FIVE CENTS

NUMBER 49

School Program To Start Monday

Probably one of the least expensive, and yet most entertaining, features ever to be offered to Memphians and other Hall County residents of all ages will be started at the Memphis High School next Monday.

The features are the activities of the summer recreational program, which is being sponsored by the Memphis Public Schools through cooperation with the Works Progress Administration.

Five different periods of activities have been arranged. Mrs. Roy Guthrie, supervisor-general, said this week. Four of the periods will run with activity five week days—Saturday excluded—and the other will be the night program for four nights—Saturday and Wednesday excluded.

The morning periods will be between the hours of 9 and 12 o'clock. Two groups will be included: pre-school children, and children between the ages of 7 to 11, inclusive.

The afternoon program will be from 4 to 7 o'clock, and two groups, 7 to 11 years of age and 12 years and up, will be included. Those taking part in these activities will not be required to be at the school at the beginning of the periods, and may leave at any time, Mrs. Guthrie explained.

The night programs will be from 8 to 10 o'clock on Monday, Tuesday, Thursday, and Friday nights. Highlighting the night activities will be the softball league games, which are open to the public. Also at night a supervised nursery will be open, as well as a playground, with equipment, for children. The nursery will be only (Continued on page 6)

Spudders, Texians Battle to 1-1 Tie; Five Innings Played

Weather once more interfered with the opening baseball game of the Memphis Spudders Sunday afternoon, but five innings were played with the Amarillo Texians—with the score a 1-1 tie.

Next Sunday, the local players will meet another Amarillo club, the Dalby team managed by Skeet Gibson. The game will be held at 3 o'clock in the afternoon, Don Wright, manager, announced.

"The Gibson team is a hustling club," Wright said, "and is expected to give the local boys a hard fight. We are going to have a fair team here, however, if our group continues to improve the way they are now doing."

Bootlegging Days—'LEGAL' LIQUOR ON ROCKS AGAIN

Unrestricted liquor sales in Memphis, under the somewhat doubtful heading of "drugs," practically went out of existence Monday when Governor W. Lee O'Daniel signed into a law a bill prohibiting physicians from writing prescriptions for liquor in 90 days.

The law, designed to curtail liquor sales in dry areas such as Hall County, provides prescription forms must be obtained from the state liquor board, and the doctor must write his diagnosis of the patient on the form.

SATURDAY DATE OF POPPY SALES

Two Tables to Be Placed On Square; Girls to Aid In Memorial Flower Sales

Final plans were made this week for Saturday's semi-annual sale of poppies, the proceeds of which will go for the care of disabled veterans of the World War.

Two tables, one on the south side of the square and the other on the west, will furnish sales outlets for the poppies, Mrs. J. E. Roper, chairman of the sales committee of the American Legion Auxiliary, said.

In addition, two girls will make a store-to-store canvass of the business district during the day to aid in boosting the poppy sales, the chairman explained.

One thousand poppies have been ordered, Mrs. Roper said. Last fall, about 750 poppies were sold, and a profit of slightly more than \$90 was realized.

This spring sale of poppies is (Continued on page 12)

Diplomas Awarded To 24 Graduates Of Estelline High

Honor Students of Class Evelyn Marcum, Louise Helm, and Bob Ewen

Twenty-four graduates of the 1941 class of Estelline High School received their diplomas Monday night at the annual commencement exercises in the school auditorium.

Baccalaureate services were held Sunday night.

Honor students of the class are Evelyn Marcum, Louise Helm, and Bob Ewen.

The commencement program was as follows: Processional, Cecil Solomon; invocation, Rev. V. Henderson; salutatory address, Louise Helm; piano solo, Melba Faye Price; class history, Allen Greer.

Class prophecy, Bob Ewen; class (Continued on page 12)

Poison Is Ordered For Grasshoppers

A large number of small, but hungry, grasshoppers were reported as moving into Hall County this week, and the county commissioner's court and county agent took steps to fight the possible disastrous effect of the insects.

Poison has been ordered from government stations to aid in destroying the grasshoppers, and it is believed that governmental agencies in Hall County will cooperate in the fight.

The grasshoppers are of the Mexican migratory variety, and are small, black insects.

Talking Marathon—First in History—To Be Held in City

The world's first talking marathon will be held in Memphis. The marathon will be staged on the east side of the courthouse Saturday afternoon, May 31, beginning at 1:30 o'clock, and a prize of \$25 will be given to the person who can talk the longest about the Old Settlers Reunion and Rodeo, to be held here June 17 and 18.

All contestants will start at the same time, and the winner must talk at least an hour. It is expected that the contest will last at least eight hours and possibly more.

ELECTED—Ed Leary of Estelline, who was chosen as chairman of the supervisory board of the Hall County soil conservation district at the first meeting held Tuesday in Childress.

Leary of Estelline Made Chairman of Soil Supervisors

Board Meets in Childress To Organize; John Sharp Of Turkey Is Secretary

Ed Leary of Estelline, one of the two men first appointed, was chosen as chairman of the supervisory board of the Hall County soil conservation district at the initial meeting of the five-man group in Childress Tuesday morning.

Named as vice chairman was C. E. Fletcher of Lonie, and as secretary John Sharp of Turkey.

The board, meeting in an all-day session in the office of Childress County Agent V. E. Hafner, was organized, and preliminary plans were made to begin the actual work for the recently-formed district.

Meeting with the board were representatives of the soil conservation service, forestry service, and other federal agencies.

The board will meet again in Childress on June 3. Following a business session, they will go to the Johnson ranch north of Childress for field work, it was explained.

Memphis was designated as the official meeting place, although sessions will be alternated when necessary.

Members of the board, other than the officers, are W. P. Close of Kirkland and Wilbur Williams of Carey.

Former Resident, Mrs. W. N. Orr, Dies

Funeral services were held Monday afternoon in Tulsa for Mrs. W. N. Orr, former resident of Hall County and sister-in-law of W. D. Orr, local business man.

Mrs. Orr died Saturday at her home near Tulsa. She visited in Memphis often, the last time only about two weeks ago.

As a former resident, Mrs. Orr at one time lived in the Plaska community, and after that she moved to Memphis. She lived here about 25 or 30 years ago.

Celebration Committees Named; Contest to Start

QUEEN OF WEST TO BE SELECTED

Lapel Buttons to Be Sold To Decide Winner; Contest To Begin Friday at Noon

The contest for Hall County's Rodeo Queen—the "Queen of the West"—is going to be her real title—will officially get underway Friday at noon, Carroll Smyers, general manager of the Old Settlers Reunion and Rodeo, announced Wednesday.

Closing date for the contest will be Monday at noon, June 16, the day before the celebration opens. All proceeds will be used in defraying expenses of the old settlers reunion.

Any young woman in Hall County may enter, and all she has to do is sell lapel buttons advertising the reunion and rodeo. The girl selling the most buttons will be crowned queen at the formal opening of the celebration on the old settlers pavilion at 10 o'clock Tuesday morning, June 17.

All contestants must register (Continued on page 6)

Three Rains Bring Two Inches More Moisture to City

Tuesday's Fall Heaviest With 1.8 Inches; Morning Showers Total .15 of Inch

"This certainly is a wet country."

As this saying went the rounds again this week, three more rains fell in Memphis to bring the total amount for the year to 12.69 inches.

Heaviest of the three rains came Tuesday, when 1.8 inches fell. The fall Tuesday morning was extremely heavy, and intermittent showers continued throughout the day.

Sunday afternoon, .12 of an inch fell to quiet a sudden sandstorm which was ushered in by a high wind.

The other rain of the week came this morning, bringing .15 of an inch in moisture.

Temperatures during the past week remained on a somewhat even keel, with the low of 53 degrees coming Wednesday afternoon, and the high of 88 last Thursday afternoon.

Temperatures of the week are as follows: Wednesday high, 58, low, 53; Tuesday, 68-56; Monday, 85-63; Sunday, 84-64; Saturday, 84-60; Friday, 84-61; Thursday, 88-67.

Home of Mrs. Rich Destroyed by Fire

The farm home and household goods of Mrs. G. W. Rich, north of Lesley, were destroyed by fire last Friday.

Mrs. Rich was in Paris at the time, at her father's bedside. Her children were at home when the fire was discovered, but efforts to extinguish the blaze failed.

WINNERS—James Baldwin, top, and Peggy George Walker, bottom, who were named last week as valedictorian and salutatorian, respectively, of the 1941 senior class of Memphis High School. Other students in the high-grade bracket were not listed.

WINNERS—James Baldwin, top, and Peggy George Walker, bottom, who were named last week as valedictorian and salutatorian, respectively, of the 1941 senior class of Memphis High School. Other students in the high-grade bracket were not listed.

Five Men Drafted Into S. S. Army

Only five of the six men listed as draftees for the Selective Service army last week left Wednesday night, since the trainee who was in New Mexico returned to Memphis in time to fill his share of the call.

Those leaving were Raymond Holley Mason, Raymond Macon Paschall, Elvin W. Totty, J. E. Meadows, and John Wesley Hatley.

Edward Durward Jones was the third of the three substitutes, and when Mason returned from New Mexico to leave with the group from Memphis, Jones did not have to go.

Three of the men will fill the quota for the last call received for Hall County, and the other two will be replacements.

PLANS OUTLINED FOR FESTIVITIES

For Rodeo Performances To Be Held; Lyons Stock of Byers Obtained for Shows

More plans for the annual Old Settlers Reunion and Rodeo, to be held in Memphis June 17 and 18, were outlined this week, and committees to lead work preliminary to and during the celebration were named.

The pavilion for the old settlers reunion will be erected in the midst of the trees back of the Carnegie Library in the park there, and all platform program ceremonies will take place there.

Merchants were requested this week to be on the look-out for girls to ride as their representatives in the sponsors contest during the rodeo. Practice drills will begin June 2, Mrs. Murray Dodson, who is in charge of the contests, said this week.

Contestants in the local sponsors contest must be at least 12 years of age and must live within 25 miles of Memphis. A fee of \$3 will be charged each merchant who enters a representative.

No free barbecue will be held this year, the old settlers decided by a vote in the recent meeting held in Memphis. Instead the pioneers decided that each family should bring a basket lunch on both days of the celebration. The dinner-on-the-ground will be held in the new City Park in Memphis, where tables and chairs will be arranged to care for the crowd.

The rodeo committee of T. D. Weatherby, chairman, Wendell Harrison, and Chas. Williams is already well along in outlining (Continued on page 7)

Russell McClure In Semi-Finals of Green Belt Match

Smith, Dial in Championship Flight Are Both Defeated; McClure in First Flight

Only one Memphian, Russell McClure, remained in the Green Belt golf tourney at Childress, this morning out of six who qualified to play Monday.

O. B. Smith, one of the favorites of the tourney, lost in the quarter-finals Wednesday afternoon, 3-2, to Grover Austin of Pampa, another who has never won the title but who has been near it a number of times. Smith had beaten Billy Holmes of Shamrock Wednesday morning.

Murray Dial, who qualified Monday with a 74, was downed Wednesday by Charles Johnson of Altus. Dial and Smith were the only two Memphians in the championship flight.

R. S. Greene, McClure, and C. O. Davenport qualified for the first flight, and George Thompson Jr. for the second flight.

McClure dropped Greene from the tourney Wednesday afternoon, and Davenport was downed by G. D. Beard of Childress. Thompson defaulted in his first match Tuesday.

Qualifying scores of Memphians were as follows: O. B. Smith, 72; Murray Dial, 74; (both in championship flight); Rufus Greene, 89; Charlie Davenport, 90; Russell McClure, 90 (in first flight); George Thompson Jr., 96 (in second flight).

Deaver to Attend General Assembly

John Deaver, district attorney of Memphis, has been elected a delegate to the Amarillo Presbytery to the General Assembly, which meets in St. Louis May 23 to 28.

Mr. Deaver has served for a number of years as an elder in the Presbyterian Church. He is a trustee of Trinity University, and active in Presbyterian work throughout the state. He left for the assembly Tuesday.

--Proclamation--

"Whereas, the wearing of the memorial poppy is a fitting and effective way of keeping bright the memory of those young men who gave their lives in America's service in the World War, and

"Whereas, the men of Memphis served gallantly in that war, some being called upon to sacrifice their lives in that service, and

"Whereas, the present national emergency requires the same type of unselfish patriotism displayed by the men and symbolized by their memorial flower, and

Whereas, the women of the American Legion Auxiliary will distribute veteran-made memorial poppies throughout the city on Saturday, May 24,

"Now, therefore, I, J. C. Wells, Mayor of the City of Memphis, do proclaim, Saturday, May 24, to be Poppy Day in the City of Memphis, and urge all citizens to observe the day by wearing the memorial poppy of the American Legion and American Legion Auxiliary in honor of the men who died for America in the war of 1917 and 1918."

ENTERTAINMENT—Swimming and boating will play an important part in the entertainment features of the Boy Scout camp this year at Camp Ki-O-Wah near Canadian.

Registrations for Camp Ki-O-Wah Of Boy Scouts Indicate Good Season

Registrations for Camp Ki-O-Wah, the Boy Scout summer camp of the Adobe Walls Council, indicate another banner season.

Many boys are registering for the full camping season which will mean that they will have earned almost one half of their camping for their Camping Merit Badge requirements.

The questions most frequently asked are "Who is going to be cook?" and "Will I be able to paddle one of the canoes?"

The waterfront activities will again attract these boys who are anxious to pass their swimming and life-saving tests.

Parents are urged to bring their boy to camp so that they can see what their boy is getting from the program.

That Reminds Me

BY RALPH HERBERT

BOOM towns are much in the news these days. Defense industries and army encampments are having a far-reaching effect on many communities.

A friend of ours who has always lived in a northern state, recently joined her husband, who's a doctor at an army camp in a southern state.

"This city is very lovely in lots of respects," she writes. "It's an old southern town with beautiful big homes, lovely gardens, moss-hung oak and cypress trees."

"Right now, the northerners and the government have succeeded in turning the town upside down. One can hardly blame the townspeople for resenting us."

Memphis Will Be Proud of the NEW WOMACK FUNERAL HOME

Opportunities were open for finer funeral arrangements at more reasonable prices. Womack is recognized to have brought this service to Memphis.

The Womack Funeral Homes are causing others to advance their standards and bring more modern equipment into operation.

Here are only a few of the features of the new home: A family room with Casket Alcove. Thus, your loved ones will be treated in the same home-like atmosphere as in your own home.

WHY?

Why was the Womack Burial Association the first to bring a complete funeral service policy? Why have the sick and suffering been denied the privileges of Ambulance Service on the scale as offered by the Womack Institution?

TAXPAYERS

Records prove that Hall County has paid less money for county funerals since the Womack Burial Association came into existence.

COLORED FUNERAL HOME:

In order that the colored folks may be entitled to considerations, as they must be taken care of. While racial differences exist in church worship, and living conditions, therefore the Womack Funeral Home has provided this difference through funeral arrangements.

friends to sit with your loved ones at the New Womack Funeral Home, as every detail will be taken care of as though it were in your own home.

For bad weather conditions, a side entrance for the family directly into the family room.

Truly the most complete modern preparation room in this locality.

A casket display room with merchandise so priced that no family will be denied the services of Womack Funeral Homes, regardless of their means.

WITHIN YOUR MEANS

While the equipment of the Womack Funeral Homes is of the most complete and finest in this locality, the PRICES have been most reasonable (ask those that have been served).

WHY BE WRONG?

Many untrue stories about the Womack institutions are told by soberless and malicious or misinformed people. Possibly no other institution is so little understood.

covering the hillsides on this route are known as the cloth of gold. The wild onion and verbena add a touch of blue and purple to the landscape, while the salmon mallow here and there blend in a delicate shade of orange. Total length of this drive is about 47 miles.

A longer loop of 70 miles is also recommended. This drive follows Noel Street on the feeder road from Memphis east to intersect US Highway 83, thence to Childress and back to Memphis. The yellow cloth of gold is especially beautiful about two miles east of Memphis and three miles north of Childress.

All along this route are patches of salmon mallow, verbena, wild onion, primrose, and many other varieties. A special invitation is given to all Memphis people making this drive to visit the rose garden on the highway department grounds in Childress.

Special attention is called to the birds visiting us. Great numbers of warblers are Hall county guests this year. Their singing is almost identical to that of a prized canary. They are quite sociable and are not disturbed by people in cars. The males are rather dashing in their brilliant black plumage with a white stripe on their wings. The females, who have to stay home and look after things, are not so colorful. It is indeed a treat to hear a dozen or more of these warblers singing at the same time. The motorist who encounters a flock of these birds will have no regret for stopping a few minutes to hear their song of spring.

The flowers can best be enjoyed when examined closely. Some varieties have a delicate fragrance that will not be noted from a moving automobile. A leisurely stroll through some of the fields is an interesting experience and is recommended.

A New York engineer, speaking of air raid shelters, says a seven-foot thickness of cotton would resist the penetration of a 6,000-pound bomb falling from 30,000 feet. A 2,000-pound bomb falling 15,000 feet would penetrate six feet of reinforced concrete.

No Fifth Columnists Here!

Pictured above is Congressman Martin Dies congratulating John Wilson, left, President of the Wichita Falls Chamber of Commerce and President of the Wilson Manufacturing Company, and D. H. Bolin, President of the Wichita Engineering Company Aviation School on their part in training mechanics and machinists for the National Defense industry.

Here's Bits of—
SELECTIVE SERVICE NEWS

Amendment of Selective Service regulations to make it mandatory for every registrant to have his registration certificate in his possession at all times and to present it upon request of proper authorities has been announced by General J. Watt Page, state director.

Failure of a registrant to have his registration certificate in his possession, or to exhibit it upon request of authorized officials, will constitute a violation of the regulations and, in addition, shall be construed as prima facie evidence of his failure to register, General Page said.

Texas registrants have been called upon to investigate possibilities of having remediable physical defects corrected prior to local board examinations, and to seek the aid of their personal physicians and dentists in improving their general health.

The Selective Service system is seeking to reduce the percentage of men rejected by local board examiners on physical grounds through an extensive program of rehabilitation, it was explained.

A warning was issued to all registrants this week by General Page that they must notify their local boards promptly of any change of address, or become liable to severe penalties.

Any registrant who fails to conform to the Selective Service Act and Regulations is liable to punishment "by imprisonment for not more than five years or a fine of not more than \$10,000, or by both such fine and imprisonment."

Strictly Fresh

A NEBRASKAN listed this group of occupations in his draft board questionnaire: constable, church janitor, school janitor, school bus driver, stock buyer, custom butcher, cattle dehorner, thresher, buzz saw operator, canning factory foreman, election board member and cider press helper. In other words, a one-man blitzkrieg.

Man has the longest life span of any of the mammals, with elephants ranking second. We forget whether man is second to the elephant in ability to remember.

Greengage plums are named for Sir William Gage, who introduced them to England. It's a good thing Lord Beaverbrook didn't introduce them. You'd have to call them Greenbeaverbrook plums.

3-Way Plan Aids Many Groups

More cotton clothing, less cotton in the warehouse, more food on the pantry shelf—those are the aims of the new Supplementary Cotton Program of the U. S. Department of Agriculture. Not only farm people, but also merchants, manufacturers, laborers, and others who help turn cotton into finished goods will be assisted by the three-fold plan. Under this program, farmers who make a further voluntary reduction in their cotton acreage in 1941 may earn cotton stamps, which they can use in their local stores to buy cotton goods. A special \$3 payment also will encourage home food production. Symbolic of what the program offers are the cotton coat and dress worn by the farm girl above; the row of cotton bales, of which there is a surplus of more than 10 million; and shelves of home-canned food direct from the family garden.

Work Is Started On Model Home of Cameron Company

'Texan' Low-Cost House To Have Five Rooms; To Have Opening in June

Work was started recently on the Cameron-built, "Texan," model, low-cost home at 620 South 7th street. After completion, this home will be open for public inspection one week in June, which has been proclaimed by Governor W. Lee O'Daniel as "Texas Home Building Week."

This is one of 36 demonstration homes Wm. Cameron & Co. is building in 35 Texas cities and towns as this company's part to cooperate in making "Texas Home Building Week."

The purpose of this home, declared D. J. Morgensen, manager of the local Cameron building material store, "is to demonstrate by practical example that a modern home can be built today with good-quality materials and paid for with monthly payments of less than one dollar per day."

The general construction work is being done by E. Bean, contractor. Sub-contractors are: Bill Ragsdale, electrical installations; Angus Hunkaly, plumbing; Vesta Thompson, painting, decorating, and paperhanging; and E. H. Godfrey, cement work. Furniture and furnishings for the open-house week will be provided by King's Furniture.

The FHA has already issued a commitment to insure the mortgage upon completion of construction, and FHA inspectors will be on hand to inspect and approve the construction as it proceeds.

The materials, in addition to FHA-approved sound-quality lumber, include the step-saving flax-less kitchen and other ideal built-in cabinets and woodwork. Ideal windows, doors, screens, and other items of ideal standardized millwork. Minnesota brand paint was selected because of its exceptional ability to withstand the strong sunlight and other severe weather conditions of the Southwest, it was explained. Choice selections of Cameron's "1941 Smash Hit" wall-papers will be used. Effective termite shields will be built into the foundation to exclude termites and all other crawling insects. Oak floors will be installed thru the house. The roof will be No. 1 Perfection shingles.

to changing the name of the home town. Indications are good for the drought to be broken. The farmers are ready for some open weather so they can plant. One farmer attempted to plant anyway, regardless of the wetness of the ground. He was plowing a furrow, planting corn as he went, looking back and saw a catfish following and eating the grains of corn. So he quit in disgust. Vegetation, especially weeds, have never grown so fast before.

The expected happened this week. Governor W. Lee O'Daniel threw his hat into the U. S. Senatorial race. His friend Hal Collins, who had been in the race a week or so, took his hat out of the ring when O'Daniel announced. The race will be interesting during the rest of the campaign. The program committee of the Old Settlers Reunion has already invited Governor O'Daniel. Congressman Martin Dies, Congressman Lyndon Johnson, Attorney General Gerald C. Mann, Dr. Brinkley and other senatorial candidates to appear on the program June 17 and 18. Friends and supporters of these candidates should write them urging them to appear here at the reunion.

In a decade, the farm population of the United States has increased only one-tenth of one per cent. The population of the country as a whole increased 7.2 per cent.

The Game, Fish and Oyster Commission operates 10 state fish hatcheries, which last year produced 7,454,962 fish for distribution, an increase of 36.1-2 per cent over 1939, when 5,115,761 fish were distributed.

for small children, and toys will be furnished.

In addition, Mrs. Guthrie explained, social mixer games will be played, singing will be held, square dancing will be staged, and roller skating may be a part of the entertainment.

If there is a demand, the supervisor said, an arts and crafts shop will be opened. A Spanish Club is also to be organized, it was explained.

Coach C. E. Headstream will be in charge of the softball, tennis, croquet, and horseshoe pitching. Gene Barnett, vocational agriculture teacher, will supervise a rural recreational program, and Mrs. Barnett will be in charge of the summer cafeteria.

The libraries of the schools will be open to the public, and three librarians will be employed to aid patrons.

Supervisors for the recreation periods will be Mamie Robertson, Wilma Watson, Sophy I. Melton, Mary Smith, Lola Reynolds, Robert Mauck, Henry Wasson, O. L. Barham, Jim Oakley, and Henry Romines.

with the Memphis chamber of commerce office, and registration will begin immediately. Names and scores of all contestants will be posted on a bulletin board on the courthouse lawn, Snyers said.

The winner, in addition to leading the grand entry at each performance of the rodeo and being presented at each performance, will be given a western hat, shirt, and Jodhpurs, and furnished with a horse.

No age limit is placed on the contestants, and any young woman may have as many helpers as she likes. The buttons may be sold anywhere in the United States, Snyers said.

Rural Texas Girls Carry on Projects In 4-H in 1940

Over 38,000 Girls Can 2,400 Tons of Food; Clothed Themselves on \$17 Yearly

Food in tons and millions, beauty and comfort, and fun homes—That's the story of 38,851 girls enrolled in Texas 4-H Clubs in 1940. This work, explains Onas Jacks, state girl's club agent, is carried on with rural girls by the A. and M. College of Texas and the U. S. Department of Agriculture cooperating.

The average of these girls is 12, but despite their youth Miss Jacks says, "they are certainly busy at the job of improving the health of themselves and the folks about them." For example, last year they canned over 2,400 tons of food. And that does not include the vegetables used fresh out of 18,520,530 row feet of gardens they grew. In addition, they're preparing to "make a dent in the countryside" with 111,167 fruit trees and vines and 12,443 ornamental plants they have rooted from seeds and cuttings.

A great many 4-H Club girls in Texas reported clothing themselves for the year on about \$17. They kept their own records to find out about this. The fact that they made 86,791 garments themselves and improved their methods of selecting and caring for clothes made that \$17 expenditure possible, Miss Jacks says.

While their 4-H records don't show great money profits, the girls spent 68,620 on home improvements to bring "comfort, convenience and beauty to more people even than their own families."

These girls worked in 2,076 clubs in 191 counties. While they did most of their own planning and carried out their plans, each club had an adult sponsor who is a volunteer local leader.

Two County Boys To Get Degrees

Two Hall County Youths are candidates for degrees from Texas A. and M. College with the class of 1941. The two are Thomas Robert Harrison of Memphis and C. Leary of Estelline.

Harrison will receive his bachelor of science degree in economics, and Leary will be awarded his bachelor of arts degree in liberal arts. A total of 809 students will receive degrees at the commencement exercises June 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 1941.

County 51 Years Old on First Day Of '41 Celebration

The first day of the Old Settlers Reunion and Rodeo, to be held June 17 and 18, will be on the actual anniversary of the founding of Hall County.

The county was organized June 17, 1890, and by a somewhat strange coincidence, this date was chosen as the first day of the celebration.

Chamber of commerce officials, who did the date-choosing some time ago, did not have in mind the anniversary date, it was explained. The two days were chosen to conform with celebrations of other cities in this area—and June 17 was one of them.

Bragg, Mrs. Wendell Harrison, Mrs. Clyde Milam.

G. W. (Bill) Kesterson will be in charge of the ticket sellers and takers at the rodeo gate.

Booster trips: C. C. Meacham, Lee Rushing, C. T. Johnson, Jack Boone (a schedule of booster trips will be announced next week).

Relic: Mrs. H. D. Stringer, Mrs. L. W. Stanford, Mrs. R. S. Greene, Mrs. John Deaver. This committee will gather relics, heirlooms, and antiques throughout the county and place them on display in store windows.

Sponsors (both local and out-of-town): Mrs. Murray Dodson.

Registration (at the old settlers pavillion): J. M. Ferrel, Murray Dial.

Chair and seat committee (to arrange for seating facilities at the pavillion): D. J. Mogenssen and W. J. Bragg, co-chairmen of Memphis; Harold Hodges and Edgar Foster of Plaska; Ott Bevers and Lyman Davenport of Lakeview; Fred Hemphill and Frank Solomon of Newlin; Olson Sweet and Alfred Hutcheson of Salisbury; Alton Carr and Joe A. Ballard of Estelline; Dudley Adams and Kirby Hagan of Lesley; and O. D. Phillips of Harrell Chapel.

Through a new process, corn sugar may replace approximately one-fourth of the cane sugar now used in the manufacture of ice creams, ices, and sherbets. This would bring about use of about 25,000 tons of the corn product by America's ice cream industry each year.

The dairy cow can supply at least one-fifth of the farm family's food supply. The health of the family can be improved by the liberal use of dairy products and cost of living thereby lowered.

Nearly 200,000 oil and gas wells have been drilled in Texas to date.

Culture Club Has Final Meeting in Mrs. Grundy Home

The Woman's Culture Club met in the home of Mrs. D. A. Grundy Wednesday for the last meeting of the club year.

Mrs. Grundy, president, presided over the business meeting. A summary of the year's civic activities were given and it was found that the Woman's Culture Club had given generously to the park fund, cemetery fund, high school band uniform, cancer fund, Red Cross, Carnegie Library, and a substantial gift to the underprivileged children.

Programs for the club year, 1941-1942, were discussed and it was agreed that "Pan-America" should be the main topic.

The program consisted of "Style and Fashions" by Mrs. Donald W. May, and "Recreation and Vacation" by Miss Esta McElreath. Mrs. Gene Chamberlain gave a talk on "New Orleans and Southern Mansions." Mrs. R. L. Madden gave the Culture Club history of the year, 1940-1941.

The hostess served refreshments to Mesdames W. C. Davis, G. W. Sexauer, Leslie Calhoun, A. W. Howard, Donald W. May, J. C. Wells, Gene Chamberlain, R. L. Madden, D. A. Grundy, and Miss Esta McElreath.

HAVE SUNDAY GUESTS

Those visiting in the J. W. Longshore home near Memphis Sunday were Mr. and Mrs. Bill Read and children, Mr. and Mrs. Jack Hughes and son of Dumas, Mr. and Mrs. Newt Clark and sons of Brice, Mr. and Mrs. W. O. Read, Mr. and Mrs. Jerrell Read and daughters of Hedley, Mr. and Mrs. G. W. Lockhart and children of Friendship, Mr. and Mrs. Everett Hughes and son, Mr. and Mrs. Charles Read and sons of Newlin, Mrs. W. R. Taylor of Memphis, Alvin Phillips of Eli, Mr. and Mrs. James McClellan and daughter of Dallas, Mr. and Mrs. Rhubert Wynn and Mr. and Mrs. W. W. Richards and children of Parnell, and J. P. Longshore, who has just returned from California.

PICNIC IS HELD

Mrs. Marion McNeely entertained her class in music and expression and a few friends with a picnic at the city park last Thursday afternoon. A large number attended, enjoying the refreshments and out-door games.

Many Texas oil wells are now drilled to depths of 10,000 feet or more.

For Office or Ride in Country

Career girls who enjoy a ride in the country after office hours will like this outfit. The town-and-country suit is inexpensive and very attractive.

Mrs. Olson Sweat Presents Pupils In Music Recital

Mrs. Olson Sweat presented her private music pupils in a recital at the Salisbury school building Friday night, May 16. The program consisted of several piano solos, duets, songs, a trio, and several two-piano numbers.

The following people took part on the program: Bobby Dick Hutcheson, E. L. and Kenneth McQueen, Dora Lee and Peggy Mitchell, and Zora Mae Sweat. After the recital refreshments were served.

GETS RECOGNITION
Miss Anna Kathryn Davenport, daughter of Mr. and Mrs. B. E. Davenport of Memphis, was recognized at the annual Texas Technological College Women's Recognition service recently for doing outstanding work in the Freshman Honor Society.

The average oil well in Texas today costs \$25,000 to drill compared with \$15,000 in 1922.

Millinery for Pan Americans

Carolyn Wells does her bit to further Pan American relations by modeling a picturesque sombrero of native straw from Mexico. Brilliantly colored Mexican sash adds to beauty of the costume.

1913 Study Club Meets in Home of Mrs. T. J. Dunbar

The 1913 Study Club met Wednesday afternoon in the home of Mrs. T. J. Dunbar.

The program, conducted by Mrs. Byron Baldwin, was on current events and changing times. Mrs. T. J. Dunbar, Mrs. R. C. Walker, and Mrs. L. B. Merrell assisted with the program.

Present were Mesdames Byron Baldwin, Allen Dunbar, Juanita Montgomery, Mac Tarver, Horace Tarver, D. L. C. Kinard, Wendell Harrison, R. C. Walker.

Mesdames M. McNeely, R. S. Greene, Norma Hunt, G. A. Sager, L. B. Merrell, G. R. Sensabaugh of Dallas, and Miss Mary Foreman, and the hostess.

By CHRISTINE TRAPP

Mrs. Bill Thrasher and daughter Carolyn are visiting her parents, Mr. and Mrs. L. T. Winn.

Mr. and Mrs. Oscar Wright visited in Parnell Sunday.

J. M. Ferrel has been ill this week.

Several attended the baccalaureate sermon and commencement exercises Sunday and Monday nights at Estelline.

School closed at Parnell Friday, and the 7th graders will go on their Carlsbad trip Friday.

Miss Evelyn Jeanes visited in Parnell Friday night.

Brother Ray from Childress held services Sunday.

Mr. and Mrs. Jim Rogers and Gene visited in Newlin Sunday.

Improvements Are 'Legal' Liquor— Noted in City

(Continued from page 1)

Noted among improvements around town this week is the repair work at "M" System store which includes a new checking counter, candy case and fresh vegetable rack. John W. Vallance, owner of the store, has installed this new equipment in order that he might better serve his customers and to maintain the store's clean, attractive appearance.

A new paint job on the front of the Selby Boot and Shoe Shop has greatly enhanced the appearance of that establishment. Gray, white and black were used in painting the front of this shop.

H. L. Selby, owner, invites the public to inspect this new improvement at his place of business.

The front portion of Tarver's Pharmacy is also being painted to give the store a cleaner and more modern appearance.

Mr. and Mrs. Jack McCanne and son, Jackie, Jr., of Beaumont are visiting Mr. McCanne's parents, Mr. and Mrs. Henry McCanne.

A number of drug stores, both here and in other dry sections, have what is known as "house doctors" who make their livelihood through the writing of liquor prescriptions alone.

The price charged by the doctors for prescriptions varied, although a charge of 25 cents each was usually made. The 25-cent price has been prevalent in Memphis for some time, but in Childress, where sales are much heavier than in this city, only 15 cents for each prescription was charged.

The recent omnibus tax bill, which went into effect immediately after its passage only a few days ago, hiked the price of the prescriptions by 22 cents. With the passage of the new law, however, it is not believed that this portion of the omnibus tax bill will raise the amount first estimated.

Local officials and others expressed the belief that with the passing of the prescription liquor sales "bootlegging" will come back to a great extent.

A MELLUVA HESS

THE MYSTERIOUS CASE of Rudolph Hess' sud-
den and surprise flight to England has held the
attention of almost everyone in the United States
during the past week.

No one seems to know exactly what the No. 3 of
Nazi-dom is doing in the hands of his enemy—espe-
cially since he was thoughtful enough to deliver him-
self.

There are several schools of thought along the line,
and all of them seem to have their background and
sensitivity.

First there is the theory that Hess was afraid, and
this theory seems to be the foremost one of all. Afraid
of what? Possibly of Hitler, possibly of what might
have happened if he had stayed in Germany, possibly
of himself.

Hess may have been the near-future object of a
"purge", although the German propagandists say
no to that. If he knew he was to be purged, natu-
rally he would have been afraid of Hitler and what
might have happened to him. He even might have
been afraid of himself—Germans still have souls, at
least some of them.

The second theory, which also has sensibility, is
that Hess went to England to give out information to
the English—incorrect information to lead the Brit-
ish off on the wrong track and give the Germans the
advantage in some military strategy.

Now this theory naturally calls for heroism on the
part of Hess, who is, after all, just a human with a
family of his own. He would be taking a great chance
of being killed by the British should his information
be wrong and the Allies discovered the fact.

This theory, however, has its good points. Even
Hess might want to be a martyr for his country. The
Allies have martyrs—surely the Germans, no matter
what we may think of them, can have men willing to
give their lives for their country. Hess, of course,
was one of the leaders in his nation (unless he was to
be purged), but then some of our leaders in the past
have sacrificed, or offered to sacrifice, their lives for
this country.

The other theory is that Hess has decided to give
up his life of participation in wholesale murder, un-
fair invasions, and dictatorial policies. In this case,
if he is bitterly opposed to the type of life he has been
living and the type of men with whom he has been
working, then he might be able to give a great deal
of useful and needed information to the British.

It is almost certain that Hess knows much about
the strength of the German nation. He should know
the vulnerable points which might be attacked for
British gains; he should know future plans of Hitler
and his other cohorts. Information along these lines
would be invaluable to the Allies.

Naturally, in America, we know only what we read
in the papers or hear from newscasters via the radio.
We have to put all of these somewhat varied and
mixed-up accounts together, read between the lines,
and finally guess at and come to our own conclusion.

The Hess case gives us here a particularly good
opportunity to do a little guessing. And, who knows,
your guess will probably be as good as any other per-
son's.

We can, however, be thankful that we can figure it
out our own way, come to our own conclusions—and
**NOT HAVE TO KEEP OUR THOUGHTS UNDER
OUR HATS!**

Press Paragraphs

CULLED FROM THE DEMOCRAT'S EXCHANGES

On the Ground
The Southwester in the Paducah Post: Oscar Stokes, who peddles gas and oil for a living at Valley View, put the Southwester's attitude toward submarines and air-planes into words Sunday.
"I sure want to stay close to this good earth," Oscar said, "I don't want to go deeper than diggin' taters nor higher than gatherin' corn."

Deliberation Needed
The Stephenville Empire-Tribune: During times of stress and uncertainty such as the country is now facing there are many people who believe legislative officials should think well before allowing themselves to become overly enthusiastic on any action that would tend to plunge the country into war. Even though much care and considerable forethought is being exercised by Washington officials at this time it is not absolutely a certainty that we are on the very brink of a bitter war—and that is something nobody should want. Action of the Texas Legislature last week in urging the navy and other facilities at hand to be used as a convoy for supplies being sent to England is perhaps in order. This country, like any individual, should by all means maintain its self-respect—now or at any other time—but our actions certainly should be based on sound thought and cool deliberation.

Mistakes
Douglas Meador in the Matador Tribune: Many mistakes ripen so slowly that we often forget when the seed were planted.

Rain
The Quanah Tribune-Chief: Let an aggressive gambler control the blue chips; he immediately becomes the cautious player, which is well-known to a certain class. Farmers will resent this, but they are the longest odd gamblers in the world and that in a certain parlance makes them easy pickings. So! We farmers of Hardeman County who had had little worries, if Mama kept up her part of the milk and eggs, now have sleepless nights on account of hail or rust or rot and whatever the market will be a year from now to affect wheat. Rain makes life worth living and gives too many of us control of those chips.

Red With Blood
The Moore County News: If England can no longer come and get aid, we must back down on our pledge or take it to her. Britain, and we too for that matter, are apparently so far behind German preparation in the matter of land forces that our hope of getting the offensive must come

with supremacy in the air, so far as the European sector is concerned. In Africa we must build the fire power up with tanks and mechanized equipment.
When we take it there, not all of us will win through, the sea will again run red with the blood of some American sailor, and again we will be at war. Our grave hour is rapidly approaching.

No
The Chillicothe Valley News: Never take "no" for an answer except when the boss says you are fired.

Fault-Finder
The Tulia Herald: Every town has at least one individual who is forever finding fault with the chamber of commerce or local business men's club, but who never contributes to its activities or does any work for the good of the community.

Senator's Race
The Quanah Tribune-Chief: Dr. Brinkley has entered the race for U. S. Senator, and we may look for some excitement now. With O'Daniel praying for the voters and Old Doc promising to make them all well, our souls and bodies should be well taken care of.

Mr. Hess
Ed Bishop in the Dalhart Texan: Mr. Hess may be crazy in Germany, but to the rest of the world he's a smart man.

Hitler Hanged
The Scurry County Times: Hitler is a pain in the neck with Snyder people. This was proved Sunday afternoon when some children at a West Snyder residence hanged the mad dictator of Europe in effigy.

The effigy of Hitler that was "strung up" to a tree was strikingly like the Nazi war lord—even to mustache and the swastika arm band. On the sign placed on

Hitler's chest was this wording: "This... was Hitler!"

Welcome
The McLean News: The word "welcome" on the door mat does not always mean what it says, as many a salesman can testify.

Big Old World
The Foard County News: There have been times when we have thought that the world was too big but just at the moment, noting that the Balkans are only 13,000 miles away from us we don't feel that it is a bit too big.

Success
Douglas Meador in the Matador Tribune: Success may sprout and grow when cultivated with the simple expedient of being able to distinguish the important things in life from those that are trivial. Or perhaps it is the ability to devote the required time to each, while balancing the heavy sword of diplomacy.

Hess-ed
The Iowa Park Herald: Pointed observation: Hitler has been hissed many times, but now it looks like he is being Hess-ed.

Education
The Spearman Reporter: May we not lose sight of business training for those high school graduates who are eager to enter immediately upon a business career to enable them to provide for their living and those who may be dependent upon them. That means entrance into any one of the country's reputable business colleges. The rapid advancement of science and inventive genius calls for men and women of trained minds and skilled hands. That results from the boy or girl that grasps the opportunity for an early and thorough education.

Exhibition of Motion Picture Brings Large Amount of Food to Cafeteria

Exhibition of the motion picture, "Scattergood Baines," at the Ritz and Palace theatres recently brought to the summer cafeteria a total of 533 cans of food and 215 boxes of gelatine, Mrs. Gene Barnett, supervisor, announced this week.

Hollis Boren, owner of the theatres, furnished the use of both houses to show the film. The only expense to the school was half the cost of obtaining the film.

Mr. Boren's contribution to the cafeteria, including the expenses of the show, totaled between \$30 and \$40, Mrs. Barnett said.

Other contributors are as follows: W. P. Dial, \$30; and the following \$3 each:

Johnsey Speaks On Mail Carriers

Irvin Johnsey, rural mail carrier out of Memphis, was guest speaker at Rotary luncheon Tuesday. He made a comprehensive talk concerning the history, work and obligations of the rural carrier service.

Five routes in West Virginia were established in 1896, and during the first year 83 routes in 42 offices of 28 states were established. The routes averaged 22 miles in length and the salary was \$150 annually, according to Johnsey.

In 1930, 44,000 carriers were in the service in the United States. Since that time many routes have been consolidated and this year there are 32,646 carriers serving 28,771,300 people. The routes average 44 miles in length, with total daily travel by the carriers 1,392,470 miles. The annual cost of the R. F. D. service is \$93,000,000. The carriers spend two million dollars for gas, oil, etc.

Johnsey concluded by outlining the duties of the rural mail carriers. T. E. Noel, Rotary president, elected, gave a report of the district conference held in Lubbock last week.

It's always the SORE thumb that sticks out...

Odd, isn't it—the way everybody notices the sore thumb?

It's the same way with the retailing of beer. Everybody knows about the one undesirable place...everybody seems to forget about the thousands of worthwhile retailers who operate clean, decent, law-abiding establishments.

To protect the good name of beer, we of the beer industry want the few... but noticeable... "black sheep" retailers eliminated.

That's not all. Such retailers endanger an industry that brings important economic benefits to the community. Right

here in Texas beer provides employment for 31,165 persons, supports an annual payroll of \$22,076,182 and contributed \$2,273,968.64 last year in state taxes.

This state, too, has an important stake in the beer industry's purchases—for materials, equipment, and services—from more than 100 other industries.

You can help us protect these benefits in two ways—by (1) patronizing only the law-abiding places where beer is sold and (2) by reporting any irregularities you may observe to the duly constituted authorities.

Shelterbelt Good As Game Preserve

"As an attraction for game and wildlife in the plains country and especially Hall County, shelterbelts cannot be beaten," M. C. Martin of the Newlin community, declared recently.

Game birds such as the quail and dove naturally seek out the protection these trees afford them. It also gives them a good resting ground which keeps them there the year round, Mrs. Martin explained.

"In my belt along the river, I can always be sure of scaring up at least one covey every time I get down to it. The land is also posted against all hunters and poachers, so I believe I am going to have a continuous game supply in my belt from now on," he added.

Experiments at the Weslaco Station of the Texas Agricultural Experiment Station have resulted in the development of improved varieties of papayas that are being used in commercial planting in the Rio Grande Valley.

MODERN FUEL for Modern Production

Speed—a greatly accelerated tempo—is the theme of the nation's defense effort. The wheels of industry must turn faster—FASTER! Industry needs modern fuel for modern production. In this race to make our land impregnable, industry has found that Natural Gas is of greatest importance because without this modern fuel our national effort would be seriously handicapped.

United Gas Corporation is serving industries and defense operations with adequate fuel requirements. Natural Gas is the economical, flexible, dependable fuel of today. Natural Gas is ready in adequate quantities for industry and its production of guns, tanks, ships, and airplanes. Natural Gas is industry's new, vital ally, and the two together will put defense production in high gear so that our nation's safety will be assured.

U. S. TRAINS YOUTHS FOR SEA

The United States Maritime Service is meeting the threatened shortage of skilled merchant seamen by training youths who have had no previous seagoing experience. Young American citizens in good physical condition 18 to 23 years of age are being enrolled for a seven months' course of instruction in the duties of the deck, engineers, and stewards departments. Enrollees are paid \$21.00 monthly, clothing, food, and quarters are furnished by the Government. The training course qualifies these young men for jobs on American merchant vessels where pay starts at \$72.50 a month with food and quarters furnished. For detailed information write to U. S. MARITIME SERVICE, WASHINGTON, D. C.

Officers Elected By New FHM Club

The Future Homemakers of Memphis met May 19 to elect the needed officers for the summer chapter.

The following girls were elected: Mary Nell Barham, president; Nora Mae McMurry, vice president; Letrice Saunders, secretary-treasurer; Jannella Evans, reporter; Nadean Barton, parliamentarian.

Regular meetings will be each Tuesday morning at 9:30 o'clock. The girls who take department projects will meet on Thursday mornings at 9:30.

The club will be divided into four groups, each taking turns as hostesses for a program and refreshments once a month.

The chapter is organized by girls in the homemaking department who are continuing their work through the summer. They receive one-half credit for supervised home projects, group meetings, and work done in the department.

Selby Installs New Machine in Shop

H. L. Selby, owner of the Selby Boot and Shoe Shop, has this week installed a new Landis cementing machine that will greatly facilitate the work in his shop. This new machine is completely equipped to affix by cement the soles to men's, women's, and children's shoes, by a new and rapid process.

The machine also has an attachment that is used in cementing the soles of cowboy boots, thus eliminating the necessity of pegs or nails and reducing the possibility of accidents arising from these nails or pegs hanging in the stirrups.

The machine is equipped with reflector-dryer heating rays and a moisture drying compartment that speeds up the production of repair work, Mr. Selby stated. Elsewhere in this issue Mr. Selby has inserted an advertisement inviting the public to visit his shop and inspect this new machine which makes the Selby Boot and Shoe Shop one of the most complete in the state.

Building Week for Texas Proclaimed By W. Lee O'Daniel

Several Homes in Memphis Being Built Thru Facilities Of Housing Administration

The week beginning with June 1 has been officially proclaimed by Governor W. Lee O'Daniel as Texas Home Building Week, in a movement to extend even further the home ownership plan of the Federal Housing Administration.

A number of FHA homes are in the process of being built in Memphis at the present time. One of these homes, that of Hank Hankins, was the first to be started here, and has already been completed.

The movement is widespread, and in more than 140 Texas towns and cities, builders are completing low-cost exhibit homes for formal showing during the Home Building Week, P. S. Luttrell, state production manager, stated this week.

"These homes, described as 'The Texan'—The Home Built for Texans—are eligible in all cases as security for FHA-insured mortgage and may be paid for on the basis of less than a dollar a day," Mr. Luttrell said.

"They embody the finest skill and craftsmanship in design, construction materials, and workmanship, and will graphically demonstrate the extent to which Texas can develop its home-building program under the joint auspices of the FHA, private lending institutions, and a progressive building industry."

REPORTS FOR DUTY
Claude S. Ferrel of Memphis reported for duty at the engineer replacement center at Fort Leonard Wood, Mo., May 15, it was learned here this week. He will be in Company B, 26th Battalion.

Members of Boys CCC Camps May Save \$400 of Pay

New Ruling Allows Boys Of Non-Relief Families To Enroll in CCC Camps

Boys who enroll as members of CCC camps have an opportunity to save approximately \$400 during the enrollment period of 18 months, it has been announced.

The camps accept boys between the ages of 17 and 23 1-2 years, it was explained, and the enrollees are paid \$30 for each month.

In case the family does not need additional income to maintain an adequate standard of living, the enrollee may save \$22 each month, and still have \$8 per month for spending money. At the end of the enrollment period, he will be given his savings account of about \$400.

The next enrollment period in Hall County will be held during

usually held on Memorial Day, but since this day falls on Friday this year, it was believed that more sales could be made on the Saturday preceding Memorial Day.

"Nation-wide acceptance of Poppy Day has made the wearing of that scarlet symbol a badge of honor," Mrs. Ethel Lemstra, national auxiliary president, has said.

"The poppy has come to represent the American boys who gave their lives on foreign fields for the preservation of democracy.

But also, wearing of the poppy has come to serve as a reminder to bring once again to America the vision of the soldiers who never fell on those foreign fields nor returned walking from them."

Woodley Accepts Muleshoe Position

Noel Woodley, who has been employed in Hall County by the state welfare agency, is leaving this week for Muleshoe where he has accepted a position with the Federal Land Bank there.

Woodley will also act as secretary-treasurer of the National Farm Loan Association in that district. Mrs. Woodley and her daughter will join him in Muleshoe about June 1.
