FIVE CENTS

NUMBER 15

SERVICE ON REA LINE STARTS SATURDAY

PIONEERING IN RURAL ELECTRIFICATION—Above are members of the board of directors and officials of the Hall County Electric Co-operative, pictured as they watched the first poles set on the 113-mile REA line which will be opened Saturday. Left to right, they are: Mrs. C. A. Williams, Paul Montgomery, Clyde Fowler, Tom Lenoir (secretary of the board), Harry Tyler, Mrs. N. A. Hightower, Harold Hodges, Jake Lamb (vice president), I. V. Sharlach (construction superintendent), Edgar Foster, B. L. Gresham, R. D. Hall (president), C. M. Hawkins, Otho Fitzjarrald (attorney), and Alvis Yarbrough (project superintendent).

CO-OP SERVES 230 PATRONS IN RURAL AREA

Formal Dedication Of 113-Mile Line Is Announced

Electric service will be made available for the first time to 230 families in Hall County's rural districts Saturday afternoon when the switch will be closed and 113 miles of line on the Hall County Rural Electrification project energized.

Carl C. Cox, project engineer from Amarillo, will close the switch at 2:30 o'clock Saturday afternoon, marking the completion of the project sponsored by the Hall County Electric Co-operative, Alvis Yarbrough, project superintendent, announced Tuesday.

Two hundred and thirty members have completed home-wiring projects and will be ready for service Saturday, Yarbrough said. Others may be added to the line later.

A special program marking the formal opening and dedication of the project will be held at the District Courtroom in Memphis beginning at 2 o'clock Saturday afternoon. District Judge A. S. Moss and District REA Utilization Supervisor J. R. Cobb of Washington, D. C., will be the principal speakers.

Moss will address members of the local co-op on "Cooperation and the Co-operative Movement." Cobb is scheduled to speak on "Electricity in Rural Homes." Electrical appliance dealers in Memphis and Lakeview will give away several prizes to co-op members at that time, Yarbrough announced. The prizes include electric toasters, irons, mixers, and other appliances for the home.

All patrons are invited to attend. (Continued on page 12)

Memphis Nine Downs Lakeview To Take Pennant

Score of 12 to 9 Gives Team Claim to Pennant; Memphians Rally in 5th

Memphis baseballers overcame a seven-run lead, piled up by the Lakeview batsmen in the first and second innings, in the fifth inning of the last game in the Hall County Baseball League play-off Sunday afternoon to cop the league pennant by a score of 12 to 9.

The Lakeview nine downed the Estelline team two straight games in the semi-final play-off to gain the right to play the Memphis team, who beat the fourth-place Hedley team in a three-game series.

Lakeview won the first game of the final play-off by a score of 7 to 4, with Memphis taking the second game, 5 to 1.

To start the game off Sunday, Lakeview scored three times in the first, and four in the second. Memphis did not rally until the fifth, when the team scored seven runs to tie the score at 7-7. Lakeview made three errors in this inning.

In the first half of the seventh, Al Williamson of Lakeview socked out a home run to put the Lakeview team again in the lead. Memphis, however, rallied again in the last half of the seventh when Carl Melear knocked out a triple to bring in three runs. Two more runs were scratched out before the inning was over.

Memphis was not in danger again, although in the first half of the eighth, Leggett doubled and scored on an error and a single to bring in the ninth and last run for the Lakeview team.

Batteries for Memphis were Hoover, who pitched 3 innings, and Barnes, who completed the game, with Phillips catching. Hurling for Lakeview for 6 innings was Blackmon, who was replaced for the remainder of the game by Ables. Leggett caught for Lakeview.

Memphis counted for five errors, Lakeview for six.

WPA APPROVES NEW COUNTY ROAD PROJECT

Appropriation of \$732,345 for Road Improvements Made

Approval of 17 projects, including one project in Hall County, involving expenditures of \$732,345 in Work Projects Administration funds, and \$355,050 supplied by local governmental agencies, was announced Wednesday by Stearns S. Tucker, deputy state administrator.

For Hall County, the project will include clearing and grubbing of 394 acres on county roads and State Highway 18. This includes the reducing of grades and widening road shoulders, installing culverts and headwalls, and the changing of creek channels.

Federal funds, totaling \$32,759 are to be supplied. Local funds to be supplied will total \$11,346. Most of the local funds can be supplied in service and use of equipment, County Judge M. O. Goodpasture explained.

Judge Goodpasture said Wednesday that he was not positive how much of the work would apply to Highway 18, on which gaps now exist between Turkey and Clarendon and Clarendon and Lampas. A survey was made by State Highway engineers on the highway about a year ago, but work on the gaps has not yet been approved.

A delegation from Hall— (Continued on page 6)

District President Of P-T-A to Speak At Meeting Here

Memphis Group to Be Host To Four-County Division Saturday, October 14

Mrs. C. T. Hunkapillar of Pampa, president of the eighth district of the Congress of the Parents and Teachers, will be the principal speaker of the day when the 4-county division of that organization meets at the First Christian Church in Memphis Saturday, October 14, it was announced following a called meeting of the city council of the local P-T-A last Friday.

In charge of the arrangements for the divisional meeting is Mrs. D. L. C. Kinard of Memphis, who is one of five vice presidents of the eighth district and president of the 4-county division. She will be assisted by Mrs. W. D. McCool, president of the Hall County P-T-A council, and Mrs. H. B. Gilmore, president of the P-T-A city council.

Accompanying Mrs. Hunkapillar will be other officers of the eighth district who will also speak. Mrs. Hunkapillar will review her trip to the national convention held recently in Cincinnati.

Another highlight of the program will be the luncheon given at midday, and served by the women of the First Christian Church. Tickets for the luncheon will sell at 60 cents each, and may be secured from Mrs. J. H. Smith. The luncheon is open to anyone who wishes to attend.

The program will open at 10 o'clock Saturday morning. Luncheon will be served at 12 o'clock, and the afternoon session will begin at 1 o'clock, ending about 3:30. As a part of the program a panel discussion, led by W. C. Davis, superintendent of the Memphis Public Schools, will be heard on the subject, "Is the Parent-Teacher Association a Liability or Asset to the School Program?"

Committees in charge of the arrangements are as follows: Program, Mrs. Roy L. Guthrie, Mrs. Mack Tarver, and Miss Rachel Deahl; decorating and social, Mrs. Bill Gerlach, Mrs. C. H. Compton, Mrs. J. H. Smith, Mrs. Lon Montgomery, and Mrs. A. W. Howard; ticket and printing, Mrs. J. H. Smith, Mrs. Bill Kesterson, Mrs. W. N. Jameson, and Mrs. Alvis Gerlach.

110-Mile REA Extension Approved

Hall County Entries in Tri-State Livestock Show Win Honors

Hall County exhibitors won more than \$100 in prizes at the annual livestock show at the Tri-State Fair in Amarillo last week, County Agent W. B. Hooser revealed Monday.

Four-H Club boys from this county figured prominently in the annual show. Hubert Richards, Farnell 4-H Club boy, took fourth place in the club exhibits of Poland China pigs in light single barrow class, and with the same entry in the Tri-State open division won a fifth place ribbon. The pig was fed by Hubert Richards, and shown by his older brother, Earl Richards.

Joyce Winn, also a member of the Farnell Club, won fourth place in the club division of pen-fed Poland China pigs, and, combining his entry with pigs from the same litter shown by Hubert Winn, took 8th place in the "litter of five" division.

J. B. Richards, another Farnell 4-H Club boy, won fifth place in the Hampshire heavy division.

Gene Ewen, exhibiting for the E. M. Ewen and Son farm of Estelline, captured a first place ribbon in the Shorthorn division with a young bull under 1 year. Judges at the show, Hooser said, praised the animal highly and stated that (Continued on page 12)

Cyclone Gridders Meet Paducah Dragons at Paducah Friday

Junior Cyclone Eleven Will Play Silvertown Owls Friday Afternoon

Fresh from a week's lay-off after their 13-0 victory over Mobeetie in the season's opener here September 15, the Memphis Cyclone grid machine will invade Paducah Friday night in an attempt to steam-roller the twice-defeated Dragons. The game will be a non-conference affair, the final one for the Cyclone before opening their District 3-A campaign against Shamrock next week-end.

Despite early season injuries, both teams are expected to place their full strength on the field Friday night. The Dragons, thirsty for blood after absorbing two straight losses from Tullahoma and Crowell in their opening games, will throw a powerful squad into the fray.

The outlook in the Cyclone camp, however, is highly optimistic. Captain Joe Crumby, whose injured thumb hampered his passing in the Mobeetie game, is back in harness; and big Floyd Melton, the Cyclone's 210-pound tackle, will be fully recovered from a knee injury sustained in early-season work-outs. The team came through the Mobeetie battle without any serious casualties, and will be at full strength Friday night.

Izador Hardin, playing his sec-

P-T-A Sponsors Cooking School Here October 10, 11

Miss Alice Livermore Conducts Classes; Time Ways to Be Shown

A two-day cooking school will be held in Memphis Tuesday and Wednesday, October 10 and 11, at the Ritz Theatre under the auspices of the Memphis Parent-Teacher Associations.

Miss Alice Livermore, home service advisor of the United Gas Corporation, will conduct the school. Memphis homemakers are urged to attend the classes both evenings and learn the most modern methods of cooking, according to Mrs. Bailey Gilmore, local P-T-A member.

"Miss Livermore is recognized as an authority on up-to-date meal planning and preparation and we know she will present interesting and instructive demonstrations," Mrs. Gilmore said. "We hope that the women of (Continued on page 6)

Tentative approval has been granted by the Rural Electrification Administration in Washington for a 110-mile extension of the Hall County Electric Co-op lines, and an appropriation of \$125,000 is available for building the proposed extension, Alvis Yarbrough, project superintendent for the local co-operative, announced Tuesday.

Two hundred and 75 subscribers have already been secured on the new route, and work is expected to get underway by the first of December, Yarbrough said.

Included in the plans which have been mapped out and approved is a two-and-one-half mile extension into the Giles community in Donley County; and a two-and-one-half mile spur to the Deep Lake community; and a line extending to Newlin and across the Childress County line to the Gilpin community.

The main portion of the proposed line will extend into the southern section of Hall County serving Hulver, Parnell, Weatherly, Buffalo Flat, and the Turkey community area.

Route of the extension has been mapped out and the plans submitted to Washington for approval have been accepted. Final approval of the project has been withheld, Yarbrough said, because the co-op lacked 25 applicants of having the required number. Ten of these have been signed, and the remaining fifteen will be secured in a short time, he predicted.

Junior Cyclone Eleven Will Play Silvertown Owls Friday Afternoon

Memphis High School's junior Cyclone eleven, undismayed after taking a thorough 74-6 shellacking from the Claude Mustangs at Claude last Friday afternoon will journey to Silvertown Friday to meet the Silvertown Owls.

The junior squad, coached by Robert Devin, is made up of boys still too young for Class A competition. However, the youngsters who are new gaining experience on the "B" team may form the nucleus for a stronger Cyclone eleven in the future.

Young John Ivey, who scored the only touchdown for the juniors against Claude, displayed a lot of speed and flash after intercepting a Mustang pass to run through a broken field for the center.

On the starting line-up for the Silvertown game are: Stillwell and Clark or Jones at ends; Lowery and Purvis at tackles; Butler and Oran at guards; and Smith, center; with Ivey, Grimes, Hendrickson, and Jefferies making up the backfield.

The Owls have scheduled a return game at Cyclone Stadium on October 27.

at the pivot post. Billy Gene Morris, who held down the position last year after A. G. Kesterson went out via the injury route, will not be in the line-up.

With the exception of the pivot post, Coach Murphy has a thoroughly seasoned line to pit against the Dragons. Probable starters Friday night will be John Clark (Continued on page 6)

Home Paper

VOICE OF THE RIVER VALLEY

CONGRESS OPENED—President Roosevelt (arrow) the joint session of the House and Senate, called in session, asking repeal of arms embargo provision of neutrality and a return to "time-honored doctrine of international law." This is the start of what may prove to be one of memorable sessions of congress in U. S. history.

Estimates of Cotton Yield Range upward from 12,000 Bales

Who have not ventured a guess of the amount of cotton to be produced in the county this year will make, you might say, on the bandwagon.

For in between cotton the war prospects and the gridiron prosper the United States, throughout the county are about and guessing at the amount of bales the county will produce.

Some ranging all the way up to 15,000 bales by the most pessimistic, 12,000 by the most optimistic. No one, however, has guessed anywhere near the amount of the county last year, which was 14,300 bales. And last year it was "half a crop," or 7,150 bales.

Agent Hooser first said that the county would produce 10,000 bales, but he has since modified his guess a number of times. He is now at 12,000 bales, and is a pioneer farmer, set at from 7,000 to 10,000.

He told of one man who guessed the total number of bales at 4,000. Charlie Russell of Turkey said the county would make about 7,500 bales. He added that the crops in the Turkey community would be better on the average than those around Memphis.

Early in the summer, crop prospects for the county appeared excellent, since rains were spaced at about the correct intervals. But the late August and early September drought reduced the possible number of bales to a low number. Many farmers said during the hot days in August that each week saw the number of bales decreased by about 1,000.

Some of the crops hailed out in the early part of the summer have come back, and will probably make about as much cotton as some of those not hailed out, but burned out. The best crops in the county are in and around the Farnell community, where heavy rains fell in August.

Applications for AAA Cotton Payments Rushed to Offices

A total of 550 applications for cotton payments have been sent in from the office of the county agent during the past week, F. R. Curtis, secretary of the Hall County ACA, disclosed Thursday morning.

The first checks should arrive within the next three weeks, Mr. Curtis said. Other applications will be sent in each week as quickly as they can be prepared. This year's total payments will be higher than those received by farmers of this county last year. Parity payments this year will total \$218,241, and cotton conservation payments will reach \$245,621, making a total of cotton payments of \$463,862.

The feed reduction payments will be \$84,745, and the soil building payments will total \$26,000. With these added to the cotton payments, the county's entire checks will reach \$574,607. Last year's total payments were only about \$450,000.

The increase in the amount of payments this year is due to an increase of one cent per pound on the county yield per acre, Mr. Curtis explained.

648 Bales Ginned In County on 16th

First census reports on the 1939 cotton crop reveal that 648 bales of cotton had been ginned in Hall County from this year's crop prior to September 16. The report was made public this week by C. Lee Rushing, special agent for the department of census.

The number of bales ginned this year is exactly the same as the number from the crop of 1938.

Baptist W. M. S. Has Bible Study At Church Monday

The Woman's Missionary Society of the First Baptist Church met Monday afternoon at the church in Bible study. The group sang several songs after which Mrs. J. Wm. Mason gave the lesson of the morning, using the first chapter of Acts. Present were Mrs. J. Wm. Mason, Mrs. W. J. Bragg, Mrs. T. R. Garrett, Mrs. H. B. Gilmore, Mrs. G. H. Hattenbach, Mrs. J. S. McMurry, Mrs. E. T. Prater, Mrs. Frank Smith, Mrs. J. M. Ballieu, Mrs. L. O. Dennis, Mrs. J. S. Forkner, Mrs. Alfred Hutcherson, Mrs. Emma Baskerville, Mrs. J. P. Godfrey, Mrs. J. H. Smith, Mrs. A. J. Joyce, Mrs. C. H. Bownds, Mrs. Clifton Burnett. Mrs. W. M. Hood, Mrs. J. R. Sargent, Mrs. Marshall Jones, Mrs. L. G. Carlos, Mrs. C. Z. Stidham, Mrs. Alvin Massey, Mrs. Jim Strickland, Mrs. L. G. Rasco, Mrs. George R. Cullin, Mrs. F. R. Curtis, Mrs. Bud Godfrey, Mrs. Lloyd Phillips, Mrs. H. C. Crow, and Mrs. Earl Pritchett. Mrs. J. H. Smith offered the closing prayer.

Pathfinders Have Good Neighbor Tour at Meeting

Mrs. T. J. Hampton was hostess to the Pathfinders Council Tuesday afternoon at her home. Mrs. Earl Pritchett, president, presided during the business session. The subject for the afternoon was "Clara Driscoll" and the "Good Neighbor Tour." Roll call was answered with Federation news. A "bird's eye-view" of the American continent was given by Mrs. Leon Bullard. Preparation of travel routes and the proper wardrobe was discussed by Mrs. Clinton Srygley. With Mrs. Henry Youngblood as ticket agent, each one present purchased a ticket and passport to board "Miss America" and take off on a good neighbor tour for the purpose of adjusting democracy. Present were Mrs. Leon Bullard, Mrs. Glen Carlos, Mrs. Clifton Compton, Mrs. F. R. Curtis, Mrs. George Dickson, Mrs. J. M. Ferrel, Mrs. Arthur Giddens, Mrs. W. F. McElreath, Miss Margaret McElreath, Mrs. Henry Newman, Mrs. Lloyd Phillips, Mrs. Earl Pritchett, Mrs. B. B. Smith, Mrs. Clifton Srygley, Miss Bernice Webster, Mrs. Henry Youngblood, and the hostess, Mrs. Hampton.

Pricilla Club Meets in Home Of C. R. Webster

The Pricilla Club met Tuesday night, September 19, at the home of Mr. and Mrs. C. R. Webster, with Mr. and Mrs. D. A. Neeley as co-host and co-hostess. A three-course turkey dinner was served, after which the members played "42." Guests were Mr. and Mrs. Frank Phelan, Mr. and Mrs. W. B. DeBerry, Mr. and Mrs. Frank Finch, Mrs. John Lofland, and Miss Bernice Webster. Members present were Dr. and Mrs. W. C. Dickey, Mr. and Mrs. W. C. Davis, Mr. and Mrs. C. W. Broome, Mr. and Mrs. Art Miller, Mr. and Mrs. Bill Kesterson, Mr. and Mrs. S. B. Palfmeyer, Mr. and Mrs. J. H. Norman, Mr. and Mrs. N. A. Hightower, Mr. and Mrs. Bob Roberts, Mr. and Mrs. George Hattenbach, Mr. and Mrs. Herbert Estes, and W. P. Dial.

Thursday Bridge Club Meets in Crawford Home

The Thursday Night Bridge Club met last week in the home of Mr. and Mrs. Hugh Crawford. High score prize for women went to Mrs. George Greenhaw. Frank Garrett won high score prize for men. Present were Mr. and Mrs. D. J. Morgensen, Mr. and Mrs. Zeb Moore, Mr. and Mrs. Bob Land, Mr. and Mrs. Ervin Johnson, Mr. and Mrs. Frank Garrett, Mr. and Mrs. George Greenhaw, Mr. and Mrs. E. E. Cudd, and Mr. and Mrs. Crawford.

J. C. Reeves and Sidney Mayfield attended the Childress-Shamrock football game at Childress Friday night.

Franklin Biography Reviewed Before Culture Club

The Woman's Culture Club met in the home of Mrs. W. L. Wheat, Wednesday, September 20, for its regular meeting, with Mrs. Emma Baskerville assisting in receiving the guests. Mrs. D. J. Morgensen, president, presided during the business session. The wisely-choiced quotation by Benjamin Franklin, "God Helps Them Who Help Themselves," was used to introduce the program which featured a review of Carl Von Doren's biography of Benjamin Franklin, given by Mrs. D. W. May. The book won the Pulitzer prize for the best biography of the year. The song story of the writing of the writing of "America" was told by Bobby Clark, and "America" was sung by Minerva and Maria Baskerville, and Bobby Clark, with Mrs. Conley Ward as accompanist.

Mrs. J. H. Norman led a "Sealed Drill" on famous quotations. Predominant among them were those of two great Americans, Emerson and Franklin. The thought for the day was on safety rules that will be given by the safety chairman, Mrs. Roy Fultz, throughout the year. Special tribute will be paid to Mrs. Clara Driscoll on the next regular meeting, October 4, and "Our Panhandle" will be the study theme. Mrs. T. B. Rogers will be hostess. Refreshments were served to Mrs. Conley Ward, honorary member, Mrs. W. C. Davis, associate, and Mesdames R. E. Clark, A. W. Howard, R. L. Madden, D. W. May, D. J. Morgensen, J. H. Norman, T. B. Rogers, C. Z. Stidham, J. A. Whaley, Emma Baskerville, and Miss Vera Gilreath, Minera and Maria Baskerville, Bobby Clark, and the hostess, Mrs. Wheat.

One-Act Play Given at Meeting Of Little Theatre

Initial meeting of the Memphis Little Theatre was held at the home of Mrs. Abe Murphy Wednesday, with Mrs. W. B. Dees and Miss Rachel Deahl as co-hostesses. The guests were greeted by Mrs. Dees and escorted to the rear lawn, where tables were artistically arranged. Mrs. L. W. Stanford, president, presided during a brief business session, after which a one-act play, "The Constant Lover," was given. Mrs. Gayle Greene played the part of the lover, and Mrs. Abe Murphy was the maiden. At the conclusion of the play, salad courses were served to Mrs. Leon Bullard, Mrs. A. L. Burks, Mrs. James Cornelius, Mrs. John Deaver, Mrs. L. G. DeBerry, Mrs. Roy Fultz, Mrs. Gayle Greene, Miss Mary Helen Hardin, Miss Joyce Sheats, Miss Maurine Thompson, Mrs. T. M. Harrison, Mrs. L. C. Smyers, Mrs. L. W. Stanford, and hostesses, Mrs. Murphy, Mrs. Dees, and Miss Deahl.

Mrs. T. L. Lewis Is Guest Speaker At Study Club

The 1913 Study Club met Wednesday afternoon, September 20, in the home of Mrs. D. L. C. Kinard. After a business session presided over by the president, Mrs. Horace Tarver, the guest speaker, Mrs. T. L. Lewis, was introduced by Mrs. Kinard. Mrs. Lewis, a former member of the club, painted a word picture of the possibility of an abundant living both as a child and an adult. Her subject was "The Art of Living." Mrs. Jessie Jones presented a travelogue, "By Air to the Philippines." During the social hour, refreshments were served to Mesdames Byron Baldwin, Allen Dunbar, T. J. Dunbar, Gayle Greene, R. S. Greene, Carl Harrison, T. M. Harrison, Jessie Jones, D. L. C. Kinard, M. McNeely, Louie Merrill, Lon Montgomery, George Sager, H. E. Tarver, M. G. Tarver, R. C. Walker, W. B. Russell, and T. L. Lewis, and Miss Mary Foreman.

Gammage Club Meets With Mrs. W. S. Malone

Regular meeting of the Gammage Needle Club was held Thursday afternoon of last week in the home of Mrs. W. S. Malone. The afternoon was spent in quilting and conversing. Refreshments of iced watermelon were served to Mesdames Eric Webster, Russell Crone, L. Crone, Dot Webster, Grover Roden, J. Kilpatrick, A. G. Grisham, L. A. Stilwell, Mack Dunn, John Dunn, Orville Hill, J. H. Morris, John George, M. Morris, M. N. Smith, W. J. Goffinet, and the hostess, Mrs. Malone. The next meeting will be held Thursday, October 5, in the home of Mrs. J. Kilpatrick.

Society

Pate to Pumps

The "Whirlpool" hairdress worn by Ellen Reine, above, is timely vogue in keeping with the confused state of the world today. At the other extreme are peaceful pumps of black kidskin designed to make a tailored suit look more formal.

Mrs. F. J. Smith Hostess to Dorcas Society Meeting

An all-day called meeting of the Dorcas Society was held in the home of Mrs. Frank J. Smith Thursday of last week to enable the members to bring up to date some unfinished work. One quilt was finished and 24 blocks were pieced for another. The next regular meeting will be held Thursday, October 5, in the home of Mrs. M. O. Goodpasture. The devotional at the meeting last Thursday was given by Mrs. W. E. Johnson, reading the 23rd Psalm. Mrs. M. O. Goodpasture led the group in prayer. Plate lunches were served to Mrs. A. B. Jones, Mrs. E. J. Sims, Mrs. J. W. Burks, Mrs. J. M. Baker, Mrs. H. H. Braddock, Mrs. John Barber, Mrs. D. P. Webster, Mrs. W. E. Johnson, Mrs. Rosetta Stephenson, Mrs. H. B. Brock, Mrs. L. B. McAbee, Mrs. T. R. Blades, Mrs. Frank Smith, Mrs. H. C. Crow, Mrs. Frank Smith, Mrs. Bill Hawthorn, Mrs. M. O. Goodpasture, and Mrs. Bud Rich of Los Angeles, Calif.

Lakeview W. M. S. Studies Book, 'Rebirth of Nation'

The Lakeview Women's Missionary Society met at the First Baptist Church Monday with the president, Mrs. H. W. Spear, presiding. The meeting was opened with the song, "Tell Me the Story of Jesus," which was followed by a prayer led by the secretary, Mrs. F. J. Schillingler. During the brief session, it was decided to change the time of meeting back to 2:30 o'clock in the afternoon. At the mission study program next Monday, each officer and member is to answer the roll call with a favorite scripture. Mrs. R. M. Holt taught from the book, "The Rebirth of a Nation," which will be the study course for each fourth Monday. Attending were Mesdames R. G. Brister, Cartie Dunn, R. M. Holt, S. J. Melton, A. R. Mitchell, O. L. Phillips, Ethel Reeves, F. J. Schillingler, and H. W. Spear.

Birthday Party Given for Sammy Joe Sargent

A birthday party honoring Sammy Joe Sargent was given this week by his parents, Mr. and Mrs. V. A. Thompson. Cake and "pop" were served to Bobby Jean Ivey, Jimmy Ivey, Lila Cagle, Lois Early, Steven Cagle, Earl Cagle, Nora Ouida Early, Josephine Masingale, Je Vivian Daniels, Wilma Dean Hoffpauir, Bobby Thompson, Mrs. Luther Ivey, Mrs. R. D. Thompson and baby, and the honoree, Sammy Joe Sargent.

H. B. Gilmore of Memphis, N. A. Payne of the Eli community, R. C. Ellis of Lakeview, and Barney Johnson of Hedley attended a Phillips 66 sales meeting in Amarillo Thursday night. The occasion was in celebration of the birthday anniversary of the founder of the organization, Frank Phillips of Amarillo.

Philathea Sunday School Class Has 7th Birthday Party; Installs Officers

The basement of the First Baptist Church was decorated with various colored stars hanging from the ceiling and painted on the place cards Tuesday night, September 12, when the Philathea Sunday school class held its annual birthday party, celebrating the seventh birthday anniversary of the class. Bowls of cut flowers and fern decorated the banquet table and a huge star was used as part of the installation of the officers. The decorating committee was composed of Mrs. C. L. Simmons, Mrs. Mack Graham, and Mrs. Bill Johnson.

Mrs. Earl Pritchett, class president, had charge of the following program: Invocation by entire class, followed by a story by Mrs. J. Wm. Mason. Mrs. W. C. Anderson, assistant teacher of the class, discussed "How to Build a Class." The class history was given by Mrs. Glen Carlos.

Mrs. Freeman Curtis played the piano at intervals during the program. Mrs. C. L. Simmons had charge of the installation of the officers. Mrs. A. J. Joyce was installed as teacher, Mrs. Glen Carlos as president, Mrs. F. R. Curtis as first vice president, Mrs. J. P. Godfrey as second vice president, Mrs. Mack Graham as third vice president, Mrs. J. M. Long as fourth vice president, Mrs. Earl Pritchett as secretary and treasurer, Mrs. Charlie Stewart as assistant secretary, and Mrs. O. N. Hamilton as reporter.

Group captains installed were Mrs. Robert Lester, Mrs. Clarence Vickers, Mrs. Bill Johnson, and Mrs. J. M. Ferrel. The class song, "Somebody Did a Golden Deed," was sung. Mrs. A. J. Joyce then gave a talk, and presented Mrs. Earl Pritchett, outgoing president, with a gift. The closing prayer was offered by Mrs. J. Wm. Mason.

Present were Mrs. A. J. Joyce, Mrs. Glen Carlos, Mrs. Earl Pritchett, Mrs. C. L. Simmons, Mrs. J. M. Ferrel, Miss Ruby Thornton, Mrs. A. E. Osborn, Mrs.

Robert Lester, Mrs. C. R. Sargent, Mrs. Mae Cochran, Mrs. Bill Johnson, Mrs. Mack Graham, Mrs. Nat Bradley, Mrs. Forrest McCrary, Mrs. Otho Fitzjarrald, Mrs. Jack Boone, Mrs. J. Wm. Mason, Mrs. W. C. Anderson, Mrs. Grover Roden, Mrs. W. E. Clark, Mrs. E. S. Foust, Mrs. Clarence Vickers, Mrs. J. M. Long, Mrs. Ben Johnson, Mrs. F. R. Curtis, Mrs. Lynn Jones, Mrs. W. R. Ward, Mrs. J. P. Godfrey, and Mrs. Owen Pyeatt.

Executive P-T. A. Board Meets at Morgensen Home

The executive board members of the senior Parent-Teacher Association met last Thursday afternoon in the home of the president, Mrs. D. J. Morgensen. Mrs. Allie D. Weaver was elected publicity chairman, and Mrs. L. M. Hicks was named parliamentary. Mrs. Roy Fultz and Mrs. Alvis Gerlach were named as council delegates. The group decided to have a membership drive. Mrs. Fultz, chairman of the membership committee, suggested that two teams be organized to promote the drive, and the team most successful be entertained by the losing team.

Discussion was also held concerning the cooking school to be held in Memphis October 10 and 11, and sponsored by the P-T. A. Every member was urged to attend the school. Following the business session, refreshments were served to W. C. Davis, Mrs. D. L. C. Kinard, Mrs. Roy Fultz, Mrs. Theodore Swift, Mrs. H. B. Gilmore, Mrs. A. J. Joyce, Mrs. J. H. Smith, and Mrs. Allie D. Weaver.

Mr. and Mrs. Orville Goodpasture, J. C. Reeves, Charles Lacy, Mildred Cooley, and Helen Boswell attended the Tri State Fair in Amarillo Wednesday night of last week.

Sodolitan Class Installs Officers At Lindsey Home

The Sodolitan Class of the First Baptist Church held its regular monthly meeting this week in the home of Mrs. H. H. Lindsey, with Mrs. Theodore Swift as co-hostess. After Mrs. William Hood, president, had opened the business session, the devotional was given by Mrs. A. J. Joyce. Mrs. D. A. Grundy then led the group in prayer.

Following a piano solo by Mrs. L. G. Rasco, Mrs. Emma Baskerville conducted the installation of officers. New officers are as follows: president, Mrs. O. N. Hamilton; first vice president, Mrs. A. W. Howard; second vice president, Mrs. W. J. Bragg; third vice president, Mrs. Lee Rushing; fourth vice president, Mrs. Alfred Hutcherson; secretary, Mrs. W. C. Davis; assistant secretary, Mrs. Allie D. Weaver; treasurer, Mrs. E. T. Prater; teacher, Mrs. D. A. Grundy; and assistant teacher, Mrs. T. M. Harrison.

Salad lunches were served to Mrs. W. C. Davis, Mrs. J. S. McMurry, Mrs. J. Wm. Mason, Mrs. R. C. Householder, Mrs. D. L. C. Kinard, Mrs. S. B. Foxhall, Mrs. Henry Scott, Mrs. F. J. Smith, Mrs. Alfred Hutcherson, Mrs. C. L. Mixon, Mrs. L. O. Dennis, Mrs. Bud Godfrey, Mrs. George Cullin, Mrs. William Hood. Mrs. J. C. Webster, Mrs. H. A. Smith, Mrs. A. J. Joyce, Mrs. H. T. Gregory, Mrs. D. A. Grundy, Mrs. O. N. Hamilton, Mrs. L. G. Rasco, Mary Bownds, Mrs. W. J. Bragg, Mrs. Emma Baskerville, and Mrs. Jean Lamb.

Plaska Club Has All-Day Meeting In Murdock Home

An all-day meeting of the Plaska Needle Club was held last week in the home of Mrs. Olan Murdock. The afternoon was spent in visiting and needle work. Present were Mrs. L. A. Bray, Mrs. Olan Murdock, Mrs. Sal Smith, Mrs. Jerry Foster, Eula Bell Hall, Ruby Murdock, Mrs. C. H. Riddle, Mrs. E. T. Montgomery, Mrs. Viola Hodges, Mrs. W. T. Davis, Mrs. Dutch Davis, Mrs. W. L. Nabers, Mrs. C. W. Jones, Mrs. K. S. Harrell, and Mrs. John Murdock. The club will meet Tuesday, September 26, with Mrs. W. L. Nabers in an all-day meeting.

Cradle Roll Of Baptist Church Has Picnic

The teachers and the Cradle Roll of the First Baptist Church had a picnic at the home of Mrs. H. H. Lindsey, with Mrs. Theodore Swift as co-hostess. After about 2 hours refreshments were served to Charles Pullen, Mrs. Jones, Mrs. H. C. F. S. Strickland, Mrs. J. S. Isaac Hancock, Mrs. Smith, Paul Hancock, Mrs. Jimmie Dew, Mrs. Betty Don Pullen, Mrs. John, Donnie Lee Jones, Mrs. Mary Lee Reynolds, Jackie Reynolds, Jack Reynolds. Guests from parents were Nadine Katherine Phillips, Goodnight, Wilma Charlene Crow.

Miss Kate Crabb underwent a tonsillectomy in a Memphis hospital last week.

V. D. Howard and family visited his mother, Mrs. Martha Howard, at Indian Creek Sunday.

Mrs. Elmer Watson was called to Iowa Park last Wednesday to be at the bedside of her father, who is seriously ill.

City Park Gets Keeper's House; Well Being Dug

Water Struck at 15 Feet; Ample Supply for Needs of Park Is Expected

Progress on the work at the City Park, started last Thursday, is going ahead at full speed.

Already a house for the keeper, donated by Hall County, has been moved to the park grounds, and set at the place where it is to be permanently located. The house which contains two rooms, will be rock-veneered in the future and remodeled before the keeper moves in.

Digging on the well for the park is nearing completion. Water was struck at a depth of about 12 feet, and it was expected that an ample supply would be obtainable from the well when completed.

An old well curbing, about eight feet in diameter, is being sunk as the well is dug, thus providing a casing for the bottom part of the well. Dirt from the well will be used in leveling the low places on the grounds.

Work on the project is being done by Hall County NYA boys, about 40 in number. Each boy works a maximum of 62 hours per month.

General improvement on the park property, other than the well and the keeper's house, will start in a few days. Picnic tables are to be repaired, and the dead tree limbs cleared from the grounds. Earl Gilchrist is supervisor of the work.

Cargill Attends Presbytery Meet

Rev. E. C. Cargill, pastor of the Presbyterian Church, attended the fall meeting of the Presbytery of Amarillo at Littlefield last Thursday.

As chairman of the foreign missions committee, Rev. Cargill made a report from this group.

The Presbytery elected Rev. Alfred M. Dorsett of Canyon as moderator and a member of the general council. The group also discussed a change in the pension plan from an automatic service pension to a retirement plan.

The First Presbyterian Church at Slaton was selected as the place for the spring meeting.

PLASKA

By MRS. FLOYD DAVIS

Mr. and Mrs. Buck Owens and children went to Amarillo Saturday on business. While there they attended the Tri-State Fair.

C. W. Jones Jr. arrived home Friday night from Modesto, Calif., for an extended visit with his parents, Mr. and Mrs. C. W. Jones.

Guests in the home of Mr. and Mrs. K. D. Nabers Sunday were Mr. and Mrs. Alvin Molloy and son of the Pleasant Valley community, Luther Nabers, and Mrs. Tom Davis and son Jackie.

Mr. and Mrs. Walter Jones and son, and Claudine Nix of El

spent Sunday in the home of Mr. and Mrs. Austin Grant.

Mr. and Mrs. Jim Oliver and daughter Agnes of the Oxbow community visited in the homes of Mr. and Mrs. Guy Oliver and Mr. and Mrs. Louis Wells Sunday.

WEST WARD — JUNIOR HIGH AND HIGH SCHOOL ACTIVITIES

REPORTS ON ACADEMIC, ATHLETIC AND EXTRA-CURRICULA ENDEAVORS

District Meeting Of FFA Chapters Held Here Friday

President of District Will Be Elected from Memphis Club; Ryan Presides

The district meeting of FFA chapters was held Friday evening at the high school building. Area Supervisor A. T. Ryan of Texas Technological College, Lubbock, presided.

The Memphis district is composed of Memphis, Estelline, Lakeview, Quitaque, Clarendon, and Turkey chapters. A drawing was held to select clubs to supply district FFA officers. The president will be elected from the Memphis chapter, vice president from Turkey, secretary from Lakeview, treasurer from Quitaque, reporter from Estelline, and watch dog from Clarendon.

John Gillham of Clarendon was elected district chairman, and Burnett Phillips of Turkey was named secretary.

A discussion of chapter score cards and certificates of merits was held. Present were Ryan, Ray Dunlap from Lakeview, Ronald Davis of Wellington, E. A. Pick of Samnorwood, Raymond King of Quitaque, Burnett Phillips of Turkey, Cagle Teague of Childress, Walter Labay of Estelline, and Gene Barnett of Memphis.

Class Organizes Government Unit

Concurring with the present special session of the United States Congress, the government classes of Memphis High School are organizing themselves into a House of Representatives and Senate. Their purpose is to stimulate student participation in familiarizing themselves with actual working problems in governmental affairs of the present day in the world.

Officials of the government are to be chosen this week; namely, a Speaker of the House, a Vice President, and a President of the United States. The President's message to the opening session will follow closely that as presented to the National Congress by President Roosevelt last Thursday. Problems such as neutrality, sale of war materials and other current issues facing the Congress of today are to be discussed.

ADDITIONAL SCHOOL NEWS ON PAGE 9

Cat Liked Food, But Out He Went

The cat that never came back made his appearance in school the other day trying to enroll in one of the foods classes. The cat was christened Tom because he looked like his name should be Tom.

Tom came to school bright and early Monday morning. After he had roamed the building over he decided the foods laboratory was the place for him and into it he went.

No amount of coaxing or teasing could force Tom from the lab for more than a few minutes at a time. With the combined efforts of four teachers and fifteen students he was carried bodily out the front door. What became of Tom? No one knows for he never came back.

Biology Classes Study Insects

The biology classes are studying a unit of insects and plant-life found in and around Memphis. The life cycles, characteristics, and economic importance of various insects are being studied.

As a class project some of the hand-made drawings and sketches from this unit will be placed on glass slides to be used in the slide lantern in class study. A collection of these slides will be filed with the laboratory equipment for future use.

Stenography Course Undergoes Change

The course in stenography offered by the Commercial Department has undergone several changes this year. The old manual has been abandoned and replaced by a newer text, The Fundamental Method, prepared by Robert Leslie, and based on the experiences and findings of successful commercial teachers.

The Fundamental Method is used in most progressive high schools and ranks superior in comparison with most textbooks along this line.

GETS FIRST AID CERTIFICATE

Robert Devin, science teacher, received a Red Cross First Aid Certificate this week offered by the Physical Education Department of the University of Texas. Dr. R. M. Muirhead of Kansas City conducted the class and gave the examination. Mr. Devin attended the University this summer.

Cyclone "B" Team Loses to Claude Friday Afternoon

Young Gridders Absorb 75-6 Pounding in First Game of Season Against Mustangs

Friday afternoon, September 22, the Memphis High School "B" squad was defeated by the strong Claude High School eleven 75-6. The Clarendon Broncs defeated Claude the week before 13-0. Claude outweighed the "B" team 30 pounds to the man.

All the players making the trip saw action and learned much from the experience. All the boys have the stuff to make real Cyclone members in another year. This squad, coached by Mr. Devin and A. G. Kesterson, will play several games this fall.

The boys making the trip were: Jimmie Bidwell, James Chapel, Louie Grimes, Laverne Roach, W. N. Butler, H. B. Gilmore, Grady Smith, Harold Purvis, Gene Robertson, Burl Jeffries, Roy Brock, Glenn Stillwell, Hubert Jones, Calvin Kerstern, Wayne Lourey, William Clark, Toots Lester, Lloyd Vandeventer, Leo Hendrickson, John Ivy, Cecil Evans, Noel Bruce, Merle Padgett, Herbert Orand, and Joe Elmer Edwards.

Home-makers Elect Officers for Year

The Memphis Homemakers of Texas met and elected the following officers for the year:

Owen Gilmore, president; Ellen Edwards, vice president; Jean Denny, secretary; Betty Johnson, treasurer; Anita Meacham, reporter.

Regular programs will be worked out for the year. Meetings will be held once a month in the Homemaking Department. Different committees will be appointed by the president this week.

Physical Education Required by School

Physical Education is being offered to the boys of high school in the freshman, sophomore, and junior classes as a compulsory course. The purpose of the course is to make the student sound physically.

The class takes part wholeheartedly in such games as German bathball, midnight, wheelbarrow relay, basketball, dodgeball, wrestling, shinny, hockey, volleyball and shuttle racing. All of these games lead to better health.

SIDE GLANCES By The Principal

In the face of world disturbance and unrest, the American people must stay above the grasp of the horrible spirit of war. Even though the future at times appears to be empty, it holds more responsibility for the American people than it has in any past age.

We Americans must realize our responsibility toward the saving of civilization. War will but destroy civilization, and it is for that great purpose that we should think and act in such a way as to keep this country out of the overseas conflict.

Americans are patriotic and will do their part, even more than their part when time comes to go to war, but may we hope and support the efforts of our government to keep us out of war short of invasion of American soil.

Noah Cunningham.

Election of Queen For Band Starts

The election of a queen for the Black and Gold Band is in progress this week. Each class has a candidate for this honor and will buy votes to elect the student of that class to reign throughout the year at the various occasions when the band performs.

The contest closes October 3, with a box supper to be held in the auditorium. The money received from the contest will be used to help pay for the uniforms ordered for the band.

Home Ec Scrapbook On Exhibition

The Home Economics girls placed in the high school exhibit case last week scrap-books on personal grooming. The books have been completed since the beginning of school, showing the art of personal grooming and how one can be well groomed.

The girls whose books are on exhibition are Gwendolyn Coursey, Ida Mae Robertson, La Verne Archer, Dorothy Barker, Jane Hicks, and Juanille Evans.

STUDENTS STUDY SAFETY RULES

The students in West Ward School are studying safety rules to lessen and prevent accidents on the playground and in the streets. Special study is being given to meet the many safety problems of every day life such as their routes to and from school, procedures within the building

Program of Music Appreciation By Madrigal Club

Recordings of Classical Selections Will Be Used In Regular Class Work

The Madrigal Club of Memphis High School has started a program of music appreciation. This phase of the work will be included in the regular schedule for the year.

The first group of records includes two piano selections, Liszt's "Liebestraum" played by Olga Samaroff and Chopin's "Waltz in C-Sharp Minor" played by Ignace Jan Paderewski.

Two violin solos, "Love's Joy" and "Love's Sorrow" written and played by Fritz Kreisler, world's great artist, conclude the group of solo work.

Orchestra numbers include the following pieces: Ravel's "Bolero" played by the Grand Symphony Orchestra directed by Paul Minssart, Tschaiakowsky's "Danse Arabe," "Danse Chinoise," and "Danse of the Flutes" from the famous "Nutcracker Suite" are played by the Philadelphia Symphony Orchestra under the direction of Leopold Stokowski. The same orchestra under the same director plays Mendelssohn's "Scherzo" from the music of "Midsummer Night's Dream," Strauss' "Tales from the Vienna Woods," and the well-beloved "Blue Danube" from the pen of the same waltz king are also included in the group.

Educational records illustrating, in solo form, the harp, violin, viola, violoncelle, contra bass, piccolo, flute, oboe, English horn, clarinet, bassoon, French horn, trumpet, trombone, tuba tympani, side drum, marimba, castanets, orchestra bells, xylophone, gong, and the celesta, enable the student to hear such instrument. Through study they will be able to hear the orchestra as a unit or be able to recognize certain instruments used to produce given effects in different symphonies.

New Uniforms for Drum and Bugle Corps Ordered

Girls Pep Unit to March in New Garb Next Week; Instruments Are Ordered

Uniforms for the Drum and Bugle Corps, and for members of the Black and Gold Band not having suits, have been ordered and will be here in a few weeks. The drums and bugles for the girls are expected to be here next week.

The brass and reed group has made a number of improvements in the band house the past week. Shelves for the instruments and lockboards for the use of class discussion have been placed in the building by the boys.

The drums and bugles will be here next week and the girls will begin marching. The girls in the Drum and Bugle Corps are: Dorothy Lester, Norene Morrison, Jacque Basham, Wanda Monzingo, Billie Faye Brown, Juanita Bidwell, Louise Brewer, Wyona Caudle, Mary Jo Melear, Betty Jo Mitchell, Billie Duncan, Betty Fultz, Billy Jo Prater, Rebecca Dull, Billy Frances Montgomery, Lilly Lofland, Dalton Hendrickson, and Geraldine Frances. The drum majors are Jane Tarver, Gwendolyn Coursey, and Margaret Russell.

Memphis FHT Girls Attend Meeting at Quail Saturday

Area Meeting Is Scheduled At Quail School; 800 Girls Expected to Attend Session

Seventy schools in 32 Texas Panhandle counties will be represented at an Area 1 meeting of the FHT at Quail next Saturday, September 30. Approximately 800 girls are expected to attend.

The program is to be a "Play Program." After the business meeting in the morning, the girls will play games in the gymnasium. The Wellington Chapter of FHT has charge of the program. Memphis will contribute to the program by demonstrating a group of games suitable for high school girl clubs.

The Homemaking members who will attend from Memphis are: Ellen Edwards, Billy Hood, Dalton Hendrickson, Betty Johnson, Anita Meacham, Elwanda Jones, Edna Dewlin, Mary Jo Lamb, Nancy Lee Rice, Betty Callahan, Mary Elizabeth Bryan, Jean Denny, Wanda Posey, Betty Sue Lindsey, Gwen Coursey, Ernestine Smith, Jane Hicks, Gloria Scott, Ouida Orr, Charlene McBride, Owen Gilmore, and Nina Ruth Nelson.

NEWLIN
FRED HEMPHILL

some 27 students made the trip in cars and pick-ups. With the early dawn, the youngsters were ready for the trip. Extra side-boards were put on pick-ups to prevent loss of any of the children. After a very enjoyable day spent inspecting every item of interest, they returned, with sun-burned faces, tired feet, and empty purses.

Mother's Club

Newlin Mother's Club met at the home of Mrs. C. A. Powell Thursday afternoon. Roll call was answered by 14 members and two visitors. After the business session, at which time it was voted to change the meeting time back to the first Thursday of each month, the members spent the afternoon in quilting. One gift was auctioned. Lovely refreshments of ice cream and cake were served. The club will meet in October with Mrs. Will Jarrell.

Misses Elliott to College

Each week there are new names to add to the "Back to College" list. This time it is the daughters of Mr. and Mrs. A. A. Elliott, who left last week to attend colleges at Denton. Miss Eloise will enter NTSC for her senior year, and Miss Berniece will enter TSCW, where she won a scholarship as a freshman.

Mrs. Arrington and daughter Berniece of Jacksonville are visiting her parents, Mr. and Mrs. Cap Orcutt, this week.

Mr. and Mrs. Wade and children of Hedley spent Sunday with her parents, Rev. and Mrs. L. J. Crawford.

Mr. and Mrs. Greenroyd of Salisbury and their twin children spent Sunday with Mrs. Greenroyd's grandparents, Mr. and Mrs. Lee Bennett.

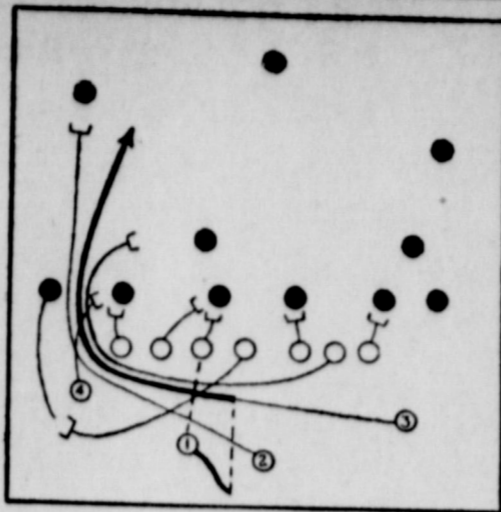

Mrs. Jim Wolf of Farmersville spent part of Saturday visiting her uncle, J. O. Hemphill.

Mr. and Mrs. Grover Roden and son Billy of Memphis visited Mrs. Roden's parents, Mr. and Mrs. A. O. Phillips, Friday.

Little Glenda Ellis is sick this week.

TOUCH-DOWN TACTICS

TEXAS CHRISTIAN UNIVERSITY . . . by Leo R. Meyer Head Football Coach

This is the first of a series of six outstanding diagram plays by leading college coaches from Grantland Rice's new Cities Service Football Guide.

The play diagrammed above was used in our Sugar Bowl game against Carnegie Tech. Tech knew our most vulnerable spot, so they had their ends rushing hard on all forward pass plays.

In this unbalanced formation to the right the left tackle is shifted. The ball is passed to the No. 1 back who takes about two steps back and tosses a shovel pass to No. 3 back. The No. 3 back follows the right tackle and the No. 2 back, who lead the play. No. 4 back and the left

end block in the opposing right tackle. The right guard draws out of line and blocks the opposing right end out of the play. The other blocking assignments are clearly shown.

I recommend the use of this play only after you have used a number of passes and when the opposing ends are charging hard and fast. Its success depends entirely on the play of the opposing ends and their best can be determined after the game has been in progress for some time.

Rotarians Hear Musical Program

Rotarians were entertained at Tuesday's luncheon with a musical program furnished by Miss Mary Helen Hardin, the Glee Club, and Robert Williams.

was followed by Robert Williams who played a difficult piano number. Miss Hardin sang two solos, accompanied on the piano by Mrs. R. H. Williams.

Rayburn Jones is the Rotary pianist, taking the place of Mary Helen Lindsey who served as pianist for some two years, and is now attending college at Canyon.

The Glee Club, directed by Miss Hardin, sang two songs. This

A Reporter Goes to Church

The First Methodist Church at Turkey is one of several churches in this part of the country which has a building started but not completed. The bottom part of the building has been finished, but the second story, or the one above the basement is yet to be built.

There is ample room, however, in the basement for services at the church. Sunday school classes meet in the basement and curtains are drawn together to divide the space into rooms. When Sunday school is over, the curtains are drawn back, and church services begin.

Many of the people who attend Sunday school sit in the same seats during both Sunday school and church, since it apparently is cooler nearer the sides of the building, along which the S. S. classes meet.

Rev. A. V. Hendricks, a stockily-built, middle-aged, and friendly man, does not always allow the audience to remain in their S. S. seats. For example last Sunday, he asked those sitting at the sides of the basement auditorium to move nearer the center—in order, he explained, that his eyes "might not be diverged."

Rev. Hendricks preached last Sunday on the rejection of Christ and despitefulness shown the savior by the people of his time. The pastor is one of the preachers of the old school. He preaches from the Bible, about the Bible, about Biblical time—with a lim-

ited number of present-day illustrations for examples to his points. Rev. Hendricks has that quality of speech which enables him to emphasize his points by lowering, or raising his voice.

All in all, the audience was unusually attentive to Rev. Hendricks' sermon. Of course, there was a small baby present who insisted on crying occasionally, but by the time Rev. Hendricks had started his sermon, the baby had gone to sleep. Strangely enough, one distracting element at the services was an old man. From where the reporter sat, he could not tell whether the elderly gentleman was reading from a song book, or just holding his head down while dozing. Anyway, he did not appear to be listening.

There was one thing particularly noticeable to the reporter. For years he has heard the Apostle's Creed repeated and for years, one part of it has been recited thus: "I believe in . . . the Holy Catholic Church." But Rev. Hendricks repeated it in a slightly different manner: "I believe in . . . the Church of God." It was later explained to the reporter that the change was made when the North and South Methodist churches were united. Do you know?

Because Turkey is a small town does not mean that the women—and men, too—do not know how to dress. Women were decked out in gay fall colors, and dull fall colors, with black predominating. The men were well-dressed, too. Some of the men were coatless for comfort, but the most of them wore their coats—regardless of comfort.

When church was over those attending did not hurry away. They

Mother of Former Pastor Here Dies

Mrs. Sarah Novella Carter, wife of Rev. H. W. Carter of Happy and mother of Rev. Orion Carter who now lives in Childress but who was formerly the Methodist pastor here, died at Canyon last Sunday. Funeral rites were held at the First Methodist Church in Happy Monday afternoon.

Rev. R. R. Gilbreath, pastor, conducted the rites, and was assisted by Rev. W. C. House and Rev. E. E. White of Plainview.

Mrs. Carter had been a resident of Happy for more than 15 years. Her husband is a retired Methodist minister.

Other survivors include two sons, Rev. Orion W. Carter, now of Childress, and James F. Carter of New Home, and one brother, J. M. Bickley of Clovis.

RESIDENT'S BROTHER DIES

Funeral services were held Wednesday at Roscoe for Will Honey, brother of Mrs. L. M. Thompson of Memphis.

Mr. Honey died Tuesday. Mrs. Thompson attended the funeral at Roscoe Wednesday.

stood outside the door and talked—maybe about the services, maybe about how glad they were to see so-and-so, maybe about the crops. Church for them is a place to visit and greet friends, as well as to worship. That is well.

voluntary contributions are wanted. It's up to you.

"Keep America out of war" is the slogan of millions of Americans. If people and business will stay on this side of the Atlantic and attend to their own knitting at home, there will be little need for getting all worked up for a fight.

A youth, 20 years old, at a filling station was asked if he wanted to go to war. His reply was, "No, I ain't mad at nobody. Yet he and millions like him would be the first called to sacrifice life and liberty, if America doesn't use judgment and due precaution.

The City Park board has been doing some splendid work lately in getting work started at the park. A fine water well has practically been completed, and it is believed an abundance of water of fine quality will be developed. A two-room house has been moved to the park to be used as a keeper's house and storage purposes. This house will be veneered with slabs cut from logs which may be obtained by going to the saw mill after them. Fine building stone has been

located in Childress County that will be used in erecting picnic units in the park. After the necessary units have been erected the board plans to divide the park into sections and allot them to various organizations for beautification and upkeep. Also, trees will be set out during the winter at all places where they are needed. The NYA boys, under the direction of Earl Gilchres and members of the board, will accomplish much at the park within the next few months.

Cyclone Gridders—

(Continued from Page 1)

and Bobby Robertson at ends. Lois Kerr and L. E. Jenkins at tackles, and Boyce Bruce and James Fultz at guards.

The entire forward wall showed up well against the Mobeetic Hornets in the season's opener here, and the hard defensive play of the Kerr-Jenkins-Fultz-Bruce quartet was a major factor in holding the Hornet ground attack in check.

Plenty of reserve strength will be available to reach position with Joe Edwards and J. W. Harrison on tap for the wing positions; Floyd Melton, Noel Bruce, and Cecil Evans ready to go at tackle; and Jimmy Bidwell a capable replacement for the guards.

Probable starters in the Cyclone backfield will be Earl Foster at Quarter, Captain Joe Crump and Ted George at the half-back posts, and L. A. Lester at full-back. Co-captain J. C. McClure, halfback L. F. Jones, and fullback Orville Jones will relieve the starters.

Captains Crump and McClure will probably be on the sending end of the Cyclone aerial attack, though big Ted George, a newcomer to the Cyclone ranks, has been displaying a fair pitching arm and may be a threat in this division as well.

Indications from the rival camp are that Paducah may also display some aerial fireworks if their ground game bogs down against the Cyclone forward wall. Probable starters for the Dragons will be Garrison and Thompson ends; Cranford and Haymes tackles; Handley and Sublett guards; Lee, center; Mobley quarter; Foster and Whitney, halfbacks; and Stamps, fullback.

The teams will be evenly matched in weight, the lines striking an average at about 160 pounds with a slightly lighter backfield. The game will begin at 8 o'clock Friday night on the Paducah field.

NAZARENE CHURCH
The revival meeting here is making much progress as it continues through its second week. Record crowds are attending the services with Rev. Leo L. Lawrence in charge. Twenty-two people have received definite help from the Lord and have publicly testified to same. Nine united with the church Tuesday night. We give a special invitation to the general public to enjoy these services with us.
Rev. O. B. Hoffpauir, Pastor.

Food That It Saves Will Pay For an Electric Refrigerator

There's more enjoyment in "raiding" an electric refrigerator.

By IRA MILLER
Rural Electrification Bureau

ACTUALLY a year-round necessity on the farm, it is during the hot days of summer and fall that an electric refrigerator is most appreciated and most valuable. For, in addition to its convenience and freedom from labor, attention and unnecessary steps, it contributes in a very marked degree to the health and economic well-being of the entire family.

Not only does the electric refrigerator minimize the growth of destructive and harmful bacteria but also it will keep foods in prime condition for weeks. Thus, there is no danger or loss from spoilage—as a matter of fact, such a refrigerator is so efficient in preserving foodstuffs that it quickly pays for itself many times over in saving food that otherwise

would often be lost or wasted. In addition to those already enumerated, other advantages of the electric refrigerator over older methods and devices for keeping perishable foods include: Dependability; ease of cleaning; temperature constantly, automatically and silently maintained in the safety zone—35 to 50 degrees—regardless of outside temperature; temperature readily adjustable through a simple dial; and an operating cost usually much lower than that of any other method of artificial refrigeration.

Although the amount of power required by an electric refrigerator depends upon several factors, some of which can be controlled by the user, it ordinarily will consume from 20 to 40 kilowatt-hours per month. At the five-cent rate, this represents a cost of 34 to 64 cents per day, the average probably being less than 3 cents.

WPA Approves—

(Continued from page 1)

Donley counties appeared before the State Highway Commission September 1 in the interest of the highway. Brady P. Gentry, chairman of the commission, said at that time the department was hard pressed for funds, and asked the indulgence of the counties involved if work on the project was delayed.

Approval of the WPA project indicates that some work will probably be done on the highway, Judge Goodpasture said. Seventy-four workers will be employed on the entire WPA project.

Notification was received by Judge Goodpasture September 1 of the designation by President Roosevelt of a total of \$82,926 in WPA funds to be used in a county-wide road project, the funds to be used in improving and reconstructing roads throughout Hall County.

The allotment approved Wednesday of \$32,739 in federal funds is more than a third of the total allotment, Judge Goodpasture pointed out, and for this reason he is not positive of the amount to be spent on the gap in Highway 18.

Other counties which had projects approved include Bexar, Bowie, Dallas, Ellis, Falls, Fannin, Guadalupe, Harris, Kaufman, Llano, Nacogdoches, Throckmorton, and Titus.

Memphis will take advantage of this opportunity to obtain menu ideas and information on the most recent methods of scientific cookery.

The latest model ranges and a streamlined 1939 refrigerator will be demonstrated at the school by Miss Livermore. She will point out the ways in which they can be used to save time, fuel, and food. Among the specific types of cooking to be carried on will be "waterless" cooking of vegetables, broiling, baking, and various kinds of top-of-stove cooking.

"The importance of kitchens keeping apace with modern living conditions cannot be stressed enough," Miss Livermore has said. "A woman spends more than half of her daily hours in the kitchen. In addition, surveys show that the average housewife walks nearly 2,000 miles a year in preparing meals for her family."

Dr. and Mrs. L. B. Cooper and daughter Dellabeth of Lubbock visited Mr. and Mrs. Glynn Thompson in Memphis Sunday.

 SPECIALS

MEMPHIS CHURCH
 Democrat is very
 nice in affording
 announcements
 to get a good "set
 for the public account
 meetings. All of which
 we appreciate.
 We are sure you will con-
 sider a word in your paper

concerning the "Evangelistic"
 meetings beginning the 22nd of
 October.
 Last Sunday was a good day
 for us, both morning and evening,
 and we shall look forward to next
 Sunday as it is "World Commun-
 ion Day" for all Christians in
 most all churches everywhere.
 If you should happen to see
 any Presbyterian members this
 week, will you kindly tell them
 how happy we will be to have
 them in service next Sunday
 morning and evening; and other
 good friends who may attend.
 E. C. Cargill, Pastor.

Mr. and Mrs. Geo. M. Thomp-
 son Sr., and Martha Thompson
 attended the Tri-State Fair in
 Amarillo Wednesday night of last
 week.

**Record Crowds
 Attend Revival at
 Nazarene Church**

**22 Conversions Made;
 Nine Join Church During
 First 10 Days of Meeting**

Record crowds are attending
 the services of the revival meet-
 ing at the Church of the Nazarene
 being conducted by Rev. Leo, L.
 Lawrence of Wellington. The
 meeting is in its second week, and
 will end next Sunday night, Sep-
 tember 30.

Twenty-two people have been
 converted and have publicly testi-
 fied to their conversion, Rev. O.
 B. Hoffpauir, pastor, said Wed-
 nesday. Nine additions have been
 made to the church since the
 meeting started, and several
 more are expected before the
 services close.

"Interest throughout the meet-
 ing has been good," Rev. Hoff-
 pauir said, "and has been increas-
 ing each night."

Some of the subjects to be dis-
 cussed during the remainder of
 the meeting are as follows: "Is
 the World Growing Better, or to
 Whom Shall We Look for De-
 liverance?" "The Uncomfortable
 Bed," and "Walking With God."

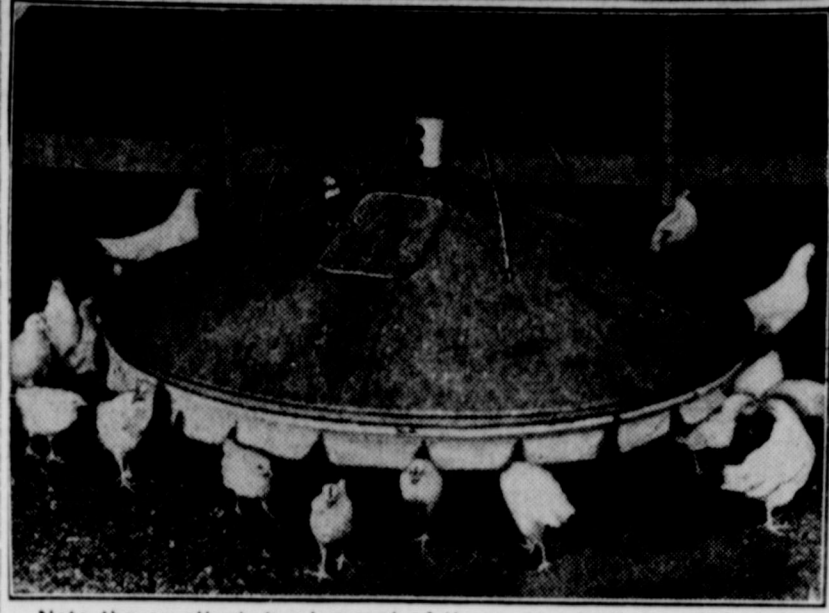

Two services are held daily
 one from 10 to 11 o'clock in the
 morning, and one beginning at
 7:45 o'clock at night. Rev. Law-
 rence has charge of each service.

**5 Attend P-TA
 Meet at Amarillo**

Five Memphians attended the
 fall board meeting of the eighth
 district of the Congress of Par-
 ents and Teachers at Amarillo
 Saturday.

Those attending were Superin-
 tendent W. C. Davis, Mrs. D. L.
 C. Kinard, Mrs. W. D. McCool,
 Vera Tops Gilreath, and Mrs. H.
 B. Gilmore. Preliminary plans for
 the district conference meeting to
 be held in Memphis in April were
 discussed. Another board meet-
 ing will be held in January to
 complete these plans.

**Electric Brooding of Chicks
 Offers Numerous Advantages**

Note the excellent development of these electrically-brooded birds.

By IRA MILLER
 Rural Electrification Bureau

WHETHER he hatches his own
 chicks—electrically or otherwise
 —or buys them from a commercial
 hatchery, the general farmer as well
 as the poultryman must keep them in
 some type of brooder for an average
 of six to eight weeks. And, if current
 is available, none is quite so simple,
 safe and economical as the electric-
 ally-heated unit. In fact, electricity,
 with a properly designed brooder, has
 more advantages and yields results
 more nearly identical with Nature
 than any other method of artificial
 heating—be it coal, oil, wood, gas,
 steam or hot water.

There are many reasons why elec-
 tricity is preferable: It requires
 but little time to install and regulate
 the brooder; fire hazard is practi-
 cally eliminated; temperature of the
 brooder is automatically controlled;
 less labor and attention is necessary;
 proper humidity is maintained; mor-
 tality usually is lower, the chicks
 healthier, stronger, more quickly and
 better feathered; air is not spoiled by
 waste fumes or depletion of oxygen;
 brooder can be used in a far greater
 variety of housing arrangements; and
 the overall cost generally is less than
 that of other sources of heat.

There are two principal forms of
 electric brooders, the battery and the
 floor hover. Although arguments can
 be found both for and against each

type, the floor hover usually is pre-
 ferred for general use because of its
 more natural method, greater flexi-
 bility, lower cost and ease of adapta-
 tion to a variety of houses. In gen-
 eral, the battery type finds greatest
 favor where floor space is limited; as
 a starting brooder to be used for a
 limited period of time; or as a stor-
 age brooder for use in commercial
 hatcheries.

Depending upon the type, size and
 construction, electric brooders vary
 in price from about \$50.00 to \$90.00,
 with the average hover type selling
 for about \$40.00. In the long run, it
 generally is cheaper to purchase a
 more expensive unit as, because of its
 superior construction and insulation,
 it will last longer, have a lower oper-
 ating cost and give better results.

The amount of electricity required
 by an electric brooder depends upon
 several factors: Outside temperature;
 brooder temperature; construction of
 brooder house; type, construction and
 insulation of brooder; number of
 chicks; and management. However,
 the power used in a six-weeks brood-
 ing period during March, April and
 May varies from 0.5 to 1.5 kw.-hr. per
 chick. At the three-cent rate, this
 gives a brooding cost of from 1.5 to
 4.5 cents per chick, with the average
 approaching the lower figure.

Full information on electric brood-
 ing can be obtained by writing your
 state college or university, or from
 the manufacturers.

Several changes have been
 made in Memphis business firms
 during the past week.

Frank's Department Store, after
 11 years of business in Mem-
 phis, closed Monday night. Frank
 Bayouth, owner of the store
 started moving his stock Wednes-
 day morning to Big Spring, where
 he will operate a dry goods store.

Moving into the building left
 vacant by Frank's will be the
 Alexander & Koss Men's Store,
 and into the building vacated by
 that store, Selby Boot and Shoe
 Service will move.

Two stores, Meacham's Phar-
 macy and Taylor Appliance Store
 remodeled their store fronts this
 week. Meacham's will add a dis-
 play window, while Taylor Ap-
 pliance Store had their two dis-
 play windows removed.

Another change in business was
 made by the Texas Theatre which
 business will begin operation next
 Sunday an every-day service. Dur-
 ing the summer months the Texas
 Theatre has run only on Friday
 and Saturday, but now will have
 both matinee and night showings
 each day of the week.

Mr. and Mrs. Ira Phelps and
 children of Corpus Christi arrived
 last week for a visit with her par-
 ents, Mr. and Mrs. G. W. Sex-
 auer. Mrs. Sexauer, who had
 been visiting them in Corpus
 Christi several weeks, returned to
 Memphis with them.

 Immediate work for man of deci-
 sion for quick action. \$3.00 a day
 while training, then good earnings,
 commissions, and monthly bonus.
 Car necessary. See Mr. Arnold,
 Memphis Hotel, any evening after
 7 p. m. 1p

PERSONALS
 Leota Wines left Sunday for
 Pampa, where she will visit for a
 few days.
 Lieut. Clay W. Smith, marine
 corps reserve, who has been as-
 sistant commander of the CCC
 camp, left last week for active
 duty with the marines. He will
 be stationed in Virginia.
 Dr. and Mrs. R. L. Vineyard of
 Amarillo visited his sister, Mrs.
 J. C. Wells, here Wednesday.
 Dr. and Mrs. J. W. Fitzjarrald
 returned last week from a visit
 with their daughter, Mrs. Clar-
 ence Stroeble, and family at Idaho
 Springs, Colo. Mrs. Stroeble and
 baby returned home with them for
 a visit here.
 Roy Bishop of Matador visited
 Mr. and Mrs. T. D. Weatherby
 Tuesday of this week.
 Mr. and Mrs. Eldon Thompson
 of Crowell visited Mr. Thomp-
 son's mother, Mrs. L. M. Thomp-
 son, Sunday.
 Mrs. George Hattenbach was an
 Amarillo visitor Wednesday of
 last week.
 Mrs. Irvin Johnsey and her par-
 ents, Mr. and Mrs. J. M. Ham-
 mond, visited in Portales, N. M.,
 last week-end.

**Headache, Bad Breath
 May Be Your Warning**
 The sea's thrilling S. O. S. means
 "Help is needed now!" And, so do
 most of those headaches, that bil-
 iousness, coated tongue, or bad
 breath which are often signs of
 constipation.
 To disregard these symptoms may
 bring on a host of other discom-
 forts from sluggish bowels: sour
 stomach, belching, loss of appetite.
 See how much better you feel the
 day after taking spicy, all vegeta-
 ble BLACK-DRAUGHT. By
 simple directions, it acts gently,
 cleanses promptly, thoroughly.
 Its principal ingredient is an in-
 testinal tonic-laxative; imparts
 tone to lazy bowel muscles. Next
 time try BLACK-DRAUGHT!

NO "BLACKOUT" IN AMERICA

BLACKOUT, WHICH HAS BECOME the watch- word of all Europe as entire cities are hidden in darkness as protection against air-raids, would be a strange term in America today. While Europe strives to bring darkness to its cities, America strides forward in a campaign to bring light even to its rural districts.

Formal opening of the Hall County Electric Co-operative project Saturday will mark another forward step in the movement to bring electricity, with all its attendant advantages, to every rural home in the United States. Hundreds of rural homes in Hall County will join hundreds of thousands of others in all parts of the nation in enjoying the benefits of one of the greatest modern miracles . . . electric power.

There has long been too wide a difference between the standards of living in urban and rural areas. The advantages of electricity, numbered among the necessities of life by the city dweller, have been denied the farmer and his family; and consequently, a penalty has been placed upon living in rural America.

By supplying electricity at low cost to outlying farms, the Rural Electrification Administration may well have found the turning point in the dangerous shift of population from rural to urban areas which was so prevalent in this nation a generation ago. By equalizing the advantages of farm and city living, the REA has given tremendous impetus to a back-to-the-farm movement which, more than any other factor, can restore America's economic balance.

Rural electrification may be a major step in the forward progress of a nation; and in the light of world events today, it takes on an even broader significance. As the "blackout" signal in Europe symbolizes a return to the dark ages of civilization, "lights on" in America is a mark of progress toward a brighter era.

There is no "blackout" in rural America.
oooOooo

FABLE OF THE SCREWDRIVER

SCREWDRIVERS ARE USEFUL in a machine shop, in the office, or in the home . . . wherever there's a gadget to be repaired or a shelf to be installed . . . but on the city street or the public highway, the Screwdriver is poison!

Sponsors of a nationally advertised motor fuel have given a new meaning to the word which that famous lexicographer, Mr. Noah Webster, has so far ignored; but the term is so applicable to that type of driver who delights in ignoring all the rules of traffic and common sense that it bids fair to become an indispensable part of the language.

Memphis has its full quota of Screwdrivers. They may be seen at almost any time of the day or night: double-parking in heavy traffic, turning corners without signalling, missing one car and scraping a fender on the next, chasing the fire trucks, and even riding bicycles. Wherever you see them, they're making a general nuisance of themselves.

It's characteristic of the species that whenever the fire siren sounds, the dyed-in-the-wool Screwdriver leaps to the wheel and rushes to the scene of the fire for a convention of the clan . . . arriving before the fire truck, if possible, and before the firemen by all means. The Screwdriver is at his best . . . or worst . . . at a fire; and even persons who are only occasionally Screwdrivers remember their calling at the first shriek of a siren.

Many young Screwdrivers begin their apprenticeship on bicycles, and take delight in riding their wheels on the streets at night without lights. In this condition, they make excellent targets for older Screwdrivers in automobiles, or even for Safedrivers who look up in horror just in time to see them darting out from the curb on a dark street.

When two Screwdrivers get together, or when a Screwdriver and a Safedriver attempt to occupy the same space on a public thoroughfare at the same time, they are known as Accidents, and often get their names listed in a column called Fatalities. They have done a great deal toward putting Texas near top of the column of statistics in something besides cotton production and size.

Look around next time you're driving in Memphis and see how many Screwdrivers you can pick out. But don't look too closely . . . you may be one yourself!

oooOooo

Nomination for the best wise-crack of the week: "I'm neutral. I don't care who kills Hitler!"

PLEASANT, BUT NOT PERMANENT

Press Paragraphs

CULLED FROM THE DEMOCRAT'S EXCHANGES

Here's Looking at You

"The Scribbler" in the Childress County News: Glass homes are being built at a rapid rate throughout the country. Now the bill collector can see if you are at home. No more faking by Mrs. Would Be Young, for when she loosens her girder strings and releases 40 pounds of extra obesity, neighbors will be watching. Mrs. W. B. Y. can be seen tossing her store bought teeth, specks, and curls on glass-topped dressing

table, and flopping into bed for a little shuteye. The glass houses look mighty fine. I want a two-roomer in frosted rose glass sand, tax-proof and bomb-proof.

How to Borrow

"Temple of Truth" in the Donley County Leader: If you have to borrow, borrow from a pessimist. He never expects to get it back anyhow.

Off to College

"The Boss" of the Odessa News Times writes in his column that his "middle" boy is going off to school. Quoting him: "The rainy season is on down there at College Station, and there is plenty of grass to be mowed. Bob has a strong back and never has ex-

hibited any particular aversion to work, so I figure that we will manage some way or another. However, if the Boss owes you anything don't expect him to pay it in the next few days, and if you owe the Boss anything, do your darndest to pay it now.

Siding with Hitler

J. S. in the Tulsa Herald: We hope there were no "other" chumps in town who spent as much as 10 minutes we utilized foolishly to listen to a small part of Herr Hitler's declamations Tuesday morning. The only time we would desert the United States and side with Germany would be when we were forced to bet money on an endurance speech

The Farm Is Still the Best Poultry-yard

By T. C. RICHARDSON, Associate Editor

Farm and Ranch
Breeder-Feeder Association

We have seen numerous spectacular inventions and high-pressure methods in every sort of farm activity, among the latest of which is the battery system of poultry production, by which a thousand pullets could be raised and kept as laying hens in a city back yard. One of our turkey-raising friends, who had made a reputation as a breeder on his farm, went into the battery system of turkey raising some years ago, and proudly invited the writer out to see his sky-scaper coops. Every ounce of feed was scientifically mixed and carried to the pullets, and the droppings and litter cleaned up and carted away, being somewhat old-fashioned in our allegiance to nature's own ways, we couldn't help wondering if cod liver oil in the feed would be as good as sunshine, and whether the investment in coops and labor wouldn't have been better spread over more acres, where a turkey could live a turkey's life.

We never did learn why our friends soon afterward disappeared from the turkey world. Perhaps we now have the answer. The Texas Experiment Station went to a great deal of trouble and expense to compare results in raising turkeys by the battery system and by the out-door, or what we like to think of as the "natural" system. They found that more of the pullets could be kept alive by the battery system, but that the weaklings, thus artificially protected in early life, were never profitable in the long run.

To turn it around another way, young turkeys raised out of doors showed greater loss by death during the first few weeks than those in the batteries. But they died before they had cost much, and those which survived by superior vitality and resistance, were the sort that made the most of their future life.

In recent years Southwestern turkey raisers have been met in the northern markets by competition from huge "turkey-factories" on the west coast. They have hurt our markets, not by cheaper production costs, but by a better finish on the birds they

send to market. Farmers who use nature's own methods and take proper sanitary precautions, supplement farm feeds with the necessary elements to balance the ration, and "pour the grain to them"—the market turkeys for the last seven or eight weeks before marketing time, need have no fear of the competition from the "turkey-factory" which has had so much publicity lately.

There was a fellow at Los Angeles years ago who developed a back-yard, battery system for hens. It was a typical promoter's set-up. The Los Angeles Chamber of Commerce gave him a spot in its weekly program as an aid to selling suburban half-acre home-sites twenty to forty miles out. A Texas group paid this promoter to come here and explain his system, and sold some suburban homesites with the idea that the hens would make the payments. The promoters made plenty of money but the enthusiastic would-be egg-producers seldom did. In the meantime the good old farm hen kept on supplying the market, year in and year out.

Now the specialized poultry farm is an admirable institution, in the hands of the right man, and under certain conditions. We have no fault to find with it. Even the highly artificial "battery system" may have its place.

The one point which should be remembered is that out-doors, on the farm, is the natural habitat of all sorts of poultry, and with ordinary care and good judgment, the farm flock will continue to be the mainstay and the most profitable form of poultry production, for either meat or eggs.

This does not mean "letting nature take its course." It only means working in cooperation with natural forces and conditions. Neither poultry raising nor any other farm enterprise will be profitable without intelligent application of known principles of sanitation, feeding, preparation for market, and selling. But the farmer and his family can beat the "factory" system if they want to.

Jesus in Infancy

The International Uniform Sunday School Lesson for October 1.

Text: Matthew 2:13-23

WE begin our study of the kingdom of Heaven with a lesson on the infancy of Jesus and the preservation of His earthly life. The Messiahship of Jesus was grounded in Old Testament prophecies. Jesus himself would have denied that He was the founder of the kingdom of God. He said that He had come to fulfill the teachings of the prophets, and He constantly represented the teaching and work of the prophets as having laid the foundation.

It is this, also, upon which we find Paul and other early Christian leaders insisting. Saints and prophets have laid the foundation of the structure of which Jesus Christ is the cornerstone and head, and the saints and prophets, as they preceded Jesus, are following Him in the same great task.

Those in power and authority are always aroused about anything that may shake their power and authority. When the wise men came from the East to seek the infant Jesus whose star they had seen, they naturally appealed to Herod, the ruler of Judea. The talk of one born who was to be in authority in Israel greatly alarmed Herod. Herod was a glamorous ruler, but he was cruel and relentless where his own interests were concerned. He did not adopt half measures but determined to do away with this king, of whom prophets and wise men spoke, by destroying all the children in

and around Bethlehem two years of age.

IT was under these circumstances that Joseph and the child and Mary returned to the land of Nazareth. It was from Nazareth that Jesus fitted home for a boy of a great hill and near enough to lanes of trade for the teeming world of industry, and toil. We shall study this of God for which we find in the words that Jesus said: "Thy kingdom come." The coming of the kingdom of God is not an earthly thing confined to the earth as it is in the doing of the will of God. It is external in its nature. It has to do with actions among men. Thus, the kingdom of God is social as well as individual. It is in time as well as in space and it is earthly as well as heavenly.

contest between the Nazi figure and some American diplomat—at least since Huey Long is no more.

Profit in War?

The Floyd County Hesperian: No nation or community ever made lasting profit out of a war, believe it or not. It isn't done. Profit does not ensue from waste—waste of human life, waste of materials. Whatever else happens all hands must join in pay-

ing for the folly, whose it may be, of war. Everybody you want to blame sure that profit from war is rarely permanent.

Jerrell Rapp left for Texas A. & M., where he will attend school again this year.

Little Miss Carleeta Berry is attending school in Childress for a few weeks.

Mr. and Mrs. Finis Richerson and Mrs. Ruth Richerson were Amarillo Tri-State Fair visitors Tuesday night.

Jerry Blanchard has returned to his home in Oklahoma City, after visiting his parents last week.

He is playing baseball with the Oklahoma City Indians. Vingil Payne and daughter of Plainview visited his father, I. C. Payne, Sunday afternoon of last week.

THE NEW HIRED-HAND

Dear Friend Farmer: We note where you are planning on hiring a new hand on your place. His name is Rural Electrification and I congratulate you on adding this fine young fellow to your hands.

He will work for you untiringly day or night, will expect less for his wages than you could possibly get for the energy he will expend.

Let us congratulate you on your fine co-operation that brought this new hired hand into this community, let us extend our best wishes to both of you with the hope that your association with each other will be both long and pleasant.

THE FIRST NATIONAL BANK, Memphis, Texas. MEMBER FDIC

FRIENDSHIP

By MRS. D. E. MYERS

Rev. Milton Evans delivered the Sunday morning message. His topic was "What Have You Given to Your Master?"

The Friendship boys played a game of playground ball with the Plaska boys at Plaska Friday.

Miss Priscilla Mueller of Memphis spent Thursday night with Miss Dorothy Jean Sheehan.

The young people of the community met Sunday evening to reorganize their training union.

The P-T. A. social of the month will be held Thursday night at 7:30 o'clock.

Don Keith Wells has been on the sick list this week.

Mrs. C. L. Padgett has been ill again for the past week.

The art class in the sixth and seventh grades have begun work on charcoal, oil paint, and water-color paintings.

Mrs. Carl Veteto has been in a hospital at Memphis for the past week, where she underwent an operation.

P-TA 8th District Meet to Be Here

Mrs. D. L. C. Kinard was named general chairman in charge of arrangements for the conference meeting of the eighth district of the Congress of Parents and Teachers to be held in Memphis April 17 and 18 of next year.

Co-chairman named was Mrs. W. J. Bragg. This will be the first time the district conference has been held in Memphis in 12 years.

Mr. and Mrs. Al Cook left Sunday for McLean, where they will make their home.

Electricity ON THE FARM

MEANS Bigger Profits

Congratulations ---- We wish to extend our heartiest congratulations to the members of the Hall County Electric Co-operative and to the Rural Electrification Administration on the fine project completed in Hall County which will be energized next Saturday.

For electric appliances that mean bigger profits and more comfortable living call on us. We handle a complete line of these money saving, labor saving devices and will be happy to demonstrate to you at any time.

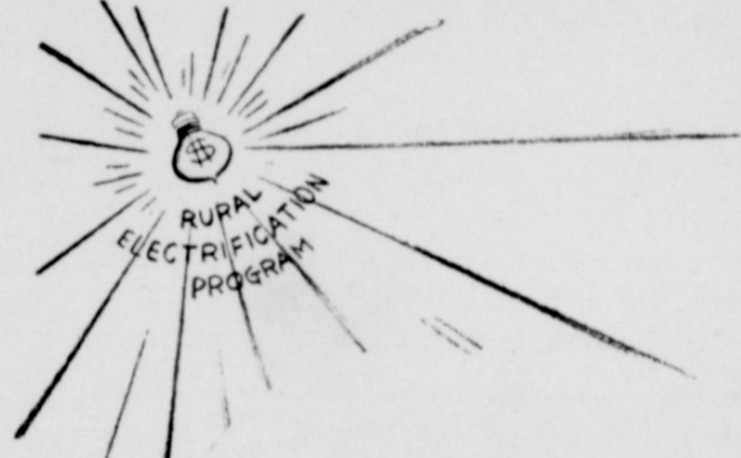

A Trial Will Convince You!

We have—CREAM SEPARATORS, ELECTRIC IRONS, ORNAMENTAL LIGHT FIXTURES, LEONARD REFRIGERATORS, ELECTROLUX REFRIGERATORS (operated by electricity as well as natural and bottled gas), ZENITH RADIOS, MILKING MACHINES, MIXERS, WATER PUMPS, and many others.

ASK US FOR ESTIMATES ON WIRING YOUR HOUSE!

DON'T BUY ANY RADIO UNTIL YOU SEE THE 1940 ZENITH It's the world's fastest selling radio, made possible by the facilities of the world's largest factory. "AMERICA'S FIRST"

Taylor Appliance Store

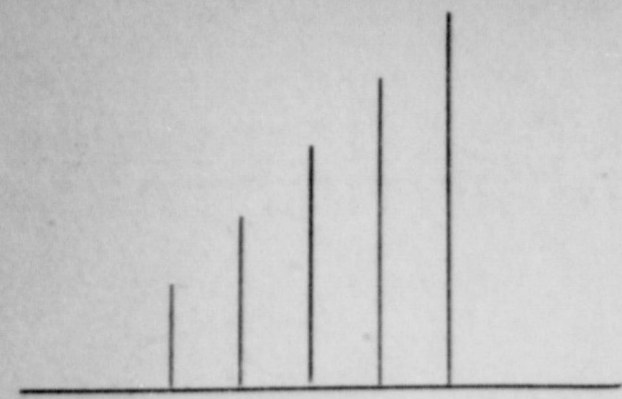

Congratulations TO THE MEMBERS OF THE HALL COUNTY REA

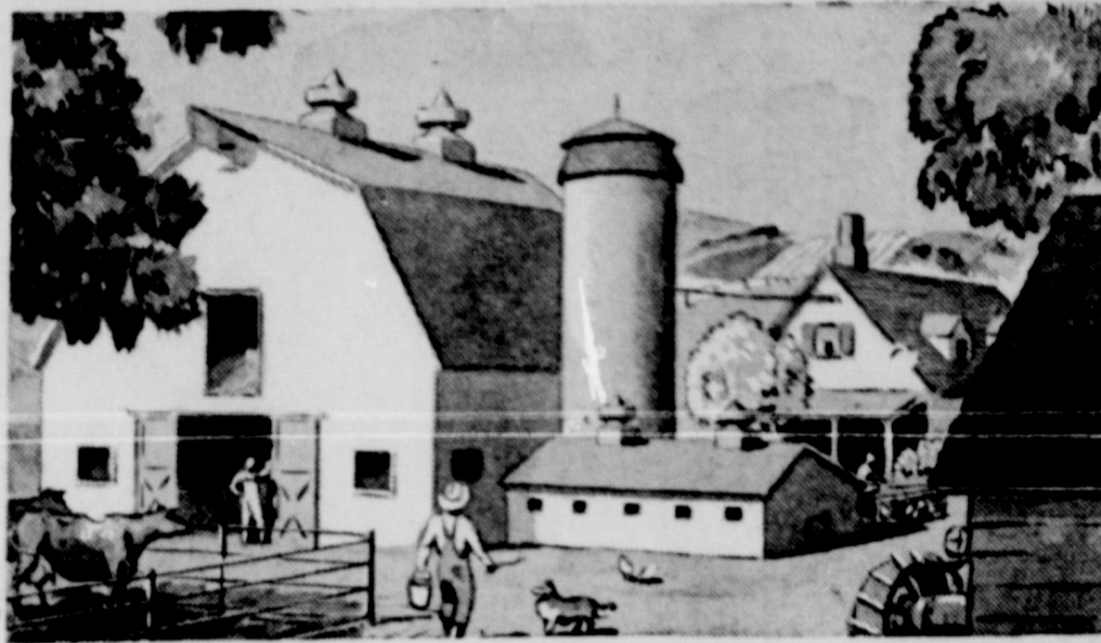

We wish to extend our congratulations to the farmers who are THE HALL COUNTY ELECTRIC CO-OPERATIVE, Inc., members, on their hard work and tireless efforts in helping to bring about this great advancement and modernization of the rural homes of Collingsworth County and the adjoining area.

Graybar Electric Co.

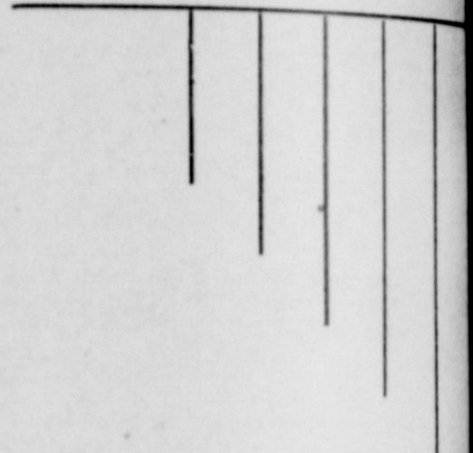

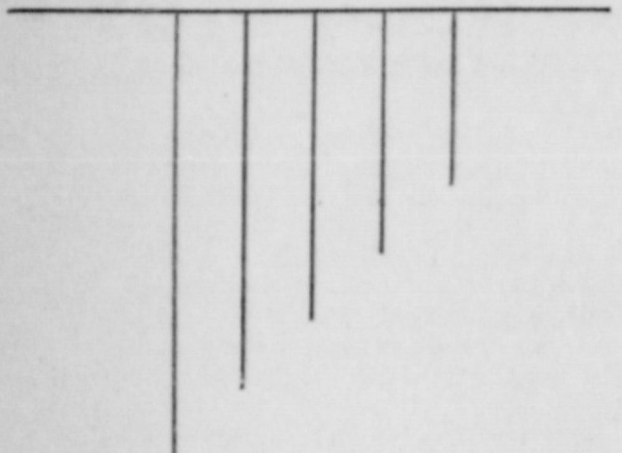

(Incorporated) 1605-1607 Commerce St. Fort Worth, Texas

With the energizing of the lines this week, the members of the Hall County Electric Co-op will have realized a long felt want and a development that will have far reaching effects upon the rural life of this community. It will open new avenues of trade and it will bring profit, leisure and comfort to the farmer and his family.

The Hall County Electric Co-op is proud of such an accomplishment and such progress. The new lines afford to this community a great benefit. We thank the members for their understanding, their patience and their help, and we hope for the continued cooperation of the entire community as this dream becomes a reality. It might grow to be of vast benefit to the rural residents of this great county.

“BETTER LIVING - - - -”

With energization of the Hall County Electric Co-operative REA lines Saturday, September 30, a new mode of living and a greater freedom for the farmer and his family will come into existence. The coming of rural electricity to Hall County means more than just an easier and better way of living. It also means that the farmer will be better equipped for earning his living!

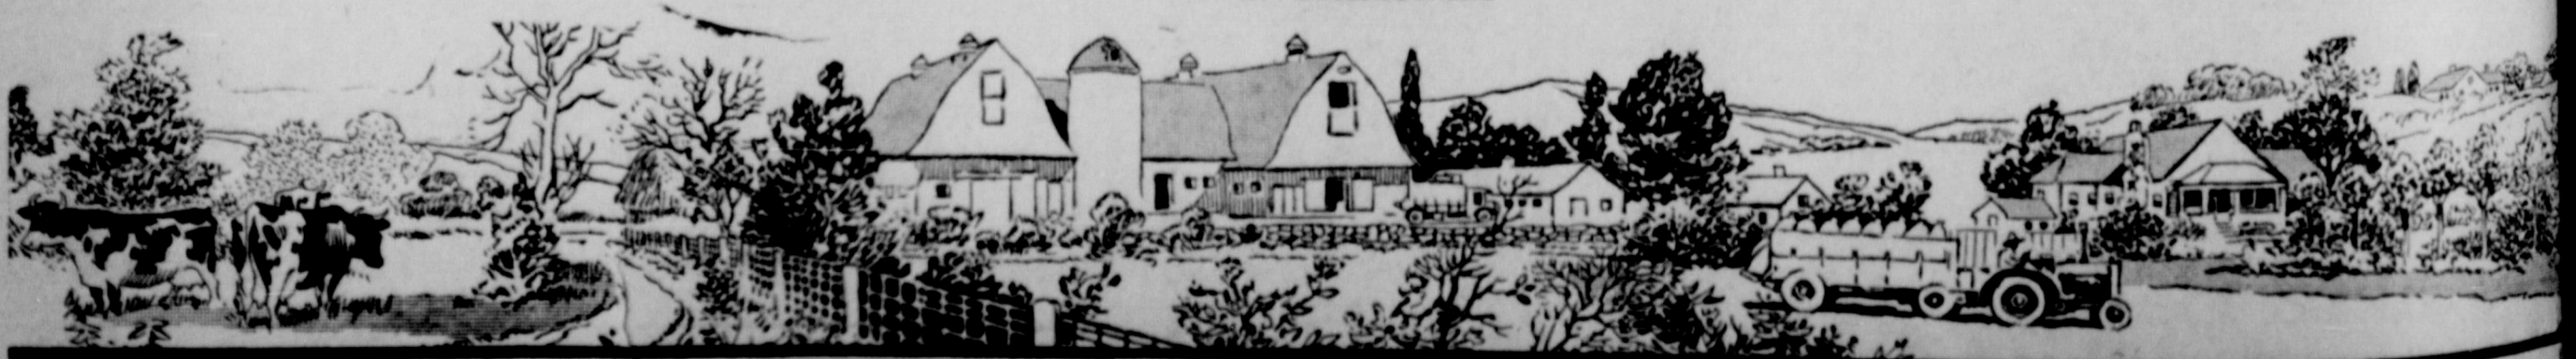

Besides the blessings of light, the new servant, electricity will bring water into the homes, both for the kitchen and the bath. Electric cooking and electric refrigeration will make for better prepared meals. An electric vacuum cleaner takes the place of the dust pan and brush. Electric lights in the home will do away with the kerosene lamp, thus abolishing a fire hazard, and the whole family will enjoy a radio which has no batteries to run down.

Many farmers will have electrified workshops where they can repair their own tools. Small motors will be used to run machinery to chop bundles, grind feed. Even milking can be done electrically as well as the cooling of milk and the brooding of chicks. In all there are more than 200 ways in which electricity may be used on the farm, and it is our belief that the members of the Co-op will use this power liberally. By so doing they will benefit themselves for as soon as the money they have borrowed from the Federal Government has been paid, the transmission lines will become the property of the farmers themselves.

The 250 Members of the

Hall County Electric Co-op.

Low-Cost Electric Appliances Bring City Comforts to Farm

All meals—especially breakfast—are easier to prepare electrically.

By IRA MILLER
Rural Electrification Bureau
THERE should be no reason why every farm family on a high line cannot enjoy the ease and convenience of numerous small electrical appliances, even though it may not be in a position immediately to purchase the larger pieces of household equipment. Low in initial and operating costs, they bring many of the comforts and pleasures of city and suburban life to the country.

Veterans of 36th Division to Have Reunion in October

Meeting Opens October 7 In Fort Worth; Memphians Planning to Attend

Several Memphians are making plans to attend the reunion of the 36th Division Veterans to be held in Fort Worth, October 7 and 8. The unit with the largest attendance will be awarded a trophy, it was announced, and organized United Clubs in Texas and Oklahoma are planning to be present in a body.

Registration headquarters in the Texas Hotel will be open early Saturday morning, October 7, and for the convenience of early arrivals, the registration committee will have their booth open Friday night, October 6.

The entertainment committee has completed the program for the reunion, which includes a stag party, dance, memorial services, business meeting, and barbeque dinner.

regiment, delivering the memorial address. Officers for the 36th division association will be elected at the business session following the memorial services. Registration headquarters of the Women's Auxiliary will open Friday night. The annual meeting of the Auxiliary will be held at 10:30 o'clock Saturday morning in the Texas Hotel. Billie Blackwell, who is in a nurse's training school at Amarillo, spent the week-end with her parents in Memphis.

CONGRATULATIONS

To The Members of The
Hall County Electric Co-operative
on the new REA lines in this county. This forward step is a marker of progress in the history of this territory.

Congratulations

An institution that has continued to take a steady hand in the problems of the farmer and as one that has recognized that cooperation was an important part of agricultural progress, The First State Bank is glad to congratulate the members of the Hall County Electric Co-Operative on securing electric power for farm homes.

We are glad to see this improvement come to this county, for we believe that any forward step that improves living conditions on the farm also tends to stabilize the life of the family on the farm. We feel that this is one of the steps that will tend to keep the best young men and young women of our community on the farm and interested in the progress of agriculture.

The deep-seated interest on the part of this bank in the prosperity as a whole is an integral part of our interest in each of our customers and his welfare. At any time we can be of assistance to the members of this bank we want them to feel free to call on us!

AAA Announces 1940 Program Will Be Flexible

Program Similar to Past; Acreage Goals Delayed Due To International Situation

The AAA announced its 1940 farm program last week and promised to keep it in tune with the times, should war deplete present large supplies of farm products and overtax Uncle Sam's land.

At the same time it provided for more funds to help farmers take care of their soil, and offered a \$1.50 payment for family gardens of adequate size and content.

While the setting of acreage goals and allotments for all major crops except wheat was postponed pending international developments, the program is fundamentally the same as it has been for two years and comes out in plenty of time to permit crop planning well ahead of planting time, John Weatherly, East Texas farmer and member of the State Agricultural Conservation Committee, pointed out.

Wheat acreage allotments for 1940 have been set up already for all affected farms in Texas, and commercial vegetable acreage has been allotted in several counties. So far as these crops are concerned the 1940 program is under way.

The 1940 Range Conservation Program is yet to be announced. Small farms get special consideration in the new program which sets a \$20 minimum on the customary allowance earned by tilling, seeding legumes, turning under green manure crops or doing something else to build up soil and conserve moisture.

Besides the regular soil-building allowance, each farm in 1940 will be able to earn as much as \$30 by planting forest trees—for windbreaks, woodlots, watersheds, wildlife cover and similar uses.

Farmers in the wind erosion area will have to supplement their usual practices with more soil-building work next year, in order to earn as much as was possible this year by returning sub-marginal land to grass or other natural cover.

Estelline F. F. A. Place in Judging

Although Donley County, headed by the Clarendon group, carried away most of the prizes in both the poultry exhibits and judging, the Estelline FFA poultry judging team won third at the Amarillo Tri-State Fair last week.

Clarendon won first place, and Tullia finished second. High honors in the judging contest went to Junior Spier and Horace Green. Donald Masterson and Charles Edmondson were high in questions.

Members of the Estelline team are Donald Masterson, Talmer Williams, and Lewis Cobb.

Park Workers Hit Jackpot in New Brick 'Mine'

A new industry has been "unearthed" for Memphis—a brick mine.

It all happened when the NYA workers at the City Park felt a need for more bricks to finish the curbing for the water well at the park. To avoid having to buy more bricks, the workers began inquiring of some of the men in Memphis as to the whereabouts of unexcavated bricks.

F. N. Foxhall remembered that he had once had an old building torn down, and had two large loads of old bricks dumped into a lot near the oil mill. Upon investigation several bricks were found sticking up in sight.

Now the NYA boys are digging bricks out of the ground—and are contemplating setting up a "brick-selling" business. The only trouble is that they are afraid their "mine" may run dry of bricks too soon for any such move.

Tex Logan New Manager of Palace

Tex Logan of Los Angeles, who has been connected with the Fox West Theatres there for the past year, has recently moved to Memphis where he will be manager of the Palace Theatre, Hollie Boren, owner of the theatre, said Wednesday.

Mrs. Logan accompanied her husband here. Mr. Logan succeeds Al Cook as manager of the theatre. Mr. Cook left Sunday for McLean, where he will manage a theatre.

"Yes, sir, I'm electrified!!"

"—that's right. I got my farm all fixed up for electricity with the REA and the Hall County Electric Co-Op and I wouldn't take anything for it. I do nearly everything by electricity now and it makes the work a lot easier, from grinding corn to keeping the milk cool. And speaking of keeping milk cool—you should see the new Hotpoint refrigerator we got. Not only does it keep the milk cool and sweet but actually saves enough in food to pay for itself. Yes, sir, we're as proud of it as anything that we got."

New Hotpoint Refrigerator

- Follow the lead of value-wise refrigerator buyers—"Shop them all. Make a note of claims. Then see Hotpoint."
- Be sure that the refrigerator you buy has all the modern improvements which make real value. Hotpoint's Value Yardstick shows the 36 important features you can have at no extra cost.
- Check up before you sign up... Come in today and check up on the new 1939 Hotpoint Electric Refrigerators.

POP-ICE TRAYS
Pop out the cubes with Hotpoint's clever Pop-Ice TRAY—two of a trayful, as you wish. No wet hands or spattered clothing. No more cube waste.

SIX-WAY COLD STORAGE COMPARTMENT
Consists of glass defrosting tray and porcelain enamel meat drawer, constructed to permit six different arrangements.

THRIFTMASTER
Vacuum sealed Thriftmaster. Low operating cost. No oiling required. Covered by five-year protection plan.

Hotpoint Value Yardstick shows 36 Outstanding Refrigerator Features: 6-Way Cold Storage Compartment, Pop-Ice Trays, Adjustable Interior, Semi-automatic defrosting, New dessert tray, Vacuum sealed Thriftmaster mechanism, All-steel cabinet, Food safety gauge, And 28 more.

Plaska Needle Club Meets With Mrs. C. W. Jones

The Plaska Needle Club met in the home of Mrs. C. W. Jones Tuesday with 13 members present.

Present were Mrs. L. A. Bray, Mrs. W. T. Davis, Mrs. E. E. Foster, Mrs. Doyle Hall, Mrs. Harold Hodges, Mrs. C. W. Jones, Mrs. E. T. Montgomery, Mrs. Olas Murdock, Mrs. W. L. Nabers, Mrs. John Smith, Mrs. Hubert Hall, Mrs. Ruby Murdock, Mrs. C. H. Riddle, and Mrs. Floyd Davis.

Visitors were Mrs. E. C. Barnett, Mrs. Oscar Favors, Mrs. Evert Shirley from Lakeview, and Mrs. K. S. Harvell from Plaska. The club will meet with Mrs. John Smith Tuesday, October 3.

Mystic Weavers Meet With Mrs. R. H. Wherry

The Mystic Weavers met Wednesday afternoon in the home of Mrs. R. H. Wherry.

Present were Mrs. J. S. McMurry, Mrs. F. N. Foxhall, Mrs. Frank Phelan, Mrs. G. H. Hattenbach, Mrs. T. R. Garrett, Mrs. L. M. Thornton, Mrs. Roy Fultz, Mrs. J. W. True, Mrs. J. C. McMurry, Mrs. W. B. DeBerry, Mrs. Chas. Oren, Mrs. J. W. Walker, Mrs. Chas. Webster, Mrs. S. T. Harrison, Mrs. R. H. Wherry, Mrs. S. B. Pallmeyer, Mrs. D. W. May, Mrs. J. H. Read, Mrs. W. Wilson, Mrs. Clarence Stroehle, and Mrs. J. W. Fitzjarrald.

County Entries—

(Continued from Page 1)

It would be a blue ribbon winner in any show in the country.

Young Ewen took second place with a shorthorn heifer in the club division; showed two 3-year-old milking shorthorns in the class of two division and took fifth place, also winning fifth place in the aged cow division of Shorthorns. The stock was from E. M. Ewen and Son farms.

E. M. Ewen also took a second place ribbon with a pen of chickens.

In the Jersey division, Charlie Williams and sons of Memphis took second place with a young Jersey bull, and W. Q. Montgomery of Turkey took fourth place with a Jersey heifer.

Co-op Serves—

(Continued from Page 1)

The project was opened in the spring, when the federal Rural Electrification Administration approved an appropriation of \$95,000 for building 113 miles of line in Hall County. Actual construction was started on June 17, when the first poles for the line were set.

Construction has been in charge of Reinhart and Donovan, Oklahoma City contractors. The line was completed last week.

Trading Active At Livestock Sale

Trading was brisk and the market active in the fourth livestock auction sale held this week by the M. and M. Livestock Commission Company. The auction is held each Tuesday afternoon with Colonel Lynn of Lubbock as auctioneer.

A general line of stock and beef cattle is being handled each week by the commission. Very few horses have been offered for sale so far.

More out-of-town buyers were present last Tuesday than those from in town. Buyers were L. L. Woods of Clarendon, C. C. Ayers of Clarendon, Russell Markets of Memphis and Clarendon, W. I. Rains of Hedley, Carl Abernathy of Hollis, Okla., Regan Bain of Amarillo, T. J. Cochran of Memphis, A. C. Grundy of Lakeview, Henry Cunningham of Lakeview, and Farmers Union Supply Company of Memphis.

Bulls for fall planting at Hightower Greenhouse. 15-2c

The House of Quality—

Auto Ownership Law In Effect On October 1

Owners of Cars Purchased, Or Bought on After Oct. 1 Must Have Certificate

Public Safety Department officials this week hurried preparations to set in motion the new certificate of title act which will affect thousands of motor vehicle owners after October 1.

Ralph L. Buell, driver's license division chief under whose supervision the new law will be administered, said forms and instructions would be mailed to tax collectors by Monday of this week so they might begin to receive title applications by October 1, the date the law goes into effect. At least a million certificates of title are expected to be issued in the next 12 months, he said.

It was emphasized that this act, passed by the past regular session of the Legislature, applies only to motor vehicles offered for sale, purchased or encumbered with liens on and after October 1. In other words, the present owner of an automobile does not have to secure a certificate of title until he sells his car or places an encumbrance against it—until January 1, 1942 (CQ). If a lien is placed against the vehicle before October 1, 1939, no certificate is necessary.

All motor vehicles now required to be registered will be affected by the certificate of title law whenever their ownership status is changed. Only vehicle agencies are exempt.

Pointing out that applications for titles must be made in the county of residence of the automobile owner and ownership definitely proved, Buell said the new law is determined to be a hard blow to automobile thieves and others who attempt sales of mortgaged vehicles. A fee of 25 cents will be charged for each original title and each re-issuance. Ten cents goes to the tax collector and 15 cents to the state.

All new vehicles in the possession of dealers on September 18, 1939, will be required to have manufacturers' titles of ownership, according to the new law. Vehicles imported from other states and offered for sale in Texas will be certified through special affidavits and forms.

Whenever the owner of a motor vehicle transfers it by operation of law, as upon inheritance, devise, bequest, bankruptcy, receivership, judicial sale, or any other involuntary divestiture of ownership, all official papers connected with the transaction must be attached to application for title. Foreclosure under terms of a lien must be noted by affidavit of facts, Buell said.

Tax collectors over the state will forward all title applications to the Austin headquarters of the safety department where they will be investigated, filed, and titles issued. Revocation and suspension authority for certain violations of the law was given state police. However, interested persons may request a hearing.

Ewen Wins Prize At Lubbock Fair

After winning more than \$100 in prizes at the Tri-State Fair at Amarillo, Gene Ewen, exhibiting stock from the E. M. Ewen and Son Farm, won another prize at the Panhandle-South Plains Fair at Lubbock Tuesday.

The second-place prize was won on a bull, calved between July 1, 1938, and April 1, 1939. Two other farms also placed in this same division—Kingsdale Farms of Victoria, Ill., first; Ewen, second; and Milhoan and Son of Kingsdale, third.

PERSONALS

Mrs. W. N. Jameson visited friends and attended the Tri-State Fair in Amarillo from Friday until Sunday.

Mr. and Mrs. Bud Crump and Mr. and Mrs. H. L. Stewart attended the Tri-State Fair at Amarillo Tuesday of last week.

Mrs. Estelle Stone and Mrs. Earl Barrick were Amarillo visitors Monday.

Mr. and Mrs. A. Anisman and son Sheldon spent Friday night and Saturday visiting friends in Amarillo.

Hamp Prater, who is working near Gainesville, spent the week-end here with relatives.

Estelle Ellis left Sunday for Hobart, Okla., for a few days' visit. While there, she will undergo a tonsillectomy.

Mr. and Mrs. Ed Duncan of Clarendon visited Miss Lena Mclear here Sunday.

Mr. and Mrs. Brown Lamb of Wellington visited relatives here Sunday.

Pearl Brown of Colorado, Okla., who was formerly employed here, spent the week-end visiting friends in Memphis.

Leo Quigley, Mr. and Mrs. Ted Byler, and Oneta Byler of Elk City, Okla., visited with Mr. and Mrs. Derral Compton Sunday.

Mr. and Mrs. Tom Bryant of Wellington visited friends in Memphis Sunday.

Lena Mclear attended the funeral of Bert Kimbrough in Altus last week.

Johnny Tucker spent the week-end with his mother, Mrs. J. L. Tucker, of Clarendon.

Mr. and Mrs. Charlie Meacham were Fort Worth visitors Sunday.

J. J. Simons, who is attending Amarillo Junior College, spent the week-end with relatives here.

Mr. and Mrs. Hugh Crawford, Ray Crawford, and L. O. Dennis were Amarillo visitors Friday night. Hugh Crawford and Mr. Dennis attended a Chevrolet meeting while there.

Mr. and Mrs. T. M. Potts and daughter Tommie Ruth attended the Tri-State Fair at Amarillo one night last week.

Tommie Ruth Potts and Betty Johnson attended the Clarendon-Quitaque football game at Clarendon Friday night.

Betty Johnson, Anita Meacham,

GAMMAGE

By MRS. A. G. GRISHAM

Miss Nita Blevins went to Amarillo Wednesday and returned Saturday. She attended the Tri-State Fair while there, and also visited friends.

J. T. Whitten and family visited Mr. and Mrs. Thurman Ellerd Sunday.

Mr. and Mrs. Orville Hill and sons, and Mrs. J. Kilpatrick and daughter Avis were dinner guests in the A. G. Grisham home Sunday.

C. M. Grisham and son A. G. Grisham returned home from Medina Valley Friday. They reported that that section had received sufficient rainfall, and the crop prospects are good.

Eunice Goffinett went to Amarillo Saturday night.

Mr. and Mrs. M. N. Smith and family attended the Amarillo Fair Tuesday and Wednesday.

Winifred Allen, who has been in New Mexico for some time, returned home last week.

Mr. and Mrs. Rachie Saunders and family attended the Amarillo fair Friday and Saturday.

Little Juanelle Goffinett spent from Thursday until Sunday with her grandparents, Mr. and Mrs. W. J. Goffinett.

Mrs. Bill Allen has been on the sick list this past week, but is better at this time.

J. B. Grisham was an Amarillo visitor Saturday.
