350 Mangum Boosters Will Visit City to Advertise Reunion

Bedecked in ten-gallon hats, loud shirts, salubricators, real cowboy boots, and other regalia typical of the old West, approximately 350 citizens of Old Greer County and Mangum—its county seat—will arrive in Memphis at 4:10 p. m. Tuesday, June 15, on a goodwill expedition.

The stop at Memphis will be made on a tour that will take the boosters to Carter, Sayre, Erick, Texola, Shamrock, McLean, Pamplico, White Deer, Panhandle, Amarillo, Claude, Clarendon, Memphis, Childress, Wellington, Yinson, and Reed on June 15. Their purpose will be to advertise the Old Greer County Pioneers' Reunion, to be held at Mangum—capital of the historic Old Empire of Greer—on June 25, 26, and 27.

The boosters will parade along the streets of Memphis and will present a brief program.

The caravan will be led by the 32-piece Granite Reformatory Band, directed by Jim Doolen. Entertainment at the various stops will include numbers by the Norman Bros. String Band, stage and radio entertainers; Lucy Ann and Ashley Lovett and Eskel Davidson, who will offer unique songs and music, and short addresses by J. O. Tuton, Mangum newspaper man.

The boosters will have made one trip before that of June 15, being scheduled to visit Oklahoma City and intermediate points on June 11. They will travel southward to Quanah, Vernon, Wichita Falls, Lawton, and intermediate points on June 18.

The excursion into Texas is being made because of the kindly feeling of Greer county pioneers and present-day citizens toward Texas, of which old Greer was an organized county for 36 years.

The fifth annual reunion of the Pioneers of Old Greer County, to be held in Mangum, historic capital of the old Empire, on June 25, 26, and 27, promises to be "bigger and better than ever."

MIXED DOUBLES TENNIS GAMES TO OPEN HERE

Near-By Towns Are Invited To Enter Teams In Meet

An open mixed-doubles tennis tournament for tennis players of Memphis and surrounding towns will be held at the Memphis Country Club courts within the next two or three weeks. The date and final details of the tourney will be announced next week.

The affair is open to all men and women or boys and girls of Memphis and surrounding towns. A man and woman will compose each team, and play will be in two flights. Prizes will be awarded all winners. Entrance fees will be \$1 per person, and will go to buy the prizes and to pay the cost of lighting the courts during the meet.

All tournament play will be at night on the recently-lighted local courts. According to Malone Hagans, chairman of the tennis committee of the club, the Memphis Country Club courts are as good as those found in Dallas and Fort Worth and other large cities; and the lights for night play illuminate the courts well.

Unusual interest is being shown in tennis in Memphis this year, and it is expected that a large number of men and women will participate in the mixed tournament.

Those wishing to register for the tournament should do so with Mr. Hagan or at The Democrat office.

NEW COTTON OIL REFINERY MADE

Local Man Perfects Process Of Refining Cotton Foots And Puts It On Market

Lowery Johnson, superintendent of the Memphis Cotton Oil Company, a position he has held for many years, has perfected a refining process for cotton oil companies which he claims will save thousands of dollars to the southern cotton oil mills.

His claims are substantiated by the fact that mills from Texas, Mississippi, Alabama, Georgia, North Carolina, and other states have installed the process, which is a means of refining cottonseed foots or tank cleanings.

Foots or tank cleanings are the suspended matter in crude cottonseed oil.

Transfer Local Store Manager to Childress

Mr. and Mrs. Alan Brown and son, Alan Roy, left Thursday morning for Childress, where they will make their home and where Mr. Brown has been transferred as manager of the new Perry Brothers store that is to open there about July 1.

Mr. and Mrs. J. C. Gay of Snyder arrived in Memphis Wednesday. Mr. Gay will manage the local Perry Brothers store, being transferred from the store at Snyder. Jess Elliott, formerly assistant manager of the store here, will manage the Snyder store.

Mr. and Mrs. Brown have lived in Memphis for the past four years, coming here from Tyler. Mr. Brown stated that he liked Memphis better than any other town he ever lived in but that he was moving to take a promotion.

Mr. and Mrs. Gay will be at home in the residence on Davis street vacated by Mr. and Mrs. Brown.

Farmers Asked To Plant Garden Stuff

Mrs. Nettie B. Pace, who is to supervise the Hall County Canning Kitchen next fall, is soliciting the aid of the county judge and the Memphis Chamber of Commerce in seeking to interest farmers of the county to plant garden stuff fall.

She states that everything from corn to meat, including vegetables and fruits, will be canned here next fall at the public kitchen. The first canning is expected to be done about July 15, she said.

Farmers Plan to Poison Grasshoppers in County

County Election May Be Set By Court Next Week

County Judge M. O. Goodpasture stated this week that a date may be set at the regular monthly meeting of the Hall County Commissioners Court next Monday for a county-wide road bond election.

The election would determine whether or not the court will refund a part of the county road bonds at a lower rate of interest. There are now approximately \$1,500,000 in road bonds against the county, and the court proposes to refinance an issue of \$300,000 at an interest rate of 4 1/2 per cent per annum, one per cent lower than the current rate. This would mean an annual saving of \$3,000.

An increased tax rate seems certain to result if some manner is not found to reduce the amount due on the bonds each year, Judge Goodpasture said.

LOCAL GOLFER IN SEMI-FINAL OF GREENBELT

Thomas Hampton Is Winner Wednesday Over Medalist

Thomas Hampton of Memphis, Greenbelt champion of 1934 and former Memphis titlist, fought his way to the semi-finals of the 1937 Greenbelt Golf Tournament on the Quannah links Wednesday by defeating L. S. (City) Walker, three times champion of the Greenbelt and medalist in this year's meet.

Hampton, however, lost in the semi-final match to Buddy Wheeler of Paducah, two up. Wheeler was paired with Roy Farrell of Vernon Thursday in the championship match.

Competing in the Greenbelt tournament from Memphis were Hampton, J. D. Webster, Ed Foxhall, Carl Harrison, R. S. Greene, Jack Walker, and C. O. Davenport. Webster was the only Memphian other than Hampton to land in the first flight, and he was defeated in the second round of play.

Memphis did not make a strong bid for the team prize of the tourney. It had previously been predicted that Memphis would top the team honors, but two of Memphis' star golfers, Reginald Greenhaw and Frank Foxhall, were unable to play in the tournament.

Jack Walker of Memphis won the third flight consolation. R. S. Greene served the Greenbelt Association as president this year. He will be succeeded by Paul Vinson of Paducah.

Revival Meeting In Progress Here

Large crowds have been attending both the morning and evening services of the evangelistic meeting in progress at the Memphis First Baptist Church. The meeting opened last Sunday morning and will run through Sunday night, June 20.

Rev. Sid Martin, pastor of the Lamar Avenue Baptist Church, Wichita Falls, is delivering the revival sermons; and the song services are in charge of Roland Leath, music director from the Travis Avenue Baptist Church in Fort Worth.

Everyone is extended an invitation to attend the services. Rev. J. William Mason, local pastor, stated.

Miss Lena Melear To Open Cafe Here

The Founds Cafe will open here within the next week or two under the management of Miss Lena Melear, she stated Wednesday. The cafe was closed recently by Mrs. Jack Foust upon the expiration of her lease.

New equipment and fixtures are to be installed in the cafe building at Fifth and Noel streets next week, and the place will open the latter part of next week or the first of the following week. New terra-zo floors have been recently put in, and the building is now receiving a coat of paint.

Eight Get Licenses To Wed Here in May

Eight marriage licenses were issued from the office of County Clerk Floyd Springer here during the month of May.

Following are those who received the licenses to wed: J. C. Jones and Mrs. Martha E. Melton, Earl Sheemaker and Miss Ruth Capwell, Melvin Merrill and Miss Iree Jackson, D. L. Howard and Mrs. Jimmie Stanford, L. P. Phillips and Mrs. Myrtle Johnson, Lee Moore and Miss Hazel Phillips, Leroy Earl Hillyer and Miss Violet Madeline Tippett, Arbut T. Gilreath and Miss Pauline Howard.

Warehouses To Be Constructed Here By Grain Company

John T. Bishop, owner and manager of the Bishop Grain and Coal company here, has begun extensive improvements at his feed mills and store houses.

Two new warehouse buildings are to be constructed, and mixing machinery is to be installed to take care of the local market on all grains. When completed, the improvements will have cost more than \$2,800.

A large scale unit is to be installed for the convenience of trailer and large truck drivers. The scales will be 34 feet in length and will cost approximately \$900.

When Mr. Bishop's mixing machinery is installed, he will be able to make cow feed and chicken feed out of any corn, wheat, hay, cottonseed meal, or other feedstuff the farmers of this section produce.

Mr. Bishop stated that he is engaged at present on overhauling his grain elevator to care for the wheat harvest that will open in the Memphis vicinity shortly.

Clarendon Plans To Celebrate Its 50th Anniversary

CLARENDON.—Plans are going forward here for the staging of Clarendon's Golden Anniversary Celebration on July 3, and for every one of the half-hundred candles which will be in Clarendon's birthday cake, there will be a highlight on the day's entertainment program.

Committees are shaping plans to follow the usual custom of giving a free luncheon in honor of all Donley County pioneers of 40 years or more, whether or not the person still is a resident of this county.

The plans have extended a feature used to some extent heretofore, and are offering prizes in the singing class competition and community quartet competition, in an old-fashioned songfest to be held July 3 from 10 a. m. through 12 o'clock noon.

An old fiddler's contest will probably be staged. Arrangements are near perfection on an unusual rodeo feature which will furnish two to two and one-half hours of entertainment. The rodeo will be staged by 4-H Club boys and F. F. A. boys, many of whom live on ranches and rank as top cow hands.

A large number of neighboring bands are being invited and will add their contributions to the festivities.

Attendance Light At Summer School

Summer school opened in Memphis last week with Sam S. Cowden as instructor. Attendance at the summer session of the high school is the smallest in recent years.

A number of courses are offered, and fees are \$10 for one-half unit and \$17.50 for a full unit of study. The summer term is held each year to allow students who have failed or those who are irregular in their studies to get "even" in their grades.

Large Crowd Attends Lakeview Rally Day

Despite the unfavorable weather conditions early last Sunday morning, the Layman's Rally Day services announced at the Methodist Church of Lakeview were well attended, and visitors were present from Brice, El, Indian Creek, Friendship, Memphis, and Wellington.

Judge A. S. Moss of Memphis, J. T. Forbis of Wellington, and Mrs. N. A. Hightower of Memphis were guest speakers. The meeting was said to have been a profitable one.

Recent Rains Are Contour Furrowing Inducement, SCS Head Here Claims

While there is ample moisture from recent rains is an excellent time to contour furrow pasture, says E. McBride, superintendent of the Memphis Soil Conservation Service camp.

Contour furrowing is beneficial regardless of the time of the year when it is done, but is more effective when the grass has a chance to use the moisture stored in the soil, Mr. McBride points out.

The furrows trap escaping rainfall, allow it to soak into the soil, and almost always result in a thicker plant growth along the furrow. Mr. McBride says the Soil Conservation Service has found that shallow furrows close together are better than deeper furrows farther apart. More furrows mean a more even distribu-

tion of moisture and of the thickened forage crop.

Shallow furrows disturb the grass less in a permanent pasture, do not turn up the subsoil, and are more easily crossed with farm machinery.

Deep furrows are more likely to cause gullies since the greater amount of impounded water sweeps out with increased force should a break occur in the ridge. With the deeper furrows, there also is danger of causing the water to penetrate to such a depth that it will be of no benefit to the grass roots, especially if the subsoil is gravel, Mr. McBride warns.

Small furrows about four inches deep, placed far enough apart to prevent overlapping of the furrow slice and leaving an undisturbed strip of sod between, are recommended. Vegetation takes hold more rapidly if implements are used that will allow pieces of sod to fall back into the furrow. The lister, with wings removed and the points clipped, may be used to get this result.

TWO "DOCS" ON SAME PAPER AT PORTALES

The Portales (New Mexico) Tribune says: When two or more doctors get together on a case it is called a consultation. The owner and publisher of the Portales semi-weekly is B. H. (DOC) Kirby of Clovis and Pampa. The operator and shop foreman is Coy L. (DOC) Odom of Portales and Memphis. Mrs. Frances Christie will be the nurse.

Roy R. Fultz spent last Thursday in Wichita Falls on business.

Former SCS Head Of City Advocates Control of Gullies

"Gullies have played a leading role in the disastrous floods resulting from the heaviest rainfall in years in the Southern Great Plains area," says R. C. Nelson, former agricultural engineer of the Memphis Soil Conservation Service camp who is now chief engineer for the Soil Conservation Service at Amarillo.

"Water that should have been held where it fell to provide moisture for a vegetative cover that would do much to eliminate the dust storms has found its way into gullies and then into the rivers," Mr. Nelson points out. "The result has been devastating floods that have washed out railroad and highway bridges, inundated towns and highways, with carrying away of valuable top soil as the turbulent rivers sweep on toward the gulf. The very water that could have done so much good to farms and ranches has been allowed to do great damage in many areas."

"It is the rainfall that sinks in, that supplies the springs and feeds the streams," Mr. Nelson says, and stresses the value of terraces, contour tillage, pasture furrowing, and dams in holding the water where it falls. "Gullies drain off the water before it can sink into the soil. The time to start controlling a gully is before the gully 'grows up.'"

R. E. Martin Jr. returned Monday from a few days visit with his Texas Tech roommate, Bob Straut, at Pampa.

Mrs. J. H. Noble and daughter Minnie D. of Lakeview left Memphis, Saturday for Bakersfield, Calif., where they will spend the summer with her sons, Claude and Ralph Noble, and her daughter, Mrs. John Badgett.

FORD "60" OWNERS REPORT

22-27 MILES PER GALLON

THE 60-horsepower Ford V-8 is writing remarkable mileage records on American roads. Private owners and fleet operators alike report averages of from 22 to 27 miles on a gallon of gasoline.

You can fill the tank of your Ford "60" and drive all day—300 to 400 miles—without stopping again for fuel. Besides costing less to run than any Ford car ever built, it sells at the lowest Ford price in years. That's double economy!

The "60" delivers V-8 smoothness and quiet at speeds up to 70 miles an hour. It is built into the same roomy body as the famous "85"—with the same modern features of comfort and dependability that make the 1937 Ford V-8 unquestionably THE QUALITY CAR IN THE LOW-PRICE FIELD.

FORD V-8 PRICES BEGIN AT \$529 at Dearborn Factory. Transportation charges, State and Federal taxes extra. This price is for the 60-horsepower Coupe, illustrated above, equipped with front and rear bumpers, spare tire, horn, windshield wiper, rear view mirror, glove compartment, and ash tray. \$25 A MONTH, after usual down-payment, buys any model 1937 Ford V-8 Car—from any Ford dealer—anywhere in the United States. County Baseball League Results

The Salisbury nine took an undisputed lead in the Hall County Baseball League last Sunday by scoring a hard-earned victory over the Lesley crew, 4-2. The defeat for Lesley dropped that team to a three-way tie for second place with Cross Roads and Parnell.

Farnell scored a 7-1 victory over the Memphis team, and Quitaque downed Cross Roads in a thrilling 6-4 battle. Although on the bottom of the list now, Quitaque is expected to stage a rally and compete for first place now that the team has its full pitching strength.

The standing:

Team	W	L	Pct.
Salisbury	6	3	.667
Parnell	5	4	.556
Cross Roads	5	4	.556
Lesley	5	4	.556
Memphis	4	5	.444
Quitaque	2	5	.286

The schedule for Sunday afternoon, June 13: Lesley at Quitaque, Memphis at Salisbury, Parnell at Cross Roads.

FRIENDSHIP

By Mrs. C. L. Padgett. Rev. Charles Morris of Plaska preached morning and night last Sunday. A large crowd was present Sunday morning, but not so many Sunday night.

Mrs. W. H. Spruill and daughter Lewis visited Mrs. H. A. Parker and daughter Addie Louise last Friday afternoon.

Mr. and Mrs. Lamar West, Mr. and Mrs. Blufford Burnett, and Mr. and Mrs. Butler Stewart were guests of Mr. and Mrs. Guy Smith Saturday. Delicious ice cream was served the crowd.

Mr. and Mrs. Nabors of Memphis were guests of Mr. Nabors' sister Mrs. George Frazier Monday.

Mr. and Mrs. Clifford Padgett and children were guests of Mr. and Mrs. R. C. Edwards Wednesday night of last week. All enjoyed ice cream.

Thelma and Zetta Joe Jenkins and Louie Spruill were guests of Juanita and Pauline Upton Sunday afternoon.

Several from here attended the Methodist meeting at Lakeview Sunday afternoon.

Mr. and Mrs. Lyrel Davis were dinner guests of Mr. Davis' parents, Mr. and Mrs. W. M. Davis, at Salisbury Sunday.

Mr. and Mrs. Frank Ogden were guests of Mr. and Mrs. Sam Bruce Sunday.

The trustees of this community attended a school meeting at Memphis Monday.

Rev. Charles Morris and Miss Spencer of Plaska were supper guests of Mr. and Mrs. H. A. Parker Sunday evening.

Hill Wells' nephew of Lakeview is visiting him this week.

Mr. and Mrs. C. L. Padgett were guests of Mr. and Mrs. Sam Bruce Saturday night.

There will be singing at the school house Sunday afternoon at 2:30 o'clock. Good singers are expected to be present, and the public is invited to attend.

The terrible sandstorm Friday night from the north caused a lot of damage to farmers in this community. A lot of cotton, feed, and garden stuff will have to be replanted.

How CARDUI Helps WOMEN. Cardui is a purely vegetable medicine, found by many women to ease functional pains of menstruation. It also helps to strengthen women, who have been weakened by poor nourishment, by increasing their appetite and improving their digestion. Many have reported lasting benefit from the wholesome nutritional assistance obtained by taking Cardui. If you need help like this, get Cardui at the nearest drug store, read the directions and try it.

Junior cowboys and cowgirls—everything to make a colorful and spectacular parade.

Free entertainment will be presented from a huge stage downtown Friday and Saturday morning, afternoon, and night.

Featured attraction of the Reunion will be Oklahoma's Great Rodeo, with five big contest performances—Friday and Saturday afternoon and night and Sunday afternoon. The world's premier cowboys and cowgirls will compete for hundreds of dollars in cash premiums offered in the various events, which will include steer roping, calf roping, bulldogging, bronc riding, steer riding, and the other events that go to make up a top-notch rodeo.

Added attractions will include the Ramsey team in sensational trick riding, roman riding, and roping exhibitions; John Lindsey, greatest of rodeo clowns; the three greatest women bronc riders, Vaughn Kreig, Jean Creed, and Vivian White; Johnnie Grimes and his educated Brahma bull, Baldwin Parker and his band of Comanche Indians, and other stellar attractions.

Everybody in Oklahoma and adjoining states is invited to be in Mangum on June 25, 26, and 27, and enjoy the Southwest's greatest celebration of 1937.

tonseed oil until recently used only in the production of soaps, or worked back through the plant at a loss to mills not located near a large refinery. Numbers of mills have been working the foots at a loss, and they will now be able to turn the loss to a profit, it is said.

The cost of refining a barrel of foots or tank cleanings, caustic and labor, is less than 50 cents; and a barrel of foots at the present price of oil is worth from \$19 to \$21. The refined oil from the foots can be shipped with crude oil or can be sold to farmers for storing cured meat.

Mr. Johnson estimates that a refinery large enough to refine eight barrels an hour will cost around \$10.

five acres. A good practice is to mix at night and sow early in the morning before 9 o'clock, since the hoppers do not actively feed until the dew dries up.

If it is desired to kill hoppers in grass land, sow over the entire acreage to be protected. Where they are migrating from fence rows or pastures into cultivated crops, sow the fence row on a fairly broad margin of the pasture, and also a broad margin of the cultivated crop with the mixture. Amyl acetate is preferable in the formula, but if it cannot be obtained, substitute six lemons for one ounce of the amyl acetate. This should be diluted with water as with the other substance, but one should use both juice and rinds, grinding the latter in a fine food chopper.

Do not place the mash in piles. Do not use lead arsenate—use Paris green or white arsenic. Do not use cheap banana oil or bronzing liquids.

Several near-by counties are receiving a part of the poison ingredients from the state, and County Agent Pattillo stated that he has written for the poison supplies but that he has not received any as yet. Although he says he expects to receive the supplies soon, he advises farmers not to wait for the poison, as the saving will be very small and the poisoning work should be commenced immediately.

Seventh street (between Main and Noel) this morning.

After looking over some spots on the business streets, a drive over town was made and the situation is becoming serious. Weeds on streets and alleys and vacant lots are sure messing up the landscape—and Memphis has the reputation of being one of the best looking towns, physically, in Northwest Texas!

Bill Phleger of West Main street issues a warning against the imposition of heavier tariffs on imports. He said, "If you don't stop shearing the wool off the sheep that lays the golden egg, you'll pump it dry."

This section of country has been blessed so far with slow and gentle rains—no damn busters (knock, knock on wood) or hail storms to wreak damage to farms and crops. True, some have had to replant because of crops being damaged by wind and rain, but one does not hear any grumbling from the farmers. They know they have good prospects for crops when plenty of rain falls.

Speaking of fine rains, Seth Palmeyer is quoted by the Amarillo News as follows: "I have had just the right amount of moisture, and if any one should sneeze on my farm I would have too much moisture."

The grasshoppers have come to town. They were as "thick as grasshoppers" on the sidewalks of Memphis Tuesday morning. Other counties nearby have been waging war on the hoppers, and judging from the number visible in Memphis, the insects decided to leave the other counties between suns and take up their abode in new locations.

Mr. and Mrs. T. M. Potts and Miss Ouida Read returned Thursday from Denver where they went after Tommie Ruth Potts, who attended the Colorado Woman's College the past school year. Miss Potts plans to return to Denver for her second year.

CHAMBER of COMMERCE

NOTES

By BURTON SHANNON

Think-talk-write—our Old Settlers Reunion will be held on the 14th of July (only 33 days). Let's make this the biggest and best. Please write, phone, or come to the office of the Chamber of Commerce and make any suggestions as to plans, arrangements, or entertainment.

Over 20 boys and girls are now working every day in the summer band, and several others are expected to start in the next few days. Mr. Milton Pullis is the instructor and director. See him for information about the daily band classes. Our band has an out-of-town engagement for July 3, and is now working on a program for that occasion.

Business is better. Prospects are most encouraging. Conditions are much improved. Labor is more plentiful. Good crops and fair prices are equally assured. Farmer's cash income for the first four months of 1937 was 16 per cent greater than same months of 1936. Government payments totaled \$76,000,000 compared with \$37,000,000 over April last year, according to the Washington Bureau of Agricultural Economics.

Governor Allred has signed Senate Bill 103, permitting one venire for all capital cases set for the same day instead of separate venires for each case. The Governor also signed the House Bill 1061, requiring owners of cattle affected with Bang's disease to brand and tag such cattle for identification after they have been tested and found to have the disease.

State Administrator H. P. Drought has informed Texas district directors that WPA workers who accept jobs in private employment and lose them through no fault of their own will be re-assigned to a WPA project immediately.

The Dallas office of the Social Security Board has announced that more than 1,900 payments are due workers of their estates and only 57 applications have been received. Payments are ready for workers who have become 65 years old since January 1, or for the heirs of workers who have died since that date.

Another world-wide industry for Texas—mining of coal tar to be processed into dyes from rich deposits recently discovered near Palestine, Texas. In addition to dyes, aniline oil and scores of other coal tar by-products will be made.

The Fairchild Bureau has estimated the United States cotton acreage at 35,474,000, compared with 35,023,000 a month ago. Condition now is 76.4 per cent normal, compared with 70.6 per cent last year.

Roy L. Kimmel has been designated by Secretary Wallace to head the Federal Department of Agriculture program in the Southern Great Plains, comprising over 100 counties in Texas, Oklahoma, New Mexico, Colorado, and Kansas, in an effort to develop a sound land-use program where wind erosion has been most severe.

In the Eastern cities it is said: "From the standpoint of natural resources, Texas is, undoubtedly,

the richest state in the union." But what does Texas mean to you?

A good citizen's creed: I believe that men play a bigger part in town-building than natural resources, and that cities are what men make them.

I am willing to give my time, thought, energy, and money to help advance the welfare of my community, in return for the great blessings I enjoy.

I will invest my life where I make my living.

CHURCHES

FRESBYTERIAN CHURCH

"Evangelism in a Changing World" by Dr. Bailey is a marvelous book for our own day and in our own generation. Boussett said: "Whenever Christianity has struck out a new path in its journey it has been because the personality of Jesus has again become living, and a ray from his being has once more illuminated the world."

The reading of the Bible carefully, and faithful attendance in church service will enlarge and inspire you to larger possibilities in Christian experience and life.

Come to church next Sunday morning and evening, and bring your family. Are you planning now to attend Sunday school and church service?

E. C. CARGILL, Pastor.

FIRST METHODIST CHURCH

Orion W. Carter, Pastor
Sunday school at 9:45; Roy Guthrie, superintendent.
Morning worship at 11 a. m. Subject, "Can the Way of Jesus Win?"

Evening service at 8:15. The vacation school program will be a feature of the service.

CHURCH OF CHRIST

W. M. Davis, Minister
The sermon subject next Sunday morning will be, "Money and the Kingdom of God." All Christians should study well their financial obligations to the Lord. When the Israelites kept back part of the tithes, the Lord charged them with robbing Him.

The evening worship will begin at 8:15 o'clock. The minister will preach at this service on the subject, "Building Christian Character." The Lord's supper will be observed at both the morning and the evening service.

On Tuesday afternoon at 3:30 the women's Bible class will meet for study. The prayer service will be at 8:15 Wednesday.

Funeral Held For Former Memphian

Funeral services for Mrs. L. C. Fenwick of Clovis, sister of Mrs. W. D. Orr of Memphis and Mrs. M. O. Sanders of Lakeview, were conducted Thursday afternoon, June 3, at 5:30 o'clock from the Memphis Church of Christ by W. M. Davis, minister.

Interment was in Fairview Cemetery here by King's Mortuary. Pallbearers were J. G. Brown, Jack Breeiland, Ernest McMurry, Arthur Francis, L. H. Grant, and M. N. Orr.

Mrs. Fenwick, a former resident of Memphis, died in a Memphis hospital on Tuesday night, June 1, after arriving here the Sunday before for a visit with her sisters.

Local Girl Receives High College Grade

Mr. and Mrs. N. M. Lindsey received a letter of congratulations from West Texas State Teachers College, Canyon, last week for the scholastic achievements of their daughter Mildred, who received her Bachelor of Arts degree from the college Monday of last week.

Miss Lindsey had almost a "straight A" average for her entire three years at Canyon. She attended Baylor Belton her freshman year.

Masons to Be Guests Of Local Chapter

Masons from several neighboring lodges are expected to visit the local lodge on Thursday night, June 17, to witness the two third degrees that are to be conferred at that time by the crack Borger team.

Installation of officers is to be held at the Memphis Masonic Lodge on the night of June 24. The following officers are to be installed: Irvin Johnsey, worshipful master; D. L. C. Kinard, junior warder; B. E. Davenport, senior warder; A. G. Powell, secretary; J. H. Read, treasurer; Jack Joyce, tiler. Appointive officers will be named in a few days and will be installed along with the elective officials.

SAVE your CALVES

GLOBE BLACKLEG ANTIGEN
Sterling Quality in The Silver Box

[A DIME A DOSE]

One 5-c.c. dose of Blackleg Antigen, injected into a calf of any age, protects that calf against Blackleg during its entire life, whether it be 2 years, 10 years, or longer. We make no reservation on this statement.

We sincerely believe Blackleg Antigen to be the best product ever offered to the Cattleman and to be the last and final step in the development of blackleg vaccine.

Please note that a dose of Globe Blackleg Antigen is 5 c.c. of the concentrated serum in a sealed, 5 c.c. ampoule. The ampoules are packed in a cardboard box, which also contains detailed instructions.
