Progress Made In Hall County Farm Program

With Friday the last scheduled day for signing up of work sheets in compliance with the Federal Soil Conservation and Domestic Allotment Act, a large majority of Hall County cotton producers have already signed government forms.

Although Friday, May 8, is the day that community farm agents will be held in Hall County for the signing of the forms, and feed producers have until May 16 to sign the work sheets.

However, County Agricultural Agent R. E. L. Pattillo stated, "The signing of the forms will align himself with the federal farm program at his earliest opportunity. We will be rushed in to get all of the complying names in, and filling out work sheets should be done immediately."

It has been pointed out by the farm agent and by state auditors that in order for a person to become qualified to participate in the federal subsidy program he must fill out a work sheet. The sheet may be signed at any time, but it will be a record of all crops and production during the past year. The county allotment on the

WAGON INJURES SALISBURY LAD

Jimmy Wayne Stewart, Age 2, Knocked Down, Run Over By Wagon Near City

Jimmy Wayne Stewart, two and a half year old son of Mr. and Mrs. Charlie Stewart, who reside six miles southeast of Memphis in the Salisbury community, miraculously escaped serious injury Monday morning of this week at about 11:30 o'clock when he was accidentally knocked down and run over by a wagon loaded with maize.

The accident occurred at the family home as the boy's father was preparing to unload a wagon of maize in his barn. He drove up to the barnyard gate, stopped the team and opened the gate.

The team of horses started up suddenly to go through the gate and knocked the Stewart lad under the wagon. A rear wheel ran over the boy's arm, bruising it painfully, although not breaking it. The boy sustained a severe scalp wound, which necessitated six stitches.

He was brought to a Memphis hospital, where he received medical treatment. The attending physician, Dr. O. R. Goodall, stated that he was not critically injured.

A Thought for Mother's Day

Mighty is the force of motherhood! It transforms all things by its vital heat; it turns timidity into fierce courage, and dreadless defiance into tremulous submission. . . . it makes selfishness become self-denial, and gives even to hard vanity the glance of admiring love. —George Eliot.

The picture is from the prize portrait, "My Mother," painted by Randolph La Salle Coates of Indianapolis, Ind. At several art exhibits it has been awarded first prize.

3,500 Jam Stadium Here To Witness 'The Land of Tejas,' School Pageant

Approximately 3,500 Hall County school students, school instructors, school patrons and citizens turned out for the staging of the gigantic Centennial Pageant at the Memphis Cyclone, Football Stadium Monday night of this week.

Fully 2,000 students from every school in Hall County were assembled at the football stadium here and took part in the colorful spectacle that commemorated Texas history and Texas early-day patriots.

The affair, most colossal presentation ever attempted in this county, was under the supervision of County School Superintendent Vera Topp Gilreath; and every city superintendent and teacher in the county assisted.

Scenes depicting Texas and Texans over a century ago were given by the various common and independent schools of the county; and Carroll Smyers, Memphis, assisted with announcements over the Memphis public address system.

One of the prime factors of the presentation was to raise funds to aid Memphis and Hall County's quota of school students to the Central Centennial Exposition in Dallas next June 13. About \$250 was netted from the pageant, and it will be necessary to raise \$1,000 more in order to send the county's

Thirty rental and parity checks were received the first part of the week, with slightly more than 800 checks from the special cotton exemption certificate pool arriving during the week.

The county agent's force was in Turkey on Friday of last week issuing farmers of that section their pool checks. A large percentage of the checks have been given out.

District T. R. C. Administrator Says That White Quota Camps Will Be Unlimited

Information has just been received by the district relief offices in Amarillo and Plainview to the effect that the enrollment period for Civilian Conservation Corps has been extended to include May 15, 1936.

Texas was successful in filling its entire quota in the recent April enrollment, but due to some of the western states' failure to fill their quotas, an additional allotment has been given Texas. A. W. Long, district administrator, stated that Texas apparently will have an unlimited quota of white enrollees who can qualify for the enrollment and a large quota of colored applicants.

Details have not yet been received by either district or county relief offices, but these should be out within the next few days. In

MEMPHIS CHURCHES TO LEAD IN OBSERVANCE OF MOTHER'S DAY

Sunday, May 10, is officially known over the entire nation as Mother's Day; and Sunday, May 10, is to be recognized in Memphis as the day for honoring those first sweethearts—the mothers.

Memphians, as well as citizens everywhere, will don red carnations in the event their mothers are living, as a tribute and as a recognition of the sweet, pure life she leads. Those whose mothers "have shed these mortal coils" will wear white carnations to signify the passing of a clean and noble life.

Mother's Day, like Easter and Christmas, is recognized as a day for church-going; and practically every Memphis church has planned fitting services in commemoration of Mother's Day. Pastors have announced topics suitable for the occasion, and the Baptist young men have announced that they will furnish all mothers with transportation to and from church.

Special Mother's Day services are also to be conducted at the Civilian Conservation Corps camp here, and the general public has been invited to attend at 2:30 p. m.

MARCILLE DICKSON AND HAROLD T. SITTON MARRY FRIDAY, MAY 1

A wedding, lovely in its quiet simplicity, was solemnized Friday afternoon at 5 o'clock, when Miss Marcille Dickson became the bride of Harold T. (Jack) Sitton. The ceremony took place at the home of the bride's parents, Mr. and Mrs. George R. Dickson, 1121 West Montgomery street, with only a few relatives and intimate friends present. Rev. Orion W. Carter, pastor of the First Methodist Church, read the beautiful ring ceremony under an arch from which hung the traditional wedding bells. On either side of the archway was an arrangement of white carnations, ferns and orange blossoms.

Pre-nuptial music was played by Miss Pauline Ross. She played "Love Sends a Little Gift of Roses" by John Openshaw, going into the strains of "Indian Love Call" by Rudolph Friml, which was played softly during the ceremony.

The bride, who entered alone to "The Bridal Chorus" from Lohengrin, was attractive wearing a slender blue crepe semi-tailored dress with white accessories. Her hair was a white off-face creation. Her flowers were a corsage of lavender and blue orchids, which she wore at her waist line.

Boyd Dickson, brother of the bride, the only attendant, entered with the groom.

Mrs. Sitton is the daughter of Mr. and Mrs. George R. Dickson of this city, and has been prominent in church and social life of Memphis. He has been on the news staff of The Memphis Democrat for two years, and is now a contract editor.

Immediately after the ceremony Mr. and Mrs. Sitton left on a short honeymoon trip. They are now at home at 1121 West Montgomery street.

Spring flowers furnished the attractive decorations for the home. At 2 o'clock a three-course dinner was served at round tables scattered with sweet peas in pastel shades. The May Day motif was used for the beautiful hand-painted place cards, marking places for Mr. and Mrs. C. W. Broune, Mr. and Mrs. Troy Broune, Mr. and Mrs. C. R. Webster, Mr. and Mrs. A. H. West Ward Pupils Present Birthday Program Friday

The pupils of West Ward put on a very effective program last Friday evening at the West Ward auditorium, celebrating the one hundredth birthday of Texas.

When the curtain arose Texas was seated on the throne with Uncle Sam standing at her right. The chorus, which was seated in the balcony, sang several Texas songs.

Representatives from various states entered, also singing, and as each one introduced their state a representative from that state entered.

Oklahoma was represented by a group of Indians who rendered a typical program of Indian life. The Montana cowboys contributed songs of the cowboy.

Florida presented a bevy of bathing beauties of pupils of the first and second grades. Mexico, by two famous dancers, Don Juan and Marquita, who were dressed in native costume and doing a Spanish dance.

California sent a group of sailors and marines, who captivated the audience with their songs and marching. From Virginia came the "Minuet" dancers in colonial costume, contributing their part to the occasion.

Texas was reminded at this point that she was not the only state that could boast of pickaninies when Carolina entered bringing her wicker in song.

The last state to send greetings was Iowa with her corn-buskers who for the next few minutes illustrated what the square dance is like. Texas expressed her appreciation to each state for making the party a success, and added that she had vast fields of bluebonnets. At this time five girls dressed in white frocks with blue bonnets, and five boys, also dressed in white with blue sashes did a "Bluebonnet Dance" very effectively.

The grand finale consisted of the entire cast on the stage, assisting the chorus in the balcony in singing, "Beautiful Texas," "Texas, Pride of the South," and "Star Spangled Banner."

Mrs. Joe Webster and son, J. C., of this city, and Mrs. Carlton Curry of Fort Worth were invited to visit their daughter and son-in-law, Mrs. Byron Baldwin, Mrs. O. K. Webb, teacher of the Bible study, who gave an excellent discussion of the book, Song of the Solomon. Closing prayer was given by Mrs. J. H. Smith.

Members present were: Mrs. Byron Baldwin, Mrs. J. H. Smith, Mrs. T. E. Garrett, Mrs. Gwynn Thompson, Mrs. Lloyd Phillips, Mrs. R. W. Carlton, Mrs. O. K. Webb, Mrs. John Harber, Mrs. G. H. Hattenbach, Mrs. Lee Thornton, Mrs. R. C. Housholder, Mrs. J. S. McMurtry, Mrs. I. G. Rags and Mrs. J. J. Wilson.

Mrs. E. A. Thomas returned home Tuesday from Fort Worth where she spent two weeks for medical treatment.

against the best any other low priced car can do!

Drive as many of the other low priced cars as you care to... particularly the other three leading "makes." Then take a "Discovery Drive" in a Terraplane. You will find very little difference in price for the model you want... but a big difference in what you get for what you pay.

JUDGE STYLE—Terraplane against the other three, with the only 1936 design that is entirely new.
CHECK SIZE AND ROOM—Full 115-inch wheelbase in Terraplane... up to 3 inches more than the other. And 145 cubic feet of inside space... more head room, leg room, seating room.
TEST EASE OF HANDLING—Something brand new here... Tru-Line Steering and Radial Safety Control, patent applied for. Exclusive in Terraplane.

TRY RIDING COMFORT—Terraplane's Rhythmic Ride, against the ride you get in any other low priced car.
CHECK PERFORMANCE—88 or 100 horsepower in a Terraplane... 3 to 9 more than any of the other three leaders. More power per ton, and smoothness no other low priced car approaches.

TEST BRAKES—Terraplane is the only low priced car with latest, finest hydraulics, and a separate safety braking system operating from the same brake pedal if ever needed. Plus a third braking system from the easy handling parking brake.
MEASURE SAFETY—Only Terraplane, of the leading four, has a body all of steel with solid, seamless steel roof.
COMPARE ECONOMY—Terraplane averaged 23.95 miles per gallon in the Los Angeles-Yosemite Economy Run, with 5 passengers and baggage—with no coasting.
CONSIDER RUGGEDNESS—We'll show you owner records of 125,000, 150,000 miles and up. Ask any other low priced car to match them.

FLUSH OUT 15 MILES OF KIDNEY TUBES

Medical authorities agree that your kidneys contain 15 Miles of tiny tubes or filters which help to purify the blood and keep you healthy. If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 Miles of kidney tubes may need flushing out. This danger signal may be the beginning of nagging backache, leg pain, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

If kidneys don't empty 2 pints a day and so get rid of more than 3 pounds of waste, poisonous matter may develop, causing serious trouble. Don't wait. Ask your druggist for Doan's Pills, which have been used successfully by millions of people for over 40 years. They give happy relief and will help to flush out the 15 Miles of kidney tubes. Get Doan's Pills at your druggist.

Eat up distance, but not your bearings
Get alloyed oil . . . and you'll get the difference

Ask your wife. The least little heat makes smoke out of some of the oily substances she puts in her frying pan. They vanish double quick, while others stay put.

That's the sort of difference your hilliest hot-weather drive will show you in Germ Processed, the alloyed oil. Patented.

It not only stays up around "Full," but stays right up in every working surface of your engine. Yes, the pistons, cylinders, valve gear, and any types of bearings ever used, can really take in this alloyed oil. You might say they become lastingly, smoothly "oil-glazed."

And you can see that this added sleek oil-surfacing, together with the high-durability Germ Processed oil-film, easily doubles your guard against summer grief. Now when you want to go farthest fastest, get Conoco Germ Processed oil—the alloyed oil. Continental Oil Company.

THE FOLK FESTIVAL

PLANS FOR HOLDING the Upper Red River Valley folk festival in Memphis Monday night, May 18, are being completed and a number of towns and counties in the section have already signified their willingness and intention to take part in the event.

The purpose of the sectional festival to be held here is that judges may select the best number and have it presented in the National Folk Festival at the Centennial Exposition in Dallas during the week of June 14-20.

Numerous sectional festivals are being held over the state, and folk songs, dances, plays, and other folk expression will be chosen for the national event from among the many presentations.

The event in Memphis, if carried out as the leaders plan, will be one of the most entertaining and inspiring events of the year, and should be attended by every man, woman and child in the entire area. The town or community winning the judges' decision will have the privilege of spending a week at the centennial and putting on the winning number daily, thus giving that town or community much favorable publicity.

The Memphis folk festival committee is asking for full cooperation of all civic, business and social forces of the community in making the festival the best of any region in Texas.

NATIONAL HOSPITAL DAY

TUESDAY, MAY 12, is National Hospital Day. It has been so designated throughout the United States. People of the community should take advantage of the invitation extended to visit the hospitals on that day and learn first hand what a noble work these institutions are performing for suffering mankind.

The following is taken from a leading magazine, and gives a very interesting history of the beginning of hospital work:

In the year 1854, Florence Nightingale, profoundly stirred by reports of the suffering and misery of the sick and wounded soldiers of the Crimean War, packed her things and set sail for the war zone.

There, this brave woman brought mercy to more than 10,000 suffering men. To these stricken soldiers, she was an angel. To the officials who had permitted their misery, she was a fury. She worked, she fought, she administered, she commanded. And in a few short months, she had miraculously brought order out of chaos, substituted comfort for horror.

When peace brought quiet again to the Crimea, Florence Nightingale fought on. She established nursing homes, and became the mother of modern nursing. She crusaded not only for better military hospital conditions, but for better hospitals everywhere. Her name and her work have become a legend to those who devote their lives to healing the sick.

That's why, each year, the hospitals of America set aside her birthday, May 12, as National Hospital Day.

They've set aside this day to help you learn exactly what goes on inside a hospital, and the part the hospital plays in the welfare of your community.

YOUR HOME TOWN

A TOWN is the kind of town its citizens choose to make it.

What are you, Mr. Citizen, doing to make Memphis a better town?

The burden of keeping civic work going has been placed upon a few shoulders.

Every citizen should co-operate and then something worth while could be accomplished.

Why not have a mass meeting of all the citizens and discuss ways and means of improving business and civic conditions?

More could be said, but a hint should be sufficient.

Walter Hightower Talks Of Flowers

"Music is to the ear what flowers are to the eye," Walter Hightower, who operates the Hightower Greenhouse, told Rotarians at the weekly luncheon Tuesday. "Life is made up of what we see, feel and hear more than what we eat and wear."

"Flowers appeal to the higher side of man. If flowers were not intended to benefit mankind, God would not have made so many different kinds. When we get to where flowers do not appeal to us we are surely getting further away from heaven."

"Growing and selling flowers and nursery stock has become one of the most important industries, and the slogan 'Say it with flowers' means a lot for the unhappy, the sick, the happy, all get pleasure from beautiful flowers."

Mrs. Frank Decker of Childress visited her mother, Mrs. Fred Swift here yesterday.

Mrs. Alvin Massey and children, Roy Allen and Margaret Ann, have gone to Overton for a visit with her sister, Mrs. Arch Heiner. Alvin and Weldon Massey took them to Overton, going from there to Kilgore and Dallas. Weldon remained in Dallas for a few days.

Baylor people are doing the unusual this year—having a candidate speaking without a pie supporter.

W. H. Youngblood of Brice: "You'd be surprised to know that all our people buy their weekly supply of groceries from the merchants who list the prices of the various articles in their advertisements in The Democrat. The ads are carefully studied and a list is made before the family buyer starts for town. We also watch the columns of the paper for other advertised articles such as dry goods and the like."

There are many men in Memphis who could render valuable service to the community by giving some of their time to civic work. But they leave it up to the few who are public spirited enough to make a sacrifice of time and energy.

If Memphis is to be the kind of town it should be, some one must do a lot of foot and head work. This would be much easier done if more men will shoulder a part of the burden.

In the words of the old driver of the stage coach when the vehicle stuck in the mud. "If you can't push, and must ride, don't drag your feet."

Much can be accomplished if all will push.

M. M. Lewis, who lives several miles southwest of town: "Here's my dollar for The Democrat. I took the paper when you had it before; stopped it when you sold out; now want it again."

Many took advantage of The Democrat's special offer last week. The offer still holds good until the supply of Texas Centennial Maps is exhausted. Here is the offer: The Memphis Democrat for one year in Hall, Donley, Collingsworth and Childress Counties, a 14x17 picture of Will Rogers, and the Centennial Map which includes (1) a map of Texas; (2) counties and towns of Texas showing population and location; (3) map of the United States; (4) map of the world.

All these, worth \$5.00 at the regular price, are offered at only \$1.35. Subscribe at once.

The Democrat without the maps can be secured for \$1.00 in the four counties, and \$1.50 outside.
