

# Morrow Asks New Policies Of Demos

By CLAYTON HICKERSON  
By The Associated Press

Wright Morrow of Houston, still plugging for President Eisenhower, asked for a new regime in Democratic national affairs Thursday as the Democratic National Committee met in New Orleans.

Two other Texans, Speaker-designate Sam Rayburn of Bonham and Senator Lyndon Johnson, the next Congress' Senate majority leader, were in New Orleans for speeches before the national party leaders.

The Texans are on the speech program with Adlai Stevenson, the 1952 Democratic nominee whom Morrow refused to support.

The white-haired, ruddy-faced Morrow was Texas' Democratic National Committeeman in 1952 but backed Republican Dwight Eisenhower.

Morrow, Gov. Shivers and Wallace Savage of Dallas, then State Democratic chairman, led the state Democratic Party organization into the Republican camp and carried the state for the GOP nominee.

Since his defection from the party in 1952, Morrow has not been recognized as Texas' committeeman by Stephen Mitchell, the National Committee's chairman. He said he would not attend the party's New Orleans meeting this week.

Mitchell plans to submit his resignation at the meeting, a decision he has said he reached months ago—before Shivers and Morrow began calling upon him to quit "for the good of the party."

"Gov. Shivers knows he has nothing to do with my resignation," Mitchell has said.

But for whatever reason Mitchell is resigning, there are many Democrats who voted for Eisenhower who will be glad.

Shivers, in Chicago to address the Interstate Oil Compact Commission Friday, has spoken of Sen. Earle Clements of Kentucky for the post. Wednesday, Morrow said he made such a proposal two years ago.

"I do hope a chairman is named who will not follow the Mitchell brand of leadership," Morrow said. "I do not believe the Democratic Party as we have known and loved it can survive under this character of leadership."

Then Morrow turned to Eisenhower and his administration. "My sin is that I voted for President Eisenhower," he said. "I am glad I did. He is making a good record."

Morrow said Eisenhower is doing everything he can to unify rather than divide the people and "is making an earnest effort to find some workable means to establish world peace."

Mitchell held last year that Morrow no longer was a member of the national committee because, he said, Morrow submitted his resignation to the State Executive Committee with a copy going to the national group.

The state group later rejected the resignation, submitted after Morrow decided to back the Eisenhower campaign, but Mitchell says

the post was vacated and has never been filled.

A State Democratic Advisory Committee, headed by Byron Skelton of Temple and ram-rodged by Rep. Rayburn and others, has been generally recognized by national party leaders as the real Texas segment of the party. Mitchell recently praised the loyal Texas group for its fund-raising effort in behalf of the party.

# Area Progress Seen At Dallas

DALLAS (AP)—Solid progress for the Southwest was predicted by scores of business leaders yesterday at the opening of the 40-story Republic National Bank building.

"It's real industry, not just 'playground' or 'froth' business," said F. M. McConney, president of Bankers Life Insurance Co. of Des Moines.

Crosby Kemper, president of the City National Bank of Kansas City, said the rate of progress in the Southwest was "certainly ahead" of the nation as a whole.

"I see no stopping of the Southwest in its growth and importance in the future," George Champion of the Chase National Bank, New York, said.

An Aluminum Co. of America vice president, Robert McKee, said he expected business to improve as much as 5 or 10 per cent in 1955.

D. V. Fraser, president of the M-K-T Railroad, was "optimistic about our prospects for 1955 as a whole."

Ernest Kurth, president of Southland Paper Mills at Lufkin, said the United States should stay "on the tough side" in its dealings with Russia and Red China.

Kurth urged the nation "to stop the give-away program, stay strong militarily, and to pass the Bricker Amendment."

The East Texan added that the paper industry is very stable and is getting larger all the time.

"There is nothing I can see on the business horizon that is not optimistic for the next year or two, and I believe that plans for plant improvements should be carried out," Kurth said.

The National Tuberculosis Association celebrates its 50th anniversary this year. Since 1904, TB has dropped from first to sixth place among causes of death in the United States, yet 400,000 Americans have the disease today.

# End Of Shortages Due Soon, Turkish Leader Announces

ESKISEHIR, Turkey (AP)—Prime Minister Adnan Menderes says Turkey will overcome current shortages and become a land of plenty in two or three years.

Four sugar refineries have been built in the last two years and four more are under construction, Menderes reported, with the result recent sugar shortages should not happen again. He believes Turkey will be a sugar exporter by 1956.

The Prime Minister cited these other developments: Seven of Turkey's ports are being reconstructed.

Seven great dams are being built and various power plants are being erected. Irrigation works are also being advanced and soon "no village or district will lack water or electricity."

New processing plants for meat, fish, wheat, macaroni and canned goods are being constructed.

Cement production has jumped from 300,000 tons annually in 1950 to one million today. By 1956 capacity will be 2 1/2 million tons.

The textile industry will have a million spindles in 1955, compared to 250,000 in 1950.

CHICAGO (AP)—Mayor Martin H. Kennelly, has announced he will seek renomination in the February Democratic primary. He is 67.

# Robertson Case Nears Its Close

MINDEN, La. (AP)—The state was expected to complete its case today after Leroy Robertson, 30, Georgian charged with murder after an argument over a woman's attention.

Dist. Atty. Louis Padgett called coroner Thomas Richardson and Dr. Edith Rigby, a psychiatrist.

The two examined Robertson after the slaying of George Meredith, an AWOL soldier from Rockport, Ind., Jan. 24. They were on a panel which ruled him sane.

Robertson testified he was drunk and had a headache when told to sign a confession.

The slaying followed an argument over Mrs. Maureen Young of Ferris, Tex., whom they met in a Dallas bar. Robertson said in the confession she accompanied them from Dallas to Minden.

Leo McDonald, 29, of Seattle, Wash., a long-time companion of Robertson, described the slaying. He said the two men argued over Mrs. Young and Robertson ordered Meredith, who was driving, to pull onto a side road near Minden.

Robertson and Meredith got out and went to the rear of the car and the shooting followed.

McDonald said Meredith "died like a chicken croaking." He said after the shooting Robertson complained "That dirty b...d got my clothes dirty. I ought to go back and cut his throat."

# Senators Hail New Mutual Security Treaty With Chiang Kai-shek As Warning To Reds

By ROWLAND EVANS JR.

WASHINGTON (AP)—Sen. H. Alexander Smith (R-NJ) today hailed the new security pact between the United States and Nationalist China as a "warning to the Chinese Communists" that the United States "means business."

Smith and some other members of the Senate Foreign Relations Committee said, too, that the newly announced pact would lessen, not increase, any chance for hostilities with Red China—either as a result of the Communist action against offshore islands near Formosa or because of the imprisonment of Americans on spying charges.

Secretary of State Dulles, announcing the mutual security treaty yesterday, said it would be signed with the Formosa-headquartered Chiang Kai-shek government within the next few days. It is expected to be sent to the Senate for ratification early next year.

Sen. Ferguson (R-Mich), one of the four Foreign Relations Committee members interviewed today, said:

"The new treaty with Formosa (Nationalist China) shows the Chinese Communists with great definiteness that we will resist firmly and powerfully any action against Formosa. The lack of a definite treaty would more likely have led to hostilities than the fact there now is one."

The pact demands immediate consultation between Nationalist China and this nation on joint action in the event of any attack on either.

Ferguson noted it does not commit the United States to automatic war should an act of hostility, falling within the pact, take place against Formosa.

Meanwhile, a slight hardening of attitude was evident among some senators who have consistently supported the administration's "short-of-war" position on freeing 13 Americans, now in Chinese Communist jails on spying charges.

Smith and Ferguson refused to stand with Sen. Knowland (R-Calif), the majority leader, Sen. Jenner (R-Ind), Sen. McCarthy (R-Wis) and some others who say that the United States should im-

mediately throw up a tight naval blockade around China's mainland. But Ferguson said: "I do not rule out the possibility of a blockade if all other measures fail."

# Two Youths And Girl Sentenced In Murder

CHICAGO (AP)—Two youths and a girl were sentenced in Criminal Court yesterday to prison terms totaling 317 years for killing an 82-year-old man June 26.

Pablo Delgado, 20, was sentenced to 199 years; Victor Camacho, 18, to 100 years; and Miss Emily Shouse, 16, to 18 years.

They were convicted after pleading guilty to a charge of murdering Joseph Gruner in an attempted robbery of a restaurant.

# Rocket Prediction

CHICAGO (AP)—A former German army rocket expert says rocket-propelled airplanes can be built in the next 10 or 15 years with speeds up to 13,000 miles an hour.

Dr. Walter R. Dornberger, missile specialist for Bell Aircraft Corp., said such aircraft could flash from San Francisco to Australia in 1 1/2 hours.

Since its founding 50 years ago, the National Tuberculosis Association has grown to include a network of more than 3,000 community organizations fighting tuberculosis in every state and territory.

Nemcek, who said his home was in Portland, Ore., was booked anew on an escape charge.

**Inter-American Economic Parley Nears End With Friendly Note**

By REGINALD L. WOOD

QUITANDINHA, Brazil (U.S.—The first Inter-American Economic Conference headed for adjournment today on a friendly note. The United States pledged financial help to Latin America but kept a firm hold on its purse strings.

The only formal U.S. commitment was a maximum of 1 1/2 million dollars for the technical assistance program of the organization of American States, plus unspecified millions in loans from the Export-Import Bank, World Bank and the new International Finance Corp. Washington has said it will establish.

The Latin Americans generally expressed satisfaction with results of the parley. Some said they felt they did not get all they wanted, but they admitted the United States had been sympathetic and cooperatively inclined toward their problems.

A number of study groups created by the conference and scheduled to report within the next six months could lay the groundwork

for even closer cooperation between the United States and Latin America.

Counted in dollars, little hard cash was given out. The Latin Americans had hoped for possible commitments from the United States running toward a billion dollars yearly.

The U. S. delegates refused to discuss actual figures but did

**Highest Honor Is Posthumously Awarded Today**

WASHINGTON (U.S.—Kin of three Army men came to the capital today to receive Medals of Honor awarded to the soldiers who died as heroes during the Korean fighting.

Army Secretary Robert Stevens made the presentation.

The nation's highest decoration for combat bravery go to:

1. Cpl. Charles Pendleton of Fort Worth. He was cited for fighting so fiercely with machine gun and grenades that he left 37 Communist soldiers dead around him before he fell mortally wounded July 16, 1953, as the Korean War was nearing an end.

Pendleton, 21, was a machine gunner in the 3rd Division. At one point, he kicked a heavy machine gun from its tripod because he could not bring it to bear and continued pouring fire into massed, onrushing Reds. When an enemy grenade smashed his machine gun, Pendleton grabbed a carbine and killed at least a dozen of the enemy before a mortar shell finally killed him. His widow, now Mrs. Mary Hubbard of Fort Worth, got his medal.

2. Cpl. Dan Schoonover, 19, Army engineer from Boise, Idaho.

3. Sgt. Gilbert Collier, 22, of Tichnor, Ark., who died saving the life of his platoon commander.

Her husband, also ill for some time, was in a critical condition last night. He has been a minister since 1907.

Five sons survive. They are Curtis Cook, managing editor of the Wichita Falls Record News; L. M. Cook, Austin; Charles S. Cook, Tulsa; Don S. Cook, Los Angeles; and R. E. Cook, Glen Rose.

pledge that the recently expanded Export-Import Bank would give a green light to worthwhile Latin American requests for development funds. The World Bank representative also emphasized that his institution had money available if sound projects were presented.

The proposed International Finance Corp., which Washington put forward as another possible source of funds, is to have 100 million dollars available in the risk capital Latin America particularly wants. This corporation is to be part of the World Bank setup.

The United States refused at the conference to go along with a 15-nation proposal for an international coffee agreement but did go along with a plan for a study of the world coffee situation.

**Three Prisoners Indicted In Death Of Perjury Figure**

SCRANTON, Pa. (U.S.—A federal grand jury has indicted three prisoners at Lewisburg (Pa.) Penitentiary on a general charge of murder in the slaying of former government economist William W. Remington.

Remington, 37, a prisoner at the penitentiary, was assaulted with a half-brick stuffed in a stocking Nov. 22. He was serving a sentence for perjury in denying he passed government secrets to a Communist spy ring. He died Nov. 24.

Cagle was quoted by prison officials as saying the motive was robbery.

**Airport Situation Dallas Vote Issue**

DALLAS (U.S.—The Dallas Voters League says it will oppose the city administration in the 1955 elections with the airport ownership situation a major issue.

The League, organized in 1953 by eight of nine defeated candidates for city office, is headed by M. H. Scheffey, real estate man.

Fort Worth recently offered to sell to Dallas a half interest in its Carter Field and Greater International Airport after such a suggestion by Chan Gurney, chairman of the Civil Aeronautics Board. Dallas formally refused the offer this week. The field is about midway between the cities.

The Voters League asserted that the present city administration "placed directly on their shoulders responsibility for all possible aircraft disasters in the Love Field and northwest Dallas area, as well as the economic unsoundness of the Love Field operations."

Love Field is wholly within Dallas and is surrounded by a populous residential and industrial district.

## Record Crowd Hears Don Cossack Chorus

After a 20-year absence, the Don Cossack Chorus returned to Big Spring and a more substantial triumph Wednesday evening.

The event, which marked the opening of the current Big Spring Concert Association season, drew a record crowd for the association's series.

The audience received the chorus warmly, but it reserved its greatest enthusiasm for the livelier novelties and exuberant dancing. "Lengitka," the name of a song which climaxed the second part of the program, hit like a mild bombshell and seemed to pull the concert out of an otherwise rather listless beginning. The crowd roared approval of the dance by S. Trastavieff and especially the knife dance by G. Soloduhin.

At the end, in "Kozatchok," the same two scored a smash hit, aided by the impish antics of S. Sablin and M. Medvedeff. After several encores, the chorus and dancers favored with a repeat and drew six curtain calls.

In some passages, the chorus lacked the fine edge one might expect from such an organization. The tenor section lacked precision and some of the soloists failed to exhibit the clarity and resonance worthy of their roles. In the harmonics of the thing, there were times when the chorus just didn't jell.

Yet, the evening was a delightful one. There were sublime passages. The tenor solo of I. Wasilieff

in the haunting "Soul," with near perfect background by the chorus, was a standout. A. Grigorovitch, bass, received deservedly brisk applause for his lead in "Save Thy People, O God." Most people had tuned their ears for Gounod's "Ave Maria" and were somewhat taken aback by the Donizetti version, but nonetheless it was expertly done. The popular Russian melody, "Monotonously Rings the Little Bell" had good background and better than average solos.

The audience loved the Gypsy "Dark Eyes," with V. Kukuruzas as tenor soloist, and Victor Galley, tenor, spotlighted in the familiar "Two Guitars." Besides "Sound Off," the chorus obliged with another popular number "The Happy Wanderer," and brought the house down.

Adding zest to the program was a touch of light comedy and delightful showmanship by the vocal singers. This contributed much to the captivation of the audience.

One could not help contrasting the occasion with one back in the early 30s when the Cossack chorus came to town. Times were hard and the night was bitterly cold. The chorus, although it almost outnumbered the audience, sang as though the house were jammed. After a score of years, it was good to see the seats filled and hear an extra measure of cheering that was long overdue.

## 1953 Hyperion Hears Of Holiday Customs

A quiz on Christmas customs of other lands was given to members of the 1953 Hyperion at the meeting in the home of Mrs. James Duncan Wednesday afternoon. Mrs. Jackson Friedlander was co-hostess.

Mrs. Harold Davis and Mrs. G. S. Brehmets were in charge of the program, which was entitled "Holiday Customs Throughout the World." They told of Christmas customs in various countries.

Jack Hendrix, teacher of organ at Howard County Junior College, played the following carols, giving the century and country of each: "To Us Is Born a Little Child," "What Child Is This?" "The Three Kings," "Joseph, Dear Joseph" and "We Three Kings." He brought out the fact that the last named carol is strictly American, having been written in 1837 in this country.

The resignation was accepted of Mrs. Willis Underwood, who is moving from the city. Mrs. Friedlander was appointed to replace her as parliamentarian. Mrs. John Berkey resigned as representative to the City Federation, and Mrs. Harrol Jones was appointed in her place.

A green linen cloth was used on the refreshment table. It was decorated with an arrangement of red carnations in front of a silver candleholder holding red tapers. Mrs. Friedlander presided at the coffee

service. Sixteen were present, including Mrs. Hendrix, who was a guest.

The bride is a Lamesa High School graduate and was employed at Frogge's Studio before her marriage.

The bridegroom, after graduating from Lamesa High School, served three years in the United States Air Force. He is now engaged in farming in this country.

## HOLLYWOOD BEAUTY

### Uses Granulated Sugar To Take Off Make-Up

HOLLYWOOD — Brooklyn-born Jackie Loughrey came to pictures after she was chosen Miss U. S. A. in the 1952 "Miss Universe" contest.

"I won this title primarily because they thought I was a representative American girl," she told me as we lunched recently at the Brown Derby in Hollywood. "That may have been part of it."

I commented, "but don't you think your experience as a model, your poise and posture were valuable attributes?"

"I took dancing as a child and there is no doubt about it that this training gives you something you can enjoy for the rest of your life. Selecting beautiful clothes is part of being attractive but you have to know how wear them."

Jackie was dressed in beige which set off her Auburn hair and blue eyes perfectly.

"I didn't think I could wear this shade until I went to modeling school. They have a class in color affinity and selected this as my most becoming color. Before that I was partial to blue."

"What else did you learn at modeling school?" I asked.

# Kremlin Slates Drive To Place Men On Farms

MOSCOW (AP)—Another massive effort for 1955, to move more people to Soviet farms to raise enough food for the growing population, is forecast in the Moscow press. This is to be the second big push. And this time, it is indicated, a real effort will be made to weed out surplus employees in over-stuffed government ministries, not only in Moscow but in all the republic (provincial) capitals. They will be sent out to do their bit on the virgin lands, state farms and machine tractor stations.

The problem in the Soviet Union is: How you gonna get 'em down on the farm in Siberia after they've lolled behind a desk in Moscow?

That is the job of Nikita S. Khrushchev, first secretary of the Communist party and the man in charge of boosting agricultural production.

Khrushchev kicked off the first of his multiple farm drives in September 1953. Volunteers were recruited and the country was able to report a slight increase in grain production but still short of the goals in livestock raising.

Now the leaders want to open more acreage, with more people. The Soviets need more grain not only for their own people but for trading purposes.

# '100 MINUTES OF HELL'

## Conference Of Mayors Told Of Atomic Danger

By D. HAROLD OLIVER

WASHINGTON (AP)—The nation's mayors were told by the Continental Air Defense commander today that the outbreak of a global war could mean "100 pinpointed minutes of atomic hell on earth" for a hundred big American cities.

Gen. Benjamin W. Chidlaw posed this frightening possibility, saying it is the United States which stands "the most likely chance of aerial blow" before Russia strikes anywhere else in starting a full scale war.

Chidlaw's remarks were prepared for the more than 200 mayors and city managers from the 48 states and territories gathered for briefings on the nation's foreign and defense policies.

President Eisenhower, who issued the invitations for the two-day series of meetings, arranged to greet the group with an informal speech.

His talk was scheduled for 9:50 a. m. EST.

Aside from the President's talk, the sessions were scheduled to take place behind closed doors although some speeches such as Chidlaw's are being made public. After each speech the meeting was to switch to questions and discussion.

The Mayors' Conference is the kind of kind.

Last year's conference developed a sharp dispute among the mayors and government leaders over the role the federal government should play in civil defense in an atomic emergency. Eisenhower told that meeting that the cities should shoulder the main burden.

Meanwhile, the National Security Council, which last year's conference asked to review the civil defense subject, and the Federal Civil Defense Administration have made what FCDA officials describe as "much progress" in working out plans. The FCDA is now stressing evacuation measures.

Chidlaw appealed for civic understanding of the problems of air defense, including the noise nuisance of jet fighter planes and the admitted danger of their operations and high explosive loads.

He added:

"To our possible enemies... who sit at their planning tables to complete a schedule of takeoff times for their existing bomber fleets, the 100 biggest cities represented here by you... may mean to them only those aerial forces and weapons required to produce the 100 pinpointed minutes of atomic hell on earth necessary for their destruction."

News From Webb Air Force Base  
 By JAMES F. KRUEGER

## TWO CONTESTS UNDER WAY IN WEBB CHRISTMAS SERIES

Two contests with a total of \$210 in prize money, were announced this week to start Webb's Christmas season with a bang.

All Webb squadrons will be competing for the \$100 that is first-prize money in the Best Decorated Barracks contest. Rules for the contest will be announced this week, and are expected to be similar to last year's. Everything from lighted tableaux to cardboard cut-outs may be used. Second prize is \$50, and third prize is \$25. The money will go into squadron unit funds.

While some airmen get together to decorate their barracks, others are wracking their brains trying to think up a catchy safety slogan.

In an effort to cut down holiday traffic accidents, Webb is inaugurating an all-out safety campaign. Twenty dollars will go to the man who can think up the best slogan. There is a ten dollar second place prize, a five dollar third place award, and an honorable mention.

## Executive Reserve Plan Is Announced

WASHINGTON (AP)—Thirty-three industry and labor officials conferred with mobilization officials here yesterday preliminary to the forming of a voluntary "executive reserve" of men who could be called to government service in wartime.

Mobilization Director Arthur S. Flemming told the group, mostly corporation executives with wartime experience here, that each "reservist" will be attached to the Office of Defense Mobilization as an unpaid consultant.

In event of full mobilization, each will be prepared to step into an executive post in a specified phase of emergency activity, such as price control, wage stabilization, rationing or allocations.

# Hour Of Crisis Nears For Galveston Tors

By BRUCE HENDERSON

The hour of crisis nears for Galveston Ball, which fought from ragamuffin to king in Texas schoolboy football. But it's not expected this week.

The Tors, only unbeaten team in Class AAAA, open their drive for a state championship Friday night in a bi-district clash with Austin of Houston, which has been beaten four times. Galveston is a solid favorite to roll into the semifinals.

While bi-district warfare opens in Classes AAAA and AAA the two lower divisions that battle to state crowns, AA and A, will be fighting through second rounds and eliminating down to quarterfinals.

Before the season, most everybody rated Galveston far below such touted toughies as Baytown and Port Arthur, which share the Tors' district. One state poll had Galveston in a three-way tie for 15th among AAAA teams.

The Tors, blasted to their district crown, streaking victories and Fort Arthur in successive weeks, and came out unbeaten, untied and ranked tops. Galveston has rolled up 229 points while holding the opposition to 87.

Ahliene, power of the West and beaten only by unruly Breckenridge of AAA, is a hands-down favorite to reach the finals.

The Eagles fall from rough-and-tumble Dist. 1, where they smashed Odessa 21-7, Amarillo 47-0, Lubbock 35-7, Midland 28-14 and San Angelo 27-0. Ahliene is a solid choice over thrice-beaten El Paso Austin in their bi-district game at Ahliene Saturday afternoon.

The victor plays in the semifinals the winner of the other AAAA contest, Fort Worth Poly at Dallas South Oak Cliff, Friday night. This contest is generally rated a tossup.

In Class AAA, unbeaten-untied Lufkin is expected to whip twice-beaten Sherman at Sherman Saturday afternoon but the only other perfect-record team in this division—Garland—is an underdog.

Garland faces Breckenridge on the Buckaroos' field Friday afternoon. Breckenridge was the outfit that beat Ahliene and has played a much tougher schedule, losing only to Sweetwater and held to a tie by Levelland.

## LOOKING 'EM OVER

With Tommy Hart

Here's the way the weekend football games look to me:

NOTE DAME 28 SMU 7. The Irish may run into a tougher defense in Dallas than they have experienced all season but figure to have the ball often enough to finish in front. The Ponies may have been "higher" for TCU last weekend than they will be this Saturday.

HOUSTON 14 DETROIT 7. The Cougars haven't had a very successful season but they should cop the duke. Detroit has been off its feed all year.

BRECKENRIDGE 42 GARLAND 7. I still think they play rougher football in District I-AAA than anywhere in the state.

LUFKIN 33 SHERMAN 6. Lufkin appears to be about the only club in AAA ball capable of staying up with Breckenridge (excluding Sweetwater, of course).

MALLEN 13 ALAMO HEIGHTS 6. On the strength of McAllen's better record. Alamo Heights had lost a couple of ball games.

PORT NECHES 20 TEMPLE 7. The Indians should have no trouble getting to the state finals again, but barring another rain (and a lucky coin flip) they won't win it all.

ABILENE 34 AUSTIN (EP) 7. The Eagles were wounded by Breckenridge in an early season start but who could compare Austin with the Buckaroos? Abilene looks better every time out and obviously is in the easier bracket of the playoffs.

FW POLY 7 DALLAS OAK CLIFF 0. I don't think it matters one way or another, which team wins this one because the winner must face Abilene in the semi-finals.

WACO 20 CORPUS CHRISTI MILLER 6. Miller might score but the Waco defense is very tough, as Odessa and nine other ball club swill attest.

GALVESTON 14 HOUSTON AUSTIN 0. This Galveston ball club still hasn't sold me on the idea it is a great ball club, despite its impressive record of ten wins without a loss. However, Austin made the playoffs despite the fact that it lost four decisions.

COLORADO CITY 20 PHILLIPS 14. All signs point to a Phillips victory but this Colorado City team appears able to rise to the heights when it needs it. The winner here is apt to breeze into the finals.

LITTLEFIELD 14 COMANCHE 6. Any team that can beat Andrews as thoroughly as did Littlefield deserves the nod.

WEATHERFORD 20 TERRELL 11. Maybe Weatherford has been playing "patshies" but the team has looked tough in its own district.

Skipping over the others in a hurry:  
SUNDOWN 27 McLEAN 7.  
ALBANY 20 SONORA 0.  
PADUCAH 33 CLIFTON 0.

Billy Capps, the former Big Springer who bossed Corpus Christi to a strong finish in the Big State League last year, is due to move into the Longhorn League next season. Billy is one of the most popular players ever to perform here.

## Lions Club To Treat Grid Team At Settles Tonight

The Lions' Club rolls out the royal carpet for members of the Big Spring High School football team and their coaches at the Settles Hotel this evening.

The service organization stages its annual feed for the gridgers in the ballroom of the hotel, starting at 7 p.m.

Club officials promise an interesting program for the party. Louis Carruthers, chairman in charge, says it will be a radical departure from any thing held at other football banquets in the past.

Mike Brumblow, the Texas Western coach who again has put his Miners in the Sun Bowl, will appear as principal speaker. Mike has made many friends in his appearance here in the past.

He perhaps is even better known here as an assistant coach at Texas Christian University (under Dutch Meyer) and a one-time scout (he charted the strategy for SMU in that famed game against Notre Dame in 1949).

The party is one of two in which the gridgers will be honored this week.

Early Friday, they pull out for Breckenridge in a special bus chartered by the local Quarterback Club, where they will be honored as co-champions of District I-AAA.

They will be guests at a luncheon there, then will be taken to the football field for the Breckenridge-Garland playoff game.

## Bosses Are Too Strict, Says Hoop's Mother

SYDNEY, Australia (AP)—Lewis Hoop's mother said today her son's tennis slump is due to "too much discipline."

Hoop's no-care attitude and spoty play has been a source of worry to Australian Davis Cup selectors, who are depending on him to help protect the cup in the Challenge Round Dec. 27-29 against either the United States or Sweden.

"Lew has not had a chance to relax since the Davis Cup last Christmas," Mrs. A. Hoop said at her home here today.

"He was under discipline during the Davis Cup and soon afterwards went into the army for national service training. When he came out he went on an overseas tennis tour still under discipline. And he still is under discipline."

Mrs. Hoop said Lew will be only 20 next week and "I feel a tad of that age needs more time to relax."

Harry Hopman, Australian Davis Cup captain and team touring manager, has been sharply criticized by the Australian press for his strict disciplinary measures.

His demands for rigid training limited all social activities of players under his supervision.

Asked for comment on Mrs. Hoop's statement, Hopman replied: "Mother knows best."

Hoop was carried to five sets in his last two matches in the Victorian Championships this week and said he was "fed up" with tennis. He was slated to meet Yie Selxas, United States champion, in the semifinals today.

## Robison Again On All-State

Carleton (Frosty) Robison, Big Spring's stellar halfback, was one of three District I-AAA players to make the Fort Worth Star-Telegram's 5A All-State football team, it was announced this morning.

For Robison, it is the second year in a row to earn the honor. The other I-AAA players selected were Lonnie Holland, Plainview quarterback; and Jerry Cramer, Breckenridge tackle.

The Star-Telegram's first team: Don Uray, Cleburne; and Davis Harris, San Antonio Edison, ends; J. E. Driskell, Lufkin; and Cramer, tackle; Gerald Lambert, McAllen; and James Blount, Port

Neches, guards; John Lineberger, Texarkana, center; Holland, Robison, Charles Frederick, Lufkin; and Larry Hickman, Kilgore, backs.

Those in District I-AAA gaining honorable mention on the team included Sonny Everett, Breckenridge; and Gary Lawton, Levelland, ends; W. L. Peavy, Breckenridge, tackle; Steve Blair, Snyder, guard; Jerry Payne, Breckenridge, center; and Mac Freeman, Levelland; Bennett Watts, Breckenridge; and Harroll Hobbs, Sweetwater, backs.

The Brooklyn Dodgers signed rookie pitcher Karl Spooner for \$600 in 1950 on the advice of a newspaperman.

## Job Will Be Tougher Next Season, Says Durocher

By JOE REICHLER

HOUSTON (AP)—Leo Durocher refused to predict another pennant today but declared the New York Giants might be stronger in 1955 and hinted that Brooklyn and Milwaukee would have to be better if they are to prevent his world champions from repeating.

Relaxing in his plush hotel suite while attending the minor league convention here, the dapper Giant manager conceded his job "might be a bit tougher" if the Dodgers' Roy Campanella and the Braves' Bobby Thomson return to top physical form.

"I don't know whether we can win or not," he said frankly. "I do know we have a good ball team. It may be even better than last year's. But it might be harder to win. It all depends on how much the Dodgers and Braves help themselves from now until the start of the season. You've also got to remember that every club shoots at the champ. That's the way it should be."

Durocher also conceded he could use another starting pitcher but added quickly his team was set and that he had made no attempt to make a deal here.

Calling Johnny Amoselli and Ruben Gomez his "Mr. Left and Mr. Right," who would pitch every four days regardless of the oppo-

sition, he said he was counting on Sal Maglie, 37-year-old clutch pitcher, as a one-week sifter.

He said he was counting heavily on Monte Irvin making a comeback and predicted the big left fielder would climb back into the .300 class again next year.

Trading business picked up a bit as the New York Yankees and Baltimore Orioles finally announced completion of their 18-player deal. The Orioles sent first baseman Dick Kryhoski, catcher Darrell Johnson, outfielder Jim Fridley, pitcher Mike Blyskal and farmhand Ted Delguerschio, an outfielder with Wichita, to the Yankees for southpaw Bill Miller, and infielders Kal Segrist and Don Lepert. Kryhoski stays with the Yankees but Johnson, Fridley and Blyskal go to Denver and Delguerschio to Birmingham. Another Baltimore player must be sent to New York by April 1.

In the first half of this gigantic transaction two weeks ago, the Orioles sent pitchers Bob Turley and Don Larsen plus shortstop Billy Hunter to the Yankees for pitchers Jim McDonald and Harry Byrd, outfielder Gene Woodling, shortstop Willie Miranda and catchers Gus Triandos and Hal Smith.

In another major league deal, the Detroit Tigers purchased left-handed Bob Schultz from Pittsburgh. Ray Kennedy, former farm director of the Pirates and Tigers, was named to the job of personnel director of the Kansas City club. The title is equivalent to the rating of general manager.

An offset to a recent discovery in Mitchell County was spotted today along with four West Texas wildcats and two field locations.

Sid Katz No. 3 Tom Morrison is the new offset location, being only 803 feet southeast of the recently completed Katz No. 1 Morrison, Clear Fork discovery about one-half mile north of Iatan.

The wildcats are in Nolan, Andrews, Pecos and Garza counties. Field locations were in Howard. One is Fair and Woodward No. 1 Susie Snyder in the Snyder field and the other is Blue Danube No. 1-B Thorp in the Moore field.

## Andrews

Texas Company No. 1-AX State has been spotted as a wildcat about one-half mile northeast of the Prichard (Devonian) field in Northeast Andrews. Drilling will be 600 from north and east lines, 37-6-University survey. Projected drilling depth is 12,400 feet, where a sample of the Devonian will be made.

## Borden

Gibson and Tri-Service No. 1 J. F. Plyant, project in the Arthur (Sprayberry) field, took a driftest test in the lower Permian between 3,870 and 8,925 feet with the tool open an hour and 15 minutes. Recovery was 50 feet of drilling mud and no shows. Operator drilled on

# Christmas Seal Report Is Made

Contributions to the Christmas Seal Sale drive in Howard County have reached \$1,654.25, Mrs. Alton Underwood, drive chairman, announced today.

This puts the drive well ahead of last year's when \$1,085.50 had been collected with extra week thrown in to boot.

This year's total includes 45 larger gifts of \$50, from the letters sent out to 215 businesses and some individual donors that customarily make larger donations.

Seals are still being sent out. Anyone missed in the mailings can call Mrs. Ross Bartlett, mail-sale chairman, and some seals will be mailed them. Or they may send their money in and the seals will then be mailed them, Mrs. Underwood said.

Booths in connection with the drive were to be set tomorrow in local stores. Mes. Zack Gray is chairman for this activity and will be assisted by garden club members.

Bangle sales will start in the schools next week.

Results of the nationwide contest for the premiere of the new film "Silver Chalice" are to be announced soon. The contest was based on per capita donations during the first three days of the drive.

It will be drilled by rotary tools to 3,500 feet, starting immediately. Location is on a 640-acre lease about 933 from the No. 1 Morrison, which finished for 68.58 barrels of oil and 123.99 barrels of water potential.

## Nolan

British American Oil Production Company No. 1 B. D. Feldman, 660 from north and 1,980 from

east lines, 31-1A-H&TCo survey, is drilling at 6,500 feet, with operations starting at once. The test will be in the Ellenburger. Location is in the southeast part of the county.

British American No. 5-K TKL, an EA (Cambrian and Goens) field project, found possible production in the Canyon reef lime to indicate a new pay in the area. # LaStarza Loses Comeback Fight

**CLEVELAND (AP)**—Freewings Charlie Norkus dealt a punishing blow to the comeback plans of Roland La Starza of New York last night by winning a unanimous 10-round decision from the onetime top-ranked heavyweight contender.

The television bout saw the winging slugger from Port Washington, N. Y., carry the battle to La Starza most of the way in a slow-moving contest. He clinched his attack in the final round with a stinging roundhouse left to the head that had La Starza reeling in a clinch when the going soured.

In another featured bout on the Cleveland News' 29th annual Toyshop Fund Boxing Show, Cleveland's Rocky Castellani, the No. 3 middleweight contender, sent Moses Ward of Detroit crashing to the canvas four times before finally scoring a technical knockout in 2:30 of the eighth round.

# State Employes Given Holidays

Four extra Christmas holidays were announced for employes in the State Comptroller's office at their district meeting in San Angelo Tuesday. E. R. Trego, district supervisor of the office here, said the office will close Dec. 22 and reopen Dec. 29.

Discussion at the meeting centered around plans for informing businessmen that state taxes and licenses must be paid before the first of the year. We don't like to impose penalties for late payment, Trego said, but with the exception of cigarette licenses, other state fees must be in the Comptroller's office before Jan. 1.

# None Mind This Time

**LOS ANGELES (AP)**—For 72 years William P. Schlosser commuted daily from his North Hollywood home to the hardware store that employed him, and not once was he late.

Yesterday it happened. His bus was late. But Schlosser, 94, was in time for the retirement party his buddies threw for him on his final day of employment.

# REDs

**GALVESTON (AP)**—A Negro woman convicted of murder has asked a new trial because there were no women on the jury that gave her a 50-year prison term. Louise Monroe was convicted Nov. 16 of killing Lawrence Banks, a Negro, Jan. 31.

The pilot and the copilot were reported to have escaped with minor injuries. They are Richard Bicknell and Douglas Allen.

Justice Mercedes Adams said the plane crashed in about five feet of water about 225 yards off the beach of Grand Isle, 90 miles south of New Orleans, and burst into flames.

M. M. Bayou, vice president of the helicopter firm, said the helicopter was on a regularly scheduled night flight for crew changes when the pilot was blinded by a sudden fog bank and underbroke the landing strip on the beach.

"It was one of those fog banks that come up all of a sudden and reduce visibility to zero," Bayou said.

# Church Council Names Dr. Blake

**BOSTON (AP)**—Dr. Eugene Carson Blake, a leading Presbyterian churchman and an eloquent spokesman for Christian unity, was elected president today of the nation's largest religious organization, the National Council of Churches.

A cordial, scholarly man, Dr. Blake has been a major figure both in his own church and in the inter-denominational Christian movement for a decade.

# Helicopter Crash In Gulf Kills Four

**NEW ORLEANS (AP)**—A large helicopter plunged into the Gulf early today in a fog bank, killing four oil well workers and injuring three others.

The pilot and the copilot were reported to have escaped with minor injuries. They are Richard Bicknell and Douglas Allen.

Justice Mercedes Adams said the plane crashed in about five feet of water about 225 yards off the beach of Grand Isle, 90 miles south of New Orleans, and burst into flames.

M. M. Bayou, vice president of the helicopter firm, said the helicopter was on a regularly scheduled night flight for crew changes when the pilot was blinded by a sudden fog bank and underbroke the landing strip on the beach.

"It was one of those fog banks that come up all of a sudden and reduce visibility to zero," Bayou said.

# DEFENSE BEGINS CASE

# Sheppard Brother Disputes Testimony On Sam's Jacket

**CLEVELAND (AP)**—The brown corduroy jacket Dr. Samuel Sheppard wore the night his wife was killed was left in a crumpled heap on the floor, not neatly folded on a couch, Sheppard's brother Stephen testified today.

Dr. Stephen Sheppard, elder brother of Dr. Samuel and also an osteopath, was the first defense witness in the seven-week-old first-degree murder trial. The younger Dr. Sheppard is accused of murdering his pregnant wife, Marilyn, in her bed at their home last July 4.

When he entered his brother's home at approximately 6:15 a.m., July 4, the defendant's jacket lay on the floor, the witness told the jury.

His decision leaves the question of guilt for the jury of five women and seven men. The judge emphasized his ruling did not mean he has any opinion "or even the right to have an opinion" as to the guilt or innocence of the accused.

The state concluded its case yesterday morning, calling as its 30th and final witness pretty Susan Hayes. She told of sharing a bed with Dr. Sam, and receiving a ring and a watch from him, and she said he told her he loved her and was "thinking of divorce."

Defense lawyers in arguing yesterday that Dr. Sheppard had freed on grounds the state had failed to establish a motive or link him closely with the murder, gave several hints as to the nature of their side of the case.

One was a startling suggestion that whoever attacked the 31-year-old matron intended, not to kill her, but to disfigure her.

The defense keeps implying that a woman may be involved in the savage beating.

This thesis emerged in points emphasized by defense lawyers as they called for a directed verdict of innocence. They insisted—

1. That the state must explain a fleck of fingernail polish.
2. That she died from blood in her lungs, not from the blows on her head.
3. That she may have been struck only a few times, even though 35 wounds were counted on her head and face.
4. An attorney said "there wouldn't have been time" for someone to bludgeon Mrs. Sheppard 35 times before her husband, coming from the living room below, would have reached her. Moreover, he said, the wounds were "equidistant," evenly spaced about an inch apart. The uniformity of this pattern by accident he said, strains the bounds of possibility. He concluded that "multipronged instrument" would account for the even spacing, and that Mrs. Sheppard actually may have been struck "only two, three or four times."

The defense has indicated it believes a garden rake may have been the instrument.

Atty. Arthur E. Peterslge argued that the state's case against Sheppard is based "entirely on circumstantial evidence." He ridiculed the contention that the handsome, dark-haired osteopath wanted to divorce his wife because of Susan Hayes.

"He certainly didn't have to kill her (Mrs. Sheppard) to get Susan Hayes," the lawyer said. "He had her whenever he wanted her."

Peterslge concluded: "The facts, as brought out by the state, show the crime could just as well have been committed by someone else."

Assistant county prosecutor John J. Mahon countered that Sheppard would have drowned if he had been stretched unconscious on the shore of Lake Erie that night, as he claimed to have been after a fight with the killer. Mahon said the waves were running too high for that.

And he recalled the green bag, in which Sheppard's watch, ring and keychain were found in the shrubbery outside the house. It contained no bloodstains, he noted, although blood was found on Sheppard's watch. "Did the killer wait until it was dry before putting it in the bag?" Mahon asked. "And why did he need a bag at all for a few articles you could hold in the palm of your hand? Then, having put them in the bag, why did he throw it in the weeds, 20 feet from the house?"

Mahon said all this was to simulate a robbery that never took place.

boat on one occasion when a disturbance occurred at the Jet Tavern which Tucker operated.

On direct examination, Swindell said it was "generally understood" that Davis' wife and Childers, her uncle, were living together at the Wyoming Hotel prior to Childers' death. On cross examination, he testified that he saw Patricia Davis at the hotel on only three occasions after her marriage.

Twice she was accompanied by Davis and the third time she was seated in the lobby, he said.

Davis' former wife, now Patricia Huggins of La Plata, N. M., testified Wednesday afternoon that the defendant said, "I'm going to kill you, Bob," just before the fatal shot was fired at the Wyoming Hotel on March 27, 1953.

"Ray, don't shoot Uncle Bobby!" she said she screamed at Davis when she and her uncle entered Childers' living quarters at the hotel.

Mrs. Huggins said she entered the living room of the apartment just ahead of Childers and that she saw Davis seated on the kitchen table as she turned in that direction. He was holding a gun, she testified.

She said Davis knocked her to the floor after a shot was fired and that he pointed the gun toward her and said, "I'm going to kill you." She testified that she then got up and ran into the adjoining room.

"Ray Davis shot me," she said in answer to a question as to what occurred after the gun was pointed. "He shot me in the left side."

The witness said that she, Bob Childers and two men identified as Williams and Randolph had returned to the Wyoming Hotel from

# Middies' Welsh Is Named Back Of Week By AP

**ANNAPOLIS, Md. (AP)** — Navy quarterback George Thomas Welsh, who was named The Associated Press Back of the Week for his play in the victory over Army Saturday, was tabbed "a right-handed Frankie Albert" today by his coach.

"You never knew what Frankie was going to do," Erdelatz said, "and he had lots of guts." This is the reason for the parallel with the former great of Stanford and the professional San Francisco 49ers.

"Welsh not only is a good player, but he has the respect of the other players," Erdelatz said. "When he calls a play, they know it's right. For example, take the play Saturday with fourth down and one to go. He took a shot at it," Erdelatz said.

Welsh's reaction to the latest honor was "My Gosh."

But he quickly gave credit to his other running mates. "There are some other backs on the Navy squad who deserved it more than I, including John Weaver, Bob Craig and Joe Battuso," the 165-pounder from Coaldale, Pa., said.

Modesty is one thing Welsh has. Another thing is perseverance.

As a sophomore last year he broke in as a starter late in the season, supplanting Weaver at the quarterback spot. Then early this year after Dick Eardick took the job from Welsh while he was out with an injury, the little Pennsylvanian came back to win his starting assignment again.

The crucial play mentioned by Erdelatz drew special praise from experts who picked Welsh over Rice's Dick Mogle for the weekly back honor. Navy was leading 7-0 at that point and went on to score its second touchdown after Welsh's sneak for the first down.

In the Army game, Welsh outclassed Army's highly touted Fote Vann by passing for three touchdowns and running for the other after setting it up with a pass.

# CENSURE

**Ralph W. Zwicker** was a witness last Feb. 18 before McCarthy's Senate investigations subcommittee.

The other, proposed by Sen. Bennett (R-Utah) stemmed from McCarthy's assertion that the Watkins group had served as the "unwitting handmaiden" of the Communist party in bringing this and the election subcommittee charges against him.

Amendments were in order to the counts, but after yesterday's experience — when the Senate overwhelmingly rejected attempts by Senators Bridges (R-Ill.), Mundt (R-SD) and Dirksen to wash out the censure charges — McCarthy's friends seemed discouraged about any further efforts of this kind.

The key vote yesterday came on a Dirksen move that would have thrown out the Watkins committee recommendations. That went down 6-21.

Short-of-censure proposals by Mundt and Bridges met defeat by 14-15 and 68-20.

While the censure fight was reaching its climax inside the Senate chamber, 10 boxes of petitions protesting the censure move arrived on the Capitol grounds in an armored truck. The petitions — said to carry more than a million signatures with more to come — were sent down from New York by an organization known as "10 Million Americans Mobilizing for Justice."

McCarthy, his arm still in a sling as a result of an elbow injury, attended the Senate proceedings intermittently. He said Democrats had proved they "loathed" him by their straight party-line voting against him.

On the actual vote, the Republicans split 23-30 against him. However, three of his publicly committed supporters and he himself were absent when the roll was called. The other Republican absentee was his Wisconsin colleague Sen. Wiley, who said he would have voted "absent" if he had been on hand.

Although the Senate only "condemned" McCarthy in the count approved yesterday, he would be "censured" by adoption of either of the two remaining counts. The words are synonymous and senators made no distinction between them.

In yesterday's debate McCarthy charged that the Watkins committee had "suppressed evidence."

He demanded to know who had ordered a "cover" placed on his name in 1953, concluding that the signature of Sen. Gillette (D-Iowa), then chairman of the elections subcommittee, had been forged on the order. Gillette said he himself hadn't ordered it.

Sen. Hayden (D-Ariz.) said the names of persons who had sent mail to McCarthy were checked in an effort to learn the name of McCarthy's broker. This was the first public acknowledgment that such a mail "cover" took place.

Hayden said this was part of an effort to investigate charges that McCarthy might have diverted to speculative purposes funds contributed for fighting communism.

He said the results were sent to the Internal Revenue Service, which has not reported on them yet.

McCarthy said this "mail cover" justified his criticism of the elections subcommittee.

Knowland said he was indignant at reports that anybody had been "tampering with" senators' mail. He won agreement to name Senators Ferguson (R-Mich.) and George (D-Ga.) as a committee to report to the Senate, today if possible, on what they can learn about the incident and any others like it.

Knowland said that while he held the highest regard for members of the Watkins committee and deplored McCarthy's attacks on them, he could not vote for censure.

Sen. Lyndon B. Johnson of Texas, the Democratic leader, said that one of the things that influenced him to vote for censure was McCarthy's attack on the Watkins committee in words Johnson said would be more fittingly inscribed on the wall of a men's room.

Watkins, who had been called "cowardly" by McCarthy, said he wasn't asking for personal vindication. But he said that if the Senate failed to censure McCarthy, "what is there to restrain anybody in the future?"

Dirksen described McCarthy as "something of an alley fighter" but defended him as a determined foe of communism. He said with Christmas nearing, the Senate ought to show some "compassion."

Sen. Purcell (R-Conn.) said that he would like to change some of McCarthy's words, but he would not vote to censure any senator who hadn't violated a specific rule because he feared it would circumscribe freedom of speech.

Mundt shouted that "there are some people in this country who will never be satisfied until the head of Sen. McCarthy is delivered to them."

### Candles Made For Carr HD Club

WESTBROOK — A demonstration of making unusual and decorated candles was given recently for the Carr Home Demonstration Club. The group met in the home of Mrs. T. A. Ellett. The club voted to send a box of gifts and cookies to the State Hospital in Big Spring during the Christmas holidays. Mrs. Ruth Airhart displayed articles of Swedish weaving during the social hour. The next meeting will be in the home of Mrs. Tom Henderson.

Mr. and Mrs. N. W. Stokes have returned from a visit in Eastland. Guests of the Grady Wrights have been her parents and sister from Weatherford.

### Disqualified Corn

Judges in Chicago examine ears of corn submitted at the International Hay and Grain Show by Paul and Arnold Karsk of Pecanola, W. The brothers were declared winners and Corn Kings, but later were disqualified when other exhibitors said kernels of several of the Karsk sample appeared to have been glued on. (AP Wirephoto.)

### Home Rites Unite Couple In Lamesa

LAMESA — Jean Burkett became the bride of Wilford O. Ford in an afternoon wedding service read at the home of Dr. and Mrs. Thomas M. Prideoaux, Nov. 28. The bride is the daughter of Mr. and Mrs. Dan Burkett of Yuma, Ariz. Mrs. Floyd Ford of Wagon Mound, N. M., is mother of the bridegroom. The double ring service was read by the Rev. Walter G. Horn, pastor of the First Presbyterian Church, before simulated Southern columns topped with arrangements of palm leaves, white gladioli and white bridal mums.

Mrs. Matt McCall played traditional marches and accompanied Early Peltier, who sang. Given in marriage by her brother, Truett Burkett of Texas A&M College, the bride wore an original gown of white imported Chantilly lace and nylon tulle over net and satin, designed with a sweetheart neckline outlined with lace applique flowers. From the fitted bodice fashioned with sleeves that came to points over the hands, stemmed a bouffant ballerina length skirt of shirred tulle and wide bands of lace. Her veil of illusion fell from a halo hat trimmed with pleated net ruffles and seed pearls. Her flowers were a white orchid arranged with stephanotis and carried on a white prayer book. The bride's maid of honor was her sister, Evelyn Burkett of Yuma.

James O. Jones attended the bridegroom as best man. Following the wedding ceremony, a reception was held in the Prideoaux home. The table was laid with an imported linen cut-work cloth centered with an arrangement of white bridal mums entwined with turquoise maline.

For traveling the bride chose a horizon blue British tweed suit with navy accessories and a white orchid corsage. The bride is a graduate of Lamesa High School and attended Texas Tech College. The bridegroom graduated from high school in New Mexico and received his degree in pharmacy at Southwestern State College at Weatherford, Oklahoma, and is employed in the pharmaceutical department of Park-Bayless Drug Company.

The couple will be at home after a wedding trip to Ruidoso, at 802 North Fourth Street.

### Used Toy Donations Reported Lagging By Chief Crocker

The donation of used toys to Big Spring firemen for repair and distribution at Christmas time is lagging, it was reported today by Chief H. V. Crocker.

People whose children have any unwanted toys or toys that appear to be torn up are urged to donate them to the Fire Department. Toys are being accepted at the City Hall station and the substation at 18th and Main. The toys that appear to be destroyed can be used in a great many instances for parts to be used on other toys, Crocker stated. Consequently any and all contributions are appreciated.

Crocker pointed out that money is also needed for the Christmas Cheer Fund. This money will be used to buy parts, paints and accessories which are needed to make the toys look like new.

When the toys are repaired they will be given to the Salvation Army for distribution in the Christmas baskets which go to needy families. Crocker stated that dolls should be contributed before Dec. 10 if at all possible. This will allow time for repair and the making of dresses for them.

### Cold Weather Covers State

By The Associated Press  
A cold front chilled Texas Thursday but most temperatures shortly before daybreak were above freezing.

The front moved on Brownsville about 5 a.m. and was dispersing fog that had dropped visibility to a quarter of a mile.

Elsewhere the state was under clear skies except for spotted cloudiness along the coast. Some light rain fell in the Gulf Coast sections, but the Weather Bureau said there were no measurable amounts.

Dawn temperatures ranged from 29 at Lubbock to 66 at Laredo. An early December cold snap chilled wide areas from the Rockies to the Atlantic Coast.

Snow had diminished over most northern Midwest areas, with flurries reported from the upper Mississippi Valley eastward across the northern Appalachians. The leading edge of the cold air mass moved into the Eastern states. The coldest weather extended from Wyoming and eastern Montana eastward into the upper Mississippi Valley. Temperatures generally were in the teens but there were some zero and below zero readings. It was -3 in Helena, Mont.

The freezing line extended from near New York City southwestward through the Ohio Valley, across Oklahoma and northern New Mexico and northwestward into Washington. Readings were in the 60s in parts of the Gulf Coast while they were in the 40s and 50s in other parts of the South Atlantic states, in the far southwest and southern California.

# Child Kidnaped In Domestic Fight Spanning Continents

HOUSTON (AP)—Pamela Walsh, 4, was kidnaped by two men as she played in her front yard yesterday. The abduction was the latest development in a bitter child custody case spanning two continents. A year ago, Mrs. Thelma Walsh spirited her daughter Pamela out of Melbourne, Australia.

The flight of mother and child was arranged by Australian friends after an Australian court gave her custody of Pamela but forbade her to leave the State of Victoria.

Pamela's father is Theodore Walsh, wealthy Melbourne building contractor.

Mrs. Walsh, seeking a divorce from her estranged husband, asked a district court here in August to protect her from Walsh.

Her petition accused him of severely beating and abusing her during their marriage in Australia.

Mrs. Walsh said she feels her husband is responsible for the kidnaping.

One of the two men who forcibly seized the screaming child left an Australian court order, worthless in this country since Mrs. Walsh is an American citizen, saying Pamela's father has been granted custody of the child.

A statewide pickup was ordered for the men and the child.

Mrs. Walsh's attorney, Joyce Cox, telephoned Sen. Lyndon Johnson, who alerted the Border Patrol and immigration authorities. Pamela is an American citizen.

Mrs. Walsh said she married her husband here in June, 1949, when she was 31. They moved to Melbourne where Pamela was born. "He beat me often, once into unconsciousness," her court plea said, "and he ordered me to return to the United States and refused to let me take Pamela with me."

## Graduation Set At Webb Friday

Webb's 1954 flying training program nears an end Friday when members of Class 55-E, all student officers, receive the silver wings of a USAF pilot. Final graduation of the year will be on Dec. 18, according to present plans.

Class 55-E commencement activities begin in the Academic Auditorium at 9 a.m. Wing Commander Col. Cleon E. Freeman will present the diplomas and silver wings. Following graduation, the new pilots and their guests will attend an informal reception with base officials in the Officers' Club.

Col. Freeman said Delbert Downing, manager of the Midland Chamber of Commerce and one of West Texas' most sought after public speakers, will deliver the commencement address. The colonel said, "a little Lincoln, some Will Rogers, lots of humor and plenty of good common sense. all are noticeable in Mr. Downing's messages."

Active in civic and church affairs in Midland, he has held offices in both Lions and Rotary clubs, works with all service clubs, teaches a Sunday school class, and is a leader in youth work. Subject of his address has not yet been announced.

Class 55-E entered training here last July. It includes three MDAP students. They are from Colombia, Cuba, and the Netherlands.

Twenty-seven of the 41 graduates received commissions through the AFROTC program. Four are OCS graduates, and one received a direct appointment. Six students are members of the Air National Guard (which maintains unit proficiency through weekly meetings and a two-week summer camp). Five are being trained under the ANG quota; they are from Arkansas, North and South Dakota, Tennessee, and Texas.

## Test Tube Blast Injures 4 Pupils

CHESTER, Pa. (AP)—A chemical-filled test tube exploded with a roar of flames and injured four pupils in a study hall at nearby Ridley Park High School yesterday.

Gordon Ziegler and Thomas Stiles, both 16, were seriously injured by flying glass. There were 30 pupils in the room.

Treated for cuts were John Pierson and Betty Clark, both 16.

School officials said the test tube was held under a desk in the rear of the room by an unnamed pupil. There was no explanation where he got the chemicals.

## Search Reveals Surprise Hoard

BALTIMORE (AP)—Emile P. Gow, 55, a factory worker, was arrested here last night and charged with stealing \$5. When police searched him before locking him up for the night, they found:

Wads of bills in every pocket—total cash, \$495, five bank books showing deposits of \$10,000, an uncashed \$42 check and six \$25 savings bonds.

Also inside his money belt was a jar of jam and some crackers, tooth brush, shaving gear, a bottle of iodine, adhesive bandages and cotton.

August Hoffman told police he had cashed a check in a supermarket when he dropped the \$5 on the floor. He said Gow picked up the bill, but instead of returning it, he stuck it into his pocket and headed for the street. Gow denied the theft charge.

## Courthouse Gets First Wedding Ahead Of Schedule

POCATELLO, Idaho (AP)—The first wedding in the new Bannock County Courthouse was performed yesterday by the accompaniment of music from a sanding machine and decorations by the Pocatello Painters Union.

The bride was Charlene Gay Parris, of Virginia, Idaho. She was dressed in white and red accessories. The groom was William Arthur Gunter, of Arimo.

When they appeared to be married they found the old county courthouse, which was built in the 1890s, being torn down. County Commissioner Chairman Conrill Neilson said he thought the old building unsatisfactory for a wedding arranged for it in a room in the newly completed first floor of the new building.

## Film Figure's Estate Goes To Grandnephew

LOS ANGELES (AP)—The will of Mrs. Ida R. Koverman, film studio executive and Los Angeles civic leader, leaves the bulk of her estate to her grandnephew Jack Norris of Lanthier Heights, Md.

Mrs. Koverman for many years was executive secretary to Louis B. Mayer while he was head of MGM Studio. She died Nov. 24. The estate is valued at several hundred thousand dollars. The will was filed for probate yesterday.

## Lionel Barrymore Will Name Nurse

LOS ANGELES (AP)—Lionel Barrymore's \$25,000 estate will go to 40-year-old Miss Florence Rozella Wheeler, who was his nurse for many years.

The veteran actor, who died Nov. 15 at the age of 76, named Miss Wheeler as his sole beneficiary. His will, filed for probate yesterday, specified that anyone succeeding in establishing claim to the estate should receive no more than \$1.

Barrymore had lived at the home of Miss Wheeler for the last 18 years. She also nursed his wife, actress Irene Feuwick, in her final illness.

## Fire Dashes Plans

BALTIMORE (AP)—For two years Louis J. Smith worked on building himself a six-room home. It was almost finished and he expected to move into it soon. But the house caught fire yesterday and burned almost to the ground before firemen were able to get the flames under control.

Christmas Seals produced by the National Tuberculosis Association are important items in many stamp collections. No issue has ever been reprinted, and each year the plates are destroyed.

**Wild Bill Hickok Tries Film With Kissing, Smooching**

By BOB THOMAS  
**HOLLYWOOD, (U)**—The small fry may cry in their corn flakes when they learn this, but Wild Bill Hickok is making a movie in which he helps raid a gambling house and does some torrid smooching with a blonde. As any juvenile within range of a TV set knows, Wild Bill is young Guy Madison. He is currently starring in a movie called "Five Against the House." It's a modern story about five college students who rob Harold's Club in Reno. When I heard about the plot, I mosied over to Columbia Studios to demand an accounting. I found Madison looking almost naked without his boots, chaps and Stetson. He wore slacks and a fancy-dude pink shirt. He hastily explained that he plays an unwilling accomplice in the Reno rustling, being forced to go through with it at the point of a gun. It seems that his buddy, a fellow veteran of Korea, is off his trolley and makes Guy and two others accompany him. "I don't think the effect will be too bad," he opined. "A gun is shown only once, and then sketchily. The job is pulled off by psychology — the psychology of fear. It is very well planned — so much so that Harold's has changed its policy of handling money in order to forestall such a job. "In the end, I give the money back to the cops and it's all square between them and me." But the smooching may raise some eyebrows. It used to be that a movie cowpoke could kiss his horse but didn't dare dall with the opposite sex. In his TV role, Madison is never allowed any romance. "I don't think there are any hard and fast rules against it anymore," he remarked. "TV has done away with that." For his sake, I hope he's right. Because I watched him do a sizzling scene with Kim Novak that even made the camera smoke. Any way, one of the lights attached to it overheated and burned the gauze filter. Miss Novak, dressed in a low-cut sequin gown, slinked into his college dormitory and announced she would accept his offer of marriage. Whereupon he slipped off her coat and planted 13 counted "em—kisses on her neck and face."

**Polygamy Case Probation Ends**

**KINGMAN, Ariz. (U)**—A year-long probation ended Tuesday for 19 residents of once polygamist Short Creek, Ariz. Superior Court Judge Robert S. Tullar, who passed the original sentence against the men in 1953, turned down a petition to revoke the probation and send them to jail. The state claimed the men had resumed practice of plural marriages. Each of the men testified he had not practiced polygamy during the past year and did not intend to practice it again. The tiny Short Creek community was brought to national attention July 23, 1953, when officers raided it and arrested virtually the entire population.

**Woman Rescued From Suicide Try**

**ST. LOUIS, (U)**—Police and firemen using an iron battering ram, smashed into a 10th-floor hotel room Tuesday and rescued a woman who had threatened to jump from the window. She was talking to a priest on the telephone when the door was battered down. Police had requested the priest, who declined use of his name, to help. The woman registered at the Claridge Hotel in downtown St. Louis Monday as Mrs. Ruby Hall, about 38, of New York City. She gave police the name of Mrs. James Marcus of Milwaukee. Firemen held a net on the street below as several hundred spectators watched the activity which consumed an hour and 40 minutes. The woman perched on a window ledge for a time. She was taken to City Hospital.

**Anti-Nudist Drive Set By Evangelist**

**FORT SMITH, Ark. (U)**—The Rev. Braxton B. Sawyer's battle with nudists is going to be carried into the next session of the Arkansas Legislature. The Fort Smith radio evangelist, who was tossed out of a nudist convention last summer because he refused to disrobe, said Tuesday that State Rep. Dewey D. Stiles will introduce two anti-nudist bills in the state legislature. Bills also will be introduced in the state legislatures in Oklahoma, Kansas, Missouri and Michigan. Sawyer said in promising a nationwide campaign next year against colonies of nudists.

**Area II Future Farmers of America** contests will be held at the Big Spring High School Saturday starting at 8:30 a.m. It has been announced by Lester Buford of Big Spring, area supervisor of Vocational Agriculture for the Texas Education Agency. Schools entering contesting teams represent seven FFA districts. More than 200 boys, accompanied by their instructors, are expected to be present, some of them from as far west as El Paso. The winning teams in the six contests will go to Huntsville for the state contest on Dec. 11, Buford said. Contest judges will all be teachers of Vocational Agriculture. The senior chapter conducting contest will be judged by Clemmon Montgomery of Lamesa; William Davis of Rule, and Burt Jameson of Aspermont. Junior chapter conducting judges will be F. J. McCauley of Dawson (Welch); B. M. Robinson of McCauley, and Jake Greene of Hermleigh. Senior farm skill demonstrations will be judged by Roland Emhardt of Big Spring and Marlon Barber of Garden City. Junior farm skill demonstrations will be judged by T. C. Blankenship of Hamlin and Jimmy Laurie of Roby. Winners in the radio broadcasting contest will be selected by James Reed of O'Donnell and Fred Igo of Meador. The FFA Quiz program will be conducted by L. M. Harrave of the Department of Agriculture at Texas Tech.

High schools with FFA chapters represented in the contests include those at Hamlin, Roscoe, Brownfield, Flower Grove, Big Lake, Fabens, Seminole, Rule, Lorraine, Stanton, Lamesa, Ysleta, Marfa, El Paso, Westbrook, Imperial, Big Spring, Gall, Iraan, Anson, Van Horn, Wilson, Robert Lee, and possibly six other schools entered in district contests the winners of which have not yet been announced.

Buford says it is expected that the contests will be concluded by 11:30 a.m. after which the boys and their advisors will be luncheon guests at the high school cafeteria where the winning teams will be named. Also at the noon hour honorary Lone Star Farmer degrees will be conferred on J. P. Espy of Fort Davis, Bennie Bizell of Midland, Edmund Maeker of Wilson and Albert Thane of Haskell, in recognition of the outstanding service these men have rendered the FFA program. Three teachers of Vocational Agriculture are also to receive honorary Lone Star Farm degrees. They are W. W. Thetford of Jayton, William Davis of Rule, and Harold Eades of Hamlin.

W. D. Ford, who farms seven miles southwest of Merton, had a 10-acre plot on his farm that he considered "the worst land on the place." It was badly wind eroded. In 1952 he put five tons of cotton burrs to the acre on this land. In 1953 he averaged 25 per cent more lint from this land than he had the previous year when the land hadn't received the burr treatment. Last year he treated another

two acres of his land with five tons of burrs to the acre and this year is harvesting an increased lint yield from this pair of acres. He also reports that the 1954 production is higher on the 10 acres where the burrs were dumped in 1952, than it was last year on the same 10 acres.

Cecil Horton, the best Diesel whistle blower on the T&P, and nationally known firearms expert during World War II, won high aggregate expert in the New Mexico State Rifle Matches at Buisson, and he did this without winning a single one of the individual matches. Meaning he was just high enough in each of them to wind up on top. Sort of like Toots Mansfield roping calves. He may not be the fastest all the way down the line, but stay with him from the first calf to the last one and you'll be a winner. Fellows who would outshoot Cecil in one individual match would drop away down in the next one, while the Big Spring rifleman maintained an even average all the way through.

The 30-06 shooting was in all positions at 200 yards, 300 yards and 600 yards. Cecil also deadheaded into El Paso for the rifle matches there, and he says this was the hottest shooting he has ever seen. Only 70 shooters participated but Cecil reports more possibilities, or perfect scores, were turned in during the El Paso match than have been turned in at Camp Perry in the National Matches with as many as 1,500 riflemen on the firing line. He believes the 70 who showed up at El Paso are the 70 hottest in the country. One of them shot a score of 248 out of a possible 250 to set a national record.

Cecil Walker of Big Spring bought an eight-month-old Royal Duke bull from the Dorothea Griffith herd at the West Texas Hereford Association Sale at Abilene. He took delivery of this bull at Sterling City Wednesday morning, the animal having been taken there with a trio of bulls from the same sale bought by Nick Reed and Sons. The new Walker bull calf is a

half brother of the pair of club steers that won grand and reserve championships at the Chicago International in 1953; is a grandson of WHR Royal Duke 41st; carries Publican Domino blood and is closely bred to the second top bull of the Abilene show and sale. Walker is preparing one bull and two heifers for the annual Big Spring sale next month, and two bulls and two heifers for the San Angelo sale. All these cattle except two of the heifers, one consigned here and one to San Angelo, were sired by Walker's Onward Mixer Domino, a son of HG Real Proud Mixer, and therefore grandson of the Hereford immortal, WHR Proud Mixer 21st.

The other two heifers are sired by Walker's Proud Mixer 144. At sale time the bull consigned here will be 20 months old; one of the heifers one year, and the other heifer, two years. One of the bulls going to San Angelo will go as a two-year-old and the other at 15 months. One of the San Angelo heifers will be 18 months and the other a yearling.

Marion's Girl, five-year-old mare, owned by Marion Flynt of Midland and trained and ridden by Buster Welch, has been declared the national cutting horse champion of 1954, according to announcement from headquarters of the National Cutting Horse Association. Marion's Girl was seen in the cutting horse contests at the annual Big Spring Cowboy Reunion Rodeo here this year. There will be a special cutting horse contest at Abilene on New Year's Day, and as a part of this event there will be a special contest for cutting horses that have not won as much as \$500 in NCHA-approved contests.

## Make These Treats Ahead For Christmas

By CECILY BROWNSTONE  
Associated Press Food Editor

Early-bird cooks who want to get some of their Christmas baking done ahead will be interested in these recipes for a shortbread-type cookie and fruit-cake bonbons. Store the cookies and bonbons, after baking, in tightly covered containers and they will keep well. The bonbons can be frosted just before you want to use them. Both the cookies and the fruitcake, packed in attractive boxes, will make fine gifts.

We are partial to this cookie recipe because we think we had a good idea when we added coconut to a shortbread-type dough. Any one who favors cookies that are not on the sweet side should enjoy these.

The cookies look most attractive cut into Christmas-tree shapes, but of course you may use any shape of cookie cutter you wish. Just watch the baking time, if you use a cutter that is smaller than the Christmas tree shape we have specified. The old-fashioned shortbread my mother used to bake when I was a little girl in Canada, had nary a touch of brown; but this version of shortbread tastes best when it is lightly browned on the bottom and around the top edges.

### COCONUT SHORTBREAD

Ingredients:  
1 cup butter or margarine  
1/2 cup flour  
1 egg

3 cups sifted flour  
Dash of salt  
1 4-ounce can (1 1/4 cups) moist shredded coconut (ground through fine blade of food chopper)  
Method:  
Cream butter and sugar; beat in egg with spoon. Add flour, salt and coconut; mix well with spoon. Mixture will be stiff. Roll 1/4-inch thick on lightly floured board or prepared pastry cloth. Cut into desired shapes; prick design over tops with fork. Bake on ungreased cookie sheet, about 1/2-inch apart, in moderate (375 degrees) oven 10 to 12 minutes or until edges are lightly browned. If Christmas-tree cookie cutter about 3 inches long and 2 inches wide at bottom is

used, there will be about 4 dozen cookies.

Use a fruitcake mix for bonbons. We have used this mix ever since it appeared on the market two or three years ago, and have always found it excellent. It includes a small vacuum-packed can of diced fruits and peel—pineapple dates, cherries, citron, orange and lemon peel, raisins and currants—and a bag of dry mix. To make the bonbons, you add egg and water to the mix, as specified in the package directions, and fill tiny foil or paper cups a generous two-thirds full. Bake the bonbons in a slow (300 degrees) oven 20 minutes. These directions will give you 125 to 150 tiny fruit cakes.

Cover the top of the bonbons with butter frosting just before you serve them or use them for gifts. A friend of ours tells us that one kind cook baked 800 of the bonbons and brought them to a hospital where she does volunteer work. The patients were enthusiastic

about the bonbons and the cookies.

**BONBON BUTTER FROSTING**  
Ingredients:  
1/2 cup butter or margarine  
1 pound confectioner's sugar  
Dash of salt  
4 to 5 tablespoons milk or water  
1 1/2 teaspoons vanilla  
Method:  
Cream butter; stir in sugar gradually, then salt, until blended. Stir in milk a little at a time, adding just enough to give good consistency for use in cake decorator. Add vanilla. Put frosting on fruitcake bonbons with rosette or rosebud tip of decorator.

**Frozen Vegetables**

When preparing vegetables or macaroni for the home freezer leave them slightly underdone. If cooked well done, they are likely to be too soft when reheated.

Christmas Preparations

Since the Buel Foxes are expecting their son, Bobby, and his wife from Fort Worth for Christmas, Mrs. Fox plans to get everything done as soon as she can, thus leaving time for all the last-minute jobs and fun. Here she has a "dress rehearsal" of a decoration for the mantel of the living room.

## Old Family Recipe Is Right For Busy Day

Now is the time for all good women to come to the aid of their friends who are so busy. And that is just what Mrs. Buel Fox, 107 Jefferson, does when she offers her recipe for Skillet Pineapple Cake.

Mrs. Fox told us that it is an old, old recipe that had been in her family a long time. Her mother used it, and the children were always pleased to find a hot cake waiting for them when they came from school or play. It is good served cold but much better when it is hot, according to Mrs. Fox.

Another nice thing about the recipe, which is really what we now call a pineapple upside-down cake, is that it is so quickly and easily made. It is just right to use at this time of the year when friends drop in and you need something to serve with coffee.

Mrs. Fox is quite active in garden club work, being a member of the Big Spring Garden Club. She participates in all flower shows with arrangements as well as exhibits in the specimen classes. For two years, she was chairman of the Red Cross Gray Ladies, and she is still working in the group.

Mr. and Mrs. Fox are members

of the Main Street Church of Christ. They are ardent football fans, and now that the season is over, they expect to take up their next interest, canasta.

Here is the recipe for the cake that is a favorite with their son, Bobby, and his wife, who live in Fort Worth:

**PINEAPPLE SKILLET CAKE**  
Ingredients:  
1/2 cup brown sugar  
4 tablespoons of butter  
Pineapple slices to cover bottom of skillet.  
Maraschino cherry for each slice  
1 1/4 cups flour  
1 1/4 teaspoons baking powder  
1/2 teaspoon salt  
1/2 cup sugar  
4 tablespoons shortening  
1 egg, unbeaten  
1/2 cup sweet milk  
1 teaspoon vanilla  
Method:  
Melt the brown sugar and butter in a heavy skillet. Place pineapple slices in this mixture and put a cherry in each opening. For the batter Mix all other ingredients and beat for two minutes. Pour over the pineapple slices and bake for 50 minutes at 350 degrees.

## Pound Cake Takes Only Five Minutes

This delicious pound cake actually can be whipped up in less than five minutes, according to Albertine Berry, director of Mrs. Tucker's Homemakers Department who developed the recipe.

"Traditionally," says Miss Berry, "pound cakes have been the conventional type that required more kitchen time and the use of margarine or butter. This revolutionary new "one-bowl" cake, however, uses quick-mixing all-vegetable shortening and saves both time and money."

**POUND CAKE**  
Ingredients:  
3 cups sifted cake flour  
3 cups sugar  
1 teaspoon double acting baking powder  
1 1/2 teaspoons salt  
1 cup shortening  
1 cup whole unbeat eggs (4 or 5)  
1/2 cup milk  
1 1/2 teaspoons vanilla  
Method:  
Sift first four ingredients together. Add shortening and eggs; then mix for three minutes on medium speed of mixer or by hand, counting 150 strokes a minute. Scrape bowl and beater frequently. Add milk and vanilla. Mix for two minutes on medium speed of mixer or by hand, counting 150 beating strokes a minute. Scrape bowl and beater frequently. Pour batter into a 10-inch tube pan 4 inches deep which has been rubbed with shortening and dusted with flour. Bake in a moderate oven (325 degrees F.) 1 1/2 hours or until done. Pound cakes are usually not loafed. The top may be dusted with powdered sugar for decoration. For a pretty pattern lay a paper doily upside down on top of the cake, sift powdered sugar onto doily then lift carefully.

## Get Your Crew On Deck For Breakfast

Ever thought of making breakfast a game? It may help to encourage those lagging, early-morning appetites if you think up a jovial scheme — like serving the Ship's Crew.

Ring a bell inviting your First Mate and little seamen into the galley for sailors' chow. And make it hearty! Serve ice-cold fruit juice and big, steaming bowls of nutritious rolled RaisinOats. You can't serve a better breakfast. It's a cereal chockful of protein, Vitamin B-1 and iron. Your family will love that combination of plump, tender, raisins, already blended right into delicious rolled oats. It's so deliciously different—and such a good way to make sure they'll have plenty of energy to last all morning long. Topped with cream or butter and brown sugar, it's a

breakfast cereal to please the Admiral himself and his hearty Crew. RaisinOats that cook in three minutes' time are available at your grocer's.

You can tempt your Crew still further with these tasty recipes from 3-Minute RaisinOats kitchens for those "in-between" snacks and "at-meal" delights:

**ROLLED OATMEAL COOKIES**  
1 cup sugar  
1 tsp. soda  
3 cups 3-Minute RaisinOats  
1/2 cup butter  
3/4 tsp. sweet milk  
3 cups flour. Keep 1/4 cup out for rolling.  
1/4 cup lard  
1 egg  
1 tsp. flavoring or spices if desired.  
Cream butter and sugar. Beat egg, add milk and add to butter and sugar. Work dry ingredients into this mixture. Roll very thin and cut. Bake in medium oven until slightly brown.

**OLD-FASHIONED OATMEAL PUDDING**  
1 1/2 cups hot milk  
3 tbsps. margarine, melted  
1/4 tsp. nutmeg  
1 1/4 cups 3-Minute RaisinOats  
1/2 teaspoon salt  
1/2 tsp. cinnamon  
2 egg yolks  
1 1/2 cups dark corn syrup  
6 tbsps. dry bread crumbs  
Pour hot milk over Raisin Oats, stir and let cool. Beat egg yolks; add remaining ingredients. Pour into 4 greased custard cups, set in pan of hot water. Bake in moderate oven, 350 F., about 1 1/2 hours; or cover with wax paper, tie securely and steam on rack in heavy kettle on top of stove. Unmold. Serve with:

**TAFFY SAUCE**  
2 tbsps. cornstarch  
1/2 cup dark corn syrup  
Few grains salt  
1 tsp. margarine  
1/2 cup cold water  
2 tbsps. vinegar  
Mix cornstarch and salt with a little of the water to make a smooth, thin paste. Add remaining water, corn syrup and margarine. Cook for 10 minutes, stirring frequently. Remove from heat, add vinegar. Serve hot.

**OATMEAL-RAISIN LOAF**  
Sift together:  
1 1/2 cups sifted flour  
1/2 cup sugar  
2 tbsps. baking powder  
1/2 teaspoon salt  
1/2 tsp. soda  
1 tsp. cinnamon  
Mix in:  
2 cups quick-cooking 3-Minute RaisinOats  
1 well-beaten egg  
2 tbsps. melted shortening  
Juice of 1 orange plus water to make 1 cup.  
Pour into greased 8 1/2 x 2 1/2-inch loaf pan. Bake at 325 degrees for 1 hour; cool.

## Make These Holiday Sweets Now

For a Christmas eve snack hot cocoa with bobbing marshmallows is an easy suggestion. To serve with it, bake chocolate rim refrigerator cookies. The dough for these can be mixed now and stored away in the refrigerator until you want to bake them.

**CHOCOLATE RIM REFRIGERATOR COOKIES**  
1 cup shortening  
2-3 cup brown sugar  
1 egg  
1 teaspoon vanilla extract  
1/2 teaspoon salt  
3/4 cups sifted enriched flour (about)  
2-3 cup chocolate shot  
Cream together shortening and sugar until light and fluffy. Add egg and beat well. Stir in vanilla extract and salt. Add 1 cup flour and stir until smooth. Add enough flour to make a moderately stiff dough. Stir until well blended. Shape dough into two rectangular shaped rolls. Spread chocolate shot on waxed paper and roll each portion of dough in it. Wrap in waxed paper. Place in refrigerator until firm. When dough is chilled cut into slices about 1/4 inch thick. Bake on ungreased baking sheet in moderate oven (375 degrees F.) about eight minutes. Makes about 8 dozen minicookies.

**Soup Trick**  
Blend a spoonful of chili powder into a can of condensed black bean soup. Serve piping hot garnished with a dash of sour cream sprinkled with chili powder. Add a slice of lime for tartness. Perfect starter for a full meal.

# A Bible Thought For Today—

## Right Or Wrong, Knowland's Role Is 'No Way To Run A Railroad'

There is some question whether Secretary of State Dulles spends more time these days cooking up notes to Communist China or preparing speeches in answer to foreign policy declarations thrown out by Senator Knowland, who just happens to be Senate GOP majority leader.

One does not have to disagree with Senator Knowland's viewpoint to see that this is not much of a way to run a railroad. If some Democrat were playing this role it wouldn't matter a great deal; at home and abroad it would be accepted as the normal expression of disagreement with the opposite party, and it would carry little weight.

## Good Advice From A Man Who Has Found Living Is Most Important

Sen. William Knowland, therefore, was wholly within his rights to make a speech on the foreign policy without the advice and consent of President Eisenhower or Secretary of State John Foster Dulles. If, as a matter of personal choice, he desires to ask their advice, he would not transgress propriety; it is altogether wrong to ask their consent; that is, if the Constitution still obtains in this country.

# Rush Season Means Irritations For Retail Clerks, Waitresses

By GLENN COOTES  
Retail store clerks and waitresses began storing up extra patience this week in anticipation of the coming Christmas rush season. Many of them have pet peeves which receive added irritation then.

For instance, one clerk in a local department store says small children are her most troublesome problem. Actually, she said the parents are to blame because some of them will not reprimand the youngsters. Last year, she recalled, a small child unraveled a

roll of ribbon in the aisle of the store and other customers were unable to walk past without stepping on it. The ribbon was ruined and several customers barely escaped tripping and falling before it could be picked up.

Parents of the child did not apologize over the incident, the clerk said.

Another clerk says her pet peeve is the shopper who hasn't decided who or what she is looking for. According to this clerk, Christmas shopping would be much easier and quicker for all concerned, if shoppers would have a general

idea about what they want and who it will be for.

Other peeves among store clerks include customers who expect the clerk to make all the decisions concerning a purchase without making any suggestions about what they want. "I want something for Uncle Henry," is all some of them will say, complained one clerk, and they offer little or no criticism of what is suggested.

Some customers like to argue over the price or quality of the merchandise, remarked one clerk. There is nothing the clerk can do about the price or quality of the merchandise, he said so there is not much point in arguing about it.

Waitresses in cafes have their pet peeves too.

One waitress complained about customers who talk until she comes to take their order and then have to look through the menu to decide what they wish to eat. This is unnecessary time consuming, the waitress said, especially during the rush periods.

Children create problems for waitresses, too. More children are in town around Christmas, said one, and they are usually too excited to behave themselves when eating. Although they do make quite a mess at the table, the waitress added, the main problem is that they sometimes throw food on the floor.

When we are real busy, she said, we don't have time to clean it up before another customer comes in.

A pet peeve of almost all waitresses is cigarette ashes in the dishes. We try to keep ash trays on all the tables, a waitress said, but some customers prefer to use their coffee cups or other dishes. The results are usually messy and disagreeable looking, she added.

Many customers who are acquainted with the cook prefer to take their order back to him personally. This is irritating to the waitress, one said, because she doesn't know what the customer ordered when the food is ready. It is better, she explained, to let the waitress turn in the order and then the customer can go back and talk with the cook while he is preparing it.

There is much less chance of order errors that way, she said.

## UNCLE RAY'S CORNER

A Roman boy being escorted to school by slave who carries the boy's writing tablet.

School days were different in ancient Rome! Ideas of how they differed will be gained from the questions and answers today.

Q. Did Roman boys and girls attend the same school in ancient Rome?

A. No, the schools were for boys only. Insofar as girls received teaching, the custom was to educate them in their own homes.

Q. What were the schools like?

A. A good-sized Roman school had a few dozen pupils. Only five or six boys attended one of the smaller schools.

There was a teacher, a man who was paid a small sum each day. At least one teacher collected eight copper coins from every pupil at the start of the day's work.

The pupils were taught to read and write Latin, the language of the Romans. The verses of poets

were learned by heart, and so were the sayings of famous men.

In addition, the Greek language was taught in many schools. The Romans favored teachers who were born and trained in Greece.

When a boy went to school in the morning, he usually walked. The son of a well-to-do Roman was sure to be escorted by a slave. Q. Were large schools built in those days?

A. No, the custom was for the boys to gather in a single room, or in a special place out-of-doors. During good weather, outdoor schools were popular.

Q. What did the pupils use for writing?

A. The wax tablet was common among the younger pupils. It was a smooth oblong piece of wood with wax on the surface. A stylus (a pointed object hardly the size of a modern pencil) was used to make markings on the wax.

Older boys used pen and ink to mark "papyrus" (pronounced "pub-PY-rus"). Papyrus was a kind of paper invented in Egypt. The pens were reeds with points at the writing ends.

## Chevalier Still Bustling At 66

By GEORGE A. McARTHUR  
PARIS, Dec. 2 (AP) — Jaunty Maurice Chevalier is marking his 66th year in show business by getting ready to sail his famous straw hat right into your living room.

The reformed slapstick vaudeville star of a half-century ago thinks television provides another stage—perhaps a better one—for the witty songs, soft shoe shuffle and rakishly tilted headgear that have made him a favorite the world over.

Now 66, but looking no more than 50, Chevalier's last song hit is "Today I Am 30."

His present plans, which change frequently, include a film to be made in France and England, a television series which may be seen in this country, a film with Bob Hope, a tour of Scandinavia, a long delayed appearance on Broadway and a Hollywood movie for Billy Wilder.

While contemplating all these, Chevalier admits a bit sadly that his feet are tiring after a lifetime of running from stage doors to railway stations. He would like to do TV shows from his own luxurious home with an outdoor stage.

Despite a hankering for television, Chevalier says he would relish a Broadway tour with his one man show which winds up here tomorrow at the Champs-Elysees Theater.

"I would like to retire from the

stage after that," he says. "But, I am not going into a hermit's life. I am going into something that goes better with my years."

"My big dream is to touch the whole world from here," he says with a wave around his home.

"The question of being too old can be a little embarrassing if you stay on the stage. You might pity an old actor not doing too well, but if you stay at home you still are a gentleman. You are at home. It's a new life that appeals to me now."

He already has made a few experimental TV shows on film for distribution in Europe.

## Father Of Blues Back In Memphis

MEMPHIS, Tenn. (AP)—The blind old Father of the Blues is back on Beale Street, the onetime thoroughfare of wickedness where he created a "low-down" music with a mournful beat.

W. C. Handy, bent with the weight of 81 years, flew here from New York Tuesday to lend his presence to the Blues Bowl football game, a charity affair between two high school teams.

Blowing a horn is too much for the writer of "Memphis Blues" now. He said he had to rest several weeks to "store up" strength for the trip. But he'll try to manage one note in a minor key to start things jumping.
