Components success in 20 foreign countries. Esso was perfected in

A phenomenal success in 20 foreign countries, Esso was perfected in America by the world's leading petroleum technicians. It contains Ethyl but it is far more than an ordinary Ethyl fuel. It is unlike any other fuel, as you can see from the chart. And on this chart Esso is compared with the leading premium-priced fuels.

From Esso's increased power comes faster "pickup"—especially in high-compression motors. In a test motor with a 7-to-1 compression ratio Esso showed from 13% to 74% faster acceleration when compared with the

best of the premium gasolines now on the market.

But with any type of motor an entirely new "feel" comes from driving with Esso. A new smoothness—new get-away—actually an increase in usable horse-power.

Make a ten-day test of this new fuel. Find out for yourself what your car can do with Esso. Then change back to any other type of gasoline if you can.

"Octane Rating" is the new, exact way of measuring the antiknock quality of motor fuels. Note how far superior to all other premium fuels ESSO's, Octane Rating is. (Samples of premium gasolines picked at random from roadside pumps.)

SWEET? AND FRIENDLY

Sweet things! we all love them; sometimes not wisely, but too well. Some sweet things prove not so friendly as they seem and fill us with regrets. But, with Dr. Pepper you may indulge yourself without restraint as often as you like. It has pure-sugar sweetness a-plenty but it's abundantly diluted with sparkling water, fruit juice and extracts so you can't take an excess

Your body demands some sugar. In this form it is almost pure energy and practically predigested. No time is lost by friend stomach to prepare it for the blood. A lovely quaint "old Lavender" bridge party was given Tuesday afternoon at the home of Mrs. M. Wentz, at 1507 Runnels street, by Mrs. Wentz and Mrs. A. Schnitzer, as joint hostesses.

The nostesses, becomingly dressed in lavender frocks, met their guests at the door. All the party accessories to score pads and tallies which were Godey prints. Even the pencils were lavender.

The Wentz home was beautifully decorated with bowles of "old layer of these flowers were used as favors on the desert plates.

The refreshments used the colors attractively in whiped cream and the angel food icing. An orchid-colored punch was served during the games.

The City Manager-Council form of municipal government is saving Fort Worth about \$485,000 annually, according to a farewell statement made by O. E. Carr, who resigned from this position here to take the city managership of Oakland, Cal.

Mr. Carr computed the amount in the following manner. In the six years under the City Manager form of government this city has increased its bonded indebtedness for public improvements by \$8,000.
