Civic Bodies Launch Plan To Elevate Musical Unit

Continuance of the present set-up of the Memphis Gold Medal Band seems assured, following a two-weeks' drive for funds by local committees from the Memphis Junior and Senior Chapters of Commerce, officials of the organizations declare.

It played for the Young Men's Convention in Amarillo and broadcast a program from an Amarillo radio station.

Ways and means of attending the Texas Centennial in June will also be up for discussion.

Hall County has been notified by the State Department of Education, Austin, that the quota of children from this county to the Centennial has been set at 250. Miss Vera Gilbreath, county superintendent, has announced that the quota will be filled. The pageant here will help defray the Centennial trip expenses.

Further Plans of Trades Days Here

In connection with the Memphis Trades Day to be held on Saturday, April 11, an extensive distribution of advertising matter was carried throughout the county and the Memphis trade area during the past week.

Considerable interest is being manifested in the Memphis Trades Day. A band concert by the Memphis Gold Medal Band will be held on the square at 5 o'clock in the afternoon on each Trades Day. The final program of the day will be held at 5:30 p. m., which has been changed from 8:30 p. m.

HOW ABOUT CHANGING HUSBANDS?

You wouldn't change for the world. But if you could improve your husband's appearance and his disposition, you'd be proud to do it, wouldn't you?

You can make a big change in your husband by having his iron shirts. No matter how hard you try to please, you just can't hope to iron shirts at home to look as nice as those pressed by our skilled workers, in our modern, especially designed equipment.

Hubby will be pleasantly surprised how much nicer his shirts look. He'll be delighted how much more comfortable they are to wear. It will be a big comfort to you, too, not to have that dreaded shirt ironing to do every week. Have the shirts ironed in your next bundle and you'll see why we say shirt ironing is our specialty.

PERTINENT OBSERVATIONS
 CONTRIBUTED BY JANUS

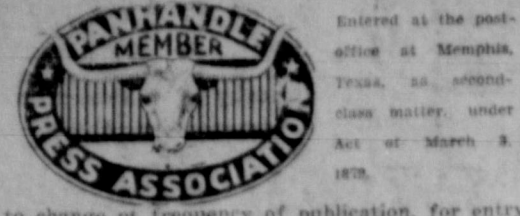

The Memphis Gold Medal band has the rhythm, marital quality, and power that marked this band in former days under the old maestro, Paul James. In recognition of its value as a community asset the city very generously underwrites its continuance. This band will again fill its roll creditably as the official band of the W. T. C. C. convention in Amarillo May 10-13.

The hills south of the river rise, silent sentinels, out of the sand base. One encounters what at first seems a low lying smoke screen along the highways through the farms of the county. Seen closer these prove to be aluminum wire enclosures for the trees put out along the highways, to protect them from rabbits. When we look upon these orderly rows of trees, and think upon the time of their full stature, one recalls the lines of Joyce Kilmer:
 "A tree that may in summer wear
 A host of rubins in her hair,
 Upon whose bosom snow has lain,
 Who intimately lives with rain."

The marker of the highway at good old Salsbury, spelled "Salsbury." Too much should not be expected of spelling in this age of flight but we wonder what the founder of Memphis would think of Salsbury being spelled in the above manner.

Hall County apparently was once the bottom of the sea. On clear days, and swirls and eddies along the valleys as water oozed. And concrete highways become in places great and valley of the waves over which flow traffic. A fine impalpable sand blows over the land—no doubt as the fog once hung above the sea. When this changes however, and the red loam is borne steadily on a stiff wind, the going is tough, and we need to think of the days ahead with blue skies, and gently breezes perfume laden, that shall bring us more orderly weather. It is then that the Upper Red River Valley becomes to us a land of milk and honey.

THE FARM PROGRAM

EVERY FARMER in Hall County is interested in the new agricultural program putting into effect the Soil Conservation and Domestic Allotment Act, which replaces the AAA plan recently declared unconstitutional.

On page one of The Democrat will be found information released by County Agent R. E. L. Patillo who has just returned from a district meeting in which the new plans were explained. Meetings of the farmers will be held soon to acquaint them with the new program in detail.

The new program is somewhat similar to the AAA, but is more extensive and aims at more lasting results. Bases of old reduction contracts will be used in establishing base for conservation of soil.

It is planned to pay the farmers for two things in one check—soil conserving and soil building. Three classes of crops are taken into consideration—soil depleting, soil conserving and soil building.

Properly carried out, the program will mean improvement of farms, better crops and prices. Land will be taken care of and kept productive for generations to come.

SPEEDING IN MEMPHIS

PEOPLE, as a rule, favor safe driving. This is true this year more than ever before. The appalling number of injuries and lives lost, caused from carelessness in driving automobiles, has awakened people to a sense of responsibility in the matter, and they are now demanding of their fellow men that they drive safely.

Especially is this true in Memphis. Speeding on the main thoroughfares must be curbed, those favoring safe driving say. Fast driving on the streets is done mostly by the young people, most of them in their teens. These drivers do not slow up for traffic and would be unable to stop their cars should some other car or person start across the street at an intersection.

The town speeder may wind up one of these days with an accident—that could be avoided by safe driving—and some person, probably a child, will have to go through life a cripple, or else will be taken to the city of the dead—all because of carelessness.

Drive carefully!

TWO ELECTIONS SLATED

TWO ELECTIONS are slated for Memphis shortly, one for Saturday and one for Tuesday.

Five wardmen are to be elected Saturday for the city of Memphis. Wards one, three and four will elect a wardman each, while ward two will elect a wardman by the expiration of the term of one and the term of the other. Petitions for the ticket are being circulated by citizens in several wards.

Two places on the board of trustees of the Memphis Independent School District will be filled by election. Tommie Potts and E. E. Roberts are the two out-going members of the board. Their names have been placed on the ticket for re-election.

Both, city councilmen and school trustees, do not receive a penny of compensation for serving on the boards. They do it because of their desire to be of service to their community. Express your confidence in the men whose names are on the tickets by taking time to vote.

The Voice of the People

Editor's Note—This space is open to all readers of The Democrat for the purpose of expressing their opinions on any and all subjects. All signed letters will be returned here upon request, as long as they are of a sane, sensible nature. The following should be considered as the voice of the people, in the manner prevailing on the editorial policies of this newspaper.

To the Merchants of Memphis:

As I am a PWA worker and have made mulligan stew several times for the laborers out on the graveling project southeast of Memphis, and am in a position to know the sentiments of the crew, I am saying for the entire crew that we certainly appreciate you merchants giving us the ingredients for the mulligan. We want to thank each of you for the past favors, and will remember to patronize you in the future.

We are not begging as some have seemed to think. Mr. Jess Cameron, our foreman, went into one store and offered the manager an opportunity to get in on the treat. The manager gave Mr. Cameron to understand that he was feeding all the people he cared to feed.

Some people seem to think because we are on relief work we are the scum of the earth, and many times point a finger of scorn and speak words that are grievous and hard to bear. The majority of us are victims of circumstances and can't help our position. I know there are some who have never worked and never will.

So we want you merchants to know that when we are tired and hungry after stooping gravel for half a day it is very nice to have a big pot of hot mulligan to eat, and after it is all over there are many a full stomach and glad heart.

Yours,
 T. H. TULL, Memphis.

Automatic Twins
Dinner's all ready!
 The Automatic Electric Range Is the Answer!
 Every member of the family appreciates wholesome, well-cooked food. It's necessary to health! However, few people realize, except the housewife, the toil and drudgery necessary to prepare three meals a day. Just think of preparing over a thousand meals a year beside the many other laborious duties of a housewife.
 Many West Texas homemakers have found a happy solution in the elimination of unnecessary toil in the kitchen. Today, the modern mother can place an entire meal in the oven of her range, set the oven control and time control and return home hours later to find a "piping hot" meal ready to serve. This is the marvel of automatic electric cookery!
