

The Alarm Went Off At \$309

Howard County's first bale of 1952 cotton was sold in a Chinese auction on the Courthouse Square yesterday afternoon when the alarm clock rang while the C. R. Anthony Company had the bid at \$1.00. The 505-pound bale brought a total of \$309.00, which was approximately 61 cents a pound. It was sold by Auctioneer and County Agent Durward Lewter, left to Culin Grijnsby, manager of the Anthony Store in Big Spring, center, and was grown by Ralph White of Coahoma, right. Around the table tabulating the bids, left to right, are Mrs. Mae Wolf, Mrs. Leta Mae Smith and George Zachariah. The Chinese auction was sponsored by the Big Spring Chamber of Commerce.

Rental Housing Situation Here Seen Improving

The rental housing situation in Big Spring appears to be improving—from the tenant standpoint. House and apartment rental opportunities listed both in The Herald and the Chamber of Commerce rental files have increased sharply in the past six months. Listings in the classified pages have more than doubled since March 1. The Chamber of Commerce rental files now shows 70 vacancies, all of which have been reported in the last few days. Six months ago, vacancies were being reported at the rate of about three per week.

GOVERNOR ROBERT KENNON

GOVERNOR ALLAN SHIVERS

Governor Refuses To Vote For Adlai

AUSTIN, Sept. 6 (AP)—Gov. Allan Shivers gave up as hopeless today his search for a "legal and honorable" way to let Texans vote for Dwight Eisenhower as a Democrat. Shivers said he's still bitterly opposed to Adlai Stevenson because the Democratic presidential nominee favors federal ownership of tidelands. But he urged a clear-cut, Republican-Democratic contest in the general election on Nov. 4. He called for the State Democratic Convention in Amarillo next Tuesday to certify Stevenson as the only Democratic presidential nominee on the Texas ballot. The governor said he had given up the idea of having both Stevenson and Eisenhower listed as Democrats in separate columns of the ballot, in addition to the Republican column headed by Eisenhower. He reminded voters that they can split the ticket, scratch both candidates, or stay home on election day.

160 TONS ARE ORDERED

Howard County Is Placed On Drought Disaster Hay Relief

Howard County has definitely been placed on the list of those in which drought disaster hay will be available stockmen, it was confirmed Saturday. By late afternoon County Agent Durward Lewter had telephoned and telegraphed in orders for approximately 160 tons. "Our orders may not be in the required form," Lewter explained, "but at least we have made our wants known and they will be completed in the regular manner as soon as we receive the forms for that purpose." He estimates that Howard County farmers and ranchers will initially require at least 30 cars of this hay. A carload will run from 15 to 20 tons. At the time it was confirmed that Howard County had been included on the list it was also disclosed that Martin, Glasscock, Midland, Andrews, Gaines, Dawson, Borden and others had been included. Some concern was caused here Saturday morning when the first list of counties was released and no counties west of Scurry, Mitchell, Sterling, Upton and Crockett were included. This situation occasioned a telephone call from the Herald to P. M. Vance, state director of the Production and Marketing Administration, and this newspaper was then assured by Vance that these other counties had been included in his list. Shortly thereafter a revised list furnished by the Associated Press confirmed this point. Vance said the hay now available is legume at \$35 a ton, mixed

Patrolmen To Halt Autos Sans Stickers

A considerable number of Big Spring citizens did not obtain safety stickers for their automobiles by the midnight deadline Saturday. Inspectors in the local check station reported more requests for automobile checks Saturday than ever before. "We just didn't have time to do them all," one inspector said. "Everybody in town seemed to wait until the last minute." Approximately half of the Saturday requests had to be turned down. Each station checked around the same amount. Most check points had two inspectors on the last day instead of the usual one. Although the deadline was midnight, all of the nine-check stations surveyed closed their doors Saturday at 6 p.m. "People have had nine months to get their cars checked, and we didn't see any use in staying open a few extra hours," one man said. Inspectors would not estimate how many people around Big Spring would be without the safety stickers Sunday, but all agreed that there would be "a whale of a lot of them."

LAST DAY FOR SWIMMING POOL

If you expect to get another dip in municipal swimming pool this year, better get it today. The pool will be closed for the season after this afternoon's swims. City Manager H. W. Whitney announced Saturday. Reason for the closing is lack of business. Only about 20 persons per day have been using the pool since the start of school last Tuesday. Revenue isn't enough to pay one life-guard, not to mention other operating expenses.

Texas Paper For Ike

ALICE, Tex., Sept. 6 (AP)—The Alice Daily Echo will announce in tomorrow's edition that it is endorsing the presidential candidacy of Gen. Dwight D. Eisenhower. The Echo classifies itself as a Southern Independent Democratic newspaper. This is the first time that it has favored the election of a Republican as President of the United States.

GOOD START FOR MILK-ICE FUND; OTHER DONATIONS ARE SOLICITED

A Milk-and-Ice Fund to help some under-nourished and underprivileged children of Big Spring amounted to \$122 Saturday, thanks to two big boons. One of these, for \$50, came from Old-Timer R. A. (Bob) Eubank, who has been helping young folks all the 48 years he's been around Big Spring. Eubank said he had a special fund for this purpose, didn't elaborate too much, but hinted that he guessed right on some local political races when his friends didn't. "This money I gladly give to children who need it," he said. Another whopping \$50 came from the Big Spring firemen, who passed the hat. It was the firemen's Christmas Cheer Fund that started the Milk-and-Ice fund, when the Christmas treasury had some excess left from last year. Through Health Nurse Jewel Barton, the firemen heard of families—all with children—who are in dire straits to provide enough food to the young ones. They dedicated their welfare fund to the cause. Now it's depleted, and Big Springers are being asked to help.

Rep. Ribicoff Is Dem Senate Pick In Conn.

HARTFORD, Conn., Sept. 6 (AP)—U. S. Rep. A. A. Ribicoff, the first Democrat in more than a decade to carry Connecticut's first district in a non-presidential election year, was nominated today for the Senate. The Democratic State Convention accorded the honor to the 42-year-old two-term congressman unanimously and by acclamation. He will oppose Prescott Bush of Greenwich in the November election race for the seat left vacant when Sen. Brien McMahon (D) died July 28 after serving two years of his second term.

GLENDALE, Calif., Sept. 6 (AP)—Stella Marge Walsh, 41, woman sprint star of the 1932 Olympic games, was arraigned today on a charge of shoplifting.

Vocal Outbursts Fail To Greet Nominees' Farm Policy Words

By DON WHITEHEAD KASSON DODGE CENTER, Minn., Sept. 6 (AP)—Dwight D. Eisenhower and Adlai Stevenson battled today to what looked like a toss-up decision in their first major bids for the nation's farm vote in November. The two presidential nominees didn't touch off any prairie fires with the farm programs they put before a vast throng of more than 100,000 persons at the National Plowing Contest site in the open fields near here. The intent but subdued audience, standing in an 18-acre pasture amphitheater, accorded each of the speakers equal amounts of sparse and scattered applause. And neither of them swept their audience with any electric spark of personality. The crowd stood largely silent through most of their addresses—and paused for applause mostly were filled with a dead silence. Stevenson may have had a shade the better of it in his quips and jibes at the Republicans. But in the main the audience was quietly attentive and apparently judging one man against the other without a single roaring outburst during the day. Point for point, the program offered by Eisenhower at noon was roughly the same which the audience heard from Stevenson three hours later when he spoke from the same platform. The candidates matched polite insults which drew greater response than the programs they outlined for the future prosperity of the farmers. Eisenhower declared that agricultural autocrats—the coined a word "agricrats" from this—have "been in power too long—far too long" in Washington. And the crowd cheered. Stevenson drew applause when he quipped that it seemed "my distinguished opponent, Gen. Eisenhower, decided to plow under the Republican farm platform altogether" in his earlier speech. The two opponents' programs looked so nearly identical that it took a lot of digging to find the differences. In the tremendously important field of price supports, Stevenson stood solidly on the Democratic platform calling for support prices at not less than 90 per cent of parity. But he said the 90 per cent program is not necessarily permanent or the only answer to the farm problem. "This program... should be constantly reappraised to determine if it is fair to the taxpayer and responsive to our needs." On this point Eisenhower pledged himself to continue price supports at the present level of 90 per cent of parity for two years—while working out a program which would bring the farmers to a full 100 per cent of parity. (Parity is a legal standard intended to give the farmer a fair return for what he sells in relation See IKE-ADLAI, Pg. 6, Col. 7)

Kennon Will Vote For Ike

By JAMES MCLEAN BATON ROUGE, La., Sept. 6 (AP)—Louisiana Gov. Robert Kennon bolted national Democratic ranks today with the announcement he would vote for GOP nominee Dwight Eisenhower. "I believe that Gen. Eisenhower and the Republican platform represent the best available hope for the United States and Louisiana," he said. The governor of this deep South, traditionally Democratic state scored Gov. Adlai Stevenson, Democratic presidential nominee, for embracing: 1. "The Truman anti-states rights" position on the tidelands." 2. "The Truman-Humphrey federal compulsory FEPC." 3. "Truman's plan to limit debate in the U. S. Senate." Kennon, foe of "Trumanism" for months, declared Eisenhower "appears to me to have the courage and desire to end the Truman era of milk coats, deep freezes, payoffs and rackets in the federal government."

City Records Biggest Day Using Water

Big Springers had their biggest day of the year, waterwise, Friday, draining 5,378,000 gallons from the city water system. With the exception of Thursday, when the city started getting its supply from the Colorado River Municipal Water District, it was the only day this summer that consumption has exceeded 4,000,000 gallons. Used Thursday were 4,450,000 gallons. Water department personnel still were receiving a few complaints of low pressure areas Saturday. These were due, mostly, to too-small lines for the number of taps being served, and water pressures are expected to improve within a few days—when the novelty wears off the city's first adequate supply of water this summer. Some changes in laterals also are contemplated as a means of correcting certain "localized" low pressure spots. Four million gallons of the Friday water supply were drawn from well fields of the CRMWD. The balance—1,378,000 gallons—was produced by the city's wells. The rate of consumption Friday was the highest since last summer. Peak at that time was 5,768,000 gallons used on June 18, 1951. Saturday's consumption total won't be known until 8 a.m. Sunday when meters are read.

Local School District Has More Ground

Two square miles of territory have been detached from the Caudle School District (No. 11) and attached to the Big Spring Independent School District. This action was taken Saturday by the Howard County School Trustees, following hearing on a petition signed by 24 school patrons. It becomes effective immediately. The sections transferred are No. 2 and No. 30, in the vicinity of the airport. Affected are residents of the Airport Addition and portions of Wright Addition. Conferees between officials of both school districts had been held on the matter. The old Caudle lines had reached almost into Big Spring, and many children in the affected area were closer to city schools. The Big Spring District earlier in the week voted to accept the attachment provided approval was voted by the county board. Children of elementary school age in the area would attend the Airport school. Transfers are expected to be made this week.

Thank Goodness Man Has Strong Arms!

KELSO, Wash., Sept. 6 (AP)—A Victoria, B. C. man, Don Hall, completed a wild train ride successfully today, coming in with two hands and a prayer. Hall dashed for a Union Pacific streamliner at Vancouver, Wash. He was late and grabbed the handrails of a car and the northbound train pulled away from the station. He was unable to attract the attention of anyone on the train and it picked up speed. Not until the streamliner pulled into Ridgefield, 14 miles away, did brakeman B. R. Penney see Hall clinging outside. The train had reached a speed of more than 70 m.p.h. and Hall held on for at least 14 minutes, trainmen said.

Reviewing The Big Spring Week

Water made the top news of the week. Thursday became an important date for Big Spring for CRMWD water was turned into city mains on that day. Although complaints had been ticketed for lifting at ceremonies Friday evening, Mayor G. W. Dabney flashed the green light a day early on the assumption there was no use prolonging punishment for sake of formality. The week was one of violence. Two lives were lost—C. R. Cooper, Abilene, became the ninth traffic casualty of the year, and A-C-C. L. Barfield became the first flying casualty in an operation from Webb Air Force Base. His jet trainer went unaccountably out of control half a mile short of the runway Tuesday night. Next day, near La-messa, A-C R. W. McDonald set his propeller-driven plane down to a perfect dead-stick emergency See WEEK, Pg. 6, Col. 1

## Directors Of Water District Hold Meeting

Directors of the Colorado River Municipal Water District turned their attention Friday to the final phase of the tri-city water project.

Their business session preceded the celebration by Big Spring of initial delivery of water from the CRMWD.

The plug in the dam across the Colorado River in southwest Scurry County now is within five feet of its final height, S. W. Freese, Fort Worth, the CRMWD's project engineer reported. Contracts for pumps to boost water from the lake to Snyder and to Big Spring and Odessa may be ready for letting within 90 days, he said.

United Concrete Pipe Company, supplier for McKenzie & Co. and Ben Sira, pipeline contractors, is now making 22-inch lines for the final section of the supply line from Big Spring to the lake, he reported. Enough steel is on hand for nine miles and prospects are favorable that other will be received in time to prevent production interruption.

Plans for the Bull Creek diversion are being pushed now, he reported to the board. This will add 300 miles of effective drainage area to the lake basin, giving it a total of 900 square miles in its shed.

The district's 13 wells are now equipped for production, said E. V. Spence, manager. He outlined a proposal for a communication system between the cities and the pumping stations. Proposed rules and regulations for fishing, etc. at the lake may be presented at the next meeting, he reported.

Depository bond of \$100,000 was pledged by the First National Bank in Big Spring to secure the revenue fund. Directors authorized the execution of a lease to Shell Oil Company for storage tanks on the north shore of the lake.

### Suit Filed Against Ice Cream Company

Mrs. Alma Neta Hill of Amarillo brought suit in the 138th District Court Saturday against the Banner Ice Cream Company of Big Spring for \$50,000. Mrs. Hill filed in behalf of her nine-year-old daughter, Jimmie Hill.

Miss Hill caught her left hand in the ice crusher at Banner on June 24, leaving her hand mangled and deformed.

Mrs. Hill charges the ice company with negligence for leaving the crusher running without guards or warning signs. She claims that the attendant at the company left her daughter by the crusher while he went to get change for a bill. While the attendant was gone, the small girl got her hand entangled in the crusher. Damages are asked because of the pain, loss of earning power and physical deformity.

Cool Water

One of the streams of water spewed out over the Steer Stadium turf Friday evening by firemen to symbolize alleviation of a water crisis is pictured above. Youngsters traicked in the spray briefly but they found it a trifle chilly. The plumes of water climaxed a ceremony marking delivery of first water by the CRMWD to Big Spring. Below, left, Frank Kelly, Colorado City, WTCC president, told his listeners water is as important here now as 100 years ago. J. B. Thomas, right, pointed to the project as a fine example of what people can accomplish for themselves.

## Happy Crowd Welcomes Water In Ceremony Here On Friday

Relief from a season's water crisis was symbolized Friday evening with ceremonies at Steer stadium and a brief spraying of the gridiron and several score youngsters. Representatives from surrounding communities joined with some 350 Big Springers in commemorating the event. From speakers they heard thanks for water being delivered through the Colorado River Municipal Water District lines, and praise for cooperative effort and private initiative on the part of member cities of the district in

## Famed Actress Of Stage Dies In New York

NEW YORK, Sept. 6 (AP)—Actress Gertrude Lawrence, who swept to international stardom in a real life rags-to-riches story rivaling any of her many stage roles, died today.

Friends gave her age as 51. Other sources listed it variously from 50 to 54. A family spokesman said death was caused by "an acute disorder of the liver."

Miss Lawrence, a trooper in the stage tradition, fought off increasing pains for days last month to continue her performances in the current Broadway musical hit, "The King and I."

"She wouldn't give in," said her husband, theatrical producer Richard Aldrich.

Finally, he said, he kept insisting until she agreed to take a leave from her role after the Aug. 16 matinee and entered New York Hospital.

There her illness was diagnosed as yellow jaundice. Still, there did not seem to be cause for alarm.

Early today, however, her condition took a rapid turn for the worse. Shortly after 7 a.m. (EST) with her husband and two close friends—Fanny and David Holtzman—at her bedside, she died.

A daughter by an earlier marriage, Pamela Gordon, an artist, was reported flying here from London for funeral services tentatively set for Tuesday.

The English-born actress' long stage career was marked by a versatility rarely seen in the theater, and a success rarely accorded anyone.

She sang, she danced, she played light comedy, and she played heavy drama. Everything she did elicited with her audiences.

She went with homesickness when she first came to New York in 1924. Her first night made her a star here.

And forever after she was a success—she never had a failure on Broadway.

## Men In Service

### WITH U.S. FORCES IN JAPAN

Cpl. Billy A. Patterson, son of Mr. and Mrs. T. C. Patterson, Big Spring, recently spent a five-day rest and recuperation leave in southwestern Japan.

He stayed at Camp Nara, one of Japan's most famous resort cities, where the Army has set up an extensive recreational center for combat soldiers enjoying a brief respite from battle. He has since returned to his unit in Korea.

Corporal Patterson, a rifleman with the 224th Infantry Regiment, served in Korea for six months.

Patterson entered the Army in 1951 and received his basic training at Camp Cooke, Calif.

### WITH THE 1ST CAVALRY DIV. IN JAPAN

Cpl. Henry A. Thames, whose wife, Nell Jo, lives at 1411 W. Sixth St., Big Spring, now is on security duty with the 1st Cavalry Division in Japan.

His unit, one of the first to fight in Korea, currently is undergoing extensive aerial movement and amphibious training on the northernmost Japanese island of Hokkaido. It was transferred to Japan last December after 17 months of combat.

Corporal Thames entered the Army in April 1951 and was stationed with the 701st Airborne Infantry Battalion at Fort Hood, Texas before his overseas assignment. Thames, the son of Mr. and Mrs. Henry C. Thames, 400 E. Third St., Big Spring, formerly attended the Howard County Junior College in that city.

Pvt. Eugene H. Saathoff, husband of Mrs. Laura Saathoff, Big Spring, has been selected to attend the Fifth Armored Division's radio school. After 10 weeks of class work, he will spend two weeks in the field in practical operation of various code and voice radio sets. Before entering the Army, Pvt. Saathoff was an oilfield worker at Odessa.

## Big Springers Due Home From California

Two Big Springers and their wives will be aboard a special train bearing Southland Life representatives homeward bound today from a week's outing in California.

They are Mr. and Mrs. Matt Harrington and Mr. and Mrs. Will J. Sheppard. Harrington and Sheppard were among the company production leaders and earned the trip on the strength of their sales records. Last Sunday they boarded the 17-car special for San Diego, spent some time at Hotel Coronado, went on a deep sea fishing junket, and took in Los Angeles and Hollywood highlights. The train was due here early today.

## Servicemen Reminded About Income Taxes

Sgt. A. M. Burt, Big Spring recruiter for the Army and Air Force, Saturday reminded military personnel of provisions of a law regarding payment of income taxes on profits derived from sale of a home.

Servicemen who have been on active duty 90 days or more after the date of sale of old residence (and before Jan. 1, 1954) may ignore payment of income tax on profits provided the increment is reinvested in another home within four years, Sgt. Burt said.

## Change Is Reported In Policy By Army

A new policy governing enlistment of Army aviation officers was announced Saturday by Sgt. A. M. Burt, local Army and Air Force recruiting representative.

Due to the shortage of Army liaison fliers, the Army now will enlist without further training or service persons who have completed Army Officer Candidate Schools, Sgt. Burt said. Such enlistees will be sent directly to an aviation flight training school.

In Big Spring

the flow was cut-off. "One hundred and three years ago people came to Big Spring because of water," Frank Kelley, Colorado City, president of the West Texas Chamber of Commerce said, referring to the first written description of the "big spring" by Capt. R. B. Marcy. "Because of what has been done, they will continue to come here."

History has and will be made in West Texas by water, Kelley told his audience. He had habitually told oil companies that they must cease talking about 50 year petroleum reserves in the area until they first find means of providing water. Kelley figured prominently in the early studies which led to creation of the CRMWD.

After he had been lauded by R. T. Piner, CRMWD president for having conceived the idea of a multi-city water project and for investing company and personal funds in embryonic studies, J. B. Thomas, Fort Worth, president of Texas Electric Service Company, said that accomplishments to date proved the wisdom of an adage: "The way to eat an elephant is to cut him up in small pieces and put a lot of people to chewing on them."

He drew applause in complimenting the CRMWD cities on their initiative, faith and enterprise. "In developing a system which would be theirs to own and operate as they see fit."

Hila Weathers, manager of the Martin County Chamber of Commerce, injected a moment of levity in presenting a jug of fresh Martin County water. The new source of supply through CRMWD lines is currently coming from wells in central western Martin County. She doused the head of the master of ceremonies, Joe Pickle, and christened him "Chief Martin Rain in the Face."

Mayor Dabney gave thanks for Divine help in district accomplishments thus far in recounting the discouragements which had been faced and overcome. What was symbolized for Big Spring, he said, was area-wide in its import for all West Texas stands together and is inter-dependent. In that connection he envisioned the time when the project might be an instrument of serving others. Thanks for Providential foresight in making water possible was expressed by Dr. R. Gage, First Presbyterian pastor, in the invocation. Preceding the formal program, J. W. King Jr. led the high school band in half an hour's program.

Board members and officials were introduced by Piner and included Charles Perry, vice president, W. E. Bruce and J. L. Rhoades, Odessa; James Rosser, R. A. Scholing and Lyle Dettbach, Snyder; George White, George Mims and R. L. Cook, Big Spring; E. V. Spence, Big Spring, general manager; S. W. Freese, Fort Worth, engineer; John D. McCall, Dallas, attorney.

Among other platform guests were Trigg Twitchell, Austin, representing U. S. Geological Survey; S. W. Wheeler, chamber of commerce president, and J. Woodford Sale, mayor, Stanton; J. W. Bryant, mayor, Henry Norris, chamber president; DeWayne Davis, chamber manager, Lamesa; Ivan Holt, chamber president, A. B. Ellis, mayor, and A. C. ## Armed Forces Procurement Is To Be Unified

WASHINGTON, Sept. 6 (AP)—The Defense Department, in the first of a new series of directives, today began steering the Armed Forces toward an actual centralized procurement program designed to save the taxpayers many millions of dollars a year.

Secretary of Defense Lovett announced the orders, aimed at ending competitive buying by the Army, Navy and Air Force, will be effective Monday.

Competitive buying, which had survived five years of "unification" of the armed services, long has been under fire in Congress as wasteful.

The O'Mahoney amendment to the Defense Department appropriation bill for the current fiscal year ordered "efficient, economical and practical operation of an integrated supply system designed to meet the needs of the military departments without duplicating or overlapping of either operations or functions."

Among things the new directive would:

1. Require a single cataloging system so each service branch will know where to get a particular item. A previous effort to do this has lagged.
2. End the buying of things for the various services just a little different—such as office desks differing an inch or two in size or light bulbs almost identical but costing different prices.
3. Prohibit hoarding of supplies. The order says "stock levels shall be established and maintained at the lowest practicable level."
4. Encourage private industry to finance its own plant expansions instead of using government funds.
5. More utilization of machine tools already in reserve stocks instead of buying new ones.
6. Set up a check system in each of the three services to scrutinize the demands of its supply planners. Within each service, a review board will be set up to consider its equipment and supply needs.
7. Require that when the military forces have been fully outfitted with modern arms and equipment, "maximum feasible reliance will be placed on continuing expansion production rather than on the accumulation of reserve stocks."
8. Require facilities such as warehouses, repair shops, bakeries and laundries of all the services to be used by all instead of the present general practice of each service having its own facility, sometimes when another service has an identical facility only a mile or two away.

## Woman, Stabbed, Is Released By Hospital

Miss Olaya Rodriguez, 307 N. BeH, was released from the Big Spring Hospital Saturday morning after treatment for a stab wound in the left breast and a 2-inch cut on the arm.

She was reported stabbed about 1:45 a. m. Saturday. County Attorney Hartman Hooser said that Miss Rodriguez did not wish to press charges against her assailant.

## Enrollment At Local Schools Shows Hike

Enrollment showed a 6.4 per cent gain for the first week of school over the corresponding figure a year ago, a recapitulation of registration figures revealed Saturday.

The aggregate was 4,326 for all schools. A year ago at the end of one week, the total was 4,066. Two years ago it was 3,835.

The factor of gain for elementary levels was four per cent, for junior high 7½, for high school 12 per cent, indicating a leveling out in the lower grades where crowding has been most acute for several seasons. Lakeview (Colored) school had a 13 per cent gain in its enrollment.

Pending a meeting of the board of trustees Tuesday evening, no word can be given on whether to receive under-age children who soon will be six years old, said W. C. Blankenship, superintendent. A total of 126 of these have been registered in event they can be accepted.

So far there have been no double-day sessions. Whether these can be avoided in a few trouble spots may depend upon transferring pupils to less congested schools or where there are available classrooms, and upon securing additional teachers.

College Heights, with its pressure relieved by the new Park Hill and to some extent by the new Washington Place school, has seven available classrooms.

The first grade at South Ward has 43 pupils, which means that this likely will have to be divided some way into two sections. Similarly the first grade at College Heights has 37. The second at College has 26, two sections at Kate Morrison have 36 each. A fifth grade section at Kate Morrison has 50, the fifth at Central has 41, the sixth at Airport 44. These are among the most pressing problems. There are several others on the border line.

Some quirks puzzling Dean Bennett, director of elementary education, include the second grade at South Ward, where, despite a bumper first grade last year, second grade enrollment has amounted to only 19. They may be reflected in the sharp gain at Washington Place second grade enrollment

CHARLES DOOLEY

## Charles Dooley Named Carrier Of The Month

Winner of the August Carrier-of-the-Month award among Big Spring Herald Little Merchants is Charles Dooley, an eighth-grader in Junior High.

Charles won his honor over more than 40 other boys, on the basis of good service to subscribers, prompt payment of bills, solicitation of new customers, and regular attendance at Carrier meetings.

He gains possession for a month of a gold trophy, gets a \$5 merchandise certificate to be used at the local store of his choice, and wins a dinner and theatre party for himself and all members of his family.

Charles makes enough money off his Herald route to buy his own clothes and school supplies. He has been a Little Merchant for about a year, serves the Setles Heights area. He is the son of Mr. and Mrs. Clyde Dooley, 309 Creighton.

Carrier-of-the-Month honors have been distributed among several boys since the idea was started last February. Next month, when National Newspaper Boy Day occurs, a Carrier of the Year will be determined, and he will win permanent possession of the gold trophy as well as other awards.

## Cub Scout Den Meets

Den two of the Cub Scouts had picnic Friday night. The picnic was opened with the pledge of allegiance and closed with the song "America."

Roasted weiners were served along with ice cream and cake. Those in charge of the picnic were Cub Master H. A. Rogers and committee member H. F. Hodges. Mrs. Rogers and Mrs. Hodges are den mothers.

## Corporation Court Transfers Twenty Cases During The Week

Twenty-two cases were transferred from Corporation Court to authorities during the past week. Heading the list of transfers were five cases involving charges of driving while intoxicated, all of which went to Howard County Court.

Also transferred to Howard County authorities were five cases of drunkenness, two involving contribution to the delinquency of a minor, one of driving without license, one of driving while license suspended, one of "under-age driving," one of assault, one of affray, one of burglary, one involving "hot checks," and two cases of breaking and entering.

Transferred to custody of Midland County officers was a man arrested by city police on a felony warrant from Midland.

Case heard in Corporation Court during the week resulted in 74 fines for a total of \$1,084. In addition, four persons forfeited bonds amounting to \$80 on failure to appear in court in answer to intoxication charges.

Drunkenness continued as the

most prevalent offense, with 43 fines being assessed for a total of \$663. Six fines for \$101 were levied for disturbance, three for \$60 were assessed for affray, four for \$27 re-assessed from vagrancy charges, and a \$5 fine was assessed for "negligent collision."

Traffic fines included two for

## Police Help Youths Retain The Week End

Two fellows were about ready to "lose" the week end by the time police stashed them away in the municipal bastille Saturday afternoon.

Barefooted and armed with five quarts of wine, the pair settled down with their automobile in the middle of West Third Street about mid-afternoon.

Officers thought the two were more suited to jail "traffic" than the Saturday afternoon rush. Also transferred to the police station were their four shoes and the unconsumed liquor.

\$110 as a result of reckless driving charges, four for \$50 for speeding, one for \$25 for failure to grant right-of-way, two for \$7 for improper parking, three for \$5 for ignoring stop signs, one for \$5 for running a red light, and three for \$11 for making prohibited turns.

One man, charged with driving without license, leaving scene of an accident, reckless driving and failing to stop at the order of police, is at liberty on \$100 bond. The man, arrested by city police after a chase last Saturday night, pleaded not guilty to the various charges Monday.

His trial was set for Friday morning, but has been postponed.

The same man was transferred to County Court on a charge of driving while intoxicated. In that case he is at liberty under an undisclosed amount of bond.

## C-City Rites Held For Almer S. Hiser

COLORADO CITY — Funeral services were conducted at 3 p. m. Saturday for Almer S. Hiser, 71, Loraine farmer who died Friday in the Root Memorial Hospital.

Rev. Wayland Boyd, pastor of the Loraine Baptist Church, officiated. Burial was in Loraine Cemetery under direction of Kiker & Son, Colorado City.

Hiser has lived in Mitchell County for 45 years. He was born April 28, 1881, in Arcadia, La. He was

a member of the Loraine Baptist Church. He had been ill only a short time when he was claimed by death. Sole survivor is a brother, Albert Hiser, of Loraine. Pallbearers were John Horton, Luther Anders, Travis Hallmark, K. L. Gaylor, Glen Coon and Alfred Richey.

## LOST 33 POUNDS WITH THIS HOME RECIPE

Barecstrate is the original grapefruit juice recipe for taking off ugly fat. It's simple. Just go to your drugist and ask for four ounces of liquid Barecstrate. Pour into a pint bottle. Add 12 ounces of grapefruit juice. Then take just two tablespoonfuls twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves—if reducible pounds and inches of excess fat don't seem to disappear almost like magic from neck, chin, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. No starvation diet the Barecstrate way.

**LOST 33 POUNDS**

"I cannot praise Barecstrate enough," writes Mrs. Lois Butler, 216 Washington Ave., Waco, Texas. "It has done wonders for me. I don't have that tired, worn-out feeling any more. I weighed 170 pounds when I started to take Barecstrate. I now weigh 137."

# State Agency To Get C-City Abandoned Baby

COLORADO CITY — This city's "paper sack baby" will be declared a "dependent and neglected child" and will be turned over to a state-approved placement agency, District Attorney Eldon Mahon announced Saturday following a conference with 32nd District Judge A. S. Mauzey.

The infant, about a week of age, definitely may not be adopted by an individual, except through some regular placement agency, Mahon quoted Judge Mauzey as saying. The district attorney said this will avoid the possibility of future friction between actual and foster parents, since the child's identity will be lost when it goes through such an agency. Placement of the infant will be determined by Judge Mauzey.

Mahon said his office has been flooded with calls and visits from persons wishing to adopt the baby, which was found abandoned in the First Methodist Church Wednesday night. The hospital also reported dozens of visitors wishing to see the baby.

# Russians Thought Building A Chain Of Arctic Bases

By ARTHUR GAVSHON  
 LONDON, Sept. 6 (U. S. — Western authorities said today they believe Russia is building a chain of bases on the roof of the world along the Arctic shores linking Soviet Europe and Soviet Asia.

Development of a Northern sea passage between the Barents Sea and Bering Strait has absorbed the Soviets actively since 1933.

In that year the Northern sea route was brought into being, according to Prime Minister Stalin himself, to wrap the wealth of the wild and icy Siberian North into Russia's economy.

The route is icebound except between July and October. Western officials, nonetheless, think the Russians are developing ports along the route in case other vital parts of the Soviet land mass are blockaded in any future war.

ALL makes of cars compete in stock-car races. And in these grueling tests of stamina, safety and performance, only results count. That's why, when you look at the stock-car record, you know which car is best.

To date this year, Hudsons have won 35 out of 39 stock-car races — an all-time record!

How does this help you choose your family car? Well, consider this:

- It proves that Hudson's exclusive "step-down" design (with America's lowest center of gravity) gives you road-hugging stability and sureness of handling no other car can match!
- It proves that Hudson's Monobilt body-and-frame\* is the safest, most durable automobile construction known!
- It proves that Hudson's high-compression engines deliver tremendous power, that Hudsons have the stamina to take punishment equal to 50,000 miles of ordinary driving in tests where other cars fail.

All these important qualities are yours in a Hudson . . . for your pleasure, for your pride, for your protection. There's sleek, streamlined beauty, too, and you don't have to look at the record to see that.

## 'Classifieds' In Phone Book Bring Revenue

As a rule, you probably look in the newspaper for the "classified page."

You'll find it there, of course, but classified pages are more abundant in the telephone directory. The Big Spring phone book has 146 "yellow pages," all of them "classified." They outnumber the white pages, where telephone subscribers are listed alphabetically, about four and a half to one.

In fact, about 82 per cent of the phone book is devoted to the yellow pages where telephone users are listed according to the types of business they're engaged in, and where many businesses place some of their advertising.

The yellow pages, or "classifieds" are an example of the company selling a service in addition to its regular business of providing the maintaining telephone communications in the community.

Revenue from the sale of advertising is not subject to the two per cent gross tax which the telephone company pays the city on other local income. According to the company's franchise, the tax on gross revenues is paid for the use of streets and alleys as easements for telephone lines, poles, etc., and as compensation for the disruption of traffic over streets and alleys where excavation and other work is being performed.

The tax is paid on gross revenue from local telephone subscribers and includes neither toll charges nor advertising income. The tax last year amounted to \$5,479.89.

The city has similar franchise arrangements with other utilities companies and with taxicab and bus operators. Revenue from the other franchises last year included gas, \$28,801.04; electric, \$10,654.55; bus, \$625.53; and taxicab, \$1,783.57.

Payments from the gas company, largest of the five franchise revenues, also covers the cost of reading gas meters each month. City water department workers read both water and gas meters through an arrangement which eliminates duplication of operations in determining charges for the two utilities.

Don't Plow It Up!

Although the Guar planted on dryland farms in this area has only made from one-fourth to one-third of the growth it might have made both above and below the surface if there had been a little more moisture, conservationists say practically all of it is still vigorously alive, and Guar specialists warn against plowing it up, explaining that when it does receive a little more rain it will immediately put on a new and faster growth. SCS Technician Grady Lane Jr., standing in this Howard County field says statistics prove that a good crop of Guar will fix at least 80 pounds of pure nitrogen annually into a field in addition to the other residue and food it will provide for following crops.

## FARMERS ARE TOLD

### Experts Advise Not To Plow Up Guar

By FRANKLIN REYNOLDS

Don't become discouraged and plow up that Guar, is the word General Mills Guar seed processing plant at Kenedy has sent the farmers of West Texas.

The message also carries the encouraging news that once this Guar, which has been planted in this area for the first time this year, gets some more rain it will start growing again. More growth will mean more and better protection against blowing this coming winter and spring and more residue for more bountiful row crops next year.

A check over the area the last few days reveals that while the growth of the 2,000 acres of Guar in Howard, Martin, Midland Counties, and in a Dawson County area immediately adjacent to Ackerly, appears to have been halted except in the irrigated fields, the Guar is still vitally alive and doesn't show the symptoms of being burned up like the cotton, peas and feed crops near it. Field inspections show that Guar

is putting out a good root system in most cases, with root penetration of the hardpan and a good lateral root development. Conservationists seem quite certain it can stand a great deal more drought and that in some sections it is going to be the only row crop that will eventually survive the dry spell. The growth, they also point out, has not been as much as had been hoped

for but at the same time is probably better than might have been expected under the prevailing dry conditions.

Bean development on the plants is good as far as the lack of moisture has allowed the crop to grow. Conservationists declare it is remarkable how well the crop is holding its own when compared with the other row crops. At this point a high state of maturity before the first killing frost appears to be very doubtful, they say, but they believe that with just a little more moisture, such as may be reasonably expected in September, the farmers are going to have a very distinct advantage of its land-holding properties plus the enriching effects of the Guar residue. Hence the admonition to the farmers not to become discouraged about it and plow it up.

Guar was recommended following the expiration of the cotton planting deadline, as a triple purpose crop, (1) to prevent wind erosion, (2) to enrich the soil, and (3) as a cash crop, since General Mills has established the Kenedy plant to process the seed formed in the beans for industrial purposes.

In this area both those parts of the Guar plants above the ground and below the surface have probably attained only one-third the growth they would have made had there been just a little more moisture. This is made plain by the Guar that is growing in fields for which irrigation water is available. Prospects are that in the dryland area very little, if any, of the Guar will attain enough growth for combining the seed, but as the conservationists point out, this situation will mean that much more residue and food for next year's cotton and feed crops.

Guar planting was widespread in Texas this year both for soil conditioning and protection and because of the newly established industrial market for which a price of \$4.00 per hundredweight for the seed has been set.

The admonition not to become discouraged and plow up the Guar was reiterated yesterday by W. S. Goodlett of Big Spring, district conservationist with the Soil Conservation Service. "It is doing better in most cases than any other row crop," he said. "No matter how bad it may start to look later, even though it all looks good now, let's stay with it and give it every chance. If we can get a little more moisture we have every assurance that it will probably take on a new and comparatively rapid growth. We believe the growth it has already made this year under the most adverse conditions has been enough to prove to us that it can be depended upon for the purposes for which it was planted."

### SACROC And Water Supply

A ready water supply for pressure regulation aspects of the proposed plan to utilize Canyon Reef oil production in the Kelly-Snyder and portions of the Diamond M pool of Scurry County are shown in the map above. The Scurry Canyon Reef Operators Committee has contracted with the Colorado River Municipal Water District for surplus waters. Engineers estimate recovery will be more than doubled by repressuring.

## SACROC Arranges For Needed Water

In anticipation of a "go ahead" signal from owners of oil and gas royalties underlying a proposed unit operation area in the Kelly-Snyder and Diamond M fields of Scurry County, a water supply for pressure maintenance has been arranged.

SACROC—the Scurry Area Canyon Reef Operators Committee—announced that lessees operating more than 90 per cent of the unit area properties have committed themselves to the unit operation agreement. Sixty per cent of the royalty interests have been signed to date, and only 65 per cent is required to make the plan operative.

R. F. Bryant Jr., Magnolia Petroleum Company of Dallas, chairman of a special committee, said more signatures were being obtained daily.

Water to "sweep" the producing oil fields from strategically located water injection wells, along with some gas injection to add the pressure maintenance program, will be available to the proposed SACROC unit in September if rains come.

The Colorado River Municipal Water District, by whom water will be supplied, is completing its dam in the southwest corner of Scurry County. The CRWMD has contracted to furnish water surplus to municipal requirements.

Water is presently being impounded by the dam with limited quantities available, and there should be enough water by January 1, 1953, to supply all necessary SACROC water injection requirements, the consulting engineers state.

The lease operators in the proposed SACROC unit underwrote and have paid for the extra facilities of the water service line incident to repressuring operations, including larger diameter pipe and the necessary lengthening of the line to route it through the Canyon Reef field.

The entire water pipe line incident to delivery of water from behind the dam to the repressuring facilities in the Diamond "M" and Kelly-Snyder fields is already in place and has been tested. The line is 27 inches in diameter from the damsite to a point well within the Kelly-Snyder segment of the proposed unit area, crossing through the Diamond "M" seg-

### It's Increasingly Harder For Little Guy To Crash Oil Game

By HAROLD HART  
LITTLE ROCK, Ark., Sept. 6 (U.P.)—How can the little guy, make a fast buck in the oil business? He can't, anymore.

At least that's the opinion of one of the oil business' more substantial independent producers.

"I wouldn't take his money," says Durwin Bond of Little Rock. "In the old days the little man could make a deal, but only in rare instances can he do it today."

The Little Rock oil man defined a little man as one who has several hundred or several thousand dollars to sink into what could very well be a dry hole.

Bond puts it this way: "Why would I go out and talk my brains out to get 20 men to put up \$100 each, when one independent outfit bigger than myself or one of the major companies would come in for the lump sum?"

"We've got hundreds of thousands of acres of land in Arkansas, Louisiana, Mississippi and Oklahoma. It takes at least \$50,000 now to drill an oil well. If the prospects are good another company will come in right away—they are looking for those deals."

"If you get down to 3,000 feet and nothing has happened, the little man might not want to put up any more money. But the big company

## BORDEN EXPLORATION SHOWS LIGHTLY IN MISSISSIPPIAN

Light shows in the Mississippian have been encountered in C. I. Herring No. 1 Mack-Amerada, a southeastern Borden wildcat.

Corrected information placed top of the Mississippian at 8,280. A drillem test was taken from 8,278-8,306 with the tool open 2 1/4 hours. Gas surfaced in 55 minutes but in volume too small to measure. Recovery was 110 feet of oil and gas-cut mud. Open flowing pressure was 60-100 pounds and the 15-minute shutin pressure was 720 pounds. The venture is now drilling at 8,350 in Mississippian lime and chert. Locations is C SW SW 139-25, H&TC.

Stephens Petroleum Co. No. 1 Beacon, C SE SE 48-25, H&TC, a mile northwest of the Hobo Field, drilled to 6,820 in lime and shale. It is within about 200 to 300 feet of where operator might expect to pick the reef top.

### WEEK'S REVIEW

## Tom Green Reports Reef Discoveries

By JOHN B. BREWER  
SAN ANGELO, Sept. 6—West Texas oil activity kept pace with past weeks despite the Labor Day-shortened period during the final week of August and early part of September.

Tom Green County held the spotlight with completion of a Palo Pinto discovery. Strawn flow in another strike. A Devonian discovery in Andrews was indicated while the Wolfcamp yielded flow from two zones in an Ector County wildcat.

Humble No. 1-B Mary B. Hall, northeast Tom Green wildcat, completed as a flowing discovery from the Palo Pinto lime of the Upper Pennsylvanian for a 24-hour flowing potential of 242 barrels of 41.3 gravity oil.

Production was natural through a perforated section at 1,338-1,352 hours gas-oil ratio of 1,100-1. The strike is located one location northeast of Strawn production in the Harriett field, four miles northeast of San Angelo. Footage is 550 from south, 1,300 feet from west lines of south half of the north half of Washington County Ry. Co. survey 23.

Another Humble test two miles north of Carlsbad in Tom Green, No. 1 Wm. B. Wilson, kicked off and flowed 93% barrels of fluid in 12 1/2 hours gas-oil ratio of 1,100-1. The fluid was load oil, acid residue and new oil with no breakdown reported. Operator, however, indicated it was mostly new oil.

Flow was from acidized perforations between 5,846-856 feet in the Strawn. The perforations were later reacidized and the test was swabbing acid load with small amount of oil at the week's close.

Texaco No. 1-AB State, wildcat in northeast Andrews County, has shown indications of becoming another deep Devonian discovery for the county. Recovery on a two-hour drillem test from 12,588-633 feet was the 2,000-foot water blanket, 1.76 feet of free oil and 279 feet of oil and gas-cut watery drilling mud. Exact source of the water was not determined. Operator plans to drill 15 or 25 feet deeper and take another test.

Recovery on a drillem test in the Devonian at Superior No. 1-B-11 University, three-quarters miles southwest outpost to production in the Block 11 (Devonian) field in southwest Andrews, was 440 feet of gas-cut mud and 170 feet of heavily oil and gas-cut mud with a slight amount of free oil. Location is 660 from north, 1,960 feet from west lines of section 27-11-U. In northeast Ector County, V. A. Brill and Associates No. 1 David

### Clear Fork Venture Scheduled In Garza

A Clear Fork wildcat for northeastern Garza has been announced. It will be Bighorn Corporation of Midland No. 1 Rex Welch, et al. 2,310 from the west and 990 from the south lines of section 2-4 K. Aycock survey. Elevation is 2,358. This puts the venture 11 miles northeast of Post and it will go to 3,500.

EUGENE HOLMAN

## Holman Named As Recipient Of New Award

DALLAS, Sept. 6 (U.P.)—Eugene Holman, 57, president of Standard Oil Company of New Jersey, was selected as the recipient of the first annual State Fair of Texas "Texas of Distinction" award.

Lawless Drilling, Inc., of Odessa is to start Sept. 15 on its No. 1 Harmell in east central Hale County, 12 miles south of Plainview. The venture is projected to 10,500 to the Ellenburger unless it should make a producer in the Pennsylvania. Location is to be 530 from the south and west lines of the northwest quarter of the southeast quarter of section 5-R, EL&RR. This puts it 1,320 feet due north of the Albaugh No. 1 Harmell, drilled by Ray Albaugh of Midland and Big Spring, to a depth of 9,079 where it was temporarily abandoned. Although never released any official information, although the wildcat was said to have had some shows.

Holman was born in San Angelo May 2, 1895. He was graduated from Hardin-Simmons University at Abilene with a Bachelor of Arts degree in 1916 and received his Master's degree in geology from the University of Texas in 1917.

He joined the Humble Co. in 1921 and worked his way up to the post of chief geologist by 1928, when he went to work for Standard Oil of New Jersey.

Holman is the brother of Mrs. Theo Andrews of Big Spring and has visited here on numerous occasions. In recent years he has been commencement speaker at Hardin-Simmons University and addressed the annual board of city development banquet at San Angelo.

## Cosden To Be Prospecting On West Slope Of Rockies

Cosden Petroleum Corporation will go prospecting for oil on the west slope of the Rockies soon.

Ell McComb, junior geologist for the company, has been in Utah and Western Wyoming for the past month doing geological work. He is a junior geologist for Cosden.

Location has been staked now, said Marvin M. Miller, vice president in charge of production, for Cosden No. 1 Miller (no relation) in Sublette County. It will be in section 32, township 30 north, range 112 west and is near the western boundary line of Wyoming.

The exploration is in the Green River basin and is in the Big Piney oil and gas area and near the village of Pinedale, Wyo.

Cosden holds a 6,000-acre check-board block in the area. Structures in that sector have shown gas around 2,400 feet. Miller said studies indicated possibility of oil or gas at around 2,500 and 5,500. Contrary depth for the wildcat will be 6,000. Miller said operations are due to start sometime in September.

## Report Reflects Trend To Gas As Fuel To Generate Electricity

WASHINGTON, Sept. 6 (U.P.)—A report just issued by the Federal Power Commission tells the statistical story of the growing trend toward use of natural gas instead of coal in generating electricity.

The report shows that use of natural gas by electric utilities throughout the nation reached a monthly record of 98,700,000 cubic feet in July, a gain of 10.5 per cent over the June record of 89,200,000 cubic feet, and 18.6 per cent over the 83,200,000 cubic feet used in July of 1951.

Production of electricity from coal, on the other hand, decreased 2.2 per cent in July of this year as compared with July, 1951. It was up 3.1 per cent over June of this year, however.

Generation of electricity from water power and from oil, the other two principal sources of energy, was about the same in July as

in the corresponding month of 1951. Coal still is by far the main source of electric power in this country, according to power commission data, furnishing half the output in 1951.

Of the total of 270.7 billion kilowatt hours of electricity produced in the year, 185,200,000,000 came from coal; 99,800,000,000 kilowatt hours, or roughly 36.9 per cent, from water power; 56,000,000,000 kwh, or 15.3 per cent from natural gas; 28,700,000,000 kwh, or about 7.7 per cent, from oil.

During July of this year a total of 4,379,714 barrels of oil was consumed in generation of electricity, down slightly from the 4,459,987 barrels used in July of 1951. Hydroelectric power in July amounted to 5,700,000,000 kilowatt hours.

### Junior College Sets Registration Monday

With a nest egg of 56 Air Force students, Howard County Junior College begins registration for its seventh fall semester on Monday.

Dr. W. A. Hunt, president, said it was too early to speculate on totals but he was encouraged over prospects for enrollment.

Registration has been set for 8:30 a.m. to 4:30 p.m. and from 6:30 p.m. to 9:30 p.m. on Monday and Tuesday. The evening registration period is for the convenience of those who might be working or otherwise unable to sign up at the college during the regular day hours.

Fifty-six men at Webb Air Force base have enrolled under what is commonly called "Operation Bootstrap" by the airman. The Air Force shares with them the expense of their training in which they earn regular college credit.

Dr. Hunt said that some others might enroll under an "accelerated" program. This would be essentially an achievement program in which the individual airman could study and learn it as fast as he was capable of or desired. At any time he or his instructor thought that he had mastered the subject, he could take a GED test at Webb Air Force Base. Should he pass the sets, said Dr. Hunt, college entrance credit would be granted by HCJC. The credit then would be

transferrable anywhere in the country.

Veteran enrollment is expected to show a decline, but last year regular enrollment by high school graduates in the area more than offset it.

Prospects for the adult education program, much of which is represented in the evening classes, appears to be sound, said Dr. Hunt.

Although registrations will be accepted to the end of the week and in some cases as late as Sept. 20, the president urged that there be as early registration as possible. Class work begins Wednesday morning.

### Webb Slates Graduation Of Pilots Saturday

Webb Air Force Base will graduate its third class of aviation cadets Saturday morning.

The class, 52-F, consists of 27 student officers and 66 cadets. Diplomas and silver wings will be presented along with second lieutenant commissions in the program due to get underway at 9 a.m.

Members of the graduating class will pass in parade review. An aerial pass-in-review is also scheduled. The commencement address will be given by Tony LeVier, chief engineering test pilot for Lockheed Aircraft Corp., producers of the T-33 Jet training plane which is used at Webb AFB.

The Goodfellow AFB band from San Angelo will furnish music.

The public is invited to attend the graduation ceremonies, Col. Ernest F. Wackwitz Jr., base commander, announced. The public may visit the base as well as view the aerial parade to be led by Lt. Col. James Wilson, pilot training group commander.

Col. Wackwitz will present diplomas and wings to the new pilots, while Base Adjutant Maj. W. C. Whalin will administer the oath of office to new officers.

### Credit Meeting Is Slated Here Today

A general discussion on methods of closer co-operation between retail credit bureaus will be held in Big Spring today, at a gathering of Credit Bureau Managers of Texas District 2.

Approximately 40 are expected to attend the meeting from the area covering all West Texas. The business session will start at 10 a.m. at the Settles Hotel, and a luncheon meeting is scheduled for 12:30.

Int-bureau reporting will be stressed in talks by Charles T. Lux, Austin, executive vice president and general manager of the Retail Merchants Associations of Texas; Howard Chilton, Bureau manager at Fort Worth, and Carlos Carter, Bureau manager at El Paso.

J. O. Vinson, San Angelo, District 2 president, will conduct the meeting.

### Preliminary Work On County Budget Over

Commissioners finished preliminary work on the Howard County Budget for 1953 this week end. County Auditor Chester O'Brien reports that a summation of the budget is yet to be made.

Date for a public hearing on the prepared budget is expected to be set Monday in Commissioners Court. An announcement must be made 10 days prior to the hearing.

### Fined \$50, Costs

Grady Balding pleaded guilty to a charge of driving while intoxicated in County Court Saturday. Judge Walter Grice fined Balding \$50 plus costs and suspended his driver's license for six months.

### Martin Chamber Is Part Of U.S. Group

STANTON, (SC) —The Martin County Chamber of Commerce has become an affiliate of the Chamber of Commerce of the United States, it was announced at a meeting Thursday of the directors by S. W. Wheeler, president of the local organization.

He also announced that County Judge James McMorris has been named as national council or to serve as liaison officer between the Martin County Chamber and the national organization.

In view of the recent appointment of Mrs. Leo Turner as city-county sanitarian, Wheeler said a health and safety committee will be named to assist Mrs. Turner with her work. Part of the work of this committee will be in teaching a safety program to school children. The matter of a traffic safety program was brought out at the meeting by M. R. Byrd, principal of the Stanton High School and County Attorney Ralph Caton discussed the legal problems involved in a plan for a better traffic control in the school area.

More safety signs and speed zone markers will be put up and plans were advanced for the establishment of safer areas for the load and unloading of school buses. Also discussed was a program for using the older boys as junior traffic officers on the crossings near the school.

Elmore Johnson, chairman of the Chamber's committee on education, reported on the activities of his group and said plans have been made for the observance of Good Citizenship Week, September 22-26 in co-operation with the West Texas Chamber of Commerce and the Stanton Lions Club. The Chamber will meet jointly with the Lions Club, Johnson said, Monday evening, September 22, at the First Methodist Church to hear a speaker who will be presented by the WTCC.

Wheeler announced at the meeting that two families had recently been forced to move from Stanton because they had not been able to get telephone service, and that a telephone was essential to the work of the heads of these families. In the course of this discussion there was some criticism of the service currently being rendered by the telephone company.

Additional plans for the county-wide Christmas observance program were also made.

In addition to Wheeler, other Chamber of Commerce officials attending the meeting were Directors Jack Bentley, James Jones, S. J. Foreman and J. H. Pinkston.

A number of visitors were present and these included Mrs. Mabel Atchison; Charles Eckert; Mr. and Mrs. Nelson DeNoon; Marvin Brister and Glenn Gates.

### 65 Persons Placed In Non-Farm Jobs

Sixty-five persons were placed in non-agricultural employment this week through the Big Spring office of the Texas Employment Commission, according to Leon M. Kinney, manager.

Kinney said that during the week 469 office visits were registered; 42 new applications for employment were filed and that 91 persons were referred to jobs.

Nineteen claims for unemployment compensation were filed during the week, Kinney said.

### Meeting Changed

The Wesleyan Service Guild of the First Methodist Church will meet Sept. 15 at 8 p. m. in the church parlor rather than Sept. 8 as originally announced. The date has been changed because of a conflict.

## Local Women Take Their Places In The State Political Scene

As never before, women this year are showing a new interest in politics, on every level from precinct to the national plane. Not only business and professional women, but housewives as well, are expressing their desires to have a voice in their government.

Many of the delegates and alternates elected to this year's state Democratic convention are new to convention scenes, but they are versing themselves in matters of politics and will be in-the-know on the convention floor.

All are excited over their impending trips to the convention, being held Tuesday in Amarillo. They are assembling wardrobes, making reservations and checking social events, but refusing to let their excitement interfere with the serious business with which they will be confronted, and tempering their enthusiasm with a real and sincere desire to do the best job possible.

**NEW INTEREST AMONG CLUBWOMEN**—Mrs. Norman Read, left in photo at left, and Mrs. J. Gordon Bristow, delegates, look over their study club's plans for this year's programs on "Americanism."

**ALTERNATES**—Left to right, in photo below, Mrs. J. A. Coffey, Mrs. Douglas Orme and Mrs. M. R. Turner, catch up with their current events.

**TEACHERS INTERESTED, TOO**—First-time delegates, who are taking a new interest in politics are Anna Smith, standing, and Arah Phillips, planning details of their trip in photo below.

**STUDYING POLITICS**—Roberta Gay, a delegate, and Mrs. Clyde Thomas Sr., alternate, discuss an article on politics in a national magazine in lower right photo.

Planning Style Show

Making plans for their style show Sept. 26 are the committee chairmen from the Officers Wives' Club of Webb Air Force Base. The show, featuring clothes from a local specialty store and a special line being flown in from New York, will take as its theme "Portrait Fashions." Local models and officers wives will model the fashions. In top picture, left to right, are Mrs. Charles E. Pope, commentator; Mrs. Ralph B. Kaufman Jr., model coach; Mrs. Ernest P. Wackwitz, advisor; Mrs. Walter L. Harter, style show chairman; and Mrs. James Keith, art. Working hard in the lower photo are, left to right, Mrs. Robert D. Ingram, publicity; Mrs. William S. Smallwood, music; Mrs. G. P. T. Howell, program; and Mrs. B. J. Clark, reservations.

**Garden City P-TA To Have First Meet Tuesday Afternoon**

GARDEN CITY, (Spl)—The first meeting of the Garden City P-TA will be held at the school auditorium here at 3:30 p.m. Tuesday, Mrs. Lorin McDowell, president, has announced. Both a vice president and secretary will be elected at that time. A program has not been prepared for the first meeting, which will be used mostly as a get-acquainted period for teachers and parents. Officers and committee chairmen have been asked to meet with Mrs. McDowell at the school Monday afternoon at 3 o'clock to make plans for the year's work.

**Luncheon Planned**

The Kiwanis Queens will meet for luncheon Thursday at noon in the home of Mrs. Robert Stripling, 551 Hillside Dr., with Mrs. Grady Duling as co-hostesses. This will be the first of the year for the group.

**Vincent Club Elects New Officers**

New officers were elected at a meeting Thursday afternoon of the Vincent Home Demonstration Club in the home of Mrs. Claude Hodnett, with Mrs. Jim Hodnett as co-hostesses.

The new officers are Mrs. Edd J. Carpenter, president; Mrs. Jim Hodnett, vice president; Mrs. Forrest Appleton, secretary-treasurer; Mrs. Dud Arnett, Council delegate; Mrs. Terrel Shafer, alternate Council delegate; and Mrs. L. A. Dodd, reporter.

Mrs. Arnett gave a report on the craft course she attended at Texas Tech.

The club recently entertained members and their families with a watermelon party. A mother-daughter singing contest was held and home movies were shown. About 75 attended.

The next meeting will be Sept. 18 in the home of Mrs. Terrel Shafer.

MR. AND MRS. HULEN P. ADAMS AND CURTIS

**Soldier Brings Wife And Son From Okinawa**

When Hulen P. Adams thinks about the red tape, papers and duplicate copies it took to get his wife and baby son to the U. S. he sighs. But it was worth it and he was lucky to get to accompany them on the boat home.

For Adams brought his Japanese wife and son, Curtis, now 11 months, all the way from Okinawa, where he had been serving with the Army. His diminutive wife, Nobuka, who is 26 but looks 16, has curly, black hair, dark eyes, a smooth olive skin and flashes her pearly white teeth in a broad smile. She is a gracious

parents, Mr. and Mrs. H. P. Adams, formerly of Cross Plains, have been living here a little more than a year. The young family lives at 603 State and Adams is employed at the Post Office. Curtis is a husky youngster with a round face and his mother's dark hair and eyes, and is just now

beginning to take a few venture-some steps. Language difficulties during their courting days? "Oh, we didn't have any," Adams says. "We understood each other."

Flower Arrangements

This arrangement by Mrs. Albert Morrow, right, created a great deal of comment at the landscaping workshop and flower arranging school this week. Shown here discussing it are Mrs. Eugenia B. Toland, home demonstration agent, and Mrs. Aubrey Russell of Lubbock, district agent. About 88 women from 11 counties in this area saw Mrs. Morrow make arrangements of fieldgrown blossoms, yard flowers and weeds she picked along the road on her way here. Another featured speaker was Sadie Hatfield of the A&M College Extension Service, who discussed "Planning the Home Grounds."

### Delza Laverne Wise Weds Johnny Jannamon

Delza Laverne Wise became the bride of Johnny Jannamon in a single ring, informal ceremony Friday evening at the Bible Baptist Church in Midland.

Parents of the couple are Mr. and Mrs. Otis Wise of Big Spring and Mr. and Mrs. Roxy J. Glandon of Philadelphia, Penn. The Rev. J. Marion Hull pastor performed the ceremony as the couple stood before an altar decorated with fall flowers.

Mrs. Evelyn Farmer, pianist, of Midland played a medley of pre-nuptial music and the traditional wedding marches. During the ceremony she played "I Love You Truly."

Given in marriage by her father, the bride wore a navy blue dress with white accessories and a white carnation corsage.

Sylvia Wise, sister of the bride, was maid of honor. She was attired in a pink dress with white accessories and a deep pink carnation corsage.

### Miss Wilber To Marry

Mrs. Nellie B. Wilber of Randolph, Va., has announced the engagement and approaching marriage of her daughter, Madeline Elaine, to Gerald Wayne Sanders, son of Mr. and Mrs. E. H. Sanders of Big Spring.

The bride-elect is a graduate of the Randolph (Va.) High School and the Gifford Memorial Hospital School of Nursing.

She is employed at Medical Arts Clinic-Hospital.

The prospective bridegroom is a graduate of Big Spring High School, attended Howard County Junior College and Lubbock Barber College. He is employed by Phil's Barber Shop.

The wedding will be held Sept. 27 at the E. 4th Baptist Church.

### Child Study Club

The Child Study Club will open its season Wednesday with a meeting at 2:45 p.m. in the home of Mrs. Ross Boykin, 101 Jefferson.

with Mrs. B. C. Thomas as co-hostess. Guest speaker for the group will be J. A. Jolly.

### Homemakers Class Names New Officers

New officers were elected Friday evening at a meeting of the Homemakers Class of East Fourth Baptist Church in the home of Mrs. H. Reaves, 601 E. 12th. Mrs. Lillian Patton was co-hostess.

They are Mrs. J. G. Hudson, president; Mrs. Reaves, vice-president; Mrs. Lillian Patton, fellowship vice; Mrs. L. O. Johnston, class minister; Mrs. N. O. Decker, stewardship vice; Mrs. Tom Steward, secretary; Mrs. Edna Malone, assistant secretary; Mrs. Callie Dunagan, Group Captain-I, with Mrs. J. W. Denton, her assistant; Mrs. T. F. Hill, Group Captain II, with Mrs. W. O. Leonard, her assistant.

Mrs. W. O. McLendon brought the devotional and Mrs. Rufus Davidson gave the opening prayer. Plans were made for the coming year, and a prayer service was held following the business meeting. Eleven members attended.

### Cafeteria Menus For Week Ahead

Are you anxious to know what your child will be eating at the school cafeteria each day through the week?

Of course you are, if for no other reason than to avoid duplication at the evening meal.

Here are the menus that will be served through the week.

MONDAY: Meat loaf, mashed potatoes, green beans, peanut butter cookies.

TUESDAY: Pork steaks, macaroni and cheese, lettuce and tomato salad, chocolate pudding.

WEDNESDAY: Chicken and dumplings, turnip greens, buttered carrots, fruit jello, cookies.

THURSDAY: Hamburger steak, buttered potatoes, carrot, apple and raisin salad, cherry cobbler.

FRIDAY: Salmon croquettes, buttered corn, English pea salad, applesauce cake.

### J. O. Haney Jr. Returns To School

J. O. Haney Jr. has returned to John Brown University, Siloam Springs, Ark., after a visit here with his parents, Mr. and Mrs. J. O. Haney Sr.

Haney spent the summer doing evangelistic work in Missouri and while at home accompanied his parents and brother, Hal, on a vacation trip to Western Colorado.

-Where to shop for what--

**OPERA AT YOUR OWN CURTAIN TIME**... The Opera Season extends throughout the year on records, and at THE RECORD SHOP you'll find superb selections... finest quality reproductions of all your favorite operas on LPs... works by Urania and Remington, recorded in Europe by the finest symphony orchestras, each accompanied by complete librettos. You'll find Verdi's "Il Trovatore", Puccini's "Madame Butterfly", Mozart's "The Marriage of Figaro"...

Music of yesterday, music of today... entire operas on LPs give you the best in contemporary recording, packaged in albums that name, explain, and assist to better and happier listening.

**EARLY TO BED, EARLY TO RISE**... makes a man healthy, wealthy and wise. I don't know whether there's any truth in this old adage or not, but I do know that a good alarm clock is practically a necessity to every early riser, and that brings us around to the Travel Alarm clocks at HESTER'S. For those of you heading back to college, for the traveling businessman or woman, they're a real find. Small and tailored, they're set in a leather case that snaps shut when not in use... opens to form an attractive stand for the clock. And here's the best news of all... these little clocks are priced at only \$9.95 plus tax. You have a choice of cases in alligator or Morocco in brown, maroon or red for up-to-the-minute style at all times.

**NEARLY EVERYONE LIKES MEAT**... and the DOUGLASS COFFEE SHOP is the place to go for the finest cuts of choice beef. When appetites are big as all outdoors and the family threatens to eat you out of house and home, take them to the Douglass and order a platter of thick, succulent sirloin and listen to the howls of delight. Or, if you prefer, steam roast beef with rich brown gravy is hard to rival for a delicious, taste tempting treat. It's a good feeling for you wives and mothers to know that when you order such meat as this, that you're getting the top grades of the choicest beef available. This is always true when you order your meat from the menu at the Douglass, so why not sample it today, and make this Sunday's dinner a real feast.

**A GAL'S BEST FRIEND**... for fall and all thru the winter months ahead, can be found in any one of the many smart suits from ZACK'S of Margo's. A suit is a basic necessity around which your whole wardrobe revolves, and you'll find them by such outstanding designers as Lillia Ann and Printess in a host of happy styles. Some with the gentle ripple of softly flowing lines, some with all the crisp confidence of men's tailoring... all emphasizing a freedom of line and fabrics totally new—definitely charming. Pick a plaid and flaunt it bravely, sweep gabardine to the top of the list as glamour-garb supreme, choose a classic flannel... whatever your schedule, they'll take you from dawn to dusk with impeccable taste.

**A PRACTICAL IDEA**... for a prettier home is always welcome to a thrifty housewife. GREGG STREET FURNITURE offers you a chance to distinguish any room in your home for a small amount of capital and a little imagination. Their famous Maywood line of unfinished furniture will serve as a basis for your own personal ideas and taste in decorating as well as give you sturdy, well built furniture at a big savings. This complete and modern line is fashioned from select Ponderosa pine, sanded to satin smoothness and consists of a variety of chairs, tables, desks and chests, as well as the popular bookcase headboards for Hollywood beds. They are all well built for long wear, and the fact that they were sanded after assembly assures you of professional possibilities in that all important finishing touch.

**EXCLUSIVE**... Airmail Hosiery, carried by drugstores only... and at HARDESTY DRUG there's a complete stock of these glamour-wise nylons in all shades and sizes. If your profession calls for a uniform, you'll also find the finest in white, to wear with pride. You need not experience that sinking feeling that comes with a run on Sunday or a holiday when you know you can go right down to Hardesty's and pick up a pair of these misty beauties. The durability of DuPont nylon plus the allure of 15 denier, 51 gauge charms the most exacting person, and the sheer perfection of dark heels and seams is keyed to good fashions' look of completeness in every instance. Knit to a cobwebby perfection, they're so sheer you scarcely know you have them on, economical too... \$1.65 and \$1.95.

**PUT YOUR BEST FOOT FORWARD**... in "Martiniques"... for your calendar of fall and winter events. Now at MARGO'S, new in Big Spring—Martinique shoe are high style drama, to foot-light everything mildly of fashion will wear. The unerring skill of these fashion-wise designers give you sleek opera pumps and dainty dress shoes; smart suit shoes and individual interpretations of the always popular sling—some down-to-earth—some stepped up on flattering platforms. Rich suede or burnished calf... artful lines... colors to complement your every costume... so correct for important moments all around the clock. Since these smartly styled shoes are priced at only \$16.95 and \$18.95, you can take steps right now to make this season your loveliest a'foot.

**STOWAWAY** your dirty clothes in the prettiest possible manner in a Pearl-Wick Hamper from the BIG SPRING HARDWARE. The hamper that has everything—it's made of exclusive Duroveve fiber with woven-in steel ribs to give years more service... no dent, no bend, no bulge... and it has thousands of non-clog air vents for cross ventilation even when full. The washable exterior is stain-resistant, scuff resistant and cleans easily with a damp cloth, and the gleaming Duro-Plastic top will stay sparkling new. These self-ventilating hamper come in several different styles and sizes—the hassock type is especially appropriate to double as a dressing table stool—and their newly developed home-maker colors will lend rich beauty to all your rooms.

**DID YOU KNOW?**... that ELMO WASSON is knocking out walls, sounding off with hammer and saw, and generally tearing the place apart, to give you a bigger and better store and make room for all his wonderful merchandise. Well, it's all true, but the best part about the whole thing right now is that he has to clear out a lot of his stock so there'll be a space for the workmen to start the expansion. Therefore, there's a big expansion sale now in progress with shirts and slacks, suits and jackets cut to the bone. Just imagine... \$21.50, all wool slacks for only \$12.95, sport shirts for 1/2 price, pajamas reduced 1/2, and a chance to save a dozen or more dollars on a number of suits. These are only a few of the many bonus buys you can't afford to miss, so hurry down while you still have a choice.

**THE LONGER THEY LIVE**... the more you'll enjoy your plants, and since this is transplanting time, you'll want to visit FAYE'S FLOWERS for information on how to give your plants the care they need for longer lasting beauty. The condition of the soil is an all-important factor, because that's what builds a richer plant and nourishes it for long life, and at Faye's you'll find the perfect antidote for worn out soil... Red Stag peat humus, leaf mold and potting soil... nature's own soil builders. Healthy and hearty house plants contribute a great deal to your decorating scheme... they work magic to bring warmth, personality, a full flavor of life and fresh beauty to your home, so why not give them the care they deserve.

SIMPLE LINES

### Small Waist, Slim Skirt Give Dress '52 Trend

You've got to hand it to the Italians when it comes to fine designing. And we think you'll be prepared to go all out in praise when you see—and wear—this seductive dress by the great designer, Biki.

Biki is rather a newcomer to the ranks of International Designers (from a pattern standpoint), but already her impact has been felt—and we feel certain that this is only the beginning. You see, she has reigned long as one of Italy's finest and fairest, and her clothes reflect the aura of classic grandeur that has been so much a part of her own (private) life.

In this particular instance, Senora Biki adheres to the simple line, and you'll note that the lack of frilliness, the minimizing of the waist and the tittle's thinness of the skirt all add up to a dress for fall that has all the earmarks of '52's trends. Verily, this is a year of the slimmer-than-tissue paper

skirt—and you'll be seeing more and more of this as time goes on. We especially like the glamour of the neckline and the bouyant elegance of the big skirt pockets. Either of these would do a world of good for any woman, but put them together and you have what every woman is looking for: sheer, unadulterated elegance.

Fabric suggestions are pretty much up to the wearer. Biki made the original in lightweight wool, but faille, crepe or any silk would do just as well.

Size 12 requires 3 7/8 yds. of 39-inch fabric, while it takes only 2 1/2 yds. of 54-inch material. Pattern No. 1114 is available in sizes 12, 14, 16, 18, 20. To order Pattern No. 1114, send \$1 to Spadea Syndicate, Inc., Dept. 164, Box 228, Madison Square Station, New York 10, N. Y. For air mail handling, enclose 25 cents. To order our new pattern booklet, No. VII, send 15 cents.

### College Students Honored; Springfields Entertain

COAHOMA, (Sp1)—A picnic and lawn party honored four returning college students at the home of Mr. and Mrs. H. T. Hale recently.

The honorees included Bob Read, who will be a senior at Sul Ross in Alpine; Jamie Echols, a junior at North Texas State College in Denton; Wendell Shive, a junior at Texas Tech; and Elvon DeVaney, a freshman at Eastern New Mexico University in Portales.

Members of the Presbyterian Church were co-hosts for the affair.

Attending were Mr. and Mrs. C. D. Read, Mr. and Mrs. Leroy Echols, Mr. and Mrs. A. D. Shive, Mr. and Mrs. C. H. William Earl Autrys To Live In Oklahoma

Mr. and Mrs. William Earl Autry Jr. are on a wedding trip to Silverton, after their marriage Thursday evening in the home of Mr. and Mrs. Byron D. Hill, 509 Bell. The bride is the former Juanita Cox, daughter of Clarence H. Cox, 1606 Jennings, and Mrs. Byron Hill. Her husband's parents are Mr. and Mrs. W. E. Autry of Silverton. Following the wedding trip the couple will live in Guyton, Okla. The double ring rites were read by Lloyd Connell, pastor of the Main Street Church of Christ, before an improvised altar of roses and greenery. The bride wore a ballerina-length dress of white embroidered nylon over white satin, fashioned with lightfitting bodice and full skirt. Her fingertip-length veil was attached with a band of orange blossoms to her small Juliet cap, and her shoulder corsage was of pink carnations. Her something new was her dress, her something blue her slippers, her something old a necklace from her mother and her something borrowed her earrings. She wore a penny in her shoe. Wanda Woods attended the bride, and Jack Paice of Silverton served as best man. The bride travelled in a dress of blue figured nylon. She is a 1951 graduate of Big Spring High School, and her husband is a graduate of Silverton High School. He received his discharge in July from the Air Force after serving four years, most recently at Webb Air Force Base. At the reception following the ceremony, the bride's table was laid with a lace cloth and centered with the tiered wedding cake, topped by a miniature bride and groom. Mrs. Clarence H. Cox, Mrs. E. J. Stockton of Otis Chalk and Beverly Meek Culp served. Other members of the house party were Beverly Meek Chalk and Mrs. G. C. Glenn. Out-of-town guests were Mrs. E. M. Hill, grandmother of the bride, from McCamey and Aramis Arenchibis of Cuba.

Wanda Vowell Becomes Bride Of Kenneth Nix

COLORADO CITY (Sp) - Wanda Vowell, daughter of Mr. and Mrs. Lewis Vowell of Colorado City, became the bride of Kenneth O. Nix, Colorado City, Saturday at 7 o'clock in the evening in the First Baptist Church. Nix is the son of Mr. and Mrs. C. O. Nix also of Colorado City. The double ring ceremony was performed by the Rev. R. Y. Bradford before a pulpit decorated with white gladioli. Flanking the wedding arch were candelabra entwined with lemon leaves. A basket of gladioli was placed on each side of the candelabra. Mrs. Curtis Baker played selected music before and during the ceremony and accompanied Bryan Mahon, soloist, who sang "Because," "The Lord's Prayer," and "I Love You Truly." The bride, given in marriage by her father, wore a dress of Chantilly lace and nylon net. The elongated lace bodice was fitted and was fastened down the back with tiny self-covered buttons. A V-shaped collar rolled softly at the neck. The fitted sleeves terminated in points at the hands. The very bouffant skirt of net was floor-length with a slight sweep in back and was worn over layer of net and satin. She wore a wide bandeau of lace beads from which fell a two-tiered veil of imported illusion. She carried a white orchid with a purple throat and feathered carnations on a white Bible. Lu York, of Raymondville, sister of the bride, was her matron of honor. She wore a ballerina-length pale green strapless satin dress with elongated bodice and a net overdress with a peter pan collar of satin and net. She wore green net gloves, a green net head dress and green satin pumps. She carried a green feathered fan with feathered carnations. Bridesmaids were Eva Jane Anderson, Ethelyn Smith, and Ann Tiller, all of Colorado City. Their canary yellow dresses were identical with the matron of honor's. Their accessories and fans were also yellow. Charlotte Gale Givens of Colorado City was the flower girl. Her dress was yellow taffeta and white net with a double ruffle around neck and hips. James Williams, of Odessa, was best man. Ushers were A. J. Gerhardt of Jal, N.M., Glen Womack and Lawrence Feaster both of Colorado City. A reception was held in the church basement. The register table was covered with a white linen cloth and decorated with a basket of white daisy chrysanthemums. The table was covered with a brocaded linen cloth, the centerpiece was of white gladioli. Baskets of gladioli decorated the room. Presiding at the register book was Frieda Harwell. Serving cake were Marilyn Steele and Jean Manning, and serving punch was Mrs. Walter Harwell. The bride chose a green shirkin suit, brown and white hat, brown litard shoes and bag and brown and white accessories as a going-away costume for a wedding trip to Colorado. The bride is a 1949 graduate of Colorado City High School, and attended Texas Tech where she was a member of D. F. D. Social Club. She has been employed by the Sun Oil Co. in Colorado City and will begin work for Sun Oil in Midland after the wedding trip. The bridegroom is a 1944 graduate of Westbrook High School. He served two years in the Air Force. A graduate of Sul Ross College of Alpine, he is now employed by the Texas-New Mexico Pipe Line Co. of Midland. Out-of-town guests for the wedding were from Lubbock, Midland, Monahans, Kermit, Silver, San Angelo, Denton, Fort Worth, Odessa, Snyder, Jal and Hobbs, New Mexico.

North Ward P-TA All parents are urged to attend the first meeting of the North Ward P-TA to be held at 3:30 p. m. Tuesday at the school, according to Mrs. J. E. Parker, president.

HI-TALK By Margie McDougle

"Back to school again" is the cry heard all through the halls of BSHS. Everyone is enjoying seeing old friends and making new acquaintances of the many new students. School started off Tuesday morning with everyone meeting in the auditorium. Mr. Worley introduced Mr. Blankenship who gave the invocation. Following this, student body president, Steve Kornfeld, gave the details of the events to happen this week. Mr. Worley called out each guidance and all students went to their respective classes. This first week of school was known as "Howdy Week". It was mainly for everyone to get acquainted with everyone else. The Student Council directed a tour through the building for anyone who wanted to go. Tuesday the girls were supposed to be especially nice to the boys. Wednesday there was a Coke party for the faculty and that was the day for the boys to be nice to the girls. Thursday was teachers' day so everyone was supposed to be nice to the teachers, and Friday everyone was nice to everyone else. There was a Howdy Week dance in the cafeteria Friday night. Some of those attending were, Jo Ann Green, Jackie Milam, Jann Bailey, Freddie Blalack, Janice Nalley, Lefty Reynolds, Patsy Clements, Bill Dorsey, Lynelle Martin, J. L. Clayton, Joyce Gound, Steve Kornfeld, Jocy Welch, Norman Dudley, Junion Suter, Sandra Swartz, Joyce Anderson, Libby Jones, John Lawrence, Anna Mae Thorpe, Roger Brown, Beverly Vaughn, Claudette Harper, Leonard Hartley, Lila Turner, Robert Angel. Tri-Hi-Y installation of officers was held Thursday night at the First Presbyterian Church. The new president, Narrell Dene Choate, presided at the ceremony and all the new officers were installed. Those attending were Sandy Swartz, Martha Johnson, Frances McClain, Claudette Harper, Libby Jones, Myrna Tally, Mary Ellen Hayes, Janice Boardman, Ann Mary Gray, Narrell Dene Choate and Irma Jean Slaughter.

Bethany SS Class Has Business And Fellowship Meeting

MRS. BILLY JAMES FLETCHER

# Lindel Gross Becomes Bride Of Billy James Fletcher Saturday

In a formal, double ring ceremony Saturday evening, Lindel Jean Gross became the bride of Billy James Fletcher of Dallas. Parents of the couple are Mr. and Mrs. Eugene R. Gross, 808 Gregg, and Mr. and Mrs. C. R. Fletcher of Dallas.

Dr. P. D. O'Brien, pastor, performed the ceremony at the First Baptist Church as the couple stood in an archway entwined with greenery and flanked by baskets of white flowers.

Mrs. C. W. Norman, organist, played the traditional wedding marches. She also accompanied Joyce Howard who sang "Because," "One Alone" and, as the benediction, "The Lord's Prayer."

Entering on the arm of her father, the bride wore floor-length white Chantilly lace over white nylon net gown. It was designed with a sheer yoke featuring a lace Peter Pan collar. The long lace sleeves came to points over her wrists.

Her finger-tip veil of illusion fell from a bonnet which was edged in pearlized orange blossoms. She carried a Rainbow Bible topped with white gardenias.

In carrying out the wedding tradition, the bride wore her dress as something new, something borrowed was a brooch belonging to Mrs. Rodney Staggs; a blue garter and a penny in her shoe.

Mrs. J. W. Burden, sister of the bridegroom, of Dallas was matron of honor.

She was attired in a floor-length pastel blue nylon net dress featuring a sweetheart neckline and a matching stole. She wore a blue net hat and mits and carried a bouquet of pink asters showered with matching ribbon.

Mrs. Rodney Staggs of Wichita Falls and Elizabeth Turner were bridesmaids.

They were identically attired in pastel pink dresses designed like that of the honor attendant. They carried blue aster bouquets showered with pastel blue ribbon and wore pink net mits.

Don Fletcher served his brother as best man.

Groomsmen were Bobby Jack Gross, brother of the bride and Donnie Barnes, Gill Barnett and the groomsmen served as ushers.

Charlotte Williams and Mrs. Paul Kennedy, who wore pastel pink nylon tulle and pastel green net dresses respectively, lighted the candles.

When the couple left on a short wedding trip to South Texas, the bride wore a navy blue suit with matching accessories.

Upon their return, they will live in Dallas.

Mrs. Fletcher is a graduate of Big Spring High School, where she

was a member of the High Heel Slipper Club and Latin Club. She attended Howard County Junior College and was named freshman favorite there. She is a charter member of the Order of the Rainbow and before her marriage was employed by the State National Bank.

Her husband is a graduate of Sunset High School in Dallas and attended HCJC and Lamar College, Beaumont.

Assisting the couple in receiving the guests, at the reception immediately following the ceremony were their parents and the bridal attendants.

The refreshment table was laid with a white satin cloth and centered with an arrangement of white carnations. The three-tiered wedding cake was topped by a miniature bride and groom.

Presiding at the table were Mrs. P. D. O'Brien, Mrs. Paul Kennedy and Miss Williams.

Mrs. Charles L. Kee was in charge of the guest register.

Other members of the house party were Mrs. James W. Johnson and Mrs. Horan, who played piano selections.

Mrs. Gross chose for her daughter's wedding a blue net dress with a pink carnation corsage.

Mrs. Fletcher, mother of the bridegroom, wore an orchid dress with a corsage of pink carnations.

Out-of-town guests for the wedding were Mr. and Mrs. Dan R. Fletcher of El Dorado, Ark. and Mr. and Mrs. J. W. Burden, Jimmy and Carla Jo of Dallas.

The parents of the bride were hosts at a rehearsal dinner in the church parlor Friday evening for members of the wedding party.

The table was centered with a miniature chariot holding figures and filled with baby asters, castles and abella. Roses, cherubs and lace surrounded the arrangement.

## Baptist Association To Have Annual Meet

The 44th annual meeting of the Big Spring Baptist Association will be held at the Westside Baptist Church Monday and Tuesday.

The Rev. A. W. Stowe, pastor of the Airport Baptist Church, will serve as moderator. Assisting him will be the Rev. W. A. Pendergrass.

Billy Ruedel, educational director of the 4th Baptist Church, will have charge of the music at each service.

The program Monday evening will include devotional meditations by J. M. Stagger, a talk, "Why I Tithe" by Sam Wells; "Seven Vital Steps in Growing a Great Stewardship Church" by the Rev. Bill Arnett, district missionary; the message by Andrew Allen and the showing of a film.

The Rev. Ernest B. Coon, pastor of the Stanton church, will present the devotional meditation at the morning service Tuesday. After the organization of the group, committee reports will be given.

The congregation will sing, visitors will be recognized and there will be a talk by the Rev. Vernon Shaw, orphan homes representative.

Following a presentation of special music, the annual sermon will be presented by the Rev. Pendergrass.

The Rev. Ed Welch will have charge of the devotional meditation during the afternoon Tuesday. Committee reports will be presented. The missionary sermon will be given by the Rev. Stowe.

Tuesday evening the Rev. James S. Parks, pastor of the Baptist Temple Church, will have charge of the devotional meditations.

A discussion of Christian education will be presented by C. G. Sewell, assistant to the president of Wayland College.

Carroll Holtzclaw will discuss benevolences and a sermon on "Civic Righteousness" will be given by the Rev. Leslie Kelly, to conclude the meeting.

## Mr. and Mrs. Finice Froman To Make Home In Big Spring

Mr. and Mrs. Finice A. Froman are making their home here following their recent marriage.

The bride is the former Loretta Snow, daughter of Mr. and Mrs. O. L. Snow, 904 N. Gregg. Parents of the bridegroom are Mr. and Mrs. C. J. Froman of Brown.

The Rev. Carlos McLeod, pastor of the Northside Baptist Church, performed the informal, single ring ceremony Saturday at 10:30 a.m. in his home.

The bride wore a blue taffeta dress trimmed in white tulle. She wore white accessories and a white carnation corsage.

Mrs. Evelyn Maxwell was matron of honor. She was attired in a black and white linen dress topped with a white linen jacket.

Johnny Savell served as best man.

The bride attended Big Spring High School and her husband attended the Brown schools. He is engaged in farming.

## College Students Honored At Back-To-School Banquet

College students of the First Methodist Church are honored Friday evening at a back-to-school banquet at the church.

Balloons and crepe paper streamers decorated the ceiling. The tables were laid with white linen cloths and centered with a large megaphone surrounded by bronze and yellow chrysanthemums and asters daisies.

Smaller megaphones in school colors marked the places.

Dr. Aisle H. Carleton, pastor, offered the invocation and the Rev. D. Orval Strong served as master of ceremonies. He also led the group in a sing-song accompanied by Kitty Roberts.

Dr. Orion W. Carter, superintendent of the Big Spring Methodist District, was guest speaker.

Dr. Carter chose for his theme "Think." He told the group that young people were needed not for samson fodder but to carry the Christian message.

Mrs. H. N. Robinson asked the benediction.

The meal was prepared by members of the WSCS and Mrs. O'Barr Smith, Mrs. Tracy Roberts and Lucille Hester decorated the tables.

Among the 33 attending were five guests, Mr. and Mrs. A. W. Dillon, Mrs. Robinson, Mrs. D. Orval Strong and Mrs. Orion W. Carter.

## Group Makes Plans For Get-Together

Plans for a get-acquainted party to be held Sept. 22 were made when members of the AAUW met in the home of their president, Ruth Brnam, Thursday evening for a business session.

Committees for the party were named and invitations will be extended to all eligible prospective members.

The program committee for the affair will consist of Mrs. Pete Jones, chairman; Mrs. John Schulke and Mrs. J. W. King.

In charge of the refreshments will be Mrs. Luan Lovelace, chairman; Mrs. Mary Arnold Hefley, Mrs. James Wilcox and Mrs. Faye Kuykendall.

The invitation committee includes Nell Brown, Evelyn Arnold and Betty Penn.

It was announced that the state convention will be held in Lubbock May 1-2.

The group will join with the Classroom Teachers' Association in sponsoring a talk by Dr. Edward Taborsky at a dinner meeting in November or December.

The group voted to have year-books printed for the new year.

Reports were heard from Betty Penn and Mrs. Gilbert Gibbs and the Clare Tree Major plays were discussed.

## Bride-Elect Is Honored

Virginia Blaisdell, bride-elect of Robert Delbridge of Big Spring, was honored Saturday morning at a coffee and china shower in the home of Mrs. Carl David Bond in Houston.

Guests included Mrs. Mary Delbridge of Big Spring, mother of the prospective bridegroom, Mrs. Jack Blaisdell, mother of the bride-to-be and Misses Rose and Annie Hambien of Houston, aunts of the bride-elect.

Attendants for the wedding have been announced. They include Mrs. Bond and Bertha Louisa Aydam, bridal attendants; Lawrence Blount, Neely Joe Ellis and Ben Wells, classmates of the prospective bridegroom at Baylor Medical School, all of Houston.

**A Fishy Business**

Mrs. Franklin Earley, 101 Madison, is shown above in a pose beside two of her fish aquariums. She is in the tropical fish business, selling fish, plants and equipment. Until two months ago, collecting tropical fish was Mrs. Earley's hobby. She has succeeded in turning the hobby into a profitable business, now handling from 200 to 250 tropical fish of all varieties for her customers. She claims tropical fish are easier and cheaper to raise than gold fish.

**FOR MRS. FRANKLIN EARLEY**

## Raising Tropical Fish Is Now A Business As Well As Hobby

Mrs. Franklin Earley, 101 Madison, is one woman who has turned a hobby into a profitable business. Her hobby is raising tropical fish. Her business is selling those fish and the equipment necessary for keeping them. Mrs. Earley first got interested in tropical fish when she saw a friend's collection earlier this year. She acquired a few of the

baby fish from the friend and was so fascinated that she wanted more.

A trip to a Fort Worth hatchery and \$65 later, she had a small, but varied collection of tropical fish. Other people were so interested in the fish that she decided to go into business.

On July 1 she opened a tropical fish shop in her home. She now stocks from 200 to 250 fish at all times for her customers. Mrs. Earley reports that the tropical fish business did not at first pay dividends, but she is now doing a thriving business.

Although she keeps her shop open from 9 a.m. to 5 p.m., most of her business is done in the early evening. Mrs. Earley says that business is constantly picking up. It is even necessary that Mr.

Earley help her during peak hours. Mrs. Earley has 23 types of fish on hand. She also has all kinds of plants, outside pools and aquariums. Accessories are also stocked. Types of fish include the beta, scavengers, sword tails, queen barbs, three-spot gourami, rosy barb, red and gold waga, red and blue moons, black and sail fin mollies, guppy, silver and neon tetra, angels, zebras, jewel fish, mouth breeder and paradise.

The fish are from one-fourth of an inch to three inches long. They vary in color, but are usually fairly bright. Unlike regular fish, tropical species must remain in a temperature of 15 to 20 degrees. They also breathe from plant life beneath the water.

Mrs. Earley claims that tropical fish are easy to raise. Water does not have to be changed, and the fish do not have to be fed but twice a day for five-minute periods. She explained that they are cheaper to keep than gold fish.

Everything to keep the fish happy and healthy can be found in Mrs. Earley's shop. She sells stands, aquariums, reflectors, ornaments, bowls, heaters, nets, aerators, filters, breeder boxes, food, sand, dip tubes and medicine. The medicine comes in handy, because sometimes the male fish begin fighting. The beta, or Siamese fighting fish, fight one another constantly. In Siam, the fish are used to replace the rooster fights in this country.

Mrs. Earley has several books describing tropical fish life for those who are interested.

### Vocational Nurse Training Begins

Eight young women started their vocational nurses training program here last week.

Ahead of them is a year's work in class and clinical experience at Medical Arts Hospital where the program is being offered.

Mrs. Lila Burnell, R.N., is serving as instructor, both for classroom and for the practical experience.

The schedule calls for two hours of lecture and classroom study each day, followed by actual work in the hospital. During the year several physicians will give special lectures to the fledgling nurses.

When they have completed the prescribed course of 140-hour classroom plus related work, they will be eligible to take the state board examination for licensed vocational nurses.

Another class will be started in February if there is ample demand, said Dr. Neil Sanders, who organized the program.

### 53 Cars Registered

A total of 53 new cars were registered with the Howard County Tax-Assessor Collector's office during August. Thirty-five of the registrants were from Big Spring, and two from Webb Air Force Base. The others were from Coahoma, Johnson City, Midland, Ackerly, Garden City, Lamesa, Andrews, Nottrees, Fort Worth and Abilene.

## Scouts Set Camporee For 4 P.M. Friday

The first annual Boy Scout Camporee for the Lone Star District will open at the Round-Up grounds next Friday at 4 p.m. F. G. L. Snow will be camp director.

Scouts will attend the Camporee from Howard, Glasscock, Sterling and Martin Counties. The two-day affair will feature contests in swimming, knot tying, camp layout, relays and tent pitching.

Tents will be set up and supper completed by 6:30 p.m. Friday. The evening schedule calls for inspection of food control and a district camp fire. Taps will be at 10:15 p.m.

The busy Saturday schedule will begin at 7 a.m. with camp inspection. Morning events will include knot tying and swimming competition. Awards will be made to winners.

Following lunch the Scouts will have a rest period. From 2:30 until 4 p.m. contests with hand axes, signalling, first aid, tent pitching and relays will be held. By 5:30 p.m. the Scouts will have broken camp and pitched the area. Presentation of awards will follow.

Snow's assistants in directing the camp will be Arnold Seydler, Bill Sheppard and Wesley Deats. Other officers include Gil Jones, district chairman; Jimmie Hale,

scout executive; Sam McComb, health and safety; commissioner; Joe Fiekle, publicity; and George McLearn, scoring.

J. A. Jolly is chairman of the events committee. Committee members are Charley Watson, Lige Fox, W. D. Berry, Garland Morrison, Otto Peters, Red Williams, Bobby Leonard, Tolly Baker, Sherman Smith, Bill Cochran, Jimmy Gammon, Avery Falkner, Burl Haynie and Olen Puckett.

In addition to McComb, members of the health and safety committee are J. C. Morgan, J. T. Morgan and Tommy Hutto. Those on the camp fire and awards committee are Dan Krausse, Seydler, and Buck Leonard.

Additional recruits are Sherman Smith, Burl Haynie, Garland Morrison, Otto Peters, Red Williams, D. M. McKinney, and W. D. Berry.

### Spiritual Concert Is Set For 8 Tonight

Sister Rosetta Sharpe will give a spiritual concert in the City Auditorium tonight at 8 p.m. Also on the program will be Sister Marie Knight and the Southwing Singers. Price of admission will be \$1 for adults and 50 cents for children. Sister Sharpe is billed as a "the world's greatest gospel singer."

Rev. W. D. Atkins, pastor of the Colored Methodist Church of Lamesa, is sponsor of the Big Spring appearance. Sister Sharpe's troupe is on a West Texas tour. Performances will be made in Plainview, Abilene and Lubbock also.

### Thank Goodness He Adopted Short Name

**TOKYO (AP)**—The new commander of the British Commonwealth Division in Korea has the kind of a name that gives headline writers nightmares:

Major Gen. Michael Montgomery Alston-Roberts-West.

But the general is considerate. Said one of his staff officers: "He prefers to be called Gen. West, or, if you want to be more formal, Major Gen. M. A. R. West."

Newsmen quickly adopted that.

THERE! CAN YOU FIND ONE FLY OR MOSQUITO IN MY HOME? BUT DID NOT THE SPRAY GERMS FROM THE AMERICAN PLANES KILL YOUR ANIMALS AS WELL? SEE FOR YOURSELVES. FURTHERMORE, THE LOCUSTS IN MY OLIVE TREES ARE KILLED. AMAZING, NO FLIES! NO MOSQUITOES? IN OUR VILLAGE, I COULD NOT SLEEP LAST NIGHT FOR THE MOSQUITOES. THE RED PLANES KILLED ONLY THE LOCUSTS ON THE SEASIDE. YES, PERHAPS WE MADE A MISTAKE IN NOT PERMITTING THE AMERICAN PLANES TO SPRAY OUR VILLAGE.

**GRIN AND BEAR IT**

"I've listened to all the expert predictions of both sides... and it's my conclusion that nobody can get elected in November."

**Enamored**

That might be the word for Richard Widmark and Gege Terney. They are principals in a crime-and-manhunt thriller, "Night and the City," playing at the State Theatre today and Monday. The film has a London background, was made in that city.

**Suspense**

This will describe the atmosphere of "Diplomatic-Courier," playing at the Ritz Tuesday and Wednesday. Tyrone Power as a message man for the State Department and Stephen McNally as an intelligence chief who is assigned to protect him, encounter all manner of espionage difficulties as they try to work near the Iron Curtain.

**RADIO NOTES**

**Hill Heard Each Night With News**

A voice familiar to millions of American radio listeners is again on the air, offering a high standard of reporting. It is that of Edwin C. Hill, back on the ABC radio network, and scheduled locally over KBST each weekday evening at 10:45.

Hill, long familiar to the American radio scene, an elder statesman among American news commentators, made his first radio appearance in 1931. He has had a news program almost continuously since.

**Espionage Theme Adds Suspense To Picture At Ritz**

A story of international intrigue is offered in "Diplomatic Courier" at the Ritz Tuesday and Wednesday. Tyrone Power, Patricia Neal, and Stephen McNally are co-stars.

Set against the background of Iron Curtain border countries, the film deals with the State Department's "hot message" boys who operate under the cloak of anonymity as they travel the dangerous routes into the capitals of every country on earth.

Power is one of the heroic couriers, assigned to meet an American agent in Salzburg and return with vital European defense information. His path is blocked by a Russian spy ring, and a thrilling chase ensues. Miss Neal is the woman of mystery who contributes to Power's danger. McNally is the Army intelligence chief assigned to protect the State Department messenger. Karl Malden and Hildegard Neff are in the supporting cast.

**Nobody Knows How To Pronounce Name**

LOS ANGELES (AP)—The city is 171 years old but it still is not sure how to pronounce its name. A jury of experts and civic leaders appointed by the mayor threw up its hands in despair yesterday as the city celebrated its 171st birthday. The jury foreman said the panel is deadlocked over whether the "G" should be hard or soft.

In his birthday message, Mayor Bowron dealt mostly on the problem of pronunciation. How would he pronounce it?

He wouldn't say. His talk referred to the City of the Angels as "our city."

**Suspicious**

That's the word for Clifton Webb's feeling toward Ginger Rogers. They're co-starring in a fast comedy, "Dreamboat" at the Ritz today and Monday. Webb is a college professor whose past successes as a lover in the silent movies are brought to new white light through the medium of TV. Miss Rogers was his co-star of the old days. She likes the revival, he doesn't.

**Martin-Lewis Demoralize The Paratroopers**

Since Martin and Lewis have demoralized on the screen—all other branches of the service, it was inevitable that they should tackle the paratroopers. The result of this zany pair's onslaught against sanity is called "Jumping Jacks," booked for presentation at the Ritz Theatre Saturday. It's the sixth screen work for

**Threesome**

Marlene Dietrich can and does interest two men at a time, the men in this case being Arthur Kennedy and Mel Ferrer. They are to be seen in "Rancho Notorious" a western with dramatic overtones. It's the attraction at the Jet Drive-In tonight and Monday night.

Martin and Lewis in a little more than two and a half years, and rates with its predecessors in farce comedy.

Dean and Jerry now strap on their "chutes and climb into jump boots to play a pair of paratroop rookies who have the joint jumping with laughter in their attempts to qualify as rugged airborne soldiers.

Dean is the sky GI who has all the girls falling and Jerry, of course, is the terrorized trooper who gets dizzy just from climbing into a plane.

There's music and romance to go with the madness, with Mona Freeman providing the romantic interest. Several new songs are introduced.

**COMEDY AT RITZ**

**Clifton Webb Turns His Barbs On TV**

The sharp and biting wit that belongs to Mr. Clifton Webb of the movies is directed pointedly at that new medium, television, in a bit of high comedy called "Dreamboat," at the Ritz Theatre today and Monday.

Along with Mr. Webb, there's Ginger Rogers with the cast also including Anne Francis and Jeffrey Hunter, Elsa Lanchester, Fred Clark, Paul Harvey, Ray Collins and Helene Stanley.

Taking off on a new story line, "Dreamboat" offers Clifton Webb as a one-time silent movie "great lover" who since has escaped to the quietude of a college professorship. This dignity is shaken tremendously when the old films begin to re-appear on TV screens. Known as "Old Ironheart" to his pupils before this revival, Webb becomes threatened with the prospect of becoming a national idol all over again with the students' new tag of "Dreamboat" keying the change.

Webb goes to New York to institute legal proceedings to stop the TV showings. There he becomes involved anew with his former co-star of the films, Ginger Rogers, now serving as a commentator with the TV strings.

Much fun develops from this scrap between the principals as well as from the parody on old-time films and the biting jabs at today's TV ineffectiveness. There are takeoffs on the Foreign Legion films, the World War aviation thrillers, the swashbuckling musketeers, and the Shiek love affairs.

**Spends Own Time Collecting Taxes**

BOSTON (AP)—Henry Long likes collecting taxes so much he even does it on his own time.

The energetic Massachusetts tax commissioner is supposed to be on a month's vacation right now, but he's spending it in his cluttered cubby-hole office at the State House.

He's entitled to four weeks off a year but he hasn't taken a day of it since he was appointed in 1950. And there's no extra pay involved either.

Long's philosophy is "If you have a week's vacation it takes a week to get over it; if you have a month it takes a month to recover."

Don't get Long wrong, though; he's all for vacations — for the others. His advice to vacationers is: "Eat hearty, drink hearty, and go to the races." (All are heartily taxed by the state.)
