Whistling, Fishing And Housecleaning —You Guess Why

Seen "somewhere in the
United States" Wednesday aft-
ernoon at 12:24 o'clock—
A young man walking in his
shirt sleeves, whistling a merry
tune.

A slightly older man putting
fishing tackle into his car and
starting off for a nearby stream.
An elderly man sitting on his
front porch, drawing slowly on
his pipe, resting easily in pleas-
ant weather.

A young woman, down town
shopping, picking out the new-
est things for Easter.

A middle-aged woman, hang-
ing up curtains, dusting—doing
the work which comes but once
a year.

An elderly woman, also sit-
ting on the porch, resting and
watching her husband smoke his
pipe.

Why? All because SPRING
hit the United States—"every-
where"—at 12:24 Wednesday
afternoon (Central Standard
Time).

Nine Sections of Mulberry Bridge Destroyed by Fire

Local Fireman Answer
Call, 22 Miles From City;
Bridge Not on Highway

Nine sections of the Mulberry
Creek bridge were destroyed, a
tenth section badly damaged, and
still another torn out when fire
from burning grass underneath
the structure ignited the wooden
bridge Monday afternoon.

Memphis firemen rushed to the
bridge immediately, but the nine
spans were almost completely
burned before the truck arrived.
The bridge is 22 miles from Mem-
phis, located just at the end of the
pavement which runs through
Lakeview.

No water was available from the
dry creek, and firemen had only
the water in the tank on the truck.
The burning sections were cut
loose from the remainder of the
bridge before the fire had spread
to a very large extent.

A number of cars had gathered
at the burning bridge before the
truck arrived, and a section of the
bridge was knocked out several
spans from the burning end.

The bridge is not a part of the
road which has been designated
as a state highway. The pave-
ment was built by the county, and
the indebtedness later taken over
by the state. The bridge which
burned, however, is some 200
yards from the end of the pave-
ment and is not a part of the state
highway.

Information has been received
in Memphis by Mr. and Mrs. R. E.
Martin from Texas Tech at Lub-
bock that their son, R. E. Jr., has
won honor roll standing in his
studies with a 3-point average or
an A rating.

Young Martin was one of 20
students who received this honor
roll out of 250 who were given honor
roll rank. The group he is in
represents five percent of the stu-
dent body of the college. Martin
is in the music department of the
school.

In order to be eligible to receive
honor roll rating, a student must
carry at least 12 semester hours.
Mr. Martin's present course con-
sists of 18 semester hours.

Young Martin spent Saturday
night and Sunday in Memphis with
his parents. He was accompanied
by two friends, also students at
Tech, Rex Carnes of DeLeon, and
Woodward McDowell of Little
Rock.

Funeral services for Barbara
Ann McWhorter, infant daughter
of Mr. and Mrs. W. L. McWhorter
of Plaska, were held from the Mc-
Whorter home Monday afternoon,
with Rev. J. E. Murdock, Bap-
tist pastor at Plaska, conducting
the rites.

The infant, only 20 days old,
died at the home in Plaska Mon-
day morning. Burial was in the
Lakeview cemetery with King's
Mortuary in charge.

NO ADDITIONAL TEAMS ENTER RELAYS HERE

Cap Rock Track
Event to Be Held
Here March 29

No additional teams were en-
tered this week in the Cap Rock
Relays, to be held in Memphis
March 29. W. B. Dees, local track
coach and manager of the relays,
said Wednesday.

Teams from Memphis, Berger,
Pampa, Plainview, Phillips, Tulia,
Dumas, Floydada, Tell, Childress,
Lakeview, Quail, Lefors, Mobeetie,
Spearman, and Claude have al-
ready been entered, and others
are expected before the deadline
Monday.

Word was received from Claude
this week that Tyler, individual
high point man in the relays last
year who paced the Claude team
to victory, will not be entered in
the relays this year. Tyler won
first places in five events in the
meet last year.

Admission for the relays will be
10 cents for students, and 25 cents
for adults, Dees said. Prelimi-
naries will be held at 2 o'clock in
the afternoon, and the finals will
begin at 7:30 o'clock Friday night.

The Claude team, winner of the
relays last year, is again one of
the favorites. Finishing in sec-
ond place was Tell, in third place,
Pampa, fourth, Memphis, and ty-
ing for fifth were Matador and
Berger. Sixth, seventh, eighth,
and ninth places went to Hedley,
Phillips, Dalhart, and Lakeview,
respectively.

April 1 Is Deadline For Installing 1940 Auto License Tags

Plates Must Be on Cars
April 2; May Be Bought
Until Midnight April 1

Hall County auto owners were
warned this week by J. M. Ferrel,
tax assessor-collector, of the dead-
line of April 1 for buying and in-
stalling 1940 license tags.

Tags may be bought up until
April 1, Ferrel said, and must be
placed on the cars by April 2.
Tags bought now may be placed on
autos any time this month.

Numbers of the passenger car
plates range from 521-001 to
523-300, the numerals of which
are dark purple on white back-
grounds. Commercial license
have orange numerals with dark
purple background.

Farm license tags have yellow
backgrounds with dark purple nu-
merals.

Robert E. Mitcham Seriously Hurt in Highway Accident

Leg Mangled, Lacerations
Suffered When Struck by
Auto on Highway 370

Robert E. Mitcham, 29, was
seriously injured last Saturday
night about 9 o'clock when he ran
in front of an approaching auto-
mobile on Highway 370 several
miles north of Memphis.

Mitcham, whose right leg was
badly broken and mangled, and
who suffered severe lacerations
on the face, was taken to a local
hospital immediately. Later Sat-
urday night he was taken to Fort
Worth in a King ambulance, where
he was to be treated by a bone
specialist.

The accident occurred when
Mitcham failed to see the ap-
proaching automobile and ran di-
rectly in front of it. He had
pulled off the pavement in his
car to repair a flat tire, but found
that his jack would not work. An-
other Memphian, Coy Davis, was
passing and stopped to aid Mit-
cham.

Davis parked his car on the op-
posite side of the road, and Mit-
cham started across the road. The
third automobile, approaching
from Hedley, was not seen by
Mitcham, however, and the driver
was unable to stop.

Mitcham was reported Tuesday
from Fort Worth as resting well.
The bandages had been removed
from his face, and the cuts were
healing as well as was expected.

Newlin Girl Makes Honorary Group

Miss Bernice Elliott, who is at-
tending TSCW in Denton, was re-
cently selected as a member of
Alpha Lambda Delta, national hon-
orary fraternity for women.

Daughter of Mr. and Mrs. J. A.
Elliott of Newlin, Miss Elliott is
a freshman in the college. En-
trance into the honorary organi-
zation is based on scholastic
standing.

MAIN EVENTS TO BE IN ESTELLINE

Literary Contests Will Be
Held Friday; Track, Field
Meet Is Set for Saturday

Detailed arrangements were an-
nounced and entries were being re-
ceived this week as the four inde-
pendent schools in Hall County
prepared for the annual County
Interscholastic League Meet, most
events of which are to be held in
Estelline Friday and Saturday.

All volley ball matches have al-
ready been played, and most of the
tennis matches were being com-
pleted as The Democrat went to
press Thursday afternoon.

The program at Estelline opens
Friday morning at 9:30 o'clock
with the high school declamation
division, continuing throughout the
day with the literary events.

All track and field events are
scheduled for Saturday, starting
in the morning at 9 o'clock. The
final event will be the mile relay
at 4:15 in the afternoon.

During the past week, all four
schools have been holding prac-
tice sessions for the students in

Estelline, Lakeview Win County Volley Ball Tournaments

Estelline Winner in High
School Division; Lakeview
Takes Ward School Title

Getting a jump on other events
in the county interscholastic
League meet, the volley ball tour-
nament was held last Friday in
Memphis.

Finishing in first place in the
high school division was Estelline,
with Lakeview second, Memphis
third, and Turkey fourth.

Lakeview's team took first place
in the Ward school division, with
Memphis second, and Estelline
third.

The teams entered were evenly
matched, and all games were well
attended both in the morning and
afternoon.

Winning teams will represent
Hall County in the district meet
in Childress April 5 and 6.

Attorneys Attend Gas Rate Session

City attorneys of Memphis, Chil-
dress, and Wellington are in Aus-
tin today (Thursday) to meet with
the Texas Railroad Commission in
connection with the final settle-
ment of the new gas rate which
was granted the three cities last
week.

Attending the session are J. O.
Fitzjarrald, Memphis; Luther Grib-
ble, Wellington; and C. C.
Broughton, Childress.

The new gas rate, which calls
for a \$1 minimum for the first
1,000 cubic feet of gas and 50
cents for each additional thou-
sand (applicable to domestic users
only), was agreed to March 8
when officials of the three cities
met with J. V. Strange, vice pre-
sident of the United Gas Corpora-
tion, in Wellington. The old rate
was a \$1 minimum for the first
1,400 feet, and 67 1-2 cents net
for each additional thousand cubic
feet.

No Candidates File For City Offices

No candidates for the four city
alderman offices soon to be va-
cated have as yet been entered,
it was announced this week. The
date of the election is Tuesday,
April 2.

The offices to be filled are for
aldermen of Wards Nos. 1, 2, 3,
and 4. All terms are for two
years.

The City Council consists of a
mayor and eight aldermen. Those
aldermen whose terms expire are
O. V. Alexander, Ward No. 1; G.
H. Hattenbach, 2; F. W. Foxhall,
3; and Barney Wattenbarger, 4.

Come to Church

EASTER

The First Methodist Church will
climax the Methodist Advance
week Sunday with Easter services.
Meetings concerning the advance
have been held this week, and the
response to them has been good,
Rev. E. L. Yeats, pastor, said.

Rev. E. C. Cargill, pastor of the
First Presbyterian Church, this
week urged all members of his
church, as well as visitors, to be
present Sunday morning when the
Easter services are held.

The Plaska Methodist Church
will have no special services, Rev.
Albert Cooper, pastor, said, al-
though baptismal services are to
be held.

At the same time, a number of
Memphians were making plans to
attend the famous Easter pageant
in Lawton, Okla. The event an-
nually attracts thousands, and, if
the weather is not too severe this
year, a larger crowd than ever is
expected, it has been announced.

"Let me tell you how I chose my second refrigerator!"

All refrigerators looked alike to the newlyweds. "Give us the low-down," they asked friends. "Why did you replace yours with the one that freezes with NO MOVING PARTS?"

1 "You never hear a thing..." said Bill Jones. "Just listen... silence, isn't it? And I can tell you, as one who's had experience, that's reason enough to buy a Servel. And no noise also means no wear, too!"

2 "Only a tiny gas flame..." Ted Walsh points out. "That's all it takes to do the work. Servel hasn't a single moving part in its freezing system. That's why you can depend on it to stay quiet, efficient and economical."

3 "My bills are lower..." said Mrs. Smith. "Food keeps much longer. And with no moving, wearing parts to run up the cost, Servel's operating cost will stay low always."

4 "And such conveniences..." You can store what you want, where you want it, keep it as you like it. You can have moist cold or dry cold, whichever you prefer. And there are lots of other features you'll love!"

5 "Make yours a Servel!" That was everybody's advice, and—since the newlyweds took it—it's their tip to you. Why not run down to your Servel dealer's right now... and see the beautiful new 1940 models they have on the floor? You will be delighted at the spacious roominess, the glistening finish inside and out, the new conveniences. But best of all... you'll want the gas refrigerator for your home because its freezing system has no moving parts!

Pipe Line Company To Continue Ads

United Gas Pipe Line Company, which launched a national advertising program last year to encourage the location of industries in the territory it serves, this week announced plans for the continuation of this activity.

Working toward the development of a greater Gulf South the company's industrial development program includes advertising in national publications. The plan also covers direct mailings to selected industries and industrial organizations, a parallel activity of the company's industrial development department is the compiling and use of data and information essential to industry in connection with plant location problems.

Because the company's operations are conducted in portions of Texas, Louisiana, Mississippi, Alabama, and Florida, a region largely bordering on the Gulf of Mexico, the campaign has introduced the term "Gulf South" as descriptive of the territory served. Thus the industrial development activity has come to be known as the "Gulf South Program."

Curtis Douglass Announces Candidacy For State Senator of 31st District

Curtis Douglass of Panhandle has given The Democrat authorization to announce his candidacy for the state senatorship of the 31st District, subject to the Democratic primary in July.

He announced his platform would be based on a fair deal in attempting to "better the welfare of Texas with action instead of promises."

"It is the duty of the Legislature to cooperate with the administration in power," he said. "If there is a failure on the part of the administration to chart the proper course, then the Legislature should lead the way. The mandate of the people should never be ignored. Legislators should live up to their campaign promises. A do nothing policy leads to ruin."

Douglass ran second to Senator Small and was eliminated by a few hundred votes in 1936.

The candidate said, "I still believe no state lawmaker should represent corporations, interests and clients whose interests are contrary to the general welfare and still pretend to serve the people who elected him. I am a firm believer that every lawmaker should be required to file his inventory of property, under oath, when he is elected and another inventory at the end of each succeeding year, showing his people all sources of revenue obtained and from whom received. This would give the voter a check on all incomes of their public servants."

On pension matters, Douglass stated, "It is the mandate of the people that the pensions be paid, that the school teacher's retirement fund be paid, the blind be cared for and all other social security obligations be met. The voters decided all of this in no uncertain terms. I shall in any reasonable tax bill to procure these funds as long as it does not incur hardships on any particular group or upon those we wish to aid. I do not think it proper for me to announce a cure-all law for any problem, for, after all, I would only be one of 31 senators that would have a voice in the matter."

"I do believe such a problem can be worked out satisfactorily by both the legislative and executive branches of the government to fulfill the mandate of the people, and I will certainly fight for the solution of these problems."

Douglass said he believed that all types of business should be considered on the passage of any law, that there should be no discriminating laws.

He said he believed that labor should have the rights of bargaining.

He strongly favors that school proportionates be based on the number of students, rather than population of districts, he said.

Douglass said he is an advocate of consolidating equalization boards, tax assessing and collecting agencies into one, thereby saving thousands of dollars in costs of administrative government and also equalizing school, county and state tax rates. He cited three examples of counties in the Panhandle that employ a gas and oil expert each year to assess taxes for the county.

"Then the school employs this expert to set their taxes," Douglass said, "and when this expert has finished duplicating his first list, he has received thousands of dollars in salary for doing the same work."

Douglass said he believed in practicing economy, stating: "You can't tell me that we cannot economize, and by that I don't mean to quit spending where the spending is doing good. We are living in a progressive age, and our advanced and modern views demand better schools, better advantages and better living conditions in general. It is not those expenditures going to the progressive and beneficial things I would cut, it is the useless waste and spending that should be discontinued. There are too many duplications, too many overlapping, tax eating agencies too much waste and far too many useless jobs. A real practiced economy, without regard to political favoritism, would mean millions of dollars saved, likely rendering new taxes of any kind unnecessary."

Douglass said he believed the state, in cooperation with the federal government, could be induced to establish a natural gas laboratory in the Panhandle of Texas to determine the fullest extent of the many uses of natural gas. Such an experimental station, Douglass said, would prove beyond all doubts that new industry could thrive in this area, leading to many manufacturing plants being established in the heart of the largest gas field in the world.

"Give business and industry, both large and small, a fair deal," he said. "The progress, development and welfare of the country depends upon the success of business institutions, and the people, in turn, rely upon the prosperity of business for their security."

"To sum it all up, we must have a new order of things. We must have an order that will mean that our lawmakers must and will look to the interests of the people rather than the interests of a special few. There will be little or no relief in taxes, in pensions, in economy and all the other problems confronting us so long as our legislators continue to serve

Free Play Offered On Amarillo Links

The City of Amarillo is giving five days of free play on the new municipal golf course as a get-acquainted offer for Plains golfers.

The free play will be from Monday through Friday (March 25 to 29, inclusive).

Attention of players is called to the two-day postponement for the course opening, originally set for this week-end.

"It was more than two months ago that we set this date for opening the course," said Mayor Rogers. "We are going to miss this date by just two days, and although we are greatly disappointed we've nearly attained the

The new 18-hole municipal course was built for \$42,000 including the brick clubhouse. It has a high pressure system for watering the fairways, greens, and tees. More than 1,600 trees were set out on the links, on the west half of Thompson Park within the corporate limits of the city.

Length of the par 71 course is 6,426 yards from the back tees, 6,069 yards from the front edges of the tees. Ten months were spent on its construction.

Mayor Rogers emphasized that the free play offer is made to all Panhandle and New Mexico golfers.

Louis Should Have Little Trouble Beating Paychek

BY IRVING DIX

There are those who insist that Joe Louis will be the heavyweight champion of the world along about 11 o'clock Sunday afternoon in Madison Square Garden, New York.

It is by way of saying the thatched thumper from Jones will give Joe Louis, the incumbent, a good going over at the meeting.

An eminent critic as Leonard, the one-time champion who has been helping Paychek prepare for the necessary speed to take Louis.

It is just one man's opinion, an expert's at that, but it might be that Mr. Leonard is a little prejudiced.

Joe Louis

Although Johnny Paychek is far from a third-rater as a suspect, Louis shouldn't have much trouble with him and with Arturo Godoy in a title defense.

Paychek is a sharp hitter and is a stand-up fighter. Louis is a sharp hitter and is a stand-up fighter. Louis is a sharp hitter and is a stand-up fighter.

by virtue of a great ballyhoo campaign.

A few years back he fought under his real name of Pacey but didn't get anywhere until he was picked up by Harold Steinman, his present manager, and taken to Des Moines.

His name was changed to Paychek and the tricked-up spelling helped him immeasurably.

PAYCHEK won 33 straight fights and he and Steinman fared all right financially. More than 30 of his 50 professional bouts have been by the knock-out route.

It wasn't long after Paychek had left the amateur ranks that he went to New York. He couldn't get any decent fights there and had to pawn his overcoat to get rail fare back to Chicago.

He's come a long way since then but Joe Louis should give him the short way out of their championship meeting. About four rounds is our guess.

rooms for rent. Help to locate the road workers in Memphis.

A woman in Shreveport attended the show, "Gone With the Wind" one night last week. When she got home from the show she found that her home had gone with the wind that played havoc with a lot of Shreveport property. Figure the moral to this story for yourself.

Shamrock pulled off a great celebration last Monday. That is the only town in the Panhandle that can capitalize on its name and put on a real show. Shamrock being an Irish name enables its citizens to go Irish in a big way, even to the Shamrock Texan publisher, Albert Cooper, who served Irish stew to a lot of his friends Monday noon. Cooper and his co-workers are to be congratulated upon the special edition of the Texan last week. It was printed on green paper, and advertising and reading matter were strictly Irish in theme.

The district parent-teacher convention to be held in Memphis in April will bring some five or six hundred people to Memphis. Since spring officially started here at 12:24 p. m. Wednesday, it would be a wise and patriotic thing to do to get busy cleaning up front and back yards, streets and alleys, and get lawns and flowers to greening up for the occasion.

I now have ten readers of this column. Our correspondent at Giles, Mrs. J. A. Lemmon, who by the way has been the Giles correspondent since before The Democrat entered the field, writes, "I know I am the world's worst rural correspondent, but when it comes to reading—well, that's different. And, right off, I'll tell you that I read The Democrat very thoroughly, and always read your column first. My daughter, Mrs. E. F. Woods, is here from Los Angeles, and she tells me that she always reads your comments also."

Thanks, Mrs. Lemmon. It is nice of you to help me out of a dilemma. Four more to go, and then I will either have to back up or go right ahead with my announced plan of telling the truth about some things.

I was called up on the telephone last week after The Democrat had been published and told that I was "going off the deep end." The

party said something about some boys back in years past had shown calves at the Amarillo stock show and made some good showings. I agreed, and all the time I was trying to think what it was all about. Before I could get my wits together the party hung up. I picked up a Democrat and read every line concerning the Hall County boys showing calves at Amarillo last week. I could not find anything for anyone to bail me out about. I did find where we quoted Vance Johnson, the Amarillo News Rider, in which he said that it was the first time for Hall County boys to enter the fat stock show with calves. If the party will re-read last week's Democrat I'm sure it will be found that the Democrat's reporters did not make such a statement, for we all know that a number have entered in years past. I hate to be given credit for something another newspaper's writer has written.

It's high time for pipe to be laid at Fairview Cemetery, and I am making this last appeal for more donations of money or materials to complete the job of supplying water at the cemetery. Will some big-hearted person donate a storage tank?

A reader wrote me a few days ago that she reads my comments each week, and especially enjoys reading the poetry I write. Now, that was the last straw. The poetry I have been running is written by a fellow townsman who will not reveal his name, but writes some human interest stuff that I like. I can't vouch for the ten readers. I probably could, but haven't time to hunt up words that rhyme. And then there is a metre connected with poetry in some way which the anonymous poet doesn't observe, and I wouldn't know a metre from a skeeter if I am running another one of his poems just below this last paragraph, and if anyone else accuses me of writing such stuff I'll get desperate.

THE DEMOCRAT STAFF POET

When seed catalogs appear in the mail, and tree salesmen are on your trail—what's the trouble? Not a thing; just a sign of coming spring.

When harness start to shed their hair, and court house steps are bare—what's the trouble? Not a thing; just another sign of spring.

When elm trees bud and birds sing, and you hear the anvils ring—is there trouble? Not a thing; only signs of coming spring.

When hot winds come to scorch and bear, and fat men crave steins of beer—is there trouble? Not a thing; just a sign that we have spring.

New Bird in the Hand

California growers, with the aid of Miss Teddy Riddle, exhibit "Ramona Broadbreast," new breed of turkey titled after town of the same name. The bird resembles a goose and has a breast twice as large as the ordinary variety.

CCC Camps Need 4,000 More Boys For Full Strength

Selections to Be Made in April; Applications Taken At County Welfare Office

Approximately 4,000 boys will be needed in April to bring existing CCC camps to full strength, Adam R. Johnson, director of the State Department of Public Welfare, has announced.

"Boys who wish to be selected for the CCC must be of good character, at least 17 years old and not more than 23 years 6 months old, and not have already served more than 18 months since July 1937," Mr. Johnson said.

Applications should be made to the County Welfare Office in Memphis as quickly as possible, the director said, in order that those eligible may be sent to enrolling points as soon as county quotas are announced.

At present, there are over 16,000 Texans in CCC camps, 10,000 in Texas and 6,000 in Arizona, Colorado, New Mexico, and Wyoming. More than \$300,000 per month is being returned to family groups of these boys.

"Members of the CCC cannot be automatically transferred to the Army," Mr. Johnson pointed out, "as they are considered in all respects as civilian employees of the government. Mr. Roosevelt has clearly stated that he will not allow the militarization of the CCC, and has gone so far as to place the camp commanders on a civilian basis."

What Do You Owe Your Family?

ECONOMICS tells us that since the beginning of time man's obligation to his family has been one of food, clothing, shelter and protection. In the days before civilization the first three essentials were much the same as they are today, but protection meant from wild beasts, warring tribes and from the dangers of nature and the times.

We are able to offer you a different type of protection—one that will take care of your family after you are gone and not able to do it for them. We offer you a protection that cares for their needs when they need it most.

The policy we offer is absolutely sound, and it gives you the protection you need and want. We will take full responsibility for your funeral, giving your beneficiary a choice of casket in the price range of your policy (see rate scale below).

low), give services for a licensed embalmer and funeral director, which includes embalming, use of all church and grave equipment, and funeral coach service within 100 miles of Memphis.

This is just the policy you have been looking for—one that guarantees you absolute protection for yourself and your family, backed by 25 years of service to the community in which we operate.

Act now—tonight, tomorrow, the inevitable icy finger of the Grim Reaper may take his toll from the bosom of your family! Are they protected? Give them the protection you owe to them—do it now—tomorrow may be too late!

A LOSS TO MEMPHIS

LOSS OF THE CCC CAMP in Memphis will be a heavy blow in more ways than one.

The camp in its five years of existence in Memphis has been a great aid to business, has in a round-about way kept the equivalent of two average business houses in operation.

For example, let us take a few figures and try a slight bit of manipulation to show just how the camp is a financial asset to the city.

A total of 192 men are enrollees at the camp, each receiving \$8 per month. Some of these men receive an additional \$22 each, since they have families living in Memphis.

This means then that the \$8 per month income brings to the city \$1,536, and the additional \$22 per month per man brings in another \$1,100, or a total of \$2,636.

Not included in the amount above is the additional buying power which is given to CCC men with families by the recently-inaugurated food stamp plan. This means that the 50 families are able to buy the food stamps, and thus purchase from Memphis merchants one and one-half times as much food.

This figure of \$2,636 does not include the salaries of the four officers in charge and the 12 soil conservation experts who are employed at the camp. Each of these men receives an approximate salary of \$175 per month, taking the average of the entire group. And their salaries will bring in another \$2,800, bringing our total now to \$5,436.

Now the \$5,436 per month in salaries alone does not, of course, include what money is expended by the camp itself for supplies each month. No figures are available for this expenditure, but the amount will surely be at least \$1,500 which would bring our total now to about \$7,000.

Practically all this money is spent right here in Memphis—\$7,000 a month. And \$7,000 a month is probably more than the average gross receipts each month of two average business houses in Memphis.

But that is only one aspect of the loss Memphis will feel when the camp moves.

The second loss will be in the work done in soil erosion control by the camp. The soil conservation office there will naturally be closed when the camp moves, since the soil experts must have men to do the work they outline.

A large number of farmers in Hall County have received the benefits of the conservation advice and work done by members of the camp as directed by the soil experts. Soil erosion control in the county has been a great help to many farmers who have been unable to cope with nature in preserving their land.

Authorities have pointed out that all possible conservation work would not be done by members of the camp and the conservation office—that was not the original purpose. The purpose of the soil office was to demonstrate to all farmers how erosion control can aid them by actually showing the value of the work on a limited number of farms.

Members of the local conservation office have stated that not nearly all of the work which could be done has been done. There still remains sufficient soil erosion control work to keep the men busy for a number of years.

Still another loss by removal of the camp will be in the educational value. The camp contains a number of extremely talented men, and some of the men have wives and children who are also talented in certain fields. Some are musicians, some are experts in gardening and landscaping, others are excellent wood carvers as has been shown in some of their work, and still others are amateur geologists and have made some interesting discoveries in rock formations while working with the soil conservation crews.

But it seems that, despite all these losses which Memphis will suffer, the camp is to be moved. The national director of the camps has made such an announcement, the reason being that the budget appropriation for CCC camps is very likely to be cut. Memphis' camp was chosen, it has been pointed out, because it is one of the older ones now in existence, and has done more work than many others. The others, which have not yet carried out their purpose to the limit, are to be left in preference to the camp in Memphis.

A large majority of Memphians hate to see the camp leave, and civic leaders are now making an attempt to retain the camp. What will be the outcome of their attempts is not known, of course, but it is known that Memphis and its citizens, as well as the citizens of surrounding communities, will feel the loss in a large number of ways.

CULLED FROM THE DEMOCRAT'S EXCHANGES

Smoke Story

Ed Bishop in the Dalhart Texan: Well, it seems that my advice to prospective mothers about smoking is going to get me smoked out. It's the same old argument about women smoking, "the men smoke, why shouldn't the women?" And I guess that angle is pretty hard to answer. But men don't have babies, even though some of us talk as though we are the whole show.

Styles

Floyd County Hesperian: Up Nawth, for instance, they are amazed that there should be anything like styling or tailoring in work clothes. Down Texas way you peddle style and quality and that "dressed up" appearance right on through to the jumpers and even to the Levis. Fashionably bovellegged, to fit the "natural curve" of your leg, says the make of one brand of britches made to stand the toughest kind of wear.

Farmers

"Irrigated Ike" in the Iowa Park Herald has the following to say after condemning a farmers' meeting which he said was only a political rally: A farmer is an independent individual, if he elects to be so. He's a peon if he elects to be so. He can work out a better program for himself than high collared politicians in Washington. Now, if any farmer has read this, an' he is mad as the devil,

WHAT IS MEANT BY COVERED EMPLOYMENT?

All employment except for certain specifically excluded types of work is covered under the old-age and survivors insurance provisions of the Social Security Act. For instance, cooks, maids, butlers, chauffeurs, and gardeners, who are employed by private families, are not covered. If these same workers should obtain jobs in hotels,

Scandal Mongers

The Canyon News: The most violent scandal mongers are those who profess to be a little better than the average run of citizens. The average citizen does not set himself as an example of godliness, and does not expect others to follow his example. He knows that he is human, and that he errs too often. The scandal monger thinks that he is holy because he does not indulge in the common sins, but at the same time does not hesitate to dynamite the character of every person with whom he does not agree.

Anti-Sadler

The Moore County News: Two years ago Jerry Sadler beat out an aged opponent and one almost incapable of making an active campaign for a place on the Texas Railroad Commission. He has excelled his opponent in physical energy only. For the rest he has distinguished himself for snuff dipping, unfairness to West Texas oil and gas producers, an extremely distasteful denunciation of

Other Disciples of Jesus

The International Uniform Sunday School Lesson for March 24. Text: Matthew 27:37; 28:6

BY WILLIAM E. GILROY, D.D. Editor of Advance

THE 12 Apostles were not the only active disciples who were near to Jesus in fellowship from day to day and who shared directly in His earthly mission. There were others in the background, who evidently had been greatly attracted to Jesus by His personality and teaching, and, perhaps even in these last experiences, by His calmness and dignity under persecution. Among these was Joseph of Arimathea, a wealthy man and a member of the Sanhedrin, the Jewish Council. We do not know much concerning Joseph. It is quite possible that his adherence to Jesus had come about through what he witnessed as a member of the Council.

At any rate, Joseph now came forward openly, at a time when it might have been really dangerous to do so, and asked that he might have the body of Jesus to give it burial. He laid the body in his own new tomb which he had hewn out of the rock; and, thus, Joseph and the tomb became honorably associated with what a great Christian leader has described as "the greatest event in history."

THIS "greatest event" was the Resurrection. The story of the Resurrection is full of mystery as it must inevitably be, for there cannot be a miracle without mystery. When one sees today the great conflict among stu-

Style Show Brings Out Creations For Spring Wear, Nets \$56 Profit

The latest style creations for morning, noon, and night for both men and women were shown last Thursday night as Memphis merchants displayed their ideas concerning what the well-dressed man and woman will be wearing this spring.

The style show, sponsored by the Federated Clubs of Memphis, was held as a portion of the Golden Jubilee celebration of the federation of women's clubs of Texas.

A total of \$73.95 was taken in at the show, netting a profit of \$56.30. Of this, \$25 was sent to the state headquarters to aid in maintenance of the federation, \$5 was given to the orchestra who played during the show, \$15 went into the bass horn fund at the high school, \$5 was given to the tree fund of the City Park, and \$6.30 went to the junior band.

Introduced at the show was Mrs. J. W. Walker of Plainville, a former Memphis resident, who is a candidate this year for the presidency of the state federation. Mrs. Walker made a brief address, pointing out work done by the state federation.

Conducting the show and reading the script as the various models marched across the gym floor was Mrs. R. S. Greene. Models were Memphis citizens.

Business houses displaying their merchandise were Popular Dry Goods, Greene Dry Goods, Rosenwasser's, Tarver's Drug Store, Harrison Hardware, Mary Joe's Shop, and Alexander and Ross Men's Shop.

Memphians Attend Childress Legion Auxiliary Banquet

The banquet honoring the 21st birthday anniversary of the American Legion given by the American Legion Auxiliary of the Cox-Furr post of Childress Friday evening was attended by approximately 125 guests from Wellington, Memphis, Tell, Kirkland, Pampa, and Childress.

Vocal selections by Miss Jane Hardin of Childress accompanied by Mrs. Tom Hardin, tap dances by Rosy Bates and Oneta Davis with Lucille Hix at the piano, an accordion number by Rayburn Jones of Memphis, novelty numbers by Miss Betty Blanton of Wellington, and group singing led by Mrs. C. E. Maddox of Wellington comprised the program.

A large birthday cake with 21 candles prepared by Mr. and Mrs. Frank Decker of Childress was served following the banquet.

Those attending from Memphis were Mr. and Mrs. Bryan Reynolds, Mr. and Mrs. J. E. Reheis, Mr. and Mrs. H. H. Lindsey, Mr. and Mrs. D. J. Morgensen, Mr. and Mrs. Louie Merrell, Mr. and Mrs. John Deaver, Mr. and Mrs. L. S. Ivey, Rayburn Jones, L. H. Stowe, J. E. Jones, Jess Dobbins, and T. W. Crisp.

Speech Arts Pupils Of Mrs. Harrison Present Recital

A recital of speech arts pupils was presented this week at the First Baptist Church by their teacher, Mrs. T. M. Harrison, assisted by a group of piano students from the class of Mrs. L. I. Madden.

The audience expressed their appreciation of the improvement made by the pupils as shown by their renditions.

The following speech arts pupils were presented: Patsy Goodnight, Mary Jo Watson, Jimmie Bowns, Martha A. Wattenbarger, Carroll Foxhall, Gena Mae Devin, Gloria Howard, Harold Foxhall, Laura Houston, Orrin How, Fletcher Bowns, Mary McCollum, Creed Lamb, Mary Evans, Peggy Davenport, M. L. Evans, Martha L. Godfrey, Gladys Bowns, Jack Hightower, Martha Allen, and Peggy Walker.

The music pupils assisting in the recital were Betty Ruth Byrd, Diane Meacham, Lois Wines, Martha Lynn Godfrey, Ann Norman, Mary Ruth Johnson, Melva Lou Jameson, Louise Rogers, Sue Anne Roberts, Jane Hicks, Rayburn Jones, and Barbara Blanks.

Miss Agnes Hayes Entertains With '42' Party at Home

Miss Agnes Hayes entertained with five tables of "42" in her home last Wednesday evening.

Mrs. Orville Goodpasture won high score for the evening and Cordell Goodpasture received low.

After several games of "42," refreshments were served to Mr. and Mrs. Level Childress, Mr. and Mrs. Cordell Goodpasture, Mr. and Mrs. Albert Payne, Mr. and Mrs. Bob Ayers, Mr. and Mrs. J. G. Goodpasture, Mr. and Mrs. J. G. Burrow, Mrs. and Mrs. Winfred Swift, Mrs. Dora McCoy, Stanley Hefley, Ozela Mitchell, Webb Brewer, L. A. Barton of Pampa, Josh Lamb, and the hostess.

Collegiate Swing Seen in Men's Easter Styles

Styled for Easter wear are these young men's suits and hats in collegiate fashion. Snappy plaids so popular with undergraduates have come off the campus to outdistance the ever popular chalk stripe, appearing even in conservative every day suits like one at left. Spring topcoats show strong designs as in single-breasted bold herringbone at right. Snap in the new topper is provided by saddle-stitched felt, above, with ostrich plume, or by pugree band of pleated silk worn on lightweight "telescope" felt, below.

Morrison Youth Is Given Birthday Party, Luncheon

Mr. and Mrs. J. D. Morrison honored their son, J. D. Jr., on his birthday anniversary last Sunday with a luncheon.

The afternoon was spent taking pictures.

Those present were Jo Prater, Earl Foster, Norene Morrison, L. A. Lester, June Edmondson, Jim Moore, Doris Morrison, Jack Pyeat, Mr. and Mrs. Lewis Lester, Mr. and Mrs. J. H. Knightster, Mr. and Mrs. J. D. Morrison, and the honoree.

Three Classes of Baptist Church Are Given Dinner

A banquet was given for the three 12-year-old classes of the First Baptist Church Sunday School Friday evening by their teachers, Mrs. Ottilie Jones, Mrs. Lynn B. Jones, and Mrs. Claud Harris.

Robert Harvey was the toastmaster for the evening. Benny Godfrey gave the invocation.

The menu was tomato cocktail, baked chicken and dressing, giblet gravy, potato salad, pickles, coleslaw, and pie.

The program was as follows: Piano selections by Laura Mae Hightower; reading by Charlene Crow; solo by June Joyce; Mrs. Sam J. Hamilton was the guest speaker for the evening and discussed the "Origination of Easter."

Mesdames Ottilie Jones, Jack Joyce, and Leon Randolph served the banquet.

Plaska Needle Club Meets in Home of Mrs. Troy Dunn

The Plaska Needle Club met Tuesday afternoon with Mrs. Troy Dunn as hostess.

The afternoon was spent in quilting and in doing other needle work. Sixteen members and five visitors were present. A brief business session, at which the president, Mrs. C. H. Riddle, presided, was held. The club adjourned to meet with Mrs. Blufford Burnett March 26.

Vegetable Laxative Makes Happy Friends

Here's a laxative that usually acts thoroughly as harsher ones but is a gentle persuader for intestines when used this way: A quarter to a half-teaspoonful of spicy, aromatic BLACK-DRAUGHT on your tongue tonight; a drink of water. There's usually time for a good night's rest, with a gentle, thorough action next morning relieving constipation's headaches, biliousness, sour stomach, bad breath.

BLACK-DRAUGHT is a splendid combination of vegetable ingredients, chief of which is an "intestinal tonic-laxative" that helps impart tone to lax bowel muscles. It's economical. 25 to 40 doses. 25c.

Dinner Climaxes Year's Program Of Presbyterians

A dinner and program climaxing the end of a year's work was given by members of the First Presbyterian Church Monday night at the church.

The main speaker of the evening was John Deaver, who discussed "Home Missions." Rev. E. C. Cargill gave a review of the year's work and also acted as program chairman. The devotional, "Women in Foreign Missions," was given by Mrs. Park Chamberlain; a quartet of S. S. Montgomery, T. E. Noel, A. W. P. Rogers, and Dr. M. McNeely, sang two numbers, accompanied by Mrs. Forrest Power.

Reports of the year's work were given by George Sager, Mrs. Elizabeth Johnston, Mrs. E. C. Cargill, Miss Melrose Henderson, T. E. Noel, Durwood McCool, Dr. M. McNeely, and S. S. Montgomery. Approximately 85 members attended the dinner and program.

Locals and Personals

Dr. O. R. Goodall left Thursday of last week for a visit in Dallas and other points. Mrs. Goodall, who has been in Dallas for the past six weeks, will return home with him.

Mr. and Mrs. Tom Isham, Miss Frances Anthony, and Miss Mae Anthony saw "Gone With the Wind" in Childress Saturday.

Mrs. D. L. C. Kinard and son, Dwight, and Mrs. Henderson Smith and son, Harold, attended the show, "Gone With the Wind," in Childress Saturday.

Mrs. Al Burks spent the week-end with her parents in Lubbock.

Girls Are Advised To Build Up For Relief

Lack of knowledge causes many a weak, undernourished girl a lot of suffering!

Many others, however, know how the headaches, nervousness, cramp-like pain of functional dysmenorrhea due to malnutrition are helped by the proper use of CARDUI.

Some take it a few days before and during "the time," to help ease periodic distress. But CARDUI's principal use is to help increase appetite; stimulate the flow of gastric juice; so aid digestion, assist in building up physical resistance and thus help reduce periodical distress. Women have used CARDUI for over 50 years.

Easter Dinner

HAM and lamb, they rhyme, but each spells Easter dinner. Leg o' lamb or a beautifully garnished whole ham have become traditional as the center of the Easter Sunday dinner table and in the following menu, either may be fitted without disturbing the rest of the menu or upsetting the appropriate color scheme of green and gold. So here is the menu, but the choice of the meat course is yours.

- Easter Dinner**
- Cream of Corn Soup with Minced Parsley
 - Cheese Sticks
 - Celery Curls
 - Green Olives
 - Baked Ham or Roast Lamb
 - Broiled Apricots and Pineapple en Brochette
 - New Potatoes
 - Green Pear
 - Golden Orange Salad
 - Mint Ice Cream
 - Cookies
 - Coffee

The modern electric range can play a big role in making this very good dinner an exceptionally easy one to prepare.

To begin with there is the cream of corn soup. Put all the ingredients together and cook them slowly in the deep well cooker, with switch turned to low. The flavors will blend with no danger of scorching or boiling over, and no necessity for watching.

Then there is the roast. Let us say you have chosen a whole ham—baked ham is really a roast, you know—and it will bake in your modern electric range while you are at church. You need never give it a thought, even if you linger awhile in the Easter parade.

Easter Baked Ham

Place ham on a rack in an open roasting pan with the fat side up. Turn switch to bake with electric oven control set at 300°. The ham may be placed in a cold oven or preheated to 300°. It will take about 2 minutes more per pound for the cold oven start. About 5 minutes more per pound should be allowed if the ham is taken directly from the refrigerator. Allow twenty to twenty-five minutes per pound for baking. About thirty minutes before the ham is done remove rind (if any) and score fat in diamonds. Outline diamonds with dried apricots cut in slivers. Drip honey over the fat surface and return to the oven to brown.

Garnish platter with Broiled Apricot and Pineapple en Brochette. To make—slip on a wooden skewer first a dried apricot, which has been soaked until soft, then a piece of pineapple, an apricot, and so on until the skewer is filled. Place on the broiler rack of the modern electric range, turning until brown on all sides.

And last but not least, the surface units of your modern electric range conserve all the food value, flavor, and color of those springtime favorites—new potatoes and green peas. It is economical of fuel, too, because for ten or fifteen minutes of the cooking time the current is turned off.

Rapid Progress on City Park Being Made, Says Board

CCC Camp Donates 300 Pieces of Shrubbery to Be Planted Within Few Days

Rapid progress is being made in the development of the new Memphis City Park, according to members of the Park Board.

Recently the board was presented with 300 pieces of shrubbery by the local Veterans CCC camp and will be planted within the next few days. This shrubbery consists of red cedars, desert willows, catalpas, Russian olive, Virginia creeper, lilacs, and wild grape. The presentation was made by Ralph Bennett of the SCS division of the camp. One hundred kudzu vines have been acquired and will be planted in the new park. Weeping willows have been donated by A. Womack and S. F. Biggers.

The Federated Women's Clubs of Memphis donated \$5 toward purchasing shrubs for the park, it has been announced, the money being derived from funds raised at the style show presented last Thursday evening. Another donation of \$2.50 came from members of the local chapter of the Sub-Deb Club.

An application has been made, according to park board members, for a lighting system for the park. It is the plan of the board to install ten lights at advantageous points in the park. This system will be operated on the same circuit as the city street lights and will remain on the same length of time each night as the street lights.

Board members urge that institutions wishing to sponsor picnic units in the park get in touch with them at once. The labor for constructing these units will be furnished through the facilities of the NYA, and the sponsoring institution will furnish the necessary material. These materials will be largely cement and sand, since rock is easily found nearby. However, it was pointed out, the sponsoring institution will get permission to use the rock and the NYA will haul it to the park. The First National Bank of Memphis has agreed to sponsor and build one of these units. The Rotary club and other similar organizations in the city are taking plans to sponsor units under advisement.

Another idea still in the formative stage is the construction of an amphitheatre, with the seating capacity of 2,500 people, for the

All Quiet Here—But Goods of War Pass Through City

Memphis may not be in the war zone, but about 30 coal cars of war materials passed through here last Friday afternoon on the Fort Worth and Denver railroad.

The material, labeled as "Bloom," was shipped from Colorado, and was headed for New Orleans. Its destination from there was just "somewhere," as far as J. J. McMickin, local depot agent, knows.

"Bloom," according to a standard dictionary, is a mass of iron or steel, and can possibly be a mass of scrap iron.

The material on the cars which passed through Memphis was about 10 inches square and four feet long, Mr. McMickin said.

PLASKA

By MRS. JOHN SMITH

A large crowd attended the singing Friday night. We still invite all singers to come and be with us on Friday nights, and the second and fourth Sunday afternoons.

REA Pole-Setting Crew Begins Work

The pole setting machinery of the Oman Construction Company, which is in charge of the extension to the Hall County Electric Co-op line, arrived the latter part of last week, and setting of the poles was begun Monday.

The tamping crew, which will follow behind the pole-setting crew, to straighten the poles and pack the ground around them, is scheduled to arrive sometime this week, although the men had not arrived Wednesday.

Work was delayed the first of this week when the pole-setting machine was temporarily broken, but it was soon repaired and work continued.

Durham-Jones Run Educational Ads

In this issue of The Democrat, the Durham-Jones Pharmacy of this city begins a series of 12 ads to be run each week for the next three months.

N. W. Durham and Oren Jones, owners and managers of the store point out that these ads feature their prescription business and are being published as an educational feature stressing the importance of carefully compounding prescriptions and the use of better quality drugs.

These local druggists state that the responsibility of a druggist is as great as that of the doctor, and that the accurate filling of prescriptions is just as important to the cure as the administration of the treatment.

Mr. Jones and Mr. Durham, owners and managers of the store, invite you to turn to the first ad which appears in this issue, and to follow the series as they appear each week.

County Officers Attending Meeting

Three Hall County commissioners, Tracy Davis, Butler Morrison and Burt Bell, are attending the West Texas County Judges and Commissioners Association meeting in San Angelo today (Thursday), Friday and Saturday.

Judge M. O. Goodpasture and Commissioner Roy Russell will attend the state meeting of judges and commissioners in Houston early in April. Before attending this session, Judge Goodpasture will speak before a group of highway workers and engineers at a short course at Texas A. & M. at College Station, April 9.

Resident's Father Dies in Louisiana

T. P. Germany, father of Mrs. Mary Owens of Memphis, died at his home in Glenmore, La., late Monday night. Funeral services were probably held Wednesday afternoon, although the exact time of the rites were not learned here.

Mrs. Owens and her daughter, Brooxie, left Tuesday morning for Glenmore for the funeral services.

Mr. Germany is well-known in Memphis, since he lived for a number of years in the Quail community. He moved from there to Vernon, and has been living in Louisiana for about 15 years.

Boy Scout Court of Honor Will Be Held Here April 25

Scouts Urged to Contact Men in Charge of Merit Badges for Advice and Aid

A Boy Scout Court of Honor has been announced for Thursday night, April 25, according to T. H. Deaver, advancement chairman of District No. 5, who states that he expects several advancements in rank, and applications for merit badges from the three Memphis troops at that time.

In making this announcement, Mr. Deaver also announced the local merit badge counselors and urged that scouts contemplating receiving these badges at the April 25 court of honor contact these men for advice and aid in passing the tests required. The list Mr. Deaver released consists of the following:

Athletics, A. B. Murphy; aviation, Ed Foxhall; camping, Mack Wilson; civics, W. B. Dees; first aid, Frank Houston; pathfinding, W. V. Coursey; personal health and physical development, Noah Cunningham; pioneering, H. B. Hill Jr.; safety, Frank Houston.

Marksmanship and automobile, C. S. Compton; woodwork, D. L. C. Kinard; carpentry and woodcraft, Gene Barnett; music, G. W. Johnson; leathercraft, James Norman; farming, W. B. Hooser; archery, A. C. Grundy; and cycling, Carl Harrison.

Counselors for merit badges in cooking, life saving, swimming, and handicraft were not appointed, explained Mr. Deaver, because of the difficulty in finding a location to practice the requirements or the specialized equipment necessary to conduct the required tests. However, Mr. Deaver pointed out, these tests are given each summer at the Adobe Walls Council camp and boys wishing to do so may pass these tests at that time.

He also urged scouts to contact Mack Wilson concerning the stamp-saving plan by which they might save money for the camp through facilities provided by the council.

H. D. Stringer attended court in Clarendon Monday.

Mr. and Mrs. John Ward of Swenson spent the week-end with her parents, Mr. and Mrs. John Barber.

Miss Joyce Craven of Lubbock is spending a few days with Mr. and Mrs. Gene Barnett. George Greenhaw was in Pampa on business Tuesday.
