

The Memphis Democrat

VOLUME XVIII MEMPHIS, (Hall County) TEXAS, THURSDAY, NOVEMBER 19, 1925. NUMBER 21

REV. JAMESON RETURNED BY CONFERENCE

Rev. C. E. Jameson was returned by the Annual Conference as pastor of the First Methodist Church, and Sam Thomas, who has just entered the ministry was given charge of the Memphis Mission.

Rev. Jameson had a fine report from the local church which indicated the success of his pastorate here during the past year. He made many friends during the past year and they are all glad to see him returned for another year's work.

The following is a list of appointments for the Clarendon district:

Presiding elder, J. T. Griswold, Clarendon, J. H. Hamblin; Clarendon circuit north, W. J. Knoy; Clarendon circuit south, H. G. Walton; Claude, W. A. Hitchcock; Hedley, J. W. Hawkins; Lakeview, M. E. Hawkins; Lelia Lakee, A. O. Graydon; Plaska, D. D. Denison; McLean, J. A. Scroggins; Memphis, C. E. Jameson; Memphis Mission, Sam A. Thomas; Mobeette, U. S. Sherril; Pampa, B. J. Osborne; Shamrock, W. E. Hamilton; Shamrock circuit, John H. Crow; Wellington, J. T. Hicks; Wellington circuit, Henry Francis; Dodsonville circuit, W. W. Mangum; Wheeler, J. C. Mann; Groom-Allanred, C. H. White; Goodnight circuit, Sam T. Ming; supply; Supernumary, R. B. Bonner and A. O. Hood; President Clarendon College, George S. Glover; Missionary to Japan, Sam Hilburn; Conference evangelist, Leon Henderson; Conference evangelist, G. H. Gattis.

TWO AUTOS ARE STOLEN FRIDAY ONE RECOVERED

Elan Orcutt of near Parnell recovered a Dodge coupe Saturday morning which had been stolen from his place during Friday night and driven to near Newlin where it was turned over and abandoned. Some glass windows broken was all the damage that was done.

The same night a Ford touring car was taken from the garage of J. B. Moore near Newlin. This car has not been found. It was a 1923 model, Motor No. 7,886,370 and Highway No. 329-530, Goodrich casings, and was in good condition. Mr. Moore stated that his wife heard the car during the night but supposed it was some one passing by. The thieves had to pass near the house from the garage to the road. It is believed the thieves who stole the Orcutt Dodge turned over accidentally, and rather than fool with getting it up again, went to Moore's place and took his Ford and went on their way.

MOTHER EDDINS OF ESTELLINE PROBABLY REMEMBERED BY MANY IN HER EIGHTIETH ANNIVERSARY

Nov. 16, was an enjoyable day with the many friends of Mother Eddins, the lovely white-haired mother of Estelline, for it was the occasion of celebrating her eightyeth anniversary.

With her children gathered around at the home of Dr. and Mrs. Vardy. When one viewed the beautiful and lovely Mother Eddins, it was the same old Mother Eddins, the white and gold of her hair, the white and gold of her dress, the white and gold of her apron, the white and gold of her stockings, the white and gold of her shoes. She was presented as a gift by the Society of which Mother Eddins was a member.

Afternoon upon returning home, she was accompanied by a few friends, Eddins was greeted by her friends who had been gathered by Mrs. Green and Mrs. Vardy for a surprise birthday party in her absence the large table had been beautifully set in lavender and gold.

Entering the room, Mrs. Carl and Miss Hortense Eddins their grandmother with a very pretty picture she had been provided, holdovers and with a huge cake with its 80 candles on it. A program of talks, readings, and toasts

was given and greatly enjoyed by all. After the program a large basket of gifts was presented. Practical, useful, and beautiful gifts they were indeed. The charming manner in which Mother Eddins expressed her appreciation for the tokens of love and the friendship of all present, proved that every birthday simply makes her one year younger. The birthday cake was then cut and wishes made by the guests. The first of these was made by a friend of Mother Eddins, who will be 80 years old in January. Dainty refreshments were served to about 75 guests.

Out of town visitors were: Mr. and Mrs. Dave Cooper and daughter, Mrs. Cooper; Mrs. Fred Swift, Miss Irene Swift, Mrs. Sam Cooper, of Memphis; and Mr. and Mrs. E. O. Blackshare and Miss Mary Ethel Barnes of Vernon.

Mother Eddins is to be congratulated upon having attained the four score years of life after many years of useful service. The mother of 16 children, she has always found time to work for the betterment of her community and is an active church worker, took the Daughter's Degree in the Eastern Star work 60 years ago and has been a Rebekah for over 25 years. She is still conducting a business in Estelline successfully and numbers her friends by her acquaintances.

THE ADVERTISING DAY

A man wakes up in the morning after sleeping under an advertised blanket on an advertised mattress and pulls off advertised pajamas, takes a bath in an advertised tub, shaves with an advertised razor, washes with an advertised soap, powders his face with an advertised powder, dons advertised underwear, hose, shirt, collar, shoes, suit, handkerchief, sits down to a breakfast of advertised cereals, drinks a cup of advertised coffee, puts on an advertised hat, lights an advertised cigar, rides to his office in an advertised car, with advertised tires. Then he refuses to advertise on the grounds that advertising does not pay. If your business is not good enough to advertise—advertise it for sale.

Little Symphony Orchestra to Play Saturday Night

The Little Symphony Orchestra of the West Texas State Teachers College will give a free performance at the Methodist Church Saturday night, November 21, and the public is cordially invited to attend.

This orchestra is under the direction of Wallace R. Clark, dean of music of the college, and they are on their way to the State Teachers Association at Dallas next week.

Colby Delaney of this city will accompany them to Dallas and play with them. He was with the orchestra for two years and they have invited him to accompany them. Do not forget this concert, for it will be well worth hearing.

MEMPHIS TO HAVE GAS BY MIDDLE OF NEXT SUMMER

That is the announcement made by Engineer Watkins of the Upham Gas Co., here today. A car load of pipe is being unloaded for the distributing mains and work will be pushed on the lines until completed.

It is also announced that Memphis will have a glass factory and a brick plant when gas is secured here. Other manufacturing plants may be expected to fall in line also.

SALE OF JAKE LAW VIOLATION JANUARY 1ST

On and after Jan. 1, 1926, tincture of ginger, otherwise known as "jake", will be classed as intoxicating liquor, is the information given out by the government. On and after January 1, 1926, all alcoholic preparations of ginger will be classed as intoxicating liquor, may be sold only as an intoxicating liquor pursuant to a physician's prescription or permit to purchase as the case may be. This classification applies whether sold as essence of ginger, tincture, of ginger, extract of ginger, Jamaica ginger, or by whatever other name known.

TWO LADIES HURT IN AUTO COLLISION

Last Sunday, Mrs. T. M. Rector and daughter and Mr. Story of Amarillo visited Mrs. Arthur Howard of this city, daughter of Mrs. Rector. Late that afternoon they were on their way home, and a few miles west of Clarendon were run into by a car driven by some negroes, seriously injuring Mrs. Rector and her daughter. They were taken back to Clarendon and are still there. Mrs. Rector being unable to make the trip to her home in Amarillo.

It seems the negroes were driving in a careless manner, going from side to side of the road, and Mr. Story, thinking they would run into him, as a last desperate effort to avoid being hit, pulled to the left side of the road and at the same time the negro pulled to the same side and the collision was the result.

"DIAMONDS AND HEARTS" PLEASE GOOD AUDIENCE

The play at the high school auditorium last Friday night by the high school pupils under the direction of Miss Griggs, teacher of expression, was well attended and well presented by the participants in the play, showing splendid training on the part of the director an ready adaptation on the part of the pupils to the parts played by them.

The audience was well pleased and entertained. The play demonstrated the fact that Memphis has good talent among the young people which should be encouraged at all times.

FORTY BLOCKS PAVING PLANS FOR MEMPHIS

The City Council is advertising an election to be held in the city on December 15, for the purpose of voting whether the City of Memphis be authorized to issue bonds to the extent of \$50,000 for the construction and improvements of roads, bridges and streets of Memphis, to mature serially or otherwise, at such times as may be fixed by the City Council, not to exceed forty years from their date and to bear interest of five and one-half per cent. payable semi-annually and the levy of a tax sufficient to pay the interest and provide a sinking fund to pay the bonds at maturity.

These bonds if carried are to take care of the city's part in the extensive paving campaign which is contemplated for the coming year. The paving will be in the residence section of the city, the business section being practically all paved at the present. With 35 or 40 blocks of residence streets paved, Memphis will become more like a city and the citizens will have something of which they may be proud.

OLD SETTLER PASSES AWAY NOVEMBER 14.

H. Vallance passed away at his home near Plaska last Saturday at 1:30 p. m., and was buried in Fairview Cemetery in Memphis Monday afternoon. The funeral was held at the Methodist Church at Plaska, conducted by the Rev. D. D. Dennison, early Monday afternoon. Heart trouble was said to be the cause of his death.

Mr. Vallance was 62 years of age last February. He leaves a wife and eleven children all of whom attended the funeral. He came to Hall county 21 years ago and was one of the County's most respected citizens, and a leader in the community in which he lived.

The Democrat joins the many friends in extending sympathy to the bereaved family.

MEMPHIS GIRL IS ASSOCIATE EDITOR "LE MIRAGE"

Miss Mae Simmons of this city has been chosen as associate editor of "Le Mirage" the 1926 annual of the West Texas State Teachers College at Canyon. This announcement appeared in the official paper of the college, "The Prairie" and further announcement was made that Miss Simmons, who is a member of the Class of '27 will be editor-in-chief of the 1927 "Le Mirage." The staff feels confident that Miss Simmons will make an able editor because past experience has shown not only her willingness to work but also her ability.

Memphis people are always proud of her sons and daughters who make a name for themselves and reflect honor upon their home town when they go away to school.

HALL COUNTY STILL LEADS IN COTTON GINNING

The Department of Commerce, through the bureau of census, announces the preliminary report on cotton ginned by counties in Texas for the crops of 1924 and 1925. Hall county leads this section of the state with 18,369 bales.

The state total to November 1, is 2,853,520 as against 3,791,628 for the same period in 1924.

County	1924	1925
Hall County	13,899	18,369
Collingsworth	14,767	12,243
Childress	14,311	10,105
Donley	3486	7942

HALE-WALTERS

Mr. Leon Hale and Miss Virginia Walters were united in marriage last Saturday evening at the Presbyterian manse by the Rev. Chas. T. Richter. They left for Amarillo Sunday morning for a few days visit.

The bride is the niece of Mr. and Mrs. S. S. Montgomery of this city making her home with Mr. and Mrs. T. E. Noel. The bridegroom has been practically reared in this city and is the son of Mr. and Mrs. G. Hale. Both are popular young people of this community and have been attending the Memphis high school.

At present they are making their home at the Kennedy Hotel and expect to build a new home in the near future.

ADVERTISING GRAFTERS

An advertising grafter recently worked Canyon and took from the merchants a wad of money for a menu card. The cafe man said the menu was worth nothing to him as it did not suit his purpose, and that it was no good to the merchant as an advertisement. He would, however, use the menus for a while since the local people had put a lot of money in the scheme. If this good money had been invested in advertising in the News it would have brought some returns to the advertiser. As it turns out, no one is benefitted excepting a small printing job for the News and the grafter was encouraged to go on and fleece another town. —Canyon News

Rates Reduced By The Memphis Electric Company

In an advertisement on another page of the Democrat the Memphis Electric and Ice company makes an important announcement concerning the reduction of rates. This reduction comes with the November billing and 10 per cent discount is made when paid on or before the 10th of the month. Read the advertisement, for it is a good news item.

The hi-line is completed into the edge of the city and the holes have been made for the poles across the city. This work is progressing rapidly and Estelline will be connected to the hi-line Saturday, and their engine will be moved to Memphis to take the light load after the peak has been passed at night. This line when completed, will extend from Kirklind to Clarendon and will assure the cities so connected continuous service should the local plant fall down from any cause.

The hi-line crew is spending about three thousand dollars per week in the city which makes more business for the merchants.

YOUTH STRUCK BY AUTOMOBILE; NOT INJURED

A serious accident was narrowly averted today about noon when the nine-year old son of Mr. and Mrs. W. E. Williams, dashed in front of the automobile driven by Leslie Foxhall on the corner in front of the Harrison Clower Hardware Co. The child was crossing the street and became excited at the sight of the approaching car running directly in its path. Young Foxhall jammed on the brakes and stooped almost immediately after the child was hit. The boy was picked up and rushed him to the Boaz sanitarium, where it was learned his injuries were very minor and no bones broken. The lad was taken to his home by Leslie in his car.

MEMPHIS-SLATON GAME HERE FRIDAY TO DECIDE THE CLASS CHAMPIONSHIP DISTRICTS 1

The stage is all set for the big clash Friday afternoon between the football squads of the Memphis and Slaton high school. The game is called at 3 p. m. at Fair park. This game promises to be one of the hardest battles ever engaged in by the Cyclone as Slaton has not lost a game and has had their goal line crossed by only two teams this season. They have scored 188 points while their opponents have only registered 27 points against them. The Cyclone has scored 270 points while they have allowed but 48 to be counted over their line.

The comparative weights as given by the officials of the teams average weight for Memphis 170 pounds and 178.7 for Slaton, giving Slaton two pounds advantage to the man. However the le not worrying over this slight advantage as they depend on fake plays rather than straight football more else this season, they serial work which is ed.

The Cyclone advantage due to of her men as but they do as an alibi

WILL INSPECT COMMANDERY FRIDAY NIGHT

William Gilmer Bell of Austin, Grand Commander of the Grand Commandery, Knights Templar of Texas, 33d L. G. H., will inspect the Memphis Commandery Friday night. He will be the guest of the local Commandery while in this city.

Sir Knight Bell has given thirty four years of active service to Templar Masonry, having conferred orders on over 1200 candidates, a record equalled by few. At present he is recorder of Colorado Commandery serving his eighth in this office.

Sir Knight Bell has also devoted many years of his time and talent to the upbuilding of Scottish Rite Masonry, having served nine years as Venerable Master, of the Lodge of Perfection. In 1907 he was honored by the Supreme Council of the Southern Jurisdiction by being elected to the highest degree within their gift—the thirty-third—being one of the youngest men thus honored.

Twenty-one years ago Gen. Bates Stoddard, Past Grand Master of the Grand Encampment K. T. of the U. S., installed William Harris Bell, of Austin, father of the present Commander, into the station of Grand Commander, he having served in all eleven stations of the Grand Commandery, such a record has never before been known in the history of Templar Masonry in the United States of America.

PALO DURO CAMP SITE IS CHOSEN BY METHODISTS

Deep in the bowels of the earth with serene sky above, murmuring brook below and cedar studded palisade walls on either side, a picturesque site has been selected in Palo Duro Canyon by the Encampment committee of the Northwest Texas Methodist Conference and will be purchased just as soon as necessary funds can be obtained, according to Rev. C. E. Jameson, pastor of the Memphis church, who was in Amarillo yesterday enroute home from conference at Canyon. Jameson is one of the prime factors behind the movement.

A campaign for funds is to be conducted among the 50,000 Methodists in the district during the next month, according to Jameson.

"Such grounds will enable us to control our own affairs and enable us to bring to this natural playground from 5000 to 10,000 Methodist young people annually for encampment and for Epworth League and other outing companies," Jameson said.

The Epworth League general board has tentatively agreed to erect a large tabernacle on the ground to stimulate interest in the project and encourage the use of the grounds, it was said.—Amarillo News.

NOVEMBER IN OUR TEXAS

By PHOEBE K. WARNER

Every month in the year has its special charms and duties. But is there another month in the whole year in Texas so full of beauty and interest as NOVEMBER?

First of all there is the gathering of the crops. That's not always a pleasant job, but it is a most happy job when there is anything to gather. And Texas never fails to have good crops somewhere to gather. And the gathering of the crops is one job everyone loves in proportion to its size. The bigger the crop the happier the toilers, for every bale of cotton, every bushel of grain and every bundle of feed means more comfort and happiness for the people.

But it is not only the quantity of grain and cotton and food that counts but it is the climax of the year. November tells the tale of our whole year's work. It is the time of victory or defeat. November sits on her golden throne like the Supreme Judge of all Nature and passes the final decision on our year's efforts. This is true not only in the world of Nature. But to a very great degree the success of every human being depends upon Nature's decision at her November court, for after all everybody's pay must spring first of all from the soil.

Two Great Holidays

But there are other reasons for November being a great month. Two of the greatest celebrations come in November. One is strictly an American creation. The other is a world-wide holiday. Thanksgiving has become one of the most loved days of all the year. Our Pilgrim Fathers recognized the blessings of November long years ago and created a day of Thanksgiving giving at the close of their first year's crop. Herein is a lesson for every discouraged Texan this year. If you feel that Nature has forgotten you this year and that your efforts have not been crowned with the usual amount of glory, think of the pilgrim fathers on the cold shores of the Atlantic Coast, three hundred years ago. You are living in Texas today because of their sacrifices. They gave thanks because they were still alive. How about you?

Armistice Day

The world-wide holiday in November is a day that will grow in meaning as the years go by. Not many of us ever did appreciate the meaning of the words "World War." It was too far away from the most of us to make much of an impression on anybody but those who suffered. Eight million of our homes will always remember Armistice Day. They offered and gave something worth while to the cause of world peace. But there are more than 26 million homes that gave only time and money to the cause of world peace. Most of them have forgotten it. But the world that suffered will never forget and November will some day be the greatest world wide day save Christmas.

National Education Week

But November has more than days. November has WEEKS and this is National Education Week. What's that? A whole week of time set apart by our government for the sole purpose of talking EDUCATION. And what does education mean? Not just better schools but better homes and better babies and better hearts and better farming and better communities. This week being observed by every progressive community, town and city in the United States to promote its educational interests. You are expected to think education, talk education, plan education, work for education for all the people—old and young, rich and poor—for thorough education and training only can we hope to build a more efficient Nation.

When God created man he gave him two great parts. A body and a mind. He intended both these essential parts of every man and every woman to be developed equally and simultaneously, so that each might serve mankind. Which have you given the most attention and food in your case. Your body or your mind? Education Week is to call your attention to your own mind. Are you giving it a square deal? Are you giving it a chance to do its best to serve your body and your family and your community? Education Week is for you and you and every one of us. It is a national command from our government to stop a few minutes in the midst of life's duties and listen to the inward pleadings of our own MIND for a square deal at our own hands. How many of

you are starving your mind to gratify some other part of nature not half so important to your well being and future safety? Think about it this week.

Two Great Meetings

Another thing that always happens in Texas in November is two great meetings. The State Convention of the Texas Federation of Women's Clubs and the other the State Convention of Mothers and Parent-Teacher Associations. The first of these was held last week in Austin and was the greatest gathering of its kind in the history of the Federation. Nearly four hundred Texas women met in their capital city in the Senate Chambers of the State Capitol to discuss the women's work in Texas. Topics of interest to every citizen in the state were discussed. Wonderful work that is being done in every part of the state for the betterment of home community, county, town and city, and the state at large filled the five days to overflowing. Beside a convention week it was like a week of Chautauqua with the best speakers from all over the state and several of national renown. The most outstanding features of the convention were PEACE and the HOME. These factors were interwoven through the entire week. The crowning appeal for the American Home was made by Mrs. John D. Sherman, president of the General Federation of Women's Clubs. The climax of the week's work for peace was reached in the address of Dr. Harvey of New York City, who gave a masterpiece on the "Cause and Cure of War."

This week the Mother's Congress and Parent-Teacher Associations are holding their annual convention in El Paso. In this convention the chief theme will be the CHILD. The Twentieth Century has been called by some of our ablest thinkers "The Children's Century." The El Paso meeting will prove this to be true in Texas. If the pessimists of our state and nation would attend some of these November meetings they might be convinced that the world is NOT going to be bad but that more good is being accomplished every day for all humanity than ever before in history. It is only just and fitting that these great conventions should also come in November so that women of Texas might gather in reports of the year's work for the home, the children, the school, the state and nation at this golden period of the year.

FRESH AIR OF IMPORTANCE TO HEALTH

D. E. Breed, Executive Secretary, Texas Public Health Association, urges everyone to sleep out doors and receive the benefits that are to be derived from breathing fresh air. Night air, in spite of the theories of our grandparents, is just as healthful as day air. It is even more pure for its is less laden with dust and humidity. Cold air, moreover, according to recent experiments, has been

found to be even more health-giving than warm air.

There are four factors that make outdoor air a healthful tonic, according to Mr. Breed. It must be at the proper temperature, not too high nor too low. There must be the proper balance of humidity. The air must be in motion and it must have variability, or change. Within the closed room there can never be the proper combination of these four factors. Ventilation specialists who have been working on this matter for years have concluded that there is no artificial device which can combine the right variability, motion, temperature and humidity. The best air to breathe at all times is fresh, outdoor air.

For those that do not have a sleeping porch the most practical way to bring in the fresh air is through the windows, opened top and bottom.

Cross ventilation is thereby obtained and this keeps the air in motion. The Tuberculosis Christmas seals are largely responsible for the increased recognition of the value of fresh air.

CAR TURNS OVER WITH FOUR NEWLIN BOYS

Last Saturday morning about 10 o'clock, one-half mile east of Newlin, Claud Wallace, Eno Perry and Paul McArthur were driving in a new Ford and met another car, they pulled out to pass and ran into a sand bed which caused the car to turn completely over, doing damage to the car to the extent of about \$150. The boys escaped without injury. The engine was still running when they got up and cut it off. They turned the car right side up and drove it into Memphis for repairs.

WINTER IDEA ALL WRONG SAYS FOUNDATION

Texas farmers are being warned by the Sears-Roebuck Agricultural Foundation against placing faith in forecasts of an extremely cold winter to be followed by an unseasonable summer in 1926. The winter may be extremely cold and the summer unseasonable, but scientists have no means of telling it at this time. A week is the longest possible into the weather forecast.

Neither is there reason for believing that the winters in this section are no longer so cold nor the summers so hot as formerly, according to the Foundation, which quotes weather bureau figures on the February temperature, running back three decades. The mean December-January February temperature over the decade 1895-1904 was 48.4 degrees; and for 1915-24, 51.9 degrees, a difference in the total range of 3.5 degrees. The mean temperature for the same three winter months last year was 49.8 degrees. Snows that lay in the ground for weeks on end, skating that began in November and lasted until March, and drifts that reached almost any one's knees, were the exceptional occurrences in grandfather's days as they are today," the Foundation declares. "One mild winter is the rumor that overcoat manufacturers had better go into the beach suit business, while an unusually cold winter is dubbed as good old fashioned winter. One caution for this is that memory is treacherous and recalls the exceptional more than the average. Another is

that modern living has taken the edge off the extreme weather. A snowfall that our forefathers would have trodden under foot for days now is shovelled away before we get up in the morning. Better heating, too, makes us feel the low temperature less, and ice refrigerating plants and electric fans make extremes of heat more endurable."

While the weather is constantly changing from one year to another, big climatic changes are too gradual to be observed in the lifetime of one or even a hundred generations, the Foundation states. Scientists figure that the climate of this continent has not changed in some ten million years not since the passing of the glacial period, and probably will not for another ten million.

BAPTIST W. M. S.

The W. M. S. of the Baptist church will meet Monday, November 23. Subject: "The Child and the Future." Leader—Mrs. Sigler. Devotional Leader—Mrs. Harrison. The Child's Conception—Mrs. V. Jones. The Mother's Trust—Mrs. A. Baldwin. The Teacher's Task—Mrs. H. Smith. Social hour. All ladies invited.

Novelty goods at Proctor and Co. Variety store. 20tf

Giles Gleanings

The Home Economics club met November 12, with Mrs. Robt. Stotts. Several members were absent yet a very interesting meeting was held. Our visitors were Mrs. Carver and Mrs. Harvery. The special work consisted of quilting and was carried on so diligently that when closing time came the quilt was almost finished. The hostess served dainty refreshments after which the club adjourned to meet November 26, with Mrs. E. H. Watt. We hope to have a full membership present at that meeting. We have some business matters to discuss.

G. C. Meredith and family visited with relatives at Goldston a few days last week.

The juniors enjoyed a party at the home of Mrs. W. L. Cope last Saturday night. It being so cold, only a few were present, but those who were able to attend report a splendid time.

Miss Agnes Conway of Ballinger is visiting relatives here this week.

Mr. and Mrs. Sam Ayers of Hedley visited our community and sang with us for a while last Sunday afternoon.

Hec Cope came up from Wichita Falls and visited with home folks a few days ago.

Mr. Luttrell of Hedley attended the singing here Sunday night.

Mrs. F. G. Watt and children spent Sunday in the home of Mr. and Mrs. McCants.

Mrs. J. T. Alley has been on the sick list this week.

A. E. Ranson, Jr. returned this week from New Mexico where he spent the summer with relatives.

Bro. Rogers will fill his regular appointment here next Sunday afternoon. We invite everyone to come and hear him.

Last Sunday Mrs. A. E. Ranson surprised her husband by giving a dinner party in honor of his 39 birthday. Mr. Ranson had forgotten the date and was very much surprised when the guests began to arrive bringing gifts and best wishes for the coming year. At one o'clock the dining room was opened and all were invited to partake of the feast prepared. And feast it was indeed. The table was beautifully decorated and food of every kind that would please the eye or tempt the appetite was served to the delighted guests. The guests departed at a late hour and expressed their thanks for their enjoyment and the lovely dinner. Those present were Bro. Rogers and son and Messrs. Ward and Bennett of Memphis, F. G. Watt of Hedley; E. H. Watt, T. C. and W. C. Johnson, Lemons, Woods, McCants, Carver, Hix, Banta and Robt. Stotts, of Giles.

NO ADVERTISING KILLED TRADE

E. L. Murduck, proprietor of Murduck Bros., for 18 years a leading ladies' ready-to-wear store of Champaign, Ill., declares that the chief reason for the recent failure of his business was due to his giving up newspaper advertising. He said in a signed letter in the Champaign Gazette-News:

"Another contributing cause, and perhaps the greatest contributing cause, is the fact that four years ago our firm, because we thought the rate was too high, withheld all advertising in the Gazette-News."

"For two years we were without proper means of getting messages about our store into the homes of our friends and buyers. The result was that they soon forgot us. We tried other forms of advertising to supplement the newspaper, but we found none that was as effective. Our business continued on the downgrade."

"After two years we saw the error of staying out of the newspaper. Arrangements were made again with the Gazette-News to carry Murduck Bros., advertising into the homes of the community. The business began to thrive—but it was too late. Seemingly our friends had forgotten about us. The fault was ours. For too long a time we had failed to remind them about the plentiful merchandise and values in our store."

Growing Old Too Fast?

Many Memphis Folks Feel Older and Slower Than They Should

Are you weak, tired, all worn-out? Do you feel years older than other folks at your age? Then look to your kidneys! The kidneys are the blood-filters and if they weaken, the effect is quickly felt. You have constant headache, dizziness and urinary troubles. You feel lame, stiff and aching—all played out. Don't wait! Use Doan's Pills—a stimulant diuretic to the kidneys. Read what this Memphis resident says:

B. H. Rodgers, farmer, P. O. Box 694, E. Main St., says: "My kidneys were weak and the secretions passed too often, especially at night. I had to get up many times. Mornings when I first got up my back felt stiff and sore. Doan's Pills were suggested. They regulated my kidneys and rid me of the backache. I have used Doan's occasionally since and have always received good results."

SIMMONS Beautyrest Mattresses

- 1 Gentle, yielding support is given by the more than 625 small coils
- 2 Deep, soft layers of fine new-felted cotton form luxurious cushion
- 3 Eight ventilators in side walls keep interior fresh and sweet always
- 4 Fabric pockets cut open to show tempered coil springs under tension
- 5 Sides and ends are of same fine construction as top and bottom
- 6 Attractive, durable cover. Generous rolled edge keeps bed neat and tidy

Here is the biggest money value ever offered in a mattress at any price

Study these comfort diagrams

Note how the body compresses the sensitive springs to various heights instead of sagging to meet the mattress.

The resilient springs act independently, shaping the luxurious cushion of cotton to conform to all body curves.

Never before has so fine a mattress as the new Beautyrest sold for a price as low.

We are offering our customers this greatest mattress value on the market. Its inner-spring construction insures you years of the finest sleep-luxury.

More than 625 small springs, in separate fabric pockets, give gentle, flexible support to your tired body. Thick layers of new felted cotton, complete a buoyant cushion which cradles your body in the easiest and most restful position. See diagrams.

Until Simmons produced this super-mattress at so low a price, only the rich were able to afford such luxury. Now everyone can enjoy it. Once you have seen the new Beautyrest you will not rest content until you have put it on your bed.

PUBLIC SCHOOLS A BUSINESS

What do you know about your child's school? How is your child's home cooperating with it? Does your child have trained parents as well as trained teachers?

If the home can answer these three questions it will be taking its due part in Education Week.

We can have neither interest in nor a fair opinion of that which we are totally ignorant. The great majority of people to-day know nothing whatever about the schools in which their money is invested and to which their children are sent to secure an education. Many parents do not know the name of the school their children attend or of the teachers in whose care they spend five hours of five days a week and whose influence upon their lives will never be effaced. They do not know whether the school plant is good or bad; the equipment modern or antiquated; the instructors capable or inefficient. Having no knowledge, they lack appreciation of the professional skill of the teacher; never having seen a class in operation, they have not realized the tremendous advantages made in recent years in methods and subject matter. Unaware of the demands made by this enlarged curriculum and by the over crowded classes resulting from our rapidly increasing population and the inability of the education supply to meet them, they content themselves with carrying on more or less efficiently that part of education lying within the physical limits of home, and they leave to the system of public instruction of which America is so justly proud the task of administering the taxes they pay and of improving both schools and the children who are sent to them.

Perhaps the greatest functions of Education Week is the demonstration of the schools to the people, by drawing into them the citizens of every community, whether small or large, setting before them the processes of modern education, the equipment required to attain and maintain the highest degree of efficiency and the justice of giving to every child, whether in city or country, equal educational advantages.

But merely to invite the public into the school buildings is not enough; there are those who will see and not perceive; who will hear and will not understand. In every school in the land there should be held in Education Week a mass meeting at which should be practically set forth the value of education; its effect upon the wage earning capacity of young men and women; the possibilities offered by vocational training; the advantages of part-time schools. The representatives of the home and of the community should be informed in clear non-technical terms as to the qualifications of teachers and the importance of providing for them the best possible training; the recognition of ability and the payment of adequate salaries; the provision of suitable tools for their work and proper conditions in which to live and labor.

The public school is a business partnership in which the people are stockholders. They should know the details of that business in terms of practical experience, its application to the living conditions of every trade and profession. Then these stockholders should see their plant in operation, demonstrating not results, but processes, so that they may recognize the skill and effort which go to the production of the finished article, and they should have the opportunity to ask questions and receive intelligible answers in regard to this great investment of millions of their money.

Teach the community about its school; how much it costs to run it, and how much better it might be made by increased expenditure. Wake up community pride and set it to work.

Teach the home what the school needs from it in loyal support, in friendly understanding, in healthy well trained scholars. Wake up parent pride and set it to work.

Learn from the community what it wants the school to give its children; how the school curriculum may be humanized and vitalized until education becomes a commodity worth any price because of its vital and fundamental value in the life of the home.

A better public spirit, a higher social order, will result when we see completed the great American triangle:

THE HOME—THE SCHOOL—THE COMMUNITY

Our peace officers are on the alert for law breakers and as a consequence, 14 of the boys were taken in Saturday night charged with 'crap-shootin' and drinking. This is a good bag and there will be more if the practice is not stopped. Our officers are determined to make the road rough for all violators.

CAR OWNERS MUST HAVE LIGHTS TESTED

The attention of all owners of motor vehicles and motorcycles is called to the following provision of the Texas Automobile Headlight Law:

"Section 16—Before any county tax collector shall issue a certificate of registration to the owner of a motor vehicle or motorcycle as now provided by law, he shall require the presentation of a certificate showing that the headlights of such motor vehicle or motorcycle have been tested and adjusted at some one of the county test stations referred to, and that said test and adjustment have been made within the 30 day period just preceding the date of application for registration."

Since headlamps must be adjusted within thirty days of the date of registration of the cars, approximately two months will be available for the pre-registration tests. Considering extreme cases, for example, if a car is registered on January 1, the owner will have had thirty days in which to have had the headlamps adjusted and if a registration is made on January 31, practically the whole month of January will have been available. In other words, the certificate of adjustment must not be over thirty days old at the time the car is registered. Of course, the motorists will have their headlamps adjusted about the time of registration.

Motorists are requested to begin registration at the earliest possible time and not wait until the latter part of January. Early registration will help the tax collector tremendously and will save time for the motorist. The regular registration period will begin in this county about December 1, 1925 and extend through January, 1926.

STOLEN FORD FOUND

Officer Thomas reports the finding of a Ford car south of the river last Monday which had been abandoned. It belonged to the Pierce-Fordyce Co. of Lubbock or Plainview. The party driving the car had abandoned it, having evidently run out of gas.

Mrs. K. T. Brock of Indianapolis, Ind., is here to visit her father, J. W. West and her brothers, R. V. and S. T. West, during the Thanksgiving holidays.

Mrs. E. R. Adams is in Bridgeport this week visiting relatives.

Bulb Bowls, plain and decorated at Harrison-Clover Hardware Co. 11

J. A. McIntyre and wife of Esteline were visitors in Memphis today.

Mr. and Mrs. T. E. Benge of Wellington came Tuesday to visit their daughter, Mrs. Pete Clower.

Dr. D. C. Hyder returned Friday from Dalals, where he attended the State Medical Association meeting.

John M. Rice of Abilene, financial agent for Abilene Christian College, was a visitor in this city this week.

Mrs. H. Mathewson of Mangun, Okla, is here visiting Mrs. Frank Fore, and her mother Mrs. Clower.

Mesdames D. T. Eddins, Vernon Bagwell and P. L. Vardy of Esteline were visitors in Memphis Wednesday afternoon.

Mrs. E. Sisk returned to her home at Wellington Monday after a visit with her daughter, Mrs. Sam Thomas of this city.

Miss Cora Lee has returned home from Wellington where she worked for the Fain Department Store for several weeks.

Mrs. O. B. Crawford of Wellington was here last Friday to visit Mrs. W. J. Lang and attend the luncheon at the Grundy home.

If you are going to set out bulbs this fall, purchase some of those plain and decorated bowls a Harrison-Clover Hardware Co. 21-2c

W. D. Collins and son returned to their home in San Francisco this week, after a visit here and at Wellington for two or three months.

Mrs. B. C. Bennett and little daughter arrived Saturday from Dallas to join her husband who is employed as printer at the Democrat.

Ed Kelley has put on the second tire service truck, which makes one at each station. Ed believes in giving service is the reason he is putting on more equipment for service.

Mrs. J. R. Horne of Quanah visited with her daughter, Mrs. S. E. Draper, the latter part of the week. She was on her way home from Amarillo where she visited relatives several days.

High Aim in Teaching Kindness to Animals

Several years ago, writes M. L. H. of the Humane Education Press bureau, Boston, the well-known American journalist and poet, Ella Wheeler Wilcox, wrote:

"Many times I am asked why the suffering of animals seems to call forth more sympathy from me than the suffering of human beings; why I give more time and effort in this direction of charitable work than toward any other.

"My answer is because I believe this work includes all the educational lines of reform which are needed to make a perfect circle of peace and good will about the earth.

"A majority of the people who hear about the societies for prevention of cruelty to animals imagine the work of those societies consists in arresting and punishing cruel drivers and in furnishing homes for vagrant animals. But these are only side issues of the main work. The real work is the education of the growing generation in kindness to all weaker and lesser creatures of earth.

"Thoughts are things. Thought is energy—thought is creative power. That is why it is important to direct the minds of human beings to good, kind, helpful thoughts."

It is, therefore, the aim and object of the humane education organizations in this country to instill in the minds of the boys and girls in the schools today the principles of justice, kindness and mercy to all living creatures.

Finest Chinese Teas Regarded as Dessert

Of course, Chinese do not eat ice cream, for the whole cult of cold foods and cold drinks is contrary to their dietetic principles. Many centuries ago when China was swept by cholera one of the sages recommended that the water be boiled, and in order to make the heated fluid more palatable a herb was steeped in it, now known as tea. Hence the development of tea culture throughout the Flowery Kingdom and the ceremonial significance of tea drinking. John W. Harrington writes in the New York Herald Tribune. In the chop suey restaurant ordinary tea is served in pots, just as though it were water, but the superlative teas are in reality dessert drinks, just as a port wine or a champagne was once considered in the days of the three-bottle men. When one is offered after dinner a small cup in which is such tea as "Mist on the Mountain," costing many dollars the pound, one knows that something most complimentary and luxurious is intended.

Things Seen by Here and There

Fifteen men and boys and two women picking turkeys at a local poultry house, getting them ready for the Thanksgiving market.

At a hardware store, a cross between a pistol and a shot gun. It shoots a 410 gauge shell.

A cotton buyer, who says he reads the Bible HERE AND THERE.

A man satisfied with the way the world was wagging, even though the price of cotton was going down. He had a cause.

An automobile driven by a mere child turn the corner at the rate of 35 miles per hour and did not hit anything but the curbing on the opposite side of the street.

A certain oil operator coming down town with a large piece of skin knocked out of his cheek. He tried to explain that it was done at his office, but it was fresh and he was coming from home.

A black woman with a white eye.

A man with two feet walking on his knees.

A white man trying to sell the picture of a white woman to a negro man.

A peach without a limb.

A peach with two limbs.

Many obstructions on the sidewalks, making the walks very much crowded on Saturday and other days when more people than usual are in the city.

A grocery store selling eggs at 45c a dozen last Saturday.

A young man early one morning with no coat and his sleeves rolled above his elbows. H. and T. had on at overcoat.

Posters announcing the big football game for Friday and urging the "Cyclone" to pour it on 'em.

A young man who was married this week, standing on the street, selling peanuts. He wore a string of tin cans and was followed by a dozen or more high school boys. After selling peanuts to the passengers on the south bound Denver train he was escorted to the city hall and locked in the jail by his comrades. His release was not affected until about 11:30 p. m. A dirty trick, I call it, a dirty trick. But he says some of that bunch will marry, maybe, then they better watch him.

CYCLONE PLEADS FOR SUPPORT

The following article urging Memphis citizens to attend the Slaton-Memphis game here Friday for the Bi-District Championship of district one and two of Class B, was submitted by the "Cyclone" Captain and is, he says the sentiment of the entire squad.

"Now is the time for all citizens of Memphis to show their loyalty to the football team, by being present at the game Friday. You should attend and yell your loudest. We must have your support in order to win. We are going to try our hardest to win as long as one of us remains standing and carry the colors of our beloved high school.

With Vernon out of the way there is no reason why Memphis should not go high in the State Interscholastic League football race. According to dope, Memphis has the best team in West Texas. The Canyon squad defeated Plainview 14 to 13 last week. Vernon was defeated by Wichita Falls Monday, which was quite unexpected as Vernon defeated the Wichita Falls team the early part of the season 39 to 0. Vernon's defeat was probably the result of several of her first string men being on the sick list. At the first of the season, Vernon defeated Memphis in an exhibition game 20 to 0 with all her best men in the game.

With the Slaton game this week, every Memphian must rally to the support of the "Cyclone". This will probably be the hardest fight of the year. No football game is a cinch. It is always a hard fight even against the weakest team.

There is no way that Memphis could dope out the Slaton team. It will be a hard fight from the first whistle to the end.

Every one be there and help us win. We are going to fight, fight, fight."

7TH ST. CHURCH OF CHRIST

C. H. Kennedy, Minister
Lords day was a fine day with the church. Good attendance both morning and evening.
Class work at 10 a. m.
Preaching at 11 a. m. Subject for next Lords day, "What God Abhors."

Newlin News

Dora Mae Cardwell, little daughter of Mr. and Mrs. L. M. Cardwell, has been sick with tonsillitis this week.

Mr. and Mrs. Hugh Nelson and father, G. F. Nelson, spent the week-end with relatives in Wichita Falls, returning Sunday afternoon. G. F. Nelson remained in Wichita Falls.

The Gilpin box supper held Friday night proved very successful. A large crowd was present from the surrounding communities and all enjoyed the music furnished by the Memphis musicians. Merchants of Estelline and Newlin helped make the affair a success by gifts which were auctioned off before the boxes. The patrons of Gilpin school wish to express their appreciation to the merchants for their help in this worthy cause. The proceeds of the evening amounted to \$150, which will be used for a payment on the piano for the Gilpin school.

Bro. Ray Lee preached in Newlin Sunday and Sunday night, filling his last appointment here before going to his new charge at Tell. Rev. T. M. Johnston has been appointed as pastor of the Newlin M. E. church for the coming year.

The ladies of the Methodist church met at the parsonage Tuesday for the purpose of making the place presentable for the new pastor. Paper hanging and other work is being done.

Mr. and Mrs. J. C. Downing entertained a number of young folks at their home in Newlin Friday night with a birthday party, honoring their little daughter, Blanche. All of the youngsters were arrayed in freak costumes, which furnished lots of fun for all. Francis Howell, and Robert Crow won the prizes given for the "tackiest" costumes. Many lively games were enjoyed during the evening and refreshments were served to a large crowd of youngsters, who enjoyed the occasion immensely.

Newlin school opened for the second session Monday morning.

A Sunday school entertainment will be given at the Methodist church Wednesday evening at 7:30 o'clock. A very interesting program has been arranged for the occasion, which is being held for the entertainment of the class winning first place in the Car Race, and contest in Sunday school. The card class, who are known as the "Buick Racers," having won the first honors for mileage are to be entertained by the other classes in the Sunday school. Mrs. Mattie Messick is teacher of the youngsters. Every one is invited to attend this social and help make the occasion a joyous one for the children.

MAIN ST. CHURCH OF CHRIST

A. D. Rogers, Pastor
Sunday school, 9:45.
Only four more weeks until Christmas. Only six more Sundays in 1925. Be sure to attend Sunday school and church each one of these.
Preaching at 11 a. m. and 7 p. m.
Morning subject: "The Most Powerful Motor Made." Evening subject: "The Helplessness of Humanity," a Thanksgiving sermon.
Junior C. E. at 3 p. m.
A. D. Rogers will preach at Giles Sunday, November 12, at 3 p. m.
The topic at our Wednesday night service will be "One Thing for Which I am Most Thankful."
Annual Thanksgiving services at Baptist church, Thursday 7 p. m.

MRS. R. L. SLATON HOSTESS TO PRESBYTERIAN W. M. S.

The Womens Missionary Society of the Presbyterian church met in regular session at the home of Mrs. R. L. Slaton on Eighth and Brice streets, Monday evening.
After the regular business of the Society was disposed of a delicious salad course was served to fifteen members, consisting of fruit salad, fish-eye sandwiches, and tea.
A special committee was held after the adjournment of the Society and plans were formulated for the annual Thanksgiving entertainment held at the Presbyterian church parlors.

Gas Makes People Nervous and Restless

Gas pressure in the abdomen causes a restless, nervous feeling and prevents sleep. Adlerika removes gas in TEN minutes and brings out surprising amounts of old waste matter you never thought in your system. This excellent intestinal evacuant is wonderful for constipation or allied stomach trouble. Don't waste time with pills or tablets, but get REAL Adlerika action! Levrett-Williams Drug Co., Memphis, Lon Alexander Drug Co., Estelline

Hulver Hints

Mr. and Mrs. Ira Collins are the proud parents of an eight-pound daughter, born Saturday.

Lee Wheeler and J. A. Edwards left Sunday for Anton to look after their farming interests there.

Leslie Curtis came in Saturday from Artesia N. M., after spending several months there with his parents.

Mrs. Georgia Chandler has been confined to her home with a severe cold for the past several days.

The box supper and linen sale given by the Missionary Ladies Saturday night, brought \$135. Despite the threatening weather a good attended and all present were very liberal. The ladies wish to thank all who contributed in any way and helped make it a grand success.

School has been delayed another week and nothing definite has been learned about its opening.

THE STATE OF TEXAS COUNTY OF HALL

To the Sheriff or any Constable of Hall County—Greeting:

You are hereby commanded to cause to be published, once a week, for ten days, exclusive of the first day of publication, before the return day hereof, in some newspaper of general circulation published in said county, which has been continuously and regularly published in said county for a period of not less than one year; the following notice:

The State of Texas. To all Persons interested in the Estate of J. A. Rhoads, Deceased:

Robert Toombs Rhoads has filed in the County Court of Hall County, an application for the probate of the last will and testament of said J. A. Rhoads, deceased, filed with said application, and for letters testamentary of the estate of J. A. Rhoads, deceased which will be heard at the next term of said court commencing on the third Monday in January, A.

D. 1926, at the courthouse thereof in Memphis, Texas, at which time all persons interested in said estate may appear and contest said application, should they desire to do so.

Herein fail not, but have you before said court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court at my office in Memphis, Texas, this the 10th day of November A. D. 1925.

EDNA BRYAN,
Clerk County Court, Hall County, Texas. 20-2c

Weak In Back and Sides

"Before the birth of my little girl," says Mrs. Lena Stancell, of E. F. D. 2, Matthews, Mo., "I was so weak in my back and sides I could not go about. I was too weak to stand up or do any work. I felt like my back was coming in two. I lost weight. I didn't eat anything much and was so restless I couldn't sleep nights. My mother used to take

CARDUI
For Female Troubles

So I sent to get it. I improved after my first bottle. Cardui is certainly a great help for nervousness and weak back. I took six bottles of Cardui and by then I was well and strong. Just did fine from then on. Cardui helped me so much.

Thousands of weak, suffering women have taken Cardui, knowing that it had helped their mothers or their friends, and soon gained strength and got rid of their pains.

Cardui should do you a lot of good.

Vacation Time With Its Pleasures

By T. R. GARROTT

A traveler away from home and a stranger among strangers, learns to appreciate the value of public confidence in our established financial institutions. It is risky to carry much money and coin is heavy to handle. Your own check is recognized at home but strangers don't know you, so that one, safe way to avoid much risk is to provide yourself with a book of Traveler's cheques. It is easy to convert one of these into cash, even though you are a stranger among strangers.

On the way to Albuquerque you will pass through Baronilla, which is mainly occupied by Mexicans and Indians. The day we passed was celebrated with a fiesta and fair and the young bloods were dressed in their best clothes. With bright collars and wide sashes and flashing silks gave tone to the joyous occasion. And "eyes looked love to eyes that spoke again."

The crowd in the street was so dense that the car had to be stopped so often and then move at a snail's pace. Any student of history and physiognomy looking closely at the features and forms of these people can easily believe that some of them branched off from the Chinese race. The archeological discoveries of jade jewelry and images of Buddha and inscriptions on rocks and monuments, in Central America and Mexico, bear evidence of the claim that the Chinese discovered and settled on the west coast of America at least a thousand years before Columbus set sail from Spain.

Chinese archives in the Temple at Peking make claim to having settled this continent. These people in New Mexico enjoy life under the Stars and Stripes with much more freedom than those under the Red Dragon flag of China.

Reaching out toward the east for 17 miles an excellent paved highway encourages the tourist to expect big things of Albuquerque, and this well built and well kept city proves its pre-eminence in New Mexico. It has splendid buildings, of seven and eight stories in height and boasts of 35,000 population. It is much the largest town in New Mexico and is prosperous. Thousands of acres of rich alluvial land produce abundant crops under irrigation and a hot sun. As many as five crops of alfalfa are cut in one season. Such land sells for \$700 to \$800 per acre. The air is fragrant with the perfume of flowers that furnish the rich nectar out of which bees make the excellent Albuquerque honey.

Wishing to appear in public with a clean face, caused the writer to enter a barber shop, close by the tourist park. The use of cold water added no comfort as the tonsorial artist applied the brush over my face. He used soap freely and liberally, filling my eyes, nose and mouth with suds. He remembered that the stubby beard was tough and he had to rub in plenty of soap. I had to agree that he was using plenty of soap and elbow grease. My eyes were too full to see what kind of razor he used, but I judged from the effects that it was kin to a meat knife. He made a swipe down one side of my countenance bringing soil, hair and portions of my face and then started up the western slope of the other side. I could not repress a single groan, but this only seemed to make him work faster. I could feel points of my chin disappear and the heel of the razor dig into my jaw, but the barber was not disturbed in his meditations. As he wiped off my face and the cold air struck the raw places, he modestly enquired, "want a close shave sir?" I hastily assured him that one mowing usually got all the stubble. After he had brushed my hair, I slid down

to the floor and asked how much "Thirty cents," was his reply as politely he bowed me to the door.

A business man there told me that 3000 to 5000 tourists came to Albuquerque every fall to enjoy the mild climate of winter. These tourists add thousands of dollars to the financial life of the city. One gentleman said that some parts of New Mexico had received no rain for seven years and this lack of rain had ruined many farmers and cattlemen. Irrigation made desert land blossom like a rose.

SHERIFF'S SALE

STATE OF TEXAS, County of Hall. In the District Court of Hall County, Texas. United States Fidelity and Guaranty Company, Plaintiff, vs S. T. West, Defendant.

Whereas, by virtue of an execution, issued out of the District Court of Hall County, Texas, on a judgment rendered in said Court on the 10th day of February, 1925, in favor of the United States Fidelity and Guaranty Company and against the said S. T. West, No. 1294 on the docket of said Court, I did on the 26th day of October, A. D. 1925, at 4 o'clock p. m. levy upon the following described tract and parcel of land situate in the County of Hall, State of Texas and belonging to the said S. T. West, to-wit:

The East two hundred (200) acres of the North one-half of Section No. 96, Block 18 of the H. and G. N. Ry. Co. Survey in Hall County, Texas.

And on the first day of December, A. D. 1925, being the first Tuesday of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m. on the said day, at the courthouse door of said County, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said S. T. West in and to the said property.

Dated at Memphis, Texas, this 26 day of October, A. D. 1925.

J. A. MERRICK,
Sheriff Hall County, Texas. 18-3

No. 12,835

TREASURY DEPARTMENT
Office of Comptroller of the Currency, Washington, D. C., October 9, 1925.

Whereas, by satisfactory evidence to the undersigned, it has been made to appear that "THE FIRST NATIONAL BANK OF LAKEVIEW" in the town of Lakeview, in the County of Hall and state of Texas, has complied with all the provisions of the Statutes of the United States, required to be complied with before an association shall be authorized to commence the business of Banking.

Now, therefore, I, J. W. McIntosh, Comptroller of the Currency, do hereby certify that "THE FIRST NATIONAL BANK OF LAKEVIEW" in the town of Lakeview, in the County of Hall and Stat. of Texas, is authorized to commence the business of Banking as provided in Section Fifty One Hundred and Sixty Nine of the Revised Statutes of the United States.

CONVERSION of The First State Bank of Lakeview, Lakeview, Texas.

In testimony whereof witness my hand and seal of this office, this ninth day of October, 1925.

J. W. McINTOSH,
(Seal) Comptroller of the Currency. 18-9c

FLYNT'S DAIRY

THANKSGIVING

Lon Montgomery, Chevrolet Distributor, Memphis, Texas, Dear Monty:

Thanksgiving, Monty, is most upon us, which is the day to try and figure out what we are thankful for. Some people don't know that and think it is for nothing but to get the turkey. I've got nothing but lots to be thankful for, which that real estate man got rid of to me and I can't. Having blotted out an existence by writing or slinging ink well as I could, it has been absorbed by people with different degrees of gratitude or profanity.

Though I've been arrested, tried for murder, had my house burn down, been sued for divorce, and just had someone to borrow my Chevrolet, and not return it, I'm going to continue writing just to see what will happen next.

Hoping you, also, Monty, have a lot to be thankful-for.

Yours everlastingly,
Rich Smithwit.

P. S. Will write again next week.

Mrs. N. B. Leverett of Oklahoma City is in the city visiting her son, Roy and family.

E. W. Alley and family of Wellington visited in Memphis, Sunday afternoon.

Rev. A. W. Calthorp of Lakeview was a pleasant visitor in Memphis Monday morning.

Postmaster J. C. Downing and wife of Newlin were in Memphis Monday shopping.

N. E. Burk returned Friday from a business trip in Dimmit county in Southwest Texas.

Mrs. C. F. Stout and son, Llewellyn, visited relatives in Childress Friday and Saturday.

Mrs. T. Rosamond of Waco was here last week end with her daughter, Mrs. R. H. Holman.

The Meacham Drug Co., has this week installed a new automatic carbonating machine. This is quite an improvement over the old way and will give good fresh carbonated water at the fountain at all times.

BATTERY CARE IN WINTER
As a battery discharges, more and more of the acid is drawn into the plates, consequently the proportion of water in the solution will increase. Water freezes at 32 degrees Fahrenheit and an entirely discharged battery left exposed to cold will freeze. A frozen battery is seldom worth repairing.

If you are within reach of a Willard Service Station, drive in every two weeks for the consulting service which they render to all owners of storage batteries.

Furnished by W. J. Turnupseed, Veta Electric Company. 21-1c

RADIO AND VICTROLA DEPARTMENT
Now, we have hit the department that the writer is losing sleep over—not worried about business, but the fact that he is having all he can do to keep pace with the demand. We have the Orthophonic Victrola and the new records.

REPAIR DEPARTMENT
Our rejuvenator for radio tubes is working nicely and giving good results. Give it a trial and enjoy your radio.

The Big Removal Sale Will Continue Until Wednesday, November 25th.

The Sale has been a wonderful success and hundreds of people have taken advantage of this Money-Saving Event. We will continue business at the old stand until the night of the 25th, and will open for business in the New Masonic Building SATURDAY MORNING, NOVEMBER 28th. We extend to all a cordial invitation to make our store your headquarters. You will receive the same courteous treatment, the same sound values, by the same people but in a new location.
