CHILD DROWNS NEAR MEMPHIS LAST SUNDAY

Douglas Hines Is Buried Monday In Lakeview Cemetery

Douglas Wayne Hines, the 15-month-old son of Mr. and Mrs. Homer Hines, was drowned Sunday afternoon at 4 o'clock, when he fell in a water tank at the home of his grandfather, W. M. Nunnelle, three and one-half miles west of Memphis.

Douglas Wayne and several other children were playing in the yard and he wandered away from the others. When they discovered he was missing, they started a search and found that he had fallen in the tank.

Mr. and Mrs. Hines live one and one-half miles south of E.H., moving there in July from Blue Ridge.

Funeral services were held Monday afternoon at four o'clock at King's Chapel with Rev. E. L. Yeats officiating. Burial was in Lakeview cemetery.

Survivors are: his parents, one sister, Lois Jean, one brother, Dewey Glyn and these grandsons, Mr. and Mrs. W. M. Nunnelle and Mr. and Mrs. W. N. Hines of Blue, Oklahoma.

Funeral services were held Monday afternoon at four o'clock at King's Chapel with Rev. E. L. Yeats officiating.

Kay was born July 18, 1938, and is survived by her parents, Mr. and Mrs. J. D. Spray, her brother, Ira Berry and her sister, Barbara Jean Ashford.

Funeral services were held Monday afternoon at four o'clock at King's Chapel with Rev. E. L. Yeats officiating.

Feed Payment Rates Announced By AAA Chairman

Payment To Be Made By Draft Direct To Producer By County AAA

Rates of payments which will be made to Hall County dairymen delivering whole milk and butterfat, to offset increases in dairy feed costs since September 1942 were recently announced according to information received by the county AAA office said James B. Smith, chairman, AAA committee. Payments will be made at the rate of 40 cents a hundredweight for whole milk and 5 cents a pound on butterfat. Payments on sales of butter will be made at 80 per cent of the rate on butterfat.

Payment will be made by draft direct to the producer by the county AAA committee for the county in which the producer's farm is located upon the submission of satisfactory evidence of the quantity of milk or butterfat sold. For dairy producers selling whole milk to cooperative associations milk distributors etc.; the statement normally furnished the producers will constitute satisfactory evidence provided it shows the quantity of whole milk delivered. The receipts furnished by creameries for butterfat will be accepted as satisfactory evidence.

Application for payment on October milk and butterfat deliveries should be made to the County AAA Committee between November 1 and 10, in the local AAA office where assistance will be available for preparing them.

Payments for October will be made early in November and payments for November and December will be made early in January according to Smith.

War Chest Drive Is Over Half Quota

Carl Harrison, chairman, and George Thompson Jr., treasurer, announced today that they are well pleased with the results of the United War Chest of Texas drive, so far. A total of \$3,371.63 has been turned in, in the county.

Of the quota of \$5,374 assigned to Hall County, these figures are over the half-way mark. The drive opened here October 25 and is to close November 5, leaving a little over two thousand dollars to be donated before then.

Thursday morning, workers in Memphis had turned in \$2,563.37. This includes all teams except one; however, not all returns are complete.

Turkey has turned in \$650 of their quota of \$750 and a few other communities over the county have turned in \$158.26. Very few rural communities have made a report, it was stated.

Legion Auxiliary To Sell Poppies Here Saturday

Poppy Chairman Urges Sales In Honor Of American Veterans

Poppies by the hundreds blossomed forth at the American Legion home today as the women of the American Legion Auxiliary prepared the little memorial flowers for distribution Saturday November 6.

Boxes in which the poppies came from Legion, Texas, where they were made by disabled war veterans were opened by a corps of workers under the leadership of Mrs. Otis Jones Poppy chairman. The flowers were sorted counted and arranged in bunches ready for the women who will offer them for sale on the streets Saturday to be worn in honor of the men who have given their lives for America.

"Each poppy has individuality, being individually made by some veteran too badly disabled to do other work," Mrs. Jones explained. "Into each flower goes the sentiment of these men for the comrades they left in France. Each symbolizes beautifully the supreme sacrifice which has again become necessary to maintain America's freedom and democracy.

In exchange for the poppies the Auxiliary will ask contributions for its welfare work among disabled war veterans, their families and the families of the dead. These contributions form the chief sources of support for this work which is carried out on an extensive scale throughout the year.

With the Legion and Auxiliary now extending their aid to the disabled and dependent families of the present war, increased funds will be needed during the coming year.

House Burns On Robertson Street

Fire of undetermined origin partially destroyed the frame house at 1020 Robertson Wednesday morning about 1:30.

The dwelling belongs to Mrs. Coleman White, who is out of town. She had rented part of it to J. B. McWhorter and he awoke early Wednesday morning and discovered the fire. The front part of the house is badly burned and the back part is considerably damaged by smoke.

The house was partially covered by insurance.

Members of the American Legion and Texas State Guard have plans completed for the Armistice Day program next Thursday, it was announced today by Capt. Allen Grundy of the Guard and W. C. Davis, post commander of the Legion.

A parade in which the band, Legionnaires and members of the Guard will participate, will start at Tenth street and continue around the square.

Following the parade, beginning at 10 o'clock, a short program will be held on the west side of the court house lawn. At 10:30 a. m. to 12:00 noon, the American Legion announces.

For one minute at 11 o'clock, a silent prayer will be offered in memory of those who have lost their lives in the Great War.

A special number, composed of a group of singers from the Childress Bombardier school will be given.

Capt. Grundy of the Texas State Guard and past post commander of the American Legion will deliver an appropriate message for the occasion.

Officials announced that the public schools will be closed from 10:30 until 1 o'clock so the students may attend the program.

FIRST FREEZE ON OCTOBER 28

Though the middle of the day has been rather warm the past few weeks, the early mornings and evenings are letting Memphians know that "winter is just around the corner."

The first frost of the season occurred October 16 when a low of 32 degrees was registered, according to J. J. McMicken, local government weather observer.

Heavy frost and first ice seen was last Thursday morning, October 28, when 27 degrees was recorded.

The first frost got the cotton in the lowlands and the heavier frosts during the past week have stopped the putting on of more bolls. Boll pulling is at the peak now in the county, though many farmers are still short of help.

Educational Fund For Building Is Started By M. E.

Rev. E. L. Yeats Asking Members To Buy Bonds To Give To This Fund

What has been a dream for many years is becoming a reality to the members of the Methodist Church in Memphis—that of starting a fund for building of an Educational building.

In announcing the starting of this drive, Rev. E. L. Yeats, pastor, stated that this would not be a high-pressure campaign, but that every person who cares to buy a War Bond of any size and give to this fund, do so.

Approximately \$3000 worth of bonds have been bought and given to this fund in the past two weeks. The first bond was given in the name of Miss Tommy Noel and Gary Tarver in memory of Pat Noel. Other donors are: J. C. Wells, Tarver Drug, J. E. Roper, H. L. Selby, Dickey-Dial in memory of Mrs. W. P. Dial, C. W. Broome, C. C. Hodges, Mrs. Geo. Payne, C. C. Meacham, T. M. Potts and Wesleyan Guild.

"No definite plans have been made as to when this building will be started or just what kind it will be. This is simply the best way I know to start this fund and now is the time to do it. When the ideal time comes for starting actual work on the structure, we will have the fund ready."

"For those who cannot buy a bond themselves I am suggesting that you and a few others who feel the same way buy a bond together and put it in this fund. All bonds, small or large, will be needed when work is started on this building," stated Yeats.

Funeral Services For Mrs. Bessie Blair Held Friday

Mrs. Blair Died In Local Hospital Last Wednesday; Interment In Fairview

Funeral services for Mrs. Bessie Blair, 39, were held at the Methodist church Friday, October 29 at 3:30, conducted by Rev. E. L. Yeats.

Mrs. Blair died in a local hospital Wednesday morning, October 27, from injuries said to have been received at the hands of her divorced husband, Barney Blair, Saturday afternoon about 4 o'clock.

She was born in Missouri July 22, 1904, and had been a resident of Memphis for about 25 years. At the time of her death she was employed in a local cafe.

Mrs. Blair was the mother of four children, all of whom survive. They are: Fern, Bobbie, Kathryn and Ruth. Other survivors are her father, Charley Armer who made his home with her, and a brother, Harold Armer of the U. S. Army, stationed in Boston, Mass.

Pall bearers were: Lafayette Pounds, Clinton Srygley, Frank Monzingo, L. O. Dennis, Lloyd Ward and Leon Montgomery.

Interment was in Fairview Cemetery by King's Mortuary.

Winning Team? CYCLONE WINS OVER EAGLES 12-0

By GENE ROBERTSON

The quarter ended with an 8 yard run by Vandeventer.

Second quarter: On the next play Sherley whacked off another 8 yards and then Miller down to the Eagle 20. Memphis fumbled the ball and Lakeview covered it.

The first play for the Eagles brought a 9 yard run through the line and put the Eagles away from the 20 yard penetration. The Eagles were held again and Neal got off a short wobble kick which kept the Cyclone in the Eagles' end of the field. The Cyclone was held for the first time and had to punt out; Sherley getting off a beautiful kick down to the Lakeview 20 and then taking possession of the ball again after holding the Eagles in a few short setbacks.

The first half ended with the ball in possession of the Cyclone on the Eagles 18 yard line with two downs to make about a yard.

Third quarter: Lakeview off to the Cyclone 20 and the ball was returned to the 32 before it went out of play. The Cyclone worked it all the way up to the 50 before they were forced to punt and the Eagles took over. By sheer good luck the Cyclone blocked another of Neal's punts and the Cyclone had possession of the ball on the Eagles 39 yard stripe. The first play caused Memphis to lose about four yards, but on the second down Miller took off around left end for a 20 yard run that looked like another Cyclone touchdown but the Eagles safety downed him on the 15 yard line. On the next play the Cyclone lost 15 yards, but Vandeventer made it back with a 25 yard run across the Eagles goal line, but he stepped out of bounds on the 4 yard line and the ball was put in play there (Continued on page eight)

Am inclosing one of the horrors of war. So you can see life from the other side. May look a little wild as the Sicilian method of taking photos is certainly not like our own.

Everyone should be sitting around the fire, late in the evening, this time of the year. Tell granddad we hear that Herbert Hoover will be our next president, for uncle Puggler to keep his shoes on.

What's happened to Uncle John? You've never mentioned him in your letters how about getting him to write me a line? Are all the women beating him pulling bolts this year?

Two stars, from Hollywood were here the other day Adolphe Menjou and Anna Lee. They put on a swell show and it was really nice seeing someone from the States.

Tell Aunt Ollas hello. I think of that finger continually. The new job is getting me down. I have to get up before everyone else so that I can take roll call but you know me early to bed and early to rise.

I guess that is about all I can say this time so I will stop to hear from you.

Yeah? Who says so!

THIS IS YOUNG MR. DOUBTING THOMAS, JR. He is a symbol, and stands for millions of motorists who want facts, not claims, about motor oil quality.

With all automobiles growing older and no new ones in sight, facts about oil quality have never been so important to car owners. That is why we briefly present these facts about a motor oil with a good name, which is backed by a great name.

Phillips offers a number of oils, in various grades to match varying demands and pocket-books. Of all these oils, we have specifically set one apart as our best. To make choice simple and easy for you, we frankly say that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to average motorists.

Play safe. Don't neglect either regular or seasonal draining and refilling. When you replace summer-thinned lubricant, or make the every-two-months recommended change, be sure to ask for Phillips 66 Motor Oil.

Kidneys Must Work Well-

For You To Feel Well

24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headache, dizziness, rheumatic pains, getting up at night, swelling.

Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

NEWS about boys in the Service

Cpl. Jack Holcomb writes his mother from Italy, probably, that he is enjoying life. He has been in service about 17 months, and has been awarded the good conduct ribbon and a campaign ribbon. He said the Red Cross keeps a register by states, and that he saw the names of four Hall County boys on the register—L. D. Messer, Chester Grimes, Thurman and Travis Pitts. Said he received two Democrats after he landed and surely did enjoy them. It is a beautiful country, with lots of pretty homes, but sleeping on rocks doesn't suit, he said.

Cpl. Walter Hill has written his parents, Mr. and Mrs. Wade Hill that he landed in Africa last March, and is now in Italy. He is in the signal corps.

Tom Wood, printer extraordinary for The Democrat until Uncle Sam called him into service last June, has already landed somewhere in England. He writes:

Dear Mr. Wells: I'm writing this from somewhere in England. Your office force seems to be pretty well scattered by now. I'm in good health, getting plenty to eat and wasn't seasick coming over, which was a surprise, for lots of fellows were sick most of the trip over.

Haven't seen The Democrat since before I left the States. I see now why your subscription list is so large, for the boys in service the paper is the only connection with the home town.

E. W. Gillenwater, son of Mrs. Violet Gillenwater, of the Naval Air Corps, is in Austin where he is attending the University of Texas.

Corp. W. H. Goodnight left Thursday after a visit here with his mother, Mrs. W. H. Goodnight. He is stationed at Luke Field, Ariz.

LIVESTOCK PRODUCERS EASILY CAN DETERMINE IF PERMIT IS NEEDED

Farmers and other producers of livestock may easily determine whether or not they are eligible to slaughter without a WFA permit or license and to consume meat without giving up ration points under a simplified procedure announced jointly today by the OPA and WFA. Chief points in the joint action, according to district OPA director Howard R. Ghosson, are as follows:

1. OPA changed its meat rationing regulations to simplify the requirements covering point free home consumption of meat by livestock producers.

2. WFA authorized an individual to slaughter for home consumption without a license or permit if he is entitled under OPA regulations to consume the meat point-free.

"We are attempting to make the requirements covering home-slaughter and point-free meat consumption as clear and simple as possible, both to aid the farmer and to conserve meat supplies for civilian and military use," the two agencies explained. "It is of the utmost importance that livestock producers understand who may and who may not slaughter without a license and consume meat point-free."

"Meat obtained from slaughtering on the farm provides a large segment of the population with its meat needs. Under wartime rationing, it is necessary to set limitations on the point-free consumption of this meat, in order that as much as possible may become a part of the total supply available for rationing."

"Farmers and others who produce livestock may, of course, continue to serve at their own table the meat they raise without giving up ration points. The simplified limitations make it clear, however, that those who are not bona fide producers of livestock are not entitled to eat more than their ration stamps will buy."

Under OPA revision a person may consume meat without giving up ration points only if: 1. He raised the livestock from birth or 2. He kept the livestock for a period of 60 days immediately before slaughter, or 3. The weight has increased at least 35 per cent between the time he acquires the livestock and the time of slaughter.

In all three instances, the raising of the livestock must take place on a farm or other place which the livestock producer operates. In addition, to be considered eligible to slaughter and consume meat point-free, a person must have resided more than six months of each year on a farm which he operates, or he must have visited the farm for the purpose of giving personal attention and supervision to the raising of the livestock on his premises for at least a third of the time during the period (one of those fore listed) on which he bases his claim to the right to consume the meat point-free.

If a person has his livestock custom-slaughtered, he must meet these same conditions, in order to get the meat from the slaughterer without giving up points. He also is required to give a certificate to the slaughterer containing the facts showing he is eligible to consume the meat point-free.

Farmers or other persons who raise livestock and meet the requirements covering home consumption of meat, may, of course, serve the meat point-free to those who eat at the table—including farm workers, Prisons, asylums, restaurants and other so-called "institutional users," however, are not permitted point-free use of the meat from livestock they raise.

These changes are expected to make it an easier matter for a producer of livestock to determine whether or not he may consume meat point-free. It is hoped that this understanding will protect supplies of meat for essential military and lend-lease needs by stopping diversion of meat from legitimate distribution channels.

At the same time, today's action will disturb as little as possible the established custom of livestock producers in slaughtering the meat they raise for home use.

The amount of meat a consumer may lend to another consumer, other than a consumer-producer, was limited to five pounds at any one time, the director said. In order to permit the continuation of the customary cattle-ring or slaughtering club operations, the privilege of making larger loans by one consumer-producer to another will be permitted. In the case of these larger loans, a time limit of six months has been fixed for the return of the loan.

MORE POWER!

WE CHEERED, when Uncle Sam called on industry to work 24 hours a day, seven days a week, UNTIL THE WAR IS WON!

Continuous production, you see, is nothing new to us. We've always worked that way. It's one big reason why we were prepared to serve the army training camps, the flying schools, and the new war plants in West Texas—all in addition to serving your home and business.

We are proud that our service to you has not suffered despite the unforeseen problems created by the war. We believe it is a credit to the American way of doing things... a tribute to the American system of free initiative and free enterprise.

The electric industry throughout the nation is providing power where it's needed when it's needed... MORE THAN THE COMBINED TOTAL OF ALL THE ENEMY NATIONS!

This is in contrast to claims by proponents of socialization who predicted an immediate and disastrous shortage of electric power. The proof is:

- Today, in time of America's greatest need, the country's electric operating companies are supplying over 90% of all the power commercially generated;
- Last year they paid \$510,000,000 in taxes, enough money to equip 2,400,000 soldiers or build 9,273 fighting planes;
- The average home now gets over TWICE as much electricity for its money as it did 15 years ago.

It represents American genius at its best. In little more than two generations electric systems owned by the public (through millions of small stockholders) have become indispensable in American homes AND IN AMERICA'S WAR EFFORT.

It has been possible because America's electric companies have been built and operated the American way—by good business management.

Humanity, Inc.

Humanity, Inc. . . . That in a measure tells the full story of
the United War Chest of Texas which has been developed
to meet the distortions, the suffering and sadness of war.

The new Texas corporation, representing the best thought
of leading Texans, came into being as the answer of the Lone
Star State to the needs of the war appeals services of our nation
and her allies around the globe.

In simple words, it means that the soldier boy from Mem-
phis, on a battlefield 10,000 miles from his favorite drugstore
corner will be more comfortable and reminded of the pleasures
of home through the services of the U. S. O.

That the merchant marine fighters in dungarees who are
winning the battles of the torpedo lanes may find restful sanc-
tuary after long months at sea.

That the people along the muddy Yangtze may look upon
their native soil and know that despite the Jap the earth of
China is still good, that from its richness comes endurance and
a national intolerance of violence.

That more thousands of the ragged skeleton-children of
Poland shall continue to find new homes in Iran and North
Africa.

That the Belgians whom Caesar himself called "the bravest
of all" may go on fighting.

The unconscious hangmen of Nazi Europe may
write in their beds and dream their own doom in the anger
of a people aroused.

All These and More.

National 4-H Achievement Week

November 6-14 has been set as National 4-H Achiev-
ement Week. All 4-H boys and girls work will be recognized
and given deserved praise.

Hall Countians can well be proud of the local unit for
many of the boys and girls have achieved state success and all
members have contributed toward the war effort. Through the
efforts and cooperation of W. B. Hooser, county agent, 4-H
boys and girls have produced an all time record in gardens,
meats and poultry.

The 1944 production job will be in all probability, more
difficult than was the 1943 job, but the youth of the nation
has proven that it can do its share and will continue to do so.

The nation's transit industry is saving 200 million bus
miles annually and has added the equivalent of 14,500 street

On both sides of the Atlantic the British War Relief
Society, a member agency of the National War Fund, supports
30 Merchant Navy Clubs. Through its activities among
civilians as well as members of the armed forces, British War
Relief gives help and comfort to at least ten million people
a year.

Patriotism always seems uncom-
fortable when clothed in words in-
stead of the more durable mater-
ial of action.—Matador Tribune.

It sure is funny how you can
change your point of view on some
things. Personally, I always
thought all little babies were red,
wrinkled and ugly. Despite this,
however, I always lied gracefully
and told the mamas and papas
that I thought the kids were pret-
ty and cute. Then along comes
the Sara last Thursday night—and
she is actually pretty. Even her
mother admits it. She looked her
over carefully, then turned and
said: "She don't look so bad, does
she?"—Hereford Brand.

A local woman stood looking
reverently at a bottle which she had
accidentally let fall to the sidewalk
where its contents made a widening
circle around the shattered
fragments of glass. "That's too
bad," she said, "there was at
least four pairs of tan hose in that
bottle."—Tulia Herald.

Zook Thomas had to go Temple
recently for a check-up. While
there he went through a hospital
where wounded and maimed men
from the African front were being
treated. He says that one look
will cure you of all desire to ar-
gue about giving to worthy
causes.—Wellington Leader.

When a tragic break comes, life
seems empty; but little by little
you realize that separations do not

affect relationships; they survive
every experience including death.
Peace dwells in your heart amid
hardships because you are sure
that love will persist and that re-
union here or hereafter is cer-
tain.—The Donley County Lead-

Is your car giving you some
starting trouble now, and does it
seem not to have the life and
pep which it once had? Possibility,
even probability, is that the type
of gasoline you are getting is
having something to do with this.
The War Production board is tel-
ling the people they can expect
the demand for the higher octane
gas to get more insistent from the
war-making machine and that the
kind of gasoline left for home
consumption will be lower and
lower in octane. Keeping your car
in condition thus will become not
only desirable but a practical ne-
cessity. The poorer the gas you
have available the better your car
will have to be to use it.—Floyd
County Hesperian.

What is the matter with our
so-called business and political
leaders who chant: "Capitalism
has one more chance," or "Private
enterprise has one more chance
after the war," or we will have a
totalitarian government? Do they
really believe what they say? If
so, they better not advertise their
panic.

We are fighting a war to pre-
serve freedom. We wouldn't be
licking the Axis if we would sur-
render the right to say and do
what we please, and raise our
families as we please, because
someone promised to fill our
stomachs.—Canyon News.

OUR GUIDING LIGHT

On an island in the harbor of
New York, the Statue of Liberty
stands as a symbol of America to
all who come and go by way of
this great city.

As from many American ports
our boys embark on transports
for the war fronts of the world,
perhaps this great bronze Goddess
provides them with a mental pic-
ture of the shining ideal of Free-
dom. On the lips of many of those
who come back may be framed
the question, "Where is this Lib-
erty we have fought for?"

In the name of freedom, we
must have an obligation that we
must discharge to our men in the
service. It is the obligation to keep
America American for them, so
that the symbol of American lib-
erty that greets them on their
return may not be just a symbol.

Let this be our guiding light.
Keep America the land of free-
dom—freedom of worship, free-
dom of speech, freedom from
want and fear—and freedom to
strive for success and—if we are
able, to succeed!

with fourth down and about a half yard to make. The first down was made and the quarter ended with third down coming up on the Eagles three yard line.

Fourth quarter: On the first play of the last period Shirley crashed over the line standing up for the second Cyclone touchdown, but failed to make the extra point. Memphis kicked off to Lakeview who, on the first down, tossed a 30 yard pass that was intercepted by Vandeventer. Memphis tried but was held and the Eagles took possession of the ball. The Eagles were held in turn and the Cyclone again threatened the goal line. With a few minutes to play, Shirley tossed a long pass to Billington down to the Lakeview 20. The Cyclone swung back and forth around the 20 and on fourth down the Lakeview safety intercepted a pass and brought it back to the 20. On the first play for the Eagles, they passed again but it was intercepted and the Cyclone started toward the red and black goal line once more, trying to run the score up another touchdown. The game ended after a 24 yard run by Hanvey which set the ball in scoring position on the Eagle's 12 yard line. Score at the end of the game: Memphis 12, Lakeview 0.

Statistics
Memphis made 10 first downs, to only 2 for Lakeview.
Out of 4 passes for the Cyclone, 1 was complete and 1 intercepted.

Three Generations Of Doctors Serve In Same Hospital During Forty Years

Out of 9 passes for the Eagles, 2 were complete and 2 intercepted.

Memphis punted 3 times for an average of 32 yards on each punt. The Eagles punted 4 times for an average of 12 yards due to the blocking of most punts.

The Cyclone gained 231 yards rushing and passing to the Eagle's 74.

WINFRED WILSON, M. D.

Announcement is made elsewhere in this issue of the change in management of the Memphis Hospital. Dr. and Mrs. W. Wilson will soon occupy the residence they recently bought from Mrs. James E. Bass on South 8th street, and which is now being remodeled.

Dr. Henry C. Wilson and family have moved to Memphis from Tyler where they have been for the past several years. They are occupying the hospital residence and he has taken full charge and management of the hospital.

The father, Dr. W. Wilson, states that he will continue to work and office at the hospital.

Some interesting history is connected with this hospital. Back in the early days, Dr. C. F. Wilson arrived in Memphis to practice medicine. He continued practice until about 1924 when he passed away.

The Wilson Sanitarium was established by Dr. C. F. in 1911 and operated until 1920 when he closed the sanitarium.

In March 1924, his son Dr. Winfred remodeled and reopened the building under the name it now bears—the Memphis Hospital, and he and his wife have been operating it since then.

"We have tried at all times to have a hospital that would render the very best service possible in a community like ours, and hope we have accomplished that purpose. We have been first in every development that came along, such as an X-ray machine, and other apparatus that efficient hospitals must have to serve a community properly," Dr. Winfred said.

Now comes Dr. Henry, the third Dr. Wilson to operate the same hospital. Three generations are represented in this history covering some 40 years.

NOTICE TO THE PUBLIC

All theater passes and walk-ins are forbidden by order of the Federal Revenue Collector. Please abide by same in order to save cashier the embarrassment of asking for admission and tax.

Children 5 years old must pay admission, which is taxable, and children 12 years old must pay adult admission. Children's ages are being checked with the school census.

Unless it is really necessary, do not ask to speak to someone in the theater; if it is necessary, ask the doorman to page the person for you. In other words, it is forbidden by order of the Revenue Collector for anyone, except employees, to enter the theater without paying admission.

"WHAT'S GOOD FOR A COLD?"

Yes, everyone has a "favorite" remedy, but the best counsel of all may be summed up in three words: "Call a Physician!" There are many kinds of "colds." And treatments vary greatly. The remedy that worked wonders for your neighbor may only aggravate yours. Don't take any chances! Get the advice of an expert—and do exactly as he says. Colds are dangerous. Head them off—promptly! Your Physician will write a prescription to meet your individual situation. We invite you to bring it here for filling.

Announcing Change In Management Of Memphis Hospital

Since March, 1924, Mrs. Huldah Wilson and I have operated the Memphis Hospital, and during that time we have endeavored to give the people of the community a hospital service second to none. We have added new equipment and apparatus all along to keep abreast and ahead of the times, thus enabling the hospital to be of real service to suffering humanity.

Now, the hospital is under full charge and management of Dr. Henry Wilson, who will endeavor to carry on and improve the service as time goes on.

I want to thank the public for past favors and confidence. I will continue to office and work in the hospital.
