## TWO MEN KILLED IN DYNAMITE EXPLOSION HERE

### BOB BEESON AND LEROY RIVERS DIE INSTANTLY IN EXPLOSION

Three Others Injured As Dynamite Explosion Wrecks Bridge Crew on Construction Job East of Town

Two men were killed and three others seriously injured in a dynamite explosion on the new East-West Highway construction job about twelve miles east of Memphis Thursday morning.

The dead were Bob Beeson, construction foreman, and Leroy Rivers. Both were from Turkey. Injured were Clyde Martin of Wellington, J. E. Collins of Estelline, and H. F. Wooten of Turkey. Wooten had part of his jaw torn away in the explosion, Collins lost an arm, and Martin was suffering from possible internal injuries.

The accident occurred at about 9 o'clock Thursday morning at the Salt Creek crossing of the new highway. The construction crew was engaged in drilling pier holes for a highway bridge. All men were employed by the J. E. Barnhill Construction company of Turkey.

According to an eye-witness account by Martin, a charge of dynamite was being prepared for one of the pier holes when the explosion occurred.

Martin, who was in an adjoining pier hole some six feet away from the blast, said that Beeson, foreman of the crew, was preparing the charge and Rivers was using a pack-hammer to prepare the hole for the charge. He surmised that the force of the pack-hammer had set off the charge.

Beeson and Rivers were killed instantly, their bodies mangled beyond recognition. Martin was thrown by the force of the explosion against the rock walls of the pier hole and suffered back injuries and possible internal injuries.

Wooten was pumping water from the pier hole where the charge was to be placed, according to Martin. Collins, who lost an arm in the explosion, was working nearby.

"We were digging pier holes for the bridge," Martin said. "The holes were drilled fourteen feet into solid rock. Rivers was using the jack-hammer to drill the holes for setting the charge, and Beeson was getting the dynamite ready. I suppose that the jar of the jack-hammer set off the charge."

The injured were rushed to a local hospital immediately following the explosion by two King ambulances. The dead were brought to King's Mortuary here to await funeral arrangements.

### Madrigal Program Most Elaborate Attempted Here

Colorful Costumes and Lighting Effects Feature Friday Night Program

With the presentation of their "Symphony of Color" Friday evening at the high school auditorium, the Memphis High School Madrigal Club will stage their most ambitious musical production.

Elaborate preparations have been made, and costumes, lighting effects, and stage settings are by far the most unusual, colorful, and ambitious to be attempted by a high school group here.

Under the direction of Miss Mary Helen Hardin, the Madrigal Club has prepared an unusually fine musical program, and a colorful and entertaining show is guaranteed. Augmenting the capable local talent will be performances by Harry Brookshire, Wichita Falls dancing and music instructor, Eugene Smith, popular Childress tenor, and Jane Hardin of Childress.

The program will be presented in three parts. The first, in concert form, features popular melodies. (Continued on page 7)

John M. Carmody, REA Administrator, in a telegram from Washington Wednesday notified the Hall County Electric Co-operative of approval of construction contracts and ordered the firm of Reinhart & Donovan to begin construction immediately on the 118-mile rural electric line in Hall County.

Alvis Yarbrough, project superintendent, in announcing the approval orders Wednesday afternoon, stated that construction on the line would start very soon. The construction superintendent for the contracting firm, Carl C. Cox, project engineer, and the project superintendent will go over the lines this week-end, Yarbrough said, in preparation for beginning work.

Contracts on the \$95,000 rural power project were awarded to the Oklahoma City firm last February on a low bid of \$59,616.90. The contracts call for building of approximately 118 miles of line to bring electric service to more than 300 farm patrons in the northern half of this county.

Actual construction of the line is expected to go forward rapidly now. The contractors are allowed 75 days for completion of the project, but expect to finish their work in considerably less time if weather conditions permit.

Customer rates adopted by the Hall Co-operative have also been approved by the Washington offices, Yarbrough said, and the last obstacle to energizing the line has been removed.

### Local Nine Wins Third Straight Game Sunday

Memphis Holds Lead in Hall County Baseball League Pennant Race

Winning their third straight game Sunday, the Memphis baseball club took a firm grip on top position in the Hall County Baseball League by dropping the luckless Goldston nine by a top-heavy score, 13-0, on the Goldston diamond.

Pitchers Barnes and Hoover had the game under control all the way, while the Memphis sluggers batted in runs to put the game on ice.

Estelline and Lakeview, battling in a second-place tie, made a close fight of a game at Estelline, the Cubs finally winning with a one-run lead, 9-8, to drop the Lakeview-Crossroads aggregation into fourth place in the league standings. (Continued on page 7)

### Battle Lines Drawn Across Panhandle

## Farmers Ready for 'Hopper War'

Battle-lines are already forming in this county, as they are in all sections of the Panhandle, as farmers prepare to wage a war against invasion by this section's most dreaded enemy, the grasshopper.

County Agent W. B. Hooser, who will act as field marshal in the annual battle against insect invasion, this week announced the appointment of his general staff, the 'hopper control board, with Jess Mann as chairman, Marvin A. Barron, Homer C. Grant, John E. Berryman, James R. Hanvey, and Mark C. Lane.

Mixing stations for preparing the 'hopper poison will be established at Memphis, Estelline, Turkey, and possibly one at Lakeview, Hooser said. Materials are already on hand in this county,

and all preparations are being made to begin the battle as soon as the first hoppers appear.

Recent surveys indicate, however, that as far as Hall County is concerned, the menace will not be as great this year as last. There are few grasshoppers in this county, Hooser said, and practically none of the dreaded migratory hoppers.

In 22 counties to the north, however, the migratory hoppers are thick, and it is in that section that the battle will be most bitterly fought. Upon the effectiveness of the control measures in those areas will depend the safety of crops in this section.

Preparations have been going steadily forward all over the Panhandle area to halt the 'hopper invasion as quickly as it begins. Ample supplies of poison have

been placed at strategic points, and farmers are watching anxiously for the first signs of the destructive pests.

In Hall County, Hooser said, there are 3,975 tons of bran and 1,300 gallons of sodium arsenite on hand. The preliminary survey has indicated that only 4 tons of bran and 40 gallons of the sodium arsenite will be needed this year here, according to R. R. Reppert, state leader in the 'hopper control.

There is ample reserve, however, should further control become necessary, and with the promised cooperation of the Forest Service, the WPA, and the Federal and State governments, Panhandle farmers are well-prepared to give the 1939 crop of grasshoppers a warm reception.

Upholds Commission's Orders

Another chapter in Clarendon's battle for a rate, the 98th District Monday sustained the Texas Railroad Commission's order against the City Gas Clarendon, reducing that city from 70 per thousand cubic feet for a refund of collected by the commission of 51 cents since 1933.

Of Memphis, which has been in a similar battle against the Railroad Commission last fall, had a rate set by the commission, though according to that body at the time. The Clarendon is now attracting attention in several cities in which are engaged in similar situations.

R. Stout, special counsel in the 98th district, returned the verdict of the Railroad Commission. Attorneys for the city are expected to appeal court.

The domestic consumption under the rule \$30,000, or 25¢ per meter. The decision marked a victory for Clarendon consumers, who have considered other cases involving Wellington, and

## Headache, Bad Breath May Be Your Warning

The sea's thrilling S. O. S. means "Help is needed now!" And, so do most of those headaches, that biliousness, coated tongue, or bad breath which are often signs of constipation.

To disregard these symptoms may bring on a host of other discomforts from sluggish bowels: sour stomach, belching, loss of appetite. See how much better you feel the day after taking spicy, all vegetable BLACK-DRAUGHT. By simple directions, it acts gently, cleanses promptly, thoroughly.

Its principal ingredient is an intestinal tonic-laxative; imparts tone to lazy bowel muscles. Next time try BLACK-DRAUGHT!

Highway patrolmen working in this territory report flagrant violations of auto registration laws, with especial reference to the use of farm license plates.

The law states that a vehicle registered as a farm truck can be used by the owner to carry "his own poultry, dairy, livestock and

farm products to market or to other points for sale or processing, or in transporting laborers from their place of residence, and materials, tools, equipment, and supplies, without charge, from place of purchase to his own farm or ranch exclusively for his own use and for no other purpose whatsoever." The law does not allow a farm truck to be used as a passenger vehicle at any time, and plainly and positively does not allow persons who live in town, even if they may own or rent a farm, to register their automobiles as farm trucks and use them as passenger vehicles.

Since it is possible to change farm truck licenses to passenger licenses without losing any of the money paid for the farm license, patrolmen are appealing to all persons who may be violating the law to make the proper registration immediately.

The lowest possible fine which may be assessed in court is \$25 and cost for violation of the licensing law. There will be no penalty if the license plates are changed before patrolmen are forced to make arrests, but after an arrest the penalties may be severe, and an extreme penalty can be imposed for false swear-

ing since each person who swears that the vehicle is a farm truck is liable for the violation of the law.

Touring Reporters, now conducting a Query among women of the South and West, report remarkable agreement as to the benefits secured by users of CARDUI.

Of the 1297 users who were asked: "Were you helped by CARDUI?" 1206—or 93 out of every 100—answered "Yes."

The word of users everywhere is given to show how CARDUI helps to improve appetite and digestion, and thus build up physical resistance. In this way it also works to relieve the headaches, nervousness, depression, that attend functional dysmenorrhea due to malnutrition. Have you tried CARDUI?

#### Baptist Group to Gather At Friendship Tuesday Evening for Program

A Brotherhood Meeting of the Panhandle Baptist Association will be held at the Baptist Church in Friendship Tuesday evening, May 9, George R. Cullin, secretary, announced this week.

The program will open at 8 o'clock with a song service led by J. L. Bevers of Lakeview. Oldman Sweat of Hedley will lead the devotionals.

O. C. Watson of Clarendon will make a ten minute talk on "What I Mean to the Church." J. W. Stewart of Giles will follow the theme with a discussion of "What the Church Means to Me," and Virgil Gregg of Hedley will speak on "What the Church Means to My Community."

The closing talk on the program will be by W. J. Bragg of Memphis on "What the Church Means to the Government."

**FIRST CHRISTIAN CHURCH**  
Ignorance is something most worthy of confession. If we who are now Christians would be more free to admit how little we know, we would become better Christians; and the effect we would have on non-Christians would be more wholesome, if, indeed, not more persuasive.

It is atheistic to assume we have solved the great mysteries of life and of how to live. Honest recognition of our limited assets is a pre-requisite to beginning what Jesus called "the way." For instance, read how Simon Peter got started, Luke 5:1-11. He began by talking about his personal unfitness; and before he knew it he had begun his strange career as "Fisher of Men."  
Joe Findley, Minister.

**FIRST METHODIST CHURCH**  
The Junior High Choral Club will sing at the morning service Sunday at 10:50. These girls are directed by Miss Mary Forum. The evening services will begin with the Young People's Meeting at 7 p. m. and will be followed by the evening preaching service.

**FIRST BAPTIST CHURCH**  
The pastor will be home for both services this Sunday. In his absence on last Sunday the pulpit was ably filled by two fine men. Sunday evening we had the pleasure of hearing a brother of one of the members of our church. Everyone was quite pleased with the services. We hope Mr. Earl Allen's brother will come our way again.

We had several visitors in the services last week. Of course we are always more than happy to have them in any of our services. Visitors are always welcome.

The Sunday school and B. T. U. attendance was quite good. We want and need every Baptist and those of Baptist preference and have a place for everyone. Don't forget the weekly officers and teachers meeting on Wednesday evening and the mid-week prayer service. Last week the older senior union gave the program and they were complimented quite highly on it. We believe you will find the programs always helpful and interesting.  
J. Wm. Mason, Pastor.

**PRESBYTERIAN CHURCH**  
"The Heart's Melody" by Georgia Crowder Underhill, is very expressive:  
"The way of the heart is melody. Carrying its song through life; Seeing the glory of a sunrise, And with winging hope is rife. Each heart has its own blissful"

BEWARE THE MARTYR

ARREST of Jan Anderson, head of the Texas Pensioners Union, last week started a swift movement on the part of the Texas Legislature to prevent exploitation of the old people of this state through the same methods used elsewhere to drain thousands of dollars from the pockets of would-be pensioners.

In ordering the arrest of Anderson, the Texas solons took a courageous step which may not escape dangerous repercussions. The Pensioners Union head may prove himself within the law in his activities, which have so far included using every available means of communication, including the United States mail and the radio networks, to urge the old people to take membership in the "union" by sending one dollar to its Austin headquarters; and at the same time bombarding the lawmakers and other governmental heads with letters, telegrams, and phone calls allegedly in the interest of increased pensions.

Anderson, even though he may be sincere in his determination to aid the old people, and even though his activities may be proved legal, is holding out false hope to the pensioners, since the bombastic methods adopted by the Union have only served to further confuse the Legislature and interfere with any constructive action which might be taken at the present session.

The chief danger in the arrest and investigation will lie in un-intelligent handling of the case. The investigators should take the greatest care not to hand Jan Anderson the greatest boon which they might accord—that of apparent martyrdom. Once he becomes a martyr in the eyes of his public, the Union, good or bad, will become a Frankensteinian influence.

EIGHTY YEARS AGO—AND TODAY

THESE ARE THE TIMES which try men's souls." That statement applies to the world today as aptly as it did when the words were fresh from the lips of one of America's immortal statesmen more than half a century ago—just as aptly, but no more so.

Today the world apparently hovers on the brink of disaster. Wars and threats of wars lie on every hand, a period of deep economic depression has thrown this nation into the depths of despair, and promised recovery still lies somewhere ahead in a rather vague and foreboding future.

Yet there lies a ray of hope, and perhaps a touch of humor, in the following pessimistic quotation from a well-known national magazine:

"It is a gloomy moment in history. Not for many years—not in the lifetime of most men who read this—has there been so much grave and deep apprehension:

"In our own country there is universal commercial prostration and panic, and thousands of our poorest citizens are turned out against the approaching winter without employment, and without prospect of it.

"In France the political caldron seethes and bubbles with uncertainty; Russia hangs as usual like a cloud, dark and silent on the horizon of Europe; while all the energetic resources and influences of the British Empire are sorely tried and are yet to be tried more sorely. . . . It is a solemn moment, and no man can feel an indifference—which, happily, no man pretends to feel—in the issue of events.

"Of our own troubles, no man can see the end. They are, fortunately as yet mainly commercial; and if we are to lose only money, and by painful poverty to be taught wisdom—the wisdom of honor, of faith, of sympathy, and of charity—no man need seriously to despair.

"And yet the very haste to be rich, which is the occasion of this widespread calamity, has also tended to destroy the moral forces with which we are to resist and subdue the calamity."

That article appeared in Harper's Weekly—a nationally known magazine for many years. The foreboding prophecies which it makes, and the trying circumstances which it records, are felt throughout the world today—yet that article appeared exactly 82 years ago, in Volume I of the issue of Harpers dated October 10, 1857!

Many times in the years that have followed that date, and many times in the years that preceded it, the world has experienced days as dark and destruction as calamitous; yet the world and civilization have survived and gone on, during periods of peace, to greater accomplishment. Those yellowing paragraphs from another century carry a promise that it may, once more, survive.

The old globe is like a rubber ball—the harder it is hit, the higher it bounces.

Friendship Pupils Present Play

"The Pampered Darling," a one-act play, will be staged at the Friendship schoolhouse Friday evening at 8 o'clock. Following the play, an old-fashioned pie supper will be held. No admission charge will be made from the play, but proceeds from the pie supper will be used to defray expenses for the seventh grader's trip to Carlsbad on May 26.

Victor Gibbons, the "pampered darling" who is always apt to take the measles, go deaf and dumb, or come down with a fine case of hydrophobia, is played by Don Tyler. Connie Gibbons, a 16-year-old girl who believes her old flannel bathrobe will bring her good luck, is played by Ruby Gardenhire. Iva Lou Scott takes the role of Janet Gibbons, and Russell Harrell is cast in the role of Norman Evans, a college student.

Dudley Field, love's young dream, is played by L. E. Jenkins, and Mary Jo Shafer, Rebecca Edwards, Mary Lois Scott, and Eldon Padgett are included in the cast. Harry Tyler takes the role of Dr. Rudolph Von Hapsburger.

The public is invited to attend. Women are asked to bring pies for the pie-supper following the play.

### Curtis Explains Cotton Payment Terms of AAA

Several Hall County farmers have received the wrong idea about the Triple A cotton payment where no cotton is planted for 1939, according to assistant County Agent F. R. Curtis.

Cotton conservation payments will be the same, whether cotton is planted on the farm or not, provided the amount planted does not exceed the allotment allowed, Curtis stated, adding that the only loss in revenue that can be sustained by the farmer, as far as AAA payments are concerned, would be "the amount of money you would get from the cotton crop by not producing it."

### Panhandle Firemen Select Childress For '39 Meeting

Delegates Convene Here Sunday to Pick Convention City for Annual Session

Members of the Panhandle Firemen's Association, meeting at the Memphis City Hall Sunday afternoon, selected Childress as the site for the association's 1939 convention to be held on the second Tuesday in August, according to W. V. Coursey of Memphis, secretary for the regional organization.

Hugh Nations, chief of the Crosbyton Fire Department and president of the Panhandle association, was in charge of the meeting here.

Members from Crosbyton, Dalhart, Claude, Paducah, Childress and Memphis were represented.

The convention met in Memphis last year, but delegates failed to select a meeting place for the 1939 convention at that time, Coursey said.

Members of all Panhandle Fire Departments are eligible for membership in the association. More than 150 firemen attended the meeting here last year. Childress extended an invitation to the group at that time for the 1939 convention, but the delegates failed to select the convention city.

The convention this year will be the 11th annual meeting of the Panhandle Firemen.

### TURKEY LIONS CLUB WILL OBSERVE LADIES' NIGHT

### CARD OF THANKS

We wish to thank all who in any way helped us since the fire destroyed our household goods and wearing apparel last week. Your many contributions of the necessary things have meant a lot to us, and we thank you from the bottom of our hearts. Mr. and Mrs. L. O. Dennis.

Mrs. Jack Boone and little son, Jackie Ben, left Friday for a month's visit with relatives in Temple and Houston.

### Memphian Becomes Air-Line Pilot

Jack Thomas, 28, former student in Memphis High school, has been employed as a pilot with the Great Silver Fleet of the Eastern Air Lines, Captain E. V. Rickenbacker, president and general manager, announced this week.

Thomas attended the local high school, the University of Texas, and Texas Technological College, studying electrical engineering. He left school in 1933 to take an examination for Flying Cadet at Randolph Field, and was graduated from McKelley Field at San Antonio in 1936, going on duty with the U. S. Army Air Corps at Mitchell, Brooks, and Scott Fields. He was transferred in 1938 to Randolph, where he has served as flying instructor until his employment by Eastern Air Lines.

Thomas will fly a route from Newark, N. J., to Washington, D. C., Atlanta, Ga., and Miami, Fla.

### Carter and King Rotary Speakers

Rev. Orion W. Carter told Rotarians Tuesday about the great uniting conference of Methodists being held in Kansas City, and the far-reaching effect the union will have upon the Christian world. He attended the session last week, and reports that it will likely continue for at least two more weeks.

James E. King gave a report of the bills before the State Legislature that will affect the road bonds of Hall County. He is optimistic over the outlook and believes Hall County tax payers will get relief through legislative action.

Carl Harrison, president-elect of the Rotary Club, was named delegate to the district conference of Rotary International which will be held at Big Spring next week.

Mrs. Albert Stephens and Mrs. T. D. Weatherby went to Clarendon Monday on business.

# '39 Cyclone Gridders Meet Exes in Spring Game Tonight

## Preview of Next Year's Football Prospects Due

Game Will Be Played If Weather Permits; Rain Threatens

Local grid fans will be offered a preview of the 1939 Cyclone football team in action tonight (Thursday, May 4) when next season's grid warriors meet an all-star aggregation of Cyclone exes in a regulation game under the lights at the local stadium.

The exhibition game, which begins at 8 o'clock, climaxes the Cyclone's spring training activities and Coach A. B. (Red) Murphy, Cyclone mentor, expects to place a well-balanced squad on the field. In spite of a wave of illness which has handicapped the spring training camp, the squad has been rapidly getting into shape and tonight's game should present a fair picture of the new season's grid prospects.

Between the halves, the 1938 Cyclone Football Queen, Miss Evelyn Selby, will be crowned in a colorful ceremony, and the Memphis high school Black and Gold Band will perform. Coach Murphy has announced plans to make the spring game and coronation ceremony an annual affair.

Six lettermen will bolster the Cyclone's starting line-up, and Coach Murphy will have more than a dozen eager but inexperienced youngsters to draw on for reserve strength.

A tentative starting line-up announced Monday placed John Clark at left end, Lois Kerr at left tackle, Isadore Hardin at left guard, Billy Gene Morris at center, and Bud Fultz at right guard. All earned their letters during the 1938 season. Two new faces will appear on the right wing, however, with L. E. Jenkins start-

## Jr. High Honor Students Picked

Jane Hicks, daughter of Dr. and Mrs. L. M. Hicks, was named valedictorian of the Memphis Junior High school's huge seventh grade graduating class, which will number between 90 and 100 students, by Clinton Voyles, principal, this week.

Jane held the highest grade average for the year with an average grade of 93 plus. Gwendolyn Coursey, daughter of Mr. and Mrs. W. V. Coursey, will be second, having rung up the second highest average grade with 92 plus.

Certificates of award will be presented to the two top students at the graduation exercises, Voyles announced. The class will hold its exercises at the high school auditorium Monday evening, May 22. Supt. W. C. Davis will deliver the principal address.

Other students ranking in the first ten, in the order named, are Jean Denny, George Dean Morgenson, Billie Marilyn Lofland, Jim Deaver, Wynona Caudle, Mary Nell Barham, Billie Frances Montgomery, and Sandra Lee Bradshaw.

### CORRECTION

The 1,700 pound calf sold by John Ewen of Estelline at the Plainview Dairy Show last week brought the owner \$215, the highest price paid for any animal at the show. Ewen sold two other calves, one at \$132.50 and another at \$140. All were purebred stock and brought premium prices.

## Locals and Personals

Mr. and Mrs. J. D. Shankle went to Fort Worth Monday to visit her mother, and to take their grandson, John Shankle. John's mother, Mrs. Fritz Shankle of San Antonio, was to meet her son in Fort Worth.

Mr. and Mrs. John Fred Brewer and daughter of Hartley and Mr. and Mrs. Clint Brewer of Dalhart visited Mr. and Mrs. T. D. Weatherby Sunday.

R. E. Martin has been on the sick list for several days.

ing the game at right tackle and Joe Edwards in the right end slot. In the backfield Joe Crump at right half is the only letterman on the roster. Orville Jones will take the quarterback assignment, Ted George goes in at left half-back post, and L. A. Lester will fill the fullback spot.

The Exes, coached by Frank Hubbell, will place a number of familiar figures from Cyclone teams of other years on the field. Leading the aggregation will be Gene Lindsey, Leroy Robertson, A. G. Kesterson, and Louis Rice from the 1938 Cyclone eleven. Alton Dewlen and Benjie Estes from the '36 squad, and Jerry Carmichael, recent transfer from Haskell, will also appear in the line-up.

The Cyclone team will employ the wide-open Notre Dame style of play, Coach Murphy announced; while the Exes will feature the short punt and double-wing formations of the Warner system. Officials for the game have not been announced. No admission will be charged, and all local fans are urged to attend.

In addition to the starting line-up announced above, the following squadmen will see service in tonight's game: Boyce Bruce, Noel Bruce, L. F. Jones, Floyd Nelson, J. D. Morrison, J. T. McClure, Glen Stilwell, Burt Jefferson, and Bobby Robertson.

## P-PHS Members to Hear E. E. Dale at Annual Banquet

Noted Pioneer Figure To Address Historical Society In Meeting at Canyon

Reservations for the dollar-a-plate banquet, which will be served at Cousins Hall, dormitory for girls on the college campus, must be mailed not later than May 10. E. E. Dale, head of the department of history at the University of Oklahoma, will be the principal speaker on the banquet program this year. Dr. Dale is a colorful character, a former pioneer deputy sheriff, cowboy, homesteader, and merchant, and is an outstanding authority on the history of the cattle industry.

James D. Hamlin of Farwell, president of the society, will be in charge of the annual business session, which will be held at the Hall at 2:30 in the afternoon. Members will make their annual inspection of the society's museum, located on the college campus.

## Home Vegetable Garden to Benefit From New Program

Department of Agriculture Sponsors Water Facilities Program in Panhandle

The home vegetable garden is among the farm enterprises which may benefit from the Department of Agriculture water facilities program in the Texas Panhandle, according to W. R. Watson, regional administrator of the program for the Soil Conservation Service. Gardens usually do well in the semi-arid areas as long as moisture is available. Watson points out. With ample moisture they may produce a good share of the farm family's food—vegetables fresh in the summer and canned in the winter. But when the dry spells come, the gardens usually go. Labors of the farm family are wasted before much of the crop is harvested.

Those farm families who have small water supplies with which to irrigate usually are able to carry their gardens along until rain falls again. The water facilities program, as being carried out by the Department of Agriculture, is designed to supply such small amounts of water, not only for gardens, but also for livestock and few intensively cultivated crops, the administrator points out.

W. T. Hightower, of the Hightower Greenhouse, made a business trip to Amarillo Wednesday.

Mrs. John Ketter of Pampa arrived in Memphis Wednesday afternoon for a visit with friends.

## Garlic-Parsley an Aid in High Blood Pressure

Medical reports say that Garlic-Parsley concentrate has a double action in reducing high blood pressure. First, it tends to relax tightened arteries. Second, it checks or inhibits decomposition of waste matter in the bowels, a contributory cause of high blood pressure. To get concentrated garlic and parsley in odorless, tasteless form, ask for ALLIMIN. These tablets, used at regular intervals, aid in reducing blood pressure and relieving headaches and dizziness caused by excessively high readings. To learn what raises your blood pressure and for medical treatment consult your doctor. ALLIMIN is for sale by all druggists. Large box, 50c. Special economy size, \$1.00.
