

Memphis High School News

Items from The Breeze, Official Publication of M. H. S.

The Year Book.

Among the many other school activities now in full swing, and one in which everyone is interested from the peppy "Prep" to the dignified Senior, is the subscription campaign for the high school Annual, or Year-Book, which is just now being launched by the Annual Staff.

Catchy colored cartoons, by local artists, adorn the black-boards in conspicuous places in the study halls and classrooms, demonstrating the multiplicity of talents needed and developed by such a school activity, which is not the least among the many benefits students derive from active participation in the efforts of the social group.

Girls Basket Ball.

In order to arouse interest and greater enthusiasm in girls basket ball, an unique exhibition game was put on New Years afternoon, in which the team was opposed by on composed of lady members of the faculty. The gym room was crowded to capacity, and the lassies of M. H. S. received their full measure of support. It proved to be an unusually interesting and exciting game, and even though the faculty members were defeated 23 to 12, they displayed more pep than we had in our wildest dreams imagined they possessed.

Ex-Students.

We have had many old friends among us his week. Quite a few of the former students of M. H. S., who are now in various colleges and universities, took the opportunity of visiting their "alma mater" this past week, and we were glad to have each one with us.

Sam Frank Wright, a graduate in '22, was here from California for the holidays. He made several visits to the school, and on one occasion spoke very complimentary of the new building and improved school, while in assembly.

Miss Mary Nobles of the Amarillo High School was a visitor the past week.

Frank Foxhall, former Memphis Hi student, now of the Metropolitan Business College, Dallas, spent the holidays here. Also Clyde Tugwell, now attending the New Mexico Military Institute, Roswell, New Mexico, spent the holidays visiting, and needless to say Clyde and Frank were very frequent visitors among us the past week.

Buster Montgomery, also a former student, now of Amarillo, visited friends during the holidays.

Among the many other former students and graduates who visited during the holidays, were Bob Henderson, of A. C. C. at Abilene; Misses Cy and Virginia Browder and Nookie Arnold, who are attending Miss Hockaday's School, Dallas; Bob Johnson, Kennon Hillyer, and Patty Hicks, from Clarendon College; Verso Odom and Roberta Rogers, of C. I. A., Denton, and others. They were all glad to be with us once again, and expressed their delight over our new building, and praised all phases of the school very highly.

Laura Imogene Morgan, a graduate of Memphis Hi, and who now holds a position in Dallas, visited home-folk and friends during the holidays.

Miss Clark and Jim Ballew, former students, now of Simmons College, Abilene, visited home during the holidays.

Henry is Defendant, and said petition alleging that plaintiff has been for a period of twelve months prior to the filing of the petition herein an actual bona fide inhabitant of the State of Texas, and has resided in Hall County for six months next preceding the filing of the suit; that defendant's residence is unknown to plaintiff; that on or about the 5th day of August, 1918, plaintiff was lawfully married to defendant; that they lived together as husband and wife but a few days, until about the 15th day of August, 1918, when defendant abandoned plaintiff and has failed and refused to live with plaintiff and has remained wholly away from said plaintiff

for more than three years with intentions of permanently abandoning this plaintiff; plaintiff further alleges that defendant at no time supported her or contributed to her in any way and that she has been forced to make her own living at all times since her said marriage; and that at the time of the abandonment of this plaintiff by said defendant, he left her without money, provisions or clothing and among strangers.

\$100,000 PEACE PLAN PRIZE AWARDED

Advocates Entering World Court and Cooperation With League Without Full Membership at Present—Suggests League Membership Be Opened to All Nations and Provides for Development of International Law.

The American Peace Award brought forth 22,165 plans and many thousands of letters. Since many of the plans were the composite work of organizations, universities, etc., a single plan often represented the views of hundreds or thousands of individuals. The content of these plans is therefore an index of the true feeling and judgment of hundreds of thousands of American citizens.

The only possible pathway to international agreement with reference to these complicated and difficult factors is through mutual counsel and cooperation which the plan selected contemplates. It is therefore the unanimous opinion of the Jury that of the 22,165 plans submitted, Plan Number 1469 is "the best practicable plan by which the United States may cooperate with other nations to achieve and preserve the peace of the world."

It is the unanimous hope of the Jury that the first fruit of the mutual counsel and cooperation among the nations which will result from the adoption of the plan selected will be a general prohibition of the manufacture and sale of all materials of war. ELIHU ROOT, Chairman JAMES GUTHRIE HARBORD EDWARD M. HOUSE ELLEN FITZ PENDLETON ROSCOE POUND WILLIAM ALLEN WHITE BRAND WHITLOCK

Statement of Jury of Award
The Jury of Award realizes that there is no one approach to world peace, and that it is necessary to recognize not merely political but also psychological and economic factors.

I. ENTER THE PERMANENT COURT

That the United States adhere to the Permanent Court of International Justice for the reasons and under the conditions stated by Secretary Hughes and President Harding in February, 1923.

II. COOPERATE WITH THE LEAGUE OF NATIONS, WITHOUT FULL MEMBERSHIP AT PRESENT

That without becoming a member of the League of Nations as at present constituted, the United States Government should extend its present cooperation with the League and propose participation in the work of its Assembly and Council under the following conditions and reservations:

Safeguarding of Monroe Doctrine
1. The United States accepts the League of Nations as an instrument of mutual counsel, but it will assume no obligation to interfere with political questions of policy or internal administration of any foreign state. In carrying its efforts with those of other States for the preservation of peace and the promotion of the common welfare, the United States insists upon the safeguarding of the Monroe Doctrine and does not abandon its traditional attitude regarding American independence of the Old World and does not consent to submit its long established policy concerning questions regarded by it as purely American to the recommendation or decision of other Powers.

No Military or Economic Forces
2. That the only kind of compulsion which nations can freely engage to apply to each other in the name of Peace is that which arises from confidence, from moral judgment, from full publicity, and from the power of public opinion. The United States would assume no obligations under Article X in its present form, or under Article XVI in its present form in the Covenant, or in its amended form as now proposed, unless in any particular case Congress has authorized such action. The United States proposes that Articles X and XVI be either dropped altogether or so amended and changed as to eliminate any suggestion of a general agreement to use coercion for obtaining conformity to the pledges of the Covenant.

No Obligations Under Versailles Treaty
3. That the United States will accept no responsibilities under the Treaty of Versailles unless in any particular case Congress has authorized such action.

League Open to All Nations
4. The United States Government proposes that Article I of the Covenant be construed and applied, or, if necessary, rerafted, so that admission to the League shall be assured to any self-governing State that wishes to join and that receives the favorable vote of two-thirds of the Assembly.

Development of International Law
5. As a condition of its participation in the work and councils of the League, the United States asks that the Assembly and Council consent or obtain authority to begin collaboration for the revision and development of international law, employing for this purpose the aid of a commission of jurists. This Commission would be directed to formulate anew existing rules of the law of nations, to reconcile divergent opinions, to consider points hitherto inadequately provided for but vital to the maintenance of international justice, and in general to define the social rights and duties of States. The recommendations of the Commission would be presented from time to time in proper form for consideration, to the Assembly as to a recommending if not a law-making body.

Author's Name Not to Be Revealed Until After Referendum
In order that the vote may be taken solely upon the merits of the plan, the Policy Committee, with the acquiescence of Mr. Bok, has decided not to disclose the authorship of the plan until after the referendum. The identity is unknown to the members of the Jury of Award and the Policy Committee, except one delegated member. JOHN W. DAVIS LEARNED HAND

The State of Texas, County of Hall, To the Sheriff or any constable of Hall County, Texas, Greeting: You are hereby commanded to summon J. W. Carter, whose residence is unknown, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Hall County, to be holden at the Court House thereof, in Memphis, on the second Monday in February, A. Carter is defendant, and said petition alleging that plaintiff and defendant were married at Harrah, Oklahoma, on November 19, 1921, and lived together as husband and wife until December 19, 1921. That during the time they lived together defendant constantly cursed and abused plaintiff, and called her all manner of vile names, and constantly threatened to take plaintiff's life, which threats were made in such a manner as to lead plaintiff to believe that he would be liable to carry such threats into execution. That on one occasion defendant attempted to poison plaintiff by placing bichloride of mercury solution in her coffee. Defendant never in any way contributed to the support of plaintiff. That one child a boy, Henry Lee Carter, born Sept. 9, 1922, was born to plaintiff and defendant, and that defendant by reason of his irregular habits and disposition is unfit to have the custody of said child. Plaintiff prays for citation, and that she have judgment, granting her a divorce and the custody of the said child, general and special relief, etc. Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

The Memphis Democrat

Subscription Campaign

which has been in progress for six weeks closed at noon to-day. The management wishes to take this opportunity to publicly thank all of those who have contributed to the success of the campaign. Particularly do we wish to express our appreciation of the thorough and painstaking work of the lady contestants; for their loyalty to the interests of the paper, and continuous and conscientious efforts in spite of bad weather conditions.

We wish, also, to extend our thanks to the public generally, both for liberal patronage and for the courtesy shown our representatives. The abundant expressions of good-will from the public brought out during the campaign are very gratifying; and we shall endeavor to merit its continuance by a constant effort toward improvement.

Many hundreds of subscriptions have been turned in during the campaign, of which a large per cent are new readers. The Democrat's list, already very large for a country paper—probably the largest in the Panhandle—now covers practically every corner of the vast territory tributary to Memphis.

No paper published in this section of the State can offer better service to advertisers; few papers ever succeed in reaching so large a percentage of the possible customers of the merchants and business men of their town.

"The majority of crimes of today are committed by boys under twenty-one—seventy-five per cent by youths under twenty-five. The average home is nothing more than a place to eat and sleep. It has ceased to be a shrine for moral and religious training."

A flea became entangled in castor oil 3,000 years ago in Tutankhamen's tomb. It now reposes in the museum at Cairo and is generally regarded as the only flea mummy in the world.

Horace Greeley did not say, "Go West, young man." This expression was first used by John L. Soule in 1851 in the Terre Haute Express. Greeley later used the sentence in an editorial entitled "Hints Toward Reform."

"In the age of rings, trusts, mergers, combines and monopolies, newspapers are bought and sold like butter and soap. The opinion-making power is in the main the instrument of money. The old artifice of despotism was 'tuning the pulpits.' It was a process weak by comparison. Tuning the press is an affair more comprehensive and more concealed."

JOSEPH IN EGYPT. (Gen. 47:1-12)

In accordance with God's plan, Abraham settled in Palestine, and proved his great faith by his willingness to sacrifice his son, Isaac, on the altar of faith and obedience. It is supposed that the place of sacrifice was covered by Solomon's Temple and now is occupied by the Mohammedan Temple of Omar. Abraham's son, Isaac, was the father of Jacob, (whose name was changed to Israel), and Jacob was father of Joseph, about whom our lesson tells. Joseph, when a lad, was sold as a slave by his brothers and was carried into Egypt. Being favored of God, he became the counsellor of the Pharaoh or King and was given full authority to rule over the kingdom. In this way God provided a safe home where he could care for and develop his chosen people. Jacob's family numbered about seventy souls, when they moved into Egypt, and when they came out, there were about one million of them. They were in Egypt about 400 years, at first as welcome immigrants, but later on under new Pharaohs they were slaves and toiled under task-masters until Moses led them out of their bondage, about 1490 B. C. In Egypt they learned how to work, how to respect their ancestors, how to preserve the purity of their race, and how to depend on God for help and guidance. Egypt was a land of wonderful civilization at that time, their linen cloth was fine as cobwebs, their gold ornaments and carved Ivory, and paint colors, equal or surpass our present day accomplishments. Their temples and pyramids surpass modern achievements, and the magnificence of the decorations and equipment and furnishings found last year in King Tutankhamen's tomb, recall the glory of Pharaoh's court, where Joseph was Prime Minister. In this way God nurtured his people, and taught them to trust him. It was through these people that the world was to be blessed in the coming of the Savior. Joseph respected his father, revered God and was loyal to his king and his own manhood. In taking care of the Israelites, God also preserved the Egyptians from outside enemies. Joseph believed that God would lead his people into the Promised Land, and before he died, he made his family promise not to bury him until the Israelites entered Canaan. His bones were not buried for 200 years. "Jehovah will keep thee from all evil! He will keep thy soul." Psalm 121:7.

His owner has not given enough attention to his feed. If he had been fed right, his skin would be glossy, his eyes bright and his head erect. He would have lots of surplus energy for work. This horse should have been fed a ration that nourished all parts of his body. Oats or corn are lacking in elements that build muscle, hair, hide, teeth and bones. You can put horses like this in the pink of condition by feeding Purina O-Molene feed. Thousands of horse owners are using O-Molene—many in this community. O-Molene feed is a perfectly balanced ration, just the best of grains prepared in such a way that you get the most for your money. It costs no more to use than ordinary feed. Try it once and you will see that it means better health, which also means more work. Ask us about it." Includes image of Purina O-Molene feed bag. Craver Grain Co. Memphis, Texas.
