

A Diploma—After 48 Years

Shine Phillips, Big Spring druggist, gets his high school diploma. State Rep. Obie Bristow, left, presented the sheepskin during a Homecoming Day program at the Big Spring-Sweetwater football game Thursday. Phillips was a member of the 1906 class of Big Spring High School, but he left school a few weeks early that spring, when he received a "decree," Bristow said. Phillips said he hopes no other Big Spring student takes 48 years to graduate.

Football Victory, Queen, Diploma Top Homecoming

The first Big Spring High School homecoming was climaxed Thursday afternoon with a football victory, the crowning of a football queen and the presentation of the school's first honorary diploma.

The diploma went to Shine Phillips, druggist and author, who was a member of the Class of 1906.

Phillips left school shortly before his class graduated, mostly because of a "bad case of hooky," State Rep. Obie Bristow told the homecoming crowd as he made the presentation.

Sue Barnes was crowned homecoming queen.

The presentation of the honorary diploma and crowning of the queen took place during the gala half-time program at the Turkey Day football game in which Big Spring conquered Sweetwater by a score of 21 to 7.

The homecoming celebration

had started Thursday morning with a colorful parade through downtown Big Spring. It was concluded with a dance for students and exes last night, following a two-hour reception at the high school cafeteria.

There was no count made of the former BSHS students on hand for the school's first homecoming, which sponsors hope to make an annual affair. It was estimated that more than 2,000 were served during the reception, although many of these were wives or husbands of former students.

The biggest crowd ever to attend a football game in Big Spring saw the victory that made the Steers co-champions of District AAA-L.

Supt. W. C. Blankenship, School Board Chairman Clyde Angel and Rep. Bristow formed a delegation to present the honorary diploma to Phillips.

In a brief presentation speech, Bristow said Phillips has been "long on citizenship down through the years. He has been a friend of the needy, the sick and of all mankind . . . we believe he has a great career ahead of him."

"I hope you boys and girls here today won't have to spend 48 years in the senior class," Phillips said after accepting the diploma.

Telegrams of congratulation were read from Gov. Allan Shivers and Hal Jordan, president of the Texas State Board of Pharmacy, of which Phillips is a member.

Presentation of the diploma and the homecoming queen took place in a "castle" formed by the high school and junior high bands. The crown was placed on the head of Miss Barnes by Supt. Blankenship. Accompanying the queen were five homecoming princesses—Nancy Smith, Nita Hedleston, Lila Turner, Barbara Bowen and Marietta Stagg.

The ceremonies took place after Big Spring and Sweetwater High School bands had exchanged salutes in the center of the field. Larry Casey, Lavern Cooper, Tom Henry Guin and Peggy Hogan, representatives of the Big Spring student council, presented a sportsmanship plaque to Sweetwater students at the beginning of the game.

The homecoming queen was chosen by student vote from among the six homecoming princesses. Her identity was not disclosed until the crowning ceremony took place. She received gifts from

31 Hospitalized In Outbreak Of Food Poisoning

Thirty-one persons were hospitalized and about 45 others received treatment at hospitals Thursday apparently because of food poisoning following a meal at the Trinity Baptist Church.

None of those hospitalized was thought to be in a serious condition this morning.

Two meals were served at the church Thursday in connection with a Thanksgiving Day program. Rev. L. J. Power, the pastor, said that between 700 and 800 persons participated. Meals were served at noon and late in the afternoon. All of those stricken became ill following the evening meal.

Seven were admitted to the Big Spring Hospital and 24 were hospitalized at the Malone and Hogan hospital. The hospitals said about 45 others were treated and dismissed.

The patients were taken to the hospital in private cars. Exact cause of the illness was not known, but hospital representatives said some of those stricken blamed their sickness on both turkey and dressing.

Hospitalized at the Big Spring Hospital were Mrs. and Mrs. D. Clanton, Mrs. Paul Allen, L. J. Davidson, Rev. Truman Walker, Mrs. Edgar Gentry and Billie Eggleston.

Malone-Hogan Hospital reported the following persons still in the hospital: Mrs. W. A. Henager and baby Dolly, Mrs. Tom King, Johnny Hopper, Mrs. John Evans, John Ramsey, Eddie Lee Russell, Mrs. W. H. Knight, Mrs. Virginia Kegans, Tvey Dell-Burris, Ann Powers, Bobby Martin, Patsy Blair, Barbara Matthew, Sandra Sue Reed, Betty Ann Pickett, Ula Fay King, Mrs. J. L. King, Jerry Powers, Jackie Powers, Rev. R. N. Powers, Curtis Hopper, Eddeane Hopper, Mrs. Beulah McLaugh.

Patients at both hospitals were reported in satisfactory condition this morning.

COUNTY'S FIRST WOMAN JURY WILL SEE SERVICE DURING DAY

Howard County's first woman juror was to see service this afternoon.

In fact, an all-woman jury was scheduled for a series of sanity hearings at the Big Spring State Hospital.

Sheriff Jess Slaughter subpoenaed the six women for jury service after County Judge R. H. Weaver instructed him to assemble a panel for the hearings. About 12 cases were to be heard during the afternoon.

Summoned for jury duty were Marguerette Woolen, Grace Miller, Jackie A. McKinney, Reba Baker, Lois Marchbanks and Barbara Waits.

Slaughter said he contacted several other women in his efforts to assemble the jury. Some of those contacted, local leaders recently in the campaign for passage of the constitutional amendment permitting women to serve on juries in Texas, offered excuses for not wanting to serve, he said.

Some of those selected told Slaughter they didn't vote for the amendment.

The hearings were to start at 1:30 p.m. in the administration building at the state hospital.

Explosion Wrecks Office Of Beaumont Contractors

BEAUMONT (AP)—A heavy explosion, termed by officers as definitely dynamite, virtually wrecked the offices of the Associated General Contractors and damaged at least two adjacent buildings early today.

The blast, originating immediately under the office of A. E. Wenham, AGC secretary, caused damage estimated by Wenham at \$20,000 to the building, a six-room converted residence. The explosion occurred shortly after 1 a.m.

It blew out several windows in the next-door residence of L. W. Beach and caused damages estimated by Beach at more than \$700 to the building and fixtures of the Park Plumbing Supply Co., immediately south of the AGC structure. There were no reported injuries.

Detective H. C. Walling, who with Detective R. J. Beyer, investigated the blast scene, said no clues as to the origin of the blast had been unearthed, but that a large hole was found under the floor, indicating the explosion originated there.

Walling termed the explosion as "definitely dynamite."

The AGC currently is engaged in a wage dispute with Local 450 of the AFL Operating Engineers. A "no-results" report was given following the last meeting between the AGC and the union Wednesday.

The union last August put a three-day work week into effect for its members working on projects being built by the AGC, an association of independent contractors. On Oct. 20 the union called off the slow-down and workers went back to work full time without a contract.

Ike Names Allen Dulles Assistant

AUGUSTA, Ga. (AP)—President Eisenhower today named George V. Allen, now ambassador to India, as his assistant secretary of state for Near East, South Asian and African affairs.

Allen will succeed Henry A. Byroade, who will become ambassador to Egypt, succeeding Jefferson Caffery, who is retiring.

The President announced at the little White House here, where he is spending a Thanksgiving week-end vacation, that the nominations will be sent to the Senate when the lawmakers convene again.

There had been speculation for weeks about the shifting of top diplomatic posts. Some reports have suggested that John Sherman Cooper, Kentucky Republican defeated for re-election to the Senate, might get Allen's post in India. Press secretary James Hagerty had no comment on Allen's successor there.

Allen, 51, from Durham, N.C., has been a foreign service officer since 1931, starting as vice consul at Kingston, Jamaica. He rose to become ambassador to Iran in 1945; Assistant secretary for Public Affairs in 1948; ambassador to Yugoslavia in 1949; and went to India in March, 1953.

Byroade, 41, from Maumee, Ind., goes to Egypt after serving as assistant secretary since 1953.

Caffery is retiring after 43 years in the foreign service.

Man Hospitalized In Oil Field Mishap

Oscar M. Skelton was hospitalized last night with minor burns on his arms following an oil field mishap. He was taken to Cowper Clinic and Hospital about 7:00 for treatment. His condition was reported as satisfactory this morning.

Skelton lives at 810 Lamar and is employed by Charles E. Long Jr., Inc.

Accused Pilot Says He Won Funds At Monte Carlo Casino

GENEVA, Switzerland (AP)—Harold (Whitey) Dahl told a Swiss criminal court today large winnings at the Monte Carlo casino financed four days of high living with his girl friend at the famed gambling resort in November 1953.

Dahl, 45, an American pilot and soldier of fortune originally from Illinois, is being tried on charges of stealing gold valued at about \$35,000 from a Swiss air plane under his command during a Paris-Geneva flight on Oct. 4, 1953.

Dahl was arrested two months later after a Geneva taxi driver testified that Dahl carried "a heavy package" when he drove him from Geneva airport to his apartment on the day of the theft.

Dahl claimed that the package contained two bottles of cognac, which he had smuggled through the Swiss customs. On this admission, he was summarily dismissed by the court.

Dahl was released on bail early this year while awaiting trial.

Why Do People Go To Different Churches?

Everybody, at one time or another, ponders this question. What is the difference in religion? What is a Catholic, a Protestant, a Jew? Whatever your faith, you've wondered at some time what the other fellow believes, what happens in the church he attends. What does the Catholic Mass mean? Exactly what is a rabbi and what does he do? Why don't Baptists baptize infants?

The Herald will publish a series of articles answering these and scores of other questions. In simple question and answer form, the articles will tell you about various faiths, and reply to some of the questions you ask about them.

Each article is written by a prominent leader of the faith under discussion. These will run in The Herald each Sunday for 12 weeks, two articles being devoted to each religion. You will want all of these articles and we urge you to clip them for future reference.

Conflicting Data Released On Raid

By SPENCER MOOSA
TAIPEH, Formosa (AP)—Chinese Reds reportedly sent an assault force against a tiny Nationalist outpost in the Formosa Strait today, but there were conflicting reports on whether they actually attempted a landing.

The Nationalist Defense Ministry at first announced the Reds landed at Wuchiu Island and were driven off after many Communist soldiers were captured.

Later the ministry issued a communique saying the Reds approached the island from three directions and were "repulsed" by Nationalist defenders and warplanes. The communique made no reference to a landing, or to the prisoners taken.

The communique said the Communists converged on Wuchiu from three directions in five gunboats and "quite a few junks" at 1:06 a.m. and were repulsed around 4 a.m. It said the Nationalist air force sank five Red motorized boats and a number of junks about 8 a.m.

"The situation on Wuchiu is quite good and we have heightened our alertness," the communique said.

It was not clear whether the attack on Wuchiu Island was intended as an invasion, a hit-and-run raid or an effort to see what the U.S. 7th Fleet might do.

Press reports said the Reds stormed ashore from motorized junks under cover of shelter from 10 gunboats. Nationalist warplanes traced to the island and helped drive the invaders back into the sea.

Taipei newspapers said the warplanes then roared low over the sea, strafing "quite a lot" of Communist craft. The Communists replied with machine-gun fire, but without success, the newspapers said.

The reports said the troops on Wuchiu were "particularly vigilant" against a possible night attack.

Wuchiu is a guerrilla base only a mile long and half a mile wide. It is 15 miles from the mainland and 10 miles south of Red-head Nanjin Island. It is 63 miles northeast of Quemoy and 66 miles southeast of Fochow, capital of Fukien province.

The 7th Fleet has been patrolling the Formosa Strait since June 27, 1950, just after the outbreak of the Korean War. Its assigned task is to protect Formosa and the Pescadores from invasion. U.S. policy has been to keep the Reds guessing about what the fleet might do if one of the many offshore Nationalist outposts was threatened.

There was no indication that the fleet was needed today, or that the Nationalists asked for its help.

Smog Covers S. California

LOS ANGELES (AP)—The worst fog in years continued over the greater portion of southern California today, paralyzing transportation on land, at sea and in the air.

The Coast Guard made a dramatic rescue of a converted Navy crash boat, Harmony, that was groping in the murk and unable to radio its position. Using radar and radio bearings, a Coast Guard boat located the craft in the thick mists eight miles north of Isthmus Cove of Catalina Island and took it in tow. With it was a little cruiser that had tried to make the tow.

Most airports were closed, including the big Los Angeles International, one of the nation's busiest. Scores of traffic crashes were reported in the Los Angeles metropolitan area, but only one death was directly attributed to the smog, probably because fog prevented speed.

Three babies, each 3 months old, died yesterday of respiratory ailments and the coroner ordered autopsies. Smog was suspected of being a contributory influence, but two of the infants were being given medical care.

For the last 48 hours eye-smarting smog has drenched the downtown Los Angeles area.

Fog blanketed the Pacific coast from San Luis Obispo to the Mexican border and pushed from 5 to 20 miles inland.

Four adults and five children were aboard the crash boat Harmony. Its skipper, Frank Champlin, received assistance from a cable cruiser, Jama Jan, which tried to tow her, but both were swallowed in the fog and did not know their position. Neither did an unidentified boat that radioed the Santa Barbara Coast Guard, saying it was on the rocks north of there. A search disclosed nothing.

Third Inmate Named In Remington's Death

LEWISBURG, Pa. (AP)—The FBI today charged a third inmate at Lewisburg Federal Penitentiary with the murder of William W. Remington, former government economist convicted of perjury, and in so doing provided the first clue to the motive in the slaying.

Norman H. McCabe, the agent in charge of the Philadelphia FBI office, announced that Lewis Cagle Jr., 17, of Chattanooga, Tenn., has been charged with the murder of Remington on Monday.

McCabe said Cagle admitted in a statement "that he, along with McCoy and Parker, planned to ransack Remington's room on Nov. 22 and the assault took place while they were in his (Remington's) room."

The other two prisoners referred to were George Junior McCoy, 34, of Grundy, Va., and Robert Carl Parker, 21, of Washington, D.C., who were charged with participating in the beating administered to Remington with a part of a brick wrapped in a sock.

Remington, who was serving a three-year sentence for perjury after denying he gave government secrets to Communists, died of a skull injury in the prison hospital Wednesday.

The clue as to the motive for the slaying ended speculation that the slaying might have been an act reflecting anti-Communist feeling in the prison.

The development came less than 24 hours before these same prisoners are scheduled to open for Alger Hiss who has spent three and a half years in the jail. His wife, Priscilla, was expected to meet him at the prison gates.

The 50-year-old former State Department official, who was convicted of swearing falsely when he told a congressional committee he had never passed secrets to a Communist spy ring, is leaving on a probationary basis. He was originally sentenced for five years, but he won an earlier release with a "meritorious" record.

As a convicted felon, he will be without the right to vote or hold public office.

Acting Warden Fred T. Wilkinson said he has had his "customary talk" with Hiss.

Hiss' itinerary for tomorrow is simple: Eat breakfast, check out with the library and then walk to freedom.

Prison guards have described Hiss' prison life as that of an extremely cooperative inmate.

Hoover Praises West Berliners

BERLIN (AP)—Herbert Hoover declared tonight surrounded Berlin has done its duty well in resisting the advance of "Red atheism."

It behooves other areas of the world to profit by the example, the former President of the United States declared.

Hoover, winding up a five-day tour as a guest of Chancellor Konrad Adenauer, addressed the West Berlin City Senate after signing the "Golden Book" and joining with German and Allied officials in a banquet.

In a prepared speech, the 80-year-old ex-President told the Berliners:

"I do not need to discuss the value of freedom with you. You live cheek by jowl on the boundary behind which you daily witness the

Adopted Italian Boy Arrives In America

DALLAS (AP)—Johnny, the 20-month-old Italian boy adopted by a Dallas couple, arrived today via American Airlines and air stewardesses branded him "sweet."

So did Mr. and Mrs. Thomas DeCecco, his new foster parents.

The youngster, blond, blue-eyed and excited when he arrived at Dallas Love Field, paid more attention to dolls at an airport newsstand than to his new parents.

Johnny was brought to New York by Carl Hecker, superintendent of the Villa Speranza, an orphanage for boys operated by the Crescent Hill Church of Christ of Brownfield, Tex.

Hecker said he found the tot last July and the DeCeccos went to Rome.

Santa Sets The Date

Santa Claus got out his pencil and marked his North Pole calendar today so that he wouldn't forget to arrive in Big Spring on Dec. 1. He is due here for the annual Christmas parade, and he has assured local officials that he will make the date. He will ride in his sled and pass out candy to all the children lining the parade route. In fact he has already sent the candy, and it is waiting here for him to pick up. There should be plenty for all. Santa said he wanted to assure all the kiddies that he will also reappear in Big Spring at Christmas, but he will be bundled down with toys on the second visit and will come at night so that the children cannot see him. All kiddies who wish to see Santa had better go to the 4:30 p.m. parade next Wednesday.

UNCLE RAY'S CORNER

Processionary Caterpillars of Europe.

Almost everyone knows about the driver ants, or army ants, but few persons who live in cities are acquainted with army worms. On farms, sad to say, they are known more widely. Army worms are found chiefly in the United States and Canada, but some of them bother the farmers of Mexico and other parts of Latin America. Hatching from eggs laid

on plants, they eat the plants and then go to nearby leaves. After destroying all green material in the area in which they were hatched, the worms gather in a mass and "march" to another field. There they destroy grass or growing crops.

Farmers use several methods to fight these pests. Poison sprays are employed at times. Ditches are dug, and thousands of the army worms may be trapped in little pools of oil at the bottom of a single ditch.

Also called army worms are the larvae of gnats which belong to the Sciara genus. The larvae feed on mushrooms, rotten wood and the roots of several kinds of plants. One army of them was a column five inches wide and 11 feet long. Perhaps more interesting are the processionary caterpillars of Europe. When on the move, they look very much like a large serpent.

These caterpillars hatch from eggs which moths place on the bark of trees. Whether the tree is a pine, an oak or some other, the caterpillars go elsewhere to seek food.

Excursions are made at night. The caterpillars form a line when they reach the ground. Often three or four of them are abreast while they march in a close pack. Usually they seek pine needles, which are their favorite food.

Thin silken threads are produced and let out by the marching caterpillars. The threads guide them when they have finished feasting and want to find their way back to their home in the tree.

Flanders Directs Talk To Russians

WASHINGTON (AP)—Sen. Flanders (R-Vt) has told the Russians they should go along with the U.S. plan for disarmament under inspections so that the people of the world can be freed of the cost of arms.

In a Voice of America Thanksgiving Day broadcast beamed directly to the Soviet people, Flanders said America covets no new territory but is spending "huge sums" on armaments because she fears further Russian aggression.

The alternative to a costly and dangerous arms race, he said, is the U. S. program for world disarmament. The Communists have countered with disarmament proposals based on pledges rather than the U.S. plan for policing through the use of inspectors.

Churchill Makes Only Passing Reference To Latest Dispute

LONDON (AP)—Prime Minister Churchill had only a passing reference — with a smile — today for the latest controversy in his nearly 80 years of political and personal excitement.

Accepting an antique silver tray from Bristol University, Sir Winston smilingly told the 2,700 students that he was "supposed to be in a bit of a scrape" over his disclosure Tuesday that he was ready to rearm surrendering German

troops in 1945 if necessary to halt Russia's advance into West Germany.

Churchill made no other reference to the fuss. Three major British newspapers rallied to the Prime Minister's defense today amid continued criticism from the Labor party and press that the revelation was a serious blunder at a time when the Russians were showing signs of a softer policy toward the West.

But the liberal Manchester Guardian said that some Conservatives were using the incident as a new weapon in their campaign for Churchill's retirement in favor of Foreign Secretary Sir Anthony Eden.

The storm of criticism blew up after Churchill told a Conservative party rally Tuesday he had wired British Field Marshal Montgomery during the closing days of World War II to keep German arms ready for reissuing to the German soldiers who he should have to work with if the Soviet advance into Western Europe continued.

Communist newspapers here and in East Germany have declared this was evidence that Churchill all along was preparing a third world war.

A large section of the Labor party opposes the Paris agreements to rearm West Germany, a feeling which apparently triggered the current outburst.

Churchill re-emphasized his stand yesterday by quoting two of his 1945 messages in a reply to a House of Commons question on the issue. One of the messages — to Gen. Dwight D. Eisenhower, then supreme Allied commander — suggested that captured German arms be kept ready for use. The other, sent to Foreign Secretary Anthony Eden, said the Allies were speeding up their occupation of Denmark after reports that parachuted Soviet agents were active in that kingdom.

Defending Churchill's position, the Daily Telegraph said criticism of the Prime Minister—who will be 80 next Tuesday—was unjustified and would give comfort only

to the Soviet Union and its sympathizers.

In an editorial, the Telegraph said: "No informed person knew if or where the Russians would stop or what would be required to stop them..."

The Conservative Daily Mail declared that from some of the remarks about the Prime Minister

"one would think that Churchill had betrayed his country instead of foreseeing a dire possibility and preparing against it."

The Daily Express, independent but pro-Churchill, called it nonsense to say—as the Laborite Daily Herald had—that the disclosure would worsen the West's relations with the U.S.S.R. "The Russian will to peace, if it is genuine, cannot conceivably be affected by Churchill's historical flashback."

The pro-Labor Daily Mirror, which has been demanding Churchill's retirement on the grounds of old age, said:

"He should go before he further embarrasses his chosen successor as Tory prime minister, Sir Anthony Eden."

Express Office Is Center For CARE Packages

Officers of Railway Express Agency, which are located in all the principal cities and towns of the country are centers for the collection and forwarding of donations to the CARE Christmas "Food Crusade" for needy families in 31 countries of Europe, Asia and Latin America. A. L. Lott, local agent, announces. The service is performed at no cost to CARE or to the public.

A. L. Hammell, president of the company states that "We feel that relief from suffering and despair during the holiday period when every American feels a heightened sense of good will toward his fellow man is a valuable contribution not only to those in want, but we also believe that the crusade is an aid to our foreign policy of stemming the spread of Communism in the free countries of the world."

The objective of the program is to send some 14 million packages or 17 1/2 million pounds of surplus food now stored in government warehouses which has been accumulated as a result of farm price supports. This is being released free by our government. Donations of 50 cents per package are being sought now to cover costs of distribution. A contribution of only one dollar will assure the delivery of two food packages weighing 28 pounds. They contain necessities such as butter, powdered milk, rice, beef in gravy and other basic foods. An American representative of CARE will make certain that the distribution is made on the basis of need without reference to race, color or creed.

The local express office has complete information about the "Food Crusade" and are ready to forward contributions to CARE headquarters in New York. The name of the donor will be on each package he contributes and those donating \$5 or more ultimately will get an acknowledgment from the recipient, Lott said.

IN POWER STRUGGLE

Yoshida May Attempt To Force Jap Election

TOKYO (AP)—Embattled Prime Minister Shigeru Yoshida was reported ready today to throw Japan into a general election unless he can either hold office or name his successor as premier.

With the nation's special Diet session only four days away, lines were hardening for an all-out struggle for power among three factions—two conservative and one made up of Socialists.

Beginning the seventh year of an unbroken and unprecedented administration, Yoshida faces the fight of his political life.

For the first time in his long rule his opposition has enough certain votes to topple him with a non-confidence motion in the House.

Yoshida, a fighter, was said by the newspaper Asahi, Japan's big-

gest, to be ready with House dissolution that will hurl Japan's 467 representatives into a bitter and expensive election campaign.

Yoshida today said he would step down as president of the Liberal party in favor of Deputy Premier Taketora Ogata. The Liberals are still the country's biggest party with 185 members, despite the conservative bolt.

But he was apparently ready to fight for his office—or at least the power to name Ogata as his successor to the premiership.

Yoshida appeared ready to do anything to block his conservative archrival, 71-year-old Ichiro Hatoyama, from forming a government.

Hatoyama, founder of the Liberal party, bolted with his followers for the second time last week and formed the new Japan Democratic party in coalition with the Progressives, led by wartime Foreign Minister Mamoru Shigemitsu.

The Socialists were apparently ready to support Hatoyama in the non-confidence maneuvers as a means of bringing down Yoshida, whom they violently oppose.

The balance of power in the seething lower house now stands thusly: Liberals, 185; Japan Democratic, 121; Left Socialists, 72; Right Socialists, 61; minor parties and Independents, 20; vacancies, 8, Total 467.

Britons Plan Honors For Sir Winston

LONDON (AP)—Britons are planning one of their biggest displays of public affection ever seen in these normally reserved islands for Winston Churchill on his 80th birthday next Tuesday.

His health will be drunk in pubs and clubs throughout Britain. The two houses of Parliament will join in a session of tribute.

There will be gifts for the doughty old Prime Minister ranging from a few tea leaves to a check for something like a million pounds. This \$2,800,000, to be spent as Churchill pleases, represents a worldwide shower of donations to the Sir Winston Churchill Birthday Presentation fund. One guess is that Churchill will use the money to set up a new international humanitarian fund.

The Prime Minister must sandwich the festivities into a busy round of affairs of state. The birthday coincides with a formal opening of the new Parliament. The usually late-to-bed Churchill will start his birthday celebration with a special cup of tea. The tea—two spoonfuls in a grubby, screwed up envelope with a little sugar—was sent to Churchill as "the only present I can afford" by someone signing himself "An Old Age Pensioner."

Organizers of the birthday fund said the Prime Minister, touched by the gift, was reserving it to be drunk in bed, as an eye opener.

Runs On Light

Electrical current to transmit conversation over this demonstration telephone system is furnished from the Bell solar battery which Gerald L. Pearson, one of the co-inventors, is holding under artificial light. The battery transforms the light into electrical energy.

Solar Battery Turns Sun's Light Into Electric Energy

Sunbeam-powered telephones may someday flash messages about crops, market prices and the weather between farm homes in this area, predicts C. W. Fisher, Big Spring manager for Southwestern Bell Telephone Company.

Information about a new invention of Bell scientists that may make sunlight energy usable to carry telephone messages and perform other tasks has just been received here by the manager.

The new device is called a solar battery. It can convert energy from light into electrical energy, which already has been used in experiments to power telephones, operate small electric motors and lights, and operate switches to turn various devices on or off.

Since its invention several months ago, scientists have improved the efficiency of the battery by one-third until it now has about eight per cent efficiency, Fisher reported. This compares with 10 per cent efficiency of standard diesel engines.

The battery in its present form is a simple-looking gadget made of razor-thin strips of silicon, principal ingredient of common sand, which are glued to a clear plastic plate. Sunlight or other light falling on these silicon strips is converted into electrical energy, which is carried away on tiny wires connected to the silicon wafers.

At the moment, Bell scientists do not see the solar battery as a competitive source of commercial power. Its important use would be in places where commercial power is not readily available, and in communications where only a small amount of power is needed.

The battery in its present stage requires large amounts of space—one large enough to furnish power for an industrial plant might cover several acres; one large enough to furnish power for a city

the size of Dallas would require about a square mile of surface.

A number of possibilities have been suggested for the new battery. If houses had silicon roofs, for instance, a battery this size might furnish current to run the refrigerators, lights and other electrical appliances. Authorities say there is already a demand for small solar power machines, up to five horsepower, for irrigation, heating and cooling of dwellings, charging batteries and other farm and ranch uses.

Immediate practical uses, however, would be in the communications business, such as powering telephone systems, or in Army walkie-talkies.

350 Seasonal Workers Due To Take Yule Jobs

By CLIFTON LAWHORNE

Big Spring's employment picture, which has brightened considerably during the past few months, will look even better with the hiring of additional Christmas help.

A number of merchants here already are taking on extra employees, and others will expand their working force as the expected Yule rush materializes.

Approximately 350 "seasonal" employees will be hired here this Christmas, it is estimated by Leon M. Kinney, manager of Big Spring's office of the Texas Employment Commission.

Most of the additional employees will be hired as sales clerks in local stores. Kinney also believes domestic jobs will be more plentiful during the Christmas season due to the jump in entertainment.

Service workers, such as waitresses and transportation employees, will also be in demand.

"Extra workers will be employed in restaurants, hotels, automobile service stations, department stores, specialty shops, variety stores, food stores and other retail establishments," he said.

Most of the extra employees hired here will be, as always, women. Kinney explained that housewives aid the employers' need here every year because of their desire to pick up some "pin money."

Women are particularly adept at selling and wrapping packages, Kinney explained, and the great majority are looking only for a Christmas job, placing the employer under no obligation for permanent employment.

Quite a few of the Christmas employees are those who have

never worked before. This includes the housewives and schoolsters who work during vacation.

The local Texas Employment Commission can accommodate all who need social security cards for their first jobs, however. Applications can be filed there, and the applicant has nothing else to worry about. A social security card will be forthcoming from the Odessa office.

A number of Latin-Americans here are employed around Christmas, as are quite a few farm

workers who have completed the annual harvest. School youngsters are the last hired by merchants, Kinney pointed out, because they usually cannot be given responsible jobs.

Kinney urged that all people interested in Christmas jobs contact his office, as the employment commission acts as a clearing house for employer-employee contact.

Approximately 75 people are listed in the commission's files as available for jobs at the present, but a good percentage of these are interested in permanent employment. Another 250 individuals are listed in the office, but they are "inactive" and probably unavailable.

Kinney expects that 20 to 25 per cent of his registrants will be placed during the Christmas business rush.

"The ensuing holiday season shows every indication of being an improved business season over any similar period for the past several years," Kinney said, pointing out that there were more workers placed through his office in October than any month since January, 1952.

He explained that business betterment is almost assured here, and that the outlook for the coming year is good. Already more bales of cotton have been ginned and more tons of sorghum maize reaped than were harvested in the past two years combined, he explained, and construction activity here is on the increase.

The holiday season will increase travel, as well as recreational and amusement activities, he explained, boosting business in general.

Banker Endows Medical Chair In Showing Thanks

CAMBRIDGE, Mass. (U)—A New York investment banker has endowed a professorship of medicine at Harvard Medical School in honor of Dr. Samuel E. Levine, onetime Boston newsboy, now regarded as one of the world's authorities in heart diseases.

Charles E. Merrill, in making an initial gift of \$400,000 to the university to provide the major part of the endowment, said of Dr. Levine, "He has helped me to a great degree from time to time—indeed, I believe he has saved my life."

Dr. Levine is clinical professor of medicine at Harvard. A native of Lomza, Poland, he once sold papers on the street of Boston and his education at Harvard College and Harvard Medical School was made possible by the Old Boston Newsboys Union.

Gales Bring Floods To Areas In England

LONDON (U)—Rain-laden gales sweeping in from the Atlantic brought widespread floods to southwest England and the midlands today.

Winds topping 60 m.p.h. prevented the 81,000-ton liner Queen Mary leaving Southampton with 800 passengers for New York. Around 400 more passengers due to be picked up at Cherbourg later were warned the liner would be delayed, probably until tomorrow.

Flood waters covered dozens of roads in the southwestern counties of Cornwall, Devon and Somerset. More roads were blocked in four north midland counties. Hundreds of motorists had to abandon their cars to wait for the waters to subside.

Sugar Heir Released From Jail On Holiday

SANTA ANNA, Calif. (U)—Sugar heir Adolph Spreckels II was released from the Orange County Jail in time to have his Thanksgiving dinner in his Ojai home. He had served 25 days of a 30-day sentence for beating his fifth wife, actress Kay Williams.

"I had a good time here; I'd even like to come back some time," quipped the 43-year-old millionaire.

Be sure to test out the phenomenal effect of "variable pitch propellers" in Dynaflo Drive!

MAYBE—among the upcoming crop of new 1955 models—there's another car with an advance that can hold a candle to this one.

But we doubt it. We doubt it because nowhere—among the rumors of what's cooking in automotive laboratories—is there anything to compare with what's actually happened at Buick.

It all started with the fact that modern air liners get two big advantages because they can change the pitch of their propellers.

First, they get off the ground hundreds of feet sooner than they used to.

Second, they can stretch their gasoline by setting propeller blades at just the right "pitch" for cruising.

So Buick engineers asked themselves—"If you can do it with air, why can't you do it with oil—the oil inside a Dynaflo Drive?" And to make a long story short—they could, and they did.

They designed and engineered the propeller-like blades inside the "stator" of a Dynaflo Drive so they can change their pitch as much as 75 degrees.

That provides one setting for more-miles-per-gallon, and another for an instant safety-surge of power when it's needed.

All you have to do is push the accelerator pedal the last

half-inch beyond the full throttle position—and a-way you go!

Of course, there's a lot more to make a visit to our showrooms the "must" of the new-car year.

There's a step-up in styling as sensational as the step-up in power.

And the step-up in horsepower is this: 236 in the ROADMASTER, SUPER and CENTURY—188 in the SPECIAL.

But the thrill of the year is Buick's latest engineering "first"—and what it does for the man or woman who drives the latest and greatest Dynaflo Drive.

Pay-off on progress!
Buicks today go a lot farther on a gallon of gas, thanks to constant improvement in Dynaflo and in engine design. Even the new 236-hp ROADMASTER averages 4.8 more miles per gallon than Buicks of six years ago.

Thrill of the year is BUICK

East-West Violin Contest Ends In Draw At London

LONDON (U)—The East-West violin sweepstakes ended in a draw today as far as London's critics were concerned.

The contestants were the Soviet Union's fiddling pride, David Oistrakh, and Jascha Heifetz, also Russian-born but a resident of America for many years.

Heifetz played the Brahms Violin Concerto here last week in what was popularly considered the first round of an East-West musical battle. Oistrakh was soloist in the same concerto here last night.

This morning only two critics drew a comparison.

Andrew Porter of the Daily Express said Oistrakh gave "just an ordinary run-of-the-mill performance, not to be compared with that given by Heifetz."

But the anonymous critic of the Times said Oistrakh's treatment "had more personal feeling and more identification of himself with the composer than Heifetz's."

Critics of the other morning papers said Oistrakh was great and drew no comparisons.

Well-Aged Beer Found In England

SANDWICH, England, (U)—Eighteen bottles of beer believed to be about 250 years old have washed ashore here in the past week.

Ivor Noel-Hulme, an archaeologist, fixed the approximate age of the brew by examining the old hand-made bottles. They were of a type used 2½ centuries ago.

The beer is believed to have come from an ancient wreck finally broken up by the sea.

"People who have tried it," Noel-Hulme reported, "say it is horrible."

Signature Count On Petitions To Start

NEW YORK (U)—Counting of signatures on petitions opposing censure of Sen. Joseph R. McCarthy (R-Wis.) is scheduled to start today.

A spokesman for a group called "Ten Million Americans Mobilizing for Justice" said yesterday the New York accounting firm of James Walsh and Co. had been hired to supervise the counting by volunteer workers at the group's Hotel Roosevelt headquarters.

State Teachers Hear Speakers

FORT WORTH (AP)—Henry W. Billwell, Texarkana, Tex., educator, and Miss Wanda Walker, National Education Assn. president, headed speakers today before the Texas State Teachers Assn. convention.

Dr. Herd C. Hunt of Harvard University's Elliot School of Education was the principal speaker at yesterday's opening session. He said teaching 100 years ago was a "snap compared with what it is today."

"Our job will be harder the challenge, the opportunity, the obligation will be greater in the 100 years to come," Dr. Hunt said.

Another first day speaker was W. R. Beaumier, publisher of the Lufkin Daily News and president of the Texas Press Assn.

He said everyone should work toward a free teaching profession in Texas. Beaumier spoke in the classroom of teachers' banquet in Hotel Texas last night.

More than 400 members attended the banquet and were introduced to Mrs. Maybell McDaniel, Fort Worth, new president of the classroom teachers who succeeds Mrs. Gertie Hays of Austin.

J. H. Flathers, Amarillo, was named vice president and new directors elected were Mrs. Alva Alexander, Palestine; Mrs. May Proffer, Denton; and Mrs. Onita King, Lockhart.

Vishinsky's Ashes Placed In Niche In Kremlin's Wall

MOSCOW (AP)—Premier Georgi Malenkov and other top Soviet leaders placed an urn containing the ashes of Deputy Foreign Minister Andrei Y. Vishinsky in a niche in the Kremlin wall today.

The procession as they carried the urn from in front of the Lenin-Stalin tomb in Red Square, was the final ritual in an elaborate state funeral for the fiery orator and chief delegate of the U.S.S.R. in the United Nations. He died Monday in New York at the age of 70.

"Farewell, dear friend; farewell, dear comrade," said Foreign Minister V. M. Molotov in a funeral oration from the Red Square tribunal atop the Lenin-Stalin tomb as other members of the ruling Communist party presidium listened.

Below the leaders rested the flower-covered urn with the ashes of Vishinsky resting on a catafalque draped in red and black. The body was cremated earlier in the day.

Spectators shivered in the raw cold of Moscow's November, with the temperature hovering about 4 degrees above zero, Fahrenheit. About 3,000 persons marched in the procession through Red Square bearing black-draped portraits of Vishinsky.

Marlon Brando Says Wedding Set For Summer

NEW YORK (AP)—Screen star Marlon Brando, seemingly annoyed at persistent questioning over his plans to wed, asserted today the ceremony will be sometime "in the summer" and emphatically declared the report of his engagement was no publicity stunt.

Brando arrived on the liner United States from France, where he saw his fiancée, Josanne Mariani-Berenger, the step-daughter of a French fisherman.

tion to many social ills which prevent the soil for its growth. Peaceful use of atomic energy may make a "mighty" contribution in this respect, he added.

Ticking off advances in medicine, in economic output, and in scientific progress, Hoover said: "It amounts to industrial revolution in only one decade of time. With all this promise of increasing productivity, if the world could have peace, we would find a new Golden Age."

The ex-president visited Bonn, Stuttgart and Tübingen on his tour, arranged by the West German government in recognition of his efforts to combat famine in Germany after both world wars.

In Berlin he received the 21-gun salute reserved for chief executives and reviewed an honor guard of U.S. troops at American headquarters. He toured refugee centers before the ceremony at City Hall.

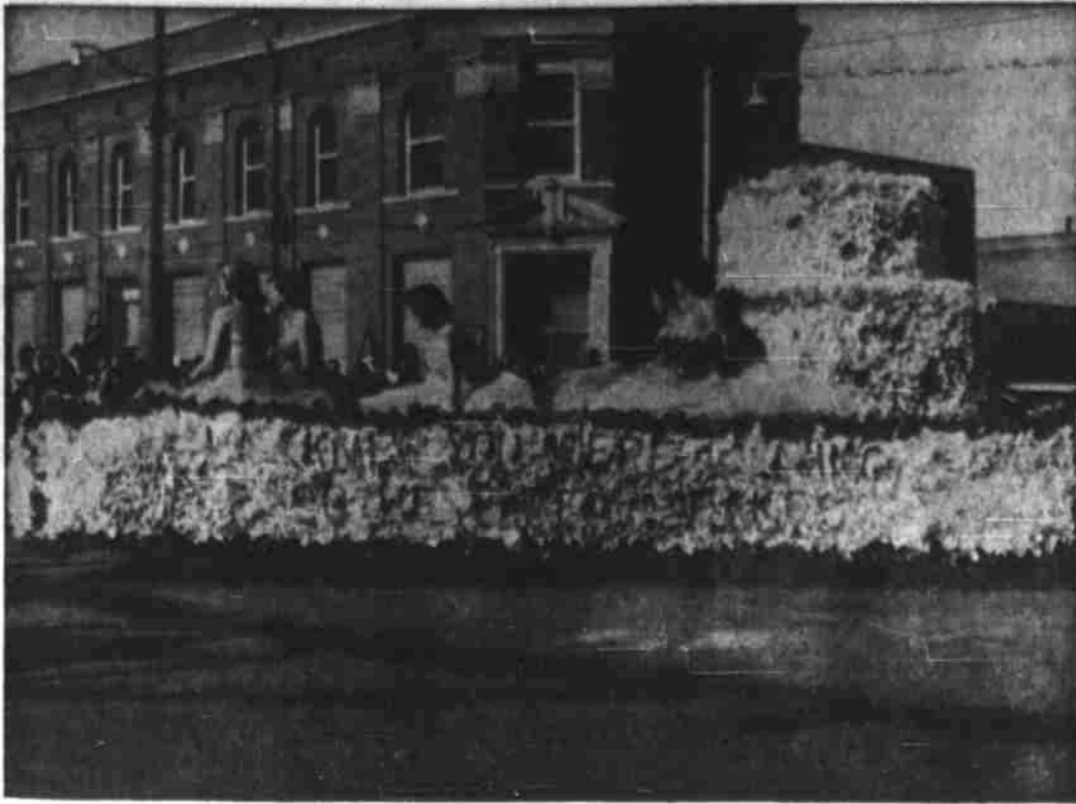

He plans to leave later tonight for the United States along with U.S. High Commissioner James B. Conant.

MARKETS

WALL STREET—NEW YORK (AP)—The stock market was higher today in a moderate manner in early trading. It continued a lengthy advance, and prices on average slipped into new high ground for the current market.

Higher were steel, motors, utilities, oil, rubber, chemicals, and transportation. Minor gains appeared in chemicals and public utilities.

Winning Float

"We Knew You Were Coming, So We Baked A Cake," said the Class of '54 with its float in the parade for former students of Big Spring High School at the homecoming Thursday. The float was judged best in the parade, and won a prize of \$10. Second-place float was the entry of the Rainbow Girls. The Class of '57 and Future Teachers tied for third place with their entries.

Two Unions Reach Truce After Bloody Brawl At Detroit Plant

DETROIT (AP)—Two AFL locals reached a truce last night after a smoldering jurisdictional dispute flared into a bloody Thanksgiving Day brawl at the McLouth Steel Corp. plant in the industrial suburb of Trenton.

ged each other with heavy wrenches and pipes in the melee. Six of the men required hospital attention after police broke up the fight by firing four warning shots into the air.

Police Lt. Fred Treska said the fight was between Riggers Local 375 and Millwrights Local 1102. The men are all employed by the Eichleay Corp., of Pittsburgh, which has a contract to replace an old rolling mill at the McLouth plant.

Gem Theft Is Reported

WEST ORANGE, N.J. (AP)—Police last night reported the theft of \$92,000 in jewelry from the home of wealthy manufacturer Anthony DeSiderio.

The loot, police said, was taken from a small wall safe in a bedroom closet by thieves who may have telephoned the home before they broke in through a window.

The theft first became known through a 13-state alarm sent out yesterday by West Orange police but actually was committed last Friday night. Details of the crime were withheld at first by local officials.

DeSiderio and his family had been out of the 15-room house when the thieves forced a window on a rear porch.

The wall safe alone was disturbed in the big house. It was torn from the wall and chiseled open.

Hain said the jewelry was insured. Some 37 pieces of stolen jewelry were listed in the police alarm. Some were valued at as high as \$15,000 each. In addition, \$500 to \$1,000 in cash was reported taken.

DeSiderio is one of seven brothers associated in the ownership and operation of four paper board manufacturing plants in Whippany and Clifton, N.J., and Durham, Pa.

Four Art Gifts Put On Display For First Time

PARIS (AP)—Four paintings by Paul Cezanne and Vincent Van Gogh, never shown publicly before, went on public display today as part of new gift to the Louvre from its greatest benefactor of recent years.

For over half a century these paintings, known only to a few experts, have hung in a modest private house of a small town near Paris. They belong to 81-year-old Paul Gachet, son of a Paris nerve specialist who amassed one of the world's most valuable collections of French impressionist art.

He did it mostly in the little valley town of Auvers-sur-Oise, loved and painted by French artists for over a century. His son still lives there, and has come to Paris for today's opening.

This is Gachet's third gift to the museum. The Louvre would not estimate the value of his donations, but experts calculated they could have brought at least a million dollars. In addition to the work now shown for the first time, the latest gift included another painting and a drawing by Van Gogh, another oil by Cezanne, three by Armand Guillaumin and one each by Constantin Guys, Camille Pissarro and Paul Van Ryssel—a pseudonym of the elder Gachet.

something to be thankful for. But as the three left, Johns picked up a jacket hanging in the police station hallway.

They met Patrolman Claude Robertson as they were heading out the door. It was his jacket.

All three were jailed for larceny from a building.

Not Too Amiss

BALTIMORE (AP)—Someone heard sounds of hammering inside a clothing store here yesterday and called police.

Three patrol cars, a patrol wagon and 14 policemen converged on the store. Inside the officers found the radiator system shaking itself silly on a cold day.

Expensive Whisky

FRUITA, Colo. (AP)—An empty whisky bottle is displayed in the window of the office of L. I. Harris, justice of the peace. On it is a penciled note: "This cost the man who drank it \$266."

Traffic-Stoppers

PEABODY, Kan. (AP)—Terrified turtles—hundreds of them—stopped traffic on U. S. highway 50S here yesterday.

The snapping turtles were turned loose after a trailer carrying more than two tons of them caught fire.

David Young, 25, a sailor at the Hutchinson, Kan., Naval Air Station, said he and a companion had spent several weeks gathering them and were on their way to the Chicago market when the trailer caught fire.

Peabody firemen extinguished the blaze and then helped round up the turtles. About a third of the load perished.

Alfred Chapple, a member of the Sterling County 4-H Club and son of Mr. and Mrs. H. A. Chapple, who operate the Chapple Food Store at Sterling City, left for Chicago from Fort Worth this morning to attend the National 4-H Club Congress.

Young Chapple is one of from 15 to 20 4-H clubbers from all over the United States who have been selected as entertainers for the 4-H Congress. All other entertainment offered before the Congress will be professional.

Chapple won both the district and state 4-H "Share the Fun" contests with his version of "Romero and Juliet." He will appear, as a part of the entertainment program, at the breakfast which will be held at the Conrad Hilton Hotel, Dec. 2. This is the annual "Share the Fun" breakfast.

It's quite an honor the Sterling City boy has won, but then everybody who has seen his act says he is quite deserving of this recognition which has come his way.

He developed his talent with the assistance and encouragement of Fred Campbell, county agricultural agent at Sterling City. Alfred will travel from Fort Worth with a group of clubbers from the Southwest. They will have a special train.

The Sterling County 4-H Club has announced a turkey shoot Sunday afternoon, Dec. 5, at the county caliche pit about two miles west of Sterling City on the Big Spring Highway (U.S. 87).

The shoot will be open to big bore rifles, shotguns, pistols and revolvers, and .22 calibre rimfire rifles. It will start about 1 p.m.

This time there will be different types of shooting and variations from the ordinary themes. Turkeys will be given for the best target out of 10 and there will also be one-shot events at special targets at various distances.

The Sterling 4-H Club turkey shoots are always good ones with the whole county cooperating and with competent and watchful range officers on the job.

There will be events for all rifles and sights.

Jimmy Davee has been named the outstanding member of the Glasscock County 4-H Club, and was presented with the Gold Star Award medal at the Club's annual Achievement Day banquet which was held in the High School Gym at Garden City.

The 4-H boys furnished the barbecue and the 4-H girls brought all the trimmings and served the meal.

Young Davee is the son of Mr. and Mrs. Howard Davee and the past year raised five mutton lambs and showed them at Garden City, San Angelo, and at the Texas State Fair at Dallas. He also carried out

a range management demonstration and was the leading member of the 4-H judging teams in livestock, grass, wood and mohair and range management. In addition to the Gold Star he also won the Soil and Water Conservation medal for the year.

Thelbert Ashbill, son of Mr. and Mrs. Thomas Ashbill, was winner of the 4-H Leadership award and the Danforth Foundation Award. He was president and leader of the club during the past year, and was outstanding in such things as social, religious, mental and physical activities during the year.

Ralph Schafer, son of Mr. and Mrs. William Schafer, was winner of the Meat Animal Contest award. He raised more pounds of mutton and beef than any other boy in the county and did a profitable job in accomplishing this outstanding achievement.

Achievement award medals for showing the best profit per animal raised during the year went to Dennis Schraeder, son of Mr. and Mrs. A. W. Schraeder and to Eddie Price, son of Mr. and Mrs. W. R. Price.

Poultry production awards were presented to Kenneth Smith, son of Mr. and Mrs. Lee Smith, and to Rex Mason, son of Mr. and Mrs. J. L. Mason.

One hundred and seventy boys and girls, their parents and guests, attended the banquet at which Mrs. Mildred Eiland, home demonstration agent for Martin and Glasscock counties, presented awards to the outstanding 4-H Club girls.

The menu included beans, potato salad, coffee and "other trimmings" according to County Agent Oliver Wert, who presented the agricultural awards.

D. W. McCormick, Midland rancher, says grasses on land that was rested during the growing season this year, have produced good seed crops and that he plans to rest these pastures again next year.

The better grasses such as Black Grama, Sideoats Grama and Cane Bluestem have done mighty well, he says.

First trials of Dixie Wonder Peas in the Midland area as a winter legume are being made this fall.

Three who have planted the Dixie peas for soil improvement and cover are B. W. Golladay, 140 acres, southeast of Midland; Carl Leonard, 40 acres east of Midland,

and B. E. O'Neal, 25 acres, south of Midland.

Other farmers are using Austrian Winter Peas and Vetch, but the Dixie Wonder is said to make a faster growth than the Austrian, which it is otherwise very much alike. The Dixie plantings have been on irrigated land and fertilized to the tune of 30 pounds of nitrogen and 60 pounds of phosphate to the acre.

Navy To Watch Tars

HONG KONG (AP)—Informants said today the U.S. Navy has tightened security regulations on ships and crews visiting Hong Kong to halt disappearance of spare parts. Some strategic equipment reportedly has been smuggled to the Chinese Communists.

The '55 FORD is here

with styling inspired by the Thunderbird

The new '55-Ford is unmistakably the fine car of its field. It brings you new Trigger-Torque Power... a new Angle-Poised Ride... and Thunderbird Styling... in 4 brilliant new lines.

The brilliant styling of the 16 body selections bears the distinctive mark of the Thunderbird—Ford's new personal car that has created such a sensation all over the nation. You can see the resemblance in Ford's new, longer, lower silhouette—that huge wrap-around windshield—the wider, more-massive grille—everywhere you look.

Fordomatic is available in Fairs and Station Wagon models. And there's also the new 120-h.p. I-Block Six—the most modern Six in the industry.

New Trigger-Torque power from 3 new, mighty engines

All 3 Ford engines for '55 bring you new Trigger-Torque Power—all are the mightiest ever offered in Ford Cars. There's a new 162-h.p. Y-Block V-8 with higher (7.6 to 1) compression ratio. A new 162-h.p. Y-Block Special V-8, optional with new Speed-Trigger

New Speed-Trigger Fordomatic Drive

A new automatic getaway gear gives you instant pickup for safer passing, faster starts. This smoother new Fordomatic is offered with all three of Ford's new engines.

New Angle-Poised Ride

You'll also find the smoothest Ford ride ever! Ford has re-engineered Ball-Joint Front Suspension—lifted it to absorb shocks from the front as well as up-and-down shocks. This cuts down road-joint jar.

Own it now and spend a full year with the newest!

Miss Jenkins Is Wed To LaVern Gerstner

Marybeth Jenkins and LaVern Michael Gerstner exchanged nuptial vows Wednesday at 9 a. m. Mass at St. Thomas Catholic Church. The Rev. William J. Moore, OMI, read the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. Leslie D. Jenkins, 2306 Runnels, and the bridegroom's parents are Mr. and Mrs. Mike Gerstner of Cheyenne Wells, Colo.

Forming a background for the wedding were white chrysanthemums and an arch entwined with fern and centered with wedding bells.

Mrs. Leslie Green, organist, played traditional wedding music and accompanied Mrs. Harold Talbot, who sang "Ave Maria," and Angela Fausel, who sang "Mother, At Your Feet Is Kneeling."

For the semi-formal ceremony the bride wore a walk-length gown of white lace over white taffeta. It was fashioned with round high neck edged in taffeta and bouffant skirt. The long sleeves ended in points at the wrists. A cape of lace was fastened with an antique gold pin.

Her fingertip veil was of tulle

trimmed with lace and was caught to a tiara of pearls and rhinestones. The bridal bouquet was a white orchid surrounded by feathered carnations and white satin leaves. Net and pearls formed streamers cascading from the bouquet.

Following wedding tradition the bride wore a blue miraculous medal on blue ribbon and a coin in her shoe. Her tiara was borrowed and her pearl necklace and earrings were "something old." Her bridal gown was her "something new."

Mr. Jenkins gave his daughter in marriage. She was attended by Sharon Limer of Big Spring as maid of honor and Jann Gregg of Big Spring and Jeannine Springer of Wichita, Kan., as bridesmaids.

They wore identical dresses of net in orchid, yellow and green respectively, styled with boleros. Matching headpieces were trimmed with pearls. Their flowers were chrysanthemums in colonial bouquets.

Frankie Mae Morgan of Big Spring, a cousin of the bride, was junior bridesmaid. Her dress in blue and was fashioned identically to those of the bridesmaids. Her blue headpiece was adorned with pink flowers.

Vergil Gerstner of Cheyenne Wells, brother of the bridegroom, was best man. Groomsman were Richard Bolander of Winner, S. D., and Earl Krebsbach, Flint, Mich. George Krumpleman of Carlton, Ky., and Bill Barcome of Detroit, Mich., served as acolytes to Rev. Moore. They are all stationed at Webb Air Force Base.

Frank Morgan, uncle of the bride, distributed mingles to the guests.

Following the wedding, a reception was held in the church hall. The bride's table was covered with a white cloth and held an arrangement of white gladioli and wedding bells bearing the names of the bridal couple. A three-tiered wedding cake was topped with a miniature bridal couple.

Serving were Mrs. Bill Ragsdale, Marie Hill and Mrs. Frank Morgan, aunt of the bride. The bridesmaids assisted Mrs. Jan Croteau as the guest register. Other members of the house party were Mrs. L. D. Gilbert, Mrs. Martha Kenny, Mrs. E. Goodslaby and Mrs. J. M. Morgan, grandmother of the bride.

Out-of-town guests were Mr. and Mrs. Mike Gerstner of Cheyenne Wells; Mr. and Mrs. W. Billinger of Cheyenne Wells, aunt and uncle of the bridegroom; Mrs. Rose Brandon of Odessa and Mrs. Nell Morgan of San Angelo, both aunts of the bride.

For a short wedding trip the bride wore a greige taffeta suit with brown accessories. The couple will make their home at 1500 Secura in Big Spring.

The bride is a graduate of Big Spring High School and is employed by the State National Bank. She is a member of St. Thomas Church where she sings in the choir.

The bridegroom, who is stationed at Webb, is a graduate of Cheyenne Wells High School. He will be discharged from the Air Force Dec. 4 after which the couple will make their home in Wichita, Kan.

The "Kelly Type"

Lovely Grace Kelly, in an exclusive interview with Lydia Lane, tells her secrets of being attractive to look at and listen to. She is to be seen in "Rear Window" and you'll be seeing her soon in Paramount's "Country Girl" with Bing Crosby.

HOLLYWOOD BEAUTY

Attractive Voice To Go With Attractive Looks

By LYDIA LANE
HOLLYWOOD — This is Grace Kelly's year. She has zoomed to the top of the Hollywood heap. Her performance in "Country Girl" is rumored to be Academy Award material, and other studios have instructed their talent scouts to search for "the Grace Kelly type."

"I don't know what that means," Grace told me over scrambled eggs in the commissary at Paramount. "I'm always being told I look like someone else."

"I know what they mean," I volunteered. "You're the subtle type—poised and soft spoken. You're the pendulum completing its swing from Marilyn Monroe."

I admired the simple well cut beige dress Miss Kelly was wearing, a shade which intensified the blue of her eyes.

"I have to choose simple clothes," Grace confided, "because when I wear anything dramatic I seem to get lost. In fact nothing very fancy is becoming to me. My hair looks best pulled back away from my face."

"And I am always explaining to make-up men that if they use a light lipstick and very little make-up, I'll come through better."

"I have great respect for Hollywood as a center of glamour," Grace explained, "but even here with all the top make-up people, I had to follow what I knew was right for me."

I wanted to know where she had learned to be so wise about fashion and make-up.

"While I was in New York trying to become recognized as an actress, I did some modeling. This taught me a great deal about grooming and I became aware of how I looked to others. You can't be photographed by clever men without learning your good and bad points. This experience was valuable in another way because it taught me to be objective which is a great help to anyone who is basically shy."

"It seems strange," I said, "that one as lovely as you, growing up in a family as prominent as yours should be shy."

"I was sickly as a child," Grace explained. "It seems I was always being examined by some specialist but I was finally cured by a nutritional doctor."

"This so impressed me with the relation of food and health, I never forgot it. Even in New York where a model must stay underweight I always tried to have balanced meals, to include energy foods."

"Such as?" I asked.

"Oh — yogurt with honey, yellow of eggs, lots of lean meat."

"Everyone has a weight where they look and feel their best," Grace said and confided hers was between 115 and 120. "But there are ways you can cut down and hardly notice. I never have cream or sugar in my coffee, I avoid anything fried or very rich and often go without bread and butter."

"If I get over 120 I go on a high-protein diet. It's a very simple way to reduce whether you are eating

Ruth Brockman Weds William R. Atwood

LAMESA — In a double ring ceremony read Nov. 20 at the First Christian Church in Woodson, Ruth Charlene Brockman became the bride of William Robert Atwood.

The bride is the daughter of Mr. L. G. Brockman of Woodson. Mr. and Mrs. L. F. Atwood of Murry are parents of the bridegroom.

The Rev. Richard Brown, pastor of the First Christian Church of Mineral Wells, read the service before altar decorations of white chrysanthemums, backed by greenery and wrought iron candelabra filled with cathedral tapers.

Brenda Boyd, organist, played traditional wedding marches and accompanied the Rev. Brown as he sang.

The bride, given in marriage by her father, wore a ballerina length gown of white taffeta and nylon tulle fashioned with a full skirt and fitted bodice covered with white sequins and topped with a bolero jacket designed with long sleeves that came to points over the hands. Her veil of French illusion was joined to a tiny cap encrusted with sequins. Her flowers were miniature chrysanthemums arranged with white satin ribbon.

Mrs. Donald Bellah, sister of the bride was matron of honor. Bridesmaids were Florence Odell and Mrs. Max Roberts of Odessa, sister of the bridegroom. Debbie Bellah attended as flower girl. Danny Bellah and Bobby Hayes served as ring bearers.

The brides attendants wore similarly designed gowns in shades of green and orchid.

Jack Atwood, brother of the bridegroom, attended as best man. Ushers were Max Roberts of Odessa and Thomas Brockman, brother of the bride.

A reception was held at the home of the bride's father immediately following the ceremony.

For a wedding trip, the bride chose a brown tweed suit with green accessories. She wore an orchid corsage.

The bride is a graduate of Woodson High School.

After graduating from Graham High School, the bridegroom attended Texas Tech where he received his bachelor of science degree with a major in vocational

Breck And Garland Clash In Bi-District Battle

By HAROLD V. RATLIFF
Associated Press Sports Writer

Sixteen teams, four of them undefeated, look toward the start of the playoffs in the upper divisions of Texas schoolboy football next week.

The championship brackets were completed Thursday and the line-up for the first round of the playoffs will be:

CLASS AAAA — Abilene vs El Paso Austin, Fort Worth Poly vs South Oak Cliff, Waco vs Corpus Christi Miller, Houston Austin vs Galveston.

CLASS AAA — Breckenridge vs Garland, Sherman vs Lufkin, Temple vs Port Neches, San Antonio Alamo Heights vs McAllen.

South Oak Cliff won its way into the playoffs Thursday night by beating Dallas Adamson, 26-14. Miller got there by downing Corpus Christi Ray, 20-14.

In Class AAA Breckenridge gained a playoff spot Thursday by whipping Vernon, 35-0. Lufkin pushed into the fight for the title by lacing Nacogdoches, 32-7. McAllen arrived in the playoffs by beating Pharr-San Juan-Alamo, 28-6.

Galveston (10-0) is the only undefeated team in Class AAAA but AAA has three — Garland (10-0), Lufkin (10-0) and McAllen (9-0-1).

Playoff sites and dates all have been arranged in Class AAAA. Poly and South Oak Cliff play at Dallas and Houston Austin and Galveston clash at Houston next Friday night. El Paso Austin will be at Abilene and Waco at Corpus Christi Saturday afternoon.

Classes AA and A are deciding bi-district championships. Four were determined in Class AA and six in Class A Thursday.

Colorado City pushed into the second round of Class AA by walling up Seymour, 41-27. Littlefield took up Tahoka, 33-7. Weatherford whipped Diamond Hill, 40-12 and Terrell smashed Jacksboro, 48-20.

The schedule for Friday decides all the others:

Phillips at Floydada, Comanche at Monahans (night), Sulphur Springs vs Athens at Tyler (night), Atlanta vs Carthage at Marshall (night), Spring Branch at Jasper (night), Waxahachie at LaVega (night), Cameron at Killen (night), Navasota at Lockhart (night), Boiling vs Yoakum at Bay City (night), Nederland at Lamarque (night), Floresville at Del Rio (night), Freer at Weslaco (night).

Winning bi-district championships in Class A Thursday were: McLean 49, Dimmitt 13; Sonora 58; McCamey 25; Paducah 70, Pilot Point 0; Whitewright 19, Jefferson 19 (Whitewright won on penalties); Gaston 27, Hawkins 0; Grapeland 42, Joaquin 27. Deer Park beat Sealy, 12-6, Wednesday.

Eight games are scheduled Friday and one Saturday to complete the first round in Class A. The schedule:

Friday — Hale Center vs Sundown at Plainview, Albany at Dublin (night), Clifton vs Richardson at Cleburne (night), Dayton vs Groveton at Livingston (night), Groesbeck at Hearne (night), Bartrop at Mason (night), San Antonio Sam Houston at Tidehaven (night), Hebronville vs Rio Hondo at Fallsburg (night); Saturday — Hondo at Three Rivers (night).

At Monahans (night), Sulphur Springs vs Athens at Tyler (night), Atlanta vs Carthage at Marshall (night), Spring Branch at Jasper (night), Waxahachie at LaVega (night), Cameron at Killen (night), Navasota at Lockhart (night), Boiling vs Yoakum at Bay City (night), Nederland at Lamarque (night), Floresville at Del Rio (night), Freer at Weslaco (night).

Winning bi-district championships in Class A Thursday were: McLean 49, Dimmitt 13; Sonora 58; McCamey 25; Paducah 70, Pilot Point 0; Whitewright 19, Jefferson 19 (Whitewright won on penalties); Gaston 27, Hawkins 0; Grapeland 42, Joaquin 27. Deer Park beat Sealy, 12-6, Wednesday.

Baylor Seeks Bowl Berth On Saturday

The Southwest Conference football race comes to its rowdy close Saturday with interest centered on a game at Waco where Baylor seeks a share of the championship and a possible spot in the Sugar Bowl.

Baylor can attain the first and strengthen its hopes of the latter by beating Rice. In that event the Golden Bears would finish in a tie with Arkansas for the top but wouldn't get into the Cotton Bowl, a spot already reserved for Arkansas since it beat Baylor in regular season play.

At Dallas a Southern Methodist and Texas Christian, neither with prospects of going anywhere, play another conference game. It has been eight years since SMU beat TCU.

Arkansas will be winding up the season against University of Houston at Houston.

Defeat for Baylor and victory for SMU would mean a second-place finish for SMU and a tie for third between Baylor and Rice.

Texas clinched fifth place yesterday when the Longhorns beat Texas A&M 23-13 in their traditional Thanksgiving Day game. The Aggies finished alone in the cellar.

After this week there will be only one game left on the schedule — Southern Methodist's intercollegiate clash with mighty Notre Dame at Dallas Dec. 4.

Baylor, Southern Methodist and Arkansas are favored to win but the first two by the narrowest of margins. Arkansas is a solid 2-touchdown choice over oft-beaten Houston.

The conference standings:

Team	W	L	Pct.
Arkansas	5	1	1.000

Baylor	4	1	.800
SMU	3	1	.700
Rice	3	2	.600
Texas	2	3	.417
Tcu	1	4	.200
Texas A&M	0	6	.000

IN BI-DISTRICT Cee City Derails Seymour, 41-27

STAMFORD—Cee City derailed the Seymour Special here Thursday, knocking off the Panthers from Baylor County, 41 to 27, after a wild, slam bang offensive battle.

For three quarters the Colorado City Wolves played "Fireman Save My Child" with halfback Hollis Galney in the role of fireman. Galney scored four times and picked up 268 yards in 16 carries—which compared with 235 yards for the Seymour backfield.

The win put Colorado City into the second round to play the winner of the Phillips-Floydada battle at Floydada Friday afternoon.

Seymour's underrated Panthers were supposed to take a licking from the perfect-record Wolves, but absolutely refused to lie down and roll over, and kept the crowd of 5,000 in their seats until the final gun.

The Panthers displayed a sharp passing attack that the Wolves never completely solved, and used it to gain 164 yards—150 in the first half. The Panthers tossed eleven times in the first half for 7 completions, but for some reason changed their strategy at the half and tried only four in the two final quarters, completing two. Junior Beall was the top running back for the Panthers, picking up 87 yards in 20 carries. Cottle Milligan added 65 yards in 16 carries.

Seymour took the opening kick on their 19 and with Beall and Milligan banging at the line rode to the 40 where Beall passed to end Bob Nickerson for 30 yards. Beall got three, Charles Studer carried down to the Wolf five, Beall added two and Milligan went over, with Beall kicking the point to set the Wolves on the short end of a 7-0 score. The first time this year that the Wolves had been in the ball game.

The Wolves exchanged kicks with the Panthers and found themselves owing the ball on their 40. Quarterback Billy Williams lofted the ball to end J. B. Padgett, who found himself all alone on the Panther forty, tucked the ball away and scampered for the double stripe. Mackey missed his only end point try of the evening and the quarter ended with the Panthers leading 7-0.

Seymour was on the march, however, and two plays deep in the second quarter, Beall scored from the one. Beall converted.

On the following kickoff, Williams took the ball on his 21 and raced it out to the 41. Gainey put a hole as Wolf forwards took out the center and outraced Seymour out-defenders to the goal line—59 yards. Bobby King, Panther quarterback, capped a 68-yard drive with a one yard plunge for a TD, to put the Panthers out in front, but Beall's point try was wide to leave it at 20-13.

Time was running out, as Gainey engineered his next 8 pointer. The 148-pound halfback took the kick-off on his nineteenth and was stopped on the 32. He added six thru the middle and on the next play went 62 yards for the score, with seconds left in the half. Mackey's kick knotted the count at 20 all, the halftime score.

A minute deep in the third, Wolf tackle Weldon Ennis fell on a Seymour fumble on the Panther 34. Gainey and Fullback Bud Windham alternated to the 8 and Gainey circled wide for the score, to put the Wolves out in front for the first time in the ball game.

Milligan promptly ate up most of the difference with a 52-yard scoring scamper and Beall tied it all up—27 to 27.

The Seymour Iron men began to tire, and Colorado City second stringers began a drive from the Wolf 27, with Don Fite and Tommy Jamison doing the damage. Jamison scored from the two.

After a Seymour drive stalled and a kick went out on the 22, Gainey went over tackle for a TD. Windham got 14 and Gainey burst thru the center of the line, did some nifty evasive action in the secondary and went all 56 yards to score. Dirty work laid at the Wolves door, nullified the TD, and set the ball back to the 30. Windham got 10 yards, and Gainey took off—this time for sixty yards away and on the identical play that he had scored on before.

Detroit Wins Over Packers

DETROIT (AP)—After getting a "bad" game out of their system, the Detroit Lions today were within one victory of clinching their third straight Western Division title and a spot in the National Football League's championship game.

The Lions, playing loosely both on offense and defense, squeezed past the Green Bay Packers 26-24 yesterday in their annual Thanksgiving Day game before 33,332 fans in Briggs Stadium.

The victory—Coach Buddy Parker called it a lucky one—moved the Lions into a position where one more victory will send them against the champions of the Eastern Division in the title game which, barring complications, is set for Dec. 26.

But the Lions were dull and unimaginative against the Packers, 16-point underdogs who narrowly missed pulling a big upset.

There were flashes of brilliance in Detroit's game, such as Bobby Layne's two touchdown passes and two dazzling runs by Jack Christiansen, who went 30 yards on an intercepted pass for one touchdown and 61 yards with a punt return for another.

But for the most part the sharpness which characterized Detroit's play earlier in the season was missing.

Tobin Rote, a one-man team if ever there was one, almost single-handedly upset the Lions. The former Rice star handled the ball on 88 plays, passing for one touchdown and scoring another.

He completed 13 of 38 passes for 254 yards and ran seven times for another 39 yards.

After a 14-14 halftime tie, Fred Cone put Green Bay into a 17-14 lead with a 26-yard field goal. Then the Lions struck for two consecutive touchdowns to take the lead for keeps.

Trabert gained the round of 16 by beating Gubb.

ABILENE, Tex. (AP)—Howard Payne's Yellow Jackets owned a 9-1 record — their most successful in 12 years — today, following a 26-13 victory over Abilene Christian College here yesterday.

ACC, playing its first season as an independent, wound up with a 6-3-1 record.

The Yellow Jackets used quick-breaking plays and sparkling line play to take yesterday's game.

Louis Holt took a fumble in the air and scored for the 18 in the second quarter for Howard Payne. The Jackets added a third period score on a 22-yard pass from Jerry Millisaps to Holt and a fourth period tally on a 25-yard run by Miller Cozby to clinch the victory.

Abilene Christian's scores came in the second period on a running pass from Leonard Fry to Jimmy Hirth and in the third period on Hirth's two-yard line smash.

WEST POINT, N. Y. (AP)—In past years, Navy has been able to spring a surprise or two on Army in their annual service football game. Not in 1954, though.

"We are prepared for any eventuality, including a Navy single-wing or even a double wing," said Cadet Coach Earl Blaik before stepping aboard a bus with the team on the first leg of its journey to Philadelphia today.

"I will say one thing. We are as well prepared for Navy as we have been at any time since I've been coaching here (he's going into his 22nd year as assistant or head coach). There is less reason to make a strong prognostication than in any year since the 1948 tie.

"I can assure you that it won't be the same as in 1951 when Navy, after using the T formation all season, came up with the single wing. Before they could even get the boys out there they had scored two touchdowns against us. I had to map defenses on the ground along

Americans Win Tennis Tests

MELBOURNE (AP)—America's top three Davis Cuppers, Vic Seixas, Tony Trabert and Hamilton Richardson, advanced Friday in the Victorian Tennis championships.

Seixas, the U. S. champion from Philadelphia, whipped 16-year-old Graham Lovett of Sydney 9-7, 6-4, 6-3. Trabert, the former U. S. titleholder from Cincinnati, drubbed Arthur Gubb, Melbourne, 6-0, 6-3, 6-4. Richardson, of Baton Rouge, La., was impressive in eliminating England's Roger Barrett, 6-2, 6-1, 6-3.

The junior members of the U. S. Davis Cup squad fell by the wayside, however. Mike Green, of Miami, Fla., waged a furious 3-hour struggle before losing to Australia's Don Candy 6-0, 6-2, 3-6, 6-1. Jerry Moss, the U. S. junior champion from San Francisco, fell before Lennart Bergelin, Sweden's No. 2 Davis Cup player, 6-3, 6-3, 6-1.

Trabert gained the round of 16 by beating Gubb.

Frosty Robison Scoring Leader

Big Spring's Frosty Robison clinched scoring honors in District 1-AAA by scoring two touchdowns and two extra points against Sweetwater here Thursday.

Robison wound up with a ten-game total of 122 points, compared to 114 for Clyde Harris of Breckenridge's 35-0 conquest of Vernon.

Frosty scored 20 touchdowns over the course of the season but the extra points he made Thursday were the only ones he accounted for all season. He ran both scores.

Harris got only 13 TD's but added 86 extra points.

Robison scored in each of the Steers' ten games during the season.

North Texas Wins Over Midwestern

WICHITA FALLS (AP)—North Texas State won the battle for second place in the Gulf Coast Conference yesterday with a 13-0 whitewashing of Midwestern University here.

Gene Bahnsen gave North Texas a touchdown five plays after the kickoff, going over to end a 75-yard drive.

A second period North Texas touchdown came when Jack Hays passed to Jack Wages. The play went 39 yards.

Tommy Runnels passed to Charles McGinty on a 77-yard play to wind up the scoring in the third quarter. Runnels converted.

East Texas Shares Lone Star Crown

COMMERCIAL (AP)—East Texas State, which won the Lone Star Conference championship for the past three seasons, got a halfshare of it this year when the Lions beat Sul Ross 34-6 here yesterday.

The victory enabled the Lions to pull even with Southwest Texas State, the teams deduced 7-7 when they met in regular-season play.

Yesterday's decision came as East Texas rolled up touchdowns in each of the first four periods and held a 27-0 lead before allowing Sul Ross to score.

Setting Up A Touchdown

Quarterback Tobin Rote of the Green Bay Packers carries the ball for a first down in the second period to the Detroit Lions two-yard line. Green Bay scored on the next play. Detroit won, 26-24. (AP Wirephoto).

McCarthy Gets Out Of Hospital For Short Spell

WASHINGTON (U)—Sen. McCar-
thy was out of the hospital for a
while Thanksgiving Day.
That disclosure from Bethesda
Naval Hospital today suggested
that McCarthy's ailing elbow may
have improved enough to let the
Wisconsin Republican be on hand
Monday when the Senate is sched-
uled to resume debate on censure
charges against him. But the hos-
pital wouldn't say so.
McCarthy went to the hospital
last week for treatment of an ail-
ment reported to the senators as
traumatic bursitis. McCarthy's of-
fice said it was the result of a
bruise caused when a well-wisher
greeting him at a Milwaukee gath-
ering jammed the elbow into a
table.
The Senate, in special session to
consider the censure charges ap-
proved a special committee, took
a 10-day recess rather than carry
on the debate in his absence.
First word that McCarthy was
out of his sick bed came yesterday
from a woman who telephoned the
Washington Post and Times-Her-
ald that she and friends had seen
the senator riding on Connecticut
Ave.
Inquiries to the hospital about
that report brought the response
that a spokesman could give out
only a routine report that McCar-
thy "continues to show satisfactory
response to treatment."
New inquiries today, however,
brought word that McCarthy was
"out of the hospital yesterday for
a short while with permission of
the attending physician."
The spokesman said there was
"no definite indication" as to the
date when he will be discharged.
The medical report was that
McCarthy "remains improved."

Red Chinese Call Him A Spy
A Red Chinese military tribunal has sentenced Col. John Knox Arnold Jr., above, of Silver Spring, Md., to 10 years in prison, along with other American airmen, on espionage charges, the Peiping radio has announced. Arnold commanded a B29 reported downed Jan. 12, 1953. (AP Wirephoto).

Photos Of Trail Of Blood Shown In Sheppard Case

By RICHARD SMITH
CLEVELAND (U)—Photographs
showing a trail of blood spots
through the Sheppard house of
murder were introduced by the
state today.
There were 15 pictures. The de-
fense objected unsuccessfully to
four of them.
Henry Dombrowski, a chemist
with 12 years experience in the
police laboratory, identified the
photos from the witness stand.
He was a prosecution witness at
the first degree murder trial of
Dr. Samuel H. Sheppard, the Bay
Village osteopath who is accused
of the July 4 fatal bludgeoning of
his wife Marilyn, 31.
Chalk marks and pointing pen-
cils were used to call attention to
the blood spots, many of which
were quite small.
The specks — from basement to
bedroom and from door to door
inside and out — were detected
by a substance called luminol.
This is a liquid which Dombro-
wski said produces a bluish green
fluorescence if the spot is blood,
but does not indicate whether the
blood is human or animal.
At the beginning of the session
Judge Edward Blythin excused the
jury while defense counsel William
J. Corrigan renewed his motion
for a continuance of the trial, now
ending its sixth week.
Corrigan produced two copies of
the Cleveland Press of Wednesday
and yesterday. He said they con-
tained "prejudicial statements"
and that the material covered was
"striking at the very foundations
of jurisprudence."
The stories dealt with reporters'
interviews — one with friends and
relatives of the slain Marilyn Shep-
pard, the other a feature about a
woman juror's family struggling
along without her while she was on
duty.
The juror, Mrs. Lois Mandel,
was not at the home when her
family was interviewed and pic-
tures were taken, a fact Judge
Blythin noted in overruling the
motion.
The state contends Dr. Sheppard
killed his wife after an affair with
a pretty nurse, Susan Hayes.
Dombrowski, of the Cleveland
police force, testified before the
trial was recessed for Thanksgiving
giving that at least one spot he
found was human blood.
Scheduled to follow him is an-
other scientific expert, Miss Mary
E. Cowan, laboratory technician
for Coroner Samuel R. Gerber. Her
findings too will be intended to
discredit Dr. Sheppard's claim
that his wife was savagely bludge-
oned to death July 4 by a bushy-
haired, powerful, who fled after
fighting with the doctor.
Miss Hayes, 24, is expected to
take the stand early next week.
Dr. Sheppard spent yesterday's
holiday in the Cuyahoga County
Jail and had only one visitor, his
father, Dr. Richard A. Sheppard,
brought him a bag of fresh fruit.
On the jail menu was roast beef,

Hit-And-Run Driver Involved In 3-Car Mishap Yesterday

A hit-and-run driver was involved
in a three-vehicle collision reported
here Thursday. Police said there
were two other automobile mis-
haps, all apparently without injury.
The hit-and-run driver was oper-
ator of a car in collision with a
pickup driven by Randall Warren
Hendrix of Sweetwater and a car
operated by D. J. McGuire, Box
182, Big Spring.
Officers said that the license
plate number reported to them in-
dicates that a car registered in
Colorado City was involved. The
accident occurred in the 500 block
of East 10th Street about 4:15 p.m.,
following the ball game.
James Sidney Kilgore, Box 445,
and Joe B. Edens, El Dorado, were
drivers of cars in an accident at
Sixth and Gregg streets about 7
p.m.
At 10:15 a.m. Thursday vehicles
operated by R. O. McCrackin, 1803
Nolan, and F. E. Black, 1000 E.
12th collided at Third and Goffard.

Lara Infant Dies; Rite Set Saturday

Joe Gamboa Lara, 11-month-old
son of Mr. and Mrs. Gallardo Lara,
died in a hospital here this morn-
ing.
Funeral services will be con-
ducted at 5 p.m. Saturday at the
Sacred Heart Catholic Church with
Father William J. Meagher, OMI,
officiating. Interment will be in the
Catholic section of the city cem-
tery, under direction of Nalley Fun-
eral Home.
Survivors include the child's par-
ents, a brother, Guadalupe Lara,
the maternal grandparents, Mr.
and Mrs. Elias Gamboa, and the
paternal grandparents, Mr. and
Mrs. Modesto Lara, all of Big
Spring. The father is in the Army
and is serving in Japan.

Mrs. Collins Rites To Be In Tennessee

Funeral service for Mrs. Mildred
Frances Collins, who died in Co-

France Seeking Atomic Award

NEW YORK (AP)—The New York Times said today that France has asked the U.S. Atomic Energy Commission for a reasonable award for the use of a uranium fission process.

A Washington dispatch to the Times said the request — made by the Commissariat a l'Energie Atomique — is believed to be the first international claim of its kind in the atomic energy field.

The story said: France's atomic energy agency, which laid its claim before the AEC's Patent Compensation Board, based its case on five patent applications filed by three leading French scientists.

The applications, dating back to 1939 before development of the atomic bomb, were filed with the U.S. Patent office but no patents were issued. World War II brought a suspension of normal patent rights on atomic inventions.

The patent applicants, who assigned their interests to the French commission, were Dr. Jean F. Joliot, Dr. Hans von Halban and Dr. Lew Kowarski, nuclear scientists who led the development of the first French atomic piles.

The French contend that the principals involved in the uranium fission have been used by the AEC in atomic reactor or furnace developments in the United States.

The AEC board is empowered to give awards to any person making an invention or discovery that is useful in the production or utilization of fissionable or special nuclear material.

Washington Hopes Peiping Imprisoning To Boomerang

By LEWIS GULICK

WASHINGTON (AP)—Washington officials were hopeful today that Red China's imprisonment of 13 Americans as "spies" would boomerang against Peiping in the diplomatic struggles of the cold war.

Authorities here looked for two likely results:

1. Communist China will lose support for its drive to win general diplomatic recognition and a seat in the United Nations.
2. British efforts for a compromise between Washington and Peiping on Chinese Nationalist-held Formosa will be dropped at least for the present. British officials indicated they shared this view.

The 13 Americans—11 airmen and two civilians—were captured during the Korean War and this week, according to Peiping radio, got sentences ranging from four years to life.

Of particular interest in Washington was the British government's sharp condemnation yesterday of the imprisonments as an "outrageous" violation of international law. In much the same vein as earlier U.S. protests, London accused the Chinese Reds of bad faith in deliberately concealing the detention of the 13 men for more than a year after the Korean armistice.

A personal Thanksgiving Day message was sent by President Eisenhower to the wives and mothers of the 13.

Eisenhower pledged again that every "feasible" effort would be made to free the 13 and any other Americans in Communist hands.

In New York, Henry Cabot Lodge Jr., top American delegate to the U.N., issued a statement denouncing the Communist sentences as "a new act of barbarism" and still another reason why Red China should not be seated in the U.N.

The U.S. government has already laid the groundwork for delivering a stiff protest to Peiping through its representative in Geneva, Switzerland — the only point affording direct diplomatic contact between the two governments.

Should efforts at Geneva fail, State Department officials were scanning other avenues through which they might exert pressure on Red China short of military action. (Eisenhower has talked only in terms of "peaceful" means).

One alternative under study was to seek the good offices of some government which recognizes Red China, such as Britain or perhaps even Russia. Another was to bring the case before the U.N.

State Probe Asked Of Mysterious Fire

LAWTON, Okla. (AP)—The state has been asked to investigate a series of bizarre fires set yesterday in the home here of a Ft. Sill Army officer while he and the family were away for the Thanksgiving holiday.

Fire Chief Harris Hancock said clothing was piled in one bedroom and set afire, another blaze was touched off in a linen closet and a third consumed some living room curtains.

Gallery Buys Matisse Portrait For \$19,698

LONDON (AP)—The Tate Gallery today paid \$19,698 for a portrait by French artist Henri Matisse, who died this month.

The portrait is of the late Andre Derain, another great modern French painter, and one of Matisse's old friends. The picture was painted in 1904.

The portrait was from the collection of the late W. Rees Jeffreys and was sold at auction.

Russia To Return Art Masterpiece

VIENNA, Austria (AP)—The Vienna Catholic News Service reported today that the Soviets are going to return Raphael's "Sistine Madonna" to the Dresden Art Gallery.

The Russians grabbed the famous painting along with other masterpieces from the Dresden museum shortly after the war and shipped them to the Leningrad Hermitage Museum, the report said.

Unemployment Rise Seen Early In 1955

WASHINGTON (AP)—The Labor Department says it expects fewer persons to be unemployed during the balance of 1954, but it foresees some seasonal lag in employment early next year.

The department said last night its latest survey of manpower conditions and employment prospects shows that the number of jobless has been declining at a rate greater than normal for this time of year.

However, it said increased unemployment would be normal after the first of the year because of winter curtailment in construction and other outdoor activities.

Eisenhower Bids Goodbye To Old Friend Montgomery

By CHARLES F. BARRETT
AUGUSTA, Ga. (AP)—President Eisenhower today bade goodby to his old comrade, Britain's Field Marshal Bernard Montgomery, and then attacked a deficiency in his golf game.

Montgomery, who flew down with the President Wednesday for a Thanksgiving vacation at the National Golf Club, headed back for Washington early today in the President's new plane.

Eisenhower remained at the Little White House here to get in a little work at his office and try the links again. He returns to Washington Monday.

The President played golf yesterday, with Montgomery putting around the course in a motor scooter. But the President "didn't do very well," in the words of Press Secretary James Hagerty.

Hagerty voiced a familiar golfer's lament—the President was out of practice, having played only once since he returned to Washington from Denver Oct. 15.

Eisenhower carved his Thanksgiving turkey, a 43-pound bird

called "Kentucky Colonel," at an evening dinner with friends in the trophy room of the clubhouse. The menu included cranberries and other traditional Thanksgiving trimmings.

After dinner he played bridge to the two-story frame house built for his use just off the 10th tee.

In the foursome with the President yesterday were Ed Dudley, former Professional Golf Assn. champion and now pro at the National club; Clifford Roberts, New York investment banker and chairman of the club; and retired Col. Thomas Belshe, a golfing companion of the President at the Burning Tree Club in Washington.

Montgomery, now deputy commander of Allied forces in Europe, will meet later today with the Joint Chiefs of Staff in the Pentagon.

Grandma Enjoys Thanksgiving Day That's Old-Timey

CINCINNATI (AP)—A 78-year-old Cincinnati grandmother yesterday fell like a girl again. Her family surprised her with a Thanksgiving celebration just like "the good old days" back in the Gay '90s.

Mrs. E. M. Rusk, mother of nine and grandmother of 27, was scheduled to have Thanksgiving dinner with one of her sons, Chadwick Rusk.

When they called for her it was in an old spring wagon drawn by two horses. Members of the son's family, dressed in costumes of the 1890s, were sitting on a straw in the wagon bed. A turkey was in a coop on the tail gate.

The grey-haired grandmother joined the party for the drive to the son's home — with one stop to buy "nosegays" (chrysanthemums) for the ladies.

At the son's antique-filled home, the heavily laden table was lighted by kerosene lamps—and the delighted sparkle of Grandmother Rusk.

The trip back to her home also was made by wagon.

More Freedom Due For West Berliners

BERLIN (AP)—The Western occupation powers say significance of the recent Paris accord on German rearmament will bring West Berlin the widest self-government compatible with the security of the Soviet-surrounded city.

In a "declaration of intent," the American, British and French commandants last night announced plans to amend the occupation statute to increase the authority of the West Berlin government.

Although the city has a completely organized administration, it still is classed as occupied territory. American officials said specific acts to implement the declaration have not yet been decided.

Extra Holiday Duty Fatal For Engineer

BIG ISLAND, Va. (AP)—A freight train engineer, who pulled extra Thanksgiving Day duty because the regular engineer was on vacation drowned when his Chesapeake and Ohio freight locomotive ramed into a rock slide yesterday and plunged into the James River.

William A. Hill, 53, of Clifton Forge, Va., was removed from the submerged cab about 1 1/2 hours after the accident. Two other crewmen swam ashore.

Two more diesel units and three cars of the 53-car freight train, the Speed West headed for the Middle West, were derailed.

Uncertainty Covers Ike's NLRB Choice

By ROWLAND EVANS JR.

WASHINGTON (AP)—An air of uncertainty surrounds President Eisenhower's nomination of Theophil C. Kammholz, Chicago attorney, to the important post of general counsel of the National Labor Relations Board.

Some Senate sources, declining to be quoted by name, said today Kammholz may not be confirmed at all, either at this session or next year, by the Democrat-controlled Senate.

The position is a key one in administering the Taft-Hartley la-

bor law because the NLRB general counsel has exclusive power—with-out consulting the NLRB itself—to decide whether to prosecute unfair labor practice charges against a union or employer.

Some government officials seriously question whether the general counsel's duties can legally be performed by anyone but the general counsel himself.

So far no official objections have been reported filed against Kammholz, whose nomination formally went to the Senate when it convened in special session Nov. 8. The four-year term of the present Democratic-appointed general counsel, George J. Bott, expires in four weeks.

But AFL and CIO officials have said privately that, while they consider Kammholz able and fair, they are not keen to have him in the job because his law clients have been mostly on the management side. And Democratic senators have indicated they would want lengthy hearings on the appointment—thus apparently ruling out action this session because

Henry S. Coffin, Noted Theologian, Dies At His Home

LAKEVILLE, Conn. (AP)—The Rev. Dr. Henry Sioane Coffin, 77, former president of the Union Theological Seminary in New York and once moderator of the General Assembly of the Presbyterian Church in the United States, died at his home here yesterday.

Before his retirement in 1945, Dr. Coffin was the annual preacher at several universities, among them Yale, Harvard and Princeton.

He was a member of the Board of National Missions of the Presbyterian Church, a trustee of Robert College in Turkey and a director of the church extension of the Presbytery of New York.

He is survived by his widow, Dorothy Prentice Eels Coffin; a son, David, of Exeter, N.H.; and a daughter, Mrs. Edmund Nash, of Groton, N.Y.

Funeral services will be held Saturday at Salisbury, Conn., with burial in Sleepy Hollow Cemetery, Tarrytown, N.Y.

Dies In Auto Mishap

DALLAS (AP)—The Rev. Pontiff Warwick Brandon, 53, of Henderson, Tex., was killed and Mrs. Brandon, 45, suffered critical injuries when their car and a fire truck collided here yesterday.

of the Senate's current informal agreement not to take up "controversial" nominations.

The Senate informants interviewed today, both Democratic and Republican, said the picture is further complicated because:

1. The White House notified neither Sen. Douglas (D-Ill) nor Sen. Dirksen (R-Ill) of the appointment before sending it to the Senate. Failure to officially inform home state senators in such cases is considered a serious breach of legislative-executive etiquette.
2. Two days before Congress adjourned last Aug. 20, Sherman Adams, the President's assistant, telephoned Sen. H. Alexander Smith (R-N.J.), Labor Committee chairman, asking him to call his committee together that day to receive and pass on the Kammholz nomination. Smith said this did not allow enough time. He was piqued at what he considered an unreasonable request.
3. Kammholz is reported re-

luctant to quit his law practice in Chicago for a recess appointment next month because of the possibility that the Senate may never confirm him.

Russians Reveal Church Restored

LONDON (AP)—The Soviet Union, which recently has soft-pedaled its long campaign against religion, today announced the restoration of a noted Catholic church in the Ukrainian city of Lvov which was damaged by a World War II German bomb.

A Moscow radio broadcast identified the structure as the Church of Mary Magdalene, "a monument of 17th century architecture." The broadcast said:

"This restoration work was done by the parishioners with the assistance of the city architectural board. Religious services have been resumed."

In Time of Trouble

GOD IS OUR REFUGE AND OUR STRENGTH

Scripture—Psalm 46, 148.

By NEWMAN CAMPBELL

AS THE TIME of the composition of Psalm 142 may be set around 1005 B.C., when David was hiding in a cave from the wrath of King Saul, we are to study that Psalm first, although it is mentioned last in today's list of Scripture references. Psalm 46 is thought to have been written about 701 B.C.

Driven from the court of the king by Saul's savage jealousy, David hid himself in a cave in the wilderness. Alone, feeling that he had no friends and that his life was in danger, he turned to his Father in heaven to help him, admitting that he was very dependent.

To whom does a child go when he falls and hurts himself, or when his playmates are unkind, or he has other troubles known to children? Why his parents, of course. His mother usually, as she is the one most likely to be near when he needs her. Happy is the child who has loving parents to whom he can turn and in whom he can confide.

If he is so unfortunate as to have no such affection and sympathy in his woes, the effect of such frustration can cripple him emotionally all through life. Teach these young souls that even when human help fails them, they have a heavenly Father in whom to seek assurance and comfort.

MEMORY VERSE

"God is our refuge and strength, a very present help in trouble."—Psalm 46:1.

We are informed that the cave in which David took refuge was either the cave of Adullam (1 Samuel 22) or in the caves around Engedi (1 Samuel 24). This is said to be the last of the eight Davidic Psalms which come from the time of his persecution by Saul. That king died tragically soon after on Mount Gilboa in the Philistine victory.

"I cried unto the Lord with my voice; with my voice unto the Lord did I make my supplication. He poured out my complaint before Him; I showed Him my trouble."

"When my spirit was overwhelmed within me, then Thou knewest my path. In the way wherein I walked have they privily laid a snare for me. I looked on my right hand, and beheld, but there was no man that would know me; refuge failed me; no man cared for my soul."

"I cried unto Thee, O Lord; I said, Thou art my refuge and my portion in the land of the living. Attend unto my cry; for I am brought very low; deliver me from my persecutors; for they are stronger than I. Bring my soul out of prison, that I may praise Thy name; the righteous shall compass me about; for Thou shalt deal bountifully with me."

Today, in numerous countries people are fleeing from their homelands because of tyranny by changing governments. There must be many thousands who feel as David felt as he composed the lines just printed.

BIG EXPERIMENT National Council Today Thriving Church Group

Editor's Note—The National Council of Churches, a four-year-old organization with membership representing more than 35 million persons, opens its biennial convention Sunday at the first of a two-part series explaining its history and its future plans.

BY GEORGE W. CORNELL
BOSTON (AP)—The big experiment among American churches—to see if they could get along working together—today is a giant, thriving concern.

It not only has made the grade, but has become one of the dominant features of present-day Christian activity.

The hub of that burgeoning venture, the four-year-old National Council of Churches, opens its biennial assembly here Sunday.

More than 2,500 church people from across the country, representing 30 Protestant, Orthodox and Anglican denominations with 35 1/2 million members, will take part in appraising the deeds—and needs—of the council's program.

"This program today embraces virtually every facet of the common enterprises of the churches," said Dr. Roy G. Ross, the council's general secretary.

It has grown into a far-flung, complex miscellany of missions, education, relief, publication, evangelism, research—more than 75 diverse fields of activity with a budget of about 10 million dollars a year.

More than 4,500 people serve on its commissions, committees and boards, or work in its various branches. Most formerly separate interdenominational Christian agencies—13 of them—now have joined the council.

It has become so extensive that some critics have complained the council was gaining too much ascendancy in religious affairs.

Probably the biggest step since the last assembly has been the hammering out of a policy for declaring basic Christian tenets on issues of modern life.

Besides scores of council-sponsored national and regional training institutes and study conferences on various special subjects in the last two years, here are a few of the other advances:

1. Starting of a novel seagoing

chaplaincy by which 100 ministers ride ships to provide worship services where they once weren't available. (The council also oversees Protestant chaplaincy over- to prisons and the armed services.)

2. Enlisting of noted professionals in a new program to serve churches on matters of architecture, art, drama, literature, music and ways of worship.

3. Sponsoring 395 religious radio and television programs.

4. Publication of more than one million books and a constant stream of other literature.

5. Shipping 53 million pounds of food, clothes and medicine to needy people overseas, and launching a new 7 1/2-million-dollar "Share Our Surplus" program to distribute 500 million pounds of surplus foods to them.

6. Providing religious, welfare and educational services to 300,000 migrant farm workers, and a "trailer chapel" ministry to another 300,000 families who live in no atomic defense communities.

7. Helping set up two new Christian radio stations abroad—in Tokyo and Seoul—and starting church recreation centers for GI's in Japan.

8. Recruiting 90 young Christian leaders to provide services in 17 national parks during the summers, and supervising ministries to 250 college campuses.

9. Carrying out a national program to advance use of the Bible.

10. Making the first broad survey of television-viewing habits of children, and the implications for Christianity.

11. Issued major pronouncements on Christian economic life, against "threats to freedom," and supporting the Supreme Court decision against segregation, among other things.

12. Enabled 62,844 refugees to enter the United States—with 100,000 more to come, under present provisions.

Refugee Kids Have Turkey

FREEDOM, Pa. (AP)—Turkey-stuffed and happy, Nicholas Tagjoru and Aline Pop can return to New York now after a full day of learning about and living an old-fashioned American Thanksgiving.

Yesterday this western Pennsylvania community of 3,500 opened its hearts to Nicholas, 12, and Aline, 14, who not too long ago lived behind the Iron Curtain, in Romania.

They fled, with their parents, to the West a year ago, inspired by a Radio Free Europe broadcast. They settled in New York.

Through the sponsorship of the American Heritage Foundation, Freedom, Pa., decided to turn over Thanksgiving Day to the refugees and their mothers.

They were greeted yesterday morning by the local schoolchildren, who waved American flags and sang "God Bless America" as the honored guests motored in from the Greater Pittsburgh Airport.

Burgess Thomas W. Harrison presented them with the traditional keys to the city.

Later, some 150 residents and officials of the town joined them in a turkey feast, with all the trimming, at Freedom High School.

The activities wound up with a pageant depicting Pilgrim and early American days, in the high school auditorium.

Marx's Body Is Reburied

LONDON (AP)—The body of Karl Marx, father of communism, has been dug up and reburied in a different plot in London's Highgate Cemetery. A bigger site was needed for a large memorial to be erected shortly.

The coffin was moved in the darkness early Tuesday by five gravediggers, working by the light of oil lamps. Officials said the home office, in okaying the transfer, specified that the reburial must take place at night. Also reburied in the new site were the bodies of Marx's wife Jenny; his grandson Harry Longuet; and Helena Demuth, a family servant.

Marx died here in exile from Germany in 1883 at the age of 65. His most famous book, "Das Kapital" is a bible of communism.

John W. Morgan, secretary of the Marx Memorial Committee, said the monument to be erected over the new grave will be of polished black granite with bronze figures on the base.

Chemists have discovered methods for determining where opium was grown and hope to use the knowledge to help dope control programs.

My name is Mary ... and I want you to know I'm not afraid to go to bed by myself.

I have a bright candle to light my way. I have Mommy and Daddy to care for me.

But do you really want to know why I'm not afraid?

In Sunday School, I learned about Jesus. I know he loves me and watches over me.

At night when I blow out the candle, and Mommy and Daddy are away, I am not alone. Jesus is with me. I remember how he said long ago to his disciples: "Let the little children come unto me ... for to such belongs the Kingdom of Heaven."

I wonder if your children know about Jesus? Won't you take them to Sunday School next Sunday?

Me, afraid of the dark?

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship, strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For the sake of his community and nation. (2) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

A Bible Thought For Today—

Information is an ingredient of wisdom, but an harmonious life is a product of wisdom, and it gives joy and a shining countenance. "A man's wisdom maketh his face to shine." — Eccl. 8:1.

President's Words Could Mean Moderate Desegregation Approach

Decision of the Supreme Court on how and when its order ending segregation in the public schools must be carried out is certainly a matter of the gravest import to the people, possibly one of the most momentous judicial determinations in American history.

Arbitrary in its final ruling on how to end segregation. He said he understood the court is trying to find some sort of decentralized process to handle the problem, and added his belief that the emotional and practical problems involved will be given weight by the tribunal.

Russia's High-Sounding Words Must Have Backing With Deeds

Twice this month, for the first time in eight years of stalemate, the East and the West took unanimous political action in the U.N. General Assembly.

They prove abortive, or be blocked by the Russians at some future stage. As of now they are nothing more than words, words.

Today And Tomorrow—Walter Lippmann Parley With Russia Must Start After German Force Is Assured

LONDON — Last week, just as Mr. Mendes-France was declaring his position, Mr. Molotov made another plea for the big 25-power conference.

unreal picture of the situation. Ratification will be completed, let us hope a day or two, early in 1955. When this is done, the legal framework will exist for the organization of German forces within the limitations of the Brussels treaty and under the control of NATO.

There's no anti-Americanism among us," said an Indian official with finality. "We do not like your government's foreign policy, and there was considerable irritation when you gave arms aid to Pakistan; but that doesn't mean we're anti-American."

"As A Final Offer, I'll Give You Time To Reconsider"

The World Today—James Marlow Knowland Follows Taft's Footsteps In Occasional Disputes With Eisenhower

By JAMES MARLOW WASHINGTON — Sen. Knowland of California is following in the footsteps of the late Sen. Taft of Ohio when every once in a while, asserting his independence, he gets in President Eisenhower's hair.

Sometimes it hasn't been clear why Knowland made his statements. At least twice he gave public advice on what American foreign policy should be although it happened to be the Eisenhower policy at the time and was known to be.

Over the shooting down of an American plane. While Knowland was critical of the administration in its first month in office Taft was rather critical before it took office at all.

Notebook—Hal Boyle Indian Anti-Americanism Doesn't Run Very Deep

By EUGENE LEVIN NEW DELHI, India — American and Indian relations are severely strained, but it should not take much to bring about a new period of good will between the two countries. This conclusion emerges from a survey of diplomats, officials and businessmen—including some Americans—working and residing in India.

"There's no anti-Americanism among us," said an Indian official with finality. "We do not like your government's foreign policy, and there was considerable irritation when you gave arms aid to Pakistan; but that doesn't mean we're anti-American."

An American educator, here several years, seconded this opinion and added: "Sure, many Americans here complain of anti-Americanism. But those who complain loudest usually do so for personal reasons. If something goes wrong in their work out here, or if they fall in their jobs, they find it easy to blame Indian 'anti-Americanism.'"

Hold it a minute, kids! Have you heard what they're thinking about doing to you? An official in the National Education Association says the time is rapidly approaching when secondary schools will add grades 13 and 14.

Austin Recollections—Raymond Brooks Political Playback

The 1954 Centennial of Public Education in Texas was a natural time to recall the little beginnings of one of the big factors in modern Texas school support.

too. As I recall Governor W. P. Hobby's administration — the governor was ex-officio chairman of the State School Board then — hiked it to \$8.50. It had gone on up to \$55 per capita for about 1,800,000 scholars when the school finance program was all merged into the foundation program.

Washington Calling—Marquis Childs Mendes-France Hasn't Obtained Full Endorsement Of The U.S.

WASHINGTON — France's Premier Mendes-France is trying in his crowded visit to America to put himself across with the American public. This determined effort to make himself known to the public in this country may be more important to him and his country than anything achieved at official levels.

While the Saar is politically neutralized, France will continue to maintain the dominant economic position and this makes the Ruhr industrialists distinctly unhappy.

There's no anti-Americanism among us," said an Indian official with finality. "We do not like your government's foreign policy, and there was considerable irritation when you gave arms aid to Pakistan; but that doesn't mean we're anti-American."

Perhaps the principal target of that campaign has been George Boris, a longtime friend of the Premier who holds a key post in his government. While his title is a nominal one, Boris is in fact director of the Secretariats supervising in the Premier's office both foreign and domestic affairs.
