MAIL CAR AND FORD COLLIDE NEAR MEMPHIS

A wreck occurred Wednesday of last week between the Lakeview mail truck and a Ford touring car driven by W. L. Stephens, about a quarter mile east of the Indian Creek bridge on the Lakeview road. The mail truck was badly damaged, while the touring car is reported having been only slightly damaged.

Another wreck occurred on the new C. to G. highway near the W. B. McQueen place Thursday when a Ford touring car driven by two Mexicans went into the ditch and turned over. The car was badly damaged but neither of the occupants were injured.

CHEVROLET CO. SOLD TO LAKEVIEW RESIDENT

A deal was consummated last week whereby Chas. Meacham of this city and B. E. Davenport of Lakeview became owners of the Chevrolet agency of this city, having purchased same from Lon Montgomery.

The business will be conducted along the high business ideals in the future as has been done in the past and will be managed by Bascom Davenport, who with his family have moved to Memphis. Mr. Davenport discovered America in Hall county some 30 years ago and only recently sold his interests in the First National Bank of Lakeview.

CASE CO. HOLDS DEMONSTRATION

A large crowd attended the demonstration of Case farm implements at the Harrison-Clover store last week. Saturday was a big day with them, and they report the sale of many implements.

J. T. Ables of Lakeview and T. M. Melton of Memphis were given a lister and cultivator respectively by the Case company and Harrison-Clover.

SCHOLASTIC CENSUS WILL BE STARTED NEXT WEEK

The census of the scholastic population will be taken during the next few weeks starting Monday. This applies to Memphis Independent as well as other districts of the county. All children not enumerated or overlooked by the enumerator should be turned in to the county superintendent, for the pro rata for each pupil for the next year has been cut to \$12 instead of \$14 as the past two years, and each child overlooked means that much more reduction of the school term.

REMODELING GUINN GROCERY

The J. D. Guinn grocery store has been repainted inside out this week and the front is a bright red paneled with green. This establishment is changing into a Clarence Saunders store and will have an announcement in next week's issue as to the opening date.

AUTO CATCHES FIRE

Wednesday noon the fire department responded to a call from the high school building. Some school boys had attempted to warm the carburetor on their car by placing some paper around it and setting fire to the paper. The gasoline ignited and they boys had a merry time throwing sand and wet sacks, and such like on it. The blaze was extinguished before the fire truck arrived.

Harry James, field man for the Panhandle Area Boy Scouts, was here the latter part of last week looking after the scouting interests in this section. He found the local organization functioning fairly well and assisted in getting it going better.

IT SEEMS TO ME

There are many persons who have a "Sunday religion" and go to church every Sunday. But as soon as church is over they put aside their "religion" until the next week.

Grand Jury Makes Some Valuable Suggestions and Recommendations

To the Honorable R. L. Templeton, Judge of the 100th Judicial District, Hall County, Texas.

We, the grand jury of the February term A. D. 1926, for the district court of Hall county, Texas, convened in regular session, beg leave to make our final report.

We have been in session continuously for 12 days, during which time we have returned 40 felony indictments and four misdemeanor indictments, making a grand total of 44 bills during this term.

We find that the lawless element in Hall county is at this time in the minority, but the lawless element seems to be working harder to further their schemes than the lawful element works to have their schemes detected and brought to justice, especially is this true in regard to our liquor problem. The talk that our prohibition laws are a failure, in our minds resolves itself to this: The so-called "GOOD CITIZENS" do not want the law enforced as they should. They buy whiskey from the bootlegger and some shield the bootlegger and others do not enter wholeheartedly into the scheme of bringing him to justice. This is a condition to be deplored. The morals of the community as we view it are on an average with morality elsewhere and seems to be holding its own.

Prevalent in this community is the idea of giving away cars and other property and the selection of the donee of the property by chance, which constitutes a lottery and if there should be any violations of this law in future the officers of the county are instructed to deal with the violators as the law directs.

On the books of the county seem to be several past due fines and the recommendation is made that the court and various officers, judge and justice be instructed to collect fines as pleas of guilty or convictions obtained and that in no case shall a fine be allowed to stand on the books after a plea of guilty or conviction is obtained as this is a discrimination on the man who has his fine to pay.

The jail has been inspected and it is our opinion that some alterations are needed and some improvements should be made. The cells and the overhead of the county jail should be steel lined. It is to be regretted that at this time the negroes and the whites are compelled to be incarcerated in the same cells. A partition should be made so that the whites and the negroes can be separately confined and shall have separate accommodations.

We wish to thank all who contributed anything to our work and especially do we desire to thank the bailiffs and the attorneys for the work done by them while we were in session and now we ask that we be finally discharged, respectfully,

J. T. DENNIS, Foreman.

LOCAL MAN WINS PRIZE FOR GOOD COLLECTIONS

G. S. Sigler, manager of the Texoma oil company, received notification the past week that he had been awarded first prize for being the only agent in this district making 100 per cent collection on all accounts to December 25, 1925. This speaks very highly, not only for Mr. Sigler as an efficient employee, but for the people of this territory in meeting their obligations promptly and satisfactorily.

The prize was a 29-piece set of Grosvenor Patter, dinner set, and an additional set of silver tea spoons to match. This is the second time Mr. Sigler won first prize in this contest. He was presented with a fine gold watch in 1924.

RIGHT-OF-WAY FOR TURKEY ROAD SECURED

John H. Young, S. P. Lacy and Fred Lacy of Turkey were business visitors in Memphis Monday. Mr. Young stated that the people of his section had secured the entire right-of-way from the west county line to Estelline as required by the Fort Worth and Denver railroad extension project, and that the contract was ready to sign within the next few days. It now appears to be just a matter of time and the granting of the permit by the Interstate Commerce Commission until actual work will begin on the extension of the Fort Worth and Denver from Estelline into Turkey.

MEMPHIS TO GET NEW WHITE WAY

Manager Bert Brewer, of the Texas Central Power Co., states that the material for the new white way is expected any day and that work will begin as soon as it arrives. There will be 41 of these beautiful 250 watt lights and will be mounted on ornamental standards fifteen feet high. The height of these standards will give a great radius of light. Lights of sufficient number will be placed on Main street to reach to and including the high school blocks. Memphis will be ahead of most of the Panhandle towns in the street lighting business when these lights are installed.

TO BUILD TWO NEW HOMES

Mrs. B. Webster has purchased lots from Mrs. W. Combest on South Eighth street and has let the contract to Massey and McQueen to move their old home immediately across the street. She will have two modern bungalows built where their present home stands. One five-room and the other a six-room house, and a twin garage. The work will begin next week.

MAE MURRAY TO PLAY IN "MERRY WIDOW" AT GEM

Mae Murray and originality are synonymous in the minds of motion picture fans, who look forward with unusual interest to each new picture in which the bizarre little actress appears.

But in "The Merry Widow," the Metro-Goldwyn-Mayer picture to be shown at the Gem Theatre on Monday and Tuesday Miss Murray's touch of originality is expressed in a totally different way. To be sure, it is evident in the costumes, her method of expression and dances just as surely as before, but it is also exerted in the character she creates as well. The role of the pert little chorus girl who arrives in Montebianco as one of the members of a stranded theatrical troupe, and in staying here becomes the richest woman in Europe and in the end the Queen of the Country, gives Miss Murray the best opportunity of her career, which she grasps to its fullest extent.

The prominent members of the significant cast include John Gilbert as Prince Danilo, Roy D'Arcy, Tully Marshall, George Fawcett, Josephine Crowell Dale Filled, Sydney Bracey and many others.

Tell your friends what you think of the Memphis Democrat.

DISTRICT COURT TRIES SEVERAL CRIMINAL CASES

Several criminal cases have been disposed of in the District Court since taking up the criminal docket last week. Following is a list of the principal cases that have been tried:

State of Texas vs Dee Hutton, tried for forgery, transferred from Childress county, was the first case. He was given two years in the penitentiary. Officers from Childress escorted him to Huntsville the same day.

H. C. Gilley plead guilty and was fined for driving a car while intoxicated.

Roy Welch and Dick Turner were tried for attempted burglary of the Wherry Jewelry Store, convicted and given two years each.

J. L. Walker convicted of forgery and given two years suspended sentence.

Roy Cox convicted of forgery, two years suspended.

I. Sebero Romero, convicted of fraudulent disposition of mortgaged property, given two years in the state penitentiary.

O. C. Wilson, who had been convicted over three years ago and given a suspended sentence, came into court and asked that his citizenship be restored on the ground of good behavior. Investigation showed that Mr. Wilson had lived an exemplary life during the suspended sentence and Judge Templeton set aside the former sentence and restored his citizenship.

The A. J. Fagan case was called this morning and is in course of trial. Fagan is charged with criminal assault.

The Grand Jury completed its deliberations and adjourned last Saturday after two weeks of strenuous work. They turned in 40 felony cases and four misdemeanors.

District court has been held in the county court room this term due to the work being done on the acoustics of the main district court room. This work has been completed and court was again resumed in the district court room today. The process of acoustical treatment is a decided success and greatly appreciated not only by the court but by all having business in the building.

EXPLOSION AT NEGRO SHACK SCARES COONS

A terrific explosion was heard Sunday morning about two o'clock, in the neighborhood of the Jones Wagon yard. Officers, making immediate investigation, found that a stick of dynamite had been thrown under the building by parties driving past a negro cabin located on the east side of the Jones wagon yard.

The building was damaged considerably, but no one was reported injured. Residents of the block west of the scene of the explosion report that in a few moments after the explosion a number of Dark Town Denizens were seen hurrying down the street partly clad in night clothing. Some of them barely dressed.

A thorough investigation is being made by local officers.

RURAL SCHOOLS MAY BORROW TEST RECORDS

Rural schools which have been unable to obtain phonograph records of the selections in the music memory contest of the University of Texas Interscholastic League need not be kept out of the contest on this account much longer if the precedent established by the Wednesday Morning Music Club of Austin is maintained. This club has presented the Bureau of visual instruction of the University of Texas with 18 phonograph records for distribution among the rural schools of the state under the same plan as other material of the Bureau, according to Mrs. J. C. Moore, chief of the Bureau. Not all the records are of selections on the music list, but all are favorite songs which are in great demand, Mrs. Moore said.

ROTARIANS AND ROTARY ANNS ENJOY BANQUET

Last Friday night the Rotarians and Rotary Anns had a most enjoyable time in the Masonic dining room. Plates were laid for 70, and a splendid banquet was spread by Miss Carter, home economics teacher and her pupils. Everything was carried out in the Washington birthday color scheme, cherry tree, hatchet and all.

Mrs. Elmer Shelley and some 12 men furnished the pep songs, yells and other stunts for the occasion. Mrs. Coleman Hasie sang some solos and was encored several times. Misses Shirley Greene and Viola Williams rendered beautiful violin duets.

Hubert M. Harrison, manager of the Wichita Falls Chamber of Commerce, made a talk on Rotary that was very much appreciated. He is a forceful and happy speaker and commands the attention of his audience throughout his talk.

Dr. T. L. Lewis, president of the Rotary Club acted as toastmaster and proved an excellent one. The occasion was one to be remembered long for its delightfulness in entertainment and in the banquet furnished.

SAFE FARMING PROVEN BEST PLAN TO FOLLOW

The following letter received from Clarence Ousley, director of the Texas Safe Farming Association gives a choice argument in favor of safe farming:

"Here is the best argument I have ever heard for safe farming in Texas: At a typical county seat in North Texas, the first week in February a meeting was held attended by about 200 farmers, bankers and leading business men of the town. Several addresses were made on the present cotton crisis and the danger of further losses from another big cotton crop.

"Finally one of the bankers present asked that all farmers who had corn in the crib of their own production to arise. Twelve men arose. After they were seated he asked for all farmers who had meat in the smoke-house of their own raising and curing to arise. The same 12 men arose. After they were seated he asked that all who had money in the bank which they did not borrow to arise. These same 12 men arose."

S. T. BELL DIES AT ESTELLINE

S. T. Bell, an old pioneer of Hall County died Wednesday of last week at the home of his grand daughter, Mrs. Ollie Davidson of Estelline. We have been unable to learn any of the details of the funeral. Mr. Bell was up in the 80's and had been a resident of Hall county from the beginning of the county and was the father of Mrs. C. L. Sloan, who until recent years was a resident of Memphis. We will try to get more data and a more extended write up next week.

CARL MELTON

Carl Roy Melton, age 30, living two and one-half miles west of Lakeview, died Monday afternoon in a local sanitarium from complications of flu. Burial at Union Hill cemetery at Lakeview Tuesday afternoon.

CALENDAR FOR CANDIDATES IN JULY ELECTION

Dates of the Important Details Which Are Worth Knowing

Following is a political calendar for the present election year, tracing each step of the election by probably over a million qualified voters of Texas' officers for the two years ensuing:

June 7.—Last day for filing by candidates for state offices of applications for place on the ballot. Candidates file applications with chairman of state executive committees.

June 14.—State executive committees meet and certify names of candidates for nomination to county clerks.

June 19.—Last day in which candidates for county or precinct offices may file applications with county chairman, and pay their assessment and election cost.

June 21.—County executive committees meet at county seat and determine by lot order in which names each office shall appear on the ballot.

July 12.—Primary committee of each county executive committee and chairman, shall meet and make up ballot in accordance with the list prepared June 21.

July 24.—Primary election day.

July 29.—Last day for election of fees to make returns.

July 31.—County conventions to certify returns and elect delegates to state conventions. One delegate for each 300 voters. Delegates, also to be elected to district conventions.

August 9.—State executive committee for all state offices and announce nominees. In cases where no nominees are secured, names of two highest in each race shall be certified for the ballot of the August primary.

August 24.—Second primary.

August 29.—Last day for returns by elections officers.

August 30.—State executive committee shall meet and certify nominees of second primary.

September 7.—State convention shall be held to declare the nominees for state offices, and to certify nominees to secretary of state. Date of convention is: "Tuesday after the second Monday after the fourth Saturday in August."

November 7.—General election.

November 8.—County Commissioners shall open returns and declare results and certify to secretary of state.

December 13.—Secretary of state shall count returns and the governor shall deliver certificates of election to persons receiving the highest number of votes. This applies to all elections except governors and lieutenant governor. For these offices the secretary of state hands the returns over to the house of representatives, which canvasses the returns and declares the results.

How to Stop That Weakening Cough

Why let a heavy, stubborn cough wear you down when you can get speedy relief and often break it up completely in 24 hours through a remarkable new method based on the famous Dr. King's New Discovery for Coughs?

Here is the method: You simply take one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it. It has a double action. It not only soothes and heals irritation, but also removes the phlegm and congestion which are the real cause of the coughing. So with the cause removed the worst cough soon disappears.

Dr. King's New Discovery is for coughs, chest colds, bronchitis, spasmodic croup, etc. Fine for children, too—no harmful drugs. Very economical, as the dose is only one teaspoonful. At all good druggists. Ask for

COTTON CONTEST CREED SHOWS THE CONTEST PURPOSE

I believe in myself and my soil. I believe that when I make my soil rich it will make me rich.

I believe five acres intensively farmed will produce as much cotton as is generally raised on twenty or forty acres.

I believe in "more cotton on fewer acres" which releases land for the feed and food crops that make my farm self-sustained.

I believe it is my duty to leave my farm richer for those who come after me.

I believe I am entrusted with building up my land and not with wearing it out.

I believe in quality cotton, quality corn, quality live stock.

I believe in making cotton a "clear cash surplus" over and above my living.

I believe that the farmer who has full barns and corn cribs, and a well stocked pantry, is on the way to independence.

I believe farming to be one of the most important and noblest of occupations, and that my efforts intelligently directed will bring the same profitable returns as if applied to any other industry.

Bridle Bit

L. G. Weeks went down below Dallas to attend his mother's funeral.

D. A. Huffines is spending a few days at Terrell, Texas.

Al Younger made a business trip to Memphis Monday.

Custer Wynn made a trip to Memphis Monday on business.

Ester Huffine spent the week-end with her friend, Miss Roby Lipscomb at Turkey.

Claud Weeks has been sick the past few days with an attack of tonsillitis.

Most of the farmers are preparing their land for another crop. But this part of the country is in bad need of a rain.

Lots of the folks from Bridle Bit are attending the meeting at Wolf Flat.

Mr. and Mrs. Joe Richardson from Buffalo Flat spent the day at Huffines Sunday.

FEEDS 2500 MEN DAILY AT A. & M. DINING HALL

Think of feeding 2500 healthy, hungry boys three times a day! That is the task that confronts W. A. Duncan, director of subsistence at the A. & M. College of Texas who has charge of the College Mess Hall. Three hot meals a day for 2500 men who are hungry, who want good food, want it well cooked and well served; that is a big assignment. It has been Mr. Duncan's daily assignment for more than five years. However, he believes in new ideas and modern equipment and from time to time calls in food inspectors who can assist him in the further development of the mess hall. R. T. Ellfritz, manager of the Adolphus Hotel, Dallas, and F. R. Williams of the Rice Hotel, Houston, spent several days at the college this week making a detailed inspection of the Mess Hall system and physical plant, with the view to making suggestions that will lead to improvements.

OFFICER SHOTS HIGH SCORE FROM AUTO IN MOTION

Present day officers must be trained to shoot from the wheel as well as from the hip.

Police Officer H. W. Holman, 1925 champion revolver shot of the Los Angeles Police department, recently demonstrated the absence of vibration in the modern automobile by drilling six bullets through the bullseye of a regulation target while shooting from his car with the motor running at full throttle.

Holman made perfect target groups while shooting from the front seat, while sitting astride the car hood and while using the front fender for a rest for his pistol arm.

The car was a popular touring model which Officer Holman purchased recently. The unique target practice was held at the police revolver range in Griffith Park, Los Angeles. The marksman observed all of the rules governing regular target practice except that he shot from the automobile.

LOOK HERE LADIES

Announcing

ON THE SECOND AND THIRD OF MARCH A SPRING OPENING OF LADIES' READY-TO-WEAR, CONSISTING OF DRESSES COATS AND HATS.

We are introducing the most favored styles that are just sent to us from the Eastern markets. They were bought with painstaking care, selected from the most exquisite and wearable styles and models especially for this occasion.

We want all women to come to our store during this opening to view our splendid and stylish merchandise.

HATS

We now present to you our hats that we have for this occasion that are decidedly new. These hats were chosen for this opening and are the selection of feminine grace and charm that are in the lead of smart styles. We have hats for all and we want you to get yours and they can be bought for reasonable prices for their quality. You should not miss this opportunity to come in and select from such an array of beautiful hats.

COATS

For these two days we have the latest original models in coats that are fashioned in a manner which simply makes them too lovely to be resisted. Every one a self seller. Considering the quality of these coats the prices are very cheap. Come in and see for yourself. By getting in a special shipment for this occasion we are able to sell at a cheaper price, this good grade merchandise. They are of a better grade than we have had at any time this year. They are the newest, the best, the most stylish and snappiest coats of the season.

SHOES

PLEASE DON'T MISS BEING FITTED IN A PAIR OF OUR NEW PUMPS OR STRAPS!

We made a special purchase of a blond kid pump with a higher heel in a beautiful pattern and a patent and kid combination pump made up in a style that is very striking. We are going to sell these shoes for only \$10.00. These are of a high grade quality. We selected with care another number to sell for \$7.50 in a blond kid strap with trimming that is unequalled for that price. These are special selections. Don't miss this opportunity of having your feet well dressed.

We are doing this in order to be a real service to you so that you can buy your apparel for this season right at home and not have to go out of town to make your purchases. WE SHALL LOOK FOR YOU!

Everybody's Store

Another State Prize Winner

BY PHOEBE K. WARNER

all sorts of contests in our but there are not contests where every contestant gets a prize. Lots of contests where contestants enter but of nature of them only ONE of all the others are defeated. Sometimes those who are actually do more hard work than those who receive the prize.

There are contests where contestants work to beat the one who happens to be popular, so to speak, wins the actual expense of the contest. Everybody who ever one of them and came out behind knows what happens. Of all the unfair brand seems to me the one that work for days in the sun, or the rain and pay to furnish their own tools to work for some out-of-pocket to put over a big piece of property in the end ONE girl the automobile, or the diamond and all the others get their work and trouble and

is a contest where everybody for himself. He or she, in this case did not have to come home to win this prize. She worked right in her own every hour of time, every penny, every ounce of energy, every brain cell used in this contest directly into this woman home for her own good comfort of her own family, as only the beginning of the that this contest brought to the state. Every woman entered this contest did thing as the final winner, for their own welfare, at their time and money for and on their own home. The final day came and the winner decided their decision there woman who accomplished a little more than any other in the state compared with opportunities. But there was no defeat in that contest, every woman in Texas who that contest had as her Prize, lighter and more convenient, for this was the Texas Kitchen Contest sponsored by the Dallas News and directed by the Home Demonstration of Texas. No mother, you for this contest unless your big enough to furnish your Home Demonstrator. That's limitation to it. There has nobody to direct the work, that the judging is made fair the final results are honest

years ago the Dallas Semi-Ann News decided it wanted something for the farm women. And they knew the very to help anybody in this to inspire them to help them. It is marvelous how much going to waste in Texas being round in a circle in the. Somebody said the other the average woman traveled half-mile just baking a lemon. How far do you suppose your wheels on foot every week do work for you and the family out of the kitchen while you from the house to the golf links and the store

in an automobile? Now house work is just one thing you can't do in an automobile. So the only way to shorten distance for mother is to eliminate steps in the kitchen.

Well this is one of the objects of the Better Kitchen Contest put on each year by the Dallas News. Another object is to make the kitchen a more beautiful and cheerful place for mother to live and spend most of her vacations. Now, some of you who have never thought much about your kitchen or your wife either may think this is a very common sort of a contest. But just let your wife get into the game good and strong and it will get almost as interesting as a horse race or a football fight. And first thing you know the whole family is helping mother to make over the kitchen to save her time and back and head and temper and health. How much of the day does your wife stand up to do her work while you sit at a desk or lean back in a comfortable chair to do your work? Did you ever think of that. If you never did it may help you to understand better why she is so cross and whiney by the time you get home at night.

Now Mrs. J. A. Philmons kitchen wasn't even in the house. Mrs. Philmon lives at Vidor, Orange County, Texas, and her kitchen was out in the yard several "yards" away from the house. So the first thing she did was to help her husband hitch a MULE to that kitchen and pull it up to the dining-room. You see the mule made just one trip. But how many miles do you suppose that one trip for the man and the mule has saved that homemaker this year?

Having unhitched the mule and dismissed her husband, Mrs. Philmon went to work to reconstruct her kitchen and see how much improvement she could make with less than \$25.00 cash outlay for this would put her in class 1 of the Kitchen Contest which has become one of the real THRILLS of the Farmers' A. & M. Short Course every summer at College Station. It would take a whole page to tell all the things Mrs. Philmon did to that kitchen. But when she got through

and ready for the inspectors to pass their judgement she had spent a little less than \$25.00 in cash. She had transformed a dark, inconvenient little room into a convenient, cheery comfortable work shop and food factory that was a real joy instead of a woman killer. And you should have heard her tell how it effected the whole family to have a mother who could do her work with so much more comfort and ease that she was not all tired out when night came. And that's the biggest prize of all in the Better Kitchen Contest. And every mother in that contest won that prize. But Mrs. Philmon won back the \$25.00 she had spent on her kitchen and was that amount ahead of the other contestants. But there was no body defeated. No body lost a dollar or a day of work. And every contestant was happy over the new life their improved kitchen meant to them. These are the kind of contests that COUNT. Who will plan more of them?

Brice Breezes

Brice and Bethel played ball Friday evening. The Brice girl's team won their game but the boys were not so fortunate.

Mr. Harper's pupils will present an interesting play this week in chapel.

Misses Glen Shepherd and Mattie Rhodes visited in Brice Monday.

Rev. Evans held services Sunday at the Baptist church.

Rev. Walton will hold services next Sunday at the Methodist church.

Miss Ladell Jones has been seriously ill, but is in school again.

Mr. and Mrs. Mixon visited relatives here Sunday.

Edmund Murff purchased a new car this week.

Mr. and Mrs. Wilson attended church here Sunday.

Mr. Stanley went to Panhandle this week.

Mrs. Zack Salmon visited at the school Monday.

Howard Rhodes was attacked by a mad dog Sunday, but Mr. Rhodes was able to escape the animal.

Ran Wingrove sustained injuries at the gin Friday and lost a finger from his right hand.

Cuny Nelson has been ill the past few days with an attack of the 'flu.'

Don't take a chance with cold, croup and flu. Use Copeland's Quinine Flu Balm. For sale by your druggist. Copeland Drug Co. Estelline, mfrs. 31-1c

CARD OF THANKS

We wish to thank our friends of Memphis, Estelline, Newlin and Hulver for their many deeds of kindness, words of sympathy and floral offerings, during the illness and death of our father and grandfather, S. T. Bell.

NAME STREETS

One day this week a visitor in Memphis asked to be directed to a certain residence. Sez we, "Go umpy-ump streets south to a certain residence and umpy-ump streets west until you see umpy-ump colored house with umpy-ump kind of a roof and umpy-ump other kind of distinguishing marks."

Take a city like Memphis and her streets not marked and her houses not numbered, it surely is not showing to the world like that we are up-to-date. Why, even the smaller towns like Fort Worth and Dallas are progressive enough to have such conveniences, and yet we hold back.

ADVERTISING MERCHANTS

The merchant who does not advertise in his town is more liable to failure than the one who does advertise. The Democrat strongly urges all merchants to advertise, whether they use the Democrat columns or not.

Amarillo is getting to be a regular oil town. The town is full of oil men from different portions of the country, who are there playing the field. Already the proven territory there is larger than any field in the world and growing each day.

Hon Lee Satterwhite has sold the Panhandle Herald to David Warren and Dr. J. E. Nunn and J. L. Nunn of Amarillo. Warren up to a few weeks ago was managing editor of the Amarillo Daily News, and the Nunnns were the owners of same until recently when they sold to the Globe.

Some 40 blocks of paving has been tentatively agreed upon by the City Council, and bids on the bonds being advertised. When the final preliminary work is done the actual paving will be started, and that means just a few short weeks. Watch Memphis grow.

A new hotel of good dimensions being built; forty blocks of paving already to be started, and a likelihood of getting a postoffice building appropriation, all combine into a building program that will put Memphis into a very progressive state during the year.

Every citizen should be a member of the Memphis Chamber of Commerce. It is the best organization through which to work for town and community, and each individual has a part, or should have, in this work.

THE PASSING DAY

WILL H. MAYES
Former Dean
Department of Journalism
University of Texas

More Texas Cotton Mills.

Unless all indications are wrong, Texas will build a number of cotton mills in 1926. Texas cotton mills have steadily been making money. There is more capital in the state with which to build than ever before.

Texas Wool Enriches the East.

Texas produces more wool and mohair than any other state in the union, but all of it is sent east to be manufactured. The state once had two woolen mills—one at New Braunfels and one at Waco—but for some reason their operation was discontinued.

Texas Grapefruit Best.

If you eat grapefruit and have tried that grown in the Rio Grande Valley of Texas in comparison with the California and Florida fruit, you know that the Texas grapefruit is by far the best. Grocers all know this and yet they buy and sell about as much California and Florida grapefruit as ever.

Oil Fields Spreading.

It has not been many years since Spindie Top, near Beaumont, was about the only oil field known to Texans that was considered worth while. There was some oil development around Corsicana, but not enough to interest many people.

Those New Year Resolutions.

Did you make any resolutions for the New Year? Have you broken any of them yet? Perhaps you are answering yes to both questions. Most people are weak and need a constant "renewing of the spirit".

Election Year in Texas.

Texans are being reminded already that this will be an election year in Texas and that politics will "wax warm". Really there is too much politics and too little patriotism in Texas.

Death in the Waters

The overflow of a river in consequence of excessive rainfall is the most familiar type of flood, but there are many others, says Nature Magazine. Low-lying coasts of the ocean are often inundated by so-called "tidal waves"—which have nothing to do with tides in the ordinary sense of the term.

Some of these waves are due to earthquakes, others to storms. In the Lisbon earthquake of November 1, 1755, 60,000 people were drowned by a wave eight feet high that advanced from the sea.

The most destructive storm waves have occurred along the coast of the Bay of Bengal. The one of October 7, 1737, is said to have risen 40 feet in the River Hugli, sweeping away 300,000 souls. The Calcutta cyclone of October 5, 1864, caused the drowning of 48,000 people.

In the terrible Backergunge hurricane of 1876 the water rose from 30 to 40 feet in less than half an hour during the night of October 31-November 1, and 100,000 persons perished.

One on the Pastor

The good parson was a little absent-minded, and somewhere or other during the day, possibly at the barber shop, he acquired a hat that looked very like his, but belonged to some one else.

That evening he dined out and when the guests were leaving the host accompanied them to the door.

"This is yours, is it not?" said the host, picking up the parson's hat.

"Yes," said the parson, "that is mine."

There was a queer smile on the host's face as he handed over the headgear. For pasted in the crown thereof was a card bearing this legend, meant for all and sundry: "No, my friend, this is not your hat!"

Those who have tried want-ads in the Democrat have found it pays.

Never Brought Under Sway of Civilization

The fact that only five names figure upon the map of Lake Edward, in East Africa—isolated specks in the white blank of the unknown, testifies to its remoteness and evil reputation. The name of the country is Changu, in which the natives of Bankola are famed as cannibals. The "Ba-Changu" file their teeth to a point. They are all on evil terms with their neighbors.

For over ten years the plains on the eastern and southern shores of Lake Edward have been closed and deserted by reason of sleeping sickness and the tsetse fly.

In the plains are the little pools of Kikural, unmarked on any map, with its islands of floating papyrus—Detroit News.

Sale Recalls Heavy Bet

Addington hall, a famous beauty spot of industrial Lancashire, Eng., which recently was sold by the corporation to a local business man, was the scene of an amazing wager of 100 years ago.

It is on record that a cock fight took place between two birds belonging to the lord of the manor and the then earl of Derby, the stakes being all the local coal mines under the estate that could be seen from the dining-room window at the hall.

The Addington family, which formerly owned the estate, was one of the most ancient in the country.

Effort Makes Success

Many people want to do things that are entirely worthy and approvable, but do not know how to accomplish them. They lack the power of making effort, which is the key to the whole matter. To try, and fail, is better than not to have tried at all.—Grit.

THINGS SEEN HERE & THERE

A man chasing his cap which was traveling toward the southern part of town.

An automobile tire take a sudden departure from the rear wheel of a Ford touring car last Sunday afternoon. After leaving the car, which had started east, the tire rolled south and the driver, after thinking things over, turned his car and followed the casing.

A man arguing about the price of a Pullman berth. Heard this much of the conversation. The agent was telling the passenger: "The higher price is for the lower—if you want a lower you'll have to go higher—we sell the upper lower than the lower—In other words, the higher the lower—Most people don't like the upper although it is lower on account of its being higher—when you occupy an upper you have to get up to go to bed and get down to get up—You can have a lower but you'll have to pay higher—The upper is lower than the lower because it's higher—if you are willing to go higher it will be lower." We left about this time and don't know the answer.

A man who has always been an advocate of the "each man to his own job" doing some carpenter work in his office. He wasn't a carpenter, either.

A man who wanted to know why we had so much cold weather in the winter and so much hot weather in the summer. He said it should be

the other way; the about weather in the summer so hot and warm weather when it was so terrible

A lady who called one of jewelers and optometrists. He swelled up and puffed chest and agreed with what she said after that.

Some of the "side ride" dancing and golfing, week, about noon—the whistle broke up the party

A young lady passing street said she sure was were only 28 days in February

A man from Arkansas, day, who wanted to know how that way all time, informed that it would be moving a little before night

Some ladies who said plenty of parking places last—one day recently

A necking party taking ten o'clock one morning at a local drug store.

A dog that took up with our local drug store clerk

A young mechanic of age who had a pair of

A young lady who said on Plum street—yeh, plum town.

I have a cash buyer for class farm; must be Also have buyers for two on south side of Main street L. J. Starkey.

SOCIETY

W. M. S. HOLDS INTERESTING MEETING

Baptist W. M. S. held its regular monthly missionary program at the home of Mrs. Curtis Cudd Monday afternoon.

REBEKAHS BANQUET THE CHILDRESS TEAM

The Rebekah lodge of this city honored the degree team of the Childress lodge Monday night with a banquet.

FIRST BAPTIST CHURCH

E. T. Miller, Pastor. It is hoped that every member of the Sunday school will make a special effort to be in their respective classes Sunday.

Members of the W. M. S. will meet at the Church every day next week at three p. m. in observing their week of prayer.

A cordial welcome is extended to strangers and visitors to worship with us.

MAIN ST. CHURCH OF CHRIST

Sunday school, 9:45 a. m. Last Sunday and last day of February. All be at Sunday school and stay for church.

Eld. Joseph Kerville will preach at both 11 a. m. and 7:30 p. m. next Sunday.

Local and Personal

M. V. Evans and B. B. Smith of Canute, Okla., came in today on business.

Mr. and Mrs. Frank Cox of Estelline, were here Tuesday and while here Mr. Cox visited the Democrat office and left his announcement as candidate for sheriff of Hall county.

J. H. Read returned today from attending the Bankers Convention at Fort Worth. Mr. Read also visited his brother, Carl, at Bridgeport and his mother at Whitesboro while away.

Make your money bring dividends. Buy your gas and oil where you get Gold Bond Trading Stamps. McMurry Service Station. 33-tfc

Mr. and Mrs. John McMicken, Mr. and Mrs. Blanken ship and Miss Dorcas Ruth Wilson motored to Hollis, Okla. last Sunday week to see Mrs. McMicken's sister, Miss Mary Lowe.

Fred Boswell returned from Roswell, N. M., where he had been to place his son, Ben, in the military school. The young man made entrance examination with a high average.

Did you ever have the small pox, were you ever quarantined? If not, you can find out all about it by seeing "Grandpa's Adventures" at the high school auditorium next Monday night.

L. C. Payne was in Memphis today on his way to his home in Estelline, from Dumas, where he has land interests. He says that the land in this section has begun to lease for a small sum.

Pure long staple Mebane pedigreed cotton seed, the very best that money can buy, for sale at the Farmers Union Gin Co., Memphis Tex. 34-2c

J. M. Holland and family have moved to Wellington where Mr. Holland will represent the Kansas City Life Insurance Co. Mr. Holland has been connected with the company in this city for several years.

Rev. C. E. Jameson is holding a revival meeting at Dodsenville. He announces that Prof. H. W. Kuhn will speak at the Methodist Church at the next Sunday morning service, but no service will be held that night.

Raise more chickens by feeding Superior Buttermilk Starter feed. Get the feed that has plenty of dried buttermilk in it. Farmers Union Supply Co. 34-2c

Constable E. A. Thomas, assisted by Will Kesterson arrested a man Sunday morning who is alleged to have stolen a rifle and some other articles. When arrested he had two pistols and the rifle.

W. W. Fletcher was over from Shamrock the early part of this week having his household goods shipped to Wellington where he has been transferred and will have charge of the Wellington branch of the Fain store.

D. H. Arnold of Memphis and T. D. Gee of Estelline visited the Masonic lodge at Tell Monday night at which time the lodge was celebrating George Washington's birthday in an appropriate manner. A splendid time was reported.

Mr. and Mrs. J. S. Hardy visited their old friends, F. V. Clark and family Friday to Monday. Mr. Hardy has been proof reader for the Amarillo News the past three years. He and his wife are on their way to Waxahachie for a few months.

We have just received a full car of Superior Chicken Feed. Don't take the kind that is just as good, get the best by buying Superior. Ask the one who has used Superior. Farmers Union Supply. 34-2c

J. F. Forkner attended a meeting, at Fort Worth last week, of the Northwest Texas dealers and salesmen of Purina Chows. Some 125 were present and were entertained by the Purina Chow company. Mrs. Forkner visited a sister in Vernon while Mr. Forkner was in Fort Worth.

Mr. and Mrs. D. L. Howard of Lubbock came over Friday and visited with relatives in Memphis, returning to their home Tuesday. Mr. Howard says Lubbock county will make nearly as much cotton this year as Hall county. He says he likes this section and the people and wants to hear from them each week. He ordered the Democrat sent to his address for a year.

A CORRECTION In a report of the County Court two weeks ago, The Democrat left out the word "not" in an item which stated that L. V. Stokely had been convicted of carrying a pistol. The item should have read "Not Guilty." Correction is made in fairness to Mr. Stokely.

Speed Contests That Are Not on Record An exciting contest took place recently between a motorcyclist and an express train along the 500 miles between Sydney and Brisbane, Australia. The lone cyclist won, reaching his destination 30 minutes before the train. A kangaroo raced a train in Australia, keeping alongside the locomotive for three miles, according to TTT-Bits.

Perhaps the most grotesque railway races have been on occasions when members of the crews have had to race their own trains, after having signaled the train to proceed and then being unable to board any of the cars. One man in England gave the "right away" signal and then found the train had gathered speed so quickly that he was unable to board it.

His absence was not discovered until the next station was reached. After several minutes the guard was seen sprinting after the train. He lost the race by 11 minutes. Another guard missed his train, but pursued it on a motorcycle which he commandeered.

Royalty Annoyed One of the peculiarities of King George of England is that he is very cautious about the photographs of himself which he allows to be published. When he was prince of Wales he went to Germany to review a regiment of which he had been made an honorary commander.

In McClure's magazine Ernest Brooks, the official British court photographer, tells of the trip and the reprimand that he received from King George after the royal family had seen the photographs that were published.

"Fancy taking my picture when I had my helmet off," shouted the prince. "I might as well have had my trousers off."

Locomotive Efficiency Locomotives in use by the railroads 25 years ago were available and efficient for regular service about 75 per cent of the time, whereas today they are available and efficient only about 45 per cent of the time. This drop in available efficiency is due, it is said, to refinements in construction and to increasing the hauling capacity of the individual engines. The American Railway association is not convinced that all of the trouble can be found in these causes, but indicates that some of it may be due to a deficient understanding of the possibilities of the modern locomotive.

Wear Rubber Earrings Rubber earrings, brooches, bracelets and necklets are worn this season by fair European bathers.

BAND HOUSE MOVED

The Memphis Chamber of Commerce band house, which has been on lots adjoining the Orr Studio, was moved this week to lots on the library park. The house has been raised and a nice porch will be added. The band boys say a landscape artist will get busy at once and lay off flower beds and build concrete walks around the building and beautify the ground around the band home in a way that it will be one of the beauty spots of the city. The band boys wish to publicly thank the city council for allowing permission to place the house on the city lots on Main street.

JO KATHRYN KNOX

The Death Angel entered the home of Mr. and Mrs. Boyd Knox Sunday night at 11:45 and claimed little Jo Kathryn, their eight-months old baby girl. Funeral services were held at the family home on North Tenth street Monday afternoon at 2:30 by Rev. Alva Johnson, assisted by Eld. C. H. Kennedy. Interment at Fairview cemetery.

W. C. ALEXANDER

As we go to press we learn of the death of W. C. Alexander at his home four miles northwest of Memphis. Having died since twelve o'clock today. Funeral arrangements have not been made as we go to press. A more extended article will be given next week.

TO THE PUBLIC

I wish to announce to the public and especially the people of the Lakeview community that I have purchased the new brick building recently completed by Henry Cunningham at Lakeview and will open a stock of groceries in same at an early date. A more extended notice will be given later as to date of opening, etc.

B. WEBSTER 35-1tc.

CARD OF THANKS

To all who so kindly aided and administered to us in our sad bereavement, in the sickness and death of our loving husband, son and brother, we extend to you our sincere thanks and pray that God's richest blessings rest on you forever. Mrs. Carl Melton Mr. and Mrs. S. J. Melton and family.

FRANK COX IS CANDIDATE FOR SHERIFF HALL COUNTY

The Democrat is authorized to announce in this issue the name of Frank Cox of Estelline as a candidate for the office of Sheriff of Hall County, subject to the action of the Democratic primary on July 24.

Mr. Cox has been living in Hall county 34 years, farming practically all this time. He has been constable and deputy sheriff for 12 years, during which time he has done some efficient work. He is thoroughly capable and competent to fill the responsible position for which he aspires and promises if elected, to fill the office without fear or favor to anyone.

He asks a fair and impartial consideration of his claims by the voters of Hall county at the polls in July.

CARD OF THANKS

We take this method of thanking our many friends for the kindness shown us through the sickness and death of our darling baby. Also for the beautiful floral offerings. Especially do we thank Dr. Clark for his devoted attention. May God's richest blessing dwell with each of you, is our sincere prayer.

Mr. and Mrs. Boyd Knox J. T. Dennis and family H. H. Knox and family Mr. and Mrs. J. L. Dennis Mr. and Mrs. Johnie Wilks

I am the local Service Man for Southland Life. Home Office: Dallas, Texas. Have you Enough Insurance? C. LEE RUSHING Office in First Ntl. Bnk.

CANNON BALL STAGE MAKES CHANGE OF SCHEDULE

C. C. Wells, manager of the Cannon Ball Stage Line, states this company has added two new nine-passenger sedans. The stage now leaves Memphis at 9:30 a. m. and arrives at Plainview at 2:30 p. m., arrives Lubbock 4:30, making direct connections at Lubbock for all points west, and east and south of Lubbock. By taking the stage, Mr. Wells says, one can avoid a 7 hour layover at Amarillo in the morning and 11 hour layover in the afternoon.

GASOLINE IKE

"I find that in running a first-class garage, 'You can't kid your clients with crude camouflage. Deceit is a thing I distinctly dislike. 'In business or elsewhere!' says Gasoline Ike.

SUCCESS

THE three Ss in Success stand for Service, Sincerity and Self-respect. This isn't a sermon, but a selling talk. We sell service smilingly, sincerely and self-respectingly. What more do you want? S also stands for Suggestions. Send us some.

Mrs. Leslie Curtiss is suffering with a cold and sore throat.

The small son of W. H. Jouett is seriously ill at the home of T. H. Jouett, with whom they live.

The Methodist Missionary Ladies will give a free program at the school house Saturday night. A grab bag will be an added feature, also the ladies and girls are requested to bring unhemmed tie aprons for the boys to hem. A prize will be given Everybody invited to attend. Something unusual.

Leon Phillips and A. E. Henderson made a business trip to Memphis on Monday.

The box supper Friday night netted the school something like \$65.

E. M. Keenan and wife made a business trip to Vernon Tuesday.

Friends of Grandfather Bell were sorry to learn of his death at Estelline last week. A number of friends attended the funeral.

The Estelline basket ball girls defeated our girls here Tuesday by a small margin of 12 to 10.

Smith Samples

Two very interesting basket ball games were played at Giles, Friday afternoon between Smith and Giles junior and senior boys, Smith won both games, the score being 11 to 12 and 3 to 5.

Mrs. A. D. Bush of this community is quite ill at the present.

Mr. and Mrs. Paul King are the proud parents of a baby girl born on Feb. 16.

B. F. Jackson, Jr, little son of Mr. and Mrs. Frank Jackson has been quite ill but is reported doing better at this time.

J. S. Young returned from New Mexico, where he has been visiting his daughter.

Mr. and Mrs. Hicks Daniels and children of Amarillo spent the week end with Mr. and Mrs. Sloan Baker.

C. A. Crow and son, Tom and Mr. W. D. Mabry made a business trip to Electra this week.

Lum and Clifford Baldwin made a trip to Amherst this week.

The Mabry family are enjoying a new Radio.

Mr. and Mrs. Bowden are also enjoying a new radio.

If you know any news in the community please see Mary Lee Mabry or Inez Crow and tell them about it so they may send it to the paper.

BUICK COMPANY WILL INCREASE ITS PRODUCTION

Capacity is Increased To 1200 Cars Per Day For 1926.

The work of increasing the capacity of the Buick factories to 1200 cars a day has progressed so well that officials are confident of meeting the heavy March schedule of 27,122 cars.

President H. H. Basset has announced that the addition recently added to the motor plant is now ready for the increased production. As an additional step, a new building has been announced which will be used exclusively for the manufacture of crankshafts.

This building, according to Mr. Basset, will have a floor space of 108,000 square feet. The space released by shifting the crankshaft division to the new building will be absorbed by other departments in the motor plant.

"Buick's two million dollar expansion program," Basset said, "was announced about November the first, after indications from the market that we were to enjoy an unusually heavy winter demand for cars. We maintained an average production of nearly 20,000 cars a month. Now orders on hand have made necessary the 27,000 production figure for March, making a total for the first three months of 1926 of more than 75,000 cars.

"This has forced us to expand the plant, which had a normal production capacity of 1,000 cars a day. We are preparing to increase our capacity by 200 cars a day, to make possible an annual production of 300,000 cars.

Although a new high record was made in 1925 when 201,000 cars were delivered to owners and our financial statement showed a gross business in the neighborhood of \$75 million dollars, we expect greater things in 1926."

Finer Buick Transportation at Lower Cost

More Buicks are now being sold than ever before in Buick history. And an important reason is the fact that, though expensively built, a Buick may be inexpensively purchased.

Buick could spend less money building its chassis, and still keep the quality up to the average in Buick's price class. The famous Buick Valve-in-Head engine is a more expensive type to build. Buick could use a steering gear less expensive than the 5-control-surface steering mechanism which adds so much to Buick's driving ease. The Torque-Tube Drive also adds expense to Buick manufacture, so do the "Sealed Chassis," the "Triple Sealed" engine, full pressure engine lubrication, the Buick multiple-disc, dry-plate clutch, and Buick mechanical 4-wheel brakes.

Buick closed bodies are built by Fisher to the most exacting standards laid down by any manufacturer today.

Quality, regardless of its cost, rules Buick design. But thanks to the sustained popularity* of this quality, purchasers actually pay less for it. Vast volume gives Buick owner finer transportation at lower cost. Your next car should be a Better Buick!

When Better Automobiles Are Built, Buick Will Build Them

*During every year since 1918, eight years in all, Buick has led all members of the National Automobile Chamber of Commerce in volume of sales.

Newlin News

Mrs. Cecil Guthrie visited Sunday afternoon. Mrs. J. R. Nelson, accompanied by Clarence Jenkins returned...

ed this week from San Jon, N. M., where they have been visiting Mr. and Mrs. M. C. Nelson for the past ten days. Rev. R. V. Tooley filled his appointment in Newlin Sunday morning and evening and made the announcement that Quarterly Conference will be held at the Methodist church on Saturday, February 27.

Mr. and Mrs. Guy Nelson and children, and Mrs. Sallie Nelson made a trip to Childress Sunday, visiting with relatives there.

EX-SERVICE MEN MAY TRANSFER WAR INSURANCE

Regulations and rates covering reinstatement or conversion of World War government insurance have been announced by the Veteran's Bureau. The privilege of renewing or converting insurance expires July 2, under an act of congress.

Under these regulations the veteran has the privilege of taking up as much insurance as he carried during service up to \$10,000, which was the limit for any one individual insured. The minimum is \$1000 and the insurance will be granted in multiples of \$500.

Under the new rates arranged for the policies, the government without additional charge has assumed the risk of permanent and total disability and with no age limit as to when total permanent disability may occur.

The insurance is limited with respect to disabilities affecting insurability that have occurred since lapse of the insurance with the exception of disabilities resulting from World War service for which special provision is made.

A specimen rate table for monthly payments per \$1000 has been sent out as follows:

Table with columns: Policy, Age, Term (wartime), expires July 2, Ordinary life, 20-payment life, 30-payment life, 20 yr. endow't, 30 yr endow't, Endm't age.

RESOLUTION OF RESPECT

Resolutions to the Memory of Brother J. C. Duncan, deceased.

Whereas, It has pleased the Supreme Ruler of the Universe to call from the walks of men to that Grand Lodge above, our dearly beloved brother and friend, Rev. J. C. Duncan, and,

Whereas, Brother Duncan was a true Oddfellow and lived up to the teachings of the Order in his daily walk before men; and,

Whereas, His counsel and his presence will be sadly missed not only in the lodge room, but in the community, throughout the bounds of this entire association, and in many parts of Texas, and his kindly advice and

J. C. Downing left Monday night for Dallas where he will enter a school of pharmacy. He will be away about two months.

Miss Alma Lawrence of Wichita Falls has been visiting with her parents, Mr. and Mrs. Doc Lawrence for the past week. Miss Lawrence has been ill and returned to her home in Newlin to recuperate.

Mr. and Mrs. Nels Helm and family moved to Childress last week. Mr. Helm has been appointed to fill the unexpired term of County Clerk of Childress County.

Mr. and Mrs. Jim Bice entertained the young people of the Newlin community with a party at their home Saturday night. Quite a crowd were present and enjoyed the occasion immensely.

The Parent-Teacher Association of the Newlin school will present the contest program at the auditorium on Thursday night. The contest is being held between the parents and the school. Songs, readings, debates and addresses will be rendered by both parents and pupils. A great interest is being shown in these meetings. Everyone is invited.

An automobile caught fire and was totally destroyed on the highway near O. T. Walker's home Saturday night. No one was injured.

Mr. and Mrs. J. N. Mullins and family of Turkey, visited at the home of his brother, G. B. Mullins last Sunday. They were enroute to Turkey from Odell, Texas, where they have been visiting.

Will Padgett of Newlin has been seriously ill the past week.

The Newlin girls' basket ball team defeated the Turkey team on the local court Friday by a score of 15 to 11. The girls team has not been defeated this season and are expecting to win the district honors.

CARD OF THANKS

We, the wife, children and grand children of A. I. Lamb, take this method of trying to express our thanks for the many acts of kindness and real helpful hands lent us during the illness and death of our dear one. We sincerely hope that we may be able to assist others in the future in their time of such losses and trouble which must come to all. We would not forget the many lovely floral offerings. It is a great uplift to know that friends are many and true in this dark, sad time in this life, hoping that all will be bright for everyone in the other world. MRS. A. I. LAMB and children

It Will Surprise You!

TO KNOW THAT ADVERTISED GOODS ARE MUCH CHEAPER

Advertising brings to millions, at reasonable prices, comforts and conveniences that without advertising would be luxuries only a few could enjoy.

America is an advertising nation. That is one reason why the man with moderate means here enjoys more comforts than most wealthy men abroad.

Because thousands on thousands of people ask for a certain article by the same name, which they have read in the same advertisements, it is possible for the advertiser to sell this item at a minimum effort.

When you stop and think of the number of items in your daily life built by advertising, you can appreciate that Advertising Does Pay You.

ADVERTISING ENABLES YOU TO BUY BETTER THINGS AT LESS COST

Get Rid of Backache!

Memphis People Point the Way

The constant aching of a bad back, The weariness, the tired feeling, Headaches, dizziness, nervousness, Distressing urinary disorders— Are often signs of failing kidneys And too serious to be neglected. Get rid of these troubles!

Use Doan's Pills—a stimulant diuretic to the kidneys. Hosts of people recommend Doan's This is a Memphis case. You can verify it.

T. O. Kirby, E. Main street, Memphis says: "My kidneys were acting poorly and the secretions hardly passed at all. Backache bothered me a lot with a mean hurting in the small of my back. I was sore and stiff, too, and if I sat down in a bent over position, my back was so sore I could hardly get up straight again without help. Doan's Pills regulated my kidneys and cured me of the backache."
