The tables were beautifully adorned with lunch cloths and colorful flowers. A lovely three course luncheon was served with Mrs. Conly Ward acting as toastmistress. Mrs. D. L. C.  We believe it unfair for school
 teachers to do a retail merchan-

Common and independent
 schools of Hall county will enter
 their exhibits under the super-
 vision of Mrs. Roy L. Guthrie,
 county superintendent. Large ex-

 expected. Mrs. Guthrie stated, as
 well as from independent schools.
 Judges have not been selected for
 this division as yet.

Want Entries Tuesday
 Products to be entered in the
 various departments are asked to
 be in by Tuesday evening, October
 6, however, they will be accepted
 up until noon Wednesday. Judg-
 ing will begin in all departments
 at one o'clock Wednesday, Mr.
 Read stated.

The grounds will be policed by
 members of the local American
 Legion Post, it was stated, who
 will also give information to vi-
 sitors at the Fair grounds concern-
 ing the Fair.

Speaks of Fair
 In speaking of the Fair, Mr.
 Read stated: "The management,
 realizing the conditions, financial-
 ly and otherwise, have decided to
 handle the work with the least ex-
 pense possible and also to confine
 all exhibits and races to local ex-
 hibitors and contestants. This is
 no time to allow money to leave
 Hall county. We have decided not
 to secure a large carnival for en-
 tertainment purposes but have ar-
 ranged for that locally. We are
 making this Fair the people's Fair
 and we want them to back us in
 making it a successful Fair from
 every stand point, and we greatly
 appreciate the cooperative spirit
 displayed so far."

care, use and disposal of books
 may be made by the State Super-
 intendent of Public Instruction,
 subject to the approval of the
 State Board of Education; provid-
 ed, that such rules shall not con-
 flict with any provisions of this
 Act, or with the uniform textbook
 law under the terms which con-
 tracts with the published or with
 the terms of said contract. No
 teacher or employer of the school
 engaged in the distribution of
 textbooks under this law as the
 agent or employer of the State,
 or of any county or district of the
 state shall, in connection with this
 distribution, sell or distribute, or
 in any way handle, any kind of
 school furniture or supplies, such
 as desks, stoves, blackboards, cray-
 ons, erasers, pens, ink, pencils,
 tablets, etc. (Act of the 36th
 Legislature, Chapter 29, Section
 13.)

It has been called to our atten-
 tion that as high as 80 cents has
 been requested by some of the
 teachers to be brought to them to
 order school supplies, and other
 smaller amounts, and you can see
 from the above law, that is a vio-
 lation, and violations of State laws
 should not be taught in the pub-
 lic schools.

We pay taxes for the salaries
 of teachers and the law plainly
 states that teachers are not to en-
 ter the commercial side of the
 business. We do not believe it
 fair to pay the teachers a salary,
 furnish them with a building to do
 business in and for them to se-
 cure customers in competition with
 us and demoralize our business.
 The statutes say it shall not be
 done. Are the teachers law abid-
 ing citizens? I hope so.

If each teacher were to sell \$5
 per month, for the nine months
 of school, it would amount to the
 sum of \$4,500 and that \$4,500
 business belongs to the merchants
 of Memphis, for the reason they
 are paying taxes to compensate
 the teachers for their time, and
 too, we do not believe the teach-
 ers' time should be taken up in
 selling merchandise or conferring
 with or being detained by travel-
 ing men.

When has a Memphis merchant
 had a chance to bid on an order
 given by the trustees or superin-
 tendent for school supplies, such
 as brooms, toilet paper, floor
 sweep, soaps, stationery supplied
 by the school, chemicals, booklets
 of different kinds, bookkeeping
 supplies? These sales, combined,
 we estimate amount to about
 \$1,000 to \$2,000 per year. If
 the teachers do not make a profit
 as the law prohibits, why do they
 want to keep these items from the
 merchants that paid them their
 salaries? Is that reciprocity or
 good business on their part? We
 have been promised several times
 that these things are not going

to be repeated and if the faculty
 does not know anything about it,
 if that is true, we should get a
 faculty that keeps posted, and can
 keep these things straight.

**Whiteaker, Hughes
 To Aid In Legion
 Push In October**
 Adjutant Robert O. Whiteaker
 and Assistant Adjutant George
 Hughes of the American Legion
 of Texas, of Austin, have been
 busy since the El Paso state con-
 vention in an endeavor to arouse
 greater interest for 1932. Com-
 munications are being received
 constantly by local legion officials
 setting forth the plans for the
 campaign which opens October 1.

Hughes, who is also editor of
 the Texas Legion News, calls at-
 tention to the meeting of Con-
 gress in December, at which time,
 he says, "Texas must have an
 even greater membership than she
 had in 1931 as a display of our
 appreciation and as an argument
 for the request for additional
 legislation that we shall place
 upon congress.
 A larger membership, he points
 out, will be a splendid answer to
 the "unjust criticism of the sub-
 sidized eastern press."

**Famous Bands Will
 Attend State Fair**
 Three widely known bands will
 provide music daily at the 1931
 State Fair of Texas, October 10 to

25, it has been announced here
 by T. E. Jackson, president of the
 exposition.

Paul Ashley's State Fair Band,
 a musical organization of 40 pieces
 which has been providing concert
 music on the main plaza for the
 past several years, will again be
 the official State Fair band.

Cervones' Band, a noted mili-
 tary band, will provide music at
 the first Annual Pavilion Show in
 the Livestock Arena. Cervones'
 Band is the official band of the
 136th Field Artillery and is also
 the official American Legion

The "Three Little Girls" orches-

 of twenty-six pieces—composed of
 the very best musicians available
 in New York City.

SOMETHING DEFINITE AT LAST

AFTER years of waiting, it seems that Memphis bids fair to get a post office building. Confirming information concerning the advertising for bids which appeared in The Democrat last week is an announcement in this issue of the paper from the Government relative to these bids. The fact that bids will be opened on October 20 lends color to the oft repeated assertion that construction work would start prior to Christmas.

The Government generally takes a rather long time to accomplish anything worth while, but Uncle Sam is thorough, if nothing else. Why, there is enough "red tape" in connection with the printing of the notice this week to take up several hours. Every thing must be just so, and when the Government says that, it means business.

Local contractors and contractors in this section of the state will be permitted to bid on the structure. Naturally, we hope that a Panhandle man is awarded the job. We believe that many local and county laborers will find work on the project. At any event, the commercial outlook will be brightened considerably with the sound of hammers and saws and the general hum of industry such a building necessitates.

OUR OWN FAIR

DON'T forget that next week is Fair Week in Memphis, Hall County and contiguous territory. The Hall County District Fair will be held here on Wednesday and Thursday, October 7 and 8, with a free gate. While not so large and not as long drawn out as in other years, the Fair this season has every promise of being a jam-up good one. The Fair board has been working on the exposition for a long time, and in point of general interest, it is quite likely that the Fair will eclipse former efforts, to an extent, at least.

Of course, the automobile races will headline this year's exposition. A number of drivers have signified their intention of taking part, as very attractive prizes are being offered to winners in the various events. A high board fence has been placed around the race track and the track itself is in prime condition. Speed artists will have their chance to set a new track record for it is generally agreed that the course here is one of the finest, for its size, in the entire south.

It must be remembered that plenty of displays will be on exhibit. There will be the county home demonstration club work for which a number of cash prizes are offered. The boys' club show is made up of six divisions: dairy calf section, swine section, grain sorghums, corn, cotton and poultry. The school department will include schools at Memphis, Estelline, Newlin, Plaska, Turkey, Lakeview and Leslie, and the common school districts, Eli, Deep Lake, Gammage, Webster, Parnell, Wolf Flat, Brice, Baylor, Pleasant Valley, Penn Creek, Salisbury, Weatherly, Buffalo Flat, Bridle Bit, Leach, Friendship, Churchman, Fairview, Indian Creek and Tampico.

It's our fair, folks. Let's be there.

PROHIBITION WE HAVE WITH US ALWAYS

LIKE Charity, Prohibition is still sticking around, and it appears it is here to stay, regardless of efforts now being made to have the Volstead Act repealed. At the recent American Legion convention, that body went on record as favoring a change in the Volstead Act, if not, in reality, a repeal of it. Shortly before the Legion meeting, Senator Morris Shepherd announced that he was taking steps to have the prohibition laws tightened.

Of a certainty, the prohibition question will again hold the center spotlight in the coming presidential campaign. Issues of more importance to the country as a whole will very likely be relegated to the background while the politicians capitalize on prohibition. We wonder if the time will ever come when politics will be subservient to the public good. Of a certainty, that time is afar off, if we are to continue to allow prohibition to hold the balance of power, when remedial legislation along other lines seems more essential.

We do not favor the repeal of the Volstead Act, but we do favor a more strict enforcement of the prohibition laws, if they are to remain in effect. If not, let's do away with them entirely and stop spending so much useless money in trying to enforce them. At the same time, by taking the prohibition question out of politics, we would come nearer solving some of the more potent ills of the country.

ANOTHER INVESTIGATION

AN investigation of the Lone Star Gas Company will be started immediately by the Texas Railroad Commission, according to an announcement made last week by Pat M. Neff before a meeting of the Texas League of Municipalities in Fort Worth. The commission will also investigate the United Gas Company properties and other utilities in the order of their importance, Neff said.

Just what comes of this investigation will prove an interesting commentary on the gas situation throughout the state of Texas. Agitation has been going on for months by municipalities seeking lower gas rates and the relief granted, if any at all, has been in such small doses as to be, in most cases, practically negligible.

LAVAL TO VISIT UNITED STATES

ANNOUNCEMENT is made in the daily press that Premier Laval of France is to visit the United States in the near future as the guest of President Hoover. Considerable interest is attached to the forthcoming visit of the Frenchman, as it is generally agreed that France holds the key to the financial situation in Europe.

It is presumed that during his six day visit in this country, Laval and Hoover will have informal conferences, seeking, if possible, to clarify the clouded financial problems of the several nations.

HIT OR MISS

a column by T. R.

The other day this typewriter I use refused to backspace. Now I am not an authority on typewriters but I decided to repair this one. I got all the typewriter tools in the office, which included a screw driver, a small brush and an oil can. If the repairing could not be done with these tools it could not be done at all. I turned the machine upside down and turned all the screws I could find, but still it would not work right. Finally I looked at another typewriter to see how it worked. There was one piece on my machine that did not work as the one on the other did, so I decided that this part must come out.

When I took the piece loose from the machine it fell down in among the other parts and couldn't be seen. I shook the typewriter until the part fell out, and when it came two more came with it. Well, I knew that the machine was ruined, but when I turned it right side up and tried the backspace key, instead of backspacing one notch it went back three. That was more than I had bargained for, but since the machine was willing to work that good I let it go, and now when the key is touched it is just as good as a tabular key, only it goes backwards instead of forward.

I went to the fire that happened Friday morning. After the blaze was extinguished the cry arose, from practically every fire boy for a cigarette. Only one of them had brought a package. This one person was wanted by every man present, and it was only a short time before his package was gone. What the Fire Department needs is someone to carry a carton of cigarettes to every fire, no matter what time of the night or day the alarm comes in, this cigarette fellow should be on the spot with his carton. Some of the fire boys made the suggestion of running an ad in the paper saying, "Wanted, a person who comes to fires in the middle of the night with a package of cigarettes." Wouldn't that be a treat for the boys if someone would do that?

Went in the City Grocery last Thursday to see Hub Bass about his walk with that young lady last week. I'm sorry that I made a mistake in mentioning the way Hub blushed. While there a young lady walked in and he stepped up to wait on her. Both of them walked over to the fruit and vegetable counter. The young lady wanted some bananas and when she went to pick them she leaned toward Hub and said something. I don't know what she said but it must have been pretty good, because Hub started to blushing. His back was turned to us, and I noticed the back of his neck turning a "turkey" red.

Believe me it was some red too. Hub couldn't think of anything to say and just looked at the lady. She started to laugh and this caused him to turn a darker red. Hub turned his face toward us, and to save my soul I couldn't suppress my laughter. He had turned red on top of his ears and around the "frills." It was a sight to behold. I know this was Hub's most embarrassing moment. But all in all, Hub is a real fellow and he won't take any wooden nickels or brass dollars off of any one. And take it from me, he can sure peddle these "prunes." I'll keep my eye on him next week and see that he doesn't have fever with his blushing spells.

Restless, could not sleep

THERE were days when I felt like I could not get my work done. I would get so nervous and 'trembly' I would have to lie down. I was very restless, and could not sleep at night.

My mother advised me to take Cardui, and I certainly am glad she did. It is the first thing that seemed to give me any strength. I felt better after the first bottle. I kept it up and am now feeling fine."—Mrs. T. R. Gibson, Fort Payne, Ala.

Announcements

With much pleasure we wish to announce to our many friends and customers of Memphis and trade territory that we have been recently appointed as Agents by the India Tire and Rubber Company, makers of the famous Red Stripe India Tires for a bonded warehouse in Memphis.

India Tires need no introduction in this territory where we have sold them in the past five years and we are safe in saying we have more satisfied users of India Tires than any tire sold in this territory. We have already received large shipments, and more will be in soon and when they all arrive we will be able to supply any size you may need.

Realizing conditions are not the best at this time, but with forty-two years experience in Memphis, we have learned not to give up. We believe in Memphis, see it start from a three room shack built by our father in 1889, and listen, Mr. Farmer, Mr. Clerk and Labor Man, don't let your banker or merchant kid you into believing that if taken care of, your automobile is not an asset to your home and business. Your wife and children that go out in the heat and gather five cent cotton have as much right to the luxury of life as any one, so dust off the old auto and hitch yourself to the steering wheel and come around to Webster Bros., Seventh and Noel streets and we will sell you tires so cheap for cash that you will wonder how we could do it.

Resolutions of Respect in Memory of JOSIE SCOTT

To the Noble Grand and Members of Memphis Rebekah Lodge No. 346, I. O. O. F.

We, your committee appointed to draft resolutions dedicated to the memory of our deceased sister, Josie Scott, respectfully submit the following:

Whereas, an all-wise and beneficent Providence has called home one our worthy and esteemed sisters, Josie Scott; and

Whereas, the long and intimate relation held with her in the faithful discharge of her duties in the Lodge makes it eminently befitting that we record our appreciation of her; therefore,

Be it resolved:

First: That we bow in humble submission to the will of an all-wise and merciful Father who doeth all things well, and as her friends and fraternal comrades that we extend condolence to her family and friends in their lonely hours of bereavement; and,

Second: That the wisdom and ability which she exercised in the aid of our lodge by service, contribution, and counsel will be held in grateful remembrance;

Third: That we point with fraternal love to that which was noble and good in her life, while the faults, if any she had, shall be buried in the deep recesses of forgetfulness, and we shall ever remember her as an upright citizen, a true friend, a devoted Christian and a loyal Rebekah.

Fourth: That with deep sympathy with the bereaved relatives of the deceased we express our hopes that even so great a loss to us all may be overruled for good by Him, who doeth all things well.

Be it further resolved:

That a copy of these resolutions be spread of record on our minutes, a copy forwarded to the bereaved family and that a copy be supplied to the local press.

Fraternally submitted,
Mrs. Rowena Springer,
Mrs. Addie Hampton,
W. E. Hill,
Committee.

Lions Retain Their Charter; Meet Monthly

Lionism will continue in Memphis was the decision reached at a breakfast meeting of Memphis Lions held Thursday morning at the Memphis Hotel. C. W. Webb, representing the Chicago office of Lions International, was also in attendance.

Vote Unanimously By unanimous vote, the members agreed to retain their charter and meet at least once a month, with a mutual understanding that regular weekly luncheon would again be resumed as soon as local conditions permit.

Members also voted to continue indefinitely the present official personnel of the club. Officers present Thursday morning, whose terms will be continued, were Dr. L. M. Hicks, president; Charlie Meacham, first vice president, and Jess Rosenwasser, secretary-treasurer. The president appointed a membership committee headed by Dr. J. A. Odom, and including Dean Morgensen and Herschel Montgomery.

Fourth Year Here Lionism is now in its fourth year in Memphis. Weekly luncheons were interrupted last April, when members deemed it best to meet only once a month for a period. The action taken Thursday

morning insures the perpetuation of the original Lions Club charter, and guarantees the citizenship of Memphis that Lions will continue to be active for the best interests of this community.

Webster Bros. Get New And Complete Stock India Tires

Elsewhere in this issue of The Democrat is an announcement by Joe Webster of Webster Bros. relative to new low prices on India Tires that have for long been one of the most popular and reliable tires on the American market. Prices for these tires have been considerably reduced. In fact, savings in Indias often amount to from one-third to one-half of former prices.

This tire economy has not lessened the quality of India tires in the least, Mr. Webster stated. In fact, the same values as were obtained formerly are still in effect. The only change made has been in the matter of prices.

Joe Webster has lived in Memphis for forty-two years and has seen the town grow from a mere village to its present large proportions. He is an experienced tire dealer and those who are in need of new tires would do well to see his line of new Indias before they buy.

Local Golfers To Begin Tournament Here Next Sunday

Announcement was made this week to the effect that a City Golf Tournament will be held on the Memphis country club links on three successive Sundays, October 4, 11, and 18. Thirty-two players will qualify with eight in each flight, according to R. S. Greene, member of the tournament committee.

Prizes will consist of \$10 in merchandise in each flight. Winners of consolation in each flight will get a \$4 prize.

After players have registered the tournament committee, con-

sisting of W. C. Dickey, Mac Tarver and R. S. Greene, will determine the lowest flight in which they may qualify and the players will be placed in that flight even if they shoot high scores. Players shooting a lower score than the flight in which they are placed will, however, go into the flight to which their low score entitles them, Mr. Greene stated. Qualifying rounds will be played Sunday, October 4. First and second matches and first match in the consolation will be played Sunday, October 11. Finals of 18 holes in all flights and consolation will be played Sunday, October 18.

If it is impossible for a player to play on Sunday, he may play at any time during the week, Mr. Greene stated. An entrance fee of \$1 will be charged.
