WASHINGTON (AP) — A closed hearing on Communist infiltration of defense plants was scheduled today in a resumption of a probe by Sen. McCarthy (R-Wis) has claimed was held up for months by Senate investigations of him.

Dixie Twisters Claim One Life

BIRMINGHAM, Ala. (AP)—Tornadoes dipped suddenly out of leaden skies in eastern Alabama and western Georgia yesterday and killed one person, injured at least 48 and wrecked scores of homes.

Property losses ran into hundreds of thousands of dollars. Alabama counted 57 homes destroyed and 100 more damaged while Georgia reported 230 badly battered and some demolished.

Grim Alabama National Guard troops, under orders to shoot if necessary, guarded Wellington's shattered homes against looters while Red Cross and Salvation Army teams aided stricken residents.

Elsewhere in the two-state area, emergency crews worked to replace utility poles and wires.

The off-season tornadoes, spawned when a cold front collided with warm, moist air from the Gulf of Mexico, struck along a 50-mile wide path on either side of the Alabama-Georgia line.

Four violent twisters swirled across 13 rural communities in Alabama while Manchester and Richland bore the brunt of the storms in Georgia.

The only death reported occurred near Richland. The 8-year-old daughter of the Rev. James Jones died when a tornado demolished the Jones residence. Other members of the family escaped with minor injuries.

At Wellington, a little town 15 miles north of Anniston, and near Opelika, the greatest injuries and damage were reported. Twenty-four persons were treated at Anniston Memorial Hospital for storm injuries.

Fire broke out at Wellington after the winds passed, finishing the destruction of three homes.

Tornadoes also were reported at Liberty City in Macon County and at Ansley 12 miles east of Troy. A hailstorm preceded the Wellington storm.

Forteen persons were treated at a hospital in Richland, but eight later were released.

Col. Henry Tyler Is Back In Town

Col. Henry S. Tyler Jr., former executive officer at Webb AFB and more recently decorated by the Korean government for outstanding service in that country, is back home.

Col. Tyler arrived back in Big Spring at 10 p.m. Sunday five days after leaving Korea and, as Mrs. Tyler had it figured, "51 weeks, 12 hours and 20 minutes" after leaving Big Spring.

Before his departure from Korea, President Syngman Rhee personally presented Col. Tyler with the Order of Military Merit, Uchi, with Silver Star, the second highest decoration which the Korean government awards.

For the first six months of his service overseas, Col. Tyler was commanding officer of the 4th Fighter Interceptor Group. In July he was named liaison officer between the 5th Air Force and the headquarters of the Eighth Army. His initial assignment proved especially interesting because it followed on the heels of the Armistice and matters were still on a strict alert.

Col. Tyler said that he had no plans immediately other than to catch up on being with his family and resting. With the prospect of a 1,500-mile trip to Hamilton Field, Calif., where he will be director of combat training, he doesn't want to budge from home for the Christmas holidays. His orders currently have him reporting at Hamilton on Jan. 5.

Talky Bandit Steals \$3,600 At Dallas Bank

DALLAS (AP)—A talkative man took \$3,600 from the Oak Lawn National Bank in Dallas today at 8:45 a.m.

The man shoved a note at a worker, took the money and sped away in a waiting car. Another man was reported waiting outside in the car.

After a conversation that lasted several minutes the man slipped a typewritten note to Mrs. Mary Moody, 26, a teller. The note read: "This is holdup. Given me large bills."

Mrs. Moody said she filled a money bag the man was carrying with \$100 and \$50 bills and slid it back to the man. The man shoved the bag back to her and said: "I want more—lots more."

The teller said she then put packages of smaller bills into the bag. The man picked it up and walked out.

Mrs. Moody said she did not see a gun.

Mrs. Moody told police the hold-up man waited until she had handed two customers after the bank opened. Then he walked to her window and placed one of the bank's own money bags on the outside shelf.

Mrs. Moody said the man asked her where he could cash a traveler's check for \$5,000 and she indicated a window down the line from her.

The thug then reached into his pocket and slid the note under the window.

As the man walked through the lobby, Mrs. Moody tried to attract the attention of Pat Dinnin, teller on her right, by throwing a stack of papers into his cage.

Dinnin did not turn.

Mrs. Moody then shouted: "Catch that man!"

Her cry sent Dinnin and another teller after the man. Dinnin said he still did not realize a robbery had occurred.

Sheppard's brother continues on stand

By RELMAN MORIN
CLEVELAND (AP)—Dr. Stephen Sheppard testified today he mentioned "possibly four or five" suspects after his brother was arrested on a charge of murdering his wife.

"I did not accuse anyone, however," the witness said.

Dr. Steve engaged in a heated verbal duel with Asst. Prosecutor Thomas Parrino as the lawyer entered this phase of his cross-examination.

Dr. Steve was the first defense witness in the trial of his brother, Dr. Samuel Sheppard, who is accused of hacking to death his wife, Marilyn, on July 4.

Parrino asked, "When was the first time you named any suspects?"

"The first time I was asked to name any was on Aug. 12," Dr. Steve said.

"Did you name a suspect?" Parrino persisted.

"I was asked about that, but I accused no one," Sheppard said.

Radior Speed Cases Filed

The first speeding tickets issued here as a result of radar speed clocking were filed in justice courts this morning.

Highway Patrol officers Jimmie Parks and Amon Jones filed cases against 10 drivers who exceeded the speed limits according to the radar equipment. The charges were filed with Justices of the Peace A. M. Sullivan and Walter Grice.

None of the persons ticketed had appeared in court this morning.

Parks said warnings were issued to 13 other drivers as a result of the radar work.

The radar equipment was used here Saturday night for a three-hour period. The patrolmen said the radar would have been used for a longer period but for the dusty conditions. The equipment will be returned to this area periodically without notice.

Illegal speeds clocked Saturday night ranged from 54 miles per hour for a truck to 73 mph for an automobile.

Wool Outlook Good

SALT LAKE CITY (AP)—Ray Willoughby of San Angelo, Tex., president of the National Woolgrowers Assn., said yesterday the industry faces its brightest outlook in years because of federal incentive payment programs for wool producers.

Placing a chair in front of the jury, Parrino asked Dr. Steve to hand down from the witness stand, and instructed him to show the jury how they looked when he first found them.

Dr. Steve previously testified he looked under the floor of the beachhouse and saw the gloves there.

He told Parrino today that he did not touch them, but called Bay Village Chief of Police John Eaton.

The opening of the eighth week of the trial was delayed by Chief Defense Counsel William Corrigan's demand that the judge question the jury about a reference to Sheppard in a radio broadcast last night by Walter Winchell.

Corrigan demanded that Judge Edward Blythin ask the jurors if they had heard the reference in the broadcast and if it would affect their judgment.

Blythin described Winchell's reference as "outrageous," and polled the jury.

Two women jurors said they had heard the broadcast but replying to the judge's question, said it would not influence their judgment.

Dr. Steve testified he was "elated" when he learned late in July that the five agencies investigating

Mexico Concerned On Lifting Of Quarantine

MEXICO CITY (AP)—Northern Mexico was reported concerned today over the expected lifting of the U. S. quarantine on Mexican livestock in a few weeks.

Rafael Ponce, an official from the area, said authorities fear all prime cattle will be shipped north, leaving Mexico only lower quality beef and not enough of that. He suggested some federal regulation.

The quarantine was ordered May 23 following a new outbreak of foot-and-mouth disease around Veracruz.

When Parrino asked for the name of any suspects, defense lawyers shouted objections and the judge sustained them.

Sheppard said "about a half a dozen were discussed, or I was questioned about, or that I gave information about."

Parrino asked if the witness introduced any names other than those the police asked him about.

He said, "possibly four or five."

Parrino began his questioning of Dr. Steve today with a reference to the two pairs of gloves the witness said he found shortly after he arrived at the scene of the crime.

Placing a chair in front of the jury, Parrino asked Dr. Steve to hand down from the witness stand, and instructed him to show the jury how they looked when he first found them.

U. S., Allies Set Red China Blast

UNITED NATIONS, N. Y. (AP)—The United States and its 15 Korean War Allies were reported close to agreement today on details of a resolution calling for the release of 11 U. S. fliers and other Allied personnel in Red China's hands.

Informed quarters said the United States and Britain had resolved some points of difference, which developed over the weekend, and were now agreed on basic points.

The two big Western Powers expected to have a draft proposal ready for submission to a private meeting of the 16 Allies this afternoon.

The session was expected to decide the language of a resolution to be presented to the Assembly later this week, and whether the United States would sponsor it alone or be joined by its allies.

Later in the day the 15-nation Assembly Steering Committee, headed by Assembly President Eelco N. Van Kleffens, was expected to vote overwhelmingly to add the prisoner question to the Assembly work program.

The Allies were prepared to withstand demands by Russia for Red China to be invited here for the debates and then vote for the Assembly to take up the question.

An Assembly session Thursday has already been planned.

One problem facing the Allies was how strong a condemnation of Red China to seek. Another was how to make the U. N. machinery go to work, since the Chinese Communists rejected diplomatic overtures at Geneva and through British channels.

Over the weekend, a State Department statement indicated the United States is seeking U. N. action on the two American civilian employees of the Army whose sentences were announced along with the 11 airmen. The civilians, John Downey of New Britain, Conn., and

Richard Fecteau, of Lynn, Mass., were captured when their plane was shot down in November 1952, but were not listed in the first American call for U. N. action.

The further memorandum presented here Saturday by U. S. Delegate Henry Cabot Lodge Jr. said prompt and decisive action was needed "to bring about the release of these 11 officers and men (the Air Force group) and all other captured personnel of the U. N. Command still detained." U. S. sources said all the Korean allies approved the memorandum.

Last Aug. 17 the U. N. Command at Panmunjom demanded an accounting for 2,840 missing Allied soldiers, including 526 Americans, 30 from other Allied forces and 2,264 South Koreans.

A Phillips 66 station, restaurant and living quarters at Knob Hill on West Highway 80 burned up about midnight last night, firemen said.

Cause of the fire was not known this morning, and amount of loss was unreported. Firemen said the structure was completely destroyed.

The structure was owned by S. F. Weathers, and the man operating the station is C. N. Houston. Firemen said Houston and his family were in Midland at the time of the fire.

The alarm was sounded here about 11:30 p.m. and when firemen got to Knob Hill, about 12 miles west of town, the roof of the building was collapsing. Firemen said they arrived too late to save anything.

Another fire was reported about 3:45 p.m. Sunday about a mile from the city on the Andrews Highway. A 1948 Pontiac burned up, and firemen said the cause was unknown. Name of the car owner was not known by firemen, but the owner is not believed to be a local resident.

Eden Blasts China For Imprisonment Of Men In Uniform

LONDON (AP)—Foreign Secretary Anthony Eden today termed Communist China's conviction of American airmen as spies a direct violation of terms of the Korean armistice agreement.

Speaking in answer to a Laborite question in the House of Commons, Eden said:

"It is not allowable to any nation which wishes to act by civilized standards to treat officers, non-commissioned officers or men in uniform as spies and to treat them in the sort of way they have been treated by the Chinese government."

"On behalf of Her Majesty's government and all civilized nations, I deeply deplore this conduct. The Chinese action in holding these men back is a direct violation of the terms of the Korean armistice agreement."

Man Injured On Construction Job

Chester Suel received minor back injuries this morning in an accident on a construction job.

He received treatment at the Malone & Hogan Hospital where X-rays did not reveal any serious fractures. Attendants said bruised tissues were about the extent of the injuries, and his condition was reported as satisfactory. Suel is employed by the Holland Page Construction Co.

Low Of 28 Is Recorded Today

Lowest temperature this season was recorded at the Big Spring experiment station this morning when the temperature dipped to a low 28 at 7:30 a.m. The weatherman predicts, however the cold snap will be followed by warmer weather for the next few days.

Previous low for the Big Spring area was Nov. 5, when the temperature dropped to 39 degrees.

By The Associated Press
Cold winds that whipped Texas over the weekend eased Monday. The blasts followed a cold front.

The front had crossed the state Monday and winds had diminished to 5-20 m.p.h. Fair, cool weather was in store. Skies were clear. No rain was reported.

Howling down from the Rockies, the winds came Saturday. They kicked up dust and spun tumbleweeds ahead of them in West Texas.

Before dawn Sunday gusts reached 42 m.p.h. in Dallas, where minor damage was reported. A falling tree caved in the hood of a parked car, narrowly missing a couple unloading their belongings as they moved into new home. Dallas Christmas decorations also were damaged.

One gust cracked a big show window at a women's store.

Junction had 30, Wichita Falls and Childress 31, Lubbock 32, Dallas 33, Abilene 34, Fort Worth 35, Lufkin 38 and Waco 39.

El Paso had 43, Houston 46, Beaumont and Austin 45, San Antonio 47, and Corpus Christi and Galveston 51.

Freezing weather already had reached North Carolina, Tennessee and Arkansas, and dropped temperatures to near zero in Minnesota and Michigan. The low was 8 below zero at Pellston, Mich.

The stormy night brought light snow through New England and around the Great Lakes and rains up to a half inch along the Pacific Coast above central California.

Lake Michigan moderated the chill for Chicago, which reported 30 degrees and snow flurries early today.

GLASGOW, Scotland (AP)—The crew of the trawler Rival claimed today they have proved the existence of the legendary Loch Ness monster—or something about as weird—with their echo-sounding equipment.

Their "monster," they reported, is 50 feet long and has approximately eight legs and the silhouette of a gigantic scorpion.

The echo sounder charts underwater depths and schools of fish by recording the time a sound takes to echo back to the device. Peter Anderson of the Rival's crew reported the mystery object was located at a depth of 540 feet, 150 feet above the bed of the Scottish lake where the monster is reported seen every so often.

Anderson said he was at the ship's wheel, bound for the west coast fishing grounds, when "suddenly out of the corner of my eye, I saw the graph needle of the echo sounder start to draw an astounding shape. . . .

"I shouted to the captain and other seven crew members—they were down below having tea—and they came crowding up to the wheelhouse. At once we turned the boat about and tried to track the monster again, but we must have frightened it away."

The graph showed a small-headed thing with an ungainly body and a tall about 18 feet long.

L. A. Southport, technical expert of the firm which makes the echo-sounding equipment, said the echo graph "was definitely animal matter of some kind" and "certainly was not a whale or like any other kind of fish that has ever been heard of."

Barkley, O'Mahoney May Alter Tradition

WASHINGTON (AP)—Political comebacks by two veteran former senators—Alben W. Barkley of Kentucky and Joseph C. O'Mahoney of Wyoming—may cause Democrats to waive a bit of tradition when they organize the Senate in January.

Normally senators who are defeated and then returned to office must stand in line with other freshmen for places on the most-sought committees.

But Senate Democratic Leader Lyndon B. Johnson of Texas has said Barkley can "have the best we have to offer," and Sen. Murray (D-Mont), an old-timer in Senate ranks, said today he expects both Barkley and O'Mahoney can have their old committee assignments for the asking.

Contrary to popular belief, most bats can see well in bright light.

Finance, Water Seen Issues In Legislature

AUSTIN (AP)—Legislators view the solution of the state's financing and water problems as the two toughest issues facing them.

The law makers who convene Jan. 11 appear generally agreed that strengthening insurance laws, improvement of the highway system are their next most important tasks.

Of the first 45 legislators to reply to an Associated Press survey, 19 said the inter-related problems of spending and taxing will cause the most headaches.

Sixteen tabbed water as the subject of major concern.

Importance attached to the state's money and water problems is sharply reflected in replies of many lawmakers.

Asked to list the five foremost issues, Rep. Stanton Stone of Freeport put it this way: "Here's my guess: Money."

Rep. Carlton Moore of Houston gave the water problem priority over all others.

"We wouldn't need anything else if we didn't have water, for the people would perish, and industry would be destroyed," said Moore.

Tightening of insurance laws, although not classed with financing and water in degree of importance, was listed by 18 members as prime issue.

Though agreeing on insurance as

a major problem, the legislators indicated a wide variety of opinion on specific action to be taken.

Insurance became an issue through failure of some 18 companies in two years, resulting in some charges that Texas has weak laws and lax enforcement.

The No. 4 task, and perhaps one of the biggest stumbling blocks, it is that of expanding and improving highways for modern traffic.

This ties into the issue of spending and taxing. Various organizations are throwing support behind a one-cent per gallon increase in the gasoline tax, but it's still likely to be a hot potato.

Expansion and improvement of state hospital and schools got the nod as the No. 5 issue.

Set For First Round Of Double-Header

Ronnie Herzik, 5, and Alan Herzik, 3, of Schulenburg, Tex., above, feel sorry for children in other places that have only one Christmas a year. Here Ronnie and Alan have their stockings in place for the expected visit of St. Nicholas last weekend. St. Nicholas is supposed to fill the socks with "warm up" gifts and Santa Claus will follow later with the larger presents. It's an old custom brought to Schulenburg in the 19th century by German settlers. (AP Wirephoto).

Montgomery's U.S. Visit Cause Of Worry In Navy

By ELTON C. FAY
AP Military Affairs Reporter

WASHINGTON (AP)—Not since the War of 1812 has a British visit to American shores nettled the United States Navy as much as that of Field Marshal Montgomery.

For nearly a week the Navy has contemplated, with chill and austere silence, the latest public observations by Britain's famous warrior on the future of sea power—particularly aircraft carriers.

Today the Navy apparently decided it could maintain aloofness no longer. It announced that today Asst. Secretary of the Navy James Smith would hold a news conference to answer questions about the role of carrier aviation in the modern navy.

Montgomery, in a recent West Coast address on modern military power and North Atlantic Treaty Organization strategy, mentioned briefly that

1. The day of the aircraft carrier is drawing to an end.
2. The time will come when control of the sea will be from the air.
These were harsh words for the

Navy to hear.

Next Saturday at Newport News, Va., the Navy realizes an ambition for which it fought bitterly, the launching of the first supercarrier, the 60,000-ton USS Forrestal.

The start of the supercarrier program began only after several years of sharp argument with the Air Force over the advantages and disadvantages of big carriers vs. long-range heavy bombers like the B36.

When Montgomery came to the United States last month, the scuttlebutt in the Navy was that he had come under auspices of the Air Force—a point never denied formally.

Santa Just In Time

College President Cites Need To Beg

BOSTON (AP)—President Abram L. Sachar of Brandeis University says today's college president must devote so much energy to finding financial support that "the tin cup is replacing the cap and gown."

"Increasingly," he told friends of Brandeis at a dinner last night, "the impression of him which is evoked in the public mind is . . . the high-class mendicant, the public relations impresario."

" . . . Because our education institutions are insecure, we divert the magnificent potentialities of our ablest men into the task of promoting and salesmanship."

1955 CHRYSLER WINDSOR DELUXE NASSAU

CHRYSLER'S 100-MILLION-DOLLAR LOOK! . . . overnight it's a famous new fashion!

"TAILORED STEEL" is the fashion experts' term for Chrysler's exciting new styling! Sweeping design change for 1955 features noticeably lower, longer lines and . . . unmistakably Chrysler . . . the new swept-back Super-Scenic Windshield that "wraps around" both top and bottom for greater (and safer) vision! New V-8 engines now power all

Chryslers: up to 250 hp in the New Yorker Deluxe, and 188 hp in the Windsor Deluxe series. Other Chrysler exclusives include the most automatic of all transmissions, Full-time Power Steering, and double-width pedal Power Brakes. Your Chrysler-Plymouth dealer invites you to see and drive America's newest and most smartly different car!

WIDELY MAILED is Chrysler's new PowerFlite Range-Selector . . . on the dash! Permitting more instant control of gear-range selection, it heightens the pleasing "cockpit" effect of Chrysler's new front compartment styling.

TOTALLY NEW throughout, the 1955 Chrysler is easy to identify from any angle. New-styled "tumblehome" (or slope-in of the sides) emphasizes Chrysler's road-hugging look. Unmistakably Chrysler is the classic simplicity of rear deck . . . longer and broader. Dominant Twin-Tower tail lights set a new trend in rear-end design.

She's Relaxed

Popular motion picture actress Jean Hagen, currently appearing in ABC-TV's "Make Room for Daddy" series, finds reversing the pull of gravity as a good way to release tension. Jean talks about the importance of grooming.

HOLLYWOOD BEAUTY

Actress Finds Value In 'Relaxing Board'

By LYDIA LANE
HOLLYWOOD — I watched Jean Hagen and Danny Thomas shoot a scene for "Make Room for Daddy" and as soon as Jean went into her dressing room she stretched out on an upside-down board. "My husband made this," Jean said with pride. "It can adjust to any angle. And it has handles at this end so I can reverse and do my exercises." Jean then shifted her position so that her head was higher than her feet to show me. "In ten minutes I can get more relaxation on this board than I would for an hour without reversing the pull of gravity. I have one at home, too." Jean asked if I minded if we talked while she lay on the board. "I'm so proud of Tom," she exclaimed. (Tom Sidel is her husband.) Jean smiled and I noticed how white her teeth were. I asked what she did to keep them that way.

"I gargle with peroxide and warm water — it's great for killing any bacteria and it does whiten the teeth," Jean said she used 20 volume peroxide but her dentist advised not to do it more often than once a week.

I remember having a discussion with Jean when she first came to Hollywood about grooming and she insisted that it was not always necessary for her to go around looking like a movie star. "They will remember me the way I appear on the screen," she said.

"I wasn't ready to accept your advice then, Lydia," she said, "but I've learned the truth of it through experience. I think my rebellious attitude sprang from the bad habits that were formed while I was a co-ed living in sloppy-joe clothes. Then, too, I didn't consider myself a beauty and it seemed so silly to be trying to compete with the glamour girls. "But I know now that when you look your best it is rewarding not only because of the impression

Kids Love Stuffed Animals

AP Manufactures
Kids the world over cherish a stuffed animal, especially when it has a personality of its own. One of the most personable of the stuffed animal kingdom is an inquisitive dachshund, appropriately called "Noisy" and irresistible when made in brown velveteen.

A standard pattern has easy-to-follow directions, and local sewing center experts who have tried it say even if you've never made a stuffed animal before, this one is sure to be a success.

Only 1/4 yard of brown velveteen is required for Noisy, and little Susie would love to have him matching a little brown velvet party skirt. Noisy is stuffed with cotton batting, and the earner end of a pencil is used to fill such places as the legs and tail. The eye is a bead; eye button over a circle of felt; a floppy green sat-in bow adds a holiday touch.

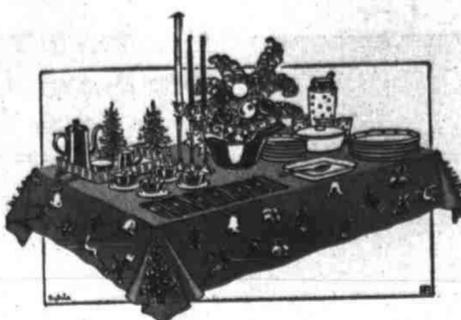

The pattern also includes directions for a cuddly stuffed cat, made from terry cloth and stuffed with shaggy foam rubber for washability. Faces on both animals may be embroidered on your sewing machine, with the help of transfers included with the pattern envelope.

Stuffed animals are good budget stretchers, too, since they may be made from ragbag scraps.

Coleman Family Gathers At Elbow

Mr. and Mrs. John Coleman entertained 23 members of the Coleman family in their home in the Elbow Community recently.

A covered-dish dinner was served to Mr. and Mrs. F. F. Roberts of Morton; Mr. and Mrs. Bill Markham and family of Tatum, N. M.; Mr. and Mrs. A. H. For Two Parties

For a tree-trimming party (above) use a red cloth, pin ornaments to it, red and white candles, a centerpiece of ornaments. When New Year's Eve rolls around let gay paper plumes and masks form a centerpiece. Masquerade table cloth with puppet figures.

Let Table Settings Give Cheer To Party

By VIVIAN BROWN
What kind of a party are you planning? A small repast after the theater? A tea party for Cousin Jenny? Or perhaps a Christmas or New Year's Eve celebration. Whatever the gathering your first thought as a hostess will be how to plan a different table.

A recent exhibit of tables at a New York department store showed table settings by Pat Kelly sponsored by a linen company. Here are some highlights which might give you ideas for your own party:

Christmas Buffet . . . A bright red tablecloth to which you pin bells, reindeers, gingerbread men, pine trees, Santas . . . Black napkins with silver or gold flatware . . . White china with gold stars . . . Miniature waste basket holds aluminum foil decorations and ornaments . . . Two red and one white candle are placed around a glittering miniature Christmas tree . . . Gold painted wicker tray with handles holds a coffee service . . . Little Christmas angels are in the cups.

New Year's Eve . . . The tablecloth is full of merry masquerading figures . . . Centerpiece holds variously colored paper plumes and black masks on slender sticks. The glasses are coin-dotted . . . Table is sprinkled with confetti. Child's Holiday Party . . . A calico cat linen cloth with bright red, pink, green and black trains and figures on white linen . . . Pink pottery tumblers . . . Big Santa centerpiece . . . Toy train is loaded with holiday goodies . . . Metallic dust is sprinkled over the table . . . Each soup plate has a small brown felt gingerbread man with sequin eyes and mouth and metallic leaves that curl up at the feet to make shoes.

Gourmet Treat . . . Black and ecru cloth, turkey plates, ordinary fruit basket (with handles) painted black filled with squash, dates leaves, a bottle of wine. After the theatre . . . A white linen table cloth with hand screened Paris street scenes in turquoise, black, purple, white china and a French lettuce basket

filled with seasonal fruits, trailing bunch of grapes, walnuts and sprigs of heather.

A Luncheon Party . . . Ecru linen place mats . . . Blue French milk glass . . . Cream china with brown and blue flower design . . . Centerpiece of miniature Hawaiian roses dyed brown and pompon daisies dyed with milk glass blue.

Coffee Klatch . . . Colorful hens and roosters on white linen, pewter plates and mugs . . . Two metal black roosters hold pink flowers.

Brides Maid Party . . . Cream china with a turquoise band on pink organdy cloth . . . Pink and white tiger lilies and daisies in a pink epergne form the centerpiece.

Senior Girl Scout Activities Told

Senior Girl Scouts will have a capping ceremony Thursday at 7:30 p.m. at the First Christian Church. Parents and Girl Scout committee members are invited to attend.

Nine senior Scouts are to leave Friday afternoon for a weekend at Camp Booth-Oaks at Sweetwater. Mrs. James Dunne, senior leader will accompany the group. About 100 scouts from the area will attend.

Plans have been made for the seniors to present a caroling program Dec. 17 at Howard County Junior College. Jerry Girder will be master of ceremonies and Jenny McEvers will be song leader.

Little Black Date Dress Will See You Through Holidays

By DOROTHY ROE
AP Women's Editor

There's nothing like a good black date dress to see a girl smartly through the holiday party season.

Though the straight silhouettes in the thing for suits and workaday clothes this season, the younger set still likes full skirts and ermine-trimmed dress-up wear.

You'll find lots of full-skirted junior styles in black faille, velvet or crepe in the shops for holiday buying, usually budget-priced and often trimmed with a bit of glitter, for gaiety.

The princess style, with fitted midriff and widely flared skirt is still a favorite, because of its flattery for the slim-waisted junior figure.

For less than \$25 a girl can buy a gay and well-styled frock for holiday festivities, and have a party outfit that can be changed about with different accessories to do duty for many occasions.

Glen Brown Grocery Has Wide Array Of Foodstuffs

The service and convenience of a super market is combined with the atmosphere of a family center at Glen Brown Grocery, 904 West 3rd.

The home-owned establishment is designed and stocked to meet the needs of the family. In addition to a complete line of foods, featured attractions are free delivery, ample parking space and friendly service.

Anything needed for a delicious, steaming hot meal of the housewife's own choosing can be found on the shelves of the store. And individual attention is given each customer.

Glen Brown, owner and manager, has been in the grocery business for years, and he is an expert in attending the food needs of the public. He and his staff are always ready with table suggestions.

Brown makes sure that the shelves of his store are lined with "incidental" items as well as the basic food lines. His overall stock would do a super market proud.

Items in the store vary with the customer's needs. Canned goods of all types, fresh vegetables, fruits, miscellaneous items, boxed goods, drugs and sundries are stocked in abundance. There is also an extensive selection of meats.

Delivery is speedy. All the customer has to do is call 4-7811, voice the order, and wait. Soon the order will be delivered to the kitchen table without cost to the customer.

Brown points out that deliveries are made all over the city, and that no order is too small to deliver.

Parking facilities were recently enlarged to make sure that customers are not delayed because of lack of parking space. The lot next to the store has been graded off for parking.

Another Priest Is Held In Argentina

BUENOS AIRES, Argentina, (AP)—Argentine police have arrested another Roman Catholic priest, bringing to eight the number jailed since a controversy between President Juan D. Peron and part of the Argentine clergy broke into the open last month.

Federal police in Cordoba announced yesterday they had picked up the Rev. Nazareno Manni. He was accused of disrespect for the President, a charge carrying a maximum penalty of three years in prison.

Carlton Says Service Auto Before Trip

Preparing to go places during the upcoming holidays? Then you'd better have that automobile serviced before the trip.

Complete servicing of the family vehicle not only assures better service but lengthens the life of the machine, as well.

A local concern which specializes in such work is the Travis Carlton Humble Service Station, located at 501 W. 3rd Street, open

daily from 8 a.m. until 10 p.m. The Carlton station, owned and operated by a man long experienced in catering to automotive needs, has all the equipment necessary for the complete servicing of vehicles, from vacuum cleaners (used to eliminate dirt from the interior of the car) to the best in motor oils.

The station, of course, offers the best in Humble products, including premium gasolines, and has available a limited amount of accessories, including batteries, etc.

The Carlton station is one of the most attractively designed of any in Big Spring and its cheerful appearance is accentuated by the hospitality shown by its employees.

Carlton's has in stock plenty of anti-freeze, so necessary this time of year. If you've had anti-freeze

Anti-Shivers Texas Democrats Breakfast With Adlai, Mitchell

NEW ORLEANS (U)—Top men in the National Democratic party praised Rep. Sam Rayburn and Sen. Lyndon Johnson yesterday at a breakfast of anti-Shivers Texas Democrats.

Adlai Stevenson said of them, "I think such representation for the State of Texas not only does honor to the country but foretells better things for the State of Texas."

Of Rayburn, Stephen Mitchell said, "I truly think that if there is such a thing as a saint in the Democratic party it must be Mr. Sam."

Rayburn, who will be speaker again in the next Congress, spoke. He said Democrats "do not intend to follow the mean and gruesome example set by Republicans and some so-called Democrats of hating a president just because he belongs to another party."

Johnson did not attend the breakfast.

Rayburn and Johnson, slated to be majority leader in the next Senate, are leaders of Texas Democrats who stuck by Stevenson in 1952. Gov. Allan Shivers, a conservative, led Texas into the camp of Republican Dwight Eisenhower.

Some 70 Texas Democrats who oppose Shivers' dominant state faction held the breakfast in connection with the Democratic National Committee meeting here.

The breakfast drew such party leaders as Stevenson, Mitchell, the retiring national party chairman, Paul Butler of Indiana, who succeeds Mitchell, and Mrs. Katie Louchheim, director of women's activities for the Democratic National Committee.

The master of ceremonies was Judge James Sewell of Corsicana, long-time "loyalist" and chairman of the Texas Democratic Organizing Committee. Also here from Texas were such figures as Ralph

Tarborough, who tried unsuccessfully to unseat Shivers, and Dean Johnson of Houston, president of the Young Democrats of Texas.

The Texans gave Stevenson and Mitchell royalty deeds to "four square inches of oil land." Stevenson termed the deed "about as close as I've ever gotten to the heart of Texas."

Rayburn said that with control of Congress, Democrats "have a great responsibility, and I think we know better how to wear that responsibility than most."

The bald-headed Rayburn will be 73 in January. He told the group

he recently had a physical checkup and that the doctor found his health "just about like a 2-year-old colt."

Mitchell, who has refused to recognize pro-Shivers Wright Morrow as Democratic national committeeman from Texas, received a Texas hat and a pair of spurs. The presentations to Mitchell and the gift of a vase of Texas roses to Mrs. Mitchell were made by Mrs. Kathleen Voigt of San Antonio, W.O. Cooper of Dallas and Mrs. W. H. Bryant of Tyler.

Johnson, president of the Young Democrats of Texas, and Don Allen of Fort Worth presented the royalty deeds to Mitchell and Stevenson.

Advice Of Postmaster Boatler Is 'Mail Early'

By GLENN COOTES
The post office is in a battle against time, postmaster E. C. Boatler said here Saturday, and Mr. Tweedy is a big help with his "mail early" advice. Christmas cards and packages are arriving at the post office far too slowly, he explained.

Mr. Tweedy also ties his mail in separate bundles according to destination and postal employees would be facing the same way in each bundle, the postmaster explained.

Postal labels will be delivered to Big Spring homes on Monday by carrier, said Boatler, and box-holders will find a supply in their boxes.

FOR BETTER POSTAL SERVICE! SEPARATE LOCAL AND OUT-OF-TOWN MAIL AND TIE IN BUNDLES.

These labels are marked "ALL FOR LOCAL DELIVERY" and "ALL FOR OUT-OF-TOWN DELIVERY." They are available without cost and can be slipped under the strings of bundles of cards.

The post office has a large supply of the labels, Boatler said, and they can be picked up any time. The postmaster urges that patrons use the labels because they help shorten delivery time by aiding the post office and route mail.

For the best results, Boatler said, be sure to use three cent postage on your Christmas cards. It is the best delivery insurance available, he said.

poorly wrapped packages are another source of delay at the post office according to Boatler. Patrons should be careful to see that parcel post is wrapped securely, which will speed up delivery. Several gifts have already been returned as "undeliverable" he said.

Held In Slaying

Raymond Wilson, 65, mild-mannered butcher at West Allis, a suburb of Milwaukee, Wis., told police he killed his invalid wife "with a meat cleaver and burned her remains in a furnace, Detective Captain John Sweeney said. Sweeney said Wilson termed it an act of mercy with his 57-year-old wife's consent because she was ill. (AP Wirephoto).

Drillers Bring In Tough Wildcat

MORRISON, Colo. (U)—Drillers of a wildcat oil well, one of the toughest ever sunk in Colorado, said today they had brought in their well.

The 1 Lillie Pallaoro, in two miles southeast of here, Morrison is 15 miles west of Denver.

Tests started to determine the quantity and quality of oil and gas brought in.

John Hayden, vice president of Overland Oil of Denver and Dallas, and T. S. McLarty, former Texas now living in Denver, told of the well.

Drilling started June 25 and the venture has cost more than \$100,000 and 179 drill bits. Wells drilled elsewhere in Colorado normally use about five drill bits.

Sister Of Betty Hutton Remarries

SANTA MONICA, Calif. (U)—Singer Marion Hutton and musical director Victor Schoen, married Saturday night, will have no honeymoon trip because he reports back for work today on the musical score of a movie.

The ceremony was performed by Superior Judge Orlando H. Rhodes at the judge's home. Miss Hutton's actress sister Betty was matron of honor.

For both Schoen, 43, and his 35-year-old bride it is the third marriage.

Stevenson Sees Demo Win If GOP Attacked As Party

By JACK BELL
NEW ORLEANS (U)—Adlai E. Stevenson today was reported advising party leaders he believes President Eisenhower can be defeated in any 1956 re-election bid if Democrats pounce away at what he regards as the unpopularity of the Republican party.

Stevenson's views, as interpreted to those who talked to him during a Democratic rally which ended here Saturday, was that Eisenhower himself is likely to retain for the next two years a measure of the personal popularity which gave the general his sweeping presidential victory over Stevenson in 1952.

But Stevenson evidently believes that Republicans will continue to demonstrate in the next two years what Paul M. Butler, Democratic national chairman-elect, yesterday called the GOP's "incapacity to govern."

Butler put the finger directly on Eisenhower at a news conference, asserting:

"We intend to call to the attention of the American people the President Eisenhower's lack of capacity to govern and to unite the people. The responsibility is with the President to see that the nation is united and there is ever-increasing evidence of his lack of capacity to do it."

That language was perhaps a little stronger than Stevenson himself was prepared to use. But the former Illinois governor made it clear he thinks the November elections which gave Democrats control of Congress proved the people don't have nearly as much faith in the GOP as they demonstrated in the past for Eisenhower.

On this basis, Stevenson has told friends he believes that other Republicans in time will drag Eisenhower down to their much lower level of popularity and that the President will be vulnerable if he runs again.

Stevenson has kept publicly silent on his own plans. He has indicated he is not in an eager-beaver mood for the nomination.

Bender's Margin Down In Recount

COLUMBUS, Ohio (U)—The Ohio senatorial victory of Republican Rep. George H. Bender shrank to 2,918 votes in a recount, a compilation of unofficial figures by the secretary of state's office shows.

Sen. Thomas A. Burke (D-Ohio), who petitioned for the recount, gained 3,129 votes in the second tally. The official canvass showed Bender won by 4,041 votes.

Secretary of State Ted W. Brown planned a canvass of the election sometime this week.

Five Die In Michigan

PONTIAC, Mich. (U)—Five persons were killed and five injured yesterday in a five car collision near Oxford, Mich.

Dead were Harold Magnum, 21, Charles Nelson, 26, Lynn Best 27, Max Smith, 30, and Edna Kuck, 31, all of Oxford.

State Police were questioning the five survivors in an effort to determine the cause of the accident, which occurred in a no passing zone.

Postman Sells House Left Him By Widow

PHILADELPHIA (U)—Postman John N. McKelvey has sold the showplace mansion willed him by a woman to whom he showed kindness because he "just couldn't get used to" the 15-room home.

The house, located in suburban Wayne, cost a reported \$175,000 when built in 1925, but it brought slightly less than \$30,000 at auction Saturday. Still to be sold, however, are antiques and objects d'arts.

McKelvey and his wife were bequeathed the home by Mrs. Lydia Wood Bally, 80-year-old widow.

Rep. Judd Warns Doctors On Fees

SALT LAKE CITY (U)—Rep. Walter H. Judd (R-Minn.), a physician himself, says the country will turn to socialized medicine because of the high cost of private medical care, unless American medical associations "police" their member physicians better.

"If the doctors of the nation will cooperate by keeping fees down," he said, "socialized medicine will never be necessary. If they do not, the people will demand government-controlled medicine in an effort to gain more care for more people, even though such care would be mediocre."

Wyatt Gets A New Car, Other Gifts

FAYETTEVILLE, Ark. (AP)—Less than two years ago Bowden Wyatt arrived at the University of Arkansas from Wyoming, driving a pickup truck.

The Razorback football coach and his wife and daughter will step into a 1955 Cadillac today, a gift from the people of Arkansas in recognition of Wyatt's astonishing success with the Razorbacks.

That's not all that's in store for the young Cotton Bowl-bound coach. There's the matter of \$20,300 contributed by thousands of Arkansas people in a whirlwind two-week Bowden Wyatt appreciation fund drive.

On top of that, Wyatt has been voted a pay increase of \$12,000 to \$15,000 yearly by the university board of trustees.

Also, the trustees hope to give Wyatt and his staff an extra month's pay this year. That will be to pay for the added effort of coaching the Razorbacks prior to their Jan. 1 Cotton Bowl date with Georgia Tech in Dallas.

Trustees aren't certain yet whether it's legal for the state-supported university to award an extra month's salary.

In 1953, his first year at Arkansas, Wyatt won three games and lost seven. Wyatt joined most of the predictors in expecting nothing better for Arkansas for 1954.

The young Porkers—overloaded with sophomores—surprised everyone.

Glasses, Scissors, Hub Caps Stolen

F. F. Simmons, 404 W. 4th, told police Saturday evening that a pair of glasses and some scissors were stolen from his house by an unidentified man in Dallas.

The man, Simmons said, wore a brown cap, khaki pants and a light jacket.

It was also reported Saturday evening by J. W. Clanton, 605 Douglas, that some hub caps were stolen from his 1950 Oldsmobile. The car was parked at his home, he said.

S. American To Be Speaker For K-F Club

Carlos Fallon, former Colombian Naval officer and more recently a captain in the Army of the United States (retired), will be speaker at next meeting of the Knite and Fork Club.

This program is Thursday evening at 7:30 at the Settles Hotel. Reservations are to be with the club secretary by noon Wednesday.

The distinguished author, world traveler and lecturer was born in Colombia and after reaching manhood spent ten years in the Army of his country, but a large part of his boyhood was spent in New Orleans where his father was the Colombian Consul in that city.

The witty Fallon knows the entire Western Hemisphere from Canada to Cape Horn, having covered it personally. He knows South America as well as Club members know their home towns. He speaks French and Portuguese as fluently as he speaks his native Spanish and his English is impeccable.

Based on his behind-the-scenes knowledge of international relations, Carlos Fallon presents a more startling picture of the enormous power for good or evil than can be wielded by the three hundred millions of Americans in the Western Hemisphere.

An outstanding characteristic of Fallon's lectures is the fact that they are fun.

County Opens Bulldozer Bids

County commissioners this morning took under consideration three bids for furnishing the county a new bulldozer.

They said a contract probably would be made with one of the bidders during the afternoon.

The officials also conferred with representatives of a business machines supplier concerning the possibility of purchasing automatic equipment for the county tax office. Payment of routine bills and discussion of freeway right-of-way transactions also occurred.

Bids on supplying the bulldozer were received from the Central Texas Machinery Company of Abilene, W. L. Johnson-Machinery Company of Midland, and Plains Machinery Company of Odessa.

The Central Texas bid was \$13,237.43 plus trade-in for a Caterpillar; Johnson bid \$13,500 plus trade-in for an International. The Plains Machinery Company turned in an alternate of \$9,906 on a machine with an eight-foot blade, rather than the 10-foot dozer offered for \$10,250.

Rutherford Claims New Deal Residue Halted Downturn

BY NORMAN WALKER

LOS ANGELES (AP)—Cal President Walter Rutherford today called a "legacy" of New Deal and "Fair Deal" legislation inherited by President Eisenhower's administration has helped save the nation from "a full-blown depression."

Rutherford said in a report prepared for opening sessions of the CIO's annual convention that the economic future looks none too bright unless there is a big increase in consumer buying power through higher wages and increased government spending.

"It is better," he said, "to have an unbalanced budget than to have an unbalanced economy in which a few are prosperous and the many are in need."

Accusing the Eisenhower administration of "a do-nothing, carelessness unemployment policy," the CIO chief maintained that union collective bargaining and other measures enacted under prior Democratic administrations have prevented economic collapse.

Windows Broken By Rock Throwers

Seven windows were broken out at the Saunders Company building Saturday night. The building is located at 100 Lancaster.

Police said that a large rock and bricks were found on the inside of the building, and nothing was missing. It is believed that children broke the windows at the plumbing supply house.

Officers said that some children were reported throwing rocks in the 200 block of North Nolan about noon Sunday, and some boys were throwing firecrackers into a church in the Banks Addition early Sunday evening.

Texarkana To Field Grid Team Again

TEXARKANA, Tex. (AP)—Texarkana Junior College is to field a football team next year for the first time since 1927.

Regents voted yesterday to accept an offer of \$15,000 from a boosters club to finance football in 1955. Sports were voted out at the college 14 years ago because of lack of support.

President H. W. Stillwell said a coach will be hired soon. Texarkana JC will join the Texas Junior College Conference.

Getting Prettied For The Holidays

Beauticians from Sweetwater, Roscoe, Abilene and Cisco Sunday concluded a project which resulted in approximately 250 women patients at the Big Spring State Hospital. This good turn, arranged by J. D. Kirk, Odessa, in cooperation with Mrs. Frances Meyers, Abilene, district chairman, and Mrs. Clara Wetsel, Sweetwater, assistant chairman, of the Texas Association of Accredited Beauty Culturists, has been warmly praised by Dr. Roy Sloan, hospital superintendent. Sunday there were 23 members of the society, some of whom got up at 6 a.m. in order to drive 160 miles to Big Spring and administer the beauty treatment. Patients appeared to receive a real boost from the treatment. Other activities, including parties and corsages, are in store for the women during the Christmas season as result of planning by the State Mental Hospital Development Association, which coordinated the beauty treatment idea.

Mat Eiland, 73, Dies At Stanton

STANTON (SC)—Mat Eiland, 73, retired farmer, died at the Memorial Hospital here Sunday at 6:30 a.m. after an illness of six weeks.

He had been under treatment following a heart attack.

Funeral for Mr. Eiland was set for 4 p.m. Monday at the First Baptist Church where he was a staunch member. Rev. Jim Golna, Midland, officiating, assisted by the Rev. E. B. Coons, pastor. Burial was to be in the Evergreen Cemetery under the direction of Arrington Funeral Home.

Mr. Eiland came to Stanton in 1944 from Wellington, where he had farmed for many years.

Surviving him are his wife; one son, James Eiland, Stanton; one daughter, Mrs. LaVerna Sechrist, Midland; one sister, Mrs. Frances Brumby, Amarillo; and two granddaughters.

Funeral services will be held at 4 p.m. Monday at the First Baptist Church, Stanton. Burial will be in the Evergreen Cemetery.

City Court Fines Amount To \$480

Fines totaling \$480 were levied in city court this morning by Acting City Judge Grover Cunningham Jr.

Fourteen men who pleaded guilty to drunkenness charges were fined \$275. Vagrancy, indecent exposure and affray and disturbance charges brought assessments of \$96. And traffic violations cost 11 people a total of \$109.

Two men involved in a Saturday night brawl were fined for both drunkenness and affray. A man who participated in an affray at the Air Castle Drive-in was fined a total of \$50.

Newlyweds Killed In Car Crash On Curve

EAST LANSING, Mich. (AP)—A young couple driving from their Detroit wedding reception to a honeymoon in Grand Rapids, Mich., died yesterday in the flaming wreckage of their car while helpless witnesses watched.

Marvin R. Forrester, 20, of St. Clair Shores, and his bride, Rheta Mae, 18, were trapped after their car missed a curve and crashed into a tree.

Resident's Father Is Critically Ill

Dr. J. H. Paxton, 84, father of Mrs. Jess Slaughter of Big Spring, was reported critically ill in a hospital at Palestine this morning.

Mrs. Slaughter went to Palestine Saturday to be at his bedside. Dr. Paxton's home is at Elkhart.

MARKETS

WALL STREET — The stock market opened higher today, with trading higher prices were maintained throughout the day with only occasional minor signs of weakness.

Juvenile Drivers Licensing Board Holds First Session

The 26 members of the Juvenile Drivers Licensing Board, who met the first time Saturday, have slated their next meeting for Wednesday, Dec. 22.

Driving license applications filed by all juveniles between the ages of 14 and 16 will be considered at that time. It was announced by K. H. McGibbon, chairman.

Two applications were considered in Saturday's meeting, and an outline of operations for the Lubbock Juvenile Drivers Licensing Board was presented by Lucille Coltharp and Howard Hunt.

Miss Coltharp and Hunt pointed out that parents are held responsible in Lubbock for the juveniles who drive without licenses. Youths are ticketed and parents are fined, they said.

The Lubbock board also reviews cases of juveniles between the ages of 14 and 16 who have accidents. Quite often the board recommends to the county judge that the licenses be revoked, the Lubbock representatives said.

McGibbon pointed out that a check is now being made with the Citizens Traffic Commission enforcement committee to determine the feasibility of holding parents here liable to fines for letting their children drive without licenses.

The local Juvenile Drivers Licensing board will also review cases of youths who are granted a license and then are involved in accidents if such a review proves feasible, McGibbon stated.

As it is now set up the board reviews all applications made by youths between 14 and 16 for licenses. Active in church work at the time of application, a necessity exists for a license to be issued, a recommendation is made to County Judge R. H. Weaver that the youth be allowed to take the driving test. Applicants for beginners or motor scooter licenses also contact the board.

Judge Weaver has stated that he will not approve the issuance of a license unless the board first makes application must appear with their parents before the board.

The board is scheduled to meet every two weeks following the Dec. 22 session. The two applicants who appeared before the board Saturday did not prove a necessity for a license. It was announced. It was recommended to the judge that no driving test be allowed for either.

The judge can approve tests for all youths between the ages of 14 and 16 when a necessity is shown. Anyone over 16 years of age may take the tests, according to law.

Members of the CTC juvenile drivers licensing board are McGibbon, Rexie Cault, Tom Barber, Mrs. Charles Read, J. B. Appykendall, M. M. Hines, George E. Gray, C. A. Dahse, Miss Arach Phillips, Mrs. Neel Norris, Mrs. Alton Underwood, Mrs. H. C. McClain, Mrs. Harold Talbot, Mrs. A. C. LaCroix, Mrs. W. C. Foster, Bill Crocker, Rev. William Boyd, Mrs. Jack Y. Smith, Mrs. Dorris Blissard, Jake Spalding, Rufus Stallings, Mrs. Everett Lomax, Mrs. H. W. Smith, Jack Everett and Gene O'Daniel.

Mrs. Bennett, Loraine, Dies

COLORADO CITY — Mrs. T. R. Bennett, 67, of Loraine died Saturday afternoon following surgery in a Houston hospital. Mrs. Bennett was the wife of a Loraine merchant and had lived in Loraine since 1906. She was born April 1, 1887, in Erath County and had married in 1903.

Mrs. Bennett was the last surviving charter member of the Loraine Methodist Church, organized in 1907. Active in church work she was a member of the WSSS and the Gleasons Sunday School class, and had taught a class for 15 years.

Funeral services will be held from the First Methodist Church in Loraine, Tuesday at 10 a.m. with the Rev. J. E. Shewbert, Lubbock officiating, and the Rev. C. E. Jameson, Odessa, assisting. Burial will be in the Loraine cemetery under the direction of Kiker and Son.

She is survived by her husband; one son, Harold Bennett, of Snyder; three brothers, Bill and C. C. Thompson of Colorado City and W. B. Thompson of Morgan Mills; four sisters, Mrs. Cora Hall and Mrs. K. L. Taylor, both of Loraine; Mrs. Clifton Gage of Sweetwater and Mrs. Floyd Griffin of Seminole, and one grandson, Tom Bennett of Snyder.

Larry Evans Gets Honor At NTSC

DENTON — Larry Evans of Big Spring is one of 34 North Texas State College students who have been named to Who's Who at North Texas, a section of the school yearbook for outstanding students.

One student from each department of the college is selected for the honor by his department director, on the recommendations of faculty members in the field.

Evans was named the outstanding music student in keyboard instruments. The son of Mr. and Mrs. Earl C. Evans, 2410 Johnson, he is a member of the college Air Force ROTC program.

Sightless Veteran Is Honor Student

A young man who was blinded during action in Korea has made the dean's honor roll in Bethany-Pemsel College at Bethany, Okla. He is Lowell E. Holland, 211 NE 6th.

Holland lost sight of both eyes in the explosion of a mine. He spent some time in Army and then VA Hospitals and then returned here to begin a career as a woodworker before he decided to enter the field of religious education. He is a senior at Bethany.

Vast Development Set For Colorado 'Energy Capital'

GRAND JUNCTION, Colo. (AP)—Two Texas millionaires say they plan to make this oil and uranium-rich western Colorado city the "energy capital" of the nation.

Lucien Cullen and Welborn Foreman, of Houston, have announced plans for a 640-acre business development which they estimate will cost \$7,225,000.

Included in the center, they said, are:

- A six-story, \$2,225,000 office building to be mounted on a circular base which will pivot 90 degrees with the movement of the sun.
- A building for offices of mine and oil equipment manufacturers and related mining ventures.
- An area to be set aside for use of research foundations engaged in atomic or oil studies.
- A stank hotel and apartment building.
- A housing development with homes ranging in price from \$10,000 up.
- A restaurant and cocktail lounge, a community shopping center, a park and swimming pool, and a nine-hole golf course and country club.

Foreman said financing is being provided by "a syndicate of Texas oilmen."

Oilfield Worker Taken To Hospital

Melvin C. Duncan, oilfield worker, was hurt yesterday when he fell off a truck in an oil field mishap. Duncan was taken to Cooper Clinic for treatment where attendants reported a cast was put on his left foot for a possible fracture.

Duncan is employed by the Ray Morris Drilling Company.

Cab Passenger Hurt In Mishap

Ida Douglas, Northwest Big Spring, was injured Sunday evening when the City Cab in which she was riding was in an accident. The cab, operated by Jack A. Smith, 101 Frazier, was in collision with pickup driven by Charles R. Pachall, Gall route. The accident occurred about 10:25 p.m. at 17th and Gregg.

Mrs. Douglas was taken to Big Spring Hospital following the collision, and she reportedly had a good night. There are no external injuries, and X-rays are being checked today for internal injuries.

Four other collisions were reported to police Sunday and this morning, but there apparently were no injuries.

During the pre-dawn hours Sunday vehicles driven by Billy F. Piner and Sam Altergatz, both of Webb Air Force Base, were in collision in the 300 block of Gregg. At 5:30 p.m. an accident on the Air Base Road involved Armon Herbert Hill and Neemi Sayupok, also of Webb.

This morning collisions occurred on West Third and on the west viaduct.

Carly Wayne Thurman, 1300 E. 6th, and D. J. Robinson, Webb, were drivers involved in the collision on West Third in about the 600 block. The accident occurred shortly after midnight.

At 8 a.m. a truck driven by Howard E. West, Midland, and a car operated by Elmer Green Buchanan, 1310 W. 2nd, were in collision on the west viaduct.

Emory A. Riden, 44, Dies Here

Emory Alton Riden, 44, Texas & Pacific Railroad brakeman, died at a hospital here Monday after an illness of three months duration.

Services are to be held Tuesday at 2 p.m. in the Nalley Chapel with the Rev. Alton Hardin, Baptist pastor, officiating with the Rev. A. R. Posey, pastor of the Baptist Temple assisting. Interment will be in the Trinity Memorial Park.

Mr. Riden was born Feb. 23, 1910, at Loraine and was reared in that Mitchell County community. He came to Big Spring in 1940 and had been a meat cutter for the B&B Grocery before he joined the T&P Railway Company. He was a Baptist and a member of the Brotherhood of Railway Trainmen.

Surviving him are his wife, Mrs. Ruby Ruth Riden; one son, Edward A. Riden, Big Spring; two daughters, Mrs. Glenn Stovall, San Angelo, and Mrs. David Davis, Coolidge, Ariz.; three grandchildren; his mother, Mrs. E. F. Riden, Crane; two sisters, Mrs. C. B. Hussey, Houston, and Miss Evelyn Riden, Crane.

Civil Defense Test Is Held

Communications facilities here apparently are pretty well in tune with the state Civil Defense program.

On five practice alerts this morning, communications were established with local Civil Defense leaders in a matter of minutes. W. D. Berry, CD coordinator, reported.

The first alert was sounded at 7:47 a.m. today, and Berry, City Manager H. W. Whitney and Mayor G. W. Dabney all had been contacted by 7:48 a.m.

Similar results occurred on an alert at 8:27 a.m. Two minutes were required to establish the contacts at 8:30 and 10:19 a.m. On the last alert, at 10:29 a.m., 13 seconds were required to get the word around.

The alerts, which may occur periodically throughout Thursday, were sounded merely to test their effectiveness of local police and Department of Public Safety Communications. The tests are being conducted on a statewide basis, Berry said.

The first three alerts were sounded under the code name of "Operation Lemon Juice," at 10:19 a.m. the code was changed to "Lemon Jack," and at 10:29 a.m. it became "Snowman."

The first local CD officials knew of the pending tests was Sunday night when city police were informed that the alerts would be sounded sometime between midnight Sunday and midnight Thursday.

Still Another Fire At Dallas Building

DALLAS (AP)—During its erection 11 or 12 fires plagued the 40-story Republic National Bank building. Most blazes were minor, but one did more than \$250,000 in damage.

While the structure was still going up, a water main inside it burst, flooding several stories.

Finally they finished it, and the shiny aluminum structure was dedicated last week.

Smoke again started curling from its top yesterday.

Firemen quickly put out a blaze in a 6x8 roof construction shack being used by workmen putting finishing touches on the building's beacon.

Firemen said the minor blaze probably was caused by a spark from the incinerator. Damage was estimated at around \$100.

Blaze Burns Out Interior Of House

Fire burned out the interior of a small house at 106 NW 3rd St. about noon today.

Firemen said the building was owned by M. C. Provo who operates a junkyard. The structure caught fire from burning trash, the firemen said.

Extent of the loss was not estimated.

Provo Infant Dies; Services In Indiana

Ronald Edward Provo, infant son of Sgt. and Mrs. Robert D. Provo, 902 1/2 Main, died here Sunday, four days after birth.

The body was shipped by Eberly-River Funeral Home to Wolcott, Ind., for graveside rites.

Beside the parents, survivors include one brother, Terry Michael Provo, 14 months old; the grandparents, Mr. and Mrs. Levi Provo and Mrs. Emma Blume, all of Wolcott, Ind. Last rites will be said Tuesday afternoon.

Lions Place 4 On All Stars

Co-champion East Texas State placed four men on the 1954 All-Lone Star Conference football team.

Southwest Texas State, which tied East Texas for the title, came up with two. Sam Houston State placed three.

The team, picked by the coaches, was announced Saturday by David Bost, conference secretary.

Only one player repeated from last year—halfback Norman Cash of Sul Ross, the rushing and total offense leader.

Named with him in the backfield were Bobby Fox of East Texas, Bobby Baldwin of Sam Houston and Steve Curry of Texas A&I.

Ends are Max Whitley of Sam Houston and Waylon Buchanan of East Texas, tackles are Horace Allert of Southwest Texas and George Hartman of East Texas, guards are Gene Hanks of Southwest Texas and Melvin Harrison of Sam Houston and center is Kenneth Braden of East Texas.

Second team honors went to Donald Yates, East Texas, and John McCampbell, A&I, ends; Jerry Hentchel, Sam Houston, and Jim Murphy, Stephen F. Austin, tackles; Larry Kemp, East Texas, and James Simmons, Stephen F. Austin, guards; Charles Smalstra, Lamar Tech, center; Jerry Boone, Lamar Tech, quarterback; Herman Hendrix, Stephen F. Austin, and Raymond Meyer, Lamar Tech, halfbacks, and Ed Schmeltekopf, Southwest Texas, fullback.

Trabert, Seixas Team Up To Win

MELBOURNE, (AP)—America's Davis Cup doubles combination of Vic Seixas and Tony Trabert staged a stirring comeback today to beat Australia's Wimbledon champions, Rex Hartwig and Mervyn Rose, in the finals of the Victorian tennis championships, 4-6, 5-7, 6-3, 6-4, 6-2.

The triumph following the semi-final defeat of Australia's other tandem of Lewis Hood and Ken Rosewall, buoyed U.S. cup hopes and virtually eliminated Hartwig and Rose from challenge round consideration.

"I don't think the selectors would dare take a chance with Rose," said Colin Long, former Australian player who writes for the Melbourne Sun.

Bill Talbert, the U.S. captain, took the triumph calmly. He said he was "very pleased," but was not interpreting it as a sure double point in the Davis Cup competition.

"I thought the boys won without having to extend themselves," Talbert said. "Even so it was too close for comfort."

"Both Tony and Vic made simple errors which hurt them, particularly in the first two sets."

"We can't afford the same errors in the Davis Cup."

MEN IN SERVICE

Pvt. Charles C. Boland, son of Charles Boland of Big Spring, is now serving as a cook with the 86th Anti-Aircraft Artillery Battalion in Korea.

Pvt. Boland entered the Army in March, 1953, and arrived overseas last April. He recently spent a seven-day rest and recreation leave from his unit and visited the island of Kyushu in Japan.

Boland's wife, Pat, lives in Fort Worth.

C. Dudley Fish, son of Mr. and Mrs. Curtis Fish, 1204 Wood, recently was promoted to captain at Fort Benning, Ga., where he is stationed with the 4th Infantry Division. Captain Fish is maintenance officer and has been in the Army since 1945. He served in Korea.

Pvt. Cullie B. Middleton, whose parents live in Lamesa, recently joined the Yokohama Engineer Depot in Japan. He is a supply specialist.

Pvt. Middleton entered the Army in May, 1954, and received basic training at Fort Bliss. He attended Hardin-Simmons University in Abilene.

Glasses, Scissors, Hub Caps Stolen

F. F. Simmons, 404 W. 4th, told police Saturday evening that a pair of glasses and some scissors were stolen from his house by an unidentified man in Dallas.

The man, Simmons said, wore a brown cap, khaki pants and a light jacket.

It was also reported Saturday evening by J. W. Clanton, 605 Douglas, that some hub caps were stolen from his 1950 Oldsmobile. The car was parked at his home, he said.

U.S. Seeks Viet Nam Army To Keep Order

By JOHN RODERICK
SAIGON, Viet Nam (U.S.—Events have strengthened U. S. determination to help form a small but efficient national army which can maintain order in non-Communist South Viet Nam.

Last week's battle between a company of army troops and the police, virtually in the center of this capital, accentuated a worsening situation.

Five months after the end of the eight-year Indochina war these elements are implanted in the country, each a law unto itself:

1. The national army of some 200,000 troops.
2. The national surete, nominally responsible for law and order.
3. The Cao Dai army of about 20,000 men controlling two million Vietnamese in an area west of Saigon.

4. The Hoa Hao religious arm of 15,000 which holds sway over a million persons southwest of Saigon.

5. The Binh Xuyen society, which controls the legal gambling dens and prostitution houses of Saigon and Cap St. Jacques on the coast.

The chief of the national surete is Lai Van Sang, one of the leaders of the Binh Xuyen.

Of these diverse groups the Cao Dai, a religion which claims to embody the best features of all the world's beliefs, is the most important. Excellently organized and well trained, its army rules much of Southern Viet Nam.

Because of the weakness of the national army the government is unable to control any of these groups or the populations under

them. Although the Cao Dai and Hoa Hao are participating in the government, clashes in which lives are lost occur between them and the army at intervals.

The American aim, in cooperation with the French and the government of Premier Ngo Dinh Diem, is believed to be the formation of an army smaller than the one now on paper, making it one of quality rather than quantity. The United States is anxious that it be loyal to the Diem government.

Conversations aimed at getting American participation in training the army are making progress and a compromise plan is expected to be adopted soon.

The recent removal of the rebellious chief of staff, Gen. Nguyen Van Hinh, has cleared the way for the Premier to exert his influence not only on the army but in the country. Diem is listening to the army's problems, calling on it to help in the work of reconstruction and promising to take steps to alleviate economic and political troubles.

One of his biggest jobs will be to eliminate the influence of the Communists in regions they occupied for nearly eight years.

UNCLE RAY'S CORNER

Tracks on slab of stone.

The other day one of my newspaper friends told me about a strong interest in the mind of his 10-year-old daughter, Suzy. "She wants to know all about dinosaurs," he said. "She goes to museums to look at their skeletons, and brings home notes on their weight."

Suzy is only one of many with a keen interest in the strange monsters of long ago. Today and later this week I shall take up questions about them.

Q. How should we pronounce "dinosaur?"

A. DY-no-sawr.
Q. Were all dinosaurs big ones?
A. By no means! Many of them were smaller than foxes. Others were of gigantic size.
Q. What does the name "dinosaur" mean?
A. It means "terrible lizard." It is a good name for some kinds of dinosaurs, but a poor name for others. Even some of the large dinosaurs seem to have fed on plants, and probably were not very fierce.
Q. How can we tell which dinosaurs fed on plants and which on flesh?
A. In a general way, the teeth tell us the secret. If the jaws of a dinosaur were filled with sharp, cutting teeth, the dinosaur must have been a flesh-eater.
On the other hand, those dinosaurs which had broad surfaces on some of their teeth probably

were plant-eaters; it may be that they ate both flesh and plants. Certain long-necked dinosaurs left puzzling teeth. These must have been useful in nipping off parts of plants, but they were near the front of the jaws. It is supposed that these dinosaurs used to swallow the plant food almost whole after biting it off.
Q. Have the tracks of dinosaurs been found?
A. Yes, in many cases. They left tracks on mud which later dried and hardened into stone.
Tomorrow: Big Heads.

What To Do At Dance

It's D day and zero hour. You're standing in front of Mom's full length mirror giving your hair one last pat and your party dress a last saucy flounce. The door bell is ringing. Your evening is begun. Because you're a girl who knows her boys, you're ready on time and flying down the stairs to greet your date in person. Parent Panic is for other fellows who haven't got such a thoughtful date. You lead your Beau Brummel into the living room where you present him to the family council. Here you live up to your reputation as a woman by chattering and keeping the burden of conversation away from him.

"Oh look at the time. We'll be late if we don't hurry. I'll be back by twelve-thirty and we'll be careful." No awkward exit or embarrassing last minute warnings for you. You beat them to it.

Your date is pretty smooth, too. He has a car for the evening, even if it does tick like a time bomb and have a little flag up front.

Upon your arrival at the dance, you may have some difficulty getting him onto the dance floor. Wait a reasonable length of time and then discuss the music and various other dancing complexities. Opportunity may seem to knock when another boy asks you to dance. "I'm sorry," you must say. "I haven't yet danced with Jim. Please ask me later." That's right, the first and

last dances are always with your escort.

Wearing a bright dress that is eye-catching, and smiling (not flirting) at the boys will get you several invitations to dance. Talk to other girls, if you like, but don't overdo it. Boys don't like to ask one and leave the other standing.

If you and your date are tired of dancing together and no one else is on the horizon, retire to the powder room, giving your date a chance to ask someone else. When you return alone, your luck may improve. A boy could sidestep this problem by suggesting swapping partners to his friends prior to the dance.

If a girl steps all over the fellow's feet, he says, "Please excuse me" and insists the fault was his own clumsiness. He dances each girl back to her escort and says, "Thank you." She replies, "You're a good dancer," or "I enjoyed it."

The girl sets the witching hour; the gentleman does not protest. When his deadline is earlier, he simply steers her to the door.

If it's not late, she may invite him in, and by all means she should again thank him for the corsage and the invitation. He's spent a lot of money. He should be given the feeling that it is warmly appreciated.

LEGAL NOTICE

Notice to Bidders
Sealed proposals addressed to C. C. Nunally, County Judge, Borden County, Courthouse, Gall, Texas, for the construction of a steel and concrete bridge across the Colorado River on the old Gall and Big Spring Roads will be received at the County Clerk's Office in Gall, Texas, until 2 p.m. December 13, 1954, at which time and place the proposals will be opened in public and read aloud. Any bid received after closing time will be returned to bidder unopened. Plans and specifications will be on file in the County Judge's Office after December first for inspection. Copies may be obtained upon deposit of \$10.00 as a guarantee of safe return of plans and specifications. Full amount will be returned to each bidder immediately upon return of plans in good condition. Each bid must be accompanied by a cashier's check drawn on a bank within the State of Texas for the sum of five per cent of bid as a guarantee. If awarded contract, bidder will promptly enter into a contract with Borden County and execute a performance bond in full amount of contract price conditioned upon faithful performance of the contract and upon payment of all persons supplying labor or furnishing materials. Borden County expects to pay cash for the bridge and approaches upon completion and acceptance of the work. The Commissioners' Court of Borden County reserves the right to reject any or all bids or waive any of the formalities.

His physician said yesterday he would be in the hospital about two weeks. He broke his left hip in a fall Thursday night at his La Habra home.

McCarthy - Army Perjury Is Dead

WASHINGTON, Dec. 6 (U.S.—Justice Department lawyers have been reported to have decided that no perjury prosecutions will be undertaken as a result of the clashing testimony in the Army-McCarthy hearings of last spring.

The case, which played at center stage in public and televised settings from late April until mid-June, is being laid aside on a finding that it would be impractical, if not impossible, to get an indictment from a grand jury on the maze of conflicting statements.

Officially, the Justice Department says the whole matter is still under study. But officials say a lengthy study of the hearing transcript has led to the conclusion that if false statements were made, the evidence to support a prosecution in court just isn't available.

The outcome of the Department's scrutiny of the testimony was kept pretty closely under wraps while the Senate prepared for and finally held its recent "censure" session which resulted two days ago in Senate condemnation of certain conduct of Sen. Joseph R. McCarthy (R-Wis.).

FORD'S NEW Y-BLOCK V-8'S ARE WIDE-AWAKE POWER AT ITS RESPONSIVE BEST

Ford's new 162-h.p. Y-block V-8 or 182-h.p. Y-block Special V-8 brings you new Trigger-Torque power. Such Ford advances as new turbo-wedge combustion chambers and new turbo-action spark plugs (a Ford "first") bring you speed-trigger getaways... extra bursts of power for faster, easier passing... and extra hill-climbing power. Only Ford, builder of more V-8's than all other makers combined, could bring you these great new Y-block V-8's. They're the top triumph of Ford's 23 years of V-8 experience.

Feel Angle-Poised Ride

FORD'S FAMOUS BALL-JOINT FRONT SUSPENSION IS ADVANCED FOR '55... TO GIVE A STILL BETTER RIDE

This year, Ford has re-engineered its front suspension to reduce road-joint jar. Springs are tilted at an angle so they absorb road shock from the front as well as straight up from beneath the wheels. This results in a new Angle-Poised Ride that cushions minor flaws of paved roads as well as big bumps.

LOOKING 'EM OVER With Tommy Hart

Local baseball fans will probably be seeing more of Mike Rainey, a veteran hurler who Brone Owner Pepper Martin picked up for a mere \$150 before last season.

At the recent Minor League convention in Houston, Martin complained to Earl Perry of the Tyler baseball club that Tyler sent a sore-arm hurler here for Rainey at the end of last season and would be rectify the mistake.

Pepper took a look at the roster and spied Rainey's name there, so applied for him and Perry agreed to let him go.

Oh, yes, at the time Tyler made the deal it also costed in \$450, which Pepper gets to keep.

Considering the fact that Rainey only cost the local club \$150 and can do one thing that earns him much esteem here and that is beat Midland, Mike always pitches a little harder against that team than against any other club.

While in Houston, Martin got an outright offer for his brother, Floyd, from Albuquerque but the deal is hanging fire.

The Big Springers won the Ranger Tournament last weekend for the second time in history. In charging to the championship, the locals had their toughest test in their first game, at which time they played the host school.

HCJC won the game in the final three seconds when Ray Crooks canned a free pitch. The final score was 63-54.

After that close call, the Hawks charged past Tarleton, 75-70; and then s.t.e.a.m.-rolled Arlington State, 97-70, in the finals.

HCJC had its troubles with Ranger mainly because the tournament is played on a much shorter gym than the Hawk fieldhouse here.

HCJC has drawn Concordia as a first round foe and will see action for the first time at 7 p.m. Friday.

The only other first round game pits Temple against Odessa at 8:30 p.m. Friday.

Navarro, which drew a first round bye, plays the winner of the Concordia-HCJC game at 2 p.m. Saturday.

Owens made himself no friends anywhere in District 1-AAA territory for that matter, by overlooking all players in the double-toss conference is on a par with any in the state and is better than most.

No one man is qualified to select an all-state club. The team picked by the Texas Sports Writers Association, which appears in January, will be a lot nearer the real thing than anything Owens, who limits his coverage of football to a few teams, could select.

Eight writers from over the state will convene this week in selecting the team and most of them have been at their business a lot longer than Owens.

Lufkin Will Be Favored Over Breck This Week

By HAROLD V. RATLIFF Associated Press Sports Editor

Ablene and Corpus Christi Miller in Class AAAA and Lufkin and Port Neches in Class-AAA will be favored to push into the finals of Texas schoolboy football's upper divisions this week—but don't wager on it.

PLAY BEGINS SATURDAY IN WARD SCHOOL LOOP

First round play in the 1954-55 Elementary School Basketball League will get under way Saturday morning in two local gymnasiums.

The schedule runs nine weeks. Play will be concluded on Feb. 19. Nine schools within the city will field teams.

Table with columns for Date, School, and Game details. Includes schools like Washington Place, College Heights, East Ward, etc.

Waco and Galveston were supposed to be in Class AAAA's star-spangled semi-finals. But both took the count—each by one point—from underrated foes last week.

It paved the way for the penultimate round between Abilene and Fort Worth Poly and Miller vs Austin. Both games are Saturday afternoon with Abilene at Fort Worth and Miller at Houston.

Records say Abilene and Miller will triumph. Abilene whipped San Angelo 27-0, and San Angelo slaughtered Poly 34-0. Miller beat Austin 25-4 in regular season play.

Lufkin, undefeated, untied and with 457 points in 11 games, clashes with the enigma of schoolboy football—Breckenridge—in the feature game of Class AAA. There's no question about Lufkin's power and brilliance.

Fort Neches and McAllen play at Fort Neches Friday night. Lufkin and Breckenridge clash at Waco Saturday afternoon.

Classes AA and A go through quarter-finals with Phillips, Carthage, Waxahachie and Nederland favored to come through in Class AA and Sundown, Paducah, Mason and Deer Park in Class A.

The only game in the state matching undefeated teams is the Waxahachie-Killen affair—and each has been tied.

Waxahachie and Killen play at Temple Friday night. Other Class AA quarter-final games have Phillips and Littlefield at Lubbock Friday afternoon, Terrell and Carthage at Tyler Friday night and Nederland vs Freer at Fort Arthur Saturday afternoon.

In Class A Sundown faces Albany at Colorado City, Paducah plays Gaston at Wichita Falls, Grapeland and Mason play at Bastrop and Deer Park plays at Hondo, all Friday night.

Of the 24 teams left in schoolboy football's race for championships, only seven are undefeated and untied—Lufkin, Phillips, Nederland, Sundown, Paducah, Mason and Deer Park. McAllen, Carthage, Waxahachie and Killen are unbeaten but have been tied.

CLINT COURTNEY GOES TO SOX IN BIG TRADE

NEW YORK (AP)—The Chicago White Sox today completed a seven player deal with the Baltimore Orioles with catcher Clint Courtney moving to the Sox as the big name in the trade.

Going with Courtney to Chicago were pitcher Bob Chakales and infielder Jim Brideweser in exchange for pitchers Don Johnson and Don Ferraresi, infielder Fred Marsh and catcher Matt Batts.

The announcement was made here as the major leagues opened their three-day winter meetings.

Ed Short, press director for the White Sox, said the swap was a straight player transaction involving no cash.

Courtney has been sought by several clubs including Cleveland ever since he broke in with the old St. Louis Browns. He is regarded as a high spirited competitor, a good handler of pitchers but only a moderate hitter.

Johnson is the No. 1 player going to the Orioles. A former New York Yankee farmhand, he appeared in 46 games and had an 8-7 record.

Marty Marion, new manager of the White Sox, said he and General Manager Frank Lane also hold high hopes for Chakales, who moved from Cleveland to Baltimore early last season in a deal for Vic Werpe.

"I think he is a much better pitcher than he has proved so far," Marion said.

A righthander, Chakales finished last season with a 5-7 record. Brideweser, a part-time shortstop, hit .266 in 78 games. Marsh, the infielder going to Baltimore, appeared in 61 games for Chicago and hit .208 although he batted in only four runs.

Ferraresi is a left-handed pitcher bought from Oakland of the Pacific Coast League at the end of the season. He had an 18-15 record in a busy 1954 campaign.

Batts came to the White Sox in May from Detroit and appeared in 67 games, hitting .235.

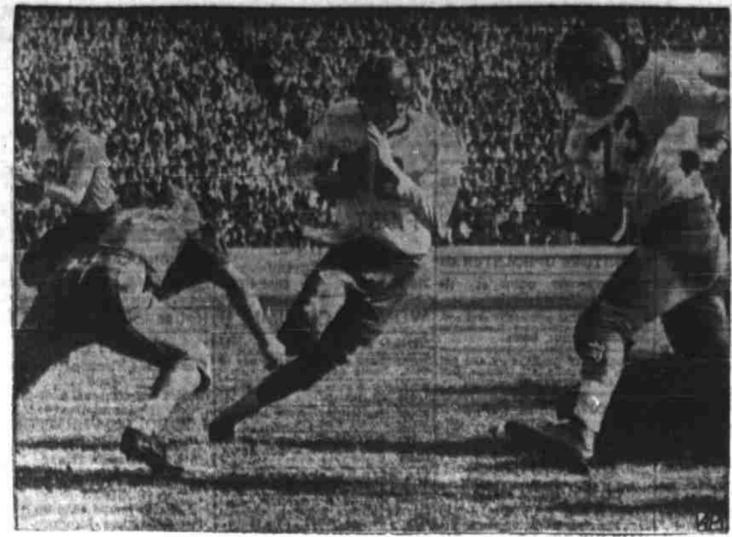

"We wanted catching strength," Marion said, "and I think we got it. The Orioles were interested in pitching and in Marsh."

The deal was completed by telephone during the night between Lane and Baltimore General Manager Paul Richards.

It is the second major swap engineered by Richards since he took over the Baltimore executive post.

HCJ Seek 8th In Row Here Tuesday Night

Definitely a surprise in West Texas junior college basketball circles, the HCJC Jayhawks take the court here Tuesday night, at which time they host Cisco JC's Wranglers.

The Big Spring club have now won seven straight games. Their record is better than Coach Harold Davis had dared hope.

Davis had expected to have a rugged club in time but this year's team is one loaded with first year men and the coach felt it would take them a while to master the art of defending in college ball.

Last year, the Hawks won four straight games before yielding to San Antonio JC, by one point in the Victoria Tournament. Before that game, however, the locals had one close call after another and won those four decisions by a margin of only 17 points.

The Big Springers won the Ranger Tournament last weekend for the second time in history. In charging to the championship, the locals had their toughest test in their first game, at which time they played the host school.

HCJC won the game in the final three seconds when Ray Crooks canned a free pitch. The final score was 63-54.

Some Class AA club toyed with the idea of drafting Joe Bauman of the Roswell club at the minor league convention.

The rumor had Stubby Greer, the new owner of the Rockets, on pins and needles for a while. However, the AA team apparently got word that Joe was wearing a coat and hat when April rolls around.

He's expressed a preference to play here.

There's supposed to be plenty of money in Hobbs for the construction of a new baseball park there but the work hasn't yet started.

Pamela Walsh Abduction
Marks Significant Turn

HOUSTON (U.S.)—The Pamela Walsh
abduction mystery took a signifi-
cant turn today when it was learned
the child's father had included
her name in his passport in San
Francisco in August.

While the wealthy Australian ob-
tained the passport, the child was
being carefully guarded here by
her mother, who feared a kidnaping.

Her fears were realized Wednes-
day when the child, 4, a pawn in
an international custody case, was

kidnaped by two strange men
here.

Her abductors, scar-faced, thin
man and a stocky, bespectacled
one, snatched her just as she
stepped out into the front lawn to play.

The men left on the lawn an
Australian court order saying the
custody of Pamela had been taken
from the mother and that she had
been made a ward of the court.

A year ago, Mrs. Thelma Walsh,
had spirited her child out of Aus-
tralia. She then had Australian
court custody of Pamela with the
restriction that the child remain
in that country.

Mrs. Walsh's attorney, Joyce
Cox, disclosed today correspond-
ence with Sen. Lyndon Johnson
telling about the father getting
Pamela's name on his passport.

The correspondence, dated Aug.
17, told about the father, Theodore
Walsh, applying to the Australian
consul general in San Francisco.

The application was later ap-
proved by the Australian minister
of immigration.

SOUTH BEND, Ind. (U.S.)—Terry
Brennan, 28, is proud of his Notre
Dame football team and "very
happy" over the 1954 season.

But the successor to Coach Fran
Leahy asserted he is already wor-
ried about the 1955 opener against
SMU, the team the Irish whipped
Saturday 28-14.

"Southern Methodist had a lot
of fine looking juniors out there,"
said Brennan.

"We'll lose eight of our starting
eleven men and we'll have to field
practically a new line. So it's a
simple arithmetic that Southern Meth-
odist will have the edge."

Socialists Win Slim W. Berlin Majority

By DANIEL DE LUCE
BERLIN (AP)—The anti-rearmament Socialists won a one-vote majority in West Berlin's parliament today but promised to govern the Soviet-encircled city in partnership with Chancellor Konrad Adenauer's Christian Democratic Union.

Municipal spokesmen of the two leading parties warmly agreed they must establish a strong new democratic coalition here under the shadow of the Russian army, regardless of their partisan quarrels in West Germany over foreign policy.

The mammoth turnout of 1,354,768 voters for yesterday's election—81.6 per cent of those eligible—gave the Socialists 64 seats, the Christian Democrats 44 and the Free Democrats 19. The lineup for the past four years had been 61 Socialists, 34 Christian Democrats and 32 Free Democrats.

Since the death last year of Socialist Mayor Ernst Reuter, Christian Democrat Walter Schreiber had headed a coalition administration from his party and the Free Democrats.

The Berliners stingingly repudiated the Communists and the Nazi-tainted German party. Both extremist parties failed to win a seat. The Reds received only 2.7 per cent of the total vote and the German party 4.8 per cent.

Cries of "police terror" came from Communist propagandists to explain their party's debacle.

West Berlin police reported 34 Red provocateurs arrested in election disturbances yesterday and a total of 851 arrests in the last two weeks of the campaign. Of those briefly jailed, 688 were East Berliners ineligible to vote in the Allied sectors.

The campaign was fought largely on the prevailing West German issue of rearmament vs. speedy Big Four talks on Germany.

The Christian Democrats increased their vote from 24.6 per cent of the 1950 vote to 30 per cent this time. But the Socialists, traditionally dominant in Berlin, wound up with 44 per cent, just under their 44.7 per cent of four years ago.

Parliament's third party, the Adenauer-allied Free Democrats, suffered a drastic fall, from 23 per cent in 1950 to 12.7 per cent.

These were the final returns: Valid votes 1,344,443, Socialists 694,646, Christian Democrats 456,585, Free Democrats 196,845, German party 75,159, Communists 51,225, Refugee party 39,195, Middle Class Economic Assn. 26,868, Free Social Union (right-wing Socialists) 2,374, left-wing Socialists (USPD) 1,536.

IN HER BOUDOIR

Negligee-Clad Mae West Gives Reporter Interview

By JAMES BACON
HOLLYWOOD (AP)—Mae West, the gal with the body in neutral and the hips in overdrive, invited me into her boudoir.

She wore only a negligee. I wore sport coat, flannel slacks and a red face. It was an interview.

And as George Gobel might say, you can't hardly get them kind of interviews any more. The occasion was Mae's opening tomorrow night at the Sahara Hotel in Las Vegas. This is her second time there in three months and at \$25,000 a week.

A Sahara spokesman discloses that she is the spot's No. 1 draw and oddly enough draws more women than men. Mae is the greatest ego booster for mature women since the invention of the girdle.

Her apartment is furnished in white and gold throughout, even to the carpeting. Everything, including furniture and rugs, is curved.

Curvied of all is a nude painting and a nude sculpture of Mae. Her bed, a symphony in satin, is swan-shaped with mirrors above and behind it.

Mae gave me that famous glance and commented:

"Let's have the interview in the bedroom so you can tell your grandchildren how you spent an hour in Mae West's boudoir, taking notes."

Mae stretched herself on the bed while she talked to me. Now only a real square could take notes under such circumstances. Here's mine:

What does Mae think about the Dior look?

"It looks good on Dior."

Is Liberace your kind of man?

"The guy's got a lot of charm. I could go for someone that charming. In fact, I see good in every man. That's why I'm not married."

How does she keep so youthful looking?

"I walk two or three miles a day, eat lots of proteins and never think about anything that might bother me."

What about a movie comeback?

"I was offered the matron's role in 'Pal Joey' opposite Marlon Brando but I turned it down. Joey makes a sucker out of this dame and that's against my whole concept of handling men. The girls over 21 always came to my shows because I boosted their ego the way I loved 'em and left 'em."

And what about Marilyn Monroe?

"I've never seen any of her movies but she's probably a sweet kid."

And then she asked me what I thought of Marilyn.

"After this interview," I replied, "I'm swearing off Marilyn. I'm with you."

Postal Policy On 'Covers' Stated

WASHINGTON, Dec. 6 (AP)—A Post Office Department official said that only infrequently is a "cover" placed on a person's mail, and it usually is at the request of a law enforcement officer.

A "cover" means that a Post Office official notes the return addresses, post marks, dates and other available information on envelopes or wrappings of mail addressed to a specified person or organization. If possible a check is made on the mail a person sends out, too.

This technique became an issue in the condemnation charges against Sen. McCarthy (R-Wis.) because of a report a check was made of his mail in 1952 when a looked into his financial affairs.

McCarthy said this was illegal. Sen. Hayden (D-Ariz.) a member of the election subcommittee group said he was unaware of the "cover" at the time but has checked the law and there was no violation.

A two-man Senate committee that inquired into the McCarthy mail case, Sens. Ferguson (R-Mich.) and George (D-Ga.), condemned the use of a cover on a Senator's mail and suggested the attorney general look into the matter.

David H. Stephens, chief Post Office inspector, has stated checks on mail are neither widespread nor in general use.

He said contents of investigated mail never is inspected, and the mail is not delayed.

Burglar Takes \$800 From Hiding Places In Baltimore House

BALTIMORE (AP)—A burglar who knew what he wanted—and where to find it—took more than \$800 from hiding places all over Edward Karst's home yesterday.

Karst and his wife were out of the house between 4 a.m. and 7 a.m. delivering newspapers. Their 17-year-old daughter said she was asleep on the second floor and heard nothing. The thief took money from:

- A basement chair, a basement desk, a first-floor china closet, a second-floor dressing table and a picture frame.

Police said the house was not ransacked. Karst said \$700 in cash and \$40 in checks taken from one hiding place represented the bulk of his Saturday collections from his newspaper route.
