

The Memphis Democrat

MEMPHIS, HALL COUNTY, TEXAS, THURSDAY, SEPTEMBER 8, 1927

NUMBER 11

COURSES ADDED TO SCHOOL THIS YEAR; LARGE ATTENDANCE FIRST WEEK

NIGHT BUSINESS CLASSES WILL BE AUGHT HERE

Your attention is called to the advertisement of a business course to be given two nights in the week for the benefit of those who work during the day, or want to get a business education without having to go to the expense of going away to a business college.

Mr. Stewart, of the Memphis high school, and the board of education have made arrangements whereby he will teach two nights each week. This has been done in order to render a greater service to the community.

All those who desire such a course should get in touch with Mr. Stewart as soon as possible, as he plans to start the classes about October 3.

MEMPHIS BAR MEMBERS ENJOY CAMP SUPPER

The Memphis Bar association met at Wayside Park on Wednesday evening, August 31, for a camp supper. The members arrived on the grounds about 6 o'clock and selected a cottonwood grove just over in the Dial pasture near a windmill and pitched camp. Supper was cooked at once in camp fire style and consisted of bread, bacon, beef steak, scrambled eggs, French fried potatoes, onions, pickles and coffee. A splendid feast was enjoyed.

After supper had been served some time was spent in relating early experiences at the bar and in the "re-trial" of old cases of bygone days. Gathering rain clouds about 8:30, caused a hurried adjournment and a quick drive back to town.

Following members were present: J. M. Elliott, A. S. Moss, David Fitzgerald, W. A. McIntosh, W. J. Bragg, J. M. Deaver, and A. C. Grundy.

GRASS FOR SWINE

Grass, some variety of which can be produced on most every farm, is the cheapest feed for hogs, according to E. Z. Russell, swine specialist of the Bureau of Animal Industry, United States Department of Agriculture. Alfalfa is the best hog pasture and red clover a close second, while all clovers are good. Some farmers probably cannot arrange permanent pastures, but many different temporary pastures may be provided; rye, rape, soybeans, sorghums and oats are all good. When hogs are on pasture practically all the manure is saved, whereas when they are in dry lot some is unavoidably wasted.

Blake Bolton, low fourth; Mrs. Alice Dycus, high third; Mrs. H. A. Jackson, low third; Mrs. H. J. Gore, low third; Mrs. Jewel Stanford, high second; Miss Martha Wulfman, low second; Mrs. L. G. DeBerry, high first; Mrs. S. C. Miles, low first; Miss Grace Ezell, low first.

VISITORS ATTENDING AND B Y P U CONVENTION

Panhandle. Hundreds of the students of the W. T. S. T. College of Canyon, are members of his church. Mr. L. E. Waite, educational director of the First Baptist church of Canyon, is president of the Panhandle B. Y. P. U. and Sunday school convention, and will preside.

CHIEF FINDS POT—BURIES THE HATCHET

Chief Gardner, through the notice in the Democrat last week, has found his pot and is again in good humor. He has smoked the pipe of peace, washed the war paint off his face, put away the scalp, and buried the hatchet. He says "the reason I was so anxious about the pot is that it is an heirloom, one that my grandfather cooked dogs in for the feasts and pow wows, and for that reason I cherish it very much."

THE GREAT AMERICAN HOME

LAKEVIEW GETS FIRST BALE OF COTTON SEPT. 7

T. H. Ellis had the first bale of the season, in the Lakeview community, ginned Wednesday, September 7, at the Potts Gin company, at Lakeview. He had 1,320 pounds of seed cotton, and made a bale of lint weighing 478 pounds. The Potts Gin company ginned the bale free of charge and paid him 25 cents per pound for the cotton. A premium of \$37.30 was made up by the Lakeview merchants and paid to Mr. Ellis.

FORT WORTH CATS TO PLAY IN WELLINGTON

Wellington, Sept. 7.—What promises to be the fastest baseball games ever to be played in West Texas will be staged in Wellington during the first two days of the Collingsworth County fair when the Wellington All-Stars meet Jake Atz with his Fort Worth Cats in a two-game series, September 15 and 16.

Henry Coker and George McCullough, who are managing the games for the fair association, have already secured a number of men to play with the Wellington club, and with the additions that will be made later, this team should be able to make the game interesting for Fort Worth.

Among the players who have already agreed to play with Wellington are: Bill and Eulas Morgan, both of whom are pitchers of note and have played with many West Texas teams; Smith, catcher for Lone Wolf this year; Balenti, formerly with the Boston Braves who played first base with Lone Wolf during the Texas-Oklahoma series; Setzler of Shamrock, Seed of Shamrock who played with Oklahoma City last year; Windham, former second baseman for Mangum; Hatley, left fielder for Mangum; Burlison Hickey and Marcum, all formerly of Wellington, and Nell who played first base with Hollis last year.

Fort Worth players who will be here are: Eddie Moore who is a former Wellington boy, Sweeney, Lindimore, Kibbie, Lewis, Holland, Bonowitz, Smith, Walkup, Sullivan and Burns.

MESECK CAR FOUND

The car, belonging to Mr. and Mrs. Walter T. Meseck, which was stolen a few weeks ago, has been found and is now at Wellington. The parties found with the car had also stolen another car from Wellington. They were taken into custody.

RODEO ROUNDUP ONE OF FAIR ATTRACTIONS

One of the features at the Hall county district fair that will attract large crowds will be a rodeo—one of the old-time kind that is full of thrills from start to finish, and one in which skill will win. Calf roping, bronc riding, steer bulldozing and steer dicing contests will be held, and \$1,250 in prizes will be given.

Roy Mayes will have charge of the rodeo part of the fair. This guarantees that the rodeo and roundup will be one of the very best, for Mayes has been conducting rodeos for the past several years, and he hopes to make this one of the most noted contests of cowboy sports in the Southwest. The evenings will be given over to pageants that will be splendid attractions. In fact, the whole three days and nights of the fair promise to be the best ever.

BUYS CITY GARAGE

Last issue it was stated that H. W. Kuhn had bought the Gerlach Garage, when it should have stated the City Garage. Gerlachs have a garage next door west of the Kuhn Garage.

JUDGE SMALL OPENS COURT HERE MONDAY

The fall term of District Court for Hall county was opened Monday by Judge C. C. Small, and an immediate organization of the court was made. Besides the regular court officials, District Attorney Mahan, Court Reporter Easterling, Sheriff Christian, Clerk Arnold, J. D. May, Charley Humes and Frank Cox were appointed bailiffs.

The Grand Jury was empaneled as follows: A Baldwin, foreman, W. H. Bowerman, S. M. Reed, B. L. Gresham, Will Cowan, Tom Isham, A. R. McMasters, J. H. Duckett, Grover Ewing, Tom Cope, R. H. Hughes, and J. O. Adams.

Judge Small instructed the grand jury in part as follows: To weigh the evidence carefully and to feel reasonably sure the evidence was sufficient to warrant a conviction, before voting for returning a Bill of Indictment. Their attention was called to the fact that the cost to the county and state in each criminal case placed on the docket runs from \$50 to \$500 and that cases in which the evidence was insufficient not only caused disrespect for law enforcement, but also re-

(Continued on page four)

ESTELLINE AND HARRELL CHAPEL BANDS SELL HALL COUNTY DISTRICT FAIR TO MEMPHIS PEOPLE

PAVED HIGHWAY TO BE OPENED FOR TRAVEL SOON

The pavement on Highway Five north of town has been completed for three weeks, and it is thought, will be opened for travel first of next week. Those who have seen this paving pronounce it the best ever laid in this section of country.

The stretch of paving south of town will be laid to the oil mill by Saturday afternoon—already to the bridge coming this way. When this stretch is completed, the crew and machinery will be moved back south to the south end of the stretch and paved toward Salisbury, which place will be the loading place for the five mile stretch.

It will not be long until Hall county will have a road that will be fine for travel and indication of the county's progressiveness.

CHILDRESS BULLET VICTIM MAY LIVE

Childress, Sept. 5.—It is thought that Henry Leslie, a local clothing salesman, will recover from a bullet wound clear through his breast inflicted Saturday evening. Leslie was formerly a dry goods merchant here but for the past several years has been employed by Morgan Preston at the Preston clothing store. Leslie and another man were in a room at the Majestic Hotel. A shot was fired. The other man was seen to leave the room but had not been identified or located and Leslie refuses to talk, except to say that the shooting was an accident.

The shot entered the right breast and passed through the body, coming out at the left shoulder. It was thought at first the wound would be fatal but Leslie is better Monday and may recover.

Henry Leslie is a brother of R. I. Leslie of Memphis.

MEMPHIS BOOSTERS VISIT AT HEDLEY

A large number of the leading citizens of Memphis, headed by their famous Gold Medal band, visited Hedley last Saturday afternoon, about dusk, and remained something more than an hour, the band favoring us with one of their always enjoyable concerts. As everybody knows, this band has no superiors in the Southwest—and very few equals, if any.

The Memphians made this trip for the purpose of boosting the Hall County District Fair which is to be held in their city, September 27, 28, and 29. President Henry Read of the Fair association, Band Director Paul James and Editor J. Claude Wells addressed the assembled crowd on matters pertaining to the Fair.

It was an enjoyable affair to Hedley people, and our "Come Again" sign is still out for Memphians in general and the Gold Medal band in particular.—Hedley Informer.

John Porter Fowler of Lesley returned home Sunday after a few days visit in the home of Mrs. S. W. Black.

FIRE DESTROYS HOME BAKERY AND HUCKABY PLUMBING SHOP

Fire destroyed the Home Bakery and Huckaby Plumbing Shop at 705 West Main last Thursday night, and the building in which the two business institutions were located was damaged to a great extent.

The bakery, owned by T. C. Fuller Jr., was a complete loss, and Mr. Fuller has not signified whether he will open again in some other location. He bought the bakery from Stephens some three months ago, and was building up a good trade. An explosion took place in the oven a few nights before, but no fire started. Angus Huckaby lost about \$1,000 worth of plumbing fixtures, tools, etc., and is temporarily located in the Guest Tailor Shop further west.

Prompt action on the part of the fire department and a tin roof

The bands of Estelline and Harrell Chapel, with many boosters accompanying them, came to Memphis last Friday night and staged one of the most enjoyable programs of the season. The bands were massed and assisted by the Gold Medal band, making it one large organization and the music was splendid from first to last. Director James showed his ability as director, and led each number in a way that made the music excellent throughout.

Interspersing the numbers, J. H. Read, president of the Hall county fair association, introduced speakers who told of the plans for the coming fair, and among the number to speak were L. L. Foreman of Harrell Chapel, E. M. Ewen, S. T. Harrison, Editor Fred Landers of Estelline News, Earl C. Johnson of the Herald and J. C. Wells.

Mr. Foreman thanked the Memphis people for coming by their community and taking their band on a booster trip to the south and west end of the county last week.

Messrs. Ewen and Harrison spoke on benefits to the entire section of country to be derived from the fair. Fred Landers said that the Estelline and Harrell Chapel bands and boosters had come to Memphis to tell Memphis people that Hall county is going to have a fair and asked for their assistance in putting over a good one. Earl Johnson explained the pageants that would be given. J. C. Wells made a plea for a greater community spirit in Memphis as well as the entire district and greater co-operation in having a better fair.

It was one of the most unique meetings in that it was staged by other communities in the city in which the fair is held annually, and showed that the people of the county are as much interested in having a successful fair as the people of Memphis, and so it should be. It showed a fine community spirit, that seems to be growing over this entire section of country, that is bringing the people into closer relationship and understanding.

Hundreds of people enjoyed the program, and will gladly welcome Harrell Chapel and Estelline bands any time they will come and stage another good concert.

The Gold Medal Band will visit Eli, Lodge and Lakeview next Monday evening, and give concerts at each place. The concert at Eli will be about 5:30 p. m.; at Lodge at 6:30, and Lakeview about 7:30.

It is expected that a good lot of boosters will go along and help to make the entertainments lively. The concerts by the band are always highly enjoyed and large crowds are expected at each place.

SCOTTISH RITE REUNION AT EL PASO OCTOBER 31

B. B. Cobb, secretary of the Scottish Rite bodies of El Paso, was a visitor here Tuesday in interest of the 44th reunion of El Paso Scottish Rite October 31, to be followed by the Shrine November 4. All Master Masons are eligible to apply and a large crowd is expected from this section of country.

FORMER MEMPHIS PEOPLE IN AUTO WRECK

It is reported that Mrs. E. S. Ross and two children of Amarillo, formerly of this city, were in an auto accident between Hereford and Canyon Monday, and Mrs. Ross had a hand badly crushed, while the two children received minor injuries. The car was completely wrecked.

Mrs. Ross and the children were on their way to visit her father in New Mexico when the accident happened, it is thought, struck a sand bed causing the car to overturn. The baby was thrown through the windshield, but received minor injuries.

WILLBORN SAYS MUCH BUSINESS DONE AT BORGER

Borger, Texas, September 2
The Memphis Democrat,
Memphis, Texas

As I am back in Borger again and the home folks seem to like the dope I have been sending in I'll try to get my glasses on straight and write a few jerks. I left Memphis Tuesday afternoon on the 3:10 Red Ball stage and got into Amarillo at 6:30, about three jumps ahead of the storm that began threatening to break soon after we left Memphis. I got out of Amarillo Wednesday morning at 1 o'clock and landed at the stage station in Borger about 1 o'clock. I had to lay over at Panhandle about an hour as I had to transfer to another line car. I had to take a Pampa car out of Amarillo as the regular Red Ball car which was scheduled to leave there at 10 o'clock was reported in the ditch somewhere out on the road. We got to Panhandle too late for the regular Borger car so I had to wait for the next one. I found out that the three car lines out of Amarillo to the east were engaged in a bitter internecine war with each other and the ticket agents will tell you anything and route you most any old way to get to sell you a through ticket over their line. The "Safety First" car line with headquarters at Fourth and Taylor, near the gas house is about the only line which you can depend upon to put you straight through without delay at present. I mention this as it might be helpful to any of the folks down there who contemplate a trip up this way.

It seems that Hutchinson county is about to lose out on its road paving project for the present at least. It seems that the commissioners court let a private contract for both the grading and surfacing of the road to the same parties without consulting the State Highway Commission, so when application for state aid was made it was promptly refused unless considerable backing up was done by the commissioners court of this county. I was sure the whole scheme would go on the rocks as soon as I became cognizant of the provisions of the contract as I got a pretty good slant on this highway building and state aid business while I was handling the county cash down there in Hall county.

A contract was let about two weeks ago for a new city hall and jail by the city of Borger. The lowest bid was \$23,000 while the next highest was \$27,000. After about a week's deliberation over the various bids submitted the City Council accepted the \$27,000 bid as being the most practical and conforming nearer to the specifications. The successful contractor got on the job immediately but while I was down at home last week several business men got out an injunction against the City Council to invalidate the contract on the ground that the contract price was exorbitant. They took the matter into court and after a hearing the judge refused to grant the petition. Meanwhile the contractor has been going right ahead without missing a lick. It is usually a healthy sign when any

"Old Glory" on the Mark

Long flights and the necessity for heavy loads have resulted in mounds being built at many airports to give the machines enough impetus to rise. This picture shows "Old Glory" on her runway at Curtiss Field, Long Island, before her scheduled hop-off for Rome. Lloyd W. Bertaud and James D. Hill, air mail pilots, are "Old Glory's" chauffeurs.

city or community becomes sufficiently imbued with the spirit of progress to develop a tribe of knockers. About the only place where the noise of the knocker's little hammer is never heard is the cemetery, which has a dead enough place to suit the most pessimistic knocker. Some of these fellows seem to have been born in the objective case and will probably kick a little after the yare put under about four feet of earth but it will be too late to attract any attention.

I was very much interested and gratified in reading the charge delivered by Judge N. P. Willis to the Hutchinson county grand jury last Monday. It was published in full in the Borger Daily Herald of Tuesday, August 30. It is not only a gem of rhetoric but of candor and logic as well. I wish it could be read by every law-abiding citizen of Texas who has the best interests of his state and society at heart.

A violent wind, rain and hail storm struck Borger and the oil fields Wednesday night, doing considerable damage. Two pressure tanks were struck by lightning in Isom and set on fire. An oil well located on the highway between Borger and Electric City since I have been writing this a big slash-pit fire broke out down in South Phillips and it looked for a time like the whole town was on fire. The clouds are banking up heavy in the west and north and there is every symptom of another storm to night.

I think I wrote something about the rat plague in Borger in my last letter. The Borger Herald advertised for a Pied Piper last week but he didn't materialize so the boys and girls of the town have been mobilized into an army of rat catchers. All the merchants and business men in Borger are offering prizes or bounties for rat tails, and it is already evident that the climate in Borger and vicinity is becoming decidedly unhealthy for the rodents.

The open season for prairie chicken hunting in Hutchinson county began September 1, and the battle, or perhaps I should say the slaughter, is on. The battle line extends from the west line of Hutchinson county along the Canadian river and through the counties of Roberts and Hemphill. The season is also open in Hansford, Lipscomb and Ochiltree counties. The limit of chickens for one day is five and ten for the entire season which closes September 10. I notice however, that the law places no limit whatever on the number of amateur sportsmen that may be bagged during the season. Since writing the above portion of this paragraph the old paper man came along with the Borger Herald for today (Friday) which states that more than one thousand licenses have been issued to date by the county clerk. A mighty army is moving in two great divisions or parallel columns against the helpless prairie chickens. One column is moving north and east from Pierson with the cold Turkey Track ranch as its objective. The other detachment of brave and determined veterans are reported moving in the same general direction from the north line of Roberts county toward the southern extremity of Beaver county, Oklahoma. No definite news has been received from the front as yet but unconfirmed reports indicate considerable skirmishing and some casualties on both sides.

Apropos of what I have already written about the raticide (with apologies to Mr. Caesar of Gaelic war fame) war being waged in Borger and its environs, I am compelled to take notice of the fact that while their parents are engaged in the wholesale slaughter of the innocents, as noted above, the boys and girls of Borgertown are moving in solid phalanx against the encroachment of one of the most insidious foes of mankind. The children are permitted to use, and are using, every weapon of destruction known to modern ingenuity against the foe except TNT, dynamite and mustard gas. Ordinary natural gas

is a permissible weapon and it is one hundred percent effectual where the rats are denned up in strongholds from which they cannot be dislodged by ordinary means. It is safe to say that the war is fast developing into a rout of the common enemy and Borger will soon be safe for democracy and for people to live in.

As it may be of interest to members of the American Legion in Hall county I wish to mention the fact that Borger is making great preparations to entertain the legion meeting of Texas district No. 10 which convenes here on November 11. This district covers an immense territory which extends from the Kansas line on the north to Brownwood and El Paso, Texas, on the south. Committees are already at work and arrangements are being made to entertain at least 5,000 veterans of the A. E. F.

Just to give you a faint idea of some of the picturesque and notorious characters who infested and infected Borger in the good old boom days, way back in the fall of 1926, I notice that "Lucky Emma," alias "The Darktown Flapper," was caught in a raid on a gambling joint Thursday by the police. Emma was given the prefix to her name on account of her proficiency in "rolling tre bones." I understand she is charged with a varied number of offenses from wielding a razor, to shooting craps. There are still a number of these notorious characters hanging out in Borger but their days are numbered and Borger will soon know them no more forever.

Two billion dollars in gold are held in the New York Assay office in Wall street, branch of the United States Assay. Here was actually amassed the first billion dollars in the world.

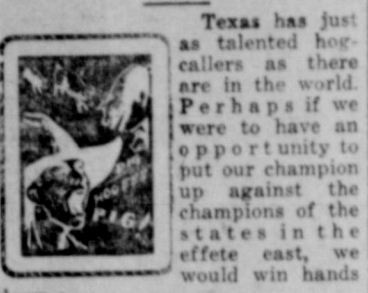

A robin built a nest in a mop on the back porch of the home of a Chicago woman. She secured another mop and left the robin undisturbed until a family of six were reared.

By a recent survey by the United States Public Health Service it was found that colds cause a time loss equivalent to 1.4 days a year for every man employe and 2.1 days a year for every woman.

A London hotel keeper has finished his dining rooms in primrose and blue because these colors cause the diners to relax and be cheerful and hungry.

Cricket fighting is a popular sport in China. The combat takes place in a large earthen jar and is fought to the finish.

CALLIN' THE HOGS

Texas has just as talented hog-callers as there are in the world. Perhaps if we were to have an opportunity to put our champion up against the champions of the states in the effete east, we would win hands down.

Trouble is we don't know just who is the champion of Texas.

That difficulty will disappear, however, because a hog-calling contest is "on the slate" of the State Fair of Texas this Fall. Besides the money prize for the winners there will be a gold medal for the champion.

Applications to enter this contest, which will be the first to be held in Texas, are coming in already and, strange to say, the very first entry was a "city fellow," Bob Pool, one of the assistant managers of the Adolphus Hotel at Dallas. But Bob is naturally proud of the fact that he was brought up on a farm in Milam County, where, as he says in his application, "the hogs roamed about in perfect freedom and had to be called at the feeding time."

Pool says he may need to "re-hearse" a little, but that by the time the fair opens he will be in shape to offer competition to any and all comers from the state of Texas.

The "points" which the judges will take into consideration in determining the winner will be: Individuality, expression of caller, volume, distance, tone, persuasiveness and effectiveness.

Entry blanks and prize list for this contest may be had by addressing Roy Rupard, Secretary of the State Fair of Texas, Dallas, Texas.

A boar, for which the owner paid \$3,000 cash, will be shown at the Swine exhibit at the State Fair of Texas in October. It is not for sale, it is said.

Dial numbers have been converted into raised characters to enable blind persons to tune-in different stations on the radio receiver.

Sense of smell is worth \$800 according to a case in Paris where a cook was awarded this amount for the loss of the sense of smell when knocked down by a taxi.

GRAHAM BROTHERS GET BIG ORDERS FOR NEW TRUCKS

Unfilled orders for Graham Brothers trucks since the company introduced its new line of 3-4, 1, 1 1-2 and 2-ton units August 28 are substantially greater than at any time this year, according to an official announcement. All Graham Brothers plants are running at full capacity and shipments to dealers are going forward as fast as possible, the statement says.

Headed by a six cylinder 2-ton truck with four-speed transmission and four-wheel Lockheed hydraulic brakes, the new line has met with enthusiastic response from truck buyers throughout the country, orders show. The six cylinder truck is particularly powerful and fast, the four-speed transmission making possible moderate engine speeds even at relatively high speeds with consequent gasoline economy and longer life. The engine in these trucks is unusually rugged in construction with a seven-bearing crankshaft, machined all over and weighing 69 pounds, heavy duty transmission and large single plate clutch. These trucks are equipped with oil cleaner, oil strainer and oil filter and gasoline filter. Marked advances in power and economy of fuel consumption are said to result from the new hot-spot manifold and unique combustion chamber design.

The 1 1-2-ton model, equipped with the new four cylinder engine introduced this summer also shows a number of improvements calculated to increase its strength, speed and utility. This model embodies the same four-wheel brakes, four-speed transmission

and heavier front and rear axles as the 2-ton model. On the 1-ton and 3-4-ton models important changes include the adoption of cam and lever steering gear for easier control and heavier front axles for greater strength. Eight-ply tires are now furnished on the one-ton model instead of the six-ply formerly standard equipment.

Long Troubled by Constipation

"Black-Draught has been a family medicine with us for fifteen years," says Mr. F. M. Huntley, of Neosho, Mo. "I read about it first in the Ladies Birthday Almanac and what I read there sounded so convincing I made up my mind to try Black-Draught, as I had been troubled with constipation for a long time. "I found Black-Draught to be the ideal medicine for this trouble. It gave me quick relief. Frequently I had had headaches and pains, due to toxic poison. By taking a course of Black-Draught I gave my system a thorough cleansing, and I have had little or no trouble since then. "Now, if I am becoming constipated, I take several small doses of Black-Draught, and am very soon feeling fine." Costs only 1 cent a dose.

Age Beats Youth With Scythe

Walter Stickley has been mowing down the long and short ones for fifty years. Recently, the 65-year-old mower defeated Miss Bernaby, New Hampshire's girl champion, and the two were photographed after the contest.

seven years the whole world was worrying over them. And who knows but that their life and death will cause a "caste war" that may last for many more years? The World War broke loose over no less an incident. And mothers of the world are not through worrying over the last war yet.

And that's it. The mothers of today are carrying the burdens and the sorrows and the worries of the whole world on their shoulders and in their hearts. Their hearts have expanded with the international interests of the world. The mother heart is the same everywhere. When one mother suffers we all suffer with her to the extent of our experience and knowledge.

Sometimes it seems we mothers know too much about this world to be happy any more. Is that right or wrong. If ignorance is bliss, is it folly to know all that is going on around us? No! We better know the truth and worry than to sit by indifferently and see our children go to the devil. They may go with our eyes open but how could we guide them over the pitfalls with our eyes shut also? And danger does not look the same to youth as it does to mature years.

After all, the daily papers may be our greatest guide posts. They surely are our greatest educators. But there is not a doubt about it. The knowledge of the world's worries while it is drawing the human family closer together by the bonds of sympathy it is leaving its blighting traces on the nervous structure of the motherhood of our land.

COOKERY COLUMN

Apple Pie With Cheese

Four sour apples, 2-3 cup sugar, 1-4 teaspoon nutmeg, 1 teaspoon lemon juice, 1-8 teaspoon salt, few gratings lemon rind, 3 tablespoons grated cheese, 1 teaspoon Mrs. Tucker's Shortening.

No. 1.—Line pie plate with "Flaky Pastry." Pare and cut apples in sixteenths and place around the edge of pie then go in toward the center. Mix sugar, nutmeg, lemon juice and grated rind and Mrs. Tucker's Shortening; sprinkle over the apples. For upper crust roll pastry and cover with grated cheese, fold and roll again. Put over the filling, dampen edges of crusts pressing edges together with fork. Make holes in top crust for steam to escape. Bake at 450 degrees F. for 10 minutes then 325 degrees F. for 30 minutes.

No. 2.—Mix finely sliced apples, sugar, Mrs. Tucker's Shortening and nutmeg in a sauce pan and cook very slowly until apples may be mashed to a pulp and the mixture is the consistency of apple sauce. Add lemon juice and rind. For upper crust cut the pastry in strips as for cheese straws and make a lattice top—around the edge of the pie plate place a strip to make the edges smooth. Press this down firmly with fork. In each square of the lattice sprinkle grated cheese or cream cheese from a pastry bag. Bake same temperature as No. 1.

Butter Scotch Pie

One and one-half cups brown sugar, 1-2 cups milk, 3 tablespoons cornstarch, 1-2 tablespoons Mrs. Tucker's Shortening, 1-4 teaspoon salt, 4 tablespoons maple sugar, 2 egg yolks, 1 teaspoon vanilla, 1-2 tablespoons coconut over filling.

Bring milk to boiling point. Pour milk over the mixture of brown sugar, salt and egg yolks. Return to double boiler and cook until thick. Cool. Add vanilla, Mrs. Tucker's Shortening, beat and pour into a pastry shell. Cover with meringue. Brown in slow oven 300 degrees F. for 15 minutes.

Raisin Pie

One cup sugar, 1 tablespoon Mrs. Tucker's Shortening, 2 eggs, 1-2 tablespoons cornstarch, 1-2 teaspoon—cinnamon—nutmeg—cloves, 1 cup raisins, 1-2 chopped pecan meats, 1 cup mayonnaise.

Soak raisins in water while mixing other ingredients. Cream fat, add sugar and well beaten eggs. Stir into this the cornstarch, spices, pecans, and raisins. Line a pie plate with flaky "flute" the edge. Pour in the filling—put on top of lattice, cook at 450 degrees F. for 10 minutes, then reduce heat to 325 degrees F. for 30 minutes.

Flaky Pastry

One cup soft wheat flour, 1-2 teaspoon salt, 4-1-2 tablespoons Mrs. Tucker's Shortening, Ice water about 1-4 cup.

Sift flour and salt together, work in 4-1-2 tablespoons Mrs. Tucker's Shortening with a fork, add enough ice water to hold the mixture together. Place on ice to chill if possible before baking. Bake at 500 degrees F. for 10 minutes or until brown.

large sacrifice of children's lives, is an indictment against the good sense of our citizenship as well as a bad mark against the good name of our state," Dr. Anderson stated. "Diphtheria is primarily a children's disease, and children between the ages of 1 year to 10 years should be protected against it.

"Diphtheria is one of the most dangerous of diseases, but medical science has produced an immunizing agent against it that is known as toxin-antitoxin, and when this immunization is given a child, he will escape infection though exposed to the germs. Some children are naturally immune from diphtheria, and your family physician can determine if your child is immune by the simple "Schick" test. If not immune, then he should be given the toxin-antitoxin.

All children entering school in the primary grades should have this immunization. For this purpose, city and county health officials, school authorities, club women, and business men are asked to cooperate in instituting county-wide campaigns for the immunization of young children against diphtheria. For further information regarding such campaigns, write the state department of health, Austin.

If the water is not cold an oyster drinks about eighty quarts of water daily but if the water is below forty-five degrees he is believed to go on a thirst strike.

Indians are given free tuition at Dartmouth College. Three full-blooded Indians will matriculate at Dartmouth this year.

As a plea for rain the natives of Angola, on the west coast of Africa, cut off a man's arm at the shoulder and plant it in the ground with the hand sticking up.

WHY MOTHERS TURN GRAY

BY PHERE K. WARNER

There is more than a funny joke in the thought that cartoon brings to millions of American homes every day. I believe the real motive of the author or artist, which ever a cartoonist is, is to keep us mothers from turning gray by presenting to us over and over again the ridiculousness of so many of our domestic trials.

Nevertheless does it not seem to you that with all our fun and amusement, entertainers, rest resorts, comforts and conveniences, women's clubs, and the manifold activities of women that are supposed to rest our minds and bodies the mothers of America are worrying more and turning gray earlier in life than ever before? I hope I'm wrong. But it seems to me there are days in all our lives when the whole world is so full of sorrow and crime and disappointments and regrets and fears that it takes a mighty brave

spirit to cast it all aside and forget it and live on as though nothing unhappy were going on around you.

If you don't think the world is growing closer together and becoming more interested in its whole self just stop for one brief minute and analyse your thoughts for today. Just what have you been thinking about today, anyway?

Don't you believe that every American mother who reads the daily papers or listens in over the radio has worried these last two weeks over the fate of Mildred Doran? Every one of us who have a daughter have caught ourselves thinking "if our daughter had met such a fate!" And it chokes us. It hurts! Because she was a wonderful daughter. She had been a mother to her motherless brothers and sister and she had accomplished much in her short 22 years or she could not have mothered her mother's family and gone to school and taught school in that brief time.

But she's gone. God knows how. And down to death have gone six wonderful, useful men. All in the same cause with possibly varying motives. How can any wife, mother or sister toss those brave men out of their minds and forget their self sacrifice for the cause of science and humanity? Every one of us owe them a debt we can never pay. And not only those who have fallen in their great flight for science but for the scores of brave men who are still flying and risking their lives in search of the lost.

Then there are all of the other accidents. How many mothers do you suppose grab the paper every morning and scan its pages for the automobile accidents? THERE is one thing most of us have or will have in common pretty soon. Mothers are almost afraid to go to bed for fear somebody may turn an automobile loose and it may crash right through the house and into the bed just as one did a few nights ago in Amarillo. You never know when the children start to school, or to town, or anywhere else whether they will ever come back again. Everything is moving so fast these days that it's get out of the way quick or be killed. And often the fellow who kills you doesn't even stop to see if you are dead and out of your misery. The automobile has brought a lot of pleasure to this world but it is also playing its full part in turning mother's hair gray.

Then there is all the scandal that is broadcasted every day in every way. Most mothers would not suffer any more if their children were hurled into eternity, safe in soul, than live to see their lives wrecked and ruined by misfortunes worse than death. And every day the social atmosphere as well as the daily papers are surcharged with all such worries. The world tells its mothers not to worry, then dishes out such dope as this every day of the year.

I'll tell you, folks, the reason I'm opposed to so much crime and scandal in the daily papers is because it keeps our mother minds all stirred up with fear and our hearts all aching all the time for others until it actually unfits us to live a natural, normal life for and with our own children. I sometimes wonder if our excessive anxiety of this day is going to make cowards of all our children. Maybe not. Most of them seem to risk a plenty. There's Lindbergh! And a lot of us are worrying over his success because we know it is going to tempt thousands of other mothers' sons to kill themselves. It's already done it. Aviation is developing too fast to be safe. And there is something else to worry over for every one of these fine boys is some mother's son.

Then there's Sacco and Vanzetti! They're gone now. But for

BUSINESS EDUCATION
NIGHT CLASSES IN MEMPHIS
BEGINNING OCTOBER 3.

excellent opportunity will be offered Monday and Thursday nights to who desire to take a business course at night. The organization of classes is for those who work during the day, and who wish to be promoted or for better positions. The work will begin October 3 and continue nine months. Students in Memphis, and within a radius of twenty-five miles from Memphis, may go to and from school, and home after school hours. They can save \$300 to \$400 by attending classes during the nine months.

Attention is called to the following courses of study offered, which positions as stenographer, bookkeeper, steno-bookkeeper, or commercial teacher.

Shorthand, Graded Readings and Speed Studies, Touch Typewriting, this system of shorthand and the number of texts used are the same as used in the Teachers' Colleges, Universities and Business Colleges of the South.

Twentieth Century Bookkeeping of the South, Touch Typewriting, Business Spelling.

Who wish to be trained for a better position in the business world, in the least possible time and at the least expense to you, may we suggest that you take advantage of this training at home because the cost of these business Colleges of the South is greater. The traveling expenses to distant cities will be saved. A big saving will also be made in the rent and clothing required of those who attend colleges in the cities. The boys and girls of Memphis and the surrounding towns have an opportunity to acquire a good business education at a cost within their means.

The instructor has had eight years of experience teaching and has made a study of commercial subjects at the Metropolitan Business College, the Methodist University, North Texas State Teachers College, where he completed the work required for B. S. degree. He has done commercial work in the Memphis High School during the nine

DISTRICT COURT

(Continued from page 1.)

sulted in great and useless expense to the people.

The Grand Jury was specially charged on the law with reference to forgery, burglary and theft inasmuch as these offenses have become unusually prevalent in Hall county due to the fact that a nomadic population has followed the construction of the new railroad.

The jury was urged to handle its business in a energetic manner and to adjourn just as soon as a thorough investigation has been completed.

The petit jury for the first week is as follows: C. A. White, G. M. Duren, E. J. Gallaway, G. E. Feary, A. R. Evans, H. W. Hart, R. B. McMurry, S. B. Foxhall, A. D. Britt, L. B. Madden, O. A. Davidson, G. L. Hamilton, J. M. Lane, J. T. Rasco, C. H. Bownds, H. S. Gardenhire, M. E. McNally, B. J. Ellerd, E. S. Browning, Joe Nelson.

Several civil cases have been tried this week. The criminal docket will be taken up the third week of the term.

CHEVROLET DEALERS HOLD BANQUETS

A series of nation-wide holidays topped off with banquets, the tribute of a great company to its leading retail salesmen, is now being staged by the Chevrolet

Motor company in honor of 2,790 retail salesmen who during the selling year ended August 1 achieved membership in the Company's "72 Car Club," a star salesmen's honorary organization.

This year's roll exceeds by more than three times the list for 1926, when only 873 salesmen qualified for membership, and furnishes a new index of the tremendous production and sales record established by this company during the year.

Winners of the coveted honor are being feted for one day at a series of special celebrations being held at the headquarters of the 43 zone sales offices during the first fifteen days of September.

Membership is achieved by selling 72 or more new cars during the twelve months between August 1 and August 1. During the 1926-1927 period 72 Car Club members sold more than one-fifth of the 990,109 units produced by Chevrolet in that time.

Local and Personal

Misses Johnnie Christian of Floydada, and Evelyn Curry of Kerens, arrived Saturday to take their places in school again this term.

Dr. and Mrs. C. Z. Stidham and son Guy left this Thursday morning for Memphis, Tenn., and will return about the 20th. Guy may enter the law school of Tennessee.

Harry Delaney took his sister, Miss Hazel, to Shamrock Tuesday morning where she will have charge of the public speaking department of the school in that city.

Mrs. C. E. Moreman and son Duke of Lubbock and Mrs. Quinten Sheldon and daughter Bettie Jean of Amarillo are visiting their mother, Mrs. T. R. Franks, this week.

Mrs. Mayer Wood and Misses Helen Beard, Cress Ardery and Eleanor McKenzie of Honolulu, cousin of Mrs. Wood, went to Lubbock today and will return Friday.

Mr. and Mrs. W. P. Dial and daughter, Mrs. W. C. Dickey, and Mrs. E. S. Garner of Houston, sister of Mrs. Dial, returned Wednesday from a weeks outing in New Mexico.

Mrs. S. L. Seago and children returned last Thursday from a visit with her parents at Walters, Oklahoma. They were accompanied by Mr. and Mrs. S. E. Noel who visited their daughter at Lawton, Oklahoma.

Dr. and Mrs. J. M. Ballew drove to Amarillo Tuesday to meet their daughter, Mrs. Clara Meseck who will visit them a few days and then will get their car at Wellington and drive it home.

Mr. and Mrs. J. W. Slover and son J. W. Jr. visited her sister, Mrs. R. T. Foster, at Groom last week end. They were accompanied home by their niece, Miss Marguerite Foster for a week's visit.

Mr. and Mrs. H. D. Stringer left Monday for a week's visit with Mrs. Stringer's mother at Wharton, Texas, before leaving for Berkeley, California, where they will attend the University the coming term.

R. W. Officer of Turkey was here Wednesday. He was on his way to Paris, Texas, to get his eye treated. Mr. Officer is 83 years of age and says if his eye hadn't gone back on him he would drive the car himself, but since it has, his granddaugher is driving the car to Paris for him.

Mrs. Derwood Lewis of Dallas came last week to visit her parents-in-law, Mr. and Mrs. J. L. Lewis. Mr. Lewis has been confined to his bed several weeks with heart trouble and Mrs. Lewis fell into the basement at the court house some two or three weeks ago and sprained her back.

Mr. and Mrs. Claude Roberts and son Claude Jr. of Hereford visited his brother Wade Roberts and sisters, Mesdames B. L. Beach and A. H. Miller from Saturday until Monday. Their daughter Billie Jo and Virginia Barnett who had visited relatives here the past week returned home with them.

Strong alkalis dissolve both wool and silk and even washing soda or strongly alkaline soap often seriously injures these fibers. The only alkalis that should be used in laundering or removing stains from wool and silk or the milder ones like borax or dilute solutions of ammonia. With the exception of nitric acid, dilute acids do not attack wool and silk readily.

IT DRIVES OUT WORMS
The surest sign of worms in children is paleness, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drives out the worms and puts the little one on the road to health again.

GILES GLEAMINGS

Mrs. Chas. Shields of Quail spent several days here last week with her parents, Mr. and Mrs. A. G. Huffmaster.

Miss Beatrice Hoyt who spent last week here in the T. C. Johnson home, left Saturday night for her home in Fort Worth.

Mr. and Mrs. Alton Meredith are here this week from Jericho visiting relatives.

Born September 2 to Mr. and Mrs. Ike Stotts a ten pound girl.

Mr. and Mrs. Heck Cope was up from Memphis Sunday visiting home folks.

Miss Mildred Beckum of Memphis was here Sunday, a guest of Miss Vonnie Hix.

Several from here attended the Ball game at Wayside park Sunday afternoon.

Buck Frisbie and family of Carey spent Sunday and Monday here with Mrs. Frisbie's mother, Mrs. C. Y. Johnson.

John Stotts and family of Sudan are here this week visiting relatives. They report every thing in fine shape around Sudan.

Wince Thaxton left Tuesday for a visit in Amarillo.

Miss Mayme Woods spent the past week end with home folks in Clarendon.

Mr. and Mrs. A. L. Simmons came in Saturday from Glen Rose where they had been for the past month for the benefit of Mrs. Simmons's health.

Claude Mixon and niece, Miss Edna Garrett of Shamrock spent the week end here in the Curtis Mixon home.

Mrs. Maie Beckwith entertained the young folks with a party Saturday night.

Mrs. Harvey Stotts and Miss Lovell Johnson were shoppers in Memphis Tuesday afternoon.

Mrs. E. L. Mevis is having the inside of her store repainted this week.

R. M. and Earl Ellis and families are in East Texas this week visiting relatives.

Miss Lorraine Simmons was out from Hedley Sunday visiting her parents, Mr. and Mrs. A. L. Simmons.

Mrs. W. D. Shelton and children from the Rowe Ranch, and Mrs. Emma Phipps of Stamford were Sunday guests of Mr. and Mrs. E. H. Watt.

Miss Mayme Weeds entertained Wednesday night with a slumber party in honor of Miss Lovell Johnson's sixteenth birthday anniversary. They were entertained in various ways until a very late hour and from the sounds that came from the upper region of Mrs. Mevis' store, they were all enjoyable ways.

R. A. Callahan of Harrell Chapel returned last week from a stay of several weeks in New Mexico. He says the worms are letting up somewhat in his community.

FOR WORKING PEOPLE
The best of workers get out of warts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged, and think they are getting lazy. Neglect of these symptoms might result in a sick spell, therefore the sensible course is to take a dose or two of Herbine. It is just the medicine needed to purify the system and restore fire vim and ambition of health. Price 60c. Sold by Leverett-Williams Drug company.

WANTED! FACTORY Representative \$50 Weekly Commission PAY STARTS AT ONCE

We deliver, collect and furnish everything. Big earnings start at once with opportunity to make \$5,000.00 or more a year. No matter what you are doing or making now, investigate this. No obligation. Age no handicap if willing to work. Fyr-Fyter Co. Fyr-Fyter Building DAYTON, OHIO

PARNELL NEWS

Cotton picking is beginning in this community. Some of the early cotton is opening rapidly, but the young has not opened much as yet.

Four new residences have been built in Parnell recently--some of them are hardly done.

Laying of the steel is still under way on the new railroad. The crew is now working about ten miles west of this place. A switch is located here and the crews have been moved to it.

School has been running for three weeks with an enrollment of about 120.

A Sunday school has been organized and have decided to meet each Sunday morning at 10:30.

The Harrell Chapel band included this school in its itinerary last Wednesday. The concert was appreciated and enjoyed by the school children as well as a number of patrons who had also gathered to listen. We think interest in the fair was aroused to a great extent.

Mr. and Mrs. J. O. Hemphill and daughter, Bernice, of Newlin visited in the home of A. H. Glasco last Sunday.

Mr. L. T. Winn is visiting in Clovis, N. M., this week.

Mr. Tom Hamilton and family, formerly of this place, have been visiting in the home of his mother, Mrs. W. H. Hamilton.

F. B. Berry made a trip to Plainview last Sunday.

UNITED CHRISTIAN MISSIONARY SOCIETY

The Woman's United Christian Missionary society met in regular session September 1, at the home of Mrs. Russell Howerton's. Mrs. J. H. Norman, the president, was leader. Topics on Who is Your Neighbor, were read and discussed by several. Mrs. Bessie Simon's name was added as a new member of the society. Delicious refreshments of ice cream and cake were served to those present: Mesdames W. M. Fore, W. C. Milam, Gardner, J. T. Norman, Wallace, V. B. Rogers, J. P. Watson, J. A. Whaley, and R. L. Sommons. They adjourned to meet October 6, at Mrs. W. C. Milam's.

METHODIST MISSIONARY SOCIETY MEETS MONDAY

The Woman's Missionary society of the Methodist church met in voice program Monday afternoon at the church, with Mrs. A. C. Hoffman as leader. Devotional, 121 Psalms—Mrs. Hoffman. Prayer—Mrs. C. E. Jameson. "Home Missions Facing New Situations"—Mrs. Lloyd M. Hicks. Reading—Mrs. John Lofland. Closing Prayer—Mrs. E. O. Sloan.

LAND FAMILY HAS REUNION

Mr. and Mrs. R. D. Land enjoyed a reunion of their children Sunday at their home on Ninth and Beice streets. A bountiful dinner was served at noon and a great visit enjoyed by all. Those present were: Mr. and Mrs. J. J. Land of Childress, Mr. and Mrs. L. Z. Land and children of Hedley, Mr. and Mrs. Dick Land and children of Miami, Mr. and Mrs. C. Land, Mr. and Mrs. W. M. Walker and children, Mrs. Oia Compton and children of Memphis.

MRS. WATSON HOSTESS TO 1913 STUDY CLUB

The 1913 Study club held its first meeting of the year with Mrs. J. P. Watson. Business and pleasure combined making it a most pleasant event. After a short business meeting, the following program was given. Federation song—Club. President's address—Mrs. V. O. Williams.

WHALEY-CRAVER

The marriage of Mr. Elmo Whaley, of the State Bank of Estelline, oldest son of Mrs. E. T. Whaley of this city, and Miss Ruth Craver, daughter of Mr. and Mrs. P. F. Craver of this place, took place at Lella Lake Sunday afternoon. The ceremony was performed by Rev. J. A. Laney, pastor of the Methodist church of Lella Lake, in the presence of the pastor's family and Charles Sanders of Estelline. Mr. and Mrs. Whaley left immediately after the ceremony for Quannah, returning to Memphis Monday where they received congratulations from their many friends. They will make their home in Estelline.

MISS AVIS LOARD GIVES SLUMBER PARTY

Miss Avis Loard gave a slumber party last Wednesday evening at her home. Then to finish it up nice, a sunrise breakfast was added, which was held at the Wayside Park. Those attending were Misses Frankie Briton, Flossie Rogers, Flora Doris, Ada and Elizabeth Alexander, Yetta Mae Hackworth, Una and Avis Loard.

MISS GRUNDY ENTERTAINS WITH LAWN PARTY

Miss Lola Mae Grundy entertained with a lawn party at her home on Eleventh street last Saturday afternoon. Games were enjoyed on the lawn and delicious refreshments served to Misses Loreece Webster, Tommie Boren, Mary Dyer, Louise Hudgins, Frances Wright, and Pauline Turleton.

ENTERTAINS K. G. CLUB WITH SKATING PARTY

Misses Loreece Webster and Tommie Boren entertained the K. G. Club Monday afternoon at the home of Tommie Boren with a skating party. After enjoying skating they went to Stanford Drug store where refreshments were served to Anna Louise Hudgins, Lola Mae Grundy, Mary Dyer, Jackilee Boren and the hostesses.

MIZPAH MEETING HELD MONDAY SEPTEMBER 5

The Mizpah auxiliary met in regular meeting Monday, September 5, in the parlors of the First Presbyterian church with Miss Lillian Gull as hostess. The lesson, which was a study of the Book of Esther, was led by Mrs. John Deaver. After the business session followed by a social hour, the meeting adjourned to meet September 19, with Mrs. J. O. Johnson.

DELPHIAN CLUB MEETS AT GUTHRIE HOME

The Delphian Club met in the home of Mrs. Roy L. Guthrie Tuesday afternoon for the first meeting of the 1927-1928 club year with seventeen members answering roll call. "Looking Backward." The president's address, "Looking Forward," given by Mrs. J. M. McMurry was enjoyed by all present. Pledge of allegiance by members was given. Miss Marcelle Brewer sang a solo. The hostess served banana ice cream and angel food cake.

MRS. ROBINSON HOSTESS TO 1927 BRIDGE CLUB

Mrs. B. H. Robinson was hostess to the 1927 Bridge club at the home of Mrs. Dick Watson August 30. Five games of bridge were enjoyed. High score was made by Mrs. Ed Cudd and second high by Mrs. Durwood McCool. A delicious salad course, carrying out a color scheme of green and yellow, was served in a most attractive manner. The club will meet next with Mrs. Hamp Prater, September 15.

GIVES DINNER IN HONOR OF COLLEGE STUDENTS

Misses Florence Wherry and Cornelia McCanne entertained with a 3 course dinner last Thursday evening at the home of Mrs. L. D. Pierce Jr. in honor of six girls who are leaving soon for college. The color notes in the paper decorations were blue and gold. The centerpiece was laid on a reflector. A blue lustre bowl of marigolds surrounding a miniature Fort Worth and Denver train, at Memphis, the different schools where each girl is to attend during the year 1927-28, were designated by sign posts around the railroad track pointing the directions to the various cities where the schools are located. Four gold papers were the only lighting used during the meal. Favors were small black hat boxes labeled with stickers in the school's colors. Places at the table were found by an American Express company tag tied on the handle of each hat box, addressed to each Miss at their respective schools. Upon opening their baggage they were found to contain useful articles used while away at college. The menu was water melon cocktail, fried chicken, cream gravy, hot rolls, cream potatoes, green beans, corn bread sticks, beet pickles, relishes, iced tea, frozen date nut whip with angel food cake. The following girls were present: Misses Opal Adams, Dorrace Powell, Maurine Thompson, Mildred Owens; The girls leaving for the different colleges are Miss Janice Miller and Florence Wherry, Simmons college; Shirley Creech to Lindenwood, St. Charles Mo.; Ione Webster, C. L. A., Denton; Vernadine Jones, Baylor Belton, Waco.

EXPRESSION CLASS

Mrs. Marshal Allen, graduate of Curry School of Expression, Boston, will open a class in Expression, Monday, September 12. Those interested in studying, call 843M.

I am teaching Kindergarten and First Grade work at 709 Cleveland street, and invite the parents to come and see the class of work I am doing. Owing to the crowded condition of the first grade rooms in the school, I will take a limited number of first grade pupils.

MRS. SARAH CHILDERS.

Mr. and Mrs. Claud Kennedy and daughter Mary Fay left Monday for a few days stay with his mother, Mrs. C. H. Kennedy, at Abilene, who recently moved there from Shamrock to send her daughter, Miss Opal, to Simmons University.

BAPTIST CHURCH

Last Sunday proved to be a good day with every department of our church, Sunday school and B. Y. P. U. work. The Sunday school and preaching services were well attended. The young people set a new mark in their B. Y. P. U. attendance. Everything points to a greater day next Sunday. The Panhandle B. Y. P. U. and Sunday school convention will give every phase of our church work a great boost. The pastor will be at home for both services Sunday. We were happy to see so many new faces in the congregations last Sunday. A hearty welcome is extended to one and all to worship with us.

TWINSONS

Mr. and Mrs. G. C. Baskerville announce the arrival of twin girls September 5, at their home on South Seventh street. The girls weighed 8 and 9 pounds, and have been named Maria and Minerva.

FIRST METHODIST CHURCH

Services at the Methodist church at the following hours. Sunday school at 9:45 a. m., D. A. Neely, Superintendent. Preaching by the pastor at 11 a. m. and 7:15 p. m. Epworth Leagues at 6:30 p. m. C. E. JAMESON, Pastor.

NOW ENJOYS EATING, THANKS HIS WIFE

"For years I suffered with stomach trouble. Then, my wife got me to take Adlerika. Today I feel fine and eat what I like." —Wm. Opp. Adlerika relieves stomach gas and sourness in TEN minutes. Acting on BOTH upper and lower bowel, it removes old waste matter you never thought was in your system. Let Adlerika give your stomach and bowels a REAL cleansing and see how much better you will feel. It will surprise you! Leverett-Williams Drug company.

TWIN SONS

Mr. and Mrs. Aubrey Smith of this city announce the arrival of twin boys, born September 1 at the home of Mrs. Smith's parents at Shamrock. To cook tougher cuts of meat, either the meat may be finely ground, cutting through the connective tissue which causes the comparative toughness, or the meat is boiled, stewed, braised, or smothered. Get it at Tarver's.

TEXAS & TEXANS

By WILL H. MAYES

Texas Yam Crop Leads
Texas is fast becoming a leader in the most important farm crops. The Department of Agricultural announces that it is now leading all others in the production of sweet potatoes, the yield for the last season being 12,500,000 bushels. Georgia and North Carolina come next with 9,000,000 each. Potatoes have been selling at around \$1.50 a bushel and at that price they bring much money into the state. The sweet potato drying and curing house has done much to stimulate yam production. With proper curing the crop can be held until it can be marketed to the best advantage. Until such plants were built the crop had to be rushed to the market

SERVICE MAN FOR

and was often sold at ruinous prices. As with other crops, orderly marketing is essential to success. Texas could produce enough potatoes to feed the world if it could only solve the problem of securing markets.

The Mohair Industry

The Angora goat is playing a big part in the enrichment of Texas. Texas leads all other states in the number of goats and the production of mohair. They have an estimated value of \$22,000,000. Twelve counties of the Edwards plateau in Texas have more goats and produce more mohair than any like area in the world. Where there is plenty of underbrush goats thrive on little grass and other feed. They require less attention than any other animal. They are grown mostly on large ranches where the land is cheap, but there is hardly a farm in Texas that could not profitably care for a few. The Angora is an aristocratic looking animal and a real ornament to any place, as well as a steady profit maker.

Extensive Onion Growing

Texans are inclined to think of the Laredo and Carizzo Springs sections of the State as the only area adapted to extensive onion growing, although they know from long experience that onions will grow pretty much anywhere in the state. Frank Timmins, an Ellis county farmer, has harvested a crop from 45 acres that will bring him approximately \$5,500, grown at a total expense of \$1,500. He sold the crop from ten acres for \$1,078 in June, but, as every one else had onions to sell at that time, he placed the rest on cold storage in Dallas to hold for a better market. Another example of making money where conditions are favorable for orderly marketing, and Mr. Timmins has taken the means to make them favorable.

Sectional Business Organizations

Texans are learning that the state is too large and sectional interests are to be varied for one or even a few organizations to unite in doing the things that will be best for all. Not long ago the chamber of commerce secretaries in some eleven counties around Brownwood formed a "Heart of Texas" organization to more closely watch the interests of that immediate territory. A central Texas organization of business interests has just been formed at Waco with the following towns represented: Gatesville, Groesbeck, Kosse, Coolee, Marlin, Rosebud, Itasca, Hillsboro, Belton, Hubbard, Walnut Springs, Clifton, Meridian, Valley Mills, West, Mart, McGregor, Moody and Waco. It is safe to say that if close attention is paid by all these places to the work of the organizations every place in the territory will profit.

Something of a Hen Ranch

A North Texas poultryman has announced that he is preparing to establish near Wichita Falls the "world's largest poultry ranch." He expects to begin on an eighty acre tract of land, with a capacity of 100,000 laying hens to be developed from an initial flock of 25,000. He will put in the first 100,000 egg unit of a hatchery. The increasing interest in poultry raising in that section has induced the Kraft Cheese company of Wichita Falls to add a plant in which whey milk will be reduced to a powder for chicken food. Thus it is seen that one good industry in a place brings another.

Pampa Creamery Business

The Pampa creamery began business in February, beginning with 100 gallons of whole milk a day. The purchases have grown to 300 gallons a day and although the plant has a capacity of 500 gallons of ice cream and 750 gallons of pasteurized milk a day, the rapid increase of interest in milk production on the part of the farmers has caused the creamery to announce that its plant will be doubled and churning facilities will be added. This is in line with what is being done wherever are established in Texas.

Weatherford Melons

Weatherford people have formed what almost amounts to a habit in sending huge watermelons to a famous people throughout the country. Some of these melons weigh nearly 100 pounds. They are sent out in a way to attract attention along the way and to receive an ovation when they arrive at their destination. So far, the express wagons carrying these monster Parker county melons have not stopped at this writer's front door.

Improving Water Supply

The corporation that furnished Texarkana with water has found that the city has grown enough to justify the expenditure of an additional \$500,000 for supplying the people with water. A reservoir is to be constructed that will hold a billion gallons of water and mains are to be extended to various sections of the city. Texarkana is among the most prospering cities of the State.

and can store 6,750 tons of produce. It is preparing to ice as many as 60 refrigerator cars at one time.

Palestine Bridge Opening

Fifteen thousand people is a big crowd, but that is the number that it is estimated attended the opening of the bridge across the Trinity river near Palestine. The spanning of a river in a way to connect two pieces of good road is an event of enough importance to justify an immense crowd since Texas people have become long-distance travelers. It used to be that it was almost impossible to get a bridge built across a stream between two counties because each county was afraid the bridge might enable some of its people to get over into the adjoining county too conveniently for trading or visiting. One county cared not a whit what kind of roads or bridges a neighboring county might have. It's different now. Texans have a neighborly feeling toward all parts of the state.

Fight to the Finish

The people of West and Northwest Texas believe that no question is settled until it is settled right. This was demonstrated in the meeting at Abilene to protest the granting of the waters of the Texas streams to power syndicate to the deprivation of the land owners along the streams. They believe that the territory on which water falls is entitled to the first use of it for consumption and irrigation and the power interests should be allowed only secondary rights. Brownwood made plans to dam a tributary of the Colorado river to get the water necessary for its continued growth and for irrigating the valley lands of the stream. A power syndicate claims that has a legal right to all the water that falls in that territory. This has aroused all of Texas to the possibility of such claims arising wherever water falls and there is a stream to carry it off. Texans are not opposed to water syndicates and foreign capital, but they believe the interests of the people are paramount to these, and for this principle they will contend to the last.

Monopolizing the Highways

The action of the Railroad Commission in granting to a subsidiary of the Dallas-Fort Worth Interurban electric lines what is to all intents and purposes the exclusive use of the highway between Dallas and Fort Worth, while clearly authorized by the law and apparently the only thing the commission could have done under the circumstances, sets a precedent that is likely to arouse a storm of indignation. By purchasing all competing bus lines that used the road and securing the right to its use, the Interurban corporation has a monopoly on all local traffic between these two leading cities whether over the Interurban lines or the highways. It looks like the beginning of non-competitive corporate control of all Texas highways built and maintained by the people for their own use rather than for special corporate interests. Evidently there was a costly joker placed in the bus control by somebody. "Jones," he pays the freight," but see who gets the goods!

Tourists in Texas

It is estimated that 2,000,000 people will tour Texas this year. Of course, all of them do not go all over Texas but each one goes to the places that appear to him to be most attractive or best suited to the purpose for which he may be traveling. Naturally the places that are best equipped to care for tourists, those that have the attractions and the accommodations, get the largest number of travelers. Nor do all tourists drift to the cities. Most of them are seeking the rest and the quiet of the country and the small places rather than the hubbub of the big towns. If your town is not getting its part of these 2,000,000 tourists, look around and see why they are passing it by. Hotels and tourist camps and attractive parks are large factors in drawing and holding such people.

West Texas Hotels

So many West Texas towns are building hotels and are building them so fast that weekly column conductor can not keep up with them. It is beginning to look like all that is necessary to secure a modern hotel in Texas is to show that one is needed. Menard is among the latest to announce that it is to have a \$100,000 modern hotel building. It will not be built before it is needed for that part of Texas is attracting the attention of thousands of travelers and the number is increasing rapidly.

Huge Ice Plant Required

No better evidence could be given to the growth and permanency of the fruit and vegetable business in that section than the announcement that the Pacific Fruit Express company has let a contract for a \$290,000 ice manufacturing and refrigeration plant at Edinburg. The plant will have a capacity of 125 tons of ice daily

Where There's Fire There's Oil

Possibility of a rich oil strike was revealed recently at Lake Charles, La., when this oil well burst into flames that brought residents from miles around to witness the spectacle.

and can store 6,750 tons of produce. It is preparing to ice as many as 60 refrigerator cars at one time.

Winter Garden Shipments

"The Winter Garden" district of Texas is that section to the immediate South and Southwest of San Antonio irrigated largely from flowing wells. Figures compiled show that in the last twelve months the district has shipped 12,108 carloads of produce in addition to the heavy local shipments. This represents a gain of about one-third over the previous year.

Shipping Goods In

While the Winter Garden District was shipping out produce, it was nearly as busy receiving goods, the carloads shipped in being 9,974. In a thoroughly developed territory these receipts would be too large in proportion to the outward shipments, but these figures represent a large amount of building and other development and show the ability of the residents to buy what they need with what they sell.

Adopting a Trade Label

The East Texas chamber of commerce has adopted "Etex" as a trade label on which producers may place first-class products of all kinds after making satisfactory arrangements with the organization. There are wonderful possibilities and advantages in the use of such a label provided local organizations are effected to enforce a system of fixed standards for goods on which the label is placed. A trademark is valuable only as it stands for something of real merit, and the East Texas chamber of commerce will be justified in using rigorous measures to see that "Etex" standards are maintained by producers.

Bad for Texas

Speaker Bobbitt of the Texas House of Representatives ought to know and he says that "ninety per cent of the bills introduced in the State Legislature during the last session were written and brought to Austin by the paid attorneys of organized groups." He says further: "Because the or-

trace of foreign or objectionable odor; no disintegration or mold should be present; and the inside of can should be clean and bright, or well lacquered, and not extensively blackened or corroded.

"Food poisoning is not uncommon, and is caused by eating 'spoiled food' which is food with bacterial contamination. If every can of food was sterile, no trouble would be experienced, but this is not always the case, due to faulty metal, accidents, mistakes in operation, and negligence, all of which account for unsterile cans to which air and germs have gained access.

"For this reason, housewives should use care in selecting canned foods. However, it is well to remember that any spoiled food will cause poisoning, whether it has been in a can or not. During hot weather, food spoils easily, due to the active multiplication of bacteria. It is best during hot weather to prepare only a sufficient amount of food as needed for one day, and not try to utilize left-overs."

REGISTRATION FOR CHEVROLET LEADS OTHERS

Figures just released show that for the seventh consecutive month Chevrolet registrations have led every other single make of car in Wayne county, Mich., in which Detroit is the leading center.

During July just ended Chevrolet not only topped every other make of car by registering 935 passenger models, but also led the list of truck registrations with 106 commercial cars, an increase of more than 100 per cent over Chevrolet's own high mark in July, 1926.

Commenting on these records, R. H. Grant, vice-president in charge of sales, declared that "Chevrolet's consistent leadership is a definite tribute to the public's utter confidence in and appreciation for our cars."

"It is especially significant that Wayne county should show this overwhelming preference for Chevrolets. Wayne county is the center of the industry. The people here live on and work in the automobile factories. They are motor wise. They do not put their stamp of approval on a car unless they believe that it represents the utmost in motor car value."

Chevrolet factories, Mr. Grant said, are continuing their record setting pace by turning out more than 3,500 units daily, so fast that by the middle of August the entire output for 1926 was expected to be passed.

THE ALL-TEXAS DINNER GREAT FEATURE PRESS DAY TEXAS STATE FAIR

The "Special Days" announced for the State Fair of Texas this year are as follows:

- Saturday, Oct. 8—Opening Day.
- Sunday, Oct. 9—All-church Day.
- Monday, Oct. 10—Press Day, Agricultural Exhibitors' Day, All-Texas Dinner, honoring Newspaper Men and exhibitors in Agricultural Department.
- Tuesday, Oct. 11—Dallas Day, Red Men's Day.
- Friday, Oct. 14—Children's Day.
- Saturday, Oct. 15—Traveling Men's Day, All-College Day.
- Sunday, Oct. 16—Spanish War Veterans' Day.
- Monday, Oct. 17—Dairy Day.
- Wednesday, Oct. 19—Kentucky Day.
- Thursday, Oct. 20—Academy Day.
- Friday, Oct. 21—R. O. T. C. Day.
- Saturday, Oct. 22—University of Missouri Day, American Bankers' Day.
- Sunday, Oct. 23—Fraternity Day, American Legion Day, Closing Day.

Other "Special Days" will be announced later.

The All-Texas dinner, which is to be one of the features of Press Day, Monday, Oct. 10, will be a banquet at which everything served at the tables—and there will be an astonishing variety of foods—will be a Texas product. Each article of food served will be of the very best prize-winning products, in fact, gathered for this purpose from every part of the state.

This will include every variety of fine meats, chickens, fruits, vegetables, preserves, jellies, pastry, ice creams, sherbets and so on down the line—the best that Texas raises—the whole making a bill of fare that to print which would take about two columns in an average newspaper. The guests at this dinner will be the newspaper men and their wives and families, exhibitors in the Agricultural and Livestock Departments and county agents. It is to be an annual affair hereafter.

The coolest fabrics are those which allow the most rapid passage of air and perspiration vapor through them. In tests conducted by the United States Bureau of Standards, a sample of the cloth is clamped on the end of a cylinder, into which air is pumped, a gas meter measures the quantity of air-escaping through the fabric in a certain length of time.

John Evelyn, an Englishman, makes mention of the salad in his diary 220 years ago. An excerpt reads: "Salad is a particular combination of certain crude and fresh herbs, such as usually are, or may be, safely eaten—with acetous juice, oil, salt, etc., to give them a grateful gust and vehicle."

Made in England in 1751, the bell which was to become on July 8, 1776, our famous Liberty Bell, had to be twice recast after its arrival in America before it could be hung in the new state-house in Philadelphia.

Bakes Cake at 8

Ruth Holman, an eight-year-old Fulton, Mo., girl, is believed to be the youngest cake baker in the United States. Recently at a birthday anniversary one of her angel-food cakes was placed beside that of an experienced baker, and Ruth's won a unanimous verdict from the guests.

LEGAL NOTICE THE STATE OF TEXAS.

To the Sheriff or any Constable of Hall county—Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceeding the date of the notice in the county of Hall, State of Texas, and you shall cause said notice to be printed at least once each week for the period of twenty days exclusive of the first day of publication before the return day hereof:

Notice of Filing Account—Estate of Decedents

THE STATE OF TEXAS.

To all persons interested in the Estate of H. Vallance, deceased. You are hereby notified that J. H. Vallance, administrator, has filed in the County Court of Hall county, Texas, his final account, and asking that said administration be closed, which will be heard at the next term of said court, commencing the third Monday in October, the same being the 17th day of October, A. D. 1927, at the court house thereof, in the city of Memphis, Texas, at which time all persons interested in said Estate may appear and contest said account, should they see proper to do so.

Herein fail not, but have you then and there before said court this writ, with your return thereon endorsed, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Memphis, Texas, this 25th day of August, A. D. 1927. EDNA BRYAN, Clerk, County Court, Hall County, Tex.

Jack Smith, a collie dog of Lincoln, Nebraska, is a most consistent churchgoer. Each Sunday morning, rain or shine, he departs for church, six blocks away, getting there in time to welcome members at the door, although he refuses to go inside. When service are over, he returns to his home.

Lewis Wakeman, a teacher in a school near Troy, Kansas, offered a stick of gum to the pupils for each mouse caught in the schoolhouse. The children responded with seventy-five mice.

An Indian Artist

John Clark, deaf and dumb Indian of Glacier National Park, Montana this year added a prize big horn to his Rocky Mountain animal sculpture work. Some of Clark's creations are permanent exhibits at the Chicago art museum. He chiseled his lifelike image out of one trunk.

CHILDRESS TO HAVE GREAT TIME AT FAIR

The 1927 Exposition of the Childress State Fair at Childress will open upon September 20, and continue through September 24. This fair has long enjoyed a reputation as one of the outstanding regional fairs in Texas, and this year will be no exception.

With a modern steel grandstand seating 2,700, one of the fastest standard half mile dirt race tracks in the Southwest, a brick exhibit building with 7,600 square feet of floor space, three additional exhibit buildings of a substantial construction and adequate barns for livestock, all contained behind a steel fence enclosing 81 acres of land within 5 blocks of the busiest corner of Childress. The Childress State Fair is well equipped indeed to comfortably take care of a modern fair, outstanding for the excellence of amusements and exhibits alike. The fair at Childress has operated continuously, in some way or other since 1888; and has been a full fledged regional fair, with exhibits open to anyone who comes since 1911.

Automobile races, under the rules and with the sanction of the Contest Board of the American Automobile association will be one of the outstanding amusements at the Childress State Fair at Childress. The races will be held upon the first and second days of the fair, September 22 and 23.

A considerable sum of money has been expended in rebuilding the track, and with a further recon-ditioning after each rain during the summer months, this speedway is in the best possible condition. Many entries have already been received from outstanding drivers, six of which came from Denver, Colorado. Real racing, with every race a real contest has always been the rule, as attested by the fact that George Souders, 1927 winner of the 500 mile race at Indianapolis has driven at Childress for the last three consecutive years.

Gold is being mined in a marshy field near Cairo, Wales, on a site worked nearly 1,700 years ago by the Romans.

It is difficult to properly fingerprint bricklayers because the ridges of their fingers are worn off in their work.

An aviator in a single-seated British Air Force flew upside down for four minutes and forty-five seconds, thus setting a new record.

A London woman has sued a beauty parlor for damages, charging that she was left immersed in a mud bath all day by an attendant who forgot her.

Ready For Winter?

Are you, along with a lot of other men, delaying the short task of collecting your winter's wear and handing them to us for cleaning?
