Germans Prepare For Advance Of Russian Machine

Fight For Cassino Still Unsettled

By EDWARD KENNEDY
ALLIED HEADQUARTERS, Naples, March 21 (AP)—New Zealand troops of the Fifth army have wiped part of the remaining German fortifications on the western edge of Cassino but the Nazis have been reinforced and a grim struggle continues, Allied headquarters announced today.

Many more German prisoners were taken.

"Fierce fighting continued for the fifth day for possession of Cassino and vicinity without a decision," a headquarters officer said. "Within the ruins of the town the enemy succeeded in bringing up reinforcements Sunday night and mopping up has been slow."

Although two tanks which the Germans had placed in the lobby of the Continental hotel were knocked out and 180 prisoners taken there, the Germans still were holding out in that area.

The Germans also clung firmly to positions on the slopes of Monte Cassino overlooking the town, including the strategic point they regained in a counter-attack Sunday, it was announced, and are laying a heavy artillery fire on Allied troops from these places.

'Rocket Coast' Area Blasted Again Today

American Liberators Cross Channel To Lay Eggs On Nazi Center

By WILLIAM SMITH WHITE
LONDON, March 21 (AP)—Upwards of 100,000 German and Rumanian troops were reported occupying Hungary today against the growing threat of Russian armies a bare 100 miles from the borders of the expanded Balkan kingdom.

An Ankara dispatch said German troops are fanning out all over Hungary and occupying strategic points, especially railroad junctions and switching points, Bucharest dispatches said today.

No resistance to the Germans was mentioned by the Bucharest correspondent of Anadolu Ajans, who first reported the occupation yesterday.

Some scattered fighting sprung from the occupation but there was nothing to suggest any serious difficulties for Hitler. Top-flight Hungarian leaders including regent, Admiral Nicholas Horthy, and foreign ministers and possibly Premier Nicholas Kalley were believed virtually kidnapped in Germany, whence they had been summoned to receive pre-emptory demands for all-out military assistance.

Balkan Gov'ts. Threatened By Nazi Occupation

By JOHN M. HIGHTOWER
WASHINGTON, March 21 (AP)—Diplomatic officials here predicted today that full German military occupation of the Balkans will end independent civil government in Rumania, Bulgaria and Hungary.

Along with this will go the long cherished Allied hopes that one or more of the satellite states would make peace before Nazi divisions overran them.

Russians Fan Out Beyond Dniester

LONDON, March 21 (AP)—Russian troops were reported fanning out beyond the Dniester river in Bessarabia today in drives aimed toward the Carpathian mountains and the Danube estuary as Moscow ordered to cover the German retreat.

At the same time other Soviet forces were reported surging on toward Lwow, big German rail hub in old Poland, in a continuation of a push which yesterday swept up Korsov, 56 miles to the northeast, and 49 other villages.

Civilian Food Supplies May Equal Those Last Year

WASHINGTON, March 21 (AP)—Civilian food supplies this year may equal those of last year, say four of the most prominent War Food Administrator Marvin Jones predicts.

Jones told a house agriculture appropriations subcommittee that 75 per cent of last year's food production was allocated to civilians, 13 per cent to the army and 12 per cent to Allied nations (including lend lease).

Canned vegetables — Three-fourths to four-fifths of the 1942-43 consumption.

Jones said 1943 ended with the largest livestock inventory in history — three per cent more cattle and 19 per cent more hogs, but four per cent fewer sheep and lambs than a year ago. Total supplies of food grains also set a record.

Jones said most of the problems which confronted agriculture in 1943 still exist, including farm prices, manpower, machinery and supplies.

with the understanding it would be financed, as in the past, from the permanent appropriation for exportation and domestic consumption of agricultural commodities.

In rejecting the FSA item, the committee pointed out that legislation for reorganization of the agency's functions is pending in the house and until it is disposed of it would not be appropriate to include funds in the appropriation bill. The budget included \$28,500,000 for administration of FSA and an authorization of \$97,500,000 of Reconstruction Finance Corporation funds for loans,

grants and rural rehabilitation.

The committee also turned down proposals for expansion and continuance of the department's emergency rubber project and for revival of the crop insurance program.

The rubber project, which centered around development of guayule as a source of supply, "will not achieve results in time to be of material advantage to the war effort," the committee said, and should be dropped until after the war. To cover the cost of progressive and final liquidation of the project during the next fiscal year, the committee reappropriated \$3,952,585 of available balances.

Presbyterian Auxiliary Has Installation And Program Monday Afternoon

Rev. J. E. Moore Has Charge Of Installation

The Presbyterian Auxiliary met at the church Monday for an inspirational program and installation of officers.

The invocation was given by Mrs. Sam L. Baker and the group sang several songs with Mrs. Harry Hurt playing piano accompaniment.

Mrs. R. V. Middleton gave the devotional, "Safely through another year," and read two scriptures taken from Psalms and Proverbs.

Mrs. F. H. Talbot, president, presided over the inspirational session, giving an inspirational message as she called for each officer's report.

The Rev. James E. Moore was in charge of the installation ceremony, and he stressed "First things first, for the good people are the kind that hold the world together."

Mrs. Baker announced that an all-day meet with a covered dish luncheon will be held April 3. It is to be an auxiliary officer's

training school, and hours will be from 10 a. m. to 3 p. m.

Officers installed were Mrs. E. C. Boatler, vice-president; Mrs. J. C. Lane, secretary; Mrs. Cecil Wasson, treasurer; Mrs. E. L. Barrick, historian; Mrs. J. B. Mull, secretary of foreign missions; Mrs. R. T. Piner, secretary of home missions; Mrs. A. A. Porter, Christian education and ministerial relief.

Mrs. Harry Hurt, secretary of spiritual life; Mrs. T. S. Currie, secretary of literature; Mrs. Marvin Miller, secretary of religious education and publication; Mrs. W. E. Wright, Christian social service; Mrs. R. V. Middleton, pastor's aid; Mrs. James T. Brooks and Mrs. J. Y. Robb, Christian social service; Mrs. J. C. Lane, public chairman.

Mrs. R. L. Carpenter and Mrs. J. E. Fort, circle chairmen; Mrs. D. A. Koons, home circle chairman; and Mrs. Sam L. Baker, sponsor of Business Women's circle.

Those attending the meeting were Mrs. J. E. Moore, Mrs. Fort, Mrs. Kenneth Barrett, Mrs. L. A. Roby, Mrs. Miller, Mrs. Wright, Mrs. G. D. Lee, Mrs. Koons, Mrs. Currie, Mrs. Baker, Mrs. Talbot, Mrs. Middleton, Mrs. Lane, Mrs. R. T. Piger, Mrs. L. V. Edwards, Mrs. Porter, Mrs. Cecil Wasson, Mrs. Charles Harwell, Mrs. Albert Davis, Mrs. Julia Beacham, Mrs. W. G. Willson, Jr., Mrs. Barrick, Mrs. Pat Kenney; Mrs. P. Marion Simms, Mrs. J. G. Potter, Mrs. Edwards, Mrs. H. C. Stipp, Mrs. Hurt, Mrs. Mull, Mrs. Robert Strandmark, Mrs. Clint Thompson, Mrs. Ira B. Hartzog, and the Rev. James Moore.

"I COULDN'T STAND HARSH LAXATIVES!"

Kellogg's All-Bran Brought Relief! Says Ex-Sufferer!

If you, too, are a sufferer, be sure to read this unsolicited letter!

"My system was sluggish, after I'd been sick, and I couldn't stand harsh laxatives. I tried KELLOGG'S ALL-BRAN, and found it was grand. We have a box of it in this house all the time. Just for variety, several times a week, we mix a small portion of other cereals with the ALL-BRAN. It's delightful! And we still get the benefits from the ALL-BRAN." Mrs. Joseph W. Foutie, 36 Eaglewood Ave., Buffalo, N. Y.

What's the secret of such amazing relief for so many? Simply this! KELLOGG'S ALL-BRAN can "get at" constipation due to lack of certain "cellulose" elements in the diet—because it is one of Nature's most effective sources of these elements! They help the friendly colonic flora fluff up and prepare the colonic contents for easy, natural elimination! ALL-BRAN is not a purgative! Doesn't work by "sweeping out"! It's a gentle-acting, "regulating" food!

If your constipation is this kind, eat ALL-BRAN, or several ALL-BRAN muffins regularly. Drink plenty of water. See if you don't praise its welcome relief! Insist on genuine ALL-BRAN, made only by Kellogg's in Battle Creek.

Is this what you've wondered about the WAC?

Q. "What kind of job would I do?"

A. Any one of 239 types of Army jobs. All kinds of special skills are needed—clerical workers, medical technicians, mechanics, teachers. Women without experience can get expert Army training—in skills for which they have natural aptitude.

Q. "Where would I be sent? With what branch of the Army would I serve?"

A. Now—you may request your first assignment in the part of the country where you enlist—near enough to get home on a weekend pass. You may also choose your branch of service—Army Ground Forces, Army Air Forces, or Army Service Forces.

Q. "Aren't there enough Wacs without me?"

A. No! General Marshall says: "Many thousands more Wacs are needed." Unless more women join at once, the War Department cannot meet the demands which come in daily from Army Ground Forces, Army Service Forces, and Army Air Forces.

Get full details at the nearest U. S. Army Recruiting Station. (Your local post office will give you the address.) Or write: The Adjutant General, Room 4415, Munitions Building, Washington, D. C.

Servicemen Need Wills

By WILLIAM E. KEYS AUSTIN, March 21 (AP) — An American Marine, dying at Guadalcanal, whispered his desire to make a will. A nurse handed him a well chewed pencil stub and told him to write on the cuff of her frayed and near starchless uniform.

torney general, prefers the sealed bid method of selling on the theory that bidders will not exceed their predetermined top price even when inspired by spirited competition at public auction. The board for lease of university lands sticks to the auction sale system and has good results to show.

Appellations For The Upper Crust

By GEORGE STIMPSON The common people have always been fond of coining words and phrases to describe those who regard themselves as "the cream of society."

ter, a New York society leader, who was regarded by the smart set as an authority on fashionable matters, declared that there were only about four hundred persons who could claim admission into the best social circles in New York City.

Hollywood—Caricature Of Artist Changes

By ROBBIN COONS HOLLYWOOD—The old comic or caricatured concept of the artist as a gay, somewhat wild Bohemian with wine stains on his smock and palette may still be accepted some places, but not in Hollywood. Here your artist looks peculiarly like a movie director—because that's what he often is.

cartoons for pineapple ads, and—like Menzies—uses his drawings to plot out his scenarios in advance of filming. Jean Renoir brought to directing a fine artistic heritage, being the son of the famous French impressionist, and himself a noted ceramist before entering films.

Mexican Army Is Ready To Fight

MEXICO CITY, March 21 (AP)—The Mexican army is in first class condition and ready to fight when needed, U.S. Ambassador George S. Messersmith told a press conference yesterday.

The ambassador praised Mexico for its war effort and inter-American cooperation.

"All agreements made between Mexico and the United States have been fulfilled on an equitable basis," Messersmith commented. All U.S. claims have been settled by Mexico, he added.

Increased oil exploitation and improvement of oil facilities were cited by the ambassador as present Mexican needs. The problem will be solved with the aid of U.S. engineers, he added.

agriculture department programs, the committee heard that U. S. food production could be stepped up enough to feed 380,000 people annually ten years from now and that last year's food output was adequate to feed 170,000,000 people.

Bar Rubber Project

WASHINGTON, March 21 (AP)—The house appropriations committee today recommended liquidation by the end of next fiscal year of the government's \$47,000,000 guayule rubber project hailed a few years ago as means of overcoming the threatened rubber shortage.

The committee, in reporting the annual agriculture appropriation bill for the 1945 fiscal year starting next July 1, said it found the project at Salinas, Calif., would not achieve results in time to be of material advantage in the war effort. It asked that \$3,952,585 of funds previously appropriated for the project be reappropriated to pay the costs of the liquidation.

The action came as a five-member house agriculture subcommittee was preparing to start for California and Texas to make a complete investigation of the guayule program. The committee, headed by Rep. Poage (D-Tex.), was appointed under a resolution adopted by the house authorizing the investigation. One member, Rep. Phillips (R-Calif.), already is in California where the committee expects to open hearings April 2.

Extended hearings by the subcommittee in charge of the regular annual bill as well as the deficiency subcommittee indicate very conclusively that this project will not achieve results in time to be of material advantage to the war effort," the appropriations committee reported to the house. "The committee believes that any work in this field with view of future advantage should not be prosecuted until after conclusion of the present emergency."

"The committee has, therefore, provided a reappropriation of \$3,952,585 and has included language earmarking the money to cover the cost of progressive and final liquidation of the entire project during the fiscal year 1945."

Agriculture department officials testified before the subcommittee during hearings on the appropriation bill that there were 32,000 acres of land already planted to guayule and said that in 1943 a total of 390 long tons of rubber had been processed from the project.

Stassen Will Accept Draft Of Republicans

WASHINGTON, March 21 (AP)—Lieutenant Commander Harold E. Stassen, former republican governor of Minnesota, advised Secretary of the Navy Knox today that he will not seek the republican presidential nomination but will accept it if offered.

Stassen disclosed his stand in a letter addressed to Secretary of the Navy Knox and read by Knox to newsmen today.

The former governor, who now is flag secretary of the staff of Admiral William F. Halsey, Jr., commander of the South Pacific Forces, said that numerous questions were being asked of him "as to my attitude toward the current inclusion of my name in the presidential nomination discussion."

"I do not seek and will do nothing personally to secure the nomination. If, notwithstanding this position I were to be nominated, I would consider it to be my plain duty to accept and would do so, requesting inactive duty for a sufficient time to discuss with the people the issues and problems of the future."

"I wish to make it equally clear that I will make no statement on political issues while on active duty, that I do not wish any publicity of my activities in the navy to be used in a political manner, and that no one is authorized to make personal commitments on my behalf."

"I will continue to carry out to the best of my ability those naval duties assigned to me."

Review Of Farm Output Looms

WASHINGTON, March 21 (AP)—A review of the entire farm production picture, particularly government labor, price and machinery policies, appeared likely today as the agriculture department issued a melancholy report on prospective food plantings.

The report, based on a March 1 survey of representative farmers, indicated that plantings of such crops as soybeans, peanuts, flaxseed, dry beans and peas, sugar beets, potatoes and sweet potatoes will be considerably short of goals set by the War Food Administration.

Prospects for livestock feed, on the other hand, appear relatively favorable. While the overall acreage may reach 374,000,000 acres—6,000,000 short of the goals—compared with 361,000,000 acres last year, the indicated crop pattern is in variance with that urged by the WFA. The government had placed greater emphasis on direct food crops—particularly those rich in vegetable proteins. The indicated plantings continue to stress livestock feeds—the raw material for meats, poultry and dairy products, all of which are sources of animal proteins.

Mounting farmer concern over shortages of labor and farm machinery was said by the department to be holding down crop expansion.

It doesn't take firemen long to get going when the alarm comes in. The bell went off at noon Tuesday. From all over the place firemen suddenly appeared, throwing open doors and taking their places. They actually had to wait for word of the address given by the operator. In less than 15 seconds they were roaring away to the fire.

Solon Claims FCC Blunder Sent Task Force Into Teeth Of Japs

WASHINGTON, March 21 (AP)—Rep. Miller (R-Mo) said today he would produce two sailors who would substantiate a story that a U.S. task force was trapped by the Japanese in Alaskan waters "because of the bungling" of the Federal Communications Commission.

Miller's assertion was made at resumption of hearings by a special house committee investigating the FCC.

He questioned Charles R. Denny, chief counsel of the agency, about the task force report which had been aired in previous committee sessions.

Miller asserted that Admiral Stanford C. Hooper, former Pearl Harbor communications officer, had been silenced by "executive order" or he could back up the veracity of the report, too.

Miller declared that "amateurs in the Federal Communications Commission" had given a naval task force wrong information about the disposition of a Japanese force off Alaska. The U.S. group, he stated, went in the direction presumed to be safe and was attacked.

"I propose to bring in two sailors who were on that task force, one of whom was disabled as a result of the bungling of the amateurs in the Federal Communications Commission," he asserted.

"That is a terrible charge," Denny cut in, "and we don't know anything about it. If we knew when, or where or how this is supposed to have happened, we might run it down. I can prove affirmatively that it isn't so."

"Well, ask Admiral Hooper," Miller shot back. "He could tell you but he has been silenced by executive order and everyone knows that."

Witnesses To Testify In Theft Charge

DALLAS, March 21 (AP)—Defense witnesses were expected to testify today in criminal district court in the trial of Ralph H. Campbell of Amarillo, Texas, charged with burglary in connection with the loss of a quantity of clothing last May by Mr. and Mrs. L. H. Miller of Dallas.

The Millers testified yesterday before Judge J. Frank Wilson, Miller relating that several articles of his wife's clothing, which she said had been removed the night of May 15 from their home, were recovered in Amarillo in October.

Attorney George McCarthy of Amarillo said the Campbell defense would be that officers last October searched the Campbell residence in Amarillo without a legal warrant. Assistant attorneys Jimmie Mac Nicoll and Angelo Piranio contend Mrs. Campbell voluntarily permitted the search.

Last year Campbell pleaded guilty in connection with the theft of a quantity of articles and received a ten-year sentence following recovery by officers in Amarillo of a van load of loot at the Campbell home. It is reported helped solve a number of Amarillo burglaries involving expensive articles, including fur coats, evening gowns, and jewelry.

Campbell formerly lived in Dallas.

Mexican Charged In Assault Case

Jesus Mendoya, who told officers his home was in Stamford, was held in Howard county jail Tuesday in lieu of \$1,000 bond on a charge of assault with intent to murder.

He was charged with an attack on Jose DeLeon at a night spot in the northwestern part of the city early Sunday morning. DeLeon was treated at a hospital for a knife wound near his heart and for a long gash down his shoulder and arm.

Lalo Garcia, operator of the place, sought to intercede when the altercation started and suffered stab wounds through both hands, according to police, who took Mendoya into custody and transferred him to the sheriff's office for action.

No More Candidates For City Commission

No additional candidates filed or places on the city commission ballot as deadline passed Sunday, City Secretary C. R. McCleeny said today.

Only way open to candidates to have a place on the ballot for the April 4 election is to file a qualified voters and requesting that the name be included. This may be done three days prior to the date of the election.

Only candidates who asked for places on the ballot were W. S. Satterwhite, R. L. Cook and G. H. Hayward, incumbents. Hayward is filling out the unexpired term of J. B. Collins and Satterwhite and Cook are serving out their second terms.

Power Glider To Resume Long Flight

OKLAHOMA CITY, March 21 (AP)—A twin-engine power glider with Major E. A. Lasalle at the controls was expected to resume its flight from Sheppard Field, Wichita Falls, Texas to Wright Field, Ohio, today.

Built at Sheppard Field, the glider is to undergo acceptance tests at Wright Field. Capt. Richard Martin, public relations officer of Tinkeer Field here, said the craft was to "have some work done on it" after landing last night.

Other stops were planned for the glider at Scott and Stout Fields in Illinois, prior to its arrival at Wright Field.

Wartime drivers find Studebaker the ideal economy car

DEPENDABLE transportation means more than ever these days to busy wartime drivers.

Here's what a big-city physician, name on request, recently said: "In my general practice, I can always count on my Studebaker these war days for reliable, low-cost performance."

That doctor is one of many hard-working civilians who are getting exceptional tire, gas and maintenance economy from their Studebaker Champions, Commanders and Presidents.

In fact, today, after well over two years of war, hundreds of thousands of essential motorists from coast to coast are still enjoying dependable transportation at low cost, thanks to the quality of Studebaker craftsmanship and the advanced principles of Studebaker engineering.
