## FUNERAL RITES CONDUCTED FOR DR. W. C. DICKEY

### Pioneer Physician, Businessman Dies In Dallas Hospital

Hundreds of friends and relatives gathered Sunday afternoon at 3 o'clock at the First Methodist Church to pay tribute to the memory of Dr. W. C. Dickey, widely known Memphis physician and businessman, who died Friday at the Baylor Hospital in Dallas of a heart attack.

Prayer was held at the home by Rev. Russell Wingert before leaving for the church.

The rites were conducted by Rev. E. L. Yeats, Methodist pastor. Burial in the Fairview Cemetery was in charge of King's Mortuary.

Pallbearers were J. L. Barnes, D. L. C. Kinard, O. M. Cosby, D. A. Neely, George Sager, Chas. Webster, Frank Finch, and Art Miller.

A brief funeral service was held Friday afternoon at the Brewer Funeral Chapel in Dallas for relatives and personal friends who could not come to Memphis. Rev. Carradine Hooten, Methodist pastor, officiated, and was assisted by Rev. O. F. Sensabaugh.

Dr. Dickey was a native Texan, having been born 59 years ago at Leona, Leon County. He attended Southwestern University at Georgetown for three years and then took a course in medicine at the University of Texas Medical School at Galveston, graduating in 1906. He practiced medicine for a while at Leona.

He came to Memphis in 1907 and practiced medicine here for the next 15 years. He was for several years chief surgeon of the Fort Worth & Denver City Railroad in this district. He was a member of the Board of Counselors of the State Medical Association of Texas.

Dr. Dickey was married in 1909 to Miss Vera Dial. In 1921 he retired from medical practice.

Dr. Dickey was a member of the Memphis Chapter of the Red Cross, and was elected to the Woodridge Lumber Company. He was also a member of the Rotary Club.

## Hall County Over The Top in Red Cross Campaign

### New Officers and Service Chairmen Memphis Chapter Named at Recent Meeting

Hall County went over the top this week in the drive for Red Cross Emergency Funds, it is reported by O. V. Alexander, drive chairman.

Last week, as reported in The Democrat, the county was only \$6.38 short of the quota of \$2,300. Since then cash donations of \$23.30 have boosted the total to \$2,316.92.

However, the above figures do not represent the full total of monies subscribed for the emergency fund. Several organizations of the county, instead of sending floral offerings to the funeral of Dr. W. C. Dickey, honored the Memphis pioneer physician and banker by contributing to the Red Cross in his name. A list of these organizations and the amounts given is not yet available for publication, the drive chairman said.

Following is a list of contributors reported this week: Avery Hutchins \$2, J. T. Nelson \$1, Plaska school \$405, Newlin school \$1.25, Mrs. Allan Monzingo, Pleasant Valley \$2, Newlin Mothers Club \$5, Clarence Billington \$1, C. W. Broome \$5, Mrs. C. E. Lockhart \$1, Mrs. E. H. Duke \$1.

Officials for the Memphis Chapter of the Red Cross were elected at a meeting Thursday night, March 5 at 8 o'clock in the office of the Woodridge Lumber Company. They are:

Chairman, E. E. Roberts; vice chairman, G. M. Duran; secretary, Ruby Hoffman; treasurer, D. L. C. Kinard.

Service chairmen were named as follows: Roll call, Mrs. Roy Guthrie; (Continued on page 4)

## Baptist Training School Announced

A Panhandle Associational Sunday School and Training Union course will be held at the First Baptist Church here, beginning Monday, March 16, and continuing through Friday, March 20, it is announced by Rev. S. F. Martin, pastor. Classes will begin at 8 o'clock each evening and close at 10 o'clock.

All churches of the association are planning to take part in this school. Sixteen courses will be offered, comprising 12 Sunday School and 4 Training Union courses. Each course will be taught by a capable instructor, with an inspirational address at the close of each evening session. Rev. Martin states the school is for persons of all ages and those who attend are urged to bring their families.

Charles Leon Duncan, son of Mr. and Mrs. C. C. Duncan of this city, who is with Gen. McArthur's American and Filipino forces on Bataan Peninsula, is believed to be safe and contained in a message from the War Department to his parents, stating that his name had not appeared on the lists of missing or injured soldiers.

Duncan was called to service in February 1941 and left Fort Bliss for the Philippine Islands last September. He is serving with the coast artillery.

## SCHOOL CENSUS OF HALL COUNTY IS IN PROGRESS

### Parents Urged to List All Children of Scholastic Age

Enumeration of scholastics in both independent and rural school districts of Hall County is going forward this month and must be concluded by April 1, according to Miss Tops Gilreath, county superintendent.

Every effort is being made by enumerators in all districts to make the census as complete as possible.

However, in the event any children of school age should be overlooked, parents or guardians are urged to report them. It is pointed out that every scholastic not reported means a loss to county school funds. State aid per scholastic this year is \$22.50 and will probably not be less next year, although the amount is set annually by the State Tax Board.

Every child who will become six years of age on or before September 1 and those who will have reached the age of 18 by the same date should be enumerated in the scholastic census.

The enumerator for the Memphis Independent School District is Miss Ira Hammond. Names of the census takers for Lesley, Lakeview, Estelline, and Turkey independent districts could not be learned.

The county superintendent lists enumerators for rural school districts as follows: Eli, Mrs. W. B. Gilreath; Deep Lake, Loren Denton; Gammage, C. F. Whitten; Webster, Mrs. J. B. Byars; Newlin, Mrs. Mack Jones; Parnell, Elbert Sweet; Indian Creek and Friendship, Mrs. Gladys Pevatt; Brice, Chester Borders; Pleasant Valley, Mrs. E. C. Crabb; Salisbury, Mrs. E. W. Solomon; Buffalo Flat, Miss Marie Couch; Bridle Bit, Carl Gray; Plaska, Deane Fletcher; Weatherly, John Weatherly.

## City and School Elections in April

No names have been filed for either the school trustee or city council elections, both of which will come to the attention of Memphis voters early in April.

Two trustees are to be elected in the school board election, which will be held on Saturday, April 4, according to H. D. Delaney, secretary-treasurer of the board.

In the city election, which will be held on Tuesday, April 7, councilmen for four wards are to be elected, D. L. C. Kinard, city secretary, said. Polling places for all four wards will be in the city hall, he said.

## CLAUDE'S Comments

An editor of another paper wants a battle cry. He says this is a fighting nation. Stop low-rating us. Teach us first aid, sure, but teach us first how to blast the Japs and Germans off the face of the earth. First arm the army, navy, and air corps, and then arm every man-jack and boy in America. We common men and women know what war is. We do not intend to be about it. We do not intend to be a slave race, or a subject race, or a passive race. We know that our nation is at stake. Furthermore, we more than a little suspect that the entire future of mankind is at stake. Let's change defense bonds to victory bonds, defense councils to war councils. Old Tack of Amarillo suggests the word Offense instead of Defense. Anyway, let's have a battle cry or war whoop!

I think the old boy has something there. I understand that the donkeys of America want to be called something other than jackasses—sounds too much like Jap-axis. Judging from recent activities in Memphis, people like to sign petitions and circulate them. Why not put this desire into petitions to the powers-that-be in Washington asking that strikes and (Continued on page 4)

## Estelline FFA Youth Takes Top Honors in Fat Stock Show Here

WINNERS—Here are the headliners in the FFA-4-H Club Fat Stock Show held in Memphis Saturday. The grand champion (upper left) and reserve champion (upper right) were both exhibited by Jim Hutchins of Estelline. The grand champion was chosen from the junior milk fed division and the reserve champion from the senior milk fed division. Junior Clifton (lower left) is shown with the calf which won first place in the junior dry lot fed division. Roy Gresham (lower right) is shown with his blue ribbon lamb.

Official results of the show are as follows: Heavy barrows (221 pounds and up): 1st, J. B. Richards, Estelline; 2nd, Roy Gresham, Estelline; 3rd, Gresham; 4th, Richards. Pen of 3 swine (either barrow or gilt of same litter): 1st, J. B. Richards, Estelline.

## Funeral Services Are Held for Aged Memphis Resident

### John Hoggatt, 92 Years Old, Passes Away at Son's Home; Burial in Fairview Cemetery

Last rites for John Hoggatt, 92 years old, were conducted Thursday afternoon, March 5, at 5 o'clock at the King Mortuary chapel by Buren W. Carr. Burial was in the Fairview Cemetery, with King's Mortuary in charge of arrangements.

Pallbearers were J. D. Morrison, J. A. Hutchins, C. L. Horne, Bug Hoggatt, Harold Hoggatt, and Ernie Hoggatt.

Mr. Hoggatt passed away Thursday morning at 9:20 o'clock at the home of his son, Fred Hoggatt. He had made his home here since July 1941.

The deceased was a native of Tennessee, born October 19, 1849. He was married to Miss Alice Sherrell in July, 1888, in Missouri, and to them eight children were born. His wife, two sons, and one daughter, preceded him in death.

He is survived by three daughters. (Continued on page 5)

## Memphis Fireboys Battle Blazing Burrs at Lakeview

Seven members of the Memphis Volunteer Fire Department took themselves a very cold and windy ride last Friday night, when they answered a call from the Lakeview Farmers Co-op Gin about 10 o'clock. The call was occasioned by the high north wind whipping blazing burrs from the incinerator, located just north of the gin, and threatening to set fire to the building.

Water from a cistern was used in fighting the fire and the local smoke-eaters had to use considerable ingenuity to connect sufficient suction hose to reach 30 feet down to the water. It is reported the wind was scattering the glowing burrs about the gin yard and toward the town of Lakeview to the south. One bale of cotton was set afire and damaged. About two hours time was required to get the fire under control.

According to W. V. Coursey, driver, if the gin buildings had caught fire, there would have been little chance of saving the town. Fire boys making the run, besides Coursey, were R. A. Massey, Albert Crump, Thomas Clayton, Lester Grimes, Harry Aspreen, and Lloyd Ward.

## Lakeview Eagles Drop First Game in State Tourney

### Elkhart Turns Back Flashing Rally to Win Class A Opener By Close Score of 36 to 32

Lakeview's Eagles, after soaring through all competition to gain the regional basketball championship, had their wings clipped by the Elkhart cagers in the first go-round of the Class A Championship tournament at Austin Thursday, March 5.

Elkhart froze the ball in the final moments of the game to halt a Lakeview rally and cop the tilt by the close margin of 36-32. A dazzling attack by Lakeview's Leroy "Speedy" Scott was turned back by effective work on the part of Elkhart's Meredith, Pelham, and Hawthorne. The game was closely contested all the way.

The Eagles, coached by E. J. McKnight, battled their way to the top of the heap in Region 1-A and the right to compete in the state tournament through the stiffest kind of competition. They lost only one game in gaining the crown in District 2.

The Lakeview basketballers downed Hereford 34-22 on February 20 for the bi-district. Meeting Floydada for the regional title, they won the first game at Floydada 35-23 February 24, dropped the second at Lakeview 38-30 February 27. The following night at Lakeview, the Eagles clinched the title with a brilliant 43-35 win over the Floydada cagers.

## Memphis Man In Narrow Escape While Hunting

During the past week-end, while on a coyote hunt on the Davis ranch near Tell, T. D. Weatherby, Memphis businessman, had one of those narrow squeaks calculated to put white spots in a man's hair.

Weatherby and Pete Davis had finished hunting and had returned to their car when the mishap took place. Weatherby was standing on one side of the car and Davis, on the other, was unloading his Winchester rifle when the gun was accidentally discharged. The bullet shattered the steering wheel of the automobile and a splinter from the wheel struck Weatherby on the side of the head. He suffered a painful scratch, but was otherwise undamaged.

Nevertheless, the Memphis man says he wouldn't care to repeat the experience.

## SALE FOLLOWS JUDGING ENTRIES

### Disagreeable Weather Fails To Keep Crowds Away from Annual FFA-4-H Club Event

Despite disagreeable weather conditions, the Hall County FFA and 4-H Fat Stock Show held at the old Memphis Post Office building Saturday was the best in years, according to the club boys who showed a superior type of stock, the arrangers of the show, and buyers at the auction sale which followed.

Collecting three blue ribbons plus champion and reserve champion calf titles, Jim Hutchins, Lone Star degree member of the Estelline FFA chapter walked off with top honors for the day.

Ralph Howe, former member of the Texas A. and M. international livestock judging team, judged the entries, which were brought to Memphis Friday night and weighed in at the Memphis Cotton Oil Mill.

Official results of the show are as follows: Heavy barrows (221 pounds and up): 1st, J. B. Richards, Estelline; 2nd, Roy Gresham, Estelline; 3rd, Gresham; 4th, Richards. Pen of 3 swine (either barrow or gilt of same litter): 1st, J. B. Richards, Estelline.

Lamb: Roy Gresham, Estelline, placed first, second, third, fifth, sixth, and seventh; George Williams, Memphis, placed fourth, and Walter Duncan, Estelline, eighth.

Junior Milk Fed Calves (under 850 pounds): 1st, Jim Hutchins, Estelline, 830; 2nd, Rory Ellerd, Memphis, 740; 3rd, Jack Moreman, Lakeview, 840; 4th, L. N. Pittman, Lakeview, 720; 5th, Don Tarver, Memphis, 700; and 6th, Don Hancock, Lakeview, 770. Other entries in this division were made by Olen Lane, Bill Lane, and Carol Fowler.

Senior Milk Fed Calves (over 850 pounds): 1st and 2nd, Jim Hutchins, Estelline, 950-880; 3rd, L. N. Pittman, Lakeview, 960.

Junior Dry Lot Fed Calves (under 850 pounds): 1st, Junior Clifton, Estelline, 760; 2nd, William Wheeler, Lakeview, 710; 3rd, Junior Clifton, 730; and 4th, Billie Craft, Lakeview, 710. Other entries were made by Lewis Cobb, Billie Joe Tomlinson, Mack Richards, R. B. Phillips, Lamar Masterson, Don Masterson, Hoyle Stephens, Harold Lane, Sammy Stout, Jack Blum, Roger Ellerd, Emmett Lee Byars, T. W. Summers, Bill Lane, Robert Lee Young, Carlton Wallace, John H. Shannon, J. R. Adamson, E. L. Hill, Elton Lyles, Billie Lyles, Leo Wiley, Wesley Waites, Jimmie McElreath.

Senior Dry Lot Fed Calves (over 850 pounds): 1st, Jim Hutchins, Estelline, 1040; 2nd, Junior Clifton, Estelline, 960; 3rd, Clifton, 960; 4th, Don Hillis, Lakeview, 910. Other entries were made by Holmes Posey, Bobby Lee, Mack (Continued on page 4)

## County Boys Do Well at Amarillo Fat Stock Show

Jim Hutchins of Estelline won first place in the class for three calves owned and exhibited by the same owner in the baby beef division of the Amarillo Fat Stock Show Tuesday.

For a time one of Hutchins' calves stood at the head of the line in the competition for grand champion of the show, but the purple ribbon finally went to Bobby Neal of Rochelle, McCullough County. An 870-pound Hereford steer exhibited by H. C. Shaw of Hedley, Donley County, was declared reserve champion.

Donley County boys also won first place award for the best county group exhibit. Judging by Jack Turner was completed Tuesday. A complete list of Hall County boys exhibiting baby beef animals at the Amarillo show and how they placed follows: Senior calves—Jim Hutchins, Estelline, 11th; Homer Posey, Memphis, 21st; Helen Clifton, Estelline, 22nd; Helen Clifton, Estelline, 28th. Junior calves—Jim Hutchins, Estelline, third.

### FAVORITE RECIPES

## Prize-Winning Pie Recipe Brings Fame To Iowa Youngster

Mary Elizabeth Lush, 17, of Ames, Iowa, bakes best cherry pie.

BY WINIFRED CLARK

CHERRY pie ranks second or to apple pie as America's favorite dessert. Here's the first prize recipe Mary Elizabeth Lush used to win the National Cherry Pie Baking Contest. Her recipe substituted honey for sugar.

For filling, she recommends cups red sour cherries (pitted), 1 1/4 cups honey, 1/4 cup cherry juice, 4 tablespoons cornstarch, 1 tablespoon butter.

For crust, use 1 1/2 cups bread flour, 1/2 cup lard, 2 tablespoons extra lard, 1/4 teaspoon salt, cup ice water.

Combine cornstarch and juice. Add honey. Cook on low flame until thick. Add cherries well drained. Add butter. Chop flour and salt into lard quickly. Add ice water carefully. Divide dough. Roll, spread with extra lard, fold in and re-roll. Bake 30 minutes, at 425 degrees F. for first 10 minutes, remainder at 350 degrees F.

### Work— AN DEFENSE AUXILIARY NOTES

in a late number of the Memphis Post, it is urged that women to stockpile for emergencies. A plan has been suggested to send them to China for the use of the Red Cross. The stockings, collected by the Salvation Army, are being used for the Red Cross. Thus silk sent to Japan goes to aid the Chinese.

Material for refugee relief has arrived at the sewing cutters are busy. More helpers in the department. Bring in scraps for baby clothes, etc.

are so cooperative, the sewing room on the sewing at home. Society came this morning expecting them. The Blue Bonnet Society is now sewing together those squares made by school girls for an Afghan.

from the column, "The Sake," in the Amarillo Globe: "The list of articles for U. S. Army hospital, 1941-1942, writer further states

that a certain amount of yarn will be allotted to merchants for civilian use until there is an acute shortage. There is no reason to freeze the stocks on the merchants' shelves. Profits from existing stocks are needed to meet the ever increasing cost of war.

It is a funny thing, when you think of it, the Civilian Defense Auxiliary was formed in Memphis before the Civilian Defense Auxiliary. But it does not matter, both organizations are working now. The auxiliary is not mentioned often in this column, rather the several units making up the whole. But it is the channel through which new projects are worked out and to which the Civilian Defense, Red Cross, and many other defense organizations turn for such assistance women can give.

You are missing a great deal if you are not attending the nutrition classes each Tuesday afternoon at the high school building. The time has come when we must conserve on many things. We must save food but not to the detriment of our family's health.

### NEWLIN

Opening of the Methodist revival has been postponed on account of the absence of the pastor, Rev. J. P. Cole, who has been at the bedside of his father in Levelland for the past week. The meeting will be in charge of Rev. Michael of Claude.

Birth Party Honors  
Bobbie Jean Pigford  
Mrs. Will Picture entertained with a birthday party at her home Saturday honoring Bobbie Jean Pigford on her ninth birthday. After the arrival of the guests, who were former school mates, they were entertained with various games. Then they gathered around the dining table and each made a wish as they blew out the candles on the birthday cake.

It's a Brave Mother Who Smiles  
Not all the battles are being waged today on the battlefields of Bataan, Java, and Burma, but in the hearts of many brave American mothers, who fight back the tears and smile and "keep their chins up" when their sons are on the battlefields, or on their way, or are soon to go. Yet these mothers must "carry on" in the usual way and be cheerful despite a heavy heart.

### Stockpiles of Food for Peace

Here is what the U. S. Department of Agriculture means when it urges farmers to help produce "stockpiles of food for use after the war." The upper picture shows barrels of dried milk, just as good a year from now as today. The lower picture shows a warehouse filled with huge drums of cheese, even better with aging. These farm products, plus condensed milk, dried milk, cured pork, and canned meat and vegetables, constitute the stockpiles of defense food which, says Secretary Claude R. Wickard, will be needed by hungry Europe and "will exert the maximum influence at the peace conference table."

### 'Twinkle' Watts Is Tiny Star Bowling Performer

SIX-YEAR-OLD Janne "Twinkle" Watts must have heard somewhere that women, especially little women, are not supposed to do certain things—such as bowling a 250 game. And like other women, albeit younger, she proceeded to be contrary—she bowled a 250 game.

Twinkle tips the scales at 42 pounds and uses her own 10½-pound ball. In order to keep that proportion, a gent who weighs 160 would have to roll a 40-pound bakelite.

Miss Watts just walked into the game. One day in California, her home state, she strolled into a bowling establishment and saw pinboys rolling duckpins. Playfully they invited the tiny blond youngster to try the game.

She did; and rolled 125! That isn't a bad score for a man in duckpins, though he may have been bowling for a year. But the small maples were sissy stuff to Twinkle when she spied the big balls—and wanted to try them.

THE abashed pin boys—ashamed of being shown up—said no, they were too heavy. They hadn't learned one can't say no to a woman, even a 6-year-old. Twinkle decided she would bowl at the big pins.

Her fame spread and soon the golden-haired cutie became the darling of the eastern temping establishments. She is currently on an exhibition tour under the guidance of George Stephenson.

Twinkle's average is better than 150, although she goes over the 200 mark numerous times. In a match at Charleston, S. C., she astounded keglers fans with a 250 game.

"Twinkle" Watts—Star bowler.

In a Los Angeles tournament last season she was the youngest entrant, and was one of the few to roll 200 games. She hooks a mean ball and would own a higher average if her ball were not so light. She knocks off spares with uncanny accuracy. Her accomplishments do not stop at bowling. She is a figure skater—far better than the average girl—and has given ice exhibitions between periods of hockey games. Two newsreel companies have made movie shorts of the 6-year-old who displays perfect form and accomplishment in both bowling and skating.

profiteering be stopped. Our home boys now in the service of their country get \$21 per month, do not have 40-hour weeks, do not get holidays off, and do not get time and a half for overtime work they do. Let's make it an all-out war, with everyone doing something to win. Congressmen need your encouragement, and if every citizen in the United States, who believe something should be done about strikes and profiteering employers, would petition their lawmakers, they might get busy, for after all the citizens are the voters.

Bill Phleguer of West Main street exclaims: What! Drive all the way to Blanktown for more chandise and run more than 100 miles off my tires? Not me! I'm buying right here in Memphis.

A lot of discussion has been going the rounds of the newspapers over this Congressional district concerning Gene Worley's actions. Some blame him and some praise him. Why blame him for resigning his office as Congressman to become an officer in the Navy? He promised the voters that he would enter service if he voted for war, didn't he? He has kept his word, hasn't he? He is doing what a lot of other Congressmen did during the first World War, isn't he? Marvin Jones was one of them wasn't he? When the war was over and peace was restored, the Congressmen's back salaries were also restored, weren't they? Worley, while keeping his promises made publicly during his campaign, made promises privately to a group seeking munificent federal pensions that he would support their movement, didn't he? He got their votes in bloc, didn't he? But he cannot help their cause while out of Congress, can he? Couldn't he serve his country more patriotically and efficiently as Congressman than as a Navy officer now that our country is facing the greatest peril in all her history? Since Pearl Harbor the picture has been changed, and a promise made in peace time seems rather unimportant when compared with a national necessity brought on by a catastrophe, don't you think?

Frank Finch has called my attention to the fact that young cockleburrs are poisonous to dogs and other animals during the early spring, and that cows are poor sale when their tails are full of the burrs. He said this plant has become a nuisance in various

The war situation is growing worse daily for the allied countries in the Pacific. The slant-eyes are having it their own way, it seems. The tide will turn, but not before America gets into full production and full understanding so that her efforts will count for something.

Active work is being done by singers of Hall and adjoining counties on the Easter Cantata to be given on Easter morning at sunrise at the City Park amphitheatre. Rev. He thinks it will do all of us good to get up once a year anyway in order to see the sun rise.

My Grandpa thought he was cyped when he got married, but it turned out he wasn't. When he jumped the broomstick with Grandma her feet were so big they couldn't both leave the ground at the same time. He still argues that she would have made a better wife if she had been deaf and dumb.

KIND OF WIFE I LIKE  
I'd like to have a real cute wife, who'd think I am the berries, and sit upon my manly knees, her lips as red as cherries.

I'd like for her to say to me, when other men passed by, 'It's you, Big Boy, I love, then cuddle down and sigh.

I'd go a long way for a wife like that; she'd get my last thin dime. But I guess I'll keep on waiting, for that's not the way of mine.

From the Junior Milk Fed division was selected the Grand Champion, owned by Jim Hutchins and bought last April from Mrs. Lizzie L. Beard, Estelline stock breeder. The feeding of the 830 pound calf was supervised by Walter Labay, Estelline agriculture teacher.

The Reserve Champion, also owned by Hutchins, was an 880 pounder from the Senior Milk Fed division. This calf was originally purchased from Jake Hess of McLean.

Hutchins, who was the owner of last year's Grand Champion, is a candidate for the American Farm degree, highest honor offered to the FFA members and was awarded his Lone Star degree last July at the State meeting at Marshall.

Sparked by the chanting of Colonel Lynn, Childress auctioneer, an auction followed the judging of the entries. Out-of-town buyers who came to Memphis for the sale were Pleas Ryan, cattle salesman and Houston Hutchens, representative of the Nored-Hutchens Commission Co. of Fort Worth. Also in attendance were representatives of the Taff and Newberry Packing Co., Childress. Both the Grand Champion and Reserve Champion were bought at the auction sale by Hal Goodnight of Piggly Wiggly.

Following the auction, the top winners in the Hall County show took their stock to Amarillo to show in the Tri-State Fat Stock Show held there this week.

Arrangements for the county show were made by County Agent W. B. Hooser assisted by the agriculture teachers of Memphis, Estelline, Lakeview, and Turkey.

Cranberry Butter Cake New Favorite

No dessert heads the list of favorites so consistently as a tender, rich-flavored butter cake. Whether it is the "one-egg" variety or one calling for more eggs—the sweet delicious butter flavor will predominate.

Add a new note of color and a delicious filling to this cake by using cranberry jelly beaten or mashed thoroughly with a fork. Frost the cake with a butter-cream frosting and decorate with whole cranberries. The tartness of the filling makes this cake a perfect after-dinner dessert.

CRANBERRY BUTTER CAKE  
1 1/4 cups cake flour  
2 teaspoons baking powder  
1/2 teaspoon salt  
1/2 cup butter  
1 cup sugar  
2 eggs, separated  
1/2 cup milk  
1/2 teaspoon vanilla

Sift flour, measure; sift 3 times with baking powder and salt. Cream butter until soft and smooth; gradually add 3/4 cup of the sugar, creaming thoroughly. Add beaten egg yolks, and beat until mixture is light and fluffy. Add

dry ingredients and mix. Turn into greased 8-inch layer cake pan. Bake in a moderate oven for 20-30 minutes, or until tester inserted in the center comes out clean. Cool on a wire rack. Spread softened cranberry jelly between layers and frost sides with butter-cream.

BUTTER-CREAM FROSTING  
1/4 cup butter  
2 cups confectionery sugar  
3 tablespoons cream  
1/4 teaspoon salt  
1/2 teaspoon vanilla

Cream butter until smooth, and gradually add sugar, adding cream a little at a time as mixture thickens to handle. Use thick cream to produce spreading consistency. Add vanilla and mix thoroughly on cake immediately.

Meatless Lenten Menus Make Fish More Appetizing

BY WINIFRED CLARK

IMAGINATIVE menus for Lenten send you fishing for meatless dishes. Here's a recipe you might like to try.

For broiled fillet of haddock, to serve 2 or 3, follow this recipe. Separate fillets, spread with softened butter and sprinkle with salt, pepper and paprika.

Here's another recipe you'll like, for red perch with butter sauces, to serve 4 to 6. Use 2 packages of quick-frozen red perch (frozen or thawed), seasoned flour, and cooking oil.

To make tart lemon butter, use 4 tablespoons butter, 2 to 3 tablespoons lemon juice. Cream butter, add lemon juice, and cream well.

Left-Over Meats Aid Budgeters To Cut Expenses

BY WINIFRED CLARK

THESE are days when careful budgeters are looking for ways to economize on meats. Here's a suggestion that will enable you to make economies without sacrificing flavor of your food.

You need not serve meat left-overs cold, or make hash (good as it may be). There are more appetizing ways to present the last of the roast.

Ham roll-ups are so delicious that no one would ever guess you used left-overs in preparing this dish. To make them, prepare a cheese sauce, using 4 tablespoons shortening, 5 tablespoons flour, 1 1/4 cups milk, 1/2 cup grated cheese and seasoning.

Trim fat from ham slices which should be 4 to 6 inches in size. Roll four tips of asparagus in each slice and put rolls, seam-side down, in shallow baking pan. Surround with cheese sauce and bake in hot oven 15 or 20 minutes until lightly browned.

### THEIR JOB IS IMPORTANT, TOO

**FOOD IS A** weapon, no less than planes, tanks and guns. As breeders and feeders of calves, hogs, and sheep, Future Farmers of America and the 4-H Club boys are doing a job for their country in wartime that ranks in importance with that of soldiers manning the weapons of death.

Hall County boys demonstrated again last Saturday in their annual Fat Stock Show in Memphis, that they are not behind those who have gone before in the production of sleek, fat livestock. Under the direction of their fine instructors, they are learning the business of livestock raising and farming in the most practical manner, by actual experience. They can justly be proud of their accomplishments.

What they are accomplishing now is not, of course, as important as what they will do in the future. Animal husbandry and agriculture grow more scientific as time goes on, and these boys are laying the foundations for successful careers. They are the future providers of food for the nation.

The show held in Memphis Saturday has been and will be duplicated in thousands of counties throughout the United States this year. Multiply the animals shown here by the number of FFA-4-H shows in the entire country and you will have a formidable supply of fine steaks, roasts, short ribs, hamburgers, hams, sausages, and other meat favorites of the American people.

Organization of the 4-H Clubs and Future Farmers of America was not effected with a view to wartime conditions, but their efforts are greatly enhanced in value to the nation under such an emergency.

Power to you, Future Farmers and 4-H boys.

LOOK, FOLKS! REQUESTS FROM MY THOUSANDS OF EMPLOYEES ASKING ME TO TAKE PART OF THEIR SALARIES TO BUY SAVINGS BONDS FOR THEM!!

WHAT ABOUT IT, FOLKS? HAVE YOU STARTED THE PAYROLL SAVINGS PLAN IN YOUR OFFICE YET?

Uniform maximum prices for domestic shorn wool were established under the first permanent price regulation issued by OPA Administrator Henderson since he took office under the Emergency Price Control Act of 1942.

It is absolutely of no avail for a civilian consumer to apply to the War Production Board for a priority rating in the hope that it will enable him to purchase a new tire, OPA Administrator Henderson said in a recent statement.

Forthcoming nationwide registration for sugar rationing books will be accomplished over a four-day period according to Price Administrator Henderson. No dates have been established as yet and probably will not be set for another week or so. It is unlikely that registration will begin before the last week in March because of the size, scope, and complicated nature of the task.

Price control action designed to aid the American farmer in his all-out food production campaign was taken February 22 in the form of a "freeze" of fertilizer prices—a major item of cost to farmers—on the eve of spring planting.

### EVEN IN WAR TIME PEOPLE MUST EAT

and they must have clothing, household supplies and many other commodities. Merchants should bear this in mind when they consider the subject of advertising. It's well understood that many lines of merchandise will be sharply curtailed and others will disappear altogether from shelves and display rooms, but that will mean, in many instances, more money to spend on those things which are available and necessary.

Furthermore, buyers in the smaller cities who have been accustomed to go to larger centers to do at least a part of their buying, will in the future not be so much inclined to do so. This newspaper has for many years preached the gospel of trading at home. We believe not all of this preaching has been in vain, but there is in every town a certain class which considers it the smart thing to buy out of town. We can't help but gloat a little that this class, due to the ban on automobile tires, will now be forced to patronize local merchants or resort to the mail order method.

But what we started out to say is that Memphis merchants will benefit themselves and the community by taking advantage of the situation to intensify their advertising messages to the buying public.

We modestly submit that there is no better way to do this than through the columns of

Excerpts from the Official OEM Bulletin

The American people will deliver war goods on schedule, even though in 1943 it is going to mean living standards lower than at the bottom of the depression. Price Administrator Henderson asserted in a recent speech to the Overseas Press Club in New York.

It is now more than ever apparent that the war is going to make a tremendous difference in what people wear. The War Production Board has prepared an order which will restrict print cloths to only four color combinations and even these must be light in shade and the patterns must leave more white. The reason is the tremendous need for dyestuffs which are also ingredients in the manufacture of military explosives.

Truck manufacturers who do not complete production of their February quotas of medium and heavy trucks by March 1 will be allowed to carry over the unused portion of the quota into March, it has been announced by the Director of Industry Operations. Manufacturers were warned, however, that March quotas will probably be cancelled.

On February 23 the WPB ordered the production of domestic mechanical refrigerators to be discontinued after April 30, 1942, so that the entire industry can be converted into production of war materials. Limited production is permitted until the cut-off date.

Fancy radiators, concealed piping and other heating equipment will probably disappear from the trade channels for the duration of the war, it has been indicated by the plumbing and heating branch of the WPB.

Protective price regulation became a reality to the American housewife and her dinner table February 28 as OPA Administrator Henderson moved to halt further price increases on 11 canned fruits and 15 canned vegetables under a 60-day price regulation.

... Wonder what we're worth on the hoof?

Just in case Joe doesn't know, it cost his country \$211 to equip him. Multiply that by an army, and you have a tidy sum of money.

We ought to know. Over 2,400,000 Joes could be completely outfitted with the \$510,000,000 which America's electric power companies paid in taxes last year.

That's considerably more than a million dollars a day!

We're glad our stake in Democracy is so large. The freedom America's fighting for is worth whatever it costs.

Even though our taxes have been going up, our rates have been going down. Today, the average household electric user gets about twice as much electricity for his money as he did 15 years ago.

This record is directly due to the careful planning of the business men who manage the nation's electric companies.

They were prepared when the war emergency came. Prepared to power yards, arsenals and plane plants.

And they'll stay right on the job making America POWERFUL with a couple of million Joes go back to civilian clothes again!

Be Careful With Kites, Says WTU Local Manager

It's kite-flying time again. And the West Texas Utilities, momentarily forgetting the many problems of war in many lands and the difficulties of maintaining good service in the face of wartime handicaps, is taking time out for a humanitarian war it has waged for long years in the past. Instead of a conflict to inflict injuries, it's a fight to prevent injuries. The company again is calling attention to the dangers of kite-flying, repeating a familiar slogan: "Have fun with your kite—but fly it safely!" Among rules children should observe are these: Watch out when crossing streets with a kite in tow. Keep to the open spaces and away from wires of all types. Don't use wire or metal or any part of the kite. Don't use string with wire in it. Keep the kite dry. Don't climb poles if the kite becomes caught in wires. "Serious and even fatal accidents have resulted from kites coming in contact with high tension wires," cautioned E. M. Wilson, WTU local manager. "We want to help keep all children safe from harm." SUNDAY SCHOOL LESSON Faith and Courage Fight Ancient Fear And Superstitions The International Uniform Sunday School Lesson for March 15 Text: Matthew 8:23-34 IN our reading of the Bible we are reminded quite frequently that it is a book that comes out of the ancient world, before modern scientific methods and discoveries were known. The Bible, also, is a human book as well as a divine book. When we speak today of insanity, it is not in terms of possession by devils, although there are forms of insanity that are not related to sin and evil temper. We would not in terms of modern science speak of demons taking possession of a herd of pigs so that they would run down a steep place into the sea and destroy themselves. We have, first of all, the picture of Jesus entering into a fishing boat and thrusting out from the land. The weary Master slept while a storm arose, fierce and furious, as the winds stirred up this shallow Sea of Galilee. Yet the Master slept peacefully until they aroused Him with the cry, "Save, Lord; we perish." Realizing that the Master was subject to the same fate, they might have displayed more hope and courage and faith. There was warrant, therefore, for the Master's rebuke, "Why are ye fearful, O ye of little faith?" THE other story of the lesson, apart from the healing of the two men possessed with demons, presents a picture of that moral delinquency and hypocrisy so prevalent in life where self-interest and greed conflict with high principles. A picture of narrowness and selfishness in a "whole" coming out to meet Jesus, the "fonder worker, and the one pure and undefiled, and asking Him to depart out of their coasts because some hypocritical people had led a herd of swine! And yet, how typical of unregenerate and selfish men in every age! This is the teaching and application of a difficult story.

### Farm Families Face Changes in Recreation Habits

If war outlasts the nation's automobile supply, farm families will do more adjusting than any other population group, according to the U. S. Department of Agriculture. Already, many rural families in Texas are feeling the pinch of tire rationing, which means they will depend more on recreation at home than on going to town or community centers.

Dosca Hale, Extension Service specialist in parent education and child development, says recreation is an important phase of normal family life. Wartime brings added stress to everyone, but it is important that these anxieties do not weigh heavily upon children. To help them have healthy, wholesome good times she suggests family gatherings in the home, reading of good stories, family sing-songs, and excursions to the woods for native trees and shrubs. These forms of recreation are not only fun but they cost little or nothing, the specialist says.

With calls for added work and service, parents are going to be busy and may cut down too much on the time they spend with children. This should be avoided, Miss Hale explains, for all children need the assurance of companionship. "Plan occasionally to do something as a family group which will be fun for all," she advises. Inviting a friend or an outsider gives children an opportunity to share their home experiences with others. "We must make sacrifices, but good family life need not be one of them."

#### Taylor to Close Out Ranges and Servels

Closing out of his stock of Magic Chef gas ranges, Servel Electrolux gas refrigerators and Zenith radios is announced this week by V. L. Taylor, owner of the Taylor Appliance Company, 609 West Main street.

A special trade-in allowance on gas ranges will be offered during this event, the purpose of which is to clear out the stock before the government freezes all gas appliances in the hands of dealers. Full details are given in a large advertisement in this issue of The Democrat.

The Taylor Appliance Company also handles bottled gas for use with ranges and refrigerators.

### Cameron Company Improves Office At Local Yard

Beauty has been combined with utility in a pleasing manner in a recently completed program of improvement and redecoration in the office building at the local yard of Wm. Cameron & Company, Inc. The interior of the building has been refinished from floors to ceiling and is modern to the last detail.

For the convenience of customers, the office has been moved back about 40 feet to allow more space for display of stock. The office is cut off with an L-counter, the outside of which is finished with different shades of Masonite Tylax. The walls are finished with Masonite Celatex plank board in buff color. Wainscoting is in different woods, principally Philippine mahogany and gum. All windows are equipped with venetian blinds finished in white. The building is heated with floor furnaces.

An attractive show room is located just back of the office proper and back of it is the wall paper stock room. The show room is eye-catching, with gleaming waxed floors and a modern design of wall paper. An ideal kitchen cabinet occupies the east wall. Comfortable chairs are provided for customers.

Another improvement at the Cameron yard is a new carpenter shop, with dimensions of 20 by 40 feet.

#### Women Pile Up Reserve Food Supply

Texas home demonstration club women and 4-H Club girls canned, brined or preserved approximately eight and one quarter million quarts of surplus foods in 1941. Announcing this total, Grace I. Neely, specialist in food preservation of the A. and M. College Extension Service, points out that it covers the period from January 1 through November.

In the eleven months these homemakers also stored fresh, dried, or cured 6,521,946 pounds of meat and 257,471 pounds of fruits and vegetables. In this food conservation work, 6,097 families in 108 counties had the service of freezer lockers and 24,234 families in 179 counties owned and used pressure cookers.

Production of vegetables and fruits over the state was spotty due to weather conditions ranging from excessive rainfall to frost. For example, Miss Neely says, very little spring food-stuffs were produced in Victoria County of south-central Texas, and in Cameron County an unexpected frost wiped out the spring gardens in the Lower Valley just as active canning on a large scale was beginning. By contrast, gardens did "extraordinarily well" in Dallam.

## Plains Farmers Warned Against Soil Exploitation

**Finnell Asserts Production Of Food Can Be Increased Without 'Dust Bowl' Return**

Farmers and ranchers of the Southern Great Plains can produce their share of the food needed by the nation and its allies at war without exploiting the land and causing another "Dust Bowl," in the opinion of H. H. Finnell, regional conservator of the Soil Conservation Service at Amarillo.

In fact, the conservator insists that the best way for Plainsmen to increase their production of the concentrated foods needed for the war effort is to continue to follow the soil and water conservation practices that have proved successful in the past. He warns also against the dangers of plowing up large acreages of sod land that is not suited for cultivation.

"Research and demonstrations by the Soil Conservation Service show conclusively that where the best soil and water conservation practices are used, crop yields are increased," Finnell stated. "Now, of all times, when dependability of increased production is essential to the national welfare, conservation work should be emphasized and expanded."

He pointed out also that safe conservation farming methods for the Plains call for an increase of sorghums and other feed crops necessary to grow the pork, poultry, dairy, and beef products now needed. In other words, the erosion-resistant crops that have stopped dust storms in the old "Dust Bowl" are the very crops that are now needed to produce the livestock products demanded by the emergency.

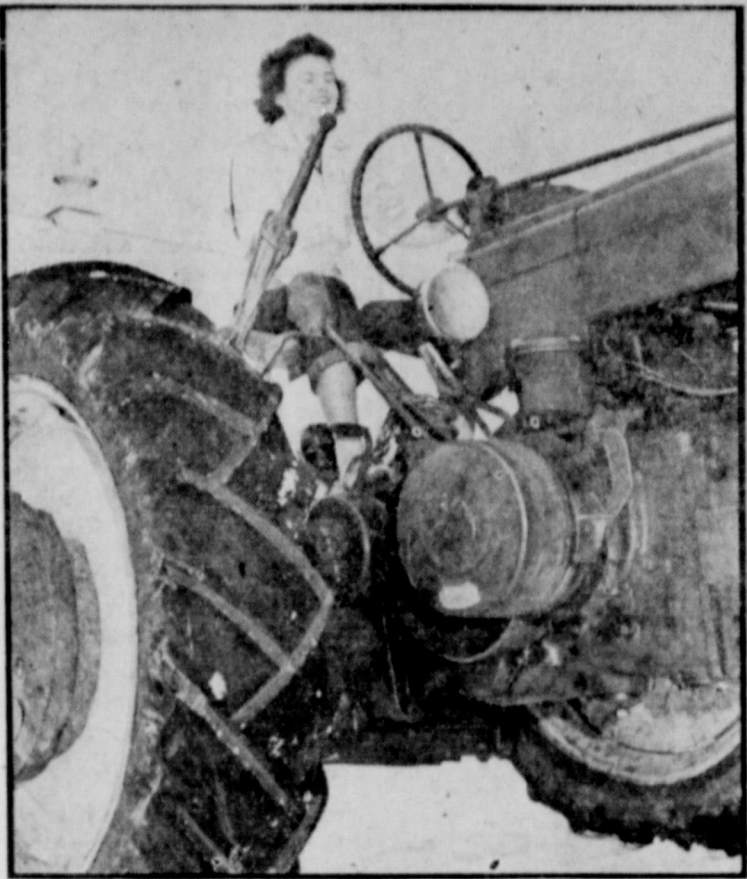

"All of the Nation's farmers and ranchers are being asked to 'retool their plants' and go all-out for the production of livestock products and other concentrated foods for the duration of the war. This is the second time in one generation that they have been called upon to produce the agricultural products needed to win a war," Finnell stated.

"It is not more wheat and cotton that are needed this time, however, but livestock and livestock products. Fortunately, the production of these foods can be increased on the Plains without exploitation of the land," he continued.

"Beginning with World War I and continuing for the decade following, much sod land that was not adapted to cultivation was broken out and numerous ranges were seriously overgrazed on the Southern Plains. During the 1930's the effects of this misuse and overuse of the land became obvious. Drought, crop failures, and resulting dust storms became common phenomena on the Plains. Soil erosion by both wind and water accelerated at an alarming rate.

"This must not and need not happen again. The war must be won at all costs. But increased food production does not necessitate such waste of our basic soil resources. National defense requires the conservation and more efficient use of these resources."
