On the LEVEL

a column by
William Russell Clark

(Editor's Note: The "On the Level" column is written this week by Jerry Sitton, a member of the 1930 graduating class of Memphis High School. For the past year, Jerry has edited "The Whirlwind," student section of "The Democrat," and has been connected with this paper, in one capacity or another, for two years.)

BY JERRY SITTON

Recalling an editorial that appeared in The Democrat one year ago under the title, "Just Before the Grand Finale," the author very accurately drew together the curtain of a school year that sent another group of Seniors out into the world to make their way over the hard and rough sea that is life.

Such is the case again. Thursday night, May 22, sixty-three Seniors will receive their diplomas, their high school careers closing in a grand finale. They play time of life over, they will not be boys and girls any longer, but rather, young men and young women. After the exercises Sunday night, the curtain on their high school days will remain forever drawn.

Receiving a high school education is something of an accomplishment in itself. Not every person who has reached the age of twenty-one can say that he has finished high school and has in his possession a high school diploma. Some may consider a diploma just another "space filler" in the already full attic trunk, while others will always prize it.

It is rather hard for members of the Senior Class of 1930 to realize that participation in high school affairs is at an end. It is something strange and new to be faced with the realization that never again will the Seniors be a part of the school, with the privileges accruing to their station, to go out on the gridiron to yell for the colors they love so well, to stand behind the athletic teams to the end; to fight—and fight to win for their school.

This year has passed away at a breath-taking pace. It has been too fast for the Seniors. Of course, we are glad that school is over, but to think that high school days are over with forever is not a pleasing matter to think about. Many of us are happy in thinking of going away to college, but it is hard to leave the old school which we have learned to love.

Most of us will agree that college is a splendid place to go and feel glad of the opportunity which is ours to attend, but it will not be like high school. We will not be acquainted there as has been the case in high school. There are some in the class who will not be permitted to attend college. They leave the class room for the busy world ready, we hope, to serve community, their country themselves. We have no reason to be sad.

More Books Issued Last Quarter Than In Any Three Months Of Library's History

The quarterly report of the Carnegie Public Library was submitted recently to the Library Board by Miss Bird Presler, Librarian. The report shows that during the quarter, 426 persons used the reading room. Twenty books were purchased; 29 were donated and 60 were taken from circulation. Eighty-nine new cards were issued to readers during the quarter and the number of readers on the registry was 1,289.

"We have issued more books home reading this quarter than in any three months in the history of the library," Miss Presler said. "Our total was 5,880 volumes. This is an increase over the same period last year of 1-

According to Chief M. G. Ray of the Memphis Volunteer Fire Department, the program arranged for the fifty-fourth annual meeting of the State Firemen's Association of Texas promises to be the best in the history of the organization. Those who expect to attend the state meeting from Memphis are Chief M. G. Ray, Si Wood, Jack Anthony, Hub Bass, J. T. Stephenson, Fred Gerlach, Billy Johnson and Jim Martindale.

HENRY READ TO TAKE UP WORK NEXT MONDAY

Incoming Chamber of Commerce Secretary Makes Statement

J. Henry Read, newly elected secretary of the Memphis Chamber of Commerce, will assume the duties of this office effective on Monday of next week. It was erroneously stated that Mr. Read would begin work on last Monday by a local newspaper, but in fact, George A. Sager will not relinquish the position of secretary until Saturday, May 24. Mr. Sager expects to leave for Quannah about Thursday of next week.

"Brushing Up" on Work
During the most of the present week, Mr. Read has been familiarizing himself with his new duties and responsibilities. While he has been familiar with the work of Chamber of Commerce Secretary for a number of years, he has been "brushing up" on it, as he puts it. This week he has been assisting County Agent E. W. Thomas in getting exhibits ready for the Hall County District Fair.

Expresses Appreciation
In speaking of the new duties he will take up Monday, Mr. Read made the following statement: (Continued on page 5)

Mrs. Sam Forkner Is Still Seriously Ill At Family Home

Mrs. Sam Forkner, who has been critically ill at the family home on West Cleveland street for the past three weeks, has shown no improvement and is still very low, according to information received Wednesday afternoon. Mrs. Forkner had a sinking spell Tuesday night and it was believed that she could not live until morning. She rallied however and Wednesday seemed to be holding her own although in a precarious condition.

John Forkner, who is employed by the McCormack Advertising Agency in Amarillo returned to Memphis some time ago to be at the bedside of his mother. Mrs. Forkner had been taking treatments in Amarillo weekly up until the time she became seriously ill some three-weeks ago.

The printers have informed James that the books would be mailed about May 20 and he is hoping that they will arrive in time for distribution before school is out.

Linn, faculty advisor; Iris Hollis, assistant editor; Harry Womack, assistant manager; Tressa Simmons, photograph editor; Mary Batson, humor editor; Albert Pearson, athletic editor; Marjorie Guill, art editor; Clara Alexander, senior reporter; Bill McKelvey, junior reporter; B. F. Shepherd, Jr., sophomore reporter. There will be some extra copies of the yearbook and they may be obtained from Clarence Jackson at \$3 the book.

Rotary Club Hears Educational Talks

An educational program, introduced by W. R. Cabaness, was the order of the day at the weekly meeting of the Memphis Rotary Club Tuesday at noon. Chairman Claude Wells announced to the membership that in view of the fact that a substantial amount of money was in the club treasury at the present time, the board of directors deemed it expedient not to ask for the regular \$12.50 semi-annual dues from each member, which fell due at this time. Progress Being Made On New Race Course Of Fair Association

Work is progressing satisfactorily in preparing a new race track at the Fair Park, according to Members of the Fair directorate who have the work in charge. The many changes that are being made will be such a vast improvement over the old track as to be unfavorable to comparison, it is stated. The new course is saucer-shaped, fully banked, and will permit racers to attain a high rate of speed without endangering their lives unnecessarily.

Coleman Hasie, who inspected the race track this week, stated that when the track is completed, it will be one of the very best in the state of Texas and that a motorist can make 75 or 80 miles an hour around the course with perfect safety. It is expected that the track will be completed by July 1.

The track will cost the Hall County District Fair between \$1,500 and \$2,000 to complete, but will afford the Association the privilege of signing some of the best racers in the Southwest to compete thereon.

New System Of Supervised Study Will Be Tried In Senior High School Next Term

A new system of study will be inaugurated in the Senior High School beginning with the Fall term this year, according to Principal Ike W. Jay. Heretofore, the students have been taking their subjects in forty-five minute periods. These periods will be lengthened to one hour. The reason for this change seems to be a good one. It is a well known fact, it was brought out, that many of the students do not take their books home with them and it is also apparent that many students finish high school who have never mastered the art of how to study effectively.

Under the new system of study which will be given a trial, it is

Bonnie Cohen, son of Mr. and Mrs. M. Cohen, who is employed in Amarillo, received a bad fall Monday afternoon, about 1:30 o'clock, according to Rose Cohen, who left for Amarillo immediately upon receiving word of her brother's injury. Bonnie was standing on a high stool, arranging stock in a store, when the stool collapsed, throwing him to the floor. His head struck a door, lacerating the scalp, but not fracturing the skull.

The most painful part of the injury was to Bonnie's neck, where a number of ligaments were torn and strained. Rose Cohen reports that her brother is resting well in an Amarillo hospital at the present time and will be able to return to Memphis within the next few days.

Report Reveals Johnson Is Now Clayton Editor

Word has been received from Clayton, New Mexico, to the effect that Vance Johnson, who until recently was a reporter on The Democrat, has been made editor of The Clayton News, a substantial weekly newspaper. Vance has received his entire journalistic training on The Democrat which was started during his senior year in Memphis High School.

During the fall of 1928, Vance was employed by this paper for reporterial work on Saturdays. When the course in journalism was offered in high school, Vance enrolled for the work. He severed his connection with the paper to attend Texas Technological College during the summer of 1929 and resumed his duties as a reporter last fall. He did good work on the paper and was given a raise in salary several months before he went to New Mexico. Vance was editor of the high school yearbook during his senior year and has been thoroughly grounded in journalism's fundamentals.

The poppies will be on sale in four booths, one to be located on each side of the public square. Mrs. Winfred Wilson is in charge of the sale of the poppies. OPERETTA WELL PRESENTED ON WEDNESDAY

High School Glee Club Gives Understanding Performance Here

"The Belle of Bagdad," an operetta in two acts, -the book, lyrics and music by Geoffrey Morgan and Frederick G. ... was presented in the senior high school auditorium Wednesday evening at 8:30 o'clock by the Memphis High School Glee Club under the direction of Mrs. Elmer S. Shelley. Like most operettas and musical comedies, the production was lacking in plot, but the fine way in which most of the characters enacted their respective parts more than made up for this deficiency.

Surprise of Evening

The surprise of the evening was the excellent singing and stage presence of Tug Sanders, bulletined in the program as William Sanders, who took the part of All Ben El Mustapha, the prefect of police. Aside from a little nervousness and lack of voice training, Tug was a decided "hit." He has a baritone voice which, if properly trained, will carry this young man far in the realm of music. His performance was the most arresting one of the evening.

Subscriber Writes Letter To Editor

The Democrat is in receipt of a letter from R. C. Hightower, 1409 Corsicana street, Dallas, which is self-explanatory. It reads as follows:
"Mr. William Russell Clark, Memphis, Texas,
"Dear Sir:
"I wish to compliment you on your 'On the Level' column. It is real good. I enjoy it. You are a good writer in a good town, among lots of good people. I lived in and near Memphis for 30 years, so you see I know what I am talking about.
"I want to especially compliment you on the piece you wrote on Music last October. I am a great lover of music of all kinds and that is the first time I ever heard my idea expressed exactly. When I read that I just wanted to 'rise up and speak out in meeting.'
"I am sending check to renew my paper. The time was out in April, I believe, and I miss it.
"Yours truly,
"BOB HIGHTOWER."

MRS. A. BALDWIN RETURNS FROM VISIT TO PARENTS

Mrs. A. Baldwin has just returned from a two weeks visit with her parents at Teneha, Texas. Mrs. Baldwin's father and mother, Mr. and Mrs. W. F. Walker are 90 and 80 years old, respectively. They are active and able-bodied, do all their own work, saying that it keeps them happy and young

to keep a garden and care for a cow and chickens. Mr. and Mrs. Walker celebrated their sixty-first wedding anniversary in April, and are still as happy together as though they were newlyweds. Mrs. Baldwin returned home Sunday evening, after stopping for a visit with Alva Baldwin, in Dallas, and with her daughters in Sulphur Springs and Vernon.

Mr. and Mrs. V. O. Williams and family, Misses Lotta Chambers and Miss Lula Travis drove to Pampa Sunday.

Miss Willie Scruggs and Lowell Wells, of Wellington, visited in the home of Mr. and Mrs. D. S. Baker Sunday.

Larry Thompson and Ben Walker left Tuesday morning for San Antonio, and other points in South Texas.

Miss Cecillian Webb, of McKinney, who visited with her sister, Miss Ophelia Webb, last week, returned home Sunday morning.

THIS AND THAT

Del Now I'm in bad again. It seems the easiest thing I do is get into trouble. I feel like Inbad the floor.

Mrs What I wrote last week about Memphis not having sent any money to Texas storm sufferers seemed out to be a lot of stuff. I hardly turned around Friday morning when I found this on my table:

Please state in your next issue that the Hall County Red Cross Chapter mailed a \$60 check to be used by the storm sufferers in Navarro and Hill counties of this state. This check was mailed May 10.

Mrs E. T. MILLER, Chairman. When Sunday morning, just to serve that Bro. Miller told the severest, I found this postal card in my mail box:

Don't you ever mail somebody anywhere a check for \$50 again unless you tell The Democrat about it. Nowadays, some mails fifty-dollar checks and that's news, or I don't know what I'm talking about.

There's a funny thing. That card from Dallas was addressed "Citizens of Memphis" and the postmaster put it in my box. I don't see how I can be but one day unless, of course, the postmaster thinks I'm two-faced.

ing throughout the week and a visitation day Friday to reach and enlist the possibilities ascertained in the census. There will be six general conferences under the direction of Mr. Chisholm.

Conference for Pastors

The first conference will be held for the pastors, superintendents of the Sunday Schools and teachers of the training classes at Memphis on Saturday, May 24, at 2:30. The second conference will be held at Eli when those attending will bring a basket lunch Monday for a fellowship hour before the conference. At this time, places for the other conferences will be decided on. The campaign will close with a general meeting at Memphis on Sunday, June 1, at 2:30 p. m, when awards will be given to those who have taken an examination on the class work in the local church.

This is the first campaign of this nature to be promoted in the Panhandle and is the most progressive step that the Association has made thus far.

Memphis Owls—

(Continued from page 1)

The Owls had their first workout Wednesday afternoon. Most of them were stiff from inactivity, but several made good showings. George Thompson was handling every ball, regardless of flavor, that came his direction, and his batting was fair. Thompson's chief baseball experience was acquired at New Mexico Military Institute. Herschel Stuart, star pitcher of the City eLeague Wholesalers, was handling hot ones and his batting seemed to be up to par. Wade Wilson, who comes well recommended from Wellington's last year's Texas-Oklahoma League club, looks mighty promising as one of the Owls' heaviest sluggers. He hits a mean ball that stays pretty close to the ground. Edwards, though apparently not an interesting batter, did creditable work in the infield in Wednesday's workout. The other prospective players, with possibly one or two exceptions, made good showings, but their work was not particularly outstanding.

Memphis, having neglected baseball for several years because of several unpleasant financial results, seems to be baseball hungry again. Owl Park and the new team that will attempt to make a record for this city this season have been made possible by the organization of a stock company by several Memphis fans. Agitation was started more than a month ago, and a modern ball park has finally been realized.

Miss Hatley, of College Station, district judge of living-room contest, is in Memphis this week, and is the guest of Miss Ruby Adams.

Mr. and Mrs. S. L. Seago attended the funeral of Mr. Seago's niece, Mrs. C. A. Baxter, at Shamrock last Thursday.

Mrs. Clyde Littlefield, of Austin, sister of Mrs. Harrison, and Mrs. Barney Harrison, of Dallas, are the house guests this week of Mr. and Mrs. T. T. Harrison.

Dr. and Mrs. D. M. Wiggins, of Simmons University, at Abilene, visited with Mr. and Mrs. D. L. C. Kinard, and Mr. and Mrs. A. A. Kinard this week.

Mrs. Marjorie Sherrill, of Dahlart, is visiting Mr. and Mrs. C. J. Farmer, at the Memphis Hotel, this week.

It's very easy to distinguish a commercial vehicle from the other kind. If there are hairpins, lipsticks and rouge in the front seat, then it's a pleasure car.

R. L. Madden, cashier of the Citizens State Bank, attended a Banker's Convention at Childress Thursday.

D. L. C. Kinard is in Amarillo this week serving on the Federal grand jury.

There; that's off our chest. Let's look at things from another angle. We should be proud of the fact that we are Seniors, graduating from Memphis High School, going out to fight the battles of life for the sake of ourselves and others.

As it appears to me, life is but one short drama, with many different scenes and acts and a different setting for each act. It is up to us to pick our setting, and act our part, whether we are the hero or the villain.

At best, we can but play our part, do our duty as we know and understand it, and as it is presented to us. In this drama, there must be music. A play is not complete without music—the kind of music conveyed in the song, "Sunny Side Up," which admonishes, "Keep your sunny side up."

The motion was seconded by Jeff Watson and carried. Wiley Orr, chairman of the student loan committee, told of the many requests that have already been received from deserving students and stated that his committee could use this money to good advantage.

Classification Talk Following this discussion, Mr. Cabness introduced Superintendent H. A. Jackson, who delivered a classification talk on education. Many of Mr. Jackson's remarks were directed towards the educational facilities afforded by the Memphis Public Schools. He spoke of their high rating and compared the local schools with other systems over the country. He said that the Memphis High School had 24 1-2 units of affiliation with colleges and universities. He insisted that Memphians should know more of what is being done along educational lines in this city, and asked for a continuance of the cooperation which has been so generously manifested.

Dickey Is Speaker Dr. W. C. Dickey was then introduced and in the period of six minutes gave an informative talk on "Education from a Layman's Standpoint." He brought out the correlation existing between training and education. He insisted that only one percent of the business men of Memphis, with the exception of the professional classes, had received a college education, and he attributed their leadership, their high standing in the community to the training which they had received while attending high school.

10 Candidates Present Ten candidates for county offices were present and a number of them made short announcements of their candidacy. The meeting at Lesley is probably the first of a series of rural entertainments in which the county candidates will take part. Some of the candidates made their initial speeches and one of them promised to haul the editor of this newspaper around with him and to have a written speech prepared for an occasion in the near future, if the speech would be covered in full.

Candidates Attending The candidates who attended from Memphis were: Mrs. Roy Guthrie, candidate for County Superintendent of Public Instruction; Miss Grace Wilson, candidate for County Treasurer; D. H. Arnold, candidate for re-election as District Clerk; W. J. Bragg, candidate for re-election as County Attorney; J. D. May, candidate for Sheriff; John Alexander, candidate for Sheriff; Holt Bownds, candidate for Tax Collector; Bailey Gilmore, candidate for re-election as Tax Assessor; J. E. Hughes, candidate for Tax Assessor and Miss Edna Bryan, candidate for re-election as County Clerk.

A number of people were present from Memphis other than the candidates. It was stated that the program was enjoyable from start to finish and the 4-H Club girls who sponsored it received the plaudits of many of those present. Quite a nice sum was taken in from the program and the sale of the home-made candy.

Truth Is Stranger Than Fiction

BY DOROTHY B. ROBBINS

"Yes, we have no bananas" will be sung again without doubt for 6,000,000 banana trees have been felled by the wind in the region of Bogota, Colombia, South America. More may have fallen as a strong wind was still blowing on May 5. The loss will severely cripple the United Fruit Company upon whose properties this has occurred; one steamer has been taken off because of existing conditions. Reports from Santa Marta say that the losses from winds sweeping over banana plantations have mounted to \$3,000,000.

Bananas will go higher and stay that way for awhile—some where. Where do we get all the bananas from, anyway? Every grocery, fruit stand, cold drink stand and what-not has its bunch. One place in this town has a regular Saturday sale on bananas. I pass it on Sunday going to church and have seen as many as thirty empty stalks piled at the end of the walk. My mind always flies to chicken houses, having heard that a banana stalk was a wonderful thing to hang in a chicken house to keep the mites away; also a gourd vine is a preventive. I've never noticed any odor about a banana stalk, but a gourd vine possesses enough to keep larger things than mites away.

"Yes, we have no bananas" will not be sung with the former gusto for grownups as well as children relish the good fruit—some people feel cheated if they cannot have sliced banana with corn flakes or puffed rice at breakfast. If the wind has done more damage to the plantations and a few more steamers have been set aside, you can't blame your grocer for rising on his price, he'll be having to pay more for every bunch that he gets. Have we had higher winds this spring than it usual over territory annexed to it or have we always had things like that happen and lack of facilities kept us from hearing about it? People hear and see so much now that the wonder is they are not all deaf and blind—talkers are fewer for we don't know where to begin.

The weather, that ever interesting topic has been doing some freak things this May. Near Los Angeles there was a heavy snow—in the San Antonio mountains, and a young woman spending the winter in California died from exposure after struggling through the deep snowdrifts. There had been a steady fall all of one night and a day in the mountain districts.

At the same time, New York was sweltering from intense heat. People were overcome by it and had to be treated at hospitals. Others hurried to the beaches until twenty-five extra policemen were called to help the regular squad handle traffic. The prediction of "fair and warmer" through the night by the officials of the Weather Bureau was almost in the nature of "adding insult to injury."

Texas will not be alone as to the changeableness in her weather disposition if California and New York make many more such records. "Old Man Texas" will thumb his vest and laugh as only he can laugh at "Old Father Knickerbocker" and "The Girl of the Golden West."

SERVICE MAN FOR

Taxes, taxes, taxes—here's the latest—cats are to be taxed in Silesia. The decision has been reached to protect the songbirds. There has been a decrease in the number, despite winter feeding and nests supplied them and puss gets the blame. So many people are opposed to extra taxes that the number of cats will easily be reduced. It is a known fact that all birds have an ardent enemy in the feline species. If there could be some way to give the cat an idea of the kinds of birds to hunt there'd be a point gained cattishly, but cats cannot be trained very successfully. I have seen some in one or two circuses but what was done couldn't compare with the exhibition given by the dogs or birds. Cats are self-willed creatures and a household usually does as the cats like, their weapon is their cry and it is so unpleasant that few can hold out against it. Taxes for cats in Silesia! Well, it will be a long time before that reaches this country; we seem to be doing very well with our song birds and kittens thrill the hearts of children as they have done since some child ages ago opened the barn door and saw half a dozen of the fluffy things on a bran sack by the corbin and Tabby purring away as happily as you please.

In York state, as so many call their mother state, there was an experimental flying test not so long ago trying to find whether fear or the expense kept people on the ground. Thomas L. Hill, president of Aviation and Ivan R. Gates, head of the Gates Flying Service of the Holmes Airport, Jackson Heights, were responsible for people having a chance to fly for the reasonable sums of \$1, \$2.50, or \$5, depending on the length of the ride.

The field opened at nine o'clock with thousands of men, women and children in the waiting line and eager to soar. The air-minded ones were led into an improvised chute to await turns. As fast as the chute emptied it was filled. One dollar bought a minute aloft and the planes landed, discharged, and loaded again. Everybody had a good time and returned to earth smiling. There were no accidents. There was hardly a passenger who had ever flown before, some went for a second trip calling to their friends to come. At night, it was found that ticket sales amounted to several thousands of dollars and the majority had been for \$1 rides.

Mr. Hill rejoiced over the experiment for it proved to him that the price and not fear kept many people from traveling by air. He also claims that a "world's record has been set for the number of passengers taken aloft in a single day from a commercial flying field."

Messages in bottles off any shore always bear a tinge of romance. Now one has traveled from Brazil to the coast of Massachusetts. Eighteen months ago, an encounter to a freighter off the coast of Brazil threatened to end disastrously and an American scribbled his name and address with a few words of the situation on the ship, stuffed it into a bottle and consigned it to the ocean.

The same seaman found a note at Seaman's Church Institute in New York not long ago, telling him the bottle containing the message had been picked up.

50 Years' Use of Black-Draught

"About fifty years ago," says Mr. Lewis G. O'Shields, of Portersville, Ala., "my mother gave me the first dose of Black-Draught, and I have taken it ever since, when I needed a medicine for constipation. I have used this remedy all my married life, in raising my children."

"I have used Black-Draught for heartburn, as I have had spells of this kind, off and on, for years. This follows indigestion, and indigestion comes close on constipation."

"I have found that the best way to head off trouble is to begin taking Black-Draught in time. It relieves me of dizziness, tightness in the chest and backache."

"By getting rid of impurities, Black-Draught helps to keep the system in good order. I always keep it in the home, and have recommended it to many people, in my time."

from New Orleans on a freighter bound for Brazil, September, 1928, he found he was in a crew of fighters. So many nationalities were included in those employed that feeling ran high. When a Rumanian killed a man, things reached a crisis, and the American never expecting to set foot on land again set the bottle afloat, giving as his address Seaman's Church Institute.

LESLEY NEWS

The Women of the Lesley Home Demonstration Club are taking their play "Old Maids Club" to Plaska Saturday night, May 24. Everyone invited. Admission 15 and 25 cents.

Mrs. McClanahan was hostess to the Home Demonstration Club Tuesday. The program on "Butter Judging" was very interesting. After the club adjourned to meet with Mrs. Carlton Hall, delicious refreshments were served to fifteen members and the demonstration agent, Miss Ruby Adams.

Brother Crawford, one of the missionaries, preached at Liberty Baptist church Sunday at 11 o'clock, and also Sunday evening at 8:30. Both sermons were greatly enjoyed.

Singing at Liberty was well attended Sunday. Several visitors were present, including the Memphis Quartette. All visitors are cordially invited to come again.

Lesley school closes this week. A program by the lower grades and the seventh grade graduating exercises are to be had Thursday and Friday nights.

There will be singing at Lesley next Sunday.

P. T. A. Council Of County Completes Its Organization

The Hall County Council of Parent-Teacher Associations met Saturday, May 10, in regular session at the Carnegie Public Library in Memphis, with the president, Mrs. N. A. Hightower, presiding. Delegates were present from Lesley, Estelline and Memphis. The purpose of the meeting was to complete the organization of the council. Konjola Ended Neuritis And Kidney Trouble

Well Known Waco Photographer Enthusiastic About New Medicine. "Proven Wonderful Remedy," He Says

"I suffered for six years with neuritis, kidney trouble and constipation," said Mr. H. O. Brubaker, well known photographer, residing at 623 1-2 Austin avenue, Waco. "My ankles and my limbs above the knees were badly swollen and gave me considerable trouble. It became an effort for me to walk. My kidneys were out of order making night risings necessary and causing me to lose restful sleep. My eye-sight seemed to be failing on account of these conditions."

"Much to my surprise, I began to get immediate results after taking this medicine. The swelling left my ankles and limbs and I became stronger. I can now go about my work without stopping to rest. I have been relieved of constipation and my eyesight has improved since taking this medicine. I have and will continue to recommend Konjola to all who suffer from such ailments as I had. Konjola has proven to me that it is a different and wonderful medicine. It certainly proved its merit in my case."

Konjola was not designed to afford mere temporary relief. Taken systematically, over a period of from six to eight weeks, this medicine will amaze sufferers by the results obtained.

Konjola is sold in Memphis at Leverett Williams Drug Co. and by all the best druggists in all towns throughout this entire section.—Adv.

Empty Corral

T ground, once trodden, no more shows
The print of hoofs—a slow wind blows.

The willow posts, with dark wire bound,
Grow boughs—a spring creeps underground.

But swings and sags with its own heft
The gate, the loneliest thing that's left.

Slow shadows move across the place—
The clouds are drifting out to space.

Panhandle Dunning Students Present Amarillo Program

Sunday afternoon, at 3:30 in the Municipal Auditorium, in Amarillo, a most successful musical entertainment took place. The occasion was the annual program for the Panhandle Dunning Teachers and their pupils. Seven different teachers, and their pupils took part in the musicale.

Over fifteen hundred people attended the ten piano ensemble program, and about one hundred children took part in the recital. Mrs. Margaret Morgan-Andrews, and Miss Mollie D. Harris, and their pupils attended and took part in the program. During some of the numbers as many as 20 children were playing at the same time. It was remarkable that such perfect harmony and rhythm could be featured in the recital with such short time to practice together. Each section showed a different key or rhythm, lending variety to the program.

One feature of the program was the presentation by the teachers of pins and certificates to their pupils. Mrs. Andrews presented pins to Lula Faye Oren, and a certificate to Geraldine Kinard.

Those attending from Memphis were Mr. and Mrs. B. E. Davenport and Anna Kathryn Davenport; Mr. and Mrs. Tommie Potts, and Tommie Ruth Potts; Mrs. J. S. McMurry, and Jacquiline McMurry; Mrs. Ralph Householder and baby; Mrs. Chas. Oren, Lula Faye Oren and Miss Katherine Oren; Mrs. J. P. Watson, Jeanette Watson; Mr. and Mrs. A. W. Howard, Phyllis and Chrystal Howard; Mrs. Roy Leverett, Joe Henry and Anna Beth Leverett; Mr. and Mrs. Ed Ratliff, Helen Ratliff, Mary Helen Lindsey, Jeanne Draper, Omega Ballew, and the two Dunning teachers of Memphis, Mrs. Margaret Morgan-Andrews and Miss Mollie Harris.

Mystic Weavers Are Entertained At Foote Home

Among the many delightful meetings which the Mystic Weaver Club has enjoyed this past season, the most unusual of them all was held May 14, at the home of Mrs. E. S. Foote.

The meeting took the form of a Dutch Oven Dinner. The guests arriving at 12:30, were ushered into the back yard, after dressing in overalls and straw hats. The dinner, which had been cooked in large dutch ovens, was a most bounteous repast, composed of fried chicken, cream gravy, baked beans, shoestring potatoes, corn sticks, and hot biscuits. The table, where the guests were served, was on the lawn, and was adorned with fruit salad, potato salad, perfection salad, pickles, olives, cucumbers, sliced tomatoes, stuffed eggs, iced tea and coffee. The hostess served delicious home made ice cream and fruit cake, white cake and old fashioned pound cake as dessert.

Jokes, music and games constituted the entertainment after dinner, and the guests enjoyed it all so thoroughly they lingered until late afternoon, and were reluctant to leave even then.

The next meeting, the last for the social season, will be June 4, at the home of Mrs. Kinslow.

N. H. Greer, Charlie Davenport, Otis and Ben Hart, and J. Johnson left Wednesday for a five days fishing trip to Groesbeck Creek.

According to reliable reports, Matt Webster, son of Mr. and Mrs. B. Webster, spent the week end in Ell. Scotty reports a lively time.

The picnic was held in the park of the Texas Water Utilities Company, of Estelline. Picnic supper was spread for thirty-six girls, and a "foot race" was held to determine which side would be served first. After the supper the girls enjoyed many games, and as a closing feature, stunts were given by each club. The most striking of these stunts was a "Sight-seeing Ride," with the Childress girls composing the bus, one girl being the engine, four others the tires, and so forth.

Atalantean Club Has Last Meet of Year Wednesday

At eleven-thirty Wednesday morning four cars crowded with members of the Atalantean Club left the city for a drive 28 miles east to the beautiful ranch home of Mr. and Mrs. W. H. Craven. This beautiful rock home is located about the center of this ranch on a hill overlooking valleys in every direction. Profusions of wild flowers and mesquite covered the hills and valleys where white-faced cattle grazed.

At one o'clock the guests were ushered into the spacious dining room where a three course luncheon was served by the hostess, assisted by her charming daughter, Miss Annie Elizabeth.

The club was called to order at three o'clock by the president, and a most enjoyable program was rendered. Members answered roll call with quotations from Texas poets. Mrs. C. W. Kinslow gave the life of Grace Noll Crowell, whom she knows personally. Mrs. Frank Phelan read the poems "Red Haws" and "Aprons." Mrs. Chas. Webster gave the poem "On a May Morning." A very interesting history of the club was read by Mrs. W. C. Dickey. Mrs. S. A. Bryant, president of the club, very pleasingly expressed her appreciation of the cooperation of the members of the club throughout the year.

Mrs. N. A. Hightower presented to Mrs. Bryant a very beautifully and artistically arranged scrapbook, containing a picture and an original pen sketch of each member and a complete write up of each meeting of the year.

The club enjoyed having as guests Mrs. Barney Harrison, of Dallas, Mrs. Clyde Littlefield of Austin, and little Miss Billie Lofland of Memphis. Members present were Mesdames S. A. Bryant, W. C. Dickey, W. B. DeBerry, E. S. Foote, L. M. Hicks, N. A. Hightower, T. T. Harrison, C. W. Kinslow, John Lofland, D. A. Neely, Frank Phelan, C. R. Webster, Jeff Bailey, A. J. The social was turned into a shower when little Lois Aline Miller held an umbrella over Miss Burks and gave a reading "It's Raining Roses," while the ladies threw roses at Miss Burks.

Many lovely articles, as well as flowers, were presented to the honoree by the thirty or thirty-five ladies, members of the Missionary Society, and regrets were expressed at her departure.

All members are urged to be present at these meetings. Circle 1 will meet Monday at the home of Mrs. L. M. Hicks. Circle 2 will meet with Mrs. Ed Lofland Monday.

Let's Chat Awhile

BY DOROTHY B. ROBBINS

May 15 our Sesame Club met for the last time until October. This club is almost forty years old and boasts several of the members it had at its beginning.

Yesterday was a delightful session, a "Made in Texas" luncheon at our beautiful Hotel Johnson. There was an interesting program reaching back to pioneer days and leading forward to a forecasting of the future of our great state. We marched into the dining room to the tune of the "The Eyes of Texas Are Upon You," after removing hats we had bought especially for that auspicious occasion. One lady said: "If I had known we'd have to take them off, I'd never have bought a new one. I laid a handkerchief across my pretty new one so nobody would make a mistake."

At each plate we found Bluebonnets with our names on them. They were circular light blue board with a frill of darker blue around the face, the writing in white ink. In a twinkling, a row of nodding Bluebonnets sat at the sides and ends of a long table, forty of them! They were wonderfully becoming to many, but I felt that I must look much worse than I did in my hat (the mirror revealed that my suspicions were correct when I reached home). Bluebonnet blue next, a dark brunette's face makes a real gypsy. All I needed was the hoop earrings; however, I was feeling so well dressed in my new dress from Hanna-Pope's in Memphis that a touch of unbecomingness in a head covering mattered little. No wonder Erin Jones Couch can write so interestingly and entertainingly when she visits the dress shops of Memphis. Don't you remember her article, "Erin Goes Shopping?" When I read it aloud to Mama, she said: "They seem to have everything anybody would want in those stores in Memphis."

Our luncheon was a good one, beginning with grapefruit topped by cherries and ending with ice cream and cake. My neighbor who, like myself, was on the program, was concerned over the fact that I ate so sparingly, but I told her that I never ate much when I had to perform. She's a very clever, humorous woman and at that, she attacked her plate with renewed gusto, declaring that being on the program made her hungry. "Have you a good Texas poem for us?" she asked. I told her I had four short poems all "made in Texas." She's my friend who does not like poetry and I'm afraid doesn't know much about it for she told me she liked mine more than she did that of some prominent poets. If the world would be as good to us as our friends and families we'd sink into "innocuous desuetude." This friend always says she understands my poetry (who knows what might happen if I wrote the kind not so easy to understand?) We have decided to make the luncheon an annual feature because we all enjoy it so much. If I should be honored by being asked to be on the program next time, I hope I will get the inspiration for a Texas poem—the kind I want to write. The theme is so big and there is so much to be said that one is reminded of that gem by Thomas Bailey Aldrich: "My mind lets go a thousand things, Like dates of wars and deaths of kings, And yet recalls the very hour— 'Twas noon by yonder village tower,

And on the last blue moon in May— The Wind came briskly up the way, Crisping the brook beside the road; Then pausing here, set down its load Of pine-scents and shook listlessly Two petals from that wild-rose tree."

Operetta Well—

(Continued from page 1)

one showing an even balance of tone was that of Sarah Bradshaw, who took the part of Mrs. J. Horace McCann, New American Consul in Bagdad. Sarah played her part with an ease and gracefulness of demeanor that was outstanding and her singing was one of the bright spots of an evening of colorful music.

Romantic Spinster
Pauline Ross as Henrietta Whipstitch, a romantic spinster, made the most of her opportunities; her appearance on the stage pleasing and her singing adequate. Her comedy part with that of Bill McKelvey cast as Bill Blake, friend and companion of Bob Ballentine, an airplane mechanic, played by Blanton Bagwell, made up a triumvirate of humor which registered well with the audience. The duet, "Couple of Aivators," sung by Bill McKelvey and Blanton Bagwell, was one of the memorable songs of the operetta. If Blanton had been less self-conscious and Bill more certain of his prerogatives, their comedy parts would have been materially enhanced.

Better Voice Control
Clarence Jackson looked and acted the part of Dick Taylor, from the Super-Supreme Film Company, of Hollywood, California. Clarence demonstrated better voice control Wednesday evening than at any time during the school year. His duet with Jewel, played by Mazie Perkins, favorite daughter of Hassan El Carib, the Caliph of Bagdad, gave a sparkling interlude of downright music to the first act. Mazie, who had the soprano lead, demonstrated good voice control. Her voice has an appealing quality, but is not strong.

Best Makeup on Stage
The best makeup seen on the stage was that of V. L. McGlocklin, in the part of Hassan El Carib, the Caliph of Bagdad. His big opportunity came in the first act with the solo, "Bow Down." V. L. has a voice of good bass quality, excellent in the lower registers, but still wont to waver in the higher registers. He turned in a very nice account of himself, however. Annie Rene Montgomery, soprano, in the part of Elsa

McCann; Iris Hollis, contralto, as Anne Blackwell, a friend of Elsa's; Mary Winston Walters, mezzo-soprano, as Rose, a daughter of Mrs. J. Horace McCann, and Margot Shaw, mezzo-soprano, another daughter, each gave a pleasing performance.

Shankle as Englishman
Homer Shankle, tenor, as usual, was cast in the part of the Englishman, Archie Fitzgibbons, from dear old London, which he knows so well how to play. He did his work intelligently, although his voice did not carry to the audience as it should. Sara Hart, as Zelinda, a dancer, gave a really interpretative dance in her solo, "Valse Bagdad." I believe it was commensurate with anything done during the performance.

Members of Cast
Other members of the cast were: sopranos, Ollie Merle Bean, Estelle Harris, Almeda Jarrell, Veta Ray Jones, Mary Helen Kinslow, Lorraine McCown, Gertrude McQueen, Vera Neeley, Ethel Pearson, Georgene Sexauer, Rebecca Sittin, Pauline Turlington, Thurlia Mae Turner, Jessie Wood; altos, Haselteen Bradley, Marietta Gibson, Velma Huckaby, Anna Louise Hudgins, Christine McQueen, Lorraine Thompson, Ova Lee Wood, Willie C. Wilson; tenors, Guthrie Bennett, Holland McMurry, B. F. Shepherd, Jr.; basses, Gayle Greene, Alton Odum, Ivan Thornton, Harry Wopack. The ushers were Ruth Harrison, Jewel Grundy, Frances Joy Tomlinson and Chloe Johnson.

In Keeping With Play
With few exceptions, the stage setting was in keeping with the spirit of the play. The oriental atmosphere predominated with the usual appurtenances of a bazaar, rugs, urns, drapes, and essential what-nots. The curtain did not come together at the end of the first act exactly on schedule time and there was some little confusion in the lighting arrangements, but not enough to detract very materially from the production, which was well balanced and fairly fast moving, despite the fact that there were 22 song and dance numbers in the two acts, and the further fact that the performance got under way 25 minutes late.

Story of Operetta
The story on which the operetta is based relates the adventures of a movie photographer and two aviators in Bagdad. The trio are in search of a certain belle in the town of whom they have heard, and who has been selected as the leading lady for their next picture. Before their arrival in Bagdad, police there receive word of an assassin who carries a bomb in a camera and orders are issued by the Caliph that all people seen with cameras are to be executed.

The three adventurers try to identify the girl of their dreams by certain photographs in their possession, and when the prefect of police discovers them carrying a camera, they are sentenced to be executed. Their adventures furnish the theme on which such a plot as there is, is built.

Mrs. Elmer S. Shelley directed a worth-while performance and played an understanding accompaniment. Before the operetta was begun and between the first and second acts, popular musical numbers were played by Mrs. Lee Foster of Canyon.

Local Women Help To Organize Club Of Business Girls

Four representatives of the Memphis Business and Professional Women's Club drove to Clarendon Thursday, May 15, to assist in organizing a similar club in Clarendon.

The president of the Memphis club, Miss Gladys Hammond, accompanied by Misses Edna Bryan, Bird Pressler and Ruby Adams, were the club members who made the trip.

The district president, Mrs. Jimmie McKenzie, of Childress, was present, to assist in the organization. Mrs. McKenzie was accompanied by Miss Debenport and Miss Hankins, also of the Childress club.

Two Course Dinner

A lovely two course dinner was served to the visiting B. & P. W. guests, and to about thirty Clarendon young women. Miss Edna Bryan was called upon first and introduced Mrs. McKenzie, the district president, who made a number of suggestions regarding the ideals and purposes of the Business Women's organization. Miss Bryan then told something of the work the Memphis club has accomplished, and of what it means to the girls. A number of others followed, each of the Memphis representatives, telling something of what the club means to them personally.

Election of Officers

Election of officers followed, Mrs. P. G. Smith being elected president of the newly organized club. The Pathfinders Club, of Clarendon sponsored the movement, and a number of the club members were present to assist in the organization. Much interest and enthusiasm were shown in the work, and several of the new club members expressed intentions of attending the State Convention of Business and Professional Women, which will be held in Harlingen June 9-12.

A joint picnic of the Clarendon, Memphis and Childress Clubs is planned for Tuesday evening, May 20, in Estelline.

Amarillo Woman Declares Orgatone (Argotane) Gave Her Relief After Surgical Operation

"I noticed benefits before I had finished the first bottle of Orgatone (Argotane) and now I am in first class condition generally." Mrs. Rose A. Trunk, a well known Amarillo woman residing at 302 Lincoln street, said.

"In September I underwent a surgical operation and had my gall bladder removed," she continued. "I was instructed by my doctor to take something to stimulate the bile flow owing to my general condition which was naturally a run down one."

"The accounts in the newspapers of its good work led me to try Orgatone (Argotane). I gained strength almost at once and now I feel fine and much stronger in every way. I have a fine appetite and what I eat seems to agree with me. My bile

flow has been regulated and my nervousness has entirely disappeared. Yes I gladly recommend Orgatone to all who are troubled as I was."

Genuine Orgatone (Argotane) may be bought in Memphis at the Tarver Drug Company.—Adv.

Lions Make Plans For Denver Meet

Local Lions discussed at their meeting Thursday, May 15th, the plans for an excursion to Denver in July, when the National Convention will convene. Several of the Lion members plan to make the trip to Denver July 15 to 18. The Estelline Lions Club is asking to unite with the Memphis Lions Club for opening the bridge over the river between the two cities.

As the speaker for the day failed to appear, a jolly impromptu sing-song was conducted by Lion Jolly. Several old familiar songs, were sung, "Keep the Home Fires Burning," "Long, Long, T'rail," and then a "hash" of both the above songs sung in competition and at the same time. An amateur quartette composed of Lions Stuart, Fitzgerald, Spann and Hicks, then regaled the long suffering club with their own version of "Sweet Adeline." Other songs and attempt at songs, passed the time in an especially enjoyable manner.

A Profit Insurance

The Smith-Conrad "Combine" Cotton Cleaner and Hull Extractor

By reducing the cost of gathering and ginning from \$15.00 to \$30.00 per bale, a greater chance for a profit in cotton growing can be assured. The SMITH-CONRAD "COMBINE" DOES this.

Aside from the saving in gathering and ginning, the value of the burs and trash to the land as fertilizer is retained by the grower as the burs, sticks, trash, etc., are returned to the field as the harvesting process goes forward.

Health Insurance—the Electric Refrigerator

WORLD-RECOGNIZED food authorities and Government research chemists have found that foods kept at higher temperatures than 50 degrees Fahrenheit are extremely dangerous to human health.

For that reason, many of the most famous scientists and home economists are recommending the unfailing efficiency of the Electric Refrigerator. A Frigidaire in your kitchen is an assurance of Food Safety. The New Hydrator will not only preserve fruits and vegetables in a fresh-from-the-garden condition, but will actually revive them when they are wilted and unusable. The other sections of the Frigidaire give you that Dry Cold necessary to the safe and economical preservation of your foods.

You cannot afford to be without this Modern Kitchen Necessity. The issues at stake are far too great to be content with less than the best.

PIKE'S PEAK TEST JOLTS AMERICA'S MOTOR OIL OPINIONS

Here's How Some men prefer one kind of motor oil, some another. The jolt comes when the Pike's Peak Tests prove that most of these opinions may be comfortable, convenient, but *not* correct. . . . The generality that certain brands are better merely because they come from certain States has been quietly exploded. . . . Thousands buy by a respected color or trade mark, and not a few just don't care, and still buy on price. . . . The time is ripe for *real facts*. By the Pike's Peak Tests, conducted under the supervision of AAA observers, we are prepared to present dependable facts on CONOCO GERM-Processed Oils.

The outstanding results of these Pike's Peak Tests reveal many points of unusual significance. Under the conditions of the tests, which were comparable to severe service, these points were:

Motor Wear . . . GERM-Processed oil reduced it 76.4% throughout these tests, under that of the other oils used as a group. **Cost of Lubrication** . . . GERM-Processed oil showed an appreciable saving of 6.1%. **Oil Economy** . . . wins by 3.9%. **Gasoline Economy** . . . a gain of 7.2%. **Loss of Viscosity** . . . GERM-Processed oil was in 34% better condition after the tests than were the others! **Carbon** . . . shows an appreciable decrease after GERM-Processed oil was used. **Water Temperature** . . . was lower with CONOCO GERM-Processed Motor Oil.

Remember, CONOCO uses Mid-Continent paraffin base crude, then the "germ-essence" is added, which gives this oil that remarkable ability to *penetrate metal surfaces*. "Penetrative Lubricity."

The GERM-Process is Conoco-owned. And GERM-Process positively will reduce your car-operation expense, and lengthen motor life, by providing Penetrative Lubricity.

We invite you to select any operating conditions, no matter how severe, and we guarantee that CONOCO GERM-Processed Motor Oil will meet them better than the oil you have been using!

THE NEW FREE BOOKLET, "Pike's Peak Tests Confirm CONOCO'S Challenge," is ready. It will give you the detailed story of these tests, with photographs. Address Continental Oil Company, Ponca City, Oklahoma, or inquire at the nearest service station displaying the Red Triangle.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation, which may appear in the columns of this paper, will be gladly corrected upon the notice of same being given to the editor personally at the office 417 Main Street, Memphis, Texas.

THE DEMOCRAT'S PROGRAM FOR 1930

1. Less selfishness and more selflessness in the business, professional and social life of Memphis and Hall County.
2. The placing of agriculture on a higher plane, with emphasis being put on diversification, live at home movement, and the cow, sow and hen route to contentment and general well being.
3. A better understanding between Memphis and the towns and communities in Hall County.
4. More respect for city ordinances in connection with parking of cars in the downtown district, observance of fire rules and regulations, and keeping the streets of the city in a clean condition.
5. More general cooperation in all movements seeking the betterment of Memphis and Hall County.
6. A municipal auditorium.
7. More paved streets.

THE CLOSING OF SCHOOL

WE do not particularly relish the thought of attending the closing exercises of the Memphis Public Schools, and more particularly of the Senior High School. Of course, we are proud of the fact that such a large class has been capable of surmounting the difficulties of the class room in mastering the studies which entitles them to diplomas. At the same time, many of our associations of the past few years have been linked, to some extent at least, with this graduating class. We have followed their activities throughout the school years, and it is no easy task, to relinquish in one night, the associations and friendships which the years have formed.

We believe as the members of the graduating class dress in their regalia of graduation that they, too, feel the immensity of the step they are taking. They are leaving the realm of one world for the realm of another. Matters will never be the same with them again. Few, if any, will think as they have been accustomed to think; act as they have been accustomed to act. Probably at the graduating exercises Thursday night, the Senior Class will be together for the last time. The thought is rather disconcerting and we believe it is experienced as much by the Seniors themselves as it is by outsiders.

What does the future hold? The graduates will receive advice in plenty. They will be told what to do and what not to do if they are to be successful. All roads are open to them. They are to be the judges of their individual destinies and they alone. We have no advice to offer; nothing to suggest. We are proud of them and of what they have accomplished and bid them God-speed on the long journey which they are starting so auspiciously.

JAKE PARALYSIS VS. HOME BREW

DAILY and weekly papers in the Southwestern section of the United States have been loud in denouncing the causes of Jake Paralysis. This is eminently as it should be. We believe in the old adage that "forewarned is forearmed." By all means, we should get at the seat of the trouble and try to stamp it out. We believe that in this immediate vicinity, cases of Jake Paralysis have not mounted appreciably. Nevertheless, there are sufferers in our midst and the least we can do is to try to prevent the spread of the malady, for such it is.

While a great deal of attention has been paid to Jake Paralysis, very little has been said concerning the harmful effects of near-beer, such as is made at home, or as it is more commonly known, home brew. Very little of the home brew is fit to drink. Do not take our word for it, but consult a chemist, have him analyze the fluid and get a competent opinion. Not only is home brew unfit to drink, but it is dangerous. A person who drinks too much of it must suffer the consequences.

In a town only a short distance from Memphis, a number of people are ill from drinking home brew—the kind that is made in the kitchen and capped in the garage. You probably know the kind. Home brew is causing violent swellings of the head and it is dangerous to partake too freely of the beverage. Let the scoffers laugh as much as they will, but the fact remains, "it is better to be safe than sorry."

WHAT PROGRESS WILL DO

PEOPLE who attended the formal opening and dedication of the new school at Weatherly Tuesday afternoon and night of last week saw the workings of progress in a rural community. So far as we know, Weatherly has the most complete and thoroughly modern school of any rural community in the state. There is only one word that adequately expresses the reason for the rapid strides Weatherly is taking and that word is "Progress."

Any community, any town, any city who has laggards in the ranks will postpone progress indefinitely. On the other hand, a community, a town, a city that is "up and doing" usually gets somewhere. That is the case with Weatherly. Imagine a rural community, off of a railroad, miles away from the nearest town with a high school building in keeping with those to be found in any large city, and you have a concrete idea of what progress will do.

The Weatherly School would do credit to any city. It embodies the ultimate in utility and service. The splendid auditorium is far better than any to be found in Memphis. Why is this the case? The answer is simple. Weatherly is progressive. As to Memphis? Well, "Memphis is not ready for anything of that kind—yet." Where have we heard those words before?

INTRODUCING A JOURNALIST

IT has been our pleasure to have associated with this paper, in one capacity or another, for the past two years, a member of the Senior Class of 1930. Last year, he took the course in Journalism offered in Memphis High School and is fast proving to be one of the best journalists in the making it has been our pleasure to have contact with. We refer to Jerry Sitton.

As a courtesy to him, we are turning over to him our column, "On the Level," which will be found on Page One of this issue. Jerry has written every word in the column this week. If the public approves of Jerry's writing, we should like to know. We believe that some day Memphis will have every reason to be proud of Jerry. He expects to work his way through college, beginning with the fall term this year. He is determined to make a newspaper man, and it is a genuine pleasure for us to introduce a future journalist through the "On the Level" column in this issue.

THE WHIRLWIND

Edited by the Students of Memphis High School

LAST WILL AND TESTAMENT OF SENIOR CLASS IS PRESENTED

As this is the last issue of The Whirlwind for the current school year, the editor deems it advisable to publish below the Last Will and Testament of the Senior Class of 1930. This will was written by Ernestine Walker, vice-president of the Senior Class and was read at the Junior-Senior banquet recently.

The will reads as follows: "We, the Class of 1930, in sixty-three individual and distinct parts, being about to pass out of this sphere of education in full possession of a crammed mind, well-trained memory, and almost superhuman understanding, do make and publish this, our last will and testament, hereby making void all former wills or promises by us at any time heretofore made, or perhaps, carelessly spoken, one to the other, as the thoughtless wish of an idle hour.

"And first, we do direct that our funeral services shall be conducted by our friends and well wishers, our superintendent and his ever-competent faculty, who have been our guardians for so long, only asking, as the last injunction of the dying, that the funeral be carried on with all the dignity and pomp that our worth, our merits, our attainments and our position as SENIORS of 'grave and reverend men' must certainly have deserved.

"STATE OF TEXAS,
 County of Hall, ss.

"In Die Nominie: On the Twentieth day of April, in the year nineteen hundred and thirty, we, the Class of 30 of Memphis High School, in good and sound mind being, make our testament in the manner that followeth:

"To Miss Crawley, may she obtain a husband who is worthy of her cooking.

"To Mr. Jackson, our superintendent, for the benefit of the school, we bequeath all the residue of our property, after the debts are fully discharged and funeral expenses paid.

GAME IS ENDED WITH BLACKS WINNING

Blacks Take Game By Close Score Of 6 to 0

In the final football game of the 1929-30 school year, the teams in spring training ended the training season with a hard fought contest last Friday at 4 p. m. The "Blacks," under the captainship of J. D. Jackson, defeated the "Golds," under the captainship of J. W. West, by a score of 6 to 0. Jackson proved to be star of the day when he ran under the goal posts and took a twenty-five yard pass from Regnal Greenhaw to score the only points of the game.

J. W. West was the outstanding man for the Golds, as he was continually breaking up punts, passes and made several runs with the ball for good gains.

The playing of Charles Flaney for the Blacks, was another sensation of the game. Charles played quarterback and displayed a good "football brain." On the few occasions that he carried the ball, he made consistent gains on an average of eight yards each try.

The line of the Golds was considerably weak, and could not stand up to hold the opposing team. Albet Pearson, quarterback for the Golds, failed to make a good showing at running with the ball due to the fact the linemen could not keep the opposing team from sifting through and making the tackle before the ball reached the line of scrimmage. He completed several passes.

Carl McLearn did the punting for the Golds and averaged fair distance for the heavy field. Ezell Champion did the foot work for the Blacks. The work of Curtis Bourland at center and Gerald Kunkler at guard was impressive.

Coach Nolan Walter was well impressed with the showing of the team and stated that he was of belief that a good team would be molded together by next September.

Walter Massey, captain of last year's squad, refereed the contest, while Emmett Walker served in the capacity of umpire. Jerry Sitton served as head linesman. Other officials were Roy Stargel and Bill McKelvey.

The contest was witnessed by about seventy-five spectators and backers of the Cyclone.

"Alvin Vallance leaves his wild disposition to J. C. Hill.

"Sarah Bradshaw leaves to Florence Lokey, her wonderful ability as a saleslady.

"Jewel Smith leaves Thurzia Mae Turner and Clessie Pugh her beautiful voice.

"Walter Massey wills his ability to put the shot to Pee Wee Pearson.

"Roy Stargel leaves to J. W. West the position of best all-round-boy of the school.

"Cordia Lee James leaves her long legs to Avis Kilpatrick.

"Randolph Johnsey leaves his wicked countenance to Carl Gerlach.

"Tressa Simmons leaves to Christine Paul her right to get 'silly,' but still be the favorite.

"Alvin Thomas, Gertrude McQueen and Jean Pugh leave their sympathy with the Juniors, feeling sure they will need it.

"Ernestine Walker leaves to Ethel Pearson the privilege and duty of writing the will of the Class of '31.

"The foregoing is the legal will of the Class of '30 and we do solemnly swear that we published and executed the will in the presence of two lawful witnesses. In witness whereof we hereunto set our hand and seal this the twentieth day of April, in the Year of

Our Lord, 1930.
 "SENIOR CLASS OF 1930."

Mother Knows Her Secret Now

"For a long time I couldn't find out what was making my little girl so drowsy and cross," says Mrs. J. N. Mathis, who lives at 1141 Busby street, here in Shreveport.
 "She suffered, too, with pains in her stomach, she was restless, and would whine and grit her teeth in her sleep. I tried laxatives and other medicines, but to no good. I had a friend in Texas who recommended White's Cream Vermifuge, and—Normadelle started feeling better right away. Her cheeks are now plump and rosy. She is so full of fun, play and pep I can hardly keep up with her."
 "When children stay sickly looking and can't sleep at night, even after you have given them laxatives to clear the bowels, that's usually the sign of round or pin worms. White's Cream Vermifuge is perhaps the best medicine you can give them."

We're All Boosters

Away from home we take pride in the home town, stand up for it, and tell the world what a wonderful place it is. But at home a great many of us take a different attitude, we are a little inclined to find fault. Why not try to be boosters at home too—and the best way to boost the home town at home is to give local merchants and citizens every consideration.

Local merchants put money spent with them right back in local circulation, the money or a big part of it stays right in the home town and is spent on our schools, churches, streets and civic betterment of every kind.

Cap and Gown Regalia

The members of the class were attired in cap and gown regalia. One entire section of seats had been reserved for them. About the altar and chancel-rail a profusion of spring blossoms was banked. The seating capacity of the church was taxed to care for the large crowd, which overflowed into the balcony with many standing.

may come home from school in his blue knickers, change to his Cub Scout shirt and blue cap and official stockings. The cost of the shirt, cap, stockings, belt and neckerchief is \$4.25 and will outwear an ordinary piece of clothing several times. Only boys registered officially may wear the uniform and badge.

Dr. J. Hardin Mallard, pastor of the First Presbyterian church, has been commissioned by Scout Executive Jolly for this work at the present time. Other pastors and Scout leaders should write or see Mr. Jolly about the Cub Scout program.

Joint Recital Last Thursday Registers Well With Audience

One of the enjoyable events incident to the closing of the Memphis public schools was the joint recital presented by the expression pupils of Mrs. Marshall Allen and the piano and voice students of Mrs. Elmer S. Shelley at the senior high school on Thursday night of last week.

The many pupils acquitted themselves well, which speaks volumes for the work accomplished under the expert supervision and direction of their instructors. Outstanding features of the recital included a one-act phantasy, "Spring Dreams," a play in one-act, "Where But in America," and a fast moving and thoroughly enjoyable one-act comedy, "Love! Love! Love!" An attentive and appreciative audience witnessed the recital.

Miss Lois Williams, of Plaska, was in Memphis shopping last Saturday.

Simmons Dean Is Visitor In City

Dr. D. M. Wiggins and wife of Abilene were visitors in the D. L. C. Kinard home Thursday night and Friday of last week. Mrs. Wiggins is the sister of Mr. Kinard.

Dr. Wiggins is Dean of the College of Arts and Sciences at Simmons University and also holds the chair of Education. He came through Memphis en route to Kirkland where he delivered the commencement address last Friday evening.

Dr. Wiggins only recently received his Ph. D. degree from Yale University. The faculty of this institution informed him that he had made the highest grades in his work there of any candidate who had done work for the doctor's degree.

Work On West Texas Utilities Building Progresses Rapidly

Work on the West Texas Utilities building is progressing rapidly and indications point to the fact that the building will be completed on schedule time. A large force of workmen have been employed on the structure and some intimation of the architectural plan can be gained at the present time. The building will be large and commodious, offering not only exceptional facilities for performing office work, but equally, will have plenty of room for the new ice plant, which should prove more than adequate to serve well the large list of customers during the hot summer months.

With the completion of the new ice plant, ice will be available at three different places in the city, one sub-station and two plants.

YOU CAN WHISTLE

You know the faults of your dearest friend. By Virtues galore are offset. But yesterday somebody rapped him hard.

You hated to hear it, and yet— You sat like a mummy and heard His faults brought out on parole. Were silent—and that gives content— Today how it grieves your soul!

But if you'd a friend like some you have known, Whose virtues were harder to find, There's a dear old dame of blessed name Had uttered no word unkind.

Dear Grandma left to her progeny A jewel they never would sell. "There's a mite of good in everyone Mayhap the fellow whistles well." —Dorothy B. Robbins.

No Dull Days at 54

"It took me five years to find out what to take to get rid of the biliousness and indigestion I used to suffer because my liver didn't seem to be functioning. I know now," says H. W. Seely of 1048 Rigby St., in San Antonio. "It's Herbine. I only have to take a teaspoonful of it in a little water whenever I feel that my stomach and bowels need help, and I'm never troubled with indigestion, sick headache, sour stomach or gas any more."

Herbine is a vegetable liquid which does nothing more than help the stomach and bowels take care of the food you eat. By keeping them active, your food nourishes you, instead of souring and turning to acid. Get Herbine from your druggist and see why many people would not think of punishing their systems by taking harsh salts, oil or mineral cathartics.
