

Atomic Gun Unveiled; 20-Mile Range Noted

By ELTON C. FAY WASHINGTON, Sept. 30 (AP)—The Army has unveiled a new 85-ton atomic gun and shows that it can roll nimbly across fields into position to fire super-explosive barages within 20 minutes.

Chest Drive Is Underway

Howard County's annual Community Chest campaign was rolling on four fronts today. Following the official campaign kick-off dinner Monday night, workers in business and industry, residential and area divisions joined special gifts solicitors in a concerted push to wind up the drive in the next two weeks.

Browder And Wife Nabbed By The U. S.

WASHINGTON, Sept. 30 (AP)—Earl Browder, former top man in the American Communist Party, and his wife, were arrested today on charges of making false statements in a naturalization proceeding.

City Tax Payments Are Due Wednesday

City taxes become payable Wednesday and all 1952 tax statements were in the mail to city property owners today, C. E. (Perry) Johnson Jr., tax assessor, reported.

Stray Horses Noted

Stray horses roamed over the Washington Place area on two occasions Monday before street department workers corralled the animals.

THE WEATHER

BIG SPRING AND VICINITY: Partly cloudy to cloudy today, tonight and Wednesday. High 81, low 61.

capacity for months at the giant testing grounds, but standard ammunition was used rather than atomic rounds. The Army indicated that the weapon can use either atomic or standard rounds merely by changing the type of missile.

The gun has a caliber of 286 millimeters — approximately 12 inches. This, in itself, discloses how compactly the Atomic Energy Commission scientists now are able to build atomic missiles which at one time could barely be crowded into the bomb bay of a B-29.

Force Base project officer for the campaign, also reported encouraging response to the drive. Solicitation at WAFB is to be completed Oct. 10 and several thousand dollars will be given by airmen, he said.

"I know you will go out and wage a successful campaign for these worthwhile agencies," he declared. At the outset, he said he noticed that national politics was claiming considerable interest, and that apparently there was some difference of opinion here on that matter.

Rep. George Mahon of the 19th Congressional District delivered an inspirational address as highlight of the Monday evening kick-off dinner. Also making brief remarks and introducing top leaders of the campaign were General Drive Chairman Elmo Wasson and Vice Chairman Dan Krausse and G. I. Jones.

Mahon, who informed the gathering that he had never before attended a Community Chest kickoff event, expressed surprise at the enthusiasm and the determination of the group of workers.

"I can tell that you people are for Big Spring and Howard County 100 per cent in this drive you are starting tonight." The 19th District Congressman had praise for the Community Chest agencies, the Boy Scouts, the Girl Scouts, Salvation Army, YMCA and Servicemen's Center all merit the wholehearted support of Howard County citizens, he declared.

Krausse outlined the Chest's plan of solicitation and Jones explained the five-point Community Chest program for support of Salvation Army, Girl Scouts, Boy Scouts, YMCA and a Big Spring Servicemen's Center which is to be established as a result of the campaign.

The department said the grand jury indictment contained four counts accusing Mrs. Browder of false statements and one similar count against her husband. The maximum penalties, in the event of convictions, would involve 20 years imprisonment and \$20,000 in fines for Mrs. Browder, and five years imprisonment and a \$5,000 fine for the former secretary general of the Communist Party in the United States.

Texas Dems For Ike Urge Write-In Plan

By The Associated Press Gov. Allan Shivers and other Texas Democratic Party officials considered Tuesday a new plan by which Texas Democrats could vote for Republican Dwight Eisenhower without leaving their party.

The plan was suggested Monday by Claude Gilmer of Rockport, chairman of the Texas Democrats for Eisenhower, who said he thought the plan legal, honorable and workable. Briefly, the Gilmer plan would have Democrats opposing Presidential Candidate Adlai Stevenson to:

- 1. Scratch Stevenson's name in the Democratic column. 2. Write in Eisenhower's name in the Democratic column. 3. Have such votes counted for the Republican presidential electors.

Margaret Pins A Button On The President

President Harry S. Truman, taking up his role as "Mr. Whistlestop" on the campaign trail, gets a Stevenson-Sparkman button pinned in his lapel by his daughter Margaret. Margaret is accompanying her father on his 24-state, 15-day tour during which he will make some 90 speeches in behalf of a Democratic victory in the November elections.

FIRST APPROVED ACTION Adlai Charges GOP Shifts Korea Views

SPRINGFIELD, Ill. (AP)—Gov. Adlai E. Stevenson, defending the administration's action in Korea declared last night that when the Communists crossed the 38th Parallel "that was the testing point for freedom throughout the world."

LATE BULLETIN

WASHINGTON, Sept. 30 (AP)—Gen. Walter Bedell Smith said today he has supplied Gen. Dwight Eisenhower and Gov. Adlai Stevenson with an amplification of his testimony that Communists probably have penetrated the Central Intelligence and every other government security agency.

Commission To Meet City commissioners will hold their weekly session at 5 p. m. today. A routine agenda will be up for study. City Manager H. W. Whitney reported.

A Big Vote ...

It insures that a decision will be made by all the people. A small vote favors tight machine rule. The machine always votes. Voter indifference discourages able men from running for office.

Ships Search Ocean For 80 Lost Crewmen

ROTTERDAM, The Netherlands (AP)—American and French searched the Atlantic Ocean east of the Azores today, looking for 80 persons missing from the Portuguese fishing vessel Joao Costa, which sank last week.

Truman Says Ike Blunders Helped Russia's Threat

ABOARD TRUMAN TRAIN (AP)—President Truman accused Gen. Dwight D. Eisenhower today of having endangered the country as commanding general in Europe by grave "blunders" which left America unaware of Russia's threat to world peace.

Employees Due To Own Pinkie's Liquor Stores

ODESSA, Sept. 30 (AP)—Pinkie's Liquor Stores, probed by grand juries and a legislative committee investigating bootlegging, closed today in Odessa, Big Spring and San Angelo.

Water Group Drafts 4-Point Study Program

AUSTIN, Sept. 30 (AP)—The governor's committee on water conservation today drafted a four-point program for study in solving some of Texas' perplexing water problems. Resulting recommendations would go to the next legislature.

Ike Tackles Red Issue In Speech

NEW YORK (AP)—Gen. Dwight D. Eisenhower swings the political spotlight on the Communist issue today on the basis of Gen. Walter Bedell Smith's assumption that the Reds have penetrated every U. S. security agency.

He said Eisenhower's advice that he saw no reason why Russia and the United States would not remain "the closest possible friends" carried "great weight" and "did a great deal of harm."

Truman chose a whistle stop speech at Havre, Mont., to launch the latest of increasingly bitter attacks on the Republican presidential nominee in reply to Eisenhower's own charges of blunders by the Truman administration in the field of foreign policy.

Truman said Eisenhower didn't have such "wisdom and foresight." "After the war, while he was still commanding general of our forces in Europe," the President continued, "he said he saw no reason why Russia and the United States would not remain the closest possible friends."

Truman quoted Eisenhower as having told a congressional committee in November of 1945: "There is no one thing that guides the policy of Russia more today than to keep friendship with the United States."

Truman then went on to say of his own former Army chief of staff: "His foresight was not nearly as good as his hindsight." "Of course, we can all make mistakes, but the Republican candidate was the commanding general in Europe and was in close contact with the Russians. His advice carried great weight and it therefore did a great deal of harm."

It is true, the President continued, that "we were all trying immediately after the war to find a means for living with the Russians on a peaceful basis." "I don't blame the Republican candidate for his part in that," Truman added, "but he ought to be honest enough to admit his blunders about the Russians."

"I get tired of all the Republican speeches and all their propaganda saying that the Republican party has been out in front against the danger of communism. It simply isn't so."

Truman said that Mansfield, a member of the United States delegation to the United Nations, "stood right up to the Russian Vlahinsky (foreign minister) and slugged it out with him and beat down a Russian attack on the foreign policy of the United States."

The Ministers Take Things In Own Hands

CHARLESTON, W. Va. (AP)—A few weeks ago a special grand jury indicted 32 persons here on charges involving election irregularities in the May 13 primary. Yesterday the Charleston Ministerial Association announced 59 of its members have volunteered to serve as poll officials in the Nov. 4 election.

Community Services To Mark The Introduction Of New Bible

Community-wide services at 8 p. m. in the First Baptist Church today will mark the introduction of the revised-standard version Bible here. All over the nation there will be hundreds upon hundreds of similar ceremonies which usher in Bible Week and which climax the work of years of painstaking work by Bible scholars in putting the Bible in contemporary language.

"I Got Results" ... You'll Get Results From Herald Classifieds Just Call 728

That's the quotation that comes from Mrs. W. P. Holland, 1469 Scurry. Mrs. Holland listed an apartment in The Herald Classifieds columns, and had 10 calls in two days. That's a lot of response from such a low-cost ad, and Mrs. Holland says "I got results, that's all I can say."

CIA Chief Believes Reds In All American Security Units

By JACK RUTLEDGE
WASHINGTON (AP)—The head of America's super-secret intelligence service says he believes Communists have infiltrated every U. S. security organization, including his own Central Intelligence Agency.

At the same time Gen. Walter Bedell Smith implied yesterday this might be working both ways when he added:

"We have to assume that our enemies are as clever as we are and that they will succeed from time to time."

Smith said that to his knowledge no Communist ever has been actually found in CIA, that he does not know the identity of any there—and he said he would get rid of them if he did—but he added:

"In our meetings we keep telling each other that somewhere along the line we must be penetrated so we try to keep our mouths shut and watch our step...."

"I believe they are so adroit

and adept they have infiltrated every security agency of the government."

Gen. Smith's comments came while he was testifying at a deposition hearing in Sen. Joseph R. McCarthy's two million dollar libel-slander suit against Sen. William Benton.

There was swift reaction from the Republican National Committee. It announced a nation-wide radio-television broadcast tonight centering around the Communists in government issue.

GOP National Chairman Arthur E. Summerfield said Mrs. Clare Boothe Luce, former Republican congresswoman from Connecticut, will speak over a network of 65 TV and 189 radio stations.

After the deposition hearing ended, Gen. Smith first asked that all his remarks be kept off the record. When told they already had been made public, he issued a

statement which said in part:

"Any Intelligence agency that did not act on the assumption that it had been penetrated somewhere along the line from charwomen to its executive level would be criminally negligent and we would be criminally negligent if we did not act on that assumption."

"This is, of course, no reflection on the loyalty of the overwhelming number of persons employed in our security agencies."

"That is why we take so many precautions to guard against penetration at every point...."

"One of the elementary precautions taken by Intelligence agencies the world over, of course, is the elaborate compartmentalization of work so that individuals below the very top level are unable to obtain the whole picture even though they work their way in and get a part of it."

"We have to assume that our enemies are as clever as we are and that they will succeed from time to time."

Gen. Smith was summoned to the deposition hearing by Sen. Benton (D-Conn.), who wanted him to testify about a speech Sen. McCarthy (R-Wis) made in the Senate last year attacking the record of Gen. George C. Marshall, wartime Army chief of staff and later secretary of state.

McCarthy said in that speech Marshall was "steeped in falsehood" and described him as a "mysterious, powerful figure" who sided with Russia in historic decisions which "lost the peace for America."

Gen. Smith vigorously defended Marshall, saying:

"Of all the men I've known, and in the last 10 or 15 years I've known most of the great men of the world, I know of none who excel and few who equal George Marshall for loyalty, honesty and integrity."

He also said he believed two other comments McCarthy made in his speech—read to him by Benton's attorney—were incorrect.

One said the Marshall Plan helped the Kremlin because it was substituted for a plan of direct military aid. The other said the Marshall Plan caused the United States to be considered a "patsy" in Europe, and held in contempt there.

Smith said on the contrary the Marshall Plan was considered a "stroke of genius" in Europe.

Shrine Circus Feature

Such scenes as this will highlight the Shrine Circus, scheduled here Oct. 22-23 under sponsorship of the Big Spring Shrine Club. The 46-act, two and a half hour show will be presented twice daily at Steer Park on both days, according to Les Kornfeld, general chairman of the local Shrine Club's circus committee. The circus is now playing at the State Fair of Texas. A special office has been set up at Fourth and Main (the old Big Spring Motor location) to handle advance ticket sales.

500 Galveston City Employees Out On Strike

GALVESTON, Sept. 30 (AP)—Five hundred city employees today walked off their jobs for the second time in two weeks.

Their leaders said the workers had gone into a continuous session over a wage controversy and would not report to work.

The Galveston mayor warned them that they would no longer be on the city payroll if they walked out.

The employees, members of the City Employees Union and the General Drivers Union (both AFL), decided to hold a "continuous session" because the city commission has refused them \$25 monthly wage hike.

Walt Newman, CEU local head, said a continuous meeting of the union is tantamount to a general "walkout." He added that although the meeting may be "recessed," it is technically in continuous session "and the members just won't show up for work."

Mayor Herbert Y. Cartwright Jr., in a session earlier yesterday with union leaders, warned that if the employees walked out they would no longer be considered on the city payroll.

The strike would mean no street lights or garbage collection in the city.

But union leaders have said that emergency crews and all essential workers—such as water works employees and gravediggers for the municipal cemetery—would remain on the job.

Firemen and policemen are not members of the union.

The unions first asked a \$40 monthly increase but Monday lowered their request to \$25. The city said \$10 was all a proposed new budget would allow.

Steel Strike Prevents Oil Industry Aim

OKLAHOMA CITY, Sept. 30 (AP)—The oil industry's goal of 50,000 wells this year will not be reached because of the steel strike last spring, members of the American Association of Oil-Well Drillers heard their retiring president say yesterday.

The president, A. W. Thompson of Houston, said a shortage of tubular goods resulted in the drop of completions from an average of 900 wells weekly to 725.

F. W. Brigrance, Fort Worth, was elected president of the AAOCD, succeeding Thompson. Brigrance is vice president and manager of Rowan Drilling Co.

Other officers elected were C. F. Whaley, Houston, vice president at large; J. W. Hall, Midland, vice president for West Texas and New Mexico; John B. Holmes, Houston,

vice president for California; Stewart G. Noah, Alton, Ill., vice president for the Illinois, Kansas and Michigan; and Walter Tschudin, Casper, Wyo., vice president for the Rocky Mountain area.

BY U.S. OFFICER

Russian Troops In North Korea Noted

By ROBERT B. TUCKMAN
SEOUL, Korea, Sept. 30 (AP)—A highly placed U. S. Eighth Army officer said today there are several thousand Russian troops in fear areas of North Korea serving in a "support capacity."

This officer said in an interview that the Russians were technicians and advisors and probably manned

modern radar-controlled anti-aircraft guns manufactured in the Soviet Union.

The officer cannot be identified but he holds a responsible post that qualified him to speak authoritatively.

He conceded that some of those reported to be Russians could be East Europeans from Soviet satellite countries.

The officers described the anti-aircraft batteries at Red airfields south of the big Antung bases in Manchuria as modern stuff. He added that because available evidence has shown them to be manned by Caucasians it was assumed Russians were at the guns.

His statements went much farther than those of a North Korean officer who surrendered through the Panmunjom neutral zone early this month. The Communist lieutenant, who was security officer at the armistice site, said last Saturday that he had seen about 20 Russians at the Sinulju Airfield in North Korea at the Manchuria border.

The North Korean also said he had heard that Russian advisors were attached to the North Korean Army officers staff school and that he had heard of Russian pilots flying Communist jets.

High ranking American officers have stated that Russian speaking pilots in Communist jets have been heard by Allied airmen who overheard inter-com messages.

The Eighth Army officer said "There is no question that there are Russians up there in North Korea."

He declined to say precisely how many beyond placing the figure at "several thousand."

Chinese Reds Seize Third Mount From UN In Korea

By ROBERT B. TUCKMAN
SEOUL, Korea (AP)—Chinese Reds seized another hill on Korea's Central Front today as the Communists maintained heavy pressure on the sector for the third straight day.

The hill, due east of Kumsong, was the third captured by the Reds since they launched a series of heavy attacks on the East-Central Front Sunday.

Yesterday the Communists powered their assaults with the heaviest Red artillery barrage of the war—47,312 rounds.

Savage fighting also flared on the Western Front. U. N. Infantrymen slugged their way to the top of Big North but lost the high ground to counter-attacking Chinese in pre-dawn darkness.

Greek troops were driven from the peak Sunday when U. N. planes accidentally bombed them during a Chinese attack.

The assault on Big North got under way at 1:30 a.m. today after a short but concentrated Allied artillery barrage. Thirty minutes

later U. N. troops were at the crest, battling hand-to-hand with the Chinese.

The Reds withdrew. But 45 minutes later the Chinese re-grouped, mounted three separate counter-attacks and recaptured the crest.

Eight Red tanks lumbered into action in the fighting east of Kumsong. The Communists used about 200 men for the attack; then rushed in 200 reserves.

The South Koreans also beefed up their defending force but were finally forced back at noon today.

The rest of the Front was relatively quiet.

In Tokyo the Navy announced eight men were injured when Communist shore guns hit the American destroyer Cunningham off Korea's Northeast Coast Sept. 19. The Navy said three men were hospitalized.

LETTER TO EDITOR

Sees More Tax On Stockmen

To the Editor:

Secretary of the Treasury Snyder says that the Truman administration wants to collect an additional \$275,000,000 in income taxes from the farmer and rancher. His letter was published in the Abilene Reporter-News of Sept. 14, 1952.

The new tax plan is to prohibit the deduction for income tax purposes of the expenses and costs of raising cattle for breeding, dairy and draft purposes. The secretary calls this a "loop-hole," or a tax "windfall."

This new tax program raises some very interesting questions:

Is it necessary to keep a separate set of books on each individual cow, or can the farmer keep his books by splitting them up into various portions relating to age, sex, date of purchase, etc.?

If a bunch of calves were on creep feeding, should the rancher employ a checker to determine how much of the food is eaten by heifers and how much by steer calves?

If a young male calf has his status changed from breeding stock to steer, should the bookkeeper transfer him from one account to another, and if so, what proportion of the charges should be assessed against him?

Will it be necessary to keep all "capitalized" cattle separate and apart from the "income" cattle?

If a heifer is "capitalized," and then fails to produce a calf, can the farmer file an amended tax return and secure a rebate on his income tax?

Should the rancher designate one of his cowboys as a special bookkeeper so as to check the amount of food, grass, etc. eaten by each individual cow?

This all sounds very silly, doesn't it? However, the tax experts and economic theorists of the Treasury Department will work out some character of income tax return which will contain a series of complicated tables which the rancher and farmer will not understand, but will have the result of "getting the money" out of the taxpayer.

If the Truman administration is re-elected, the farmer and rancher might as well get ready to shell out the 275 million dollars.

You had better write your congressman and senator about this matter if you don't want to pay this extra income tax on your farming and ranching operations.

COLONEL DYER
Baird, Texas

Auto Inspection Law Violation Costs Man \$100 Fine In Tarrant

FORT WORTH, Sept. 30 (AP)—Service station operator Carl Hunt was fined \$100 yesterday after pleading guilty to violation of the new auto inspection law.

Hunt's was the first conviction in Tarrant County under the new law. He was accused of issuing a certificate of inspection without having made an inspection.

His inspection license was also suspended—for 30 days.

Vocational Club Has Fund-Raising Plan

Members of the Big Spring Vocational Industrial Club have decided upon a novel money-raising plan.

This year they will attempt to sell their services in painting house numbers. The club decided on the project at the Monday evening meeting over which Calvin Jones, president, presided.

Eight Men Injured

TOKYO, Sept. 30 (AP)—Eight men were injured when enemy shore guns hit the destroyer USS Cunningham on Sept. 19, the Far East Naval Forces disclosed today.

Three seamen required hospitalization, the Navy said.

Communist shore batteries scored direct hits on the destroyer near Tancheon, port on Korea's northeast coast.

Store Renovated

Completion of an extensive renovation, plus some remodeling, will be celebrated by Collins Bros. Walgreen Store at 3rd and Main this week. Alfred Collins, operator, said that a special sale would be observed Wednesday through Saturday to acquaint the public with improvements in the store and its facilities.

36 Months To Pay On F.H.A.

Texan Can Be Fast When On Way Home

WITH U. S. 51ST FIGHTER GROUP, Korea, Sept. 30 (AP)—One lone Texan trying to get home is something pretty fast and deadly, some Red MIG-15 jet pilots discovered.

The Texan was an F-86 Sabre jet pilot, Lt. Col. Albert S. Kelly of Huntsville and the action happened yesterday over North Korea.

The air was full of MIGs, the Air Force said, and Kelly's flight of four Sabres was split in a clash with Red fighters.

Suddenly Kelly's all-important protector—his wingman—was separated from him. And Kelly takes up the story from there.

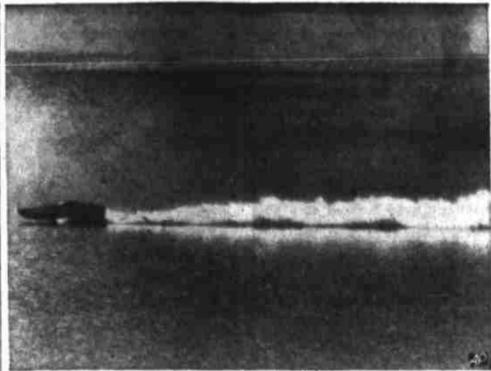

"That left me up there alone, a sitting duck," Kelly said today. "I radioed that I was getting out of the area when four MIGs hit me from above. I was at 25,000 feet when they came in after me. I broke toward them and they split up into elements and started circling on me."

"Two of the MIGs had me wired for sourd," Kelly continued. "Canon balls were flying thick and fast. I thought I'd had it."

"The only thing I could do," he went on, "was to go into a violent spin. I spun down from 20,000 feet to 5,000 feet and pulled out to see if the MIGs were still with me."

"Then the golf balls started coming at me again. I dived for the sea and picked out a little island, turning tight circles to evade them. I turned a full 360 degrees as tight as I could. The MIG leader and his wingman still were on my tail, firing away."

"I sucked it in tighter and they tried to follow," Kelly concluded. "Either the maneuver was too much for them or the wingman got caught in my jet wash, because he stalled, dropped his wing, hit the water, and cartwheeled into the sea. I finally shook the other three MIGs and headed for home."

Speedboat Hits 200 Before Exploding

The Crusader, jet-propeller speedboat, is shown streaking across Loch Ness, Scotland, Sept. 19 as the British racing ace John Cobb attempted to break the world's hydroplane record. In a similar attempt later, the Crusader blew up and disintegrated while traveling at an estimated speed of 200 miles an hour. Cobb was picked up alive but died a few minutes after he was brought ashore. (AP Wirephoto).

Mrs. Parsons Murder Trial Starts Oct. 13

WICHITA FALLS, Sept. 30 (AP)—The murder trial for Mrs. Mary Jean Parsons, socialite Tulsa heiress, is scheduled to begin Oct. 13 after an attempt at trial ended abruptly yesterday.

Mrs. Parsons is charged in the gun slaying of her Army officer husband, Lt. Richard O. Parsons, in the couple's El Paso apartment last Feb. 16.

A defense motion to draw up a new venire was sustained by Judge Arthur Tipps yesterday after the chief prosecutor, Dist. Atty. William E. Clayton of El Paso, asked the judge to sustain.

Defense attorneys said names had been drawn en masse from the jury wheel instead of individually as required by law and that names of veniremen had not been typed individually as each was drawn.

Dist. Atty. Alan Haley of Wichita Falls asked for the Oct. 13 date and a venire of 300. When court opened here yesterday an original venire of 250 persons had shrunk to 179 through pre-trial excuses.

The 21-year-old Mrs. Parsons, daughter of a wealthy oil field equipment family, Mr. and Mrs. Burton Fleeger, has been in a Dallas mental institution since the shooting.

Parsons, 24, formerly lived in Pleasantville, N. Y.

Murder With Malice Charge Is Filed In Case Against Soldier

BELTON, Sept. 30 (AP)—A murder with malice charge was filed here yesterday against Sgt. Wilton Mayfield of Fort Hood.

The charge grew out of the Sunday night death of Mayfield's 15-month-old stepson.

Dist. Atty. James K. Evetts said an autopsy showed the baby died from a skull fracture. Evetts added that Mayfield and his wife, who said their home was at Lexington, S. C., went to Austin last night for a lie detector test.

The wife went voluntarily, Evetts said.

Demo Leaders Exude Confidence At Meet

LITTLE ROCK, Ark., Sept. 30 (AP)—A secret campaign conference of Democrats from six Southern states here yesterday produced for public consumption only a ringing declaration of faith in the solidarity of the Solid South.

Democratic leaders from Arkansas, Texas, Tennessee, Louisiana and Mississippi met with National Democratic Chairman Stephen Mitchell in closed session. Mitchell himself barred reporters from the meeting, and told newsmen that they could expect similar treatment at another parley in Atlanta Wednesday.

But the party chairman issued a statement following the morning session in which he said he was "confident that the Democratic national ticket will carry the South despite certain difficulties." He didn't elaborate on the "certain difficulties."

Optimistic pronouncements by

Sen. Mike Monroney (D-Okl.), who heads the party's speakers bureau and attended the conference as a personal representative of House Speaker Sam Rayburn, backed up Mitchell's statement.

Monroney brushed aside possible Republican inroads into traditionally Democratic Dixie as "top fringe stuff and not at all basic."

He predicted the party would not lose a single Southern state despite the open support of three governors—James Byrnes of South Carolina, Robert Kennon of Louisiana and Allan Shivers of Texas—for the GOP Presidential candidate, Dwight D. Eisenhower.

Monroney told reporters that the Republican Party was handicapped by "albatross senators," and explained that by albatross he meant "political creatures whose record is opposite to what the general says he's for."

The Oklahoma Senator identified the "albatross senators" as McCarthy of Wisconsin, Jenner of Indiana, Cain of Washington, Kern of Missouri and Ecton of Montana. And, he added, Sen. Bricker (R-Ohio) is a "junior albatross."

Monroney also had some verbal barbs for Eisenhower himself, saying that the general "has made the most consistent presentation of inconsistencies that has ever been heard in American politics."

Quick Return For Controls

ALLENTOWN, Pa. (AP)—Off went controls in this Eastern Pennsylvania city yesterday.

Back they came again just two hours later.

For months the City Council gathered data on the question of keeping rent controls. After many hearings and debates, the Council voted unanimously yesterday to lift them. This was done under a 1952 federal law which leaves the question to local governments.

About two hours later, Rep. Karl C. King (R-Pa.) was notified that federal authorities had classified the city as a critical defense area—and rent controls were to be restored.

Fly Control To Be Topic At Meeting Here In November

Communicable Diseases Control Activity, an agency of the U.S. Public Health Service, will conduct a regional school on fly-control here in November.

Health officials and others interested in insect control and prevention of communicable diseases will attend from an area extending from Sweetwater to Odessa and San Angelo to Lubbock.

The school will be sponsored by the Texas State Health Department and the Big Spring-Howard County Health Unit. It will be conducted in Municipal Auditorium Nov. 18, 19 and 20.

The course will include instruction in general phases of biology and entomology, use of insecticides and equipment, and steps in organization of fly-control programs on a community-wide basis. In addition to lectures, trainees will see motion pictures on the various subjects and participate in a field trip.

Cruiser's Crew Donates \$9,450 To Injured Youth

LONG BEACH, Calif. (AP)—The crew of the heavy cruiser Bremerton has given a check for \$9,450 to a 9-year-old boy from Bremerton, Wash., who was burned seriously last May while refueling his toy locomotive.

The big ship pulled into the harbor here after nearly six months of Korean action. The fund was raised on ship in appreciation of the city's efforts in the purchase of war bonds during World War II for the ship's construction.

The crew asked the Bremerton Sun to select the city's most worthy recipient. Jimmy Weers, son of a news vendor, was chosen. The money will help defray the cost of skin grafting.

SOMETHING WONDERFUL HAPPENS

when you change to **PHILIP MORRIS!**

Here's why:

- 1 YOU'LL FEEL BETTER BECAUSE**, in case after case, coughs due to smoking disappear... parched throat clears up... that stale "smoked-out" feeling vanishes.
- 2 YOU'LL FEEL BETTER BECAUSE**, once again, you'll really taste your cigarette—the good, clean taste of fine, mild tobacco. Your food will taste better, too! And you'll know you've made a wise change... for your own good.
- 3 YOU'LL FEEL BETTER BECAUSE** you'll be smoking the one cigarette with a difference in manufacture... an important difference that avoids the main cause of cigarette irritation.
- 4 YOU'LL FEEL BETTER BECAUSE**, day after day, you'll be smoking the cigarette recommended by eminent nose and throat specialists to patients who smoke... the ONE cigarette proved definitely milder than any other leading brand.*

* For complete proof, published in leading medical journals, write to Philip Morris, 100 Park Ave., N. Y. 17, N. Y.

The result is pleasure!

Yes! You'll feel better when you change to **PHILIP MORRIS!**

CALL FOR **PHILIP MORRIS**

Deadline Tonight On Rent Controls

WASHINGTON (AP)— Cities and

towns across the nation have until midnight tonight to ask that federal rent control be continued for another seven months. The Office of Rent Stabilization said more than half of the 2,000 eligible communities have formally moved to keep rent control alive beyond the deadline set by Congress.

First Baptist WMS Installs New Officers

General officers for the First Baptist WMS were elected Monday afternoon when all circles met at the church.

The officials include Mrs. W. B. Younger, president; Mrs. C. W. Nevin, vice president; Mrs. Joe Tuckness, recording secretary; Mrs. H. B. Reagan, associate secretary and historian; Mrs. Inez Lewis, corresponding secretary; Mrs. Riley Foster, pianist; Mrs. Alton Underwood, choirster; Mrs. Willard Hendrick, young people's secretary; Mrs. Gayton Cothran, associate young people's secretary; Mrs. V. W. Fuglaar, benevolence chairman; Mrs. M. E. Harlan, community missions chairman; Mrs. F. W. Bettie, Bible and mission study chairman; Mrs. P. D. O'Brien, program and literature chairman; Mrs. R. C. George, stewardship chairman.

Dr. P. D. O'Brien, pastor of the church, served as installing officer and Mrs. O'Brien led the closing prayer.

Members of the Willing Workers Circle of the E. 4th Baptist Church met Monday afternoon in the home of Mrs. O. R. Smith to pack a box for an orphan.

The group voted to buy meal ticket each month for a Baptist orphan.

Mrs. E. T. White led in prayer. Eight attended.

The lesson on "Tangled Threads" was taught by Mrs. Monroe Gafford when the Baptist Temple W.M.U. met Monday in the home of Mrs. Curtis Reynolds for mission study.

Mrs. Ross Hill led the prayer and 10 members attended.

Mrs. V. R. Cook completed the mission study book, "Tangled

Threads" at the Monday meeting of the Kate Morrison Circle of East Fourth Baptist W.M.U. in the home of Mrs. Fred Polacek.

Prayers were led by Mrs. Polacek and Mrs. Delmar Simpson. Seven members attended.

The opening prayer and the devotional from Psalms 74 were given Monday by Mrs. Lee Nuckles at the meeting of the Mollie Phillips Circle of East Fourth Baptist in the home of Mrs. Tom Stewart.

Each member brought Christmas cards to be sent to children in Korea. Mrs. Emrie Rainey gave the closing prayer.

Eight members attended.

MRS. LORIN S. McDOWELL

Open House To Honor Mrs. Lorin McDowell

Mrs. Lorin S. McDowell, who came to Big Spring as a bride in 1889, will celebrate her 92nd birthday Wednesday with a cake and all the trimmings.

Mrs. Lorin S. McDowell Jr. will be hostess at an open house at the honoree's home, 426 Ryan, from 3 to 7, and all friends of the elder Mrs. McDowell are invited to call.

Born in Talladega, Ala., the daughter of Dr. and Mrs. Hugh Cunningham, Mrs. McDowell moved with her parents to Texas shortly after the Civil War, settling near Overton. She still receives oil royalties from land in that area.

While she was still a young girl the family moved to San Saba, and

it was from there that her late husband took her, as a bride, to live on his Glascock County ranch. She still relates the story of her arrival at the ranch in a horse and buggy. A ranch hand had stacked a pile of mesquite roots almost as high as a house for stove wood to be used during the coming winter. As they drove up to the ranch she asked her husband where the house was.

"Over there behind the woodpile," he replied.

In her younger days, Mrs. McDowell painted in oils as a hobby, studied voice for a while and was active in the choir and other groups of the Presbyterian Church.

The McDowells lived on the ranch until their son and only child, Lorin Jr., was about 8, when they moved to Big Spring. Their old home is now the Shrine Club, located at the corner of Scurry and W. 8th Streets.

Her husband, prominent in ranching circles and as a civic leader here for more than half a century, died in February 1934.

Lorin McDowell III is her only grandchild. His father will not be able to attend the party as he is in South Dakota looking for grassland for 1,600 head of cattle.

TALENT PARTY SET TONIGHT

All interested persons are being invited to attend a talent party to be held this evening at 8 at the Settles Hotel ballroom by the Big Spring City Federation of Women's Clubs.

Object of the affair will be to select talent for the Federation's "Follies of 1952," which will be presented at the City Auditorium, Oct. 16-17.

A representative of the Jerome H. Cargyle Co. will be in Big Spring to select the talent for the show and to serve as its director.

Mrs. J. Y. Robb, chairman of the committee in charge, has announced that speciality acts, waltzing couples and people for the chorus are particularly needed.

However, she stressed the fact that whether a person could sing, dance or act the director would teach them what was needed to appear in the show.

Light refreshments will be served and the public is invited.

Trio En Route Home After Visiting Here

Mrs. R. L. Perkins Jr. and her daughter and son, Pat Lee and Perky, left today for their home in Tampa, Fla., after a two-week visit here in the home of her parents, Mr. and Mrs. M. S. Goldman, 418 Ryan.

Major Perkins, who is stationed at MacDill Air Force Base, flew here Saturday for a week-end visit with his family and the Goldmans.

Circus Party Honors Nine Youngsters

Nine pupils at the Farrar school who celebrated birthdays during September were honored at a circus party given at the school Monday afternoon.

The young honorees were Diane McEwen, Molly Hefner, Mary Jane Weiner, Bobby Terzian, Butch Stoutenburg, David McCarty, Johnny Knapp, Shirley Underwood and Mike Hayes.

A large wooden elephant centered the table and balloons decorated the room. Favours were clowns.

The guests, all members of the afternoon classes, were Jimmy Burleson, Marie Werkmeister, David Burleson, Hank Lookman, Rhealene Miers, Sharon Purser, Sharon Rogers, Tim Kelly, Bonnie Inghram, Jean Jennings, Susan Stephens, Karon Casey, Nancy Thomas, Jimmy Jones, Guy Talbot Pamela Strawn.

Richard Dahnke, Gary Gressel, Bobby Settles, Jimmy Bowerman, Nancy Simms, Lea Settles, Van Evans, Danny Stroup, Connie Nelm, Freddy Watt, Jeanne Rule, Katie Cochran, Fen Taylor, Jackie Cagle, William Griffin, Benny Benson, Ray Werkmeister and Cecce Hendricks.

International Show And Tea Set Thursday

Reservations for the tea and international show to be given Thursday afternoon by the Officers' Wives Club in the Academic Building at Webb Air Force Base should be made not later than Wednesday noon.

The reservations may be made by calling Mrs. Robert D. Inghram at 320-R or Mrs. Woodrow W. Connor at 3791-W.

The tea, from 3 to 5 p.m., will be preceded by election of officers at 1 p.m. Souvenirs, objects of art and other articles from the Far East and Europe, as well as antiques will be included in the show.

Knitted Warmers

May sound "old-fashioned" but one can feel cold in winter in this era just as easily as any old-timer did fifty years ago, so pamper yourself a bit when the winds begin to blow! Nice, neat and pretty are these modern-day, knitted knee-warmers which you slip on before you put on stockings. Snuggly knitted, they stay in place wonderfully; the wristlets can be slipped on under your coat sleeves, taken off when you arrive at office or school. Older women will love you for sending them such a thoughtful winter gift, too!

Send 25 cents for the Knitted Knee Warmers and Wristlets (sizes for Small, Medium and Large included in Pattern No. 147) YOUR NAME, ADDRESS, PATTERN NUMBER to CAROL CURTIS

Big Spring Herald
Box 229, Madison Square Station
New York 10, N.Y.

Church Women Elect New Officers Monday

New officers were elected at the meeting of the United Council of Church Women Monday afternoon at St. Mary's Episcopal parish house.

Mrs. J. Fred Whitaker was re-

elected president and other officers include Mrs. F. H. Talbot, vice president; Mrs. Elvia McCrary, secretary; Mrs. John Hodges, treasurer; and Mrs. Arthur Pickle, program chairman.

The appointive officers will be named at the next business meeting.

The meeting opened with the group singing a hymn accompanied by Mrs. M. H. Bennett, organist. The Rev. William D. Boyd, rector of St. Mary's, led the opening prayer and presented the devotional, "Bearing Our Crosses."

Mrs. C. E. Thomas offered the closing devotional prayer.

It was announced that the School of Missions, to be held Oct. 27 at Howard County Junior College, will have as guest speaker, Mrs. Dingus, a United Nations representative.

Helen Poe, International traveler for world community work, will be the speaker at the World Community Day program on Nov. 7.

Following the business session, members of the Episcopal Auxiliary served refreshments.

Mrs. William D. Boyd presided at the tea table which was laid with a lace cloth and centered with an arrangement of fall flowers. About 40 attended.

County Rally To Be Held At Church

A county-wide rally in observance of the publishing of the revised standard version of the Bible will be held tonight at 8 in the auditorium of the First Baptist Church.

The Rev. Doyle Ragie, pastor of the First Methodist Church in Munday and former professor of Bible at McMurry College, Abilene, will be guest speaker.

The service, held on the 500th anniversary of the publication of the first book, the Gutenberg Bible, will be one of 3,000 such observances held throughout the world.

The revised Bible was translated by a group of scholars, selected by the International Council of Religious Education, who worked free for 15 years to complete the writings.

Miss Butler Married To H. V. Harris

Lizzie Bell Butler and Hershel Virgil Harris were married Saturday evening in the parlor of First Baptist Church, with the Rev. Cecil Rhodes officiating.

The bride is the daughter of Mr. and Mrs. J. Butler of Rt. 1, and the bridegroom's parents are Mr. and Mrs. C. C. Harris, 607 W. 7th.

Only a few close friends and relatives witnessed the ceremony.

The bridegroom is employed at Webb Air Force Base and after a short wedding trip the couple will be at home at 511 Abram.

MENU FOR TOMORROW

FAMILY DINNER
Broiled Fish Steaks
Mashed Potatoes
Green Beans with Onion Rings
Bread and Butter
Stewed Raisins
Oatmeal Cookies
Beverage
(Recipe for Starred Dish Follows)
STEWED RAISINS
Ingredients: 2 cups seedless raisins, 2 cups water.
Method: Rinse raisins in hot water; drain. Add raisins to 2 cups water and boil 10 minutes. Cool. Serve with thin cream. Makes about 2½ cups—enough for 5 servings.
Note: If more juice is desired, add additional water.

Entries For Contest Are Announced

Three service clubs have chosen their entries in the Sultan's Contest, according to Mrs. Jack Y. Smith, contest chairman.

Contestants include Jack Johnson, representing the American Business Club; John Stanley, Kiwanis; and R. H. Snyder, Lion's Club.

The contestants will be featured at the first performance of the Follies of 1952 to be presented Oct. 16-17 by the Big Spring City Federation of Women's Clubs at the City Auditorium.

The winning entry will be announced at the closing program and its sponsoring club will be given a cash award.

Voting, which will begin this week, will continue through Oct. 16. As soon as arrangements can be made a bulletin board with pictures of the contestants will be placed in the lobby of the Settles Hotel.

Out-Of-Town Guests Attend Square Dance

A large number of out-of-town guests were entertained Saturday evening at the meeting of the Circle 8 Square Dance Club in the YMCA.

Hosts were Mr. and Mrs. Earl Reid and Mr. and Mrs. Charlie Reid. Jim King and his Cosden Playboys furnished music for the seven squares, and Earl Reid and Charlie Reid were masters of ceremonies.

Callers were Jimmy Felts, Earl Reid, Jack Haslett, Roy Thurston, Bill Cook, Garner McAdams, Mabel Prater and Cecil Milam.

Guests were Mr. and Mrs. Jim Zike, Vincent, Mr. and Mrs. Jack Haslett, Rankin; Mr. and Mrs. Wallace Reid, Coahoma; Roy Thurston, San Angelo; Mr. and Mrs. K. E. Boling, Mr. and Mrs. Marcus Cecil, Emsy Swain, Bill Cutbirth, Mr. and Mrs. Bill Johnson, Tille Haynes and L. O. Brooks and Mrs. Sallie Duke.

Mr. and Mrs. Tom McAdams and Roy Tidwell will be hosts for the next dancing party.

Mrs. Tuckness Is Honored At Shower In Griffith Home

Mrs. Joe Tuckness was honored recently at a pink and blue shower in the home of Mrs. L. A. Griffith.

Co-hostesses were Mrs. O. B. Hull, Mrs. C. L. Richardson and Mrs. L. N. Brooks.

Centering the refreshment table was a pink organza umbrella edged with small dolls and matching bows. Pink and white roses were also used on the table. Miniature storks were favors.

Attending were Mrs. Wayne Parish, Mrs. Albert Davis, Mrs. Albert Smith, Mrs. Ben Winder, Mrs. George Pittman, Mrs. Jim Allen, Dorothy Driver, Ilene Barnett and Pyrie Bradshaw.

Committees Appointed At Tri-Hi-Y Meeting

About 35 girls attended the Monday evening meeting of the Tri-Hi-Y Club at the YMCA. Reports were heard and plans for future projects were made.

Committees to serve at the training conference, to be held here Saturday, were named.

Guests Of Spences

Week-end guests of Mr. and Mrs. E. V. Spence were Lt. Col. and Mrs. Victor Wallace and child of Washington, D. C., and Lt. Robert L. Rutte, Lt. Col. Wallace was associated with Spence when Spence was base engineer for Camp Swift. Lt. Rutte, a graduate of West Point, is taking his flying training at Goodfellow Field.

Group Seeking Funds For 21 Church-Related Texas Schools

WACO, Sept. 30 (AP)—A six-denominational group of 21 church-related colleges and universities in Texas has formed a foundation to solicit financial gifts from business and industry.

The new organization, announced yesterday, is called the Texas Foundation of Voluntarily-Supported Colleges and Universities.

A Methodist and a Catholic are co-presidents of the foundation. They were named as Dr. William C. Finch, president of Southwestern University, Methodist school at Georgetown, and Dr. John L. McMahon, president of Our Lady of the Lake College, Catholic school at San Antonio.

Aims of the foundation, as outlined by Dr. Finch, are:

1. Solicit funds from corporations, for the benefit of colleges and universities that are members of the foundation.

2. "x x x Interpret the aims, functions, and purposes of the independent and non-tax-supported colleges x x x to the public in order to secure mutual understanding, co-operation and support."

A spokesman said a "select group" of Texas and national corporations would be solicited for gifts with "one per cent of corporate earnings annually" as the goal from each business.

Federal tax laws permit corporations to give as much as five per cent of their annual earnings to benevolences and deduct the sum from their income.

Sixty per cent of contributed funds will be distributed among member institutions. The remaining 40 per cent will be divided according to the number of full-time students in each school.

Nineteen schools have joined the foundation as full members while Austin College (Presbyterian), Sherman, and Southern Methodist of Dallas were listed tentatively, pending approval of their respective boards.

The 19 full members are: Baptist: Baylor University, East Texas Baptist College, Marshall; Hardin-Simmons University, Abilene; Howard Payne College, Brownwood; Mary Hardin-Baylor College, Belton; University of Corpus Christi, Corpus Christi; and Wayland College, Plainview.

Catholic: Incarnate Words College, San Antonio; Our Lady of the Lake College, San Antonio;

Warning Issued On Wonder Drug Usage For Minor Infections

DALLAS, Sept. 30 (AP)—Specialists in children's diseases had a warning today to take it easy in prescribing the so-called "wonder drugs" for minor infections.

Dr. Andres Goth, chairman of the department of pharmacology at Southwestern Medical School, University of Texas, said yesterday that there was a danger of germs building up immunity to the drugs if administered too often to a person.

Sacred Heart Dominican College, Houston; St. Mary's University, San Antonio; St. Edward's University, Austin; University of St. Thomas, Houston.

Disciples of Christ: Texas Christian University, Fort Worth.

Lutheran: Texas Lutheran College, Seguin.

Methodist: McMurry College, Abilene; Southwestern University, Georgetown; Texas Wesleyan College, Fort Worth.

Presbyterian: Trinity University, San Antonio.

Other officers elected are: Dr. William R. White, president of

Baylor University (Baptist), Waco, vice president; and Dr. James W. Laurie, president of Trinity University (Presbyterian), San Antonio, secretary.

Additional executive committee members are: Dr. M. E. Sadler, president of Texas Christian University, Fort Worth, and Dr. William F. Kraushaar, president of Texas Lutheran College at Seguin.

Presidents of each of the co-operating schools have seats on the foundation's board of trustees along with an equal number of Texas business executives who yet are to be named.

C-City Plans Formal Opening Of Bridge

COLORADO CITY, Sept. 30 (AP)—Final arrangements are being completed for the formal opening of the new Highway 80 bridge here, Wednesday, according to Durb Oliver, manager of the Chamber of Commerce.

The ceremony will open at 11

a. m. with a march thru town and a 15-minute concert by the Colorado High School Band.

The event is co-sponsored by the Lions, Jaycees, Kiwanis and Chamber of Commerce. State Senator Pat Bullock will act as master of ceremonies.

Bullock will introduce guests after the concert, and J. M. Page, district engineer of the Bureau of Public Roads will make a short address. J. C. Roberts, district engineer of the State Highway Department will cut the ribbon and formally open the new bridge to traffic.

Following the opening, a joint luncheon, sponsored by the four organizations will be held at the Cadillac Transit Corporation. The luncheon address will be given by Congressman George Mahon, with Bullock serving as toastmaster. More than 40 out-of-town guests are expected including Roberts, Jim Greene, and Marvin Miller of Big Spring.

Mrs. Anderson Funeral Today

COLORADO CITY, Sept. 30 (AP)—Funeral services for Mrs. Chester Anderson, 57, Westbrook, will be held Tuesday afternoon at 3:30 from the First Baptist Church in Westbrook, the Rev. David Crow, pastor, officiating. Assisting will be the Rev. Hugh McGee, pastor of the Nolan Baptist Church of Nolan. Burial will be in the Snyder cemetery under the direction of Kiker and Son.

Mrs. Anderson died unexpectedly at her home Sunday afternoon at 8:30.

She was born June 28, 1895 in Falls County, Texas, and had married Anderson September 29, 1917 at Newcastle. She had lived in Mitchell County for 30 years and was a member of the Baptist Church in Westbrook.

She is survived by her husband, two sons, Chester Anderson Jr., of Roswell, N. M., and Boyd Ray Anderson of El Paso; two daughters, Mrs. James Hall of Notrees, and Mrs. Dan Brown of Denver, Colorado. Two sisters, Mrs. Myrtle Clark, Albuquerque, and Mrs. L. F. Neal, Westbrook and three brothers, Lee Brown of Hobbs, Conley Brown of Albuquerque, New Mexico, and Vernon Brown of Sweetwater and six grandchildren.

Warren Scores High Traffic Death Figure

SACRAMENTO, Calif. (AP)—California's yearly traffic accident toll "makes the figures in Korea insignificant," Gov. Earl Warren said yesterday.

Jaycees Plan Report Over Court Lawn

Courthouse lawn or parking space?

That is the question and Jaycees Monday voted to study the problem and then proffer a resolution to the County Commissioners embodying the club's views.

Jaycee President Ray Rhodes appointed Fred Greene to head a committee to look into the matter. Other club members thus far picked on the group include Oliver Coler and Ray Rhodes.

The committee will make its report to the club next week.

Bill Hobart, newly appointed survey chairman for Howard County Junior College, spoke about his job. He noted that the primary function of this junior college is terminal education—the training of young people to take jobs in the community.

Hobart added adult education and university parallel training as other functions.

He also urged the club to join him in assuring that his surveys be made more accurate by full co-operation in answering his questions in the future.

Durward Lewter, chairman of the Jaycee-sponsored Howard County 4-H, FFA Pig Show coming up this week, reported that everything was virtually set for the show to get underway on Wednesday.

Beekeepers Meeting

COLLEGE STATION, Sept. 30 (AP)—Dr. F. L. Thomas, Texas A&M College entomology professor, spoke at the opening yesterday of the Texas Beekeepers Association's two-day meeting.

Czech Diplomat Seeks Asylum

NEW YORK (AP)—A Czechoslovak diplomat and former United Nations Secretariat official says he will not return to his Communist-controlled homeland and will seek asylum here.

Dr. Ivan Kerno, who retired last Sept. 10 as U. N. assistant secretary-general for legal affairs, made his announcement last night on the "United or Not" television program.

The 61-year-old Kerno, a member of the Czech diplomatic service since 1918 and a former aide of the late Czech President Eduard Benes, said he expected American officials to grant him permission to remain in this country.

A. A. Spacek Rites

GRANGER, Sept. 30 (AP)—Funeral services were to be held today for A. A. Spacek, 68, Granger civic leader and businessman who died Sunday night in an Austin hospital. Spacek had wide farming and business interests here.

5 Losers Are Named Winners In Starr County

SAN ANTONIO, Sept. 30 (AP)—Five candidates who had been declared losers in the July 28 primary election in Starr County were named winners by the Fourth Court of Civil Appeals Tuesday.

The five declared losers by the election board were Armando Longoria, candidate for commissioner of Precinct No. 34; Moises Gutierrez, candidate for justice of the peace of Precinct No. 3; Moises Pedro Rodriguez Jr., candidate for constable of Precinct No. 3; Florencio Guerra, candidate for justice of the peace of Precinct No. 6; and Jose Villareal, candidate for constable of Precinct No. 6.

The Starr County canvassing board had named as winners J. M. Longoria, county commissioner race, by 88 votes; Leonel Solis Sr., justice of the peace Precinct No. 3, by 87 votes; Santos Ornela, constable, Precinct No. 3, by 87 votes; Isidro Guerra, justice of the peace, Precinct No. 6, by one vote, and Sarafin Guerra, constable of Precinct No. 6, also by one vote.

The Fourth Court's decision makes the first five named above the winners, and the latter the losers.

The county canvassing board's official returns were based on rejection of 117 absentee votes cast in the election. Judge Roger Thurmond of the 79th District Court held that the rejected absentee ballots were valid and should have been counted, but he further held that the action of the canvassing board in breaking open the ballot stub box and removing the stubs was unlawful, and therefore voided the votes.

The percuriam opinion handed down by the Fourth Court states that "there can be no question but that the stub box should never have been broken open."

But, the court added, "the law does not provide that votes should not be counted in the event the stub box is broken open." The opinion continued:

"The misconduct of the canvassing board whether done in good faith or not, furnishes no reason for defeating the will of these voters who had clearly expressed who they wished to vote for by casting their absentee ballots."

"The trial judge should not have declared the election void as to appellants, but should have declared them to have been nominated to the respective offices to which they were seeking nomination."

The Starr County clerk was ordered to certify the first five as the Democratic nominee for the respective offices, and to cancel the certificates of nomination issued the other five.

AREA OIL

Hobo Northwest Outpost Has Steady Flow In Top Of Reef

Stephens No. 1 Bacon, 1 1/2 miles northwest outpost to the Hobo Field in southeastern Borden, acidized in the top of the reef and was flowing oil strongly on test Tuesday. This venture had both oil and water in testing originally in the reef and it has plugged back to the top.

Only mud was recovered in a second drillstem test of Sinclair No. 1 HaR, northern Glasscock wildcat now in the Ellenburger. A northwest Borden wildcat, Hammonds No. 1 Cebulake, was preparing to drillstem test in the upper Spraberry. A northwest Dawson exploration, which flowed free oil in the Spraberry, continued on in search of the Pennsylvania.

Borden
Standard Oil of Texas No. 5-7 T. L. Griffin will be a Hobo location 2,500 from the north and 1,200 from the east lines of section 47-25, H&TC, rotary to 7,500.

In the Von Roeder pool, a new location will be Magnolia Petroleum No. 9 W. Ed Murphy, 1,980 from the east and 522.7 from the west.

Dawson
Cities Service No. 1-B Leverett, C NW SW 3-4, Cunningham, 10 miles north and slightly west of Lamesa, drilled to 8,040 in shale and sand. It had made a substantial flow of oil from the Spraberry on a test from 7,170-7,217. This vent-

ure originally was projected to 12,500.

Glasscock
Sinclair No. 1 G. T. Hall, C SW NW 6-34-2s, T&P, was at 10,985 in dolomite and lime. A drillstem test was taken from 10,925-985 with the tool open three hours. Recovery was 15 feet of drilling mud with no shows. Previously this test had recovered some mud-cut sulphur water in the Ellenburger top.

Howard
Pan-American No. 1 Pauline Hamlin, C NE SE 43-32-3n, T&P, drilled to 4,485 in lime and shale. Cosden No. 1-B Jones, C NE SE 5-25, H&TC, drilled to 550 in redbeds.

Lynn
Great Western No. 1 Williams was bottomed at 9,015 in lime and chert, having run Schlumberger survey. It is waiting on orders.

Martin
Tide Water No. 1-B Dickinson, C SW SW 5-37-1s, T&P, drilled water wells preparatory to spudding.

Mitchell
Cosden No. 1 Kinead, C SW NW 60-20, LaVaca, drilled below 3,910 in lime.

Sterling
Pan-American No. 1 Foster, C SE SW 17-13, SPRR, was laying down drill pipe at 1,910 in lime.

ure originally was projected to 12,500.

Stevenson
Selves in the fight against evil in and out of government."

Ike
Into the defensive over the week end by Stevenson's action in barring his income tax returns for the last 10 years, greeted the Smith testimony as a major campaign breakthrough.

Eisenhower's advisers feel that the Democrats are particularly vulnerable on the Communist issue. In an effort to appeal to the women's vote on this subject, the Republican National Committee arranged to have former Rep. Clare Booth Luce of Connecticut speak on it on a national radio-television broadcast tonight.

These developments gave Eisenhower a topical sendoff for an 8,000-mile campaign tour opening today in Columbia.

Gov. James F. Byrnes of South Carolina will introduce the general, Byrnes, a lifelong Democrat and holder of high offices at the hands of the party, has announced he will vote for Eisenhower.

Development of the Communist issue could push into the background in Eisenhower's Columbia speech the touchy civil rights issue on which Byrnes left the national party by saying he would not support Stevenson.

County Tax Statements To Be Mailed

Members of the Tax Assessor-Collectors staff were busy this morning making final preparations for the mailing of the Howard County tax statements. Statements for the year will total \$32,568,268.

B. E. Freeman, assessor-collector, stated that the individual statements would be ready for the mail by closing time today. He said that approximately 8,200 statements will be sent.

Freeman said those paying their taxes in October would receive a 3 per cent reduction. In November a 2 per cent reduction will be given, and a 1 per cent in December. People paying in January must meet the full amount.

The deadline for payment is Jan. 31. Tax statements are being mailed on all taxable objects—real estate, oil, royalties, public property, personal property, and others.

Phone Exchange Franchise Pends

Actual transfer of a franchise of the Coahoma Telephone Exchange to new owners is pending.

A story in Sunday's Herald concerning action brought by SCVAK Telephone Company against W. A. Hunter, et al, said that the transfer had been made. The Coahoma city council has the matter under advisement and may take action at its next meeting.

Woman Is Treated For Gunshot Wound

Norma Lee SeM. 1107 W. 3rd, suffered a flesh wound in the left hand Monday evening when a firearm accidentally discharged, police reported.

She was treated for the injury at Malone & Hogan Hospital. The gun, a 25-caliber pistol, accidentally discharged in the woman's hand about 8:25 p. m., police said.

STEVENSON

(Continued From Page 1)

selves in the fight against evil in and out of government."

On the issue of communism in this country, he said that "I don't believe oaths and affidavits are much good, because a real Communist does not hesitate to lie."

He opened his speech with a new defense of the fund he has used to augment the pay of Illinois state officials. This fund, he said, was made up, of a balance left over from his 1948 gubernatorial campaign, plus subsequent contributions from a group of businessmen.

The governor had Saturday made a report saying he gave a total of \$18,150 to eight key state officials in 1948.

Defending this action again, he recalled that in his inaugural speech as governor he said that "it is obvious to all that many of the senior positions in the state services do not pay enough to support life alone attract, the quality of management and leadership these positions demand . . ."

Individual Tax Cut Not Seen Until '54

By SAM DAWSON
NEW YORK, Sept. 30 (AP)—Hope for relief springs eternal in the taxpayer's breast.

The best bet today seems to be that some corporations will get a cut in taxes by the middle of next year. The long-suffering individual will have to wait until 1954.

Secretary of Treasury Snyder is on record today as believing that the excess profits tax some corporations will pay will expire next June. He sees no major relief likely for individuals.

What to do about taxes is one of the first decisions the new President will have to make in January. A number of the recent federal tax increases are due to expire in the next year or two unless Congress extends them.

The taxpayer's best hope for relief would lie in a cut in government spending. With defense expenditures scheduled at a high level next year, hope for much relief seems put off until 1954.

The corporate excess - Profits tax is due to expire June 30. If Congress lets the tax die, as Snyder thinks it may, it will mean relief for corporations whose present earnings are 85 per cent or more of their average earnings in their three best years between 1946 and 1949. Such earnings are now considered excess and a 30 per cent additional tax levied on them.

Businessmen hold this tax penalizes well-managed companies and the growth industries just getting under way in the base-period years.

The excess profits tax has been bringing in better than three billion dollars a year.

Individuals would get a break at the end of 1953 if Congress doesn't extend a 10 per cent income increase in the individual-income tax written into the Revenue Act of 1951. The increase would lapse at that time.

April 30, 1954, corporations are due for another break—unless Congress changes its mind. At that time the 30 per cent normal tax on corporate earnings goes back to 25 per cent. At the same time special excise taxes totaling about one billion dollars expire.

The Guaranty Trust Company of New York, in its October survey out today, says that since "defense spending is thought likely to reach a peak sometime next year, the hope is growing that the new administration will be able to effect some tax reduction."

Stalin, of course, could stick a pin into this wishful thinking any time he chose to stir up more trouble and alarm the United States into stepping up defense expenditures.

The U. S. taxpayer's bills, meanwhile, mount steadily. This year it is estimated that the total of federal and local tax collections will be around 80 billion dollars, and possibly more.

TEXAS

(Continued From Page 1)

accompany Stevenson on the Democratic presidential candidate's two-day campaign swing through Texas. In making the announcement yesterday, Speaker Sam Rayburn, head of the Stevenson-Sparkman forces in Texas, said San Antonio had been added to Stevenson's itinerary.

2. William McCraw, Dallas leader in the Stevenson campaign, said the Presidential candidate would speak at the State Fair of Texas in Dallas on the night of Oct. 17. The Democratic candidate will be in Texas two days after Eisenhower completes a two-day visit.

3. The Dallas News said in a story from its Washington bureau that GOP Vice Presidential Candidate Richard Nixon would make a return trip to Texas "sometime after the middle of October." Nixon spoke in Amarillo last Friday night but didn't get to any other Texas points.

4. Two political parties sharing General MacArthur as Presidential nominee will hold a joint conference Wednesday night in Fort Worth. The Constitutional and Christian Nationalist Parties will hear a speech by Don Lobbeck, the Christian Nationalist's national secretary.

5. Ben Gull, chairman of the Texas Eisenhower campaign, said he expects about 400 women in Fort Worth Wednesday representing all of the state's 254 counties for the kickoff of the state "Womanpower for Eisenhower" drive. The GOP leader said the women would be shown how to organize their counties and precincts in an effort to get votes for Eisenhower. Both Democrats and Republicans have been invited, he added.

6. In Dallas inspecting Civil Service facilities, Mrs. Frances Perkins, Civil Service commissioner and one-time Secretary of Labor, told a reporter:

"Government workers will not lose their jobs regardless of who's elected and they know it. Membership in either party or in any church has nothing to do with whether applicants get jobs. In Civil Service, merit alone wins."

Franklin D. Roosevelt's Labor Secretary termed as "poppycock" claims that federal workers will vote Democratic to keep their jobs.

White Canes To Be Sold For Aid To Blind People

Miniature white canes, symbol for the blind, will be on sale here Saturday.

These were made by members of the Cheerio Club, composed of blind and near blind, Rainbow Girls will offer them for sale downtown starting at 9 a. m. Saturday.

No price is put on the tiny canes, fashioned locally because members thought machine made ones would cost too much money. People are invited to give what they feel they can.

All proceeds will go to the Cheerio Club's benefit fund. In most instances, the funds are used to help blind canes outside the club membership. For instance, recently two blind girls were helped pending their entrance in school.

Now the club wants to help a blind mother and her blind child in a neighboring city.

To advertise the activities of the club and focus attention on the sale Saturday, Cheerio Club members have on display examples of their work in the C. R. Anthony Co. window this week.

Two minor mishaps occurred in Big Spring Monday afternoon.

Floyd H. Lackey, 508 N. W. 11th, and Emmett Varner Grantham, Knott, were drivers of vehicles which collided at N. W. 11th and Bell about 3 p. m., police reported.

Officers said R. E. Harris, 1409 W. 2nd, and William Harold Porter of Odessa were operators of machines in collision at Second and Gregg about 6 p. m.

MARKETS
COTTON
NEW YORK, Sept. 30 (AP)—Noon cotton futures were steady and narrow today after a previous close, Oct. 28.45 Dec. 28.41 and Mar. 28.64.

Stamford Meets Ballinger Club In Headliner

Stamford meets Ballinger and Huntville tangles with Silbes in the headline game of Class AA schoolboy football this week. These games match undefeated, untied teams of which there are 41 left in this class after three weeks of firing. Still another of the select list faces trouble in keeping its status. That is Tennis, which plays Paris of Class AAA. Paris is undefeated and untied, too. Other teams with perfect records will fall and prospects are that about a third of the list will be erased in the round of 104 games scheduled over the state this week end.

Teams with undefeated, untied records in Class AA are: Dumas, Perryton, Phillips, Floydada, Memphis, Burk Burnett, Quannah, Ennis, Rotan, Stamford, Littlefield, Monahans, Pecos, Ballinger, Brady, Comanche, Arlington, Handley, Jacksboro, Nocona, Mesquite, Mt. Pleasant, Terrell, Center, Ennis, Mexia, Cleveland, Humble, Huntsville West, Killeen, Gonzales, San Marcos, Bellville, Caldwell, Lamar Consolidated, Alvin, Uvalde, Refugio and Donna. Conference play also starts this week in Class AAA with championship games in five districts. Teams that have pushed forward as top favorites are Phillips, Pecos, Terrell, Arlington and Mexia among others. Pecos showed crushing power last week in beating a good Wink team, 35-7. Wink is one of the favorites in Class A.

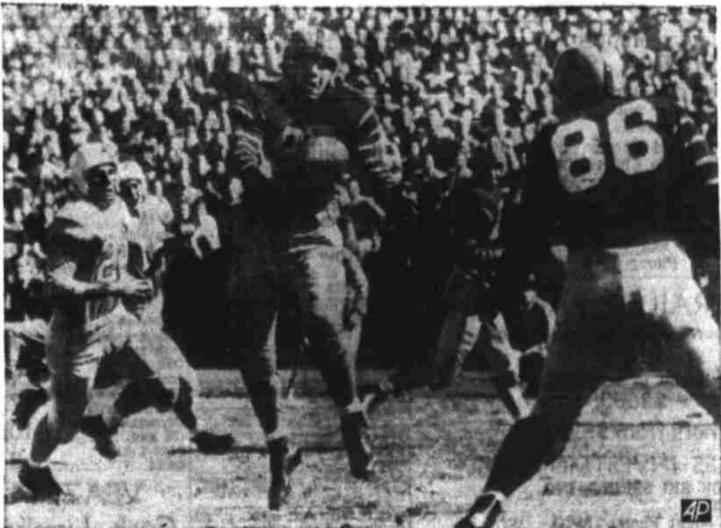

The week's scheduled by districts: Friday: Clayton, N. M., at Dalhart; Hereford at Dumas. Saturday: Mustang at Tulsa; Pecos at Terrell; Floydada at Paducah; Phillips at Childress; Memphis at McLean. Sunday: Electric at Iowa Park; Archer City at Burk Burnett; Lona at Vernon; Olney at Seymour. Monday: Andrews at Colorado City; Ray at Merkel; Albany at Anson; Ballinger at Stamford; Rotan at Throckmorton; Pecos at Hamlin. Tuesday: Haskell at Spur; Odessa at Slaton; Mesquite at Taborville. Wednesday: Monahans at Brownfield; Levelland at Seminole; Pecos at Bowie; El Paso High at Permian. Thursday: Hamlin at Dalhart; Dalhart at Dalhart; Cisco at Coleman. Friday: Hamlin at Comanche; Graham at Stephenville. Saturday: Decatur vs Diamond Hill (North); Mineral Wells, Hillcrest at Hamlin; White Settlement at Berville (conference). Sunday: Olney at Seymour; Jacksboro at Halliday. Monday: Carrollton at Lawville; Mesquite at Teague; Odessa at McKinney; White Fork at Terrell; Adamson (Dallas) vs South Oak Cliff (Dallas). Tuesday: Commerce at Sulphur Springs (conference); Minors at Wintersboro; Bonham at Waxahatchie. Wednesday: Mount Pleasant at Atlanta; Friday: Hooks vs James Bowie at Simons; Paul Peavine vs D'Arbonne at Carthage at DeKalb; Pittsburg at New Boston. Thursday: Leavelle at Jacksonville; Hendersonville at Jacksonville. Friday: Livingston at Houston; Fort Worth at Kirbyville; Vidar at Jasper; San Augustine at Nederland. Saturday: Humble at Cypress-Park; Crockett at Cleveland; El Paso at Huntville. Sunday: Belton at Marit, West at McAllen. Monday: Lockhart at Killeen; Waco at Lampasas; Burnet at La Vega; Hamilton Waco B at Gatesville. Tuesday: Rosebud at Grandview; McCombs at Georgetown; Odessa at Taylor. Chicks Scramble Sports, 14 To 3

MEMPHIS, Tenn., Sept. 30 (AP)—The Dixie Series shifted to Shreveport, La., today with the Sports of the Texas League and the Memphis Chicks of the Southern Association square at one game each. Memphis, smarting under its fumbling 8-3 loss in the opener, flashed a show of power to another Shreveport 14-3 here last night. The Chicks clubbed three pitchers for 14 hits, wrapping up the game with four runs in the seventh and seven in the eighth. Long, lean Dixie Howell, who shuffled in to relieve Frank Biscan, sparked the two-inning up-roar with a lead-off homer in the seventh that broke a 3-all tie. Jim Willis, who started for Shreveport, was charged with the loss. Jim Suchecki was fingered as the starter for Memphis tonight. Hugh Sooter, another righthander, goes for Shreveport. Barring an early decision, the best of seven series switches back to Memphis Saturday.

Women's Golf Tournament Is Booked To Begin Oct. 16

The annual Big Spring Women's Country Club Golf Tournament will be held here Oct. 15-17-19, Pro Shirley Robbins has announced. The first day of the meet will be dedicated to qualifying while match play will take place on the last three days. Last year, a handicap tournament replaced the match-play event but the ladies have elected to go back to the old-type meet. Lois Hodges won the last match-play tournament and will rule as one of the favorites to win this year. Billy Dillon is another expected to make a major bid for the crown. Merchandise prizes will be in the offing for the winners in each night. Robbins will serve as starter of the meet.

Princeton Sets Up A Touchdown

Dick Yaffa (93), Princeton back, takes a pass from Quarterback Dick Unger for a 20-yard gain that set up Princeton's first quarter touchdown against Columbia in New York. The same Unger to Yaffa combination provided the touchdown on the next play. Columbia player at left is Fullback Robert McCullough, Princeton End Leonard Lyons (86) is at right. (AP Wirephoto).

Spartans, Illini Are 1-2 In Football Poll

Texas Named To 5th Spot

By WILL GRIMSLEY
NEW YORK (AP)—Resourceful Michigan State was a solid choice as the No. 1 college football team in the country today in The Associated Press' first weekly poll.

Sports writers and broadcasters, who in a pre-season sampling of opinion named the Spartans as the best bet to win the national championship, apparently were further convinced by State's 27-13 come back victory over Michigan last Saturday. They gave the Spartans 52 of the 83 first place votes cast and an impressive total of 752 points, nearly twice that of the No. 2 team, Illinois. Point totals are arrived at by awarding 10 for a first place vote, nine for second, etc. No other team got more than seven No. 1 votes, this number going to Maryland's Sugar Bowl champions, who gained third place on close-squeak triumphs over Missouri and Auburn. California was named fourth, without a single first-place vote but with strong runner-up support, and Texas, winner over Louisiana State and North Carolina, was fifth with only five votes for top. Completing the top 10, in order, were Georgia Tech, Southern California, Wisconsin, Kansas and Duke.

It is interesting that, in addition to Michigan State on top of the pile, five other teams picked in the pre-season poll pulled down places on the first weekly show of strength. These were Maryland, Georgia Tech, Illinois, Wisconsin and California. The top 10 in The Associated Press' first football poll (points based on 10 for first, nine for second, etc., with first-place votes in parentheses):

- | | |
|----------------------------|-----|
| 1. Michigan State (52) | 752 |
| 2. Illinois (4) | 385 |
| 3. Maryland (7) | 383 |
| 4. California | 371 |
| 5. Texas (5) | 365 |
| 6. Georgia Tech | 342 |
| 7. Southern California (5) | 283 |
| 8. Wisconsin (1) | 207 |
| 9. Kansas | 163 |
| 10. Duke | 130 |
| The second 10: | |
| 11. Tennessee (2) | 118 |
| 12. Villanova (2) | 100 |
| 13. Princeton (1) | 97 |
| 14. UCLA | 89 |
| 15. Ohio State | 74 |
| 16. Virginia (2) | 68 |
| 17. Rice | 47 |
| 18. Mississippi | 37 |
| 19. Notre Dame | 36 |
| 20. Oklahoma | 35 |

Members getting votes: Arizona State at Tempe, Colorado Holy Cross, Tulsa (1), Pennsylvania, Penn State, Stanford, TCU, Army, Miami (Fla.), Holy Cross, Navy, Michigan, Pittsburgh, Florida, Georgia, Colgate, Baylor, Alabama, Nebraska, Washington.

Evans Is Back
ABILENE, Sept. 30 (AP)—Hospitalized recently for food poisoning, Hardin-Simmons University Coach Murray Evans was back on the job today. Several players also were hospitalized with Evans.

King Ranch Horses Win Top Awards

ALBUQUERQUE, Sept. 30 (AP)—A Texas King Ranch stallion won quarter horse show honors yesterday at the New Mexico State Fair. Cuero, a handsome 10-year-old chestnut, is the new champion. He was shown by Hebert Stewart, Clovis, N. M., rancher. Stewart bought him last spring from the Lee Brothers Ranch near Alamo-gordo, N. M.

LOOKING 'EM OVER

With Tommy Hart
Harold Davis, HJC's basketball mentor, is losing one of his better cage prospects. Jerry Scott, a standout on the Big Spring High School team last season, is stopping his schooling momentarily to go to work. Only 17 years of age, and for that reason not draft age, young Scott plans to do a bit of roughnecking in New Mexico this winter and perhaps return to college somewhere next year. Jerry is also a fine golfer. He recently went to the finals in the Andrews Tournament, where he dropped an extra-hole match to Charles Thorpe of Odessa. The last match was completed long after night fell and the linksters made their way around with the aid of car lights. At 6-feet-2, Jerry is still growing. He's just beginning to fill out, should make some school a fine hand when he returns to classes.

SPLIT-T HAS ITS GOOD AND BAD POINTS
Coach Carl Coleman's decision to stick with the Split-T should pay dividends as this season wears on and certainly by 1953, when most of the Big Spring regulars will be back. The formation, developed by Don Faurot of Missouri, puts greater pressure on standard defenses. The quarterback gets a better chance to run with the melop, a fact being proved by Bobby Hayworth and his understudies. The Split-T, true, is dangerous, in ways. The many opportunities it affords for pitch-outs, handoffs, etc., can hurt when mental lapses and fumbles occur. Split-T attack suffers unless both halfbacks are quick and clever. The local backs are learning. They'll get there. Californians interested in the Little Rose Bowl are rooting for Kilgore 'C of Texas to return to the December classic in Pasadena. The famed Rangerette corps, an amazing band of girl strutters, made a big hit there last time the Kilgore team played Pasadena and the fans want another look at them. Kilgore's football team is supposed to be double-tough this season.

LAMESA, CLOVIS HAD POOR YEAR AT GATE
It developed the Big Spring baseball club, which didn't exactly set the woods afire at the gate, outdrew four WT-NM League Clubs over the course of the season. Lamesa, one of those four, was off 17,742 in paid admissions from the 1951 season. The drought hurt Lamesa, in all probability, as it hurt no other city. Lamesa, at one time called the country's best baseball city, reported an attendance of only 42,541. There has been talk Lamesa would quit pro baseball but the city probably be back in the WT-NM wheel again in '53. Borger, Clovis (which won the regular season bunting but attracted only 42,747 customers) and Pampa were other WT-NM teams which didn't do as much business as did Big Spring.

THURSDAY NIGHT Gridmen To Be Fed By Quarterbacks

Everyone is welcomed, whether or not he is a member of the Big Spring Quarterback Club, to attend Thursday evening's meeting of that organization, at which time the group will feed Big Spring High School A football gridmen and their coaches. The banquet will be held at the new High School Cafeteria, starting at 7:30 p.m. Price of the ticket is \$1.50. Reservations, and they necessarily will have to be limited to 100, should be made with anyone of the following before 10 a.m. Thursday: Mrs. L. E. Dudley, whose telephone number is 2457-J; Mrs. J. C. Armistead, 702-W; Mrs. Jack Robinson, 2251-W; Mrs. A. O. Maynard, 2991-W; Mrs. Frank Martin, 1307; Jack Cook, 449; or Joe Williamson, 2800. Thursday night's menu will consist of barbecued ham, candied yams, vegetables, hot rolls, butter, drink and dessert. Following the meal, pictures of last week's games between Big Spring and Amon Carter-Riverside will be shown. Several speeches are also in the offing. The players will be dismissed shortly after the meal, however, in order to go to bed at prescribed times. All coaches in the local system will be honor guests at the party, along with the A team players.

Bovines 72nd In Grid Chart

Paul B. Williamson, who operates the Williamson Features Syndicates, Inc., and as such rates both college and high school football teams for this and many other papers, ranks Big Spring 72nd among AAAA and AAA teams within the state this week. Top team in Texas, in Williamson's listings, is Lubbock, followed by Baytown, Wichita Falls, Ray of Corpus Christi, Highland Park, Temple, Brownwood, Port Arthur, Tyler and Midland, in that order. Abilene is ranked 11th, Lamesa 14th, Breckenridge 20th, Lamesa 24th, Sweetwater 26th, Amarillo 32nd, Riverside of Fort Worth 47th, Yaleta 53th, Vernon 58th and Plainview 70th. Such teams as Kilgore, Cleburne, Victoria, San Angelo, Bowie of El Paso, Greenville and Snyder are rated behind the Steers. In Class AA, Pecos is rated the number one team, followed by Stephenville, Arlington, Graham, Quannah, Stamford, Ennis, Donna, Alvin and Phillips. In Class A, it's Crowell, Van, Wink, Smithville, Abernathy, Farm-croville, Haskell, Denver City, Fremont and Vanderbilt in that order.

Russell Claims Ponies Will Be Tough, In Time

DALLAS, Sept. 30 (AP)—Coach H. N. (Rusty) Russell of Southern Methodist said today he would have a good football team in four or five weeks "unless the boys get their damper down from taking lickings from the country's top-rated outfits." Thereupon he told what the report of his scout, Herman Morgan, on Georgia Tech, and quoted Morgan as saying there was no doubt about it—Tech is the Nation's No. 1 team. So, said Russell, the damper-turning may well start next Saturday night when Southern Methodist plays Georgia Tech in the Cotton Bowl here. "My scout said Tech had speed, experience, good passing and fine defense," Russell declared. "I have 41 sophomores on my squad of 74. It's tough to play these top-rated teams with a bunch like that. Two years from now we'll be ready for any of them, but not now."

Russell said he was well satisfied with the showing of his team last week in the 14-7 loss to Duke. "Duke has a fine team," he added. "Sure, my kids made a lot of mistakes but they played good football a lot of the time, too. Just let them get some experience and see how anybody runs over them." The Southern Methodist coach said his team with a bunch like that a good game rested on how a couple of injured players come around. Benton Musselwhite, veteran quarterback, and Duane Nutt, sophomore quarterback, were injured in the Duke game. They may be able to play Saturday but probably won't be able to work out all week, Russell said. "We don't have much chance to win it but we'd like to make a good showing. It's too much to expect of a bunch of sophomores—to beat the No. 1 team in the nation."

Baugh Ousted From Pro Go

CHICAGO, Sept. 30 (AP)—The Washington Redskins' 38-year-old player-coach, Sammy Baugh, was tossed out of the game last night but not before he had completed 11 consecutive passes to inspire his team to a 23-7 National Football League victory over the Chicago Cardinals. The upset win, before 17,800 fans in Comiskey Park, opened league play for both teams and marked Washington's first triumph after five exhibition defeats. Baugh and Don Joyce, a 260-pound second-year tackle from Tulane, exchanged blows after a pile up in the fourth period. Both were ejected by Referee Bill Downs. It was the first time in the pro career of the usually calm Baugh—starting his 18th season with the Redskins—that he had been banished from a game. Baugh tried 11 passes and completed all of them in the first half. Two of them went for touchdowns—two yards to Harry Dowds and 10 to Hugh Taylor. The string of passes gave Baugh a total of 1,700 completions for his pro career, plus 187 touchdowns tossed.

Gridders' Parents Will Be Honored

ABILENE — Hardin-Simmons University will honor the parents of its football players Saturday when the Cowboys meet Trinity University in Abilene. E. W. (Bill) Ledbetter, athletic director, has announced. It will be Dads' Day. Fathers of the Cowboy footballers will have special seats arranged along the sidelines. Mothers of the players also will be honored at a special get-together at the Student Center at 5 p. m.

Gardner Renamed Loop President

MEMPHIS, Tenn., Sept. 30 (AP)—Alvin Gardner has been re-elected president of the Texas League for another three years. The action was taken by the loop's board of directors which met here during the Dixie Series between Memphis of the Southern Association and Shreveport of the Texas League.

IN WORLD SERIES

Erskine To Follow Black To Mound For Brooklyn

NEW YORK (AP)—The pithless wonders of Brooklyn have put it squarely up to their wonderful rookie reliever, Joe Black, to get them off on the right foot against the favored Yankees in the World Series opener tomorrow at Ebbets Field. Never before in big league history has a champion of either circuit been forced to undertake such a desperate gamble. Other rookies have been called upon in the important first game, and there have been bullpen specialists before. But the combination of the two out there trying to turn back the Bombers before the eyes of the nation, will be unprecedented. Manager Chuck Dressen took a calculated risk when he nominated the 28-year-old Negro freshman to duel with the Yanks' mighty Allie Reynolds as yet a money pitcher as there is in the game today. He could have held his relief ace back and been assured of late-inning insurance as long as the big playoff lasts. He chose to play it bold, to stake his hopes of a world championship on one throw of the cube.

If Black, an unperturbable control specialist, pitches up to his brilliant form of the regular campaign, he will give Reynolds a mighty battle tomorrow. If he turns back the Yankees, the 8-to-5 odds in favor of the American Leaguers will take an abrupt dip and it could turn out to be a rip-roaring World Series. Should the gamble fail and Black take a shellacking, the National Leaguers are in bad trouble, stripped temporarily of the relief pitching which held their shaky mound staff together all season. The rookie phenom appeared in 56 games, and though he was credited with only 15 victories, his contributions easily equaled those of a 25-game winner. His earned-run average was the best in the league. An angle which Dressen undoubtedly took into serious consideration in handing Black the blazing torch was the mental lift to be derived from winning the opener. Should the rookie win—over Reynolds, the Yanks' best, other less endowed members of the Dodger staff might easily be inspired to pitch slightly above their usual weight in the ensuing games. It was no surprise that Dressen named Carl Erskine, a 14-6 performer over the year, to face big Vic Raschi, 16-6, in Thursday's second game at Ebbets Field, nor that he nominated Preacher Roe, his veteran southpaw, to match portside shots with Ed Lopez in the third contest at Yankee Stadium. Both teams were rested and in robust health. The only question was whether Gene Woodling, the Yanks' leading clubber, would be ready to start the opener and hit in the cleanup spot. He has had a pain in his groin lately, but said it felt much improved. If Gene decides to sit it out, Stengel will have to move catcher Yogi Berra up from fifth to fourth in his batting order.

Coahoma Seeks Fourth Victory

COAHOMA — Fred Salling's Coahoma Bulldogs seek their fourth straight victory of the season here Friday night, when they open their conference season in a game with Bronte. The Bulldogs have looked to better advantage each time out and last week end were very impressive in a 14-0 romp over the Stanton Buffaloes. The Bulldogs had been figured by some to lose that one. Billy Jack Gentry, J. Lee Esser and Billy Waldrop pose a big threat for the Coahoma line. The trio played major roles in Bronte's decisive 39-12 win over Ira last week end. The game counted in District 5-B standings.

Bees To Oppose Snyder Saturday

The Big Spring High School B football team, winless in two starts but a fast improving outfit, take on Snyder's Bees here Saturday in their first home game. The Shortborns were shellacked by Stanton's regulars, 35-0, in their opening test and then ran afoul of Sweetwater last week end, 19-13. Tommy McAdams is the Shortborns' engineer-navigator. He looked to fine advantage against Sweetwater last week end.

MOST SOUTHWEST 11'S TO BE AT TOP STRENGTH

By The Associated Press
Southwest Conference grid elevens looked toward week end games Tuesday with heavier workouts on tap and few injuries. It looked like they might all be able to go at full speed barring practice injuries this week. Baylor, idle last week, was sure to go against Washington State's Cougars at full strength if training injuries were avoided. The Bears drilled on plays they expect to use against the Cougars Monday with every man in top shape. Winless Texas Christian, defending champions and pre-season favorites to repeat, reported no injuries after their 14-0 loss to UCLA and may be at their best form of the season for the conference opener against Arkansas, loser last week, 17-7, to University of Houston.

Southern Methodist, priming for Georgia Tech after a 14-7 loss to Duke, had two quarterbacks sidelined but expected to have them ready for the Rambling Wreck. Coach Rusty Russell said, however, it hurt not to have QBs Duane Nutt and Benton Musselwhite able to work out this week. Only injury of note among the Rice Owl line-up was an ankle sprain sustained by Halfback Carl Johnson. But Johnson's injury is expected to be all right in day or two and Coach Jess Neely thinks he may send a full-strength outfit up against Louisiana State Saturday night. Rice beat Texas Tech of the Border Conference, 24-7, last week. Coach Ed Price's University of Texas Longhorns, meanwhile, were also expected to be in top shape for the conference's glamor game of the week—against Notre Dame Saturday. Guard Marvin Leath and Quarterback T. Jones had minor injuries that were not expected to keep them out of the big game with the Irish. Price had only praise for his team in its 28-7 win over North Carolina. The Texas A&M eleven had plenty of pep for Tuesday night's hard workout for the Kentucky game Saturday night. The Aggies, fresh from a 4-7 win over the Oklahoma A&M outfit, had only one injured man. He was tackle Larry Wink, who suffered a sprained ankle against the Pokes and who trainers said would be ready for Kentucky. Up at Fayetteville, Coach Otis Douglas said he was "trying to get the boys to play a little football" for Arkansas. He met with the Porkers in secret session Monday after implying he would resign if they didn't snap out of their lethargy. Following the meeting, the team worked on timing and got acquainted with some TCU offensive plays for their game in Fort Worth Saturday.

KTXC Will Air World Series

The 1952 World Series is to be broadcast over station KTXC an affiliate of Mutual. In addition, the Series will be carried by the dominant network of the Canadian Broadcasting Corporation, as well as by stations in the Latin American countries. Special short-wave transmission of the baseball classic has also been arranged for our occupation troops and naval ships at sea via the Armed Forces Radio Service. The Series is scheduled to begin Wednesday at 12 noon Big Spring time. MBS sports director Paul Jonas anticipates that the 1952 Series will attract more than the 60-million listeners who heard at least one of the games last year. He predicts his opinion on the thrilling aspects of the races in both leagues this year. The 14th exclusive broadcast of the Series again is to be presented by the Gillette Safety Razor Company, of Boston, as one of its "Cavalcade of Sports" features.

SALE CONTINUED
To Clear Our Bargain Basement
We still have a few good washing machines, gas ranges, and console radio-phonographs left. (Unfortunately.)
Again we are going to reduce the sale price! Please come in and see what we have to offer in our bargain basement, as we are running out of price tags. We are still offering the best prices on used merchandise to be had, and you can practically name your own terms. In the used gas stoves, there are many good serviceable ranges that are clean and ready to go! All of these will be delivered and installed free if you help us clear the basement this week.
Also in the washing machine department, there are many, many, good wringer type washers that have been retired far too early, just because the people who owned them wanted an easier way of life and bought automatic washers. So, if there are a few of you left who can stand the work of washing, we would like very much to see you, to the tune of \$22.50 up. \$1.25 per week.

Plane Bombing Incident Finds Five Involved

MEXICO CITY (U.S.—Mexican officials said today they are preparing charges against five persons in connection with the time bombing of a passenger plane to collect life insurance.

The bomb, hidden in a suitcase, was placed aboard the Oaxaca-bound plane of Compania Mexicana de Aviacion, a Pan American World Airways affiliate, last Wednesday.

The explosion shortly after the takeoff blew a hole in the fuselage, injured two American tourists of the 20 persons aboard, and wrecked navigation instruments. The pilot made an emergency landing at a military airport.

Police said their investigation revealed that seven of the passengers had been hired for fictitious jobs in Oaxaca. Their tickets were bought for them and life insurance policies totaling two million pesos (\$200,000) were taken out on them. Yesterday Emilio Arellano Achetelge, 48-year-old businessman named by the seven as their employer, surrendered to police. He was the beneficiary of one of the policies, police said.

Judicial agents also arrested popular singer Paco Sierra, husband of the owner of a leading capital variety theater. Federal Atty. Gen. Francisco Gonzalez de la Vega announced that the remaining six policies had named friends of Sierra as beneficiaries. Two of these were arrested and the arrest of a third was reported imminent.

Adlai Meets Harry, But It's The Indian Version Of Nominee

ABOARD TRUMAN TRAIN (U.S.—Adlai Stevenson boarded President Truman's campaign special for a moment at Stanley, N.D.

He was dressed as usual—in a beaded buckskin suit and headdress of feathers.

Adlai is an Indian, a one-time scout for the Gros Ventre tribe. He's believed to be somewhere between 81 and 86 years old. He supposedly got his English language name when the grandfather of the present Democratic candidate for President, also named Adlai Stevenson, was vice president under Grover Cleveland.

SMILES AND SNAPPY PATTEN

Harry And Margaret Clicking As A Top Notch 'Road Show'

ABOARD TRUMAN TRAIN (U.S.—Maybe you approve of it or maybe you don't. But this Harry and Margaret team, smiles and snappy patter, is the hottest father and daughter act in the road show business.

They've got it perfected now, with four years of rust scraped off, as President Truman's coast-to-coast tour goes into its third day. And the funny part is that Truman and his television star daughter seem to enjoy it as much as the customers do.

Here's what happens at a typical whistle stop in North Dakota:

The 16-car train grinds to a stop. Secret Service men, local police, maybe some National Guard volunteers hold the crowds back—all but the local Democratic promoters, visiting Indian chiefs, or others who can expect a presidential handshake.

Formalities are quick. Lawyer

so-and-so, who's running for Congress, introduced congress man such-and-such, who's running for the Senate. And the congressman says simply: "Ladies and gentlemen, the President of the United States."

Then through a blue velvet curtain draped across the rear of his private car steps—or bounces, rather—the familiar white-haired figure with the hearty laugh and the big axe to grind for Adlai Stevenson. The crowd applauds all ways.

Truman speaks from notes mostly, though sometimes he disregards them and launches into a free-wheeling, hand-waving, jaw-thrust tirade against the Republicans that brings cackles of appreciation from his hearers. . . . And the time-tested cries:

"Pour it on Harry!"

"Give 'em hell, Harry!"

He does, but not for long. These

are short speeches, seldom more than five minutes. Before his audience has a chance to fidget, Truman folds his big gray notebook, waves goodbye and then—

He has an after thought.

Sometimes it's an invitation from the crowd that seems to remind him—a call of "Where's Margaret?"

Then Truman acts as surprised and pleased as if he'd just discovered his daughter was along.

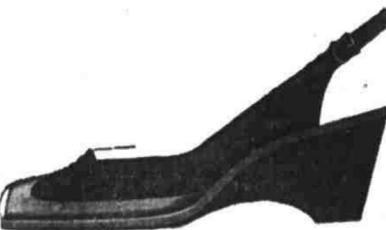

"Come out, baby, they're asking for you," he murmurs through the curtain.

And Margaret comes out—as bouncy as her dad, with a shrugs-it's-only-me smile and a wave that still manages to look a little shy.

Now the applause really rings out. Margaret gets at least as big a hand as the President.

Town & Country Combines Suede & Calfskin

What could be handsomer with your wools, your tweeds, the things you live in than these wonderful low-heeled, good-to-walk-in shoes . . . they're designed with your clothes in mind, the colors you want.

"Country Club" (sketched left) in black suede with red calfskin trim. **9.95**

Hemphill-Weiss Co.

Viscount Astor, British Publisher, Succumbs Today

CLIVEDEN, England (U.S.—Viscount Astor, prominent British publisher and sportsman and husband of Virginia-born Lady Nancy Astor, died today. He was 73. Lord Astor, who was born in

New York City, long had been a leader in British social and political life, along with his wife.

His death followed a long illness. Unable, because of his title, to hold a seat in the House of Commons, Lord Astor sponsored his wife's political career and helped her to become the first woman ever elected to the lower parliamentary chamber.

He was the chairman for the influential newspaper, The Observer.

Carswell Receives An Economy Compliment

FORT WORTH, Sept. 30 (U.S.—Carswell Air Force Base here had a compliment today from an economy-minded congressional investigating committee.

Rep. Porter Hardy of Virginia, chairman of the group, said construction of Carswell was more economical and "less elaborate than at some of the other bases we've visited." Hardy said his committee would include their findings at Carswell and at the Fort Worth Quartersmaster Depot in a report to be made on the 10-day tour of 17 military installations in all branches of the armed services.

Findings Of Past 400 Years Figure In New Bible Version

Editor's Note: Religious events of 1952 include the publication Tuesday of the revised Standard Version Bible. To supply information on the whole subject of biblical translations and text, Dr. Edward J. Goodspeed has written the following article. Translator himself of a New Testament version which appeared in 1923 and was incorporated later in "The Complete Bible: An American Translation," and author of some forty-five other books, Dr. Goodspeed is a leading authority on the subject and for thirty-eight years was a member of the University of Chicago faculty.

By DR. EDWARD J. GOODSPEED
Bible Authority and Translator
(Written for AP-Newsfeatures)

In the whole history of religion there has never been such active interest in a better English Bible as there is today.

Many of us are deeply attached to old and often quaint language of the Bible. We rather resent anyone proposing to alter it.

However, people do alter it through revisions and translations, with intent of improving it by putting it into modern, more understandable language.

Can the English Bible be improved? Should not the reader of the English Bible be given the benefit of the better knowledge that 400 years of manuscript discovery and research have given us? In Britain and America, Jews, Catholics and Protestants are loudly saying "yes."

To begin with, we must not forget that the Bible was written in Hebrew and Greek. It was first put into English in 1382 by John Wyclif, an Oxford scholar who translated the Latin version made by St. Jerome about 400 A.D. The first complete Bible printed in English was published by Miles Coverdale in 1535.

Coverdale's Bible included translations from the original Greek and Hebrew by William Tyndale, who was put to death in 1536 for his work. At that time, putting the Bible into English still was considered sacrilegious by both church and state.

The first "licensed" English Bible was published in 1537 by John Rogers who, like Coverdale, based his Bible on Tyndale's translations. By being "licensed," Rogers' Bible could be printed, sold and read in England, but not read in church. Two years later, Cover-

dale brought out the great Bible, a fine large-type, large-sized book, "authorized" for use in church.

The death in 1550 of Thomas Cromwell, Henry VIII's Prime Minister who sponsored the Authorized Version, soon put a stop to progress of the English Bible, but Puritans who had taken refuge in Switzerland brought out a revised edition in Geneva in 1560, the so-called Breeches Bible, because it says in Gen. 3:7 that "Adam and Eve sewed fig tree leaves together and made themselves breeches."

This was a smaller book, to be read at home, and was printed not in the old block letter but in modern Roman type. It had an immense circulation, and was the Bible of Oliver Cromwell's Ironsides, and of the Pilgrims.

It was divided into the new-fangled verses which proved such a boon that when the great Bible was revised in 1568, the verses were adopted in it, too. So many bishops worked on this revision that it was called the Bishop's Bible and it took the place of the great Bible for church use.

Now the Catholics began to translate the Bible. In 1582 Gregory Martin, at the Catholic English College in Rheims, France, brought out his translation of the New Testament from the Latin Vulgate. Martin did the Old Testament as well, but it was not printed until 1609-10, when the college had moved to Douai, and the work is still generally called the Douai Bible, though it has been much revised since.

Then in 1611, in response to an appeal from a Puritan leader, King James authorized a group of scholars to revise the Bishop's Bible, and they produced in 1611 the famous King James Bible, still so dear to many hearts, mine included.

And when in 1755 Samuel Johnson got out his English dictionary with only one way to spell each word, Professor Blayney of Oxford took the King James Bible and revised all its spelling to agree with Johnson—thousands of words.

It is his Bible with hardly a variation that passes everywhere for the true King James to this day.

Hardly had the King James appeared in 1611 when the patriarch of Constantinople sent to the King of England a magnificent Fifth Century Greek manuscript of the Bible, the Codex Alexandrinus. The text preserved in this and other ancient documents was so evidently superior to that underlying the King James New Testament (which rested on manuscripts of the twelfth and fifteenth centuries) that some scholars actually ventured new translations. For one, John Wesley produced his in 1755.

But in the nineteenth century, the fifth century manuscripts were thrown into shade by two new discoveries, the Vatican and Sinaitic manuscripts, both of the fourth century. The Sinaitic manuscript, found by a German scholar in the convent on Mt. Sinai, is the oldest complete Greek New Testament ever discovered.

These discoveries led to the English revision of 1881, which was so eagerly awaited that when the first copy reached New York much of it was telegraphed to Chicago and published in full next morning in the Tribune and the Times.

Since then, manuscript discoveries have produced amazing results. Some partial manuscripts from the third century, especially the almost complete Chester Beatty papyrus of Paul's letters, have given us evidence of great value.

The three points on which these old copies correct the text of the King James version most strikingly are the absence of the doxology from the Lord's Prayer; the absence of the Long Conclusion (16:8-20) from Mark; and the absence of the story of the adulterous women from John.

The English revised version of 1881-85 was followed in America in 1901 by the American Standard Version. But meantime, hundreds of Greek papyrus documents, business and social, from New Testament times had been found in the sands of Egypt. They were writ-

ten in non-literary, non-classical Greek, the language of the New Testament. This discovery, scholars agreed, put New Testament translation in a new perspective. For if the New Testament was written in the language of common, everyday life, why should it not be translated into that kind of English?

This conclusion, of course, led to new translations—not mere revisions—in plain, modern English, in England and America.

The list of different translations of the New Testament rose from around 150 to fully 200. In two cases, Professor Moffat's New Testament into modern English. In my own case, we went on and translated the Apocrypha directly from the Greek into English, which, strangely enough, had never been done before.

In the sixteenth and seventeenth centuries, translators who produced the early English Bibles relied mainly on their own knowledge of Hebrew, Greek, Latin and German, plus their religious enthusiasm. Present-day translators employ knowledge in numerous languages, facility in English usage, actual literary experience, and historical knowledge (to name only the essentials of their diverse equipment).

In general, the modern translators have taken full advantage of the fruits of years of research in Bible manuscripts. Very few translators have yielded to popular preference for a familiar text, no matter how inaccurate.

When in 1929 the copyright on the American standard version expired, the publisher's turned it over to the International Council of Religious Education, which represented most of the Protestant bodies in the United States. The council appointed a committee to explore the need for further revision. I found myself among the seasoned scholars to take up the task. There was much disagreement about procedure, but it was decided that revision is necessary.

In 1937 we got under way with a reconstituted committee. At last in 1946 the revised standard version of the New Testament appeared. It did not go as far as a revision as some of us had hoped, but it was an improvement over the American standard and was very well received. Meantime the American standard version Old Testament committee kept diligently at work and have now finished the revised standard version of the Old Testament which has been combined with the New Testament to form the revised standard version of the Bible.

American Catholics took up the task of revising their English Bible.

Now "Miracle" formula containing amazing Benzocaine and 13 other scientific ingredients, plus Vitamin D, called LAMACANE, helps you 3 ways: 1. Relieves itching skin fast. 2. Spreads protective coating. 3. Speeds healing. Next Doctor says "Belle, quick LAMACANE relieves itch, when other medications fail." LAMACANE must help you. You itching skin in 3 seconds or money back. Get LAMACANE wherever you buy your drugs today on this positive guarantee. Clip this reminder ad.

"Miracle Drug" say SURIN Users
Pains of Arthritis, Rheumatism, Sore, Aching Muscles—Relief Can Start in Minutes

There's no internal dosing with SURIN. Nothing to swallow and wait anxiously for relief. You simply apply SURIN right at the point of the pain and blessed relief starts as penetration beneath the skin gets underway. Of course, there is a special reason for this "wonder-working" new, external pain relief medicine.

It's methacoline, a recent chemical born of research in a great laboratory. It acts speedily to aid penetration of SURIN's pain-quelling ingredients—to cause deep long-lasting pain relief—often for hours—and increase speedup of local blood supply.

Tested on chronic rheumatism in large university hospital it brought fast relief to 73% patients and in home-for-the-aged, 77%. Totally different from old-fashioned rubs and ointments, modern SURIN brings fast relief without burning or blistering, without unpleasant odor or greasiness. Simply smooth on SURIN at the point of pain and feel pain ease in minutes. See if SURIN doesn't relieve muscle pain faster and better than anything you've ever used!

*SURIN is not a cure for any of these conditions. Ask your doctor about SURIN.

FREE SAMPLE—Try Surin for yourself at our expense. Get a free trial package today at your drug store. If you haven't got it, send postcard for free sample to McKesson & Robbins, Inc., P. O. Box 542, Bridgeport, Conn.

NEW MIRACLE DRUG GIVES WONDERFUL FAST RELIEF from MINOR THROAT IRRITATION

from colds, smoking and other common throat irritants

At the first sign of a minor throat irritation, take McKesson's sensational new NEO-AQUA-DRIN Throat Lozenges. Because NEO-AQUA-DRIN contains the antibiotic miracle drug, Tyrothricin, it works fast, two ways:

1. relieves discomfort almost immediately.
2. inhibits the gram-positive germs that cause most minor throat irritations.

NEO-AQUA-DRIN is guaranteed to contain up to twice as much pain-relieving local anesthetic, tyrothricin, and soothing ingredients as other leading products. Pleasant orange flavor... leaves no tinter after taste. And NEO-AQUA-DRIN does not disturb digestion or breathe taste of food! Note: If the irritation is accompanied by fever or other symptoms, see your doctor.

Truman's Tour Sets Precedent For Campaigning

By GARDNER BRIDGE
WASHINGTON (AP) — President Truman's cross-country campaign trip in behalf of the Stevenson-Sparkman ticket is setting a precedent in American politics.

Never before has a retiring President covered so much territory and undertaken so many speeches at such financial cost in an effort to win the election for his own party's nominee.

Truman's special train, which left here Saturday night, will take him on a great 8,500 mile two-week sweep to California and back. His schedule calls for at least 78 train-side talks and 11 major speeches before he returns to the White House Oct. 12.

The train will pass through about half of the 48 states.

The cost of transporting the President and his party of about 20 across the country and back, providing their meals and other expenses, has been estimated at about \$21,250.

Officials of the Democratic National Committee have said the cost of the trip, frankly political, will be borne entirely by the committee.

There have been only three prior occasions in the last half century when it was possible for the outgoing President to help his party's nominee succeed him, and on two of those occasions little or no help was forthcoming.

In one of these cases, Woodrow Wilson was too ill in 1920 to do any campaigning for James M. Cox, who lost to Warren G. Harding.

In another, Calvin Coolidge remained virtually on the sidelines while Herbert Hoover campaigned successfully against Alfred E. Smith, in 1928.

The only approach to what is happening this year took place in 1908, when William Howard Taft was the candidate to succeed Theodore Roosevelt.

The Taft-Roosevelt teamwork against William Jennings Bryan, the Democratic nominee, is made clear in the latest volume of "The Letters of Theodore Roosevelt," edited by Elting L. Morrison and recently published by the Harvard University Press.

T. R. helped win the Republican nomination for Taft, dictated the party platform, and then waged a campaign of open letters in support of his man.

Roosevelt made no speeches for Taft, however, saying that in his judgment "it would do harm, rather than good."

Big Spring (Texas) Herald, Tues., Sept. 30, 1952

Heading For Trouble

The pilot of this Royal Air Force Firebrand fighter plane certainly made his presence known when he paid a visit to the British carrier HMS Illustrious during NATO naval exercises of "Operation Mainbrace." Here the Firebrand is about to foul the right wing on a flight deck fitting. The plane slewed into the 'island' with the wingtip broken off and the propeller damaged. The pilot, who was making his second approach after narrowly missing the mainmast on the first try, climbed out of the plane uninjured. He was flown back to his own carrier, the HMS Eagle, by helicopter. (AP Wire-photo).

South Soft Coal Industry Meets Today On Pact Terms

By NORMAN WALKER
WASHINGTON (AP) — Dixie's soft coal operators meet today to decide whether to face a certain strike tomorrow or bow to contract terms laid down by John L. Lewis.

As has been the case on several past occasions the Southern owners were up against an accomplished fact: Lewis had a fat contract with the rest of the industry already tucked away in his pocket.

So the 29-member Board of Directors of the Southern Coal Producers Association convene with a choice of a strike or accepting the same terms—a \$1.90 a day pay boost and a 10-cent-a-ton royalty increase.

Lewis, 72-year-old president of the United Mine Workers, signed the new one-year agreement late yesterday with HART'S Moses, representing Northern bituminous operators. Western mines had agreed in advance to take whatever Moses negotiated.

The new contract terms shove the miners' basic daily wage up to \$18.25 and the royalty to 40 cents a ton. Estimated to yield about 180 million dollars a year under

Reds Sorry About 'Five Anti' Campaign

By FRED HAMPSON
HONG KONG, Sept. 30 (AP) — The Communists in China are lending money to the capitalists — lots of money, at low interest rates. The capitalists are reluctant to take it. Some won't take it.

How did this happen? It came about because the Communists last fall decided the capitalists — private owners of industry and businesses — were corrupting government workers and the people by bribing, cheating, stealing, profiteering and avoiding taxes.

The Communists said these bourgeois habits of the private owners, who still ran about half of China's industry and business, had to be eliminated.

They launched the "Five Anti"

campaign. Capitalists were accused, forced to confess and fined staggering amounts. Some went to jail. Some went to prison camps. Some were shot. Hundreds committed suicide.

By March and April it became apparent that the Communists had succeeded mainly in eliminating production and employment. In May the Reds called it off and began frantically to repair the damage.

Owners who had been fined into bankruptcy were offered government orders, capital loans and guaranteed profits up to 30 per cent if they would only begin operating again.

Most of the survivors did not want to go back to work. They felt the final squeeze-out was only being postponed. Let the Reds run the plants. But the Communists lacked technical and managerial personnel.

By Aug. 2, the Communists by their own announcements had lent private business and industry the equivalent of 150 million U. S. dollars. Loans were handed out in Peking, Tientsin, Shanghai, Hankow and Chungking.

It does not seem to have been enough. The Peoples Daily announced that the Peoples Bank of China had decided to increase the amount of loans and to lower interest rates as much as 50 per cent.

How many of the private owners have gone back to work? The Communists are not saying. But the tower interest rates and scoulings in the Peoples Daily, official organ of the Chinese Communist party, indicate that plenty of them still are on the sidelines.

Probably no one will ever know how seriously the Reds scrippled themselves with their "Five Anti" campaign.

Observers in Hong Kong believe it was the most harmful of all their so-called reforms. Not only money and production were lost but skilled managers and technicians were eliminated.

Business Activity Shows Slight aGain

AUSTIN, Sept. 30 (AP) — Texas business activity last month reversed the downward trend of three previous months to show a 2 per cent index gain, the University of Texas Bureau of Business Research reported today.

August was relatively free from unusual, disturbing forces, which during the spring and summer tended to put somewhat erratic fluctuations into the business barometers, Bureau Director John R. Stockton said.

Five of the seven business activities included in the overall index rose in August. Crude runs to stills gained 5 per cent over July. Crude production, total electric power consumption each increased 4 per cent. Miscellaneous freight carloadings rose 2 per cent.

Urban building authorized showed the greatest change with a 10 per cent decrease. Retail sales again declined, although the decline for August was 1 per cent, compared to a 6 per cent drop in July.

PACKARD RESALE PRICES CLIMB AS VALUE-WISE BUYERS PICK PACKARD FOR STYLING, VALUE!

All Over The Country New-Car Buyers Are Switching To Packard Because Its Advanced Contour Styling And Big-Car Luxury At Medium-Car Cost Make It America's Greatest Motorcar Buy! See, Drive, Compare Today's Great Packard! Packard's Higher Resale Value—Proved By Official Used-Car Records—Protects The Future Of Your Investment!

WHEN MAKING UP YOUR MIND about the best car for you to buy, don't forget the important plus of Packard's higher resale value! It's the soundest protection for the future of your investment.

● Latest records in the Official Used-Car Guide of the National Automobile Dealers Association show that '51 Packards bring up to hundreds of dollars more than cars of competitive original cost. Packard's higher resale value stems directly from the fast-growing nationwide demand for Packards. Outstanding advantages such as advanced contour styling and big-car luxury at medium-car cost have made the brilliant 1952 Packard this year's "hot car!"

● Only Packard gives you the flashing performance of the world's highest-compression eight—famous Ultramatic, the smoothest, safest and most dependable automatic drive—and proved Packard Power Brakes for quicker stops with 40% less foot pressure.

● Before you spend \$2500 for any car, see and compare the '52 Packard—your best buy today and your best car investment for the future. Remember, "Built like a Packard" means built to last!

Inspects Naval Base

CORPUS CHRISTI, Sept. 30 (AP) — Italian Chief of Naval Operations Admiral Emilio Ferreri inspected Cabelas Field and the Advanced Training Command here yesterday. He left later for Pensacola, Fla.

OPEN LETTER

Bud Irvine

To Whom It May Concern:

WE DON'T ASK that you accept it because our preacher is a great and good man. If it doesn't read in your Bible the same way he preaches it, we insist that you reject the message; then come and show us, so we can reject it too.

Our preacher will give the Bible references as he preaches. Bring your pad and pencil; take down the references and study the scriptures when you get home. Along with Paul, we invite you to "prove all things" (1st Thessalonians 5:21). Accept what is taught only after you have seen for yourself that it is so.

We cordially invite you to hear Brother "Bud" Irvine of Baytown, Texas, October 1 to 12, at 7:30 each night. This is our regular fall meeting.

Who knows? you too, may come to say, "This is what I've been looking for."

Come and See!

Earnestly yours,
T. H. Tarbet, Minister
Church of Christ

Riding

THE GRUB LINE

With Franklin Reynolds

A change in the rules for the 1953 (Feb. 20-March 1) San Antonio Livestock Exposition provides that no boy is eligible to compete with the same kind of animal in both the boys' show and the open show.

In other words, a boy can show a steer in the club show but he cannot show the same steer or another one in the open show.

Excluding the horse show, premiums at San Antonio will total more than \$43,000. Classes are open for Brangus (Brahma-Angus cross) cattle, and separate classes are listed for Brahmas registered in the American Brahman Breeders Association, and Brahmas registered with the Pan-American Zebu Association.

Fat steers and breeding cattle exhibitors will compete for a total of \$16,282, with \$1,642 allocated to fat steers, \$4,000 for Herefords, \$1,500 for Polled Herefords, and the balance split up among the other beef breeds including the Brangus and two Brahma divisions.

Hereford breeders from Texas maintained their firm hold on the number one spot on the list of purebred Hereford registrations for the 1952 fiscal year ending August 31.

Breeders from the Lone Star State recorded an average of 225 calves per kidding day to reach an overall total of 69,409 registrations for the year. These equaled more than 12 per cent of the world's record total of 548,418 registrations which were processed by the American Hereford Association during the fiscal year.

Kansas was in second place with 29,839, Oklahoma third with 35,193; Nebraska fourth with 31,579 and Missouri stayed in fifth place with 29,507.

Old Mexico registered 241 calves.

The Barret Hereford Ranch at Comanche had the best junior heifer calf and the best pair of calves at the Kansas State Fair at Hutchinson.

Most of the other top honors went to Kansas Herefords.

Two hundred and nine head of Herefords were exhibited to make it one of the strongest Whiteface shows in the history of the fair. The Hereford breeding show was judged by Dr. A. D. Weber of Kansas State College and his colleague, Rufus Cox, judged the steer classes.

Texas registered Hereford sales:

C. J. Maps, Dimmitt, sold 12 heifers to Addison Hunter of Hereford; J. S. Bridwell, Wichita Falls, transferred 21 cows to L. O. Moore, Jacksboro; Collier and Son of Fort Worth delivered 17 bulls to Jim Gill of Coleman; Winston Bros., of Snyder shipped five heifers to Louisiana; B. R. Blankenship of Abilene sold one bull, six cows and 24 heifers to a South Carolina breeder, and Charles Pettit of Walnut Springs sold an even dozen bulls to Moore Bros. at Navasota.

From Midland comes the report of the sale of nine cows by E. W. Anguish to F. D. Breedlove.

Top honors in the female division of the National Hereford Show held in conjunction with the Mid-South Fair at Memphis, Tennessee, went to EG Royal Lady 253, exhibited by the Hardy Grissom Hereford Ranch of Abilene.

She was the champion female of the National Western at Denver and the Southwestern Exposition at Fort Worth this year. At Memphis she first topped the class for junior yearling heifers.

Among other recent sales of purebred Texas Herefords O. B. Trulock Jr., of Colorado City transferred five heifers to Billy Ritter of Loco, Oklahoma; R. L. Jones Jr., of Seminole received three bulls, seven cows and seven heifers from Gene Irwin of Andrews; Robert E. Manley of Abilene sold nine heifers to G. C. Cooley of Leuders, and Mrs. J. G. Bird of Sterling City bought six bulls from Gus Farrar of Maryneal.

A special day, Sunday, October 5, has been set aside by the Texas State Fair management to honor the members of the Santa Gertrudis Breeders International Association, the first time breeders have ever been so recognized as a group.

The Santa Gertrudis cattle (Brahma-Shorthorn cross) were developed as a breed by the King Ranch and named for the creek that runs by the ranch's hacienda headquarters, also known as Santa Gertrudis. This is the first beef breed ever developed in North America and has been described as one of the most spectacular contributions to the livestock industry.

The King Ranch will have a 112-foot corral at the Texas State Fair where they will exhibit Santa Gertrudis cattle and some of their Quarter Horses carrying the blood of Old Sorrel. They will also

exhibit other ranch equipment some of which is made on the ranch.

Dr. Irving P. Krick, director of the Water Resources Development Corporation, the cloud seeding organization, expresses doubt that the Texas drought will be broken this fall.

He "sees only unusually dry weather ahead."

In an article published by "The Journal of Living," under the title of "Your Weather This Fall," Krick predicts frequent storms during October, except for Texas, New Mexico and Oklahoma where dry conditions are expected to continue.

In his article Krick predicts abundant rainfall for Arkansas and Tennessee and for the Northern States, but for Texas, he says it will be warm and dry during October and November.

Reds Boast More Planes Than Ever

TOKYO, Sept. 30 (AP)—The chief of the Far East Air Forces said tonight the Chinese Communists have more planes now than they have ever had before.

Gen. O. P. Weyland estimated the Reds have 2,500 planes—including 1,100 jet fighters based in China and Manchuria. He told NBC Reporter Irving Levine in an interview that this was a slight increase over all previous estimates.

Weyland said, however, that Red air power strength is leveling off. U. N. fighters have rolled up a record of 61 MIG kills this month but Weyland said Chinese "replacements seem to be coming in for the lost Red jets."

Weyland declared that Russia maintains an "air capability" on Sakhalin Island, which is within sight of Japan's northern island, Hokkaido.

He added: "It is well known that there are modern fighter bases on Sakhalin."

Radio Free Japan Mystery Is Solved

TOKYO (AP)—Japan's Foreign Office said today the mystery of "Radio Free Japan" had been solved.

The Communist propaganda broadcasts in the Japanese language originate in Peiping, capital of Communist China, a Foreign Office spokesman said.

Sparkman Opens First Tour Of New York Area

NEW YORK (AP)—Sen. John J. Sparkman says the Republicans are using catchy slogans designed to "stampede the American people away from their native common sense."

The Democratic vice presidential nominee says GOP talk of "creeping socialism" is an example of slogans he describes as "counterfeit rhetoric passing as legal tender."

Sparkman spoke last night at the Women's Business and Professional Club of New York as he started his first campaign speaking tour of this area.

Sparkman said government moved into such fields as public housing, social security and rent control because "private enterprise has been asleep at the switch."

While the Alabama senator spoke inside the Commodore Hotel, about 45 Negro and white pickets paraded outside the building carrying several pro-Eisenhower signs. A spokesman said they were independent.

The theme of other signs was civil rights. One placard carried this question: "When does Alabama get equal rights?"

Sparkman declared: "No capitalist free enterprise system has ever been overtaken by socialism or any other 'ism' when that system was functioning efficiently and providing the majority of the people with the necessities of life in modern abundance. xxx."

GET EXTRA PROFIT EVERY TRIP

— up to 1,200 pounds more!

THIS new GMC 145 H.P. Highway Tractor—the 472-30, will pack more payload and profit into 45,000 pounds of gross capacity than any similarly equipped middleweight built.

It represents new advances in truck engineering that eliminate useless weight in engine and chassis design. Result: You can haul as much as 1,200 pounds of bonus payload without exceeding this GMC's rated capacity by an ounce!

It is both trim and solid—engineered with the

same traditional ruggedness you find in the largest GMC's. Available in conventional and cab-over-engine models. Standard equipment at no extra cost includes GMC's great new 145 H.P. engine, full air brakes, and husky rear axle rated to accommodate 10,000/20 tires.

Come in today and compare this sensational GMC 470's payload, power and price! Nowhere else will so little buy so much in a middleweight truck!

"Maybe you didn't give your children all this stuff, mother... but they didn't live in such a nerve-racking world..."

U. S. Seeking Technological Air Supremacy

By THOMAS A. BOYNTON
NEW YORK, Sept. 30 (AP)—The United States is out to recapture technological air supremacy from Russia by building 18 of the world's largest warplane making tools.

The tools are giant forge and extrusion presses, weighing from 13,500 to 50,000 tons each. They will pour out a steady flow of wing and fuselage panels, struts, braces, stringers, tubing and bomber wheels for the aircraft industry.

The U. S. Air Force has said the Russians may be using the biggest forge press in the world—one of over 30,000 tons the Reds captured from the Germans—to turn out swarms of its deadly MIG-15 jets. At present, America's largest is one forge of 18,500 tons brought over from the Ruhr.

The first of the great new machines is being installed at the Lafayette, Ind., plant of the Aluminum Company of America—a 13,500-ton tool which a spokesman for ALCOA says is the world's largest extrusion press. The company now plans another one of 20,000 tons.

The spokesman for ALCOA also announced that within two years the company will have in operation two huge forge presses, one of 50,000 and the other of 35,000 tons. The biggest may go to its Vernon, Calif., plant in the heart of America's aircraft production belt. The other may be put in at Cleveland.

Industry leaders said while these presses will be "American built," tool makers of Western Germany and perhaps elsewhere in Europe may have an opportunity to make many parts for them. Already, the Schoeman Company Works at Duesseldorf has made five huge castings which have arrived at Lafayette.

\$65,000 Worth Of AF Uniforms Burned Up

WACO, Sept. 30 (AP)—An estimated \$65,000 worth of Air Force uniforms went up in smoke here yesterday when fire destroyed a cleaning plant.

Owner Weldon B. Frost estimated the total lost at \$80,000. He said \$16,000 was to the plant and \$65,000 to uniforms from James Connally Air Force Base near here. The uniforms had just been trucked in for cleaning.

The fire was fed by 150 gallons of naphtha. Frost was in the plant when the fire started, but he didn't know what caused it.

Life Without A Toothache Is Possible If You Are Careful

By ALTON L. BLAKESLEE
Associated Press Science Editor
NEW YORK, Sept. 30 (AP)—You do your chewing on \$2,000 worth of teeth.

Each tooth is worth \$1,000, dental experts estimate, and nature gives you 32. Courts have settled cases on this basis.

But loss of one tooth can cost you more than \$1,000. If it's not replaced, one missing tooth can lead to loss of still other teeth. Lose several on one side, and you start chewing on the other side. Result, over-development on that side and a lop-sided face.

Dentists now can promise you life without a toothache, or perhaps even without the loss of a single tooth.

What it takes is stress on prevention, in three ways: prevention of tooth decay, or gum diseases, and of trouble coming from a

faulty bite or faulting meshing of the teeth.

The best time to start is childhood. But it's never too late to get some benefits.

The possibilities for happy tooth life are made clear in reports to and tips from the American Dental Association.

1. Decay: Early, frequent check-ups can spot decay early and fix cavities while they're still small. Careful brushing helps keep teeth clean and aids gum health. Right after meals is the best time. Tooth decay seems to start within five minutes after you eat.

Sodium fluoride, in drinking water or direct application to children's teeth, definitely cuts down decay. Good diets promote dental health.

2. Gum diseases: Decay is the

main threat to teeth up to the age of 30. After that, gum diseases cause more loss of teeth. The gum ailments can be caught early and controlled by periodic treatments.

3. Faults in bite: Each time you bite, you hit each tooth with pressures ranging up to 350 pounds. If teeth or jaws are out of balance, even slightly, the pressures are uneven. Unbalanced teeth rock and jar each other, loosen rather than exercise each other. Gums and jawbone also are affected.

Faulty meshing of teeth, or malocclusion, is common. One survey found that nearly 80 per cent of high school youngsters had some degree of malocclusion or crooked teeth. Most can be corrected by simple measures. If one jaw is slightly out of position, muscle training sometimes can make them meet evenly.

Loss of one tooth, from neglect or accident, can throw the bite out of kilter. Teeth in either side of the missing one tend to move together to close the gap. The opposing tooth tends to move out of the jaw toward the missing tooth. Teeth get out of alignment and are exposed to decay or shock.

Children who lose baby teeth prematurely often need space-maintainers, temporary devices to keep the space open for permanent teeth to come into proper position. For adults, dental plates or bridges are the only remedy for lost teeth.

There's one last tip: The faulty closing of jaws or teeth sometimes is the cause of other troubles—neck pains, headaches, clicking in the temple joint and ringing in the ears.

Dr. Forrest White, Austin, Dies Monday

DALLAS, Sept. 30 (AP)—Dr. Forrest A. White, 38, Austin general practice physician, died in a hospital here yesterday.

Born in Arkansas, White attended high school at Cleburne, graduated from Texas Tech College at Lubbock and received his medical degree from the University of Texas medical branch at Galveston in 1939.

Following internship at Galveston's John Sealy Hospital he joined the residence staff of Brackenridge Hospital at Austin. He later entered private practice there.

Dr. White suffered a heart attack about six months ago and was in the Dallas hospital for treatment.

BIBLE

(Continued From Page 1)

ble soon after the Protestants began their work, proceeding with less delay. But these later American enterprises, Catholic and Protestant, are simply revisions—not new translations—between which there is a great difference.

And now our Jewish friends are being heard from. The Jewish Publication Society of America has announced that it will proceed with a new translation of the Old Testament and the Apocrypha into modern English.

In Britain a few years ago, the Catholic authorities called on a man of letters, Ronald Knox, to translate the Bible from the Latin vulgate into English, which he has done in a scholarly, rather than a popular style. Now the combined Protestant groups of England, Scotland, and Ireland have formed a committee to retranslate the whole Bible, including the Apocrypha.

Accidental Death Verdict Returned

SAN ANTONIO, Sept. 30 (AP)—Justice of the Peace George Wideman yesterday returned an accidental death verdict in the case of an El Paso man whose body was found on railroad tracks.

Sheriff's deputies conjectured that Raul Valenzuela, 33, slipped from the boxcar he was riding and fell between cars.

Which way

do you look at things?

WHETHER YOU SEE EYE-TO-EYE with Adlai or Ike, one thing is certain:

From now till November 4th, you'll want to know how they look at all the big issues...

Europe... Korea... taxes... controls... income... all the problems that reach into your daily life here in our town.

And to help you weigh each candidate day by day as each issue comes to light—you turn to your newspaper. Just as you've turned to it daily for dozens of other reasons since you first learned to read.

For the latest facts... for goings-on in our town, our state, our entire world... to see what's for fun and what's for sale. Not only what—but where and when and how much it costs. And in the newspaper we read all about it...

or only as much as we want. We read any time we choose—any place we choose.

That's why nearly everybody reads the newspaper nearly every day.

That's why so many people who sell advertised products insist that they be advertised in newspapers.

Because in newspapers an advertising message has a chance to reach all people who can buy. Not just sports fans or quiz fans or music fans or comedy fans... but everybody.

That's why all advertisers—both "national" and retail—invest more money in newspapers than in any other form of advertising.

The newspaper is first with the most news... first with the most people... first with the most advertisers.

The newspaper is always "first with the most"

This message prepared by BUREAU OF ADVERTISING, American Newspaper Publishers Association and published in the interests of fuller understanding of newspapers by The Herald

Less Money To Farmer, But Your Meat Costs Still High

By LAWRENCE N. ELDRED
CHICAGO, Sept. 30 (AP) — There are a lot of beef cattle coming to market these days. Farmers are getting less money for them, too. But that doesn't mean the meat on your table is going to be very much cheaper.

The reason for this is that increased population boosts the demand for meat on the one hand. On the other, retail meat men say operating costs in meat processing and distribution are about 20 to 25 per cent higher than a year ago.

For instance, on July 1 farmers had some 1,900,000 beef cattle on

feeding programs in the corn belt. That was the most since World War II and about 13 per cent above a year earlier.

Farmers intended to market nearly three-fourths of them by next Wednesday. In the same three months, the biggest numbers of cattle off grass on the ranges and pastures came in to market.

The peak now appears to have been reached the week of Sept. 13, when beef production went to some 165 million pounds, the largest beef bulk in three years.

Almost week for week and month for month all year, cattle runs have been heavier than last year. Not all of it went directly to butcher counters, however. By the end of August, storage stocks of beef totaled nearly 158 million pounds, just about double the five-year average.

This removal of supplies from trade channels, combined with continuing strong public demand for

beef, helped maintain prices fairly steady all year, although on a slow decline compared with a year ago.

Starting at the stocker and feeder level, the young cattle off the range which go into corn belt feed lots for fattening for market, prices are averaging about \$7 a hundred pounds below a year ago at the Chicago market. The average for the eight principal stocker and feeder markets is down about \$9, with western markets like Denver, Fort Worth and Oklahoma City selling more than \$10 lower.

Fed beef steers at Chicago, however, are still \$4.00 or \$5.00 lower on the average than a year ago and even some of that decline can be attributed to a falling off in average quality.

In August last year, the best grade of beef steers accounted for nearly 43 per cent of the number sold for slaughter. Choice grade, the second best, was under 44 per cent.

Last month at Chicago, though, prime steers, the top grade, constituted less than 16 per cent of the supply while choice grade was nearly 63 per cent.

This proportion has settled back somewhat this month. Prime grade last week averaged 28 per cent compared with 36 per cent a year ago while choice grade was 58 per cent compared with less than 52 per cent a year ago.

In the wholesale beef trade, when the steers have been slaughtered and turned into beef carcasses, prices continued a little under a year ago. Choice and prime beef carcasses then brought \$56.40 to \$61 while in the last two weeks they have been running around \$53 to \$56.50 a hundred pounds.

Chinese Names Of Candidates Are Imposing

By FRED HAMPSON
HONG KONG, Sept. 30 (AP) — It may astound Republicans to learn that they nominated Ivy-Forrest-Heroic Appearance-You for the presidency.

And what will the Democrats say when they find they have on their hands a candidate named History-Base of a Flower-Scholarly-Forest?

Well, that's the way Chinese editors here transliterate their names into the Mandarin dialect with which they get out their papers.

In transliteration, the name sounds approximately—but only approximately—the same in Chinese as in English.

Chinese wrestled long with the problem, and it was a problem, since both the names of Eisenhower and Stevenson produce certain sounds strange to China.

The nearest they can come to Eisenhower sounds about like this: Eye-Sen-How-Way-Erh. Stevenson comes out: Sh-Ti-Wen-Son.

It takes five characters to write the Chinese equivalent of Eisenhower and four for Stevenson.

In the case of Eisenhower, the first character is a (literal meaning—ivy.) The second is sen (forest), the third how (hero), the fourth wei (heroic appearance) and the fifth erh (you).

Stevenson comes out like this: sh (history), ti (base of a flower where the petals attach to the stem), wen (literary or scholarly) and sen (forest).

Japanese Judges Get Big Headache From Red Trials

By WILLIAM JORDEN
TOKYO (AP) — Japanese Communists are giving this nation's courts and judges their biggest, most painful headache in riotous trial scenes.

Like Communists the world over, Japanese Reds have developed special techniques when one of their number is arrested and accused of a crime.

Red defendants refuse to stand trial peacefully. Their lawyers insist on repeated delays. Once in court they use every weapon of psychological warfare to harass the judges—from technical appeals to direct personal attacks on court personnel.

Japanese judges, still remembering the days when they conducted hearings in the name of the demigod Emperor, are at a loss in dealing with this brand of trouble-making.

Under legal reforms imposed in postwar Japan, the courts have been stripped of their power to cite defendants or spectators for contempt of court.

However, this will be remedied in part by a newly enacted law which provides for minor fines and imprisonment up to 20 days for persons who disturb the order of the courts.

On Sept. 19 the courts began hearings of 28 Reds and sympathizers suspected of planning and executing the bloody May Day riots in Tokyo. One rioter was killed and about 200 injured in the melee, including rioters, police and some American spectators, in front of Emperor Hirohito's palace. About a dozen American-owned

automobiles were overturned and burned.

The court decided to try the defendants eight at a time in separate chambers. That gave the Reds a welcome opening. They insisted that all 28 be put on trial in the same courtroom. They ignored the court's argument there wasn't a chamber in Japan that could handle that large a trial.

When the first eight hearings opened, the Reds were well prepared. Their lawyers carried briefs attacking everything from the jurisdiction of the courts to the number of police on hand.

The spectator sections were filled with friends and relatives of the defendants. The hearings quickly developed into disorderly mob scenes. The accused and their friends in the galleries heckled the court and screamed epithets at the unmoved justices.

One organized group surrounded Japanese reporters sent to cover the trials and beat them unmercifully.

One after another the magistrates adjourned the hearings for a week and retired to their chambers in confusion.

When eight more hearings were attempted the following day, the Reds repeated their performance with the same results—the trials were postponed.

Halfback Leon Hardeman carried the ball from scrimmage 126 times for 677 yards and 8 touchdowns at Georgia Tech during the 1951 season.

Marine Pilot Is Saved By Copter Near Yalu River

WITH U. S. FIFTH AIR FORCE, Korea, Monday, Sept. 29 (AP)—Maj. A. J. Gillis of Baltimore, Md., was rescued Sunday by helicopter off the mouth of the Yalu River which separates North Korea from Manchuria.

The Marine Corps exchange pilot was flying a Fifth Air Force Sabre jet when he had to bail out of his battle-damaged plane into the Yellow Sea only 30 miles from the Yalu.

After a 90-minute search, Lt. Walter L. Johnston, 400 North Main Street, Highlands, Tex., plucked the Sabre pilot from the sea.

The helicopter crew included Airman Third Class Thomas C. Thornton, Medic, Hempstead, Tex.

Losing Candidate In Mexico Won't Admit He Has Been Defeated

MEXICO CITY, Sept. 29 (AP) — Losing Presidential Candidate Gen. Miguel Henriquez Guzman yesterday still refused to accept his defeat at the polls, but denied rumors he would head a revolt.

During a birthday fiesta at his home here, Gen. Henriquez told reporters: "I am at the service of the people; I will do whatever the people command."

Asked bluntly, "Will there be a revolt?" he replied: "There will be no revolt."

One reporter pointed out that Congress already has approved the results of the July 6 elections, and has declared Adolfo Ruiz Cortines next president of Mexico. Gen. Henriquez replied sharply: "Congress has approved, but not the people."

Competition is the life of the OIL BUSINESS

The demand for oil increases every year. Americans need more oil for more automobiles, for more airplanes, more ships, more high speed locomotives and more of many things besides.

And just as one merchant competes with another for your business, oil companies compete for it, too—for the gallons of gasoline and quarts of motor oil you buy; to supply the ships, the locomotives, the industries, the airplanes.

The competition is intense, and it spreads throughout the industry. Oil companies compete with each other to find and produce more oil. Pipe line companies vie with each other to develop low cost transportation. Refineries compete to supply more and better oil products. Salesmen compete on the basis of quality products and the service rendered.

It's a good thing, this competition, a healthy thing. It is the life of the oil business; it keeps the industry vigorous, progressive, enterprising.

But its chief benefit is to you and other Americans. Competition within the oil industry discovers and develops a natural resource necessary not only to modern living but to national defense. It supplies you and the country with continuously improved petroleum products; today, two gallons of gasoline do work that required three in 1925, but the gasoline costs no more than it did then.
