Dorcas Society to Auction Quilt, Give Money to Fairview Waterworks Fund

A quilt has just been completed by members of the Dorcas Society, and will be sold at auction, the proceeds from which are to be given to the Fairview waterworks fund.

Members of the club voted in their meeting Tuesday to start the bidding at \$7.50, and expressed the hope that other bids for the quilt will be much higher.

Arrangements have been made with Perkins & Son Furniture Company to have the quilt on display in the store window during the city-wide revival. Bids may be made at the furniture store, the highest bidder getting the quilt. As soon as the quilt is sold, the money is to be given to the Fairview waterworks fund.

The quilt was finished Tuesday when the Dorcas Society held an all-day called meeting at the home of Mrs. L. O. Dennis. Devotional was led by Mrs. J. W. Burks, following which a series of prayers were given by various members.

World Conditions Discussed by Davis

W. C. Davis, superintendent, made an interesting and inspiring talk to the seniors in the first period English class and the last period government class last Friday. The title of his talk was "Young Lives in a Modern World," in which he told the students in an impressive manner the conditions, both economic and social, that they will face when they graduate from high school.

Cantata Chosen By Glee Club

The "Babe of Bethlehem" by Bernard Hamblin has been selected by the Memphis High School Glee Club as the cantata to be presented at the Christmas concert. The cantata is divided into twelve parts, each symbolic of the birth of Christ.

Bernard Hamblin is one of the best of modern composers, especially in the religious being. This cantata is considered by many critics to be among his best work. The cantata will be open to the public, but admittance will be by card only.

Memphis B Team Loses to Childress By Score of 12 to 6

Bobcats Score Twice in First Quarter; Whirlwind Marks in Second; Last Half Scoreless

The Childress High School B Team led by Captain Spears, scored twice in the first quarter to beat the Memphis Whirlwinds 12-6 in a game played here last week.

A few minutes after the second quarter began, John Ivy intercepted a Bobcat pass deep in Childress territory to put the ball in scoring position, but the Whirlwinds lost the ball on downs.

Other teachers in Junior High who have had the course are Jack Jarrell, J. W. Dodson, Buren Carr, Mrs. Parks Chamberlain, and Clinton Voyles.

SIDE GLANCES

I read an article written by Walter E. Myer from which I gather the following thoughts:

There are millions of people in the world today who are suffering from causes over which they have no influence. They suffer because of definite powerful forces which have been generated over a period of social conflict. Every thinking man must suffer moments of discouragement when he is impressed by his own helplessness. What could I do to relieve suffering if I were a world dictator? In answering that question he must admit he would not know how or where to begin, but there is a goal that each of us can reach by subscribing to the following creed:

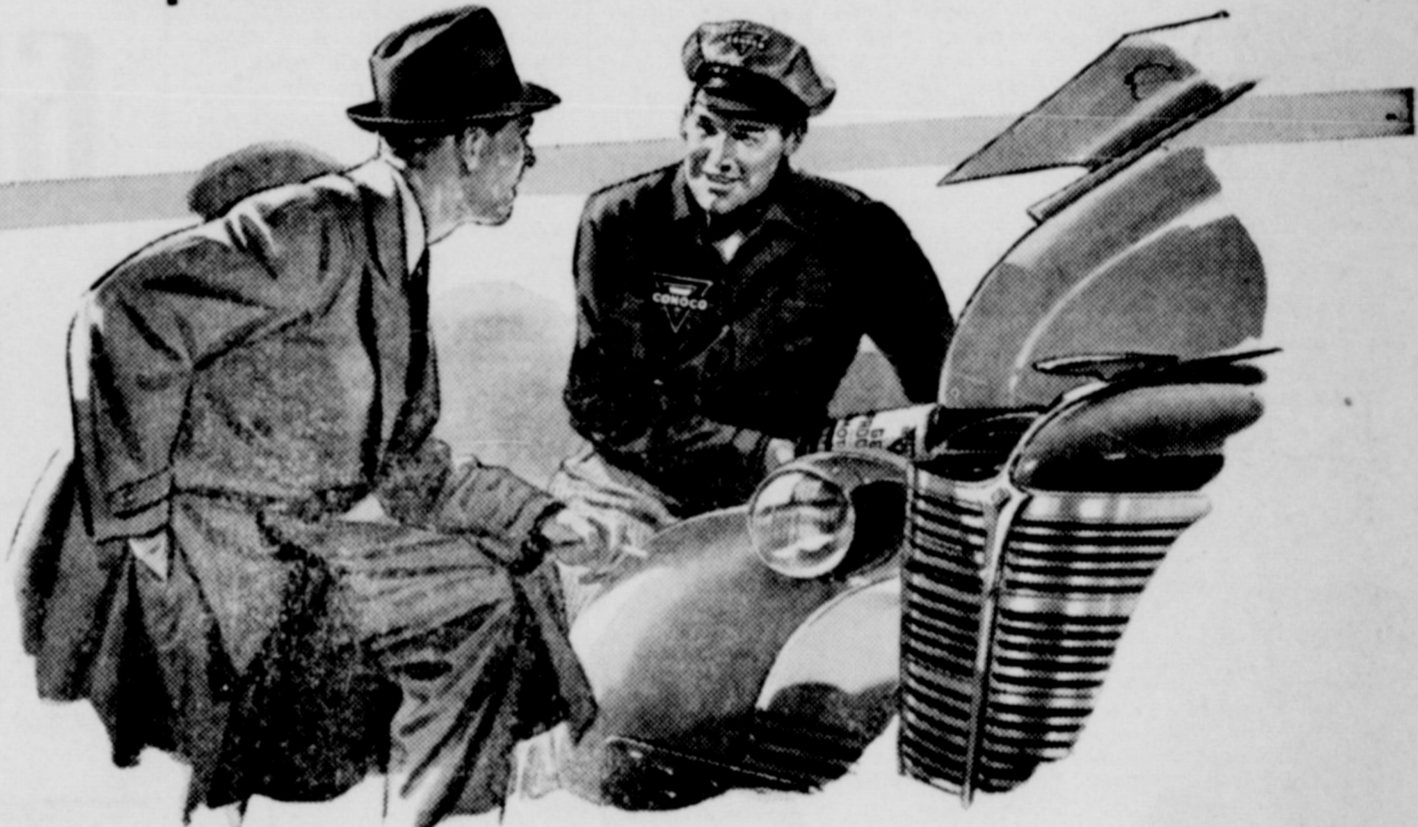

"I cannot determine what goes on around the world. I am not strong enough for that. But I can determine what my own influence will be, and I exert a great influence, over the happiness of those immediately about me. I will see to it that I will do nothing to bring anxiety or

strain or worry within the little realm in which I am so powerful. I will see to it that my words are kindly and considerate and that my acts are helpful. I shall pledge myself anew to spread understanding and good will where I have immediate influence; that is, as a member of my family, my neighborhood, my school, my community. I shall seek satisfaction and inner peace in the faith that 'He who does his best does well.'"

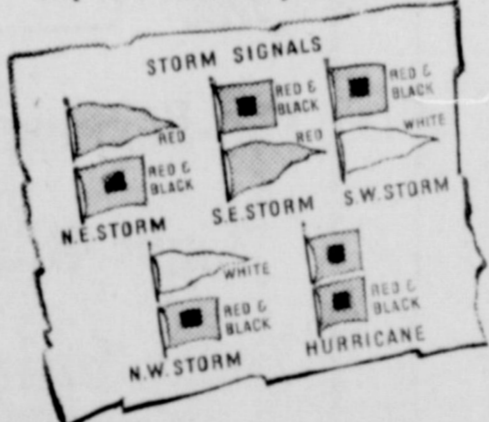

Members of the staff are: Billie Ballew, editor; Sylvia Nell Goodnight, assistant editor; Royce Crisler, reporter; Betty Bob Webb, society reporter; Rayburn Jones, cartoonist; Billy Jean Beckham, reporter; Bobby Lee, reporter.

90-HOUR WINTER GRIND spared your OIL-PLATED engine

What wouldn't you give to have a weather prophet foretell all the worst 90 hours of Winter this year?... and stop their assault on your car!

You could afford to give a lot, but all it takes is the ordinary price of an oil-change. That's all you pay at Your Mileage Merchant's Conoco station for the extraordinary change to OIL-PLATING.

You need your engine OIL-PLATED now by patented Conoco Germ Processed oil to wipe out doubts of decent oiling during starting—when unplated engines wear worst. (A scant 6 or 8

minutes of such needless bad wear, repeated a scant 6 or 8 times a day through these cold months, still mounts up beyond 90 hours!)... 90 life-sapping hours for engines abandoned to oils that can only "flow fast"... but not one instant of oil-starvation in 90 hours or 900 hours, when your engine's OIL-PLATED.

The "magnetic" action of Germ Processed oil gives every square inch in your engine a slippery overlay of OIL-PLATING—attached as firmly as any nickel- or chromium- or silver-plating. And could any plating ever drain down when you park in any cold, for

the card table. Long before any oil-pump could squirt a drop, your drain-proof OIL-PLATING has readied your engine for safe, easy starting. That's exactly how you get the drop on the worst of Winter by OIL-PLATING now with patented Conoco Germ Processed oil. Keeps up your engine—your battery—your oil-level, too. Worried about Hospital Bills?

Have you ever stopped to think what would happen if serious illness should creep into your home tonight? Suppose your child should become in need of hospital services tonight! Would you be ready to meet such a crisis?

Probably not, if you are an average American citizen—a small business man, a salaried man or a farmer. After the emergency has been passed—then comes months of worry, months of scrimping to save enough to meet an unwanted and unexpected obligation, months of embarrassment trying to stretch your income to meet the necessities of life and to pay hospital and medical bills.

Why not apply the "ounce of prevention is worth a pound of cure" to a problem such as this. Through special enactment of the last Texas legislature, a set-up was created through which the Group Hospital Service, Inc., may operate on a non-profit basis in which 317 hospitals in the state, including the Odom-Goodall Hospital in Memphis, offer hospitalization to group-members on an insurance plan.

This plan is based on co-operative action of thousands of Texas families each paying a small amount into the fund each month. In case of any hospitalization needs, group members receive benefits of 35 days hospitalization a year, use of operating room, medicinal care, and services of nurses. This group hospitalization can be written for private rooms or for wards and the cost is very small.

Family groups are urged to join, the head of the family pays a small fee and a still smaller fee each month for each dependent, thus insuring the entire family hospitalization.

Investigate this plan! It will save you money, it will save you needless worry, it will preserve your credit and keep you out of debt and give you the assurance that you will have the best of hospital care for you and your loved-ones when illness strikes in your home.

"HOSPITALIZATION IS A GOOD INVESTMENT FOR THE RICH MAN AND AN ABSOLUTE NECESSITY FOR A POOR MAN"

A Reporter Goes to Church

Almost every seat in the tent at Eighth and Main streets was filled last Sunday morning at the opening services of the city-wide revival. The revival services on Sunday morning will open at 10:30 o'clock instead of 11. Dr. James Rayburn, Presbyterian evangelist who is conducting the services, announced.

The tent itself would have not been nearly large enough to hold the crowd present Sunday morning, but an addition was made and was sufficiently large enough for the opening services. However, it interest in the revival grows in the next few days as it has during the first part of this week, the tent will require another addition.

Dr. Rayburn held the attention of the audience from the moment he began speaking. He is almost solid gray-haired, although his eyebrows are still dark. He is well-built, wears glasses, and speaks in a forceful manner.

The evangelist does not mince any words. What he thinks, he says—and he thinks in a straightforward manner. His sermon Sunday morning was largely devoted to an explanation of the services to be conducted during the revival. He pointed out that every person who aids in making the revival a success must necessarily make sacrifices.

Dr. Rayburn said Sunday that the destructive elements of the church, and the nation, were from within, not from without. "I am not afraid of Hitler, of Russia, or of the Japanese across the Pacific," Dr. Rayburn said, "but I am afraid of the destructive forces of our own people." Crime, he said, and work of the devil will finally tear down the whole na-

tion if the people do not work with and for the Lord.

Speaking frankly at all times, Dr. Rayburn spiced his addresses with illustrative stories. He does not mind interruptions. He interrupted several thoughts of his own Sunday morning to call down small children who were talking or otherwise causing disturbance. He told the children he did not wish to anger them, but he did want them to listen to him.

An interesting thing about the delivery of Dr. Rayburn is that he has an amazing method of talking by using very few words of more than one syllable. Those words he does use with more than one syllable are common words, and are easily understandable. Neither does he talk like an orator. Rather he speaks in an ordinary tone, with ordinary words—a manner of speech which the reporter in particular likes to hear.

There seems to be no reason why the union revival should not be a success. Dr. Rayburn is an excellent preacher, Rev. C. F. Ivey is well-qualified in his work as song service director. The only thing left, using Dr. Rayburn's thoughts, to make the revival a success is for the people of the city and county to cooperate.

That Memphis people like to hear the evangelist was apparent when he asked those to stand who had attended the meeting he held here about 10 years ago. More than half of the audience stood. Young people were present in large numbers Sunday morning—when Dr. Rayburn asked those under 25 years of age to stand, about one-fifth of the audience stood.

SEIBERLING SAFETY TIRE DIGS INTO THE ROAD

New "Saw-Tooth" Tread grips like a halfback's cleats. The instant you touch the brakes, the sharp "saw-teeth" of this unusual tread dig into the road—stop you quickly and safely. Because the "saw-teeth" are just as sharp at the base of the tread as at the top, they stop you quickly even after months of wear.

New "Heat-Vents" expel dangerous blowout heat — make tire last longer. Even in cool fall and winter driving, tires rolling at high speeds or under-inflated generate destructive internal friction heat. Patented vents (found in no other tire) actually pump out that heat. See diagram at right.*

New "Saf-flex" Cord protects you against stone bruises and internal carcass ruptures. Because it has twice the elastic strength of ordinary cord, "Saf-Flex" gives you maximum protection against road hazards and makes the new Safety Tire ride easy as a cloud.

Mr. and Mrs. Sid Stephens and daughter and Frank Whitefield returned home from California Sunday night.

Rev. and Mrs. J. E. Imel of Weatherly spent the week-end with Mr. and Mrs. Walter Thomas.

Mrs. G. A. Teal has been on the sick list the past few days.

Mr. and Mrs. J. W. Oliver visited Mr. and Mrs. R. C. Edwards at Indian Creek Sunday.

Visitors in the Whitefield home last week were Mr. and Mrs. Henry Cunningham and family of Lakeview, Mrs. Hubert Allen and children of Weatherly and Mrs. Purton and children of Childress.

Everette Lawrence of Deep Lake and Miss Mattie Mae Mc Masters of Lakeview were married Saturday. After a trip to Plainview they will be at home at Deep Lake.

Rev. and Mrs. Storey and son Mrs. Edgar Foster of Plaska visited Mrs. J. W. Oliver Friday. The Storeys and Mrs. Oliver went to Quitaque to attend a Missionary Society zone meeting.

Mr. and Mrs. Charlie Basham and family of Friendship visited Mr. and Mrs. Walter Thomas Sunday.

Rev. Imel of Weatherly preached at Deep Lake Sunday. He will preach every fourth Sunday. Prayer meeting was in the Walter Thomas home Sunday afternoon.

Several hundred head of cattle passed through here Monday going north to pasture.

Memorial services honoring members who have died during the past year will be held at the Lakeview Methodist Church Sunday, November 5, Rev. J. W. Hawkins, pastor, announced this week.

Members who have died during the past year are Mrs. John Grady, I. F. Mixon, H. N. Davis, Mrs. A. R. McMasters, John T. Mason, Will E. Shepherd, and J. R. Cannon.

There will be no morning sermon, Rev. Hawkins said. The program will consist of the reading of the memoirs, and two songs by a quartet, "Going Down the River One by One," and "Land Where We Will Never Grow Old."

In the evening service, Rev. Hawkins will continue the series of the Kingdom of God sermons which were started the first Sunday in October with the subject, "The Kingdom of God in Its Final Triumph and Victory."

This service will mark the close of the conference year. The Annual Methodist Conference will be held in Lubbock beginning November 15.

Funeral services were held Sunday from King's funeral chapel in Memphis for John Dudley Key, illness of several months, 42, who died Saturday at Abilene after an illness of several years.

Mr. Key was the son of U. G. Key of Hedley, but he had been living in Abilene for the past several years. Rev. M. E. Wells, pastor of the First Baptist Church of Hedley, conducted the rites.

Interment was in Fairview Cemetery at Memphis with King's Mortuary in charge.

Guests at the Rotary luncheon Tuesday were Dr. James Rayburn, Presbyterian evangelist who is conducting the services of the city-wide revival, and Rev. G. F. Ivey, who is in charge of the song services of the revival.

Both men made short speeches to the Rotarians. Members expressed their appreciation of the talks. The revival began last Sunday and will last for a month.

Memphians have always observed Thanksgiving by closing the places of business. But to have two dates, they wouldn't know which one to observe by closing, for they couldn't close both dates very easily.

A proclamation will be issued by city officials soon, and before that is issued let's have some expressions from the citizens and business men.

In last week's fray with McLean, only 8 of 22 passes clicked, and then not for very long yardages. The "butter fingers" shown in last week's game have been getting a resin finish under the watchful eyes of Murphy and Dees.

Weights of the Wheeler players were not obtainable at press time, but the Mustang team is one of the heaviest high school teams in this part of the state this year.

Memphis had the advantage of a heavier team against Mobeetie, Paducah, and Shamrock, but this week their opponents will have the weight advantage.

Wheeler has won two conference games, one from Lakeview 40-0, and from Wellington 7-0. The Mustangs have also lost two conference battles, one to Clarendon 7-0, the other to Shamrock 13-0.

Memphis has won only one game, a non-conference game with Mobeetie 13-0. The other games have been dropped to Paducah 7-6, Shamrock 13-0, Quanah 8-9, and McLean 24-13. The two conference games were with Shamrock and McLean.

Probable starters for Memphis are L. F. Jones, le; Kerr, lt; Fultz, lg; Hardin, c; B. Bruce, rg; Jenkins, rt; Robertson, re; Crump, rb; George, lb; O. Jones, qb; and Lester, fb.

Probable starters for Wheeler are Weeks, le; C. Young, lt; Pendleton, lg; Wright, c; Adams, rg; Farmer, rt; Perrin, re; Glover, qb; Jolly, lb; Stephens, rb; and Emier, fb.

Six of the teams in the District 3-A race meet this week, while one, Wellington, goes to Panhandle for a non-conference match.

The schedule for this week is as follows: Wheeler at Memphis Clarendon at McLean; Wellington at Panhandle (afternoon game); Lakeview at Shamrock. Games are at night unless otherwise indicated.

SHOOTING IN AMERICA

WHILE EUROPEANS SHOOT at one another in a grim and tragic war, thousands of American sportsmen will be hunting . . . and with hunting comes hundreds of accidental deaths.

The shooting in America, of course, will not result in nearly so many deaths as will the shooting in Europe. It's a different kind of shooting here . . . and all meant to be in pleasure.

Pleasure, though, is not always what comes during the hunting season. Many homes lose one member, possibly more, through accidental shooting . . . much of which can be avoided.

Harold F. Enlows, director of the Red Cross Accident Prevention and First Aid Service, has listed a few of the simple precautions which every hunter should take. They are just simple "don'ts," but they may mean your life, or your friend's life. Here are some of the "don'ts":

Never point a gun toward yourself or any other person.

Always inspect the barrel of a gun through the breech, not the muzzle.

Loaded guns should never be carried in an automobile, wagon, or boat (except when hunting from a boat.)

Never grasp a gun by the barrel to lift it or draw it to you—take hold of it near the breech.

When loading a gun be sure no one is in the path of the muzzle.

Never pull a gun through a fence with you. Lay the gun down so that it can be picked up safely from the other side.

Loaded guns should never be left leaning against a tree. It may discharge if someone, or your dog, should knock it over.

Be sure your gun is not clogged with snow or mud before loading. It may cause a backfire with fatal effects.

When walking with a gun always carry the muzzle pointed down and make certain the "safety" is on, or the hammers are not cocked.

When an object is seen indistinctly, hold your fire until you are sure that it is game and not a human being or dog. Don't shoot if a house or barn is in the line of fire.

These "don'ts" are just a few of the simple precautions which should be taken. If all the hunters would heed each of them, a few of the 2,500 lives lost each year might be saved.

NEIGHBOR OR STRANGER?

LAST WEEK MORE THAN 100 Memphians attended the initial good neighbor night, at Alaska, sponsored by the Memphis Chamber of Commerce.

Everything was done in the spirit of friendliness, fun, foolishness, and frivolity. No long speeches were made. No advertising was done.

Last summer several "booster" trips were made by Memphis citizens in the interest of the Old Settlers Reunion and Rodeo. Naturally, the trips were meant as a form of advertising, although they were meant also as a gesture of friendliness to the communities visited.

The good neighbor nights, however, are conducted on an entirely different basis. They are not meant to advertise Memphis, not even to attract people to Memphis. Neither are the trips to be construed as goodwill trips.

The trips are being sponsored in an effort to create friendliness, not to sell the people in other communities on Memphis, but to sell the people of all communities on friendliness. When a community is visited, that community's citizens take part in the program . . . everyone is a part of the program even if they merely sit in the audience. New acquaintances are made, friendships renewed.

The good neighbor trips, then, are just what the name signifies—neighborliness. Let's keep them up and be neighbors to every community, not only in Hall County, but in other counties, other states, other nations . . . and our country will know no strife as that in European nations today.

Temperance and Progress

The International Uniform Sunday School Lesson for Oct. 29.

Text: Micah 2:9-11; Luke 21:29-31, 34-36; 1 Corinthians 6:9-11.

ALCOHOLIC intemperance and its effect on the social progress of the world is the theme of the lesson for International Temperance Sunday. It deals with the challenge set before us by Micah and its parallel with conditions in our own time.

Micah was one of the minor prophets. He lived in a small Judean town and was a contemporary of Isaiah, Hoseah and Amos.

His being a minor prophet does not in any way apply to the truth that he had to declare. The humble preacher from a village pulpit may proclaim the truth as truly and as vitally as the man who thunders from some city pulpit.

The prophets lived in a society and time when materialistic prosperity and corruption went hand in hand. The wealthy and the powerful had made themselves great by the oppression of the poor.

In the verses immediately preceding those chosen from Micah for our lesson, the prophet denounces these general wrongs and tyrannies of his day. He cites the way in which good men suffered because of the aggressive and violent spirit of those in affairs.

In the verses of our lesson he sets before us the picture of women and children evicted

from their homes. The low place that, according to Micah, the only people would be a protest and of strong drink.

Here he sets before us a picture that applies as well to our own time.

What would we do in a country that had drunk its leaders and drunk prophets? We would not be only in a sad moral way, but we would that such a nation was a place of safety or security.

We do not have drunk our rulers, yet one must sad fact that even in our can life today there has philosophy of life which ful and well-disciplined even a few years ago was regarded as disgraceful. has the drinking of alcohol but while drunkenness is considered a matter of there is a tendency to quarters to write of it as ously.

The danger of this ought to be very clear thought for a moment would happen should our ideals and discipline be away because some are attached to this idea of tion.

The insistence of the upon clarity of vision a common sense to apply ity of vision in life. The tendency today to put a glamor on the face of there is no glamor to

In 1931 and 1932, although the South did not suffer any large loss in cotton exports, the price of cotton went down to 5 cents a pound and the average income per family from cotton and cottonseed went down to \$216.

Total exports of America in the first year of the last war were 600,000 bales less than in 1913-14, a decrease of

CULLED FROM THE DEMOCRAT'S EXCHANGES

Silly

The Dalhart Texan: Wild geese and crows have at least one thing in common, specialists of the Texas Game Department have found. Both are scared of scarecrows. If there are both crows and geese on a farmer's place he must put up with both of them or chase them both off—that is if he is going to use scarecrows to do the job. There is no record that ducks are afraid of scarecrows. Maybe there is something to that old saying, "Silly as a goose."

Words—Back and Forth

Deskins Wells, editor of the Wellington Leader, and Morris Higley, editor of the Childress Index, have recently been passing words back and forth which sound unfriendly—in no uncertain terms. First Wells said Childress was in danger of losing its railroad shops, and accused Higley, or rather the Index, of saying that if Childress did lose the shops, the business could be made up from other towns, such as Wellington, Memphis, etc. Then Higley said that "Dear Deck Wells" had accused him of a misstatement, something he did not say. In last week's Wellington Leader, Wells said, "For some time I have been suspecting that Morris Higley, high-powered editor of the Childress Index, could not write reading. Now I have run across a more distressing fact—he can't read writing." Higley offered a reward of \$100 to the person finding in print the statement that he had said Childress would get

enough business from other towns to make up for the loss if the railroad shops were moved. Wells answered to this, "Just to show you how easy this reward stuff is I will give \$200 if you can show that I ever printed a statement to the effect that you look like Stalin. Naturally I have never printed any such thing."

Glamor Boy

J. S. in the Tullia Herald: Thought of the week: If talking a blue streak constitutes the spending of a colorful evening, Hitler certainly should be a glamor boy.

Paducah vs. Childress

E. D. Fyke of the Paducah Post read about the controversy between Deskins Wells of Wellington and Morris Higley of Childress. He also read what Wells said about Wellington being ready to fight Childress for trade. Here is what Fyke says, "I wonder if Paducah is ready? Paducah merchants have just as good, and in many cases better, stocks than can be found in Childress. Prices here are not a great deal, if any, higher than in our neighboring city. But are Paducah merchants making the same effort to attract trade that Childress is making? That is an important question, because after all we know that trade follows advertising. We know if Childress floods Paducah with grocery advertising and local merchants make no attempt to retaliate, some local residents will buy groceries in Childress. That's just an example, the same line of reasoning is applicable in any business."

Enemy

Douglas Meador in the Matador Tribune: Young blood fills war's canteen to moisten hate's purple.

swollen lips before death can avenge mankind's greatest enemy: mankind.

Over-Exploitation

Gertie Haskett in the Childress County News: The dangers of over-exploitation were strikingly stressed in the skyrocketing career of the nude ranch specialist—Sally Rand. Sally has hooked diamonds and cars to get enough shakels to pay the interest on the notes she has signed. Wonder if Sally would be interested in a nude cotton patch around here at a bargain.

Elasticity

The Apostle in the Donley County News: Scientists in search of a substitute for rubber should not overlook the simple things. Have you ever noticed how a worm will stretch?

Jots in Jest

I VESTOCK handlers in Texas went out on strike recently. Wonder what the beef was about this time?

A Minneapolis man stooped over and plucked a \$10,000 gold certificate out of the gutter. And to think we never believed those city slickers when they told us the streets were paved with gold.

What with submarines being reported off Nova Scotia and near the Florida coast, it's getting so you can't boast of a successful fishing trip unless you report seeing at least one U-boat.

McLean Defeats Memphians 24-13 In Hard-Fought Battle

Bond, 195-Pound Tiger Back, Leads Visitors to Victory

Ted George, L. A. Lester Star For Cyclone; Tiger Blocking Effective Throughout Game

The Memphis Cyclone played its best game of the season last Friday night against the McLean Tigers—but it was not good enough, and McLean left Memphis with another conference victory by a score of 24 to 13.

From the first minute of play, McLean's big 195-pound Bond and 148-pound Mantooh rumbled down the field on long end runs and cuts through tackle to score twice in the first quarter, once in the second, and once in the third.

Both Bond and Mantooh played good football, but they also had blockers running in front of them, to the side of them—blockers who on almost every play stemmed the tide of Memphis tacklers and paved the way for the backs. When those blockers—Bonner and Back in the backfield, and Glenn, Combs, Jones, Steadman, Doolen, and Windom on the line—got started, holes appeared in the Cyclone line and through those holes big Bond or little Mantooh would go. When either Bond or Mantooh got started, they could hardly be stopped.

It was not all McLean. Ted George, left halfback for Memphis, repeatedly tore through the McLean line for short gains—not sensational like those gains of Bond and Mantooh, but yard-gaining and first-down making gains. George passed accurately time and again, only to see the receivers drop the ball when it was in their hands.

L. A. Lester, who started the game at full back position, had trouble finding holes in the McLean line, but he continually twisted through the McLean tacklers for gains. Chuck Jones,

shifted to end after playing in the backfield for a few minutes in the first quarter, furnished the only long dash for the Memphians near the end of the final quarter when he went around right end for a 45-yard dash, only to be run out of bounds when he was almost loose from his tacklers.

McLean's center, Dwight, made several bad passes during the game probably due to the effective rushing after each play of Bud Fultz at guard for the Cyclone. Fultz has played consistently good football this season. John (Sluggo) Clark, although remaining on the bench the second and third quarters, broke through from his end position for several hard tackles.

McLean scored on the first two plays of the game after receiving the kick-off. Mantooh went around right end for 30 yards to place the ball on the Memphis 40-yard line. Bond took the ball, fumbled momentarily, then went wide around right end for the remaining forty yards to score. Doolen's try for extra point was no good.

Later in the first quarter, Memphis punted to the McLean forty, and in another dash Mantooh brought the ball on a 55-yard run to the Memphis 15. Mantooh picked up about five yards, and after a series of plunges through the line, Bond carried the ball over for another touchdown. Doolen's try for conversion was again no good.

Still later in the first quarter, Dwight, McLean center, made a bad pass and Edwards, Cyclone end, recovered the ball on the McLean 20. A short pass from George to Edwards was complete, and Lester picked up five yards for a first down on the McLean 5.

McLean was then penalized to within one foot of the goal for roughness. After a series of three plays, George went through right tackle on a fake play for the touchdown. McClure's try for point after goal was no good, the score 12-6.

In the second quarter, McLean got the ball on a punt on their own 20. Bond lumbered wide around right end for 45 yards. With the ball on the Memphis 35, Mantooh picked up 15 yards. Back, McLean quarterback, picked up about 7 yards. Mantooh then made it first and goal to go on the Memphis 1-yard line. Bond plunged through right tackle for the tally. Cook's try for conversion was no good.

At the beginning of the third quarter, O. Jones kicked off to Bond, who was stopped on the McLean 25. Bond then raced 48 yards to the Memphis 27 yard line. Mantooh picked up 7 yards around left end, and then Bond went through right tackle for 20 yards and another touchdown. Again the try for the extra point failed.

Later in the third quarter, Memphis got possession of the ball on a fumble on the McLean 26-yard line. George, Lester, and Crump made it a first down on the McLean 15-yard stripe. George carried the ball two more times and made another first down, the ball now on the 4-yard stripe. Lester tried once for no gain, then circled left end for the Cyclone's final marker. George passed to Crump for the extra point, and the score was 24-13.

The last quarter was scoreless, although McLean threatened for a touchdown near the end of the game. McLean made 13 first downs to 9 for Memphis. McLean tried five passes, completed none. Memphis tried 22 passes, completing 8 for 63 yards. Neither team intercepted any passes.

An interesting fact is that McLean had possession of the ball eight times in the first half, scored three times, lost the ball on fumbles three times, and lost the ball on downs twice.

Starters for Memphis were as follows: le, Clark; lt, Kerr; lg, Fultz; c, Hardin; rg, Bruce; rt, Melton; re, Edwards; qb, O. Jones;

th, George; rh, L. F. Jones; fb, Lester.

Starting for McLean: le, Windom; lt, Combs; lg, Glenn; c, Dwight; rg, Jones; rt, Steadman; re, Doolen; qb, Back; lh, Mantooh; rh, Bonner; fb, Bond.

Substitutes for Memphis, Crump, Foster, McClure, Evans, Jenkins, Robertson. For McLean, Cooke, Kinard, Clark, Lee.

With the loss of the first two conference games, Memphis is almost out of the running in the conference race. Undeatable Shamrock has three more conference games to play, one of them with the weak Lakeview team. If Shamrock takes this game, and Memphis loses to Wheeler, the Cyclone team is definitely out of the race.

Undeatable McLean has four more hard conference tilts, Clarendon, Shamrock, Wheeler, and Wellington.

Here's how the teams stand in the District 3-A race:

Team	W	L	Pct.
Shamrock	3	0	1.000
McLean	2	0	1.000
Clarendon	3	1	.750
Wheeler	2	2	.500
Wellington	1	2	.333
Memphis	0	2	.000
Lakeview	0	4	.000

Bank Takes Lead In Bowling League

The ace bowlers of the First National Bank team retained their lead in the local league last week by downing Greenhaw's team two of three games. The all-women's Memphis Grocery team, tied with the bank team for first place week before last, dropped to a tie for third place when they were beaten three straight games by Durham-Jones bowlers.

Four teams are now tied for third, The Democrat, Greenhaw's, G-Men, and the Memphis Grocery. The Democrat took three straight games from Cudd-Combest last week, and the G-Men downed the J. C. Woodriddle team three games to complete the play for the week.

This week's play will complete the first half of the league, with each team having played every other team.

Starting on the second half next week, pairings will be as follows: Monday, October 30, Democrat vs. Memphis Grocery; Tuesday, October 31, Woodriddle vs. Bank; Wednesday, November 1, Greenhaw's vs. G-Men; Thursday, November 2, Durham-Jones vs. Cudd-Combest.

The standings:

Team	W	L	Pct.
Bank	12	6	.667
Durham-Jones	11	7	.611
Democrat	10	8	.556
Memphis Gro.	10	8	.556
Greenhaw's	10	8	.556
G-Men	10	8	.556
Cudd-Combest	5	13	.278
Woodriddle	4	14	.222

Housewives don't know it yet but they will soon find out that we have in agriculture a mechanism which in a measure does for agriculture what the government insurance of bank deposits does for banks. Through the Ever-Normal Granary plentiful quantities of wheat and corn and cotton have been stored by the farmers and the government.—Secretary of Agriculture Henry A. Wallace.

The South's first chemurgic show will be a feature of the State Fair of Texas, October 7 to 22. It is the science of making profitable products from many farm products heretofore regarded as waste.

Census figures indicate that 121,000 or 24.2 per cent of Texas farms have no milk cows milk cows; 75,127 or 15 per cent have no poultry; 215,317 or 42.9 per cent have no gardens; and 418,796 or 83.5 per cent have no orchards. "Half."

MARKSMEN—From left to right, Dr. E. H. Boaz, John Lamkin, and R. D. McClendon, who with Mrs. Boaz and Mrs. McClendon, not pictured here, returned last Friday from a hunting trip in Colorado. The three men are shown here with the 1,156 pound bull elk, shot by Dr. Boaz and McClendon. The party killed three elk and two deer while on the trip.

Local Hunters Return With Evidence—3 Elk, 2 Deer Killed in Colorado Hunt

Five Memphis hunters returned from Colorado last Friday with evidence to prove their marksmanship—three elk and two deer.

The hunters are Dr. and Mrs. E. H. Boaz, Mr. and Mrs. R. D. McClendon, and John Lamkin. The hunt was the 23rd annual for Dr. Boaz and Tuesday night the 23rd annual banquet was given by Dr. Boaz for about 200 friends.

The hunting party left Memphis October 2, arriving in Leadville, Colo., several days before the opening of the deer season October 11. Hunting was in the hills about 40 miles west of Leadville.

Dr. Boaz downed the largest of the kill, an elk bull estimated by forest rangers as weighing 1,155 pounds. The first shot by Dr. Boaz did not kill the animal, and the bull started running into the forest. Two more shots by Dr. Boaz, one of which hit the running animal, and one by Mr. McClendon brought the animal down.

On the opening day of the hunting season, October 11, the party sighted some elk and some deer,

but no shooting was done. On the second day, the large bull was downed.

Mrs. Boaz and Mrs. McClendon both got the limit of one per person on the third day of hunting, and by October 14, the limit of five for the party was reached. The hunters, however, did not return to Memphis until the hunting season closed last Friday.

To reach the hunting grounds it was necessary for the hunters to leave their car at the ranch, about 7 miles from the hills where the hunting was done. The hunting grounds were reached by horseback, provisions being carried also on horseback.

The large elk had 11 points, and the smaller two shot had eight and two points, respectively.

"We got back to Memphis with more elk than we have ever brought back before," Dr. Boaz said Saturday. The party stopped in Amarillo Saturday and gave about 500 pounds of the meat to friends.

New Conservation Check Process to Speed Up Payment

Farmers Will Receive Checks 60 to 90 Days Earlier, State AAA Office Has Announced

A new payment process which will speed up delivery of checks 60 to 90 days and stimulate soil-building operations under the AAA farm program was announced at College Station this week.

The new arrangement will apply to 1939 conservation payments, scheduled to start flowing to approximately 600,000 Texas farmers and ranchmen about October 20. B. F. Vance, assistant state AAA administrator, said.

Under previous regulations it would not have been possible to start paying 1939 conservation checks until December 31, the deadline for carrying out soil-building practices under the '39 program.

Vance explained that the new process allows a farmer to apply for his conservation payment as soon as he completes requirements for earning his full soil-building allowance. Many farmers, he said, already have finished this work.

"This will permit a more regular flow of applications for grant through the state office, and do away with the log-jams that have been partly responsible for delay in the past," Vance said. "It should also encourage greater use of funds allowed for terracing, planting legumes and green manure and cover crops, and other practices employed in improving or saving the soil.

"In the natural course of events, the faster a man completes his soil-building requirements, the sooner he gets his conservation payment."

E. A. Thomas of Petersburg was here this week looking after business and meeting old friends.

Ross Springer was taken back to Baylor Hospital in Dallas Sunday where he will likely remain for some time undergoing treatment.

Mr. and Mrs. E. E. Cudd and Mr. and Mrs. Nelson Combest attended the A. & M.-T. C. U. football game Saturday in Fort Worth.
