

# The Memphis Democrat

MEMPHIS, TEXAS, THURSDAY, JULY 12, 1923.

VOLUME XVI.

## MEMPHIS PLANNED ENTERTAINMENT FOR ALL DAY

**RECORDS ALL RODEO CONTRACTS**  
**Sal American Legion Round-Up.**  
 The Tech Locant was delayed in the tour of inspection and is traveling schedule. Unless altered the Memphis at 9:20 night.  
 The reception of Roy Round-Up. Roy then upon their arrival in the Memphis committee will be at the address will be local citizen. The band some special selections will be the usual program possible.  
 The Round-Up will be held Thursday Friday and Saturday, the November 8, 9 and 10.  
 The Mayes Bros. have already opened the season and last week started a rodeo at City, Oklahoma, that drew a crowd that outnumbered any in her past history. Roy Mayes will attend the Round-Up at Cheyenne, Wyoming, and in other localities as well, and states that he will be able to stage one of the best of the season here.  
 There are to be added attractions in connection with the regular rodeo, the feature being a company of 150 Comanche Indians with their war paint and ponies. These Indians have a special part on the program which will give it an atmosphere of wildness, realistic of frontier days. Cash prizes will be offered that attract men and women of national rodeo fame.  
 The American Legion Cowboy Round-Up was a great success last year and will be looked forward to with much interest this year.

**Memphis Man Is Wounded In Shooting Affray**  
**John Wood Is Victim of Shooting on Monday; W. J. Turnupseed Is Placed Under Bond.**  
 John Wood, driver for an ice wagon here, was shot and painfully wounded about 8 o'clock Monday morning while delivering ice on his daily route. A .22 calibre rifle was used. It is reported that five shots were fired and that all the bullets took effect in the victim's thighs and lower limbs, leaving some eleven or twelve wounds. Wood's condition is not considered as being serious.  
 Following the shooting, W. J. Turnupseed, young business man of Memphis, at whose home the shooting occurred, surrendered himself to a local officer. He was released on bond of \$1,000, charged with assault and attempt to kill. The bond was signed by local business men.  
 The examining trial will be called in Justice of the Peace Court Tuesday of next week, but will possibly be waived to await action of the grand jury at the next term of district court in September.  
 The men connected with the affray are both well known in Memphis, and both have families. Personal matters are held back of the shooting.  
 Late reports are to the effect that the wounded man is resting nicely at his home, where he was conveyed immediately after the shooting. No bones were broken or fractured and only one bullet lodged, it being near the knee of one limb. An X-ray picture will be made to determine the advisability of an operation.

## Panhandle Baptist Assembly To Be Held In Canyons

**Panhandle Baptist Buy Section of Land Near Canyon Where Assembly Will Be Held.**  
 The fourth annual session of the Panhandle Baptist Assembly will be held this year July 24, to August 1, in the beautiful Ceta Canyon. Through the wise business management of the Rev. B. F. Fronbarger a section of land including a mile of canyon was bought and is being improved. Individuals and Baptist churches all over the Panhandle have taken lease-shares and have all the rights and privileges of camping on these grounds at any time. A fee of \$1.50 for individuals or a maximum of \$4.00 for a family for the period of the Assembly for faculty and speaker expenses, or 25c for one day the maximum of 75c for a family.  
 Roads from Amarillo, Canyon, Happy and Tulia are marked and the road down into the canyon has been made. A big 90-foot square tabernacle has been built to accommodate all the classes and the biggest crowds that may come. A small Western Electric light plant lights up the tabernacle, guest house, restaurant and central grounds. Inexhaustible cool spring water flows out of the striped banks for everybody. No ice is needed. Two dams furnish long lakes of water for bathing and boating. The kiddies play in the shallow water. Up on the plain are tennis courts and a baseball park. Cool shade, wild scenery and delicious water make this an ideal place for a family to spend their vacation.  
 A strong program has been provided this year. Dr. John L. Hill of Nashville, will speak throughout the Assembly; Dr. W. T. Rouse will preach each evening the first week; Rev. Jeff Davis, of Abilene, will be the evangelist preacher; Dr. J. M. Price of the Southwestern Seminary will lecture each morning; and many other prominent men will appear on the program.  
 Prof. J. McCasland is Recreation Leader and with the help of a social committee will see to it that the campers have tennis and ball games and all kinds of good times together. Afternoons of each day, except Sunday, are given over to recreation and social fellowship.  
 Among the prominent women who appear on the program, is Mrs. Chas. Whaley, of Memphis, who will talk on "Soul Winning."

## POULTRY MARKETING IS DISCUSSED AT MEETING

At a meeting of the Farm Bureau Saturday evening, July 7, at the City Hall, the question of organizing a Poultry Marketing Association was discussed and the date of meeting for the purpose of organizing was set for Saturday, July 21, 3:00 p. m. At this time they will have contracts ready to sign by those who care to join the association.  
 It was the general opinion of those present that better prices would be secured by bulking the poultry in car load lots and selling to the local dealers, or shipping if necessary.  
 Mr. Lewis of Plaska, a State Director of the Farm Bureau, made a report of the directors meeting held in Dallas recently. He reported the organization to be in good condition. He also stated that the organization was being so perfected that it would be run at a lesser expense than it has been heretofore.  
 The state organization has the confidence and support of the local branch. A good crowd was present at the meeting and a general spirit of hopefulness for the future of the organization was expressed by all.

## W. O. W. BAND AND DRILL TEAM RETURN FROM WOODMEN ENCAMPMENT

The W. O. W. band and drill team, representatives of the local Camp, at the Uniform Rank Encampment at San Antonio, left city Friday, and the majority of them arrived here Saturday and Sunday. The encampment is reported to have been a great success, there being more than 10,000 representatives from the different states. The sanitarium which was dedicated on the 4th is one of the largest and most modern of its kind in the South.  
 The Memphis Camp Band was the only registered regimental band present, receiving distinction in the dedication exercises at the hospital.  
 The drill team made a good showing and could have been strong contestants for the Great Lakes trip, had they known of the contest and the qualifications needed to enter.  
 Dave Price won distinction in performing his duty as Sergeant in winning a third prize, Guard Duty Medal.  
 Capt. P. A. James, Harry Delaney, and Ewell Noel, three of the Memphis quartet, were honored by receiving Gen. Frazier Medals, from Frazier himself, as tokens of his appreciation for a serenade given him on the last day in camp.

## SUNDAY SCHOOL CLASS GOES ON ANNUAL OUTING

Sam J. Hamilton, Baptist Sunday school teacher, and his class of five twelve-year-old boys, accompanied by Rev. Chas. Whaley and son, Herschel, left Monday morning for an outing into the mountains. The party of seven then descended and Groesbeck work.  
 Mr. Hamilton and his class have been more interesting evening games of the series.

## Genuine Americans, All of Them

Real American children are the sons and daughter of Assistant Secretary of the Navy Theodore Roosevelt. They are all fond of outdoor sports and Theodore, Jr., is an ardent horseback rider, following in the footsteps of his famous grandfather. Left to right: Quentin, Cornelius, Theodore, Jr., and Grace.

## C. OF C. MERGER UNITES ALL WEST TEXAS COUNTIES

**Panhandle-Plains Chamber of Commerce Is Merged With West Texas Chamber.**  
 Amarillo, July 10.—The Panhandle-Plains Chamber of Commerce has merged with the West Texas Chamber of Commerce, and district offices of the West Texas Chamber of Commerce will be maintained here with a district manager in charge.  
 The consolidation agreement was signed by Sam M. Braswell of Clarendon, president of the Panhandle-Plains Chamber of Commerce, and A. B. Spencer, president of the West Texas Chamber of Commerce today in this city.  
 The agreement was reached at a meeting of the committee of the Panhandle-Plains organization with Spencer and in substance is:  
 The West Texas Chamber of Commerce is to maintain a district office in Amarillo with a district manager in charge here;  
 The West Texas Chamber of Commerce assumes the assets and liabilities of the Panhandle-Plains Chamber of Commerce.  
 All paid up members of the Panhandle-Plains Chamber of Commerce are to be received as paid up members of the West Texas Chamber of Commerce for the current year.  
 The entire membership of the bodies are to be merged into the West Texas Chamber of Commerce so that the work of the two organizations may go forward more efficiently on a more economical basis.  
 The officers and directors of the Panhandle-Plains Chamber of Commerce heartily endorse and pledge their unqualified support to the new and biggest West Texas Chamber of Commerce, and feel that this merger means a quicker and greater development of the resources of West Texas.  
 The West Texas Chamber of Commerce extends to the new members the same efficient service that they have always received from the Panhandle-Plains Chamber of Commerce with added facilities of the combined organization.

## W. O. W. BAND AND DRILL TEAM RETURN FROM WOODMEN ENCAMPMENT

The W. O. W. band and drill team, representatives of the local Camp, at the Uniform Rank Encampment at San Antonio, left city Friday, and the majority of them arrived here Saturday and Sunday. The encampment is reported to have been a great success, there being more than 10,000 representatives from the different states. The sanitarium which was dedicated on the 4th is one of the largest and most modern of its kind in the South.  
 The Memphis Camp Band was the only registered regimental band present, receiving distinction in the dedication exercises at the hospital.  
 The drill team made a good showing and could have been strong contestants for the Great Lakes trip, had they known of the contest and the qualifications needed to enter.  
 Dave Price won distinction in performing his duty as Sergeant in winning a third prize, Guard Duty Medal.  
 Capt. P. A. James, Harry Delaney, and Ewell Noel, three of the Memphis quartet, were honored by receiving Gen. Frazier Medals, from Frazier himself, as tokens of his appreciation for a serenade given him on the last day in camp.

## SUNDAY SCHOOL CLASS GOES ON ANNUAL OUTING

Sam J. Hamilton, Baptist Sunday school teacher, and his class of five twelve-year-old boys, accompanied by Rev. Chas. Whaley and son, Herschel, left Monday morning for an outing into the mountains. The party of seven then descended and Groesbeck work.  
 Mr. Hamilton and his class have been more interesting evening games of the series.

## HIGHWAY AMENDMENT ELECTION IS CANCELLED

**Failure to Publish Amendment Required Three Months Causes Election to Be Cancelled.**  
 Austin, July 10.—Acting Secretary State Payne late Tuesday officially notified the county judges in the 251 organized counties of the State of the action of Acting Governor Davidson in issuing a proclamation repealing and annulling the proclamation heretofore issued by Governor Neff, calling a special election for July 28 to vote on the highway amendment to the Constitution.  
 Payne sent the notices by mail, inclosing a copy to each county judge of the Davidson proclamation and requesting that these county officials notify each precinct in their respective counties that the election has been called off and not to make any preparations for holding the election.  
 Failure of the Secretary of State to direct the publication by the date of the election on Saturday, July 28, is the cause assigned for rendering null and void the proposed highway amendment to the Constitution. It was disclosed Saturday afternoon that the amendment was not sent to the papers to be printed until June 4, when it should have been sent last April, which would have been in ample time to be printed three months before the election.  
 "I find it to be fact that the proposed amendment was not sent to the newspapers for publication until June 4, 1923, and that no publication of said proposed amendment was had until after said date," said Acting Governor Davidson in his proclamation. "Making it impossible to secure publication beginning at least three months before the election as directed and commanded by the Constitution, and for that reason the election would be futile and of no effect to accomplish an amendment to the Constitution."  
 Governor Davidson said he keenly regretted the defect in the proposed amendment, which had it been submitted and adopted, would have meant a real state highway system under State control. Now the amendment cannot be acted on by the Legislature until 1925, as constitutional amendments cannot be authorized at a special session of the Legislature.

## FOUR GAMES WILL BE PLAYED THIS WEEK

Local base ball fans are being well entertained with their favorite sport this week. The third game for the week will be played this afternoon and another is scheduled for tomorrow.  
 In Tuesday's game the Baptist defeated the Christians with a score of 9 to 6, and on Wednesday the Methodists, the score being 4 to 2. The teams are all showing good work and the last game has been more interesting evening games of the series.

## Ornamntal Work Begun on New Court House

**Work on New Court House Moves Steadily Forward; Ladies' Rest Room Will Be Provided.**  
 Work upon the \$150,000 Hall County Court House is making steady progress. The concrete and steel framework is now complete and the cement roof is being poured. Brick is being laid on the first story walls and the ornamental plaster work is in progress.  
 The heating plant is being installed and a considerable part of the plumbing and electric wiring has been done.  
 The building is four stories in height, including the basement, with entrances upon the ground level. The building will have something like five times more floor space than the old building, providing ample room for county use for a long time in the future.  
 A large and commodious rest room for the use of farmers' wives will be fitted up on the basement floor, and a large dormitory for the use of jurors will be provided on the top floor.  
 The work upon the new high school building has been delayed to some extent because of delay in coming lumber deliveries. The building is of unique archaic design and will, when completed, present an unusual appearance.

## Annual Encampment of Girls of Northwest Texas Methodist Conference Will Camp In Canyons Ten Days

Mrs. Tom C. Delaney of Memphis was here Monday and completed arrangements with Walter Cobb for a lease on his ranch on the canyons southeast of the city for the Annual Camp of the girls from the Northwest Texas Methodist Conference. Mrs. Delaney is Conference Superintendent of Young People, and will move to Canyon at the opening of the fall quarter of the College to have charge of the work among Methodist young people attending the College.  
 The camp will be held for the first ten days of August. One hundred girls attended the camp at the Upchurch place northeast of Canyon last year, and from present indications there will be more than two hundred in attendance this year.  
 Mr. Cobb is building a fine brush arbor for the camp and will have two swimming pools. The location is ideal for such a camp.  
 The annual camp is held for religious purposes, but plenty of time is given to recreation and sports. Much time is given to music and the study of Missions and the Bible. A well qualified leader will be in charge of all phases of the work.—Randall County News.

## EARLY SETTLERS OF HALL COUNTY HERE ON VISIT

S. B. Crump and family, early settlers of Hall county, are here to visit with their children, A. B. Crump, of Turkey, Mrs. J. H. Middleton of Lakeview, Mrs. J. M. Ferrol of Esteline, and Mrs. T. W. Bell of Turkey. This esteemed family came to Hall county in 1894, and lived here until seven years ago, when they moved to Clovis, New Mexico, to be near a son who was ranching there. They still have a kind feeling for this place and people, and here's hoping they will yet move back and lend a helping hand to the up-building of the county as they once did.  
 Mr. Crump and family, accompanied by J. H. Middleton and family, left Monday for their home in New Mexico. The two families plan to spend their vacation in the White Mountains.

## PANHANDLE AND GULF RAILWAY COMPANY FOR

**Proposed Railroad Will Traverse South Part of Hall County Headquarters at Tulia.**  
 Austin, July 9.—Articles of incorporation of the Texas Panhandle and Gulf Railway Company, a capital stock of \$27,000,000 headquarters at Tulia, Swisher county, were approved by the Attorney General's department late Monday and will be filed in the Secretary of State's department.  
 The purpose of this corporation is to construct, operate and maintain a railroad from Fort Worth to a point on the New Mexico state line in Pamer county, a distance of 380 miles.  
 The new road will traverse the counties of Tarrant, Parker, Jack, Young, Archer, Baylor, Knox, King, Foard, Cottle, Motley, Hall, Floyd, Briscoe, to Tulia, in Swisher county across this county and through Tarrant and Pamer county.  
 The incorporation paper filed in the Secretary of State's department takes lots of subscription revenue to secure subscribers must be provided.

## Mr. T. G. Cade by His Chamber of Commerce Annual Encampment

Lester Fore and family of Los Angeles, California, came in Monday for a visit with Mr. Fore's parents, Mr. and Mrs. W. M. Fore.  
 S. B. Crump and family, early settlers of Hall county, are here to visit with their children, A. B. Crump, of Turkey, Mrs. J. H. Middleton of Lakeview, Mrs. J. M. Ferrol of Esteline, and Mrs. T. W. Bell of Turkey. This esteemed family came to Hall county in 1894, and lived here until seven years ago, when they moved to Clovis, New Mexico, to be near a son who was ranching there. They still have a kind feeling for this place and people, and here's hoping they will yet move back and lend a helping hand to the up-building of the county as they once did.  
 Mr. Crump and family, accompanied by J. H. Middleton and family, left Monday for their home in New Mexico. The two families plan to spend their vacation in the White Mountains.

## Mr. T. G. Cade by His Chamber of Commerce Annual Encampment

# The Farm Feature

By Phebe K. Warner

## SCIENTIST SAYS MEN DO NOT USE ALL OF BRAIN

### Changes Taking Place in Human World Very Rapidly.

London.—We do not use our brains to half their capacity, says Sir Arthur Keith, British scientist, who has just returned from the African jungle, where he made a minute study of the brains of gorillas and gibbons.

"Most of us," declares Sir Arthur, "have more brains than we know what to do with."

The famous anthropologist said that changes are now taking place in the human world more rapidly than at any former period, but that the time has not yet come for the production of supermen. During the war, he explained, the average stature for a man was 5 feet 6 inches, the same as in the neolithic period. The average for men leading professional lives is 5 feet 8 inches.

The scientist says he is convinced that certain characteristics, which are easily recognized in the bodies of a large proportion of our modern population, are of recent origin. The most plastic bone in the human body, he said, is that under the gums, in which the teeth are rooted, and it is here that the most marked changes are to be noted.

"In quite 30 per cent of the people this bone," continued Sir Arthur, "instead of spreading outward and giving the roof of the mouth a wide and low vault, as in prehistoric races, grows in a vertical direction, giving the palate a narrow and high arch."

"In these contracted palates there is no longer room for the normal number of teeth. Such as appear are crowded; the wisdom teeth often fail to cut or are absent altogether."

"The recession of the teeth give the modern nose and chin an undue prominence; the tendency of all modern changes is toward the production of long and narrow faces. The 'adenoid' type of face, with which medical men are so familiar in modern children, was unknown in prehistoric times."

## Plans to Drift for Three Years in Arctic

Capt. Robert A. Bartlett, who has come to New York to raise funds for a scientific expedition that will drift through the Arctic sea for three years in order to measure the flow of sea and air currents, dredge the bottom of the ocean for flora and fauna and chart the floor of the vast unknown sea. Bartlett is a veteran of five expeditions, the most famous of which was Peary's successful dash when he accompanied the explorer to within 110 miles of the goal.

### Paris Prices Rise Again.

Paris.—The favorite topic of conversation in Paris, the high cost of living, displaced from time to time by the changing situation in the Ruhr, never is long neglected. Today it is flourishing. The vanguard of the 1923 crop of American tourists is here, and the retailers of the city are playing the game with the limit removed; any price goes.

### New Claimant for Age Record.

London.—The latest entrant for international old age honors is a Hungarian woman by the name of Antonia Lippal, whose age is authenticated at one hundred and twenty-five years. She is reported to be in excellent health and very active.

### Tobacco Juice Routs Bull That Tread Men

Kingston, N. Y.—Frank Dobert and Henry Wingie, while working in the woods near here were attacked by a bull. The men hastily climbed a tree, thinking the animal would soon leave, but it kept them tread nearly an hour. Finally Dobert suggested spitting tobacco juice in the animal's eye. After several wild shots he scored a bull's-eye which caused the animal to top speed and descend the mountains. The men then descended and resumed work.

## \$1.50 Per Year

### Subscribe Now!

We wish every subscriber thought enough of this paper to pay his or her subscription strictly in advance. Many of them do, but some do not. We think a great deal of our subscribers. There is nothing within the bounds of reason we would not do for them. But some thoughtless souls overlook some facts concerning this paper which we now bring to their attention. Subscriptions do not sustain this paper. It takes lots of advertising to make up the deficit between the cost of running this paper, and the subscription revenue. It costs money, time and effort to secure subscribers and keep them renewed. That cost must be put on to subscribers and advertisers. The business must be absorbed by the profits.

Certain credit arrangements are essential in any business. We have been pleased to give reasonable credit on subscriptions to those who needed it. But we cannot believe that all who accept credit really need it. Certainly credit should not be considered for an indefinite period.

Our subscription list is a permanent asset of this paper. Many subscribers have been listed for years and years. They are like old friends to a publisher. If we had to go out and renew every subscriber, our subscription costs would be prohibitive. We are striving to furnish a high class publication at lowest cost. Your co-operation in the matter of subscription payments is earnestly requested.

## An Educational Asset

"From an educational viewpoint the county weekly newspaper is the greatest text-book in America. One of the best and most far reaching educational moves at this time would be a campaign to put the home paper in every home in this nation. It is the only transportation of thought that is within the reach of all the people."—Phebe K. Warner.

## Best Advertising Medium

THE DEMOCRAT, AS AN ADVERTISING MEDIUM, OFFERS THE ADVANTAGE OF THE LARGEST CIRCULATION OF ANY WEEKLY NEWSPAPER IN THE PANHANDLE, COMPLETELY COVERING THE MEMPHIS TRADE TERRITORY!

VOLUME XVI.

### MEMPHIS PLAY ENTERTAINMENT FOR ALL

#### Members of Board Invited to Take Part in Church Service

The Tech Local was delayed in the tour of inspection, up and is traveling on the schedule. Unless the committee meets at 9:20 p. m. Memphis at 9:20 p. m. night.

The reception of a hearty welcome to them upon their arrival at the committee will be at the square, where a man in the coming address will be to local citizen. The band will play some special selections and the usual conclusion of the have been to resign.

This is why we say the first purpose of the newspaper man is to please and serve the people. And if he fails to do this watch his subscription list dwindle. But if he can only find out what it is that the people really want that is what he is going to try to give them. For, after all, publishing a newspaper is just like any other mercantile business, you have to sell the news to the people and in order to do that you have to have what they want for sale. And the whole business finally resolves itself into the study of your patrons and readers. We say patrons and readers because so often folks do not take time to read the home paper and use of paying for it.

Now we are wondering where most of the people live and what they do who read this paper. Do you live in town and have things for sale, or do you live in the country and go to town for most of your buying? And if you live in the country do you have anything for sale that the town folks might need or want? If the latter, do you ever let the town folks know what you have for sale? And along with all the town talk that finds its way to the country via the home paper route is there a spot anywhere in your paper that is devoted especially to the country readers and their interests? For instance, who pays for the paper? Dad, of course, as a rule. Well is there a page or a column in the paper anywhere of special interest to the farm dad and his business? Is there a definite section set apart for the exchange of ideas and hogs and cows and seed and farm machinery, and anything else he may want to get rid of or get?

Now, we are not saying this to boost the Groom Booster, but we believe the Groom Booster carries one of the best farm features of any county weekly in the whole country. But the Groom Booster is unique in other ways as well. Its make-up is on the magazine style which gives it more pages of less size than the regular county weekly paper. The chief advantage of this style is it has more separate spaces for different kinds of news, making it possible to dignify more special interests with a whole page space. In its "Better Livestock Means a Better County" section and "Scrub Days are Over" every member of the farm home has a place. Read this example:

"**PIG CLUB PIGS.**"  
"I'm offering choice pigs at weaning age out of my Poland China club gilt—a full sister to The Lieutenant, and sired by a good son of the Jayhawker, at \$25.00 each.—Miss \_\_\_\_\_"

How is that for a farm ad? Don't you suppose a girl that is doing such a business as that will be interested in what every other girl in the county is doing in the better live stock business? And don't you suppose her father is prouder of that ad than if it were his own? And don't you imagine that ad inspires them to send that pig to their friends and relatives all over the country? Just now it is hogs that hogs and hogs are the farm feature of that paper. "Setting hogs ready for the Fall Fairs." "Pigs Keep Boys on the Farm." Club work has developed a business relationship that I never dreamed could exist between father and son," says one father. Oh, it's fine when father and son are interested in the same business and

people take the same newspaper and read and study the same things and get acquainted with each other by working together for better things—even hogs. If hogs will bring the fathers and sons together in friendly business relations let's have more hogs. Let's advertise the truth about hogs. Now, we are wondering how many of the readers of the home paper ever march up to the editor and tell him what they like in his paper and what they would like to read in its columns. And if there are any things in it you do not like (of course there are), do you ever offer something better to fill that space? Or do you keep your good ideas to yourself and then criticize what you do not like in the paper and keep quiet about the things that do please you? If the farm folks want more farm news in the paper and less city and town society news then it is up to them to help put it there by supporting and filling a section with their own interests. The average editor would rather report a fine crop of Poland China pigs once in a while than one more pink tea. We believe the home paper can help turn the tide of humanity back toward the farm by using more farm features for farm folks. The country folks know what is going on in town all right. But how about the town folks? Do they hear half the good that is going on in the country? The home paper is the only medium of exchange. It is the only publication that is universally read in the town and in the country. Why don't more farm folks take their home paper?

Wyatt McCrory of Orange, Texas, came in Monday for a few days' visit with his sister, Mrs. D. S. Baker.

The price of bread in Paris and the Seine Department is the highest that has been known since the siege of Paris in 1870. Brand is the chief foodstuff of the French population.

A mummy, perfectly preserved, believed to be that of an Inca chief, has been unearthed from a hill in the province of Salta, Argentina, near the Chilean border. A large number of artistic carvings and art objects of stone, copper, earthenware, and onyx were buried with it. The nails, teeth and most of the hair are perfectly preserved, as are the vital organs, according to reports, which would indicate a method of embalming that may be superior even to the Egyptian. The methods used to unite the different parts of the implements, also found in the tomb, suggest handiwork similar to that of the Egyptians.

Two new tunnels are to be driven through Mont Blanc for about nine miles. Four tunnels will be run under the Vosges, connecting the Alsatian and French railways.

Sugar is being rationed out in Berlin. No person is permitted to have more than two pounds a month. Milk and bread also are on Berlin's ration list.

**KILL HEN HOUSE BUGS**

CRAVER GRAIN CO  
Studio Notice.  
We will make no further portraits at our studio until after July 16th. However, all kodak finishings and deliveries will be finished as usual. Please save your portrait sittings for us until after July 16th.  
W. D. ORR.

At midnight, in Dawson City, Yukon Territory, as the celebration of Empire Day was at its height, tidings were brought to the dance halls and gambling places of the discovery of a silver ledge at Happy Creek, forty miles south of Yukon. Immediately the rush began and soon the waterways leading to Happy Creek were filled with rowboats, canoes and launches carrying eager prospectors.

The little town of Djal-Ogli, in Armenia, is the proud possessor of the only modern electric lighting plant in the country. This is due to a young American, a resident director of the Near East Relief. He discovered an abandoned water mill perched on the banks of a swiftly running stream. He repaired the mill and installed a dynamo which generates eighty-five horse power. Now the orphanage, the hospital and nearly every house in the village is lighted with electricity, to the astonishment of the natives, many of whom had never seen an electric light before.

A replica of an old-time Hudson's Bay fort, such as was once the nucleus of the western posts of the great company, and which still exist in the Far North, will be erected at the Calgary Exhibition grounds, July 9 to 14, as a part of the Stampede feature. Special arrangements will be made to provide a commodious camping ground for the old-timers who will attend with the old-fashioned chuck wagons and cowboy equipment.

Eighty per cent of the farmers of Oregon have telephones.

The Mennonite farmers who migrate from the Canadian provinces to Mexico now want to return to Canada. The 5,000 families bought vast tracts of Mexican land, generally paying one-third in cash. In one region where they purchased 60,000 acres, only an inch and a half of rain has fallen since March, 1922. In attempting to drill a well the workers got down 212 feet through solid rock and had not struck water. However they still have \$2,400,000 on deposit in El Paso, Texas, banks, and if they can get back to Canada to begin again where they left off they will be satisfied.

Locusts flew over Manila for six hours continuously on May 24, darkening the city at times. Sugar planters fear they will destroy the crops in the fields.

Harvard Professor Explains That Precipitation Is Really Forced Draft.

Cambridge, Mass.—Now we have the truth about rain making! Prof. Alexander Meadie, climatology expert and director of the Blue Hill observatory at Harvard, offers an article in this issue of the Harvard Alumni Bulletin. Clouds can be taken into the laboratory and studied these days. It is the forced draft that brings the rain, the professor says...

Quite a remarkable wall, too, for while it often rests on the ground it can spring into the air and float away. And this without the slightest noise or damage. It never stands still and is always falling and fading and getting at the same time rebuilding...

Nature wrings the clouds and makes rain by pushing moisture-laden air upwards, or else sideways into another current decidedly colder. It is the forced draft which counts. The simplest case of upward push is the shower of summer. The surface air and vapor is lifted a thousand meters and the expansion, cooling, condensing, and capturing of comparatively large dust particles produce a cumulus cloud...

Bird Builds Nest Under Mail Coach

New York.—When Wynken, Blynken and Nod one night sailed out in a wooden shoe, their voyage was not one bit as adventurous as the daily journey of 75 miles taken by five of the oddest passengers that ever rode on the Philadelphia & Reading railway. Every day at noon, standard time, a United States coach leaves New Hope, Pa. It gets to this city an hour and forty-seven minutes later, stays in the Reading terminal until 3:15, standard time, then starts again for New Hope...

Right of Uрга in Mongolia. Mongolia travel, not along the station road, but directly from one herd of horses to another, where fresh horses are caught and saddled, and new owners substituted for those of the last herd. This is called the right of urga. Any traveler having the right of urga can catch horses himself, says the Detroit News...

Why She Wanted Married Man. A well-to-do woman advertised for a caretaker for her town house, and, after interviewing a large number of applicants she at last found one that suited her. "Thank you for giving me the job, man," said the new caretaker. "I hope you don't think me impertinent for asking questions, but you stated in the advertisement that you must have a married man. Are there any duties for my wife?"

VIRTUES ASCRIBED TO HAZEL

Superstitions Concerning Its Twig Have Been Firmly Held for Many Centuries.

The old Druid priests who were the spiritual guides of our race for many centuries gave a superstitious value to certain trees. We are still influenced by them when we wreath holly and holly mistletoe at Christmas. Practically all trees have superstitions associated with them. The bay tree, for instance, must have put fear into the hearts of our forebears...

Advertisement for 'Gift of the Desert' by Randall Parrish. Text: Gift of the Desert. By RANDALL PARRISH. Forced by the most fiendish of circumstances into a marriage that was distasteful and full of terror for her, Deborah Meredith chose, instead of living with brutal Bob Meager, to trust her life to the perils of the desert. From the midst of treachery and outlawry appeared a hand of doubtful character, but which she was forced to seize as a guide. Then followed in rapid succession a number of adventures with startling sequences, arriving at a climax so pleasing the reader experiences a pang of regret that the tale is not longer. Follow the Narration as a Serial in The Memphis Democrat Beginning July 26

# Gift of the Desert

by  
**Randall Parrish**

...voel left this m... and  
...rago to spend his summer vacatio  
Hall McMurry returned Friday  
from D... after a visit with rela  
tives

An unusual drama of the West replete with action and stirring conflict, with its background of the lonely desert and all the surprises which that desert can so suddenly present. The record of a fearless man and a splendid woman. A man's story, but the kind a woman loves to read.

"Gift of the Desert" is additional evidence of Parrish's marvelous story-telling powers and of his inimitable style of writing.

J. F. FORKNER, Owner

Published Weekly, on Thursdays

Second class matter at the postoffice at Memphis, Texas, under act of Congress of March 3, 1879.

ADVERTISING RATES

Advertising 40 cents per inch column measure, each insertion. Preferred position add 25 per cent. Professional cards \$2.00 per month.

AND IS MADE FOR INFERTILE EGGS

Buyers of eggs in thirteenth along the Denver Road are paying a premium for good eggs and ten more towns have who may start paying a premium. This year there are large city buyers who are paying a premium to the small dealers.

CLARENDON PHYSICIAN FATALLY INJURED IN AUTOMOBILE ACCIDENT

Clarendon, July 7.—Dr. Thomas William Carroll, for twenty-two years an active practitioner of medicine in this city, died July 4 as a result of an automobile accident which occurred at an early hour Tuesday morning.

The doctor was returning from a professional call that had detained him the entire night and was driving rapidly. Approaching a small culvert he was blinded by the lights of another car and in swerving from the road plunged down the embankment and was pinned face down.

Dr. Carroll was well known throughout the Panhandle and had a large acquaintance in the state. He was born in Dallas in 1876 and was graduated in medicine from the University of Texas in 1898.

Dr. Eugene Lyman Fisk, diagnostician and author, says, "The 'average' person does not stand the best chance of living long. The man or woman who weighs twenty or thirty per cent below the average has the best chance for long life."

SIMMONS COLLEGE WILL ERECT MEN'S DORMITORY

Abilene, July 9.—Plans are going rapidly forward for men at Simmons College to replace Cowden Hall, erected in 1907 and destroyed by fire in the spring of 1922.

The new building will be the last word in modern dormitories, and something new in the western part of the country in this line. Costing approximately \$150,000 and accommodating 125 men, it is to be built on the plan employed by English universities and many of the eastern colleges in their residence halls for men.

Each suite of rooms is to consist of two single bedrooms and a study. The building will be three stories-high and fireproof.

Garrott—Morgan

The marriage of Miss Margaret Garrott and Mr. R. B. Morgan, Jr., was solemnized Wednesday evening at the home of the bride's parents.

Rev. R. B. Morgan, father of the groom, performed the ceremony. Miss Ruth Baldwin sang "At Dawning" as a pre-nuptial solo, and Mrs. Frank K. Fore played the wedding march, accompanied by Mr. Fore on the violin.

The bride's gown was of pink taffeta and cream net. She wore a corsage of white sweet peas.

An informal reception was given following the ceremony.

Main Street Church of Christ.

Sunday school 9:45 a. m. Much interest in Men's Class at Library.

No summer slump in any of the classes, is our aim.

Bro. Merrill writes that the churches of Hereford have just closed the greatest revival in the history of the town. He will be here to begin our annual revival, Friday, July 20, 8:30 p. m.

Preaching 11:00 a. m. and 8:30 p. m. Morning subject: "Forgive Us Our Debts." Evening subject: "Jonathan and David."

Junior C. E. 3:00 p. m. Intermediate C. E. 4:00 p. m. Prayermeeting, Wednesday, 8:30 p. m.

Preaching at Giles, 3:00 p. m. —A. D. Rogers, Pastor.

Forestry clubs, formed by boys and girls, are becoming popular, according to the United States Forest Service. Beginning with a forestry club, organized last year in Crestone, Colorado, the movement has spread to many other localities in that state.

Education will keep Negroes in the southern states and check the movement northward, according to Dr. H. C. Minnich, head of the Ohio State Normal College, Miami University. One-third of the Negro population of Georgia has migrated according to Dean Minnich.

One lone doughboy still remains at the watch on the Rhine. This one soldier was left behind to clean up some investigations.

Order of Eastern Star.

Last week at the regular meeting of the Eastern Star the degrees were conferred on Mrs. Greenhall.

A commission from the Grand Matron of the State, creating Mrs. Houghton Grand Representative of Wisconsin was read. Mrs. Houghton was escorted to the East and Grand Honors given her. Before closing chapter the Worth Matron requested the conductresses to present Mrs. Elsie Bass Guthrie in the East.

It was agreed to have a contest in the secret work in the near future. Mrs. Ada Powell and Mrs. Chas. Webster were chosen as captains. Refreshments were served and a good time enjoyed by all present.

A small tract of land near Evansville, Indiana, lying north of the Ohio River, belongs to Kentucky.

Constantinople is said to be the noisiest city in the world. At frequent intervals night watchmen armed with long thick clubs beat heavily upon the stones of the street.

Card of Thanks.

We take this means of expressing our thanks and gratitude to our many friends and neighbors who so kindly gave of their assistance during the illness and funeral of our beloved husband and father.

MRS. W. C. SCOTT and Children.

Card of Thanks.

We take this method of thanking the kind friends who came to our assistance in trying to ease the suffering of our dear son and brother.

MR. and MRS. J. E. BLOXOM, and Children.

Sheriff's Sale—Real Estate.

By virtue of and order of sale issued on the 30th day of June, A. D., 1923, out of the District Court of Hall County, Texas, in Cause No. 1166, J. W. Wells and E. L. Mad-

den vs. W. McCreary, T. W. R. Harrison and the First State Bank of Electra, Texas, I did on the 2nd day of July, A. D., 1923, levy upon the following described premises as the property of the above named defendants, situated in Hall County, Texas, to-wit:

All that certain lot or parcel of land situated in Hall County, Texas, and being the North one-half section No. 7, in Block No. 29, by virtue of Certificate No. 9-1733, issued to the H. & G. N. Railway Company, patented to The Texas Land Company in patent No. 159, Volume 8, containing 320 acres of land, which said land is located about eight miles West from Memphis, Texas, and most generally known as the Madden & Wells half section of land.

I will on the 7th day of August, A. D., 1923, between the hours of ten o'clock in the forenoon and four o'clock in the afternoon, offer the said lands for sale at public vendue for cash at and in front of the Court House door of Hall County, Texas, in the said city of Memphis, Texas.

J. A. MERRICK, Sheriff of Hall County, Texas.

Sheriff's Sale—Real Estate.

By virtue of an order of sale issued on the 30th day of June, A. D., 1923, out of the District Court of Hall County, Texas, in Cause No. 1160, T. W. R. Harrison vs. First State Bank of Electra, D. L. Harrison, S. O. Harrison and M. L. Stevens, as trustee in bankruptcy for D. L. Harrison, wherein E. A. Dale is intervener, I did on the 2nd day of July, A. D., 1923, levy upon the following described lands and premises as the property of the said plaintiff T. W. R. Harrison, and defendants D. L. Harrison, S. O. Harrison, and M. E. Stevens, as trustee in bankruptcy for D. L. Harrison, and intervener E. A. Dale, to-wit:

All that certain tract and parcel of land lying and being situated in Hall County, Texas, and being known as the North one-half of Section No. 7, Block 29 H. & G. N. Railway Company Lands in said county, located about eight miles West from Memphis, Texas, and most generally known as the Madden & Wells half
