HAIL DAMAGE IS GREAT

Crop Loss Is Estimated At One Million Dollars

BIG CIRCUS IS PLANNED FOR HALLOWE'EN

A Halloween Circus will be held in Memphis on Halloween night. This was the decision made by the Rotary Club at the luncheon last Tuesday. A committee was appointed to make the arrangements and see that the program for the event goes over good. And if the committee completes arrangements already planned that night will be one of the gayest and most joyful ever pulled off in Memphis.

The New Gem Theatre Opens Good Show

The new Gem Theatre, under the management of Mr. Hall, opened last Monday night with a crowded house. The band played several selections in front while the crowd was gathering and the Red River Rambler Orchestra, furnished music for the occasion on the inside. The house was beautifully lighted with colored lights and the seating capacity was crowded to overflowing. The pictures were exceptionally good and were greatly enjoyed by all. All the equipment and lights are not yet installed but are being rushed to completion as fast as possible.

ORCHESTRA IS ORGANIZED BY YOUTHS HERE

The Red River Rambler Orchestra has been organized among some of the youngest musicians of the city and composed of the following members: Paul James, Jr., piano; Austin Carroll McDavitt, traps; T. J. Dunbar, cornet; Leon Hale, saxophone; Colby Delaney, trombone; Cleo Guthrie, banjo. This bunch of young musicians are vying with the older orchestras of the city for musical honors and the "Old Dogs" will have to step some to keep the lead. This young orchestra furnished music for the opening of the New Gem Theatre Monday night.

Ewen Poultry Farm Makes Good Winnings

On account of failing to get the report in time for last week's issue, The Democrat did not mention the prizes won by Dark Barred Rocks belonging to Mr. E. M. Ewen of this city at the Childress State Fair and the Amarillo Tri-State Fair. At Amarillo Mr. Ewen won first and second on pullets and first on pen. At Childress he won first, second and fourth on pullet and fourth on cockerel and first on pen, and also champion Barred cockerel pen. The largest display of chickens were of the Barred Rock variety and Mr. Ewen had the honor of winning prizes as above mentioned over all these entries. Hall county has as fine poultry farms as any Texas and no doubt many premiums would have been brought to Hall County had these various poultry farms made entries at the Dallas Fair this fall.

Turkey Will Have Electric Light Plant

Our neighboring city in the Southwest part of Hall county, will soon be illuminated with street lights, all buildings will be wired and connected up with the new electric light plant soon to be installed. The Commissioners Court on Monday granted a franchise to Taylor Brothers of Erath county. This firm is composed of Fount Taylor and Mount Taylor and was granted a franchise for twenty-five years for the purpose of establishing and operating an electrical power and light plant in the city of Turkey. The franchise also grants the building of a high power line to the county line of Brisco and same will be extended on to the city of Quitaque where that little city will be furnished with power and lights. This work is to start within three months and be completed in operation within six months. This is fine evidence of what railroad building will bring about. These two little cities are building very fast and the energetic citizenship of both the places want to keep pace with the business procession and they are taking the proper and advanced steps in this move. Let the good work go on.

GENTLEMEN'S EVENING OBSERVED BY THE CULTURE CLUB

On last Friday night at the home of Mr. and Mrs. Chas. Webster the Woman's Culture Club observed gentlemen's evening with a progressive 42 party. Mrs. Sam Foxhall, Mrs. Chas. Webster and Miss Thompson were the committee in charge. After an enjoyable time playing 42 a delicious salad course was served to forty guests.

FRIENDSHIP, PLASKA, LAKEVIEW, DEEP LAKE, LESLIE, TURKEY, QUITAQUE AND OTHER COMMUNITIES REPORT COTTON AND FEED LOSSES

Wednesday afternoon Hall and other counties were visited by a destructive hail storm that did destructive damage to crops in many communities, in more or less amounts. Reports are to the effect that the storm reached from Oklahoma City to Plainview, spotted it is true, but disastrous in many sections of country. From reports being brought into Memphis this Thursday it seems that Friendship, Plaska, Lakeview, Leslie, Deep Lake, Turkey, Quitaque, and Salisbury were the greatest sufferers. The reports are from small damage to some crops and total losses to others, in the same neighborhood. Some sections report hail six inches deep on the ground after the hail and rain passed over. The hail stones were from the size of large sleet to as large as hen eggs, and beat out cotton and feed, battered the green bolls and injured the stalks, making it a hard matter to get a satisfactory idea of the total damage. Suffice it to say that it will run from ten to twenty per cent loss of the entire cotton crop of the county. One banker estimates a ten thousand bale loss or one million dollars worth. The cotton that was knocked out was beaten into the ground so that it is possible that but very little of that will be saved. Green bolls were bruised and it is likely will not fully open. Stalks were cut down in some instances, and feed damaged or ruined. The Deep Lake community seems to have been the heaviest losers, coupled with the hail of some weeks ago. It is reported that northwest of Turkey and on to Quitaque the loss was enormous. The hail was accompanied by a rainfall. In Memphis a good shower fell, but very little hail. The clouds came from the northeast and were very threatening in appearance. A number of farmers had their cotton insured and will likely collect on damages in many instances. The insurance, we are told, does not cover open cotton, but does cover green growing cotton. Another feature about the insurance is that all policies expired this Thursday at noon. The hail certainly put a crimp in prospects of many farmers, and it is hoped that the losses are not as great as the first impressions seem to bear out. This is the latest that cotton has been hailed out in this county, some of the old timers here state.

COURT HOUSE HAS BEEN VERY BUSY PLACE

The County Court was very busy Wednesday morning taking pleas of guilty in four or five cases of "Hot Check" artists. These are about the first cases where the "hot check" artists have been brought into court and from the way these two cases have been handled by the authorities, we would advise everybody to be very particular about giving checks and be sure that the amounts were in the bank to cover when they were issued. The authorities with the cooperation of the business men are going to make it warm for all parties issuing checks without money in the banks to cover. One small check for \$6.00 of this nature cost a man \$34.40 fine and one hour in jail. This is very dear checks. Comparisons were about the same in the other cases.

LOCAL BARBERS' UNION SAYS BUY IT IN MEMPHIS

The Memphis Journeymen Barbers Union of Memphis has an advertisement in this issue, and will have more in the weeks to come, sponsoring a trade-at-home campaign. They state that at least \$350,000 went out of this county in 1924 to the mail-order houses, and claim that it is to the interest of the laboring man the same as others to spend money where it will be kept at home and not go clear out of the country where it will build up some other man's country. This is a good move and should be backed up by others. The time has come for people to be loyal to their home town and county—thus upbuilding that which is of vital importance to them.

FIRST LYCEUM NUMBER WAS EXTRA GOOD

Last Thursday night the New York Players put on a splendid play entitled "The Storm," which was exceptionally well rendered and highly enjoyed by a large audience. The cast was good and each character played well, and the plot was very interesting, making the play go over as well as one could expect. The next number will be Emily Waterman, Reader, and will be presented November 10th. This number will also be one of the leading numbers of the course and should receive a good patronage. The Delphin Club of Memphis is to be congratulated for sponsoring such a good Lyceum course as this one is starting out to be.

FRISCILLA CLUB ENTERTAINED

Mrs. Ray Goodson and Mrs. G. A. Sager entertained the Friscilla Club and a few guests Wednesday afternoon at the Sager home. Four tables of 42 were kept going and a good time was enjoyed by all.

Clark: "Memphis is to be benefited on the opening of the Theatre. The opening of a \$30,000 theatre is significant of the growth and industrial life of the city. The town is assured of adequate playhouse that will attract visitors greater distance. This is an institution to the business life of the community."

Key near Leslie: "Got ill but not so much as some"

McMurry living twelve miles out: "I do not think my hail exceeded 25 per cent."

Harper living ten miles out: "When I arrived home I found my crop badly hit by hail. I estimate my loss about 60 per cent. I had been in Texas after cotton pickers returning Wednesday. The train reached Childress we got out of the coach we were get into another. Without and before the passengers had transfer, the coach was hit engine and I was thrown something breaking four when I came to my senses I got all in. I don't think I will give up my hands now."

Officials of the Hall County Fair: "The hat will not be to make up any loss in fair as every claim has been paid and is no deficit. We collected fair insurance for one day of We know the people will be hear that they will not be dig up."

Daisto: "It is reported that was six inches deep at my the Deep Lake community."

Montgomery: "Hail badly hit at least four sections of cotton neighborhood near Plaska. is at least \$2500."

Dunbar: "On my place and joining it between Friendship and Plaska the hail damage was \$3,000."

Siddle, eight miles east on place: "I turned in 75 per cent by hail to the insurance."

Garrett, carrier on route two, day reported that all the were out of the C. E. Locksome, due to the hail storm. also carried visible impressions of large hailstones on his head.

McMurry of near Lakeview, Memphis Thursday of last and in talking to a Democrat said: "There will be fifty per cent of cotton raised on my place. This is the first real crop made on my place in two years, for various causes which I had no control."

Hall: "I have 200 acres of which will make about a half acre; need a crew of pickers at least four bales per day. out a half crop of fruit; feed good; cut the higarri the other it made 150 bundles to the even rows to the acre, making than a hundred bundles to the. This in Hall County too. Buy and do the same that Mr. doing."

Boston is reported as being satisfactorily after a dangerous operation last week at the hospital at Clarendon. It is that he will be brought home later part of this week. Some friends from Memphis have at the Sanitarium in Clarendon inquiring as to his progress.

Texas in The Laundry World

(By Phoebe K. Warner.) The Laundry Outlook in Texas.

How many of us halfway appreciate the bigness and the value of the Laundry Business to our State and Nation? Here is a job with more potential possibilities than any other one thing in the American home.

Now people, how much thought have you ever given this immense task? Not so very much, have you? Why? Because ever since clothes were created this business of keeping them clean and put away ready to wear has been a woman's job.

A very few have counted the cost in time and toil and health and life and happiness. And as a result of these few there are today 172 laundries of some kind or other in our State.

Men believe in saving their time and strength and using the time and energy thus conserved for something better.

Men believe in saving their time and strength and using the time and energy thus conserved for something better. To push their business in another direction or to preserve their health so that they may live longer to carry on their business.

Mother, don't you think it is just as much YOUR duty to SAVE yourself for your children and your home as it is your husband's duty to have riding plows and combines and automobiles to save his time and strength?

J. L. Patterson and mother, Mrs. A. N. Patterson came Tuesday from Colorado Springs. J. L. had been away from Memphis some three and a half years.

Mr. and Mrs. W. S. Cross went to Fort Worth Saturday night to visit their daughter. Mr. Cross returned Tuesday and Mrs. Cross remained with her daughter for a longer visit.

C. Williams, defendant.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Memphis Democrat, a newspaper published in Hall County, Texas.

Witness my hand, this 25th day of September, 1925.

J. A. MERRICK, Sheriff, Hall County, Texas.

THE TOREADOR

While the management apologizes "for the crudeness in arrangement" of the initial number of The Toreador, the official publication of The Texas Technological College at Lubbock, the appearance of the paper in general shows it to be anything but imperfect.

The paper is newsworthy, well-balanced and make-up and will be well patronized by the business men of Lubbock, judging from the large volume of advertising carried in the first issue. If the standard set last week is to be maintained The Toreador will take its place at once in the ranks of the leading college publica-

tions of the state. An expression in the column states the policy of the paper will be to "co-operate" the local papers in boosting for "book," while publishing all the pertaining to Texas Tech and student body, indicating the paper's existence and influence be felt in an area wider than bounded by the campus.—Am News.

Cotton Storage

In connection with our gin we have ample storage room enabling the farmers to store their cotton when the gin is crowded and not have to wait. By storing cotton under shelter will make a better grade by one point at least. So bring your cotton to us and get a full turnout as well as accommodations when the gin is crowded.

We will buy cotton at the highest market price. Give us a trial and become our regular customer.

Just to Prove We Are Right As to Style

Following is an extract from the Apparel Gazette which is authority on Men's Styles.

Who has the Blues? Is perhaps the biggest question in the clothing market today. As infant craves Castoria merchants are crying for Blues. It is predicted that dark blue suits will drive away the blues of the business, for the demand is making a wide sweep through the country.

It started early in the season when a number of the better grade clothing stores began featuring Blues. Of a sudden it seemed that every merchant in the country was looking for Blues.

Blues and Doubled breasted have been going hand in hand. Although a big request for doubled-breasted had been anticipated this season, the consumer demand for double-breasted suits has been far beyond expectations. Some well known stores say that half of their suit business has been in the double-breasted modes. We have been selling this suit for over a month so when you get a suit from us you can know it is the latest thing in styles.

MEMPHIS AND CHIL- DRESS I. O. O. F. TO HOLD JOINT ENCAMPMENT

Upon the invitation of Childress I. O. O. F. Encampment recently received it was decided by a unanimous vote of the regular meeting of Memphis I. O. O. F. Encampment last Friday night to hold a joint meeting of the two Encampments at Childress on Thursday night, October 22, 1925. The Encampment Degrees will be conferred at this meeting by a degree team picked from the two Encampments. All Third Degree members in good standing are entitled to receive the Encampment Degrees. Any Third Degree member desiring to receive this work should see the secretary of Memphis Lodge No. 444 and fill out his application and get ready to accompany the brothers to Childress.

This will be a meeting of unusual interest to Oddfellows, for here the work will be exemplified in a most efficient manner. This branch of Oddfellowship is growing rapidly in Texas, more especially in our Panhandle section of the state. A special feature of this meeting will be the reports by the representatives attending from Childress and Memphis of the Grand Encampment session which is being held in Corpus Christi this week. All Oddfellows should be interested in this meeting. Make your arrangements to go to Childress on the 22nd. Transportation will be furnished all brothers desiring to attend. Line up and help Oddfellowship in the Panhandle.

EDUCATION VS REMUNERATION

"Education pays all except those who make it their life work." The truth of this statement is a shame and reproach on the general public. Only a high type, high class person selects teaching as a life work and only these are acceptable for this high calling; yet the remuneration is so far below even that of a fair mechanic that the comparison further discredits those who make this condition possible.

This is the season when every community is making ready for the opening of schools and the beginning of the school year. It is a proper season to consider the important matter of sufficient salaries for teachers. Their work is the training of the generation rising up to take the place of those now in command; there is no more important work. The future failure or success of civilization depends upon the soundness of the foundation they construct in character and knowledge, in mental and moral health.

This matter should receive the thoughtful attention of every conscientious citizen and every effort should be made to rectify this deplorable condition. —Editorial in Greenville Banner.

STATE OF TEXAS

To the Sheriff or any Constable of Hall County—Greeting:

Whereas, on the 24th day of September, A. D. 1925, S. S. Montgomery, administrator of the estate of H. J. Galloway, deceased, filed in the County Court of Hall County his application for the partition and distribution of said estate, and alleging that Mrs. Mollie Galloway, E. J. Galloway, Annie Boone, wife of Fred Boon, Aura Isom, wife of B. A. Isom, and Earlie Galloway are each entitled to a share of said estate; and further alleging that the said Mrs. Mollie Galloway, Annie Boone and husband Fred Boon, Aura Isom and husband B. A. Isom, and Earlie Galloway reside in Tulare County, California;

Therefore you are hereby commanded, that by publication of this writ for four consecutive weeks in a Newspaper of general circulation published in Hall County, Texas, to summon and require the said Mrs. Mollie Galloway, E. J. Galloway, Annie Boone and husband Fred Boon; Aura Isom and husband B. A. Isom, and Earlie Galloway, and all persons interested in said estate, to be and appear before said County Court at the next regular term thereof, to be held at the Courthouse of said Hall County, in Memphis, Texas, on the third Monday in October, A. D. 1925, the same being the 19th day of October, A. D. 1925, then and there to show cause why such partition and distribution should not be made.

Herein fail not, but have you then and there before said Court on the first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at my office in Memphis, Texas, this 24th day of September, A. D. 1925.

LOST!

THREE HUNDRED AND FIFTY THOUSAND DOLLARS

In Hall County, the year 1924. This loss was caused through the toilers and farmers sending their money to out-of-Hall County towns. The Hall County citizens should realize that Memphis is the logical place for all kinds of shopping and trading. It is true that everyone should patronize their Home Town—it is also true that the small towns in some lines, do not carry a complete stock of everything and the people of Memphis often find occasion to go to larger towns for their wants. Right here we wish to state to you that when you go or send your money to larger cities outside of Hall County to do your shopping you are allowing your own county to commit suicide. There is nothing that those larger cities offer in merchandise and other wants that Memphis does not offer. And remember when you send money to mail order houses you are building up the other man's town and county and tearing down your own. Spend your money so part of it will come back to you in the way of wages and buying of your products.

Besides you can save money by buying it in Memphis, quality and price considered. Trade with the merchants of Memphis. They want your business and will give you a square deal so let us all pull together for a Closer co-operation. Ask for Union Made Commodities and buy from your home merchant. This buy-at-home campaign is worthy of the co-operation of all business men in Memphis. Watch the Memphis Democrat for a list of the business firms co-operating with the Journeymen Barbers Union Local No. 813 of Memphis in this buy-at-home Campaign.

WHEN IS ADVERTISING?

The Vernon Record recently had an article on advertising and fake advertising that contains so much truth and food for thought and is so pertinent to what is being practiced in Memphis that we herewith reprint same for what it is worth to the readers:

"Vernon business men could save themselves a good many thousand dollars every year if they would insist on having all so-called advertising schemes and donation lists approved by a committee of the Chamber of Commerce or the Retail Merchants Association before lending it their support. It seems sometimes that the less merit a proposition has, the easier it is to get the support of many business men.

"Clocks for hotel lobbies, thermometers for the street corners, desk blotters with half a hundred ads on them, roadside sign boards that are supposed to be a business directory of the city, mileage leaflets that are supposed to be presented to travelers are merely a few of the schemes that business men fall for in Vernon almost every week.

"Nine times out of ten these schemes have no merit as an advertising medium, but their promoters can sell them readily at prices no legiti-

mate advertising medium would dare charge. "The average retail business man will find the newspaper about his most economical advertising medium. Then there are legitimate billboards, where a merchant buys an individual showing for a stated period of time, backed up by a responsible local man who can and will see that the merchant gets what he pays for. The City directory and telephone directory come within the realm of legitimate advertising and are so recognized.

"The secretary of an organization of Denton business men recently made the statement that the vigilance committee had saved the merchants of that city no less than \$10,000 on seven specific advertising schemes that were refused approval during the last year. That much money is worth saving. It is worth a lot to the men who saved it. It would accomplish wonders if added to the usual Chamber of Commerce budget or expended in some of the many legitimate ways of advertising.

"Perhaps the local newspaper should be the last to complain, because the average fake advertising scheme means a good job of printing at a liberal price. The fake advertising promoter doesn't quibble about printing prices as a rule. He gets plenty and then some from his patrons. A local business man suggested the other day that we ought to quit visualizing the easy mark as a greener from the back woods. He said the easiest of the easy marks are the smartly dressed, sophisticated fellows who sit behind desks and call themselves business men."

A copy of The Toreador—The Tech College official publication which is published by Harry Montgomery and John Forkner reached The Democrat desk this week, and we are glad to say it is a publication that reflects credit to Tech and to the Memphis boys who are publishing it. The headings are unique and were designed by a former Memphis boy—Furman Martin. Here's success to the Toreador and Harry and John.

TANK TOWNS

In advertising their big fair a neighboring town referred to the races and other attractions of other fairs in this neck of the woods as tank or "hick" towns. Also employed the Memphis Chamber of Commerce Band to play during their fair and advertised it as the Gold Medal Band, but didn't say where from.

All this whole country knows that the Memphis Band is the original Gold Medal Band, but it wouldn't be amiss for the neighboring town to give the band credit for being from Memphis.

Memphis may be a tank town, but she has a band that is far ahead of some towns that claim to be above the tank town class.

 Business erected to make money for Annual.

The senior class of the Memphis High School had their first meeting week before last. Mr. Kuhn was the main speaker of the assembly. The question raised before the class was, "How to raise sufficient funds for the annual."

Mr. Kuhn presented a plan which was to erect a store in the school to sell school supplies and confections. This plan was voted unanimously. By this means the pupils can easily secure their school supplies and candies and also help to make the "Annual Drive" a success.

It was also decided that one-half of the funds would go to enlarge the High School Library and the other half would go to support the annual. This business was named the High School Co-op.

Students, let's keep our standard high and be loyal to our school and trade with the Co-op, so our Annuals will not cost us so much.

A VOTING & A DEVOTING AUTO

Lon Montgomery,
 Chevrolet Distributor,
 Memphis, Texas.

Dear Monty:
 What do you think about a fellow going into politics, Monty? You've just got to get a winning smile on your face and some gab in your head. It doesn't seem to make much difference if there's nothing else in your head.
 Before election, you just talk nice to folks, and it makes people think you are nothing but sound, and you're elected.
 I'm going to try it, Monty. First I'll get myself a new Chevrolet, because there's nothing better to run with you and it won't absorb all the gas I want to reserve for others.
 I plan to get the old maid's vote by taking them riding nights. It's so much easier for them to grasp you, but you can always get there in a Chevrolet, even if you have a load on your neck.
 Yours everfastly,
 Rich Smithwit.
 P. S. Next week will write how politics is coming out.

MEMPHIS POULTRY FARM

I. W. THOMASON & SON, Prop.

The Memphis Poultry Farm, I. W. Thomason & Son proprietors, started in a small way in the spring of 1924 with a brooding capacity of 1000 chicks and a hatching capacity of seven or eight hundred chickens were brooded and sold as fryers, and breeding stock was raised for the following year. Farming was carried on in connection with the poultry. A creditable showing was made the first year, and during the summer of 1924 plans were laid for a much larger business. Modern houses were constructed, a mammoth incubator was purchased, poultry began to require all the time of the proprietors.

The hatching season was opened early in 1925, and baby chicks were sold. There was a big demand for hatching eggs and baby chicks. The farm stayed sold out during the entire season, and many orders had to be turned down owing to the small capacity. There were many calls for mature and partly mature breeding stock, but owing to the small brooding capacity, nearly all of these orders had to be turned down.

During the summer and fall of this year the proprietors have been very busy making plans for a much larger business. Many new and very modern poultry houses have been constructed. These new buildings include several laying houses, a modern incubator house, and the very latest in a brooding house. This brooding house when completed will take care of 6000 chicks through the brooding stage. There will be 60 different sections to the house and there will be 100 chicks to each section. In this way there will be no crowding and huddling together of the chicks. This will insure rapid growth and act as insurance against weak and underdeveloped chicks. The heat will be furnished by four large hot water pipes and will act much like radiation in a school or other building. The pipes will be installed the overhead way which is a big improvement to the underground style. This

—PHOTO BY ORR

brooder is the largest single brooding house in Texas; another such brooder is installed at A. & M. College but it is much smaller. With a capacity like this the firm believes that they can take care of many of the calls for six and eight weeks old pullets and cockerels.

A much larger hatching capacity is being installed. Two more mammoth incubators are being put in place and these will increase the capacity to 30,040, eggs every three weeks. With this capacity the farm plans to take care of a part of the demand for custom hatching. Due to the small capacity very little custom hatching was done this year, but the percentage of hatches was so high that there are many calls waiting for next season.

The breeding stock of the Memphis Poultry Farm is the best that money could buy. Stock of the three breeds—White Leghorns, Barred Plymouth Rocks, Single Comb Rhode Island Reds—was purchased from the biggest breeders of the country. Both exhibition and egg bred stock was bought, and a customer will find just what he wants. Their exhibition stock did themselves credit at three fairs shown lately. At the Hall County Fair they won prizes from Grand Champion down. At the Amarillo Tri-State Exposition in very hot competition, the Thomason's exhibit won more premiums than all other exhibitors combined in the classes in which they competed. At the Childress State Fair every premium but a third was won in the classes in which they competed, besides a champion and the Grand Champion bird of the entire show. With these winnings it is easy to see that they have the cream of exhibition stock, and their egg bred stock ranks just as high.

Since opening the business the Memphis Poultry Farm has enjoyed a prospering business, and with their superior stock, honest dealings and straight forward manner there is no reason why a much larger business should not enjoy a much larger patronage.

HOUSEHOLDER CAN OFTEN MAKE PLUMBING REPAIRS

The ability on the part of the householder to make minor or emergency plumbing repairs often saves much trouble, delay, and expense, according to Farmer's Bulletin 1460. Simple Plumbing Repairs in the Home, just issued by the United States Department of Agriculture. Plumbing frequently get out of order, and prompt attention to small repair jobs is necessary to its smooth, satisfactory operation, says the bulletin, which also explains how to do these jobs with a few simple tools.

Worn seats washers, the usual cause of leaking faucets, are readily replaced by new ones with the aid of a monkey wrench and screw driver. Clogged water-closet pipes, which ordinarily can be untapped by the householder without expensive tools, sometimes cause serious inconvenience and insanitary conditions because of delay in getting a plumber. Frozen pipes can usually be thawed out by members of the family. The middle of a frozen pipe, says the bulletin, should never be thawed first, because expansion of the water confined by ice on both sides may burst the pipe. When thawing a water pipe, work toward the supply, opening a faucet to show when the water starts flowing. Applying boiling water or hot clothes to a frozen pipe is a good way to thaw it.

The bulletin also contains numerous illustrations and instructions relative to repairing leaks in pipes, heels, and tanks, as to thawing underground or otherwise inaccessible pipes, mending flush valves, cracked laundry tubs, removal of scales from waterbacks and coils, and other similar repair jobs. Copies of the bulletin may be obtained free, while the supply lasts, from the United States Department of Agriculture, Washington, D. C.

Newlin News

Mr. and Mrs. John Powell visited relatives in Memphis, Sunday.

The Baptist Ladies will serve plate luncheon to the public on Saturday, October 24, in Newlin. Each lady will furnish some part of the menu. Everyone is invited to come and bring something that will help the fund, which will be used for the payment of tuning of the piano at the Baptist church and to purchase a new piano stool.

Mr. Webb, who has been in a Memphis sanitarium for several weeks, was brought home Monday afternoon. Mr. Webb had the misfortune of breaking a leg while mowing weeds several weeks ago and also suffered a severe case of pneumonia. His condition is considerably improved at the present time.

Mr. and Mrs. Aultman Sims visited relatives in Hedley, Sunday.

Mr. and Mrs. A. P. Todd of near Salisbury, entertained the young people of the Salisbury and Newlin communities with a singing at their home Sunday night. A large crowd of the young and old people were present and enjoyed the singing immensely.

Announcement was made last Sunday that Bro. Baker and Rev. Chas. Richter, of Memphis, would preach in Newlin Sunday afternoon, October 18. Some singers are expected to be present, from the Friendship community, who are noted for their singing and who sing occasionally at Salisbury. The people of Newlin and community are invited to be present at this special service.

The trustees of the Methodist church of Newlin purchased the four-room house owned by J. J. Rogers, located in the west part of Newlin, which is to be used as a parsonage. This plan was thought to be better than building on the church lot.

Gilpin school will begin Monday, October 19, and a full attendance is not to be expected, due to the fact that many of the children are busy in the cotton fields.
