LET CONTRACTS TO BUS DRIVERS

17 Contracts Are Approved By
County Board; Speed Limit
Set At 40 Miles An Hour

Drivers contracts for the 1936-37 school year were signed by school bus drivers at a called meeting of the Hall County School Board in the office of the county superintendent of public instruction Friday afternoon of last week.

Seventeen contracts were approved by the county board for the four independent schools of Hall County. One other bus driver, however, has been contracted by the Memphis schools to run the route to Fairview.

The only action taken by the county board, other than approving the contracts, was to change the speed limit for the school buses from 35 miles per hour to 40 miles per hour.

Following are the drivers:
Turkey—M. V. Christian, route 1; C. E. Weeks, route 2; G. M. Johnson, route 3; R. D. Rivers, route 4.

Estelline—A. J. Rogers, route 1; F. P. Richardson, route 2; W. P. Butler, route 3; Robert Butler, route 4.

Lakeview—Frank Gordon, route 1; Troy Payne, route 2; R. T. Ray, route 3; Paul Wells, route 4; W. T. Henry, route 5.

Memphis—H. M. Guest, route 1; A. J. Richardson, route 2; Russell Crane, route 3; E. L. McBee, route 4.

C. R. Burks will run the Fairview route.

The annual meeting of the Memphis Country Club stockholders was held at the club house here Monday night, Sept. 7, at 7:30 o'clock, with F. N. Foxhall, president, in charge of the meeting.

With some 25 members present, the usual annual reports were given and approved, and the dividend (Continued on page 5)

LAND MEASURING IS STARTED HERE

Compliance On Federal Farm
Program By Hall County
Producers Checked

Measuring of cotton and feed crops throughout Hall County was initiated this week by measuring committees headed in most cases by community agriculture association chairmen.

The measuring of the Hall County fields is in keeping with the federal government requirements for benefit payments under the Soil Conservation and Domestic Allotment Act.

The compliance work started Wednesday, following a meeting of committees in the justice court room here Tuesday, which was presided over by R. E. L. Pattillo, county farm agent, and his assistant, O. J. "Red" Walker. Instructions and supplies were given the measuring committees at the meeting.

Designation of the various crops planted on the farms of government cooperators will be reported to the county agent's office by the committees. A record of the farms will be made here, and will be sent to Austin, where the benefit payments for soil building and conserving crops and practices will be made.

It is thought that the major portion of the benefit payments will be received here some time in December.

Compliance work in this county will be slowed up considerably, Mr. Pattillo stated, because of the fact that adequate funds to meet requirements of the measuring committees have not been received from the government.

COUNCIL HIRES NEW WATCHMAN

G. C. Baskerville Resigns Job
As City Nightwatchman; C.
B. Hume Will Take Post

The resignation of G. C. Baskerville as city nightwatchman, effective September 9th, was accepted by the Memphis City Council as it met in its regular monthly session at the City Hall here Tuesday night at 8 o'clock.

The City Council appointed C. B. Hume of Turkey to fill the nightwatchman vacancy here. Mr. Hume several years ago was a member of the city police force, and is well known here.

Routine business matters constituted the only other business before the council. Mayor J. A. Whaley presided over the meeting.

MRS. COLVIN IS DEATH VICTIM IN CLARENDON

Mother J. N. Colvin,
Sheriff, Formerly
Resided Here

Mrs. Mary S. Colvin, 77 years of age and mother of Joe N. Colvin, Hall County Sheriff, died at her home in Clarendon Sunday morning, September 6, at 7 o'clock, following an illness which lasted for several days.

Funeral services for the aged Donley County woman were conducted from the Clarendon First Baptist Church Monday afternoon, September 7, at 3 o'clock. The final rites were conducted by Rev. J. Perry King, Baptist pastor, who was assisted by Rev. E. D. Landreth, pastor of the Clarendon Methodist Church and a former Memphis pastor.

Interment was made in the Clarendon cemetery with Hodges Funeral Home of Memphis in charge.

Pallbearers for the funeral were Harve Smith, Henry Rape, Harless McMann, C. W. Taylor, O. C. Watson, and Howard Stewart. Those in charge of the floral offerings were Mrs. Harless McMann, Mrs. Harve Smith, Mrs. Clarence Pipes, Mrs. Cecil Combest, Mrs. Chester Tolley, Mrs. Howard Moore, Mrs. Henry Rape, and Mrs. Howard Stewart.

Mrs. Colvin was born June 26, 1859, at Grapevine, Texas. Her father and mother, Mr. and Mrs. J. N. Rogers, moved with her and her three sisters to Jack County in 1873, where Mrs. Colvin resided until her death. (Continued on page 5)

Home-Coming At Christian Church To Be Sept. 13th

The First Christian Church of Memphis will celebrate its home-coming day September 13, with an old-fashioned gathering. Dinner will be served for all present, past, and prospective members of the church.

Each family will bring enough food, prepared for eating, for itself and one visitor. Special consideration will be given members and friends from out of town in the morning services.

The dinner will be spread at 12:15 o'clock, and immediately after the meal the group will adjourn to the church auditorium for a special song service.

The church school will begin at 10 o'clock in the morning, and church services will be held at 11 o'clock.

Methodists Plan Home-Coming for Sunday, Sept. 13

Sunday, September 13, has been set for "home coming" at the First Methodist Church of Memphis; and a big old-fashioned basket dinner on the ground in community style is being planned. Everyone will bring a basket and join in the church-wide affair.

A musical program will be given in the evening at 8 o'clock, depicting the development of different types of church music for the past century. This will be followed by a brief sermon by the pastor, Rev. Orion W. Carter.

The home-coming will begin a two-month rally program, which is to be put on by the church with the hope of doubling the Sunday School attendance and greatly increasing the other attendance.

The general public is invited to attend the gathering September 13, especially "old timers," Rev. Carter announced.

NINE DIVORCE CASES ARE GRANTED IN DISTRICT COURT HERE THIS WEEK

Nine divorces were granted in district court here this week and two civil cases were heard, as the September term of district court of Hall County began its labors.

The court convened Monday morning with Judge A. J. Folley of Floydada on the bench in the absence of Judge A. J. Fires, Childress. Judge Fires is ill; but he may occupy the bench next week, as Judge Folley has to return to his own court.

The district grand jury was impaneled Monday morning by the presiding judge. No charge to the jury was given, other than the usual instructions as to the duty of the jury. The grand jury adjourned Wednesday afternoon, but a report on their actions was withheld until persons under indictment are arrested.

MRS. GOSDIN OF LAKEVIEW DIES

Was Prominent Hall
County Resident;
Funeral Held

Mrs. Elizabeth Callie Gosdin, 77 years of age and a prominent Lakeview citizen, died at her home in Lakeview some time Tuesday night or Wednesday morning. She was found dead at 11 o'clock Wednesday morning. The deceased was the widow of Dr. W. S. Gosdin, who preceded her in death in April, 1927.

Funeral services for Mrs. Gosdin were conducted from the First Baptist Church of Lakeview Thursday afternoon, September 10, at 2:30 o'clock by Rev. Clarence Stewart. (Continued on page 8)

Loot in cash and cigarettes amounting to slightly less than \$50 was taken by burglars who entered the Farmers Union Supply Company's general merchandise store here Monday night or early Tuesday morning.

Approximately \$1,000 in cash and in checks was left behind by the burglars as their efforts to "crack" the company safe with blasts of nitroglycerin were unsuccessful.

The burglars gained entrance into the building through a window that opens into the coal yard. A screen was torn off, and the window was pried open.

After getting inside the store, the burglars overpowered a large, vicious watch dog, which is kept chained in the store at night to prevent marauding persons from entering the store. It was thought that the dog was either gassed or beaten unconscious.

The burglars were unsuccessful in their attempts to blow open the large safe door, although the nitroglycerin blast blew the combination off of the safe and bent the safe door considerably, strewn concrete from the safe all over the store.

Thirty-four dollars and nineteen cents in cash was taken from the cash register by the marauders. The only other loot taken was 18 to 20 cartons of cigarettes.

It was thought by members of (Continued on page 4)

NATIONAL CROP ESTIMATE DOWN

Prediction Is Million Bales Less
Than Made Month Ago;
Prices Soar As Result

Drouth damage to this year's cotton crop was reflected in an official government estimate of the 1936 cotton crop Wednesday of this week when the government estimated that the nation would produce 11,121,000 bales of cotton this year.

The 11,121,000 bales estimate for 1936 was still above the short crops of the past two years—10,638,000 bales in 1935 and 9,636,000 bales in 1934—but well below the five-year average of 14,667,000 bales in 1928-32.

The report was over a million bales decrease from the indication of a month ago. As a result, cotton prices soared.

MRS. VERDEN, OF LAKEVIEW, DIES SEPT. 3

Burial Services Are
Spoken Thursday
At Lakeview

Mrs. Zella Verden died at her home near Lakeview Thursday morning, September 3, at 2 o'clock, after an illness of some six months.

Rev. Brister conducted the funeral services from the First Baptist Church of Lakeview Thursday afternoon at 3 o'clock. Burial was in the Lakeview Cemetery with the Buntin Funeral Home in charge.

Survivors of Mrs. Verden are six children, four daughters and two sons: Mrs. Earl Hutcherson, Russellville, Ark.; Mrs. Olen Rogers, Turkey; Mrs. L. P. McGee, Miss Kathleen Verden, Glen and Cecil Verden, all of Lakeview; seven grandchildren, three sisters, and two brothers.

NEW THEATRE MANAGER FOR LOCAL SHOW HOUSE

V. H. Morris of Rush Springs, Okla., has assumed management of the Palace Theatre, it has been announced; and Alfred Cook, who has been employed at the Palace, will manage the Ritz Theatre.

Hollis Boren, owner of both picture houses, will give over the active management of the shows, but will act in an advisory capacity.

TRAFFIC LANE WILL BE OPERATED HERE TO CORRECT DEFECTIVE CARS

Memphis motorists will have an opportunity to check up on their automobiles when the Texas Highway Patrol conducts a safety campaign traffic lane in Memphis on September 22 for the purpose of correcting defective motor vehicles.

The lane will be similar to the one conducted here last year, and similar safety lanes are to be put into operation in cities throughout the Panhandle in the 90-day safety drive by the Highway Patrol.

Eight state highway patrolmen are to operate the lanes with the assistance of county and city officers, testing cars for lights, steering, brakes, horns, windshield wipers, and bad mufflers. If a car is found to be in good condition, a blue sticker will be placed on the windshield; if its equipment is found to be faulty, it will be given a red sticker.

Motorists who receive red stickers are to have their automobiles put in condition and return to the safety lane, where, if found to be satisfactory, they will be given a blue sticker.

As the lanes are maintained on a courtesy basis, patrolmen do not like to force motorists to have their cars repaired. The system used, it is said, receives the full cooperation of the drivers. Most motorists are willing to have the repairs made as a precaution against injury to themselves or others, the Highway Department pointed out, adding that one-fifth of the highway accidents are caused by mechanical defects.

A first aid expert, Sergeant George Schauer, will be in this section during the campaign and will give demonstrations and talks before meetings of any organization he is invited to attend.

LOCAL FIRE DEPARTMENT ANSWERS CALL TUESDAY

The Memphis Fire Department answered a call to the home of Dr. and Mrs. W. C. Dickey here Tuesday morning of this week at about 9 o'clock, and quickly extinguished a minor blaze in the Dickey garage.

No damage was reported, as the blaze was confined to rags and old articles of clothing that had been stored in the garage.

PARNELL HOST SEPT. 12-13 TO SINGING MEET

Hall County Singing
Conventions Draw
Large Crowds

The semi-annual session of the Hall County Singers Convention will be held Saturday night and Sunday at Parnell, and hundreds of singers and visitors from numerous counties in Texas and Oklahoma are expected to attend.

The convention will be held in the Parnell school tabernacle on the Estelline-Turkey highway, A. B. Willis, president of the organization, has announced.

Special numbers, including duets, quartets, trios, solos, and company singing, will be in abundance, Mr. Willis stated. Harrell Chapel was host to the April convention of the Hall County Singers Convention, and it was estimated that well over 1,000 persons attended the two-day meeting.

The public is invited to attend the convention next Saturday night and Sunday, September 12 and 13, to help make the convention one of the most successful in history, Mr. Willis said.

Address Changes Should Be Mailed To The Democrat

The Memphis Democrat herewith acknowledges an original idea by the editor of the Clarendon News in regards to newspaper circulation; and as the idea is only a week or so old, The Democrat forthwith steals same.

Recently the Clarendon News ran a story urging all subscribers of that paper to let it be known when they changed their address in order that the papers mailed out would not be returned by the post office department at a cost to the paper of two cents each.

The Democrat, also, must pay Uncle Sam the two cents per paper when a subscriber changes his address without notifying his Home Paper. During the course of a few months these returned papers run into a considerable sum of money, and warrants our requesting that if you know a week in advance that your address is to be changed, write us then. It will prevent you from missing a copy of the paper and will save us two cents for each copy we send to the wrong address.

Locals and Personals

Miss Lena Melear, Jacques and Duard Pounds spent last Friday in Clarendon as the guests of Mr. and Mrs. Ed Duncan.

M. J. Bretherton and family moved Monday from 622 South Eighth street to 920 West Cleveland street, the residence formerly occupied by H. H. Lindsey and family, who moved last Wednesday to the Alexander and Deaver residence at 816 West Cleveland.

E. W. Grundy of Estelline spent last Friday in Memphis on business.

Mr. and Mrs. Vance Johnson of Amarillo visited his aunt, Mrs. Frances Anthony, here Thursday of last week. They were en route to Plainview.

Mrs. R. C. Walker and children Nell and Jack Walker, and Geraldine Watson returned Thursday night of last week from Dallas where they spent a week seeing the Centennial Exposition.

W. C. Crabtree and son Dick of Shamrock visited their sister and aunt, Mrs. Chas. Oren, last Friday night, returning home Saturday.

Harold Walker, Jack Boone, Frank A. Hubble, Jess Elliott, Mr. and Mrs. Jack Sitton, Cearley Read Kinard and Miss Geraldine Kinard attended the football game between Wellington and Community Center in the first game of the season played in Wellington last Friday night.

Miss Maud Milam returned Saturday from a visit with her sister, Mrs. Felix Cochran, in Oklahoma City.

Mrs. Bertha Gore and Mrs. Lillie Bagwell were Memphis visitors from Estelline Monday.

FAIR WILL BE HELD AT QUAIL

F. F. A. Chapter Will Sponsor Community Fair Sept. 18-19

On September 18 and 19 the Quail Future Farmers of America Chapter will sponsor a community fair, and the Quail school and community are backing the enterprise 100 percent, according to reports from A. A. Tampke, vocational agriculture instructor at Quail and who is director of the fair.

Proceeds of the fair will go to the equipping of an adequate vocational agriculture department in the newly-consolidated Quail High School.

Provisions have been made to handle every type of fair displays. Prizes will be given, and after the show the best entries will be entered in the Tri-State Fair at Amarillo. Exhibits will be accepted from any school. Refreshments, lunches, and souvenirs may be bought on the grounds.

Other entertainment, including speeches by prominent men, plays, games, and music, will be held during the two-day meet. Farm editors and outstanding farm leaders are expected to be present. This entire district is invited to join with the Quail people in making a successful event of this their first fair, Mr. Tampke stated.

NEWLIN

By Mrs. Fred Hemphill
Mr. and Mrs. J. C. Scott of Albuquerque are visiting relatives here.

Mr. and Mrs. Frank Solomon and daughter Cecil Laverne and son J. S. visited relatives last week in Colorado, Tex.

Mrs. Clara Crow and daughter Mary returned home after a six-week stay in Colorado Springs with Mrs. Crow's sister.

Mr. and Mrs. Jim Burk and daughters Martha Elizabeth and Mary Nell and Mrs. Grady Phillips spent Tuesday of last week in Dallas, where Mrs. Burk went for medical treatment. While there they visited the Centennial.

J. E. Townsend left Monday for Portales for a business trip. Mr. and Mrs. Byron Glover of Denver visited Mr. Glover's uncle W. R. Glover Sunday. They were en route home after visiting in Fort Worth.

Mrs. Rhoda Nelson left Thursday of last week for Colorado Springs, where she will visit her daughter Mrs. Bill Cowan for several weeks.

The Newlin school was opened Monday, Sept. 7. General assembly was held in the auditorium, with Henry White, superintendent, giving a short talk. Rev. O. D. McDonald, Methodist pastor, made an interesting talk, after which the new teachers, Miss Lorine Hays of Clarendon and Miss Florence Lokey of Memphis, were introduced. Miss Eula Saye of Wichita Falls, primary teacher, was not present at the opening exercises due to a misunderstanding about the opening date of school, but she arrived Monday afternoon.

Mr. and Mrs. Hugh Nelson and children returned Saturday from an extended trip to Breckenridge and other points where they visited relatives.

Leon Townsend, Hulen Murphy, and Jack Crawford returned last week from a trip to the Grand Canyon and other points of interest in Colorado.

Mrs. S. P. Phillips was painfully injured in an automobile accident at Estelline Tuesday of last week when the car in which she was riding overturned. She was not seriously injured.

Mr. and Mrs. W. R. Glover left Sunday for Sudan, where Mr. Glover is to build a dwelling for Charlie Alexander.

Mrs. W. L. Kellison gave a miscellaneous shower at her home here Friday afternoon, honoring Mrs. Henry Wasson, a bride of several months, who was Miss Berniece Hemphill before her marriage. The guests were seated in the large living room where the bride was told a photographer was to take a picture of the group. A large suit-case, representing the camera, was placed before her as she was posing. The suit-case contained many lovely and useful gifts. Refreshments were served to about 40 guests.

Jim Travis of Pampa spent Sunday here with his mother, Mrs. W. A. Travis.

GILES

By Mrs. J. A. Lemmon
Good rains fell here last week which will be of untold benefit to crops and pastures.

Mrs. E. W. Bromley of Clarendon and Miss Bettye Bromley of San Antonio were recent guests of Mr. and Mrs. E. H. Watt and Mrs. E. M. Glass.

Misses Alleen and Pauleen McCants were Memphis visitors Saturday.

Hall County Is Placed In National 'Drouth Area'

Hall County last Friday was designated by the national drouth committee as lying within the drouth area of Texas. Having been designated in the drouth area, Hall County will receive special considerations, although these considerations have not been outlined.

All that is known definitely to benefit this county because of the designation is the emergency freight rate on livestock and livestock feed that will prevail. Hall County will be allowed a special rate on all cattle shipped out and all feed shipped in, under the government drouth relief rulings.

It is thought, although nothing on the matter has been received officially, that special feed and seed loans will be made in the drouth area. Other government benefits may also accrue to the drouth area.

With 32 out of the state's 254 counties on the drouth list, the state still has comparatively little of its territory so designated. To the north of it all Oklahoma and Kansas were listed as drouth area, as was a big portion of Arkansas to the east and New Mexico to the west.

Generally, the counties already designated as emergency drouth area in Texas are an extension of the Oklahoma drouth area. The most eastern county is Parker and all counties from the Tarrant

County line west to the New Mexico boundary on the Fort Worth and Denver Railroad were so listed. A few counties both to the north and south of this string of counties are included.

Early in August, Archer, Childress, Clay, Collingsworth, Cottle, Foard, Hardeman, Jack, Montague, Wichita, Wilbarger and Wise were designated; and a few days later Parker, Scurry, and Knox counties were added.

On Friday of last week, Baylor, Carson, Dallam, Gray, Hall, Hansford, Hartley, Hemphill, Hutchinson Moore, Ochiltree, Oldham, Potter, Roberts, Sherman, and Wheeler were added.

Fort Worth this week.

Public denunciation of the Republican record and cheers for the New Deal were heard at the initial session of the Democratic Party. The convention was loud in its praise of President Roosevelt, Vice President John N. Garner, and Governor James V. Allred.

The State Executive Committee drafted a resolution urging all members of the Democratic Party in Texas to vote in the general election next November.

Burglars Blast—

(Continued from Page 1)

the Hall County Sheriff's Department and by Roy Coleman, manager of the Farmers Union Supply Company, that two men did the burglarizing. Two soda-pops had been drunk, and the bottles had been left side by side near the main checking stand, which led officers to believe conclusively that two men had committed the burglary.

The burglars apparently wore gloves, as members of the sheriff's office were unable to obtain a single finger print on the safe, cash register, bottles, or any of the show cases.

No one living in the vicinity of the store has reported hearing the nitroglycerin blast Monday night, or the fight with the dog. The nearest house to the store, however, is a block off.

It is known that the burglary took place after 10 o'clock Monday night, as the monthly meeting of the store's employees was held Monday night, lasting until after 10 o'clock.

Members of the sheriff's force here are concentrating their efforts on the case this week.

and one-half inches of rain in his community Thursday and that good crops will be harvested in that vicinity as a result of the rain.

N. L. Murff, postmaster at Brice, reported two and a half inches of rain. Says he has some cotton that will yield a bale per acre, and his whole crop will yield an average of one-half bale per acre.

An aged hitchhiker in Memphis Sunday reported he had lost a pair of glasses with bifocal lens and tortoise shell frame somewhere in town. Should anyone locate the glasses, bring them to The Democrat and the owner will appreciate the favor.

The business men of many towns over this section of country are joining the regional movement against the increasingly heavy drain of worthless advertising schemes. These businessmen declare they will spend money only for regular proven, legitimate advertising.

Every week some out-of-towner hits up the merchants to buy space on a poster, calendar, or such like, when it promises doubtful returns, and the price charged is out of reason, because of the fact that the promoter has to pay to get them printed and must get enough over to pay his expenses.

There are a few youngsters in Memphis who think they are not driving properly if they are not pushing the accelerator to the floor boards right down Main street and around the square. Lately, some accidents have happened right in front of The Democrat office and they were the direct result of reckless driving.

It's a funny world, remarks a philosopher who makes a study of humanity. If a man gets money he is a grafter. If he keeps it he's a capitalist. If he spends it he is a playboy. If he doesn't get it he's a ne'er-do-well. If he tries to get it he's a Communist. If he doesn't try to get it he lacks ambition. If he gets it without working for it, he's a parasite. And if he accumulates it after a life-time of work he's a sucker.

Lee M. Thornton displayed some large maize heads and open full-grown cotton bolls Wednesday. These products were grown on his farm three miles southeast of town or terraced land where water from the highway was turned onto his farm. He is a strong believer in holding all the water that falls on the land where it falls and also gathering water from elsewhere to store for the benefit of crops during dry spells.

"But," said the would-be son-in-law to the girl's father, "what is your objection to me as a suitor for your daughter's hand?" "My chief objection is that you cannot keep her in the style in which she has been brought up," replied the father.

"At any rate," said the enamored youth, "I can start her on bread and milk, the same as you did."

Supt. W. C. Davis reports that there are a number of pupils in the Memphis schools who would like to learn band music, but they have no band instruments. He wants to know if there are any ex-band musicians, who have quit playing and have some kind of band instrument stored away who would be willing to allow the pupils to use such instruments. Such action would be a real service to the younger generation, he said.

Considerable complaining is being done lately by yard-sleepers about the prevalence of mosquitoes. These sleep-out-in-the-yarders claim the insects keep them awake half the night and sometimes force them to leave their cool beds and take to their warm bedrooms. One man dubbed the insects "society mosquitoes" because they politely fold their wings and bore right in. Stagnant pools and watering places should be given small doses of kerosene—this will prevent any more of the insects from hatching out, and may prevent the spread of contagious diseases; it has been pointed out.

J. T. Lockhart of Stephenville is here this week visiting his daughter, Mrs. M. P. Turner. He came to attend the Lockhart family reunion Sunday.

Dr. and Mrs. J. M. Ballew and Omega Ballew went to Amarillo Tuesday to take Mrs. Walter Mesek and daughter Greta, who will go from there to their home in Fiqua, Ohio, after a visit of several weeks here with Dr. and Mrs. Ballew and other relatives.

MEMPHIS CHAMBER OF COMMERCE HEARS SCS OFFICIAL GIVE ADDRESS

The regular monthly meeting of the Memphis Chamber of Commerce was held Tuesday afternoon, and the Chamber of Commerce directors heard an address by J. C. Ebersole, Memphis Soil Conservation Service Camp Agronomist.

Mr. Ebersole delivered a talk on the subject, "Soil and Moisture Conservation, and Plant Life in This Area."

The subject was discussed along scientific lines, and it was pointed out that soil conservation work and strip cropping practices have served to retain and to economize the use of the rainfall in this section. These are factors which will aid in crop production despite the dry summers, it was said.

Following the soil expert's address, F. V. Clark, secretary of the Chamber of Commerce, gave a report in regard to the advertisement of Memphis and Hall County at the Frontier Centennial in Fort Worth. It was pointed out by Mr. Clark that the moving picture reel, the placard, and the literature concerning this county being shown at the Fort Worth show compare highly with other similar displays from the state as a whole.

Mr. and Mrs. H. H. Newman and Miss Lucille Crump visited relatives in Quannah Sunday.

Best Football Game Of Year Will Be Played At Stadium Here Tonight

Class "B" football started in this district, September 11, at Memphis High School. The season's tilt against the Memphis team will be played on the stadium here, and game is set at 8:15 o'clock. Tickets are 50 cents for students and 75 cents for others.

Officials to care for a crowd, as it is believed, will be on hand. The Memphis team is boasting another victory this year, having won the championship of the Memphis area. The Eagles last year were through, losing to Estelline and Memphis.

Clark's Lakeview team is working out for weeks, but the squad is expected to be in good shape for the encounter with Walker of Memphis. The task of putting a team on the field without a first-string fullback is a difficult one. Last season and in workouts this fall, the Memphis team, led by Eugene Jones, but who promised to be a real back, left the team this week as a result. Coach have to bring forth a new team from the "subs."

Walker, right end; Dennis Sanders, right tackle; James Evans, right end; Dennis Walker, right halfback; Billy Pope Hall, full; Pounds, quarter. The left wingback post is undecided.

Officials will include Matthews of ETSTC and Penick of WTSC.

ided until 1914, when she moved to Hall County. She had made her home in Hall and Donley counties ever since, having moved to Donley County in 1920.

She was married in 1880 to J. E. Colvin at Jacksboro. To this union six children were born, all of whom are living except one. Mr. Colvin died in 1892. Mrs. Colvin had been a member of the Baptist Church for 64 years at the time of her death.

Survivors are five children, J. N. Colvin of Memphis, G. J. and T. L. Colvin of Turkey, J. A. Colvin of Healy Fork, Alaska, and Mrs. Jessie Lane of Clarendon; one sister, Miss Joe Ann Rogers of Jacksboro; five granddaughters, eight grandsons, and six great-grandchildren.

are light, but one will be played at halfback and Billy Pope Hall will be shifted to full.

Memphis' probable starting lineup for the fray tonight:

Pad Malone, left end; Rufus Jones, left tackle; Paul Dodson, left guard; Benjie Estes, center; A. J. Clark, right guard; Dennis Sanders, right tackle; James Evans, right end; Dennis Walker, right halfback; Billy Pope Hall, full; Pounds, quarter. The left wingback post is undecided.

Officials will include Matthews of ETSTC and Penick of WTSC.

Hall County Ranks Second In Number Of Gins In This District of 24 Counties

Of the 24 Texas counties in this district, Hall County ranks second in the number of gins in operation, the number of stands, and the potential capacity of the gins.

There are 345 gins in the 24 counties of the Wichita Falls cotton belt area with a total daily potential capacity of 34,254 bales, according to figures on gins and ginning equipment compiled by Director William L. Austin of the bureau of the census.

Hall County has 26 gins ready for operation, with 132 stands and a potential capacity of 1,241 bales per day. Hall ranked second to Jones County, which county has 32 gins, 168 stands and a capacity of 1,755 bales.

Gin stands for the area totaled 1,749 and saws, 132,000. All ginneries were equipped with saw gins, 146 being of the brush type, 210 air blast, 353 of the huller type, and 11 of the plain type. The gins are powered by steam, diesel, electric, and one by water.

Number of gins, stands and potential 12-hour production in this immediate sector is as follows:

County	Gins	Stds.	Cap'y
Childress	5	24	241
Collingsworth	22	116	1,166

NEWS FROM ESTELLINE

By MRS. H. M. FAULKNER

The county agent, R. E. L. Pattillo of Memphis, called a meeting last Friday morning at the Estelline theatre to discuss compliance by farmers for government payments on 1936 contracts. The land measuring will be started this week. Farmers will be eligible for payments for additional reduction if they have cotton that will produce no lint and will plow it up. They may plow up as much as 35 per cent. Mr. Pattillo went from Estelline to Parnell and from there to Turkey.

The street running south from the Baptist Church was graded Friday and Saturday in preparation for the graveling to be done by the WPA and local labor. The street running east and west by the WPA and local labor. The street running east and west by the Eddins Hotel and on the west side of the Church of Christ was surveyed for graveling Saturday morning. Both streets were washed badly by rains, and made a bad road to the school house.

Black-Draught's Good Reputation

The confidence people have in Black-Draught, built up from satisfactory use so many years, is shown in its being handed on from one generation to another. It must be good to have such a strong following.

Here is a typical reference to Black-Draught by a satisfied user.

"We have used Black-Draught for twenty years," writes Mr. Fred Richardson, of Hartshorne, Okla. "My mother has used it for fifty years. It is the best medicine I know anything about. I take it for sour stomach and constipation, or when I feel sluggish and bad. Black-Draught is splendid to regulate the bowels, cleansing them of waste matter, ridding them of constipation. I expect to use it twenty-five more years if I live and it gives satisfaction as it has always given."

struction company there. George Davis and son Raymon of Tucumcari visited relatives and friends here last week-end. Rev. and Mrs. Pete Propes spent the week-end in Amarillo. Mrs. Harold Vogle, sister of Mrs. Propes, returned with them. Hortense Eddins and Mrs. Fred Swift of Memphis were in Estelline Friday.

SCHOOL DAYS

HALL COUNTY SCHOOLS this week occupy the front seats in the scheme of things, and the boys and girls are getting into school routine with the usual vim and push of youth.

The teachers are entering into the school spirit and doing their best to start the pupils along the right paths intellectually. The teachers have a great responsibility, and most of them, we believe, are conscious of the fact that they are their "brother's keeper" and are doing nothing that might in any way cause their charges to take any wrong steps.

The parents, naturally, play a big part in the school work of the children. They conscientiously want to see their children forge ahead in school work, and will lend encouragement and moral support wherever possible.

The trustees are the business managers of the school plants and it is their business to see that the very best teachers are provided and proper surroundings maintained at all times.

Then, there are the citizens who have no children in school, who are not trustees or teachers, but who are vitally interested in any community enterprise because they realize that they profit only as their community prospers, and their community prospers only as the public enterprises succeed—and the school is the greatest enterprise of a community.

Pupils, teachers, parents, trustees and citizens must coordinate their efforts in order that the schools may be successfully carried on for the term. Without such co-operation, failure to a greater or less extent will be the result.

DROUTH INSURANCE

AFTER GOING THROUGH a drouth of several years' duration, people are more or less interested in avoiding in the future the hardships and setbacks caused by drouths.

Drouth insurance is advocated by Dr. W. C. Dickey. This kind of insurance will act as a preventative if properly carried out by the farmers of the drouth areas of the United States, Dickey told Rotarians at luncheon Tuesday.

Drouth insurance, such as advocated by Dr. Dickey, consists of five major points:

1. Three years' supply of feed on hand.
2. Three years' supply of canned food in the cellar.
3. Salt away the first \$600 that can be spared.
4. Hold water where it falls.
5. Build stock tank dams and small lakes on farm.

With three years' supply of feed on hand the stock will be kept in good condition, and it will insure such food items as meat and lard, chickens and eggs and milk and butter, added to the canned food in the cellar and what may be bought with the \$600.

Crops can be made on short rainfall supply if kept where it falls by means of terraces.

Many stock tank dams and small lake dams could be built by the government instead of a few large dams, thus distributing the expenditure of money over a wide section of country instead of in just a few centralized locations, and insuring less hot winds and more favorable climatic conditions.

BRANDING DANGEROUS CARS

IN AN EUROPEAN COUNTRY, the cars of motorists convicted of flagrant violation of traffic laws are painted with an emblem, as a warning to other drivers. It is said that this practice, newly started, has caused an appreciable decline in dangerous driving, as motorists naturally want to avoid the embarrassment and publicity the emblem gives them, says the Industrial News Review.

The worst class of offenders consists of those who push the throttle to the floorboard as soon as they get out of sight of a traffic officer. Excessive speed—and there are times when 15 miles per hour is excessive—is responsible for more deaths than any other driving violation.

Passing on hills and curves and "meandering" through traffic are also potent causes of death, injury and destruction. On a myriad tragic occasions, a driver has tried to save a needless minute—at the cost of a life.

Yes, it might be a good idea to adopt the branding practices in this country. A suitable emblem would be a skull and cross-bones.

SCHOOL OPENS AT ESTELLINE

Enrollment Reaches 400; Vocational Topics Taught

ESTELLINE, Sept. 10.—The 1936-37 term of the Estelline School System opened here Monday with an approximate enrollment of 400.

The first three days were devoted to classification and registration.

Four school buses are in operation, bringing about 240 pupils to the school daily. This increases the enrollment considerably.

The Estelline school has 23 1-2 affiliated credits. The new school program, according to J. T. Duncan, superintendent, will place a great deal of stress on vocational work, three years of home economics and two years of vocational agriculture being offered.

Only two changes have been made in the faculty of the school. Mrs. Daisy Kennedy resumes her place in the grammar school after a year's leave of absence, replacing Miss Pool. And D. C. Smallwood of Stoneburg, Texas, has been employed as Spanish and mathematics instructor in the high school.

Other members of the faculty include: Carl Bailey, high school principal; Miss Schellenberg, English teacher; Miss Nelson, home economics; Walter Labay, vocational agriculture and bookkeeping; Joe Allen Ballard, social sciences; Miss Rogers, first grade; Mrs. A. J. Brown, second grade; Mrs. Vida James, third grade; Mrs. Walter Labay, fourth grade; L. B. Penick, principal of the grammar school and seventh grade teacher; Edsel Curnutt, coach and sixth grade.

Open Enlistment In Army of U. S.

Positions are now open in the United States Army, according to information received by The Democrat this week from Robert E. Forsythe, sergeant at the U. S. Army Recruiting Station, Amarillo.

In a letter to The Democrat, Sgt. Forsythe stated:

"During the month of August the Amarillo Recruiting Station accepted 25 enlistments. There are still many vacancies to be filled by qualified young men in the medical corps and engineering corps stationed at Denver, Colo., and in the infantry, stationed at Fort Warren, Wyoming.

"A few of the qualifications are that the applicant must be between the ages of 18 and 35, be physically sound and of good character. Character references are required of all men who have had no previous army service.

"There are many advantages offered to young men who sign up. There are schools for cooks and bakers, engineers, musicians, and schools for general business training are now being held."

Relative of Local Citizen Succumbs

Mr. and Mrs. L. G. DeBerry returned Monday from Nocona, where they went Saturday on account of the death of Mrs. DeBerry's brother-in-law, M. H. Mitchell, who died at his home in Nocona Saturday morning at 11:05 o'clock after an extended illness.

Funeral services for Mr. Mitchell were conducted Sunday afternoon at 4 o'clock from the Methodist Church at Hardy, with Rev. Thomas, pastor of the Methodist Church at Nocona, conducting, assisted by the Methodist pastor of Saint Jo. Interment was made in the Hardy Cemetery.

The deceased is survived by the widow, two sons, his parents, two brothers and four sisters.

Dinosaur Teeth Thought Found Near Estelline

A set of teeth, believed to be from some huge prehistoric animal, was found in the bed of Baylor Creek south of Estelline recently by Pat McLean, farmer.

The teeth are thought to be from the lower left side of the jaw and weigh approximately four and one-half pounds.

The teeth are the second "find" of a prehistoric nature made in Hall County in recent months. A few months ago the fossilized remains of what was thought to be dinosaur teeth and bones were discovered near Newlin by a Works Progress Administration crew.

No proof has been established yet, however, that any of the fossils found here recently are remains from the Pleistocene era.

Radio Broadcasts From Fort Worth Advertise County

Memphis and Hall County received considerable favorable publicity Thursday, September 3, when a 15-minute program was broadcast over radio stations WBAP, KTAT and KFJZ of Fort Worth, and KGKO of Wichita Falls, on Memphis Day at the Fort Worth Frontier Centennial.

Following is a summary of what was said over the air boosting Memphis and Hall County.

"Memphis is the County Seat of Hall County. It has practically doubled its population and wealth since 1920.

"Over 50 per cent of the land in the county is available for crops. In 1935, 142,000 acres of crops were harvested from only 60 per cent of the tillable land available. The farm income is not dependent on any one crop.

Cotton, dairying, poultry, cattle, grain sorghums, hogs, sheep, horses and mules produce over \$10,000,000 annually. Terracing and soil erosion work to the extent of 5,000 acres was completed in 1935.

"The splendid city of Memphis is literally full of wide-awake, progressive citizens. New school buildings, a modern courthouse and city hall, beautiful churches, a fine Carnegie Library, and a very bracing climate all make Memphis a real 'home city.'"

Church of Christ Pastor Conducts Four Big Revivals

Mr. and Mrs. Dwain Jones returned to Memphis Tuesday from a two-months' evangelistic campaign. Mr. Jones will preach Sunday at the Church of Christ at both services—morning and night—beginning his second year's work with the local church.

During the past two months Mr. Jones conducted Meetings at Thalia, Gober and Decatur, Texas, and Snyder, Okla. Seventy additions to the church were made during his meeting at Thalia; 31 additions at Gober, 28 at Decatur and 34 at Snyder. He conducted one service at Alford and had six additions. He will return to Alford and conduct a 10 day meeting in October.

While on their rounds Mr. and Mrs. Jones visited the Texas Centennial at Dallas.

Name Memphian on Pharmacist Board

N. W. Durham, Memphis pharmacist, was re-elected Tuesday in Amarillo to serve as vice chairman of the district legislative committee of Panhandle druggists.

Mr. Durham was named to serve on the legislative committee along with several other druggists of this section at a meeting of druggists from the thirty-first senatorial district.

The Panhandle druggists will make an organized effort, together with the state association, to prevent unfair trade practices on the part of manufacturers, jobbers and dealers.

Memphis Baby Is Attacked By Dog

Billy Ray Crawford, three-year-old son of Mr. and Mrs. Hugh Crawford of this city, was bitten by a dog in Hedley last Saturday morning, as the Crawford tot played about the home of his grandparents, Mr. and Mrs. D. M. Grimsley.

Billy Ray, while playing about the yard, tripped across a neighbor's dog and fell on him. The dog, which had been asleep, was apparently frightened when the child fell on him, and bit the child twice before being driven away.

Two deep gashes about the face were received by the Crawford baby.

Womack Grocery Is Local Headquarters For Green Savings Stamps

The A. Womack Grocery has on display a number of very attractive and unusual premiums for the housewife. Several other local firms are giving these green stamps along with this firm which enables the saver to accumulate them more rapidly. To those who have the old S. & H. Green Saving Stamps, Mr. Womack will be glad to redeem those for you.

A great deal of interest has been taken by the Memphis housewife and this firm gives away several premiums each week. They are receiving new premiums each week and some of the newest items on the market. Mr. Womack will be glad for every one to come and see these premiums from time to time; as the premiums on display this month will be given away and new premiums added each week. As the old philosopher says "Great oaks from little acorns grow" so shall your green stamp book fill in a short time.

Although it does not take half a book for many of the premiums.—Adv.

"HAD TO GET UP FIVE NIGHTS, SOMETIMES OFTEN SAYS ABILENE BUSINESS"

Now Sleeps All Night and Feels Well—Anxious to Recommend S. L. K. Formula to All Sufferers

So many people pass wretched days and nights!—sluggish with constipation—tormented with painful Gas and Bloating—backs aching with sluggish Kidneys—nerves tight and strained! Such men and women will be thrilled to know that Thousands—formerly sick and suffering—are finding wonderful relief with the private prescription of an Army Doctor—a prescription called Williams S. L. K. Formula and is now available here in Memphis at Tarver's Pharmacy.

Amazing Testimony
Typical of the amazing testimony of praise that many grateful users are writing is the following: "For quite a while I have been in a general run-down condition; felt like I wanted to go to sleep any time anywhere," says Mr. E. McCall, 781 Chestnut, Abilene, Texas. A resident of Texas many years, Mr. McCall has been in the upholstery business since 1930 and has built up an excellent reputation for himself here in Abilene.

Lesley Defeats Salisbury In 1st Championship Ball Game

Lesley forged into the lead in the Shaughnessy playoff series to determine the championship of the Hall County Baseball League with an 8 to 3 win over the Salisbury nine on Lesley's home field last Sunday afternoon. The game was played before a large crowd, and was much more interesting than the score might indicate.

"Big Boy" Carroll, ace moundsman for the Lesley crew, gave up only six hits—and they were well scattered—in defeating the chesty Salisbury club, and in subduing Garvis Davis, Salisbury's speed-ball pitcher.

Besides holding the enemy in check, Carroll led the batting for the victors, getting a double and a triple. The Lesley team got only 10 safeties off Davis, but the blows were well bunched.

Lesley jumped into the lead in the third inning, after Salisbury scored once in each of the two opening frames. Four hits, resulting in three runs, were made by the winners in the third frame.

Salisbury scored again in the fifth and in the sixth, but Lesley scored twice in the seventh and twice in the eighth to salt the game away.

The championship series will be renewed in Memphis Sunday afternoon. The teams will play on the Memphis CCC Camp diamond, which is perhaps the best diamond in the county. An admission charge of 10 cents will be made. Game time is 3:30.

Estelline Will Open Football Season Today Against Dodsonville Team

ESTELLINE, Sept. 10.—The Estelline Bear Cubs will blast the lid off the 1936 gridiron season here Friday afternoon as they match brain and brawn with the Dodsonville eleven.

The tilt is scheduled for 3:30 in the new Bear Cub Stadium, which is being rapidly rushed to completion.

With only two weeks of practice under their belts, the Cubs have been going through tough scrimmage sessions each afternoon in an attempt to be ready for this encounter, at which local fans will get their first view of this season's club.

With a squad of 30 players of about equal caliber, Coach Curnett has been trying many combinations this week in an effort to determine his starting lineup. Practice sessions indicate that the eleven starters that will take the field Friday afternoon will be composed of: Ends, Stout, 185 pounds, and Hood, 160; tackles, Wright, 220, and Helms, 155; guards, Sims, 135, and Hinton, 155; Center, Ewing, 160. The backfield starters appear to be Adams, 122 pounds; Rapp, 155; Leatherwood, 146; and Spradlin, 155. Adams will likely do all the passing, with Stout calling the plays and carrying the kicking assignment.

Reserves will be strong and plentiful in Thomas, Baccus, Cook, Herry, backs; W. Adams and Wade, ends; Stillwell and Phillips, tackles; Leary and J. Wright, guards; Chandler, center.

The squad was dealt a heavy blow this week when Hockaby, 170 pound lineman, enrolled at Turkey.

The Curnett men are rated slight favorites in this contest on the basis of their 39-6 victory over the Dodsonville team last year. However, the invaders lost no men and a new Coach in Curtis Clements, WTSC luminary, has been added.

In regard to the game, Coach Curnett remarked, "We should beat this bunch, but it will be plenty tough going."

Memphis Football Coaches and a Number of Grid Fans from Here Gained an Inkling of What This Year's Wellington Football Team Will Be Like Friday Night of Last Week

Memphis football coaches and a number of grid fans from here gained an inkling of what this year's Wellington football team will be like Friday night of last week. Wellington defeated Community Center, a Childress County team, by a score of 39-0 in the first football game to be played this year in the Panhandle, and possibly in the state.

Football enthusiasts from all over the country attended the Wellington game. The game was by way of dedicating the renovated stadium, Powell Field. Stands have been built along one side of the field, and pep squad and band sections have been constructed on the opposite side. Wellington now boasts one of the best seats in this section.

As to the game itself, this writer left at the half. The score at that time was 19-0, and it was starting to rain. Hundreds and hundreds of the spectators left at the half because of the inclement weather.

Wellington is grooming a half-back already for all-district honors. The Wellington Leader last week announced that R. V. Estes, 150 pound halfback, will probably develop into the star backfield performer in the district this year. In Friday night's game Estes showed up to advantage, but the competition he will meet when playing against such team as Memphis, Shamrock, Wheeler, and McLean will be on a much higher plane than was Friday night's. Two or three of Estes' teammates outshone him in the opening game.

Vernon Leatherwood, the stocky young streak from Estelline and Farnell who almost defeated Memphis' football aggregation last year, although aided and abetted by 10 teammates, plans to perform on the college gridiron for Louisiana State University. He has enrolled in an LSU prep school at Monroe, La., it is said.

Down at Estelline they are already looking forward to the track season next spring. Estelline walked off with the county honors last year and placed high in the Regional meet at Canyon, and Coach Edsel Curnett is laying plans now for another strong track team next spring.

Dove hunting, now in season, appears to be the call of the day at present for a number of the local sportsmen. Complaints, however, have been registered that persons are shooting doves on the highways and on restricted private property. Shooting of doves on the public highways is an infraction of the law.

The Kennedy Hotel here boasts a novel leasehold team, with almost every able-bodied man staying at the hotel battling for a position on the first team. The novelty of the team lies in the fact that eight of the nine players are pitchers and the other is a of its play to "catch."

"Big Boy" Carroll, ace pitcher for the Lesley baseball nine, is one pitcher who belies the accepted fact that all hurlers are naturally weak hitters. The 220-pound moundsman is one of the hardest hitters in the Hall County Baseball League, and he seldom goes hitless in a game.

Mrs. Crabb Has Arm Amputation

Mrs. B. C. Crabb of near Lakeview underwent an operation in a Memphis hospital Monday afternoon, at which time an arm was amputated. Mrs. Crabb is still confined to the hospital, although her condition is said to be improving.

Down at Estelline they are already looking forward to the track season next spring. Estelline walked off with the county honors last year and placed high in the Regional meet at Canyon, and Coach Edsel Curnett is laying plans now for another strong track team next spring.

HELP 15 MILES OF KIDNEY TUBES

To Flush out Acids and Other Poisonous Waste

Doctors say your kidneys contain 15 Miles of tiny tubes or filters which help to purify the blood and keep you healthy. Most people pass about 3 pints a day or about 3 pounds of waste. Frequent or scanty passages with smarting and burning shows there may be something wrong with your kidneys or bladder.

An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the beginning of sagging backache, rheumatic pains, lamingo, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 Miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

DOCTOR'S FORMULA RELIEVES AGONY OF RHEUMATISM

An Army Doctor Offers His Private Prescription to Mankind—Quickly Relieves Pains of Rheumatism, Neuritis—Reaches Painful Uric Acid Deposits Through the Blood Stream

Many men and women who read this are desperate with the feat and agony of rheumatic pains. How well you know—you sufferers—what this scourge of mankind means to its victims! Long, sleepless nights—racked with pain; dull half-alive days—crippled with the horror of neuritic agony; inflamed, aching muscles and joints—every fibre of your body loaded with impure deposits of body poison. . . In desperation, you have tried salves, liniments, "cure-alls." Disillusioned—discouraged—life has little meaning for you today.

But at last there is a genuine message of hope for you. Read carefully every word of this astonishing message—for it may be the most important—the most precious thing you have ever read in your entire life.

Doctor's Discovery

In the World War an Army doctor saw the wretched, hopeless misery caused by rheumatic pain. He faced the problem with courage—he devoted himself to it with every ounce of his strength. For years he toiled to help men suffering from rheumatic pain—unable to rest until he could give an answer to the tormented, suffering victims in his care.

At last he found—to his inexpressible joy—a formula that worked! Uric Acid Form Sharp. Tiny Crystals in the muscles of victims from rheumatic pains. Each time these muscles are moved, these foul poisonous substance causes excruciating pain. These painful deposits can be reached—Not From the Outside—hot through the blood!

He tried his formula on the most stubborn cases of rheumatic pain he could find! To his astonishment, the results were beyond his highest expectations. The pain—the agony—were relieved as if by magic. Today Thousands

of Men and Women who suffer from rheumatic pains are finding the same relief.

Thousands suffering from rheumatic pain are guaranteed quick relief with doctor's formula—or money back.

Money-Back Guarantee

The name of this medical formula is Williams R.U.X. Compound. In certain cities of the United States it is already available. One of these cities is Memphis and a limited supply has been placed with Tarver's Pharmacy.

This scientific formula—Williams R.U.X. Compound—must not be confused with "pain deadeners" and "cure-alls." There is nothing supernatural about it—its extraordinary properties are based on simple Natural Laws.

It is offered under this unheard of guarantee: If You Are not Relieved of Your Rheumatic Pains in 10 Days—if you are not completely—utterly—satisfied—no matter how many years you have suffered—simply bring the empty bottle back to your druggist and he will hand you over, without question, every cent you paid for it.

Remember—a limited supply of Williams R.U.X. Compound is now on hand at Tarver's Pharmacy.—Adv.

Freak Cave-In Occurs On Farm Of W. A. Morrison At Parnell Last Week

Frank Solomon, Parnell farmer, is wondering how it would feel to wake up some morning and find that his entire farm had dropped out of sight.

He had an experience along this line last week when a part of his maize field dropped about 30 feet in a freak cave-in.

Mr. Solomon was milking Thursday morning of last week when he noticed a cloud of dust suddenly rise in his maize field. He thought something was strange, but did not investigate.

Later in the day he went to the field to chop weeds and came upon a cave-in some 36 feet in diameter and 30 feet deep. The land had apparently merely dropped down.

Mr. Solomon stated that he had quite a "creepy feeling" when he came to the hole, which was as round as a cistern. He had chopped weeds on the same spot the day before.

Several such cave-ins have occurred in the same field on the W. A. Morrison farm. All previous "sink-holes" have been nearer the river.

OIL TEST WILL BE DRILLED IN TURKEY AREA

Well Is Spudded In; To Bore At Least 3,500 Foot Test

Special to The Democrat

TURKEY, Sept. 10.—Turkey is getting some more oil play, this time the activity will center around a block of leases north and northwest of Turkey, on what is known as the Owen ranch, owned by the Travelers Insurance Co.

Rig materials have been received for the new test, and spudding in was done this week. The contract calls for a 3,500 foot test, and the drilling crew will be in a position to drill deeper if necessary.

C. R. Carter and W. T. Daniels of Dallas have the block of leases and the well is to be drilled by J. F. Morrissy of Fort Worth.

The location will be some seven or eight miles northwest of Turkey and is approximately the same structure that W. B. Blocke, geologist, of Los Angeles, worked out in 1927.

Another test in this particular section of the state is also due to spud in about October 1. This is on a block of leases in the White Star community, some 20 miles south of here.

It is probable that more than one test will be drilled in the White Star community.

AGRICULTURISTS IN ASSOCIATION

Vocational Agriculture Heads Form Memphis Association At Meeting In Lubbock

An association of vocational agriculture instructors which will be the means of new soil conservation teaching in schools of this area has been formed, with A. A. Tampeke of Quail as president.

It is to be known as the Memphis Association. The first meeting will be held in Memphis on October 10, with an elaborate program planned.

Other officers are E. A. Peck of Samnorwood, vice president; and Riley W. Carleton of Memphis, secretary.

The association was formed during a recent meeting of vocational agriculture teachers at Texas Technological College, Lubbock, where the teachers attended special courses in wind erosion control work.

The Memphis vocational agriculture department at the local high school, although a comparatively new department, has gained wide attention because of its active program.

Judge Folley Is Main Speaker at Rotary Luncheon

Judge A. J. Folley of Floydada, who is holding district court here for Judge A. J. Fires, was the principal speaker at Tuesday's Rotary luncheon.

Every living man has a place to fill in this world, Judge Folley told his hearers. No matter what vocation he follows, if he does his best in his line of endeavor, he is a good citizen and is practicing the Rotary principle, "Service Above Self."

All can't be great and noted men like heroes of the past, but they can fulfill the capacity of which they are capable and be just as good citizens as the famous men were, and be unsung heroes, Judge Folley stated.

If one gives back to the world more than the world gives to him, he is a good Rotarian. It matters not who your ancestors were; it is what you are and what you are doing as citizens that counts. As citizens you are building for humanity, he said.

FUNDS SOUGHT BY UPHOLDERS OF ROOSEVELT

Hall County's Quota Fixed At \$642 By Regional Body

Headquarters have been established in Amarillo by an organization of Roosevelt supporters of this congressional district for the purpose of launching a campaign to re-elect President Roosevelt to head the nation for another four-year term.

In a conference the committee chairman last week announced their detailed plans for assisting in the formation of finance committees in all Panhandle counties and stated that a vigorous campaign would be waged in the entire district for an overwhelming vote for the Democratic party.

Every business house and every individual in the Panhandle has benefited directly from the Roosevelt administration, and all of us would be grateful if we did not generously help in the coming campaign. Mayor Ross Rogers, chairman of the finance committee, stated.

The campaign quota for the Panhandle district, as made up by State Chairman Miller, is \$11,318, with Hall County's figure set at \$642. The quotas were fixed on the basis of 20 cents per voter in the recent primary. On this basis, Hall County had the fourth highest quota in this district of 28 counties.

ASSOCIATION OF HALL TEACHERS MEETS SEPT. 5TH

Mrs. Roy Guthrie Of Memphis Elected To Head Group

Officials of the Hall County Teachers Association for the current school year were elected at the first meeting of the association last Saturday morning at the Baptist Church Annex building here.

Mrs. Roy Guthrie, Salisbury school teacher, was elected to serve as president. Jack Jarrell of Indian Creek was named vice president, and Mrs. Brunetta Morris of Indian Creek was elected secretary for the association.

Discussion of various school problems constituted the major portion of the day's business. A year book was discussed, and a fee of 25 cents per teacher to meet the incidental expenses of the association was voted.

Various committee meetings were held during the afternoon, and 12 of the 14 rural school principals of the county met in the office of County School Superintendent Vera Tops Gilreath for a business conference.

Following are the teachers present for the meeting Saturday: Wesley Foster and Miss Edna Bryan, Eli; Lorin Denton, Mrs. Ola Frank Byrd, and Miss Dorothy Anderson, Deep Lake; Mr. and Mrs. Hugh Colley, Webster; Miss Florence Lokey and Miss Lorene Hayes, Newlin.

Mr. and Mrs. Byron Todd and Paul Pattillio, Parnell; Jack Jarrell and Mrs. Brunetta Morris, Indian Creek; J. W. D. Chappell, Miss Mildred Pittman, and Miss Helen Davis, Brice; Mr. and Mrs. Alvis Yarbrough, Miss Winifred Carter, and Miss Ollie Brown, Pleasant Valley.

Mr. and Mrs. Olsen Sweatt and Mrs. Roy Guthrie, Salisbury; Mr. and Mrs. Burl Lowe, Weatherly; Bill Lyons, Miss Alice Baker, and Miss Amelia Tunnell, Bride Bit; Mr. and Mrs. C. T. Howell, Miss Eta McElrath, and Mrs. Henry Foster, Plaska; Mrs. Jack Jarrell and Mrs. Nada V. Offholter, Friendship.

Mr. and Mrs. Ted Wilson of Amarillo were guests in the King home Sunday at 803 West Harrison.

Mrs. Alla Boswell, Mrs. M. P. Turner, Mrs. G. M. Springer, Mrs. T. J. Hampton and Mrs. E. Gerlach attended a meeting of the Lower Panhandle Odd Fellows and Rebekah Lodge Association at Lakeview Wednesday.
