CLONE DRUBS SILVERTON IN ONE-SIDED GAME SATURDAY

Blank Husky Silverton Riders by an Unusual Score, Winning Second Game.

The Cyclone outfit ran rough shod on the heavy Silverton eleven Saturday and literally tore that aggregation to pieces when they chalked an unprecedented score of 109 to 7. This was their second victory in any game this season.

Enthusiasm ran high along the lines as the locals took form to begin to perform with the machine-like perfection which has won them victory after victory in the past. Bolton's predictions were fulfilled and every hope of expectation was met before the first quarter was over.

The Cyclone squad had entered with that "Win or Die" spirit, and the fray well turned at that time. The score advanced Coach Bolton began to draw on his reserve before the game was over practically every second string man had been in the game.

Following is a report of the game by play:

First Quarter

Silverton kicked off 45 yards to Stan, who returned 20. Bryan hit for 4 yards. Cohen made 5 and Stan first down. Cohen failed to pass through line, so did Dennis. Dennis 2 yards through line. New Rail Line Through Memphis Is Proposed

Austin, October 8.—Roswell, Lubbock & Memphis Short Line Railway Company, with principal offices at Houston and capital stock \$250,000, was granted a charter Wednesday for the purpose of constructing a line of railroad from Wellington, Collingsworth County, through the counties of Collingsworth, Hall, Briscoe, Floyd, Hale, Lubbock, Hockley and Cochran to a point on the Texas-New Mexico line between the north and south lines of Cochran County, a distance of 228 miles.

HEAVY RAINS OF MONDAY AND TUESDAY HALT PICKING

According to reports received last afternoon, the ginning total for Memphis gins which was announced last Thursday as 986 bales, has this week been increased by only 301 bales and most of them were turned out last Friday and Saturday.

The heavy rains of Monday and Tuesday and the inclement weather of Wednesday morning stopped cotton picking all over the county which is shown by the decided decrease in this week's ginning average. The rain was of a gentle nature and did little or no damage to cotton other than holding up the gathering. The clouds lifted Wednesday afternoon and the wind and sun for the day has permitted the picking to get back to the field. With a continuation of the present weather many farmers who have not yet started picking will get their first bale next week. At the present, cotton pickers are plentiful but it is expected that they will be in demand in the course of a few days.

Local grain dealers report that no great amount of grain has thus far been marketed since the majority of it is yet too green to harvest.

Stanford—returned 20. Dennis 39 yards around L. End. Pass incomplete, Lee recovers fumble for ten yards. Three yard loss on pass. Cohen 5 yards through line. Bryan 30 yards through line and touchdown. Dennis kicked goal. Dennis kicked off to Silverton—returned 10 yards. Two passes are incomplete, Silverton punted 10 yards and Hammond returned 32 yards. Dennis over right end 4 yards. Bryan no gain. Dennis made touchdown. Kick for point blocked. Dennis kicked off over goal. Silverton on 20 yard line. Silverton passes for 5 yards. Another pass incomplete. Cyclone penalized 15 yards for talking. Silverton 1st down. Silverton completed pass for 28 yards. Two more attempts fail. Silverton right end 6 yards. Silverton no gain. Ball goes over. Dennis passed 15 to Stanford. Cohen 30 yards thru line. Hammond 1 yard. Cohen 6 yards for touchdown. Henderson fails to kick goal. Dennis again kicked off over goal. Ball on 20 yard line. Silverton passes for 6 yards. Hammond intercepts pass and Memphis is penalized 15 for roughing. Hammond 40 yards thru line. Score: Memphis 70, Silverton 0.

Fourth Quarter

Pass incomplete, Dennis made 6 yards. Hammond 6 yards for touchdown. Dennis' kick went wild. Stanford to half and Thompson takes end. Silverton kicked off 45 to Stanford, returned 22 yards. Fisher recovered fumble and made 20 yards. Cohen ran 55 yards for touchdown. Dennis kicked goal. Silverton kicked off 40 to Henderson, returned 23 yards. C. Dennis in for Sisk. Dennis 6 yards. Cohen 66 yards for touchdown. Dennis' attempt for goal is wide. Silverton kicked off 45 to Dennis, returned 38. Cohen no gain at line. Dennis 6 yards. Woods in for Cohen. Memphis

AUTO RACES TO FEATURE LEIGON ARMISTICE DAY PROGRAM

Local American Legion Post Announces Program for Armistice Day Celebration Here.

Automobile races will be the feature of this year's program, to be held November 11, and which is being arranged by the Charles R. Simmons Post of the American Legion. For the past two years the local Post, in celebrating this occasion, has sponsored rodeos, but because of the fact that the date is so near the band's Stampede, the nature of the program has this year been changed.

A number of committeemen have been at work for several days arranging a program which was completed yesterday and is being officially announced today, subject to minor changes. The local Post has a reputation of having made a success of every entertainment attempted in the past and the program outlined today is no exception.

Wellington to Face Cyclone on Local Gridiron Tomorrow

Wellington is scheduled for tomorrow's game, which will be played here and the local bunch is in top-notch condition. Wellington is reported to have a strong aggregation and indications point toward a hot battle.

NEW DEPOT WILL BE OCCUPIED SAT., SAY EMPLOYES

Work on New Denver Station is Almost Finished. To Be Occupied This Saturday.

The new Denver station at Memphis, which has been under construction since last June, is practically completed, and will be occupied by the depot office force Saturday, October 11, according to the railway employees. If the task of moving into the new building requires more than one day, it will be finished Sunday, it is said.

The building will not be finished in every detail, but the inside work is near enough complete to permit occupancy. Members of the office force have been uncomfortably crowded in the box cars on the siding, where they have been quartered more than four months, and are eager to move into the new offices as soon as possible.

Memphis Doctors Attend Medical Meet at Childress

A number of Memphis physicians attended the Medical Association of Childress, Collingsworth and Hall Counties which held its regular meeting at Childress last Friday afternoon. Represented by Dr. and Mrs. W. Wilson, Dr. and Mrs. E. H. Boaz, Dr. D. E. Hyder, Dr. H. P. Schoolfield and Dr. J. M. Ballew, Memphis had the largest delegation present, of any other visiting town.

RURAL DISTRICTS OF HALL COUNTY SHOW MARKED PROGRESS

The schools in the rural district of Hall County are showing the same spirit of progress so typical of the progressive independent districts and each one is making some improvement in preparation for the opening of the fall and winter term, according to information obtained at the office of County Superintendent, Mrs. Roy L. Guthrie.

STAGE BEING SET FOR STAMPEDE AS DATE DRAWS NEAR

Telegrams Being Received Daily From Contest Entries. Work on Show Arena Starts.

The stage is rapidly being set for the Cow-Boy Round-up and Wild West Stampede which is to be held here October 17-18, under the auspices of the Memphis C. of C. Band, and before many days everything will be in readiness for the feature affair of the year.

Memphis Doctors Attend Medical Meet at Childress

The session was opened at the First Presbyterian Church, beginning with a dinner served by the ladies of the church.

BONDS VOTED FOR 3 NEW BUILDINGS. Playgrounds and Libraries Are Improved.

The improvements above mentioned include bond elections for the construction of three new buildings. On August 16, the Eli district voted \$8,000 in bonds, but because of past indebtedness, the building plans have been delayed until Spring, the transcript having been approved for April 10, 1925. On the same date Fairview district voted \$3,000 for a two room brick building, then, instead of waiting for approval of the transcript, the school board borrowed the money to finance the project and the building is now practically complete.

MARRIED

Mr. Horace Schaeffer was quietly married to Miss Louise January Wednesday afternoon at four o'clock, at the Main Street Church of Christ parsonage, with Rev. A. D. Rodgers officiating.

SAND CRABS TAKE FIRST GAME BY DEFEATING KIRKLAND 30 TO 6

Estelline Boys Basket Ball Team Begins a Successful Season, With State Championship As Their Expectations of Reward

The Sandcrabs, Estelline's basketball champions, opened what promises to be a successful season last Saturday when they swamped the Kirkland team by a one-sided score of 30 to 6.

The Kirkland team put up a strong fight but was unable to pierce the strong defense of the Sand Crabs until the third quarter when they scored three field goals their only tallies of the game. The passing and goal shooting of the Crabs featured. Both teams played a good clean game.

Fans who have so often crowded the side lines to see the Hall County Favorites defend Estelline's prestige went wild when Coach Poole's boys rung goal after goal, despite their strong opposition. Although there was not a pessimistic Estelline supporter on the side lines, Saturday, there prevailed an atmosphere of suspense, created by the uncertainty of whether the team still retained the

same old fighting spirit of last year. Coach Poole had selected a hard match for the first game, and he, as every man of the Sand Crab line-up, although confident, realized that the outcome of Saturday's game would determine whether or not this year's team would be very good or exceptionally "punk", since every faculty had been concentrated on the opening spurge.

The results of the game were satisfactory, even beyond the wildest expectation and the Sand Crabs again have the loyal support of all Estelline. Confidence and the winning spirit have been instilled in the team and they have set for their goal the State Championship medal, for which they so strongly contested last year.

Kirkland Girls Best Local Team Saturday by Small Margin

The Kirkland girls, with Coach Canada, arrived here Saturday, where they met the Estelline girls in a hotly contested game defeating them by a margin score of 6 to 4.

Both teams did faithful work from the time of the first whistle until the final score was announced.

After the game tea and sandwiches were served to the victorious visitors and the girls enjoyed a social.

The Estelline girls are planning a return game for Friday, October 17, to be played at Kirkland. Before that time the girls' coach, Miss Velma Newman, will give the girls some thorough work-outs.

Estelline and Kirkland Second Teams Play Here Saturday

Estelline High School boys second team defeated the Kirkland second team here Saturday afternoon by a score of 17 to 12. The game was well played and both teams respected the referee.

Estelline Woman Composes State Song

Mrs. Verda Cook Wright, of Estelline, has recently composed the words to a new State song entitled, "Texas" and advertised as the "Grand March Song." The words were set to music by John E. Ward, of New York City, but Mrs. Wright has a copyright on the complete number.

The first of the printed copies of the song have been received from the publisher and are being distributed by Mrs. Wright. This number, we understand, will be rendered by the Memphis Band during the Stampede, October 17-18.

The first of the three stanzas is filled with praise to the men who died for Texas in its historical beginning. The second, mentions, personally Texas' early heroes and is an appeal to "carry on." The third, speaks of the development of agriculture and establishment of Cotton Mills in Texas.

Mrs. Wright has written a considerable amount of verse in recent years, and a great deal of which has sung the glories of the Panhandle and of Texas.

Her first song is a compliment to her work and will no doubt become very popular when properly advertised.

A grove of giant redwood trees in Kettintelbe, California, was dedicated to the memory of the late Franklin K. Lane, former Secretary of the Interior and an advocate of forest conservation.

The silk worm demands that the mulberry leaves on which it feeds shall contain the exact amount of moisture which its system requires, plus the amount which it disposes of through the pores of its skin. The leaf should contain about sixty-five per cent moisture.

Hulver Hints

BACK GIVEN OUT?

Then Follow the Advice of This Memphis Resident.

Are you dragging along day after day with a dull, nagging backache? Do you feel tired, lame and achy; suffer sharp, torturing pains at every sudden move? Then look to your kidneys! Colds, strains and overwork weaken the kidneys and bring on throbbing backache and knife-like twinges. Don't risk serious kidney disease! Use Doan's Pills—a stimulant diuretic to the kidneys. Read what this Memphis resident says:
T. O. Kirby, E., Main St., says: "My kidneys were acting poorly and the secretions hardly passed at all. Backache bothered me a lot with a mean hurting in the small of my back. I was sore and stiff, too, and if I sat down in a bent over position, my back was so sore I could hardly get up straight again without help. Doan's Pills regulated my kidneys and cured me of the backache. I haven't been troubled since."

"Shadow of East" Is Thrilling and Romantic Drama

A romantic, thrilling, though somewhat sombre tale is "The Shadow of the East," the photoplay to be shown at the Palace Theatre Monday and Tuesday.
It is about an English earl, Barry Craven, who, like many other Englishmen exiled in India, had secretly taken a beautiful native wife, though he still felt the attraction of his own countrywomen.
Much has been written and said about these light loves of the East which men leave so easily, but when Lolare, made with tempestuous love for the rather unresponsive Englishman and with jealousy for an English girl who was visiting India, finally commits suicide, Barry finds it not so easy to forget.
He returns to England—even marries Gillian Locke—but still the shadow of the East hangs over him and becomes a barrier between him and all the things he would hold dear.
Unable to bear the torture of it, he goes back at last to aid in a war a young whisk is waging against his enemies. He leaves a note telling Gillian the dark secret of his past and his desire for atonement through death in a war. Gillian follows him to India and, regardless of her own danger, to the very field of battle.
So, in the end, it is her husband, whom she hoped to rescue, who rescues her. And then she finds that he no longer is in need of rescuing for in the thick of the battle, he has redeemed his soul and the Shadow of the East has at last lifted. Frank Mayo, Mildred Harris and Norman Kerry appear in the principal roles of this production.

30c COTTON—\$20.00 LAND

Either the cotton is too high or the land is too cheap. For one acre of land will usually produce from one-fourth to one-half bale of cotton annually—worth from \$35 to \$75. One crop will frequently more than pay for the land. We will sell you the land for \$12 to \$20 per acre on long time payments and at a low rate of interest. If you are interested in securing a home for yourself and family where there is no boll weevil and where the climate is fine and the water is good, write today to W. A. SoRelle, General Agent for the Spearman Lands, 15 Santa Fe Bldg., Seagraves, Gaines County, Texas, for descriptive literature, giving prices of land, terms, etc.

World Record For Pork Set at Amarillo

Amarillo, October 2.—A new world record for pork production was set Thursday at Marymere farm, near here, when a litter of 14 180-day-old pigs weighed out at 4,291 pounds, an average of 306.5 pounds each. The previous record, set last year at Waco was 3,898.5 pounds.
Previous weighings had shown that Edgar E. Laird, owner of the farm, was in line for a record, but the gain of 1,069 pounds since September 15 was a surprise both to Laird and County Agent Harmon Benton, who did the weighing.
The pigs of Poland-China breed, Liberator strain, were farrowed on April 5, without loss. Their first weighing was on July 8, when they tipped the scale at 1,233 pounds. Mixed feed and buttermilk was fed to the litter.

STUDY CLUB MEETS WITH MRS. M. McNEELY

The 1913 Study Club met in regular session Wednesday afternoon at the home of Mrs. M. McNeely. After the business meeting a very profitable hour was spent in the study of American Juvenile Writers. Mrs. Rufus Randall, the leader, presented the lesson in a most able and interesting manner. The club enjoyed as its guests Mrs. Miles and Mrs. Scott. During the social hour the hostess, assisted by her daughter Miss Helen served a delectable salad course. The Club expressed its satisfaction with the program rendered Monday evening by Mr. Bingham, and expects to be able to present Memphis with an even better program in November.

MR. AND MRS. R. L. SLATON ENTERTAIN WITH 42 PARTY

Mr. and Mrs. R. L. Slaton entertained several friends last Thursday evening, at their home on 8th and Brice Streets, with a forty-two party. Four tables were arranged, and after a delightful evening of play, a delicious salad course was served to the following guests:
Mr. and Mrs. L. M. Thompson, Mr. and Mrs. Henry Guest, Mr. and Mrs. T. Kittenger, Mr. and Mrs. E. P. Thompson, Mrs. Herman Durham, Mr. Geo. Thompson, and Mrs. King Stephens.

Notice by Publication in Probate

THE STATE OF TEXAS:

To the Sheriff or any Constable of Hall County, Greeting:
You are hereby commanded to cause to be published (in a newspaper of general circulation, which has been published continuously and regularly for a period of not less than one year in your County), at least once a week for ten days previous to the return day hereof, copies of the following notice:

The State of Texas, County of Hall, To all persons interested in the welfare of the estate of S. L. Crandall, deceased:

You are hereby notified that W. A. McIntosh has filed an application in the County Court of Hall County on the 22nd day of July, A. D. 1924, by order of the County Judge of said Hall County, the said W. A. McIntosh was appointed administrator of the Estate of the said S. L. Crandall, deceased, and at the next regular term of said court, commencing on the third Monday in October, A. D. 1924, the same being on the 20th day of October, A. D. 1924, at the Court-house thereof, in Memphis, Texas, at which time all persons interested in the welfare of said Estate are hereby cited to appear and contest such appointment, if they so desire, and if such appointment is not contested at the said term of court, then the same shall become permanent.
Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.
Witness my hand and official seal, at Memphis, Texas, this 26th day of September, A. D. 1924.

THREE CONTESTANTS TIE FOR FIRST HONORS WITH 81 WORDS

Influx of Letters Keeps Office Force Working. "I Take Pleasure In Finding the Misspelled Words," Say Many Contestants.

ADVERTISERS ARE BENEFITTED BY CONTEST

"A Business Man Who Would Not Grab at This Opportunity Certainly Is a Dead One, And the Majority of the Readers Will Look at It in the Same Light," Writes a Contestant.

Submitting correct lists of eighty-one words each, Mrs. Mary Wallace, of Lakeview, Mrs. Arch Owens, of the Indian Creek Community, and Mrs. Roy L. Guthrie, of Memphis, County Superintendent of Public Instruction, tied for first honors in the Democrat Misspelled Word Contest of last week. According to the rules of the contest, the \$5 cash prize will be equally divided among the three lady contenders.

Mrs. B. B. Edmiastion, of Waco, and Mrs. M. E. McNally, of Memphis, received second honors, with lists of eighty words each. Miss Fenton Guest, Miss Leora McKelvey, and Billy Bragg of Memphis, came third with seventy-nine words. More than half a hundred submitted lists containing seventy words or more, several having as many as seventy-eight. Striving hard to win, but losing by a margin, they will make a more determined effort in the contest of this week, the same offer being continued.

The letters which flooded the office from last week's contest were as varied as the sections from which they came. Most of them were neatly arranged much to the delight of the contest editor. Many however, indicated as was true last week, that the contestants had not become acquainted with the rules and conditions of the contest; others indicated that the compiler of the lists might profit by studying the rules of spelling, or by the use of the dictionary. But as a whole, the lists were all commendably arranged, and the efforts of each were highly appreciated.

It is pleasing to note that the disappointments will be forgotten because of the pleasure afforded by the spirit of competition. Almost every letter contained some statement with regard to the pleasure in searching for the misspelled words and offered apologies for not being able to find them all. Of course, each contestant had some hope of winning. One 11-year old girl submitted a list of less than fifty words accompanied by the statement that she would like to be the winner. Bird Mount, age 14, of Hedley, says: "I'm sending my list of words. I know I don't have many of them, but I had lots of fun looking for them." His list contained seventy words.

The misspelled words in this issue will be more difficult to find and minor technicalities, such as apostrophes, will be omitted where possible. However should the apostrophe be misplaced the word will be considered misspelled.

Conditions to Remember
The following conditions should be remembered by contestants:

Misspelled words in DISPLAY ADVERTISEMENTS only will be counted. See last week's issue for definition of display advertisement.

Lists should be neatly arranged.

Lists received later than Wednesday at noon will not be counted. A few were late this week.

In case of a tie the \$5 cash prize will be equally divided among the winners.

Winner will not be announced until the issue of the next week's paper.

Please do not ask for this information.

Contest Benefits Advertisers
The benefit which advertisers receive from the contest is best expressed by the readers, hence the following excerpts from letters are given:

R. L. Erwin, Agent for Rock Island Lines in Romero, Texas says—"I am enclosing herewith my list of misspelled words found in the Democrat of October 2, issue. This is my second attempt but by no means my last.

Please allow me to congratulate you upon having established so novel a way of being sure that the advertisements will be read and re-read, thereby being the more beneficial to your ad patrons. A business man who would not grab at this opportunity certainly is a dead one, and the majority of the readers will look at it in the same light.

I haven't had the pleasure of being in Memphis for the past three years, and am certainly glad to be a subscriber to your excellent paper, as it keeps me well posted as to what is happening in that locality. I still consider Memphis my home, however it is very possible that I will never again be so fortunate as to reside there on account of my present vocation.

With best regards to your excellent paper, and the Memphis community in general."

Mrs. Beulah Packer, Liberal Kansas—"I am a former resident of Memphis, and read every word in the paper every week, I find great pleasure in looking for the misspelled words."

Mrs. Loyd Phillips, Estelline—"I am submitting a list of misspelled word. I enjoyed the hunt very much."

Mr. Arch Owens, Memphis, Et.—"I've done my best, but we can't all win."

J. M. Cane, Lubbock—"You certainly added a very interesting feature to your already excellent paper. I seldom miss reading the entire contents, notwithstanding the fact that we get several others including dailies."

Try again you may be the winner this week.

The Community Club

By Phebe K. Warner

Suppose you were appointed today by the President of the United States to reconstruct the social life of your State. Where and how would you begin? This is a hard question, but it is not an unreasonable question. And certainly in a Nation and in a State that leads the world in unhappy, wrecked homes and homeless children it is time somebody was thinking about it.

There is evidently something wrong with our social life in Texas. And whether you believe it or not the social life of a community or a county or even the State, registers the ideals and standards of that community, county or State, because it is in the whirl and confusion of the social world that the future homes in this Nation are the direct products of our social life. As it is, so will the homes of the future be. Should all the people of the community be interested then in the social affairs of the community?

But first of all what is a community? Answer that. As we understand that the term community is the social unit of the county and the state. It is the smallest group of people that work and play together outside the home unit. It is the smallest human unit that has power to reproduce itself and thereby perpetuate its own life. The home cannot do that. It takes more than one home to make a community and as a rule the community is bounded by the social circle and the geographical lines that bound a school district. The school district is the smallest political unit in our government. It is the first collection of people that support the same thing. How many of us really appreciate our school district as one of the social units of our county, our State, our Nation? Well, it is. This whole Nation is combined of school districts. No two of them overlap. There is not an inch of space or a single home left out. Every child in the U. S. A. belongs to one school district. Therefore, for the sake of convenience and in order to have a starting place on the reconstruction of the Nation and because we honestly believe it is the logical starting place, if we were invited to make the Nation over that is just where we would start in.

And the first thing we would do would be to organize a community club and try to get every man, woman and child in that community into that community club in some capacity. And if there were at work, a community club in every district in this Nation, what would it mean to the Nation in one year's time? There is no limit to the good that such a plan would accomplish. Suppose every community decided to do only one thing to improve the social life of their school district, what would that mean to the whole State?

And is there not ONE school district in Texas that can not do ONE thing this year to improve the social life of the people. It makes no difference whether your district is a white district or a negro district. Or is a full-blooded white or a Mexican district. If you will organize a community club, you can do not only one thing, but as soon as you get one thing done you will see a dozen other things that can be done, and the first thing you know you will be enjoying your

work for your community; and when get a little more done you will feel something new growing in your heart. And when you analyze that new feeling you will discover it is Community Pride beginning to grow in your heart. And then the best thing of all has happened, what is that? Your OWN PRIDE has been touched. Something fine within your soul has been brought to life that has been lying dormant and dead for years. But you never could have kindled it into a new spark all by yourself. It took the association of your friends and neighbors to bring it to the light and start it to work not only for the good of your own children but for the good of all the children of your community. Why, you are not the stingy, selfish, good-for-nothing fellow that you had thought you were, or even that the neighbors thought you were. There is a world of good and a world of usefulness in you and a power for the accomplishment of better things in you than you do not even know yourself because you have never given yourself a chance to prove what you could do if you tried and if all your best impulses were set in motion. The best place in the world to discover hidden talent and cold storage power is right in your own home community. You have to dig for water before you are sure it is there. You have to drill for oil and gas before you find it. It is just the same with the fountains of human riches only you are almost sure to find something valuable in every human life if you keep boring down deep enough and trying long enough. How do we know it? Because every human soul is a part of the great God that made us all. And He never made one human creature for nothing and to go to waste. But you will never discover your whole self by yourself. And that is why we believe in the community club. And that is why we would begin to reconstruct this whole universe by organizing a community club in every school district in this Nation if it were possible. It can be done. How many of us are willing to try? There are in Texas, about 8,000 rural school districts. What would it mean to the life of the State if all of these 8,000 school districts would get to work this year in the name of their home community and do even ONE thing to make life better and happier for all of the people of their districts?

Memphis—15 Years Ago To-day

Mrs. E. L. Houghton left Sunday morning for El Paso as a delegate to the state meeting of the Eastern Star.

Willie Allen returned to Memphis Friday, after being gone to Gray County for several weeks.

The four-months old baby of Starley Thornton and wife, died Friday night.

The fine buggy horse of John E. Quarles had his forefoot very badly cut last week.

Paul James was up from Childress and spent Friday and Saturday with friends in Memphis.

The weather blew up very cold Monday afternoon and the thermometer registered around the freezing mark Monday night. Ice was reported in several parts of town Tuesday Morning.

Jeff Thompson left Thursday for New Artesia to attend the Simmon's Land opening.

Quite a number of young men in autos went out to Henry King's watermelon patch Sunday and proceeded to fill up on watermelons. Of course Henry was with the boys, and they all had a fine time at the bachelor's quarters.

Mrs. H. G. Stephens spent Thursday with her daughter, Mrs. V. V. Davis in Newlin.

Mrs. W. F. Pierce and Mrs. Bob Crow were in Memphis Thursday.

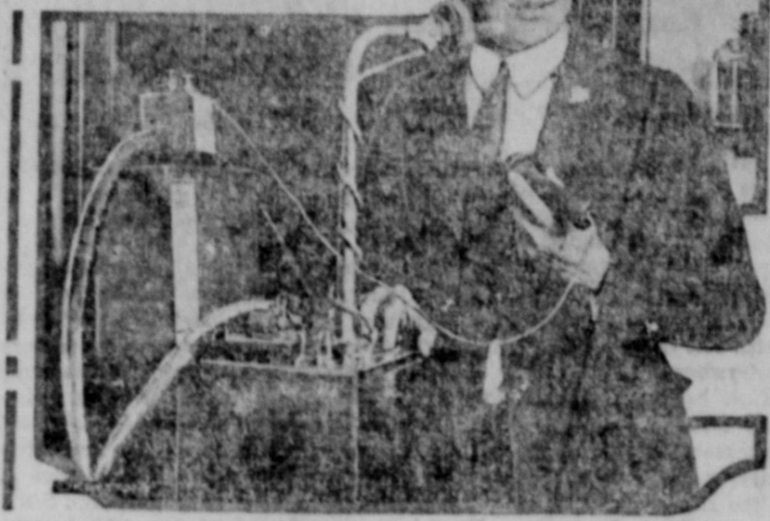

Mrs. Leon R. Cole left Friday morning for her home at Carnegie, Okla., after a very pleasant visit with her parents, Mr. and Mrs. F. A. Spencer.

Messrs. J. W. Hill, M. C. Hill and C. C. Dibrell spent Sunday in Amarillo. They report quite cold weather in that city.

Woman Juror Bares Secret to Save Another

There was an air of intense excitement in the jury room, for the first vote had been cast and were being counted. The twelve jurors leaned forward eagerly. What would be the verdict? Would the slip of a girl, on trial for her life, be found guilty or not guilty?

"The teller finished his task and looked up grimly. "Eleven for conviction and one for acquittal," he announced.

The eleven men on the jury looked at each other accusingly. All had hoped for an unanimous verdict, in order that they might leave for home. The twelfth juror—a girl—stared into space, an expression of mixed emotions on her face.

She had voted "not guilty." For hours the eleven men, one of them her husband, with whom she was spending her honeymoon in such a strange manner, tried to change her opinion. But she firmly shook her head, and remained quiet. Their arguments fell on deaf ears.

Suddenly with a look of determination, she rose to her feet and began the recital of a story that made her husband's face turn ashen and resulted in a speedy verdict of "not guilty."

This is the startling denouncement of "The Woman on the Jury," a First National picture which will be shown at the Palace Theatre next Wednesday and Thursday. Sylvia Breamer plays the role of the woman juror, others in the cast being Frank Mayo, who enacts the role of her husband, Lew Cody, Bessie Love, Mary Carr, Myrtle Stedham, Hobart Bosworth, Henry B. Walthall, Roy Stewart, Jean Hersholt, Ford Sterling, Artur Lubin, Stanton Heck, Fred Warren, Arthur S. Hull, Kewpie King, J. Edward Davis and Leo White.

The Why of Superstitions

By H. IRDING KING

MARE-BROWED MEN

"MARE-BROWED men are described as those whose eyes are set in a curve above the nose. In many sections of this country and Canada it is considered unlucky to meet such a man when starting on a journey, going hunting, or about to engage in any new enterprise. The superstition is patently a form of the superstition of the evil eye which, having come down to us through unnumbered centuries, is as potent now in some countries as it ever was. In Italy and in the Levant, for instance, the belief in the evil eye is taken as a matter of course and few there be in those lands who would question it. The superstition as a whole has already been dealt with in this series. That the mare-browed man superstition is a phase of it is evidenced by the fact that in some sections of Canada and this country such a man is supposed to be able to "cast spells." The uniting of the eyebrows gives a peculiar look to the eyes and oftentimes a sinister one—it emphasizes the power of the glance, as it were, and thus naturally calls to mind the "evil-eye." The superstition regarding ill luck attached to cross-eyed persons and mare-browed persons are the two most common forms in which the evil eye superstition manifests itself in this country; except in cases where immigrants have brought with them across the Atlantic the superstition in its original form. CHEVROLET PEOPLE PRODUCING BETTER CARS AND DECREASING LIST PRICES

Interesting Comparison Shown Between Basic Food Required To Pay for Car Today and in Nineteen and Thirteen Is Shown by Chevrolet Dealer Here

What motor cars cost in 1913 as contrasted with their cost today, demonstrates a striking proof of the economies wrought in automobile manufacture and distribution. Nearly every make of car that was sold in 1913 and is sold today cost considerably more in the pre-war period.

Statisticians of the Chevrolet Motor Company have shown that taking a group of cars in the \$1500 class and a representative group of cars in the less than \$1,000 class, the price decrease since 1913 has been almost 50 per cent, while the price differential for all commodities as shown by Government figures is a 45 per cent increase over 1913.

In spite of the fact that the price of automobiles is less today, the product itself has been vastly improved. Today cars are more beautiful, more comfortable, more mechanically perfect and more dependable.

The Chevrolet statistical department has worked out an interesting comparison between the quality of basic food products that were required to purchase a Chevrolet touring car in 1913 and that required to purchase the corresponding model today. It must be borne in mind that the 1913 Chevrolet factory price for the touring car was \$1,000, while the touring car that has succeeded this model today for \$510.

The cotton grower in 1923 would have to pick and prepare sixteen bales of cotton for a Chevrolet, while today he would need to exchange but four bales.

Eleven years ago a tobacco grower would have to raise and cure 7,400 pounds of tobacco while today he would have to exchange but 1,820 pounds for this car.

Sheep raisers would today receive a Chevrolet for 4,080 pounds of sheep, for which in 1913 they would have to give 21,015 pounds of their live product.

It took 1,576 bushels of corn in 1913 for a Chevrolet; today it takes but 436 bushels.

Against 1,075 bushels of wheat in 1913, only 395 bushels would be required today to purchase a Chevrolet car.

Six hundred seventy bushels of potatoes today would purchase this car as contrasted with 1,601 bushels 11 years ago; while 1,416 pounds of butter today could be exchanged for the present model that required 3,177 pounds of butter a decade ago in a trade.

The pounds of cattle, hogs or wool that were required in exchange for a Chevrolet in 1913 were practically two and a quarter times greater than would be required today for a greatly improved product.

Bargains In West Texas Land

SOMETHING TO THINK ABOUT—

Cotton continues to sell at a good price, but the price of cotton will be next year or the year after. Why not own farms that will make money in cotton when the price is good or wheat when cotton is low?

Good land on the Plains is changing hands now and bargains close in are getting harder to find. Still have some extra good stuff at from \$15 to \$25 an acre, in any size tracts and on good terms.

Have some land can sell on crop payment plan.

Let me show you some real land.
