## SECOND ANNUAL HALL COUNTY DAIRY SHOW IS MARKED SUCCESS

### EUDALY CALLS MEMPHIS SHOW BEST OF YEAR

Registered Stock Scores High In Classification

Sixty-five head of registered stock made up the entry list at the Second Annual Hall County Dairy Show, held at the Harrison Stock barns here Saturday, and, according to E. R. Eudaly, Texas Extension Service dairyman who judged the show, the dairy stock exhibited here has been unexcelled at any show in the state.

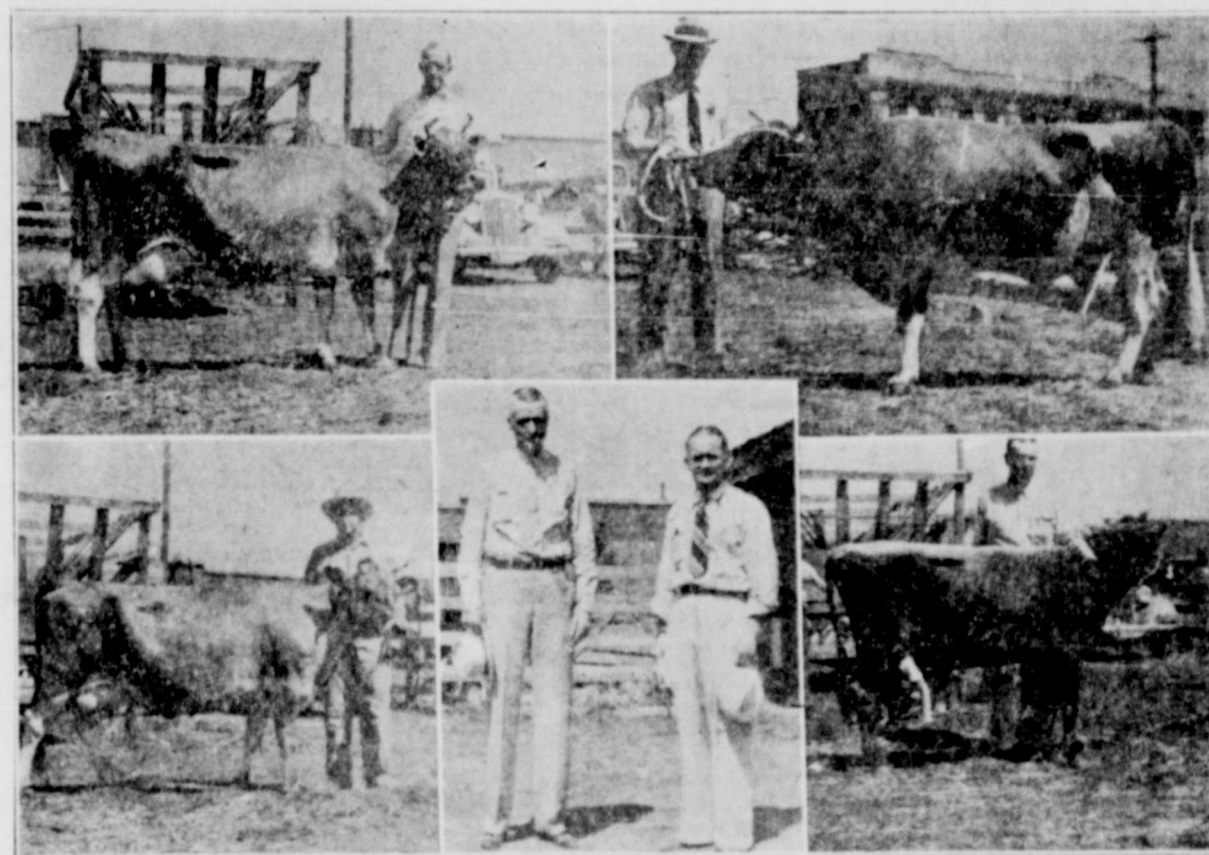

Of the sixty-five head entered, Eudaly placed only five in the "C" classification as only "fair," scoring between 70 and 75 points. The remainder were ranked either in Class A, "excellent or very good," or in Class B, "good plus." None fell below Class C.

Nine animals were awarded blue ribbons, scoring 85 points or better, and the remainder, with the exception of the five whites, received red ribbons with point scores between 75 and 85.

A registered Jersey bull from the A. Womack farms was selected as Grand Champion Bull of the show, and the young Jersey bull entered by W. Q. Montgomery of Turkey, winner of the blue ribbon in his class (1 year and under 2) was Reserve Champion.

Both Grand Champion and Reserve Champion heifers were produced by the C. L. Sloan Farms of Estelline.

#### Lakeview Eagles Ready for Opening Of Grid Season

#### New Coach Reports 88 Prospective Squadmen; Pleased at Prospects

With a double-tough schedule in the new Class A circuit, the Lakeview High School football eleven is asking for more. Coach Bill Harp is trying to schedule a game to open the 1939 grid season at Lakeview September 15.

Harp reports inquiries from 88 prospective squad members, and plans to get training into full swing immediately after September 1. Besides the opening date, he has four spots on his season's schedule to plug, and wants home games on October 20, November 3, November 10, and Thanksgiving Day—which may or may not be on the last Thursday in November.

The conference schedule for the Eagles calls for the following tilts: Wheeler at Wheeler September 22, Clarendon at Lakeview September 29, Wellington at Wellington October 6, McLean at McLean October 13, Shamrock at Shamrock October 27, and Memphis at Memphis November 17.

#### Masons Entertain District Group

Memphis Masons will be hosts to members of the 95th District Masonic Association at an open meeting at the Memphis Masonic Temple next Tuesday evening, August 29.

A large number of visitors from Childress, Turkey, Lakeview, Clarendon, and Hedley lodges will be present. The meeting is open to all masons, their wives and families.

The program for the evening will be under direction of the local lodge. Details of the program have not been announced, but a variety of entertainment and instructive talks are scheduled.

Refreshments will be served by Memphis Masons. The meeting will begin at 8 o'clock Tuesday

### Summer Slayer of CCC in Signs Confession

#### Hammering on City Prohibited Ordinance

#### Hammering Area Is Law Will Be Enforced

Oscar L. Wright, 42-year-old enrollee at the Veteran's CCC camp here, in a midnight confession Saturday admitted the brutal hammer slaying of John Gonzales, a Mexican fellow-enrollee at the camp.

Gonzales was found at 6 o'clock Saturday morning near the race track at the old fair grounds east of the CCC camp, his head crushed in two places by blows from a blunt instrument. He had been dead about 8 hours, according to the coroner's report.

Several suspects, including two negroes, and another man from the veteran's camp, were arrested Saturday morning by local officers and held for questioning in connection with the murder. Deputy Sheriff L. S. Grimes led the investigation. Working with him on the case were Sheriff Lindsey Hill, Deputy Sheriff W. C. Anderson, and Justice of the Peace Joe Merrick. The officers were assisted by CCC officials and state highway patrolmen.

Wright was arrested when questioning of other suspects indicated that he and Gonzales were last seen together a short time before the murder Friday night. Officers said that there had been some trouble between the two men previously which apparently led to the killing.

After several hours of questioning, Wright admitted the slaying and directed officers to the murder weapon, a heavy claw hammer. Gonzales had been struck once behind the ear, a blow which doctors said undoubtedly caused his death, then on top of the skull. The second blow was struck with force enough to crush the skull.

Wright admitted going to the fair grounds with Gonzales, Deputy Sheriff Grimes said, and told officers that he had taken the hammer with him at that time. There were no witnesses to the crime. The confession was made at about midnight Saturday.

Charges of murder were filed before Justice of the Peace Joe Merrick, and Wright was bound over to await action of the Grand Jury, which convenes September 4. He was being held without bond.

Gonzales had come to the local Veteran's Camp from Las Cruces, N. M. He was unmarried.

Wright, 42 years of age, formerly lived at Grand Saline. He is married and the father of two children.

### Funeral Rites for Howard S. Randal Held Saturday

#### Local Farmer Dies In Hospital Following Heart Attack Friday

Funeral rites for Howard S. Randal, well-known Hall County farmer, were conducted Saturday afternoon at the First Christian Church in Memphis, with Rev. J. Wm. Mason, pastor of the First Baptist Church, in charge of the services. Rev. Mason was assisted by Joe Findley, minister of the First Christian Church.

Mr. Randal died suddenly at a local hospital Friday night at 8 o'clock. He had suffered a heart attack.

Interment was in Fairview Cemetery here following the services Saturday afternoon. Burial services were under the direction of King's Mortuary.

Mr. Randal was born May 14, 1897, in Bosque County, Texas. He was the son of Mr. and Mrs. P. M. Randal. The family moved to Hall County in January, 1902.

Mr. Randal was a member of the First Baptist Church.

He is survived by his widow, Mrs. Lucile Randal, and son, Joe Pete; four brothers, Rufus Randal of Fort Worth, Tiny Randal of San Antonio, Jack Randal of Lubbock, and Holt Randal of California; and two sisters, Mrs. J. Henry Read of Memphis and Miss Ruth Randal of Mexico City.

Pallbearers at the services Saturday were Bill Howard, Hugh Crawford, Mac Tarver, Leonard Doss, Otho Fitzjarrald, and Ed Cudd.

Estelline dropped from the race for the Hall County Baseball League crown Sunday, losing their second straight play-off game to Lakeview by a 4-run margin, 5-1, in a battle on their home diamond.

Lakeview had captured the first game of the series 4-3 at Lakeview on the previous Sunday.

The Memphis nine went through a grueling slug-fest on the local diamond Sunday afternoon to win their first game of the play-off series from Hedley by a score of 12-11. The opening game, scheduled for Sunday, August 13, was called off on account of rain.

Memphis will play again Sunday at Hedley in an attempt to make it two straight for the right to play Lakeview in the final series for the championship.

#### Norma Hunt Gets Sul Ross Degree

Mrs. Norma N. Hunt, teacher in the Memphis schools, received a bachelor of science degree from Sul Ross State Teachers College at commencement exercises at the Alpine school Wednesday evening, August 23.

Dr. H. A. Trexler, head of the department of history at Southern Methodist University of Dallas and a visiting professor at Sul Ross this summer, delivered the commencement address to the class of 80 graduates.

### Memphis Grid Coach Signs for Tackle Berth on All-Star Team

A. B. (Red) Murphy, head coach of the Memphis Cyclone eleven and former star line-man for Texas Tech's Red Raiders, was signed Tuesday to play under Coaches Dutch Meyer of TCU and Matty Bell of SMU with the College All-Stars in their "dream game" against the professional Green Bay Packers at the Cotton Bowl in Dallas Labor Day night.

Murphy was signed immediately by Coach Bell to fill the slot at tackle left vacant when Ray Matheson, former Texas Mines star, decided against taking part in the Dallas game.

The 200-pound giant was one of the stand-outs in Coach Pete Cawthon's powerful Raider line last year, and was a member of the all-Border Conference team. Murphy graduated at Lubbock in January and reported here immediately to take over his duties as instructor and football coach in the local schools.

Playing at the famed Cotton Bowl under the lights on September 4, Red will once more have an opportunity to lead the advance of his famous former teammate, Elmer Tarbox, sensational Raider half-back, who has also signed for the "dream game."

Other outstanding candidates for the tackle post will be Jess Hines from Rice, and Allie White and I. B. Hale from TCU.

Murphy was scheduled to report at the Cotton Bowl for the opening drill sessions this morning (Thursday). He will return to Memphis immediately after the game to look after his Cyclone charges, who will be making a strong bid for a district title this fall.

### George L. Murphy Dies at Newlin On 70th Birthday

#### Funeral Services Are Held At Baptist Church Last Thursday Afternoon

Last rites for George L. Murphy, 70-year-old Newlin man, were conducted at the Baptist Church in that community last Thursday afternoon, August 17. J. W. Gipson, minister of the Church of Christ at Midland, was in charge.

Mr. Murphy died at his home in Newlin Wednesday, August 16, his 70th birthday anniversary. Burial was in the Newlin cemetery Thursday afternoon under the direction of King's Mortuary of Memphis.

Mr. Murphy was born on August 16, 1869, in the state of Mississippi. He moved with his parents to Kinsmill, Ark., at the age of two years, and was married there to Miss Lavada Isome on February 6, 1889. Mr. and Mrs. Murphy celebrated their 50th wedding anniversary in February this year.

He was converted at the age of 22, and became a member of the Church of Christ. Mr. and Mrs. Murphy moved from Arkansas to Delta County, Texas, 41 years ago, and in 1908 came to Hall County, settling at their present home near Newlin.

Mr. Murphy is survived by his widow and seven children, Forest Murphy of Ropesville, and Doc, Romie, Guy, Earl, Hulien, and Woodrow, all of this county. He is also survived by 19 grandchildren, 16 of whom were present for the funeral services.

Pallbearers were J. Rowel, J. N. Hoover, Jim Allison, J. Rogers, J. Burnett, and Lacy Crabtree.

In charge of floral arrangements were Vora Isom, Virgie Lee Shafer, Alma Rogers, and Alsenia Hoover.

### Estelline Girl Gets Degree at A. C. C.

Miss Carrie Buchanan, daughter of Mr. and Mrs. J. S. Buchanan of Estelline, is among the candidates for the degree of bachelor of science of the summer session just ending at Abilene Christian College.

Miss Buchanan has completed the degree requirements with a major in elementary education.

### Sodolitan Class Entertained With Garden Party

The associate members of the Sodolitan Class of the First Baptist Church entertained the regular members with a Twilight Garden Party at the home of Mrs. Claude Johnson, Thursday, August 17.

Serving the picnic dinner as the guests arrived were Mesdames Byron Baldwin, Mary Bownds, Sam Foxhall, W. C. Anderson, George Cullen, and E. T. Prater. Following the dinner hour, a garden program was presented under the direction of Mrs. T. M. Harrison, Mrs. W. J. Bragg, and Mrs. R. E. Clark.

The program was opened with the class song, "Blest Be the Tie that Binds," accompanied by Miss Gertrude Rasco on the barimba. Mrs. J. W. Mason offered the opening prayer and Mrs. W. C. Anderson brought the devotional. Mrs. Harrison read the poem, "The Power of God," which was followed by the story "In a Garden," given by Mrs. Mason.

Following a special number by Miss Rasco on the barimba, Mrs. Ben Wilson, Cordell Bales, and Misses Geraldine Kinard and Jacqueline McMurry presented a humorous skit. A duet by Miss McMurry and Mr. Bales was followed by a marionette contest game conducted by Mrs. W. J. Bragg, Larry Grundy, Betty Sue Lindsey, and Billy Marilyn Lofland.

Present were Mesdames T. M. Harrison, Ben Wilson, Byron Baldwin, J. W. Mason, Henry Scott, W. C. Anderson, Sam Foxhall, Joe Webster, H. H. Lindsey, W. Wilson, D. L. C. Kinard, A. J. Joyce, Ed McMurry, J. M. Saunders, H. T. Gregory, Emma Baskerville, and Claude Johnson.

## NEWLIN

By MRS. FRED HEMPHILL

**Rain**  
Another fine rain fell in Newlin Monday night, which amounted to more than an inch. After the "flood" which fell here Sunday, August 13, little D. C. Messick Jr. remarked that the people of Newlin had probably been "paying the preacher too much," but the pastors of the churches would certainly not agree that that was the cause of such a downpour.

Crops in this vicinity are very promising at this time, some of the farmers are complaining of some showing of worms in the cotton. The electrical storm of Monday night caused Newlin to be without any electricity for several hours.

**Leon Townsend Hurt**  
Leon Townsend, oldest son of Mr. and Mrs. J. E. Townsend of Bowie, former residents of Newlin, was seriously hurt in a fall from a bridge. He is working with a construction crew in Colorado. Leon fell about 30 feet, breaking one leg in several places, and crushing several ribs. He was also hurt internally. He is reported to be in a hospital there. No further word has been received.

## J. A. Powell Dies

Word was received last week by Mr. and Mrs. Van Crow from Mrs. Cliff Bills of Amarillo of the death of her father, Jim Powell of Santa Monica, Calif., the ashes of whose body was to be sent here for burial from a crematory there. The exact date of the funeral has not been learned. Mr. Powell was at one time a merchant in Newlin, having lived here for a number of years. He is survived by four daughters and one son, Mrs. Bills of Amarillo, Frances, Beulah, and Jimmy, and one son Lee, all of California.

Mrs. D. W. Lawrence returned to her home here Saturday after spending the summer with her daughter Mrs. J. E. Shiebe in Wichita Falls. She was accompanied home by her daughters, Mrs. Schiebe and children, Mrs. Ogie Martin of Galveston, little Gwenneth Lea, and Miss Jerry Lawrence. Mrs. Schiebe and children returned home Sunday. Mrs. Martin and little daughter will visit here several weeks before returning home. Little Gwenneth Lea is the first granddaughter of Mr. and Mrs. M. C. Martin.

Mr. and Mrs. Jim Tidwell of Ashola spent Saturday and Sunday with Mrs. Tidwell's brother and family, Mr. and Mrs. A. M. Sims.

Miss Helen Gordon of Arlington is visiting with Misses Mary and Frankie Gresham.

Mrs. J. S. Ballard of Eli and daughter, Mrs. Fred Erwin and children of Memphis, spent Sunday with relatives here.

R. D. Long and children spent Sunday with relatives in Hedley. W. W. Mayo and daughter Alice and J. R. Nelson made a business trip to San Jon, N. M., Sunday.

Miss Grace Ezzell visited her brother, Dr. B. R. Ezzell, in Lockney last week, returning Saturday.

Mrs. James Greer spent the week-end with Mrs. A. A. Greer at Estelline.

## State Commission Reduces Rates On Fire Insurance

Exact Slashes to Be Made Public September 1; Cuts Approximate 10 Per Cent

Notification of a reduction of fire insurance rates was sent to insurance dealers in Memphis last week by the State Fire Insurance Commission.

The exact reduction will not be made public until September 1, T. J. Dunbar, local agent, said Friday, but the average reduction amounts to about 10 percent on structures insurable against fire.

Insurance rates on some structures were reduced a rather high percentage, while others were kept at the same figure.

A record reduction in fire losses in the state during the past few years is responsible for the successive slashes in the rates, the insurance commission stated. Both fire prevention campaigns and the increased efficiency in the fire-fighting personnel are largely responsible for this last cut in rates.

Nearly 40 percent has been taken off the cost of fire insurance in the state in the past few years.

## GAMMAGE

By MRS. A. G. GRISHAM

# WHY Humble Oil & Refining Co. Reduced the Price of Crude

This statement is published as a paid advertisement by Humble Oil & Refining Company for the benefit of those who are interested and not acquainted with the facts.

On August 11 the Humble Company posted reductions in the prices at which it purchased crude oil in Texas and New Mexico by amounts ranging from 5c to 32c per barrel, and averaging 18.5c per barrel. In view of the fact that this action on our part has been severely criticized before the public, we outline below the facts and reasons on which it was based:

1. On August 1 the quantities of crude oil listed below, aggregating 218,920 barrels daily in Texas, Louisiana and Arkansas, were moving to market at prices substantially below the Humble's postings for similar crudes:

AREA	BBLs. DAY
Texas—	
West Central .....	37,000
Gulf Coast .....	22,600
Southwest .....	16,900
East Central .....	12,800
East Texas Field .....	6,850
Panhandle .....	1,500
Total Texas .....	97,650
South Louisiana .....	81,920
North Louisiana and Arkansas .....	39,350
Total .....	218,920

2. The amount of crude moving below Humble's postings was greatly increased when on August 10 the Sinclair-Prairie Company posted a reduction of 20c per barrel affecting the oil produced and purchased by it in Texas, New Mexico, Oklahoma and Kansas, which action was followed immediately by reductions in the price made by a number of smaller purchasers. These reductions applied to more than 150,000 barrels of oil. This, added to that mentioned in the preceding paragraph, equals 368,000 barrels. In the three States in which Humble operates, Texas, New Mexico, and Louisiana, the aggregate volume of oil moving below Humble's prices approximated 17 1/2% of the total current production in those States.

3. The movement of constantly increasing quantities over the past year or more of crude produced in the new Illinois fields, reaching a total of 300,000 barrels daily on August 1, on a price basis substantially lower than Humble's postings in its territory, exerted a progressively depressing effect on the crude oil market. The effect was felt in Texas; and actually since April 1 Humble has lost 10,000 barrels per day of business absorbed by Illinois crude. This loss of business was in addition to that lost by Humble as a result of the movement of crude at low prices in the territory where we operate.

4. On August 11, therefore, the total volume of oil moving at prices below those of the Humble was approximately 668,000 barrels.

5. The crude oil market has been under pressure for more than a year. The price adjustments made last October did not remove fully the disparity between Humble's prices and those of some oil moving in its markets. Since that time the volumes of crude moving below our prices have increased steadily, with the result that when the reductions of Sinclair-Prairie and others came on August 10, affecting approximately 150,000 barrels of crude per day, conditions were so bad that we were compelled to reduce our prices to meet this competition. In no case are our new postings lower than the Sinclair-Prairie postings for similar crudes.

6. The Humble Company is primarily a producer of oil. Its crude oil properties constitute its principal asset. Its net production averages 133,000 barrels a day. We are also crude oil merchants and purchase, at our posted prices, 251,000 barrels of crude oil daily in Texas and New Mexico. These prices also govern the price at which we sell the oil which we produce. Because of our large production we are vitally interested in the maintenance of fair prices.

Our refineries consume something near the amount of oil which we produce. As a consequence, with respect to our purchases we are in the same position as a merchant dealing in any commodity. To continue in business, we can not over a long period of time pay higher prices than our competitors. We are compelled to meet competition. The price of oil, like that of other commodities, is subject to change with market conditions. These are simple and fundamental business principles. We were reluctant to cut the price of crude, not alone because of its adverse effect on our own earnings, but also because of its effect on our customers and upon the industry and the state at large. Under these circumstances, we could not continue to pay the prices we had been paying.

7. As a matter of policy the Humble Company maintains stocks of crude oil very slightly in excess of the amount required as working stocks to carry on operations. We do not believe in storage of oil above ground but in production of oil currently as required for market. We do not speculate in oil. We have no desire to buy oil at any price to accumulate for storage.

8. We think the price for oil brought about by the competitive conditions above mentioned is lower than should be realized. In our opinion the flood of oil from Illinois and Louisiana, most of which is being produced wastefully, in violation of conservation principles, is primarily responsible for the market conditions which necessitated our price reductions. It is our hope that these conditions will be corrected and that the market will improve.

### Memphis Grocery Beats Bowling League Leaders

Durham-Jones Bowlers Drop 3 Games to Women's Team; 2 in Tie for Second Place

The Durham-Jones league-leading bowlers dropped three straight games last week, but still held their first-place position by a narrow lead. Victors over the league-leaders was the all-women's team of the Memphis Grocery, who advanced to a tie with the Independents for second place when the Independents lost two of three games played against The Democrat team.

In the other pairings for last week, the First National Bank team lost two of three games played with the Post Office bowlers to drop the Bank team from fourth to fifth place; Cudd-Combest lost two of three games to the J. C. Woodriddle team to retain their hold on the bottom rung of the ladder.

Next week's games are as follows: Tuesday, August 29: Durham-Jones vs. J. C. Woodriddle; Independents vs. Post Office; Wednesday, August 30: Cudd-Combest vs. Memphis Grocery; Democrat vs. Gulf Service; Friday, September 1: Charm Salon vs. Memphis Grocery.

Standings are:

Team	W	L	Pct.
Durham-Jones	11	4	.733
Independents	10	5	.667
Memphis Gro.	10	5	.667
Democrat	8	7	.533

# School Authorities Prepare For Opening

preparations for the opening of the public schools in Memphis, W. C. Davis, superintendent of schools, said Tuesday.

The new hall is not yet completed, but will be within a few days, Mr. Davis said. It has yet to be painted on the outside, and a few of the windows will have to be repaired. The old band hall, which was moved to the Junior High School campus, will be used by the Junior High band and choral clubs.

New rest rooms have been constructed and annexed to the north side of the building. The old rest rooms were torn down, and part of the material and equipment used in the construction of the new rooms. Mr. Davis pointed out that the small annex would also aid in holding the heat in the building during the winter months.

The old rest rooms, Mr. Davis said, has proved unsanitary, as well as unsatisfactory in that they faced the north and heat could not be kept in them during the winter months. The new rooms, however, are so built that they can be easily cleaned.

Gene Barnett, new vocational agriculture teacher, is now working on a farm shop room, which will be equipped with space and materials to be used in teaching vocational agriculture more efficiently. Poultry and some livestock can be brought into the room by way of a hall which leads to the northern part of the campus. The farm shop will be in the northeast corner of the building.

Two thousand new textbooks and 10,000 book covers have recently arrived, Mr. Davis said. The school librarian has been

working this summer repairing books which will be used this fall.

A. B. Murphy will arrive in a few days to start football training September 1. Under a new ruling of the Interscholastic League, no football training is allowed to start until that date. New football uniforms have already arrived, but have not been unpacked as yet, Mr. Davis said.

Other minor improvements have been made at the high school. The new gymnasium floor has been cleaned, since the first paint work on it proved unsatisfactory, and has been finished with a new paint which will not be marred by play on the basketball court.

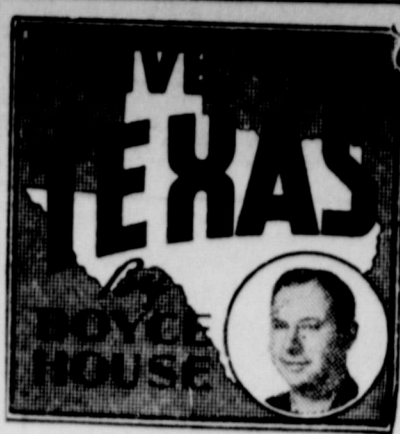

Floors are being oiled in several of the rooms, including the auditorium. Desks are being repaired, tables painted, and other similar work is being done.

**ANNOUNCEMENT**

All patrons of Lakeview school interested in free bus transportation for children have been requested by W. V. Swinburn, superintendent, to meet in the Lakeview auditorium, Tuesday, August 29, at 8 o'clock.

Mrs. N. M. Lindsey and Miss Johnnie Carlton visited in the home of their sister and brother, Mr. and Mrs. Robert Carlton of Washburn from Monday until Saturday of last week. Mrs. Carlton came home with them for a few days' visit and to attend the Baptist revival.

Mrs. W. S. Knight of Corsicana has returned to her home after a month's visit here in the home of her sister, Mrs. J. W. Stokes True.

Most memorable day of all in a journey through Mexico by this chronicler was a visit into the tropics.

At a high point in the mountains we halted to see majestic Mount Orizaba in the distance, the second highest peak in North America, and to gaze a mile straight down into the valley where fields of different crops looked like squares on a checker-board, and haciendas and churches seemed as small as children's toys.

In twenty minutes, winding around the edge of cliffs, we had made the descent into the valley and were in the midst of the tropics. It was a geography lesson come true: bananas were growing upside down; parrots were screaming from the trees; coffee was spread out to dry in the sun; the jungle of all trees, dense vegetation, and long, clambering vines made the road only a hemmed-in lane.

We (a party of some 40 Lions and friends) visited a school where the little native children were being taught Spanish, their language being an Indian dialect. As we entered, they stood at attention and, at a word from the teacher, they earnestly sang a song of friendship.

Down the side road a mile or so, and we came to a scene of beauty. Although we were in a valley, a

yet deeper valley lay at our feet and in the center was a lake of purple water, with two silver streams flowing over a big dam.

A little farther, and there was a near-precipice down which a cable railroad ran. The slope was so sharp that the track soon dipped out of our sight. A native boy offered to slide down the rail to the village below. When the ladies in the party realized what he was about to undertake, they pleaded for him to give up the idea. Though their words were in English, he sensed the meaning but snook his head and flashed his white teeth in a smile because he was to be paid for the exhibition—50 centavos, or 10 cents in American money.

He picked up a flat rock about six inches square, placed it on the rail, seated himself on he rock, gave a little shove with a short, sturdy stick he held in his right hand and he was away. Raising his straw sombrero in his left hand, like a cowboy on a bucking bronco, he waved it on high as he gained momentum. When the pace became so rapid that there was danger he would slide off the rail, he dragged the stubby stick over the ties and it acted as a brake. He dipped out of sight but soon appeared far below.

This observer has seen dives from high platforms through burning hoops into small tanks of water; the pivoting of matadors to avoid, by a quarter-inch, the lunges of angry, wounded bulls; the leaping from horseback of a bulldogger in a rodeo to seize the horns of a steer—but none of these seemed as daring as the act of that little fellow speeding down a narrow rail over the side of a mountain on a rock.

But it was explained to us, "Since the cable-car makes only

one round-rip a day, that's the way the natives usually get down."

Back to Texas: Biggest news in a long time is the shutdown of all oil wells in the state. By slashing the price of crude oil, the Eastern overlords proposed to reduce the income of Texas \$100,000,000 a year. The issue was whether those overlords or the people of this state should run Texas. The State Railroad Commission promptly met the challenge by stopping the production of oil and Commissioner Jerry Sadtler pressed also for an investigation of the Humble (which instigated the price cut) in connection with the anti-trust laws and Attorney General Gerald Mann is conducting such an inquiry.

Here's another entry in the old

est joke contest: A man, all bandaged up and hobbling along, was asked by a friend, "Who did it?" He answered, "Smith." The friend exclaimed, "but I thought you said you could whip him standing on your head and with both hands tied behind you?" The other replied, "Yes, but the dern fellow wouldn't fight that way."

**BIRTH ANNOUNCEMENT**

Mr. and Mrs. Howard C. Weatherby of Shamrock are the parents of a son, born Monday, August 21, and weighing seven pounds and fourteen ounces. Mr. Weatherby, a former citizen of Hall County, is a brother of T. D. Weatherby of Memphis.

Mr. and Mrs. J. M. Lane were Amarillo visitors Wednesday.

pions were selected by Eudaly after classification of animals had been completed. Only blue ribbon winners were allowed to compete for the championship titles.

Judging was according to strict classification, following the latest approved score sheet of the American Dairy Breeders Association. Eudaly is one of the outstanding cattle judges in the United States.

The show opened at 10 o'clock Saturday morning with a brief lecture on cattle judging by Eudaly, followed by a judging contest in which a large number of spectators took part. Mrs. S. E. Mayfield was awarded a \$2 first prize in the contest, placing nearest the judge's score. Walter Labay, vocational agriculture instructor in the Estelline schools, placed second and was awarded a \$1 prize, and J. S. Forkner, FFA boy, placed third for 50 cents bounty.

Classification of the stock was started immediately, and continued into the afternoon.

At the noon hour, all officials and exhibitors at the Dairy Show were entertained by the merchants

### 1206 Women Say "Yes" to Query

If 93 out of 100 users picked at random declare they were helped by a medicine, would you believe in its merit? Record of the famous Query among women of leading cities in 12 Southern States shows 1206 out of 1297 users queried say CARDUI helped them. That figures 93 out of 100! What a record!

Women all over the South are eager to tell of their experiences with CARDUI. They were weak, rundown, nervous. Those are symptoms of functional dysmenorrhea due to malnutrition, which CARDUI helps to relieve by stimulating appetite and digestion and building physical resistance. Try CARDUI!

## O'Brien Gives Collegians Slight Edge Over Giants

Davey O'Brien . . . he'll pitch strikes against pros.

BY IRVING DIX

THEY call it the "dream game" and that's just exactly what it should be the night of Aug. 30 when the College All-Stars meet the New York Giants in the annual charity game at Soldier Field.

There isn't a coach in the land who wouldn't give five years of his career to handle the material assembled under the expert eye of Elmer Layden, Notre Dame mentor, who was chosen in a nationwide poll to direct last year's collegians.

Aiding Layden are Harry Stuhldreher of Wisconsin, Carl Snavely of Cornell, Maj. Bob Neyland of Tennessee and Slip Madigan of St. Mary's.

The world championship Giants would like to uphold the prestige of the play-for-pay game but they'll have their hands full with the gang across the scrimmage line.

The Washington Redskins, Sammy Baugh and all, met with disaster in last year's classic and grid experts are granting a slight edge to the collegians again this trip.

FANS the nation over elected an all-star backfield that is truly All-America in versatility.

Davey O'Brien, Texas Christian's phenomenal little aerial artist, goes at quarterback. Bob MacLeod, Dartmouth's triple threat, and Mad Marshall Goldberg of Pitt pair up at the halves, with Howie Weiss of Wisconsin at full.

And there you have it—power, passing, punting and speed. And

if any of that quartet fails, the All-Star coaches have such handy gents as Billy Patterson of Baylor, Vic Bottari of California, Broncho Smlanich of Arizona, Johnny Pingel of Michigan State, and others to plug the gaps.

Starting ends are Earl Brown of Notre Dame and Bowden Wyatt, Tennessee's All-America. Backing them up are Bill Daddio of Pitt and Waddie Young of Oklahoma, among others.

Purdue's Joe Mihal and Bob Haak of Indiana start at tackles. Among the reserves are All-America Joe Beinor of Notre Dame and I. B. Hale of Texas Christian.

RALPH HEIKKINEN of Michigan and Francis Twedell of Minnesota start at guards with Charley Brook, Nebraska's great snapper-back, at center. And the reserve ranks are star-studded throughout.

The Giants, too, present a formidable array with Tuffy Leemans and Ed Danowski showing the way in the backfield. The stoutest line in the business includes Mel Hein, the greatest center in football; Ox Parry, gigantic tackle; Jim Poole, Jim Lee Howell and Tarzan White.

Time was when the professional entry scoffed at the collegians. They didn't scoff last year and they aren't scoffing this time.

It doesn't pay to ridicule when little Davey O'Brien stands back and pitches those perfect strikes for touchdowns.

## Frank Foxhall In Pampa Golf Tourney Finals

### To Play Pampa Thursday; H. B. Hill Jr. in Consolation Finals of First Flight

Frank Foxhall, Memphis city champion and three-time winner of the coveted Green Belt championship, advanced to the finals in the Top O' Texas golf tournament at the Pampa Country Club course Wednesday. Foxhall will meet John Austin of Pampa in the finals of the championship flight today (Thursday).

In the first round Foxhall downed Tommy White of Pampa, 4 and 3. His next opponent was a fellow-Memphian, O. B. Smith, who was beaten 5 and 3. Smith had defeated Lefty Cox of Pampa, 3 and 2, in his first match.

Foxhall's two Wednesday opponents were Bob Holt of Wheeler, whom he beat 2 and 1, and Grover Austin Jr. of Pampa, who was downed 3 and 2. Foxhall defeated Grover Austin Jr. in the Green Belt finals in June.

H. B. Hill Jr., qualifying in the first flight, was downed 4 and 3 by Art Swanson, and G. M. Diaz, also in the first flight, was beaten 1 up by C. S. Johnson of Berger.

In the first flight consolation, Hill took Sid Patterson 3 and 2 in his first consolation match, and Diaz won his first consolation match by default from John Haggard.

In the second consolation round, Hill won by default from Fred Thompson, and Diaz defaulted to C. L. Hoisington of Berger.

In the semi-finals of the first flight consolation, Hill won from Hoisington, 6 and 5, giving him the chance to meet Tommy White of Pampa in the finals of the first flight consolation Thursday.

Mr. and Mrs. D. W. May, and Mr. and Mrs. T. D. Weatherby visited Mr. and Mrs. Howard Weatherby and family, and Mr. and Mrs. G. P. Nance in Shamrock Tuesday night.

Mrs. R. H. Wherry, Mrs. L. M. Thornton, Mrs. G. H. Hattenbach, and Mrs. Otho Fitzjarrald left for Dallas Wednesday morning for a few days' visit there.

## Local Bowler Gets Score of 299

### Coming within one pin of bowling a perfect score of 300, Derrel Hannon, local bowler, set a new city record with his score of 299 on Crain's Alleys Tuesday night.

No other Memphis bowler has come near the mark set by Hannon since the opening of either of the two alleys here.

Hannon usually bowls "anywhere between 140 pins to slightly over 200," he said. The score of 299 required strikes with every ball except the last one thrown. Hannon's last ball knocked nine of the pins down, and left the tenth rocking although it failed to fall.

Hannon throws each ball comparatively easy, and straight down the center of the alley. On shooting the high score, he used the same ball throughout, one of the regulation 16-pound balls.

Bill Miller is in Tyler on a contract with his brother-in-law, Jesse James.

### Breath Bad, Logy? You May Need This

Just as the lighthouse flashes a friendly warning to sailors, so Nature sends out headaches, bad breath, biliousness, which often warn of constipation.

Too many misunderstand or neglect these symptoms and thereby may invite a host of constipation's other discomforts: sour stomach, belching, loss of appetite or energy.

Be wise. Take spicy, all vegetable BLACK-DRAUGHT tonight by simple directions and clear your bowels gently, promptly, thoroughly. This intestinal tonic-laxative helps give tone to lazy bowels.

Its long life and popularity testify to BLACK-DRAUGHT'S merit.

### Tulia Men Buy Harold's Bakery

Announcement was made this week of the purchase of Harold's Bakery from Harold Davidson by Ira D. Bigham and J. G. Burrow of Tulia. The new name of the business will be the B. and B. Bakery.

Mr. Bigham and Mr. Burrow took charge of the bakery Monday morning. They have worked together for the past four years in the Tulia Bakery.

A new bread slicer will be installed in a few days, Mr. Bigham said. A new bread wrapper is to be selected.

The bakery will handle a complete line of pastries, with the exception of cakes. They intend to buy their cakes from an Amarillo firm.

Mrs. Bigham and Mrs. Burrow will join their husbands in a few days.

### Pampa Man Buys Pioneer Shoe Shop

Arvil Johnson this week bought the Pioneer Shoe Shop from Ted Truelove, and took charge of the business Monday.

Mr. Johnson came to Memphis from Pampa, having worked in Mack's Shoe Shop there for the past six years. He will continue going the same quality of work which has been done at the shop in the past, and will also continue making boots and shoes.

Mrs. Johnson will move to Memphis in the next few days, Mr. Johnson said.

Four Memphians To Attend Legion Meet at Waco

Mr. and Mrs. John Deaver, Mrs. Allie D. Weaver and Daughter to Make Trip

Four Memphians will attend the American Legion state convention to be held at Waco Saturday, August 26, through Tuesday, August 29.

Those who will make the trip are Mr. and Mrs. John Deaver, and Mrs. Allie D. Weaver and her daughter, Rebecca Ray. Mr. Deaver is a delegate for the local Legion post, Mrs. Deaver is a delegate from the 18th district Auxiliary, and Mrs. Weaver is a delegate from the local Auxiliary.

Highlights of the Auxiliary convention will include a sightseeing tour of Waco and vicinity Sunday afternoon; division luncheon at the Kamer Temple Monday; a tea at the Cameron park club house honoring Gold Star mothers on Monday evening; the past president's parley luncheon at the Shrine Temple Tuesday noon.

Biblical Pictures Shown at Revival At Baptist Church

Attendance at Meeting Good, Reports Rev. J. Wm. Mason; 2 Services Held Each Day

A series of brief messages at the beginning of each service is being given on travels in Syria and Palestine by Rev. R. Alton Reed of Wichita Falls, who is conducting the revival meeting at the First Baptist Church.

Rev. J. Wm. Mason, pastor of the church, said Tuesday that good-sized crowds were attending both daily services. The morning service is held at 10 o'clock, and the night service at 8 o'clock.

Clarence Bolls of Prescott, Arkansas, arrived last week to visit in the home of his sister, Mrs. Vera Fuller.

Church of Christ Has Good Crowds At Revival

Services Held Twice Each Day; Night Meetings Held In Open Air on Church Lawn

Enthusiastic crowds have been attending both daily services at the Church of Christ revival meeting, Elder John H. Bannister, minister and evangelist from Oklahoma City who is conducting the meeting, said Wednesday.

Thursday night Elder Bannister will deliver a sermon on "The Great Commission." His Friday night sermon will be "Conversion," on Saturday night, "The Complete Gospel," on Sunday morning, "Putting First Things First," and on Sunday night, "The New Testament Church."

Alvis Yarbrough is in charge of the song services during the meeting.

Miss Wilma Jarrell has returned from a vacation trip to the Golden Gate Exposition in San Francisco, and visited friends and relatives in Memphis Monday.

Mrs. J. M. Dalton returned from Laramie, Wyo., Monday, where she has been visiting her son, John Dalton and family. Mr. Dalton stayed in Wyoming, and will return after September 1.

Earl Suddeth of Austin, sanitary engineer for the State Health Department, was in Memphis Wednesday morning on business. While here he visited with D. W. May, a former schoolmate.

Cotton Stalk From Turkey Area Has 103 Bolls

Last week's cotton story in The Democrat was about a stalk waist-high. This week's cotton story is different—not waist-high cotton, but a stalk containing 103 bolls.

The cotton was brought to the local Farm Security office by Will A. Skelton, four-year Farm Security client, who lives on a farm near the Turkey-Matador highway, about six miles south of Turkey.

Mr. Skelton said he planted the cotton, called Acala cotton, May 20, and that he has about 30 acres out of a 44-acre patch like the stalk brought in. He estimated that the cotton should make about one and a half bales to the acre.

Mr. Skelton also brought in several maize heads, measuring between nine and ten inches in length and about five or six inches in diameter. He has 28 acres of this maize, planted the latter part of May.

Mrs. Clyde S. Milam and daughters, Mr. and Mrs. J. W. True, and Mrs. W. S. Knight of Corsicana returned this week after spending two weeks vacationing in the Yellowstone Park and at Salt Lake City.

Mrs. C. A. Vestal of Muenster arrived here Wednesday to visit her daughter, Mrs. John Barber and family.

Billy Higdon returned Sunday from Turkey, where he has been working.

### NOTICE TO THE PUBLIC

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation, which may appear in the columns of this paper, will be gladly corrected upon due notice of same being given to the editor personally at the office at 217 Main Street, Memphis, Texas.

### TRAIL BLAZERS

**HALL COUNTY'S DAIRY SHOW** Saturday was all that its sponsors had hoped for it . . . and more. E. R. Eudaly, who judged the exposition, is one of the nation's foremost cattle judges, and his decisions command the respect of breeders and dairymen all over the country.

The high tribute paid by Eudaly to local dairy breeders and stockmen was undoubtedly deserved. He gave concrete expression of his attitude, however, in the high rating given most of the stock entered in the show, so that the words of praise given by this expert were no surprise. The herds which were exhibited here were given the same rank which they would have received in any show in the country, and that rank was uniformly high.

In view of the fact that practically all of the registered herds represented have been developed during the brief period of two or three years, the significance of the accomplishment achieved by local breeders is doubled. In a brief space of time, they have made almost unbelievable progress. They have blazed the trail, and set a fast pace, for the farmers and dairymen of Hall County to follow.

### A WARNING BELL

**AT THIS SEASON OF THE YEAR** problems of traffic safety and accident prevention should be pressing to the fore in the public consciousness. With the opening of school, streets and highways will be thronged with children of all ages bound to and from school, and the hazards . . . and penalties . . . of careless or reckless driving are multiplied.

The danger has been recognized, and steps have already been taken toward prevention of possible fatal accidents in Memphis and Hall County. Bus drivers last week heard talks by State Highway patrolmen on the danger existing on the public highways, and they were doubtless warned to exercise the greatest care with their charges.

The children themselves will be warned by their teachers and parents to watch carefully when crossing traffic lanes for approaching cars, and every effort will be made to impress upon them the need for greater care and watchfulness.

The burden of responsibility, however, must not rest with the youngsters. They will take their instructions seriously, and for the most part, obey . . . but responsibility often rests lightly on young shoulders. The youngster who forgets, for a moment, to look both ways before crossing a street, or in his enthusiasm for the game follows a wayward ball in the path of an approaching car, should not have to pay with his life for a moment's carelessness.

It is with his elders, the men and women who are at the wheels of the automobiles, that the greatest responsibility for the children's safety should be placed. They should be impressed with the absolute necessity of careful and watchful driving, whether in the city or on the highway. The responsibility is theirs, and it is upon them that the greatest force of the blow will fall when an accident occurs. The youngster who falls beneath speeding wheels may be beyond the realm of consciousness or caring, but the unfortunate adult at the wheel, however blameless he may be, can never completely erase from his mind the sound of an agonizing scream or the sight of a limp body.

The ringing school bell should be a note of warning to every driver.

### TRENCH SILOS ARE SUCCESS

**ONE OF THE MAJOR POINTS** stressed by E. R. Eudaly, Texas Extension Service dairy expert, during his addresses to farmers and dairymen at the two Dairy Day shows in this county last week was the importance achieved by trench silos as a means of preserving and conserving feed.

It is significant that of the large number of farmers who have built trench silos as an experiment during the past few years, not one has shown any desire to go back to the old ways of feeding after using ensilage for a season or two. Their success as a means of storing feed and providing good winter fodder for cattle has been unquestioned.

Thousands of farmers in the southwest have adopted the idea, and the number of "converts" in this county increases with each passing season. Hall County farmers are quick to discover and employ new and progressive methods on their farms. The trench silo, having proved itself through practice, is apparently here to stay, and there is every indication that this season will see a greater number than ever before in Hall County.

## Here's Box Score on President's Battle With the 76th Congress

BY SPECIAL CORRESPONDENT

**WASHINGTON**—Although the session ended in a flare-up of revolt, the seven months of the 76th Congress saw the administration break just about even on its legislative program. It was denied some things that it wanted very much, but it got some other things that it wanted equally. And it still has a chance—next winter, or earlier—to make a new fight for some of the things it didn't get.

**TABULATING** the gains and losses of the Roosevelt administration in this Congress, you get something like this:

### CONGRESS GAVE THE PRESIDENT—

His long-sought power to reorganize the government (in slightly modified form).

His big national defense program, which went through at a cost of close to \$2,000,000,000.

The money that was needed—\$61,500,000—for TVA's purchase of private electric power properties.

Modification and liberalization of the Social Security Act along the lines the administration desired.

Extension of the President's monetary powers, plus continuation to 1941 of such agencies as the Civilian Conservation Corps, the Reconstruction Finance Corporation, the Import-Export Bank.

### CONGRESS LICKED THE PRESIDENT ON—

His proposal to revise the neutrality law and permit him to aid the democracies by "steps short of war."

His big lend-lease program. His \$500,000,000 addition to the U. S. Housing Authority's program.

His pet undistributed-profits tax, which was knocked out of the tax bill.

The House investigation of the Labor Board, which the

administration strongly opposed.

Continuation of the life of the famous Dies committee, which the administration would have liked to see discontinued.

On a couple of controversial subjects, the result was just about a toss-up. Thus, while the WPA bill was not at all what the administration wanted, it was better than the administration seemed likely to get last winter, when a widespread sentiment to revamp the work-relief program entirely and get back to direct, state-administered relief was growing rapidly in Congress.

And although the administration failed to get the amendments it wanted to the Wage-Hour law, it prevented the conservative coalition in the House from putting through its amendments. Against the Labor Board and Dies investigations may be balanced the fact that the LaFollette committee finally won an extension of its life.

**ONE** point often overlooked in the rebuffs received by the administration is that some of them, at least, were brought on by poor strategy.

One of the staunchest New Dealers in the Senate remarked that the spend-lease bill should have been brought in early in the session, if at all. It aroused little enthusiasm, he pointed out, and made many enemies; under such circumstances, its doom was practically certain when it came in late and was presented without much in the way of advance warning.

Neither the spend-lease bill nor the neutrality law revision is dead. Both can be taken up again, and undoubtedly will be, when Congress reconvenes in January. There is some chance, indeed, that a special session may be called in the fall to consider them.

### Press Paragraphs

CULLED FROM THE DEMOCRAT'S EXCHANGES

#### Meow!

If you live in town did you ever take the litter of kittens that old cat had away out in the country and dump them?

If so, you know how the old boy feels that brings a similar litter into town to dump.

We get amused watching the "town" folks carry their cats to the country and the "country" folks carry theirs to town. They slow down a bit, give the kittens a shove and then put the gas to it. To a "town" feller the country is a way out yonder and to the "country" feller the town is away off, too. In both town and country they sure don't like to kill cats, and argue to themselves that maybe the little fellers will find a good home.

#### Buzz-z

"You Who!" in the Shamrock Texan: For their size, mosquitoes are the noisiest animals in existence—the hum of one mosquito is louder than a battery of machine guns and two of the insects sound like a squadron of army bombers—we never fight them, it doesn't do any good, whenever they wake us up about 2 o'clock every morning we say "step up boys, this one is on us."

#### This Modern

Temple of Truth in the Donley County Leader: This is the age when a young man expects more than he gets, and the old man gets less than he expects.

#### Rule Not Exception

Quannah Tribune-Chief: International dishonesty still seems to be the rule instead of the exception in our modern world. To expect good government in high places is one of the absurdities of our age. There isn't a big nation that has not defrauded its creditors, broken treaties, looted its neighbors, and debased its currency.

#### Prosperity Around

Deskins Wells in the Wellington Leader: Prospects for a crop in Collingsworth have not been so bright since 1933. That does not seem so long ago, but since then we have been through six lean and rather long years. We can stand six or seven fat years, and they will come unless a war breaks out.

#### Characteristics

The Scribbler in the Childress County News: The three outstanding characteristics of a man who is tops with everybody are: A church goer, a family man, and a booster for his town.

#### Happiness

Douglas Meador in the Matador Tribune: Happiness often arrives like a traveler who had intended to journey farther but stepped off at the wrong depot through mistake.

#### Punny

From "Brainstorms" in the Odessa News-Times: Putrid puns filled Paul Barron's Town Quack column yesterday, but at that some of them are above the average, so I quote: "A wagon maker who

had been dumb for a number of years picked up a hub and spoke; a blind carpenter on the same day reached for a plane and saw; a deaf sheep man went out with his dog and herd; and a nose-less fisherman caught a barrel of herring and smelt. Yours truly, (more or less), Hired-Fired-Fired."

#### On The Safe Side

From the Tulia Terald come the story of a couple who married 35 years ago, and recently went to the county clerk in Tulia to see about their license—which they had left at the courthouse shortly after their wedding. "The old lady and I," said the long-married man, "are going on our honeymoon, and thought we might need them."

The Linden Times: Who says there's nothing new under the sun? Who of us ever celebrated two Thanksgiving days in the same year before? It looks like Gov. O'Daniel is going President Roosevelt just one better in proclaiming two Thanksgivings this year—the President's brain trusters must be slipping not to have thought of this first.

#### From the Wheeler Times:

**Cotton Query**  
 There's a Cabin in the Cotton,  
 But no Cotton in the Cabin;  
 Aunt Jenima's gettin' supper,  
 In a dress of acetate;  
 Uncle Peter in a polo shirt  
 And pants of rayon yarn,  
 Wears a tie of purple silk-pun  
 While he's macking in the barn,  
 Sara Manth's peelin' 'aters in  
 Her brand new celanese;  
 Arabella in her beanie;  
 Is on the doorstep shadin' pants;  
 Baby Ned and little Eva,  
 Crawlin' round the cabin floor,  
 Have on little lastex rompers.  
 From the 5- and 10-cent store;  
 Oh! the Cabin's in the Cotton still,  
 Just like in verse and song  
 But with no Cotton in the Cabin,  
 will  
 It be there very long?  
 —Chas. E. Fenner.

## Jots in Jest

**PIANO** stylists in New York are beautifying console models by covering them with tweeds and bright leathers. We recommend similar treatment to muffle the neighbor's saxophone.

Bridge kibitzers come into their own at Asbury Park, N. J., where a special gallery has been built for these over-the-shoulder players. Now if they'll only build gridirons on which Sunday morning quarterbacks can replay Saturday's games.

They're using liquid rubber in Chicago to recreate the brains of fossil animals dead a million years. If there is any rubber left, they might try a little cerebral recreation on some of our congressmen.

If the earth lost its atmosphere, science tells us, we would roast in the daytime and freeze at night. As it is now, we roast day and night all summer, freeze day and night all winter.

## Locals and Personals

Mrs. and Mrs. Lloyd N. Cagle and family visited Mr. Cagle's brother, L. E. Cagle, in Childress Sunday.

J. Troy Israel of Pampa is in Memphis this week to meet with the executive committee of District 5 of the Boy Scouts of America. He is also here in the interest of organizing a new troop at Estelline, cub pack registration in Memphis, and the prospects of organizing a new troop in the Christian Church. He also plans preliminary work at Lakeview and Turkey.

Dorothy and Jacquetta Moreland of Durant, Okla., are spending this week with their sister, Mrs. I. C. Lemons.

Miss Neville Wrenn had as her guest Saturday and Sunday Miss Johnnie Estes of Hereford.

Mr. and Mrs. John Joyce and children, Billie Jake and Floyd Glyn, of Rising Star visited in the Jack Joyce home last week-end.

## Yesterday's Memories Brought Back As Donley County Old-Timers Meet

Donley County Old Settlers met again at Tate's Grove near Hedley, last Friday. Not for a big show, not for a carnival, not for a rodeo, but just for a good "old-timey get-together."

If it hadn't been for the public address system used, the picnic would have been just like a picnic of fifty years ago—that is, if there hadn't been so many people there.

But one old-timer said there were "three times more people at the picnic" than there were people in the entire Panhandle fifty years ago. More than 400 of the pioneers registered, and according to Uncle Billy Rains, outgoing president of the Donley County Old Settlers Association, there were many more who didn't register.

Of course visiting and gossiping were the main events of the day, but there was also speeches and music. Incidentally, the music was not the modern-day "jitterbug" type, but was more on the side of "swing your partner" type of years gone by. In other words, it was fiddlin'.

Then there was the dinner—a regular old-fashioned basket lunch. Everyone chipped in and brought something, and then you could eat all you wanted of whatever there was. And there was plenty of fried chicken and cake and ice water—and soda pop only a nickel.

There was a program, too, well-planned and efficiently executed. The Clarendon band opened the program in the morning with several selections. Then E. H. Watt of Giles (Giles used to be one of the biggest cattle-shipping points in the Panhandle), who settled in Donley County 49 years ago, welcomed all the visitors.

Giving the response to the welcome was Mayor J. Claude Wells of Memphis. Other speakers included Henry S. Bishop of Amarillo, Rev. G. T. Palmer of Clarendon, and W. H. Patrick of Clarendon.

Fiddlin' music was furnished by Bill Walling's bunch from Hedley. And hymn singing came in for its share of the program, the singing being conducted by Rev. Walter Patterson of Hedley.

After serving as head of the association since its beginning, Uncle Billy Rains convinced the people that he had had the office of president long enough. Succeeding him is Tom Tate, son of the man who planted the grove where the old settlers meet every year. W. M. Mosley was elected vice president, and Mrs. Joe Crawford was re-elected secretary-treasurer.

## Personals

Wilson Morrison left Monday for Guthrie, where he will be employed.

Jack Battle and Bill Johnson of Hedley visited in Memphis Sunday.

Mr. and Mrs. Roy Patton attended a family reunion in Lubbock last week-end.

Mr. and Mrs. C. D. Bailey of Electra visited Sunday in the home of Mrs. Bailey's brother, Andrew Shriver.

Mrs. Frankie Harrell was an Amarillo visitor Monday.

Mrs. Herbert Stockton and son came from Pampa Sunday to make their home in Memphis. Mr. Stockton came last week. He will be employed as manager of the Modern Food Store meat market.

Hiram Wood was a Childress visitor Saturday afternoon and Sunday. His brother, Tom Wood, brought him back to Memphis Sunday.

## Farmers Advised Of Wheat Mixture

Farmers desiring to plant wheat for winter grazing purposes should sow at least 25 per cent mixture of rye or barley with their wheat, F. R. Curtis, secretary of the Hall County ACA, said this week.

This applies to farmers who do not have a wheat allotment under the AAA program. This mixture with rye is preferred, Mr. Curtis said.

## Hot Check Law Has Teeth In It

You have all heard the old saying, "When you start something, finish it." And now that old saying applies to the filing of a complaint against someone who has given you a hot check.

The reason: It's a new law, passed by the recent session of the legislature which goes into effect September 21.

Before the new law was passed, the plaintiff could ask that the case against the hot check artist be dismissed when he got his money back and law officers had gone to the trouble of making the arrest for nothing.

The new law puts a penalty on the receiver of the hot check if he suggests or requests that the case be dismissed simply because the hot check man paid off the check.

The new law provides: "Any person who has filed a complaint or furnished information resulting in the acceptance of a complaint by a district attorney shall be guilty of a misdemeanor if he suggests or requests that the case be dismissed, and upon conviction shall be fined not less than \$100 or more than \$500."

Formerly, it was difficult to prosecute a case unless the swindler received cash or merchandise, but now the swindler can be prosecuted if received "any money, goods, service, labor, or any other thing of value."

Another feature of the recent law is that the non-payment of funds because of lack of funds is prima facie, or self, evidence that the person gave or drew the check with intent to fraud. In other words, the person giving the check is guilty until he proves his innocence. Of course, a complaint must be filed against him before he can be tried.

The new law is designed to aid people who cash checks, as well as to aid law officers who make arrests, County Judge M. O. Goodpasture has explained.

## PERSONALS

Mr. and Mrs. Charlie Meacham and daughter Diane were Amarillo visitors last week.

Alsenia Hoover returned last week from Commerce and Glade-water where she has been visiting friends and relatives.

Mrs. Fred Hoover of Granbury visited last week with Mr. and Mrs. J. N. Hoover.

Mrs. E. W. Godfrey Jr. returned Sunday from Clayton, N. M., after a two-week visit.

Mr. and Mrs. W. C. Howard and son Dickie of Chicago arrived Sunday for a visit with her parents, Mr. and Mrs. R. L. Madden, and Mr. Coward's relatives at Silverton.

Frank Ray Webster of Dumas visited Saturday and Sunday with his mother, Mrs. D. P. Webster, his sister, Mrs. Ed McMurry, and other relatives.

Homer Shankle of Long Beach, Calif., is visiting his parents, Mr. and Mrs. J. D. Shankle, this week.

Judge Goodpasture pointed out that law officers have had difficulty in protecting the public, since many people fail to press prosecution charges. Under the new hot check law, the charges will have to be carried out, or else the plaintiff will face misdemeanor charges himself.

Not many hot check cases come up in this county, Judge Goodpasture said, since most of the people who receive worthless checks prefer to suffer the loss rather than press charges. The judge said more cases of this kind came up in the 1920's than do now.

## NOTICE

The Union Hill Cemetery Association will meet Thursday, September 7, for an all-day working. This is the same date set for the Odd Fellow meeting. Everyone bring a hoe and a rake and also bring lunch and spend the day. The old settlers of Lakeview and Memphis are urged to be present, as well as everyone who is interested.

J. Floyd Bates, secretary in the local Farm Security office, is spending his vacation this week in Colorado City and Denver.

Robert C. Land, B. C. Drinkard, Eula F. Doherty, and J. Floyd Bates, all from the local Farm Security office, attended a two-day tenant purchase school in Wheeler, last Friday and Saturday.

### Good Feed—Poor Feed

By T. C. RICHARDSON, Secretary Breeder-Feeder Association

Good crops of feed sometimes turn out to be poor food for livestock for no other reason than that they are not harvested when at their best, and not properly cured or conserved. All hay and dry forage crops are more nutritious and more palatable if harvested before maturing seed. Sweet sorghum for hay or bundle feed should not be permitted to stand until over-ripe, which increases the "woodiness" of the stalk and usually results also in the drying up of part of the leaves.

On the other hand, either sweet or grain sorghums which are to be used for ensilage should be permitted to stand until the seed is fully mature, since the seed constitutes an important part of the feeding value. The silo will preserve all its nutritional elements in the most palatable form, and ensilage will "keep" indefinitely without deterioration.

Most of the Southwest has produced good feed crops this season, and the next concern is to save them and turn them into money. All "roughage" must be fed as close to where it grew as possible in order to get the most value from it; on the same farm, so that the manure will go back to the land, is the best place. It is cheaper to bring the livestock to the feed than to haul the feed to the livestock.

There is no "perfect" feed alone; though good alfalfa hay comes about as near as possible, even it should be supplemented by carbonaceous feeds, either grain, grass or ensilage, to make a balanced ration.

Non-legume hay and ensilage must be matched up with protein elements, such as cottonseed meal, alfalfa or other legume hay; and when one is on hand the other element should be bought if necessary in order to make a balanced ration.

The "cash market" for corn and other feed grains is keeping many Southwestern farmers from profits they might as well have. Last year some farmers in a certain Texas community were selling their corn at thirty-five to forty-five cents a bushel, by hauling it to the shellers. Other farmers in the same community were feeding

the same kind of corn to hogs and cashing it in the form of pork at ninety cents a bushel. Many of those who sold their corn on the "cash market" bought bacon from Iowa or Wisconsin, and probably never tasted ham the year round!

When we, in the Southwest, begin to wrap our feed crops up in hides, or turn them into dairy and poultry products at home, before sending them to market, we will live better on home-grown fresh and cured meats, milk, butter and eggs, and will have more net cash income in the year besides.

Selling feed crops "in the raw" is poor economics for several reasons. Feeding them at home gives employment of time that would otherwise be wasted. Feeding them at home reduces the volume to be hauled to market. Feeding them at home spreads the income and the labor over a longer period.

We produce, in growing cotton, one of the finest livestock feeds in the world—cottonseed meal. In combination with the forage and grains we grow, it should be used here, instead of shipping it to Europe or the Corn Belt to carry fertility to foreign soils. The most prosperous communities are those which are turning their raw products into butterfat, quality meat, and other consumable products instead of peddling their feeds as soon as harvested and because more of their time is profitably employed than is possible in a straight crop-farming system.

The Breeder-Feeder program is nothing more or less than balanced farming—balancing crops with livestock and poultry, and vice versa.

### FHA Agent Explains Program Here Wednesday

R. E. Sikes Says Loans To Build Homes Made Up To 90 Per Cent of Valuation

R. E. Sikes, mortgage conference representative with the Federal Housing Administration was in Memphis this week conferring with lumber and material dealers, lending institutions and others in connection with the FHA program.

Mr. Sikes said, "The reduction of the FHA interest rate on insured mortgage loans from 5 per cent to 4-1/2 per cent is causing much interest in the construction of homes and all indications point to an accelerated residential building program throughout Texas the remainder of this year."

He pointed out that the monthly payment now on a \$2,000 loan, including principal, interest, and mortgage insurance was \$11.92 per month. To this would be added 1-1/2 of the estimated annual taxes and 1-1/2 of the fire and other hazard insurance. The above figure is based on the maximum term of 25 years.

FHA loans for building homes may be made for any amount up to 90 per cent of the FHA valuation. Mr. Sikes stressed the fact that the Federal Housing Administration does not lend any money, but that all loans are made by banks, mortgage companies, building and loan associations and other lending institutions holding a contract of insurance with the Administration and they are insured against loss on all eligible loans. He said, "The FHA pays particular attention to the location or the building site, and requires sound construction and a plan calling for good design and a convenient floor plan arrangement."

At least three inspections are made during the period of construction to determine if the plans and specifications are being followed. It is not necessary that an architect be employed to prepare plans, but their services should be used wherever possible.

He stated that complete information concerning FHA loans for new construction as well as modernization loans had been given dealers in Memphis who will be glad to advise with those interested in any phase of the modernization or building program.

GOODPASTURE TO ATTEND SHORT COURSE SEPT. 7-8  
County Judge M. O. Goodpasture is planning to attend a short course in county government at Nacogdoches Thursday and Friday, September 7-8.

Some of the county commissioners may also attend the meeting, the Judge said Thursday.

About a dozen different subjects will be discussed. Judge Goodpasture said. He will pay special attention to those discussions dealing with tax assessments and tax collections and reduction.

Open forum discussions will follow each of the lectures.

The meeting is the second annual government institute to be held at Nacogdoches. It is jointly sponsored by the East Texas Chamber of Commerce and Stephen F. Austin State Teachers College.

### THE GREAT AMERICAN HOME

### A Man Who Forgot God

The International Uniform Sunday School Lesson for Aug. 27.

Text: II Chronicles 26:3-5, 16-21.

ONE wonders at times why, with so many fine passages in the Bible which are clear and beyond any question as to their meaning and their application to life today, the distinguished Christian leaders who have selected the lessons should have gone so far out of their way to choose a passage which inevitably involves questions and difficulties. It is not often that one has such a complaint to make concerning the lessons, for most of them are at least very clear in their application. But if any teacher feels himself in difficulties with this lesson, he may take some comfort from the fact that commentators, like the present writer, also do not find it easy.

The facts as recorded in the lesson are simple. Uzziah began to reign as king of Judah when he was 16 years old, and he reigned for 52 years. On the whole his rule is recorded as good, and it is stated that it was right in the eyes of the Lord "according to all that his father Amaziah had done." We are told also that he set himself to seek God in the days of Zechariah, and that as long as he sought God he prospered.

The record goes on to say that when he was strong and his heart was lifted up, he turned from this good course and acted corruptly. It is especially charged against him that he went into the temple to burn incense upon the altar. The priests, who regarded this as their sacred and holy right, strongly opposed him, and we are told when Uzziah was angry and was proceeding with the

censer in his hand to burn incense he was suddenly stricken with leprosy.

THE story leaves one with those embarrassing questions. The record we have was probably written by some priestly writer. Was Uzziah's offense a real sin, an act of paganism, or was it merely an ecclesiastical offense, a matter of authority and privilege? It is easy, of course, to modernize the lesson and make it a case of the head of the state invading and interfering in the offices of religion and to have an offense against our modern American idea of the separation of church and state. But somehow, one would like to have Uzziah's side of the story.

Also, are we to teach the young that when they do wrong judgment will come upon them thus quickly and severely? The Bible itself, in its whole teaching, is in conflict with that idea. It teaches clearly enough that sin finds man out, and that evil-doing inevitably and surely brings evil consequences. But it also teaches that these are not always apparent. The Bible speaks of the wicked flourishing and spreading himself like the green bay tree, while at the same time it presents to us the saints of God suffering cruelly and unjustly, but sacrificially, for the sins of others.

If we are to teach a lesson like this with any realism, it must be in the atmosphere of this larger experience and teaching of the Bible. One wishes that lessons were chosen with the purpose of this making the larger aspect of the main highways of Scripture more emphasized and with less attention to the by-ways and by-paths.

### ROSS SPRINGER RETURNS FROM DALLAS HOSPITAL

Ross Springer, who was seriously injured in an automobile crash on Highway 370 near Newlin about six weeks ago, was brought to Memphis Wednesday. Springer has been in the Baylor Hospital in Dallas since the accident. He was accompanied home by his father, Floyd Springer, and Fred Sanders.

Springer is still unable to walk as a result of injuries sustained in the accident. He will be able to walk with the aid of crutches in about 3 months, doctors reported, but will not be completely recovered for about one year.

### Safety Council Members to Visit Memphis Saturday

Plans Are Announced To Organize Junior Safety Council Here

Members of the Texas Safety Council will visit Memphis, Saturday, August 26, in the interest of safety, and to confer with the heads of the schools and civic organizations, offering the assistance of this association towards setting up a State Junior Safety Council to function during the next scholastic season.

Members of the party to visit here will include Capt. J. C. Tappe, who is in charge of the traffic department, who will visit principal points of the city and brief addresses on safety will be made.

"The civic organizations, parent-teacher groups, as well as the citizenship can aid materially in the reduction of deaths through accidents each year in Texas," stated Pierce Brooks, director of the Texas Safety Council. "This can be accomplished by impressing upon the minds of the children, as well as the adults, the importance of thinking, talking, and acting safely. We can materially reduce the death rate of the youths of Texas by traffic and safety education in the schools."

"The Council, composed of Texas business men and women, is operated on a non-profit basis and membership is extended by honorary invitation," Brooks stated. "The members of this organization devote one week of their time each year towards educating the public along the lines of safety in the homes and factories as well as on the highways."

Mr. and Mrs. Bill Kesterson and son left Thursday morning for Carlsbad and other points in New Mexico for a 10-day vacation.

T'other day I wuz wonderin' if I could sneak out an' get a coke while the boss wasn't lookin', and he yells at me an sez, sez he, "Joe, where'd y put them statement forms left from the last first." Well, sir, they wuz all gone and the boss had told me to keep an eye on the office forms and when they ran low to order more from The Democrat an I had jes' plumb forgot. So I slips out th' back way an' gets the order in and the boys at The Democrat turns 'em out so fast that the boss don't even find out I hadn't ordered 'em weeks before. I still got my job, mostly because they give good service at the Democrat's job office.

Yours, JOE.
