## Final Plans Of Poultry Show Set This Week

A meeting of directors of the Hall County Poultry Association was held in the office of the Chamber of Commerce here this week to perfect plans for the poultry show that is to be held here December 14, 15, and 16.

Present were E. M. Ewen, Memphis, president; Dr. H. Gilmore, Turkey; Walter Labay, Estelline; Roy Dunlap, Lakeview; Charlie Williams, Salisbury; R. W. Carlton, and F. V. Clark, Memphis.

The site of the poultry show was decided on as the building occupied by the City Feed Store on Noel street. Coops will be placed and the interior will be arranged on Friday, Dec. 11. R. B. Gallo-way of Amarillo has been selected as the judge.

It is expected that fully 300 birds will be entered. Two hundred were entered in the show last year. Programs will be printed and distributed to the public immediately.

### Cattle Being Fed For Early Market

Dick Hutcherson of Salisbury, Bill Kesterson of near Newlin, and D. A. Neeley of near Friendship are feeding out fair-sized herds of coming one-year White Face cattle for early markets, it is reported.

## Giant Terracing Program Started For Hall County

James A. Jackson, former Hall County agricultural agent and now associate conservationist of Amarillo, Soil Conservation Service, was in Memphis last week conferring with Memphis SCS officials and farmers of the Turkey vicinity, working out a plan whereby the farmers of that sector might take advantage of the governmental agricultural agencies and have their farm lands terraced at a low cost.

Mr. Jackson, R. E. L. Pattillo, county farm agent; E. McBride, superintendent of the Memphis SCS camp; and J. C. Ebersele, agronomist of the local SCS camp, spent two days in Turkey aligning the farmers of that vicinity with the aid of John Sharp and the Turkey agricultural association in a terracing program.

Final arrangements were completed whereby the county furnishes a tractor, the SCS furnishes the labor.

### COUNTY SCHOOLS PUSH PROJECTS

#### New Teacherage Planned For Salisbury And Eli; Campus At Newlin To Be Worked

New teacherages may be constructed at Eli and at Salisbury, and grounds will be landscaped and outbuildings constructed at Eli, Salisbury, and Newlin if proposed projects are approved by the Works Progress Administration, according to Miss Vera Topp Gilreath, county superintendent of public instruction.

The Newlin project is for approximately \$3,000. Each of the other two projects call for expenditures of approximately \$4,500 each.

On each project the school would furnish part of the materials and the Works Progress Administration would furnish a part of the labor and a part of the materials for the work to be done.

The plans have been approved by the district WPA headquarters in Lubbock and have been sent to Washington for final action.

### Memphis Church To Call People To Meet By Bell

Many citizens of Memphis were astonished last Sunday morning to hear the chiming of church bells, almost a forgotten sound hereabouts.

The bell of the Memphis First Christian Church has now been equipped with a new bell and the bell was rung for the first time Sunday morning to announce the approach of Sunday School and church services.

Thirty-four inches in diameter and weighing 500 pounds, the bell chimes forth soft, mellow tones. The bell is the first that has been tolled in Memphis since the old school bells called the children to classes years ago.

Hayes O. Luna, First Christian Church pastor, has announced that the bell will be rung one hour before the regular Sunday and Wednesday services and 15 minutes before Sunday School.

The bell will also be tolled on special occasions and as a requiem for the dead.

### COTTON GINNING IS 12,900 BALES

#### Gain Is Noted To Date Over Year Ago, But 1936 Crop Is Almost Gathered

Reports from the Department of Commerce, Bureau of the Census, Washington, show that there were 12,886 bales of cotton ginned in Hall County from the crop of 1936 prior to Nov. 14, as compared with 12,155 bales ginned to Nov. 14, 1935.

The data were gathered by C. Lee Rushing, special agent for the Bureau of the Census.

Cotton ginnings for the 1936 season prior to Nov. 14 are as follows, with quantities in running bales, counting round bales as half bales and excluding linters:

County	1936	1935
Briscoe	1,825	3,578
Childress	5,231	9,604
Donley	7,192	4,825
Collingsworth	6,703	9,721
Hall	12,886	12,155

The total for the state up to Nov. 14 this year was 2,536,876, as compared with 2,061,482 to the same date a year ago.

The foregoing figures belie the actual cotton crop of this section.

### BRICE BONDS TO BE REFINANCED

#### Will Save \$200 On Interest Each Year; New Building Project Is Proposed

Application for refunding the bond issue of the Brice Common School District No. 12 has been accepted by the State Permanent School Fund, and the taxpayers of the Brice district will thereby save approximately \$200 in interest on the bonds each year.

The amount now outstanding on the bonds is \$10,500, as three of the \$500 bonds were paid to the original owners of the issue, the A. C. Hughes Estate, Denver.

The Hall County Commissioners Court met in called session here Wednesday of this week and passed an order authorizing the issuance of refunding bonds.

Numbering from one to 42 inclusive, the newly refinanced bonds are serial bonds in \$250 denominations each. The interest rate that will apply now is four per cent, whereas the interest under the original issue was six per cent.

Plans have been drawn up to

## ED McCREARY IS NEW CITY POLICE CHIEF

### Appointed By Council Following Death of W. C. Huddleston

Ed McCreary, Memphis barber, was appointed Chief of Police and City Fire Marshal of Memphis at a called session of the City Council last week, according to D. L. C. Kinard, city secretary.

McCreary was elected to succeed W. C. (Bill) Huddleston, deceased. Mr. McCreary began his duties immediately after appointment. He has been a barber here for the past 16 years.

Clinton Siegler of Lakeview has been employed at the South Side Barber Shop to fill the place left vacant by Mr. McCreary. C. W. McCool, proprietor, said Mr. Siegler is married and has two children. He has been in the barber business in Lakeview for the past eight or ten years.

## ILLNESS FATAL WEDNESDAY TO DR. R. T. LEE

### Local Veterinarian Had Practiced In Area For Years

Dr. Ralph T. Lee, 48 years of age, died at his home, 1315 Bradford street, here Wednesday afternoon at 2:30 o'clock of a throat infection. Dr. Lee was well known over this section as a veterinarian.

Funeral services for Dr. Lee were conducted at 3 o'clock Thursday afternoon from the Memphis First Baptist Church, with Dr. L. D. Mitchell, pastor of the Dalhart First Baptist Church, officiating.

Interment was made in Fairview Cemetery here with King's Mortuary directing. Pallbearers were Mac Tarver, C. C. Meacham, A. G. Kesterson, W. W. Williamson, Andrew Womack, Forrest McCrary, George Greenhaw, and O. B. Jones. Flowers were in charge of the funeral directors.

Dr. Lee was born in Alabama

### VICINITY GETS .16 INCH RAIN

Rain totaling .16 inches fell in Memphis the first part of this week, accompanied by a mild cold spell.

Although the rain was light, it will aid wheat considerably, it is believed. Several hundred acres of wheat have been planted in this section this year to be used for grazing purposes.

## INCREASE SEEN ON HONOR ROLL AT JUNIOR HIGH AND WEST WARD

One hundred and forty-two students at the West Ward Grammar School made honor roll grades for the past six weeks of study, and 96 students at the Memphis Junior High School were placed on the honor roll, according to Principals Mrs. H. B. Estes and L. C. Linn.

Both schools showed decided increases this six-weeks period over the preceding six weeks, as students are now placed on the honor roll if they show a decided improvement over the previous period of study, having also a high scholastic standing.

Those making honor roll grades at the West Ward and Junior High schools (The High School honor roll will not be released until next week, as some of the teachers were late in posting their grades.)

## DEATH CLAIMS CHAS. T. ISHAM AT CLARENDON

### Was Former Citizen Of County; Was Well Known

Charles Thomas Isham, former Hall County citizen and brother of Tom Isham of Lakeview, died at his home near Clarendon Thursday, Nov. 26. He was 57 years of age.

Funeral services were conducted from the Lakeview Baptist Church Saturday afternoon, Nov. 28, at 3 o'clock, with Rev. C. E. Brister, pastor, officiating. Rev. G. H. Gattis of Lakeview assisted. Interment was in the Lakeview Cemetery with the Buntin Funeral Home in charge.

Pallbearers were Ben Hill, N. A. Hightower, Cal Holland, C. G. Reeves, Oran Holt, and Tom Lut-trell.

Mr. Isham was born Nov. 15, 1879, in Dodd City, Texas. He was married to Miss Molly Treat in 1900, who died in 1907. To this union three children were born, all of whom survive. On Sept. 8, 1908, Mr. Isham was married to Mrs. Nona Bell Phelps, and to this union five children were born, four of whom are still living.

Mr. Isham lived in Hall County for many years, moving from the Brice community two years ago

## 46,735 Acres of Soil Conserving And 27,233 In Soil Building Crops Planted

Hall County producers co-operating with the federal government's soil conservation program planted during the year 1936 85,449.2 acres in cotton, according to figures released from County Agricultural Agent R. E. L. Pattillo's office this week.

A total of 53,071.6 acres were planted to grain sorghums, according to the classifications on the compliance forms turned in by the co-operators. Some 46,735.4 acres of soil conserving crops were planted in the county, and 27,233.2 acres of soil building crops were planted.

Soil building claims are being made on soil building practices of terracing on 5,431 acres and 3,207.4 acres of summer fallow contouring. This makes a total of 188,256.2 acres in Hall County covered by work sheets and on which compliance forms have been executed.

It is thought that all forms will

have been mailed to the state board within a few days, and that the forms will be returned shortly thereafter for signatures of the co-operators. Pay for compliance with the farm program will probably be received shortly after the first of the year.

The land covered by the work sheets in this county represented some 85 per cent of all producers of Hall County, and of that number 95 per cent will be eligible for a grant, having complied with the terms of the new farm program in that each has carried out a soil conserving or soil building practice on his farm.

Some 1,150 of the compliance forms have been sent to College Station, and when all forms are in they will total some 1,250.

The 1936 farm program got under way in Hall County about last May 1. The first step was the receiving of work sheets, which were filled out by the commit-

tees and farmers who desired to participate in the 1936 program. There were 1,305 separate farming units listed on the work sheets.

The above data were gathered from the monthly report sent to College Station by the county farm agent. In addition, the report showed that a total of 6,842 checks have been issued to the co-operating producers under the various adjustment programs this year. Not counting the many different payments in 1936 that were due in 1935, these checks alone brought a total of \$278,539.11 of new money into Hall County.

With the exception of a few extreme cases, all of these checks have been delivered to the payees and distributed to the various producers interested in the checks. Checks delivered and handled during the past 11 months were in the following numbers and amounts: Final corn-hog payments totaled \$3,213.95 to 183 produc-

ers co-operating. The special 1935 pool certificate checks totaled \$165,789.55 and were to 3,111 producers. The regular national certificate pool paid 2,119 producers \$26,689.41. The cotton price adjustment program or subsidy paid 1935 producers \$77,414.45, and the Ginnings Compensation Act paid 35 ginnerers of Hall County \$5,431.75.

The amount of funds distributed in Hall County is further increased by the committee and clerical allotment made during 1936, which totals \$4,678.86 to Dec. 1, making a grand total of government funds paid to Hall county through the county agent's office \$283,217.97, as a result of direct benefit to producers and the cost of handling the program in clerical and committee help.

The above figures were compiled by County Agent Pattillo and his assistant, O. J. Walker.

## COOL WEATHER USHERS IN HOG KILLING TIME TO HALL COUNTY

The cool, dry, clear days which have greeted Hall County since Armistice Day have witnessed the slaughter of scores and scores of hogs as farmers, stockmen, and city dwellers alike "put up" their meat for the long winter, spring, and summer months. Many hogs, however, are yet to be killed.

With practically all of the crops out, farmers have welcomed the cool days, as cool temperature is the most important factor in curing pork. Temperatures ranging from 32 to 38 degrees Fahrenheit are the most desirable.

Hog raisers of this section are of the general opinion that hogs are too high to eat and feed is too high to keep the hogs. A portion of the pork will be sold, but farmers will stock their "smoke houses" with large hams, back-bone, spare-ribs, sides, and sausage to be served on special occasions throughout the long months until next fall.

A large number of pork producers of this county have called at the farm agent's office to get the latest methods of cure and the way to store cured meat. Most use either the dry cure or the brine cure.

County agricultural agents are now instructing meat producers to store their cured pork in oil. Experiments have shown that refined cottonseed oil is one of the best oils to use, although peanut oil will work almost as well. The oil treatment was recommended here a year or two ago, and several farmers reported that they had tried the process with good results.

The advantages of using refined cottonseed oil are that it retards mold growth 100 per cent, it reduces evaporation and shrinkage, it eliminates fly and skipper contamination. Since the oil is a liquid, it is possible for pieces to be partly used and then returned to the oil.

Meat can be stored in any container that will hold the oil, and it is necessary to use about three gallons of oil to cover 100 pounds of cured meat.

Other methods, such as packing in lime or salt, wrapping thoroughly, or even hanging in the smoke house, may be used for storing cured pork; but it is said that none is equal to packing in oil.

Miss Hortense Eddins spent Thanksgiving Day in Wichita Falls.

### Still Coughing?

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)

THE WHOLE NEIGHBORHOOD LOOKS BETTER SINCE WE PAVED WITH CONCRETE

"I WISH we had put concrete on our streets long ago. Aside from being the best to drive on, it keeps itself clean, looks better, and has made our neighborhood more desirable. Property values are up."

That's not half the story. Your own experience tells you that concrete helps you to drive safely; that it effectively checks skidding; that its light-grey surface helps you see at night.

And concrete saves you money because it is moderate in first cost, low in upkeep and long lasting.

Be guided by your experience and observation. When your streets come up for paving—insist on concrete.

For complete pavement facts, write to PORTLAND CEMENT ASSOCIATION 1301 Norwood Bldg., Austin, Texas

A national organization of engineers and scientists, working in laboratory and field to improve and extend the use of concrete.

### Disturbance Nets Hedley Youth Fine

"Bull" Heath, 17-year-old Hedley athlete, has found that a hamburger can be pretty expensive even when you don't eat the hamburger, if one takes it upon one's self to "cuss out" the hamburger server-upper.

Heath, who is just a few inches over six feet tall and weighs a scant 216 pounds, wanted a hamburger in a hurry in Memphis last week. He entered a local cafe where all of the seats were filled and customers were waiting eight deep to be served. He ordered a hamburger and proceeded to "cuss out" the waitress when he did not get it immediately. Deputy John Turlington related.

Officers were called, and the young Mr. Heath's father was forced to pay a fine for his son's disturbing the peace.

### ATTEND FUNERAL

Among out-of-town relatives here to attend the funeral services of W. C. Huddleston were two of his daughters, Mrs. T. P. Hall of Tulsa and Mrs. Roy Barnes of Denver, Colo., and Mrs. W. C. **Second Childress Football Player Succumbs in Year**

Death claimed its second victim from the Childress High School football team Tuesday afternoon, when James Henry Hankins, 17-year-old reserve center, died of a blood infection. Illness of the same nature resulted in the death of Wallace Jones Jr. early in the season.

The youth was troubled with a boil on his left arm and was treated for the injury before and after his participation in the Quannah game. Possibility that the infection developed from an injury of the boil in the Quannah game has been expressed.

**LAKEVIEW YOUTH IN HONOR CLUB**

Jack McCanne Made Member Of Scholarship Honor Society Of Texas A. & M. College

Jack McCanne of Lakeview, who is a senior student in the Texas Agricultural and Military College, College Station, has won the distinction of membership in the A. & M. Scholarship Honor Society.

There was only one other student in the company of chemical engineers eligible for the honorary society, membership and rank being determined by the number of grade points made in their first two years of work.

Young McCanne graduated from the Memphis High School in 1931, being the Valedictorian of his class. He was also an honor student his freshman year while attending the West Texas State Teachers College, Canyon.

He is the son of Mr. and Mrs. H. T. McCanne of Lakeview.

Mrs. D. M. Foster and children Manis Read and Gerry Ann of Canyon spent from Thursday until Sunday in Memphis and at Lakeview with Mrs. Foster's sister's Mrs. D. L. C. Kinard and Mrs. Don Wright.

Carl Lyles of Turkey transacted business in Memphis Monday.

**PRESBYTERIAN CHURCH**

We sincerely appreciate the very cordial welcome that has been extended to us since we came. Your material gifts, and the fine attendance in church services last Sunday both in the Sunday School hour and preaching service, gave evidence of real interest.

The pastors and other people of our town have been very thoughtful of us during these days. We take this means of thanking every one.

Strangers and friends generally are most cordially invited to attend services next Sunday morning and evening.

E. C. CARGILL, Pastor.

Rev. Gerald Fitzgerald left the first part of the week for his home in Sylvan Grove, Kan., after an extended visit here with his mother, Mrs. P. M. Fitzgerald. He came on account of the illness and death of his brother David.

**CARD OF THANKS**

This means is taken of expressing thanks and gratitude to our many kind friends and neighbors who comforted us with deed and word during our recent bereavement. We are also appreciative of the beautiful floral offerings.

Mrs. E. Payne, Lakeview.  
W. D. Samuels, Stamford.  
Mrs. J. W. Fitzgerald, Azle.  
Mrs. H. D. Duncan, Coleman.  
Mrs. J. W. Samuels, Vernon.  
Mrs. Bill Sturdivant, Vernon.  
Mrs. O. M. Barrett, Vernon.

Miss Katherine Robertson spent last week-end in Dallas attending the Centennial and visiting with an aunt.

Winter be blowed!...

**OIL-PLATE YOUR ENGINE**

This is exactly true: Oil-Plating supplies lubrication in LESS THAN NO TIME AT ALL!

Faster than "instantly"... faster than the fastest-flowing Winter oil might even begin to flow, Oil-Plating is ready to lubricate.

That's because a genuine Plating of Conoco Germ Processed oil is always left firmly bonded to every working part. Like any other real Plating, this Oil-Plating cannot run off. After hours or days of standing in the cold, Oil-Plating is still perfectly ready-to-go.

Now these days you read on every side, how poorly-oiled starting causes most engine wear, and how fast a Winter oil ought to flow. But you cannot have even a doubt of sure starting-lubrication, when it is always UP IN ADVANCE. That's Oil-Plating... a plain, straight, economic reason for changing to your correct free-flowing Winter grade of Conoco Germ Processed oil—patented. Costs no more than changing by hunch.

five daughters, Mrs. R. F. Curry of Wellington, Mrs. George Greenhaw of Memphis, Mrs. James Forbis of Shamrock, Mrs. George Richards of Olton, Mrs. Clyde Miller of Wellington; two brothers, W. J. and T. J. Stall of Wellington; one sister, Mrs. Emma Atkinson of Burbank, Calif.; 10 grandchildren and three great-grandchildren. All were present at the funeral except Mrs. Atkinson.

Mr. Stall had been living in Wellington since the town was organized 45 years ago. He served the county as sheriff for eight years—four terms. He was one of the first sheriffs of the county.

Those from Memphis attending the funeral were Mrs. Z. A. Moore and son, Zeb Jr., Miss Lena Melear, Mrs. B. B. McMillan, Miss Thelma Shankle, Mr. and Mrs. George Melear, and Miss Bonnie Black.

## Cotton Ginning—

(Continued from page 1)

agriculturists opine, as practically all of the crop is now in.

Not in recent years has the crop been so completely gathered by the first of December as this year, farmers declare. There were over 27,000 bales ginned in Hall County last year, and it is believed that only about 16,000 will be ginned this year.

## Giant Terracing—

(Continued from page 1)

wishes a blade and a few men one or two days each week, and the county farm agent runs the terracing lines for the farmers. All farmers sign contracts with the SCS to have their land terraced, and pay their money in advance to the Turkey association.

The plan was originated by several Turkey agriculturists and has met hearty approval here. "We wish other communities would take the lead that Turkey has in the soil conservation work," Mr. McBride stated.

It is said that some four or five thousand acres are now under

tentative agreement for terracing, with the farms laid off in blocks in order that minimum time will be lost in going from one farm to the other.

Other than aiding the county agent and the Turkey farmers in their conservation work, the Memphis Soil Conservation Service has outlined a stiff terracing program for the months of December, January, February, and March. A number of farms are already under contract for the work, which will include chiefly running terraces and making contour furrows. For the past some time the local organization has been employed with pasture farrowing, and the construction of tanks and check dams.

The terracing program has been awaiting the completion of the cotton harvest. The SCS tree planting will again be instituted next spring.

make improvements on the Brice school building and to landscape the school grounds with the money that will be saved on the interest of the bonds. The blueprints have been sent to the Works Progress Administration district office in Lubbock but must be sent to Washington for final approval or rejection.

The plan call for a new roof to be built on the school building, inside plaster work to be done, new outhouses to be built, and the campus to be landscaped. The total expenditures will be from three to four thousand dollars.

## Name It!—

(Continued from Page 1)

so the paper could be issued before Thursday night.

Heretofore, much of the advertising copy came in late Thursday, forcing all the force to work until midnight to get the paper ready for the mails, and many times missing the midnight train—causing many subscribers to get their papers too late to take advantage of the bargains offered by the advertisers.

With co-operation, such as was given this week, there is no excuse for subscribers in this area not getting their papers on time. Early mailing means that three sets of people will benefit: the subscriber, the advertiser, and The Democrat workers.

Thanks again, merchants!

I do not know what Memphis people think about church bells, but the one installed at the First Christian Church makes sweet music to me. I "grew up" in a small community in which there were three church houses and each had a bell. All three made melody at 9 o'clock on Sunday morning, and the impression made then has stayed with me all through the years.

"The cost of living" is once again occupying space in the papers, and it looks like an advance in living conditions is taking place—indicative of better times, but hard on people of the drought-stricken areas.

Tomie Potts hands in this one: Two million Americans never saw an elephant.

And that is why the circus comes to town each year.

And that is also the reason why the good advertiser advertises consistently.

Each year there are two million new Americans born. Each year some of those two million are seeing the circus elephant for the first time. And each year some of your fellow townspeople are becoming conscious of the value in paying attention to the advertising of the various merchants.

Every year one million boys reach the girl-crazy age and start shaving the down off their chins for the benefit of a million young women suddenly becoming acutely clothes-and-cosmetics conscious.

And, every year, in spite of everything, two million young folks up and get married and start new homes.

Every day in every year new people become interested in ads of diamond rings, furniture, food stuffs, baby carriages, high hats, and evening gowns.

Yesterday, they weren't interested—today, they are—tomorrow, other people will be.

in 1887. He left there while a youth, moving to Wellington, where he resided for some 15 years. He moved from Wellington to Las Vegas and moved to Dalhart in 1933, and served as county agent there for some time. He moved to Memphis about a year ago. Dr. Lee was married in 1913 to Miss Leora Coe in Wellington.

Survivors are the wife, Mrs. R. T. Lee of Memphis; one son, Frank Lee of Memphis; three brothers, G. D. Lee of Abilene, Ernest Lee of Memphis, and Ollie Lee of Pampa; four sisters, Mrs. M. C. Ball of Lubbock, Mrs. Ike Bryan of Royalty, Miss Carrie Belle Lee, and Miss Cora Lee, both of Memphis.

## SANTA CLAUS TO ACCEPT LETTERS Two Members Are Added to Memphis Fire Department

Asks That Kiddies Write Him  
In Care Of The Democrat;  
Will Publish Letters

Santa Claus, that good old man who visits little boys and girls every year on Christmas, bringing them toys and good things to eat, has written The Democrat asking that all kiddies of this section write him a letter in care of the Memphis Democrat.

The letters written to Santa Claus will be collected by The Democrat, published in the paper, and then sent to old Saint Nick up at the North Pole. Santa Claus will read the letters there and then decide what to bring the little girls and boys for Christmas.

"I want every kiddie in the Memphis vicinity to write to me," Santa Claus said; "if they cannot write, then their parents or an older brother or sister may write for them. Just send it to The Memphis Democrat, and I'll get it," he said.

## HALL TEACHERS MEET SATURDAY

Member Of State Department  
Of Health To Make Main  
Address At Meeting

The regular monthly meeting of the Hall County Teachers Association will be held at the Memphis Baptist Church Annex Saturday morning, Dec. 5, at 10:30 o'clock.

Miss Nell Ayres of the State Department of Health, Austin, who has been in the county this week checking health conditions of various schools, will deliver the main address.

Mrs. Brunetta Morris of Indian Creek and Miss Esta McElrath of Plaska will each speak on "How I Make My Room Attractive." Round-table discussion will be led by Mrs. J. M. Parsons of Weatherly.

The entertainment phase of the program will be under the supervision of the Parnell and Indian Creek schools.

## Tenants Helped To Farm Ownership

T. H. Scharff family, first of 200 in Texas to be accepted by the Resettlement Administration for its "farm tenant security project". The Scharffs are being helped to buy a farm in Grayson County with annual installments no greater than they were paying as rent on the same farm. In addition, the farm is to be terraced and fenced, a new house to be built with modern conveniences, surrounded by trees and shrubs. This is made possible by three percent interest and forty years in which to pay. Extension of this plan to a large percentage of tenant farmers would be provided under the Bankhead Jones Farm Tenancy Bill scheduled for action at the coming session of Congress.

Mrs. Will McDowell and family of Amarillo, visited her cousin, Mrs. J. R. Harrell here last weekend.

Mrs. C. W. Fleming of Amarillo spent from Monday until Thursday here with her parents, Mr. and Mrs. G. H. Hattenbach.

Mr. and Mrs. E. McBride and son James Everett were visitors in Wichita Falls Saturday.

**Methodists Plan  
Vesper Service**

During December a vesper service will be held from 5 to 6 o'clock each Sunday afternoon at the First Methodist Church, according to an announcement made by Rev. O. W. Carter, pastor.

Special and attractive features have been planned for the vesper services. "There are many people in the community who are unable to attend night service at the church, and the vesper service will give such people opportunity to attend and be back home before dark," Rev. Carter said.

**NYA Supervisor  
Is Visitor Here**

A. V. Bullock, district supervisor for NYA, with headquarters at Lubbock, was a visitor in Memphis Saturday.

He stated that about 20 youths will start terracing work in Hall County about December 10. They run lines primary to the terracing work. Hall County is one of twelve counties in West Texas using NYA youths in terracing work, he said.

### RECKLESS DRIVING

CONSIDERABLE space in this paper has been devoted to the cause of safe driving during the past several months, and still the reckless drivers are using the streets of Memphis for a speedway.

The following taken from the Saratoga (N. Y.) Saratogian handles the subject of reckless driving without gloves, and is reprinted here for the good it might do:

Americans read with horror the lurid stories from Spain of a conflict taking an average of perhaps 1,000 lives a day.

Horrible! Yet in the last seven months 18,560 Americans have also been killed, violently, their blood crimsoning the pavements, their mutilation and agonies no less sickening and sharp.

They are just as dead as their Spanish brothers, without even such satisfaction as there may be in dying for a cause.

They are the traffic victims. If their toll increases during the latter part of the year, as it usually does, then the casualty list will be higher this year than ever before. Last year 37,000 died, probably a greater cost in life than the Spanish revolt to date.

This in spite of widespread safety drives and a mass of publicity for highway safety that has not been equaled in many years.

Get what solace you can from the thought that this increase probably is due primarily to more cars on the roads. Gasoline consumption was up 10 per cent in May as compared to a year ago, and traffic is probably up in proportion. Your own observation of tourists and traffic in town will verify this.

Statistical sharks figure that the details per 10,000,000 gallons of gasoline used have actually lessened somewhat, which is hopeful. But the fact that certain states have made marked reductions in their traffic toll augurs badly for the others.

New Hampshire, for instance, reports a 31 per cent reduction. That means that somebody else is falling down on the job.

Tentative figures do tend to show that states which have rigid drivers' license laws have been leaders in reducing their auto toll, since those laws make it easier to get obviously dangerous drivers off the streets.

But, in the long run, the law won't settle the problem. It can't. Nobody can make a genuine dent in the slaughter of the innocents except you, and you, and you. The man behind the wheel is the one who holds in his hands life and death, not only for himself, but for others.

## Thanks Friends

During the twenty-one years that I have lived in Memphis, it has been my privilege and very great pleasure to form the acquaintance of almost every other citizen of this community.

I consider everyone a friend, which fact has been indisputably proved by many, through their continued loyal patronage during the entire seventeen years that I have served them in the barber business.

And now, through an appointive office, these same friends have more signally honored me, indirectly through their elected representatives, by placing me in one of their highest offices of honor, that of Chief of Police and Fire Marshal.

I don't know how to express my appreciation other than to say, that just as in the barber business, I will give you my best, and endeavor at all times to justify the confidence you have reposed in me.

I am yours to serve and I want you to call on me any time my services are needed. At the same time I solicit your wholehearted co-operation that I may render you the most worthwhile service possible.

Sincerely,

**ED McCREARY**

## ESTELLINE FOOTBALL TEAM HAS SUCCESSFUL SEASON THIS YEAR

Special to The Democrat  
ESTELLINE, Dec. 3.—With only two defeats marring their 1936 football record, Coach Edsel Curnutt's Estelline Bear Cubs have just completed another successful gridiron season.

In the second year here, Curnutt took his gridsters, led by nine lettermen, through a tough seven-game schedule with only two upsets and scoring a total of 148 points to their opponents' 67.

The Cubs dedicated their new stadium with a 31-6 victory over the Dodsonville Mustangs in the opening game of the season Sept. 11. Quatake next fell victim to the onslaught of the local grid machine. Featuring the fine performance of Leatherwood, Stout, and Adams, the Cubs easily outplayed the Briscoe County lads 19-0.

**Loss to Wellington**  
Playing their first nocturnal tilt of the season and suffering the loss of several of the first-string men via the injury route, the local eleven trekked to Wellington to take a 21-6 licking from Joe Coleman's Skyrocks. The Wellington men capitalized on Estelline's apparent bad case of "jitters" to chalk up their scores in the initial period. Rapp tallied for the Cubs in the second frame, with the last half being an evenly matched affair.

On October 9 a weakened and excited group of Bears took the field against a strong Plomot eleven and suffered one of their worst setbacks in several years, 33-13. Trailing 21 to 0 at the half, the locals came back strong the last half to mark up 13 points. The passing combination of Bacus to Stout netted the two touchdowns.

The following week the boys in green and white hit their stride again to triumph over Lee Powell's Community Center Indians to the tune of 26-0. "Hugo" Stout accounted for three touchdowns, and Rapp one.

**Down Turkey Turks**  
The next Friday the Bear Cubs really gave the wisecracks something to chat about by downing the highly-touted Turkey team, 27-0. With a revamped lineup on the field functioning around big Gordon Stout at the quarterback position, the Bruins took the Terrible Turks to a country cleaning, outclassing them in every department of play. The Cubs made 22 first downs to Turkey's six, and rang up 230 yards from scrimmage to the Turks' 32.

On Thursday night, October 29, the Estelline Cubs lowered the curtain on the 1936 gridiron season by downing the tough White Deer Bucks. After an hour of hectic football, including most everything in the catalog, the locals emerged on the long end of a 26-7 score. The Bucks, coached by Gene McCollum, former Estelline star, presented one of the most versatile attacks ever seen by local gridsters. Outstanding in the offensive work of the Cubs were Leatherwood, who completed 12 out of 16 passes; Stout, who received most of these passes; and Cook, who made numerous gains through the White Deer line.

With football tops put away for the year, Coach Curnutt has started basketball. Prospects for the season at present are not so bright, but with a few more weeks' practice under their belts the Cubs are expected to afford first class competition.

**ATTEND HEDLEY CARNIVAL**  
Mr. and Mrs. Angus Huckaby and daughter Mary Sue went to Hedley Friday night to attend a Thanksgiving program and carnival at the high school at which time Mrs. Huckaby's niece, Sue Beth Edwards, was crowned queen of the Hedley High school. She is a member of the senior class.

Mrs. John Dennis, Mrs. Earl Barrick, Marjorie Don Stone, and J. W. Martindale of this city and Mrs. Jim Martindale of Childress visited in Duncan and Walters, Okla., Friday.

## Black-Draught's Good Reputation

The confidence people have in Black-Draught, built up from satisfactory use so many years, is shown in its being handed on from one generation to another. It must be good to have such a strong following.

Here is a typical reference to Black-Draught by a satisfied user. "We have used Black-Draught for twenty years," writes Mr. Fred Richardson, of Hartshorne, Okla. "My mother has used it for fifty years. It is the best medicine I know anything about. I take it for sour stomach and constipation, or when I feel sluggish and bad. Black-Draught is splendid to regulate the bowels, cleansing them of waste matter, ridding them of constipation. I expect to use it twenty-five more years if I live and it gives satisfaction as it has always given."

## Lady Took Cardui During Middle Life

Women who are entering middle life will be interested in the experience of Mrs. L. C. McDonald, of Paragould, Ark., who writes:

"I cannot say anything but good about Cardui. I think it is a grand medicine. I took Cardui during change of life. I was so weak, so nervous, I could hardly go. I just dragged around. I had fainting spells and would just give down. My back and head hurt. I knew I had to take something to give me strength. I read of Cardui. I gave me relief and strength. I am now 60 years past, and can do a pretty good day's work in the house and garden."

Thousands of women testify Cardui benefited them. It is just not another "miraculous" medicine.

# NOTED ROTARY SPEAKER VISITS MEMPHIS ROTARY CLUB TUESDAY

Dr. Herbert E. Harris, professor of English and formerly president of Whittier (Calif.) College, delivered a masterly address on Rotary at Tuesday's luncheon here.

Mr. Harris is past district governor of Rotary International and has been granted large freedom from regular duties of teaching for writing and speaking engagements. He is a writer of features and short stories for newspapers and magazines, and a lecturer. He has spoken at international assemblies and conventions throughout the United States and the world, and spent several months last year in a study of the social, economic, and political conditions in the Far-East, and by arrangement of Rotary International visited and spoke to many of the clubs of Japan, China, Manchuria, China, and the Philippines.

One of Dr. Harris' major interests in Rotary has been the development of international understanding, goodwill and world peace, and his visit here was for the purpose of giving the club members a picture of the broader phases of Rotary and a greater appreciation for its work.

Rotary fits into different situations, and it is fundamental—not just a passing fad, Dr. Harris told the club members Tuesday. People of other countries are entirely opposite to Americans, yet fit into the scheme of Rotary International which has clubs in 84 countries. Rotary has a part to play for the future is fraught with possibilities and probability of change in a complexity of life that is far different from the past.

Rotarians should promote fellowship and acquaintanceship so that they may serve each other better; cultivate ideals in business that all may work together for the common good of the community; social and political aspects that are different to those of former years should be studied in order to improve conditions of nations and classes of people; international goodwill should be sought so that spirit will be put into the hearts of men and bring about better understanding.

Friendship, fair dealing, community interests, all have a bearing on international relationship and in time may bring about world peace—the goal of every true Rotarian, the speaker said.

## Centennial Brings Sales Record

The graph tells a financial story which makes the two girls and all Texas smile. It shows percentage gains in department store sales in Texas (and throughout the Eleventh Federal Reserve District) have run ahead of the nation since business began to feel the stimulus of the expenditures for the Texas Centennial Exposition in Dallas. The black line represents the percentage gain in volume of sales throughout the Eleventh District and the dotted line the percentage gain throughout the Nation, both graph lines being for the period October, 1935, through October, 1936. When the Texas World's Fair was opened in June, the Eleventh District pulled ahead not only of the nation as a whole but of every other district. It is still ahead of every other district.

# Delegates Are Selected Here To Farm Meet

John Russell of Estelline and Henry Youngblood of Brice were elected delegates of Hall County to the state agricultural association meeting in Fort Worth on December 2, 3, and 4, at a meeting of Hall County leading farmers in the office of County Agricultural Agent R. E. L. Pattillo last Saturday. Other than electing the Hall County delegates, the county farmers drew up resolutions to be presented to the state association on proposed changes for next year's federal farm program.

Saturday's meeting here was the outgrowth of community meetings held over the county the preceding week, at which time representatives were named to the county session.

After the delegates return from the meeting, reports will be made in communities of the county of the work done at the state session and of the talks of C. A. Cobb, Senator Tom Connally, and other national figures.

Following are the recommendations passed at the meeting here Saturday:

1. It is recommended that the matter of soil conserving and soil building crops be left to community committees so far as it does not interfere with the program.
2. It is recommended that the pay be raised from \$1 to \$2 per acre for soil building and conserving crop practices.
3. It is recommended that the signing of work sheets be limited to May 1, 1937. It is recommended further that maps of the farms showing the fields with the crops to be planted and measurements of each crop be turned in by July 1, 1937, signed by the producer and two witnesses as correct. That will put the producer in line to receive the first part of the benefit payments.
4. We are strongly in favor of making benefit checks collateral at banks if the producer so desires, but let it be optional with the producer.
5. We are strongly in favor of crop insurance.
6. We are in favor of letting the producer reduce 20-40 per cent and get payment for the amount reduced and not limit him to the county base of 25 per cent.

Community representatives present at the meeting were T. E. Davis, Newlin; M. M. Lewis, Pliska; W. H. Youngblood, Brice; C. E. Wicker, Eli; Jack Cromartie, Baylor; M. L. Alexander, Webster; O. C. Meacham, Wolf Flat; W. H. Neeley, Parnell; John Russell, Estelline; Clyde Fowler, Lesley; P. E. Morrison, Indian Creek; Jess Mitchell, Salisbury; W. T. Driskill, Buffalo Flat; and County Agent Pattillo, Memphis.

## Rev. J. W. Mason Assumes Duties At Local Church

Rev. J. William Mason arrived in Memphis Tuesday of this week with his family from Pearsall, Texas, to assume his duties as pastor of the local First Baptist Church.

Rev. Mason will fill the pulpit at the Baptist Church Sunday, the local pulpit having been vacant since Rev. O. K. Webb went to Morganton, N. C., last summer. For the past two years the Rev. Mr. Mason has been pastor of the Pearsall Baptist Church, near San Antonio. Prior to that he was Baptist educational director of the First Baptist Churches of Amarillo, Lubbock, and Wichita Falls. He was formerly a state BYPU worker under Dr. T. C. Gardner of the general convention, and has been in the ministry for the past 15 years.

Rev. and Mrs. Mason and small daughter are at home at the Baptist parsonage on Main Street which has received repairs recently.

# PIE SUPPER, PROGRAM TO BE HELD AT MEMPHIS SCHOOL MONDAY NIGHT

The queen of Memphis High School will be selected at an all-school activity at the Memphis High School next Monday night, beginning at 7:30 o'clock.

The affair is to be a pie supper, and the sale of pies will determine the school queen. Each person taking a pie to the supper will be given 25 votes to apply on the queen contest, and the purchaser of a pie will be given a vote for each penny that the pie cost him.

An athletic program will be given during the evening, with several numbers carded. This phase will be under the direction of Coaches Chesty Walker and Frank Hubbell. The winner in each athletic event will be given 100 votes to apply on his choice for the queen. Second-place winners will get 75 votes, third-place winners will get 50 votes, and fourth-place winners will get 25 votes.

A cake will be auctioned off during the evening, and the class that buys the cake will get a vote for each penny paid on the cake. Mrs. Jack Hubbard is to be in charge of the pie sale and Miss Anna Belle Perkins will have charge of the cake sale.

Bowen Cox and L. C. Snyers have charge of the advertising. Miss Rosalee Knox is planning the coronation ceremonies for the queen. Melton Parris, bandmaster, will conduct a musical program, and Riley W. Carlton is sergeant-at-arms of the affair. A championship volleyball game is to be played, with Sam S. Cowan in charge.

The pie supper is being sponsored by the high school annual staff, who are raising funds for the publication of a yearbook. Mr. Cowan, sponsor of the annual, announced that the only way local citizens will help publish the annual is through the purchase of the pies. He invited everyone in Memphis and surrounding territory to attend Monday night.
