

MEMPHIS IS COUNTY SEAT OF THE BEST COUNTY IN TEXAS--HALL COUNTY

Gowan-McElreath.

BOND ELECTION FOR GOOD ROADS

The Voters of Justice Precinct No. 1 Will Vote for Good Roads on Saturday, March 25.

The time is drawing near when the voters of Justice Precinct No. 1 will be called upon to say whether they will have good roads in this precinct or whether they will plod along over the old rough time worn thoroughfares. Below we give a few very interesting paragraphs from practical people who have lived in communities where they had roads as we now have and who have lived in the same community after the good roads were put in.

"One must be familiar with conditions in Texas counties where good roads have been constructed to even begin to imagine the measure of contentment and prosperity of Texas with 50,000 miles of paved highway. Under such condition every foot of ground adjacent to these roadways would be under cultivation and many times the cost of the improvements be annually added to the wealth of Texas. Texas would secure its needed 3,000,000 additional farmers; Texas would be a power unequaled, politically, commercially and in all lines of human endeavor. At the present time there are approximately 14,000 miles of main line railroad in Texas as against 5,000 miles of improved highway. Build 50,000 miles of improved highway in Texas and the railroads would have to add mile for mile to their present trackage to handle the tonnage that would be produced.

"France has an area of approximately 200,000 square miles, a territory smaller than Texas by 65,000 square miles. Texas has a population approximating 4,000,000, as against 40,000,000 for France. France has spent \$600,000,000 in scientific construction of public highways and is spending annually \$18,000,000, or \$3,000,000 more per year than it is estimated that bad roads are costing the citizens of Texas. France is one vast garden. The Nation and the people are prosperous, paying as war indemnity to Germany

(Continued on page 8)

Revival at Methodist Church.

The revival at the Methodist church is continuing with a deep interest being manifested. The sermons preached by Rev. Dodson are deep and convincing. The services Sunday night were especially impressive and the largest crowd ever gathered in the Methodist church was out Sunday night. The meeting will continue throughout the remainder of this week and possibly longer.

Another Good Rain.

When it begins raining in the Panhandle it rains about right. A fine rain fell in this section Monday night which added more moisture to the ground and made the prospects for bumper crops brighter. All kinds of vegetation can almost be seen growing since the rain Monday night. Young oat crops seemed to almost jump out of the ground. With these occasional rains from now on during the growing season of the crops, Hall county will have to enlarge her boundary lines to hold the crops this fall. Let it rain.

Woman's Culture Club.

The Woman's Culture Club met with Miss Annie Thompson March 15. Owing to the protracted meeting in progress at the Methodist church, the hour of meeting was postponed until 4 o'clock. Mr. W. H. Wallace was tendered a vote of thanks by the Club for a glass given by him for covering for picture presented by the Club to the east ward school.

Mrs. B. Gist was elected to membership in the Club in lieu of Mrs. Greenwood resigned. Mrs. Wheat resigned the position of Press Reporter and Mrs. Bryant appointed for the unexpired term. Mrs. E. L. Houghton conducted a very profitable lesson in English Literature. Then followed a discussion of the Magazine lesson on Scotch Art. Mrs. Dickey read a very instructive paper on Mary Queen of Scots, after which the Club adjourned to partake of delicious refreshments served by our pleasant hostesses.

REPORTER.

Public Speaking.

As the city politics are warming up to some degree and there are several important questions arising before the people that should be explained, we suggest that on next Monday night that there be a public speaking take place on the public square in order to give the different candidates a chance to explain their relative positions on public questions. This is only a suggestion provided the revival meeting now in progress closes Sunday.

Display of Millinery.

The spring millinery opening of Baldwin & Co. last Friday and Saturday attracted an unusually large crowd and we are informed that the sales were the largest they have ever enjoyed on any former opening day. There are many attractive creations on display and the spring days now upon us, the ladies have naturally began to cast about for their new spring head gear, and the millinery business will begin to pick up. If the husbands begin to receive extraordinary petting from their wives, they has just as well loosen up, as the ladies must have nice bonnets.

Senator Johnson Returns Home.

Senator W. A. Johnson returned home last Saturday night after spending several days on business in Denison after the adjournment of the legislature. Mr. Johnson is feeling in fine spirits over the success he had with some of the most important bills which he introduced. He introduced several bills that did not become laws, but he had the pleasure of knowing that none of them had been killed. The most of the bills reached, became laws, and it is only for the fact that the position on the calendar kept others from becoming laws. It takes a great deal of wire working and loss of sleep to get the pet bills to the front and cause them to be recognized and in Mr. Johnson, we have a man that is never caught sleeping on his rights. He says there will probably be a recall about August at which time there will be several important bills up.

MUSICAL RECITAL AT OPERA HOUSE

Nice Program Rendered and Enjoyed by an Appreciative Audience

According to announcement Dr. Dunaevski and a bevy of pretty young ladies students form the Lowery-Phillips Conservatory of music of Amarillo, chaperoned by Mrs. Pierce, voice teacher of the same school, came down last Friday morning and assisted by several Memphis students gave the music loving people one of the best treats in the way of music we have heard in a long time. Every number rendered by both the Memphis and Amarillo students showed they had received close and efficient instruction in the musical art and while this was only a students recital, yet each one showed a fine artistic touch on the ivory key. The voice and violin students also showed that they were on the right road to master their arts. The young ladies coming from Amarillo were met at the depot by our Memphis ladies and were taken to private residences and entertained while in Memphis. We would be glad to see the Amarillo students return at some future date and render another musical program.

Operation Performed.

Mrs. Russel Craft was operated upon Sunday morning at the local sanitarium for appendicitis, but it was discovered that her appendix were in a healthy condition, but a gall stone was found to be the cause of the trouble. It was removed and the patient is now resting as well as could be expected.

Mrs. Craft has had several similar attacks in the past several years and on last Saturday morning the pain became so intense that a physician was called and early Sunday morning it was decided an operation was necessary.

Your money back if you don't like "A Bachelor's Honeymoon" at the opera house next Saturday night.

In Memoriam.

As a tribute to the memory of William Hall Magnes, be it remembered that on March 7th 1911, that he was summoned, by the Worshipful Master of the Supreme Lodge above, from the walks of men. That he was a worthy member Memphis Lodge No. 729, A. F. & A. M. Not that we who know him may forget it, but that those who know him not may know and remember him as he went out before us, this memorial is caused to be made.

He walked humbly before God and upright among men. He was an inspiration to the strong and a help to the needy. He carried sunshine into the hearts of the sad, but never a sorrow to the hearts of the glad, many burdens has he made lighter, but to no weary pilgrim's burdens has he added aught. The roses he has gathered for others, the scratch of the thorn he kept for himself. Great in heart, he loved humanity, and as far as in his power lay, he took upon himself the sorrows of others and meekly bore the same until, weary of the journey he lay down by the way-side and fell into that slumber that knows no awakening, when the angels of God kissed-down the eye-lids and placed thereon a seal that can be broken only by Him into whose keeping he had committed himself, and whose benedictions he invoked on all mankind.

A husband true, noble and kind. A father loving, gentle and indulgent. May his worthy example be a guide and an inspiration to all husbands and fathers, and the good he has done live after him. We bow in humble submission to the will of Him who doeth all things well, and extend our sympathy to his loved ones whose loss and sorrows are greatest of all.

Be it ordered by this lodge that a copy of this memorial be spread upon the minutes, that a copy be furnished the family and the local press.

PLEASANT EVENING REVERIES

A Column Dedicated to Tired Mothers as They Join the Home Circle at Evening Tide

Crude Thoughts From The Editorial Pen

The crowning grace of home is cheerfulness.

Let method be your servant and not your master.

Look on the funny side of your annoyances.

The spirit of order must reign in a house before the children can acquire it.

The best way to get along in this world is to take things easy. If you are disappointed, laugh it off and resolve to enjoy yourself in spite of an occasional streak of hard luck. Hard luck soon tires of pursuing a jolly disposition.

STREET IMPRESSION.

The street impresses us with the fact that life is full of pretensions and sham. What subterfuge, what double dealing, what two-facedness! Do all the people who wish you good morning really hope you a happy day? Do all the people who shake hands love each other. Are all those anxious about your health who inquire concerning it? Do all want to see you who ask you to call? Does all the world know half as much as it pretends to know? Is there not many a wretched stock of goods with a brilliant show window? Passing up and down these streets to business and your work, are you not impressed with the fact that much of society is hollow and that there are subterfuges and pretensions? Oh! how many there are who swagger and strut, and how few people who are natural and walk. While fops simper, and fools chuckle, and simpletons giggle, how few people are natural and laugh.

BEST WAY.

The speediest and easiest way to benefit mankind would be for every person to reform their own life, regardless of what others are doing. Such a policy would bring about a change for the better in both public and private affairs, and so after the relationship of mankind that everyone would strictly mind his own business. Meddlesome persons who are continually prying into other people's affairs and carrying tales between friends and acquaintances create a great deal of mischief. We are best contented when they can spread scandal. It seems more natural for them to speak ill of a person than to utter words of praise, and their habit of gossiping becomes so fixed that they can talk scandal almost unconsciously. It is just as easy to say good words for friends and acquaintances, even if not wholly deserved, as it is to speak ill of them, and the effect on the community is always beneficial in a general way. Scandal gathers strength as it travels by word or mouth and can never be recalled when once in circulation. Try speaking well of everyone and see what a change it will make in your own happiness as well as in the welfare of others.

APPEARANCE AT HOME.

Don't say that it doesn't matter how you look around the house, for it does matter a good deal. It matters in its example to the

children and to the help, it matters to the husband and father, who usually, if he is half a man, feels a sense of pride in the appearance of his family.

It is poor encouragement to him to find confusion and carelessness in dress and waste and destruction running riot about the dwelling. It is one of the important duties of every woman to keep herself and her house in a condition as presentable as possible, considering her circumstances.

TEACH THE BOYS.

A well-known man, the monument of whose exceptional ability as a financier in the great dry goods establishment of which he is the head, contended that a discussion of the subject from his standpoint would serve no good end, since every merchant was an individual, and for every individual, there would have to be a different prescription, adapted to personal temperament, mental capacity. What would be good for one might be poison for another.

He suggested that the way to make good business men, who would know how to acquire a surplus to dispose of, whether or not to invest in stocks, how much money to keep on hand and how to guard against stringency in the money market, was to give more attention to the morals of the boys who were starting in business. He wished it could be shown to them how they were wasting their opportunities, how they were stultifying their manly spirit, how they are wrecking their chances for future prosperity when they indulge in games of chance, pool playing, gambling, and other vicious practices that rob them of their

night's rest and fill their minds in the day time to the exclusion of the business with which they are intrusted. Successful business men, he insisted, could in the majority of instances, take care of their finances fairly well, day time to the exclusion of the business men that needs to be cultivated with greater care.

Whoever keeps company with a wolf will soon learn to howl.

\$10,000. Prize Cotton and Corn.

Dallas, Texas, March—In the Dallas office of the Texas Industrial Congress there is displayed a large outline county map of the state on which is shown by tacks of different colors the contestants in each county who are trying for the \$10,000 in cash prizes offered for the best yields of corn and cotton. The men who have entered the contest are represented by blue-headed tacks, the boys by pink tacks, the women by brown tacks and the girls by green tacks. The map as a whole, is very interesting, showing at a glance the leading agricultural sections of the state, and while a number of the counties in the extreme western portion of the state are blank, there are 130 counties that show

entries. Many of these are well filled, notably Collin, Dallas, Hill, Kaufman, Johnson, Ellis, Navarro, McLennan, Williamson and Falls. The Panhandle is represented in Hutchinson, Gray, Donley, Collingsworth, Hall and Childress counties. West Texas has a number of contestants in Lynn, Kent, Borden, Scurry, Fisher, Martin, Howard and Mitchell counties. In South Texas there are farmers in Starr, Nueces, Live Oak, San Patricio, Refugio, Goliad and Calhoun counties who are striving for the big prizes. Every county bordering on Louisiana has contestants except Shelby, Sabine and Orange. All of the Red-River counties from the Panhandle to Texas are entered in the contest. Applications will not be received after April 1, and those who intend to make an effort to win the prizes, which range in value from \$100 to \$2,500, are advised to enter the contest at once.
