburgh, Washington and the Boston Braves. Pittsburgh and Boston begin training Thursday, the Pirates at El Centro, Calif., and the Braves at Ft. Lauderdale, Fla. The Senators start getting into condition Sunday at Orlando, Fla. All other clubs follow suit next week.

The Yankees got the jump on the rest, by engaging in a brisk workout at their Balboa base yesterday, with 32 members sweating off excess poundage as the temperature hit 87 degrees. The Yankees will spend three weeks in Panama, then go to St. Petersburg, Fla., where they will remain until March 3.

Only former servicemen have been ordered to report to the Dodger training quarters, but other members will not be restricted from the grounds. The regular squad is not required to report until March 1, when the camp will be moved to Daytona Beach. Three more Dodgers have signed contracts—Tommy Brown, Claude Corbett and Barney White.

Sam Byrd of Detroit, 1945 Texas open champion who set a record of 268, turned in rounds of 64 and 65 yesterday to finish in second place with a total of 270 and take down \$1,000. Herman Kesler of Akron, Ohio, was fourth with 275. Top Amateur was Frank Stranahan of Toledo, who tied Harold McSpaden of Sanford, Me., for fifth place with 276.

Sam Byrd's 270 Puses Him Ahead Of By, Kesler

Hogan took the tournament here yesterday with a record-breaking 264—20 below par on Brackenridge Park course for 72 holes—and thus natives of this state now have won five of the six golf meets of the year.

Nelson, the Toledo, Ohio, golf master who finished third here with 273, has grabbed two tournaments, the same as Hogan, but is in second place in earnings, since he did not play in three of the meets.

Hogan, 136-pounder who gets his mail from Hershey, Pa., twice before had lost the Texas open title in pay-offs—to Nelson and Chick Harbert. Little Ben has gathered in \$6,150 in cash this year to date. Nelson has won \$4,248. Demaret, who won the Tucson open, tied for ninth place in the Texas open yesterday with a score of 280.

Ben, in capturing first money, had rounds of 67-65-67-65. He was tied with Nelson at 132 at the half-way mark of the tournament Saturday but in yesterday's first 18 Nelson took a one-over-par 72 and Ben shot a five-stroke lead. Byron hit a 69 in the last round but Hogan was hotter than ever.

Del Webb, part owner of the

Hansenne Complains Of Aching Arches

BOSTON, Feb. 11 (AP)—After competing in two major meets with only three weeks experience on boards, Marcel Hansenne, France's metric mile champion, has become convinced that indoor running is much too hard on his feet.

"The track was like concrete and it was very painful to run on it," he explained after finishing third behind New Yorker Les MacMillan and Tommy Quinn, for the second time in eight days, in the Boston A.A. meet's Hunter Mile feature.

Hansenne said he encountered the same difficulties the previous week.

Although there are seven conference games this week, only the two in which Texas Wesleyan plays enter the championship picture. The Rams on Tuesday meet third place Abilene Christian and on Friday have a return game with Southwestern, which snapped their 60 conference game winning streak last Friday.

This week's games:

Monday—McMurry vs. Southwestern at Georgetown.

Tuesday—TWC vs. ACC at Abilene; McMurry vs. Howard Payne at Brownwood.

Thursday—Austin College vs. Howard Payne at Brownwood.

Friday—TWC vs. Southwestern at Georgetown; McMurry vs. Austin College at Abilene.

Saturday—ACC vs. Austin College at Abilene.

Last week's results:

TWC 67, Howard Payne 33.

TWC 52, McMurry 34.

McMurry 45, Austin College 38.

ACC 40, Howard Payne 28.

Southwestern 47, TWC 41.

Sports Roundup

Boxing Commissions Should Have Men Who Know Game, Says Ross

By HUGH FULLERTON, Jr.

NEW YORK, Feb. 11 (AP)—Barney Ross was beating the gums with the boxing writers the other day and expressed the opinion that every boxing commission should have at least one member who was an ex-fighter, manager or even a writer. . . . Barney may have something there. Judge Landis, regarded as the No. 1 sports commissioner, never refused to see a player or listen to a complaint and he learned a lot of things that way he never would have heard otherwise.

A few recent happenings that have caused bucket-ball coaches to weep bucketfuls: In Alabama, Parrish High of Selma beat Phillips of Birmingham, 8-4, for its 49th straight victory. Phillips tried freezing the ball to halt Selma's winning streak and held it 13 of 16 minutes to lead 2-0 at the half. Then Parrish resorted to freezing and put the game on ice. . . . East Berlin, Pa., was trailing Spring Grove, 29-28, when Roy Chronister got the ball and saw by the electric clock that he had only a couple of seconds left. He heaved the ball back over his head and hit the basket dead center for the winning goal. . . . Rockhurst College was leading Maryville (Mo.) State by two points when three ex-soldiers, Paul Wilson, Steve Donahue and Harold Hutcheson engineered a fancy scoring play. The buzzer sounded with the shot and the goal wasn't allowed.

Del Webb, part owner of the

Editorial-- Deserving Of High Praise

With The News

By Dewitt Mackenzie
AT World Traveler

BRUSSELS, Feb. 11—This column has reported that Belgium is one of the earliest among the liberated countries to show marked signs of economic recovery, and now we can give you the secret of this success.

It is that the morale of the Belgian people—the will to conquer their difficulties—is high, and they are hard workers.

We find the Belgians getting ahead with the job because they are working instead of spending their time talking about the good old times of the Utopian future. They are dealing with the bread and butter present.

This is not to say that there are not other countries which are in good spirit and are eager to work for their own future. But there are folks who have lost the will to help themselves.

You see signs of the Belgian determination everywhere. Mrs. Mack and I encountered one especially interesting exemplification of this spirit in the little city of Bastogne while we visited while motoring from Luxembourg to Brussels. You will recall that this was the place where Uncle Sam's Maj. Gen. Anthony McAuliffe (then Brig. Gen.) flung his historic defiance of "nuts" to the German commander who called on him to surrender the American 101st Airborne division.

Well, the people of Bastogne have in effect adopted "nuts" as their slogan in battling with the disaster which left large sections of their city looking as though a tornado had hit it.

Still Bastogne says "nuts" and continues on with vigor. Its spirit has not been broken. What is going on there is being duplicated in other war damaged areas.

Actually you do not hear a great deal of talk about the war. Belgium is interested in getting ahead with the peace. However, there is one war item which remains hot, and that is the fate of Leon Degrelle, the Belgian fascist leader who is now a refugee in Spain. The Brussels government has been pressing Madrid to hand Degrelle over on the charge that he collaborated with the Germans and is a war criminal in the same sense as France's Laval and Norway's Quisling.

Thus far Belgium's demands have fallen on deaf ears, and in this connection it is recalled that Degrelle was a warm supporter of Generalissimo Franco during the Spanish civil war. One hears it urged in Brussels that the allies take a hand in trying to get Degrelle delivered to Belgium.

On every hand one hears lavish praise for the manner in which the Golden Gloves tournament was handled here.

It was, if general comment is a fair test, one of the most successful athletic events ever staged in Big Spring, not only from the view of the spectators but from participants as well. Some of the most enthusiastic praise for the manner of conduct came from the fighters, who strained a point to give better exhibitions than they knew how.

Although this touches but one phase of our community life, it is a fair example of what energy and vision can do. Big Spring has benefited from this occasion.

In this connection, we should like to say a word in behalf of the Big Spring Athletic association, the organization responsible for the Golden Gloves tournament. It is possible that the association will come out of the venture with a net cash balance because of fine support at the gate, but the point is that association members fully expected to lose money on the tournament. Still they pitched it on a scale calculated to produce the best type of show they knew how. The results speak for themselves.

It will be a fine thing if more organizations can apply a similarly unselfish point of view along with a new vigor in prosecuting their projects. If this is done, the community as a whole will be a much more progressive and happier place.

Uprooting A System

A great many demands have been made that the Pearl Harbor investigation be called off on the grounds that it is not and cannot accomplish any worthwhile purpose.

Indeed, there is considerable evidence that the inquiry has, from the start, been confusing and lacking in objectivity. There have been charges of smearing everyone from the late Franklin Roosevelt to the commanding officers in charge of the base. Much of the testimony has wandered in devious directions.

Yet, it does seem that the probe has produced one evident fact: That brass hat politics has figured inseparably with developments. More recently testimony, although uncertain in some respects, has indicated that one group tried to push the blame in one direction, another tried with equal tenacity and intrigue to shove it in another direction. One faction says we were clearly forewarned of the attack; another says there was doubt or that they never heard of such warning.

We doubt that blame will be positively fixed as a result of the investigation, but there should be no doubt as to the fact that the entire military is in need of a good internal revolution. The idea of a system or of a caste or of an individual is superior to the interest of the nation is dangerous and anti-democratic. It has no place in our military. Something ought to be done toward uprooting it.

Christmas wishes. . . . The situation became so hysterically wearing on the nerves of not only Bucky, but his new bride, the former Anne Erskine, daughter of Writer John Erskine, that they were forced to take a 36-hour vacation.

The Crouses live on Park Avenue in the fifties. . . . So Ann & Bucky packed a small bag and walked half a dozen blocks to the Ritz-Carlton Hotel, checked in and went to sleep. . . . They interrupted this invigorating snooze only for meals. . . . "without it I'd have gone stark, raving batty," said Bucky.

I'm sure only a guy as popular and as socially resourceful as Bucky Crouse could keep the situation from ruining his health and also a million-odd friendships.

Americans Too Fat, Truman Tells Press

WASHINGTON, Feb. 11 (AP)—President Truman called on the American people today to cooperate in his new food conservation program designed to prevent starvation abroad.

He told the Women's National Press club that a good many Americans were too fat and could afford to lose a little weight if it meant sustaining lives of others.

The president went into a serious vein after a humorous off the record speech. After he had spoken at some length on what he called America's duty to prevent starvation in war-torn countries, he told his audience that this part of his speech was "on the record."

Jap Birth Control Urged By Director

TOKYO, Feb. 11 (AP)—General MacArthur's public health and welfare director was quoted by a Tokyo newspaper today as urging birth control as one means of solving this vanquished nation's food predicament.

The fewer babies program, the newspaper Asahi said, was recommended at a Japanese press conference by Col. C. F. Sams, chief of the supreme allied command's public health and welfare section. The paper said Sams also advocated overseas emigration of the country's surplus population and a highly industrialized production organization to support adequate food imports through exports of manufactured goods.

The Timid Soul

With The AEF: RAF Service Fast, But It Proves To Be Rough

By HAL BOYLE

(EDITOR'S NOTE: Hal Boyle has just completed a six months tour of the Orient and is now en route to Europe to revisit the battlefields there before returning to the United States.)

RANGOON, Feb. 11 (AP)—Air travel is still the only dependable way of moving around quickly in the Orient. Boat schedules are slow and sluggish.

Flying to Europe on Royal Air Force planes, however, isn't like traveling in luxury passenger models in the United States. It is the difference between riding in a freight car and a pullman car.

The planes are old battleworn, lease-lend Dakotas used for cargo as well as passenger haul. They have aluminum or canvas "bucket" seats and after six jolting hours aloft, you can hear your bones creak as you climb out at each halt.

There are still more military than civilian passengers, but the man who pays his own fare is beginning to get better treatment instead of being regarded as something of a nuisance, which was often his fate in wartime.

Yet, at each relay point you have to go before a new priorities board and squabble hard to keep from being lost in the shuffle. If you don't argue and put up a good case for yourself you may be stuck at any point for a week. There are still more people who want to ride by plane than there are planes in

service to carry them.

Americans are popular in Siam. The overflow of Siamese goodwill for Americans results from the lenient position the United States government took toward Siam's puppet servility to Japan during the war.

The British were tougher, and got something for being tougher. If they're worried because they aren't as well liked now by the Siamese they don't show it.

Because of an outbreak of smallpox and cholera in Bangkok we weren't permitted to go from the airfield into the city. Passengers who hadn't been vaccinated were forced to remain there 48 hours and get their arms scratched.

My medical certificate cleared me—but whoever handled the luggage at Bangkok failed to clear my baggage and left it off the plane.

"Just trundle on out to the plane," said the RAF transportation officer. "I'll see you luggage is aboard. My job, you know."

But at Rangoon another passenger and I found the obliging transportation officer had neglected to put our bags aboard.

Here I am stuck in darkest Burma with one shirt and one pair of pants—I've got them on—and there's no ready made clothing available between Shanghai and Cairo.

Hollywood—PROP MAN TELLS TRADE TRICKS

By GENE HANDSAKER

HOLLYWOOD—You'll never convince Herbert "Limey" Plews that this is anything but a small world. Limey, a movie property man for the last 26 of his 47 years, was born in Wales.

Recently a script called for him to supply, of all imaginable things, an ancient Roman tear cup.

"The Romans used 'em to catch their tears, which they used as a disinfectant, like iodine," said Limey. Wiry and full of gestures, he caught an imaginary tear from his eye.

"Well, where would you find a Roman tear cup? By the greatest good fortune, I found one in an antique shop here in Hollywood. And who do you suppose the dealer was? We got to talking when he heard my name, and it turned out that he had sold the wedding ring which my father gave my mother back in Wales!"

The tear cup was only one of many property headaches alleviated by the quick-witted and resourceful Plews. We held a whispered conversation while sitting on slatted furniture on a darkened set, beyond whose scenery filmmaking was under way. Limey whispers excitedly, does everything with fervor for emphasis.

"There was the time that Sigmund Romberg was making 'Viennese Nights.' He wouldn't accept any prop unless it was made in Vienna.

"Well, I had a rubber stamp made that said, 'Made in Vienna.' We put it on everything, from cups to sausages. Romberg even held some stationery up to the light to see the water mark. Lucky!

ADDED TO FACULTY
DENTON, Feb. 11 (AP)—Miss Minerva Davis, mezzo-soprano from Lawrence, Kansas, has been added to the faculty of the North Texas State College School of Music, according to Dr. W. J. McConnell, president, who has announced the resignation of Ralph Ewing of the music staff.

Washington Merry-Go-Round—

Parading 82nd Men Get Releases

By DREW PEARSON

WASHINGTON.—The 82nd Airborne Division paraded on Fifth Avenue, New York, on January 12, symbolic of the might of the United States Army, the finest army in the world. Marching along with the veterans of this famous division were many low-point men, not eligible for discharge, who were returned stateside on the Queen Mary ahead of several thousand high-point GI's in Europe.

In December and early January this columnist received cables from thousands of protesting GI's with more than 30 months overseas service and eligible for discharge December 1. They wanted to know why low-point men of the 82nd Division were ordered home while they stayed on in Europe.

The War Department had an immediate answer. It explained that these low-point men were highly trained specialists and would be used for training cadres in the Regular Army, thus justifying their early return.

But here is what really happened:

On January 14, just two days after the parade, the commanding general, Ground Forces, issued the following directive: "Report for discharge as surplus upon arrival in this country all enlisted men assigned to 82nd Airborne Division, who will have completed two and one-half years service as of April 1, 1946. No AFR score of 44. . . . No publicity will be given this directive."

These low-point men came to parade in New York, leaving high-point men in Europe; but now, despite the War Department's previous alibi, the low-point men are getting out.

The last sentence is significant: "No publicity will be given this directive." No wonder the high-point GI's are burned up.

American Foreign Legion

Ex-Minister to Canada Jimmy Cromwell, once reprimanded by Cordell Hull for urging aid to Britain, has come up recently with another long-range idea—an American Foreign Legion.

Cromwell points out that there is no use having ambassadors of ill-will abroad in the person of disgruntled GI's who just feel they have a right to come home. Their presence only creates ill-will and plays into the hands of isolationists. Furthermore, the presence of foreign troops in any country always causes friction. In France today, American heroes of yesterday, once welcomed as liberators, are now scorned as unwelcome burms.

Therefore Cromwell thinks that we make use of the large number of displaced persons in Europe who don't want to go back home, and organize them into an American Foreign Legion. The Poles alone have an army of around 250,000, many of whom don't want to return home. Some of the Italians who formed world battalions here during the war are not enthusiastic about returning to ravaged Italy.

Cromwell proposes that this American Foreign Legion be equipped with a distinctive uniform, officers by Americans above a certain rank, and take over some of our police duties abroad.

White House Comedies

Most delightful individual around the White House is Mississippi's genial, story-telling George Allen, presidential secretary without portfolio, now nominated for the all-important job of Reconstruction Finance Corporation director.

George Allen is the kind of person anyone likes to have around. He never gets irked; keeps everyone in a good humor, works day and night for his chief. Neverthe-

less, he represents a dangerous influence in government; especially when sitting in such a key spot as the RFC.

During the 1944 campaign, George Allen was shrewd enough to realize that Franklin Roosevelt probably would not last long in the White House, so he attacked himself to the man most often ignored. Travelling all over the country with Truman, he helped write his speeches, advised on campaign strategy, and made himself generally useful.

Came April 12, 1945, when Truman moved into the White House and George Allen moved in too. However, while sitting close to the President of the United States, Allen also represents two of the biggest industrial empire builders in the nation—Tom Girdler of Republic Steel and Victor Emmanuel of American Aviation, Consolidated Vultee, Station WLW at Cincinnati, and half a dozen other powerful interests.

Secretary of War Abroad

Not many soldiers of the rank of private have stopped the Secretary of War of the United States. That distinction, however, goes to a private in the Red army who stood guard over the underground chamber in which Adolf Hitler and Eva Braun spent their last days in Berlin.

When Secretary of War Patterson descended the long stairs to the chamber, he and his party found a Russian guard, bayonet fixed, blocking the way. Patterson's aides tried to explain who he was, but that made no difference to the guard. He knew just one word of English. "Please, please," he said, and pointed his bayonet at Patterson.

The Secretary of War retreated, sought out the Russian captain in charge, who immediately gave him a pass. After that he was promptly admitted to the Hitler refuge. (Copyright, 1946, by the Bell Syndicate, Inc.)

Big Business Representative

Thus some people have wondered whether George Allen, sincere as he may try to be, is giving advice to Truman as the agent of Republic Steel when he urges a price increase of \$6 a ton, or whether he is thinking of the best interests of the USA.

And as Allen moves on to help run the RFC, he becomes even more powerful. For, potent as the RFC was during the reign of Jesse Jones, it has become more so now, with several billions of surplus property over which it has sole jurisdiction.

What interests some senators is the fact that one of the men Allen represents, Victor Emmanuel, has a unique way of hiring highly placed executives in Washington and keeping them on both the public and private pay-roll. For several years Emmanuel's chief Washington representative was Leo Crowley, who at one time and same time drew \$70,000 as Emmanuel's chairman of Standard Gas and Electric, and also a government salary as alien property custodian, head of federal deposit insurance, head of the foreign economic administration, and chairman of the export-import bank.

Broadway—SEAT SEEKERS GIVE A HEADACHE

By JACK O'BRIAN

NEW YORK—Russell (Bucky) Crouse, co-author with Howard Lindsay of the recent smash delight "State of the Union," has had to bear up under dual authors' headaches, since Howard Lindsay promptly went into Murray Hill Hospital the day after the comedy hit opened. . . . I doubt that there is another Broadway witte with as many friends and amiable acquaintances as are contained in Bucky's tremendous circle, a social set roughly as numerous as the population of China, Manchuria and the Malay States.

With the show a tremendous click, Bucky was besieged not only by his own friends but those who normally would have approached Lindsay to get seats. . . . The boys have four seats apiece for each performance and they must pay for them just like anyone else. . . . The show also came into town on the wave of the most extravagant trout town reviews in years

the result was more than a month of complete seclusion; theater parties were arranged before "State of the Union" arrived on Broadway.

Established promptly as a comedy hit, seats just as abruptly became impossible to locate. . . . Brokers are forced to wait until the parties are past to start in on their normal demands. . . . and all the pals who might be expected to be nice and understanding about the situation, faced with complete inability to buy tickets, immediately telephoned Bucky to buy his splendidly located house seats. . . . Roughly, Bucky said, an average of 50 to 100 persons a day called him. . . . and his own playwrighting helped make his predicament even worse.

In the play, a Manhattan telephone number is used. . . . for reasons of good humor and to have an authentic-sounding number to use in the scene, Bucky naively included his own home number. . . . The word quickly spread that it was a number where Bucky could be reached, and it swiftly was being exchanged as freely as

Nalley Funeral Home Soon To End 8 Years Of Service

The Nalley Funeral Home, 906 Gregg street, is looking forward to celebrating its eighth anniversary as a widely known and respected institution soon, and in making this milestone the firm reflects with just pride on the reputation it has earned.

C. O. Nalley, owner, continually strives to offer the public a service of lasting remembrance at the time people need it most. Nalley believes that his new type of business requires more personal attention and dignified operation than any other in the world, and gives his assurance that every effort is made to maintain the highest standards any time his firm is called upon.

Nalley employs a staff which is known throughout this area for its efficiency, and the owner's personal supervision is incorporated in every capacity in which the firm serves.

In addition to its important function as director of last rites, the firm also offers emergency ambulance service.

In his activities outside the business, Nalley also is widely known as a civic worker and community leader. For years he has taken active part in service clubs, Red Cross, chamber of commerce and church work.

Present day figures indicate that the local dairy farmers have upped production enough to supply 50 per cent of the milk needed in this area, with only 50 per cent remaining to be shipped in.

Sheppard wanted the Banner patrons to understand that the pressure applied to the OPA for an increase in the price of milk would not be applied to the consumers' milk bills, but would be given to the dairy farmer to encourage increased production, so sadly needed now.

New customers on the retail milk routes are also being encouraged, Sheppard said. Although ODT regulations which during the war held delivery to three times a week have been removed, the Creamery is still handling only three a week. This policy, Sheppard said, is easier on the trucks, the available labor and the consumers' pocketbook, since it keeps milk prices down about one cent per quart.

A new receiving plant will be open the first of the month in Colorado City to take in the milk from the Mitchell county area. It will be sent to the Big Spring plant, for pasteurization and distribution and help to alleviate the shortages here. In the local plant the Selon hood is one of the most modern pieces of equipment, sanitary and efficient, to be found in any creamery in the area.

Sheppard also pleaded with customers to return milk bottles. The shortage is critical, with no new deliveries from the glass plants, until recently bound by strikes, for four months.

The feed situation, although still critical, is brighter than in years, with some betterment foreseen in 30 or 60 days. "We are not over the hump yet," Sheppard said, "but we can see over the hill to more and better feeds in a short time."

POPULAR SHOPPING PLACE for not only people in the vicinity of 303 Bell street, location of the J. B. Hollis Grocery & Market, but for those in other parts of the city as well is this modern neighborhood food store. Hollis carries a complete line of standard foods, quality lines and produce and good meats. (Jack M. Haynes Photo).

APARTMENTS NOW—While there is much talk about the housing situation, Coleman Courts has been furnishing a partial answer for months and months. Equipped with cozy, private apartments, the courts atop the eastern crest of the city have answered many a pressing housing problem for newcomers. (Jack M. Haynes Photo).

PARTS SCARCE, BUT SERVICE EFFICIENT AT ROWE GARAGE

With the seemingly never ending strikes in the steel and automobile industries, new cars and parts are scarcer than ever during the war, H. M. Rowe, owner and operator of the H. M. Rowe Garage, said today.

For this reason, he stressed the importance of keeping all cars in the best running condition, thoroughly checked frequently for any minor flaws which could easily be corrected at once by experienced mechanics.

It is just such expert workmen available at the Rowe Garage, where Arthur Leonard, W. H. Gray, and R. W. Frye have been added to the staff. The latter two are returned servicemen who worked in the mechanical trade both before and during the war.

The Rowe Garage specializes in repairs for Ford, Chevrolet and Plymouths, with its mechanics skilled in diagnosing the early symptoms of any ailment of these makes.

At the present, some Chevrolet transmission parts are left in stock, but little of any other parts, although Rowe hopes this will be remedied as soon as possible after the strikes are over.

Mexico Against US Labor Importations

MEXICO CITY, Feb. 11 (AP)—Mexico looks with disfavor upon reported US requests for more laborers from this side of the border, labor department sources indicated today.

At the same time, the foreign office said it had received no petition for the workers. Labor department sources mentioned these objections to continuation of the wartime workers exodus to the north:

- 1.—Mexico needs the workers here for her industrialization program. Recently the "Sports City" under construction here was unable to hire sufficient workers at \$2 daily.
- 2.—In past years many farmers abandoned their fields to go to the United States, thus accentuating a food shortage here.
- 3.—Returning workers have complained of discrimination against Mexicans and of "bad treatment" in the United States.
- 4.—During the strike wave in the United States, Mexicans might be considered strike breakers.

Season's Citrus Crop World-Record Breaker

WASHINGTON, Feb. 11 (AP)—The world citrus crop for the 1945-46 season is a record breaker, the United States Department of Agriculture said, but the world rice production declined 10 percent from the previous year.

The citrus crop for the 36 major producing countries was placed at 335 million boxes. A year before the total was 320 million boxes while the 1935-39 average was 266 million boxes.

Of the current prospective citrus crop, the department said, 243 million boxes are oranges, tangerines and mandarins, 66 million boxes grapefruit and 26 million boxes lemons.

Fire, New Zealand and Newfoundland have a single legislature apiece, with full legislative powers.

Clark And Advisors To Curb Delinquents

WASHINGTON, Feb. 11 (AP)—Attorney General Tom Clark and his newly-named National Volunteer Advisory panel meet today and tomorrow to map a program to curb juvenile delinquency.

The 28-member panel was appointed by Clark Saturday to help the justice department combat the surge in serious crimes committed by teen-agers.

The feed situation, although still critical, is brighter than in years, with some betterment foreseen in 30 or 60 days.

"We are not over the hump yet," Sheppard said, "but we can see over the hill to more and better feeds in a short time."

Gail Patrick To Sue Husband For Divorce

HOLLYWOOD, Feb. 11 (AP)—Another film colony home was added today to the list of wrecked marital lives with Gail Patrick's announcement she soon will sue Dean White for divorce, charging mental cruelty.

They were married in Jacksonville, Fla., July 11, 1944, while White was in the navy. Since then she gave premature birth to twins, who died. Both she and White previously had been married.

Ireland as a whole was united with Great Britain in 1801.

Banner Company Sees Brighter Milk Picture

The milk production picture is changing for the better, W. J. Sheppard, manager of the Banner Creameries, happily announced today.

Present day figures indicate that the local dairy farmers have upped production enough to supply 50 per cent of the milk needed in this area, with only 50 per cent remaining to be shipped in.

Sheppard wanted the Banner patrons to understand that the pressure applied to the OPA for an increase in the price of milk would not be applied to the consumers' milk bills, but would be given to the dairy farmer to encourage increased production, so sadly needed now.

New customers on the retail milk routes are also being encouraged, Sheppard said. Although ODT regulations which during the war held delivery to three times a week have been removed, the Creamery is still handling only three a week. This policy, Sheppard said, is easier on the trucks, the available labor and the consumers' pocketbook, since it keeps milk prices down about one cent per quart.

A new receiving plant will be open the first of the month in Colorado City to take in the milk from the Mitchell county area. It will be sent to the Big Spring plant, for pasteurization and distribution and help to alleviate the shortages here. In the local plant the Selon hood is one of the most modern pieces of equipment, sanitary and efficient, to be found in any creamery in the area.

Sheppard also pleaded with customers to return milk bottles. The shortage is critical, with no new deliveries from the glass plants, until recently bound by strikes, for four months.

Chinese In Manchuria Said To Fear Death

CHUNGKING, Feb. 11 (AP) — A Chungking newspaper declared today that Chinese government officials moving into Manchuria to take over from the Russians were "going about in fear of assassination."

The account was carried by the World Daily News after Chungking newspapers reported that five government officials were stabbed to death by 300 "armed brigands" east of Mukden.

The Nation Today— Government Housing Plan Bold, Still Lacks Approval By Congress

By JAMES MARLOW
WASHINGTON, Feb. 11 (AP) — Don't expect a sudden flood of homes as a result of the government's new housing program.

It's a bold plan, but still only a plan. Much has to be done to reach the goal proposed by Wilson W. Wyatt, the President's housing expert.

It may fall far short of Wyatt's hopes, or fail altogether. It's a program depending upon many things, all tied in together.

Most of them still need doing. For example: the government will have to put up at least \$850,000,000 to get the program rolling.

But the money can't be spent until Congress approves. A delay in Congress — say three months — will put a big dent in the program.

The main aim is to get houses built which cost not more than \$6,000 or rent for no more than \$50 a month.

Veterans and their families will get first crack at them.

The program calls for building to start on 2,700,000 dwellings by the end of 1947. Of that total, 1,200,000 must be started in 1946, and 1,500,000 in 1947.

This would mean: 1,600,000 permanent, regular type homes; 850,000 permanent pre-fabricated homes; 50,000 new trailers; and 200,000 units of war-housing shifted around and re-used as temporary dwellings.

All that has been mentioned so far is a large task but only part of the problem. Here's more:

Lumber is short. So substitutes like aluminum sheeting will have to be found where possible.

Many building materials are scarce. To get them into low-priced homes the government will have to use allocations and priorities widely.

Wyatt wants Congress to pass a law enabling him to put price ceilings not only on new homes to be built but also on existing homes and even building lots.

The government will have to help out with money to spur production in building materials which are lagging.

Alleged Murderer Hangs Self In Cell

HOUSTON, Feb. 11 (AP) — Joe Ortega Reyes, 19, a young Latin-American charged with murder in the slaying of T/A Nick Saenz on April 10, 1944, was found hanged in the death cell of the county jail yesterday.

Justice of the Peace Tom Maes returned a verdict of suicide in which he said the youth died of strangulation.

The body was found by assistant jailer W. H. Scott when he took supper to the cell.

Reyes was brought here from Dallas, where Sheriff Smoot Schmid announced last Friday that the prisoner had made a statement admitting he shot Saenz to death. In the statement Reyes said a companion, whose name was not reported, fatally shot Mrs. Angelina Godinez, Saenz's companion, the sheriff said.

She Won Her Fight Against Death, Now She's Helping Others

EL PASO, Feb. 11 (AP) — Betty Ann Tract, who ran a race with death 18 years ago, has won her fight.

Betty was the pet of William Beaumont General hospital, El Paso, when she was 6. She was stricken with diabetes. She became ill in school, lapsed into a coma, and was rushed to the hospital.

There wasn't much hope, but she said, "my family prayed and the doctors worked." They gave her a year to live. Happy and playful, she quickly became the hospital pet.

And she lived. She became interested in nurses, said she wanted to become one, too, and help others.

Today, attractive and able, she is a medical technician at the same hospital in which she won her own fight for life.

Belgium, Canada, Czechoslovakia and the United States own the bulk of the known reserves of uranium ore, source of atomic power.

Non-Service Cases Won't Be Excluded, Says Gen. Bradley

A statement saying the veterans administration is attempting to dismiss thousands of non-service connected cases from hospitals, credited to the national commander of the American Legion, has been branded "Absolutely without foundation in truth," by Gen. Omar N. Bradley, according to a report by Charles E. McCarthy, acting manager of the veterans administration regional office in Waco.

McCarthy said Gen. Bradley wired a message in order that the legion commander's statement might cause no unnecessary worry on the part of patients in veterans hospitals and their loved ones.

Gen. Bradley's message quoted the legion's national commander as saying, "The veterans administration is attempting to dismiss from their hospitals 46,165 total non-service connected cases."

Gen. Bradley reiterated a statement of his own, which he said was made at a press conference on Feb. 1: "Under the law, priority must be given to service connected cases. Non-service connected cases will be hospitalized wherever possible. I have, not, nor will I, advocate any change in the law, which would provide for hospitalization of service connected cases only."

T-Sgt. J. B. Murphree Receiving Discharge

WITH 8TH ARMY IN MATSU-YAMA—Technical Sergeant J. B. Murphree of Big Spring has returned to the United States for discharge.

Sgt. Murphree, a member of the 24th infantry division, participated in the Mindanao campaign in the southern Philippines. At the time of his departure he was engaged in occupation duties on the island of Shikoku, Japan.

He is the son of C. L. Murphree of Big Spring.

Change In Tenancy Regulations To Be Enforced In Area

Strict enforcement of change in tenancy rules as provided in OPA regulations will be concentrated on in the Big Spring rental area, according to a report from Robert L. Richey, OPA area rent director.

"With thousands of veterans returning and former war workers moving to new jobs in the Big Spring rental area, a close check will be made to assure that landlords file notices of each change of tenancy with our office," Richey said.

"It is particularly important now for landlords to file at the area rent office a notice of a change in tenancy that has been signed by the tenant within five days after each new tenant occupies the housing unit. Landlords can obtain copies of the proper forms at the office, 603 Petroleum Building.

"The process of filing these notices is simple. The landlord fills in a brief form showing the maximum rent and any change in services, has the tenant sign it and then sends it to the rent office."

Tenants moving into rental houses or apartments also must be shown the landlord's copy of the registration statement, which they must sign as well as the change of tenancy form.

"The tenant should check the registration statement carefully for his own protection, because it shows the maximum legal rent that can be charged for the housing unit and the services that must be furnished by the landlord," Richey said.

Capt. Wayne Hall Moved To Abilene

Capt. Wayne Hall, who served as the recruiting officer for the United States Army for three months here, has assumed a similar post at Abilene.

"During his tour of duty at the local station, 168 men were processed for enlistment with the military. Of that number, 91 left here in January.

Until an officer can be appointed to succeed Hall, S-Sgt. Oliver Goodman will serve as head of the recruiting office here.

James C. McNeill, who served as an infantry lieutenant in the ETO, heads a list of three local men who joined the US Army here in recent days.

Others are George C. Snell, formerly a CAP pilot here, and Guadalupe Fierro Cruz.

Former Local Man On Lecture Schedule

A former Big Spring man, Horace B. Sessions, state securities commissioner, will be on the staff of lecturers for a series of refresher courses or attorneys returned from the service.

The lectures will be held at the University of Texas from Feb. 11 to March 9. Sessions will lecture during February. Robert W. Slayton, university law professor, and brother of G. K. Slayton of Big Spring, will also be on the lecture staff.

Pictures Scheduled

Three motion pictures will be shown by the local chapter of the National Aeronautical association at the Settles hotel Tuesday at 8 p. m. All aerial enthusiasts, including CAP cadets, are invited to see them. The films are "Aerial Navigation," and two color pictures, "The AT-21" and the "PT-19."

Removes many spots from dresses, suits, gloves, clothing, etc., as well as upholstery, etc., made from a variety of fabrics.

To Be Given The Kuriles

Three Russian Conditions For Japanese War Revealed

WASHINGTON, Feb. 11 (AP) — Russia clamped three conditions, including outright Soviet possession of the Kurile Islands, on its agreement at Yalta one year ago today to enter the Pacific war.

The conditional aspect of Generalissimo Stalin's pledge to fight Japan was disclosed when the text of the long-secret Big Three pact on the Far East was made public today in Washington, London and Moscow.

Secretary of State Byrnes reportedly has insisted it is the last of the wartime arrangements of its kind withheld from publication. Yalta secrets previously bared promised Russia Anglo-American support for the big power veto in the United Nations Security Council and for separate UNO membership for Byelo-Russia and the Soviet Ukraine.

Under the agreement made public today, Russia was to join the Far Eastern fight "in two or three months after Germany has surrendered."

The reference to the Kuriles in the Yalta pact was blunt: "The Kurile Islands shall be handed over to the Soviet Union."

The other two conditions for Russia's war against Japan, agreed to by President Roosevelt and Prime Minister Churchill, were:

1. The status of the Mongolian people's republic in Outer Mongolia should remain unchanged.
2. Rights held by Russia prior to "the treacherous attack of Japan in 1904" should be restored. These, the pact said, were:

CANDIDATES IN ARGENTINA — Dr. Jose Tamborini (left), Democratic Union candidate for the presidency of Argentina, and his running mate, Dr. Enrique Mosca (right, shaking hands), make an appearance at a railroad station during a campaign tour of the country. Tamborini will oppose Col. Peron in the Feb. 24 general elections. (AP Wirephoto).

Wright Assumes Big Spring Man Is Top Winner

W. E. (Bill) Wright, general agent for the Texas & Pacific Railroad company in Big Spring, has assumed his duties as general agent for the company's new office in Houston.

Wright's appointment was announced by V. B. Gilman, Dallas, freight traffic manager for T&P. Mrs. Wright and their children, Ralph and Janet, will continue to make their home here until the current school term is completed.

Succeeding Wright in Big Spring is George L. Brooks, formerly of El Paso. Brooks formerly was traveling freight and passenger agent at El Paso.

A native of Jonesboro, Ark., Wright lived here as a youth and joined the T&P first in 1928 as a ticket clerk at Paris. Later he was assigned as a car clerk at Denton, then went back to Paris in the same capacity before being made stenographer-clerk in the general agent's office at Texarkana.

In May 1931 he was made secretary to the assistant vice-president at Dallas and two years later a soliciting freight agent at St. Louis. On July 1, 1938, he became traveling freight and passenger agent at El Paso before coming here as general agent in 1942.

Brooks has been with the company since 1927 at El Paso, except for a few years with a motor freight company. He was made cashier at El Paso in 1937 and served in this capacity until 1942 when he succeeded Wright at El Paso. He and Mrs. Brooks have two children, Ralph, 15, and Janet, 9.

Naval Flier Killed In Tokio Air Crash

WACO, Feb. 11 (AP) — One naval flier was killed and another injured today in a plane crash at Tokio, 15 miles from here.

Sgt. A. L. Chilcote of the state highway patrol, who investigated, said he believed the plane was involved in a mid-air collision.

The injured flier was taken to Providence hospital at Waco.

Public Information officers at the naval air base near Dallas said they had received reports of the crash but believed only one plane was involved.

The navy authorities said training planes were in the area of the accident but did not release the name of the dead and injured fliers, pending notification of next of kin.

Former Local Man On Lecture Schedule

A former Big Spring man, Horace B. Sessions, state securities commissioner, will be on the staff of lecturers for a series of refresher courses or attorneys returned from the service.

The lectures will be held at the University of Texas from Feb. 11 to March 9. Sessions will lecture during February. Robert W. Slayton, university law professor, and brother of G. K. Slayton of Big Spring, will also be on the lecture staff.

Aeronautics Chapter To See Films Tonight

The National Aeronautical Association chapter will meet Tuesday night at 7:30 in the Settles hotel, Matt Harrington, president has announced.

Two films, one on PT-19's and PT-21's and another on navigation, with technicolor and sound, will be shown.

Taylor In Sterling City

J. H. Taylor, soil conservation supervisor here, is in Sterling City today on business.

Euying Public Is Now "Economy" Conscious

The average American household stretches pocketbooks for added savings by buying big sizes in most everything and it works the same way when you buy the 100 tablet size St. Joseph Aspirin for 35c as you get nearly 3 tablets for 1c. For handy pocket-use, remember world famous 12 tablet package for 10c. None finer, faster or more economical. The choice of millions. Always demand pure St. Joseph Aspirin.

ships for Byelo-Russia and the Soviet Ukraine.

Under the agreement made public today, Russia was to join the Far Eastern fight "in two or three months after Germany has surrendered."

The reference to the Kuriles in the Yalta pact was blunt: "The Kurile Islands shall be handed over to the Soviet Union."

The other two conditions for Russia's war against Japan, agreed to by President Roosevelt and Prime Minister Churchill, were:

1. The status of the Mongolian people's republic in Outer Mongolia should remain unchanged.
2. Rights held by Russia prior to "the treacherous attack of Japan in 1904" should be restored. These, the pact said, were:

Restoration to Russia of southern Sakhalin and adjacent islands.

Internationalization of the port of Dairen and restoration of the Russian lease on Port Arthur.

Joint Russian-Chinese administration of the Chinese-Eastern and South-Manchurian railways which provide an outlet to Dairen.

In these projects, the "pre-emption interests of the Soviet Union" would be safeguarded, the pact said; adding that China should retain "full sovereignty" in Manchuria.

The agreement, acknowledging that Generalissimo Chiang Kai-shek would have to concur in the Outer Mongolia, Dairen, Port Arthur and railroad arrangements, said:

"The President (Mr. Roosevelt) will take measures in order to obtain this concurrence on advice from Marshal Stalin."

Those agreements later were ratified in a Russian-Chinese, 30-year treaty of friendship and alliance, signed in Moscow last August 14.

In the Yalta agreement, Russia expressed its readiness to conclude such a treaty with China "in order to render assistance to China with its armed forces for the purpose of liberating China from the Japanese yoke."

Livestock

FORT WORTH, Feb. 11 (AP) — (USDA) — Cattle 2100; calves 1100; fairly active and fully steady to shippers and small slaughterers; packers going slowly, bidding weaker; only a few steers sold early; good fed steers and yearlings 15.00-16.00, choice steers held above 17.00, common and medium grades 11.00-14.30; medium and good beef cows 10.00-12.50, common 9.00-50, cutters 7.75-8.75, canners mostly 7.00-50, shelly lightweights in 6.00 column; sausage bulls 8.00-11.00; good and choice fat calves 13.00-15.00, few fed heavyweights on veal or on 15.00-50; good and choice stockers and feeders 13.00-14.25, medium stockers 11.50-12.50.

Red Cross Advisors To Meet Wednesday

Monthly meeting of the advisory board of the Howard-Glasscock chapter of the Red Cross has been postponed from Tuesday night, regular meeting date, to Wednesday night, Mrs. Moree Sawfelle, executive secretary, announced today.

All board members are urged to be present at 8:30 in the Red Cross room. Roll call, fund raising and other business, will be discussed.

PTA Officer Funeral Services Pending

DALLAS, Feb. 11 (AP) — Funeral services are pending for Mrs. Grover Hart, an officer of the National Congress of Parents and Teachers, who died at her home here yesterday following a cerebral hemorrhage last week.

Mrs. Hart was also state and national publications chairman for the Texas Congress of Parents and Teachers and parliamentarian of the second district.

A Family Favorite For Chest Muscle Aches, Irritation and Tightness of Colds' Cough

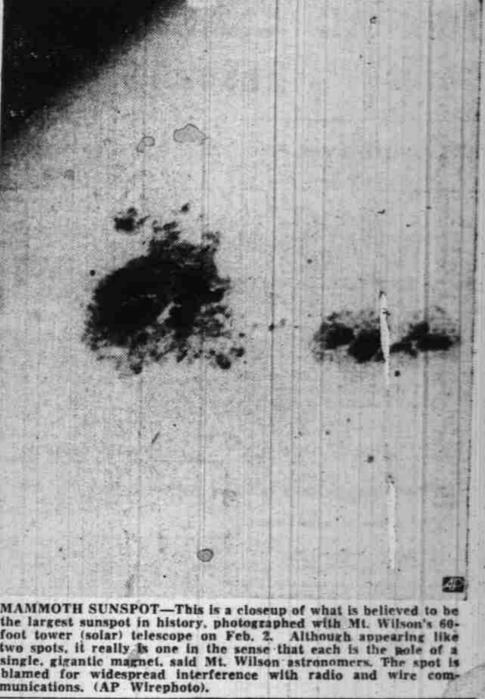

Children especially enjoy Penetro's relief for colds. Just rub Penetro on chest, throat, and back. Penetro (1) helps break local congestion, eases chest tightness, and (2) relieves pain at nerve ends in (3). Loosens phlegm, coughing lessens, as vapors help you breathe easier, quickly. Acts fast, too. For Penetro is Grandma's famous mutton-pawet idea made better by modern science. It's so clean, so white, so easy to use, only 25c, double supply 35c. Be sure you get **PENETRO**

MAMMOTH SUNSPOT—This is a closeup of what is believed to be the largest sunspot in history, photographed with Mt. Wilson's 60-foot tower (solar) telescope on Feb. 2. Although appearing like two spots, it really is one in the sense that each is the pole of a single, gigantic magnet, said Mt. Wilson astronomers. The spot is blamed for widespread interference with radio and wire communications. (AP Wirephoto).

Packinghouse Union To Hold In Abeyance Wage Suggestions

CHICAGO, Feb. 11 (AP) —The striking CIO United Packinghouse Workers wage policy conference decided today to "hold in abeyance" the union president's action on a government fact-finding panel's recommendation of a wage increase of 16 cents an hour.

The union president, Lewis J. Clark, issued the following statement and reiterated the union's position that 193,000 members were continuing on strike against five leading meat packing concerns but working for the government management under a seizure order:

"The national wage policy conference of the United Packinghouse Workers of America, CIO, has met and considered the fact-finding committee's recommendations and understands the Secretary of Agriculture, in discharging his commitments to us, has requested the wage stabilization board to approve the panel's recommendations so that he may put the recommended increase into effect immediately.
