## Oklahoma Girl Killed in Wreck

### THEY'RE STILL IN THE ARMY

#### House Passes Extension Bill; Hall County Gets Call for Four More Men

The so-many-hundred-thousand men who are in the army now will probably be in the army after their year of service is over.

The house of representatives, by the narrow margin of one vote, passed the bill extending the training period from one year to 18 months. The bill will be worked over by a joint committee of the House and Senate, and then sent to the White House for the President's approval. He is expected to sign the bill with little delay.

At the same time, Hall County got another call for four men, to report September 29 to Fort Bliss, W. J. Bragg, clerk of the local draft board, said this week. The call for four men was the 23rd. The 24th call, also issued, is for colored men, and Hall County has no quota.

Questionnaires have now been mailed to all of the July 1 registrants, Mr. Bragg said, and these men will be eligible to answer the September call. The new registrants have ten days in which to return their questionnaires.

The army extension bill will affect 195 Hall County men. Of these, 57 have been sent to the army through the draft board, and the other 138 volunteered their services either to the regular army, navy, or marines. The 138 men gave Hall County as their home address.

The new bill calls for the extension of service of draftees, national guardsmen, reservists, and army enlisted personnel. It also grants a \$10 bonus for each month spent in the army beyond 12 months. In addition, it removes the limitation of 900,000 upon the number of draftees who may be simultaneously in the army. All of these provisions were included in the Senate bill passed last week.

All registrants in Texas who have been deferred from military service were urged this week by Gen. J. Watt Page, state director, to offer their full assistance to state and local civilian defense agencies.

Many young men have been granted deferments, because of their occupations, because they have dependents, or because they are not physically capable of undergoing service in the armed forces, General Page said. Nevertheless, he added, they are qualified to perform some work in connection with civilian defense activities and should offer their services to existing agencies or those which are being organized.

By granting certain men deferment, Congress, when it adopted, (Continued on page 12)

A 17-year-old Oklahoma girl was fatally injured, and a Hall County man and one other hurt in a two-car accident on Highway 62, halfway between Hollis, Okla., and Midway Sunday night.

The girl who was killed was Miss Astelene Hill, daughter of Mr. and Mrs. John A. Hill of McQueen, Okla. She died in a Hollis hospital early Monday morning of head injuries received in the accident.

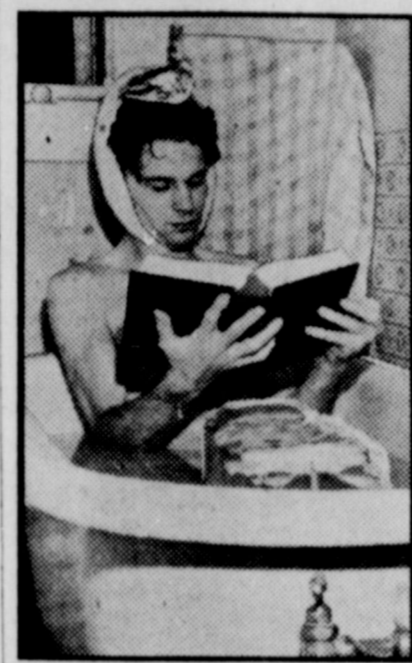

Earl Gilchrist of Lakeview suffered fractured ribs in the accident, and was brought to Memphis for treatment. Jesse Downing of McQueen was released from the Hollis hospital Monday following treatment of injuries. Six others involved were only slightly hurt.

Gilchrist was driving one car, and was accompanied by Miss Jo Aduddell, E. C. Moore, and Jake Lamkin, all of Lakeview, and one other man whose name was not learned. Driving the other car was Carl R. Downing of Stillwater, Okla., and riding with him were Miss Hill, Jesse Downing, and Doyle Snow.

Both automobiles were headed east on the highway, and the car driven by Gilchrist crashed into the rear of the Oklahoma machine.

Downing told Sheriff Dick Moore of Childress that his lights went out and he was drawing to a stop just as the crash occurred. Tracks indicated the cars collided on the right side of the highway. Both cars were badly damaged.

The crash was the first fatal accident on the Hollis highway in several years, and brings the total for the Panhandle patrol district to 57 for the year.

**STUDYING**—With school starting over Hall County, the above picture may give some of the students an idea of how to study and remain cool at the same time. The student above is Bill Vickers, University of Kansas student, who believes in keeping cool.

## USDA Forecasts 1941 Cotton Crop At 10,817,000 Bales

### Prediction Represents Decrease in Production From Cotton Crop of '40

Although this particular county's cotton crop prospects are much better than in 1940, the U. S. Department of Agriculture forecast the nation's crop for this year as less than that of last year.

The forecast was based on conditions of August 1, and set the crop at 10,817,000 bales of 500 pounds gross weight. Production in 1940 was 12,566,000 throughout the nation. Average production for the past ten years is 13,457,000 bales.

The census bureau, in its first ginning report of the year, announced that 1,966 running bales of cotton, counting round as half bales and excluding linters, had been ginned from this year's crop to August 1. Last year at the same time 32,187 bales had been ginned, and two years ago as (Continued on page 12)

## Nazarene Church Revival Services To Start Sunday

### Rev. Land of Fort Worth, Former Memphis Pastor, To Be in Charge of Revival

Revival services at the Church of the Nazarene in Memphis will begin Sunday morning, Rev. D. M. Duke, pastor, announced this week.

Conducting the services will be Rev. Herbert Land, evangelist of Fort Worth. Rev. Land, a former pastor of the Memphis Nazarene Church, will arrive Monday and deliver his first sermon Monday night.

Rev. John L. Knight, district superintendent of Mineral Wells, will be in Memphis Sunday morning to conduct services, and will probably remain for Sunday night, Rev. Duke said. While in Memphis, Rev. Knight will announce the Nazarene pastor for the coming year.

Rayburn Jones, young Memphis musician, will furnish the music for the services. The singer has not yet been selected, Rev. Duke said.

Young people's services are also planned, although the time for the meeting has not been set. Morning preaching services will begin at 10 o'clock, and evening services at 8 o'clock.

The meeting will be held in the open, between the church building and the parsonage.

## Mrs. D. C. Brooks Dies in Wellington

Mrs. D. C. Brooks of Wellington, 89, mother of Mrs. J. M. Lane of Memphis, died Tuesday at Wellington.

Funeral services were held from the family home in Wellington at 4 o'clock Wednesday afternoon under the direction of Kelo Funeral Home, and at 6 o'clock in Memphis under the direction of Womack Funeral Home. Interment was in Fairview Cemetery.

Mrs. Brooks was well-known in Hall County. She and her husband attended the Old Settlers Reunion each year. Two years ago, the couple attended the reunion, and on the first day of the celebration Mr. Brooks observed his 70th wedding anniversary and his 93rd birthday.

## County Agent Explains Poisons for Leafworms

### SHOWERS BRING COOL WEATHER

#### More Than Inch of Rain Falls During Weekend; 96 Degrees Is High Mark

Cooler weather prevailed this week, following slightly more than an inch of rainfall in Memphis last Friday and Saturday.

The moisture total for last Friday was .37 of an inch, while .75 of an inch fell Saturday during the brief, but heavy showers. The temperature failed to reach 100 degrees during the week, although Monday afternoon the 96-degree mark was reached. Nights were also somewhat cooler, with the lower mark of 60 degrees recorded Wednesday night by J. J. McMickin, local weather observer.

Temperatures for the week are as follows: Wednesday high, 90, low, 60; Tuesday, 90-65; Monday, 96-70; Sunday, 90-67; Saturday, 84-64; Friday, 92-66.

Cotton crops throughout Hall County appeared to be the best in years, and most farmers agreed that the cotton can do without more moisture for two or three weeks.

Leafworms were reported in some sections of the county, and County Agent W. B. Hooser outlined methods suggested by the Texas A. and M. Extension Service of combating the menace of the worms.

**BACK TO WORK**—Secretary of State Cordell Hull goes back to work after an illness which kept him from his desk for two months.

## County 4-H Boys Attending Camp At Lake McClellan

### Three-Day Encampment Features Recreational And Educational Phases

Representatives of the Hall County 4-H Clubs, along with sponsors, left Wednesday morning for Lake McClellan to attend the district summer encampment Wednesday, today, and Friday.

The boys were chosen on their records of achievement during the past year, County Agent W. B. Hooser explained.

The three-day encampment will feature swimming, boating, fishing, games, rifle matches, project demonstration, and talks on agriculture. The speeches will be made by leaders in agricultural work throughout the state, and will deal with various phases of livestock and crop management.

Twenty-two counties will be represented, and an attendance of about 250 is expected.

Hall County attendees attending the encampment are as follows: Newlin, Paul Reed; Salisbury, J. A. Isbell; Memphis, Holmes Posey, Don Q. Tarver, and Jackie Lee Blum.

Lesley, Don Hillis and Carroll Fowler; Lakeview, Leo Wiley; Brice, J. McAnear, C. O. Shepherd, and Luther Pitman; Pliska, Edward Shirley; Parnell, Marvin Dunn.

Weatherly, Eddie January and Gale Stephens; Buffalo Flat, Leonard Adams; Bride Bit, Lawrence Bockleman and Burl Harlan; Turkey grade school, W. D. Stewart and Charles Russell; Turkey High School, Sonny Mullin and Jimmie Miller.

## County Board to Meet Saturday

The Hall County school board will meet Saturday morning in the Courthouse at 9 o'clock to complete work in setting the bus routes, County Superintendent Tops Gilreath said this week.

In the Monday session, the board heard protests to transfer applications, classified several schools which had not already been classified, and set several of the bus routes.

## Budget Hearing of County August 25

The budget hearing before the Hall County Commissioners Court will be held Monday, August 25, from 10 o'clock in the morning until 2 o'clock in the afternoon, Judge M. O. Goodpasture announced this week following a meeting of the commissioners Monday.

Taxes for the coming year will be set, it was announced, and the levy will be about the same as last year. It was hoped that the levy might be reduced, but excessive rains have made more road work necessary, and the reduction is hardly expected to be possible.

## INSECT DANGER IN COUNTY HIGH

### Calcium Arsenate Supply Short This Year; Other Poisons Are Explained

With the increase of leafworms endangering this year's cotton crop and with the shortage of calcium arsenate, usually used in controlling the worms, County Agent W. B. Hooser this week outlined substitute measures which may be utilized.

The leafworms this year are so common throughout the cotton-producing areas that calcium arsenate is very scarce, the county agent said, and substitute poisons are being suggested by the Texas A. and M. Extension Service.

The substitutes, however, are very dangerous to use, and the Extension Service assumes no responsibility, it was emphasized. It is thoroughly understood that the cotton grower is using this material at his own risk, Mr. Hooser said.

Calcium arsenate, as a dust, should be applied at the rate of 5 to 7 pounds per acre—if this poison can be obtained.

Lead arsenate may also be used, although it kills much slower. Lead arsenate is applied in the same manner as calcium arsenate, although the dusting qualities may be improved if lime, talc, or clay is added to the mixture.

Paris Green is the third of (Continued on page 12)

## E. W. Gillenwater Dies at Home Here Of Heart Attack

### 46-Year-Old Resident Had Lived in Memphis Since 1907; Rites Not Set

E. W. Gillenwater, 46, resident of Memphis since 1907, died Tuesday night at about 8 o'clock after an illness of only two or three hours. A heart attack was pronounced as the cause.

Mr. Gillenwater had worked during the day, and was ill only a short time before his death. He had not been feeling well for several days, however.

Time for the funeral services had not been definitely set this morning, although they will be held either Friday afternoon or Saturday. Interment will be in Fairview Cemetery under the direction of Womack Funeral Home. Services will be conducted by Joe Findley, Christian Church pastor, assisted by Rev. S. F. Martin, Baptist pastor.

Survivors include his wife; two children, E. W. Jr., and Frances Jane; one brother, J. B. Gillenwater of Chase, Kans.; and four sisters, Mrs. Sam West of Memphis, Mrs. C. H. Silvey of Vega, Mrs. M. G. Woody of Ingleswood, Calif., and Mrs. B. H. Catterlin of Tulsa, Okla.

Mr. Gillenwater was born September 15, 1894, at Saint Jo, and moved to Memphis in 1907. He served with the U. S. Army during the World War.

Since living in Memphis, he had been manager and salesman for the Radford wholesale grocery firm formerly located here, and for the Noble Bros. wholesale grocery firm, also formerly located in Memphis. He had been engaged in farming near Memphis for the past several years.

## Harp Takes Over New Court Job

Allen Harp, former state representative of the 121st district, Wednesday began his duties as district court of the 100th judicial district court.

He succeeds Herman Hill, who is now employed in Amarillo. Harp is a native of Kirkland, and served one term as state representative, after which he sought re-election in last summer's election. He was living at Lakeview at that time.

For the past year, he has been in Amarillo taking a course in shorthand and stenographic work.

# Society News

## Reunion of Cooke Family Held at Park in Memphis

The Cooke reunion was held in the City Park Thursday, August 3. Plans were made to meet annually the first Saturday and Sunday in August in Memphis.

Those attending were Mr. and Mrs. J. B. Cooke and son Clifton of Clinton, Okla.; Mrs. Inez Sargent and son Billie of Weatherford, Okla.; Mrs. Logan Selle of Hobart, Okla.; Peggy Medders of Clinton, Okla.

Mrs. Addie Lawrence and daughter, Mrs. Thelma Caton and sons, Charles and Raymond, of Oklahoma City; Mr. and Mrs. Le Roy Lancaster of Fletcher, Okla.; John Baker and sons, Virgil and Burl Clyde, of Lawton, Okla.

Mrs. I. Leslie of Houston; Mr. and Mrs. E. H. Jones of Dumas; Mrs. Lora Johnson and children Doris, Peggy, and Roy of Estelina.

Mr. and Mrs. A. H. Jones and children, J. E. Herman, Faye, and Belva, Mr. and Mrs. J. W. McQueen and children, Imogene and Billie, Mr. and Mrs. Oise McQueen and children, Jerry and Darlene, Mr. and Mrs. Winfred McQueen and daughter Unita Jean of Memphis.

Guests were Mr. and Mrs. L. L. McQueen and children, Velma and Thelma and L. L. Jr. of Lindsay, Calif.; Ben Hardin, Mrs. Burk, Ruby Oakley, and Dorothy Francis of Memphis.

## Annual Reunion of Rea Family Held in Childress Park

Descendants of James and Mary Rea met for their annual reunion Saturday and Sunday at the Fair Park in Childress. Children present included Mr. and Mrs. John A. Rea of Rochester, Mr. and Mrs. W. T. Rea of Kirkland, Mr. and Mrs. H. T. Rea of Memphis, and Mrs. Meda McLain of Crowell.

Mrs. Nannie Bogers of Sweetwater and Mr. and Mrs. J. A. Rea of Post were the children unable to attend.

The relatives and guests present included Myrtle Rea of Lakeview; Mr. and Mrs. Roy Rea of Memphis; Mr. and Mrs. W. H. Reed, Mr. and Mrs. W. H. Reed Jr., Shirley Nell, Katharine, Margie, and Earline Reed of Memphis; Mr. and Mrs. Rex Rea of Memphis; Doris Reed of Memphis; Mr. and Mrs. J. D. Evans of Memphis.

## Baptist S. S. Class Meets in Home of Mrs. Lloyd Phillips

The Homemakers class of the First Baptist Church met in the home of Mrs. Lloyd Phillips, with Mrs. George Thompson as co-hostess last Thursday.

Mrs. J. E. McPhearson brought the devotional. Mrs. May Mason led in prayer. Mrs. Mary Bownds and Mrs. Shirey Patrick sang "Wonderful Peace of My Savior." Mrs. Patrick had charge of the social hour.

Refreshments of punch, cookies, and salad were served to Mesdames J. W. McCulloch, Beatrice Patrick, George Carroll, J. E. McPhearson, Oran Adcock, Cecil Harrell, Herschel Stewart, Bennie Jackson, Happy Osborn, Byron Baldwin, Oris Gilreath, and Mary Bownds, Frank Goffinet, Hooper Shaw, Shirey Patrick, Murray Dial, May Mason, and the hostesses, Mrs. Lloyd Phillips, and Mrs. George Thompson.

## Bandana For Barrie

Bright and cheery as Wendy Barrie herself is this playtime frock selected by the RKO-Radio star. Bandana-like cotton fabric of red, splashed with green and yellow flowers, styles the gathered peasant skirt and halter top. The refreshing blouse of white cotton broadcloth features eyelet embroidered ruffling at the high neck and on the puffed-out sleeves.

## Mrs. A. D. McCrory Honored at Dinner On 90th Birthday

Honoring her mother, Mrs. A. D. McCrory, on her 90th birthday anniversary, Mrs. Sid Baker entertained with a dinner at her home Sunday at noon.

Those present were J. R. Neis of Hooker, Okla., Mrs. W. R. Baker, Miss Margaret Ann Baker, Mr. and Mrs. Warren Dinwiddie and daughter Elizabeth of Amarillo, G. N. Scruggs of Wellington, the honoree, Mrs. McCrory, and Mr. and Mrs. Sid Baker.

## Salisbury Sewing Club Has Picnic At Memphis Park

The members of the Salisbury Sewing Club and their families gathered at the City Park Saturday night for a picnic.

Those present were Mr. and Mrs. Ernest Lee and son Bobby; Mr. and Mrs. C. A. Williams and children, George and Louise; Mr. and Mrs. E. W. Solomon and family; Mr. and Mrs. Barney Lockhart and children, Joan and Ralph.

Mr. and Mrs. Cecil Lockhart and son G. W.; Mr. and Mrs. C. L. Mixon and family; Mr. and Mrs. Alfred Hutcherson and family; Mr. and Mrs. E. L. McQueen and son E. L. Jr.; Mr. and Mrs. Ted Barns and daughter Norma.

Mr. and Mrs. Edd Hutcherson and son Bobby; Mr. and Mrs. L. I. Davis and daughter Ila Sue; Mr. and Mrs. Ira McQueen and sons; Mrs. Isabelle and family; Mr. and Mrs. Olson Sweatt and daughter Zora Mae; Mr. and Mrs. J. W. Longshore.

Mr. and Mrs. C. E. Lockhart; Mr. and Mrs. Alvin Phillips; Mr. and Mrs. Rhubert Wynn; Mrs. J. R. Mitchell and family; Mrs. R. A. Hutcherson; Mrs. George Bass; Mrs. Ted Richards and son; Miss Irene Hutcherson; Miss Claudia White; William Moss; and J. C. McBreder.

## Gammage Needle Club Meets With Mrs. C. T. Jarvis

Mrs. C. T. Jarvis was hostess to the Gammage Needle Club last Thursday afternoon. The afternoon was spent quilting.

Those present were Mesdames L. A. Stilwell, Dot Webster, W. S. Malone, D. P. Webster, Ed McMurry, E. H. Stanford, Bill Monzingo, E. N. Mason, and Miss Wacile Mason, and the hostess, Mrs. Jarvis.

The next meeting will be with Mrs. M. N. Smith on Thursday, August 21.

## Plaska Needle Club Meets in Home of Mrs. L. A. Bray

The Plaska Needle Club met in the home of Mrs. L. A. Bray Tuesday, with three visitors present. The afternoon was spent doing various kinds of needle work.

Those present were Mesdames L. A. Bray, E. E. Foster, Doyle Hall, Harold Hodges, C. W. Jones, W. L. Nabers, Hubert Hale, T. J. Spry, W. L. Crawford, Adcock, and Misses Fay Adcock and Billie Renfro.

The club will meet August 12 with Mrs. J. E. Murdock.

## Rev., Mrs. E. Evans Are Given Supper At Memphis Park

Rev. and Mrs. Emmitt Evans and family were honored with a picnic supper at the City Park Wednesday evening, August 6.

The supper was given by their relatives.

Those present were Mr. and Mrs. J. B. Evans, Kermit Evans of California, Mr. and Mrs. A. J. Fowler, Ozelma and Clydeene Fowler, Mrs. Maggie Holcomb, Rev. and Mrs. M. O. Evans and children, Mr. and Mrs. Elvin Phillips and children, Mrs. J. D. Jones and J. D. Jr. and Rev. and Mrs. Emmitt Evans and family.

## Hints on—WHAT TO WEAR

**COTTON LACE "MUST" IN SMART WARDROBE**

For a gay vacation, cotton lace dresses are almost a "must" item in a woman's wardrobe. The National Cotton Council reports that laces are particularly for vacation wear because they do not crush when packed.

For dancing, starched laces with petticoat flounces make a most attractive evening dress. Especially adaptable to afternoon wear are the fabric-like laces in soft tailored styles which can be washed. For ultra-sheerness and ultra-fashion, the Council recommends the filmy chantilly and shadow laces in such colors as grayed green and corn yellow.

## Functional Styles for Farm Women

Designed expressly for farm women who do hard, active work, these 1941 styles have been introduced by Clarice Scott, clothing expert of the Department of Agriculture's Bureau of Home Economics. A practical outfit for all-round protection, left, has bibs front and back to hold the apron in place. For heavy work, the field suit, center, allows freedom of movement. Legs of the coverette, right, can be buttoned around the ankles. It's of cotton seersucker, for coolness and ease in washing.

## Miss Billie Whiteside of Amarillo Given Bridal Shower at Irvin Johnsey Home

Miss Billie Whiteside of Amarillo, bride-elect of Henry Boyd Newman, son of Mr. and Mrs. H. H. Newman of Memphis, was complimented with a bridal shower Tuesday evening, August 5, at the home of Mrs. Irvin Johnsey in Memphis.

The hostesses for the occasion were Mrs. W. F. McElreath, Mrs. Lloyd Phillips, Mrs. B. B. McMillan, Mrs. T. J. Hampton, Mrs. Lloyd Byars, Mrs. Jerry Wright, Mrs. Glenn Thompson, Mrs. Brice Webster, Mrs. Eugene McElreath, Mrs. Bess Crump, Mrs. C. F. Srygley, Miss Neville Wrenn, and Mrs. Irvin Johnsey.

The program consisted of a violin number by Miss Lowena Moore, "Ah Sweet Mystery of Life," Carole Jean Delaney sang "Peggy O'Neal," and "Playmates." Mrs. T. M. Harrison read "Waiting for the Groom," by Ada Davidson.

The presentation of the gifts was made in the form of a skit. DeRema Byars, dressed as a little nurse, discovered Miss Whiteside's pulse to be fast. She then called the doctor, Charles Johnson, who wrote a prescription. The prescription was filled by Omer Johnsey, pharmacist, and the gifts were presented through the pharmacist's window.

The bride-elect was accompanied by her mother, Mrs. John Whiteside of Amarillo, and the groom-elect's mother, Mrs. H. H. Newman of Memphis.

Those present and sending gifts were: Mesdames George Greenhaw, John W. Fitzjarrald, Barney Burnett, D. L. C. Kinard, R. F. Garrett, E. N. Hudgins, R. C. Walker.

Mesdames Elmer Prater, J. M. Hammond, H. B. Estes, S. O. Greene, Ernest Lindsey, R. H. Wherry, Otho Fitzjarrald, Charles Lacy, Orville Goodpasture, O. M. Cosby.

Mesdames Charles Webster, Garold Kunkler, D. L. Johnson, Maudie Whitley, J. A. Odom, S. T. Harrison, Leo Fields, A. S. Moss, Bertha Patrick, Quintus Posey.

Mesdames Bob Roberts, Oris Gilbert, E. Paul, C. C. Hodges, E. S. Foust, Frank Foxhall, Henry Newman, Oren Jones, W. C. Millam, Burl Smith.

Mesdames N. A. Hightower, Charles Owen, Art Miller, J. S. McMurry, Marion Long, Leonard Doss, Morgan Baker, O. V. Alexander, Henry Scott, C. E. Gowan, Sam Hamilton.

Mesdames O. N. Hamilton, Andy Simmons, J. L. Barnes, C. H. Compton, J. Ira Foster, Barney Wattenbarger, R. S. Greene, Henderson Smith.

Mesdames Roy R. Fultz, Albert Gerlach, Adrian Burkhalter, George Hammond, A. Womack, Frank Wright, Glen Carlos, Mary Bownds, C. W. Broomes.

Mesdames W. C. Dickey, W. C. Davis, Tomie Potts, Homer Tucker, J. E. Roper, M. McNeely, Alfred Freeman of Oklahoma City, Irvin Johnsey, Earl Pritchett, D. A. Neeley, Guy Smith.

Mesdames T. M. Harrison, H. B. Gilmore, Jack Jarrell, J. M. Elliott, John Whiteside of Amarillo, A. S. Kenyon of Amarillo, C. M. Crawford of Dallas, C. L. Simmons of Hollis, Okla., H. E. Tarver.

Mesdames W. E. Johnsey, Angus Huckaby, Elmer Fisher, A. W. Howard, Bess Crump, B. B. McMillan, Lloyd Phillips, Floyd McElreath, Eugene McElreath, Lloyd Byars, Glenn Thompson, Brice Webster, T. J. Hampton, C. F. Srygley, Jerry Wright, Dan Mc-

## G. M. Thom Given Party 77th Anniversary

George M. Thompson celebrated his 77th birthday with a picnic on the evening of the 15th at the lots north of town.

Those present were Mrs. George M. Thompson and Mrs. B. B. Baker, James, Mr. and Mrs. Thompson and daughter and Maurine, Mr. and M. Thompson Jr. and Laura Mae, Betty, III.

Mr. and Mrs. Billie Whiteside, Mrs. S. T. Harrison, Louie Thompson, Erson, Mrs. J. E. Neal of Memphis, Mrs. B. B. Owens of Memphis, and Mrs. Joe Brown of Memphis.

## Twins Are Given Buffet Supper B. M. Durrett

Mr. and Mrs. B. M. Lakeview entertained with a buffet supper, August 1, honoring the twins, Sam and Ed, on their 50th anniversary.

Those present were Mrs. Wesley Whiteside, Mrs. Oscar L. Farnsworth, Mrs. John D. Reed, Mrs. C. C. Crozier, Mrs. Sam Lakeview, and Mrs. B. B. Durrett.

**Jobs Open**  
**CIVIL SERVICE**  
With the national defense program of the United States opening up large numbers of jobs of varied types almost daily, the Civil Service Commission is asking for applications, Glynn Thompson, local secretary of the board of examiners, has announced.  
Here's a listing of a few of the jobs for which applications are now being taken (further information may be obtained from Thompson at the Memphis post office):  
Border patrolman, \$2,000 a year, employment in the Border Patrol, Department of Justice.

**That Reminds Me**  
**BY RALPH HERBERT**  
ABOVE the roar of thunder and the swish of the rain, we could hear the muffled beat of drums. Past our office window flew a thin line of men, two by two, marching with inexperienced steps.  
Youngsters of a "cub" life and drum corps led the parade. There were 123 selectees in the group, on the way to the railroad station from the Armory. Alongside several of them marched women, hand in hand, sharing the discomfort of the rain in order to gain a few precious moments of companionship.  
They were rather proud, these boys. You could tell it from the way they stepped along and from the way they held their heads high. Each carried a suitcase with his name chalked on it, and a cardboard box in which each had his first Army supper.

THUS did they march off to become part of our new Army. They must have been conscious of their mission in life as they took last glances at the buildings of their home town. There was no joshing, not even a whisper in the ranks.  
They had come from all parts of the city, from every walk of life. Each had a stake in this democracy. They were preparing themselves for an important part in its defense.  
The scene has been repeated many times in many cities. All through the summer, quiet parades of a similar nature will be held, and quiet farewells will be said. It's a touching scene—one that reaches the heart of every onlooker.

Without fanfare, without fuss, our boys are starting forward on fateful adventures in a fateful year. We who sit in our offices, plow our farms, and man our lathes should doubly resolve to do all we can to back them up. Each of us must, without fuss or fanfare, do our allotted tasks as resolutely as the boys who have marched away from towns in every part of the country are doing theirs.

**4,909 Boys, Girls Leave NYA Work For Private Jobs**  
**Employment Service Gets Position for Majority Of Those Finding Jobs**  
Four thousand, nine hundred and nine boys and girls left National Youth Administration projects in Texas for jobs in private industry the first six months of 1941, state NYA Administrator J. C. Kellam said this week.  
Of this total—a majority of whom were placed in private employment through the Texas State Employment Service—1,124 obtained jobs in June, representing nearly 30 per cent of the 3,785 placements made the first five months of the year.  
Steadily increasing emphasis on work experience designed to help meet the needs of defense industries, the NYA is cooperating with the TSES and the State Board of Vocation to speed up the

national defense training program in Texas, Kellam pointed out.  
Kellam said the jobs which these 4,909 young people obtained ranged from helper in the metal, shop and mechanical trades to power sewing machine operator, and that the NYA jobs left vacant by these youth are being filled by other boys and girls who are unemployed, out of school, and in the need of the work experience provided by NYA projects.

**DARING DESTRUCTION TEST**  
*in Fearful Death Valley*  
Gives New oil a Plain Record for Long-Lasting Protection  
  
Why 5-Quart fill—none added—lasted 13,398 miles... Certified  
When you're wringing wet these days, just think of Death Valley. It holds the official U.S. record of 134° hot. Wild animals there rarely come out in the heat of day. You'll admit that's a hotspot for testing any motor oil. And that's exactly where 6 representative oils got a fair trial for their lives—to give you up-to-date certified mileage figures.  
**NEW CONOCO N<sup>th</sup> MOTOR OIL gave more than Twice the mileage averaged by all others tested**  
This Death Valley mileage record is today making sales records for Conoco N<sup>th</sup> oil—popular-priced. And here's how this oil was proved for you in advance—by a daring Destruction Test:  
6 identical new stock coupes were broken in alike. Test officials had checked engines, part by part, insuring uniformity. The Referee bought 5 big-name oils at retail. The other oil was the same new Conoco N<sup>th</sup> that you can buy today.  
The Referee put one strict 5-quart fill in each engine; locked it up tight. Never a drop could be added.  
All cars ran 57 miles an hour—in the same Death Valley desert—on the same sizzling days. Drivers switched around to even up human factors. Impartial observers eyed every move—every mile.  
**CERTIFIED** I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.  
A. M. Jackson  
Consulting Engineer, who during Academic year is Professor of Automotive Engineering, Purdue University  
without trying to "stretch it out," you still ought to save plenty on Conoco N<sup>th</sup>. For you can figure by the record that Conoco N<sup>th</sup> can take you a whale of a way between quarts. Change today at Your Mileage Merchant's Conoco station. Continental Oil Company—Pioneers in Bettering America's oil with Synthetics  
**AND CONOCO N<sup>th</sup> OIL OIL-PLATES YOUR ENGINE!**  
Long the keystone of Conoco success, OIL-PLATING comes from another great Conoco synthetic... man-made under the famed Germ Processed oil patent. By magnet-like action, OIL-PLATING is bonded to inner engine parts. Then it can't all drain down—not even overnight—not while you use Conoco N<sup>th</sup>. So OIL-PLATING is a guard against wear in advance... and helps mileage, as it did in Death Valley. An OIL-PLATED engine is one more economy you get from a change to popular-priced new Conoco N<sup>th</sup> oil.  
**Man-Made new Economy aid in Conoco N<sup>th</sup>**  
In this patented oil there's an extra life-giver. Man-made. It's full name is Thiolen inhibitor—an inhibitor being something that does the job of keeping a thing in check. Now your engine's normal explosions can't help causing foul leftovers. These must be properly kept in check to keep them from making your oil "fester," get weak and pass out. But you know how Conoco N<sup>th</sup> oil "beat the rap" in Death Valley. It stood up better... by as much as 161%. Of course you're not in the business of test-driving, doing all the most furious things. You just want to run every fill right up to as many miles as qualified authorities say is safe for your car. And  
**CONOCO N<sup>th</sup> MOTOR OIL**

# Buy Now While We Have It!

MEN'S AND BOYS' SHIRTS, SHORTS, BRIEFS  
Per Garment 15c

For months we have been planning for our fall selling season and now our store is full of merchandise of that same honest standard that we have always unflinchingly maintained. PENNEY stores are for families... for every member of the family... for home owners... for people who live simply, but well! We make no pretense of catering to the "luxury" trade... and we sell no 'cheap' merchandise. But between the two there are those excellent qualities that the great majority of thrifty people want... AND HAVE EVERY RIGHT TO DEMAND... for the money they spend.

# PENNEY'S

J. C. PENNEY COMPANY, Incorporated

SENATOR TOM CONNALLY

### Senator Connally Foreign Relations Committee Head

Is First Texan Ever to Gain Honor; Has Been On Committee Since 1931

Texas' senior senator, Tom Connally, has been elevated by the Senate of the United States to head the powerful foreign relations committee. Senator Connally is the first Texan to gain this distinctive honor.

Connally was first assigned to the foreign relations committee of the Senate in 1931. In ten years he has advanced from a position of twentieth on the committee to the chairmanship. Before being elected to the Senate Connally served on the foreign affairs committee of the House.

The foreign relations committee, rated one of the three most important committees of the Senate, works in conjunction with the President and Department of State to form and to enforce the foreign policy of the United States, a matter of topmost importance at the present time. In their natural course, matters to be taken to Congress relating to foreign policy from the President or the State Department pass through the hands of the chairman of the foreign relations committee.

All treaties before the Senate for ratification are first passed

### INDIAN CREEK

By MRS. NORA VANDEVENTER

Harold Hoggatt of Fort Sill, Okla., left Monday for his home after visiting his father and sister for several days.

Mr. and Mrs. F. J. Gardenhire spent Saturday night at Pampa with their son, F. J. Jr.

Mr. and Mrs. Jesse Vick and family visited in the T. V. Floyd home Saturday night.

Mr. and Mrs. C. Vandeventer had for their guests Sunday Mr. and Mrs. R. W. Crawford and daughter Fleta of Amarillo, and Mrs. Myrtle Turney of Austin. Mrs. Turney and Mrs. Crawford are sisters.

Mr. and Mrs. Bud Hoggatt of Memphis spent Sunday visiting his father.

Orville Vandeventer, son of Claude Vandeventer of Santa Barbara, Calif., is slowly recovering after an operation.

Mr. and Mrs. Olson Sweat and daughter Zora Mae of Salisbury, Mr. and Mrs. Will Jenkins, Mr. and Mrs. Randal Ratenburger of Sweetwater, Okla., visited their brother and uncle, Mr. and Mrs. J. E. Jenkins and cousin, Mrs. Mary Gardenhire and family.

(Too Late for Last Week)

Harrell Hoggatt of Fort Sill, Okla., is here for a few days with his father and other relatives.

Chester Carson from Fort Clark arrived Saturday for a visit with friends and relatives here.

Mr. and Mrs. Claude Vandeventer and Mr. and Mrs. E. H. Watson and family visited in the Clarence Rogers home near Lesley Sunday.

Mr. and Mrs. W. E. Henry and family spent Sunday in Lakeview with their daughter, Mrs. Irene Robertson.

Rev. Albert Cooper and family visited Mrs. Josephine Tyler and sons, Harry and Don, Sunday.

Norene Vick returned to her home in Clarendon the past week. Ruby Gardenhire spent Saturday night with Nora Nell Lockhart.

Eggs provide proteins of a quality which are easily and quickly digested, absorbed and used in building and mending tissues.

upon by the foreign relations committee. Recent legislation or national interest which the committee has handled has been the Neutrality Acts and the Lend-Lease Act.

SINGER—Jeannie Lane, cowgirl who sings with the Harley Sadler show which opens August 20 for two nights in Memphis. The show is under the auspices of the American Legion.

### Sadler Show Here August 20 and 21

Harley Sadler and his stage show will appear in Memphis for two nights only, starting Wednesday, August 20, under the auspices of the local American Legion.

Besides his plays, Sadler will present a modern orchestra, and vaudeville features which consist of a number of radio, stage, and recording stars.

The doors will open at 7:15 o'clock at night, and the vaudeville program starts at 8:10.

Popular prices will again prevail. Children will be admitted for 10 cents and adults 20. Special reserved chairs are 10 and 20 cents extra, government tax included.

### ELI

By VALDA SMITH

Sunday School and preaching service were well attended Sunday morning. The revival meeting began here last Wednesday night with Rev. Milton Evans, pastor of the Baptist Church, officiating. The meeting will continue through this week. Every one is invited to attend these services.

Mrs. Wade Patrick is visiting her daughter, Mrs. L. D. Mack and family, in Lubbock this week. Joe Miller was a business visitor in Amarillo Thursday of last week.

### THE JOHNSONS GIVE THEIR LANDLORD A TIP: silence helps keep apartments rented

Business? DON'T ASK ME! SIX APARTMENTS THERE GOES MY YEAR'S PROFIT

WHY DON'T YOU REPLACE YOUR NOISY OLD AUTOMATIC WITH GAS REFRIGERATORS? YOU'D SAVE ON YOUR PRESENT OPERATING COST AND REPAIRS... AND GIVE YOURSELF A STRONG SELLING POINT OVER COMPETING APARTMENTS

HOW COME GAS REFRIGERATORS CAN DO ALL THAT FOR ME?

THEY'RE DIFFERENT FROM ALL OTHER AUTOMATIC REFRIGERATORS. SERVEL ELECTROLUX HAS NO MOVING PARTS IN ITS FREEZING SYSTEM TO WEAR OR MAKE A NOISE... BECAUSE A TINY FLAME DOES ALL THE WORK.

A MONTH LATER

I TOOK YOUR TIP, MR. JOHNSON, AND HERE THEY ARE—EIGHTEEN OF THEM. I'M GOING TO ADD "GAS REFRIGERATION" TO MY "APARTMENTS FOR RENT" SIGN. I CHECKED WITH OTHER LANDLORDS WHO HAVE SERVELS, AND THEY AGREE IT HELPS RENTALS

YES AND IT'S THE MOST BEAUTIFUL, MOST CONVENIENT REFRIGERATOR I'VE EVER USED, TOO. WE HAD ONE IN THE LAST PLACE WHERE WE LIVED. WHY DON'T YOU INVESTIGATE?

THAT'S RIGHT, NOT A SINGLE MOVING PART AND LOOK AT THE CONVENIENCES. 3-POSITION SLIDING SHELF... AUTOMATIC CUBE RELEASE... GLASS COVERED VEGETABLE PRESERVERS... MANY OTHERS

EVERY YEAR, more and more people had experience with other makes... The Gas Refrigerator "stays silent longer"—because its freezing system has no moving parts to wear or make noise.

different from all others

MOVING PARTS TO WEAR

PERMANENT SILENCE

CONTINUED LOW OPERATING COST

SEVERAL YEARS OF DEPENDABLE SERVICE

THINGS THAT PAY FOR IT

REFRIGERATOR WITH A 10-YEAR GUARANTEE ON THE COMPLETE FREEZING SYSTEM—ALSO WORKS ON BOTTLE GAS

# Half Million Texas Farmers to Get Cotton Stamps

### State AAA Officer Says \$8,000,000 to Be Given For Cutting Cotton Acres

About one-half million Texas cotton growers will exchange an estimated \$8,000,000 of cotton stamps this year if they use all they qualify for, B. F. Vance, administrative officer of the state AAA, has announced.

Cotton growers, who reduce below the smaller of their 1940 planted acres or 1941 cotton allotment, are eligible to receive stamps at 10 cents per pound times the normal yield on the acres voluntarily reduced. The stamps may be exchanged for cotton goods at stores cooperating in this program.

The supplementary cotton program, for which \$25,000,000 was allotted, is designed to reduce cotton acreage still further than is provided under the 1941 agricultural conservation program. Participation in the program is optional with cotton farmers. The final date for indicating participation in the voluntary program was June 14, and the first stamps were distributed July 21.

Due to excessive rains at planting time, and floods over the state after cotton had been planted, a larger per cent of Texas cotton growers are qualifying for stamps than had been anticipated, Vance said.

Already many countries in the state are issuing stamps to cotton growers to be used for the exchange of cotton goods with the maximum peak expected to be reached in a few days since 1941 farm compliance checking in the state is about 50 per cent completed. Cotton acreage on individual farms must have been measured and approved before the stamps are issued as this is the only manner possible to determine the amount of voluntary reduction.

Provisions under the supplementary program limited the amount of stamps to \$25 for producers interested in one cotton crop, and \$50 for farmers interested in more than one cotton crop, AAA official said.

#### MEETINGS SCHEDULED

The primitive Baptist church will meet Saturday and Sunday, August 16 and 17. All are invited to attend, T. M. Griffin, pastor, announced.

Advertise in The Democrat!

## Future Readers of The Democrat

Mr. and Mrs. K. F. Smith of Lakeview are the parents of an 8 pound, 12 ounce girl, born August 12.

### Locals and Personals

Sidney and Tom Landers Jr. of Lubbock, and Mr. and Mrs. R. L. Ballard of Tulla visited in the home of J. A. Elliott and family Sunday.

Kernit Evans of South Gate, Calif., visited friends and relatives here last week. His parents, Mr. and Mrs. Emmitt Evans and family, returned home with him.

Mrs. L. B. Mauden has returned from San Antonio, where she has been studying advanced piano work, with Gladys Calder Brooks, head of the piano department of the University of San Antonio. Mrs. Mauden will resume her classes here about September 1.

Cleo Jones and family visited John Jones and family last Thursday night. They were en route to their home in California after visiting relatives in East Texas and Arkansas.

Miss Minnie Flores of Shreveport, La., and Fred Smithson of Denton spent last week-end visiting Misses Bernice and Eloise Elliott.

Mr. and Mrs. Horace Dunlap and son of Dallas have been visiting their parents, Mr. and Mrs. A. A. Dunlap, the last week.

Mrs. B. J. Martin of Fort Worth is visiting her parents-in-law, Rev. and Mrs. S. F. Martin, this week.

Mr. and Mrs. Marion Long and Mrs. E. J. Paul spent last week-end visiting relatives in Erick and Elk City, Okla.

Miss Owen Gilmore and Gene Lindsey attended the wedding of Miss Martha Jeanne Henry of Wellington to G. T. Harris Jr. of Hobbs, N. M., in Wellington last Friday night.

Rev. B. J. Martin of Fort Worth visited in the home of his parents, Rev. and Mrs. S. F. Martin, Monday.

## CHURCHES

Mr. and Mrs. Herbert Greer of Childress spent Wednesday in the A. A. Greer home.

Mr. and Mrs. Calvin Durnell and two sons of Elkhart spent

## Birds Flock to Sanctuary

### SIGHTS WORTH SEEING

Bonaventure Island, in Canada's Gaspé region at the mouth of the St. Lawrence, is a bird sanctuary to which sea gulls and gannets come by the thousands. Visitors enjoy the beauty of Gaspé's red cliffs and red pinnacles which are in striking contrast with the blue waters and green pines. Scenic highlights include many-hued Perce Rock and the village of Gaspé.

Last week in the home of her parents, Mr. and Mrs. J. C. Long-bine.

Dow Curtis, son of Mr. and Mrs. Noah Curtis, became ill suddenly Saturday with a heart attack. He was rushed to a Memphis hospital, but is reported to be improved this week.

Mr. and Mrs. B. N. Mason and children of Oklahoma City, who have been spending the summer here with her sister, Mrs. Jo Eddins, returned to their home this week.

Mrs. E. B. Wallace is ill this week. She was carried to a hospital in Memphis Monday. She has pneumonia.

Buster Gailey has returned from his vacation.

Mrs. Durward Moorhead and

## Two From Newlin To Get Degrees

Maggie Sutton and Jack W. Sutton, both of Newlin, will be awarded bachelor of science degrees at the 53rd annual graduation exercises of East Texas State College in Commerce August 18.

Miss Sutton has completed a major in education with a minor in history, and Mr. Sutton majored in history, with social science as a minor.

A total of 367 students will receive bachelor degrees, and 108 will be awarded advanced degrees.

**WEDLOCK BROKEN**—The 72-year-old wedlock of Mr. and Mrs. D. C. Brooks, pioneer Wellington couple, was broken Tuesday night with the death of Mrs. Brooks. The couple observed their 72nd wedding anniversary July 27. Mrs. Brooks was 89, and Mr. Brooks is 95. Both are well-known in Hall County, and at the 1939 Old Settlers Reunion, Mr. Brooks spoke on the first day of the celebration. On that day, he was observing his 93rd birthday and his 70th wedding anniversary.

## Mrs. Grundy Is on Baptist Program

Mrs. D. A. Grundy of Memphis will direct the Woman's Missionary Union and its auxiliaries in study classes each morning, when the 16th annual session of district 10 Baptist encampment is held at Ceta Glen the week of August 18-24, it was announced this week.

Inspirational speaker for the program this year will be Dr. W. R. White, president of Hardin-Simmons University of Abilene. A number of other outstanding speakers will also be on the program.

## Owen Speaker at Rotary Meeting

Joe H. Owen, representative of the Kraft Cheese Company who is organizing milk routes for the new factory, was guest speaker at the regular Rotary luncheon Tuesday in the First Christian Church.

Mr. Owen stressed the importance of dairy development, and outlined the value of cleanliness in milk production. Several farmers of the county were guests at the luncheon.

## Pioneer Countian—Comments—

(Continued from page 1)

nett family moved to Texas in 1898 and settled in Comanche County.

In 1902, they moved to Hall County and settled at Hulver, and in 1913 the family moved to Estelline where they had lived since that time.

## Pioneer Countian—Comments—

(Continued from page 1)

installation of machinery is going rapidly forward, and the officials hope to be buying milk before the end of August. This is one institution that farmers and business men alike are anxious to see in operation.

Crop prospects in Hall County continue good, even though most of the cotton is late. Good growing weather and proper conditions during the rest of the growing season may result in a heavy yield. We are all hoping.

My 36 readers probably are tired of reading my pleas to the citizens to get rid of the weeds on the business and resident lots in Memphis. After hearing the comments of a few of them I have decided to lay off after this week, even though the whole town becomes so weed-filled that one cannot find his own home. My decision has been reached after hearing of the comments of a few of the weed owners who say the weeds suit them all right. There has been several near accidents at street intersections because of weeds blocking the view. But after this, auto drivers are warned to look before crossing, for I am not going to say any more about weeds. My parting shot is: Let's change the slogan of "Memphis, The Friendly City" to "Memphis, The Weedy City."

The caretaker at Fairview Cemetery urges people to burn weeds on their own lots, otherwise the fire may spread over the cemetery and damage or kill shrubbery and flowers.

Bill Phleguer of West Main street has found out that the man who brags about running things in his house usually refers to the lawn mower, washing machine, vacuum cleaner, baby buggy and errands. Bill also says the only time a group of women remain silent is when the chairman asks the oldest women present to speak up.

## 'M' SYSTEM FIRST

# NEWLIN

By MRS. FRED HEMPHILL

## Church Announcements

Rev. R. H. Goodnight of Wellington preached at the local Baptist Church Sunday in the absence of the pastor, Rev. L. J. Crawford, who is away holding a revival. Rev. Cole will begin services Thursday night for the Methodist revival. Rev. John Crow of Paducah will arrive Sunday to take charge of the services.

## Loose Eye

Tom Landers, a former resident of Newlin, had his right eye removed in a Lubbock hospital last week as a result of an accident which occurred several weeks ago when a piece of steel pierced his eye-ball. It was thought the injury could be treated successfully, but it became necessary to remove the eye to save the sight of the other one. He will be able to return to his home this week.

## Mothers Club Meets

With Mrs. Kellison  
Mrs. W. L. Kellison and Mrs. Bill Kesterson of Memphis were hostesses to the Newlin Mothers Club Thursday at the home of Mrs. L. E. Vardy here, at the regular all-day meeting. The day was spent in quilting and piecing a quilt for each hostess. The covered-dish luncheon was served picnic-fashion. At the business session two gifts were auctioned for \$1.15 each. Several guests received their polyantha gifts. It was voted to hold the annual picnic at the Memphis park Friday evening after 6 o'clock. Club adjourned to meet with Mrs. Martin in September.

Those present for the occasion were Mrs. Sam L. Smith and daughters, Jewell and Rebecca, Mrs. D. W. Lawrence, Mrs. W. C. Jarrell, Mrs. M. C. Martin, Mrs. Clarence Moore and daughter Yvonne, Mrs. Frank Ellis, Memphis, Mrs. M. P. Moore, Mrs. G. B. Mullins, Mrs. Sidney Koeninger, Mrs. D. C. Messick and son D. C. Jr., Mrs. G. E. Nelson, Mrs. W. L. Crabtree, Mrs. George Dickson, Mrs. Felix Jarrell and daughter Patsy, Mrs. A. A. Odum, Miss Audrey Jarrell, Mrs. B. L. Gresham, Mrs. Lewis Hamilton, Mrs. Jim Berryman, Mrs. Alton Elliott, Miss Mary Gresham, Mrs. Fred Hemphill, Mrs. L. E. Vardy and the hostesses, Mrs. Kellison and Mrs. Kesterson.

## Equalization Board Meets

The Equalization Board of the Newlin School District met in an all-day session at the Newlin School last week to notify all taxpayers of the changes in their tax rates. The board will meet again Saturday, August 16, and all persons interested in protesting any changes that might be made are urged to appear before the board at that time.

## Mothers Club Has Picnic

Members of the Newlin Mothers Club, with their husbands and families, met at the Memphis park Friday evening with well-filled picnic baskets and spread their lunch together, played games, and visited for several hours. Some 25 families were represented with about 60 persons present.

## Correction of Item

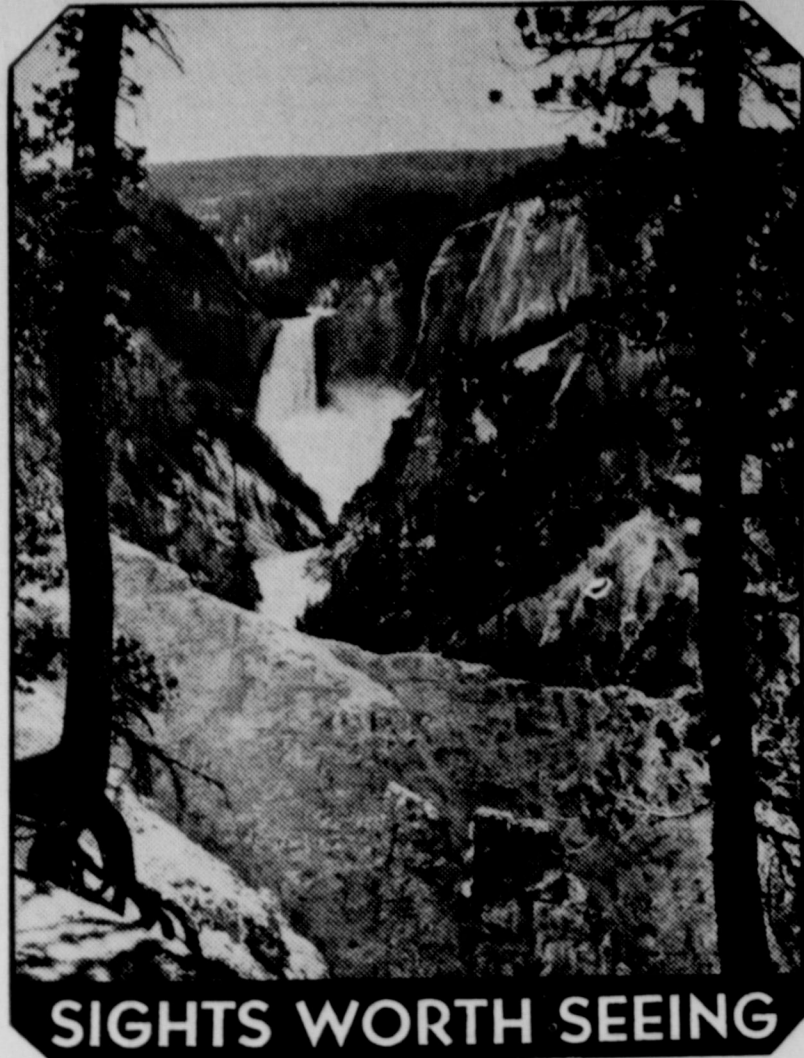

The item concerning the Humble Pipeline Company's repair, which appeared in last week's issue, stated that the cost of the repairing of the pipeline across Red River was \$10,000, but it should have been \$110,000.

## Visitors

Mr. and Mrs. Clevis Wheeler and daughter Wylene of Plainview visited Mr. Wheeler's parents, Mr. and Mrs. E. V. Wheeler, Friday of last week. They had come to attend the funeral of Mr. McMurry of Lakeview.

Mr. and Mrs. W. E. Ballard and sons, W. E. Jr. and Louis of Tulsa, and Mr. and Mrs. Robert Lee Ballard and daughter Carolyn Ann, also of Tulsa, spent the week-end with their parents and grandparents, Mr. and Mrs. Pete Ballard. Mr. and Mrs. Lewis Harper and children, Raymond, Lewis Edwin, and Jan, accompanied by Mr. and Mrs. W. J. Harper, spent the week-end with their sister and daughter and family, Mr. and Mrs. Ivan Gresham at Munday. Louise

# Yellowstone Park Is World Wonderland Of Beauty

SIGHTS WORTH SEEING

Scenic wonders of Europe seem insignificant by comparison with Yellowstone's breath-taking beauty. Yellowstone river gorge is impressive in its magnitude.

## BY WINIFRED CLARK

YELLOWSTONE NATIONAL Park has rightly been called the "Wonderland" of the world. Dramatically beautiful, the Yellowstone region so impressed the Indians that they called it "Burning Mountains" and regarded it as the home of might, vengeful spirits.

Yellowstone is not only the first and oldest of our national parks, but it is the largest and most famous as well. It contains some 3000 geysers and hot springs, mountains, forests, glaciers, rivers, waterfalls, canyons, petrified trees, streams and lakes.

A great variety of wild animals and birds inhabit the park.

Its streams are noted for their bountifulness of trout. The park is one and one-half times the area of the state of Delaware.

Yellowstone covers one of the most scenic areas in the Rockies. Its most popular attractions include Mammoth Hot Springs, whose great rainbow-lined terraces have been sculptured by the water which cascades down their brilliantly colored sides. Thirty miles of geysers, the most famous of which is Old Faithful, bewitch the park.

Lake Yellowstone, the Grand Canyon of the Yellowstone, the Cody road—all are major attractions to tourists, who come in great numbers and from great distances.

Gresham returned home with them for a week's visit.

Bob Wasson of Salinas, Calif., is here visiting relatives.

Mrs. Monroe, who underwent a major operation in a Memphis hospital last week, is improving nicely.

Little Fred and James West of Lubbock returned to their home Sunday after a ten-day visit with their grandparents, Mr. and Mrs. Clarence Powell. Their parents, Mr. and Mrs. W. E. West, have been vacationing in Taos, N. M.

Mr. and Mrs. Cecil Hunter of Boston, Mass., are here visiting Mrs. Hunter's sister, Mrs. Jack Brumley. They plan to make their home in Texas.

Roy Lee Harper of Sudan is visiting his grandparents, Mr. and Mrs. W. E. Glover and Mr. and Mrs. W. J. Harper.

## Fifty Years in Sunday School

A record of 50 years of regular Sunday School attendance, broken only by an occasional illness, is something that is seldom attained by one person. That is the enviable record of Aunt Jennie Ballard, who is one of the few living persons to help organize the first Sunday School here, and has been a regular attendant since. The birthday offering, which is a regular feature of the Methodist Sunday School, was the occasion of Aunt Jennie's 79th birthday and fifth anniversary in Sunday School. She made a talk, advising the young people, children and parents to give their lives in the service of the Lord early, to have a happy profitable life. I want to take this means of pay-

# Perryton to Have Birthday Party

To the tune of military music and with swinging arms in beat, soldiers from Oklahoma's Fort Sill, and cavalry units from the El Reno Remount station will follow Governor Coke Stevenson here August 22 in what is expected to be the most colorful parade ever staged in the north Panhandle and to commemorate the 22nd birthday party of this city, according to Mayor W. H. Lance, general chairman in charge of the celebration.

Some 35 bands from as many cities will be in the colorful procession, Glenn Truax, band chairman and director of the Perryton Ranger Band, has announced, and this number is expected to swell before parade time.

Lawrence Elzy, rodeo chairman, at last is realizing his ambition to make the Perryton Amateur Rodeo the largest amateur show in the Panhandle and from the list of entries pouring in, that dream will be realized this year. The show is open to any amateur who has not contested in a professional show since January 1, 1940. The rodeo starts on the afternoon of August 21.

ing a special tribute to you, Aunt Jennie, for your good influence in our community, and on your 79th birthday may I say for the whole community: "Happy Birthday."

# PERSONALS

C. E. Headstream is visiting Bill Pletcher in Perryton this week.

Mrs. R. R. Fulford of Springfield, Mo., is visiting her parents, Mr. and Mrs. S. S. Shelton, and a brother, Victor Shelton and family. Mrs. Fulford is also visiting friends and relatives in Lakeview.

Mr. and Mrs. D. L. Johnson and son Charles David took their daughter Ruthie, Betty Lindsey, Gwendolyn Coursey, and Billy Jo Prater to the Methodist camp at Ceta Glen near Canyon Sunday.

Mrs. Gertrude Roundtree of Abilene is visiting her mother, Mrs. J. T. Hicks, this week.

Mrs. C. E. Headstream and daughter Lucy are visiting her parents, Mr. and Mrs. W. W. Williamson, in Lavin this week.

Mrs. A. Anisman and son Sheldon returned Friday night from Pittsburgh where they visited relatives.

J. C. Turner of Amarillo visited in the home of Mrs. Allie D. Weaver and daughter Rebecca Ray last week-end.

D. P. Hale left Sunday for Canyon where he will be employed. Mrs. Hale and daughters will join Mr. Hale later.

Beatrice Russell spent last week-end with her parents, Mr. and Mrs. Jess Russell, in Turkey last week-end.

Johnny Moseley left Monday for Amarillo where he will be employed.

Mr. and Mrs. Orville Goodpasture were business visitors in Willow, Okla., Sunday.

E. D. Garner of Los Angeles Calif., visited friends here Monday morning.

Mr. and Mrs. Mark Anthony and daughter Barbara of Altus, Okla., visited his sister, Miss Mae Anthony, from Saturday until Tuesday.

Mr. and Mrs. C. W. Broome and Mrs. B. Webster visited Edgar Scott Webster and George Broome in Littlefield and Anton last week-end.

Mr. and Mrs. R. H. Wherry, Mr. and Mrs. J. E. Spence of Grape-land, and their daughter, Mrs. Ike Daniel and son Jack of Houston, left Tuesday for Colorado where they will spend a few days.

Jimmie Bownds is visiting his cousin, Dr. J. H. Williamson in Henrietta, this week.

Misses Eva Mae Holcomb and Thelma Lemmons visited Mr. and Mrs. C. D. West in Shamrock Sunday.

Mrs. E. P. Thompson and daughter Martha were Amarillo visitors Friday.

Mr. and Mrs. Charlie Webster left Tuesday morning for Colorado on a vacation.

Mrs. Paul Nash of Azle and Mrs. Ella Upton of Plainview are visiting in the home of their father, J. W. Durham, who is ill.

Visiting Monday in the home of Mr. and Mrs. Lee Thornton were Mrs. Tom McHan of Charlotte, N. C., Mr. and Mrs. Pete Bailey and Mrs. Haynes of Atlanta, Ga., and C. J. Bernard of Floydada. Mrs. McHan is a niece of Mr. and Mrs. Thornton.

Mr. and Mrs. E. J. Davis of Carter, Okla., visited their daughter, Mrs. C. W. Irvin and family, here Sunday.

Buster Helm and Wendell Harrison went to Sylvester Sunday after Mrs. Harrison, who has been visiting relatives there.

A. Anisman left Monday night for Colorado, where he will spend his vacation.

Mr. and Mrs. Lee Guthrie, and Mrs. H. B. Bennett and son Guthrie visited relatives in Pampa Tuesday and Wednesday.

Roy Forkner of Amarillo came Saturday night for a visit with his father, Sam Forkner. Mrs. Roy Forkner came Tuesday after her husband, and they went to Lubbock to visit other relatives.

Mrs. Daisy Coleman, Coleman Thompson, Miss Mary Coleman, Coleman Lester, and Miss Roby Lester of Willis Point visited Mrs. S. T. Harrison Tuesday.

Herman Hill of Amarillo visited his wife here last week-end.

Mr. and Mrs. C. W. Crawford of Amarillo and daughter, Mrs. Myrtle Tumey of Austin, visited their cousin, Mr. and Mrs. E. C. Year, Sunday.

Whit Johnson, city secretary of Childress, was a visitor here Tuesday. He visited the city park and expressed surprise at the progress that has been made in developing the park.

Mr. and Mrs. G. E. Harshberger and daughter Dolores of Pottsboro, and Miss Maurine Goodpasture of Vernon visited in the home of Judge and Mrs. M. O. Goodpasture last Thursday. Mrs. Harshberger is a sister of Judge Goodpasture, and Miss Goodpasture is a niece.

It's Cheaper at WHITE AUTO STORE.

# Four Areas for Classing One-Variety Cotton Grown in Texas Announced

Texas is given four areas in the one-variety cotton improvement and marketing program for cotton grown in the United States, which the Department of Agriculture announced recently.

The areas, with the variety being grown, are: Wharton County—Delta and Pine Land variety; Red River County—Rowden variety; Delta-Lamar area—Rowden variety; and South Plains area—Paymaster variety.

"Government classing offices will be set up at El Campo, Clarksville, Paris, and Floydada to serve each of the four areas, and growers should receive quick classing," said M. C. Jaynes, cotton work specialist of the A. and M. College Extension Service. "All farmers in the program are eligible to have their cotton classed, but they do not have to sell it. Their cotton can go into the loan, or they are at liberty to dispose of it wherever they can get the highest price."

Under the plan, up to 225,000 bales produced in 1941 in selected one-variety areas, will be made available to domestic and foreign spinners in even running lots composed wholly of cotton from the same areas.

The marketing division of the Department of Agriculture will make an agreement with a shipper designated by the growers, who will act as buyer, to take over a portion of the cotton from each area, Jaynes said. The present plan of the department is to purchase between 7,500 and 10,000 bales in Wharton County; 10,000 bales in Red River; 15,000 in Delta-Lamar; and 10,000 in the South Plains. Should the loan be under the market, Jaynes added, the purchases probably would not exceed one half of the estimated amounts.

The program provides federal payments of \$2.35 a bale for un-compressed cotton and \$2.75 for compressed to cooperating agencies which assemble the staple and deliver it to domestic or foreign spinners. These payments are to compensate handlers for the extra cost involved in employing the new and improved marketing methods required under the program.

According to the Department's announcement the cotton will be handled from grower to spinner in accordance with the latest approved practices. These practices include ginning, special wrapping, compressing, official sampling and classification. Bales must be completely covered and undamaged

by the compress. Officials of the marketing division expect the program to demonstrate to spinners that one-variety cotton properly handled is more desirable for spinning and more economical to use than cotton assembled and handled under usual commercial conditions. Under the 1940 program, 106,475 bales were assembled.

Mixing salt with other chemicals increases their preservative action in curing skins and hides, according to scientists in an Eastern research laboratory.

Dormitories built for industrial defense workers at Orange are beginning to fill, reports the housing coordinator for the Farm Security Administration.

# for MODERN living

In the early days, medicine show quacks sold crude oil for a dollar a bottle as a cure for all human ills. Today hundreds of essentials for modern living are made from oil. It supplies heat for the home. It provides power for the Nation's machinery and transportation. It lubricates the gears of industry. It furnishes fuel for your car. It has shortened distances to make our Nation one big community.

America is safer today because of petroleum. The oil man's initiative and enterprise have made available to the United States the world's largest supply of petroleum.

In all this, Texas plays a leading part. Last year we supplied 36 per cent of all the Nation's oil, and now have over half of the Nation's oil reserves.

You and every American live more comfortably and safely today because of Texas petroleum.

# MODEL 'TEXAN' HOME OF CAMERON COMPANY TO BE OPENED AUGUST 23

The model Cameron-Built "Texan" home at 620 South 7th street will be open for public exhibition throughout the week beginning Saturday, August 23, D. J. Morgensen, local manager of Wm. Cameron and Co., sponsor of the home, announced this week.

There will be no admission charge, and the visiting hours will be as follows: Sunday, 1 to 8:30 o'clock; week days, 1 to 8:30.

Representatives of the sponsor of this modern, low-cost home will be on hand to escort visitors through the rooms, explaining all construction features and answering any questions the visitors might have.

This rather unusual home was designed by Cameron's Home Planning Department and was built by E. Bean, constructor. Sub-contractors were the following: Angus Huckaby, plumber; V. A. Thompson, painter; E. H. Godfrey, concrete work; Bill Ragsdale, electrical.

The home has 5 rooms, including the living room, dining room, kitchen, two bedrooms, bathroom, hallway, and six closets; Full length windows in living room and dining room; Mirror door dressing combination in bed room; and venetian blinds throughout the house.

One of the most important necessities in a modern home is plenty of built-in-cabinets and woodwork specialties. The "Texan" is equipped with the nationally famous Ideal step-saving kitchen completely built-in. It also has Ideal built-in medicine cabinet, telephone cabinet, ironing board, China cabinets, and linen cabinet. Ideal windows, doors, window and door frames, screen doors, window screens, and interior woodwork trim are used throughout.

The floors are Bruce oak flooring. The roof is 18-inch No. 1 perfection edge grain, red cedar shingles.

Minnesota brand paints, enamels, and varnishes, selected and

handled exclusively by Wm. Cameron and Co., were used throughout. Wallpaper consists of choice selections from among Cameron's "1941 Smash Hits." The foundation is guarded by approved metal termite shields to exclude termites and all other crawling insects.

"This is one of 36 Cameron-built 'Texan' model homes throughout Texas which will be open for public inspection" said Mr. Morgensen. "Government statistics show that about 80 per cent of the adult population of the United States earn less than 2,500 a year. Certainly these people cannot afford the more expensive homes which are being offered the buying public and, for this reason, Cameron is giving special attention to the building of small, high-quality homes containing a maximum of livability, comfort, and beauty to meet the need for low-priced, real-value homes."

# Bouquet to Hanvey—Receipt of Grapes Gives Climatic End

After the receipt of the twin squash, twin cucumbers, and Syrian quays here in The Democrat office, the climax has now come.

J. R. Hanvey brought in a basket of ripe (and delicious) grapes, which we consider the final and climatic touch to the flood of foodstuff to the office. The others brought in were somewhat peculiar, but Mr. Hanvey's was far from peculiar.

When he brought the grapes in, he said, "If these are not better than cucumbers, then just don't mention it."

(Notice we mentioned it.)

Mr. and Mrs. D. H. Davenport received a message from Stratford that their son-in-law, Horace DuValle, who was in a car wreck Sunday morning, August 3, received painful injuries. They left immediately for Stratford.

Mrs. Sam Leechin of Luling and Mrs. Ben A. Wagner of San Antonio are visiting their sister, Mrs. John D. Reed, this week.

Mr. and Mrs. James S. Skinner and Mr. and Mrs. Lee Skinner visited in Vernon last Saturday and Sunday.

Mr. and Mrs. Major McCanne and Mrs. Ina Boren were business visitors here Monday.

Mr. and Mrs. Ross Springer and son Don visited their niece, Mrs. Donald Brown, in Bushland and also their sister, Mrs. John Lawrence at Logan, N. M.

Mrs. John Eiele and son John Jr. of Roy, N. M., are visiting her parents, Mr. and Mrs. Lyman Davenport.

Mrs. Jess Woodall and son R. D. of Electra visited this week with her brother, Ross Springer, and parents, Mr. and Mrs. George Springer.

John Capp and Henry Moore went to Elk City to take Mrs. Capp's parents home, Mr. and Mrs. Manse Evans. The have been visiting here the past week.

Mr. and Mrs. Raymond Cartwright spent the latter part of last week visiting with his parents in McLean.

Mr. and Mrs. Ted Montgomery and family, Patricia and James Albert; Mr. and Mrs. Roy Gilreath; Mr. and Mrs. Roy Sneed and daughter Alma Marie; and Mrs. Turner and daughter Patsy were

## Protects Your NATURAL GAS SUPPLY!

★ It is natural for people to take for granted the comfort, convenience, and happiness made possible by Dependable Natural Gas Service. If this service were as easy to provide as it is to use and pay for, that viewpoint would be justified.

★ The fact is, however, our organization works many years ahead of the demand for Gas in the territories we serve. The job requires the energies of thousands of trained, skilled employees... more than 5,000 miles of carefully laid, welded and coated pipe lines as well as other extensive facilities...

... billions of feet of Natural Gas reserves... capable management by men who have had long and valuable experience in this business. All this activity doesn't just happen—it is, and has been for years, carefully planned.

★ This Company and associated Companies consider it part of their business to protect your Natural Gas supply... constantly to seek new Gas reserves... explore, drill and test... to plan ahead carefully and thoughtfully in order that our customers may receive this dependable service today, tomorrow, and in the years ahead.

DEPENDABLE NATURAL GAS SERVICE DOESN'T JUST HAPPEN!

## YOU'RE STILL IN THE ARMY

WHATEVER MAY BE your opinion on the extension of service for draftees, the government is hardly breaking faith with the soldiers.

Section 2 of the law reads: "Each man inducted under the provisions of subsection A shall serve for a training and service period of 12 consecutive months, unless sooner discharged, except that whenever Congress has declared that the national interest is imperiled, such 12-month period may be extended by the president to such time as may be necessary in the interests of national defense."

The extension of service, then, could be made by the president, provided Congress declared a period of national emergency. Instead, however, Congress is taking the initiative and extending the time by writing an amendment to the present selective service law.

There are two sides to the question, of course. First, it seems that the United States would be foolish to break up its present armed forces by releasing the men upon the completion of their year of training. Things abroad look pretty dark at present, and the U. S. may need its army—and a well-trained one, too.

The other side is also plain to see. Many of the men already inducted figured on only one year of training. Some of them have businesses which they left for only a year, not more. Some of them probably are planning on being married as soon as they get out. Extension of their time will certainly interfere with the plans of many.

But after all, these men can do little kicking. They helped elect the Congressmen who pass the laws which are affecting them.

ooOoo

## COTTON HOSIERY?

THERE'S TO BE some changes made in the designs of women's hosiery, and all because of one little man who calls himself Adolf Hitler and who is causing the various changes being made in all walks of life.

Since the cutting off of silk for hosiery, the Office of Production Management has announced an emergency program requiring rayon yarn producers to set aside immediately an amount equal to one-tenth of their daily output for allocation among the manufacturers of hosiery and other products heretofore made largely or wholly of silk.

More important to cotton producers, however, should be the announcement of the Department of Agriculture. At last—if the idea gets over okay—some of the surplus cotton is to find a worthwhile and large market.

The department has been carrying on for the past three years various experiments in designing cotton hose for women. As a result, it now has 150 designs ready for release to manufacturers, and 260 more in preparation.

The designs range in variety and weight from cobweb mesh for dress wear to plain knits for every-day use. They call for combed, gassed, and mercerized yarns spun of long-staple American cotton. Practically all can be woven on the same machines now manufacturing silk and synthetic hose.

Cotton hose, then, may become popular if nylon production is now speeded up. Nylon, too, may be taken over for use in parachutes and other military equipment, and the field will be left for cotton again.

## BOUQUETS TO YOUTH

WE JOIN OTHERS in congratulating the two youths, Charles Williams Jr. and J. R. Mitchell Jr., in their receipt of the Lone Star Farmer degree recently.

The degree is the second highest offered by the Future Farmers of America organization, and represents much work and study on the part of the young men who receive it.

These young men have used much of their time in earning their Lone Star Degrees. They did not do all of their work in the FFA classes at school. They spent their spare time at home in preparing themselves to become future farmers on a high scale.

Modern youth has many advantages which youth in former days did not have. Some of the young men of today fail to take advantage of these opportunities, but most of them do. The two young Hall Countians are two who did take advantage of the opportunity which knocked at their door.

## Press Paragraphs

CULLED FROM THE DEMOCRAT'S EXCHANGES

**Patriotism**  
The Liberty Vindicator: If Liberty cafes would swap off their honky-tonk records for "God Bless America," "America," and other red-blooded songs, coffee would taste better.

**...**  
Virginia Anderson in the Shamrock Texan: After some real hard thinking of how we could cooperate in the "V" for victory campaign, we decided to take some vitamins. Now they can count on our stamina in the crisis.

**The War**  
Lynn County News: The Germans are just on the point of winning a smashing victory over the Russians, to hear the Germans tell it, and the Russians have decisively defeated the Germans on almost every front, to hear the Russians tell it. There may be a big break soon that will reveal to all the world just what is really happening in the German-Russian conflict, but unless there is such a break, it would seem that it will take Hitler a long time yet to reach Moscow, or to crush the Russians even if Moscow is reached—and besides, it will not be long until another long, severe Russian winter will be coming on. Hitler must win soon or not at all.

**Safety Help**  
The Iowa Park Herald: Gasoline prices are apt to increase. New taxes on gasoline may cause an additional boost in price. But we can offset these increases, so far as our own expenditure for

gasoline is concerned, if we go slower as prices go higher. The chief objection to speed always has been from the danger viewpoint. Speed is the leading cause of accidents. This new incentive to stop speeding may, in addition to aiding the gasoline problem, also result in the saving of many lives.

**Only One for Adolf**  
E. E. Hayley in the St. Jo Tribune: Remember this. Your defense dollar will buy 16 cartridges for either a \$50 Springfield rifle or a new \$80 Garand rifle—and it'll only take one, well-aimed cartridge to get Herr Hitler.

**Idea**  
"Sketch" in the Menard News: Keeping mental cases out of the army is a good idea, but why not apply the same tests to all public servants?

**Feeding**  
The McLean News: Someone has pointed out that in feeding hogs, you have to put the feed trough lower, so they can get it. Might be some food for thought here.

**No Appropriations**  
The Panhandle Herald: From our observation of Texas soldiers can do better work in the Panhandle in the summer time than anywhere else because of the ideal climate. The dry winter climate works no hardships. People can stand dry winter at lower temperature than they can humidity with a few degrees higher temperature, which is true of so much of the state.

Let us hope that the 18th congressional district will not be left an orphan forever. With tens of billions of dollars being

## This Week's Birthdays

Aug. 16-23  
Marshall Field, of department store fame, was born on Aug. 18, 1835. Orville Wright, airplane inventor, was born on Aug. 19, 1871.

spent it seems that this region should be good for something besides paying taxes.

**A. E. F.?**  
The Monahan News: The recent statement by a British general to the effect that American manpower will be eventually necessary to lick Hitler, caused much speculation in this country. The British position, as stated by Mr. Churchill, has always been that the Empire needed only materials of war, not men. Whether that position will be changed, remains to be seen. Right now, there would be small chance of Congress authorizing another A. E. F.

**Youth**  
Carl Roeve in the Turkey Enterprise: Infant America seems to stay one step ahead of the older generation. Have you heard the one about the youngster who couldn't say "banana"? The only way he could make himself understood was by saying "peel it!"

**Round-A-Bout**  
Roy Hahn in the Briscoe County News: A lady asked me yesterday to ask the mayor to ask the people to ask their chickens to stay off other peoples yards. I have hereby asked. If said chickens are not kept up, I have invitation out to chicken dinner. By the way, the lady lives in the southwest part of town.

**You Ain't Fooling, Brother**  
Douglas Meador in the Matador Tribune: Despite my constant seize with the swatter, it seems that one more fly always manages to materialize.

**Left Town**  
The Menard News: Some people were impressed with the singing of the Negro choir here last week. They will probably be surprised to learn that the Negroes left town without paying their bills.

**Time**  
Iowa Park Herald: If we hope to be well-read, we must put our time on a very strict budget.

## Wasting of Foods Hampers Defense

Until each citizen of this country has an adequate diet, all wastes of food, big or little, are wastes of defense resources. This statement has been made by Mildred Horton, vice director of the Extension Service and chairman of the Texas State Nutrition Committee, in commenting on the national food conservation program recently announced in Washington.

Here are some suggestions for Texas communities cooperating in the program.

Every community should find out if local surpluses exist. People who can help with this are county agricultural and home demonstration agents, members of land use planning committees, local or regional representatives of the Agricultural Marketing Service, and boys and girls in 4-H Clubs and vocational agriculture and homemaking classes. These and other young groups can help both in locating and gathering food surpluses.

If surpluses exist, every community should determine whether the food can be stored or whether it is perishable, says Miss Horton. For example, things like lettuce, radishes, most greens, certain types of squash, and melons cannot be efficiently preserved, but they can be used immediately for playground lunches, nursery schools, and other community institutions.

Root vegetables (carrots, turnips, potatoes, onions and certain fruits like apples or pears if they are whole and unbruised) can be stored in sand banks or pits, cellars, basements, and home-made storage bins. Beans, corn, some fruits such as peaches and apricots, can be dried; other fruits and vegetables: tomatoes, peas, string beans, peaches, pears, berries, can be canned. Meat and many fruits and vegetables can be frozen and stored in freezer lockers.

No matter what preservation method is used, all precautions must be taken to assure that the food is properly preserved, Miss Horton emphasizes, for improperly processed food will spoil and all the effort will be wasted. Nearly every community has trained workers who can superintend food conservation work. Among them are home economics teachers, Farm Security home Supervisors, WPA and NYA supervisors who are directing community canning projects in many places and county home demonstration agents.

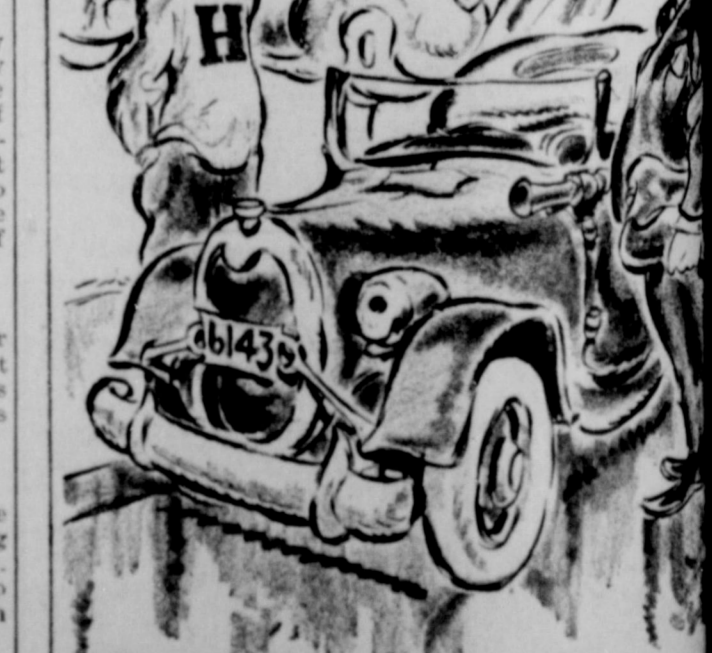

## Temperatures of Shelterbelts Vary

On hot, sunny days following rainy spells the interior of a green shelterbelt may vary as much as 20 degrees from a thermometer reading in the sun several hundred yards away, says W. E. Webb, state director of the Prairie States Forestry Project, whose headquarters are in Northwest Texas.

"When the thermometer reads 90 degrees under the sun, the green canopy often cools the temperature 70 degrees under the trees," he explains. Many of the belts planted in 1936, 1937 and 1938 make ideal picnic spots. Cottonwoods and some Chinese elms are now 15 to 30 feet high and provide excellent shade, while the green protective walls of shrubs and field rows keep the hot wind out.

A new seedless orange and a cold-resistant apricot tree are among plants recently patented. The orange is a bud sport of the variety known as the pineapple orange. It has many seeds, but the new fruit is seedless.

### Chemical Preservation of Peaches to Be Aim of Homemakers

ROGER M. KYES  
Farm Youth Foundation

With peach growers, consumers, grocers, and governmental agencies intent on distribution and consumption of Texas' bumper peach crop, homemakers will likely turn their attention to drying as a safe, economical means of preservation.

Grace I. Neely, specialist in food preservation for the A. and M. College Extension Service, says in one of her publications that most foods, if stored in a cool, dry place, will remain in a good edible condition for a year or more.

There are two methods which may be followed in drying peaches, drying in the sun or in a ventilated glassed in box. The latter provides a higher temperature and can be made a protection from the rain, while there is little control of temperature in the sun drying method.

As a rule, the specialist says, sliced peaches dry in three to eight hours; halved fruits in eight to 24 hours; and whole fruit in 18 to 36 hours. Often some pieces will dry before the rest, and in this case the thoroughly dried products should be removed and the remainder left in the dryer to complete the process. Fruit thoroughly dried has a "rubbery" texture.

When fruit is taken from the drying trays it should be "conditioned"—that is, it should be placed in deep containers and stirred each day for 8 to 10 days. Then before it is stored, the product should be heated for 30 minutes at a temperature from 150 to 180 degrees. All containers for storing dried foods should be sealed or closed tight, the specialist says. Further information about home-drying of foods can be obtained from county home demonstration agents.

### Locals and Personals

Mrs. J. W. McCulloch, Mr. and Mrs. Jake McCulloch, and James L. Allison of Estelina visited Mrs. J. W. McCulloch's brother, F. L. Allison in Lawton, Okla., last week-end.

Mr. and Mrs. Oran Starkey and son Dewlen of Wellington, and Mr. and Mrs. V. L. Taylor and children, Marion and Stanley, left Sunday for a vacation in Santa Fe, N. M.

A. G. Calahan visited friends in Haskell this week.

Miss Vivian Taylor is visiting Miss Frankie Dorene Russell in Canyon this week.

Miss Billie Whiteside and Henry B. Newman of Amarillo visited his parents, Mr. and Mrs. Henry Newman, here Monday night and Tuesday.

### That Reminds Me

BY RALPH HERBERT

**MORE** employment in the United States, meaning more wages, meaning more money with which to buy things, plus a program to help feed Great Britain—these things give a rosy tinge nowadays to the prospects of the American farmer.

The lads who do the juggling with statistics in the U. S. Department of Agriculture, are chock full of optimism as regards the one-time lean purse of the man who tilled the soil.

Recently the average monthly expenditure for defense was around 900 million dollars and still on the rise. Last year only about 17 per cent of this was being spent monthly.

With money in their pockets, people are going to find ways of spending it. Much of it will go for food and clothing. In addition, the Department of Agriculture is in the market for foodstuffs, partly for the relief and better nutrition programs of the government, but equally so to provide food for Great Britain under the Lend Lease Act.

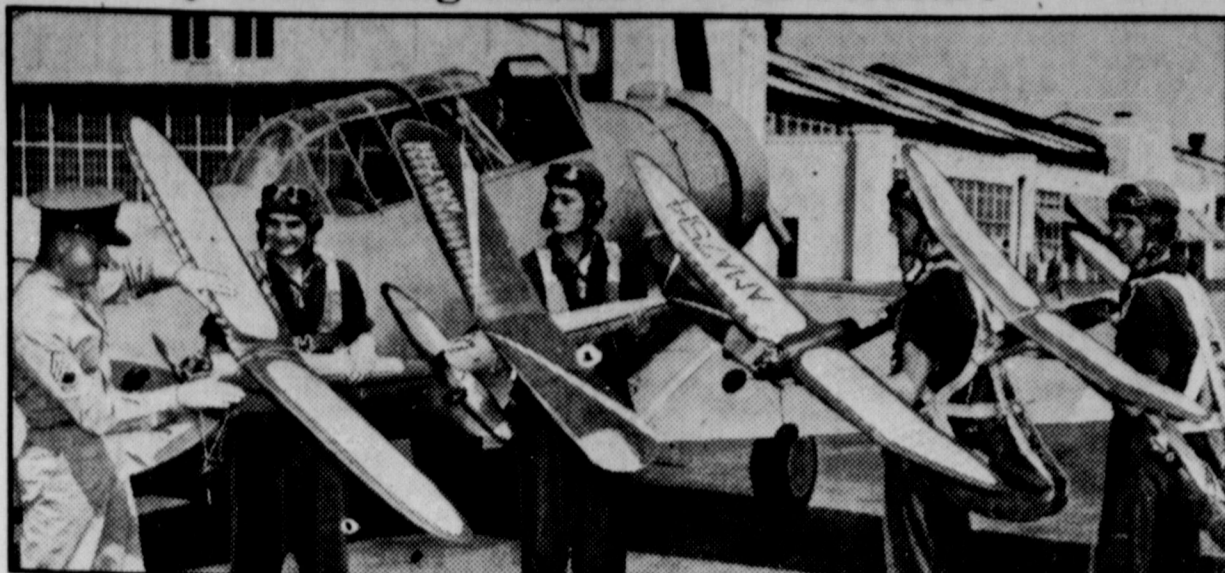

Of course, the farmer is not having it all his own way. Offsetting, in part, the higher prices he is getting for his products, is the fact that he is also paying more for commodities he needs and more for farm wages.

Taking 100 as the index number for the years 1910-14, in May of last year the prices the farmer received were 98 but the prices the farmer paid for things were represented by 123. So the ratio of prices paid to those received gives the buying power of farm products. It works out at 80 for May, 1940.

In May, 1941, the index figure for prices the farmers received was 112 and for prices he paid was 125. So the buying power of his farm products was 90, or 10 more than a year ago.

The government thinks there is every probability that high prices for farm products will continue to prevail for the balance of this year. This is true of fruits, vegetables, cotton, wheat and livestock. Farmers, who produce milk and vegetables, and factories which produce dried milk, cheese and canned vegetables will all probably prosper, because Great Britain has indicated a great need for exactly those things.

### Combining Business With Pleasure

Combining his knowledge of aeronautics with a desire for a hobby, Technical Sergeant Albert Lessard, Randolph Field, Tex., has built 35 model planes during the past two years, each of them authentic in every detail. Lessard demonstrates his models to four flying cadets.

### Yards of Fish

It takes a yardstick to measure this giant 196 1/2-pound marlin swordfish. Angler Ivan McKinley hauled this one in after a battle lasting almost an hour and a half, at Santa Catalina, Calif. Barbara Vokes, Detroit, Mich., does the measuring.

### Applications for Aid to Needy Blind Being Accepted at Welfare Office

The State Department of Public Welfare announced this week that applications for aid to the needy blind are being accepted at its local offices throughout the state. First applications were issued Monday.

Blind persons who are interested in filing applications for assistance should call at the State Department's local office in the county in which they reside and talk with the worker, who will be prepared to explain the eligibility requirements and accept applications.

Mrs. Jack Jarrell is the local worker for the State Department of Public Welfare.

In order to be eligible to receive aid to the needy blind an applicant:

- (1) Must be twenty-one years old or older;
- (2) Must be blind within the definition of the Department;
- (3) Must have resided in Texas continuously during the twelve month period immediately preceding the date of application and for four additional years out of the last nine;
- (4) Must not be an inmate of a public institution at the time of receiving aid;
- (5) Must not be publicly soliciting alms;
- (6) Must be in need of financial assistance;
- (7) Must be a citizen; and
- (8) Must not be an habitual drunkard or habitual criminal.

All applicants who are otherwise eligible will have to be given a medical examination to determine their degree of blindness before they can qualify for assistance on this point. The law requires that such an examination be given by an ophthalmologist or physician skilled in the treatment of diseases of the eye who is licensed to practice medicine in Texas and who has been approved by the State Department to make such examination.

These examinations must be made in accordance with certain specified procedures of the Department and must be reported on certain prescribed forms. For this reason, applicants are advised not to go to unnecessary expense in seeking examinations before discussing this procedure with the local worker. Full information concerning the examination will be given at the time the application is filed; and all applicants who are otherwise eligible will be furnished with authorization slips entitling them to free examinations.

### Strictly Fresh

THE Nazi vessel which calls herself the Dixie and flies the American flag has made a wise choice of colors. Who wouldn't prefer the Stars and Stripes to the Swastika?

Ho, hum. The Russian army has again been annihilated. How many daily annihilations does it take to make a propaganda report stick? . . .

A woman convict started a riot in prison when she was refused a manicure. Maybe she had a date with a dream.

### Test Your I. Q.

HOW much do you know about Russia? These questions will test your familiarity.

1. How far is Vladivostok from Moscow?
2. What famous railroad runs between the two cities mentioned above?
3. What is the Kremlin?
4. What is Molotov's official title?
5. Which city is second largest in Russia?

### ANSWERS TO Test Your I. Q.

1. 5800 miles.
2. The Trans-Siberian railroad.
3. Soviet government headquarters in Moscow.
4. Molotov is Russia's foreign minister.
5. Leningrad.

### Parity Income Is Ultimate Goal, Says President of National Cotton Council

Calling on every member of the cotton industry in Hail County and the surrounding area to pledge anew his allegiance to the drive for cotton markets, President Oscar Johnson of the National Cotton Council said this week that the assurance of parity prices for cotton is only the beginning of the cotton farmer's fight for parity income.

"Only through the attainment of parity consumption can the farmer be assured that his income will be on a par with that of other workers," Mr. Johnson declared. "For that reason we must not slacken for a moment our efforts to increase the consumption of American cotton products; rather, we must intensify and redouble those efforts."

"During the parity period, 1909 to 1914, the consumption of American cotton averaged nearly 13,500,000 bales. We must reach at least this level of consumption to give us parity income. We must go far beyond it if we are to achieve real prosperity for the Cotton Belt."

"The only way we can hope to reach the parity consumption mark is through a continuation of the program of advertising, scientific research, efforts to regain foreign markets, and resistance to discriminatory legislation, which the cotton industry has carried on for the past two years."

"In the end, it will avail us little to have parity prices if cotton consumption is cut down. A parity price means nothing unless we can sell a sufficient number of pounds of our product at that price to insure us a living wage and a decent return for our efforts."

"That the cotton industry's program to secure increased consumption is aimed in the right direction is proved by the gratifying results which have been achieved thus far. A gain of almost 2,500,000 bales in domestic cotton consumption over last year is already in sight."

"Again on the 1941 crop cotton producers, ginners, warehousemen, merchants crushers and spinners are being called upon to contribute their pro rata share toward a continuation of the domestic consumption campaign on an expanded scale and for a program to regain our foreign markets at the end of the war."

"As a cotton farmer speaking for the producers, I call upon every member of the six raw cotton interests and every individual

# Spudders Defeat Dalby Freighters By Score of 11 to 4

### Memphians to Play Strong Pampa Nine on Local Diamond Next Sunday

Putting all their eggs in one basket—the last half of the sixth inning—the Memphis Spudders blasted out seven runs in one period to take a 11 to 4 victory over the Dalby freighters of Amarillo.

The victory was the ninth straight for the Memphians. So far this season, the local players have lost only two games, and tied one.

Next Sunday afternoon's opponents will be the Pampa team. The game will be played on the local diamond at 3 o'clock in the afternoon, it was announced.

The meeting Sunday afternoon will be the first time this summer the Memphians have met the Pampa team, one of the strongest in the Panhandle, and the contest is expected to be close.

In last Sunday's encounter, the Spudders started the fireworks in the first inning, running in two tallies. The Dalby team got across a lone marker in the third inning.

In the fifth period, the Spudders ran in two more scores, and in the first half of the sixth, the freighters got their second tally. The Memphis rally came in the last half of the sixth, when Jack Boone blasted out a homer to climax the fireworks.

A last inning rally by the freighters died following two runs, and the game ended 11 to 4. Staggs hurried for the Spudders, and Leggett caught.

By MRS. J. A. LEMMON

Mr. and Mrs. Murray Dodson were guests of Mr. and Mrs. Charlie Bell Sunday.

Mr. and Mrs. Harry Hartzog were here from Amarillo Sunday visiting friends.

Mrs. M. H. Maxwell and daughters, Frances and Dolores, are visiting relatives in Wichita, Kans., this week.

Miss Colleen Baker is spending this week with Miss Winifred Crow of the Smith community.

Miss Genevieve Stilwell is a house guest of Miss Barbara Bell this week.

Mrs. J. D. McCants returned to her home in Amarillo Thursday of last week after a two-weeks visit here with relatives and friends.

Mr. and Mrs. Jerry Stotts, G. T. Foster, and Nina Jo Foster visited relatives in Paris last week.

Mrs. Rollie Kelley was a recent visitor in Amarillo.

Hub Foster of Fresno, Calif., is here for a visit with his parents, Mr. and Mrs. George Foster.

Mrs. Buck Frisbie and children of Memphis were guests in the Theo Johnson home Monday.

J. A. and Jerry Stotts were business visitors in Childress Friday.

Frances Johnson visited her grandmother, Mrs. C. Y. Johnson, in Hedley the first of this week.

## County Agent—

(Continued from page 1)

poisons, but it should be mixed with flour to increase adherence, and with hydrated lime to offset danger of burning the plant foliage. The proportion suggested is as follows: 1 part Paris Green, 1 part flour, 5 parts hydrated lime.

The best results may be obtained by applying the poison with suitable dusting machines. Inquiries have been sent over the state concerning the availability of dusting machines, Mr. Hooser said, but few can be obtained. Home-made dusting machines have been constructed by a few farmers, but most of them prove somewhat unsatisfactory.

In using as a spray, three pounds of calcium arsenate or two pounds of lead arsenate may be used to 5 gallons of water. If Paris Green is used as a spray, 1-2 pounds should be mixed with 2 pounds of hydrated lime in every 50 gallons of water.

The application of white arsenic either in dry form or mixed with water as a spray will seriously damage plants and is not to be advised, it was pointed out. Some farmers have found that a solution of white arsenate and sal soda or lye, when boiled gives sodium arsenate. This, when weakened, destroys leafworms, but requires much experience in applying to prevent damaging plants.

home in the Smith community Sunday.

Miss Irene Proffitt, who has spent the past month in Clarendon, has returned to her home here.

## Mrs. D. Moorhead Of Estelline Given Bridal Shower

Mrs. Durward Moorhead, the former Miss Winona Price, was honored with a bridal shower given Thursday afternoon in the home of Mrs. Edd Kennedy of Estelline.

A reading was given by Billie Jean Price. Miss Evelyn Marcum presided at the bride's book and Misses Gussie Orcutt and Melba Faye Price served iced punch and cookies to the guests.

The gifts were marked "Special Delivery" and presented to Mrs. Moorhead in a toy U. S. mail truck pulled by Duane Kennedy and Anita Kay Dunlap.

Music was furnished by Miss Marjetta Ewing at the piano.

Guests registering in the bride's book were Mesdames D. T. Eddins, O. K. Young, Cap Orcutt, Mayberry, Frankie Echols, Edd Kennedy, McCollum, W. Labay, H. Clifton, Bess Coppage, Ben Jackson, Bill Holland, A. Eddleman, S. K. Jones, John Russell, Sam Powers, Cecil Adams, Jack Cobb, L. C. Riechberg, F. E. Leary, S. T. Hutchins, R. A. Ewing, Erma Hale, Andy Dunlap, and Fred Berry.

Misses Marjetta Ewing, De Alyce Eddins, Elizabeth Eddleman, Evelyn Marcum, Gussie Orcutt, Melba Jaye, and Billie Jean Price, and Terry Lou Moorhead of Brownfield.

## Plaska Needle Club Meets in Home of Mrs. J. E. Murdock

The Plaska Needle Club met Tuesday afternoon in the home of Mrs. J. E. Murdock.

The afternoon was spent quilting and doing other types of needlework. The president, Mrs. C. C. Cunningham, presided over a short business session, after which the club adjourned to meet with Mrs. Hubert Hall Tuesday afternoon of next week.

Visitors and members present were Mrs. Edd Murdock, Billie Lou Renfro, Jo Kathryn Murdock, Billie Frances Murdock, Mrs. E. J. Galloway, Mrs. E. E. Foster, Mrs. C. W. Jones, Mrs. John Smith, Mrs. Hubert Hall, Mrs. C. C. Cunningham, Mrs. W. L. Crawford, and the hostess.

Mrs. Curtis Bourland and daughter of Blue Island, Ill., is visiting Mrs. R. R. Thompson this week.

A wood-charcoal filter for gas masks said to have a special capacity for absorbing poisonous gases has been developed in the government's Division of Forest Products.

## USDA Forecasts—

(Continued from page 1)

August 1, a total of 137,254 bales had been ginned.

Reduced yield predictions were based on unfavorable conditions in South Carolina, Georgia, Florida, and Louisiana, it was explained. Boll weevils are reported to be dealing their greatest damage since 1932, and the damages from the weevils is expected to be about twice as great as the average for the last ten years.

Condition of the crop August 1, indicated acre yield ton and forecast of 500 pounds gross by states, including: Arkansas, 84; Louisiana, 58; Oklahoma, 537,000; Texas, 572,000; New Mexico, 116,000.

The first nation created in March, President Benjamin drew from entry of public lands in this tract now a Shoshone and the forests.
