REA LINE TO LET CONTRACTS DECEMBER 8

Bids on Extension Due in Memphis On Friday Morning

Construction contracts on the 126-mile extension of the Hall County Electric Co-Op lines will be let Friday, December 8, Alvis Yarbrough, project superintendent, said Tuesday.

Bids must be in by 10 o'clock in the morning on that date, Yarbrough said.

Several persons from Hall County attended the district Rural Electrification Administration meeting in Lubbock Monday. Making the trip were Ott Bevers, Alvis Yarbrough, Mrs. Charles Williams, Candler Hawkins, Jake Lamb, Tom Lenoir, Paul Montgomery, Clyde Fowler, Otho Fitzjarrald, W. B. Hooser, and Harold Hodges.

At the district meeting plans were discussed to secure more members for the lines already in operation, and for any extensions or new lines which might be constructed.

The extension to the Hall County line has 305 signers, Yarbrough said. The present line was energized several weeks ago, and is now in operation.

Included in the plans which have been mapped out and approved is a two and a half mile extension into the Giles community in Donley County; and a two and a half mile spur to the Deep Lake community; and a line extending to Newlin and across the Childress County line to the Gilpin community.

The main portion of the line will extend into the south section of Hall County, serving Hulver, Parnell, Weatherly, Buffalo Flat, and the Turkey community area.

Boxcar and Truck Collide; No One Is Seriously Injured

Accident Occurs Early Thursday Morning; Hedley Man Driver of Truck

A freak collision early Thursday morning between a truck and a boxcar resulted in no serious injuries, although the truck was turned over and almost completely torn up.

The driver of the truck was W. O. Hill of Hedley. Two other people were in the truck, but their names were not learned. The three were treated for injuries after the accident at a local hospital, but were immediately released.

The accident occurred about 2 o'clock this morning (Thursday), as switching was being done on the tracks near the local depot. Exact details of how the accident happened were not learned.

The truck, carrying a load of maize, was turned upside down, and the maize scattered over the track and the street. Escape without serious injuries was miraculous, since the top of the truck's cab was mashed to within one and one-half or two feet of the seat. Both doors to the cab were sprung open, one far enough to allow the three occupants to crawl out.

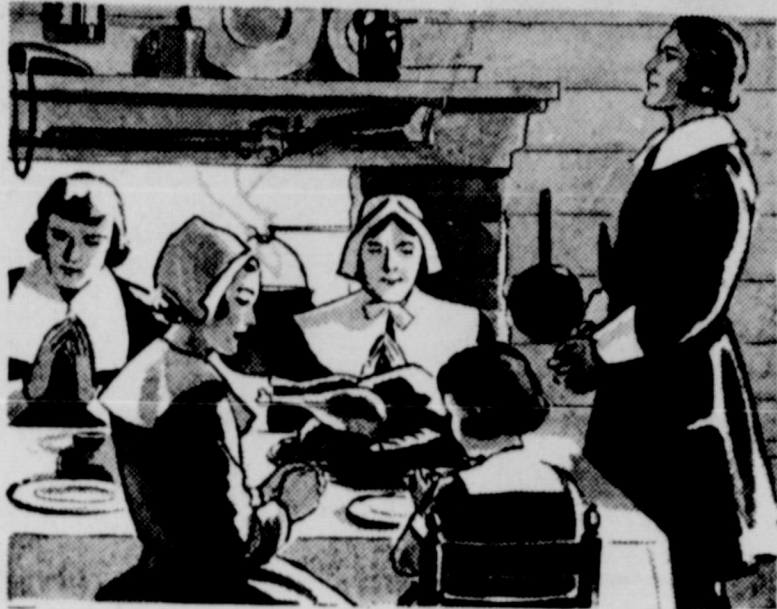

The boxcar was damaged to some extent, also. At the end of the car which struck the truck, the wheels were shoved back up under the car almost to the middle of the chassis.

J. J. McMickin, local agent, knew little of the details of the accident Thursday morning, but said it was just one of those cases where both the boxcar and the truck got on the tracks at the same time.

Former Resident Honored at School

Miss Dorothy Nell Baker, daughter of Mr. and Mrs. Sloan Baker, former residents of Memphis, has been elected Gaillardian, title of the college's most favorite girl, by the student body of the Southwest Texas State Teachers College in San Marcos.

Miss Baker is a sophomore in the college. The Bakers are now living in San Marcos.

LONG, LONG AGO—Years ago, the annual Thanksgiving scene in American homes looked something like the picture above. The scene has changed now . . . no longer is the appearance in the home the same. But the spirit of Thanksgiving is the same, with thanks given . . . and turkey and all the trimmings.

WHISKERED CAGERS AND ALL-STARS TO TANGLE HERE NEXT WEDNESDAY

The Whiskered Wizards, affiliates of the House of David professional basketball team, will pay their respects to Memphis when they meet a group of all-star players from this section Wednesday night, November 29, in the Memphis High School gymnasium. Game time has been set at 7:30 o'clock.

The new gym, one of the largest in the Panhandle will be formally dedicated at the game, Noah Cunningham, principal, said this week.

The Wizards team is made up of former high school and college basketball stars, and have been chosen by officials at Madison Square Garden as one of the best professional teams in the nation. Pecos Finley, a member of the whiskered team, has been described as one of the best players to appear in Madison Square Garden last spring. Rabbit Lofland, juggler deluxe, excels as well in his passing ability.

Bob Rich, who possesses uncanny accuracy with one-handed left shots, will have competition in the one-handed shots from Bob Hale, who excels in one-handers from the sides of the court. Hale also is accurate with his two-handed long distance shots.

Leader of the team is Jim Neely, who was an all conference player in his college days. Neely also was given honorable mention an All-America team during his college playing.

Playing for the All-Stars will be men whose ability almost matches that of the Whiskered Wizards, although the all-star players will not be trying the fancy shots excelled in by the Wizards.

Among the all-stars will be Colvin of Turkey, an Olympic star and member of a national championship team; Brisbin of Quail, all-state center; Lowe of Quail, all-state forward; Shackelford, a nationally-known cager from Hardin-Simmons; Bernie Davis of Memphis, West Texas State College star; Logan Cummings of Wellington, former Wellington High star and Texas A. & M. squadman; John Williams, coach of the Wellington Skyrocks and former Baylor star; Murray Dial and Carl Harrison of Memphis, both former Memphis High stars, and other players from Estelline, Lakeview, and Carey.

Thanksgiving More Publicized This Year Than Ever Before; But Most of Stores in Memphis to Close Shop November 30

Not since the time when Governor Bradford of the Plymouth Pilgrims in New England set aside a day in 1621 for prayer and praise to allow the people of that day to rejoice at the end of the harvest season has there been such widespread comment and publicity on the annual Thanksgiving Day.

This year, however, things have been a little different. It is not like the first Thanksgiving of the Pilgrim Fathers. Neither is it like the annual Thanksgiving recommended by Congress in the Revolutionary days of 1784, and set aside by President Washington in both 1789 and 1795. Nor is it like that Thanksgiving Day in 1815, proclaimed by President Madison.

For this year, the first time since the regular annual proclamations were started in 1864, the

UNION REVIVAL MEETING ENDS

200 Respond to Calls From Evangelist, Dr. Rayburn; Meeting Termed 'Successful'

More than 200 responded to the calls made by Dr. James Rayburn, evangelist, during the union revival, it was announced following the close of the meeting Sunday night.

The revival, in progress for the past four weeks, was held in a tent at Eighth and Main streets, and was conducted by Dr. Rayburn, who resides in Newton, Kans. Song services were in charge of Rev. G. F. Ivey, former pastor of the Newlin and Hulver Methodist churches. Dr. Rayburn left Monday morning for his home.

The 200 who responded to the calls by Dr. Rayburn include re-dedications, reclamations, conversions, and those expressing their intentions to join their respectively-chosen churches.

Services were held each night during the past month, with the exception of Monday, rest day. Bible study hours were held five afternoons each week, and occasional special services were held Sunday afternoons. Men's meetings were held each morning of the last two weeks at various business houses in town.

Comments on the revival Wednesday were much of the same tone. They ran something like this:

"I think the revival a great success." "The spiritual life of the entire community was raised, and I believe that it will be raised for the months to come, as well as the month which has just passed." (Continued on page 5)

Quail Season to Open December 1, Ends January 16

Bag Limit 12 Per Day, 36 in One Week; Duck Season Ends December 29

Hunters who barely had their guns cooled off for the opening of the duck season began this week preparing for the opening of the quail season December 1. The season will close January 16.

Bag limit for quail is twelve per day with a limit of 36 in any one week.

Duck season, still in progress, will continue until December 29. Bag limit on ducks is ten per day, with not more than 20 of all kinds in possession. Canvasback, redheads, buffleheads, and ruddy ducks are restricted. Hunters cannot take more than three each of these species in a single day nor have more than six in possession. Or their aggregate of these species cannot be more than three per day and six in possession.

That there will be more quail this year to shoot at is indicated by the extra stocking being done by the Texas Game, Fish and Oyster Commission. A total of 20,000 bobwhite quail were distributed (Continued on page 5)

Yeats to Succeed Rev. Porterfield as Methodist Pastor

Former Pastor Goes to Blackwell; Other County Assignments Are Named

Rev. E. L. Yeats, pastor of the Crowell Methodist Church for the past four years, was named successor to Rev. W. L. (Billy) Porterfield when appointments to the North Texas Methodist Conference charges were named Sunday by Bishop Ivan Lee Holt as the conference closed in Lubbock.

Rev. Yeats was pastor of the Methodist Church at Spur for four years before going to Crowell. He will take the place of Rev. Porterfield, who was transferred to the Methodist Church at Blackwell.

Other Methodist churches in this county were assigned pastors as follows: Lakeview, O. F. Storey; Pliska circuit, Albert Cooper; Turkey, A. V. Hendricks; Estelline, W. N. Henderson; Newlin-Hulver, Alton Vaughn.

Rev. J. W. Hawkins, who has been pastor at Lakeview, was transferred to Peacock. Rev. G. F. Ivey, pastor of the Newlin-Hulver charge, was made assistant to the pastor at the First Methodist Church at Abilene. Rev. J. H. Hamblen is pastor of the Abilene church.

Rev. Porterfield left Tuesday for his new home in Blackwell. He was assigned to the church here later in June, following the removal of Rev. Orion W. Carter to the church at Childress. At the time Rev. Carter was serving his fourth year as pastor here. Rev. Carter was returned to the church at Childress by the conference.

Rev. Yeats, the new pastor, notified the members of the local church that he will probably arrive in Memphis early next Sunday. He will conduct his first services here Sunday morning.

Canadian Pastor To Preach Here

Rev. Benedicte Zwiacher of Canadian will deliver a sermon at the Church of the Nazarene tonight (Thursday).

Rev. Zwiacher has been pastor of the Nazarene Church in Canadian for the past year, and she is known as one of the outstanding women preachers in the Panhandle.

The visit will be her first to Memphis, and will be a part of a "get-acquainted" program among Nazarene Churches of this section. The subject of her sermon tonight was not learned.

6 MILES TO BE IN NEW PROJECT

Contracts Call for Grading, Drainage Structure, and Select Material for Road

Contracts for grading, drainage structures, and select material for the remaining 6-mile stretch of the county feeder road running from Memphis to the Wellington-Childress Highway 83 were let Wednesday on a low bid of \$71,454.95 to Cage Bros. and L. A. Turner of Bishop.

Originally scheduled to be let October 24, the letting of the contracts was postponed due to a change in requirements by the State Highway Commission. After the requirements had been met, the date was set at last Tuesday, November 21, and announcement of the letting of the contracts was made Wednesday.

About 14 miles of the feeder road has already been graded and a roadbed built. The stretch for which the contracts were let runs from a point 2.4 miles east of Memphis to a point 2 miles east of the Childress County line. The length of the stretch is 6.045 miles.

The feeder road is a part of a farm-to-market project, and is now under county supervision. The road will provide, besides giving better connection between Wellington and Memphis, and between Hollis and Memphis, a better means of travel for farmers to bring their products to market.

The feeder road may be turned over to the state for a state highway designation at a later date. No action has been taken on this as yet.

Another contract of interest to Hall Countians is one let in Collingsworth County for 12.2 miles of grading and drainage structures on Highway 52 from Wellington to Mangum, Okla., to J. E. Barnhill and Sons of Turkey. The contract was let on a low bid of \$92,047.82.

Mrs. S. F. Biggers Dies After Brief Illness of 4 Days

Funeral Services Held From Methodist Church; Burial At Fairview Cemetery

Mrs. S. F. Biggers, 58, died at a local hospital last Sunday morning after an illness of four days. Funeral services were conducted from the First Methodist Church in Memphis Monday afternoon by Rev. Billy Porterfield, pastor, assisted by Rev. E. C. Cargill, pastor of the First Presbyterian Church.

Mrs. Biggers was born in Johnson County, Texas, and moved to Memphis in 1927 from Jack County.

Survivors include her husband, S. F. Biggers, and one brother, H. O. Mowbray of Garner.

Out-of-town relatives attending the funeral services were Mr. Mowbray, Mr. and Mrs. Hosea Biggers and family of McLean, and Mr. and Mrs. W. A. Gray of Ferrytown.

Palbearers were Lloyd Byars, Bill D. Hart, Ed McCreary, W. V. Coursey, Lafayette Pounds, and Josh Lamb.

In charge of the floral arrangements were Mrs. Eugene Hargroves, Mrs. Sid Baker, Miss Bula Black, and Miss Willie Black.

Interment was in Fairview Cemetery with King's Mortuary in charge.

Local Boy Makes College Who's Who

Jack Edmondson, former Memphis High School student, was recently elected to Who's Who in American Universities and Colleges.

Edmondson is the son of Mr. and Mrs. Lonnie Edmondson and is a senior in West Texas State College in Canyon. He is a letterman on the Buffalo football team, playing center a third year on the varsity. Edmondson was elected president of the senior class and is a member of the Buffalo T Club.

Missionary Circle Of Presbyterians Meets at Church

The Missionary Circle of the First Presbyterian Church met in regular session Monday afternoon at the church.

Mrs. Mamie VanPelt opened the program, reading from the Psalms and offering prayer. After an interesting article given by Mrs. George Sager, Mrs. Ross read the names of the missionaries and gave prayer for them.

After a reading of the minutes, a number of cards containing offerings for medical missionaries were collected. Plans were made for studying the book, "Women and the Way," with Mrs. Sager leading the first lesson at the home of Mrs. E. C. Cargill Monday, November 27. Annual Thanksgiving services of the society will be held November 29.

The program, prepared by the Mizpah Guild, was presented. Present were Mesdames Cargill, Sager, Germany, Fitzjarrald, Ross, Dunlap, Montgomery, Arnold, and VanPelt.

1913 Study Club Has Called Meeting At Tarver Home

A called meeting of the 1913 Study Club was held Saturday afternoon at the home of the president, Mrs. H. E. Tarver.

After a brief business session in which the club voted to do its part in soliciting the town for Red Cross memberships, reports from the delegates to the State Federation of Women's Clubs meeting, held recently at Wichita Falls, were given.
 Delegates Mrs. R. S. Greene, Mrs. H. E. Tarver, and Mrs. D. L. C. Kinard gave interesting and inspirational reports on the work of the women through the Federation. In addition to the reports of social, cultural, civic, and spiritual work of the clubs in Texas, a very optimistic view of the future of the South was pictured from lectures heard on chemurgy. By bringing chemistry into agriculture, the leading thinkers of today see great possibilities for the future, according to thoughts brought out in the lectures at the convention.

Funeral Rites Held Last Thursday for Mrs. S. Goffinett

74-Year-Old Resident Had Lived in Memphis 46 Years; Burial Here

Funeral services for Mrs. Sarah Threasa Goffinett, 74, were held from the Goffinett home in Memphis last Thursday afternoon, with Rev. E. C. Cargill, pastor of the First Presbyterian Church, conducting the rites.

years, 2 months, and 27 days old at the time of her death. She had been a resident of Memphis for the past 46 years.

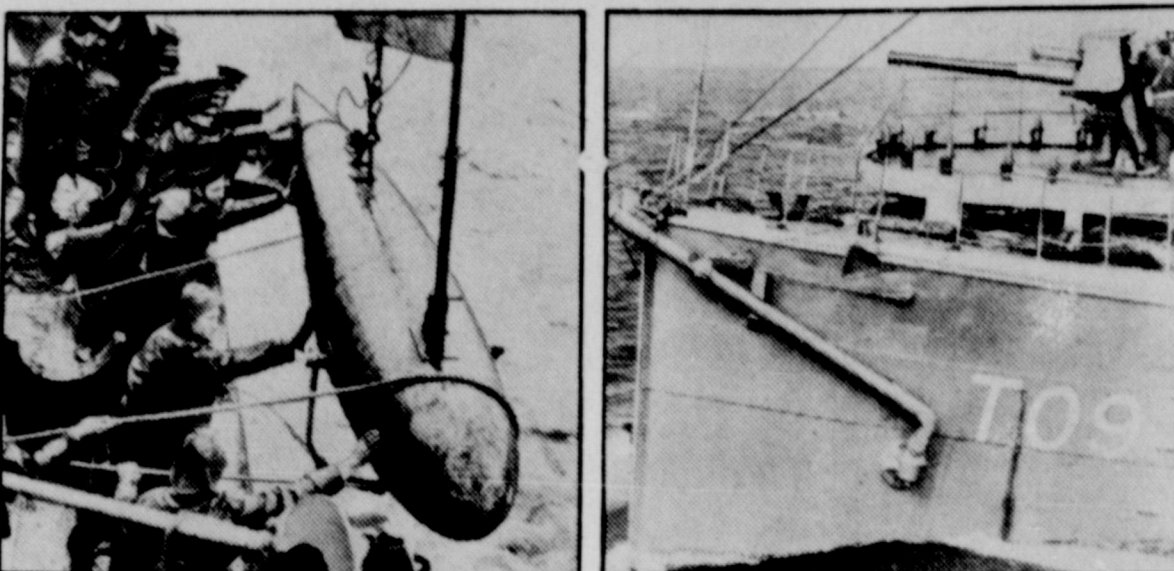

Survivors include her husband, Frank J. Goffinett; two sons, Louie and W. J. of Memphis; and one daughter, Mrs. Robert Cummings of Atascosa. Out-of-town relatives attending the funeral services were Mr. and Mrs. George Goffinett of San Antonio, and a sister, Mrs. J. L. Casper of Paola, Kans.

Pallbearers were Lee Thornton, J. L. Barnes, E. F. Hairgrove, P. O. Young, Sam Harrison, Lee Elliott, Brice Webster, and Robert Duncan.

In charge of floral arrangements were Mrs. H. H. Newman, Bess Crump, Mrs. J. W. Slover, Mrs. E. N. Hudgins, Mrs. Orville Goodpasture, Mrs. Frank Wright, Mrs. Dan McCulloch, Mrs. W. B. Kimberlin, and Mrs. Chas. Williams.

Interment was in Fairview Cemetery with Kelso-Womack Funeral Home of Hedley in charge.

British Seamen Work at War's Most Dangerous Job

British mine-sweeping fleet, top, embarks at dawn on its search for the horned bulbs of death that float in the North Sea. Crew drops a float, lower left, which is used to support drag wires put out by sweepers. Anti-submarine gun in prow of vessel, lower right, protects seamen from attack as they work in this most dangerous phase of Europe's war at sea.

At This Thanksgiving Season

—we are thankful for our many friends, thankful for health and happiness, for peace and prosperity, and the privilege of living in a land where every man is a dictator, yet no man cares to exercise his power.

Government Food Stamp Plan Will Be To Farmers' Advantage, Expert Says

Farmers have been assured that the government's food stamp plan will work to their advantage. That they have been wondering to what extent this is true is evidenced by a number of letters recently received by the Texas A. and M. Extension Service.

The answer may be found in a study made by C. W. Hauck, an economist of Ohio State University.

At the present time food stamps are issued to persons on relief in only a few selected cities. They provide an extra two cents per meal per person over the amount available from the regular relief appropriation. This extra money must be spent for food designated by the U. S. Department of Agriculture as a "surplus commodity."

Hauck found that most of the clients went for dairy products, eggs, fruits and fresh vegetables. He believes that an enormous market for these products will open up if and when the buying power of low-income families is increased.

In one period of four weeks, 25.6 cents out of each dollar went for butter, 26.6 for eggs, and 29.2 for fresh fruits. When fresh vegetables went on the list, the proportion changed to 23.6 cents for vegetables, 19.3 cents for butter, 25.3 cents for eggs, and 14.5 for fruit. Around 19 cents of each dollar went for white or graham flour, corn meal, rice, dried beans, and prunes.

When oranges and grapefruit were placed on the list, 29.2 cents per dollar went for these fruits. No meats have been on the list of foods which could be obtained under the food stamp plan but it is certain they would be purchased freely. The same is true of cotton goods, economists believe.

Hauck hedges in his report to the extent of saying that statistics were gathered from only five cities and may not be a true indication of nation-wide conditions. At the same time, he believes that if all the relief clients could increase food purchases in the same proportion, food surpluses would disappear.

Buying power of relief families under the stamp plan is increased by \$20.80 a year per person. If each of the 20 million people now receiving some form of relief in the United States went under the stamp plan, his studies indicate that the annual increases of purchases would include 301 million pounds of butter, 352 million dozen eggs, 26 million bushels of wheat, over 6 million bushels of corn, 140 million pounds of rice, 227 million pounds of dried beans, 87 million pounds of dried prunes, and enormous amounts of fresh fruit and vegetables.

Former Resident Dies in Oklahoma

Mrs. J. C. White, a former resident of Hall County, died at the family home in Duncan, Okla., Saturday, November 18, and was buried there Monday.

Survivors are the husband, one son, 15, a daughter, 9, an aged mother and a niece.

Mrs. White before her marriage 25 years ago to J. C. White of Estelline was Miss Velma Russell of Duncan, Okla. They lived at Estelline until some five years ago when they moved to Duncan.

The husband, J. C. White, is the son of H. M. White, a long-time resident of Estelline, now living at Seagraves.

Mrs. Belle Barrett of Pampa and Mrs. S. J. Bailey of Quanah, cousin and aunt respectively of J. C. White, attended the funeral of Mrs. White.

Former Pastor of Plaska Is Visited By Old Friends

Rev. C. W. Sargent Writes Letter Telling of Visit By Former Neighbors Here

Editor's Note: Chas. W. Sargent, former pastor at Plaska who is now pastor of the First Methodist Church at Kellerville, was visited last week by a group of his former neighbors at Plaska. He has written the following story of the visit of his friends.

KELLERVILLE—A bit lonely, a bit sad—yes and maybe a little disappointed at the size of his crowd because it was the pastor's last sermon in the Kellerville Methodist Church prior to his going away to annual conference. Put something happened.

Sitting near the north window of the tiny church, and about ready to read his text from Rev. 19:7—"Let us be glad and rejoice and give honor to Him, for the marriage of the Lamb is come; and his wife hath made herself ready"—the pastor halted abruptly in his purpose and glued to his seat.

A caravan of five cars from Plaska, Hall County, the pastor's former appointment, and driven

by Mrs. J. W. Smith, Edgar Foster, R. D. Hall, J. H. Murdock, and Elmer Gardenhire, swerved into the church yard and sent a thrill of delight into my heart; because I was that lonely pastor.

The little congregation experienced a very sudden enlargement. They caught the revival spirit of Memphis—for the Plaska girls' Junior quartet sang two special numbers to the joy and delight of everyone present. And there was a feast!

Grub kits and boxes were brought into the parsonage by our good friends (29 of them from Plaska), and disgorged of all the good things therein. And when Mrs. Edgar Foster had given our thanks to the Heavenly Father, we knew no denominational bounds. Members of the Church of Christ, Methodist, Baptist—all of us ate together.

By 2 o'clock they were regathering at the church. Would there be room in the little edifice? And still they came! When all available seats were taken, the chairs in the parsonage were brought in, and there was also the necessity of borrowing a few chairs from the school building.

The wonderful occasion, experience, and program were all made possible by the 29 good people of Hall County—the Plaska Male Quartet, Junior Quartet, and Foster Quartet, with Mrs. John Smith at the piano.

Add to this group the wonderful bass voice of our Mr. Hausard of Kellerville, the Penecostal Quartet of McLean, and the Keeton Quartet of the same place, with an added duet of Plainview, and you have an inkling of the occasion.

Long live the good people of Memphis and Plaska!

Chas. W. Sargent.

Let's Talk TURKEY

Quail Season—

(Continued from page 1)

uted to sportsmen and landowners this year as compared to 14,075 distributed during the 1937-38 fiscal year, the commission reports. The commission distributed the birds on a cooperative basis, a quail being given free to each purchaser of one.

During the next year, a statewide quail restoration project will expend almost \$25,000. The project is to be a cooperative affair, with the game department providing 75 per cent of the cost, and the landowners contributing 25 per cent, much of which can be paid in labor.

It is hoped to bring more than 100,000 acres under the project this year and twice that amount next year.

Thanksgiving—

(Continued from page 1)

town. Here's the way some of the other surrounding towns are choosing their Thanksgivings:

Canadian, November 23; Shamrock, November 30; Clovis, N. M., November 30; Floydada, both days; Tulia, November 30; Wellington, just when the merchants want it (stores will close November 30); Dalhart, both days; Hereford, November 30.

Childress, November 30; Claude, November 30; Dumas, November 30; Lubbock, November 30; Wheeler, November 30; Clarendon, November 30; Happy, November 23; Amarillo, November 30 (the day of the Amarillo-Lubbock football game).

One Texas mayor proclaimed three Thursdays as Thanksgiving day, the 16th, 23rd, and 30th. All he wanted, he said, was to be asked to three turkey dinners. A cafe proprietor in Hall Center, capitalizing on the idea, advertised that he would serve Turkey Dinners on every Thursday in November, "just to make sure."

Stop driving, by all means, when your vision plays tricks upon you.

Usually when it is time to talk turkey down here in the South, it is either Thanksgiving or Christmas. But this year things are a little different.

Governor O'Daniel has left it to the towns to decide whether to eat Turkey on November 23 or 30, and Mayor J. C. Wells has named for Memphis the traditional date of November 30, or rather the last Thursday in November.

At any rate, whether the date is one or the other, the turkey eating must go on, so local meat markets have set the price of "turkeys-on-foot" at about 15 cents per pound. There will be, however, a slight extra charge for dressing the turkey.

For those who do not care for turkey, nice, big, fat, juicy hens (chicken hens meant here) will sell for a slightly lower price, between 12 and 13 cents per pound. For these hens, too, an extra charge will be made for dressing.

Cranberries, and all the rest of the trimmings, have been on sale at the local grocery stores for some time. Fruit cakes, better known around Christmas time, have also been placed on sale—just in case you cannot wait until Christmas for them.

But back to turkeys, it might be interesting to study a few facts and figures about the old bird.

Turkeys are the largest of game birds, and for that reason have been domesticated for some time. They often weigh from 20 to 60 pounds, and measure at least three feet in height. The wild birds are much finer than the domesticated race, which contrary to the general rule, has been degenerated under the care of man.

Domesticated turkeys are found on almost every farm in the state, but the wild ones are extremely scarce. Most of the wild birds are found in the east portion of North America, and feed on grass, insects, fruit, etc.

Texas has led the nation in the total production of turkeys for the past 30 years. In 1938, the 3,285,000 Texas turkeys brought in \$6,866,000 or \$2.09 each. But in California, the 2,625,000 turkeys returned \$8,348,000, or an average of \$3.19 each. The average over the United States was \$2.75 per bird, or 66 above the Texas average.

Due to this loss, Texas turkey breeders are learning new ways of improving the quality of turkeys produced. County agricultural and home demonstration agents are aiding in the movement by training the turkey growers in the ways to improve their flocks.

But the turkey goes on as a favorite dish both Thanksgiving and Christmas—despite who raises them.

Roll Call—

(Continued from page 1)

goal set for Memphis is 400 memberships.

Lakeview, under the direction of Mrs. David Davenport, has increased its membership from the 25 of last week to 40. The Lakeview goal is 50.

Brice has reported 11 memberships toward a goal of 15; Esteline has reported 7 of a goal of 50 memberships.

Communities which have not yet reported include Turkey, Parnell, Eli, Newlin, Weatherly, Plaska, and Lesley.

"There are still a great number of people who can join the Red Cross, but who have not done so," Smyers said Wednesday night. "We are urging those who haven't joined to do so at once."

Smyers pointed out that many had not been contacted and had probably failed to join because of this reason. He urged everyone who had not joined to contact the worker nearest to him and become a member.

A bulletin board has been erected on the courthouse lawn to show the progress of the various communities in the roll call. As soon as reports are given to the chairman, he marks up the progress of that community.

Tables will be placed on the sidewalks of the square Saturday. Smyers said, where those who have not been contacted will be given an opportunity to join. The memberships given at the tables will be credited to the communities where the person lives, he said.

Comments—

(Continued from page 1)

considerable wanton destruction has been done to the units by some who don't care, causing a lot of extra work to be done.

At long last the Fairview well has been completed and a windmill installed. A storage tank and hundreds of feet of mains and feeder pipelines will have to be added. Only one donation has been received since last issue. That was from Van Kennedy for the W. P. Cagle Estate. He made one donation some weeks ago, and this week wrote another \$2.50 check with the remark that the first donation was not enough. Please make donations now, for the work cannot be completed until more money is supplied.

Revival—

(Continued from page 1)

"All who attended received lots of good from the meeting. Another one like it would not hurt." "A union revival is the best thing any community can have." "If the revival did not do the town any good, it at least should have, with the way Dr. Rayburn conducted the services." "I did not attend the services when Dr. Rayburn was here ten years ago, and I know now that I missed a lot." "Dr. Rayburn is a brilliant preacher. He certainly knows the Bible thoroughly."

Local Doctors Go To Medical Meet

Five local doctors attended the tri-county medical association meeting in Childress last Thursday, November 16. Counties represented were Hall, Childress, and Collingsworth.

Doctors who attended the meeting from Memphis were W. Wil-

son, R. E. Clark, O. R. Goodall, J. A. Odom, and D. C. Hyder.

Attending the meeting from Wellington were Drs. Chas. Jones, E. W. Jones, J. W. Harper, E. W. Moss, and J. G. Cecil. Childress representatives were Drs. P. R. Jeter, S. H. Townsend, J. D. Michie, F. H. Carriker, J. N. Jernigan.

At a meeting of the Hattie Hunt Auxiliary of the association, Mrs. D. C. Hyder resigned as secretary and Mrs. J. A. Odom was elected to the vacancy. Mrs. E. W. Moss of Wellington reported that 28 subscriptions to the magazine Hygea had been secured from the schools in Collingsworth County.

The auxiliary is sponsoring an essay contest among the high schools of the three counties on the subject, "What I Can Do to Prevent Contagion." First prize will be \$25, second \$15, and third \$10. Several prizes of \$5 each will be given. All essays are to be turned in by March 1, 1940.

Since 1933 the number of forced farm sales has declined substantially. During the 12 months ended March 15, 1933, there were 54.1 such sales per thousand farms. By the year ending March 15, 1937, forced sales had dropped to 22.4 per thousand farms.

Estelline F. F. A. Raise Hampshires

Carrying out a purebred Hampshire hog program, twelve members of the Estelline Future Farmers of America Club are raising either Hampshire sows or gilts, and the club members have organized a Hampshire boar circle and recently bought a boar pig.

The twelve raising the Hampshires are Jim Hutchins, Lewis Cobb, Donald Masterson, Don Sweat, Gene Ewen, Gene Bailey, Earl Lyles, J. B. Richards, Edwin Zint, Allan Greer, and Hulen Clifton Jr.

The boar pig, bought last spring, has been named Marlene's Zephyr Flash. His sire, Supreme Flash, was owned by C. W. Harbour of Oklahoma City, and placed first at the national swine show at the Golden Gate Exposition in July of this year.

The sire also placed first at Kansas City. A litter mate of the club's boar placed first at Kansas City and third at San Francisco.

Bad Breath May Show You Need This Help!

Bad breath is sometimes due to bad teeth and often due to sluggish bowels.

It offends. And to neglect it may invite a host of constipation's other discomforts: headaches, biliousness, loss of appetite and energy. Don't let constipation slow you down. Take a little spicy, all vegetable BLACK-DRAUGHT tonight. In the morning there's an evacuation that's generally thorough. You feel fine again!

BLACK-DRAUGHT's principal ingredient is an "intestinal tonic-laxative." It helps impart tone to lazy bowel muscles. Millions of packages used yearly!

MOTHER GOOSE—A part of the gigantic parade in Memphis December 8 will be the Old Mother Goose float. Little Miss Mufflet, Red Riding Hood, the Jolly Old King, and other story-book characters will be represented. The parade will contain more than 150 people, and will have 60 units.

Car Lights O.K.? Better Check 'em, Warn Patrolmen

That the State Highway Department is tightening down on car owners who drive with faulty lights was assured this week by Patrolmen J. L. Pingenot and Sam Gardner of Childress.

The two patrolmen said Wednesday that motorists in this area would be given traffic tickets if their cars were found to have bad lights.

A much embarrassment and probably a great deal of trouble can be saved if each motorist will cooperate, the patrolmen pointed out.

Mrs. Bob Holland To Review Book

Mrs. Bob Holland of Childress, who has made one previous visit to Memphis when she reviewed "All This and Heaven Too" about a year ago, will make a return engagement in Memphis on December 9 to review the popular book "Red Lander" by Sigmund Byrd. This is a book dealing with East Texas and written by a Texan.

About 175 Memphis women heard Mrs. Holland on her first visit and they gave a very favorable report of her splendid review.

This book has been reviewed repeatedly during the last few months by Mrs. Openheimer of Dallas, besides others, and is considered one of the best sellers on the market.

This event is being sponsored by the West Ward Parent-Teacher Association. Tickets will be sold at popular prices.

Texas Weather
 Since the weather is the most widely discussed subject in all lands and languages, we Texas folks might boast a little about our very special brand of Texas sunshine we have been enjoying the past few weeks for the benefit of the out-of-state readers (it may come a blizzard before this reaches the press), but we could not wish for any finer weather. Some are wishing for a good hard freeze before they "kill hogs."

Church Announcements
 Rev. L. J. Crawford preached at his appointment in Dodson Sunday and Sunday night. At the Methodist Conference in Lubbock last week, Rev. G. F. Ivey was sent as assistant pastor to the Abilene First Methodist Church, and Rev. Alton Vaughn was sent here from near Olney. Rev. Vaughn and his family will move here some time this week.

John Rowell Breaks Ankle in Fall
 John Rowell suffered a broken ankle Monday afternoon as a rafter in his barn gave way when he was arranging feed in his barn. When the rafter gave way, Mr. Rowell fell on his ankle, was unable to get up or arouse anyone, but finally hobbled to the house. He was taken to a hospital and an X-ray picture made. The ankle bone was broken and badly bruised and several ligaments torn. He is able to walk on crutches at the present time.

Methodists Honor Pastor With Shower
 Members of the local Methodist congregation gathered at the parsonage Friday night to honor their pastor, Rev. G. F. Ivey, with a going-away shower. They awaited his arrival from the services in Memphis, and then presented him with socks, ties, handkerchiefs, quilts, pillow cases, and various other gifts. Home-made candy and popcorn were served to about 50 guests who left with many good wishes for the success of the pastor in his new charge.

Pie Supper at GYM Saturday Night
 The Senior class of the Esteline High School, of which a large percentage are Newlin students, sponsored a pie supper at the Newlin Gym Saturday night. Boxing matches were held during the first part of the evening between boys of eight and nine years of age. The "fly-weights" of 65 pounds were amusing, when, after swinging the gloves viciously for a few seconds, the contestants would become exhausted and would kick at their opponents. Their pummeling soon brought bloody noses and red welts, and we women who were witnessing the sport for the first time were not enjoying it too much. The sales of the boxing tickets netted a good sum for the treasury. Music was furnished by the Navarrette Guitar Trio.

Visitors
 Mr. and Mrs. W. H. Rowell were called to Amarillo last week due to the illness of their daughter, Mrs. B. Lehman, who underwent a major operation in an Amarillo hospital. Mrs. Lehman's condition is said to be improved. Mrs. Reid Moore and Mrs. Louisa Crabtree of Denison visited Archie Collins in Newlin Saturday. Then they went to Gammage to visit their cousin, Jess

Tommy Landers visited in Canyon last week-end.

Forestry Planting Crew Kept Busy

Local shelterbelt officials report that present contracts for shelter belts will keep the planting crew busy only until about January 10, and that many more contracts are needed to continue through the planting period, or until March or April.

About 25 men are engaged in this work, bringing that much extra money to this area and providing extra employment, it was stated.

Landowners desiring shelter belts are urged to contact the local officials.

Perkins Store Is Damaged by Fire

A fire, started by two children who were searching in the store-room of Perkins Furniture Store with the aid of matchlight, was extinguished in time for little damage to be done. The fire happened about 9 o'clock Monday night.

The two small Perkins children were using matches to aid them in finding some Christmas decorations when one of the matches ignited excelsior wrapped around unpacked dining chairs. Mrs. Perkins rushed to the back of the store, and threw water on the small blaze until the firemen reached the scene and extinguished the fire.

Boys 'Black Out' City With Airguns - Warning Given

It's a new kind of blackout in Memphis, even if the Hall County Electric Co-Op is working all hours of the day to prevent this in the county.

The new blackout, according to Ed McCreary, chief of police, is due to the "unkind" acts of some of the younger boys of the city. The boys, says Mr. McCreary, have been shooting out lights in allies downtown and on the streets throughout the city with their airguns.

There is no danger of air raids here, and Mr. McCreary would certainly appreciate the ceasing of the firing of the airguns—or something will have to be done, he says.

Rev. Willard South of South Chapel and Rev. Benedicta Zwischer of Canadian are in Memphis today (Thursday) visiting in the home of Mr. and Mrs. Lloyd N. Cagle.

Mrs. A. W. Howard visited her mother, Mrs. T. M. Rector, in Amarillo first of the week.

Mr. and Mrs. Sam J. Hamilton went to Dublin Wednesday to visit his mother and sister a few days.

J. C. Reeves visited his parents, Mr. and Mrs. R. C. Reeves, in Shamrock Sunday.

Judge Speaks at Rotarian Meeting

Judge M. O. Goodpasture was guest speaker at Rotary luncheon Tuesday. He discussed the work that has been done by the Hall County highway committee during the past two years, and the saving in taxes resulting therefrom.

More than sixty thousand dollars annually are now taken up by the state on the road bonds north of Red River in Hall County, or a saving to tax payers of this area of about 90 per cent, Goodpasture told the Rotarians.

RETURNS FROM VETERANS HOSPITAL; IS IMPROVED

Jerry Dalton returned to his home in Memphis last week after spending several months in veterans hospitals in Colorado and at Lincoln, Nebr., undergoing treatment.

Mr. Dalton is much improved in appearance and says he has gained some weight.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to loosen germ laden phlegm, increase secretion and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding that you are to like the way it quickly allays the cough or you are to have your money back. **CREOMULSION** for Coughs, Chest Colds, Bronchitis

Mrs. Barney Pool of Shamrock visited with her brother, Herschel Montgomery, in Memphis from Tuesday afternoon until Thursday morning.

HIGHLY PRAISED FOR BRONCHIAL COUGHS!

Immensely superior, a tremendous advance over more-ordinary remedies says Doctor.
 Spend 45 cents today at any good drug store for a bottle of Buckley's CANADIOL Mixture (triple acting). By far the largest selling cough medicine—for coughs due to colds or bronchial irritations—in all wintry Canada. Take a couple of doses—feel its quick, powerful, purgent action spread thru throat, head and bronchial tubes. It acts quickly—starts at once to loosen up thick, choking phlegm, soothe raw membranes—make breathing easier. Contains no sugar so can be used by diabetics. demonstrations of electricity at work in the home and on the farm will be set up on the old Canyon School site, located six miles east of Lubbock. The first demonstrations will begin at 7:30 Thursday evening, November 30. On Friday, December 1, the show starts at 1 o'clock in the afternoon and runs through the entire day with the final demonstrations concluded at about 10:30 at night.

Thousands of dollars worth of new equipment and appliances will be on display and working. These exhibits will be set up in cooperation with local dealers and distributors in the counties served by the South Plains Electric Cooperative, Inc. All types of equipment will be shown. The farm homemaker will see appliances used to lighten the drudgery of keeping house. The farmer will have an opportunity to look at and to see the electric-powered feed grinders, ensilage cutters, hay choppers, water pumps, portable motors, and other devices and equipment making farm work easier, faster and more economical.

Electricity on the farm has to pay its way, and the appliances and equipment to be seen at the show will be working so that farmers and their wives may judge for themselves just what electricity can do for them. Alvis Yarbrough, local project superintendent, pointed out this week.

Cooperating in the show are numerous national manufacturers whose latest equipment is traveling with the REA tour in auto and truck trailers. From 10 to 15 of these moving exhibits will be placed on the midway. A half dozen makes of water pumps have pumped untold thousands of gallons of water as the demonstration tour has moved, since early July, through Michigan, Ohio, Indiana, Illinois, Missouri, and Kansas. More than 100,000 farm people have seen the displays and exhibits and have seen electricity at work.

The board of directors of the Hall County Electric Cooperative urge that all members accept the invitation and attend the demonstrations.

Farmers Told of Benefits Accrued

As federal agencies begin putting into effect plans which were drafted at the request of the President to meet emergencies caused by the drought that covers large sections of the United States, attention is again directed to the benefits which accrue from trench silos.

In years of low yields farmers who have a plentiful supply of feed on hand are in better position to care for their livestock and maintain their regular operations. Trench silos offer one of the most economical and practical storage places for farmers who desire to keep one or more years' supply of feed on hand, according to Robert C. Land, local FSA supervisor.

In studying the present drought situation which is becoming severe in many parts of the Southern Great Plains, L. H. Hauter, regional director of the Farm Security Administration, said that farmers who have feed reserves carried over from last year, in most instances will be the last to need assistance in the present emergency.

When advancing loans to farmers, the FSA encourages the construction of trench silos where possible, or some similar economical and adequate storage facility for feed reserve.

Mr. Hauter cited a survey conducted by the FSA which shows that 50 per cent of the borrowers in Region 12 have adequate feed storage space. In one county alone, 52 per cent of the borrowers have trench silos. The number of trench silos on farms, as a whole, is increasing rapidly each year.

Forestry Service Man Gets Sold on His Own Business by County Farmer

When a Forest Service officer extolls the virtues of trees to a farmer and tells him how well properly cared for trees can grow in Hall County, that isn't news. But when the positions are reversed with the forester becoming even further sold on trees, that is worth hearing about.

This happened however, when J. E. Cooper, farmer, and Rex Stickstill of the Forest Service got together on the question of reforestation. Mr. Cooper told of his early farmstead plantings and his painstaking efforts to nurse the seedlings into vigorous trees. The few failures he did have attributed to the difficulty of planting rather large stock without injuring the root system and the fact that some guesswork was necessary in the selection of species. He was especially proud of one cottonwood, 35 feet tall, 4 feet in circumference and only 14 years old.

However the farmer had two objections to government planted shelterbelts; first, his farm is only 90 acres and he didn't feel like giving up enough land for a ten row belt and, second, he was a bit skeptical of the choice of species that the Forest Service would make.

Mr. Stockstill answered the first objection by pointing out that the Forest Service doesn't want more than 7 per cent of the acreage of any farm in shelterbelts, and that special plans could be worked up for small farms. As for the second objection, the species recommended by Mr. Stockstill, on the basis of soil type were the very ones with which Mr. Cooper had had most success in his earlier plantings. The forester also said that the stock used in planting would be one year seedlings whose roots suffer negligible injury in transplanting when handled properly.

AAA Field Man Talks to Teachers

Twenty home-making teachers met with Miss Gladys Armstrong, home-making supervisor, in the Memphis Homemaking Department Saturday, November 18. The meeting was called by Miss Armstrong in order to acquaint these teachers with the AAA program in this state.

Bill Dryden, AAA field man, explained how home-making teachers could make use of the AAA program in their work.

Teachers who attended were Miss Franklin and Miss Berry, Childress; Mrs. Mary Vandiver, Wellington; Miss Maurice Berry, Clarendon; Miss Alice Strawn, Quail; Mrs. Lulu Dunlap, Lakeview; Miss Shirley Turk, Turkey; Miss Zona Faulkner, Matador;

Miss Fannie Rees, Floydada; Mrs. Adeline Kirk, Flomot; Miss Rachel Deahl, Memphis; Florence Rice, Roaring Springs; Miss Jessie Lee Davis, Silvertown; Mrs. Brock Coleman, Samnorwood; Miss Helen White, Dodson; Miss Elnora Merritt, Shamrock; Miss Ruth Eaves, Carey; Mrs. Blanche Davis, Estelline; Miss Faye Crossland, McLean.

Two Like Things

Douglas Meador in the Matador Tribune: It requires but a short amount of time to fell a tree or a man's character, and a corresponding measure of duration is needed to replace them.

The Answer at Last

Randall Abernathy in the Childress County News: We shouldn't be surprised to learn that the turkey interests sparked the Thanksgiving Day controversy. As a result of FDR's calendar jumbling, more turkey will be consumed this November than during any month since the Indians and the Pilgrims buried the hatchet in each other.

Thanksgiving

What more can we be thankful for at this season of Thanksgiving than that we live in a land of peace, where the cannon roar is not heard and where the fields are furrowed with plows instead of the feet of marching soldiers. These blessings are ours only because during the 318 years of permanent colonization on this continent stalwart, God-fearing men and women have fought honestly for homes, for a place to live and die and to worship God after the dictates of their own hearts. It is to these Pilgrims and to the generations that followed after them that we owe the inspiration of Thanksgiving. We thank God for their lives and for the peace and plenty that abounds in our land today.

NOW WE CAN OFFER YOU A REAL PROTECTION---A COMPLETE BURIAL POLICY OF OUTSTANDING VALUE!

READ EVERY WORD OF THIS AD CAREFULLY--IT WILL PRESENT TO YOU THE OPPORTUNITY OF A LIFETIME TO BUY CERTAIN PROTECTION FROM A HOME-OWNED AND OPERATED BUSINESS.

When we decided to offer a protective burial policy to the people of Memphis and to the people of the Memphis trade territory, we had uppermost in our minds the principals on which we have conducted our business for the past quarter of a century--to render a service, to render it in the very best way that is possible, and to render it at a minimum cost to our friends and customers.

The policy that we offer you is compiled from a careful study of similar policies offered throughout the United States, taking the best features found and incorporating them in our own. We feel that there is a need for such a burial policy in this community and we feel that it should be offered at the lowest prices possible and yet render a service that is worthy of the precedent established by King twenty-five years ago. With this fact in mind, we have placed the lowest possible rate on this service that we can. We would like for you to read the rate card elsewhere in this ad and also read just what you can get under the different classes of funeral service offered. We think you will agree that such quality has never before been offered for such a low price.

Here is what we offer in the way of funeral service:

CLASS A--\$150.00 Funeral—Under this classification we will furnish a cypress or redwood casket, size 6-3, with a hinge cap of English Crepe, plain moleskin, velour, or figured lamb skin, with P & L or rayon twill, art silk, crepe or satin, metal handles, complete with box. We will care for and prepare the body for burial, including the services of a licensed embalmer and funeral director. We will provide the funeral car or hearse, the grave equipment and the grave lining.

CLASS B--\$100.00 Funeral—A cypress or redwood casket will be supplied, size 6-3, semi-flat of English crepe, with P & L of rayon or embossed art silk with metal handles complete with box. The body will be cared for and prepared for burial, including the services of a licensed embalmer and funeral director. Funeral car or hearse will also be supplied as will the grave equipment and grave lining.

CLASS C--\$50.00 Funeral—The group is especially designed for children and includes a child's cypress or redwood casket, size to suit, of silk plush, shirred or crushed twill inside and out, metal handles, complete and boxed. This service also includes the care and preparation of the body for burial with the services of a licensed embalmer. Funeral car or hearse, grave equipment and grave lining are also included.

These policies are issued to cover individuals or family groups. You may insure your whole family in this manner if you so desire and at minimum cost.

LOOK!!

AT THESE FEATURES

- 1 A complete funeral offered to you in three price groups so you may select the one suited to your needs.
- 2 Lower rates than ever offered before with a long period of grace (25 days) and a reinstatement at issue rates within 90 days.
- 3 Funeral car or hearse service within 100 miles of Memphis for transporting the body for services or interment.
- 4 This policy is issued also in family groups, so the entire family may enjoy equal protection and at a minimum cost.
- 5 It is worth its face value on a higher priced funeral if such is so desired by the members of the family or the beneficiary.
- 6 It is protection against plunging your family or yourself into unwanted debt or being stripped of all ready cash in case of the death of a loved one.
- 7 You may keep your insurance, life or other types of benefit, as an estate. We will assume full responsibility for your burial and your loved ones will have your life insurance intact.
- 8 We are a reputable firm, having worked, lived, and successfully operated in this community for 25 years. We feel that it is an honor to be privileged to offer this service to you.

*Class A--\$150.00 Funeral.
**Class B--\$100.00 Funeral.
***Class C--\$ 50.00 Funeral.

Funeral services will be conducted in accordance with the religious and social customs of the community, absolutely be of the same high type as funeral services conducted for others than members of the association. Prices will not be padded on any merchandise or service and all merchandise of equal price class will be available in making a selection.

In the event that a higher priced funeral is wanted this policy will be accepted at its face value if desired members of the family and the beneficiary. In the event that death comes to the insured away from Memphis the King Burial Association does not deem it wise to make a trip to the place of death for funeral purposes we will surrender in cash the face value of the policy.

This policy also provides for funeral car or hearse service to any point within 100 miles for transportation for services or interment.

After this policy has been in effect for two years it is incontestable for any cause, except non-payment of assessments. If the policy should lapse due to non-payment of dues it will be in full force and effect for 90 days, and may be reinstated at rates current at issue within 90 days of its lapse.

So you can see the many features that this policy affords. We are a home concern, home-owned and operated and tried and tested through a quarter of a century of unflinching service to this community. We are happy to have the confidence you will express in us and our ability when you take one of these policies. Contact us today, our Telephone is 222, or come in person and we will be glad to go over the matter with you and you just the kind of service you want at far less cost than you expected to pay for like service.

Protect yourself and your loved ones against sudden and unwanted debt, of being stripped of all your ready cash to pay funeral expenses. If you are already carrying regular life insurance, or other insurance benefits, all means take one of these policies and leave your insurance to your family and loved ones as an estate. We help them readjust themselves to life without you. We are ready and willing to assume the responsibility of your funeral or the funeral of any member of your family. We conduct it in a very best way possible with the full facilities of our modern funeral home for only a few dollars each quarter.

Investigate today! This is YOUR OPPORTUNITY to give you and your family ample protection against sudden and heavy expense at the time of the death of loved ones!

WEST WARD — JUNIOR HIGH AND HIGH SCHOOL ACTIVITIES

REPORTS ON ACADEMIC, ATHLETIC AND EXTRA-CURRICULA ENDEAVORS

Madrigal Club Completing Work on Cantata, 'Babe of Bethlehem'

The Madrigal Club of Memphis High School is completing the work on "The Babe of Bethlehem," cantata to be presented during the Christmas season. Bernard Hambley, well known composer, wrote the music and words for the cantata. The story is divided into 12 parts and the text follows closely the story as told in the Bible.

The contents of the cantata are as follows: Pastorale and chorus, "Through the Night," "And the Angel Said," "Glory to God," "Now When Jesus was Born," "Far Across the Desert Sands," "And Lo, the Star," "O'er Bethlehem City," "And They Came with Haste," "In a Humble Cattle-shed," "And They Fell Down and Worshipped Him," "Gifts for Lord Jesus," "And Being Warned of God," "Princes Thru, Their Mission Done," "Once Again the Bells are Ringing."

The following girls will sing in the concert: Lavern Adeock, Laverne Archer, Frances Clark, Neysanelle Coursey, Norma Ruth Crow, Dorothy Dewlin, Juanella Evans, Lois Hamilton, Ruthie Johnson, Billie Lofland, Genevieve McCool, Geneva Melton, Muffett Merrell, Cassandra Morris, Naomi Morrison, Margaret Russell, Polly Ann Saunders, Dorothy Gene Shuhan, Jane Tarver, Peggy George Walker, Joy Wisdom and Addie Mae Woodall. Miss Mary Helen Hardin will direct the cantata.

PEP RALLIES HELD

Two pep rallies were held Thursday before the Lakeview-Memphis football game. The student body and faculty members were divided into sections representing positions on the teams. Coaches Murphy and Dees made pep talks, and members of the team were introduced and each student showed his appreciation for the team.

Lois Waggoner of Clarendon was a Memphis visitor Sunday. Evans Roberts, who is attending Texas Tech at Lubbock, visited his parents, Mr. and Mrs. E. E. Roberts, last week-end.

Rev. Ivey Talks to West Ward Pupils

Rev. E. C. Cargill, pastor of the First Presbyterian Church, and Rev. G. F. Ivey, evangelist song director of the union meeting, spoke to the children and faculty of West Ward school Thursday morning.

The theme for the Rev. Ivey's talk was based on "What-so-ever you do in word or in deed, do all in the name of Jesus."

A talk on "Birds" in which he imitated the songs of many birds in their exact tunes also proved interesting to the students and teachers.

Senior Football Men Are Honored

Senior members of the Cyclone football team were honored Friday morning in assembly. Captain Joe Crump responded to the tribute with a short talk.

Senior football boys are Joe Crump, J. C. McClure, L. F. Jones, Cecil Evans, L. A. Lester, Isadore Hardin, James Fultz, John Clark, Orville Jones, and Merle Padgett.

5 Delegates Go to State PTA Meet

Five P.-T. A. delegates went by bus to Galveston to the state P.-T. A. convention opening November 21 and lasting through November 23.

The delegates went on a chartered bus, leaving Memphis at 4:30 o'clock. Those attending the convention were Mrs. Allie D. Weaver, Mrs. D. L. C. Kinard, Mrs. H. B. Gilmore, Mrs. D. J. Morgensen, and W. C. Davis.

Our Public School Teachers In our public schools are 32 well-trained teachers in service who have received their bachelors degrees or are working on them. Our teachers' education never ceases, for they are continually spending their savings to further educate themselves by traveling, studying, going to school, making intellectual and social contacts, and receiving inspirations through attending professional conventions; therefore our teachers neither have, nor expect to have, material wealth.

They are constantly reaching out for new materials and ideas, using some and casting some aside, with the thought in their minds to inspire your child toward achieving a better education.

"Build-Up": Way to Ease Women's Pain

Many weak, run-down women are in a vicious circle. Their under-nourishment often leads to what is called functional dysmenorrhoea and its symptoms—headaches, nervousness, irritability, intermittent cramp-like pains—from which many women suffer. Surest way to break the vicious circle is by building strength and energy, which so many find may be done with the help of CARDUI. It stimulates appetite, aids digestion, and thus helps in this "build-up" of physical resistance. Women also report that, if taken just before and during "the time," CARDUI helps to ease the pain and discomfort of the period.

Hi-Y Votes to Hold Recreation Nights

A Hi-Y meeting was held Tuesday, November 14, to plan programs for the future. The Hi-Y boys agreed to have recreation night once every month.

Those present for the Hi-Y meeting Tuesday night were Lois Kerr, Louie Grimes, Hubert Jones, John F. Ivy, J. W. Harrison, Lloyd Hicks, L. F. Jones, Isadore Hardin, Orville Jones, Jack Miller, Robert Williams, Leo Hendrickson, Dick Benton and Floyd Melton.

Officers of the Hi-Y are: President, Lois Kerr; vice president, Isadore Hardin; secretary, Lloyd Hicks; treasurer, L. F. Jones; reporter, Louie Grimes; and sergeant-at-arms, Floyd Melton. Robert F. Devin is sponsor.

BRICE

Mrs. W. E. Davis was surprised Tuesday, November 14, with a birthday dinner. Those taking covered dishes were Mrs. M. L. Pittman, Mrs. Zack Salmon, Mrs. Starr Johnson, Mrs. C. J. Holland, Mrs. Hurlie Moreman, Mrs. G. R. Dickson, Mrs. D. T. Smallwood and daughter Mayme.

Mr. and Mrs. Jess Tate, Mrs. O. E. Wilson of Amarillo, and Dollie Wilson of Clarendon visited their parents, Mr. and Mrs. W. H. Tate, last week.

Starr Johnson left Tuesday for Colorado for a deer hunt. Here's hoping Starr brings back the venison.

Raelk McCray and Darleen Salmon, and Zackie Salmon of Clarendon visited home folks over the week-end.

Short Gibson and Mary Gibson visited in Clarendon Sunday evening.

J. M. Johnston and wife were called to Amarillo Friday to be at the bedside of a daughter, Mrs. Maggie Wood, who was to undergo an operation Saturday.

The Brice "42" Club met with Mr. and Mrs. Elmer Cheek Saturday night. Everyone reported a nice time.

T. J. Tice and family of Martin were dinner guests of Edwin Murff and family Sunday.

Freddie Starr Johnson came down Friday from Amarillo to visit for a few days.

Mrs. W. C. Rexrode spent Sunday with Mrs. W. E. Shepherd.

R. L. Finchum and family spent the week-end with Mr. and Mrs. Tom Finchum at Chamberlain.

Mr. and Mrs. Boyd Dickson spent Sunday with Mrs. Dickson's parents at Chamberlain.

Mrs. Demel Gillespie and small daughter of Turkey are over for a few days visit in the J. H. Gillespie home.

Posters Displayed By Grade Pupils

Pupils of the sixth and seventh grades have recently been illustrating selections which they have memorized. Last week these posters were placed on display in the Language Arts room and three of the High School teachers judged them.

In the sixth grade first place was given to Rayburn Jones for his illustration of "Trees." Second place went to Priscilla Mueller

for her illustration of "The Landing of the Pilgrims." Third place was given to Arnold Lampman for his illustration of "In Flanders Field."

Those judged best in the seventh grade and their illustrations were: First place, Vocelene Richie—Parefoot Boy; second, Melva Lou Jameson—Aladdin; third, Florene Tull—The Singing Leaves.

PEDESTRIANS AND MOTOR TRAFFIC Don't mix - let's have SIDEWALKS FOR SAFETY

When bad weather drives children and grown-ups off muddy footpaths and into the street, danger results. Pedestrians have no place in the path of fast-flowing motor traffic—but they'll go there unless your community has good sidewalks.

Here's one safety problem that is up to YOU. Why not get together with your neighbors and your officials and talk the matter over. Concrete walks don't cost a great deal. And besides saving lives they'll give you years of convenience and comfort, and permanently lift up your neighborhood.

POLITICAL BASEBALL

IN AN ADDRESS last week at the laying of the cornerstone of the Thomas Jefferson Memorial, President Roosevelt made an offhand statement which caused another flurry of "wonderings" about the question of his running for a third term.

"This is the second occasion on which I have had the privilege of coming in an official capacity to this site," the president said, "and I hope by January, 1941, I shall be able to come to the final dedication of the memorial itself."

Since Roosevelt's present term expires on the 20th of January of 1941, and the dedication is scheduled for that month, many observers believe the president meant by the statement that he would carry out a hope previously expressed—retirement from public life on that date. If the statement was meant to be taken in that light, it means, of course, that the president will not run again.

Nevertheless, the third term question is still unanswered.

While the question is still unanswered, Roosevelt's reign as head man of the U. S. government may be likened to a baseball game.

In the campaign in 1932, the Democratic party, with the president batting, scored a home run . . . putting in power Roosevelt and as his aides, a majority of both the House and the Senate. Then again in 1936, the Democrats got a good base hit, possibly good for three bases . . . Roosevelt was again elected overwhelmingly, and the Democratic party remained in power in the House and Senate, although not so much in the majority as in 1932.

Since 1936, Roosevelt has been at bat, but has hit no home runs. A couple of foul balls, maybe more, have made the sledding a little harder for the president.

One of those fouls, and perhaps the most important, has been the enormous spending program advocated and put into practice by the president. Not so much good as was anticipated has come of the enormous spending, and the government keeps getting further and further in debt. People throughout the U. S. are beginning to wonder how the money is to be paid back . . . how much longer will the government be able to borrow money. This definitely is proving to be a strike against Roosevelt.

Another foul was recently called against the president when he scoffed at the report of "anti-Americanism" Dies, who reported hundreds of "isms" prevalent among government employees. Just what will come of this is not definitely settled.

Roosevelt and his administration have also received a few called balls in this game of baseball. First of all is his oratorical ability, always to be considered in his possibilities of being elected.

Then the new war in Europe came along, and many expressed their hesitation in "changing horses in midstream." For a while it appeared that the whole question of the third term would be shoved into the background by the war, the sinking of the Athenia, and finally the question of the embargo repeal. But those questions are fading away and the third term question is coming back.

Meanwhile the opposing team, the Republican party, is playing its best game . . . something on the order of a former president, "watchful waiting."

Further application of the baseball tactics result in several questions. Will Roosevelt try again and go out on his third strike? Will he give up the idea of hitting another home run, and retire from the game? Will something else come up and the third strike be called on him before he makes up his mind on whether to run again? Or will the fourth ball be thrown, and Roosevelt "walk" into the office again?

SURVIVAL OF REVIVAL

THE UNION REVIVAL closed Sunday with more than 200 responding to the call of the evangelist, Dr. James Rayburn. This shows, of course, that the revival was a success, at least during the time it was being held.

Several people have been wondering whether the good results of the revival will continue, now that the meeting is over. Let's hope for a permanent survival of the revival.

CULLED FROM THE DEMOCRAT'S EXCHANGES

Quite a Blowout
Semi-Weekly Farm News: New York, Nov. 15.—Thomas J. Henehan, 26, a housepainter, was held on an arson charge after an explosion wrecked his father's home. Police said Henehan admitted blowing up the house when he learned his brother and sister-in-law were planning to move in to live with them.

On the Quiet
The Paducah Post: Here's a juicy morsel for former Texas Tech students: Ed Joiner, editor of the Texas Tech Treador, college newspaper, has been ousted by the administrative council; and a new student editor has been named. Joiner's dismissal came after a story appeared in the newspaper to the effect that the college dean had received a majority in a poll to determine the "faculty horse's neck." Not one word of this has been published in any newspaper, not even the Treador or the Lubbock Avalanche-Journal. We also understand that Tech students are up in the air about the change, and that drastic steps will be taken unless Joiner is reinstated within a week. This, by the way, is strictly confidential and mustn't be repeated.

Another Reason
From the proclamation of the Mayor of Floydada in the Floyd County Hesperian: Whereas it is our firm belief that Floyd County's 1939 crop of turkeys should

be permitted to enjoy their full life expectancy and be allowed sufficient time to be in top condition for the festive board . . . (He chose November 30.)

"Cracks" in the Chillicothe Valley News: War is becoming an actuality—England has started calling the Germans "Huns."

Pretty Snoozy
"Temple of Truth" in the Donley County Leader: I sneezed a sneeze into the air; it fell to the ground. I know not where; But hard and cold were the looks of those in whose vicinity I snoze.

Unquote:
In sneezing you were most unfair; And when you next sneeze beware; Just hold your kerchief To your mouth and nose, And then you'll know where you snoze.

He Didn't Know
The McLean News: The other day a merchant in a nearby town saw a farmer receiving goods at the station from a mail order house. The goods were in his line, and the same he had carried in his store for years. He approached the farmer and said, "I could have sold you ever article you have there for less money than you paid that Chicago house, and saved you the freight besides." "Then why on earth didn't you say so?" asked the farmer. "I have taken the local paper for years and have never seen a line about your selling these goods. The Chicago house sent advertising matter to me, asking for my trade, and they got it."

Ministering to Human Needs

The International Uniform Sunday School Lesson for Nov. 26.

Text: Matthew 8:14-27

JESUS is presented in the works of the Messiah as a great healer, as always working to relieve the suffering of his fellow men.

That Jesus should have worked miracles of healing is not strange. The mysteries of spiritual healing have not as yet by any means been solved; but if there is much in that field to confront the too credulous, there is also a great deal to confound the skeptical.

If the reader is interested in these things, he can find great evidence of what is suggested here in two books by John Mailard, "Healing in the Name of Jesus" and "Miracles of Faith," in which he tells of what a modern minister, a man of unselfish purpose and very devout faith, has done in the name of Jesus in this ministry of healing.

BUT it is important to notice that just when the fame of His healing had brought great multitudes around Him, instead of carrying on that ministry of healing, Jesus gave commandment to His disciples to go to the other side of the lake. The mission of Jesus was not for the healing of men's bodies but for the cure of their souls, and Jesus was always anxious to maintain the major purpose of His mission. While He performed remarkable acts of healing, He disparaged these in comparison with the higher work that He had to perform in restoring men's souls and bringing

abundance of life to those whose lives were frustrated or shattered.

The secret of the power of Jesus to heal both soul and body is revealed in a portion of this lesson. It was in the completeness of His own sacrifice and unselfishness. He had given up everything for the sake of His ministry. When one of the scribes came and impulsively hailed Him as a teacher, assuring Him that he would follow Him wherever He went, Jesus replied in the famous words, "The foxes have holes, and the birds of the heaven have nests; but the Son of man hath not where to lay his head."

WHEN another disciple, wishing to follow Him, spoke first of going to bury his father, Jesus replied in words somewhat more difficult to understand, "Follow me; and leave the dead to bury their own dead." Whatever these words may mean, they indicate the complete consecration of the Master and the true disciple to the ministry of love and service.

The lesson closes with the dramatic picture of the disciples at sea, stricken by a great tempest while the Master was asleep, probably greatly wearied by His contact with the multitudes. Here again the greatness of the Master was revealed as the sea calmed at His word. The disciples marveled, saying, "What manner of man is this, that even the winds and sea obey him?" And men marvel still, as they always will, as they read the wonderful story of the Christ.

is a city of legends, traditions, memories and ghosts.

This and that: From Harry Hines, genial State Highway Commissioner, a gold highway courtesy card has just been received. A new national magazine has made its appearance. "Drilling" is published in Dallas and the editor is Ted W. Mayborn, formerly of Temple. The publication appeals especially to drilling contractors, drillers and tool-dressers. What could be more enjoyable than a chicken barbecue at the home of a friend? The question was prompted by such an occasion in Cisco where N. D. Gallagher, oil operator, has a pit in the backyard. This chronicler ate an entire barbecued chicken and then a half—which probably is a world's record.

Another Texan has emerged into national prominence. "Time" last week published a picture of Jerry Sadler and a two-column article which characterized the State Railroad Commissioner as a "snuff-dippin', vote-gettin' man," and quoted from a speech in which he said: "Smoke is the ghost of tobacco; chewing tobacco is the body but snuff is the soul of nicotine—the mark of men with hair on their chests and women who raise breast-fed babies that make the nation's statesmen and soldiers."

You've heard of "salted" gold mines but did you ever hear of a salted oil well?

Mayor Hall Walker of Ranger tells an amusing story of one.

The first test drilled at Ranger was on the Walker farm and young Hall worked on the well, at first as a roustabout and then as a tool-dresser.

Out of respect for religious considerations in the little town, no drilling was done on Sunday. So, one Sunday afternoon, an idea for a joke occurred to Walker. Fuel oil was being used to fire the boiler and Walker dipped a rag in this oil, then dropped it in the hole. Next day, when the bailer was run, a "rainbow" appeared on the slush-pit. News spread that the well had hit a showing of oil and Walker chuckled until he heard that men were getting ready to pay real money for leases. He decided the joke was going too far, so he told what the "rainbow" really was. As things turned out, the test

hit a heavy flow of oil well.

A favorite story: A man who had a nag at the nearby settlement small boy ran up and asked, "Ain't you goin' to the school house?" "No, I ain't," answered the man. "Ain't you goin' to the school house?" "No, I ain't," answered the man. "Ain't you goin' to the school house?" "No, I ain't," answered the man.

1621-Thanksgiving Day-1939

May the deeper meaning of Thanksgiving be impressed on us in perilous times as these and may we be thankful for peace.

CHARLIE & ALMA'S CAFE

We are Thankful for peace and a nation that remains neutral while others are warring.

POTTS CHEVROLET CO.

We are thankful for the year just past and for the blessings that it has brought, and may the coming year bring us blessings, peace and happiness.

BILL SMITH THE FRIENDLY BARBER

The years have taught us the value of permanency. May this Thanksgiving be the beginning of the era of permanent peace.

DURHAM-JONES PHARMACY

The season of Thanksgiving is one of happiness and reverence! May we be grateful to a kind and all-wise God for life and liberty.

HIGHLAND MERCANTILE
J. L. Barnes

May the same spirit that caused the Pilgrims of 1621 to kneel in Thanksgiving, be in us this Thanksgiving Day

ALLEN HARP

Each passing year at Thanksgiving we observe the holiday to cement its reason more firmly in our hearts.

R. H. WHERRY JEWELER

With a gun on his shoulder, a Bible in his hand and thanksgiving in his heart, the first settler of our nation went to the first Thanksgiving service more than three centuries ago. Today, with peace and security around us, we find it a great privilege to observe a day of Thanksgiving, in a land of peace and plenty. May the passing years find us continually at peace and always grateful to a kind and all-wise God for such blessings.

FIRST NATIONAL BANK

Time has taught us the value of tradition—so on Thanksgiving we express our gratitude for a year of blessing and peace.

WEATHERBY'S FEED & STORAGE

J. C. WOOLDRIDGE

E. E. Roberts, Mgr.

At the end of the harvest season we are thankful for the blessings of the past year, and voice our hope that peace will remain in our nation.

B. & B. BAKERY

This Thanksgiving marks the 318th year of New World tradition. May we ever be Thankful for such a day and such a season.

As the Pilgrims of 1621 knelt in prayer on the first Thanksgiving Day, 318 years ago, they knew of the perilous times ahead. But, they were none-the-less grateful for the blessings of the past—thankful for liberty, for peace, and for the right to worship God according to the dictates of their own hearts. Today, because of their efforts, we enjoy greater liberty, a greater peace, and the boon of religious freedom. On this Thanksgiving Day, more than three centuries later, we should be doubly thankful for these blessings and thankful for the lives of the stalwart men and women that made this blessing a reality.

MEMPHIS COMPRESS CO.
M. C. ALLEN, Mgr.

In a day specifically set aside for Thanksgiving, may we be grateful for the blessing of peace in our own nation.

BULLARD DRY CLEANERS

We are thankful for blessings of the past and hopeful that the coming year will provide for our needs.

GEO. R. CULLEN CONOCO AGENT

On the day set apart for Thanksgiving . . . we devote it to reverence and feasting, in thankfulness for peace.

TARVER'S PHARMACY

May the tomorrow with it Peace to a torn world, and may we be thankful today for many blessings that ours.
