QUOTA POSSIBLE

December Sales Over Half Of Entire Amount Sold Since Drive Began in May

Hall County's quota of Defense Bonds and Stamps for 1942 totals \$523,500, C. Lee Rushing, county chairman of the Bond and Stamp committee, announced this week. "If sales of bonds and stamps continue throughout the year as

they did during the month of December," Rushing said, "we will have little trouble in filling the county's quota.' During December, a total of \$55,409.85 worth of bonds and stamps were bought by Hall. Countians, Rushing reported this week. Approximately \$100,000

worth have been sold since May 1. when bonds and stamps were first put on sale in Hall County. "The increase during December was due, of course, to the outbreak of war," Rushing said. "More than half of the total amount of bonds sold since May I were sold during December, and it is hoped

that this rate can be continued." Defense Bonds of all denominations are on sale at both of the Memphis banks and at the post office. Stamps are on sale at the post office. In addition, a number of retail merchants have purchased stamps which they re-sell to their customers.

Defense Stamps are sold in denominations ranging from 10 cents to \$5, and are placed in albums.

WORKING CONDITIONS CERTAINLY HAVE IMPROVE AROUND OUR PLACE SINCE THE BOSS STARTED THE MODERNIZATION PROGRAM

Efficient, madern principles of ranching and farming not only make working conditions betfer but they increase production, reduce time and labor casts, and increase profits. They also make farms and ranches more enjoyable places to

CAMERON'S New Plan Book

Here is a practical, new "Plan Baak" which affers you new plans of farm and ranch buildings which are:

- The most economical to build for their specific purposes.
- 2. Designed to increase your income and profits. 3. Constructed to last-reduce upkeep-increase the value of your investment-save you time. needless steps and wark.

CAMERON'S New Survey Service

For lower operating casts, carefully plan your buildings; their location, construction, interior layout, and the use of carrect materials. Cameron's new "Ranch and Farm Survey Service" is exactly what you need. Special survey forms enable you, with the help of a trained Cameron Man, to plan your improvements and profits for years to come.

Farms and ranches should be as efficient

Planning More Defense Foods

Farmers in this State and elsewhere in America are beginning to make plans for producing more "defense foods" in 1942. Among the highly-nutritious foods needed in greater quantity are milk, cheese, eggs, meats, and vegetables. Good market prices for the year are assured. Every farmer in the nation will be visited this fall by an AAA farm program committeeman who will assist in planning the

Bill Smith, Cordell Bales, Jimmie Holbrook, Olson Sweat, Rev. S. F. Martin, Leon Randolph, Sam riamilton, Walter Ward, and John Deaver attended a Baptist association meeting in Hedley Tuesprincipal speaker of the evening.

Mrs. E. P. Anastasio of San Antonio came Monday morning for a visit with her mother, Mrs. Bryan Reynolds.

J. D. Morrison and L. A. Lester left Saturday for Houston where they will visit with friends and relatives.

Farmers of Nation-

(Continued from page 1) food goals becomes all the more

mportant, he says. "With every farmer putting

forth the greatest effort, these goals can and will be met and exthis job can be done without depoiling our soil as was done in the first World War. Farmers throughout the nation now are awake to the fact that they cannot permit erosion to destroy the pect to produce good crops.'

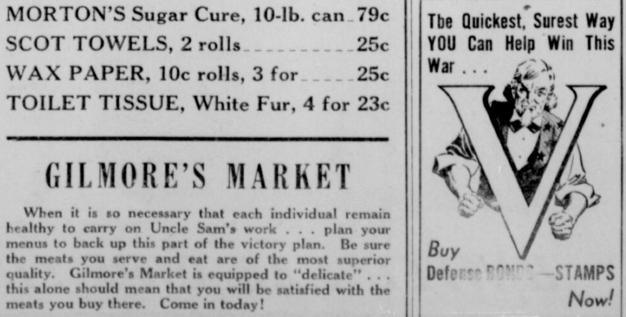

This war, if it is a prolonged truggle, could put a terrific strain on the productive capacity of the

their soil. Through the u ractices, many dangers of poor rops or crop failures can be elimnated; in many instances, yields can be increased, and the productive capacity of the land can be maintained and improved through the checking of soil losses by erosion," the conservationist be-

Technicians of the Soil Conser ration Service are assisting farmers in every possible way to meet heir food goals and to conserve their soil, Parsons pointed out. In the Hall County Soil Conserva-tion District, No. 109, farmers aleady are being assisted in carryng out complete soil and water onservation programs on every cre of their land. Farm plans re being adjusted to meet the ood requirements, and to include

farm gardens. "This is the time for farmers to gird for action," Parsons declared. "Plots for home gardens, f not already planned, should be elected and provisions made for supplying of the necessary water or irrigation by wells, diversions r from ponds. Farm machiners hould be placed in first-class con dition in order that the big job ahead can be done with the great est efficiency. Terraces and other onservation structures should be necked to make sure that they

are ready for full service.
"Farmers of the Hall County Soil Conservation District are going into action, and they're going o protect the soil that our ene mies would like so well to have,' Parsons concluded.

NATURAL GAS SERVICE DOESN'T JUST

ROLL UP

for the Gulf South

America': Fast-Growing Industrial Area -For War and Peacetime Production

The Gulf South - America's fast-growing industrial area-is doing its full share to make our national future secure, and to safeguard

America's freedom. The Gulf South area has been favored with an important part in our country's war program-a part that emphasizes the value of its immense and rich resources-its fine citizen . Phone 230. Res ship-and brings them into full play.

Natural Gas is one of these resources. In factories, mills, military centers, and homes throughout this region, Natural Gas is playing an increasingly important role. Our organization always has been vitally aware of its responsibilities. And during this war crisis, it is especially mindful of the importance of helping to meet our country's war requirements fully and adequately.

There is a job to do . . . and the Gulf South will do it . . . swiftly and well!

TARVER'S PHARMACY

On the Corner Phone 24

AYBE you've got a boy helping to do the job "over there." He's a fine lad . . . a brave one, too. It's a big job he's got.

And you're certain-and we're certain-that when all real Americans concentrate their efforts on production of supplies and actual fighting equipment, and insist upon discontinuing the enormous non-defense spending spree by non-productive political agencies, then this fine, brave soldier boy will get the job done.

That means there remains a truly big job to be done here at home. Everybody left behind must

Our own special job-this company's-it twofold: First—we must provide the light and power needed by army camps, air training schools, and defense industries in this West Texas country. Second—we must continue serving your home and business, doing all this in an economical manner so that we may also continue contributing all possible tax support direct for defense purposes.

We must conserve copper, rubber and automobiles. Our cars and trucks were reduced from 334 in 1931 to 235 in 1941. With further reduction now, many will do double duty in order to take care of the public's electric service requirements over a 45,000-square-mile area.

These vehicles, in 1941, traveled a total of 3,506,872 miles, or 140 times around the globe! Many of them have been rebuilt, and now will be rebuilt several times.

With a shortage of tires, cars and trucks, the job of maintaining the same type of good service in 1942 will be an increasingly hard task. It will require more maintenance and rebuilding throughout. This, we will continue to do, making replacement parts in our own repair shop, if necessary, to maintain the continuity of service to you.

We do not expect to be late in rendering any of the services you have come to expect of us. But, if there is delay, remember, please, that speed is being sacrificed at home so that the boys "over there" may have more and better fighting equipment.

Major Sports Events Face Many War-Time Changes

BY ART BRONSON

WHAT will the war do to sports? Plenty!

Many big-time events that draw tens of thousands of spectators annually will feel the crimp of the war. The sports roster will see many new names, as war claims the attention and energies of today's stars.

Uncle Sam is reluctant to permit huge assemblies of fans to gather. Crammed stadia are too inviting as targets for enemy bombers.

Transfer of the Rose Bowl game from the west coast to the more serene Carolinas is just one instance of the change from "business as usual." There are many other post-season football game changes and cancellations Race tracks, too, will feel the

war pressure. Not only will big events be shifted or canceled, but the federal government will add its levy to that of the states in exacting a share of the parimutuel taxes.

SOME of the older men in baseball may get a break, as young, outstanding stars-like Hank Greenberg and Bobby Feller-continue to serve the colors. Some of the boys about to be pushed out of the picture will get another chance.

Armed services stress athletics for recreation and morale building, with the result that thousands of men will be competing for the first time in boxing, wrestling, football, baseball, and track. Many who had never before worn spiked shoes became

Hank Greenberg - swapped uniform for Army baseball khaki.

great athletes as a result of sports training in the services during the last war.

A lot of the minor league circuits depended for their existence on night baseball. Curtailment of nocturnal games to conserve electricity is in prospect.

College football may return to more amateur standing as elevens will compete with neighboring squads instead of touring the country to play before huge crowds.

Many of the professional matches will be conducted as benefits for the training camps. The Joe Louis-Buddy Baer contest in Madison Square Garden, Jan. 9, will benefit the Navy Relief Fund. Louis is giving up his purse and promoter Mike Jacobs is donating his profits.

Glorifying Yesterday's Left-Overs

Left-over bits of meat and vegetables are a tax on the ingenuity of most homemakers. There usually is the problem of not quite enough for another meal and too much to throw away without a guilty conscience. Most cooks find it easier to make a tasty dish starting with fresh ingredients. It is like making a dress-it is much simpler to start with new material than to cut a pattern from

However, you'll find this recipe for Cornbread Meat Rolls with a with cornmeal baking powder and Creamed Vegetable Sauce, just the salt. Cut in butter with pastry solution to your left-over problem. blender. Add milk, and stir unt A tender cornbread roll made with ingredients are well mixed. Rol delicious butter and rolled inside out on floured board into rectang-

Enthusiasts Will Recall Many Banner Events of Sports Year

S Old Pappy Time scythed AS Old Pappy December off the calendar, the chatter of the hot-stove leaguers and the cracker-barrel coaches centered on these sports highlights:

Joltin' Joe DiMaggio, No. 1 outfielder of the New York Yankees, walloped out base hits in 56 consecutive games to lead the Bronx Bombers to their fifth American League pennant in six

The Brooklyn Dodgers and the St. Louis Cardinals battled all season for top spot in the National League and it wasn't until three days before the season ended that the Burns clinched the title-and lost four out of five games to the Yanks in the World In turfdom the triple-crown

winner, 3-year-old Whirlaway, swept the Kentucky Derby, Preakness and the Belmont Stakes. Also wearing the royal purple in quadruped society, is 2-year-old Alsab, currently regarded by many as the Man o' War of the future. Joe Louis ended 1941 just

where he started-right on top. Joe took on all comers, good, bad and indifferent and treated them alike. He knocked out all seven challengers for his heavyweight MINNESOTA'S Golden Goph-

ers remained supreme in college football. They extended their winning streak-begun in

Bruce Smith won the Heisman trophy as best college footballer

in the nation. Bobby Riggs and Mrs. Sarah Palfrey Cooke congratulated each other at Forest Hills-they won the national tennis crowns

for men and women respectively. In professional grid radks the name of Mrs. Hutson's boy, Don. led all the rest in points scored. The Green Bay end set the alltime mark this year.

Golfers saw Craig Wood take the U. S. Open and Masters events and watched Mrs. Frank Newell capture the women's national golf title. War forced the Rose Bowl

classic from Pasadena to Durham, N. C., the East-West game from San Francisco to New Orleans and the Pro Bowl contest from Los Angeles to New York. A banner year for spectators. the National and American baseball circuit games drew 10,000,-

000 fans; college football drew another 10,000,000; pro football added a million. In New York 2,500,000 attended the 175-day racing season. Largest crowd of the year attended the Memorial Day racing classic at Indianapolis where 160,000 spectators crammed the oval. Sporting events weren't with-

out their nutty doings. In Kansas City, Weiterweight Al Doriac and Pat Kissinger knocked each other out when they bumped heads. Referee Harry Corbett ruled that each lost by a knockout.

Polish them when they're

Waterproofing helps protect shoes, but it does not take the place of overshoes or rubber boots for walking in water, slushy snow, or soft mud. Here is a good mixture for waterproofing: 8 ounces of natural wool grease, 4 ounces dark petroleum jelly or vaseine, and 4 ounces of paraffin wax. Melt all three ingredients in a shallow rectangular pan such as a bread tin, as large as the sole of the shoe. Let the shoe stand about 15 minutes in enough of this waterproofing mixture to cover the sole and become saturated with the grease.

"Don't have the grease hotter than the hand can bear," Mrs. Barnes warns, "and don't let the
