

Red Anti-Aircraft Guns To Fire Through Airlift

'CHEER UP' MAIL - Recovering from injuries suffered in her leap from the Soviet consulate, Mrs. Oksana Kasenkina is receiving thousands of letters from people throughout the world, lauding her courage and giving her encouragement.

Russians Call Little Assembly An Illegal Body

PARIS, Sept. 24. (AP) - Russia denounced the UN Little Assembly today as an illegal body designed to undermine the security council.

OLD-FASHIONED HAIRCUT FOUND

MARIETTA, O., Sept. 24. (AP) - There still is one town in the United States where you can get a haircut for 15 cents and a shave for 10.

Planning To Aim 'Dangerously High'

BERLIN, Sept. 24. (AP) - The Russians threw anti-aircraft fire into the crowded Berlin air corridor today, but didn't hit anything.

U. S. Protests Yak Stunting In The Airlift

BERLIN, Sept. 24. (AP) - U. S. authorities disclosed today they have protested to the Russians that a stunting Yak fighter plane flew dangerously close to an American transport in the corridor between Berlin and Frankfurt.

ANOTHER BITTER ROUND

Johnson Asks An Injunction Stay To Remove Ballot Block

HOUSTON, Sept. 24. (AP) - Lyndon Johnson today asked a Federal circuit court judge for a stay of the injunction which prevents Johnson's name from going on the November general election ballot as the Democratic nominee for the U. S. Senate.

Truman Closer To A Louisiana Ballot Place

BATON ROUGE, La., Sept. 24. (AP) - President Truman today drew closer to a spot on the Louisiana November ballot, but without familiar identification as a Democratic Party candidate.

BATON ROUGE, La., Sept. 24. (AP) - The Louisiana House of Representatives today unanimously voted to permit President Truman's name to be listed on the state's general ballot - but not as a Democratic candidate.

Leaders of the Louisiana State Central Democratic Committee, which two weeks ago ousted Mr. Truman's name in favor of the States Rights Democratic ticket,

temporarily inactivated the State Central Democratic Committee, the injunction restraining the Secretary of State from printing Johnson's name on the November ballot.

Attempt Reported To Assassinate Tito

ROME, Sept. 24. (AP) - An unconfirmed report attributed to the Trieste news agency says an unsuccessful attempt was made on the life of Yugoslav Premier Marshal Tito two weeks ago.

What Was Behind the Russian Kidnapping of MRS. KASENKINA?

IN her own story, Mrs. Oksana Kasenkina, Russian schoolteacher—who risked death by leaping from the consulate window rather than return home—reveals startling unpublished facts about how she was seized by Soviet officials and kept prisoner in the consulate.

Begins Sunday In THE BIG SPRING DAILY HERALD

Air Force Has 1,000 More Top Warplanes

WASHINGTON, Sept. 24. (AP) - The United States has about 1,000 more first line warplanes active now than it had at the beginning of the year.

The Air Force made available figures today showing that on July 1 the regular air arm, the National Guard and Air Reserve units had approximately 5,000 first line combat planes active.

In general, first line planes are fairly late-model bombers, fighters and reconnaissance aircraft; second line planes are those not so new but still in use.

The withdrawal of about three to five B-29s from storage every week for several months accounts for some of the expansion in the active fleet.

The only indication of the build-up in fighter strength was an announcement several weeks ago that more than 1,000 F-80 fighters had been delivered to the Air Force since the first model went into production late in the war.

Delivery of 974 F-84 jet fighters has been started, with two or three groups already receiving their planes.

LITTLE RELIEF SEEN

Cost Of Living Is Up Another Notch

WASHINGTON, Sept. 24. (AP) - The cost of living index rose another notch in August and while the Bureau of Labor Statistics detected a tiny drop in retail food prices, the signs indicated it won't last.

The index represents retail prices of goods and services usually brought by moderate income families in large cities.

On Aug. 15 it hit 174.5 per cent of the 1935-39 average—0.5 per cent above the July 15 mark.

Wages of factory workers hit another high of \$53.86 a week, the bureau announced at the same time.

While cost of living went up, retail food prices fell off 0.1 per cent to 216.6 per cent of the 1935-39 average.

But as food prices slipped a bit, wholesale prices—which will determine food prices tomorrow and next week—hit another all-time high.

Hurricane Is Menacing Ships On East Coast

MIAMI, Fla., Sept. 24. (AP) - A tricky but powerful hurricane sped up the Atlantic early today, menacing shipping off the eastern seaboard.

Still packing 75-mile-an-hour winds over a 50-mile radius, the two-fisted storm that battered Cuba and Florida picked up forward movement as it bowled north-eastward in the open sea.

It moved forward at 35 miles an hour after lumbering through Florida at only eight miles an hour.

All shipping in the storm's path was advised to use caution and small craft was warned to remain in port.

Latest advisory from the Miami Weather Bureau placed the hurricane center approximately midway between the U. S. mainland and Bermuda.

Heavy gales covered the area from the North Carolina and Virginia Coasts to near Bermuda, which was struck by a storm only two weeks ago.

Thurmond Says No True Demo Can Vote Truman

AUGUSTA, Ga., Sept. 24. (AP) - Nearly every southern state would have gone to Republican Presidential Nominee Thomas E. Dewey if the States Rights Democrats had not entered a ticket in the national campaign.

Thurmond, the States Rights nominee for president, told a crowd of 3,000 in the Augusta Municipal Auditorium that now since he and his vice presidential running mate, Gov. Fielding L. Wright of Mississippi, are in the race, "we do not believe that Dewey will carry a single southern state."

The only ticket "a true Democrat" can support, Thurmond declared, is the States Rights ticket.

"As long as the so-called civil rights program is a part of the Democratic national platform, the people of the South are not going to support the Democratic nominees," he said.

"No one knows that better than Harry S. Truman."

Laney Hits Harmony Bid

LITTLE ROCK, Ark., Sept. 24. (AP) - Gov. Ben Laney is not in accord with the Arkansas States Rights group's bid for state Democratic party harmony.

To avoid a heated floor fight, the States Rights abandoned their plan to capture Arkansas presidential electors in the Democratic state convention.

But Laney, making his last appearance as nominal head of the state party machinery, followed that gesture with a sizzling attack on President Truman and national party leadership at yesterday's opening session of the convention.

Former congressman Claude Fuller, shouting "I've been insulted by a Republican speech at a Democratic convention," attempted to reply and was quickly ruled out of order by Convention Chairman Dave Ford.

A battle was in prospect when the convention opened over the determination of States Rights to have the convention pledge Arkansas Democratic presidential electors to the States Rights candidates, Gov. Strom Thurmond of South Carolina and Gov. Fielding Wright of Mississippi.

Soon after the session started, however, John L. Daggett, a member of the executive committee of the states rights party, called off the battle.

"The action leaves the convention free to name electors and pledge them to the national Democratic ticket of President Truman and Sen. Barkley, or leave them uncommitted."

The States Rights candidates will be placed on the November general election ballot by petition today, Daggett said.

Pole Requests Haven In U. S.

WASHINGTON, Sept. 24. (AP) - The United States was asked to provide haven today for a high-ranking Polish officer who defied orders to return to his Communist-ruled homeland.

Lt. Gen. Izidor Modelski, military attaché of the Polish Embassy here, added in a statement last night that the Polish army "is being systematically changed into a 'blind tool' in the hands of the Soviet staff."

The embassy said Modelski had been ordered home Aug. 15 after a prolonged illness but that he is still regarded as in active army service.

"His refusal to report to his duties at home is therefore an act of military desertion," the embassy said.

Communist Radio Says Tsinan Falls

SAN FRANCISCO, Sept. 24. (AP) - The Chinese Communist radio reported Communist forces captured Tsinan at 5 p. m. today, China time.

The broadcast heard in San Francisco by the Associated Press, said the Shantung provincial capital was "completely liberated" and all government troops in the city were "wiped out."

Latest reports from government sources had said the garrison still was holding out within the walls of the old city but had appealed for help within four days or "it will be too late."

RED PROPAGANDA 'NIAGARA SEWAGE'

LONDON, Sept. 24. (AP) - Lord Vansittar, conservative former foreign secretary, coined a phrase today for the output of the Moscow radio and the Russian press.

"A Niagara of Sewage," he called it in a House of Lords debate.

WHEAT FORTUNE ON GROUND - This pile of an estimated 125,000 bushels of wheat at a Waterville Union Grain Co. elevator near Wenatchee, Wash., is the biggest in Washington's Big Bend region. It is worth close to \$250,000. Over-flowing storage facilities forced piling. (AP Wirephoto)

IN BIG SPRING CHURCHES

Rev. Maceo To Hold Lamesa Church Rites

Holy Communion services opening the Episcopal parish in Lamesa Sunday will be conducted by the Rev. J. R. Maceo, pastor of St. Mary's church here, in the Presbyterian church in Lamesa at 4 p. m.

The Rev. Maceo will be assisted by choristers, choir director, organist, acolytes and a cross bearer. The sermon will be non-denominational. "I Believe in the Holy Ghost," the eighth article of the Apostle's Creed, will be studied at the morning worship hour at St. Mary's Episcopal church. This is a continuation of sermons on the Creed.

At St. Paul's Lutheran church, the Rev. A. Hoyer will speak on "The Advantages of Being a Christian," at 11 a. m. Sunday school and Bible classes are at 10 a. m.

"The Tie That Binds," is the sermon topic chosen by the Rev. R. Gage Lloyd at the 11 a. m. hour Sunday morning. The text is from Eph. 4:16. At the evening worship service at 7:30 p. m., the Rev. Lloyd will speak on "Scene in Antioch Told," from Acts 13.

The Rev. Marvin H. Clark can be heard over KBST at 8 a. m. Sunday morning and at the regular sermon hour (11 a. m.) the Rev. Clark will discuss "The Second Coming of Christ." This is a continuation of sermons from I Thessalonians. Sunday evening services will be at 8 p. m. and subject title has not been announced.

A rally Sunday school effort is being conducted at the Main Street Church of God, Tenth and Main, with the Rev. John E. Kolar speaking on "The Worth of Our Sunday School," from II Timothy 3:15. The worship hour is at 10:30 a. m. Mrs. Truett Thomas is in charge of the Sunday school devotional at 10:50 a. m.

"The Young People's Hour" will be at 8:45 p. m. and the evening service on "Contentment," Joshua 7:7, will be an evangelistic service at 7:45 p. m. Sunday school will convene at 9:45 and the regular morning worship hour at 11 a. m. at the First Methodist church. The Rev. Alsie Carleton will discuss "Where is

Jesus Worshipping Today." Youth League will meet at 6:30 p. m. and the evening sermon topic is announced as "Thinking."

"The Bible Plan for Church Finance," will be presented by the Rev. Lloyd Thompson at the First Christian church at 10:50 a. m. and Sunday school will meet at 9:45 a. m. Mrs. W. D. McNair will direct the Young People at the CYF meeting at 6:30 p. m. The sermon at 7:30 p. m. by the Rev. Thompson is entitled, "Simplicity."

First Friday devotions are scheduled for 7 a. m. October 1 at St. Thomas Catholic church, 508 North Main. Sunday masses are at 7 and 9 a. m. and daily masses are at 7 a. m. Monday through Wednesday. Confessions are heard before the daily mass from 7 to 8:30 p. m. Saturdays. At the Sacred Heart Catholic church (Latin American), Sunday masses are at 8:30 and 10:30 a. m. and weekday mass, Thursday through Saturday, is at 7 a. m.

"How Different Should a Christian Be," will be given by the Rev. Aubrey White, Wesley Methodist church, at 11 a. m. The text will be taken from John 17:16. The Rev. White will discuss a continuation study of "Great Women of the Bible," at the 7:30 p. m. evening service.

Sunday school will be at 10 a. m. and Youth Fellowship at 6:45 p. m. In the Christian Science reading room at 217 1/2 Main, at 11 a. m. Sunday morning, "Reality," will be the subject matter read. The Golden Text from II Corinthians 4:18 is: "The things which are seen are temporal; but the things which are not seen are eternal." Among citations to be studied from the Bible are, "For of Him, and through Him and to Him, are all things; to whom be glory for ever." (Romans 11:36) and from page 331 of the Christian Science textbook.

Eager Beaver Club Changes Meeting Day The Eager Beaver Sewing club will meet on Wednesdays of each week instead of Thursdays, it was decided at yesterday afternoon's session with Mrs. Cecil Findley. Mrs. Leroy Findley will be next hostess.

Present were Mrs. Denver Yates, Mrs. Ben Jernigan, Mrs. R. L. Findley, Mrs. R. G. Burnett, Mrs. Joe Mitchell, Mrs. Leroy Findley, Mrs. H. D. Bruton, Mrs. Neal Bryant, Mrs. Ellen Johnson and Mrs. Cecil Findley.

To stretch a small amount of steak cuts it in thin diagonal slices; gets an onion for each person to be served—cut in thin strips—in hot fat in a skillet, then add the beef steaks and cook quickly stirring to brown the meat. Add salt and pepper to taste and serve on hot buttered toast.

Best-Known home remedy to relieve misery of child's cold is RUB ON VICKS VAPORUB

Winners Told For Doll Show Held Monday

Place winners in the High Heel Slipper club-sponsored doll show Thursday evening at the Settles Mezzanine are announced this morning and will receive prizes at the amateur show at the high school gym tonight in conclusion of "Salute to Youth Week."

Twelve-year-old Duany Garrison daughter of Mr. and Mrs. J. W. Garrison, won first place in the 12-16 year-old division with a ballerina doll. A doll attired in bridal gown gave first place among the 9-12 year-olds to China Carroll, 10. And in the six to eight year-old group, Daria Faye Croft, 8, placed first with a gay nineties doll.

In the 12-16 year-old division, Peggy Toops, 15, won second place, and Mary Beth Stratton was third. In the second group, nine-twelve years of age, Molly Griffith, 9, of Sterling City placed second, and Bobbie Jean Lindley, 9, was third. Priscilla Pond, 8, came in second in the youngest group, with Eva Ramirez, 8, as third place winner. Judges for the contest were Mrs. E. B. McCormick, Mrs. Jim Zack, and Mrs. J. R. Farmer. The dolls were on exhibit from 7 to 9 p. m. to the public. Some 35 entries were submitted.

Every girl contestant is asked to place her doll on display at 8 p. m. today at the high school gym when an amateur show under sponsorship of the Business and Professional Women's club is to be held.

Silver Coffee Given By Philathea Class

The Philathea Class of the First Methodist church entertained with a silver coffee Thursday morning in the C. L. Rowe home. Composing the house party were Mrs. W. N. Norred, Mrs. Harold Parks, Mrs. Roy Carter and Mrs. Charles Watson.

Attending were Mrs. Clyde Wells, Jr., Mrs. Walter L. Phillips, Mrs. Haley Haynes, Mrs. Albert Smith, Mrs. John Davis, Mrs. Fred McGowan, Mrs. Travis Carlton, Mrs. Royce Satterwhite, Mrs. M. E. Ooley, Mrs. Jake Bishop, Mrs. Garner McAdams, Mrs. Lina Fieveland, Mrs. C. Y. Clinkscales, Mrs. K. H. McGibbin, Mrs. Paul Darrow, Mrs. Robert Stripling and Mrs. Emma Slaughter.

W. E. Bain Dies After Illness

Extended illness resulted in the death, Thursday, of William E. Bain, farmer of the Lomax community, who had resided in Howard county for the past 20 years. He was 96 years of age.

Funeral services were to be held at 3:30 Friday afternoon at the Nalley chapel, with the Rev. Alsie Carleton, pastor of the First Methodist church, officiating. Burial was in a local cemetery. Pallbearers were R. C. Lomax, Hub Phillips, Harold Warren, Joe Bilsard, Ed Woods, Alex Sanders, A. G. Edmondson and Raymond Atchison.

Mr. Bain is survived by his wife, Mrs. Lowell Bain; three daughters, Mrs. O. L. Rush, Big Spring; Mrs. Jim Lewis, Forreston, Tex.; Mrs. J. L. Gash, Issaquah, Wash.; one son, W. H. Bain of Big Spring; and a sister, Mrs. J. M. Muirhead of Beaumont. There are also two nephews, R. R. Grammer of Hawley and G. W. Grammer of Bardwell, and ten grandchildren.

Wiener Roast Fetes Square Dancers

Members of the YMCA Square Dance club and their families were entertained Thursday evening with a wiener roast at the city park following dancing at the Y.

Attending were Mr. and Mrs. C. E. Shive, and son, Ronnie, Mr. and Mrs. Kenneth Coleman, Mr. and Mrs. V. J. McAfee, Mr. and Mrs. L. G. Bradley, Mr. and Mrs. Joseph Jones and son, Keith, Mr. and Mrs. Omar Pittman, Mr. and Mrs. J. D. Jones, Mr. and Mrs. Joe Blum and daughter, Lynette, Mr. and Mrs. O. M. Thompson and daughter, Janice, Mr. and Mrs. Jack Roden, Mr. and Mrs. E. M. Conley and son, Allen, and Mr. and Mrs. R. Fitzgerald.

Jean Phillips Receives ESA Pin In Special Ritual

Jean Phillips received the full jeweled pin of Epsilon Sigma Alpha sorority Thursday evening in a special ceremony held at the Settles hotel.

Stella Mae Wheat conducted the ritual. The rites altar was placed before large baskets of yellow chrysanthemums, and on the ritual table stood a small vase of pearly chrysanthemums whose leaves were tied with three blue cellophane bows printed with ESA in gold.

Refreshments were served at the conclusion of the ceremony. In a short business meeting, a tentative list of rushees for the fall was named. Stella Mae Wheat, rush chairman, discussed activities thus far planned for rush week, Oct. 3-10. The coming year's programs were outlined by Ruth Webb, program director.

A called meeting has been set for Thursday, Sept. 30. The Executive Board will convene at 5:45 p. m. Wednesday, Sept. 29. Attending the meeting were Jean Phillips, Peggy Uthoff, Rhoda Miller, Stella Mae Wheat, Ruth Webb, Dot Day and Minnie Earl Johnson.

Bike Races Draw Crowd

Lost shoes and tight chains turned the results in some of the hotly contested finals of the boys bike races Thursday evening.

The event, held on Aylford street, and sponsored by the Salvation Army as part of Youth week, drew a large crowd. John Tom Johnson won the 12-year-old title, nosing out Charles Rose, in the 11-year-olds class. David Ewing set the pace, followed by Donald Reynolds. For the 10-year-olds Cleon Wilson was winner, trailed by Earl Holt. Billy Bob Satterwhite came in first for the nine-year division, with Charles Johnson second. First place in the 7-8 year old class went to Dickie Madison in a close heat with Kenneth Johnson.

In one race a youngster lost his shoe midway in the stretch—and with it his chances of winning. Another had his chain too tight. Capt. Olvy Sheppard said that interest was so high that next year it is planned to broaden it to include a division for girls.

Killed in Wreck

SCOTTSELUFF, Neb., Sept. 24. (U.)—Guadalupe Ibarra, 25, of San Benito, was fatally injured yesterday in a car-truck collision two miles northwest of here.

Mr. and Mrs. Theo Andrews were recent guests of their daughters, Mrs. E. B. Daniel in Pecos and Mrs. J. A. Casey in El Paso. While in El Paso the Andrews visited in the Blackstone Mountains.

Car Theft Charge Lodged Against Man Being Held Here

California authorities told George Thomas, county attorney, that car theft charges were being lodged against Oren Goff, held here following his arrest Wednesday evening. The car which Goff was driving when taken into custody by T. D. Whitehorn, state highway patrolman, had been stolen from Ivan Steele in Button Willow, Calif. West Coast officers told Thomas Goff is to be questioned further pending arrival of authorities from California. Being held with him is a youth who gave the name of Tom Trujillo, whom Goff said he picked up in Superior, Ariz. and offered a ride to Dallas. Trujillo, he said, was not aware that the car was stolen. The two were captured when their actions at a service station here aroused the suspicions of an attendant, who reported them to police.

Parliament Quits Asks Special Session

LONDON, Sept. 24. (U.)—Parliament agreed to adjourn today until Oct. 25 with a government pledge it would be instantly recalled earlier if the troubled international situation required it.

Assessed \$75 Fine For Reckless Driving

Washes everything FASTER, CLEANER, WHITER, BRIGHTER than any soap... in hardest water!

Gets even grimest overalls, work and play clothes cleaner! FAB's Super-Wetting Action is a new scientific washing principle. When you wash, FAB penetrates materials faster and more thoroughly... pushes dirt out! No "graying" soap scum... Wash gets whiter, cleaner! Rich, instant suds... with no soap scum... in hardest water! To demonstrate FAB's fabulous sudsing powers, two washing machines were filled with hardest water. One cup of soap was put into one, one cup of FAB into the other. Both washers ran 7 minutes. Result: Almost no suds from soap. A washer brimful of suds from FAB. New ingredient gets white wash whiter... colors brighter! Yes... FAB with Super-Wetting Action contains a fabulous new ingredient that gets your white wash whiter... colors brighter! And besides, FAB leaves no color-dulling soap scum... Removes any soap scum left in clothes by previous soap washings! Your whole wash looks fresher.

A COLGATE-PALMOLIVE-PET PRODUCT FAB WASHES FASTER, CLEANER, WHITER, BRIGHTER. FAB WITH SUPER-WETTING ACTION. JUST FROM YOUR CUP OF SOAP. FASTER AND BETTER FOR ALL FAMILY WASH AND DISHES! W. 4th and Lancaster S. S. 9:45; Worship 11:00 a.m. and 7:15 p.m.

**MUST LEAD TO ARREST**

**Israel Establishes A \$20,000 Reward For Information On Bernadotte Killers**

TEL AVIV, Israel, Sept. 24. (AP) — Israel has put up a \$20,000 reward for information leading to the arrest of Count Folke Bernadotte's assassins.

The announcement was made last night by Prime Minister David Ben Gurion who told the legislative assembly the government has seized all known Stern Gang military bases and arms caches and arrested 246 members of the group without resistance. He said 184 of those arrested were picked up in

Jerusalem. The Israeli Government has blamed the Stern gang for the death of the United Nations Palestine mediator.

Meanwhile an Israeli government spokesman, commenting on recommendations contained in Bernadotte's final report to the U. N. said:

"We prefer that the boundaries of Israel be finally fixed by formal agreement between the Jews and Arabs" instead of through UN mapping.

The spokesman also turned down suggestions for Arab control in Haifa.

He declared Israel had the right to consider Jerusalem as part of the young Jewish state and said developments since the UN voted for partition last Nov. 29 seemed to warrant "certain improvements in the original (Israeli) boundary."

He added that "while the religious and international significance of Jerusalem is fully realized and respected, we must continue to stress its unique position in Jewish history and present day Jewish life, as well as the fact that it was the courage and endurance of

the Jews alone which saved the city from complete destruction and subjugation to Arab rule."

Regarding the suggestion for a demilitarized zone, the spokesman said:

"By accepting the creation of such a zone the invading armies give up nothing which is theirs while the state of Israel is expected to contract the limits of its territorial sovereignty."

The spokesman, who declined to be quoted by name, also rejected any yielding of the Negeb territory and said any consideration of returning Lydda or Er Ramle to the Arabs must hinge upon a guarantee to the Jewish state of "unbroken territorial connection with Jerusalem."

**American Charged With Helping Plan Killing Of Peron**

BUENOS AIRES, Sept. 24. (AP) — The government said today that a United States citizen had headed an unsuccessful plot to assassinate President Juan D. Peron and his wife, Eva Durate Peron, next month.

A communique identified him as John Griffith, former cultural attache of the U. S. Embassy here, who was expelled from Argentina last April for alleged participation in a bank clerks' strike in Buenos Aires. He is now living in Uruguay.

The government said several persons, including three Argentine navy chaplains, a former deputy in the national congress and two

**Walker Marriage Heads For Divorce**

LOS ANGELES, Sept. 24. (AP) — The 10-week old marriage of Movie Actor Robert Walker and Barbara Ford Walker, daughter of Director John Ford, was in the divorce courts today.

Mrs. Walker charged "extreme and grievous mental cruelty" in her divorce suit filed yesterday in superior court. Formerly a film cutter, she said she is without funds and asked "reasonable" alimony from Walker.

physicians, have been arrested in connection with the plot.

The plot called for the assassination of Peron and his wife next Oct. 12 as they were to have left the Colon Theater here after a theatrical performance, the government said. No details were revealed.

**EIGHT PER CENT THIS TIME**

**Railroads To Ask Freight Rate Hike**

CHICAGO, Sept. 24. (AP)—An eight per cent increase on most freight rates will be asked by the nation's railroads. It is their sixth request for higher rates since the end of the war.

Approval by the Interstate Commerce Commission of the new rates would boost the annual freight bill several hundred million dollars. However, no official estimate was made by carrier spokesmen.

The Interstate Commerce Commission has estimated that the five rate boosts granted the railroads since the end of the war total about 40 per cent. However, the increases vary widely depending on the particular commodity.

The new rates to be asked—with a somewhat lower boost for a few commodities—were decided at a series of conferences here this week by traffic executives from all the carriers.

"Current freight rate levels are not producing sufficient revenue to meet the carriers' requirements," said W. H. Dana, chairman of the western traffic executive committee.

He said the boost does not take into account any wage increase that might be granted in connection with the current demands of the railroad brotherhoods.

The carriers now are conducting wage negotiations with five operating unions representing some 350,000 workers. Wage talks between 16 non-operating brotherhoods and the carriers collapsed last week and the National (Railway) Mediation Board has stepped in in an effort to settle the wage-hour dispute. A strike vote is being taken among the non-operating workers.

Dana said that any further increase in railway operating costs which might result from the pending demands of the unions "is a bridge that will have to be crossed when we come to it."

He said that his present rates "had failed, after a trial period, to produce adequate revenue despite the heavy volume of traffic being hauled."

**Lords Reject Bill Curbing Their Power**

LONDON, Sept. 24. (AP)—A government-sponsored bill to cut the time the House of Lords can delay legislation from two years to one was rejected yesterday by the peers in a vote of 206 to 24.

The same bill has been passed twice by the labor-controlled House of Commons but rejected by the heavily conservative upper house. If it is passed by commons again at the next session, it becomes law automatically.

**LONG-TERM PAY FOR TAXI RIDE**

NEW YORK, Sept. 24. (AP)—Taxicab Driver John Wagner says he doesn't expect to collect a \$14 fare due him—at least for six months.

He said a young man got in his cab yesterday in Huntington, Long Island, and asked to be driven to the Queens County court house several miles distant.

When they reached the court house the man said, "wait for me. I'll be out in five minutes."

After waiting for more than an hour, Wagner went inside and discovered that his fare, Alfred Mackay, 22, had just been sentenced to six months in jail for passing an \$800 bad check.

Mackay offered to pay his fare by check, but the cabbie said he'd just wait.

**Wallace Now Has Special Bodyguard**

TOLEDO, O., Sept. 24. (AP)—Henry Wallace has a bodyguard on his present campaign trip.

His Detective Jack Zuckerman is on loan to Wallace from the New York City police department. Zuckerman is flying in Wallace's chartered plane and accompanying the presidential candidate everywhere.

Wallace had no such escort on previous trips including the recent southern tour where he was splashed with flying eggs.

**NEW LOCATION**  
104½ E. THIRD

**MAKING CACTUS PAINTS**—Close control is exercised in compounding and testing paints now being manufactured by the Cactus Paint company of Big Spring. The paints are formulated particularly for the West Texas region, being designed to withstand persistent sunlight and petroleum fumes. Upper left, Bill Jackson, chemical engineer, runs tests on one sample to make sure it is according to specifications. Upper right, Murph Thorp, president, watches paint mixtures issuing from the colloid mill, immediately below the primary mixer. Below is a portion of the mixing and grinding machinery, a good part of it manufactured in Big Spring. The big horizontal drum in the background is the pebble mill grinder for white paint. The plant is located just west of the airline's terminal. (Jack M. Haynes photos).

**Paint Concern Is New Industry Here**

A new industry for Big Spring—the Cactus Paint Company, Inc.—is now in commercial production. Its plant, located just west of the city's airlines' terminal building on US 80, is now turning out quality paints, most of which will find their way into industrial channels, but some of which will be marketed locally through a retail outlet.

Since mid-summer the plant has been in operation, but it is only now that Cactus officers have announced commercial production.

The factory is equipped to produce outside flats and interior enamels and semi-enamels, and as mentioned, most of the processing will be done on specifications for industrial uses. All of the products are engineered for this particular region and most of the industrial demands imposed in petroleum production and processing.

Officers of the Cactus Paint are Murph Thorp, president whose Thorp Paint Store will be the retail outlet for Big Spring; Bill Jackson, vice-president and a chemical engineer; and E. B. McCormick, secretary.

Formulae on which the factory producer are obtained from the Jones-Dabney research laboratories in Louisville, Ky., which is the largest paint laboratory in the world and source of the formulae for around 150 companies, many of them the nation's major producers.

To go with this, Cactus has laid in only the best in raw materials, utilizing refined oils and other pure ingredients to insure maximum quality. Constant controls are kept on the formulation through testing in the plant's laboratory.

An interesting point is that some of the biggest units in the plant were manufactured locally (by Southwestern Tool and Machine Shop) according to Cactus designs. This is the case with the big pebble mill grinder with a big revolving drum that weighs 9,000 pounds when charged.

Paints have five basic elements. The pigments impart color and opacity to the film, and among them are titanium dioxide for white. Extender pigments, unlike basic pigments, have little hiding power but add strength and durability. The vehicle is oil that carries the pigment and traps them in the film. The thinner is a volatile hydrocarbon added to reduce the consistency of the paint to suit needs of individual application. Additives are various chemicals injected in small quantities to impart special characteristics as drying, cake prevention, etc.

"Grinding" paint in the factory is really only a mixing proposition. Pigments, as manufactured, already are fine enough; however, the type of mixing required to break up the lumps is called grinding. The problem is similar, but more difficult, to making paste of flour in water. In making white paints, the ingredients, based on an understanding of the chemistry of each of the hundreds of available ingredients, are poured into the pebble mill and "ground" until

See Paint Concern, Pg. 11, Col. 7.

**Slav Group Leader Arrested In Chicago**

CHICAGO, Sept. 24. (AP)—George Pirinsky, 48, of New York, in Chicago for a meeting of the American Slav Congress, was arrested yesterday on a warrant charging him, as an alien, with belonging to an organization advocating forcible overthrow of the United States Government.

Pirinsky, executive secretary of the American-Slav Congress, was released on \$1,000 bond after he had been arrested on a warrant issued by the commissioner of immigration in Washington.

The Justice Department in Washington said the action against Pirinsky was based upon alleged membership in the Communist Party and not upon his affiliation with the American-Slav Congress.

Pirinsky, the department said, "affiliated with the Communist party after his entry into this country, in violation of the immigration statutes." Marcus T. Neely, Chicago district enforcement officer for the immigration bureau, said Pirinsky came to the United States from Bulgaria in 1926. He said his real name is George Nicholas Zalkoff.

Pirinsky declined to give newsmen any information about his personal affairs. He said the American-Slav Congress, which today opened a three-day meeting, was organized in 1938 to "promote the cultural activities of the American-Slav and friendship between Americans and Slavs." He said 1,500 delegates from across the country are expected for the convention.

**Gene Tierney's Jewelry Stolen**

NEW YORK, Sept. 24. (AP)—Movie Actress Gene Tierney (Mrs. Oleg Cassini) reported to police last night that \$15,300 worth of jewelry had been stolen from her apartment just off Fifth Ave.

The actress said the jewelry, which she had not worn recently, was stolen from a dresser drawer in her bedroom, apparently some time in the past eight days.

**Composer Asserts He Never Beat Wife**

LOS ANGELES, Sept. 24. (AP)—Composer Lyn Murray's wife said he never beat her "or anything like that."

The former Florence Baker, radio actress, testified further in superior court yesterday: "It was a mental cruelty. He just didn't want to be married, didn't want responsibilities. One day he moved out and took his own apartment."

She got her divorce and custody of their two small children.

# CACTUS PAINT

## Manufacturing Company

Is Pleased To Announce

That It Commenced Operation Early This Summer and  
Is Now In Full Scale Production In The Manufacture of Paints

The Cactus Paint Manufacturing Company Specializes In The Manufacture Of White Paint And Industrial Finishes.

Cactus White Paints are pigmented with Titanium dioxide which absolutely resists oil field gases, industrial fumes, ultra-violet light and sunlight. This keeps paints from turning black from oil field gases or yellowing with age.

Cactus recognizes that a small independent paint company must base its acceptance on superior quality. Better covering is obtained with Cactus Paint because of its higher content of covering pigment. You are invited to compare the covering effectiveness of Cactus Paint with that of any other paint on the market.

### WHOLESALE

Wholesale quantities of 25 gallons or more can be purchased at the factory located immediately west of the Commercial Airlines' Ticket office on West Highway 80.

### RETAIL

Retail sales are available at Thorp Paint Store, 311 Runnels, and Home Improvement Service Company, East 4th at Johnson.

The Cactus Paint Manufacturing Company Is Owned And Operated  
Entirely By Big Spring Citizens

# Problems Between Peoples Best Solved Where They Are

So much has been said and printed in recent months on communism and the activities of communists in the United States that it would be easy to gain the impression that the only threat to our democracy is from the extreme left.

That idea is fallacious, for extremists on the right constitute a threat of their own. Where the Reds would accomplish dissolution of freedom by revolution, could they do it, the right-hand fanatics would accomplish it by strangulation. Consequently, if freedom were extinguished, it wouldn't make much difference if it had been stabbed or throttled.

Recently Gerald Smith's "Christian Nationalist" organization came together in St. Louis to establish a national political party. The platform proposes that every Negro and Zionist Jew be given \$5,000 and a strong invitation to get out of the

country. It also has some suggestions about "undesirables," such as the Gerald Smithites would class, and indicates a strong affinity for fascist Spain. The platform went on with similarly silly, yet poisonous proposals.

Commenting on the spectacle, the Christian Science Monitor observed that there was certainly a Negro problem and a Jewish problem, a treason problem with the borders as Gerald Smith's crew proclaimed, but there also is a management-labor problem, a religious problem and scores of other problems. Then adds the Monitor sagely: "There is no getting around it. These are not so much problems of this or that kind of people as problems of relationships between people. And they have to be solved right here where everybody is."

# Motorist And Pedestrians May Get Needed "Refresher"

Motorists may pay for lapse of memory today and Saturday.

It will all be in semi-fun as Jaycees, aided by Boy Scouts, work out a traffic patrol plan in the downtown district. Those who are guilty of infractions of traffic regulations will be "fined" and proceeds will go to the Jaycee Christmas fund. Last year a similar project netted around \$300 for distribution to the needy.

As worthy as the contributions may be, they are wholly secondary. The important part of the program is to refresh memories concerning traffic regulations.

Unless a driver is constantly on the alert, he may only slow his machine when turning right on a red light. He may start across an intersection as the light is in the process of changing from red to green or from green to red, depending on whether he is trying to beat the light or be the

first to get across. He may fail to use the hand signal (arm crooked down for stop, horizontally out for left turn and crooked upward for right turns). He may double park while he runs inside a store on a quick errand.

Pedestrians, too, may slip now and then by stepping off the sidewalk on to the street before the light is with them. They may try to save a few steps and seconds by angling across the street in bold jaywalking, or they may foolishly dart from between cars into the street.

It's not so much that most of us do not know we should do and not do, but that we get careless. Perhaps a "refresher" with a little innocent "fine" attached will serve us all well and make driving and walking safer in Big Spring. We sincerely hope so.

# "THEY'RE PUTTING IN A RELIEF PITCHER"

Washington Merry-Go-Round — Drew Pearson

# Blue And Grey Rountable Goes Long Way In Building U.S. Unity

WASHINGTON.—Last summer, when a lot of folks on both sides of the Mason-Dixon Line were making faces at each other, the writer, with his usual propensity for sticking his nose into other people's business, suggested that, it would be a mighty fine idea if we tried to understand some of the South's problems, and vice versa. Then perhaps we could all sympathize more and criticize less.

Following this suggestion, the live-wire Blue and Grey Association of Montgomery, Ala., invited a group of northerners to the seat of the old Confederacy to get better acquainted.

The northern folks who went down to Montgomery were picked from Rotary, the Lions Club, Kiwanis, the U. S. Chamber of Commerce, Junior Chamber of Commerce, Civilian International and the service clubs which do such a good job for their communities and country.

When they got down there things went better than anyone expected. Primary purpose of the Blue and Grey Association is to get the North and South better acquainted through an annual football game, but in this case there was a roundtable discussion of health, education, segregation, and Negro opportunities.

Southern leaders laid their cards on the table and northern visitors asked all sorts of questions. Some of the questions were a little touchy, but the discussion was completely cordial, and perhaps the hottest debate was between two northerners—Earl O. Shreve of Schenectady, N. Y., president of the U. S. Chamber of Commerce, who opposed federal aid to education and Kiwanis Ben Dean of Grand Rapids, Mich., who argued that if we could give federal aid to highways we could also give it to schools.

**NORTH REPORTS ON SOUTH**

The discussion was frank, forthright, and may have started an important exchange in North-South relations. Here are some of the reports written by northerners after the meeting:

S. S. Pennock, Philadelphia Rotary Club—"The feeling between Negro officials of the state teachers' college and the white southerners was most surprising to all of us. Sincere cordiality and respect was evinced by both black and white for each other. It is especially interesting that there is no discrimination between the salaries and benefits to white and Negro schoolteachers in Alabama."

"Many of us who were privileged to attend this meeting felt that with the proper type of white man, the progressive Negro has as good or better chance of success in the South than in the North."

Richard C. Bell, White Hall, Ill., director Lions International—"Negro education was an eye-opener to us northerners. True, they had segregation, but it was quite apparent during our visit, at least, that both races expected it. The two races mingled freely everywhere while on their feet, but immediately upon being seated the segregation rule went into full force and effect."

Charles Doney, Pittsburgh, Pa., past international president of Kiwanis—"As a result of my trip I came to the conclusion that we in the North should end the circulation of partial, ill-considered reports on the South and should try to get our own backyard . . . Northerners can only promote further discord by sniping

criticism. All of us should help find a common ground for understanding."

**SHRINE TO FRIENDSHIP**

Most important thing about this Blue and Grey Association meeting was the spirit behind it—a spirit which should lead toward many more roundtable discussions between other groups in both the North and the South.

The Blue and Grey Association is out to raise a memorial to North-South understanding, to be located in Montgomery, cradle of the Confederacy. Hitherto they have raised money in rather meager amounts through an annual football game, played in December between representative teams of the North and the South.

This game is dedicated to sportsmanship and intersectional fellowship. And this year some of the Rotary, Lions, Kiwanis and other service clubs which have become interested in North-South understanding are becoming members of the Blue and Grey Association at \$1 a throw, in order to raise money for a memorial commemorating the end of a great misunderstanding which divided two peoples, and the beginning of a new attempt to understand those two peoples' problems.

# Maybe Government Leaders Should Try Simple Approach

Apparently everyone is aware that the country is in somewhat of a mess right now. If anyone has not been alerted chances are that he or she will be sometime between now and the general election, because all political parties and subdivisions thereof are not only publicizing the conditions that already exist but also they are posting warnings of grim things to expect—if the opposition goes into office.

It is not for me to say which party is most likely to lead the nation on the best path. Both of the two major political organizations have had some chance already, and the most I could say for the results is that they have been bewildering.

Maybe the political bigwigs would classify me as a dreamer, but I always have attached some credence to the theory that a simple solution exists for any given problem, provided, of course, someone has the nerve to try it. The theory may

be all wet, but it seems to me that leaders of the country would have nothing to lose by trying it, since their complex approach has failed to produce many visible results.

It all reminds me of an incident involving a kleptomaniac in a town where I once lived. He was walking down the street one day when he spied a piece of merchandise resting on the back seat of an automobile parked at the curb. Nobody was around at the time, but all windows in the car were tightly closed, and he immediately began pondering various methods for gaining entry to the vehicle and claiming the article for his own.

Half an hour later he was ushered into the police station with a sheepish look on his face.

"I guess I just out figured myself on that one," he said. "I had been working 20 minutes on that car door when the cop grabbed me, and then I learned that it wasn't even locked."—WACIL McNAIR

Notebook — Hal Boyle

# Autumn Sets A New Tempo For Life In New York City

NEW YORK.—THERE'S A NEW tempo in the town. Goodbye summer, hello autumn.

There are few tears along the main stem when old lady summer, a faded beauty with a wilted rose in her teeth, hitchhikes south with the birds.

Everybody's tired of her—and her torrid act. She's held the spotlight too long. Summer gets the Hollywood treatment here. She meets a tumultuous welcome when she breezes in, and for a few weeks she's the toast of the town. But when it's time for her to go—nobody bothers to go down to the station to see her off.

Summer is too much like a fat, over-affectionate aunt, or an antique sweetheart a man doesn't want to marry and can't get rid of. She insists on hanging around long after nobody wants her.

**BUT WHEN SHE GOES, SCATTERING** limp petals for remembrance, who comes in but autumn? Now there's a season for you. Autumn is just spring after she graduates from finishing school—a wise-eyed knowing girl with wonderful ways.

She wakes up the big city like a musical alarm clock. The weariness and languor wash right out of the people, and they come to life again.

You can see it everywhere. The kids

trot off to school, and back from their country hideouts stream the fugitives from Manhattan's summer heat, whooping and comparing their sunbans.

Along 57th Street the high "C" of the soprano practicing her Metropolitan Opera debut beats against the vocal wall raised by the baritone in the next apartment building. Fifth Avenue, the street of beautiful women, is a clothes-horse parade of fresh glamor.

**THE WORKDAY WORLD PULSES** again with hope and promise. The secretary has begun to forget the handsome stranger she met on the summer cruise who talked so charmingly on every subject except marriage. She's decided her old boy friend looks okay-doke in his new suit. Besides he's here. The boss ceaseth to frown, and the office employees hope that Santa Claus look in his eyes foretells a Christmas bonus.

Yes, there is magic—magic everywhere. Everybody has a kind feeling for everybody. The husband speaks softly to the wife, and the wife turneth to him rosy eyes. It is a time of balance. It is the equinox, when day and night everywhere are of equal length.

It is the season when life cannot throw a banana peel under anybody's feet.

Nation Today — James Marlow

# Book Will Help Teachers Stress World Citizenship

WASHINGTON.—A BOOK OF 241 pages has been published particularly for the use of teachers but—

It should be of interest to anyone who wants to see children become good citizens of this country and the world.

It is called "Education for International Understanding in American Schools."

The price is \$1 and it can be obtained by writing to the National Education Association here in Washington. The NEA published it.

The book is the result of two years' work by top American educators who undertook the study for the NEA.

The idea was to find out what part American schools, grammar and high, could play in teaching children to understand the world they live in, to be a part of it, and to want to keep peace in it.

The book, as explained, was aimed at teachers everywhere. They don't get it free. They have to buy it. This may be the first time some of them have heard of it, although it was published weeks ago.

**BECAUSE OF THE ADVICE** THE book gives in bringing up children to be world-minded, parents could read it with profit to their offspring and perhaps to themselves.

Why? Because some of the things the book suggests teachers can do to make their students world-minded citizens, are things the parents could practice with their children at home.

The book has a long chapter of examples showing how children can be trained to work together, to assume responsibility, to develop understanding of other people's problems and desires, and to learn that people everywhere are brothers.

In addition, it has a long list of books—their names, authors, where you can buy them and how much they cost—that will help people and children to become understanding human beings with a desire for peace.

It is likely to prevail for some time, little argument is needed to convince educators that they must accept this responsibility now.

"The need for vigorous action could be no more immediate. It must be emphasized, however, that in spite of the urgent need for educational programs to meet the crisis, we cannot expect to revolutionize our thinking overnight."

"Established habits of thought die hard, national prejudices are usually quite deep-seated, and long-range goals are sometimes difficult to keep in view. Time will be required to develop our ideas, and time will be required to show results."

Affairs Of The World — DeWitt MacKenzie

# 'Strike Russia Now' Group Has No Basis For Argument

WHAT BASIS, IF ANY, CAN THERE be for the view held by some that there is bound to be war between Russia and America eventually and that therefore Uncle Sam would be wise to strike now and not give the Muscovites a chance to build up strength?

From my standpoint there is no foundation whatsoever. I don't believe that a shooting war between the two powers is inevitable.

Obviously there always is danger of war while the great powers are playing at scuffles amidst high explosives. Even a rifle can see there might be an explosion, but if it should come it might not be premeditated.

That being so, what possible justification would America have to gamble on a third world war? What possible excuse could be given the American public for sending our sons overseas to wage a conflict which might have been avoided?

AS A MATTER OF FACT, THERE IS no indication that there is any responsible American executive, governmental or military, who has the slightest thought of precipitating a conflict. On the contrary my information is that the policy is to hold Communist aggression where it now is while the Democracies are rehabilitated and so gain strength which will put them out of danger.

True, the policy of the western powers also is to be firm and not allow themselves to be pushed around. They have no intention, for example, of allowing the Russians to bully them out of Berlin—or out of any other place. Britain and America are going to continue to feed the Russian-blockaded German capital by air—one of

the most amazing feats of transport ever achieved.

But if there is any overt act committed with the idea of precipitating war, it's going to be perpetrated by the other fellow and not by the Democracies.

**ACTUALLY TIME IS RUNNING IN FAVOR** of the western allies. The Bolshevik offensive is being held along the Stettin-Adriatic line which it reached long ago through central Europe. Meantime rehabilitation of the western part of the continent is moving apace, thanks largely to the Marshall Plan. This economic betterment means greater military security, and it is giving a real lift to the morale of these nations which were hit so hard by the late war.

Thus things are looking much better for the Democracies in Europe than they were even a few months ago. Their job is to hold along the present line and let the Reds beat their brains out against the stone wall thus created.

Of course Europe doesn't by any means give us the whole picture of the Russian drive to Communize the world. The Reds are intensifying their big new offensive in the Orient, especially in Burma and Indonesia, and that presents a grave threat. However, the greatest immediate danger to the western Democracies lies in the European situation.

**IT IS OBVIOUS THAT RUSSIA INTENDS** to take calculated risks in her efforts to overrun western Europe. She has been daring greatly and may be expected to continue to do so. However, the consensus of close observers is that Moscow doesn't want war now and has no intention of going far enough to precipitate it.

Hollywood — Bob Thomas

# Big Plans Being Laid For Jane Greer At RKO

HOLLYWOOD.—Big plans are being made for Jane Greer, according to a wind sweeping out of the RKO lot.

Announcements and rumors (and dropped employes) have been about the only things coming out of the studio since Howard Hughes took over. Latest report is that the air-film tycoon has big picture plans for Miss Greer.

Else why would he turn down offers from four other studios to borrow her for starring movies? The actress, ex-wife of Rudy Vallee, has long been RKO's prime candidate for top star brackets. She must be getting impatient. Helen Hayes may yet be lured to films. Charles Feldman, who owns picture rights of "The Glass Menagerie," wants to star her in the Tennessee Williams story. But she doesn't like Hollywood. So the film might be made in England. If so, another Hefflin may hit the screen—Van's sister Frances, who played Miss Hayes' daughter in the London run (or was it a walk) of the play. The show didn't score so well with the English.

The whole Huston family is slated to appear in "Rough Sketch." Walter makes his usual guest appearance in son John's picture as a bank teller. And John and wife Evelyn Keyes (in a black wig) are planning to enact, and immediately upon being seated the segregation rule went into full force and effect."

Charles Doney, Pittsburgh, Pa., past international president of Kiwanis—"As a result of my trip I came to the conclusion that we in the North should end the circulation of partial, ill-considered reports on the South and should try to get our own backyard . . . Northerners can only promote further discord by sniping

antidote to double features—advertise pictures for what they are.

See that studios exchanged stars so we couldn't see such constant teams as Power-Tierney, Ladd-Lake, Garson-Pidgeon, Allyson-Johnson—stop the industry's catering to certain misbehaving stars and give their roles to newcomers—establish a fund for experimental films.

Stop making musicals until some new ideas are uncovered—inject some new blood among directors and cameramen—look to the classics for story material—instead of present-day trash . . . well, I can dream, can't I?

# Dentists Take To Caesar's Exaggerated Jacket Style

NEW YORK.—The exaggerated dentists' jacket worn by Sid Caesar in "Make Mine Manhattan" is trimmed with leopard fur and supposedly is a highly styled satire of a fashionable costume for a molar manipulator. But darned if the management didn't get several queries from dentists asking where one like it could be bought.

Reminds me of the time a movie slenderly based on Jimmy Walker's New York mayoralty was being shown. To heighten the natty reputation of Jimmy in real life, the character playing Hizzoner in the film was fitted with a triple-breasted din-

ner jacket. And again, darned if some sartorial explorers didn't copy same and promenade Fifth Avenue in said somewhat ridiculous raiment. Didn't start a trend, of course, but you never can tell about those things. No one can say of a certainty that your home town bicuspid bow won't show up for drill wearing a lapel of some luxurious fur or other. I'd say it's okay for lady dentists, but if the fellow filling my back grinders shows up with so much as a mink tassel, by gosh, I'd bite him.

Young lady in Sardi's accepting the congratulations and happiest good wishes of the theatrical gang: Dolores Gray, the youngest whose glory here was sort of middling until she offed to London and the British carbon of "Annie Get Your Gun" . . . She forthwith was deluged with critical garlands, proposals of marriage from every strata of tea and crumpet society from titled swains right on down to meek little milkquoats who stood outside the theater and gaped their silent admiration. . . Hasn't been an American triumph of that sort over there since Tallulah Bankhead took over London as only Tallulah can. . . Dolores and her friends in "Annie" have been standing them up and keeping the boxoffice queues constant ever since June 7, 1947. Dolores will be here for two weeks and then back to her pleasant and highly appreciated British grind.

**The Big Spring Herald**

Published Sunday morning and weekday afternoon except Saturday by THE BIG SPRING HERALD, Inc.

Entered as second class matter July 14, 1926, at the Post Office at Big Spring, Texas, under the act of March 3, 1879.

6 Big Spring Herald, Fri., Sept. 24, 1948

Today's Birthday—

SEN. ALLEN J. ELLENDER, born Sept. 24, 1891, was a close political associate of Huey P. Long. After Long's death in 1935, Ellender took his place in the U. S. Senate. Twice elected, Ellender has been a stout defender of Southern views. A lawyer, he was for 12 years in the Louisiana legislature. From 1932 to 1935, he was speaker of the house. He joined in sponsoring the ill-fated Taft-Ellender-Wagner housing bill.

**Poles To Supply Power**

WARSAW, Poland.—Poland expects to be supplying a major share of Czechoslovakia's electric power demands by 1952. Under this nation's "working partnership" with the Czechs, engineers are laying the groundwork for the construction of giant electric power projects at Dwory, near Oswiecim, in southern Poland and near the Czechoslovakian frontier.

Poland is building this project. Czechoslovakia is supplying half the total value. She is giving the main machinery equipment, such as turbines, boilers, generators, transformers, and other products of heavy industry. The electric power works are to be the sole property of Poland. She will pay Czechoslovakia for the equipment used by the works. After those costs are paid, Poland then will supply electric power to the Czechs for 20 years. Czechs will then pay tariffs based on current prices of coal during the years the agreement is in operation.

**Reds Build Big Plane**

MOSCOW.—One of the new airplanes shown at the annual Soviet airshow at Tushino airbase near Moscow was a seventy-seat four-motored passenger craft. This plane, which is larger than any of the planes at present in regular service on Soviet civil airplanes, is, say Moscow observers destined to become in the civil future a common sight on Soviet airports.

# Bacteria Beaten At Banner Plant

**HESTER'S**  
Office Supplies  
And  
Office Records  
114 East Third - Phone 1649

Odds against that bad little snowball, which went to the nether regions, are infinitely better than those for bacteria at Banner Creamery.

Microbes just don't have a chance at Banner. Care, chemicals, heat and elbow grease all go into making sure that milk which reaches customers in Banner bottles is as pure as it is humanly possible to get—even purer than when it came from the cow.

Harvey Tanton is a regular watchman for loopholes in his capacity as milk superintendent for Banner here, explain: J. D. Merrifield manager of the Big Spring plant. He has been here for seven years and has been in the same type of work for many more. Few men know as much about milk sanitation as Tanton, Merrifield said.

Banner's campaign starts before the cow is milked, because all Banner milk comes from grade A producers. This means, among many other things, that they must have tested, animals, concrete milkshed floors, screened in milking places, milkhouse separate from the milkshed, and observe proper procedures in milking, handling and sterilization of utensils. So Banner's milk is clean at source.

Then it is brought to the plant where it is poured from 10-gallon cans into stainless steel receiving vats, which are mounted on scales, for weighing. From this point is pumped in stainless steel pipes (which are scrubbed, steamed and sterilized daily) to holding tanks, thence to a separator which not only extracts cream but also does a straining job that catches any minute particle which might miraculously have escaped the filter.

Pumped to the pasteurization units, the milk is brought to 145 degrees and held there, under constant agitation for 30 minutes, then allowed to cool gradually for about 30 more before going to the aerator which brings it back down below 50 degrees.

It passes through filters into the filler, capped and thence to the hood or sanitary capping machine, all without human finger having been laid on it. Meantime, cream has been removed at a constant four per cent. Bottles, too, are taken through solutions stronger than state requirements and 12 rinses to assure absolute purity for Banner milk.

**COMFORTABLE SETTING** — Such is this Coleman Court patio one of several which give the popular courts a homey atmosphere. It's entirely fitting, too, for the cabins are furnished with such a thing in mind. They are ideal for overnight stops for those wish real sleeping comfort or those who wish to cook their meals. They are ideal, also, for light housekeeping. Many Big Spring people find them handy little apartments. (Jack M. Haynes photo)

## GOOD HOUSEKEEPING IMPORTANT FOR BEST LOCKER BOX RESULTS

Good housekeeping is doubly important in your locker box. Analyzing the comparatively few complaints that have been voiced over the years, Jim Kinsey, manager of Big Spring Locker Company, pointed out that most of them arise from poor housekeeping in locker box contents.

"Just as the housewife uses her foods, particularly the produce and perishables, in the order they are purchased, so should the contents of a locker box be emptied," he observed.

He then went on to say that there has been a few instances of patrons who continually stacked the fresh items to the front or top and used the food with regard for convenience rather than date.

After a couple of years they drag out some meat or vegetables from the bottom of the box and complain bitterly when it wasn't up to par.

"No freezer locker makes claim to keeping food indefinitely," he explained. "It just can't be done, at least not yet. Beef, properly processed, will keep up to two years, pork not so long. Chicken packed in water remains fresh for a couple of years, but dry packed chicken generally reaches its peak in a year. And so it goes with various meats and vegetables."

A lot of people don't realize that even in deep freezers dehydration (evaporation) is constantly taking place. A cake of ice left in zero weather will disappear in time. Just so will certain foods dehydrated over long periods of time. Kinsey urged patrons to make sure that their locker box storage is properly arranged, or that the foods which have been in the box

the longest be used first. All packages put up by the company are labeled and dated to facilitate good housekeeping—and maximum enjoyment and profit—from the locker box.

# Philco Freezer On Display

A completely new Philco home freezing unit has been put on display at Hester's, 114 East Third street, and the firm is now accepting orders for the latest addition to the Philco family.

The new unit is an upright type, which resembles the conventional home refrigerator. The storage space is divided into three spacious compartments, with the top level designed for sharp freezing and two others for sub-zero storage. The new model enables Hester's to offer customers a choice, since the regular cabinet-type freezers are also being continued.

In other departments at Hester's, customers are finding complete stocks of sports equipment, office furniture and supplies and a liberal selection of stationery, radios, greeting cards, etc.

Football equipment is the current eye-catcher. Most articles in that line are plentiful, except shoes, and Hester's has managed to locate foot gear for its customers to date.

Deliveries also are being made now on new Underwood typewriters both upright and portable models. Office desks also have worked their way free of the scarce list, and Hester's have several in stock, including models of both wood and steel construction.

For the first time, Hester's has been able to obtain a supply of greeting cards designed especially for the Jewish New Year.

**Boy Faces Stay At Reform School For Plane Crash**

CRANE, Sept. 24 (AP)—Richard Null, 15, faces an indefinite stay in the state school for boys because he tried to fly an airplane alone and cracked it up. Young Null, who said he got "an idea" he could handle a plane after other boys told him how to fly, was sentenced Wednesday to an indeterminate period in the school at Gatesville. County Judge J. A. Byer, who sentenced Null, said the boy already was on parole to his parents, Mr. and Mrs. W. L. Null of Comanche, on a delinquency charge at Odessa.

# Steer B Team Will Meet Stanton Eleven Tonight

## Both Squads Are Seeking First Victories Of '48

While the A squad takes a rest from the gridiron wars, the Big Spring Steer B footballers travel to Stanton tonight where they will engage that city's Buffaloes in the second outing of the season for both squads.

Some 33 men are expected to make the trip. All squadmen below senior classification who have not participated in A games are eligible to break into the lineup for the Steers.

Neither Stanton nor the Big Spring B's were able to break into the win column in their respective seasons' openers. The Buffs dropped a 36-7 decision to the strong Coahoma Bulldogs in Coahoma last Friday night, while the local B aggregation fought the Lamesa B's to a 6-6 deadlock last Saturday afternoon.

Coaches Wayne Bonner and Good Graves have been sharpening the Big Spring B attack during the past week, and the Stanton eleven is expected to be considerably improved.

The starting whistle probably will find a Big Spring lineup on the field composed of Gene Campbell and Bob Kuykendall at ends; Bill Birdwell and Ray Phillips at tackles; J. W. Drake and Dallas Woods, guards; W. C. Blankenship, Jr., center; Carroll Cannon, Robert Cobb, Jim Stewart and Tubbs in the backfield.

Coahoma's starting lineup probably will be composed of F. Kenney and G. Gregg, ends; N. Stovall and W. Cook, tackles; O. B. Day and Wayne Church, guards; Bob by Joy Pettre, center; R. S. Higgins, William Lindsey, Gene Douglas and B. R. Ham, backs.

Pettre, Church, Higgins, Lindsey and Douglas all won letters last year on the Buff team.

## Cats, Oilers All Square In Series

TULSA, Okla., Sept. 24. (AP)—The Tulsa Oilers came home today for three games with the Fort Worth Cats all square in the final play-off for the Texas League championship.

The Oilers whammed the Cats 19-7 last night to make the series even at one game apiece. Tulsa Manager Al Vincent of Tulsa called on Everett Lively, a 16-game winner his year, to oppose Duwain Sloat of the Cats tonight. Sloat has a 12-8 record for the season.

## Five High School Games Last Night

Five games were played last night to start off the week-end of Texas Schoolboy football with Arlington Heights of Fort Worth trimming Sunset (Dallas) 19-0 in the top contest.

Both teams are in the City Conference. Graham of Class AA tied Poly (Fort Worth) of the City Conference 6-6. John Reagan (Houston) whammed St. Thomas (Houston) 25-0. Burbank (San Antonio) downed San Marcos 24-12 and Bowie (El Paso) beat Cathedral (El Paso) 13-7.

## SPACE RESERVATIONS MOVING FAST FOR BIG SPRING-ODESSA GRID TILT

Due to a heavy demand for tickets, all space in the permanent stands has been placed on the reserve seat list for the Big Spring-Odesa football game next Friday night, school authorities reported this morning.

Coach Wile Stockton said Odesa officials had advised that hundreds of home town fans would follow the Bronchos here to witness the struggle. The Odesans requested and received all seats for the east stands.

The entire west stand will be allotted to reserve seat sections, and general admission ducts will be for standing room or temporary bleachers in the end zones. A brisk demand for the reserved seats already has developed here, Stockton said. Local fans who have not yet reserved space have been advised to do so as soon as possible.

## LOOKING 'EM OVER

With TOMMY HART  
By WACIL MCNAIR  
For Tommy Hart

With fearless hearts and deaf ears to the kibitzers, members of the Herald board of football strategy swing into action today, as college teams throughout the country unlimber their big guns—and prepare to make all forecasts look silly as usual.

Although he is still on vacation, arrangements were made for Tommy Hart to forward his selections in by Pony Express this week to give him an even start with other members of the board on the season's work.

By way of something new, each member this season will select at least one weekly "bombshell." For his explosive prediction this week, Joe Pickle has picked Michigan State to nudge favored Michigan. Tommy Hart has given Pitt the nod over SMU. Bob Whipkey has predicted a tie between Army and Villanova and the writer is stringing along with Denver to surprise Kansas.

The complete list follows:

## Re-Match Is Sought For Sugar Ray And Gavilan

NEW YORK, Sept. 24. (AP)—A little matter of a \$5,000 forfeit for a half pound of flesh stands between a Ray Robinson-Kid Gavilan rematch for the welterweight title.

If the Twentieth Century Sporting Club is able to resolve the slight differences between the two managers and make the match for an open Oct. 29 or Dec. 17 date, it will be its only profit from last night's Yankee Stadium doubleheader that also featured a 10th round knockout for lightweight champ Ike Williams over Jesse Flores.

A slim crowd of 15,413 rattled around the cavernous ball yard in the Bronx and paid only \$85,150 into Mike Jacobs' coffers, currently guarded by acting promoter Sol Strauss. Even adding radio money, the gross was just over \$100,000 barely enough to balance the books.

Gavilan dropped a 10-round decision to Robinson in a non-title scrap that was close enough to warrant another showing. As Sugar Ray at 150-12 was eight ounces over his agreed weight in a private agreement with Angel Lopez, Gavilan's manager, the Cuban dandy has him over a barrel.

Lopez meets with Robinson and Strauss today. If he insists he can have the \$5,000 forfeit. That would mean no title shot. Chances are that Lopez, a wise Latin who runs a Broadway night club, will pass the five grand and insist on the championship bout.

## Young Boy Killed By Carbon Monoxide

HORSHAM, Pa., Sept. 24. (AP)—A nine-year-old boy, riding in an automobile with five other persons, was killed by carbon monoxide fumes, coroner W. J. Rushong of Montgomery County, reported.

Rushong said Norman Colbourn was en route to his home in Horsham from Ocean City, N. J., when he was overcome yesterday by fumes seeping into the car from the exhaust.

The boy's three-year-old sister, Mary Ann, was overcome by the fumes, Rushong said, but is recuperating in Abington Memorial Hospital.

## S'West Teams Favorites In Saturday Play

By the Associated Press  
Every Southwest Conference team finds itself favored to win this week-end and if such be the case the conference will be starting a great inter-sectional record.

Two of the games will hold the national spotlight—Texas' joust with North Carolina at Chapel Hill, N. C., and Southern Methodist's battle with Pittsburgh at Pittsburgh.

Important sectionally will be Baylor's tilt with Tulsa at Waco and Texas Christian's tangle with Oklahoma A&M at Stillwater.

Rounding out the Saturday slate will be Arkansas vs East Texas State at Fayetteville, Texas A&M vs Texas Tech at San Antonio and Rice vs Sam Houston State at Houston.

Texas appears in for the toughest battle, unless it's Texas Christian. The Longhorns face a vengeful North Carolina team with its great Charley Justice.

Southern Methodist isn't expecting any room at Pittsburgh, but no one thinks Pitt can knock off the defending conference champions.

Baylor may run into considerable trouble with Tulsa.

## Tigers Tangle With Alpine

Tacho Martinez will dispatch his Big Spring Tiger baseballers to the diamond in Steer park Sunday afternoon in what probably will be the last game of the season.

Opposition will be the strong Alpine Internationals, who have built up an impressive record in their section of the state.

Regulars probably will be at every position for the Tigers, except the pitching mound. Bert Baez is scheduled to take on the hurling duties.

Martinez said today that the Tigers probably will close the books on their 1948 season after the Alpine game. Most of the better independent teams have dissolved for the winter making it difficult to obtain late-season matches.

## Ackerly Entertains Klondike Sextet

ACKERLY, Sept. 24.—The Ackerly Eagles were to tangle with the Klondike Cougars in a six-man football game here Friday afternoon.

Coach K. J. Baggett has been working the Eagles at a rapid clip during the past week, concentrating on blocking and passing.

Pete McKee, who suffered a back injury was the lone casualty during last week's clash with Union.

## Killed At Same Spot As Father

TAMPA, Fla., Sept. 24. (AP)—An Atlantic Coast line engineer was killed in a train wreck near here last night at the same spot where his father, also an ACL engineer, was killed similarly 23 years ago.

L. E. Hicks, 30, of Tampa, died when his northbound Havana Special rammed a standing freight train at Mango, 10 miles east of here, Dispatcher R. M. Beach said.

The father, John Hicks, died in a train collision at Mango in 1925.

A. C. McLendon of Tampa, passenger train conductor, said the freight was on a siding when his train plowed into it at about 50 miles an hour. McLendon said the switch had not been turned after the freight backed into the siding, and that the Havana Special went on into the siding also.

## Soviet Sentences Cut German Youth From 25 Years

BERLIN, Sept. 24. (AP)—The Soviet-controlled Berlin radio says the Russians have reduced the 25-year sentences imposed on five German youths for anti-Communist rioting Sept. 9.

The broadcast last night said terms were reduced to eight years for two youths and to four, three and one year, respectively for the others.

## A THREE-WAY SCRAP

# American League's Battle To Enter Showdown Today

By RALPH ROSEN  
Associated Press Staff  
The three-way fight for the American League pennant enters the showdown stage today.

The Boston Red Sox and the Cleveland Indians, tied for the lead, and the third place New York Yankees, who are only a game behind the co-leaders, open crucial three-game series.

Amid a world series atmosphere the Red Sox take on the Yankees in the Yankee Stadium. The Indians clash with the tough Detroit Tigers in Detroit.

The Yankees, who flubbed an opportunity to pull into a three-way tie for the top yesterday when they were beaten 4-2 by the last place White Sox in Chicago, will send their ace righthander, Vic Raschi against Boston.

Raschi, who has won 19 games and lost 7, has never beaten the

Red Sox. Three of Raschi's defeats were suffered at the hands of the Sox who have taken 11 out of 17 games from the Yankees this year.

Either Lefty Mel Parnell (14-7) or Veteran Denny Galehouse (8-7) is expected to oppose Raschi. Galehouse has downed the Yankees twice this season without incurring a setback while Parnell is 0-1 against the defending world champions.

SEVEN-GAME STREAK  
The Indians, riding the crest of a seven game winning streak, will send Bob (No-Hit) Lemon against the fifth-place Tigers. Lemon (20-12) has scalped the Tigers three times this year including a no-hit no-run triumph on June 30.

Fred Hutchinson (12-10) has been selected to face Lemon. Hutchinson has bagged two of the six victories that the Tigers have scored over the Indians in 16 meetings.

The Yank defeat at the hands of the White Sox featured activity in the majors yesterday.

Frank Papish, who had won only one game against eight losses prior to the game, outpitched Lefty Ed Lopat, allowing the Yanks only six hits. The White Sox pounded on Lopat for three runs in the fourth inning to snap a 1-1 tie and they were never headed.

The Tigers came from behind and beat the Philadelphia Athletics, 8-7 when Rookie George Vito slammed a two-run ninth inning triple.

Washington turned back the

## Forsan Sextet Will Host Sterling City Tonight

FORSAN, Sept. 24.—The Forsan Buffaloes meet the Sterling City Eagles here tonight in a game that could figure prominently in final standings of the District 7 six-man football chace.

Both teams came through with impressive victories in their season's openers a week ago. The Buffs whacked Rankin by 51-8, while Sterling City raced through Christoval by 36-6.

Lineups will find plenty of veterans on deck, and both squads are reported in good physical condition.

The Buffaloes probably will open the game with Junior Dolan and Hood Casher at ends; Kenneth Baker at center; Wayne Huerst, Dan Fairchild and Elton Prater in the backfield.

Sterling City starters will be H. Baker and D. Grossham at ends; L. Lindsey, center; Lane Mitchell, Elroy Butler and Leroy Butler, backs.

One of the largest crowds of the young season is expected to look on from the stands.

## Mexican Production Of Foot And Mouth Vaccine Is Doubled

MEXICO CITY, Sept. 24. (AP)—Production of foot and mouth disease vaccine is being doubled, says the U. S.-Mexico commission fighting the livestock disease.

The commission reported that Mexico, already the world leader in making vaccine, will produce 1 million doses a month with a new addition at the San Jacinto laboratory and opening of a new slaughterhouse at Ixtapalapa.

Commissioners reported that Mexico did not start producing vaccine until May 1948 but in five months has increased production from 900 to 500,000 doses a month.

**ON FAR-FLUNG FRONTS**  
**Allied Fleets Head For Maneuvers**  
 WASHINGTON, Sept. 24. — Powerful segments of the United States and British fleets are heading for separate, far-flung testing operations.  
 Britain's home fleet headed out across the Atlantic today for what First Lord of the Admiralty Viscount Hall called the "biggest and most important naval cruise and exercise since the war."  
 En route to a West Indies maneuver area the British seamen "fought" preliminary mock engagements in the English Channel with three aircraft carriers. Speedy motor torpedo boats and submarines also joined in the fray.  
 The United States Navy meanwhile ordered Task Force 38, now at San Diego, to put to sea next Friday in a "routine" cruise to Japan and China.  
 The task force—composed of the 27,000 ton carriers Princeton and Tarawa, probably escorted by about three cruisers and eight destroyers—will put in at Yokosuka, Japan, and Tsingtao, a China port menaced by advancing Chinese Communist forces. It is expected to remain in Asiatic waters three or four months.  
 Down in the uneasy Mediterranean, a new 18-ship American naval force headed by the 45,000 ton Aircraft Carrier Franklin D. Roosevelt began operations. It is taking over from a like sized force on duty there since early this year.

**SUNDAY SCHOOL LESSON**  
**Good Traditions Laid By Christian Family**  
 Scripture—Acts. 16:1-5; 17:13-15; I Corinthians 4:14-21; 16:10-11; Philippians 2:19; I Thessalonians 3:1-10; II Timothy 1:3-6; 3:14-15.  
 By **NEWMAN CAMPBELL**  
 Two women and a child lived in the home described in our lesson today. A grandmother, Lois; a mother, Eunice, and a child, Timothy, who was later to do heroic work for Christ.  
 Eunice, Timothy's mother, and his grandmother, Lois, were Jewesses, but his father (presumably dead) was a Greek. He was brought up in the Christian faith, and while we are not told who converted grandmother and mother to that faith, it may have been Paul himself who had visited Lystra before.  
 At any rate, we have the picture of the two women and one man child in a home, the women teaching the Hebrew scriptures to the boy and the boy absorbing the stories of the heroes of old and of Jesus and His works while on earth.  
 It was this teaching that was to bear fruit in Timothy's after life. He was eventually ordained the first bishop of the church of the Ephesians.  
 We do not know when Timothy was born, nor when Paul first saw him. He must have been quite a young man when Paul came to Lystra, where it is thought his home was, and the youth must have made a favorable impression on Paul, because he took Timothy with him on his second missionary journey. He had received good reports of him from others.  
 The two visited a number of cities, delivering decrees to keep "which had been ordained of the apostles and elders that were at Jerusalem." Paul must have found that Timothy was a very good young missionary, for the two churches they visited and increased their number daily.  
 These were times of great persecution of the Christian church. We read in Acts 17:13 that Paul, preaching at Thessalonica, was in so much danger that the brethren sent Silas and Paul away to Berea, and even there, when the Thessalonians heard that he was preaching at Berea, they "stirred up the people" so that he was forced to leave there also.  
 Silas and Timothy stayed on at Berea, however, until Paul had been escorted to Athens, when they went to him.  
 Many people in the world today, reading these stories of Christians living on constant danger of their lives, or at least of imprisonment, can understand only too well their feelings, for they too, have been—and in some cases still are—in danger of their liberties and often of their lives.  
 There is still much suffering in various countries among those who are homeless wanderers looking for places to live. The Christian churches are doing noble work trying to help with food, medication and shelter for these poor folk.  
 In a letter to the Corinthians Paul seems to be worried for fear they fall in faith, and tells them that he has sent "my beloved son," Timothy, to help them keep the faith. In the 16th chapter of the same letter he also recommends Timothy, saying if Timothy comes to them, they should see that he "works without fear: for he worketh the work of the Lord, as I also do."  
 Again Paul sent Timothy to the Thessalonians, who were evidently afraid of persecution, to comfort them, and wrote that he was pleased that when Timothy came back to Paul, he brought such a good report of the church.  
 Paul's letters to Timothy himself are filled with affectionate greetings. The last one, written shortly before Paul's martyrdom, says, "I have remembrance of thee in my prayers night and day; greatly desiring to see thee, being mindful of thy tears, that I may be filled with joy; when I call to remembrance the unfeigned faith that is in thee, which dwelt first in thy grandmother, Lois, and thy mother, Eunice; and I am persuaded that in thee also."  
 Timothy is an example of a man who, in his boyhood, had a good home, love, understanding and piety.  
**MEMORY VERSE**  
 "Thy word have I laid up in my heart."—Psalms 119:11.

**ALMOST TRADITION**

**Twelve More Polio Patients To Gonzales**  
**GONZALES, Sept. 24.** (AP) — The Gonzales Warm Springs Foundation today was treating 12 more victims of this year's polio wave.  
 The patients, ranging from 14 months up, arrived at the foundation yesterday from all parts of the state. All have passed the acute stage of the disease and have started the fight to recover use of their paralyzed limbs.

**Ex-American Navy Flier Held In China On Smuggling Court**  
**SINGAPORE, Sept. 24.** (AP) — Singapore and Dutch police said today they are holding a former American Navy flier whom they believe to be the leader of a large smuggling ring operating between the Philippines and Indonesian and Malayan revolutionaries.  
 The flier, identified as Albert W. Onstott of California, will be tried with two other Americans, two Britons and a Filipino, captured while allegedly unloading smuggled arms from a plane Sept. 14.

**Truman-Barkley Club Organized In Waco**  
**AUSTIN, Sept. 24.** (AP) — Mayor Tom Miller of Austin said the state's first Truman-Barkley club was organized yesterday in Waco.  
 The Texas Truman-Barkley chairman said the honor went to McLennan County, where 150 members attended the organization meeting.

**Amarillo Woman Killed In Wreck**  
**CANTON, N. C., Sept. 24.** (AP) — An Amarillo woman was killed and her husband and daughter were injured in a head-on automobile collision near here yesterday.  
 Dead was Mrs. Maudie Lee Windham, 54. Her husband, Alfred W. Windham, Sr., and daughter, Fula Windham, suffered minor injuries.

**Probing Stabbing**  
**HUNTSVILLE, Sept. 24.** (AP) — Ramsey Prison Farm officials are investigating the stabbing of a prisoner from Dallas as a group of convicts left a mess hall yesterday. O. B. Ellis, prison system manager, said Richard Smith, 28, serving a five-year sentence for burglary, received severe stab wounds but was expected to recover.

 "Big Spring's Favorite Department Store"

**When is a rate increase a good thing for telephone users?**

**THE RIGHT PRICE** is "the lowest possible price that will assure you of good quality." That's true of everything you buy, including telephone service.  
 So—answering the question above—a rate increase is a good thing for telephone users in Big Spring when it is needed to protect their interests from a service standpoint.

The last time there was an increase in telephone rates in Big Spring was 20 years ago. Rates established in 1928 have not increased, although the cost of most things—wages, taxes, supplies—has gone up.

Costs of furnishing telephone service in Big Spring have gone up much faster than our income. Costs of furnishing service in Big Spring are 170 per cent higher than they were 20 years ago, but our income is up only 153 per cent. As a result, we are not now collecting enough money here to pay actual costs of furnishing telephone service and allow a reasonable return on our investment here.

Telephone rates established in 1928 simply won't pay the cost of furnishing service in 1948.

There's been a lot of work done and a lot of money spent to extend and improve service to telephone

users in Big Spring. We still have a big expansion program ahead of us. The money has to come largely from investors. They will furnish it only if they can be sure of a fair return, which our present rates are simply too low to provide. A growing business, especially, has to earn a good return in order to attract the capital needed for growth.

The whole future of Big Spring's telephone service depends on raising rates enough to assure the financial stability of telephone operations here. We don't like to have to ask for a rate increase but we believe that in the light of the facts you would want us to take this step to assure you the kind of service you want.
