### FREAKISH WEATHER

The prophecy was voiced in Memphis Thursday that this section is in for a cold, wet winter and that the freak weather may herald the approach of the end of the world—in accordance with the Biblical quotation—as the earliest snow storm in years swept over Hall County and the Panhandle in general.

The temperature dropped sharply Wednesday night, following on the heels of a mild "nother" of Tuesday night, and the official weather gauge showed 32 degrees Fahrenheit, exactly freezing, according to J. J. McMickin, United States Weather Bureau statistician.

## Cearley R. Kinard Is Nominated For National Honor

Cearley Read Kinard of Memphis, son of Mr. and Mrs. D. L. C. Kinard, has been nominated at Hardin-Simmons University along with five other members of the Hardin-Simmons student body to represent the university in the annual Who's Who Among College Students of America, published by the University of Alabama.

Nominations for the Who's Who were made on the basis of character, scholastic attainments, leadership in high standard of ethics, athletics, and other forms of extra-curricular activities, and their possibility of future usefulness to business and society.

Names of the representatives from Hardin-Simmons have been sent to the editor of the publication, which will include leading students from all leading colleges and universities in America.

## Quail High School Building Dedicated

The Quail high school building was dedicated last Sunday with appropriate ceremony and interesting program, with a large crowd of local citizens and visitors in attendance.

The Quail school holds the distinction of being the largest rural high school district in Texas. The new building was completed recently through WPA assistance after the district had voted \$25,000 in bonds. In addition to the new building, the district is served by an old building on the high school campus, special buildings for home economics and vocational agriculture; also two ward school buildings, one located at Marella and the other at Lillie.

The high school proper has 17 class rooms, large auditorium and gymnasium, study hall, library and three offices. Carl Chaudoin is superintendent of the system.

The all-day program started at 9 a. m. and continued until late in the afternoon, with basket dinner served to everyone present at (Continued on page 7)

## BLAZE LEVELS DICKSON FARM HOME AT BRICE

House Is Completely Destroyed As Cook Stove Explodes

Fire completely destroyed the country home of Mr. and Mrs. George R. Dickson of Brice early Wednesday morning of this week. The fire broke out when an oil cook stove exploded shortly after being lighted Wednesday morning at about 6 o'clock.

The house was a complete loss, as the historical landmark was burned to the ground; but neighbors who gathered rapidly at the scene were able to save a part of the household goods. The fire was augmented when a large refrigerator exploded.

Mr. and Mrs. Dickson were in Memphis at the time the blaze broke out, as Mr. Dickson was carried to a Memphis hospital Monday morning seriously ill and Mrs. Dickson was staying with a daughter in Memphis.

Boyd Dickson, son of Mr. and Mrs. Dickson and who lighted the stove, was painfully burned during the fire. He sustained painful burns about the feet, hands, face, back, and throat, and most of his hair was burned off. His condition is not thought to be serious.

Mr. and Mrs. Dickson will make their home for the present with Mr. and Mrs. Jack Sitton in Memphis.

The Dickson farm home had just undergone complete repairs prior to the fire. It was not covered by insurance.

## Two Elections To Hold Interest In Hall County During Next Two Weeks

Memphis and Fairview voters will trek to the polls on two consecutive Tuesdays—next week and the week following—to cast ballots in the school consolidation election and in the general election.

The school consolidation election to determine whether or not the Memphis Independent School District and the Fairview Common School District shall be consolidated is to be held at Fairview in Memphis on Tuesday, October 27. Voting at Fairview will be at the school house, and in Memphis the ballots will be cast at the city hall.

All Hall County voters will cast ballots in the general election on Tuesday, November 3, at their respective voting places.

Besides voting for presidential and vice-presidential electors, for national officials, for state officials, and for district, county, and precinct officials, Hall County voters will vote on six amendments to the Constitution of the State of Texas, as follows: (Continued on page 6)

## COLT SHOW TO BE HELD HERE OCTOBER 31ST

Show Is To Promote Better Grade Of Work Animals

Fanciers of pure-bred mules and horses will meet in Memphis on Saturday, October 31, for the first county-wide colt show staged in Hall County in many years.

Precinct colt shows in each of the four commissioners precincts of the county will preface the county show. G. K. Edwards of College Station, a livestock judge of international renown, will judge the show here.

It has been announced that the Turkey colt show will be staged Saturday.

Those in charge of the shows are J. L. Dennis, Plaska; W. S. Rees, Turkey; J. A. Hutchins, Memphis; Thurman Hutchins, Estelline; and County Agent Pattillo, Memphis.

## SCHOOL TRUSTEES AND TEACHERS OF COUNTY TO ATTEND DISTRICT MEETING IN QUANAH TOMORROW

## Compliance Forms Are Sent To State Office At A. & M.

A part of the compliance forms of Hall County farmers who are cooperating with the 1936-37 Soil Conservation and Domestic Allotment Act have been sent from the office of the county agricultural agent here to the state farm office in College Station.

The remainder of the compliance forms from this county will be sent within the next few days, it was said.

All acreage and production figures will be checked at the state office, and forms will be sent here for all complying farmers to sign. After the signatures have been made, the forms will be re-sent to College Station and the benefit payments for soil conservation and soil building practices employed by the farmers will be mailed.

## DEATH CLAIMS EVAN S. JONES HERE OCT. 19

Aged Local Man Had Resided In County Over 34 Years

Evan S. Jones, long-time resident of Hall County, was claimed by death Monday afternoon, October 19, at 1 o'clock at the family home, 314 East Cleveland street. Mr. Jones was 72 years of age.

Funeral services for Mr. Jones were conducted from the First Methodist Church of Memphis Wednesday afternoon, October 21, at 2:30 o'clock. Rev. Orion W. Carter, Methodist pastor, conducted the final rites; and interment was made in the Fairview Cemetery, Memphis, with King's Mortuary directing.

Pallbearers were J. L. Barnes, Walter White, H. W. Stringer, C. C. Meacham, S. L. Seago, and J. T. Nail.

Mr. Jones had been in failing health for the past 42 years. He became seriously ill last Saturday night and died Monday afternoon.

Mr. Jones was born and reared in Texas, never once leaving the state. He was married on April (Continued on page 7)

## SCHOOL PARADE IS HELD FRIDAY

Over 1,000 Memphis Children Take Part In Big Memphis-Wheeler Football Parade

More than a thousand Memphis school children and faculty members took part in a gigantic football parade here last Friday afternoon to arouse interest in the Memphis-Wheeler conference football game Friday night; and the objective was accomplished, as over 1,500 fans witnessed the grid encounter.

Scores of Memphis citizens and business men thronged the local streets to witness the parade, which was several blocks long.

The parade was led by a state highway patrolman, followed by a large Memphis fire truck, manned by local firemen. Following in order were the West Ward (Continued on page 6)

## HALL COUNTY RESIDENTS GO TO EXPOSITION

160 From County Are Given Cut Rates By Railroad

Approximately 160 residents of Memphis and Hall County left by special train Monday night of this week for the Texas Centennial Exposition in Dallas, returning to Memphis early Thursday morning after having spent two full days at the Exposition.

The delegation from this county was only a part of a state-wide movement to the Exposition by districts of the school children throughout Texas. Thousands of school children attended the Centennial, as special arrangements had been made for them, and railroad fare had been cut to one-half cent a mile.

A large number of the delegation from this county were adults. Several parents and school patrons accompanied the school (Continued on page 7)

## 142 MEMPHIS SCHOOL STUDENTS PLACED ON HONOR ROLLS HERE

One hundred and forty-two students enrolled in the three Memphis public schools made honor grades for the first six-week period of work, according to information released by H. J. Gore, principal of the High School; L. C. Linn, principal of the Junior High school; and Mrs. H. B. Estes, West Ward school principal.

In order for a pupil to make the honor roll, he must have an average grade of "A," or 90, with no failure in any subject.

The West Ward school led in the number of pupils on the honor roll, placing 101 on the coveted list. Twenty-six students at the High School made honor grades, and only 15 Junior High pupils made the list. The First Grade led the entire three schools with the largest number on the roll; thirty-nine first grade pupils were on the honor roll.

Seniors Frank Phelan, Maurine Rebeis, Kathrine Reynolds.

Juniors Billy Blackwell, Jeanne Draper, Joyce Read, Berl Springer.

Sophomores Charlotte Coursey, Anna Katherine Davenport, Marion Ruth Duren, Mary Isabell Hanvey. (Continued on page 6)

## Fort Worth Lady Makes Speech At Rotary Luncheon

Mrs. Elsa Hogsett, traveling representative of the general office of the Fort Worth & Denver railroad at Fort Worth, was guest speaker at Rotary luncheon Tuesday.

Mrs. Hogsett traced the growth of transportation from the early times when the women carried the loads, through the eras of sleds, camel caravans, rolling by means of logs, then wheels made from logs for carts, on to the time when the first locomotive made three miles per hour, and improved to ten miles. Now the Zephyr trains with speeds of more than a mile a minute.

Transportation began as the basic need of humanity and continues as such, she said. The same important changes have been made in the automobiles and trucks as were made in railroad facilities.

## FORMER LOCAL RESIDENT DIES IN CALIFORNIA

Inter J. L. McBrayer In Newlin Cemetery Thursday, Oct. 22

J. L. McBrayer, former Memphis citizen, died Saturday morning, October 17, in a hospital in Watsonville, Calif., after a brief illness.

Funeral services were conducted in Watsonville Monday afternoon, October 19, at 3 o'clock. The body was brought overland to Memphis, and a brief service was conducted at the Newlin cemetery Thursday afternoon at 3 o'clock, with Rev. R. A. Jones, pastor of the Memphis Assembly of God Church, officiating at the final rites. Interment was at Newlin with King's Mortuary directing.

Mr. McBrayer had resided in Memphis for more than 25 years before moving to California four years ago.

Survivors are the wife, Mrs. Minnie McBrayer; two daughters, Mrs. Tom Washington and Miss Bessie McBrayer; and one son, Johnnie McBrayer, all of Watsonville; four brothers, J. W. Cloy, Floyd, and Victor McBrayer, all of Midlothian, and four sisters, Mrs. Carrie Buchanan, Mrs. L. E. Daily, Mrs. Jettie McClendon, and Mrs. Marie McClendon, all of Midlothian. He was related to S. E. I. W., and Frank Thomason of Memphis.

Out-of-town relatives here for the funeral were Mr. and Mrs. W. M. Paschall and children, Mr. and Mrs. Tom McCrary and children, F. T. Wallace, Mr. and Mrs. Hazel Wallace, all of Lakeview; and Mr. and Mrs. Tom Colvin of Turkey, J. W. Cloy, Floyd, and Victor McBrayer, Mrs. Carrie Buchanan, Mrs. L. E. Daily, Mrs. Jettie McClendon, and Mrs. Marie McClendon, of Midlothian.

### Memphis Dealer Attends Hudson Sales Conclaves

C. B. Harrison, dealer of Hudson and Terraplane automobiles in this vicinity, returned last week from Amarillo where he attended a series of sales meetings and viewed the 1937 models which are soon to make their appearance here.

"I went to this meeting expecting a real treat and I was not disappointed," states Harrison. "It will not be long before I am in a position to disclose these completely new cars to the people of this vicinity. The 1937 Hudsons and Terraplanes will score an even greater success than did the models of 1936—and the latter set a seven year record for sales for our company."

"All of the details that the public is demanding in cars are to be found in them. They are larger, lower, wider, more powerful, better performing and yet, in spite of this, more economical. How this has been accomplished, I know will be of intense interest to those who follow automobiles, when we are at liberty to disclose the details. From an appearance standpoint Hudson has scored another big hit for the coming year. Also, there are many items of convenience and luxury to be found in these cars which ordinarily would not be expected at any where near the price."

"In all my experience in the automobile industry, I have never looked forward with more enthusiasm to the introduction of a new model than I do for this coming year. The 1937 Hudsons and Terraplanes have everything it takes to make a man in the automobile business happy!"

## Why shield them from every danger except EYESTRAIN

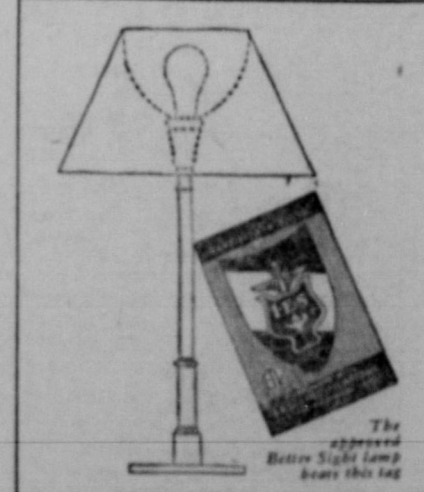

Isn't their sight worth enough to make you find out what your lighting may be doing to it?

You bundle up your children against cold and rain. You see that they are tucked snugly in bed at night. You are constantly on guard lest they be harmed in some way. You try to shield them from every danger... but are you sure about eyestrain?

Sight is their most precious possession. Yet do you let them read and play on the floor where the light is never adequate for even simple visual work? Can you say for sure whether the lighting in your home is letting your children's eyes develop normally? Do you know that your child has enough light for his studying tasks?

Don't guess—be sure. There has been too much guessing about proper lighting. And mainly because of improper lighting, one child in every five has defective vision by the time he finishes grade school. The ratio increases to two out of five by the time they reach college age.

The I.E.S. Indirect Floor and Student Lamp is a simple, economical way to be sure that your child is studying under proper lighting conditions. What is more, the entire family can enjoy and will appreciate this modern, better light. See these lamps on display... today!

## CONSTITUTIONAL AMENDMENTS

**VOTERS OF TEXAS** will be confronted with six proposed amendments to the State's Constitution when they go to the polls to vote on Tuesday, November 3.

The Democrat is interested in the acceptance of two of the submitted amendments—numbers four and six. Number 4 is to provide for a Board of Pardons and Paroles, and to make the Governor's pardoning power subject to recommendation of said Board. This would relieve the Governor of a great responsibility and take away the political influence that has swayed some administrations in the past.

Amendment No. 6 is to limit every county to not more than seven representatives in the Legislature unless said county shall have a population of more than 700,000 people, in which event such county shall be entitled to one additional representative to each 100,000 in excess of the 700,000.

If Texas were redistricted today under our present constitution, Dallas would have ten members and Houston eleven. In 20 or 30 years more this would be doubled, thus taking the balance of power away from the less populated districts.

**WHAT'S WRONG WITH THIS MAP**

To dramatize the differences in weather which may affect your motor, the cities on the map above have been purposely misplaced.

Of course you know that the very same gasoline which gives the rapid-fire pep in torrid Mexico would be a sputtering dud in frigid Alaska.

But do you know that average U. S. cities such as St. Louis, Des Moines, Oklahoma City, Chicago, and Minneapolis; all have seasonal differences in climate as great as the variation between Alaska and Mexico?

That is exactly why Phillips 66 Poly Gas is 100% custom-tailored... made differently for the different seasons of the year... matched and re-matched to specific weather.

This proves changes in climate affect your motor. Phillips 66 Poly Gas is the answer. It's the most lively, responsive, year-round power in season in winter, but enriched with the extra power you need in summer.

To discover more, try just Phillips 66 Poly Gas. You'll find it saves money, more than you think.

## ABLE TO RESUME WORK THREE DAYS TREATMENT WILLIAMS S. L. K. F.

Well Known Lubbock Man Has to Work for Two Months Because of Liver, Stomach and Bowel Trouble

It was a red letter day for Jim "Doc" Woodard of 914 Main St., Lubbock, Texas, known throughout the state as a maker of cowboy boots, when he ordered his first bottle of Williams S.L.K. Formula. For two months he had been unable to attend to his business because of the acuteness of his condition. Eating was followed by bloating and severe pains. His rest was broken into at nights, having to get up three or four times every night because of his kidneys. He was so sick, in fact, that he had to send to the druggist for his first bottle of Williams S.L.K. Formula when he learned of it. Mr. Woodard had a real surprise at the quick results from using it. He says:

"I am so troubled as I can't sleep soundly. I have lost my appetite and I can't eat. I feel as if I am being strangled. I have had a real surprise at the quick results from using it. I am so relieved that I can now go to work."

### Much Relieved, Says Lady After Taking CARDUI

Although they may be very active and apparently in good health, many women, at certain times, will do well to take Cardui. It may relieve some of the nagging symptoms that are so annoying every month.

Mrs. F. T. Foster, of Greensburg, Ky., writes that she has "derived great benefit" from Cardui. "Before taking Cardui, I was weak and extremely nervous, and suffered from sleeplessness. This made me tired and worn in daytime. My back ached continually. Being an active woman, I did not want to continue in this condition. Having heard a great deal about Cardui, I found, after just a few bottles, I was much relieved. I continued taking Cardui and was so much helped."

Of course, if Cardui does not benefit you, consult a physician.

## Presenting the phenomenal facts about GULFPRIDE THE WORLD'S FINEST MOTOR OIL

THE facts on this page sound hard to believe. But here is the reason why GULFPRIDE—and only GULFPRIDE—can accomplish such results . . .

Gulf begins with selected Pennsylvania crude, refines it to a motor oil that equals the best—then further refines it by the exclusive Alchlor process.

Only GULFPRIDE is made by this process—result of 15 years' research—the same scientific research that has made every Gulf product a leader.

Read the facts below. Then drain your dirty summer-worn oil and refill with GULFPRIDE now. At all Gulf dealers.

AN AMAZING TEST. Bottle No. 1 shows a mixture of 6 famous Pennsylvania motor oils. Bottle No. 2 shows them after being put through Gulf's Alchlor process. Bottle No. 3 shows the 20% waste removed from these already highly-refined oils by Gulf's Alchlor process. This process starts where others stop! That's why GULFPRIDE is the world's finest motor oil.

TOPS IN THE AIR—8 out of the 11 winners in last year's National Air Races used GULFPRIDE OIL, the identical oil you can buy for your car at any Gulf dealer. This "aviator's oil" will take you farther before you need to add a quart than any oil you ever used!

### Name It—

(Continued from page 1)

the big day of the week. Last Saturday was more like the old-time pre-depression Saturday with thousands of people on the streets and the merchants and clerks busy all day.

Night driving is becoming more and more dangerous because of the utter disregard of road ethics on the part of many drivers. Every automobile is equipped, or should be, with dimmers, and why drivers persistently refuse to dim the lights when meeting other cars is a puzzle that no one has been able to solve, unless it is unadulterated contrariness. Take a drive on the highway at night and observe how many drivers refuse to use dimmers—more than half of them do not.

Then there are drivers who do not stop while school children are being unloaded from school buses. This is strictly a violation of state highway laws, and violators are subject to heavy fines if apprehended. No driver can tell when a child will run out into the road from behind a bus, and then, Mr. Reckless Driver, the child's death may result.

The Rotarian, the Rotary International publication, says that popular interest in astronomy is on the ascendancy, and the possibility of stars as a hobby seems to be swinging into the ken of weary business men and exuberant youth almost as unexpectedly as Peltier's new-found comet broke

into newspaper headlines, and perhaps the day approaches when the stars of the heavens will be as well known by name to school children as are the luminaries of Hollywood.

Folk who once have discovered the quiet delights of star gazing can never entirely give up the practice, the Rotarian says, for there is something about the vastness of night skies, the cheery glimmer of stars, and the friendly glow of the planets that has fascinated man from the moment he lifted his eyes from the clod. Then quoted from Emerson: "If the stars should appear one night in a thousand years, how would men believe and adore; and preserve for many generations the remembrance of the City of God which had been shown! But every night come out these envoys of beauty, and light the universe with their admonishing smile."

# PTA City Council Sponsors Picture Show for Children

The City Council of Parent-Teacher Associations is sponsoring a children's hour at the Ritz Theatre each Saturday morning, the object being to have educational and worthwhile pictures for school children of Hall County.

The first picture under the plan will be "Farmer in the Dell," starring Fred Stone and Jean Parker. This picture will be shown at the Ritz Saturday, October 24, at 10 o'clock.

During a six weeks period an amateur program, under the direction of Carroll Snyers, will be presented at the beginning of the show—the first program to be by the Memphis schools. This will be followed by other schools, and the school presenting the best amateur program will be awarded \$25 by the Council.

The committee in charge of the children's show will announce the pictures to be shown the coming Saturdays as they are booked. The admission price to the children's hour show will be 10 cents.

This movement is being sponsored in many places all over the United States and is proving both popular and worth while, it was stated.

## RADIO AMATEURS MEET ON SUNDAY

**Short-Wave Operators Given Oscilloscope, Transmitter Demonstration at Meet**

Frank Lee, Wilford Martin, Carl Nuhn, and Leon Piland of Memphis attended the meeting in Amarillo last Sunday for all short-wave radio amateurs; and approximately 40 members of the Panhandle Radio Operators Club were in attendance.

The three-hour program featured an RCA engineer, who demonstrated an oscilloscope and transmitter. The short-wave amateurs are interested in both the transmission and reception of short-wave radio messages.

There are about 40 or 50 thousand amateur operators in the United States. The national organization is the Amateur Radio Relay League.

Wade A. Hilliard of Memphis is president of the Panhandle Radio Operators Club, but Mr. Hilliard was unable to attend the meeting Sunday. J. J. Joel of Miami is vice president, and Wheeler Welchel of Amarillo is secretary. The club was organized last spring.

Invaluable assistance is sometimes rendered by short-wave operators in time of crises, according to Carl Nuhn of Memphis. Oftentimes during severe storms the short-wave battery sets are the only means of communication with the outside world, Nuhn said. Local amateurs frequently relay death messages.

The short-wave sets vary in value from approximately \$100 to \$30,000, Nuhn said.

## ATTEND CONFERENCE

Rev. and Mrs. Orion W. Carter and son Weldon went to Happy Wednesday and spent the night with his father, Rev. H. W. Carter, then took him to Clovis, N. M., Thursday where they attended a Methodist conference, of which the Rev. H. W. Carter was a member for ten years.

## SENIOR Y. W. A. HAS MEETING TUESDAY

The Senior Y. W. A. met Tuesday evening at 7:30 o'clock in their regular meeting at the church.

## VENISON FEED GIVEN MONDAY

**Affair Is Given By Local Physician After Deer Hunt**

Dr. E. H. Boaz entertained some 75 guests with his annual venison dinner at Rube's Coffee Shop here last Monday night. The venison for the occasion was supplied by the Dr. Boaz party which returned from Colorado last week after a successful deer hunt.

F. V. Clark acted as toastmaster for the banquet, and called on numerous guests present for brief talks. Dr. Boaz and his daughter, Mrs. R. D. McClendon, who bagged the prize buck of the party, told of their hunting experiences.

Music throughout the dinner was furnished by the Memphis String Band, and following the banquet dancing was enjoyed in the Memphis Hotel ball room.

The banquet menu consisted of celery, assorted olives, sweet pickles, roast venison, venison steak, glazed sweet potatoes, buttered luncheon peas, head lettuce with French dressing, hot rolls and butter, spiced baked apple topped with marshmallow, and coffee.

## DEMOCRATS IN LAST DRIVE TO SECURE FUNDS

**Campaign Quota For County, \$642, Is Almost Reached**

Leaders of the Democratic Party in Hall County are still working on the financial quota set for this county by the district organization, and the quota of \$642 has almost been reached, according to County Democratic Chairman James E. King. Slightly more than \$500 had been reported to Thursday noon of this week.

"It is not too late for good Democrats to align themselves with their party in the campaign to re-elect President Franklin Delano Roosevelt and Vice President John Garner," Mr. King stated. "In view of the fact that the New Deal has helped the farmers and the citizens of Hall County in general so much, every true Democrat should engage himself actively in this campaign to re-elect President Roosevelt," he said.

The campaign funds raised here will be sent to the state and national funds to fight the Anti-Roosevelt propaganda that is being circulated over the nation.

Following is the quota set and the amount of money received from the various precincts over the county (three of the precincts have not reported):

Precinct	Quota	Amt. Rec.
Memphis	\$261.60	\$219.40
Newlin	20.80	20.25
Eli	21.80	23.65
Lesley	20.40	8.75
Estelline	59.40	55.00
Baylor	15.60	15.50
Parnell	24.80	10.00
Turkey	88.20	52.50
Lakeview	53.60	41.00
Brice	15.30	7.00
Plaska	35.80	40.00
Hulver	23.20	
Oxbow	8.60	
Deep Lake	9.60	7.55
Bridle Bit	9.80

The Salisbury Parent-Teacher Association, the Boy Scouts, and the Girl Scouts of Salisbury will hold a carnival Thursday night, October 29, at the Salisbury school house, beginning at 7:30 o'clock.

Featured in the carnival will be negro minstrels, shows, booths, pie, coffee, sandwiches, and plenty of good music. The public is invited to attend.

## Locals and Personals

J. F. Forkner is reported very ill at his home, 823 West Robertson. Mr. Forkner went to Hedley Tuesday morning on a business trip and while there became suddenly ill. Bill Johnson of Hedley brought Mr. Forkner to his home in Memphis.

Mr. and Mrs. J. L. Darby of Estelline spent Wednesday in Memphis on business.

Mrs. Jessie Jones has gone to Houston for a visit with her daughter, Mrs. Ben F. Wilkinson.

## Old Glory Once More Flies From Flag Pole At CCC Camp

The Memphis Civilian Conservation Corps Camp was proud of her 60-foot flag-pole. Made of steel pipe welded together, painted with aluminum paint, and standing near Headquarters at the head of the company street, it could be seen, when Old Glory was flying, for many miles.

Camp visitors, inquiring in the city as to the location of the CCC Camp, had the flag-pole pointed out to them as the place to go. Last week Company "1821's" camp (the local camp) was used as a base to recruit a new company for duty in California. A truck from the Lubbock district headquarters, heavily loaded with supplies for the new company, backed into the pole. The fore of the impact bent the pole, at the concrete base in one direction and caused the top to whip in the other, making the pole look like a giant letter "S."

As the pole stands inside of a sleeve in the concrete base, it was only necessary to lift the pole out to have it straightened. The educational adviser, W. P. Knox, who has handled many jobs of this type in civil life, volunteered his services to the camp commander, Capt. O. P. Houston.

A telephone pole, to be used as a "jin pole," was secured from the local telephone company. When it came to the matter of rope to guy the "jin pole," that was something else. A set of block and tackle was found, but no long rope was available. Then it was that the Educational Department came to the front.

Enrollee M. P. Plummer had just completed a course in rope work. Part of that course was to learn how to make rope out of home-made machine and binds.
