Soviets Advance Into White Russia

By The Associated Press
British and axis troops fought with increasing violence on the North African desert today, while on the soviet front, Vichy radio reports via Stockholm said red army troops had crossed the frontier into White Russia and were continuing their advance.

The drive into White Russia, a soviet republic, was said to have taken place in a sector 75 miles northwest of Smolensk, between Vitebsk and Nevel.

Boys Taken In Breakneck Chase Here

Two youths, fugitives from the state reformatory for boys at Gatesville, were captured north of here late Thursday afternoon after officers had pursued them through the heart of the city at break-neck speed.

With them, unharmed but shaken, was H. Lackey, sociologist at the institution, who was taken as a hostage. The boys were Dan Jordan, 17, and R. V. Lellis, 15.

They had, said Lackey, covered the distance between Gatesville and Big Spring in five hours with two stops. "Most of the time we were doing 50 to 60 miles an hour and frequently rocketed over hills on the wrong side or in the center of a road."

Once they had refueled, using funds and gasoline both exhausted, they put into the Roy Roberg station at Coahoma and then sped away without paying.

Roberg quickly informed the sheriff's office. Deputies Denver Dunn and Bob Wolf flushed the quarry on the east side of town, followed at a terrific clip through the business district and finally had to touch 90 miles an hour (in a brand new coupe) before catching the young fugitives a mile and a half north of town.

The boys offered no resistance. See CAPTURE, Page 6, Column 1

Hey Kids! Bring Those Tin Cans To Free Movie!

Last call for Big Spring children to do your part in the city's Clean Up week!

The starter of the citywide campaign is a Tin Can matinee at the Ritz theatre Saturday morning at 10 o'clock. It's for all children, and admission is a collection of ten or more discarded tin containers, those picked up from vacant lots, alleys and yards.

The help of Big Spring youngsters in this respect is expected to prove a big boost toward making the town more sanitary, and a huge collection of cans is in prospect. Last year, a consignment of trucks was accumulated through a similar matinee.

A city truck will be on hand Saturday morning to haul off the can collection.

The Ritz theatre is donating its facilities for the civic campaign. Children bringing their can collections will see a comedy, "The Housekeeper's Daughter."

Record Number Of Craft To Visit Local Airport

More aircraft than every before have put down here at one time as due to land Saturday afternoon, between 95 and 115 strong, for the state-wide joint Texas Private Flyers association and Civil Air Patrol meeting here during the weekend.

Reports Friday indicated well over 60 private craft would fly over here for the party, bearing more than 150 personnel. In all possibility, thought Dr. B. W. Malone, CAP squadron commander and host TFFA board member, the number will exceed current indications if weather stays fair.

Dallas is sending a flight of at least 10 planes with 25 people, San Antonio a minimum of 21 planes, and Wichita Falls 10 ships. Other points over the state are organizing squadron flights and members of the Ninety-Niners, Southwest women's pilots organization, have pledged 30 craft.

Registration at the airport will be under direction of Al Winter and at the Settles hotel under Mrs. R. R. McEwen and Mrs. Malone. Road and air maps will be furnished to those who wish either to drive or fly to the Dick Simpson ranch where a barbecue has been set for 3 p. m. Saturday.

Defense Crumbles On Battered Bataan—With its announcement that the heroic defenders of Bataan had collapsed in face of overwhelming Jap onslaughts, the war department in Washington released this as one of the latest pictures to arrive from the beleaguered peninsula showing how it had been battered by Jap air raiders.

STUDENTS GO TO DISTRICT LEAGUE MEET

Forty-eight students and teachers of the Big Spring high school were taking off this weekend for participation in the annual district No. 5 interschool league meet.

The local school will be represented in eight events Friday and Saturday at Sweetwater, including tennis, declamation, one-act play, track, shorthand and typing, ready-writing, extemporaneous speaking, and Latin.

Tennis contestants under Wayne Matthews, coach, are Gloria Strom, Barkley Wood, Grover Cunningham, Delbert Schultz, Helen Dunham, Delma Neel, and Donald Patton.

Declamation will be entered by Robert O'Brien and Colleen Slaughter, under the direction of Mrs. Sallie Young.

Mrs. Thurman Gentry has entered Gloria Nall, Bettye Newton, Maxine Moore, Paul Kasch, and Burton Boyd in the One-Act Play contest.

Those who are to participate in track are: Freddy Blount, Ernest Bostick, Alfred Adams, Billy Womack, Junior Moore, Robert Coffee, R. L. Wright, Hunka Stewart, Melvin Newton, and Dewey Stevenson. Deward Marcus is coach.

Shorthand and typing students under Mrs. Flossie Lew, will be entered in each division. Shorthand students are: Bernard Huet, Grover Cunningham, and Loyce Kinman. Debra Bradford is alternate.

Those who are to participate in drama are: Perry Blount, Ernest Bostick, Alfred Adams, Billy Womack, Junior Moore, Robert Coffee, R. L. Wright, Hunka Stewart, Melvin Newton, and Dewey Stevenson. Deward Marcus is coach.

Other program details include a dance at 8 p. m. Saturday and business sessions of TFFA, CAP and the Ninety-Niners on Sunday.

Invitations have been sent to Col. Davies and staff at Midland, Col. Palmer and staff at Goodfellow Field, San Angelo, to Gen. Harmon, Col. Day, Maj. Wharton and Maj. Newman of the Gulf Coast Training Center at Randolph Field.

One of the outstanding figures at the meeting here, however, will be Capt. Gill Robb Wilson, Washington, D. C., president of National Aeronautical Association. Ray Taylor, Fort Worth, TFFA president, George Haddaway, Dallas, secretary, D. Harold Byrd, Dallas, CAP wing commander for Texas and his operations officer R. L. Bowen will be here. Important CAP information is due to be given.

Soviet Asserts US Supplies Arriving

KUIBYSHCHEV, Russia, April 10 (AP)—The red army will liquidate the German army in Russia in 1942, S. A. Lovovsky, soviet vice commissar for foreign affairs told his press conference today, adding that United States supplies are reaching the Russian front and being "used to make next progress."

United States And Britain Face Desperate Fight For Sea Control

LONDON, April 10 (AP)—The United States and Great Britain face a desperate battle in the next three months to maintain dominion of the sea because of steady axis progress in picking off key bases throughout the world, an informed naval observer said today.

Bataan's conquest fits into the axis pattern since it raises the possibility that Manila Bay will be opened up to aid Japan's huge armada in the Indian and Pacific oceans.

The threatened junction with German somewhere in the Near East, this source declared.

"We must face the fact," he said gravely, "the Japanese, German, and Italian fleets are nearing numerical superiority, if they have not yet achieved it."

"Every allied loss, such as the sinking of the British cruisers Dorsetshire and Cornwall in the Bay of Bengal, cuts whatever edge we have in guns and ships."

"The great naval bases on which Anglo-American sea supremacy rests either have been captured, attacked, or are continually menaced by the adroit axis use of combined air and sea power."

The axis opportunity to take over the French fleet was described by this source as "too good to miss." He believed it would be seized and combined with the Italian navy to support an axis offensive against Egypt and points east, and thus prepare the way for a blow at Russia's Caucasian flank.

Air power, "the cheapest form of attack," has been used wherever possible by the axis to sink isolated allied flotillas and heavy units, he declared, and added:

"The great surface units of the axis, the battleship Tirpitz and the battle cruisers Scharnhorst and Gneisenau, the Italian battle squadron, and the entire Japanese fleet, are being husbanded carefully against the day when the axis forces major sea battles in both the Pacific and Atlantic."

The axis, he said, counts on victory in these forthcoming battles because of greater air power, fresh crews, and the time factor in American armament production.

"Victory would mean the virtual closing of all the important maritime communications among Russia and the United Nations across the Atlantic, through the Indian ocean and around the North Cape."

Airlines Head Joins Army

One of the foremost figures in U. S. commercial aviation, C. R. Smith, has resigned the presidency of American Airlines to enter the army air force as an officer.

Announcement of the action came Thursday night from New York, where it was said that Lt. Gen. Henry H. Arnold, chief of the air corps, had requested Smith's services.

Directors of AA named A. N. Kemp as president to succeed Smith. Kemp, a Californian, is en route to New York today, and is scheduled to be on the eastbound plane that stops in Big Spring this evening.

Smith is a Texan, and is well known in Big Spring. He has visited in the city on numerous occasions. He has headed American Airlines since 1934.

Retail Food Prices Keep Showing Gain

WASHINGTON, April 10 (AP)—Retail food prices rose 1.5 per cent from mid-February to mid-March, the labor department announced today, to the point where it cost \$1.29 to buy the food which sold for \$1 a year ago.

The increase is the average for all goods was due particularly, the department said, to large gains in prices for pork, fruit and canned vegetables. Substantially higher prices were reported also for shortening, coffee, tea, rice and rolled oats.

Declines were noted for butter and eggs and some fresh vegetables.

The March 10 level for all food prices at retail was 113.3 per cent of the 1934-1935 average.

REGISTRATION OF WOMEN GETS CONSIDERATION

WASHINGTON, April 10 (AP)—President Roosevelt disclosed today that in connection with studies for mobilization of man power for war industries, the government was considering voluntary registration for all women 18 to 65 years old.

Probably within a week, Mr. Roosevelt asserted, some decision will be reached on how to go about channeling man power into war jobs.

One difficulty in registering women, he asserted at a press conference, is inherent in the number of persons who would come forward to enroll. This would create mechanical difficulties, he said, remarking that the preparation of cards alone would be a tremendous task.

He said there had been talk of a voluntary registration for women on the next registration day for men up to 65, on April 27, if, and he emphasized the if, it is decided to register women, a date will be set later on.

A cabinet committee which has been tussling with the problem of channeling men into war production activities thus far has made only an oral report, the chief executive said. But the question is discussed, he added, at nearly every cabinet meeting.

BOMBER CRASHES

BAKERSFIELD, Calif., April 10 (AP)—Five men were killed last night, the public relations office at Minter Field announced today, when an army bomber flying from Stockton, Calif., to Tucson, Ariz., crashed on the Mojave Desert near Bakersfield.

Trouble Brews In French Port

VICHY, April 10 (AP)—German authorities notified the population of the coastal city of Brest-on-the-English Channel today to be ready for a proclamation of a state of siege without advance notice.

The state of siege would be proclaimed because of "the existence of elements x x which might, when the moment appeared favorable, permit themselves to engage in manifestations which could have unpredictable repercussions," the German notice said.

(The tenor of the German announcement indicated it was concerned with subversive activities among the French population of the German-occupied city rather than in preparation for meeting a possible invasion attempt by allied forces.)

The declaration, published in the newspaper Depeche De Brest, said the state of siege, if proclaimed, would last indefinitely.

Agricultural Jobs To Be Had In State

AUSTIN, April 10 (AP)—Agriculture Commissioner J. E. McDonald said, asserting farm jobs would be plentiful and pay higher in Texas this year, today warned laborers against moving to other states on calls not approved by state and federal agencies.

With the federal government calling for 100,000 more acres of long staple cotton, almost doubled peanut acreage, more milk, eggs, and vegetables for the Army and Navy, there will be plenty of employment for all available laborers, wanting farm work, McDonald said.

Japs Say Bataan Fight Continues

WASHINGTON, April 10 (AP)—Lieutenant Jonathan M. Wainwright reported to President Roosevelt today from Corregidor that "our flag on the beleaguered island fortress still flies."

Shortly before, however, the war department had reported that fighting on Bataan peninsula apparently had ceased.

Mr. Roosevelt, talking at a press conference, said that of course we all feel bad about Bataan. There is no further news on this, he said, except that he had received what he called a grand message from Wainwright in answer to the one he had dispatched to the general.

Neither message was released in full, and Mr. Roosevelt read only the single sentence from Wainwright's communique, that the flag still flies over Corregidor.

This communication came in this morning. The war department reported that American torpedo boats sank a Japanese cruiser off Cebu in the central Philippines but that on the Bataan peninsula fighting apparently had ceased.

A communique said that Wainwright reported this morning that all communication between Bataan, where his American-Filipino force of 36,000 effectives was crushed, and the fortress island of Corregidor had been cut off for nearly twenty-four hours.

(The Japanese news agency at 5 a. m. Eastern War Time, today said, however, fighting was still in progress on Bataan.

"General Wainwright declared that our flag still flies on the beleaguered island fortress of Corregidor," the war department said. "Corregidor was raided frequently yesterday by heavy bombers, and Japanese artillery hammered at the island forts both from the peninsula and the south shore of Manila Bay."

No material damage resulted, however, the communique said. The fort's guns refrained from replying to the shelling from Bataan to avoid risking hits on defending troops still on the peninsula.

The cruiser reported sunk was one of a fleet of five warships and ten transports which the war department said apparently comprised an invasion fleet landing troops in Cebu.

The fleet was attacked by the torpedo boats, which had dealt effective blows to the foe before being transferred south from the main fighting front.

The communique failed to state whether the invasion landing was being made only at the city of Cebu, second only to Manila in size and importance, or also on the island of the same name. The city is about 300 air miles south of Manila.

The city has been shelled repeatedly from the sea but hitherto escaped invasion, and meanwhile served as an important transport and communication point for unoccupied areas of the Archipelago.

A commercial radio station at Cebu has been in communication with the United States for weeks, and was linked with inter-island stations elsewhere.

The war department said that General Wainwright in a message to President Roosevelt had expressed appreciation of the confidence placed in him by the commander in chief and had advised that everything possible had been done to hold Bataan with the limited force under his command.

"The overwhelming air and artillery superiority of the Japanese finally overcame the dogged resistance of the hungry and exhausted defenders," the war department said.

The communique, based on reports from Corregidor received up until 10 a. m. Eastern War Time, was the first report on Philippine developments since the extraordinary communique issued at 5:15 a. m. yesterday advising of "the probability that the defenses on Bataan have been overcome."

General Wainwright's message to the president presumably was in response to one which Secretary of War Stimson disclosed yesterday had been sent to the Philippines.

In this face of previous Japanese claims that American and Filipino troops on Bataan had asked for a truce, the Japanese Domei news agency said at 5 a. m. Eastern War Time hostilities there were still in progress.

The capital waited anxiously for definite official word of the situation and looked for sudden blows elsewhere by Japanese forces released by the ending of the battle of Bataan. Meanwhile, Washington read into Japanese announcements themselves a story of staunch resistance by the Corregidor garrison despite thunderous punishment from the air.

Landlords Backward In Listing Houses In Survey

Residential property owners in Big Spring either are doing a land office business or they don't care to cooperate in a city-wide housing survey requested by the U. S. Army.

This was the conclusion to be drawn Friday from results of survey requests over a two-day period. Only 49 apartments, houses and bedrooms had been listed at the chamber of commerce as rental possibilities when the army flying school is complete.

Only 22 apartments had been listed and a mere seven houses. The remaining 20 units were all bedrooms.

After conferences with army officers earlier in the week, the chamber of commerce had agreed to undertake a survey of all quarters which might be available for civilian employes to be attached to the air school and its officers.

This survey is to be completed by Saturday and upon it will depend the extent of building, either privately or with government aid, which may be undertaken here to meet the housing situation.

Chamber housing committee officials said Friday that it was possible that the totals now represented, but they did not think it was probable. Consequently, they say all who have property which might be available to list it by calling No. 4.

SO MUCH WITH SO LITTLE --

MELOUBOURNE, April 10 (AP)—General Douglas MacArthur said today of the defenders of Bataan: "No army has ever done so much with so little."

The supreme commander, here of Bataan's first successful defense, said:

"The Bataan force went out as it would have wished—fighting to the end of its flickering, tattered hope."

"No army has ever done so much with so little."

"Nothing became it more than its last hour of trial and agony."

"To the weeping mothers of its dead I only say that the sacrifice and heroism of these men and their officers has been recorded in the annals of our people."

commander by the chief executive. In this message, dispatched on Wednesday, Stimson said the president decision he reached now would be in the interests of the country and the splendid troops he commanded.

The attack on Cebu suggested the likelihood that the Japanese intended to proceed now with the occupation of important islands which have escaped invasion.

Aide from Luzon, the Japanese have occupied Masbate and several points in Mindoro, both immediately south of Luzon. They also have occupied Jolo, in the extreme southwest, Davao and Zamboanga, important ports on the southernmost major island of Mindanao.

A Tokyo broadcast said Corregidor guns put up a furious barrage against Japanese bombers which twice attacked the island stronghold yesterday and set fires that spread a smoke curtain over Manila Bay.

In this face of previous Japanese claims that American and Filipino troops on Bataan had asked for a truce, the Japanese Domei news agency said at 5 a. m. Eastern War Time hostilities there were still in progress.

The capital waited anxiously for definite official word of the situation and looked for sudden blows elsewhere by Japanese forces released by the ending of the battle of Bataan. Meanwhile, Washington read into Japanese announcements themselves a story of staunch resistance by the Corregidor garrison despite thunderous punishment from the air.

Annual Reports Made At Central Ward P-T. A.

Annual reports of committees were given and a talk on Mental Health was given by Mrs. W. J. McAdams when the Central Ward Parent-Teacher Association met Thursday at the school.

Reports showed that the unit had 185 members with eight having completed the parent education study course and two the procedure course. Summer round-up certificate was received and cash on hand was listed as \$81.23.

With regard to visual education 32 films will have been shown by the close of school. Sixteen subscriptions to the Parent-Teacher magazine and six to the national magazine were reported.

Alternates to the Sweetwater conference were named and included Mrs. Ray Clark, Mrs. Garner McA Adams, Mrs. E. C. Casey, Mrs. E. B. Bibb.

Anne Martin, county Victory Book campaign chairman, spoke on the quota for the county and the unit voted to cooperate in securing books.

Mrs. King Sides gave the devotional. Public school music was furnished by the first grade pupils with Betty Huneycutt announcing the numbers.

The unit also voted to share in the expense of the joint installation of officers to be held April 29th. The national radio program for Saturday at 2:15 o'clock over WFAA was announced as "The Family Gets Along." Mrs. T. A. Stephens' room won room count.

Others attending were Mrs. B. E. McDaniel, Mrs. Larson, Lloyd, Mrs. Joe Birdwell, Mrs. Buel Floyd, Mrs. Holt Eastland, Mrs. L. D. Jenkins, Dean Bennett, Mrs. James A. Fowler, Mrs. R. A. Elder, Mrs. Ralph Roberts, Mrs. W. J. McAdams, Mrs. Garner McA Adams, Mrs. W. E. Wimberly.

Downtown Stroller

After about three days of rain, showers and even snow, Mrs. FRANK GRAY says she is about milderewed. But with the sun coming out again, folks will get back to normal again.

Mrs. W. J. McADAMS is bragging about her bluebonnets these days. Seems she planted some four or five years ago and nothing ever happened until this spring. Then with their own accord they popped.

To folks used to East Texas fields of bluebonnets, hers aren't very much, she says, but in West Texas, it's something to brag about.

JUNE SHEPPARD, who formerly toiled for Corden, is now in Fort Worth working for Consolidated Aircraft Corporation. She and her mother, Mrs. LILA SHEPPARD are living at 1018 Montgomery, in Arlington Heights. Since JUNE is in the identification bureau of the plant she gets called everything from G-woman to Operator X-23, she says.

Attended the one-act comedy previews that the Big Spring high school is going to present in competition Saturday at the district meet. It was made up with ELLIE BURTON BOYD, GLORIA NALL, MARY MOORE, and MAXINE MOORE reminding you of your own teen age troubles. BETTY NEWTON and PAUL KASCH takes the part of the father and the mother in the play.

Local folks have got their fingers crossed that the weather stay nice over the weekend for the private fitness meeting to be held here. Bad weather might ruin the plans of many to attend and so far there have been many to accept the invitation.

Victory Garden Theme Used At X. Y. Z. Party

A Victory garden theme was used in the decorations and prizes when Mrs. Douglas Orme and Mrs. J. M. Woodall entertained the X. Y. Z. club at the Settles hotel Thursday for dinner and a game party.

The table was centered with a basket holding vegetables. Toy hoes, rakes and shovels were spaced down the center of the table and candlesticks were surrounded with carrots.

Hostesses wore corsages of vegetables and prizes were seed packets also holding defense stamps.

Mrs. Hugh Duncan won high score for bridge and Mrs. George Thomas, low score. Mrs. T. J. Dunlap had high at forty-two and Mrs. Jake Morgan bingoed.

Next hostesses are to be Mrs. H. P. Wooten and Mrs. Hudson Henley. Guests were Mrs. Morgan and Mrs. Ed Gabriel.

Others present were Mrs. Ennon Lovelady, Mrs. Prentiss Dean, Mrs. J. D. Jones, Helen Dulaney, Mrs. H. P. Wooten, Mrs. Bill Younger, Mrs. Clyde Thomas, Jr. Mrs. Roy Reed.

Nelson's First Round 68 Puts Him In Favored Spot

AUGUSTA, Ga., April 10. (AP)—The Masters golf tournament, struggling along against discouraging rain and distracting war news, entered its second round today with Horton Smith and Paul Runyan, a couple of proficient veterans, leading the field with equal 67s at the first quarter.

Strangely enough, scarcely anybody expected either Smith or Runyan to win the tournament. The favorites, after the wet and be-

New Season Opens In Southern Assn.

By The Associated Press

Southern Association clubs—Their rosters made up mostly of rookies and old timers because of the war—go to the post today (weather permitting) for the 1942 pennant chase.

A total of approximately 25,000 fans are expected to see opening day games at Atlanta, Birmingham, Knoxville and Memphis.

Chattanooga sends an all-rookie team—probably the first in the history of the Southern league—against Atlanta's 1941 champions in Atlanta. Look out Manager Sparky Olson, who'll direct from the bench, will pit big John Miller against Atlanta's right hand ace, Elmer (Nep) Lambert in a game due to begin at 4 p. m. A crowd of 10,000 is expected.

Nashville will depend on Vito Tamulis, former major leaguer, in its opening tilt with Bert Niehor's Knoxville Smokies in the East Tennessee city, scheduled to start at 8:30 p. m. (Central War Time). Guy Fletcher will hurl for the Smokies before an expected turnout of 3,800.

Memphis will call on Frank Verver, southpaw ace and 20-game winner last season, when the Chicks face New Orleans in Memphis. The game is scheduled for 3:30 p. m. Charlie Brumbea will

pitch for the Pelicans. The teams expect to play before 6,500 fans.

Little Rock's Joe Callahan will toe the mound against Birmingham when the clubs meet at 4 p. m. at Birmingham. Either veteran Harry Matutzak or rookie Charles Kane will get the pitching call from Manager John Riddle of the Barons. A crowd of 5,000 is anticipated.

AAA Program Is Outlined Before Stanton Club

STANTON, April 10.—Fundamentals of the AAA program were outlined before the Stanton Service club at its luncheon session Thursday by Cliff Day, field representative of the agency. Day traced the triple-A organization from its birth under the new deal, calling it a program to give the farmer a purchasing power equal to that of other interests.

Fundamental object of the AAA, Day said, is to preserve and conserve the soil on every farm and ranch in the U.S.

G. W. Alsup was master of ceremonies for the meeting. John Hamilton, president, announced a special meeting of the club for Friday evening, when a board of directors and standing committees will be named.

Thirty were present for the session, held in the home economics room at the Stanton school. Members of the home ec class, under direction of Miss Betty Savage, instructor, prepared and served the meal.

Devil Diver Living Up To His Notices

LEXINGTON, Ky., April 10. (AP) Will Devil Diver develop into another Twenty Grand for Mrs. Payne Whitney?

That was what the railbirds were wondering today after watching the Greentree colt, smartly ridden by Eddie Arcaro, whip whirlyway in the Phoenix handicap at Keeneland's spring meeting opener yesterday.

It was the first start of the season for Mrs. Whitney's promising Kentucky Derby candidate and his game showing on a muddy track against two able opponents—Whitely and Sun Again, another Derby eligible—was a trick that caught the public's fancy.

Not only did Devil Diver lead all the way in the six furlong test, but he held off Whitely's bid in the closing strides. The time was 1:13 3-5.

SPORTS ROUNDUP

NEW YORK, April 10.—Pre-season stuff: The Cardinals plan a real military show for their opening game next Tuesday—300 men from the naval reserve army, as many Missouri national guardsmen and seven bands on the field.

For Air Raid Protection, Try The Big League Grandstands

NEW YORK, April 10. (AP)—If you're watching a major league baseball game when an air raid comes, don't go away. You'll be sitting in the best bomb shelter in the neighborhood, and you might miss part of the game.

Club officials, preparing for their first wartime season in 25 years, agreed today that fans could find no better protection in the event

of an enemy raid than the steel and concrete stands.

And in New York, where all three clubs are making extensive plans to care for the customers in such an emergency, an official has decreed that afternoon games should not be interrupted, even by a raid.

ALVIN, April 10. (AP)—Edgar L. Locke, 35, a farmer of near Goodrich, and Mrs. J. D. Dodson, 34, of Freeport were killed and eight persons were injured in an automobile collision near here last night.

The injured were Mrs. W. E. Crowson, about 35, of Dickinson, her six children, and Mrs. E. J. Locke of Meallen.

Mrs. Dodson was alone in one of the automobiles; the others were in a second car, driven by E. J. Locke, son of the dead man.

Texan Sentenced As Draft Evader

PHILADELPHIA, April 10. (AP) Samuel Mason Newton, 28, identified as a former journalism student of the University of Texas, publisher of a weekly at Lubbock and son of J. H. Newton, dean of Paris, Texas, junior college, was sentenced to three months in jail yesterday for failure to register for the draft.

Newton was identified by Assistant U. S. Attorney Edward J. Mallik.

"I didn't think they'd accept me," Newton said when asked why he had not registered, the prosecutor said.

FBI Agent R. C. Davis told the U. S. district court Newton had been "hobnobbing around the country" for several years.

Babe Ruth Shows More Improvement

HOLLYWOOD, April 10. (AP)—It's mighty hard to slip a third strike past Babe Ruth. The home run king of the Yankees' glamour years continues to improve from a critical attack of pneumonia which sent him to Hollywood Presbyterian hospital two days ago.

His nurse reported the babe still better today. Last night's bedside bulletin said he was progressing exceptionally well.

Harry M. Prince, chief civilian protection officer of the office of civilian defense. "They must stay right there and take it, if it comes, up to a certain point. The show must go on. Otherwise, it would be like actors rushing off a stage. If they show panic, you can see what might happen."

Here, as well as in some other major league cities, a sticker on the back of your seat will tell you what to do if air raid warning sounds. If you are to move at all, there will be green and red arrows to direct you to the proper shelter.

Specially-rehearsed air raid wardens will be on hand to take charge and public address systems will be extended to the areas beneath the stands to carry instructions to all.

"I've been in baseball 30 years and this is a new experience for me," said President Ed Barrow of the Yankees. "We are printing signs on each seat with the proper directions—at night, follow the green line or follow the red line—and we have installed red-painted barrels of water, buckets, bins full of sand and fire extinguishers."

In Yankee Stadium, where no night games are played, 15,000 persons can be sheltered under the bleachers and another 40,000 under the grandstand, Barrow declared.

"They will be protected by concrete three decks deep. Those in the lower stand will remain in their seats, protected by the steel and concrete structure above. No body will be permitted to leave the park during a raid."

WYTHE, Ore., April 10. (AP)—Actor Law Ayres is as deeply opposed to war as ever, but he has not yet given up hope of serving the army in a non-combatant job. "I think I could be of some service in the medical corps," Ayres said yesterday, "because I know a little about it. If the army would rather have me there than here, I'd rather be there."

"Here is a conscientious objector forest camp at the foot of Mount Hood on the Columbia river. Ayres, who is enacting in real life the film role he portrayed in "All Quiet on the Western Front"—that of a man who hates war—came here last week from Hollywood.

But Brig-Gen. J. C. Donovan, California director of selective service, said at Los Angeles yesterday he had received from Ayres a telegram asking reclassification from conscientious objector to 1AO, which would make him eligible for the medical corps or other non-combat work.

KILLED BY TRAIN

LA VERNE, Calif., April 10. (AP) Smoking is prohibited in the packing plant where Les Maloney, 19, is employed. So, to enjoy a cigaret, he stepped outside—and into the path of a fast passenger train. He was killed instantly.

Manufacture Of Golf Clubs Is Stopped

AUGUSTA, Ga., April 10. (AP)—America's leading golf professionals gulped and whistled low today as they read the War Production Board's order halting manufacture of golf clubs, along with balls and other equipment.

"We're just out of business," said U. S. Open Champion Craig Wood, and others nodded.

Ed Duesley, president of the Professional Golfers' association, said, however, that the golfers would carry on.

"It's unfortunate that it will be impossible to make clubs at this time," he said "but all the pros are Americans, and whatever they do they are back of the country 100 per cent."

"There's no doubt the order will curtail golf this year, although there must be enough on hand for six months. In any event, though, we will carry out our plans for exhibition matches for Red Cross and war relief."

Law Ayres Wants To Join Medical Corps

WYTHE, Ore., April 10. (AP)—Actor Law Ayres is as deeply opposed to war as ever, but he has not yet given up hope of serving the army in a non-combatant job. "I think I could be of some service in the medical corps," Ayres said yesterday, "because I know a little about it. If the army would rather have me there than here, I'd rather be there."

"Here is a conscientious objector forest camp at the foot of Mount Hood on the Columbia river. Ayres, who is enacting in real life the film role he portrayed in "All Quiet on the Western Front"—that of a man who hates war—came here last week from Hollywood.

But Brig-Gen. J. C. Donovan, California director of selective service, said at Los Angeles yesterday he had received from Ayres a telegram asking reclassification from conscientious objector to 1AO, which would make him eligible for the medical corps or other non-combat work.

Juvenile Problems Discussed At Club

Child delinquency problems were talked by Walton Morrison, county judge, and members of the American Business Club at luncheon Friday at the Settles hotel.

Judge Morrison pointed out some of the reasons for child delinquency and praised the parole system which the club has helped put into effect. He outlined some of the plans for prevention of delinquency in place of correction after delinquent children have been charged. He pointed to the fact that without help such as offered by the club, the parole system would be worthless.

Fowler Fabian told of some of the methods used by the Abilene Business Club to combat delinquency.

A board of governors' meeting was set for 5:30 o'clock Monday afternoon at the Settles hotel.

Ed Gabriel was announced as a new member of the club. J. D. Jones was named chairman of the Clean Up, Paint Up, Fix Up committee for the organization.

Hudson Henley announced the Fire Warden's meeting which is to be held Wednesday night at the city hall at 8 o'clock. Other members were urged to attend the five week course.

Texan Cities Put On 'Critical Area' List For Building

WASHINGTON, April 10 (AP)—The National Housing agency announced today that President Roosevelt had certified cities in 27 states as critical war areas where mortgage insurance would be available to builders of homes for war workers under the Federal Housing Administration's title VI plan.

Under the plan, the government insures loans which banks make to the builders.

All of the communities already have been placed on the War Production Board's list of cities in which priority certificates for materials will be issued for defense homes construction.

"Programs for construction of privately-financed homes in these areas are being prepared by the National Housing agency," the announcement said.

Among the communities certified: Texas — Bastrop, Brownsville, Karnack, Kingsville, Paris.

Two Shifts To Go On De-Linting Work

Demand for delinting and Kemas treatment of cotton planting seed is so great that Farmers Gin Co. plans to start operating two shifts daily within the next few days, according to W. S. Satterwhite.

Farmers is the only gin in this section of the country equipped to process seed. In the process the seed is screened to eliminate bad seeds, delinted and Kemas treated against disease.

Last year was the first year the process was offered, and several leading cotton farmers planted the seed. This year's volume is much above last year's. "We have more than we can do," remarked Satterwhite today. "We're booked two weeks ahead."

National To Operate Hotel At Beaumont

DALLAS, April 10 (AP)—Ownership of the Edison hotel in Beaumont will be transferred in St. Louis Friday to Dallas Rupp & Son, investment bankers.

Completion of negotiations to purchase the 21-story hotel, Texas' tallest, was announced yesterday by the company. D. Gordon Rupp, Jr., vice president of the concern, said he and R. A. Ritchie, general counsel for the company, would take over the property formally in St. Louis Friday.

Rupp said the hotel would be managed by the National Hotel Company of Galveston.

Senator Says U.S. Outproducing Axis

ROYAL OAK, Mich., April 10 (AP)—U. S. Senator Prentiss M. Brown (D-Mich.) told a Jefferson Day banquet gathering of democrats last night that the United States "now—not on order, not in six months, but now—is producing more airplanes than Germany, Italy, Japan and all the conquered countries together."

The speaker told his audience he was reminding them of production figures because confidence, not an attitude of defeatism, is the nation's need.

The Netherlands Indies rank first in the production of tapioca, which is obtained from the root of the cassava plant.

Capture

Continued From Page 1

said Deputy Dunn.

Lackey said he was at his office shortly after 1 p. m. when the boys appeared, pretending to seek advice. Instead, he continued "Dan whipped out this gat (a 38 Colt automatic) and the other boy showed me a handful of bullets to convince me the gun was loaded.

"I began to assure them as calmly as I knew how that under the circumstances I could do nothing but as they said. Dan put the gun under his jacket and had me walk out in front of him to my car. We got in and I drove out about 10 miles in the country where we changed."

That, said the sociologist, was where the wild ride started, one that unnerved him far more than the gun episode, although one of the boys still held the pistol on him from the rear seat.

"Once I thought about asking them to stop because I was thirty," said Lackey, "but they were so jittery that I felt it might endanger somebody else."

Using him as a shield, he quoted Jordan as saying, "gives me some ideas." The boy also boasted about the power of the gun "giving him some ideas."

But he never got to put them into effect. The pistol lay unused in the front seat when officers whipped around the car with guns drawn. Jordan was nervous but Lollie calm when Deputy Constable L. A. Coffey and police officers all rushed up as the capture was made.

Welterweight With Forces In Bataan

KANSAS CITY, Kas., April 10. (AP)—Friends of Pat Kissinger, former welterweight boxing contender, are wondering what the decision was in his latest scrap.

BASE RUTH RECOVERS

HOLLYWOOD, April 10 (AP)—Babe Ruth, gravely ill with pneumonia two days ago, apparently has passed the crisis and will recover, his physician said today.

Torpedo Accidentally Discharged Hits Ship

WASHINGTON, April 10 (AP)—The navy reported today that a torpedo accidentally discharged from a motor torpedo boat in Narragansett bay had struck the U.S.S. Capella, a 4,070-ton naval cargo vessel, yesterday afternoon.

The navy's announcement of this mishap in Rhode Island waters did not say whether the torpedo had exploded but did note that the Capella, assisted by tugs, "has been anchored in shoal water and is in no immediate danger."

British Aircraft Carrier Is Sunk

LONDON, April 10 (AP)—Britain's first aircraft carrier, the 22-year-old Hermes, has been sunk in Japan's unabated effort to beat down the sea and air shield against invasion of India, but the enemy's total claims of victory are too extravagant, the British admiralty said today in a communique.

Japanese planes—either bombers or torpedo craft—sank the 10,550-ton Hermes about 10 miles off Ceylon, a pivot of British strength at the tip of India on the western side of the broad bay of Bengal.

Truck Tires Lead In Local Permits

Truck tires and retreads for both trucks and passenger cars ranked first in importance in issues by the Howard County Rationing board in its session Wednesday, Tom Rossos, clerk, announced.

New truck tire certificates totaled 18 while there were 13 certificates for passenger retreads and six for truck retreads. New passenger tire certificates stood at two and tubes at four. There were nine permits for new truck tubes.

Out of Step with the Weather like Winter Gasoline in Spring

BATHING BEAUTY OR GASOLINE

... both should be in step with the weather.

Sure, a winter gas will do. But if you want the best from your motor, and the most for your money, get April gasoline... Phillips 66 Poly Gas... this month's gasoline which is definitely engineered for the April climatic requirements of your locality.

We change the characteristics of this remarkable motor fuel every month. Give it the qualities most needed for top performance, with the right amount of higher test (volatility) for sweeter running and economy.

Phillips 66 is the pioneer and is the acknowledged leader in matching gasoline to climatic changes. With Phillips 66 you benefit every day in the year from January through December.

Scientific laboratory and field surveys prove that no other gasoline, not a single one, is so completely and accurately matched all year 'round, to the monthly variations in your weather.

Phillips 66 Poly Gas sells at regular price. So it costs nothing extra to try a tankful and find out the facts. See if you don't get more pep and power... more flexible response to the throttle... and extra mileage... all without a penny of extra price... at any Orange and Black 66 Shield.
