LISTEN TO YOUR MOTOR

Shut your ears to claims. Instead, compare gasolines in your car. Note which gasoline gives easiest tarting, best acceleration. Observe which provides greatest flexibility. Listen for silent action on straight-aways, for telltale knocks on hills and heavy pulls. Finally, carefully check your speedometer for mileage

That's the way to judge-by results! And you'll certainly see and feel that difference with your first tankful of Phillips 66 Poly Gas.

This sensational new-type motor fuel quickly demonstrates its finer any intelligent motorist. It delivers extra power, pick-up, and mileage, because every gallon contains the extra energy units added by the patented POLYmerization process, without extra color

This plus-performance is protected and guaranteed against changes in weather, because Phillips 66 Poly Gas is 100% custom-tailored, without

Why not discover what this outstanding gasoline will do in your motor? Just keep an eye out for the Orange and Black 66 Shield. That's the place to get Phillips 66 Poly Gas, without extra cost.

This then is the day of the year on which tising, while it makes possible the you can learn the most about your hospital.

Why is National Hospital Day observed on May 12? That question is answered easily and convincingly, too. On May 12, 1820, Florence Nightingale was born. Florence Nightingale is immortal for her contribution to the elevation and development of nursing, but her work for the improvement of hospitals was just as important. So when a "day" for hospitals was suggested there was universal approval of the selection of May 12 since this date honored a person outstanding in the annals of hospital management passed the House of Representaas well as a person to whom every nurse pays de-
