County People Buy War Double Bond Quota for December

The sum of \$74,521 is a sizable amount of money in anybody's language. That amount, invested by county people in War Bonds and Stamps during the month of December, shows that they are doing their bit in the war effort and are helping to build a nice nest egg for the future when the Axis will have been reduced to a frazzle and things will be quiet and peaceful again.

By announcing the results from state headquarters, C. H. Shilling, County War Savings Director, said it is evident people of this county headed the plea for War Bonds for Christmas. Their purchases more than met the quota set for this month. The December quota was \$74,521.

Man Rushing expressed his opinion, although he has received an official report, that Department purchases in excess of the quota would just about meet the monthly quotas for the year.

School Hi-Y Reorganized

Reorganization of the Hi-Y club of Memphis High School was effected Wednesday under the leadership of Pershing Robertson, of Carl Taylor of Dallas, representative, who spent the day in the city. Robertson was elected president, Jim Deaver, vice president, William Clark, secretary, and William Hall, treasurer. Committee members named as follows: Prom Jim Deaver, Larry Grundy, Frank Hightower; membership, (Continued on page five)

Pictures of Local Women Appear in Flour Promotion

General Mills, makers of the nationally famous Gold Medal flour, has selected The Memphis Democrat as one of the few weekly newspapers in this area to carry a large, personalized advertising campaign on the flour and the popular Betty Crocker recipes. Several women of Memphis and vicinity, selected on account of their exceptional ability as cooks are cooperating in this campaign. These women are given certain baking recipes to test and then tell about the results. Their pictures will appear in the series of advertisements.

Dried Beans Are Victory Special

To encourage the use of beans in war time meal planning, the Department of Agriculture has designated dry edible beans as a Victory Food special from January 18 to 23. Increased civilian use of dried beans will help release other vital protein foods for the armed forces and lend-lease shipment. Local merchants are featuring dry edible beans in special sales during this week's Victory Food Special drive. Dry edible beans are a richly concentrated food, rich in vitamins and minerals, with higher fat and protein content than other common vegetables.

Rites for Norton Infant Conducted

Funeral rites for Billie Frances, infant daughter of Mr. and Mrs. Russell A. Norton, were conducted Tuesday afternoon at 5 o'clock at the home of the baby's grandparents, Mr. and Mrs. R. R. Thompson. Interment in the Fairview Cemetery was in charge of Womack Funeral Home. The infant was one month old having been born December 19 and died January 19.

Regional Worker YMCA Visits Here

Carl Taylor of Dallas, with the Southwestern Area YMCA, spent two days in Memphis in conference with Hi-Y boys of Memphis high school. Taylor appeared and spoke at Rotary luncheon Tuesday, and at the Lions club luncheon Wednesday. At both luncheons he stressed the older boys program, tying up with training with the war effort. Funds were raised in Memphis for Hi-Y work in Memphis, and Mr. Taylor expressed gratification for the cooperation and encouragement he received at the hands of the citizenship.

REPORT ON USO DRIVE IS GIVEN BY CHAIRMAN

Hall County Raises Total of \$1,208.57 For Service Groups

Reporting on the USO campaign in Hall County, Chairman Carl Harrison says a total of \$1,208.57 has been collected from outright donations, sale of junk and other sources. The quota assigned the county was \$1,250.00, the drive having fallen short so far by only \$41.43.

Contributions to the USO fund by communities were as follows the chairman reports: Brice, \$30.00; Hulver, \$59.41; Parnell, \$110.62; Salisbury, \$32.07; Ell, \$35.60; Lakeview, \$29.41; Letestine, \$71.89; Deeplake, \$12; Lesley, \$1.25; Turkey, \$33.00; Newlin, \$33.04; and Memphis, \$760.28.

More than \$200 of the Memphis contribution came from the junk pile collected on the corner of the court house square. Newlin's contribution also represented the efforts of school children in gathering metals and rubber.

"Response to the USO appeal all over Hall County was splendid," Harrison declared. "For myself and on behalf of the campaign committee I wish to sincerely thank every person who assisted or made a contribution. Anyone who has been in one of the places where a USO club room is located is convinced of the good work being done by the organization for the boys in the armed services. Letters and other expressions from the boys themselves reflect their deep appreciation of these efforts."

Special B. T. U. Meeting Will Be Held Here Friday

Team of Five Workers Will Lead Conferences at First Baptist Church January 22

A special meeting of the Baptist Training Union "Emphasis Week," will be held at the First Baptist Church in Memphis Friday afternoon and evening, it is announced by Rev. S. F. Martin, pastor. Baptist associations throughout Texas will be visited during "Emphasis Week," January 18 to 22 by 22 teams. A team of five persons will be in Memphis. They are Rev. Roy Johnson of Canyon, J. C. McKenzie of Amarillo, Aubrey Hearn of Nashville, Tenn., Miss Clara May of Wilson and Mrs. J. C. Bolton of Memphis.

OPA Sets Maximum Ceilings for Used Farm Machinery

In a move designed to relieve farmers from paying excessive prices for five kinds of used farm machines, the Office of Price Administration has placed price controls on all sales of the used machines by dealers, auctioneers or farmers themselves, the Lubbock district office has been notified. Machines covered are farm tractors, except crawler types, combines, corn pickers, corn binders and motor or tractor operated hay balers.

Holy Land Tour

EDITOR'S NOTE—In letters written to his mother, Mrs. D. F. Monroe of Newlin, Sgt. J. L. Monroe describes a tour of the Holy Land he made with a group of soldiers. The first letter was published last week. The second and last installment follows: The name Bethlehem comes from the Hebrew word "Beth Lechem" meaning bread or food. Here it was on that cold December night many centuries ago that the "Bread of Life" was first given to humanity.

NEWLIN SOLDIER CONCLUDES STORY

The little city also boasts of many other scenes that have passed over the screen of Biblical history. Near here it was that Genesis 35:18 tells of the death of Rachel, while in a nearby harvest field was enacted the beautiful story of Ruth (Ruth 2:13-22). Also here David spent his boyhood days tending his father's flock and was appointed King by the Prophet Samuel (1 Kings 11:4-13). The inhabitants of some 7000 are mostly descendants of the Crusaders, Syrians and Arabs. On the many rocky terraced slopes about the city are grown olives, figs, almonds, while in the valleys large fields of grain of which wheat and barley form the chief crops, can be seen. When entering the city from the north, one immediately tops a long hill and finds facing on the right, a large square, or market place, where the products of the laborers are brought to be sold. To the left of the market place, in the form of a huge fortress, stands the Church of the Nativity—a monument of stone marking the place of the birth of Christ. (Continued on page five)

Coldest Weather in Ten Years Scourges Northwest Texas

Old Man Winter, aided and abetted by Boreas, the cold north wind, reached deep into his bag of tricks early this week and blitzed the Panhandle-Plains and Northwest Texas with the coldest weather in ten years. Following a week of mild weather, the cold wave took the people if this area completely by surprise. Frozen water pipes were the rule rather than the exception, with considerable damage resulting in some instances. It is reported here, though not confirmed, that some ranchers lost cattle as a result of the two days of extremely frigid weather.

Corp. Virgle Ford Is Prisoner of War Of Japanese Army

By certain standards of comparison, bad news can sometimes be good news, according to Mrs. Dollie Ford, who received Tuesday morning definite information that her son, Corp. Virgle L. Ford, is a prisoner of war in the hands of the Japanese. The information came in the form of a telegram from Adjutant General of the United States Army, which read: "Your son, Corporal Virgle L. Ford, Coast Artillery Corps, reported a prisoner of war of the Japanese government in the Philippine Islands. Letter follows."

Corporal Ford was first reported missing in action after the fall of the fortress of Corregidor last spring, a message to that effect reaching his family in May. As he was not known to have been killed, he was presumed a prisoner, but could not be definitely so stated. The United States government has experienced considerable difficulty in obtaining from the Japanese through the regular Red Cross channels a list of names of American prisoners. It now appears the enemy has submitted a list of those held in the Philippines.

Corporal Ford was attached to the 200th Coast Artillery. He left Fort Bliss, Texas, August 28, and landed at Fort Stotsenburg, Philippine Islands, on September 26, 1941. The last direct word his family had from him was a Christmas greeting received December 19, 1941.

Fast Driving on Reclaimed Rubber Tires Dangerous

Excessive Speed on New War Tires Likened to "Charge of Dynamite Under Wheel" Driving at excessive speed on new war tires of reclaimed rubber was likened by Lubbock district OPA officials today to driving "with a charge of dynamite under each wheel." Attempting to avert accidents which might result from higher speeds on war tires, district officials warned that "war tires will not stand speeds in excess of 35 miles an hour even though they are capable of delivering thousands of miles of trouble-free service if operated according to factory specifications."

Funeral Services Will Be Held From First Baptist Church Friday Afternoon

Mrs. Ida Elizabeth Bourland, 48 years old, succumbed to a heart attack in a local hospital Tuesday morning at 5 o'clock following a brief illness. She had been a resident of Memphis for 22 years. Awaiting the arrival of a son and daughter from California, the funeral services have been set for Friday afternoon at 3 o'clock. The rites will be conducted from the First Baptist Church by the pastor, Rev. S. F. Martin. Interment will be in the Fairview Cemetery under the direction of King's Mortuary. Pall bearers will be Johnnie Hancock, Cecil Hancock, Byron Baldwin, W. C. Smith, Lyle Thornton and Charles Wear. A native Texan, deceased was born Ida Elizabeth Savage November 9, 1894, in Grayson County. She was married to Ed Bourland August 3, 1911, at Van Alstyne and they moved to Hall County (Continued on page five)

CLAUDE'S Comments

Bill Phleuger of West Main Street says if the coal miners don't go back to work soon, he believes he will write President Roosevelt that the women of Texas who have boys in the service will put a stop to the strike, if the President will give them the go sign and transportation to Pennsylvania. Typewriter and adding machine ribbon spools must be turned in when buying a new one from the dealer, is the ruling of the OPA. The wholesaler must send in the old spools to the factory in order to get new ribbons for the dealer and customer. Every day, practically, The Democrat publishers receive a note from some boy in the service asking for the address of his paper to be changed, and incidentally commenting that he is enjoying the home paper more than ever before. Yet, home folks have been reading The Democrat for years and years, and seldom do they express (Continued on page five)

Kinslow to Receive Degree This Month

Charles William Kinslow, son of Mrs. C. W. Kinslow of Memphis, will be one of 232 University of Texas students who will receive degrees at the end of this month in the first mid-term graduation the university ever had. Kinslow is a candidate for a Bachelor of Business Administration degree. Although no formal commencement ceremonies will be held, the graduates will receive their degrees upon the completion of this semester. In previous years, students completing degree requirements in January waited until the June commencement to have their degrees conferred. The mid-term granting of degrees grew out of the university's wartime speed-up program.

HALL COUNTY'S CLUB REPORTS—WEDDINGS

Gilreath-Stargel Wedding Event of Sunday Afternoon

At 1:30 o'clock on Sunday afternoon at the First Baptist Church Miss Jimmie L. Gilreath of Lubbock became the bride of Earl Stargel. Rev. S. F. Martin read the double ring ceremony.

Proceeding the nuptial vows Mrs. Charles Lacy sang, "I Love You Truly" accompanied at the piano by Miss Mary Helen Lindsey. Miss Lindsey played piano music softly as the vows were spoken.

The groom entered with his brother, Cecil Stargel, and was met at the altar by the bride who was given in marriage by her father.

The bride wore a dark navy blue princess costume suit with white and blue accessories. She carried a bouquet of sweetheart roses. For something borrowed she wore a watch belonging to her sister.

Mrs. Stargel, daughter of Mr. and Mrs. W. B. Gilreath, is a graduate of Memphis High School and attended Draughon's business college at Lubbock. She is now employed by United States Department of Agriculture at Lubbock.

Mr. Stargel is a graduate of Lakeview High School and is employed by the Meacham Pharmacy. He is the son of Mr. and Mrs. W. B. Stargel of Elkhart.

They left Sunday for a few days visit in Fort Worth and other points.

Those attending the wedding were members of both families and Miss Tallie Bedarz of Lubbock.

Sorority Group Will Assist in Red Cross Work

The Gamma Kappa Chapter of Hall County of the Delta Kappa Gamma Sorority met Saturday at 2:30 o'clock in the office of Miss Mary Foreman, county superintendent.

Each member is to donate \$1.00 to the most needed fund of the Red Cross.

The next meeting will be Saturday, February 13. They will meet at the county superintendent's office and go in a body to the Red Cross room.

Those present were Miss Esta McElreath, Mrs. J. W. Chappell, Mrs. C. D. Morris, Miss Carrie Belle Lee, Miss Mary Foreman, Mrs. Norma Hunt, Mrs. Henry Foster and Mrs. Bertha Dennison.

Summary of Year's Work Is Given By The Culture Club

The work of the Woman's Culture Club on the "Times Course" and the donations for the past year have been as follows:

In the place of serving refreshments, the hostess donates one dollar for the Red Cross Kit fund. Five kits and four jackets have been made. The club assisted with the stamp sale drive. Twelve dollars have been given to the Red Cross Kit fund.

One hundred "housewives" have been filled and another assignment is ready to be filled. Many are knitting and making button holes for the Red Cross.

Miss Esta McElreath was winner of the honors at one meeting given to original poems and stories.

Three book reviews were given during the year. In September Mrs. Robert Sexauer reviewed "Cross Creek" and in December she gave "When We Were Young and Gay." Mrs. R. E. Clark reviewed "Floods of Spring" in October.

The club met with Mrs. R. E. Clark when the following officers were elected for next year.

Mrs. J. M. Dickson, president; Mrs. R. L. Madden, first vice president; Mrs. G. W. Sexauer, second vice president; Mrs. Lloyd Phillips, secretary; Mrs. A. W. Howard, treasurer; Mrs. R. E. Clark, parliamentarian; Miss Esta McElreath, reporter; and Mrs. D. A. Grundy, historian.

The next meeting will be Wednesday, January 20, at the home of Mrs. J. M. Dickson. Mrs. R. L. Madden will have the "Times Quiz" and sewing for the Red Cross will be done.

Rosebud

Rosebud is eight, and the most beautiful shade of caramel fudge. To her loving Mammy and Pappy she is known, on approximately alternate days, as "Angel" and "You devil child." It was on her devil child days that Rosebud tied the knots in the shirts that Mammy had taken in for washing, and poured the whole of the vanilla bottle into the lamb stew, just, she said later through bitter tears, to "favor it up some."

On her angel days Rosebud is equally imaginative even if a more restless occupant of the little shack down on Vinegar Hill. Once when Mammy was out doing day work, Rosebud got a wave of cleaning fever and scoured every pot and pan in the kitchen so that they literally glinted. Another day, left alone, she tidied up Mammy's and Pappy's room to such a point of apple-pie order that it was a week before Pappy could find an undershirt.

Rosebud is a great reader of the newspapers. Mammy and Pappy don't take one, but there are plenty of perfectly good newspapers blowing round Vinegar Hill. It was out of one of them that Rosebud got her idea for spending the ten cents the Bunny had put under her pillow the night her tooth came out. After breakfast Rosebud disappeared down the Hill and reappeared soon after with a beautiful ten-cent War Stamp pasted firmly into a brand-new book with neat little squares for more stamps. She displayed her investment to Mammy. "I declare you're an angel child," Mammy said. Rosebud went on sitting on the kitchen floor staring with large brown eyes at the empty squares in her book. From time to time she took hold of one or another of her teeth and wiggled it, gently.

Mammy was engrossed in a particularly big washing. Rosebud was as quiet as a mouse and Mammy forgot about her until, coming in from the yard with her arms full of dry sheets, she encountered her child with a large hammer in her hand. Scolding the devil in her angel child, Mammy shouted at her, "Rosebud! Come yers with that hammer! What you planning on doing?"

But what was done was done. In Rosebud's other hand was another tooth. Her mouth was stretched in a broad if slightly bloody smile. "I ain't doing nothing, Mammy," she said. "I'm just filing up my stamp book."

Locals and Personals

Sue Stone visited last week-end in Clarendon with her mother.

Mrs. Elmer Hall of Childress visited here Sunday with her mother, Mrs. SI Wood.

Mr. and Mrs. B. Baldwin returned Sunday night from Dallas where they had been on business.

Women Work— CIVILIAN DEFENSE AUXILIARY NOTES

By INEZ BAKER

We are so glad to have another letter for you this week from WAAC. It was written by Aux. Ruby M. O'Neal, sister of Mrs. Alvin Massey, and with it came permission to use it in this column. Daytona Beach, Fla. January 6, 1943

Dear Sister and All:

Well here I am on the third week of my basic training and I feel that I don't know much more than when I started. I have never seen so many Yankees in one place. It made me feel ashamed of the Texas girls but thirty-one came in from there last week. It was just like seeing kinsfolk from home.

Just wanted to know what I was doing. Well we get up at 5:45 and fall in for reveille, at 6, dress and comb our hair, fall out and make our beds, then fall in for mess. Then we come back and finish our room. Your shoes can't be out of line, there can't be any dust anywhere and there cannot be a wrinkle in your bed. O boy, I bet I could clean your house now. Three Texas girls and three Yankees bunk in our room and we have only one chair! We live in large hotels and our room is on the top floor. We have classes at 8 o'clock and are never idle from Monday at 6, unless we get some kind of duty. Most of the girls have gone to get something to eat. We did not have much for supper tonight. I went to church the last two Sundays. Every one is nice to the WAACS here. A bunch has been invited out for dinner Sunday. You have to sign up to go. O yes, we had a parade last Saturday morning and I was guide.

houses and as big around as a wash pan. The hibiscus are surely pretty too. Most of the bunch went swimming Christmas day, but I didn't. It has been a little cold the last few days and I was on K. P. and took a terrible cold. Still have a cough and have K. P. tomorrow. I will tell you what would look good to us now, is a pay day. The 4th Company got one yesterday but we haven't yet. When we do I'll send you a box of fruit. Tell Mrs. Massey that part of it is for her too.

Be sure to tell the girls (Zady Belle Walker and Jacqueline McMurry) when they come down to look me up. Tell them to find the Princess Isen hotel and room 324, and to walk right in, you see they have taken down all the doors. We have to turn the lights off at 9:30 and have bed check at 11 o'clock. And you have to be there, in bed. If you have your clothes on you can get up and pull them off.

Thanks a million for the box. It surely was nice of you all. Everyone raved about it. They all wanted a chew of gum, but I told them to wait until Sunday, no use to waste it. You see we don't have time except on Sundays, then we are off from Saturday at 12 to Monday at 6, unless we get some kind of duty. Most of the girls have gone to get something to eat. We did not have much for supper tonight. I went to church the last two Sundays. Every one is nice to the WAACS here. A bunch has been invited out for dinner Sunday. You have to sign up to go. O yes, we had a parade last Saturday morning and I was guide.

Yes, we are just plumb stuck-up about these men! They're making good soldiers, good sailors, and good marines. One (Captain Tommy Dodson) is missing in Java. One (Pfc. Othello "Doc" Adams) is credited with killing 20 Japs. Thirty of them now are commissioned officers. Two are lieutenant-colonels, five are majors, five are captains, 17 are lieutenants and one is a Navy ensign.

All 150 received training and experience in this organization which is enabling them to render valuable service to their country.

While they stand ready to make the supreme sacrifice in the fight for our American way of living, those of us left behind stand united in backing them up with plenty of electric power.

And we're proud of the job we're doing here at home, too! There has been no power shortage... either in your home or for Uncle Sam.

Back of this ample supply of power

NEWS

From County Men in the Armed Forces

Pvt. Woodrow Lamkin writes his mother, Mrs. J. W. Lamkin of Memphis that he has arrived safely in North Africa.

Curtis Harrell, former Democrat employee, says the boys in his group had a dandy Christmas dinner and tree on an island somewhere in the Southwest Pacific. Curt's latest communication follows:

Dearest Mother: Arrived in North Africa. Enjoyed the trip. I am all right and like it very much here. Do not worry, as I will try to be home by Christmas. We get three good meals a day, plenty of exercise and fresh air. Am sending you 20 franc (French money). Seventy-five francs have the same value as an American dollar. Will write as often as possible. The mail leaves here by plane to New York and from New York to you by rail. I think the mail from the States comes to us by boat. Therefore, it takes approximately three weeks before we receive your letters. Love, Woodrow.

Floyd Melton left Monday for San Pedro, Calif., where he is stationed in the U. S. Navy. He has been here visiting with his parents, Mr. and Mrs. E. Melton.

I saw where there is a rumor that the men in service have to pay for the bandages that the women are making. I would like to say that that is a bunch of hooey, or something. Make all the bandages possible, and then some. You may have a son who got shot in the leg by a Jap, or had his chest burned by torpedo flashes from a Jap sub. I would like to hear from my friends in Memphis and elsewhere, if there are any—you can't tell by looking at my little stack of letters. I will close until later with this little thought: "Keep buying Bonds for Bombs to go in Pat's Bomber so it CAN reply to Hamburg."

Staff Sgt. A. G. Callahan has been exploring the mysteries of a North African town and says it seems like another and more ancient world. He tells about it in a letter to his mother, Mrs. J. J. McMickin, of Memphis: Somewhere in North Africa January 7, 1943

I have let three days go by since I last wrote to you, hoping that I might have some word from you but it didn't arrive, so to live up to my promise in the last letter, I am writing you a few more lines to let you know that I am all right. Yesterday was my day off from work, so I went into town to look at the places of interest and to see what I might buy for Bette and Vernell for their collections. I must say that my visit there was quite an enjoyable one as well as interesting. The town holds with it so much mystery that you stand amazed at it. The business district is modern, but as you venture into streets branching out from it, you run into the native district which dwells in such a different atmosphere that you feel you have entered another ancient world. Of course, during the occupation of this country by the Axis, they drained it of most of its splendor, which it was once noted for. I spent until three o'clock in the afternoon walking the streets, looking at the sights. It was my first chance to go in since we have been here.

The French have really treated us well and as far as people going out of their way to be friendly, they beat all that we have ever run into. Please don't worry about the mail that you have sent not arriving, because most of our mail has been following us. We look for it to reach us in the very near future, and lots of it already has. We have much better service now. It just takes time to straighten everything out. Some of the boys have taken a few pictures, so as soon as I can get some prints made, I'll send a few to you. I must close, so please give my regards to all, and wish them well. Your youngest son, A. G. Callahan.

Private Cloyd T. Harris, son of Mr. and Mrs. John T. Harris of Memphis, is one of a select group of enlisted men to report at the new Army Air Forces Bombardier School near Childress. As a member of one of the "pioneer" school squadrons, Private Harris will assist in training other enlisted men in preparation for the first class of bombardier cadets. The Childress school converts the famous West Texas Bombardier triangle into a quadrangle. Other Texas Bombardier schools are at Midland, San Angelo and Big Spring.

Grady H. Phillips of the U. S. Air Corps is stationed at Atlantic City, N. J., according to a letter received by his mother, Mrs. Verner Phillips.

METHODIST NEWS NOTES
E. L. YEATS, Pastor

The Methodist Federation of Social Service, of which Bishop Francis J. McConneil of New York is president, is urging pastors throughout the country to form “weekly house discussion groups” within their local parishes for the discussion of war and post-war aims, war and post-war economy. Such weekly bodies of laymen now exist in several important Methodist and other church parishes.

Fellowship among races and equality of racial opportunity, such as was expressed in the early Christian church and is again appearing as an essential of Christian faith, is now gaining general acceptance, according to Dr. Geo. E. Haynes, of the Federal council of the churches of Christ in America, in announcing the observance of “Race Relations Sunday” throughout the United States on February 14. “Science agrees,” says Dr. Haynes, “It says that the blood of humanity is one; that the same types of blood are in all races. Democracy approves. Its basic principle is equality of opportunity for all. Common sense sanctions. It teaches us that the color of the skin, the slant of the eye, or the shape of the head are absurd and precarious bases for

claims of racial superiority—man must be treated as man, apart from race and birth and color.”

Rev. J. L. Henson who is with us this week teaching the book of Galatians each evening will be with us Sunday morning also. Come to the Bible study at 7:30 each evening and to the services Sunday.

At noon Sunday we are asking everyone to bring a basket lunch and we will have noon lunch in the basement for all. Then after an hour of social fellowship, Bro. Henson will give a thirty minute message on Galatians.

Ceiling prices are established by the regulations for this county as follows: Gallon, wholesale 40 cents, retail 44 cents; one-half gallon, wholesale 21 cents, retail 23 cents; quart, wholesale 10 1/2 cents, retail 12 cents; pint, wholesale, 5 1/4 cents, retail 6 cents. Culminating two months of work, regional OPA officials in Dallas ordered the new price revision to replace the General Maximum Price Regulation which set the ceiling price of milk for retailers and wholesalers at the highest price each individual seller charged in March, 1942. There is no ceiling at the producer level. Sloan pointed out that the freezing of prices at the March highest level, in many instances, caused diversion of milk from one area with a low ceiling to an area with a high ceiling and also caused diversion of milk from normal consumption channels to manufacturing channels. The new regulation, Sloan explained, only sets a maximum price which can be charged for milk in this county—wholesalers and retailers can sell at any price below this ceiling. Petitions for adjustments can be made to the Office of Price Administration at Dallas, he said. Under the maximum price regulation which revises the ceiling prices for milk, every county parish, city and town in Texas Louisiana, Arkansas, Oklahoma Missouri and Kansas are placed in either 1, 2 or 3, in Zone 1, or in class 1, 2 or 3 in Zone 3. Hall County is in class 3, Zone 2.

Locals and Personals Newlin Soldier—

(Continued from page one) ... Here, due to irrigation, large gardens and farms are seen where bananas, oranges, and other semi-tropical fruits are grown in abundance. Water for irrigation is taken from the Jordan River and Elisha's Fountain which we see immediately after passing Jericho with its low flat roofed huts and a few modern houses on our right. Here it is said that Elisha by throwing a handful of salt into the spring, caused its bitter waters to forever flow in its present sweet pure state. Looking westward can be seen the Wilderness where Jesus was tempted forty days and nights by Satan, while nearby can be seen the ruins of the ancient City of Jericho. Here Joshua conquered the city after marching around it walls seven times while the priest blew their trumpets. Stopping in the city, we were surrounded by small, native boys with their displays of enormous sized oranges. For two piastres (8 cents in American money) half a dozen oranges the size of coconuts could be bought. Their flavor was most delicious, too. Passing on through the city we traveled east for some distance coming to the River Jordan. Here is where the Israelites first crossed over into the Promised Land. Also here the scriptures say John "Came into all the country round about the Jordan." Near is where "Cometh Jesus from Galilee to the Jordan, unto John, to be baptized by him." It is said that just east of the Jordan, here, is where Elias ascended into Heaven. As we travel back toward Jericho we think of Zachaeus, who climbed the sycamore tree to see Jesus because of his short stature. Also we think of the blind beggar who, upon hearing Jesus passing by, asked him to have mercy upon him. Leaving Jericho behind we travel southward to the Dead Sea. It is now late in the afternoon and the sun just lingering above the hill tops of Judah. The Dead Sea lays in the broad valley between the mountains of Judah and Moab. Being 1292 feet below sea level, this is the lowest spot in the universe. The body of water, 46 miles long, 8 to 10 miles wide, and 100 feet deep, receives 6 1/2 million tons of water daily of which most comes from the Jordan. Its water, due to having no outlet and to evaporation has a very body. Twenty-five per cent is said to be mineral salt while ten per cent is common salt. Chloride of magnesium gives it a bitter taste while, due to a high calcium content, it has quite an oily feeling. No living thing exists in the water whatsoever. After a few snags we boarded the buses for Jerusalem, winding our way up the steep hills. The sun has already sunk behind the towering, rocky hills. Joyce.

CRITICISM IN WARTIME

IN HIS daily column, "News Behind the News," one of the better known Washington writers, Paul Mallon, offers the best analysis we have seen of the value of constructive criticism in wartime. Mallon says:

"Clean criticism justifies itself by the defects it corrects in the war effort. Yet, there are a number of good citizens who have written me, honestly advocating that this criticism and all other kinds be stopped. This is prim patriotism.

"Criticism is barred only in the countries we fight against. Each man in a democracy must decide such a matter for himself. For myself, I see duty very clearly.

"Democracy gains in strength and wisdom from clean criticism, and the eternal vigilance of its citizens against wrong, their alertness in safeguarding their rights.

"The press would serve this Nation poorly in this war if it attempted to cover the wrongs, defects and inefficiencies by saying 'yes' to everything. It might better not exist.

"So also with the people, in my opinion. They serve themselves poorly who will not speak for justice. If they become a 'yes people,' they will become a weak people and they will deserve oppression.

"Few government officials will correct their own mistakes, even after prodding, unless the prodding is strong.

"But to say that our people cannot face facts and truth in wartime is the worst criticism of this Government, this Nation and its people, that anyone could ever make.

"It supposes the Government is so bad and the people so weak-minded that they dare not face the facts of themselves. This, I know is not true."

DISAGREEABLE DUTY

THE next time you feel the inclination to gripe at some action of the Hall County War Price and Rationing Board, just ask yourself this question: "Would I be willing to take the place of one of the men who is serving this board in some capacity? Would I be willing to take time from my business without pay and accept the responsibility of making the decisions necessary to carry out the government regulations on rationing?"

Look at the matter from any angle you wish, but you'll be hard put to find any advantage to be gained from serving on the rationing board, unless it would be the satisfaction of having performed a patriotic duty. Certainly it is no more pleasant for board members to impose restrictions than it is to the public to submit to them.

It should be realized by everyone that rationing board members are performing a disagreeable task in the best and fairest way possible and that public cooperation is necessary if they are to be successful. This is not to say that mistakes will not be made and we daresay board members would be the first to admit they cannot always be exactly right, and that constructive criticism will be welcomed. We Americans being what we are, it goes without saying there will continue to be plenty of griping over wartime restrictions, but don't take your spite out on the rationing board members unless you would be willing to take one of their places.

It Takes Both—War Bonds and Taxes

Men and women of America are joining hands everywhere determined to win this war for freedom. They are ready for whatever sacrifice is needed to bring Victory. They are feeling this month the government's new Victory tax . . . a 5% tax deducted from wages and salaries.

But purchase of War Bonds, regularly every payday must continue, for it takes both—War Bonds and Taxes—to pay for Victory.

ABOUT YOUR INCOME TAX PAYMENT

Form of Return

Persons subject to the Federal income tax must report their income to the Government on forms, or blanks, prescribed by regulations. These forms are obtainable from any Collector of Internal Revenue, and generally from any bank. Special forms are designated for corporations, for partnerships, for trusts and fiduciaries, and for nonresident aliens. Farmers who keep no books of account on the accrual method must attach a special schedule to their return (Form 1040F). For individuals, two forms are used, depending upon the amount and source of income to be reported.

FORM 1040—This form is intended for general use of individuals who are citizens of the United States, or residents in this country, whether citizens or not. It contains spaces to show the amount of income from various sources, deductions allowable, exemptions and credits, and computation of tax liability. As most of the items require some explanation in order to be allowable, the form also contains appropriate schedules to show in detail how the income or the deductions are determined.

FORM 1040A—This is a simplified report, which may, at the option of the taxpayer who makes his return on the cash basis, be filed instead of form 1040 by citizens and residents whose gross income was \$3,000 or less during 1942, provided all this income consists wholly of one or more of the following: salary, wages, dividends, interest or annuities. In using this form it is necessary only to enter the amount of gross income as shown, deduct the credit allowable for dependents, and insert the appropriate amount of tax in accordance with one's personal exemption status, as shown on the table on the reverse of the form.

A taxpayer should, therefore consider carefully which form would be appropriate for his purpose.

Returns for the calendar year 1942 must be filed not later than March 15, 1943. They may be filed by mailing to the Collector of Internal Revenue of the appropriate district in which is located the legal residence or principal place of business of the taxpayer. Returns received later than the due date are subject to a penalty variable according to the lateness in filing.

McMurry Herd Is Given Recognition

The Jersey herd owned by J. C. McMurry of Memphis, recently sold by him to a Donley County dairyman, has been officially named a Star Herd by the American Jersey Cattle Club. This signifies an accomplishment in receiving high production in the dairy herd, a most necessary and important program during the present food emergency brought on by the war.

The McMurry herd of three cows produced a total of 28,112 lbs. of milk, 1429 lbs. fat. The average number of cows in milk was 2.44 and then production for the year was 9466 lbs. milk, 5.08 per cent, 481 lbs. fat, milked twice daily. The high cow in the herd was Oxford Cowslip Ann, 1144078, with 9068 lbs. milk, 5.35 per cent, 484 lbs. fat in 296 days at four years, two months of age. The sire, Cowslip Frangipani Dreamer, 358942, was represented by two daughters in the herd. The herd is entered on its second herd testing year.

CLARENCE E. BROWNING

Seek to Intensify Bond, Stamp Sales By Retail Stores

Dallas Man Joins Staff of U. S. Treasury Department To Direct Program in Texas

Clarence E. Browning of Dallas has joined the U. S. Treasury Department staff to direct a renewed campaign to speed up the sale of War Savings Stamps at retail stores throughout Texas, it was announced today by Frank Scofield, War Bond Administrator for Texas.

Browning, who has been secretary of Texas Chain Stores Association for several years, will now devote full time to government work on leave from the Association "for the duration." His headquarters will be in Austin.

Retail stores were among the first outlets for the sale of war stamps to the public, starting this work during the nation's defensive rearmament period before the attack on Pearl Harbor. Since then the sale of war stamps and war bonds has been greatly expanded, and experience has shown that thousands of families have no convenient method of helping in this phase of the war effort except by purchasing stamps at their retail stores.

"Browning has been working on this program on a voluntary basis for more than a year and is fully conversant with the job to be done and with the promotion and organization activities which the retail merchants and the Treasury have cooperated on in the past," Scofield said.

Press Paragraphs

SELECTED FROM THE DEMOCRAT'S EXCHANGES

Rough on the Sweet Tooth

Nickel candy bars are showing the effects of the war and rationing. Dealers are unable to secure regular shipments. They take what the wholesalers can give them. Wholesalers are rationing the available supply to their trade, sending shipments each week. Manufacturers are held to 70 per cent of last year's production. Few of them can secure the materials to reach this production. Next to sugar the sharpest shortage is in chocolate, shipment of which from South Africa ceased some time ago.—The Tulsa Herald.

No Gestapo Needed

In our opinion the country is witnessing a most remarkable demonstration of a democracy at work in a war. We refer to the general compliance to the rationing program. Many of the orders seriously inconvenience many people but notwithstanding this there is general compliance. This compliance is not secured through a gestapo or secret police force. Americans, patriotic Americans, don't need a gestapo to compel obedience to orders designed to aid in the war effort. They patriotically comply. True, there are a few chiselers, but they are in the minority. Incidentally, there have always been chiselers in all ages and there probably always will be, and the probabilities are that they will be in the minority.—The Foard County News.

Criticism

Our friends are in no position to offer criticism unless they have become weary of remaining our friends, nor can our enemies long admire us and long remain enemies.—Douglas Meador in The Matador Tribune.

Coffee Substitute?

Dr. C. D. Kelton says that dandelion roots, dried and roasted, make a good coffee substitute. We can just see Hereford residents working next summer in their front yard coffee plantations. Dr. Kelton says the stuff is even good, but must be boiled long and strained carefully. However, we are willing for somebody else to try the brew first—it might have an effect like some of that prohibition bathtub gin.—The Hereford Brand.

No Gripping, Please!

We all like to talk and air our grievances, but in a time like this, all gripping lowers morale, and as morale is lowered, accomplishment decreases. If we can help correct a situation, it is all right to mention it, but ordinary complaints should be out for the duration.—T. A. Landers in The McLean News.

"Give Us This Day . . ."

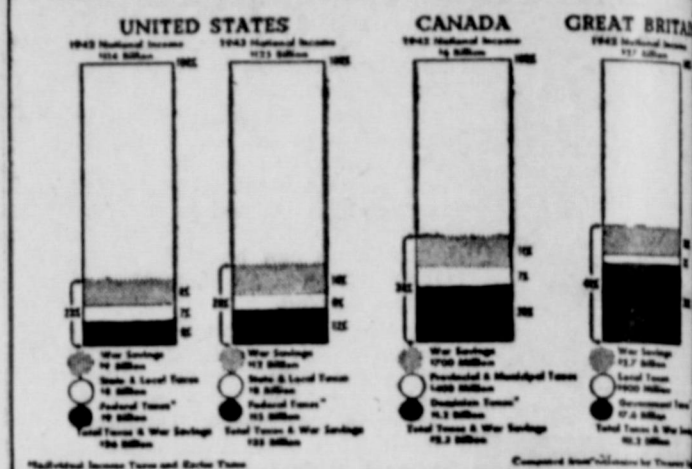

"If you will give us this day our daily bread, and food through the weeks ahead, to go with our ammunition, you need not worry about American boys taking care of themselves in North Africa," an Army chaplain writes in a message which might be addressed to anyone in the United States. PERSONS WHO FAIL TO COOPERATE WAR EFFORT CALLED SABOTEURS

Persons who are "unwilling to cooperate in the maintenance of wartime programs" are being called saboteurs by the War Price and Rationing boards.

The state director warned in his speeches that C card holders had better be sure they are using those cards for the purpose for which they were issued or they are going to get their C cards taken in.

The state office is not bluffing in its investigation of C book gasoline ration usage, he warned. "We are going to keep faith with the public and see that these C book holders live up to their agreement."

The State Director spoke at a luncheon sponsored by junior and senior chambers of commerce at Pampa and a banquet sponsored by Clarendon chamber of commerce January 12. Howard R. Gholson, Lubbock district OPA manager, and other officials from the district office accompanied the state official and met with county boards to answer questions regarding various phases of the OPA program.

AGRICULTURE TAKES SPOTLIGHT

Farmers of the nation have emerged in the last week as the No. 1 soldiers on the Home Front, and in the Southwest where the planting season is here or soon will be, agriculture is being mobilized everywhere to help win the war with food.

Food is an important weapon in total war and the record crop produced last year on American farms represents a major victory for the United States.

Calling on farmers for unprecedented production in 1943, President Roosevelt has said that food already sent to the people of North Africa is saving the energies and the lives of American troops there. Similarly all over the world food from our country's farms is helping the United Nations toward victory.

Small Farmers May Secure Operating Loans Through FSA

Financing War Production
Aim of Government Agency,
Says Bob Land, Supervisor

Hall County farmers are mobilized for war production and those who can add to their output of needed supplies need not be hampered in doing so for lack of funds, according to Robert C. Land, rural rehabilitation supervisor for the Farm Security Administration.

"No American farmer," said Land, "should be hindered by lack of operating funds this year. Banks and private credit institutions are expanding their credit facilities to fit food production requirements and the federal government has ample credit facilities to meet the particular needs of farm and ranch producers."

The county supervisor said assistance can be given by the farm Security Administration to those farmers who lack the required security for other loans but whose family labor and land could be put to fuller use in the war program if the funds were available. He stated that funds are imme-

diately available to small operators for the purchase of farming equipment, feed, seed, livestock, household needs, building repairs, for rental, clothing, necessary medical care, sanitary facilities and many other needs.

"Farm Security loans this year," he said, "are being directed especially to any small farmers who with such financing can become producers under the war-unit rating, by adding to their livestock or poultry or increasing their production of war-rated crops." Farm and ranch operators who cannot get adequate financing from any other sources are urged by Land to contact him immediately at his office in the old Hall County Bank Building at Memphis. He cautions against delay in making application for loans because this is the year of all years when operators should have their money on hand at the moment it is needed.

A PIPELINER WRITES TO HIS BUDDY IN AUSTRALIA—

Dear Joe:

Things are humming around here. I'm sure it will make you feel good to know that folks in the Gulf South are mighty aware they are in this war—and they are doing their part.

In factories, in the shipyards, in military centers, everywhere things are humming—and these ships, airplanes, shells and guns are on their way constantly. Where they are going, they say is a military secret. But we will get you fellows plenty of what it takes.

In our own Company all of us are on our toes, keeping good old Natural Gas pouring in to the factories to keep the wheels going faster and faster. Helping you fellows to win this war is the No. 1 job of our organization as it is with all Americans.

We are doing our best to see that all folks here have gas this winter, Joe, even though building of pipe lines must be kept to a minimum to conserve the steel needed for the things you fellows have to have.

All good luck to you Joe from all the fellows. We hope all of you will hurry back here. The Gulf South will be waiting for you.

As ever,
Hank

tempt to give you as good a picture of overseas life as I am able. To skip the details of our boat trip across would be like writing a book and omitting the first three chapters at least. The trip was about the most unforgettable I ever expect to experience. (censored) (approximately) nothing but water in any direction. I have heard it said that two-thirds of the world consists of water. I am inclined to believe it is seven-eighths. That is the one definite part of this army that I like—being on land! Those sailors can have the navy.

If we had hoped for any sort of "motion picture" welcome we would certainly have been disappointed. But land still looked darn good, even so far from home. I neglected to mention that we were accorded a welcome upon our arrival at camp site. Did it rain? We pitched tents amid roaring torrents which poured down from the hillside. Though I was plenty tired I found that it was quite impossible to sleep with my body submerged in four inches of water.

The mosquitos are so big around here that the P-38s are dwarfed alongside them. Each night they land at the air base, refuel and come right back to camp again. We would rather face the Japs any time. Though we have not (censored), we have some neighbors who have spun some mean yarns about some real action. Yes, the marines. They really are a fighting bunch. To retell their stories would be to do them an injustice.

I promised Joyce, in jest of course, that I would bring back a Jap's ear for a souvenir and oddly enough I have heard that there is a marine on the island with a prize collection of them. Maybe I will make a deal with him, or better yet, start a collection of my own. There are very few luxuries available here and it is surprising how well we manage without them. I'd even give as much as five dollars for a cold bottle of Coca Cola, or even a warm one.

To be sincere, I unhesitatingly admit that there is no place like the good old U. S. A. And if our being here helps to keep it that way, it's a good enough reason for me. We all hope to do our part to achieve a quick and decisive victory and get back home.

As ever,
Ray Childress

Pfc. Eddie L. Mison, who is somewhere in the Southwest Pacific, writes his mother, Mrs. C. L. Mison, that he is fit as a fiddle.

January 10
Dear Mother:
I'll try to write you a few lines to let you know that I am fit as a fiddle. Everything is OK with me. The packages you and Clara Gene sent, came in yesterday evening. Boy, I was really glad to see them. Thanks a million for the little Testament. Dad, I really appreciate the razor set, also the shaving cup and diary. I can use all the razor blades, shaving soap cream, tooth brush, and all the other items you sent. The pencil sent by Eula is really cute. I'll write her so she will know that I received it. The stamps arrive OK. I'll be sending them back to you via air mail.

I wish I could have been there to celebrate Dot and Gladys' birthday. What did they do?
There isn't any news that I can tell, so will close.
Yours for Victory, MICK.

Here's Something New in Upside-down Cakes... Gingerapple Pudding!

... a cozy, homey, inexpensive gingerbread baked with sliced apples—a layer of each. Remember, gingerbread is fashionable these days—it takes so little sugar! This combination is delicious and attractive, and easy to make. Try it soon!

You'll need 3 apples... 1/4 cup sugar... 1/4 cup water... and the following ingredients for

GINGERBREAD:
1 1/2 cups sifted GOLD MEDAL "Kitchen-tested" Enriched Flour... 1/2 cup sugar... 1 tsp. soda... 1/2 tsp. nutmeg... 1/2 tsp. ginger... 1/2 tsp. cloves... 1/2 tsp. nutmeg... 1/2 tsp. cinnamon... 1 egg... 1/2 cup molasses... 1/2 cup hot water... 1/4 cup shortening, melted

CUT cored, pared apples into eighths. Cook in syrup made of the sugar and water until about half done. Drain off any excess syrup and spread apples evenly over bottom of a very well greased 8" square cake pan.

Make gingerbread batter as follows: Mix sifted flour, sugar, soda, salt and spices together. Beat egg, add molasses and hot water, and add into dry ingredients. Blend in melted shortening last.

Pour Gingerbread batter over apples. Bake about 40 minutes in a moderate oven (350°). Serve warm with sweetened whipped cream, hot sauce, creamy sauce, or any desired sauce. Makes 8 servings.

Perfect results guaranteed only with Gold Medal "Kitchen-tested" Flour

THERE'S never any uncertainty about your baking results when you use Gold Medal Flour and the Betty Crocker recipe that come in the sacks. This combination cannot fail you!
