2-9 Revival Week Memphis Churches

beginning Sunday, the churches will be known as Revival Week when a simultaneous revival will be held in all the churches. Each church will have its own revival and the revival will be held at the same time.

The churches are having their own revivals instead of a common one. Every individual is invited to attend every person interested in Christianity should attend. The churches are having their own revivals instead of a common one.

Three-Fourths of Quota In Bond Drive Sold Now

To End A Successful Drive
During April, We Must Sell
Other \$62,778 Tomorrow

Hall County is picking up on the sale of war bonds and stamps during the April Bond Drive. Approximately 77 percent of the quota of \$275,000 has been bought since the first of the month.

According to latest figures, the total is \$212,222.72. Memphis reports \$153,922.72, Turkey reports \$39,000 and Lakeview reports \$19,300.

So far, the community of Salisbury is the only one that has gone over the top. The quota for the school district is \$11,000 and they have subscribed enough to go over their quota.

"If Salisbury can go over the top, the rest of us can. No reports have been received from some neighborhoods. They should be in line at once with an all out final effort to get the job done. Hall County should not be caught napping. Our boys keep awake 'over there,'" stated Judge M. O. Goodpasture, county chairman.

"Seventy-seven percent for Hall County is not enough. We want to write our boys and say, 'We are backing you \$50 worth' when we are able to do a better part by them?" continued the chairman.

Approximately 1,500 Attend Sunrise Service

Dr. Baker Spoke on "Easter,
The Dawn" at Service Held
At City Park Sunday Morn

Approximately 1,500 people attended the Sunrise Service Easter morning at the amphitheatre in City Park. This was the second annual Easter service sponsored by the Rotary club.

Dr. J. Thompson Baker delivered the Easter message. The theme of his talk was "Easter, The Dawn." He gave the origin of Easter and stressed the meaning of Easter as being the time of beginning and newness of life.

Rev. E. L. Yeats was general chairman and T. E. Noel program chairman. Miss Mary Foreman was director of music again this year and pianists were Miss Mary Helen Lindsey, Raburn Jones and Mrs. Ingram Walker of Turkey.

"On behalf of the Rotary club, I wish to thank every one who had any part in making this service the success that it was. I especially want to thank Miss Foreman for her untiring efforts in directing the music and Mr. Noel for his fine work. We also want to express our appreciation to our guest soloist, Howard T. Gee of Childress and W. M. Culwell of Turkey. To the many who helped in any way, we say thank you."

Price Panel Boards And Clerks to Meet May 14 in Childress

Purpose of Meeting is to
Acquaint Members of New
Functions of Price Panels

C. L. Sloan, chairman of the Hall County War Price and Rationing Board, today announced that on Friday, May 14, representatives of the Dallas Regional and Lubbock district offices of the Office of Price Administration will be in Childress to conduct meetings with the Price Panels and Price Clerks of the War Price and Rationing Boards of Collingsworth, Hall, Childress, Motley, King and Cottle counties and with representatives of the wholesale and retail grocery trade in these counties.

The meeting with the Price Panels and Price Clerks will be held at 2 o'clock in Childress. The purpose of this meeting is to acquaint the members of various boards with new functions of Price Panels and with the new simplified price regulations.

In the past, merchants throughout the country have had to contact the nearest branch of the OPA in order to secure copies of regulations and to have these regulations explained. In line with the new policy of delegating certain functions of Price Panels throughout the country, members of Price Panels will be handed certain regulations as a start toward the completion of the general plan. These regulations will be explained and discussed in detail, so that in the future Price Panels (Continued on page eight)

4-H Club Boys Enter In Cow, Hog, Hen Contest

Hall County has been included in the Sears Roebuck & Co. Cow, Hog, and Hen Contest this year, according to word received from Knox Parr, District 1 Extension Agent, College Station, by W. B. Hooser, Hall County Agent. This is a continuous program sponsored by that company each year.

The plan works on the principle that each 4-H Club member interested in the program writes an essay with a maximum of 500 words on the subject "The Advantages of the Cow, Hog, Hen Type of Farming." These essays will be judged by a committee appointed by the county agent, 40 percent on the content of the essay, knowledge of the subject, neatness and 60 percent on the boys' ability to feed, manage and care of hogs along with ample feed supplies and equipment for swine raising.

The boys are reminded by Hooser that all essays must be in his office by May 5. All interested boys must have their essays in by next Monday. After a certain time, to be designated later, the boys will come into a county show competing against each other. First prize will be a registered jersey heifer; second prize, 100 baby chicks; third prize, 10 baby chicks; fourth, fifth, sixth, seventh and eighth prizes will be 50 baby chicks.

The quota for Hall County is 8 gilts and one boar. The gilts will remain the property of the boy selected to receive it as well as the boar pig. Those boys receiving gilts must return one of the top offspring from the first litter to give to another boy on a similar plan next year. The boy receiving the boar pig will not be required to return a pig next year, but instead, will give the other boys free service on their gilts for the first time.

"This is not only an excellent opportunity for 4-H Club boys to help produce more food for the war effort, but also offers opportunity for some worthwhile swine production demonstrations," stated Hooser.

Surviving Mrs. Solomon are these children: Mrs. G. W. Trussell, Boyd; Mrs. W. H. Henderson, Mrs. N. W. Williams and Miss Lillie Solomon all of Floydada; Mrs. Lula Moore, San Diego, Calif.; Mrs. Alfred Hutherson, Memphis; J. F. Solomon, Friona; E. W. Solomon, Memphis; H. M. Solomon, Matador; M. L. Solomon, San Antonio. All were present for the funeral rites except Mrs. Moore.

Last rites were said at the First Methodist Church, Sunday afternoon at 3 o'clock with Rev. Phil H. Gates, pastor, officiating. Mrs. Solomon was converted at the age of 13 and has been a faithful member of the Methodist Church since that time.

Dona Lee Hill Is Seriously Injured

Dona Lee Hill of Stephenville, daughter of Ralph Hill, was seriously injured last week while playing on a car hoist. She is reported to be doing nicely at this time.

Senior Play to Be Presented May 14

When the Memphis High School Senior Class presents the annual class play at the Memphis High School Auditorium on May 14, a most unusual treat is in store for the audience.

The play, "Tiger House" by Robert St. Clair is a mystery comedy in three acts. The cast will be composed of members of the senior class and is being directed by Jane Hicks.

Further details concerning the play will be in next week's paper.

EUGENE WELCH, FORMER LAKEVIEW RESIDENT, WRITES OF HOLY LANDS

Following is a letter from Eugene Welch to his mother, Mrs. S. A. Welch, former residents of the Lakeview community, now of Madera, Calif. Eugene is in overseas service.

Dearest Folks: March 27, 1943
How is everything with you by now? I'm just doing fine as could be and still having a good time over here as there is always something going on. One thing I am certainly proud of and that is that I got the chance to visit the Holy Lands. The first place I visited in was—Tel Aviv. This is sure modern in every way and very pretty. I'll try and send some pictures of it later. I got a taxi and went from there to Jerusalem. About an hour and a half drive. On the way, we passed orange grove after orange grove and some of the best oranges I ever tasted too. Just one hill after the other most of the way and of course there's a group of hills, there's valleys. Some of the most beautiful valleys I ever hope to (Continued on page seven)

Funeral Services For Eddie James Longbine Saturday

Small Son of Mr. and Mrs.
J. C. Longbine, Jr. Dies
In Dallas Thursday, April 22

Eddie James Longbine, two years and eleven months old son of Mr. and Mrs. J. C. Longbine, Jr., died in Dallas on Thursday, April 22. He had been ill with diphtheria.

The child was born on April 30, 1940 at Estelline, the former home of the Longbines. Services were held at the Estelline cemetery Saturday morning, April 24. Besides his parents, Eddie James is survived by one sister, Mary Ovelle, these grandparents, Mr. and Mrs. J. C. Longbine and Mr. and Mrs. Ed Bragg, all of Estelline.

Hall County to Get Feed Wheat

According to word received by W. B. Hooser, county agent, he has information from the Commodity Credit Corporation that there is one car of feed wheat in transit and confirmation on another car to follow in five days.

"Any farmer or dealer interested in this feed wheat, contact me or J. T. Bishop. Mr. Bishop has been appointed by the committee to handle this feed wheat for us. We want to keep these cars moving in just so long as it is needed by feeders of this territory," said Hooser.

Special Election For Alderman of Ward 2 in City

A special election is being held within and for Ward No. 2 in Memphis on Tuesday, May 4, for the purpose of the election of an alderman to fill the unexpired term of H. B. Estes, who has resigned.

Williams Grocery Sells to C & M

Another business in Memphis is changing hands due to shortage of help. This week W. E. Williams of the Williams Grocery sold his stock to the C & M Grocery.

"I want to tell my customers it has always been a pleasure to serve you and your patronage has been deeply appreciated. I wish for all of you good health, happiness and a bright and prosperous future," stated Mr. Williams.

King in Memphis NO FANFARE BUT A LOT OF BULL

Two weeks ago Sunday, there arrived in Memphis to make his future home, a king of truly royal lineage. Without fanfare, parade or speech-making, yet in his own private compartment (a shipping crate) aboard the early morning Zephyr, this scion of the vine royalty looked none the worse for his four day trip from the home of his birth, Independence, Ore. A lot of bull about a six-months old bull calf, but a glance at his pedigree justifies at least a part of this press notice.

Army Truck Load Of Uniforms Catch On Fire

The fire department answered a call Wednesday morning about 10 o'clock when an army truck load of uniforms were discovered on fire in front of the Memphis Steam Laundry.

There were about 150 bundles of clothing on the truck and about 40 bundles were burned. The truck was from the Childress Bombardier school and had brought the uniforms and clothing of the soldiers here to be laundered and cleaned.

Cause of the fire was not determined.

From County Men in the Armed Forces

Pvt. Jimmie R. Moore, USMC, son of Mr. and Mrs. Oscar Moore, was given citation by the commanding officer of the Third Battalion Eighth Marines, reinforced in the field as follows:

You are hereby most highly commended on the outstanding manner in which you performed your duties during the operation of this Battalion against the enemy at Guadalcanal, British Solomon Islands, on 14, 15, 16, January, 1943.

The cool calm manner in which you so efficiently performed your duties was a very determining factor in the operation which terminated so successfully.

A copy of this letter will be placed in your service record book.

A. H. Fricke.

Below is another letter to the editor from the "Roving Reporter," Curtis Harrell.

Dear J. C.:

Just a short letter to let you know that the war is still going on down here, so is the rain! The rainy season is just about over now, the sun has been out for the past two days.

The Democrat has been coming right on through and is much enjoyed. My address has been changed again, however, it is now Charley C. Harrell MM 2-c U. S. N. R. 7th U. S. N. Construction Battalion; c-o Fleet Post Office, San Francisco, Calif.

Everything here is on the dull side right at present, but one never knows when it might pick up. The mosquitos are getting pretty thick just at present, but so far I haven't had malaria.

The canteen now has a good supply of candy, cigars and beer which one can buy two bottles per day. It really tastes good on these hot days down here.

My latest job is to drive officers of the Fleet from the pier to the officers club. It lasts for about three hours a day. I have met quite a few well known Admirals and Commanders. I am still in good health after eleven months in the navy.

As ever,

CURTIS.

E. R. Ewen, A. M. M. 3-c, of the U. S. Navy, stationed at Norfolk, Va., writes the following letter to the Memphis Democrat.

March 27, 1943

Editor of Memphis Democrat:

I received the Democrat last week and enjoyed it very much. I read every item two or three times to be sure that no article was missed.

I'm still stationed at the Naval Air Station here in Norfolk, but my address has been changed, so I wish you would please send the paper to my new address.

The commanding officer has made me an instructor for the next three months in the piston and cylinder shop of the Aircraft factory. Have also been assigned petty officer of hut D-7 in which I stay.

Please change my address on the Democrat.

Yours truly,

E. R. Ewen, A. M. M. 3-c

Capt. and Mrs. O. B. Lawrence and two children visited last week-end with their parents, Mr. and Mrs. D. W. Lawrence of New-Haven. Captain Lawrence has been stationed at Camp Roberts, Calif. and is to report May 8 at Fort Sill, for Officers Field Training.

A. L. Mash brought the Democrat office a piece of a Jap airplane that his son, Ronald Mash had sent him. Ronald was at Pearl Harbor during that attack and has recently returned to California. He is staff sergeant in the Air Force.

Mrs. Fred Berry of Estel-line informs The Democrat that her son A. J. Berry, is to stay two months more in State University, and started his pre-flight course last Friday. The following is a letter to her from her son.

April 20

Dear Folks:

I decided today you weren't going to write me so I'll break over and get a letter ahead of you.

I'm in love with this flying. I have about 2 1-2 or three hours in the air. The second time I went up, my instructor made me land by myself. I hit the ground and bounced about two feet in the air, but finally got her down. I thought my instructor (Earl Sims) would gripe about it, although, to my surprise he said, it was "darned good." He said he usually didn't let his students do anything like that until they had about 6 or 7 hours of instruction. We have to have eight hours of instruction before we can take the plane up by ourself.

I almost pulled a fast one on them today. My instructor was in the office so I went out to the plane, put on my parachute, climbed in and the mechanic and I started the engine so I would be ready to take off when Earl got there. Well—I had the brake on but the darn thing didn't work, so when the engine got up enough power the plane started taking off. Boy, I grabbed off everything in the cockpit before I found the right thing—everyone got a good laugh and I learned a good lesson.

I do all the taking off, landing, spins, banks, turns, climbs, and dives now, but Earl is always right there behind me in case anything should happen. I honestly believe that a plane is as safe as a car is to drive, once you learn. I am flying a T-craft. It only has a 65 horse power engine. I will make some pictures Sunday and send you.

We go to school each morning until 11 o'clock. Fly about an hour in the afternoon and we are off the rest of the afternoon. So you see, we are actually having a vacation compared to the past three months.

I mailed them several days ago. Dad, you probably know Mr. Ragsdale in Childress. His son owns the Ragsdale flying field where I fly. Carter doesn't teach here now. He has been transferred to Fort Worth.

Say, would be possible for all of you to come down here some week-end? I would give anything for you to see this place. And if you could come down in the car, I could really show you around. Dad, I want you to think this over before you say no, because if we don't get any time off after this base, it will probably be six more months before I'll be home. And I'd like to see you before we are shipped to California. We know now we will be stationed there for our next base. Let me know what you decide.

I'm so sleepy I can hardly keep my eyes open. Write soon.

Love,

A. J. Berry

C. E. Todd, U. S. N. R., son of Mr. and Mrs. A. F. Todd of Hedley, who has been stationed at Great Lakes, Ill., for the past ten months, has been commissioned Ensign, D. V. S. and is to report to New York City April 28 to an indoctrination school.

Ensign Todd has been a resident of Hall County. He graduated from Memphis high school and was principal at Parnell for two years before resigning to take the position as principal of Wilson school at Childress.

He is one of four sons who have enlisted in the Navy. Before receiving his commission he was Pharmacist's mate 2-c.

Below is an article that appeared in a California paper concerning Pfc. Jet Fore, USMC, son of Mr. and Mrs. Jet R. Fore of Los Angeles, formerly of Memphis. Pfc. Fore is a nephew of Mrs. W. C. Milam.

Guadalcanal, Feb. 2—(Delayed)—Pfc. Jet Fore, USMC of 11537 Rochester Avenue, thought the first patrol he made into Japanese territory was going to be his last.

In a wooded area he suddenly came upon a Jap lieutenant who was pointing a revolver point-blank at him. Before he could move, Fore heard the Jap's revolver snap on an empty chamber.

Pfc. Fore grinned as he stood squarely in front of the Jap. The officer hurled the weapon at the Marine and ran. Pfc. Fore shot the Jap with an automatic rifle.

Returning to his patrol, the Marine was carrying another weapon—a Jap revolver.

Staff Sgt. and Mrs. Harlie Taylor of San Angelo visited last week with his mother, Mrs. T. L. Waddill of Estelina.

Louis Richards of the 500 S. S. Army Flying school, has recently been promoted to the grade of Private First Class. He is stationed at Bryan and is the son of Mr. and Mrs. Louis Richards.

"Thought I would write and tell you how much I enjoy reading The Democrat because these Arkansas papers haven't got much in them about Texas. It makes a guy feel good to read all about what is going on at home. Have read The Democrat a long time and enjoy it very much. I let all the boys here read it and they say it is a swell paper. Pvt. Arnold C. Davis, Co D, 72nd Bn., 15th Reg. U. S. Army, Camp Robinson, Ark."

Col. Carl H. H. Mason, son of E. B. Mason has been enrolled in the Armored Force school at Fort Knox, Ky., for a special course in tank mechanics.

Women Work

Report from Mrs. B. Webster, production chairman: "A shipment, consisting of 188 knitted garments, 149 sewed garments, 10 quilts, and 8 afghans, were shipped this week. Attention is called to the fact that all of the knitted garments, with the exception of 19 relief sweaters, are for the armed forces. Also noted is the fact that 56 of the articles were donated, being 10 quilts, 8 afghans, 6 dresses, 1 overall, 1 jumper, 1 boy's suit, 2 rompers, 1 pair gloves and 7 baby quilts. Four of the baby quilts and three of the quilt tops were made and donated by Mrs. A. D. McCrory who is over 91 years old, a challenge to anyone. There are several articles on hand to be made in the sewing room, all of the material having been donated."

Mrs. J. B. Stotts made a cash contribution to Red Cross production this week. She is another woman whose home duties prevent her working at the sewing rooms, but who wants a share in the service. Mrs. C. W. McCool gave a lovely quilt top and it has been quilted, at the home of Mrs. Dick Watson and is now ready to add to the fast growing reserve. No doubt there are many who would like to donate to the sewing room, but cannot come and work. For their benefit we repeat that gifts of woolen scraps, outing, prints, brown domestic and cotton batting are always acceptable, and at this time when there is no other sewing on hand could be made up for a reserve for future shipping.

Mrs. R. N. Melton also contributed quilt lining, cotton and thread and finished afghan. Mrs. Ed Lane gave a cash donation.

The WAAC needs no apology. It is composed of brave American women who are pioneering in a new field of service for their

FUR EXPERT HERE MONDAY, MAY 3rd.

NOW IS THE TIME TO STORE YOUR FURS

Important Steps In Fur Conservation

PROTECTION—

During the summer months, furs should be protected against moths, fire and theft. The old custom of keeping them in cedar closets dries out the natural oils.

PREVENTION—

Often tears and rips are due to strain through the back, shoulders and underarm seams. By having these attended to immediately, the durability of the garment will be greatly lengthened.

RESTORATION—

Furs need cleaning once a year to remove dirt, grime and dust, to restore oils which the heat of the body and the dry atmosphere have dried out of the leather, then glazing to restore luster.

The most durable furs may be ruined through improper care, while years of wear may be added to a fur of much less durability through the consideration it receives. Why not see your furrier now?

Tuesday, Sgt. O'Rear praised the WAAC's, pointing out that they were braving prejudice and often ridicule to serve their country. He said he had never met a soldier who did not hold them in the highest regard and realize that they were doing a great thing in replacing men for active service. He is just a little old fashioned yet and feels that the women should not be sent over seas.

Below are the words of President Franklin D. Roosevelt, our Commander-in-Chief, in telling us of the hideous slaughter of our aviators by the Tokio war lords. You can express your personal determination to avenge our murdered flyers by buying more War Bonds today. They gave their lives. You lend your money.

THEY GAVE THEIR LIVES, YOU LEND YOUR MONEY.

"It is with a feeling of deepest horror which I know will be shared by all civilized peoples, that I have to announce the barbarous execution by the Japanese government of some of the members of the armed forces who fell into Japanese hands as an incident of warfare.

"This recourse by our enemy to frightfulness is barbarous. The effort of the Japanese war lords thus to intimidate us will utterly fail. It will make the American people more determined than ever to blot out the shameful militarism of Japan."

Short Course for Cottonseed Oil Mill Operators

15th Annual Short Course At College Station on May 24-28 for Superintendents

The 15th annual short course for Cottonseed Oil Mill Operators will be held at College Station, May 24-28, according to F. F. Bishop, professor in the Chemical Engineering department of the A. & M. college of Texas, and director of the short course.

These short courses are designed mainly for superintendents of cotton oil mills. An attendance of 100 is expected for 1943 event. While the majority of these will be from Texas mills, registration at the 1942 short course showed participants from eight additional states.

The 1943 meeting will be streamlined throughout. According to the tentative program, the forenoon session of May 24 will carry an open forum on peanut and soybean crushing. That afternoon and through May 25, the time will be given to milling operations of peanuts and soybeans.

The annual dinner is scheduled for the evening of May 27, to be followed by the annual business meeting of the National Oil Mill Superintendents Association. On May 27 and 28, members of the Oil Mill Machinery and Supply Association will be guests at the short course.

ANSWER TOKIO KILLERS BY BUYING WAR BONDS

By HENRY MORGENTHAU, JR., Secretary of the Treasury

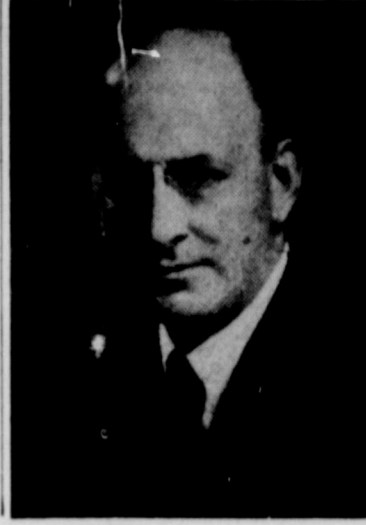

Every American can take a hand in exacting American justice for the Tokio savages who murdered our flyers.

Our people are thoroughly angry. Our anger will mean nothing in the fight to crush the Japanese war lords unless it inspires Americans to action.

We are now in the midst of a drive to borrow \$13,000,000,000 from the American people. Our theme, "They Give Their Lives—You Lend Your Money," has been given a stirring meaning by what has happened to our brave boys.

I think Americans will want to scrape the bottom of the barrel to lend all the money they can possibly spare to end that kind of atrocity as quickly as possible.

Our flyers gave their lives. All Americans at home are asked to do it to lend their money. Let your War Bond purchases today answer the murderers of Tokio.

May 23-28 Dates For Firemen's Training School

Dr. C. C. Hedges, head of the Chemistry Department of A. & M. College of Texas, has announced May 23-28 as dates for the 14th Firemen's Training school. An attendance of around 400 is expected this year.

These schools are held at the college each year for the benefit of volunteer firemen in small towns or rural areas and are not for paid firemen in larger cities where each department has its own method and course of training.

Three primary courses highlight the 1943 school: General basic training course, Red Cross lay-instructor first aid course and fire-department instructor course.

Where a community has a volunteer fireman attending the general basic training course it gets a 3 per cent reduction in the whole town fire rate.

Plans so far announced call for those attending the firemen's school to be housed in dormitories at the college and to take their meals in the mess hall. A nominal fee will be charged to cover actual cost of conducting the school.

Scotty Sigler, who has been working in the Panama Canal Zone, employed by the government, returned here Sunday for a visit with his wife and daughters, Sandra and Diane. He has been in the Canal Zone since last September.

Mr. and Mrs. Lester Bowman of Lamesa visited here the first of the week.

Mrs. Bill Hood, Mrs. Creed Lamb, and Mrs. Joe Webster were Childress visitors Tuesday.

Mrs. Hattie Bowdon of Electra is visiting her sister, Mrs. Ollie Tribble.

Mr. and Mrs. Edwin McCulloch and daughter Linda and Mrs. Homer Huggins and Miss Reba Saylor were Amarillo visitors Friday.

THEY GAVE THEIR LIVES

IT WILL make the American people more determined than ever to blot out the shameful Militarism of Japan. These were the words of President Franklin D. Roosevelt, our Commander-in-Chief, in telling us of the hideous slaughter of our aviators by the Tokio war lords.

If there was ever a challenge to the American people to buy more war bonds, that is one. You can help speed the day when we will bring the murderers of our boys to justice by buying war bonds to the very limit of your ability.

Every American has been stirred to burning anger, but getting mad is not enough. Make your anger count by buying a war bond today.

Says Henry Morgenthau, Jr. "Our flyers GAVE their lives. All Americans at home are asked to do is to LEND their money. Let your war bond purchases today answer the murderers of Tokio."

WHAT IS FOOD?

THE farm bloc's victory this week in Congress over the Farm Security Administration involves too much to be ignored by urban America.

Food is a vital weapon in this war. We are short of it. We need every bit of increased food production we can get.

The Farm Security Administration's assistance to more than one-third of this country's working farmers, has provided the brightest hope of all for increased food production. All reports show it is the small and medium sized farmers who can contribute most to the nation's food budget—but most of them can't do it without help provided by the Federal Government through an agency such as the FSA.

To take away from the small farmers of this country the kind of help available to them through the FSA is to minimize the danger of "too little, too late." It would lengthen the ration lines, and make available less food for our armed forces and our Allies overseas.

This is not an attack on the farm bloc, nor on any bloc. It is an appeal to the better judgment of our representatives to save one of the most effective programs ever established by our great democracy.

The hundreds of thousands of little farmers do not have powerful lobbies representing them in Washington. So it's up to the urban population to join in this crusade to help them help win the war. We are obligated to enable them to offer their gifts now for feeding us and our allies.

There is hope that the FSA's patriotic and humanitarian program may yet be saved in the U. S. Senate—saved for the little people in America. Your chosen representatives in Washington—your congressmen and senators—will be glad to know how you feel about it.

Press Paragraphs

SELECTED FROM THE DEMOCRAT'S EXCHANGE

Rights
The right to live in a free country. The right to worship as I please. The right to think and vote as I think best. The right to be industrious and honest. The right to hope and pray for an early victory and unconditional surrender of the enemy. Lastly, the right to buy war bonds and stamps. These are but a few of the rights I enjoy every day. It's great to be an American in the home land. Let's not forget our Americans "over there" who do not have all these rights in the battle area that we enjoy here at home. Buy bonds so the boys can bomb 'em.—Donley County Leader.

In 1945—If
We speak glibly of how long the war is going to last and how much toil and effort, blood and tears, how much spending and doing without it will entail, but we hardly realize what we say. You can't forget something you've never tasted, but you can't realize that a fire burns until you've been burned. If the war lasts into 1945, as is freely predicted, a great many things are going to be different in that year to what they are now. For one thing that automobile they are telling you must last for the duration. You will fully realize what that means by that time. You will be nursing the wheezy old boat along the like of which you've never done before. And your washing machine, and how you'll watch such little things as the radiants in your butane or gas heater. And we may even see the day when the young'uns get a good scolding for breaking dishes, for stopping the car with the brakes, for letting the calf get loose with the only rope that is any account on the place. All those little old things will be important and quite important in 1945—if.—Floyd County Hesperian.

Oranges in the Panhandle
We may be hearing about the citrus fields of the Panhandle. Sounds a bit far-fetched, but

Harry Danforth has proof in a real orange which Mrs. Danforth grew on a small tree in the Danforth yard. The orange is small, almost the size of a tangerine but not the same shape. And after all, citrus crops do not look any more impossible now than a potato and onion industry would have looked a few years ago.—Hereford Brand.

The wick of day burned low and stained the sky chimney with golden smoke. Time paused for an instant and held back a curtain of purple shadows while stars burned little holes in the gossamer twilight. All the beauty of countess ages swelled the crowded moment with a strange and sorrowful rapture, like the kiss of lovers parting forever.—Matador Tribune.

LEGISLATIVE GRAPEVINE

By GRADY HAZELWOOD

Through the legislative hopper this week went some of the most important legislation of the entire session. The rural aid bill passed the House with an increase of almost \$6,000,000. It was fully expected that rural aid would be increased in order to provide for a general raise in salaries for rural teachers. Two Senate bills passed, raising the per capita allotment from \$22.50 to \$25.00. There being something more than 1,500,000 scholars, the Senate bills provided for more than \$3,800,000.00 for increased teacher salaries in schools not receiving rural aid. But even these amounts will not provide more than from 10 to 15 per cent general salary increases.

The public little realized the seriousness of the teacher problem. In one of the larger city schools in the Panhandle area there has not been a single day since last September that there has been a complete faculty. In another town more than 60 per cent of the teachers employed in September have left for better jobs. In a similar rural aid school the entire faculty has completely changed three times since September. Many teachers can make twice as much money in war in-

dustry or other government work than they now receive.

The old age pension problem flared again this week in the Senate. First, the Senate and House free conference committees agreed on a substitute bill that got rid of the entire Board of Public Welfare. The House passed the substitute overwhelmingly and the Senate adopted it 17 to 9.

Next day the Senate reconsidered after being assured by certain members of the board that Murchison would be relieved of his duties at an early date. Then Murchison resigned and the board is now seeking his successor but without much success.

How fast the position of executive director is growing in importance may well be seen by the following figures. When the legislature met two years ago the amount of money spent and paid out for old age assistance by this man was \$18,463,000.00. The legislature increased the amount with the largest tax bill in history so that last year this same executive director paid out for this purpose \$42,000,000.00. The recent bill passed by the Senate provides an additional increase of \$3,600,000.00, and it is entirely probable that before the House and Senate finally agree that the last named amount will be increased to more than \$4,000,000.00, so that hereafter the man who holds this job will actually spend some \$46,000,000.00 per year. The Board of Public Welfare is composed of three very active business men who are necessarily engaged in the operation of their own personal affairs. The members of this board only receive \$10 per day for each day actually devoted to this work but not to exceed 60 days per year. The result is that with the executive director rests the operation and management of this department. Thus it will be readily observed by the tax payers public and by old age recipients that the choice of the new executive director is of great importance to the people of Texas.

116 Actions on Poultry Violations

In an intensive drive to stamp out black markets in poultry, 116 court actions have been started by OPA against violators of poultry price ceilings in 21 days. Moreover, 31 other dealers have been warned to stop over-the-ceiling sales or face suspension of their licenses. Sweeping changes in poultry price ceilings were recently announced as part of the campaign to stop illegal sales, with prices reduced from 1 cent to 10 cents per pound on expensive birds and raised 1 or 2 cents per pound for cheaper poultry. Revised prices are expected to effect substantial savings to consumers.

Plenty of Baby Carriages

Over 300,000 baby carriages will be made during the next two months to help meet the anticipated demand for 900,000 this year. In addition, 163,500 strollers, baby-walkers and sulkies are authorized for manufacture by June 30.

No Limit on Recapping

After May 1 there will be no restrictions on the number of certificates that may be issued for recapping truck tires. Because recapping takes only one-sixth as much crude rubber as a new tire, the OPA has removed quota restrictions so that the tires will not be driven beyond the recapping point.

Play Shoes to Be Rationed

"Play" shoes not ordinarily used for street wear, that are manufactured, packaged or shipped after April 15, 1943, go back on the rationed list. Such shoes, if they left a factory before April 15, remain non-rationed, even though they may reach consumers months later.

Blanket Sizes Reduced

Blankets cannot exceed 84 inches in length, except for white cotton sheet blankets, which may be 95 inches long, according to an order by the WPB. Furthermore, no line of blankets can be made in more than four colors, plus white. In general, only rose, blue, green, and cedar are permitted for solid color blankets.

Rationing Program Changes

Farm fencing and peanut pickers are no longer rationed; quota controls on milking machines, grain and forage flowers, portable and stationary elevators have been removed; and pressure cookers have been placed under rationing. The U. S. Department of Agriculture has announced. The 150,000 pressure cookers which will be produced in 1943 will be rationed by county farm rationing committees, to users showing

greatest need for them. Community organizations composed of several families who agree to use a pressure cooker jointly will get first consideration. Information can be had from the County War Boards.

"Hold the Line"

Farmer sand others now employed in an essential industry cannot change to a job at higher wages unless the change is in the interest of the war program, according to recent rulings of War Manpower Commission. Men now in unessential work are encouraged to get into jobs contributing directly to the war effort, even if an increase in wages is involved.

While your stay-at-home car fights ACID!...

INSTEAD of six or eight cylinders you may be using two wheels and two legs—and liking it. But it leaves your car lonely, with time on its hands. Last time you stopped, the engine stored up some acid products of combustion—no different from acids often found in any chemist's laboratory. Acid has always been present when engines stopped. But fortunately when you could drive at will, and when speed was not severely restricted, the results weren't as bad as they can be today.

Now with rationing keeping your car idle for days...with lower speeds that may leave your engine too cool...and with working parts often hard to replace, don't leave your engine stark naked to acids inside. For like water making rust, most acids work fastest on metal that's bare. But you can have the security made possible by OIL-PLATING—the acid-resistant surfacing that's bonded to metal by Conoco Nth motor oil.

Your Spring change to Conoco Nth need cost you no more than some oil or other that cannot OIL-PLATE. But Conoco Nth includes the advanced synthetic especially invented to overcoat inner engine parts with protective OIL-PLATING. That's the basis of Conoco Nth patents. And it's the right basis for an OIL-PLATED engine that can help to see you through to Victory. No matter how little you're able to drive—or how much you must!—get Conoco Nth oil this Spring. We went to Bethlehem. On the way to Bethlehem, which is only a short distance from Jerusalem...

dress like they did in those days and I saw a good many men who kinda looked like I imagined Peter and Paul would look...

as Lazarus town and it goes by that name. Of course, in the Hebrew tongue, which sounds like anything but that...

We went to the Garden of Gethsemane and to the Mt. Zion where you walk up Golgotha's hill and the path is marked where Christ actually carried the Cross.

Then we went in to see the big rock altar where Abraham offered up Isaac as a sacrifice. And this also is the same as it was then...

There's so much I've seen and could talk about until, well, there is no need to try to cover it all for a person could just keep on talking about it...

I saw the wailing wall in Jerusalem where you can always find Jews from some part of the world wailing over their lost Kingdom.

I have covered all the things of the Holy Lands that I've seen but as I said I don't think that could be done. It's a great place to see.

I will write more soon and you all write me every chance you get as I am always anxious to hear from you.

Be good and lots of luck always. Love, Eugene Welch

Jean—How do you know he's going all those places—did the man tell you?

Conductor—No, but this long ticket did. You see, it's really a lot of tickets linked together just like a chain. Each one of them belongs to a different railroad. Right now, I'm tearing off the Burlington Lines ticket and it says "from Ft. Worth to Denver." After he leaves Denver, he'll ride on several different railroads and as he does, each conductor will tear off his share of this long ticket.

Jean—A lot of other people on this train have long tickets, too. Are they all going where the man is?

Conductor—No, if you could talk to all of them, you'd find they came to Ft. Worth from many different places—from East, South and West. And you'd find, too, that they're headed for a lot of different places.

Jean—Then how do they all happen to be on this same Zephyr train?

Mother—Don't ask so many questions, dear.

Conductor—I'm never too busy to answer that question, young lady. It's because the Burlington is a natural link between railroads of the North, East, South and West. People just naturally find it convenient to use the Burlington. And, with our fleet of fine passenger trains, headed by 14 diesel-powered Zephyrs, they find it mighty pleasant, too. At least that's what they tell us.

will be in position to assist the merchants to a better understanding of regulations, thus eliminating the necessity of contacting the nearest branch of OPA on every problem which may arise. As the Price Panels become familiar with their new duties they will be handed additional regulations with the end in view that they will eventually be in position to solve most of the problems locally, thus eliminating to a great extent the delay and sometimes confusion resulting from the necessity of contacting the nearest OPA office.

The meeting with representatives of wholesale and retail food trade will be held at 8:30 in Childress. The importance of this meeting cannot be too greatly stressed. New simplified food regulations will be gone into in detail and everyone engaged in wholesale or retail food business is urged to attend and to bring their individual problems to the attention of those conducting the meeting. This meeting is not intended as a general meeting where regulations are merely explained, but is intended also to bring out the various problems

with which merchants are confronted and to solve them.

It is understood that Howard which merchants are confronted R. Gholson, district director of the Lubbock district office, will be there with Clarence W. Nichols, regional price executive of the Dallas regional office, J. B. Moon, district price officer and H. T. Gehring and W. A. Robertson, district price specialists.

This meeting in Childress is one of a series aimed at contacting all the War Price and Rationing Boards throughout the Lubbock district of OPA, as well as representatives of the wholesale and retail food trade in the whole area.

NEWLIN

By MRS. FRED HEMPHILL

—30—

With the passing of Mrs. Fred Hemphill of Newlin The Democrat loses the best community correspondent ever to write for the paper. She set the pattern for any and all writers, and her breezy, human-interest stories depicting community life week by week in The Democrat columns brought complimentary applause from newspapers of Texas and from many states.

Mrs. Hemphill had that happy faculty of making the most drab item of news scintillate and sparkle, holding the readers' attention to the final period. She never failed to give praise where merited, and cheer where needed. The Newlin people, as well as those of the entire county, will miss her writings in The Democrat.

About the nicest tribute concerning Mrs. Hemphill was penciled this week by Mrs. Fred Berry, correspondent of Estelline, at the close of her news items in a P. S. "Mr. Wells: All the nice words one can say for Mrs. Hemphill cannot half-way describe her beautiful life. Everyone who knew her loved her and all will miss her interesting articles and news items in your paper. I just wish I were capable of writing something good and dedicate it to her, just like she always did about others who passed on. Mrs. Berry."

Words fall at a time when one wants to use them in living and breathing sentences coming from one's mind and soul. The Democrat has lost its brightest and best and most loyal writer

You Can Do Something About This!

Tokio's Savagery Against Our Young Fliers Will Be Avenged

You can help speed the day when we will bring the murderers of our boys to justice by buying War Bonds to the very limit of your ability. Every American has been stirred to burning anger, every American can do something about it today. Your War Bonds will become the bombs which the comrades of our martyred boys will unloose time and time again upon these Japanese fiends until they beg for mercy. Age Requirements Lowered for NYA Training Program

Sixteen Year Old Boys and 18 Year Old Girls to Be Employed by Industries

A. D. Taylor, counsellor, will be in Memphis at the county court room, each Thursday between the hours of 9:30 and 3:30 to interview young men and women who are interested in preparing themselves for well paid jobs in war industries.

In view of the necessary expansion of our military and industrial personnel of maximum utilization of all available and potential sources of labor, the age requirements for enrollment of youth trainees have been lowered, to include youth between the ages of 16 and 18 years, whose services would not be immediately required in normal industry.

The Consolidated Vultee Aircraft Corporation of Fort Worth as well as numerous other concerns throughout the State plan to employ a great number of 16 year boys and 18 year old girls who will graduate from high school this year. Most of these young men and women will be employed by Consolidated Vultee after completing training at NYA regional centers. Sixteen year old boys are offered training in Aircraft Sheetmetal and are paid while learning this trade.

Eighteen year old women are particularly needed in war industries, who have had training in Aircraft Sheetmetal, Machine Tool Operation and Radio and Electrical assembly. Seventeen year old girls are encouraged to take training in machine tool operation and radio and electrical assembly.

Young women between the ages of 17 and 25 years, as well as 16 year old boys who are not now employed in vital war work, should see A. D. Taylor, counsellor of the NYA, as soon as possible as vacancies now exist at the War Work Training Center at Ranger.

A small wage of approximately \$16 per month is paid to trainees who receive their room, board, laundry and medical care while in training.

TOKIO FLIER URGES BOND BUYING TO AVENGE BUDDIES

By CAPT. HAROLD F. WATSON of Hartford, Conn., one of the American fliers who was with Major General James Doolittle on the raid over Tokio.

Every American is eager to do something to avenge the cold-blooded murder of our fliers by the Japanese. Americans at home need have no concern what the Army Air Forces are going to do. We will go back many, many times over Japan until their savage masters are beaten into the earth.

There is one vital thing every American, whether in uniform or not, can do in destroying the Tokio savages and avenging my buddies. And that is to buy War Bonds. Every War Bond you buy will help to put more and more planes and fliers over Japan.

Getting mad is not enough. Make your anger count by buying a War Bond today.

A NATION'S WEALTH IS IN ITS HEALTH

In times like these, the preservation of sound health becomes a matter of national concern. For health is our first line of defense. As good citizens, we can contribute to the Preparedness program by getting well and then by keeping well. This is no time for "half-way" measures. As our contribution to the cause, we urge you to consult a reputable Physician, and to heed his experienced counsel. And remember, in this establishment, your Physician's prescriptions will be carefully and competently compounded.
